Regulatory Matters and Legal Proceedings

A description of material regulatory matters and legal proceedings affecting us is provided below.

Antitrust Proceedings

Polish Antitrust Investigation. Between May 31, 2006 and June 2, 2006, officers of the Polish Competition and Consumer Protection Office (the “Protection Office”) conducted a search of the office in Warsaw, Poland, of CEMEX Polska, one of our indirect subsidiaries in Poland, and of the offices of other cement producers in Poland. These searches took place as a part of the exploratory investigation that the head of the Protection Office had started on April 26, 2006. On January 2, 2007, CEMEX Polska received a notification from the Protection Office informing it of the formal initiation of an antitrust proceeding against all cement producers in Poland, including CEMEX Polska and another of our indirect subsidiaries in Poland. The notification alleged that there was an agreement between all cement producers in Poland regarding prices and other sales conditions for cement, an agreed division of the market with respect to the sale and production of cement, and the exchange of confidential information, all of which limited competition in the Polish market with respect to the production and sale of cement. On December 9, 2009, the Protection Office delivered to CEMEX Polska its decision against Polish cement producers related to an investigation which covered a period from 1998 to 2006. The decision imposed fines on a number of Polish cement producers, including CEMEX Polska. The fine imposed on CEMEX Polska was approximately Polish Zloty 115.56 million (approximately U.S.\$36.16 million as of August 31, 2014, based on an exchange rate of Polish Zloty 3.1959 to U.S.\$1.00), which is approximately 10% of CEMEX Polska’s total revenue in 2008. CEMEX Polska disagreed with the decision, denied that it committed the practices alleged by the Protection Office and, therefore, on December 23, 2009, CEMEX Polska filed an appeal before the Polish Court of Competition and Consumer Protection in Warsaw (the “First Instance Court”). After a series of hearings, on December 13, 2013, the First Instance Court issued its judgment in regards with the appeals filed by CEMEX Polska and other cement producers, which were previously combined into a joint appeal. The First Instance Court reduced the penalty imposed on CEMEX Polska to approximately Polish Zloty 93.89 million (approximately U.S.\$29.38 million based on an exchange rate of Polish Zloty 3.1959 to U.S.\$1.00 as of August 31, 2014), which is equal to 8.125% of CEMEX Polska’s revenue in 2008. On May 8, 2014, CEMEX Polska filed an appeal against the First Instance Court judgment before the Appeals Court in Warsaw. The above-mentioned penalty is enforceable until the Appeals Court issues its final judgment. As of August 31, 2014, the accounting provision created in relation with this proceeding was approximately Polish Zloty 93.89 million (approximately U.S.\$29.38 million as of August 31, 2014, based on an exchange rate of Polish Zloty 3.1959 to U.S.\$1.00). As of August 31, 2014, we do not expect this matter would have a material adverse impact on our results of operations, liquidity and financial condition.

Antitrust Investigations in Europe by the European Commission. On November 4, 2008, officers of the European Commission, in conjunction with officials of the national competition enforcement authorities, conducted unannounced inspections at our offices in Thorpe, United Kingdom, and Ratingen, Germany. Further to these inspections, on September 22 and 23, 2009, our offices in Madrid, Spain, were also inspected by the European Commission.

In conducting these investigations, the European Commission alleged that we may have participated in anti-competitive agreements and/or concerted practices in breach of Article 101 of the Treaty on the Functioning of the European Union (formerly Article 81 of the EC Treaty) and Article 53 of the European Economic Area (“EEA”) Agreement in the form of restrictions of trade flows in the EEA, including restrictions on imports into the EEA from countries outside the EEA, market sharing, price coordination and connected anticompetitive practices in the cement and related products markets. During 2009 and 2010, we received requests for information and documentation from the European Commission, and we fully cooperated by providing the relevant information and documentation on time.

On December 8, 2010, the European Commission informed us that it decided to initiate formal proceedings with respect to the investigation of the aforementioned anticompetitive practices. These proceedings would affect Austria, Belgium, the Czech Republic, France, Germany, Italy, Luxembourg, the Netherlands, Spain and the United Kingdom. The European Commission indicated that we, as well as seven other companies, would be included in these proceedings. These proceedings may lead to an infringement decision, or if the objections raised by the European Commission are not substantiated, the case might be closed. This initiation of proceedings relieves the competition authorities of the Member States of the European Union of their competence to apply Article 101 of the Treaty on the Functioning of the European Union to the same case. We intend to defend our position vigorously in these proceedings and are fully cooperating and will continue to cooperate with the European Commission in connection with this matter.

On April 1, 2011, the European Commission notified CEMEX, S.A.B. de C.V. of a decision under Article 18(3) of Council Regulation (EC) No 1/2003 of December 16, 2002 on the implementation of the rules on competition set forth in Article 81 of the EC Treaty (current Articles 101 and 102 of the EC Treaty). The European Commission also requested that CEMEX, S.A.B. de C.V. deliver a substantial amount of information and documentation, which we effectively delivered on August 2, 2011, after requesting additional time.

On November 29, 2011, the European Commission notified CEMEX, S.A.B. de C.V. of its decision that if, by December 15, 2011, the European Commission did not receive a confirmation that CEMEX, S.A.B. de C.V.’s reply submitted on August 2, 2011 was complete, accurate and definitive, or if CEMEX, S.A.B. de C.V. did not submit a new reply with the necessary amendments and clarifications, the European Commission would impose a daily fine. On December 15, 2011, we complied with the terms of this decision and submitted a new reply with the amendments and clarifications identified in the revision and audit process performed since August 2, 2011.

On the grounds that the above described decision by the European Commission requesting information and documentation was contrary to several principles of European Union Law, CEMEX, S.A.B. de C.V. and several of its affiliates in Europe filed an appeal before the General Court of the European Union (the “General Court”) for the annulment of such request. In addition, on June 17, 2011, CEMEX, S.A.B. de C.V. and several of its affiliates in Europe requested interim measures to the General Court, asking for the suspension of the information and document request until the appeal was resolved. The President of the General Court rejected the proposal for a suspension without considering the arguments of the main appeal. On December 21, 2011, CEMEX, S.A.B. de C.V. and several of its affiliates in

Europe filed their reply to the European Commission's defense. The European Commission filed its rejoinder on March 27, 2012. A hearing with respect to the proceedings against CEMEX, S.A.B. de C.V. and several of its affiliates in Europe was held on February 6, 2013, and the hearings for all other companies being investigated were held during April 2013. On March 14, 2014, the General Court issued a judgment dismissing the appeal filed by CEMEX, S.A.B. de C.V. and several of its affiliates in Europe and confirming the lawfulness of the request for information sent by the European Commission in all of its aspects. On May 23, 2014, CEMEX, S.A.B. de C.V. and several of its affiliates in Europe filed an appeal against the General Court's judgment before the European Court of Justice (the "Court of Justice").

If the alleged infringements investigated by the European Commission are substantiated, significant penalties may be imposed on our subsidiaries operating in such markets. In that case, pursuant to European Union Regulation 1/2003, the European Commission may impose penalties of up to 10% of the total turnover of the relevant companies for the last year preceding the imposition of the fine for which the financial statements have been approved by the shareholders' meeting of the relevant companies. At this stage of the proceedings, as of August 31, 2014, the European Commission had not yet formulated a Statement of Objections against us and, as a result, the extent of the charges and the alleged infringements are unknown. Moreover, it is not clear which cement related products total turnover would be used as the basis for the determination of the possible penalties. As a consequence, we are not able to assess the likelihood of an adverse result or the amount of the potential fine, but if adversely resolved it may have a material adverse impact on our results of operations, liquidity and financial condition.

Antitrust Investigations in Spain by the CNC. On September 22, 2009, the Investigative Department (*Dirección de Investigación*) of the Spanish Competition Commission (*Comisión Nacional de la Competencia*), or CNC, applying exclusively national antitrust law, carried out an inspection, separate from the investigation conducted by the European Commission, in the context of possible anticompetitive practices in the production and distribution of mortar, ready-mix concrete and aggregates within the Chartered Community of Navarre ("Navarre"). On December 15, 2009, the CNC started a procedure against CEMEX España and four other companies with activities in Navarre for alleged practices prohibited under the Spanish competition law.

On January 12, 2012, the CNC Council notified CEMEX España of its final decision on this matter, imposing a fine of approximately €500,000 (approximately U.S.\$659,108.88 as of August 31, 2014, based on an exchange rate of €0.7586 to U.S.\$1.00) against CEMEX España for price-fixing and market sharing in the concrete market of Navarre from June 2008 through September 2009. CEMEX España denied any wrongdoing and on March 1, 2012, filed an appeal before the competent court (*Audiencia Nacional*), requesting the interim suspension of the decision until a final judgment was issued. To that effect, it requested the CNC Council to suspend the implementation of its decision until the *Audiencia Nacional* decided on the requested interim measure. On July 10, 2012, the *Audiencia Nacional* issued a resolution agreeing to the suspension of payment of the fine. On February 14, 2014, the *Audiencia Nacional* notified the judgment issued regarding this matter, accepting in part the appeal filed by CEMEX España. The *Audiencia Nacional* ordered the CNC to recalculate the penalty imposed on CEMEX España, which must be reduced substantially. As CEMEX España continues to believe it has not breached any laws, on March 27, 2014, CEMEX España filed an appeal before the Supreme Court (*Tribunal Supremo*) against the judgment of

the *Audiencia Nacional*. As of August 31, 2014, we do not expect that the decision to be issued by the CNC would have a material adverse impact on our results of operations, liquidity and financial condition.

Antitrust Cartel Litigation in Germany. On August 5, 2005, Cartel Damages Claims, SA (“CDC”), a Belgian company established by two lawyers in the aftermath of the German cement cartel investigation that took place from July 2002 to April 2003 by Germany’s Federal Cartel Office, with the express purpose of purchasing potential damages claims from cement consumers and pursuing those claims against the alleged cartel participants, filed a lawsuit in the District Court in Düsseldorf, Germany (“Düsseldorf District Court”) against CEMEX Deutschland AG and other German cement companies originally claiming €102 million (approximately U.S.\$134.46 million as of August 31, 2014, based on an exchange rate of €0.7586 to U.S.\$1.00), which later increased to €131 million (approximately U.S.\$172.69 million as of August 31, 2014, based on an exchange rate of €0.7586 to U.S.\$1.00), in damages related to alleged price and quota fixing by German cement companies between 1993 and 2002. On February 21, 2007, the Düsseldorf District Court allowed this lawsuit to proceed without going into the merits of this case by issuing an interlocutory judgment. All defendants appealed, but the appeal was dismissed on May 14, 2008.

On a hearing on the merits of this case that was held on March 1, 2012, the Düsseldorf District Court revealed several preliminary considerations on relevant legal questions and allowed the parties to submit their plea and reply on May 21, 2012. After several court hearings, on December 17, 2013 the Düsseldorf District Court issued a decision on closing the first instance. By this decision, all claims brought to court by CDC were dismissed. The court held that the manner in which CDC obtained the claims from 36 cement purchasers was illegal given the limited risk it faced for covering the litigation costs. The acquisition of the claims also breached rules that make the provision of legal advice subject to public authorization. On January 15, 2014, CDC filed an appeal to the Higher Regional Court in Düsseldorf, Germany, and thereafter submitted reasons for their appeal. A court hearing has been scheduled for November 12, 2014. As of August 31, 2014, we are unable to assess the likelihood of an adverse result and, because of the number of defendants, the potential damages that would be borne by us; however, if the final decision is adverse to us, it could have a material adverse impact on our results of operations, liquidity and financial condition.

As of August 31, 2014, we had accrued liabilities regarding this matter for an amount of approximately €20 million (approximately U.S.\$26.36 million as of August 31, 2014, based on an exchange rate of €0.7586 to U.S.\$1.00), plus an additional €10.1 million (approximately U.S.\$13.31 million as of August 31, 2014, based on an exchange rate of €0.7586 to U.S.\$1.00), as interest over the principal amount of the claim.

Antitrust Cases in Egypt. On July 29, 2009, an Egyptian contractor filed a lawsuit against four cement producers, including ACC, demanding compensation of 20 million Egyptian Pounds (approximately U.S.\$2.79 million as of August 31, 2014, based on an exchange rate of Egyptian Pounds 7.1610 to U.S.\$1.00) from the four cement producers, or approximately 5 million Egyptian Pounds (approximately U.S.\$698,226.50 as of August 31, 2014, based on an exchange rate of Egyptian Pounds 7.1610 to U.S.\$1.00).

On an April 24, 2010 hearing for the case, the court decided to refer the matter back to the prosecutor’s office for further investigation and for a report on the investigations that was presented at a hearing held on January 11, 2011. Thereafter, this case was dismissed and all

charges against ACC were dropped. The plaintiff subsequently filed its appeal to this ruling before the Court of Cassation. As of August 31, 2014, the Court of Cassation had not yet scheduled the first hearing of cassation for this case.

This case was one of the first of its kind in Egypt due to the enactment of the Law on Competition Protection and Prevention of Monopolistic Practices No. 3 in 2005. Even if we prevail, this claim could have an adverse impact on our results of operations, liquidity and financial condition if it were to become a precedent and create a risk of similar claims in the future.

Antitrust Case in Florida. On October 26, 2010, CEMEX, Inc. received an Antitrust Civil Investigative Demand from the Office of the Florida Attorney General, which seeks documents and information in connection with an antitrust investigation by the Florida Attorney General into the ready-mix concrete industry in Florida. As of August 31, 2014, CEMEX, Inc. has complied with the Office of the Florida Attorney General with respect to the documents and information requested by the civil investigative demand, and it is unclear, as of August 31, 2014, whether any formal proceeding will be initiated by the Office of the Florida Attorney General or, if such proceedings are initiated, if any adverse decision against us resulting from the investigations would be made or if such decision would have a material adverse impact on our results of operations, liquidity and financial condition.

Antitrust Investigation in Colombia. On September 5, 2013, CEMEX Colombia was notified of Resolution No. 49141 dated August 21, 2013, issued by the Colombian Superintendency of Industry and Commerce (*Superintendencia de Industria y Comercio*), or SIC, pursuant to which the SIC opened an investigation and issued a statement of objections (*pliego de cargos*) against five cement companies and fourteen directors of those companies, including CEMEX Colombia, for alleged anti-competitive practices. On October 7, 2013, CEMEX Colombia answered the statement of objections and submitted evidence.

The investigated parties are accused of allegedly breaching: (i) Article 1 of Law 155 of 1959, which prohibits any kind of practice, procedure or system designed to limit free competition and determining or maintaining unfair prices; (ii) paragraph 1 of Article 47 of Decree 2153 of 1992, which prohibits any agreements designed to directly or indirectly fix prices; and (iii) paragraph 3 of Article 47 of Decree 2153 of 1992, which prohibits any market sharing agreements between producers or between distributors. Additionally, the fourteen executives, including a former legal representative and the current President of CEMEX Colombia, are being investigated for allegedly breaching paragraph 16 of Article 4 of Decree 2153 of 1992, as amended by Article 26 of Law 1340 of 2009, which provides that the SIC may investigate and sanction any individual who collaborates, facilitates, authorizes, executes or tolerates behavior that violates free competition rules.

If the alleged infringements investigated by the SIC are substantiated, aside from any measures that could be ordered to stop the alleged anti-competitive practices, the following penalties may be imposed against CEMEX Colombia pursuant to Law 1340 of 2009: (i) up to 100,000 times the legal monthly minimum wage, which equals approximately 58,950 million Colombian Pesos (approximately U.S.\$30.73 million as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00) for each violation and to each company being declared in breach of the competition rules, and (ii) up to 2,000 times the legal monthly minimum wage, which equals approximately 1,179 million Colombian Pesos (approximately U.S.\$614,504.17 as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00) against those individuals found responsible of

collaborating, facilitating, authorizing, executing or tolerating behavior that violates free competition rules. At this stage of the investigations, as of August 31, 2014, we do not expect this matter to have a material adverse impact on our results of operations, liquidity and financial condition.

Environmental Matters

In the ordinary course of business, we are subject to a broad range of environmental laws and regulations in each of the jurisdictions in which we operate. These laws and regulations impose increasingly stringent environmental protection standards regarding, among other things, air emissions, wastewater discharges, the use and handling of hazardous waste or materials, waste disposal practices and the remediation of environmental damage or contamination. These laws and regulations expose us to the risk of substantial environmental costs and liabilities, including liabilities associated with divested assets and past activities and, in some cases, the acts and omissions of the previous owners or operators of a property or facility. Furthermore, in some jurisdictions, certain environmental laws and regulations impose liability, without regard to fault or the legality of the original activity at the time of the actions giving rise to liability.

To prevent, control and remediate environmental problems and maintain compliance with regulatory requirements, in line with our global initiatives on environmental management, we maintain an environmental policy designed to monitor and control environmental matters. Our environmental policies require that each of our subsidiaries respect and comply with local laws and meet our own internal standards to minimize the use of non-renewable resources and the generation of hazardous and other wastes. We use processes that are designed to reduce the impact of our operations on the environment throughout all the production stages in all our operations worldwide. In addition, during 2012 we started the implementation of a global Environmental Management System (EMS) at our operating sites that provides a framework to facilitate the consistent and systematic implementation of practical, risk-based environmental management at all sites. As of August 31, 2014, we expect to finish the implementation of the EMS at all of our operating sites by 2015. It will be used to support sites and businesses across CEMEX globally to document, maintain and continuously improve our environmental performance. We believe that, as of August 31, 2014, a substantial part of our operations already comply with all material environmental laws applicable to us, as all our cement plants already have some kind of EMS (most of which are ISO 14000 certified), with the remaining implementation efforts directed mainly on our aggregates and ready-mix plants.

We regularly incur capital expenditures that have an environmental component or that are impacted by environmental regulations. However, we do not keep separate accounts for such mixed capital and environmental expenditures. Environmental expenditures that extend the life, increase the capacity, improve the safety or efficiency of assets or are incurred to mitigate or prevent future environmental contamination may be capitalized. Other environmental costs are expensed when incurred. For the years ended December 31, 2011, 2012 and 2013, our sustainability capital expenditures (including our environmental expenditures and investments in alternative fuels and cementitious materials) were approximately U.S.\$95 million, approximately U.S.\$139 million and approximately U.S.\$95 million, respectively. Our environmental expenditures may materially increase in the future.

The following is a discussion of environmental regulations and related matters in our major markets.

Mexico. We were one of the first industrial groups in Mexico to sign an agreement with the Mexican Ministry of Environment and Natural Resources (*Secretaría del Medio Ambiente y Recursos Naturales*), or SEMARNAT, to carry out voluntary environmental audits in our 15 Mexican cement plants under a government-run program. In 2001, the Mexican Environmental Protection Agency (*Procuraduría Federal de Protección al Ambiente*), or PROFEPA, which is part of SEMARNAT, completed the audit of our cement plants and awarded each of them a Clean Industry Certificate (*Certificado de Industria Limpia*) certifying that our cement plants are in full compliance with applicable environmental laws. The Clean Industry Certificates are subject to renewal every two years. As of August 31, 2014, our operating cement plants had Clean Industry Certificates or were in the process of renewing them. We expect the renewal of all currently expired Clean Industry Certificates.

For over a decade, the technology for recycling used tires into an energy source has been employed in our plants located in Ensenada and Huichapan. By the end of 2006, all our cement plants in Mexico were using tires as an alternative fuel. Municipal collection centers in the cities of Tijuana, Mexicali, Ensenada, Mexico City, Reynosa, Nuevo Laredo and Guadalajara currently enable us to recycle an estimated 10,000 tons of tires per year. Overall, approximately 15.50% of the total fuel used in our operating cement plants in Mexico during 2013 was comprised of alternative fuels.

Between 1999 and August 31, 2014, our operations in Mexico have invested approximately U.S.\$98.92 million in the acquisition of environmental protection equipment and the implementation of the ISO 14001:2004 environmental management standards of the International Organization for Standardization ("ISO"). The audit to obtain the renewal of the ISO 14001:2004 certification took place during the first quarter of 2012 and our operating cement plants in Mexico obtained the renewal of the ISO 14001:2004 certification for environmental management systems which is valid for a three year period.

On June 6, 2012 the General Law on Climate Change (*Ley General de Cambio Climático*), or the Climate Change Law, was published in the Mexican Official Gazette. The Climate Change Law establishes a legal framework to regulate policies for climate change mitigation and adaptation. Many important provisions require the development of secondary legislation, and depend on the publication of subsequent implementing regulations, which were expected to take place within the twelve months following the publication of the Climate Change Law. Because secondary legislation has not yet been developed and corresponding regulations have not yet been implemented, at this stage, as of August 31, 2014, we do not have sufficient information to determine whether or not the measures that may be taken by the Mexican federal government in connection with the Climate Change Law will have a material impact on our business or operations. For instance, the Climate Change Law provides for the elaboration of a registry of the emissions that are generated by fixed sources. However, the detailed guidelines for reporting, including the scope and methodologies for calculation, will be developed by implementing regulations yet to be developed. Companies that are required to report their emissions and fail to do so or that report false information will be fined. We do not expect any negative impact from this development as we already report our direct and indirect carbon dioxide emissions to SEMARNAT under a voluntary scheme. The Climate Change Law also allows for the establishment of specific greenhouse gas reduction targets in accordance with the respective contribution of each economic sector to the national greenhouse gas emissions. We cannot estimate at this time the impact, if any, that

any measures related to this may have upon our operations in Mexico. Although the Climate Change Law does not establish a program for emissions trading, it does vest on the Mexican federal government the power to create, authorize and regulate such a scheme, which may be voluntary or binding. We are closely observing the development of implementing regulations and cannot estimate at this time the impact, if any, that any measures related to this may have upon our operations in Mexico. A Special Tax on Production and Services (*Impuesto Especial Sobre Producción y Servicios*) on the sale of fossil fuels was included in the recently approved tax reform. Starting January 1, 2014, petroleum coke, a primary fuel widely used in our kilns in Mexico has been taxed at a rate of Mexican Ps15.60 (approximately U.S.\$1.19 as of August 31, 2014, based on an exchange rate of Mexican Ps13.09 to U.S.\$1.00) per ton.

On August 12, 2014, a package of energy reform legislation became law in Mexico. The newly enacted energy reform legislation, which includes nine new laws, as well as amendments to existing laws, implements the December 2013 constitutional energy reform and establishes a new legal framework for Mexico's energy industry. One of the new laws that was enacted is the new Electric Industry Law (*Ley de la Industria Eléctrica*), or the Electric Industry Law, which establishes a legal framework for electricity-related activities in Mexico, which has the effect of structurally changing the national electric industry. Because the regulations to be proposed and implemented in regards to the Electric Industry Law have not yet been announced, at this stage, as of August 31, 2014, we do not have sufficient information to determine whether or not the energy reform legislation, and in particular the Electric Industry Law, will have a material impact on our business or operations. However, we expect that CEMEX's ongoing commitments to procure power from renewable projects operating under the "self-supply" framework of the previous energy laws in Mexico should mitigate any impact that the introduction of the Electric Industry Law may have upon our business or operations.

United States. Our operating subsidiaries in the United States are subject to a wide range of U.S. federal, state and local laws, regulations and ordinances dealing with the protection of human health and the environment that are strictly enforced and can lead to significant monetary penalties for noncompliance. These laws and regulations expose us to the risk of substantial environmental costs and liabilities, including liabilities associated with divested assets and past activities and, in some cases, the acts and omissions of the previous owners or operators of a property or facility. These laws regulate, among other things, water discharges, noise, and air emissions, including dust, as well as the handling, use and disposal of hazardous and non-hazardous waste materials. Certain laws also create a shared liability scheme under which parties are held responsible for the cost of cleaning up releases to the environment of designated hazardous substances. We therefore may have to conduct environmental remediation associated with the disposal or release of hazardous substances at our various operating facilities, or at sites in the United States to which we sent hazardous waste for disposal. We believe that our current procedures and practices for handling and managing materials are generally consistent with industry standards and legal and regulatory requirements, and that we take appropriate precautions to protect employees and others from harmful exposure to hazardous materials.

As of August 31, 2014, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.\$22.19 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, that might be categorized as hazardous substances or wastes, and (ii) the cleanup of hazardous substances or wastes at sites used or operated by

CEMEX, Inc. and its subsidiaries including discontinued operations, either individually or jointly with other parties. Most of the proceedings are in the preliminary stages, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. and its subsidiaries consider that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. Based on information developed to date, CEMEX, Inc. does not believe it will be required to spend significant sums on these matters, in excess of the amounts previously recorded. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with, or litigation against, potential sources of recovery have been completed.

In 2007, the EPA launched a CAA enforcement initiative against the U.S. cement industry. The primary goal of the initiative is to assess the industry's historic compliance with the CAA's New Source Review program and to reduce emissions from the industry through the installation of add-on controls. CEMEX has actively engaged with the EPA on its investigations, which involve multiple CEMEX facilities, and has entered into three settlements involving a total of U.S.\$4.4 million in civil penalties and a commitment to incur certain capital expenditures for pollution control equipment at its Victorville, California, Fairborn, Ohio and Lyons, Colorado plants. Although some of these proceedings are still in the initial stages, based on our past experience with such matters and currently available information, as of August 31, 2014, we believe that such cases will not have a material adverse impact on our results of operations, liquidity and financial condition.

In 2002, CEMEX Construction Materials Florida, LLC (formerly Rinker Materials of Florida, Inc.) ("CEMEX Florida"), a subsidiary of CEMEX, Inc., was granted a federal quarry permit and was the beneficiary of another federal quarry permit for the Lake Belt area in South Florida. The permit held by CEMEX Florida covered CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Kendall Krome quarry is operated under the permit of which it was a beneficiary. The FEC quarry is the largest of CEMEX Florida's quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry, while the FEC and Kendall Krome quarries have supplied aggregates to CEMEX and third-party users. In response to litigation brought by environmental groups concerning the manner in which the federal quarry permits were granted, in January 2009, the U.S. District Court for the Southern District of Florida ordered the withdrawal of the federal quarry permits for CEMEX Florida's SCL, FEC and Kendall Krome quarries. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the Army Corps of Engineers ("Corps") in connection with the issuance of the permits. Upon appeal, on January 21, 2010, the Eleventh Circuit Court of Appeals affirmed the district court's ruling withdrawing the federal quarry permits for the three CEMEX Florida quarries as well as other third-party federal quarry permits subject to the litigation. On January 29, 2010, the Corps completed a multi-year review commenced as a result of this litigation and issued a Record of Decision (ROD) supporting the issuance of new federal quarry permits for the FEC and SCL quarries. Excavation of new aggregates was stopped at the FEC and SCL quarries from January 20, 2009 until new permits were issued. The FEC permit was issued on February 3, 2010, and the SCL permit on February 18, 2010. The ROD also indicated that a number of potential environmental impacts must be addressed at the wetlands located at the Kendall Krome site before a new federal quarry permit may be issued for mining at that quarry. It is unclear how long it will take to fully address the Corps' concerns regarding mining in the Kendall Krome wetlands. While no new aggregates will be

quarried from wetland areas at Kendall Krome pending the resolution of the potential environmental issues, the FEC and SCL quarries will continue to operate. If CEMEX Florida is unable to maintain the new Lake Belt permits, CEMEX Florida would need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely affect operating income from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt area could also have a material adverse impact on our results of operations, liquidity and financial condition.

In June 2010, EPA proposed regulating Coal Combustion Products (“CCPs”) generated by electric utilities and independent power producers as a hazardous or special waste under the Resource Conservation and Recovery Act. CEMEX uses CCPs as a raw material in the cement manufacturing process, as well as a supplemental cementitious material in some of our ready-mix concrete products. It is too early to predict how CCPs will ultimately be regulated, but if CCPs are regulated as a hazardous or special waste in the future, it may result in changes to the formulation of our products away from those formulations that employ CCPs as a raw or supplemental cementitious material. Based on current information, we believe that such matters will not have a material impact on us. EPA has entered into a Consent Decree obligating it to issue a final rule on the regulation of CCPs by December 19, 2014.

We are subject to a number of federal and state laws and regulations addressing climate change. On the federal side, EPA has promulgated a series of regulations pertaining to emissions of GHGs from industrial sources. EPA issued the Mandatory Reporting of GHGs Rule, effective December 29, 2009, which requires certain covered sectors, including cement manufacturing, with GHG emissions above an established threshold to inventory and report their GHG emissions annually on a facility-by-facility basis. In 2010, EPA issued a final rule that establishes GHG thresholds for the New Source Review Prevention of Significant Deterioration (“PSD”) and Title V Operating Permit programs. The rule “tailors” the requirements of these CAA permitting programs to limit which facilities will be required to obtain PSD and Title V permits for GHG emissions. Cement production facilities are included within the categories of facilities required to obtain permits, provided that their GHG emissions exceed the thresholds in the tailoring rule. The PSD program requires new major sources of regulated pollutants and major modifications at existing major sources to secure pre-construction permits, which establish, among other things, limits on pollutants based on Best Available Control Technology (“BACT”). According to EPA’s rules, stationary sources, such as cement manufacturing, which are already regulated under the PSD program for non-GHG pollutants, need to apply for a PSD permit for any GHG emissions increases above 75,000 tons/year of carbon dioxide equivalent (“CO₂E”). Therefore, new cement plants and existing plants undergoing modification which are major sources for non-GHG pollutants regulated under the CAA need to acquire a PSD permit for construction or modification activities that increase CO₂E by 75,000 or more tons/year, and would have to determine and install BACT controls for those emissions. Furthermore, any new source that emits 100,000 tons/year of CO₂E or any existing source that emits 100,000 tons/year of CO₂E and undergoes modifications that would emit 75,000 tons/year of CO₂E, must comply with PSD obligations. Complying with these PSD permitting requirements can involve significant costs and delay. The costs of future GHG-related regulation of our facilities through these efforts or others could have a material economic impact on our U.S. operations and the U.S. cement manufacturing industry.

With respect to state efforts to address climate change, in 2006, the State of California adopted the Global Warming Solutions Act (Assembly Bill 32 or “AB32”) setting into law a goal to reduce the State’s carbon dioxide emissions to 1990 levels by 2020. As part of the measures derived from AB32, the California Air Resources Board (“CARB”) developed a cap-and-trade program, enforced from 2013, that covers most industrial sources of greenhouse gas emissions in the State, including cement production facilities. The program involves allocating a number of allowances free of charge to covered installations, which must subsequently surrender back to the regulator a number of allowances or qualified offset credits matching their verified emissions during the compliance period. Based on the free allowances received as of August 31, 2014 for the first compliance period (2013-2014), we expect that our Victorville cement plant will have enough free allowances to meet all of its compliance obligations for the first compliance period (2013-2014) without a material impact on its operating costs. Furthermore, we are actively pursuing initiatives to substitute lower carbon fuels for fossil fuels, improve our energy efficiency and utilize renewable power in an effort to economically reduce our direct and indirect GHG emission intensities. However, even with these ongoing efforts and the expected distribution of free allowances, we cannot assure you that the overall costs of complying with a cap-and-trade program will not have a material impact on our operations in California.

In 2007, CARB approved a regulation that requires California equipment owners/operators to reduce diesel particulate and nitrogen oxide emissions from in-use off-road diesel equipment and to meet progressively more restrictive emission targets. In 2008, CARB approved a similar regulation for in-use on-road diesel equipment. The emission targets requires us to retrofit our California-based equipment with diesel emission control devices or replace equipment with new engine technology in accordance with certain deadlines. As of August 31, 2014, compliance with the CARB regulations has resulted in equipment related expenses or capital investments, including overhauling engines and purchases of new equipment directly related to the CARB regulations, in excess of U.S.\$29.9 million. We may continue to incur substantial expenditures to comply with these requirements.

Permits and Emissions Trading

In the European Union, cement plants have been regulated by two directives which were transposed into domestic law by member states. The first was the Directive on Integrated Pollution Prevention and Control (2008/1/EC) (“IPPC Directive”), which adopted an integrated approach by taking into account the whole environmental performance of the plant. It required cement works to have a permit containing emission limit values and other conditions based on the application of best available techniques (“BAT”) with a view to preventing or, where this was not practicable, minimizing emissions of pollutants likely to be emitted in significant quantities in air, water or land. Permit conditions also had to address energy efficiency, waste minimization, prevention of accidental emissions and site restoration. To assist the permitting authorities and companies in determining the BAT, the European Commission organized an exchange of information between experts from the member states, industry and environmental organizations. This resulted in the adoption and publication by the European Commission of BAT Reference Documents (“BREFs”) for the industry sectors covered by the IPPC Directive. A key element of the BREFs were the conclusions on BAT (“BAT conclusions”) which were used as a reference for setting permit conditions.

The second Directive related to the Incineration of Waste (2000/76/EC) (“Incineration Directive”). Its aim was to prevent or limit, as far as practicable, negative effects on the environment, in particular pollution by emissions in air, soil, surface water and groundwater and the resulting risks to human health, from incineration and co-incineration plants, the latter including cement and lime kilns. The Incineration Directive sought to achieve its aim by setting and maintaining stringent operational conditions and technical requirements, as well as emission limit values for a range of pollutants including dust, nitrogen oxides, sulfur dioxide, hydrogen chloride, heavy metals and dioxins.

On January 6, 2011, the Industrial Emissions Directive (2010/75/EU) (“IED”) came into force. The IED recasts seven pieces of existing legislation into a single coherent legislative instrument, including the above-mentioned IPPC Directive and Incineration Directive, both of which it repeals. The IED has applied to new industrial installations since January 7, 2013 and to existing industrial installations (other than large combustion plants) since January 7, 2014. Under the IED, operators of industrial installations, including cement plants, are required to obtain an integrated permit from the relevant permitting authority in the member states. As with the IPPC Directive, permit conditions, including emission limit values, must be based on BAT and a total of 35 BREFs are being rewritten or revised for the IED. However, there is an important difference between the IPPC Directive and the IED. Under the IPPC Directive, the BREFs were considered as guidance only. This is not the case under the IED. Where BAT conclusions specify emission levels, permitting authorities are required to set emission limit values that do not exceed these levels. They may derogate from this requirement only where the costs associated with the achievement of the emission levels associated with the BAT disproportionately outweigh the environmental benefits due to the geographical location, the local environmental conditions or the technical characteristics of the installation concerned. The permitting authorities must document the reasons for the derogation from the emission limit values in the permit, including the result of the cost-benefit assessment. In April 2013, the European Commission published new BAT conclusions under the IED for Production of Cement, Lime and Magnesium Oxide, together with specific emission levels. While it is too early to assess what impact the IED will have on our operations, it is reasonable to assume that there will be an impact given the change in regulatory approach heralded by the legislation and the fact that it will be key to the permitting of the cement industry in the EU.

In 1997, as part of the United Nations Framework Convention on Climate Change, the Kyoto Protocol was adopted to limit and reduce GHG emissions. The Kyoto Protocol set legally binding emission reduction targets for 37 industrialized countries and the European Union. Under the Kyoto Protocol, industrialized countries agreed to reduce their collective GHG emissions by 5% against 1990 levels over the five year period 2008-2012 (“first commitment period”); future mandatory targets were expected to be established for commitment periods after 2012. To compensate for the sting of binding targets, the Kyoto Protocol allows three “flexibility” mechanisms to be used by parties in meeting their emission limitation commitments: the Clean Development Mechanism (“CDM”), Joint Implementation (“JI”) and International Emissions Trading.

In 2012, at the UN Climate Change Conference in Doha, Qatar, the Doha Amendment to the Kyoto Protocol was adopted. Certain parties, including the UK and the European Union, committed to reduce GHG emissions by at least 18% below 1990 levels in the eight year period from 2013 to 2020 (“second commitment period”).

Our operations in the United Kingdom, Spain, Germany, Latvia, Poland and Croatia (since 2013), are subject to binding caps on CO₂ emissions imposed pursuant to the European Union's emissions trading system ("ETS") that was established by Directive 2003/87/EC to implement the Kyoto Protocol. Under the ETS, a cap or limit is set on the total amount of CO₂ emissions that can be emitted by the power plants, energy-intensive installations (including cement plants) and commercial airlines that are covered by the system. The cap is reduced over time, so that the total amount of emissions will decrease. Within the cap, companies receive or buy emission allowances. These allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that are not reaching their emissions objectives. After each year, a company must surrender enough carbon allowances to cover all its emissions. Failure to meet the emissions caps is subject to significant monetary penalties.

In addition to carbon allowances, the ETS also allows the use of Kyoto Protocol units: the Emission Reduction Unit, representing a metric ton of carbon saved by a project under the JI mechanism, and the Certified Emission Reduction unit under the CDM. The ETS recognizes these units as equivalent to its carbon allowances and allows them to be used by companies for compliance up to a certain limit to offset their carbon emissions in the EU. We have registered 12 CDM projects; in total, these projects have the potential to reduce almost 1.7 million metric tons of CO₂-E emissions per year.

The ETS consists of three trading phases: Phase I which lasted from January 1, 2005 to December 31, 2007, Phase II, which lasted from January 1, 2007 to December 31, 2012, and was intended to meet commitments under the Kyoto first commitment period, and Phase III which commenced on January 1, 2013 and will end on December 31, 2020. For Phase III of the ETS there is also a cap on nitrous oxide and perfluorocarbons (PFC) emissions. Prior to the commencement of each of ETS Phases I and II, each member state was responsible for publishing its National Allocation Plan ("NAP"), a document which sets out a national cap on the total amount of carbon emissions by all installations during each relevant trading phase and the methodology by which the cap would be allocated to the different sectors in the ETS and their respective installations. Each member state's cap contributed to an overall EU cap on emissions, where one carbon allowance must be surrendered to account for 1 metric ton of carbon emitted. The carbon allowances were mostly distributed for free by each member state to its ETS installations, although some member states also used a fraction of their material cap for auctioning, mainly to power generators. Under ETS Phase III, however, the system of NAPs has been replaced by a single EU-wide, top-down, cap on CO₂ emissions, with allocation for all installations made according to harmonized EU rules and set out in each member state's National Implementation Measures ("NIM"). Additional restrictions have been introduced on the extent to which Kyoto Protocol units can be used to offset EU carbon emissions, and auctioning, not free allocation, has become the default method for distributing allowances. For those allowances that are still given away free, as discussed below, harmonized rules apply based on EU-wide benchmarks of emissions performance.

EU policymakers see the free allocation of allowances as a principle way to reduce the risk of carbon leakage—that is, the risk that energy-intensive industries, facing higher costs because of the ETS, will move their facilities beyond the EU's borders to countries that do not have climate change controls, thus resulting in a leakage of CO₂ emissions without any environmental benefits. In 2009, a list of ETS sectors deemed to be at significant risk of carbon leakage was formally adopted by the European Commission, following agreement by member states and the European Parliament. The list which is valid from 2010 to 2014

included the cement production sector, on the basis that the additional costs imposed by the ETS would lead to a 30% or more increase in production costs as a proportion of the “gross value added.” A decision on the list of sectors deemed to be at significant risk of carbon leakage for the period 2015-2019 is expected to be adopted by the European Commission on July 2014. Sectors classified as deemed to be at significant risk of carbon leakage will continue to receive 100% of their benchmark allocation of allowances free of charge during Phase III, adjusted by a cross-sectoral correction factor that is being applied uniformly upon all participating facilities in Europe in order to reduce the amount of free allocation that each installation so that the total sum does not exceed the authorized EU-wide cap for free allocation. By contrast, sectors that are not considered at risk of carbon leakage received 80% of their benchmark allowances for free in 2013, declining to 30% by 2020.

On April 27, 2011, the European Commission adopted Decision 2011/278/EU that states the rules, including the benchmarks of greenhouse gas emissions performance, to be used by the Member States in calculating the number of allowances to be annually allocated for free to industrial sectors (such as cement) that are deemed to be exposed to the risk of “carbon leakage.” The number of allowances to be allocated to installations for free will be based on a combination of historic activity levels at that installation and an EU benchmark of carbon efficiency for the production of a particular product—for example, clinker. An installation’s historic activity level is calculated by taking the median of its annual production levels during the baseline period, either 2005 to 2008 or, where historic activity levels are higher, 2009/10. The product benchmark is based on the average carbon emissions of the top 10% most “carbon efficient” EU installations for a particular product during 2007/8, where carbon efficiency is measured by carbon intensity or carbon emission per metric ton of product. Preliminary allocation calculations based on the rules were carried out by each Member State and included in a NIM table which was sent for scrutiny to the European Commission. On September 5, 2013, the European Commission adopted Decision 2013/448/EU which approved the NIMs submitted by most Member States and by which the figures for the annual cross-sectoral correction factor were determined for the period 2013-2020. According to this Decision, the free allocation to each installation is to be adjusted by a cross-sectoral correction factor laid down in the Decision which will vary each year, as foreseen by the ETS legislation. This is to ensure that the total amount handed out for free does not exceed a maximum set in the ETS Directive. The application of this cross-sectoral correction factor results in an important decrease in the quantity of allowances that our ETS-participant operations expect to receive for free in the 2013-2020 period. On February 26, 2014, the European Commission adopted a Decision on national allocation allowances for the last group of Member States including Croatia, which was granted 5.56 million of free allowances. Thereafter, a regularly updated allocation table showing the number of allowances that have been allocated per Member State will be published on the European Commission’s website. Based on the European Commission approved NIMs that have been published in the first quarter of 2014, we expect that the aggregate amount of allowances that will be annually allocated for free to CEMEX in Phase III of the ETS will be sufficient to operate, assuming that the cement industry continues to be considered at significant risk of carbon leakage for the period 2015-2019 after a decision is adopted by the European Commission. A determination that the cement industry should no longer be regarded as at significant risk of carbon leakage could have a material impact on our operations and our results of operations, liquidity and financial condition.

An installation can only receive its full allocation of free allowances if it is deemed to have not partially ceased under the “partial cessation rule” of the ETS. Partial cessation applies

where a sub-installation which contributes at least 30% of the installation's final annual amount of emissions allocated, or contributes to more than 50,000 allowances, reduces its activity level by at least 50% of its historic activity levels. If activity levels are reduced to between 50% and 75% of the historic activity level, the amount of free carbon allowances the sub-installation will receive will reduce by half in the following year; if activity levels are reduced by 75% to 90% compared to historic activity levels, the amount of free carbon allowances the sub-installation will receive will reduce by 75% in the following year; and if activity levels are reduced by 90% or more compared to historic activity levels, no allowances shall be allocated free of charge the following year in respect of the sub-installation concerned. This represents a change from ETS Phase II, in which the rules for partial cessation were defined by each member state's NAP and often did not result in any reduction in the level of free allocation, but an installation was no longer entitled to a free allocation from the following year if it had permanently ceased operating. The new rules are therefore more stringent, and to the extent that they result in our plants foregoing free carbon allowances, they could represent a significant loss of revenue to us, since carbon allowances are also tradable.

After a favorable verdict in the case that the Republic of Latvia brought before the General Court against the European Commission's rejection of the initial version of the Latvian NAP for the period from 2008 to 2012, the Latvian Ministry of Environmental Protection and Regional Development issued the Decision No. 46 of April 18, 2012 increasing the allocation of allowances to our Broceni plant. The European Commission subsequently filed an appeal with the Court of Justice against the Judgment of the General Court. On October 3, 2013, the Court of Justice issued a judgment dismissing the European Commission's appeal; therefore our operations in Latvia obtained all the allowances they were entitled to pursuant to the initial version of the Latvian NAP.

Despite having sold a substantial amount of allowances during Phase II of the ETS, we believe that the aggregate amount of allowances that will be annually allocated for free to CEMEX in Phase III of the ETS (2013-2020) will be sufficient to operate. This assessment stems from various factors, notably our efforts to reduce emissions per unit of clinker produced, the stream of offset credits coming from our internal portfolio of CDM projects in Latin America and our expected long position in the initial years of Phase III of the ETS. We are taking measures intended to minimize our exposure to this market, while continuing to supply our products to our customers.

Landfills

In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulatory view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of approximately £131.2 million (approximately U.S.\$217.65 million as of August 31, 2014, based on an exchange rate of £0.6028 to U.S.\$1.00) as of August 31, 2014, and we made an accounting provision for this amount at August 31, 2014.

Tax Matters

Mexico. Pursuant to amendments to the Mexican Income Tax Law (*Ley del Impuesto sobre la Renta*) that became effective on January 1, 2005 (the “2005 Tax Reform”), Mexican companies with direct or indirect investments in entities incorporated in foreign countries, whose income tax liability in those countries is less than 75% of the income tax that would be payable in Mexico, were required to pay taxes in Mexico on passive income, such as dividends, royalties, interest, capital gains and rental fees obtained by such foreign entities, except for income derived from entrepreneurial activities in such countries, which were not subject to tax under these amendments. We filed two motions in the Mexican federal courts challenging the constitutionality of the 2005 Tax Reform and obtained a favorable ruling from the lower Mexican federal court. However, on September 9, 2008, the Mexican Supreme Court, on appeal, ruled against our constitutional challenge of the controlled foreign corporation tax rules in effect in Mexico for tax years 2005 to 2007. Because the Mexican Supreme Court’s decision did not pertain to an amount of taxes due or other tax obligations, we had the right to self-assess any taxes due through the submission of amended tax returns. On March 1, 2012 and July 5, 2012, we self-assessed the taxes, filed the amended tax returns and paid 20% of the self-assessed amounts corresponding to the 2005 and 2006 tax years, respectively. The remaining 80% were to be paid in January 2013 and July 2013, respectively. No taxes were due in connection to the 2007 tax year. The tax authorities in Mexico agreed with our self-assessment and with the procedure to determine the taxes due for the 2005 and 2006 tax years and, as a result, the tax authorities in Mexico may not assess additional amounts of taxes past due for those years. On December 17, 2012, the Mexican authorities published the decree of the Federation Revenues Law for the 2013 tax year, which provides for a transitory amnesty provision (the “Amnesty Provision”) that grants tax amnesty of up to 80% of certain tax proceedings originated before the 2007 tax period and 100% of interest and penalties of tax proceedings originated in the 2007 tax period and thereafter. The amounts due in connection to the 2005 and 2006 tax years were settled based on the Amnesty Provision and, as of August 31, 2014, there are no tax liabilities in connection to this matter.

In November 2009, the Mexican Congress approved a general tax reform, effective as of January 1, 2010 (the “2010 Tax Reform”). Specifically, the 2010 Tax Reform included changes to the tax consolidation regime that required CEMEX, among others, to determine and retroactively pay taxes at a current rate on items in past years that were eliminated in consolidation or that reduced consolidated taxable income (“Additional Consolidated Taxes”). The 2010 Tax Reform required CEMEX to pay taxes on certain previously exempted intercompany dividends, certain other special tax items and operating losses generated by members of the consolidated tax group not recovered by the individual company generating such losses within the succeeding 10-year period. The 2010 Tax Reform also increased the statutory income tax rate from 28% to 30% for the years 2010 to 2012, then lowered it to 29% for 2013 and 28% for 2014 and future years. However, in December of 2012, the Federal Revenue Law (*Ley de Ingresos de la Federación*) applicable in 2013, established that the statutory income tax rate would remain at 30% in 2013, and thereafter lowered to 29% for 2014 and 28% for 2015 and future years. As per the tax reforms enacted for 2014, the statutory income tax will remain at 30%.

For the 2010 fiscal year, CEMEX was required to pay (at the new, 30% tax rate) 25% of the Additional Consolidated Taxes for the period between 1999 and 2004, with the remaining 75% payable as follows: 25% in 2011, 20% in 2012, 15% in 2013 and 15% in 2014.

Additional Consolidated Taxes arising after the 2004 tax year are taken into account in the sixth fiscal year after such year and are payable over the succeeding five years in the same proportions (25%, 25%, 20%, 15% and 15%). Applicable taxes payable as a result of this tax reform are increased by inflation adjustments as required by the Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*). In connection with these changes in the tax consolidation regime in Mexico, as of December 31, 2009, we recognized a liability of approximately Ps10.5 billion (approximately U.S.\$802.14 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), of which approximately Ps8.2 billion (approximately U.S.\$626.43 million as of August 31, 2014, based on an exchange rate of Mexican Ps13.09 to U.S.\$1.00) was recognized under "Other non-current assets" in connection with the net liability recognized under the new tax law and that we expect to realize in connection with the payment of this tax liability, and approximately Ps2.2 billion (approximately U.S.\$168.07 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) was recognized against "Retained earnings" upon adoption of IFRS according to the new law, related to: (a) the difference between the sum of the equity of the controlled entities for tax purposes and the equity for tax purposes of the consolidated entity, (b) dividends from the controlled entities for tax purposes to CEMEX, S.A.B. de C.V., and (c) other transactions among the companies included in the tax consolidation group that represented the transfer of resources within such group.

On February 15, 2010, we filed a constitutional challenge (*juicio de amparo*) against the 2010 Tax Reform. As of June 3, 2011, we were notified of a favorable verdict at the first stage of the trial; the Mexican tax authorities subsequently filed an appeal (*recurso de revisión*) before the Mexican Supreme Court, which, as of August 31, 2014, is pending. At this stage of the proceeding, it is probable that we will receive an adverse result to us on the appeal (*recurso de revisión*) filed by the Mexican tax authorities before the Mexican Supreme Court, however, even if adversely resolved, we do not foresee any material adverse impact on our results of operations, liquidity and financial condition, additional to those described herein.

On March 31, 2010, additional tax rules (*miscelánea fiscal*) were published in connection with the general tax reform approved by the Mexican Congress in November 2009. These new rules provided certain taxpayers with benefits arising from the years 1999 to 2004.

On June 30, 2010, CEMEX paid approximately Ps325 million (approximately U.S.\$24.83 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) of Additional Consolidated Taxes. This first payment represented 25% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004. On March 31, 2011, CEMEX made a second payment of approximately Ps506 million (approximately U.S.\$38.66 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00). This second payment, together with the first payment, represented 50% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, and also included the first payment of 25% of the Additional Consolidated Taxes for the period that corresponds to 2005. On March 30, 2012, CEMEX paid Ps698 million (approximately U.S.\$53.32 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00). This third payment together with the first and second payments represented 70% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, 50% of the Additional Consolidated Taxes for the period that corresponds to 2005 and it also included the first payment of 25% of the Additional Consolidated Taxes for the period that corresponds to 2006. On March 27, 2013, CEMEX paid Ps2 billion (approximately U.S.\$152.79 million as of August 31, 2014, based on an exchange rate of Ps13.09 to

U.S.\$1.00). This fourth payment, together with the first, second and third payments represented 85% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, 70% of the Additional Consolidated Taxes for the period that corresponds to 2005, 50% of the Additional Consolidated Taxes for the period that corresponds to 2006 and 25% of the Additional Consolidated Taxes for the period that corresponds to 2007. On March 31, 2014, CEMEX paid Ps2 billion (approximately U.S.\$152.79 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00). This fifth payment, together with the first, second, third and fourth payments represented 100% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, 85% of the Additional Consolidated Taxes for the period that corresponds to 2005, 70% of the Additional Consolidated Taxes for the period that corresponds to 2006 and 50% of the Additional Consolidated Taxes for the period that corresponds to 2007. As of August 31, 2014, we have paid an aggregate amount of approximately Ps5.5 billion (approximately U.S.\$420.17 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) of Additional Consolidated Taxes.

In December 2010, pursuant to certain additional rules, the tax authorities granted the option to defer the calculation and payment of certain items included in the law in connection with the taxable amount for the difference between the sum of the equity of controlled entities for tax purposes and the equity of the consolidated entity for tax purposes. As a result, CEMEX reduced its estimated tax payable by approximately Ps2.9 billion (approximately U.S.\$221.54 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) against a credit to the income statement when the new tax enactment took place. In addition, after accounting for the following that took place in 2010: (a) cash payments of Ps325 million (approximately U.S.\$24.83 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), (b) income tax from subsidiaries paid to the parent company of Ps2.4 billion (approximately U.S.\$183.35 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), and (c) other adjustments of Ps358 million (approximately U.S.\$27.35 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), the estimated tax payable for tax consolidation in Mexico amounted to approximately Ps10.1 billion (approximately U.S.\$771.58 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) as of December 31, 2010. Furthermore, after accounting for the following that took place in 2011: (a) cash payments in the amount of Ps506 million (approximately U.S.\$38.66 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), (b) income tax from subsidiaries paid to the parent company of Ps2.3 billion (approximately U.S.\$175.71 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), and (c) other adjustments of Ps485 million (approximately U.S.\$37.05 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), the estimated tax payable for tax consolidation in Mexico increased to approximately Ps12.4 billion (approximately U.S.\$947.29 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) as of December 31, 2011. Additionally, after accounting for the following that took place in 2012: (a) cash payments in the amount of Ps698 million (approximately U.S.\$53.32 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), (b) income tax from the subsidiaries paid to the parent company of Ps2.1 billion (approximately U.S.\$160.43 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), and (c) other adjustments of Ps745 million (approximately U.S.\$56.91 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), as of December 31, 2012, the estimated tax payable for tax consolidation in Mexico increased to approximately Ps14.5 billion (approximately U.S.\$1.11 billion as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00). Furthermore, after accounting for the following that took place in 2013: (a) cash payments in

the amount of Ps2 billion (approximately U.S.\$152.79 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), (b) income tax from subsidiaries paid to the parent company of Ps1.8 billion (approximately U.S.\$137.51 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), and (c) other adjustments of Ps1.2 billion (approximately U.S.\$91.67 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), and (d) effects of tax deconsolidation of Ps9.3 billion (approximately U.S.\$710.47 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00), as of December 31, 2013, the estimated tax payable for tax consolidation in Mexico increased to approximately Ps24.8 billion (approximately U.S.\$1.89 billion as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00).

In addition, as a result of the enactment of the new Income Tax Law (*Ley del Impuesto Sobre la Renta*) in Mexico approved in December 2013 and effective beginning January 1, 2014 (the "2014 Tax Reform"), the statutory income tax rate for 2014 will remain at 30%, and the tax consolidation regime that was in effect up until December 31, 2013, was replaced prospectively by a new integration regime, to which CEMEX will not apply. In consequence, as of 2014, each company in Mexico will determine its income taxes based solely in its individual results, and a period of up to 10 years has been established for the settlement of the liability for income taxes related to the tax consolidation regime accrued until December 31, 2013 ("Deconsolidation Taxes").

On February 12, 2014, we filed a constitutional challenge (*juicio de amparo*) against the 2014 Tax Reform that abrogated the tax consolidation regime. The purpose of the challenge is to obtain certainty in the applicable statutory rules in order to assess and pay the tax liability derived from such reform according to Constitutional principles. As of August 31, 2014, we cannot assess the likelihood of an adverse result to the constitutional challenge we filed, but even if the constitutional challenge is adversely resolved, we do not foresee any material adverse impact on our results of operations, liquidity and financial condition, additional to those described above.

On April 30, 2014, CEMEX paid Ps987 million (approximately U.S.\$75.40 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) which represented 25% of the Deconsolidation Taxes for the period that corresponded to the 2008 tax year.

As of August 31, 2014, our estimated payment schedule of Deconsolidation Taxes (which includes the Additional Consolidated Taxes) is as follows: approximately Ps5 billion (approximately U.S.\$381.97 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) in 2015; approximately Ps4.1 billion (approximately U.S.\$313.22 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) in 2016; and approximately Ps1.4 billion (approximately U.S.\$70.89 million as of August 31, 2014, based on an exchange rate of Ps13.09 to U.S.\$1.00) in 2017 and thereafter.

United States. As of August 31, 2014, the Internal Revenue Service concluded its audit for the year 2012. The final findings did not materially alter the reserves CEMEX had set aside for these matters and, as such, the amounts are not considered material to our financial results. On April 25, 2014, the Internal Revenue Service commenced its audit of the 2013 and 2014 tax years under the Compliance Assurance Process. We have not identified any material audit issues and, as such, no reserves are recorded for the 2013 audit in our financial statements.

Colombia. On April 1, 2011, the Colombian Tax Authority notified CEMEX Colombia of a proceeding notice in which the Colombian Tax Authority rejected certain deductions taken by CEMEX Colombia in its 2009 year-end tax return. The Colombian Tax Authority assessed an increase in taxes to be paid by CEMEX Colombia in the amount of approximately 90 billion Colombian Pesos (approximately U.S.\$46.91 million as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00) and imposed a penalty in the amount of approximately 144 billion Colombian Pesos (approximately U.S.\$75.05 million as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00). The Colombian Tax Authority argues that certain expenses are not deductible for fiscal purposes because they are not linked to direct revenues recorded in the same fiscal year, without taking into consideration that future revenue will be taxed with income tax in Colombia. CEMEX Colombia responded to the proceeding notice on June 25, 2011. On December 15, 2011, the Colombian Tax Authority issued its final determination, which confirmed the information in the special proceeding. CEMEX Colombia appealed the final determination on February 15, 2012. On January 17, 2013, the Colombian Tax Authority notified CEMEX Colombia of the resolution confirming the official liquidation. CEMEX Colombia appealed the final determination on May 10, 2013 which was admitted on June 21, 2013. On July 3, 2013, the appeal was notified to the Colombian Tax Authority, and hearings took place on February 18, 2014 and March 11, 2014. An adverse resolution to the appeal was notified to CEMEX Colombia on July 14, 2014 and on July 22, 2014, CEMEX Colombia filed an appeal before the Colombian *Consejo de Estado* against such adverse resolution. At this stage of the proceeding, as of August 31, 2014, we are not able to assess the likelihood of an adverse result in this special proceeding, but if adversely resolved, they could have a material adverse impact on our results of operations, liquidity and financial condition.

Spain. On July 7, 2011, the tax authorities in Spain notified CEMEX España of a tax audit process in Spain covering the tax years from and including 2006 to 2009. The tax authorities in Spain have challenged part of the tax losses reported by CEMEX España for such years. CEMEX España has been formally notified of fines in the aggregate amount of approximately €456 million (approximately U.S.\$601.11 million as of August 31, 2014, based on an exchange rate of €0.7586 to U.S.\$1.00) resulting from the July 7, 2011 tax audit process in Spain. The laws of Spain provide a number of appeals that can be filed against such fines without CEMEX España having to make any payment until such appeals are finally resolved. On April 22, 2014, CEMEX España filed appeals against such fines. At this stage, as of August 31, 2014, we are not able to assess the likelihood of an adverse result regarding this matter, and the appeals that CEMEX España has filed could take an extended amount of time to be resolved, but if all appeals filed by CEMEX España are adversely resolved, it could have a material adverse impact on our results of operations, liquidity and financial condition.

Egypt. On February 9, 2014, ACC was notified of the decision of the Egyptian Ministry of Finance's Appeals Committee (the "Appeals Committee") pursuant to which ACC has been required to pay a development levy on clay applied to the Egyptian cement industry in the amount of: (i) approximately 322 million Egyptian Pounds (approximately U.S.\$44.97 million as of August 31, 2014, based on an exchange rate of Egyptian Pounds 7.1610 to U.S.\$1.00) for the period from May 5, 2008 to August 31, 2011; and (ii) approximately 50,235 Egyptian Pounds (approximately U.S.\$7,015.08 as of August 31, 2014, based on an exchange rate of Egyptian Pounds 7.1610 to U.S.\$1.00) for the period from September 1, 2011 to November 30, 2011. On March 10, 2014, ACC filed a claim before the North Cairo

Court requesting the nullification of the Appeals Committee's decision and requesting that the North Cairo Court rule that the Egyptian tax authority is not entitled to require payment of the aforementioned amounts. As of August 31, 2014, this matter is being reviewed by the North Cairo Court expert's office. At this stage, as of August 31, 2014, we are not able to assess the likelihood of an adverse result regarding this matter, but if ACC's claim before the North Cairo Court is adversely resolved, it should not have a material adverse impact on our results of operations, liquidity and financial condition.

Other Legal Proceedings

Colombian Construction Claims. On August 5, 2005, the Urban Development Institute (*Instituto de Desarrollo Urbano*), or UDI, and an individual filed a lawsuit in the Fourth Anti-Corruption Court of Bogotá (*Fiscalía Cuarta Anticorrupción de Bogotá*) against a subsidiary of CEMEX Colombia claiming that it was liable, along with the other members of the *Asociación Colombiana de Productores de Concreto*, or ASOCRETO, an association formed by the ready-mix concrete producers in Colombia, for the premature distress of the concrete slabs of the Autopista Norte trunk line of the TransMilenio bus rapid transit system of Bogotá in which ready-mix concrete and flowable fill supplied by CEMEX Colombia and other ASOCRETO members was used. The plaintiffs alleged that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs were seeking the repair of the concrete slabs in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair could have been approximately 100 billion Colombian Pesos (approximately U.S.\$52.12 million as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00). The lawsuit was filed within the context of a criminal investigation against a former director and two officers of the UDI, the contractor, the inspector and two ASOCRETO officers. On January 21, 2008, a court issued an order, sequestering the El Tunjuelo quarry, as security for payment of a possible future money judgment against CEMEX Colombia. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required to deposit 337.8 billion Colombian Pesos (approximately U.S.\$176.06 million as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00) in cash instead of posting an insurance policy to secure such recovery. CEMEX Colombia appealed this decision and the Superior Court of Bogotá (*Tribunal Superior de Bogotá*) allowed CEMEX to present an insurance policy in the amount of 20 billion Colombian Pesos (approximately U.S.\$10.42 million as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00). CEMEX gave the aforementioned security and, on July 27, 2009, the court lifted the attachment on the quarry.

On October 10, 2012 the court issued a first instance judgment pursuant to which the accusation made against the ASOCRETO officers was nullified. The judgment also convicted a former UDI director, the contractor's legal representatives and the inspector to a prison term of 85 months and a fine of 32 million Colombian Pesos (approximately U.S.\$16,678.65 as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00). As a consequence of the nullification, the judge ordered a restart of the proceeding against the ASOCRETO officers. The UDI and other parties to the legal proceeding appealed the first instance judgment and on August 30, 2013 the Superior Court of Bogotá resolved to reduce the prison term imposed to the former UDI director and the UDI officers to 60 months and imposed a fine equivalent to 8.8 million Colombian Pesos (approximately U.S.\$4,586.63 as

of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00). Additionally, the UDI officers were sentenced to severally pay the amount of 108,000 million Colombian Pesos (approximately U.S.\$56.29 million as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00) for the purported damages in the concrete slabs of the TransMilenio bus rapid transit system. Additionally, the Superior Court of Bogotá overturned the penalty imposed to the contractor's legal representatives and inspector because the criminal action against them was time barred. Furthermore, the Superior Court of Bogotá revoked the annulment in favor of the ASOCRETO officers and ordered the first instance judge to render a judgment regarding the ASOCRETO officers' liability or lack thereof. On June 25, 2014, the Supreme Court of Colombia's Penal Cassation Chamber (*Sala de Casación Penal de la Corte Suprema de Justicia de Colombia*) dismissed the cassation claim filed by the former UDI director and the UDI officers against the Superior Court of Bogotá's judgment. Dismissal of the cassation claim has no effect on CEMEX Colombia's or the ASOCRETO officers' interests in these proceedings. At this stage of the proceedings, as of August 31, 2014, we are not able to assess the likelihood of an adverse result or, due to the number of defendants, the potential damages which could be borne by CEMEX Colombia.

In addition, six legal actions related to the premature distress of the concrete slabs of the *Autopista Norte* trunk line of the TransMilenio bus rapid transit system were brought against CEMEX Colombia. The Cundinamarca Administrative Court (*Tribunal Administrativo de Cundinamarca*) nullified five of these actions and currently, only one remains outstanding. In addition, the UDI filed another action alleging that CEMEX Colombia made misleading advertisements on the characteristics of the flowable fill used in the construction of the concrete slabs. CEMEX Colombia participated in this project solely and exclusively as supplier of the ready-mix concrete and flowable fill, which were delivered and received to the satisfaction of the contractor, complying with all the required technical specifications. CEMEX Colombia neither participated in nor had any responsibility on the design, sourcing of materials or their corresponding technical specifications or construction. At this stage of the proceedings, as of August 31, 2014, we are not able to assess the likelihood of an adverse result, but if adversely resolved, it could have a material adverse impact on our results of operations, liquidity and financial condition.

Croatian Concession Litigation. After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans defining the development zones within their respective municipalities, adversely impacting the mining concession granted to Cemex Hrvatska d.d. ("CEMEX Croatia"), our subsidiary in Croatia, by the Government of Croatia in September 2005. During the consultation period, CEMEX Croatia submitted comments and suggestions to the Master Plans intended to protect and preserve the rights of CEMEX Croatia's mining concession, but these were not taken into account or incorporated into the Master Plans by Kaštela and Solin. Immediately after publication of the Master Plans, CEMEX Croatia filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions, including: (i) on May 17, 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning CEMEX Croatia's constitutional claim for decrease and obstruction of rights earned by investment and seeking prohibition of implementation of the Master Plans; and (ii) on May 17, 2006, an administrative proceeding before an administrative court seeking a declaration from the Government of Croatia confirming that CEMEX Croatia acquired rights under the mining concessions. The administrative court subsequently ruled in favor of CEMEX Croatia, validating the legality of

the mining concession granted to CEMEX Croatia by the Government of Croatia, in September 2005. On June 15, 2012, we were notified that the case had been transferred from the constitutional court to the administrative court as a result of a new law that places the administrative courts in charge of disputes relating to environmental planning. In February 2014, the administrative court requested CEMEX Croatia to declare if it is still interested in proceeding with the concession litigation and if so, to provide additional clarification and documentation to support such claims. On March 3, 2014, CEMEX Croatia submitted the clarification and required documentation and on April 4, 2014, CEMEX Croatia was notified that the administrative court rejected its claims and found that its acquired rights or interests under the mining concessions had not been violated as a result of any act or decision made by the cities of Solin or Kaštela or any other governmental body. On April 29, 2014, CEMEX Croatia filed two claims before the Constitutional Court of the Republic of Croatia alleging that CEMEX Croatia's constitutional rights to a fair trial and judicial protection had been violated. In order to alleviate the adverse impact of the Master Plans, as of August 31, 2014, we are in the process of negotiating a new revised mining concession. On August 1, 2014, CEMEX Croatia filed an application before the European Court of Human Rights alleging that CEMEX Croatia's constitutional rights to a fair trial, property rights, concession rights and investment had been violated due to irregularities in a general act. At this stage of the proceedings, as of August 31, 2014, we are not able to assess the likelihood of an adverse result to the claims filed before the Constitutional Court of the Republic of Croatia, but if adversely resolved, it should not have a material adverse impact on our results of operations, liquidity and financial condition.

Panamanian Height Restriction Litigation. On July 30, 2008, the Panamanian Authority of Civil Aeronautics (*Autoridad de Aeronáutica Civil*), or AAC, denied a request from our subsidiary Cemento Bayano to erect structures above the permitted height restriction applicable to certain areas surrounding the Calzada Larga Airport. This height restriction was set according to applicable legal regulations and reaches the construction area of our cement plant's second line. Cemento Bayano has formally requested the above-mentioned authority to reconsider its denial. On October 14, 2008, the AAC granted permission for the construction of the tallest building of the second line, under the following conditions: that (a) Cemento Bayano assumes any liability arising from any incident or accident caused by the construction of such building; and (b) there would be no further permission for additional structures. Cemento Bayano filed an appeal with respect to both conditions considering that the construction involved building 12 additional structures. On March 13, 2009, the AAC issued an explanatory note stating that (a) should an accident occur in the Calzada Larga Airport's perimeter, an investigation shall be conducted in order to determine the cause and further responsibility; and (b) there will be no further permission for additional structures of the same height as the tallest structure was already authorized. Therefore, additional permits may be obtained as long as the structures are lower than the tallest building, on a case-by-case analysis to be conducted by the authority. Cemento Bayano filed an authorization request for the construction of the project's 12 remaining structures. On June 11, 2009, the AAC issued a resolution authorizing 3 of the 12 remaining structures and denying permits for 9 additional structures above the permitted height restriction applicable to certain areas surrounding Calzada Larga Airport. On June 16, 2009, Cemento Bayano requested the above-mentioned authority to reconsider its denial. On May 20, 2010, the ACC issued a report stating that all vertical structures erected by Cemento Bayano complied with the applicable signaling and lighting requirements in order to receive the respective authorization, nonetheless, as of August 31, 2014, the AAC had not yet issued a ruling pursuant to our request for reconsideration for the 9 remaining structures and, therefore, we continue to

monitor our request. At this stage, we are not able to determine if the AAC will issue a favorable decision to our request for reconsideration or if such denial would have a material adverse impact on our results of operations, liquidity and financial condition. We are also not able to assess the likelihood of any incident or accident occurring as a result of the construction of the second line of our cement plant and the responsibility, if any, that would be allocated to Cemento Bayano, but if any major incident or accident were to occur and if Cemento Bayano were to be held liable, any responsibility that is formally allocated to Cemento Bayano could have a material adverse impact on our results of operations, liquidity and financial condition.

Colombian Water Use Litigation. On June 5, 2010, the District of Bogotá's Environmental Secretary (*Secretaría Distrital de Ambiente de Bogotá*), or the Environmental Secretary, issued a temporary injunction suspending all mining activities at CEMEX Colombia's El Tunjuelo quarry, located in Bogotá, Colombia. As part of the temporary injunction, Holcim Colombia and Fundación San Antonio (local aggregates producers which also have mining activities located in the same area as the El Tunjuelo quarry) were ordered to suspend mining activities in that area. The Environmental Secretary alleged that during the past 60 years, CEMEX Colombia and the other companies illegally changed the course of the Tunjuelo River, used the percolating waters without permission and improperly used the edge of the river for mining activities. In connection with the temporary injunction, on June 5, 2010, CEMEX Colombia received a formal notification from the Environmental Secretary informing it of the initiation of proceedings to impose fines against CEMEX Colombia. CEMEX Colombia has requested that the temporary injunction be revoked, arguing that its mining activities are supported by all authorizations required pursuant to the applicable environmental laws and that all the environmental impact statements submitted by CEMEX Colombia have been reviewed and authorized by the Ministry of Environment and Sustainable Development (*Ministerio de Ambiente y Desarrollo Sostenible*). On June 11, 2010, the local authorities in Bogotá, in compliance with the Environmental Secretary's decision, sealed off the mine to machinery and prohibited the extraction of our aggregates inventory. Although there is not an official quantification of the possible fine, the District of Bogotá's environmental secretary has publicly declared that the fine could be as much as 300 billion Colombian Pesos (approximately U.S.\$156.36 million as of August 31, 2014, based on an exchange rate of 1,918.62 Colombian Pesos to U.S.\$1.00). The temporary injunction does not currently compromise the production and supply of ready-mix concrete to any of our clients in Colombia. At this stage, as of August 31, 2014, we are not able to assess the likelihood of an adverse result, but if adversely resolved, it could have a material adverse impact on our results of operations, liquidity and financial condition.

Israeli Class Action Litigation. On June 21, 2012, one of our subsidiaries in Israel was notified about an application for the approval of a class action suit against it. The application was filed by a homeowner who built his house with concrete supplied by our Israeli subsidiary in October 2010. According to the application, the plaintiff claims that the concrete supplied to him did not meet with the "Israel Standard for Concrete Strength No. 118" and that, as a result, our Israeli subsidiary acted unlawfully toward all of its customers who requested a specific type of concrete but that received concrete that did not comply with the Israeli standard requirements. As per the application, the plaintiff claims that the supply of the alleged non-conforming concrete has caused financial and non-financial damages to those customers, including the plaintiff. We presume that the class action would represent the claim of all the clients who purchased the alleged non-conforming concrete from our Israeli subsidiary during the past 7 years, the limitation period according to

applicable laws in Israel. The damages that could be sought amount to approximately 276 million Israeli Shekels (approximately U.S.\$77.35 million as of August 31, 2014, based on an exchange rate of 3.568 Israeli Shekels to U.S.\$1.00). Our Israeli subsidiary submitted a formal response to the corresponding court. Both parties presented their preliminary arguments in a hearing held on November 4, 2013. The hearing scheduled for April 28, 2014 was rescheduled to September 17, 2014. As of August 31, 2014, our subsidiary in Israel is not able to assess the likelihood of the class action application being approved or, if approved, of an adverse result, such as an award for damages in the full amount that could be sought, but if adversely resolved, we do not believe the final resolutions would have a material adverse impact on our results of operations, liquidity and financial condition.

Egypt Share Purchase Agreement. On April 7, 2011 and March 6, 2012, lawsuits seeking, among other things, the annulment of the share purchase agreement entered into by and between CEMEX and state-owned Metallurgical Industries Company (the "Holding Company") in November 1999 pursuant to which CEMEX acquired a controlling interest in ACC (the "Share Purchase Agreement"), were filed by different plaintiffs, including 25 former employees of ACC, before the 7th and 8th Circuits of Cairo's State Council, respectively. Hearings in both cases were adjourned in order for the State Commissioner Authority ("SCA") to prepare the corresponding reports to be submitted for the consideration of the 7th and 8th Circuits of Cairo's State Council. As of August 31, 2014, new hearing dates for both cases will be scheduled upon submission of the SCA's reports. As of August 31, 2014, we are not able to assess the likelihood of an adverse resolution regarding these lawsuits, but if adversely resolved, we do not believe the resolution in this first instance would have an immediate material adverse impact on our results of operations, liquidity and financial condition as there are different legal recourses that we could take. However, if we exhaust all legal recourses available to us, a final adverse resolution of this matter could have a material adverse impact on our operations, liquidity and financial condition.

Regarding a different lawsuit submitted to a first instance court in Assiut, Egypt and notified to ACC on May 23, 2011, on September 13, 2012, the first instance court of Assiut, Egypt issued a judgment (the "First Instance Judgment") to (i) annul the Share Purchase Agreement; and (ii) reinstate former employees to their former jobs at ACC. The First Instance Judgment was notified to ACC on September 19, 2012. On October 18, 2012, ACC filed an appeal against the First Instance Judgment, which was followed by the Holding Company's appeal filed on October 20, 2012 before the Appeals Court in Assiut, Egypt (the "Appeals Court"). At a November 17, 2013 hearing, the Appeals Court decided to join the appeals filed by ACC and the Holding Company and adjourned the session to January 20, 2014 to render judgment. On January 20, 2014, the Appeals Court issued a judgment (the "Appeal Judgment") accepting the appeals, revoking the First Instance Judgment, ruling for non-qualitative jurisdiction of the first instance court to review the case and referred the matter to the administrative court in Assiut, Egypt (the "Administrative Court") for a hearing to be held on March 16, 2014. This hearing was subsequently rescheduled to May 17, 2014 and ultimately was not held because the case file had not been completed on time in order for it to be referred to the Administrative Court. The SCA submitted a report recommending the Administrative Court to declare itself incompetent to review this case and to refer it to the Assiut Administrative Judiciary Court (the "Assiut Administrative Judiciary Court"). As of August 31, 2014, a new hearing date has not been scheduled. On March 12, 2014, ACC filed an appeal before the Cassation Court against the part of the Appeal Judgment that refers to the referral of the case to the Administrative Court and payment of the appeal expenses and attorney fees, and requested a suspension of the Appeal Judgment execution in respect to

these matters until the Cassation Court renders its judgment. As of August 31, 2014, a hearing date before the Cassation Court has not been scheduled. As of August 31, 2014, we are not able to assess the likelihood of an adverse resolution regarding these lawsuits, but if adversely resolved, we do not believe the resolution would have an immediate material adverse impact on our results of operations, liquidity and financial condition as there are different recourses that we could take. However, if we exhaust all legal recourses available to us, a final adverse resolution of this matter could have a material adverse impact on our operations, liquidity and financial condition.

Also, on February 23, 2014, two plaintiffs filed a lawsuit before the Assiut Administrative Judiciary Court requesting the cancellation of the resolutions taken by the Holding Company's shareholders during the extraordinary general shareholders meeting pursuant to which it was agreed to sell ACC's shares and enter into the Share Purchase Agreement in 1999. A hearing held on May 17, 2014 was adjourned in order for the SCA to prepare a report to be submitted for the consideration of the Assiut Administrative Judiciary Court. A new hearing date will be scheduled upon submission of the SCA's report. As of August 31, 2014, we do not have sufficient information to assess the likelihood of the Assiut Administrative Judiciary Court cancelling the resolutions adopted by the Holding Company's shareholders, or, if such shareholders' resolutions are cancelled, how would such cancellation affect us, but if adversely resolved, we do not believe the resolution in this first instance would have an immediate material adverse impact on our results of operations, liquidity and financial condition as there are different legal recourses that we could take. However, if we exhaust all legal recourses available to us, a final adverse resolution of this matter could have a material adverse impact on our operations, liquidity and financial condition.

On April 22, 2014, the Presidential Decree on Law No. 32 of 2014 ("Law 32/2014"), which regulates legal actions to challenge agreements entered into by the Egyptian State (including its ministries, departments, special budget entities, local administrative units, authorities and state-participated companies) and third parties, was published in the Official Gazette, becoming effective as of April 23, 2014, but subject to its presentation, discussion and approval by the House of Representatives 15 days after it has been elected. As per the provisions of Law 32/2014, and considering certain exceptions, only the parties to these agreements have standing to challenge the validity of an agreement. As of August 31, 2014, several constitutional challenges have been filed against Law 32/2014 before the Constitutional Court, and the House of Representatives had not been yet elected. In consideration of the aforementioned, as of August 31, 2014, we are not able to assess if the Constitutional Court will dismiss Law 32/2014 or if Law 32/2014 will not be presented, discussed and ratified by the House of Representatives, but if the Constitutional Court dismisses Law 32/2014 or if Law 32/2014 is not presented, discussed and ratified by the House of Representatives, this could adversely impact the ongoing matters regarding the Share Purchase Agreement, which could have a material adverse impact on our operations, liquidity and financial condition.

South Louisiana Flood Protection Authority-East Claim

On July 24, 2013 a Petition for Damages and Injunctive Relief was filed by the South Louisiana Flood Protection Authority-East ("SLFPAE") in the Civil District Court for the Parish of Orleans, State of Louisiana, against approximately 100 defendants, including CEMEX, Inc. SLFPAE is seeking compensation for and the restoration of certain coastal lands near New Orleans alleged to have been damaged by activities related to oil and gas exploration and production since the early 1900's. CEMEX, Inc., which was previously

named Southdown, Inc., may have acquired liabilities, to the extent there may be any, in connection with oil and gas operations that were divested in the late 1980's. The matter was recently removed to the United States District Court for the Eastern District of Louisiana (the "Louisiana District Court") and a motion by the Plaintiffs to remand to State Court was denied. In addition, on June 6, 2014, Louisiana Senate Bill No. 469 was enacted into Act No. 544 ("Act 544") which prohibits certain state or local governmental entities such as the SLFPAE from initiating certain causes of action including the claims asserted in this matter. The effect of Act 544 on the pending matter has yet to be determined by the Louisiana District Court. As of August 31, 2014, we do not have sufficient information to assess the likelihood of an adverse result or, because of the number of defendants, the potential damages which could be borne by CEMEX, Inc., if any, or if such damages, if any, would have a material adverse impact on our results of operations, liquidity and financial condition.

As of August 31, 2014, we are involved in various legal proceedings involving, but not limited to, product warranty claims, environmental claims, indemnification claims relating to acquisitions and similar types of claims brought against us that have arisen in the ordinary course of business. We believe we have made adequate provisions to cover both current and contemplated general and specific litigation risks, and we believe these matters will be resolved without any significant effect on our operations, financial position and results of operations. We are sometimes able to make and disclose reasonable estimates of the expected loss or range of possible loss, as well as disclose any provision accrued for such loss. However, for a limited number of ongoing legal proceedings, we may not be able to make a reasonable estimate of the expected loss or range of possible loss or may be able to do so but believe that disclosure of such information on a case-by-case basis would seriously prejudice our position in the ongoing legal proceedings or in any related settlement discussions. Accordingly, in these cases, we have disclosed qualitative information with respect to the nature and characteristics of the contingency, but have not disclosed the estimate of the range of potential loss.

 - (e) any Treasury Transaction (other than any Caliza Offering Option) entered into, sold or purchased not for speculative purposes but for the purposes of managing specific risks or exposures in relation to any Caliza Transaction.

Where: “**Excluded Position**” means each of the positions set forth in Annex 1 hereto as in effect on the date of this Agreement and, with respect to the positions specified in paragraphs (a), (b) and (c) of Annex 1, any replacements, amendments or renewals thereof that are entered into on then prevailing market terms with the underlying amounts not greater than the original underlying amounts. “**Permitted Non-Bank Commodity Contract**” means any commodity contract or agreement with respect to which all parties and credit support providers are not financial institutions and any agreement incidental thereto. “**Commodity**” means raw materials and other inputs used in the Group’s operations, energy, water, electric power, electric power capacity, generation capacity, power, heat rate, congestion, diesel fuel, fuel oil, other petroleum-based liquids or fuels, coal, commodity transportation, urea, financial transmission rights, emissions and other environmental credits, allowances or offsets, renewable energy credits, Certified Emission Reductions, European Union Allowances, natural gas, nuclear fuel and waste products or by-products thereof or

other such tangible or intangible commodity of similar type or description. “**Permitted Compensation Plan Hedging Transaction**” means (a) an equity forward purchase transaction or an equity call option that hedges the Borrower or any Obligor’s obligations under an Executive Compensation Plan permitted by this Agreement, or (b) an agreement that requires a counterparty to make payments or deliveries that are otherwise required to be made by the Borrower or any Obligor under an Executive Compensation Plan permitted by this Agreement by exchange, repurchase or similar arrangements or a combination thereof.

2. The board of directors shall, from time to time, adopt policies governing the Group’s entry into Permitted Treasury Transactions. The board of directors shall approve any Permitted Treasury Transactions that are required to be approved by the board of directors in accordance with applicable company regulations and by-laws. Management shall approve all other Permitted Treasury Transactions in accordance with such board of director policies.
3. The total amount of collateral or margin posted as of the date of this Agreement in respect of each Excluded Position or Permitted Non-Bank Commodity Contract is Permitted Security or Quasi-Security (as the case may be) as described in Schedule 11 (*Existing Security and Quasi-Security*) to this Agreement. No Obligor will (and the Borrower will procure that no members of the Group will) post additional collateral or margin in respect of an Excluded Position or a Permitted Non-Bank Commodity Contract for which collateral or margin is already posted, or any collateral or margin in respect of any other Treasury Transaction, except as permitted under paragraphs (L) and (Q) of the definition of Permitted Security set out in Clause 23.5 (*Negative pledge*) of this Agreement. Notwithstanding the foregoing, members of the Group may replace collateral or margin posted as of the date of this Agreement in respect of an Excluded Position as described in Schedule 11 (*Existing Security and Quasi-Security*) with a Permitted Put/Call Transaction for the purpose of obtaining a Cash Collateral Release Amount, provided any amount of collateral or margin posted at any time in connection with such Excluded Position in excess of the amount described in Schedule 11 (*Existing Security and Quasi-Security*) in respect of such Excluded Position complies with paragraphs (K) and (P) of the definition of Permitted Security in Clause 23.5 (*Negative pledge*) of this Agreement.
4. No Obligor will (and the Borrower will procure that no members of the Group will) amend, modify or terminate a Permitted Treasury Transaction except in its ordinary course of business and not for speculative purposes.

CONFIDENTIALITY UNDERTAKING

[Letterhead of Potential Purchaser]

To: *[Insert name of Seller]*

From: *[Insert name of Potential Purchaser]*

Dated:

Dear Sirs

**CEMEX, S.A.B. de C.V. – Facilities Agreement
dated [X] September 2014 (the “Facilities Agreement”)**

We are considering acquiring an interest in the Facilities Agreement which, subject to the terms of the Facilities Agreement, may be by way of novation, assignment, the entering into, whether directly or indirectly, of a sub-participation or any other similar transaction under which payments are to be made or may be made by reference to one or more relevant Finance Documents and/or one or more relevant Obligors or by way of investing in or otherwise financing, directly or indirectly, any such novation, assignment, sub-participation or other similar transaction (each, an “**Acquisition**”). In consideration of you agreeing to make available to us certain information in relation to each Acquisition, by our signature of this letter we agree as follows (acknowledged and agreed by you by your signature of a copy of this letter):

1. Confidentiality Undertaking

We undertake in relation to each Acquisition whether completed or not, (a) to keep all Confidential Information confidential and not to disclose it to anyone, save to the extent permitted by paragraph 2 below and to ensure that all Confidential Information is protected with security measures and a degree of care that would apply to our own confidential information, (b) until that Acquisition is completed to use the Confidential Information only for the Permitted Purpose, (c) to keep confidential and not disclose to anyone except as provided for by paragraph 2 below the fact that the Confidential Information has been made available or that discussions or negotiations are taking place or have taken place between us in connection with the Facilities, and (d) to use all reasonable endeavours to ensure that any person to whom we pass any Confidential Information (unless disclosed under paragraph 2 below) acknowledges and complies with the provisions of this letter as if that person were also a party to it.

2. **Permitted Disclosure**

You agree that we may disclose:

- 2.1 to any of our Affiliates and any of our or their officers, directors, employees, professional advisers and auditors such Confidential Information as we shall consider appropriate if any person to whom the Confidential Information is to be given pursuant to this paragraph 2.1 is informed in writing of its confidential nature and that some or all of such Confidential Information may be price-sensitive information, except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of the information or is otherwise bound by requirements of confidentiality in relation to the Confidential Information;
- 2.2 subject to the requirements of the Facilities Agreement, to any person:
- (a) to (or through) whom we assign or transfer (or may potentially assign or transfer) all or any of our rights and/or obligations which we may acquire under the Facilities Agreement such Confidential Information as we shall consider appropriate if the person to whom the Confidential Information is to be given pursuant to this sub-paragraph (a) of paragraph 2.2 has delivered a letter to you materially in equivalent form to this letter;
 - (b) with (or through) whom we enter into (or may potentially enter into) any sub-participation in relation to, or any other transaction under which payments are to be made or may be made by reference to the Facilities Agreement in relation to that Acquisition or any Obligor such Confidential Information as we shall consider appropriate if the person to whom the Confidential Information is to be given pursuant to this sub-paragraph (b) of paragraph 2.2 has delivered a letter to you in materially equivalent form to this letter;
 - (c) to whom information is required or requested to be disclosed by any governmental, banking, taxation or other regulatory authority or similar body, the rules of any recognised stock exchange or pursuant to any applicable law or regulation such Confidential Information as we shall consider appropriate; and
- 2.3 notwithstanding paragraphs 2.1 and 2.2 above, Confidential Information to such persons to whom, and on the same terms as, a Finance Party is permitted to disclose Confidential Information under the Facilities Agreement to which that Acquisition relates, as if such permissions were set out in full in this letter and as if references in those permissions to Finance Party were references to us for the purposes of that Acquisition.

3. **Notification of Disclosure**

We agree in relation to each Acquisition (whether completed or not), (to the extent permitted by law and regulation) to inform you:

- 3.1 of the circumstances of any disclosure of Confidential Information made pursuant to sub-paragraph (c) of paragraph 2.2 above, except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and
- 3.2 upon becoming aware that Confidential Information has been disclosed in breach of this letter.

4. **Return of Copies**

If we do not enter into or complete the Acquisition and you so request in writing, we shall return all Confidential Information supplied by you to us in relation to that Acquisition and destroy or permanently erase (to the extent technically practicable) all copies of Confidential Information made by us and use all reasonable endeavours to ensure that anyone to whom we have supplied any Confidential Information destroys or permanently erases (to the extent technically practicable) such Confidential Information and any copies made by them, in each case save to the extent that we or the recipients are required to retain any such Confidential Information by any applicable law, rule or regulation or by any competent judicial, governmental, supervisory or regulatory body or in accordance with internal policy, or where the Confidential Information has been disclosed under sub-paragraph (c) of paragraph 2.2 above.

5. **Continuing Obligations**

The obligations in this letter are continuing and, in particular, shall survive and remain binding on us in relation to each Acquisition (whether completed or not) until (a) if we become a party to the Facilities Agreement as a lender of record, the date on which we become such a party to the Facilities Agreement; (b) if we enter into the Acquisition but it does not result in us becoming a party to the Facilities Agreement as a lender of record, the date falling twelve months after the date on which all of our rights and obligations contained in the documentation entered into to implement the Acquisition have terminated; or (c) in any other case the date falling twelve months after the date at which we have returned all Confidential Information supplied by you to us and destroyed or permanently erased (to the extent technically practicable) all copies of Confidential Information made by us (other than any such Confidential Information or copies which have been disclosed under paragraph 2 above (other than paragraph 2(a)) or which, pursuant to paragraph 4 above, are not required to be returned or destroyed).

6. **No Representation; Consequences of Breach, etc**

We acknowledge and agree that:

- 6.1 neither you, nor any member of the Group nor any of your or their respective officers, employees or advisers (each a “**Relevant Person**”) (i) make any representation or warranty, express or implied, as to, or assume any responsibility for, the accuracy, reliability or completeness of any of the Confidential Information or any other information supplied by you in relation to the Acquisition or the assumptions on which it is based or (ii) shall be under any obligation to update or correct any inaccuracy in the Confidential Information or any other information supplied by you in relation to the Acquisition or be otherwise liable to us or any other person in respect of the Confidential Information or any such information; and
- 6.2 you or members of the Group may be irreparably harmed by the breach of the terms of this letter and damages may not be an adequate remedy; each Relevant Person may be granted an injunction or specific performance for any threatened or actual breach of the provisions of this letter by us.

7. **Entire Agreement: No Waiver; Amendments, etc**

- 7.1 This letter constitutes the entire agreement between us in relation to our obligations regarding Confidential Information and supersedes any previous agreement, whether express or implied, regarding Confidential Information.
- 7.2 No failure to exercise, nor any delay in exercising, any right or remedy under this letter will operate as a waiver of any such right or remedy or constitute an election to affirm this letter. No election to affirm this letter will be effective unless it is in writing. No single or partial exercise of any right or remedy will prevent any further or other exercise thereof or the exercise of any other right or remedy under this letter.
- 7.3 The terms of this letter and our obligations under this letter may only be amended or modified by written agreement between the parties and the Borrower.

8. **Inside Information**

We acknowledge that some or all of the Confidential Information is or may be price-sensitive information and that the use of such information may be regulated or prohibited by applicable legislation including securities laws relating to insider dealing and market abuse, and we undertake not to use any Confidential Information for any unlawful purpose.

9. **Nature of Undertakings**

The undertakings given by us under this letter are given to you and are also given for the benefit of the Borrower and each other member of the Group.

10. **Third Party Rights**

- 10.1 Subject to this paragraph 10 and to paragraphs 6 and 9, a person who is not a party to this letter has no right under the Contracts (Rights of Third Parties) Act 1999 (the “**Third Parties Act**”) to enforce or to enjoy the benefit of any term of this letter.
- 10.2 The Relevant Persons may enjoy the benefit of the terms of paragraphs 6 and 9 subject to and in accordance with this paragraph 10 and the provisions of the Third Parties Act.
- 10.3 Notwithstanding any provisions of this letter, the parties to this letter do not require the consent of any Relevant Person (other than the Borrower) to rescind or vary this letter at any time.

11. **Governing Law and Jurisdiction**

- 11.1 This letter (including the agreement constituted by your acknowledgement of its terms) (the “**Letter**”) and any non-contractual obligations arising out of or in connection with it (including any non-contractual obligations arising out of the negotiation of the transaction contemplated by this Letter) are governed by English law.
- 11.2 The courts of England have non-exclusive jurisdiction to settle any dispute arising out of or in connection with this Letter (including a dispute relating to any non-contractual obligation arising out of or in connection with either this Letter or the negotiation of the transaction contemplated by this Letter).

12. **Definitions**

In this letter (including the acknowledgement set out below) terms defined in the Facilities Agreement shall, unless the context otherwise requires, have the same meaning and:

“**Confidential Information**” means, in relation to each Acquisition, all information relating to the Borrower, any Obligor, the Group, the Finance Documents, the Facilities and/or the Acquisition which is provided to us in relation to the Finance Documents or the Facilities by you or any of your affiliates or advisers, in whatever form, and includes information given orally and any document, electronic file or any other way of representing or recording information which contains or is derived or copied from such information but excludes information that:

- (a) is or becomes public information other than as a direct or indirect result of any breach by us of this letter; or
- (b) is identified in writing at the time of delivery as non-confidential by you or your advisers; or
- (c) is known by us before the date the information is disclosed to us by you or any of your affiliates or advisers or is lawfully obtained by us after that date, from a source which is, as far as we are aware, unconnected with the Group and which, in either case, as far as we are aware, has not been obtained in breach of, and is not otherwise subject to, any obligation of confidentiality.

“**Group**” means the Borrower and each of its subsidiaries for the time being.

“**Permitted Purpose**” means considering and evaluating whether to enter into and complete the Acquisition.

Please acknowledge your agreement to the above by signing and returning the enclosed copy of this letter.

Yours faithfully

For and on behalf of

Terms defined in the Facilities Agreement have the same meaning in this Agreement unless given a different meaning in this Agreement.
2. We refer to Clause 2.2 (*Accordion*) of the Facilities Agreement.
3. The Accordion Lender agrees to assume and will assume all of the obligations corresponding to the Commitment specified in the Schedule (the “**Relevant Commitment**”) as if it was an Original Lender under the Facilities Agreement.
4. The proposed date on which the increase in relation to the Accordion Lender and the Relevant Commitment is to take effect (the “**Increase Date**”) is [X].
5. The Availability Period for the first Utilisation of the Relevant Commitment means the period from and including the Increase Date to the date falling 15 Business Days after the Increase Date.
6. On the Increase Date, the Accordion Lender becomes:
 - (a) party to the relevant Finance Documents (other than the Intercreditor Agreement) as a Lender; and
 - (b) party to the Intercreditor Agreement as a Refinancing Creditor (as defined in the Intercreditor Agreement).
7. The Facility Office and address, fax number and attention details for notices to the Lender for the purposes of Clause 35.2 (*Addresses*) are set out in the Schedule.
8. The Accordion Lender expressly acknowledges the limitations on the Lenders’ obligations referred to in paragraph (i) of Clause 2.2 (*Accordion*).

-
9. The Accordion Lender confirms, for the benefit of the Agent and without liability to any Obligor, that it is [a Qualifying Lender (other than a Treaty Lender)]/[a Treaty Lender]/[not a Qualifying Lender]*.
 10. We refer to clause 14.6 (*Creditor/Agent/Security Agent Accession Undertaking*) of the Intercreditor Agreement.
In consideration of the Accordion Lender being accepted as a Refinancing Creditor for the purposes of the Intercreditor Agreement (and as defined in the Intercreditor Agreement), the Accordion Lender confirms that, as from the Increase Date, it intends to be party to the Intercreditor Agreement as a Refinancing Creditor, and undertakes to perform all the obligations expressed in the Intercreditor Agreement to be assumed by a Refinancing Creditor and agrees that it shall be bound by all the provisions of the Intercreditor Agreement, as if it had been an original party to the Intercreditor Agreement.
 11. For the purposes of articles 1278 *et seq.* of the French Civil Code, it is expressly agreed that the Security created under the Security Documents governed by French law shall be preserved and maintained for the benefit of the Security Agent, the Accordion Lender and the remaining Finance Parties.
 12. The Accordion Lender may, in the case of an assignment of rights by the Existing Lender under this Transfer Certificate, if it considers it necessary to make the assignment effective against third parties, arrange for it to be notified to any Obligor established or domiciled in France in accordance with the provisions of article 1690 of the French Civil Code.
 13. This Agreement may be executed in any number of counterparts and this has the same effect as if the signatures on the counterparts were on a single copy of this Agreement.
 14. This Agreement and any non-contractual obligations arising out of or in connection with it are governed by English law.
 15. This Agreement has been entered into on the date stated at the beginning of this Agreement.

Note: The execution of this Accordion Confirmation may not be sufficient for the Accordion Lender to obtain the benefit of the Transaction Security in all jurisdictions. It is the responsibility of the Accordion Lender to ascertain whether any other documents or other formalities are required to obtain the benefit of the Transaction Security in any jurisdiction and, if so, to arrange for execution of those documents and completion of those formalities.

- (i) Subject to the other provisions of this Section 2.9, when Notes are presented to the Registrar or a co-Registrar with a request to register the transfer of such Notes or to exchange such Notes for an equal principal amount of Notes of other authorized denominations, the Registrar or co-Registrar shall register the transfer or make the exchange as requested if its requirements for such transaction are met; *provided*, that any Notes presented or surrendered for registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar or co-Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.
- (ii) To permit registrations of transfers and exchanges and subject to the other terms and conditions of this Article II, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, Certificated Notes and Global Notes, as applicable, at the Registrar's or co-Registrar's request.
- (iii) No service charge shall be made to a Holder for any registration of transfer or exchange, but the Issuer and the Trustee may require payment of a sum sufficient to cover any transfer tax, assessments, or similar governmental charge payable in connection therewith (other than any such transfer taxes, assessments or similar governmental charges payable upon exchange or transfer pursuant to Section 3.8, Section 3.9, Section 5.1 or Section 9.5).
- (iv) The Registrar or co-Registrar shall not be required to register the transfer of or exchange of (x) any Note for a period beginning (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.
- (v) Prior to the due presentation for registration of transfer of any Note, the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar may deem and treat the Person in whose name a Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Note

and for all other purposes whatsoever, whether or not such Note is overdue, and none of the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar or the Note Custodian shall be affected by notice to the contrary.

- (vi) All Notes issued upon any transfer or exchange pursuant to the terms of this Indenture shall evidence the same debt and shall be entitled to the same benefits under this Indenture as the Notes surrendered upon such transfer or exchange.
- (vii) Subject to [Section 2.7](#) and this [Section 2.9](#), in connection with the exchange of a portion of a Certificated Note for a beneficial interest in a Global Note, the Trustee shall cancel such Certificated Note, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to the exchanging Holder, a new Certificated Note representing the principal amount not so exchanged.

(h) Applicable Procedures for Delegending.

- (i) Promptly after one year has elapsed following (A) the Issue Date or (B) if the Issuer has issued Additional Notes with the same terms and the same CUSIP number as the Issue Date Notes pursuant to this Indenture within one year following the Issue Date, the date of original issuances of such Additional Notes, if the relevant Notes are freely tradable pursuant to Rule 144 under the Securities Act by Holders who are not Affiliates of the Issuer where no conditions of Rule 144 are then applicable (other than the holding period requirement in paragraph (d)(1)(ii) of Rule 144 so long as such holding period requirement is satisfied), the Issuer shall:
 - (1) instruct the Trustee in writing to remove the Private Placement Legend from such Notes, and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from any Global Notes representing such Notes without further action on the part of Holders;
 - (2) notify Holders of such Notes that the Private Placement Legend has been removed or deemed removed; and
 - (3) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

In no event will the failure of the Issuer to provide any notice set forth in this paragraph or of the Trustee to remove the Private Placement Legend constitute a failure by the Issuer to comply with any of its covenants or agreements set forth in [Section 6.1](#) or otherwise. Any Restricted Note (or security issued in exchange or substitution

therefor) as to which such restrictions on transfer shall have expired in accordance with their terms may, upon surrender of such Restricted Note for exchange to the Registrar in accordance with the provisions of Article II of this Indenture, be exchanged for a new Note or Notes, of like tenor and aggregate principal amount, which shall not bear the Private Placement Legend. The Issuer shall notify the Trustee in writing upon occurrence of the Resale Restriction Termination Date for any Note.

- (ii) In the case of a Regulation S Global Note, after the Resale Restriction Termination Date of any such Regulation S Global Note, the Issuer may, at its sole option:
 - (1) instruct the Trustee in writing to remove the Private Placement Legend from such Regulation S Global Note (including setting forth the basis for such removal), and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from such Regulation S Global Note without further action on the part of Holders; and
 - (2) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.
- (iii) Notwithstanding any provision herein to the contrary, in the event that Rule 144 as promulgated under the Securities Act (or any successor rule) is amended to change the one-year holding period thereunder (or the corresponding period under any successor rule), (A) each reference in this Section 2.9(h) to “one year” and in the Private Placement Legend described in Section 2.8(b) and Exhibit A hereto to “ONE YEAR” shall be deemed for all purposes hereof to be references to such changed period, and (B) all corresponding references in this Indenture (including the definition of Resale Restriction Termination Date), the Notes and the Private Placement Legends thereon shall be deemed for all purposes hereof to be references to such changed period; *provided*, that such changes shall not become effective if they are otherwise prohibited by, or would otherwise cause a violation of, the then-applicable federal securities laws; *provided further* that if such change does not apply to existing Notes, all references to “one year” in this Indenture shall not be deemed for all purposes hereof to be references to such changed period. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.

(i) No Obligation of the Trustee.

- (i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Note, Agent Members or any other

Persons with respect to the accuracy of the records of DTC or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than DTC) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be DTC or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through DTC, subject to the applicable rules and procedures of DTC. The Trustee may rely and shall be fully protected in relying upon information furnished by DTC with respect to its Agent Members and any beneficial owners.

- (ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

- (i) the requirements of Section 8-405 of the Uniform Commercial Code are met,
- (ii) the Holder satisfies any other reasonable requirements of the Trustee, and
- (iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes.

Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation.

The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of cancelled Notes in accordance with its policy of disposal or upon written request of the Issuer, return to the Issuer all Notes surrendered for registration of transfer, exchange, payment or cancellation. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest.

When any installment of interest becomes overdue (a “Defaulted Interest”), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a “Special Record Date”), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be sent, first-class mail, postage prepaid, to each Holder at such Holder’s address as it appears in the Note Register, not less than ten (10) calendar days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment pursuant to this Section 2.13(b), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder’s address as it appears in the Note Register.

Section 2.14 Additional Notes.

(a) The Issuer may, from time to time, subject to compliance with any other applicable provisions of this Indenture, without the consent of the Holders, create and issue pursuant to this Indenture additional notes (“Additional Notes”) that shall have terms and conditions identical to those of the other Outstanding Notes, except with respect to:

- (i) the Issue Date;
- (ii) the amount of interest payable on the first Interest Payment Date therefor;

-
- (iii) the issue price; and
 - (iv) any adjustments necessary in order to conform to and ensure compliance with the Securities Act (or other applicable securities laws) and any agreement applicable to such Additional Notes, which are not adverse in any material respect to the Holder of any Outstanding Notes (other than such Additional Notes).

The Notes issued on the Issue Date and any Additional Notes shall be treated as a single series for all purposes under this Indenture; *provided*, that the Issuer may use different CUSIP or other similar numbers among Issue Date Notes and among Additional Notes to the extent required to comply with securities or tax law requirements, including to permit delegending pursuant to Section 2.9(h).

(b) With respect to any Additional Notes, the Issuer will set forth in an Officer's Certificate of the Issuer (the "Additional Note Certificate"), copies of which will be delivered to the Trustee, the following information:

- (i) the aggregate principal amount of such Additional Notes to be authenticated and delivered pursuant to this Indenture;
- (ii) the Issue Date and the issue price of such Additional Notes; *provided*, that no Additional Notes may be issued at a price that would cause such Additional Notes to have "original issue discount" within the meaning of Section 1273 of the Code, unless such Additional Notes have a separate CUSIP or other similar number from other Notes; and
- (iii) whether such Additional Notes will be subject to transfer restrictions under the Securities Act (or other applicable securities laws).

ARTICLE III

COVENANTS

Section 3.1 Payment of Notes.

(a) The Issuer shall pay the principal of and interest (including Defaulted Interest) on the Notes in U.S. Legal Tender on the dates and in the manner provided in the Notes and in this Indenture. Prior to 10:00 a.m. New York City time, on the Business Day prior to each Interest Payment Date and the Maturity Date, the Issuer shall deposit with the Paying Agent in immediately available funds U.S. Legal Tender sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 10:00 a.m. New York City time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust U.S. Legal Tender, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture U.S. Legal Tender

designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) Notwithstanding anything to the contrary contained in this Indenture, the Issuer may, to the extent it is required to do so by law, deduct or withhold income or other similar taxes imposed by the United States of America from principal or interest.

(c) In order to comply with applicable tax laws (inclusive of rules, regulations and interpretations promulgated by competent authorities) related to the Indenture in effect from time to time ("Applicable Tax Law") that a foreign financial institution, issuer, trustee, paying agent or other party is or has agreed to be subject to, the Issuer agrees (i) to provide to the Trustee and the Paying Agent sufficient information about the parties and/or transactions (including any modification to the terms of such transactions) so the Trustee and Paying Agent can determine whether it has tax related obligations under Applicable Tax Law, (ii) that the Trustee and the Paying Agent shall be entitled to make any withholding or deduction from payments to the extent necessary to comply with Applicable Tax Law for which the Trustee and the Paying Agent shall not have any liability and (iii) to hold harmless the Trustee and the Paying Agent for any losses it may suffer due to the actions it takes to comply with Applicable Tax Law. The terms of this section shall survive the termination of this Indenture.

(d) The Issuer hereby instructs the Trustee to establish an "Issue Date Note Account" for reception of the interest and principal payments for the Issue Date Notes.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation; *provided, however*, that no such designation or rescission shall in any manner relieve the Issuer of its obligation to maintain an office or agency in the City of New York for such purposes. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Issuer will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Issuer or any Restricted

Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Issuer or any Restricted Subsidiary and (ii) all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Issuer or any Restricted Subsidiary; *provided, however*, that the Issuer shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer), are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) Upon the occurrence of a Change of Control, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.\$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon through the date of purchase (the "Change of Control Payment").

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer must send, by first-class mail, a notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a "Change of Control Offer"). The Change of Control Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (ii) deposit with the Paying Agent funds in an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided*, that each new Note shall be in a minimum principal amount of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be cancelled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

- (i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or
- (ii) notice of redemption has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws and regulations in connection with the purchase of Notes in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the “Change of Control” provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness.

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any of the Note Guarantors may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Issuer is greater than or equal to 2.0 to 1.0.

- (vi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries arising from (A) the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds in the ordinary course of business; *provided*, that such Indebtedness is extinguished within five Business Days of Incurrence; or (B) any cash pooling or other cash management agreements in place with a bank or financial institution but only to the extent of offsetting credit balances of the Issuer and/or its Restricted Subsidiaries pursuant to such cash pooling or other cash management agreement;

 - (1) The sum of:
 - (x) 20% of the net book value of the inventory of the Issuer and its Restricted Subsidiaries and
 - (y) 20% of the net book value of the accounts receivable of the Issuer and its Restricted Subsidiaries (excluding accounts receivable pledged to secure Indebtedness or subject to a Qualified Receivables Transaction),

less, in each case, the amount of any permanent repayments or reductions of commitments in respect of such Indebtedness made with the Net Cash Proceeds of an Asset Sale in order to comply with Section 3.12; or

- (2) U.S.\$350 million;
- (xiii) [Reserved];
- (xiv) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries for taxes levied, assessments due and other governmental charges required to be paid as a matter of law or regulation in the ordinary course of business; *provided*, that such Indebtedness shall be permitted to be Incurred only at such time that the Facilities Agreement (or any refinancing thereof) shall contain an exception to allow the Incurrence of Indebtedness to pay taxes;
- (xv) Indebtedness Incurred pursuant to the Banobras Facility;
- (xvi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries Incurred and/or issued to refinance Qualified Receivables Transactions in existence on the Issue Date;
- (xvii) Acquired Indebtedness in an aggregate amount at any one time outstanding under this clause (xvii) not to exceed U.S.\$100 million; and
- (xviii) (A) any Indebtedness that constitutes an Investment that the Issuer and/or any of its Restricted Subsidiaries is contractually committed to Incur as of the Issue Date in any Person (other than a Subsidiary) in which the Issuer or any of its Restricted Subsidiaries maintains an Investment in equity securities; and (B) Guarantees up to U.S.\$100 million in any calendar year by the Issuer and/or any Restricted Subsidiary of Indebtedness of any Person in which the Issuer or any of its Restricted Subsidiaries maintains an equity Investment minus any Investment other than such guarantees in such Person during such calendar year pursuant to clause (17)(b) of the definition of "Permitted Investments."

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

- (i) The Issuer shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.
- (ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to and in compliance with this Section 3.9, the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP. Accrual of interest, the accretion or amortization of original issue discount, the payment of regularly scheduled interest in the form of additional Indebtedness of the same instrument or the payment of regularly scheduled dividends on Disqualified Capital Stock in the form of additional Disqualified Capital Stock with the same terms will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 3.9. For purposes of determining compliance with this Section 3.9, mark-to-market fluctuations of hedging obligations or derivatives outstanding on the Issue Date shall not constitute Incurrence of Indebtedness.
- (iii) For purposes of determining compliance with this Section 3.9, the principal amount of Indebtedness denominated in foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided*, that if such Indebtedness is Incurred to refinance other Indebtedness denominated in foreign currency, and such refinancing would cause the applicable restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.
- (iv) For purposes of determining compliance with this Section 3.9:
 - (A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including,

without limitation, in Section 3.9(a), the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and

- (B) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

Section 3.10 [Reserved].

Section 3.11 Limitation on Restricted Payments.

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, take any of the following actions (each, a "Restricted Payment"):

- (i) declare or pay any dividend or return of capital or make any distribution on or in respect of shares of Capital Stock of the Issuer or any Restricted Subsidiary to holders of such Capital Stock, other than:

- (ii) purchase, redeem or otherwise acquire or retire for value:
 - (A) any Capital Stock of the Issuer, or

 - (iii) make any principal payment on, purchase, defease, redeem, prepay, decrease or otherwise acquire or retire for value, prior to any scheduled final maturity, scheduled repayment or scheduled sinking fund payment, as the case may be, any Subordinated Indebtedness; or
 - (iv) make any Investment (other than Permitted Investments);

if at the time of the Restricted Payment immediately after giving effect thereto:

- (A) a Default or an Event of Default shall have occurred and be continuing;
- (B) the Issuer is not able to Incur at least U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a); or

 - (1) 50% of cumulative Consolidated Net Income of the Issuer or, if cumulative Consolidated Net Income of the Issuer is a loss, minus (i) 100% of the loss, accrued during the period, treated as one accounting period, beginning on the first full fiscal quarter after the Issue Date to the end of the most recent fiscal quarter for which consolidated financial information of the Issuer is available and (ii) the amount of cash benefits to the Issuer or a Restricted Subsidiary that is netted against Investments in Similar Businesses pursuant to clause (12) of the definition of "Permitted Investments"; plus
 - (2) 100% of the aggregate net cash proceeds received by the Issuer from any Person from any:
 - (x) contribution to the equity capital of the Issuer (not representing an interest in Disqualified Capital Stock) or issuance and sale of Qualified Capital Stock of the Issuer, in each case, subsequent to the Issue Date, or

-
- (y) issuance and sale subsequent to the Issue Date (and, in the case of Indebtedness of a Restricted Subsidiary, at such time as it was a Restricted Subsidiary) of any Indebtedness for borrowed money of the Issuer or any Restricted Subsidiary that has been converted into or exchanged for Qualified Capital Stock of the Issuer, excluding, in each case, any net cash proceeds:
 - (aa) received from a Subsidiary of the Issuer;
 - (bb) used to redeem Notes under Article V;
 - (cc) used to acquire Capital Stock or other assets from an Affiliate of the Issuer; or
 - (dd) applied in accordance with clause (ii)(B) or (iii)(A) of Section 3.11(b) below.

(b) Notwithstanding Section 3.11(a), this Section 3.11 does not prohibit:

- (i) the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration pursuant to Section 3.11(a);
- (ii) if no Default or Event of Default shall have occurred and be continuing, the acquisition of any shares of Capital Stock of the Issuer,
 - (A) in exchange for Qualified Capital Stock of the Issuer, or
 - (B) through the application of the net cash proceeds received by the Issuer from a substantially concurrent sale of Qualified Capital Stock of the Issuer or a contribution to the equity capital of the Issuer not representing an interest in Disqualified Capital Stock, in each case not received from a Subsidiary of the Issuer;
provided, that the value of any such Qualified Capital Stock issued in exchange for such acquired Capital Stock and any such net cash proceeds shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);
- (iii) if no Default or Event of Default shall have occurred and be continuing, the voluntary prepayment, purchase, defeasance, redemption or other acquisition or retirement for value of any Subordinated Indebtedness:
 - (A) solely in exchange for, or through the application of net cash proceeds of a substantially concurrent sale, other than to a Subsidiary of the Issuer, of Qualified Capital Stock of the Issuer, or

-
- (B) solely in exchange for Refinancing Indebtedness for such Subordinated Indebtedness, *provided*, that the value of any Qualified Capital Stock issued in exchange for Subordinated Indebtedness and any net cash proceeds referred to above shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);
- (iv) repurchases by the Issuer of Common Stock of the Issuer or options, warrants or other securities exercisable or convertible into Common Stock of the Issuer from employees or directors of the Issuer or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment or directorship of the employees or directors, in an amount not to exceed U.S.\$5 million in any calendar year and any repurchases other than in connection with compensation of Common Stock of the Issuer pursuant to binding written agreements in effect on the Issue Date;
- (v) payments of dividends on Disqualified Capital Stock issued pursuant to the covenant described under Section 3.9; *provided, however*, that such dividends shall be excluded in the calculation of the amount of Restricted Payments;
- (vi) non-cash repurchases of Capital Stock deemed to occur upon exercise of stock options, warrants or other similar rights if such Capital Stock represents a portion of the exercise price of such options, warrants or other similar rights;
- (vii) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Issuer;
- (viii) purchases of any Subordinated Indebtedness of the Issuer (A) at a purchase price not greater than 101% of the principal amount thereof (together with accrued and unpaid interest) in the event of the occurrence of a Change of Control or (B) at a purchase price not greater than 100% of the principal amount thereof (together with accrued and unpaid interest) in the event of an Asset Sale in accordance with provisions similar to those set forth under Section 3.12; *provided, however*, that prior to such purchase of any such Subordinated Indebtedness, the Issuer has made the Change of Control Offer or Asset Sale Offer as provided under Section 3.8 or Section 3.12, respectively, and has purchased all Notes validly tendered and not properly withdrawn pursuant thereto;

-
- (ix) recapitalization of earnings on or in respect of the Qualified Capital Stock of the Issuer pursuant to which additional Qualified Capital Stock of the Issuer or the right to subscribe for additional Capital Stock of the Issuer is issued to the existing shareholders of the Issuer on a *pro rata* basis (which, for the avoidance of doubt, shall not allow any payment in cash to be made in respect of Qualified Capital Stock of the Issuer pursuant to this clause (ix)); and
 - (x) so long as (A) no Default or Event of Default shall have occurred and be continuing (or result therefrom) and (B) the Issuer could Incur at least U.S.\$1.00 of additional Debt pursuant to Section 3.9(a), payment of any dividends on Capital Stock (other than Disqualified Capital Stock) of the Issuer in an aggregate amount which, when taken together with all dividends paid pursuant to this clause (x), does not exceed U.S.\$50 million in any calendar year; *provided*, that such dividends shall be included in the calculation of the amount of Restricted Payments.
 - (xi) [Reserved]

In determining the aggregate amount of Restricted Payments made subsequent to the Issue Date, amounts expended pursuant to clauses (i) (without duplication for the declaration of the relevant dividend), (iv), (viii) and (x) above shall be included in such calculation and amounts expended pursuant to clauses (ii), (iii), (v), (vi), (vii) and (ix) above shall not be included in such calculation.

Section 3.12 Limitation on Asset Sales.

(a) The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (i) the Issuer or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and
- (ii) other than in respect of Permitted Asset Swap Transactions, at least 80% of the consideration received for the assets sold by the Issuer or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided, however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:
 - (A) the assumption of Indebtedness (other than Subordinated Indebtedness) of the Issuer or any Restricted Subsidiary and the release of the Issuer or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Sale;

-
- (B) any securities, notes or obligation received by the Issuer or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Issuer or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;
 - (C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and
 - (D) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Issuer calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Issuer or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

- (i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or
- (ii) purchase:
 - (A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Issuer or any Restricted Subsidiary in a Permitted Business, or
 - (B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Issuer and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of Section 3.12(b), the Issuer will make an offer to purchase Notes (the "Asset Sale Offer"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to the date of purchase (the "Asset Sale Offer Amount"). The Issuer will

purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at the Issuer's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Issuer to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Issuer may satisfy its obligations under this Section 3.12 with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Issuer may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.\$100 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.\$100 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be mailed first class, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Issuer shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part, in minimum denominations of U.S.\$200,000 and in any integral multiples of U.S.\$1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Issuer shall, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;
- (ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and
- (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or

the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net Cash Proceeds, the Issuer shall purchase the Notes and the other Senior Indebtedness on a *pro rata* basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be cancelled and cannot be reissued.

(i) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Issuer shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the “Asset Sale” provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Issuer may use any remaining Net Cash Proceeds for general corporate purposes of the Issuer and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Issuer and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Issuer shall be deemed to have sold the properties and assets of the Issuer and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Issuer or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Issuer or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 Limitation on the Ownership of Capital Stock of Restricted Subsidiaries. The Issuer shall not permit any Person other than the Issuer or another Restricted Subsidiary to, directly or indirectly, own or control any Capital Stock of any Restricted Subsidiary, except for:

- (i) Capital Stock owned by such Person on the Issue Date;
- (ii) directors’ qualifying shares;
- (iii) the sale or Disposition of 100% of the shares of the Capital Stock of any Restricted Subsidiary held by the Issuer and its Restricted

Subsidiaries to any Person other than the Issuer or another Restricted Subsidiary effected in accordance with, as applicable, Section 3.12 and Article IV;

- (iv) in the case of a Restricted Subsidiary other than a Restricted Subsidiary that is a Wholly Owned Subsidiary,
 - (A) the issuance by that Restricted Subsidiary of Capital Stock on a *pro rata* basis to the Issuer and its Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of such Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder); or
 - (B) sales, transfers and other dispositions of Capital Stock in a Restricted Subsidiary to the extent required by, or made pursuant to, buy/sell, put/call or similar shareholder arrangements set forth in binding agreements in effect on the Issue Date; and
- (v) the sale of Capital Stock of a Restricted Subsidiary by the Issuer or another Restricted Subsidiary or the sale or issuance by a Restricted Subsidiary of its newly-issued Capital Stock if such sale or issuance is made in compliance with Section 3.12 and either:
 - (A) such Restricted Subsidiary is no longer a Subsidiary, and the continuing Investment of the Issuer and its Restricted Subsidiaries in such former Restricted Subsidiary is in compliance with Section 3.11, or
 - (B) such Restricted Subsidiary continues to be a Restricted Subsidiary.

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries.

(a) The Issuer may designate after the Issue Date any Subsidiary of the Issuer other than a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

- (i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Issuer or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18;
- (ii) at the time of and after giving effect to such Designation, the Issuer could Incur U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a);
- (iii) the Issuer would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation)

as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Issuer's Investment in such Subsidiary on such date; and

- (iv) the terms of any Affiliate Transaction existing on the date of such Designation between the Subsidiary being designated (and its Subsidiaries) and the Issuer or any Restricted Subsidiary would be permitted under Section 3.18 if entered into immediately following such Designation.

(b) Neither the Issuer nor any Restricted Subsidiary shall at any time:

- (i) provide credit support for, subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, or Guarantee, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);
- (ii) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or
- (iii) be directly or indirectly liable for any Indebtedness which provides that the Holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary.

(c) The Issuer may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation") only if:

- (i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and
- (ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(d) The Designation of a Subsidiary of the Issuer as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer's Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries.

(a) Except as provided in clause (b) below, the Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Issuer or any other Restricted Subsidiary or pay any Indebtedness owed to the Issuer or any other Restricted Subsidiary;

- (ii) this Indenture or the indenture governing the Other Notes;
- (iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided*, that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Issuer's senior management;
- (iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;
- (v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;
- (vi) restrictions with respect to a Restricted Subsidiary of the Issuer imposed pursuant to a binding agreement which has been entered into

-
- for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided*, that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);
- (vii) customary restrictions imposed on the transfer of copyrighted or patented materials;
 - (viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement referred to in clause (iii) or (v) of this Section 3.15(b); *provided*, that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Issuer's senior management;
 - (ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;

 - (xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management;

 - (xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided*, that such restrictions (A) are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Issuer's senior management or (B) constitute financial covenants or similar restrictions that limit the ability to pay dividends or make distributions upon the occurrence or continuance of a default or event of default or that would result in a default or event of default under such Indebtedness upon the declaration or payment of dividends or other distributions; and
 - (xiv) net worth provisions in leases entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Issuer shall not, and shall not permit any Note Guarantor to, directly or indirectly, Incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

- (i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and
- (ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture,

in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Issuer;

(b) The provisions of Section 3.18(a) above shall not apply to:

- (i) Affiliate Transactions with or among the Issuer and any Restricted Subsidiary or between or among Restricted Subsidiaries;
- (ii) reasonable fees and compensation paid to, and any indemnity provided on behalf of, officers, directors, employees, consultants or agents of the Issuer or any Restricted Subsidiary as determined in good faith by the Issuer's Board of Directors or, to the extent consistent with past practice, senior management;
- (iii) Affiliate Transactions undertaken pursuant to any contractual obligations or rights in existence on the Issue Date (as in effect on the Issue Date with modifications, extensions and replacements thereof not materially adverse to the Issuer and its Restricted Subsidiaries) as determined in good faith by the Issuer's senior management;
- (iv) any Restricted Payments in compliance with Section 3.11;
- (v) payments and issuances of Qualified Capital Stock to any officers, directors and employees of the Issuer or any Restricted Subsidiary pursuant to any management equity plan or stock option plan or any other stock subscription or shareholder agreement, and any employment agreements, stock option plans or other compensatory arrangements (and any successor plans thereto) and any supplemental executive retirement benefit plans or arrangements with any such officers, directors or employees that are, in each case, approved in good faith by the Board of Directors or, to the extent consistent with past practice, senior management of the Issuer;
- (vi) loans and advances to officers, directors and employees of the Issuer or any Restricted Subsidiary for travel, entertainment, moving and other relocation expenses, in each case made in the ordinary course of business in amounts consistent with the past practice of the Issuer or such Restricted Subsidiary; and
- (vii) loans made by the Issuer or any Restricted Subsidiary to employees or directors in an aggregate amount not to exceed U.S.\$15 million (or its equivalent in another currency) at any time outstanding.

Section 3.19 Conduct of Business. The Issuer and its Restricted Subsidiaries shall not engage in any business other than a Permitted Business.

Section 3.20 Reports to Holders.

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

- (i) provide the Trustee and the Holders with:
 - (A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by "foreign private issuers" (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

-
- (B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year;
 - (C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and
- (ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(b) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute actual or constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts.

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes") imposed or levied by or on behalf of the United States, Mexico, Spain, the Netherlands, France, the United Kingdom, Switzerland or, in the event that the Issuer appoints additional paying

agents, by the jurisdictions of such additional paying agents (a “Taxing Jurisdiction”), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional amounts (“Additional Amounts”) as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided, however*, that the foregoing obligation to pay Additional Amounts does not apply to:

- (i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of a Note),
- (ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,
- (iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days’ notice that Holders shall be required to provide such information and identification,
- (iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,
- (v) any Taxes imposed on a payment to or for the benefit of an individual pursuant to European Council Directive 2003/48/EC (as amended from time to time) or any law implementing or complying with, or introduced in order to conform to, such Directive,
- (vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,
- (vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent

that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, or

- (viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) The exception to the Issuer's obligations to pay Additional Amounts pursuant to clause (iii) of Section 3.21(b) will not apply if (i) the provision of information, documentation or other evidence described in such clause would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of a Note than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice, or (ii) Article 166, Section II, paragraph (a), of the Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*) (or a substitute or equivalent provision) is in effect, unless (A) the provision of the information, documentation or other evidence described in clause (iii) of Section 3.21(b) is expressly required by the applicable Mexican laws and regulations in order to apply Article 166, Section II, paragraph (a), of the Mexican Income Tax Law (or substitute or equivalent provision), (B) the Issuer or any Note Guarantor cannot obtain the information, documentation or other evidence necessary to comply with the applicable Mexican laws and regulations on its own through reasonable diligence and (C) the Issuer or any Note Guarantor would not otherwise meet the requirements for application of the applicable Mexican laws and regulations.

(e) Clause (iii) of Section 3.21(b) does not require, and shall not be construed to require, that any holder, including any non-Mexican pension fund, retirement fund, tax-exempt organization or financial institution, register with the Tax Management Service (*Servicio de Administración Tributaria*) or the Mexican Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*) to establish eligibility for an exemption from, or a reduction of, Mexican withholding taxes.

(f) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection. Payment of any Additional Amounts with respect to interest shall be considered as an interest payment under, or with respect to, the Notes.

(g) The Issuer will ensure that it maintains a paying agent, in a European Union Member State, that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC (as amended from time to time) or any law implementing or complying with, or introduced in order to conform to, such Directive.

(h) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Issuer is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “Partial Covenant Suspension Event”), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.13, 3.14(b), 3.15, 3.18, 3.19 and 4.1(a)(i) (collectively, the “Partial Suspended Covenants”).

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “Covenant Suspension Event”), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.13, 3.14(b), 3.15, 3.16, 3.18, 3.19 and 4.1(a)(ii) (collectively, the “Suspended Covenants”).

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the “Partial Covenant Suspension Date”) or a Covenant Suspension Event (the “Suspension Date”) may be redesignated as an Unrestricted

Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) each Additional Note Guarantor shall be released from its obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantors shall be released from their obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided*, that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantors shall be reinstated in accordance with and subject to the conditions in Section 3.22(e).

(e) In the event that the Issuer and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the “Partial Covenant Reversion Date” and, in the case of Suspended Covenants, such subsequent date being the “Reversion Date”) (i) the Consolidated Leverage Ratio of the Issuer is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Partial Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantors (unless, solely with respect to any Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause such Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that such Additional Note Guarantor’s guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the “Partial Suspension Period” and the period of time between the Suspension Date and the Reversion Date is referred to as the “Suspension Period.” Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantors may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be classified to have been Incurred pursuant to Section 3.9(a) or Section 3.9(b) (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to Section 3.9(a) or 3.9(b), such Indebtedness shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made

as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect since the Issue Date and throughout the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or any Covenant Suspension Event and in any case no later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

(h) For purposes of this Section 3.22 only, “Consolidated Leverage Ratio” and all associated definitions shall have the meaning set forth in Exhibit E hereto.

ARTICLE IV

SUCCESSOR ISSUER

Section 4.1 Merger, Consolidation and Sale of Assets.

(a) The Issuer shall not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer’s properties and assets (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), to any Person unless:

- (i) either:
 - (A) the Issuer shall be the surviving or continuing corporation, or
 - (B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries) substantially as an entirety (the “Successor Issuer”):
 - (1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the “Permitted Merger Jurisdictions”); and

-
- (2) shall expressly assume, by a supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;
- (ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Issuer or such Successor Issuer, as the case may be:
- (A) shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction; or
- (B) shall be able to Incur at least U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a);
- (iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;
- (iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and
- (v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:
- (A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for

this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;

- (B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and
- (C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided*, that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

- (x) any transfer of the properties or assets of a Restricted Subsidiary to the Issuer;
- (y) any merger of a Restricted Subsidiary into the Issuer; or
- (z) any merger of the Issuer into a Note Guarantor or a Wholly Owned Subsidiary of the Issuer.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, such Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) Each Note Guarantor shall not, and the Issuer shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

- (i) such Person (if such Person is the surviving entity) (the "Successor Note Guarantor") assumes all of the obligations of such Note Guarantor in respect of its Note Guarantee by executing a supplemental indenture and providing the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

-
- (ii) such Note Guarantee is to be released as provided under Section 10.2(b); or
 - (iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(b) will not apply to:

- (x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;
- (y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or
- (z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Issuer.

ARTICLE V

OPTIONAL REDEMPTION OF NOTES

Section 5.1 Optional Redemption. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, subject to the conditions and at the redemption prices specified in the Form of Note in Exhibit A hereto.

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 45 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the CUSIP numbers of the Notes, (d) the redemption price and (e) the amount of interest to be paid with respect to each multiple of U.S.\$1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 30 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

- (i) the Redemption Date,
- (ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.7,
- (iii) whether or not the Issuer is redeeming all Outstanding Notes,
- (iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,
- (v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,
- (vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.7 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,
- (vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and
- (viii) the CUSIP number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such CUSIP number.

(c) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; provided, however, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding Section 5.4(b).

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method as the Trustee shall deem fair and appropriate; provided, however, that if a partial redemption is made with the

proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of DTC), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 30 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for redemption. No Notes of U.S.\$200,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Deposit of Redemption Price. On or prior to 10:00 a.m. New York City time, on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4) an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.7 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.8 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof.

ARTICLE VI

DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an “Event of Default”:

- (i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;
- (ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;
- (iii) the failure to perform or comply with any of the provisions described under Article IV;
- (iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of non-guarantor Restricted Subsidiaries, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;
- (v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:
 - (A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or
 - (B) results in the acceleration of such Indebtedness prior to its stated maturity;
and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this Section 6.1(a) at the relevant time, aggregates U.S.\$50 million or more;
- (vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.\$100 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;
- (vii) a Bankruptcy Event of Default; or

-
- (viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor's obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

- (i) if the rescission would not conflict with any judgment or decree;
- (ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;
- (iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and
- (iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided, however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

- (i) such Holder gives to the Trustee written notice of a continuing Event of Default;
- (ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;
- (iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;
- (iv) the Trustee does not comply within 60 days; and
- (v) during such 60 day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

provided, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

- (a) The Trustee may (irrespective of whether the principal of the Notes is then due):
- (i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and
 - (ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

ARTICLE VII

TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

- (i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and
- (ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

- (i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;
- (ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and
- (iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; provided, however, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots,

interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall mail to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this [Section 7.7](#)) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this [Section 7.7](#), the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this [Section 7.7](#) shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this [Section 7.7](#) shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this [Section 7.7](#) or [Section 6.10](#).

Section 7.8 [Replacement of Trustee](#).

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

- (i) the Trustee fails to comply with [Section 7.10](#);
- (ii) the Trustee is adjudged bankrupt or insolvent;
- (iii) a receiver or other public officer takes charge of the Trustee or its property; or
- (iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility: Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.\$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the “Security Documents”) as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance.

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or (c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer’s exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding

Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, “Legal Defeasance”). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

- (i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,
- (ii) the Issuer’s obligations with respect to such Notes under Article II and Section 3.2 hereof,
- (iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer’s obligations in connection therewith, and
- (iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer’s exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.13, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, “Covenant Defeasance”), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event or Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in U.S. Legal Tender or U.S. Government Obligations, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

- (i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or
- (ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust U.S. Legal Tender or U.S. Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited U.S. Legal Tender or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for U.S. Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal and interest received on such U.S. Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted to apply all such U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII; *provided, however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from U.S. Legal Tender or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

- (i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or
- (ii) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee U.S. Legal Tender or U.S. Government Obligations sufficient without reinvestment to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit, together with irrevocable instructions from the Issuer directing the Trustee to apply such funds to the payment;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX

AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

- (i) to cure any ambiguity, omission, defect or inconsistency;
- (ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;
- (iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; provided, however, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;
- (iv) to add guarantees with respect to the Notes or to secure the Notes;

-
- (v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;
 - (vi) to make any change that does not, in the opinion of the Issuer, as conclusively evidenced by an Officer's Certificate to such effect, adversely affect the rights of any Holder in any material respect;
 - (vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;
 - (viii) to comply with the requirements of any applicable securities depository;
 - (ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or
 - (x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

- (i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;
- (ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;

-
- (iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;
 - (iv) make any Notes payable in money other than that stated in the Notes;
 - (v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;
 - (vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;
 - (vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or
 - (viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

ARTICLE X

NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the “Guaranteed Obligations”). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

- (i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;
- (ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;
- (iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;
- (iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;
- (v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;
- (vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;
- (vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;
- (viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;
- (ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;

-
- (x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;
 - (xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;
 - (xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;
 - (xiii) any change in the ownership of the Issuer;
 - (xiv) any change in the laws, rules or regulations of any jurisdiction;
 - (xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and
 - (xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

- (i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;
- (ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;
- (iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;
- (iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the Código Civil Federal of Mexico and the Código Civil of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

- (i) the unpaid amount of such Obligations then due and owing; and
- (ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

provided, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

- (i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and
- (ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

- (i) there is a Legal Defeasance of the Notes pursuant to Article VIII;
- (ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;
- (iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;
- (iv) solely with respect to an Additional Note Guarantor, either (A) the Facilities Agreement Indebtedness has been repaid in full and such Additional Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Additional Note Guarantor; or
- (v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3 or L. 242-6 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the

Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Note Guarantor shall therefore be considered as “*co-débiteur solidaire*” as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a “Swiss Note Guarantor”) are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the “Restricted Obligations”) shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor’s Free Reserves Available for Distribution (as defined below) at the time payment is requested, *provided*, that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date until such time as performance is permitted notwithstanding such limitation.

(c) For the purpose of this clause, “Free Reserves Available for Distribution” means an amount equal to the maximal amount in which the relevant Swiss Note Guarantor can make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

(d) As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Trustee (save to the extent provided below).

(e) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

- (i) if and to the extent required by applicable law in force at the relevant time:
 - (A) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time) from any payment made by it;
 - (B) pay any such deduction to the Swiss Federal Tax Administration; and
 - (C) notify and provide evidence to the Trustee that the Swiss withholding tax has been paid to the Swiss Federal Tax Administration;
- (ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of Switzerland then in force and *provided*, that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax: (y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (z) pay to the Trustee upon receipt any amount so refunded.

(f) The Swiss Note Guarantor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(g) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this [Section 10.6](#) and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an "Undervalued Asset"), the Swiss Note Guarantor

shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor's business (*nicht betriebsnotwendig*).

ARTICLE XI

COLLATERAL

Section 11.1 The Collateral. Subject to Section 11.2, the Issuer and the Note Guarantors agree that the Notes will be at all times secured by a first-priority security interest in the Collateral on at least an equal and ratable basis with the Permitted Secured Obligations.

Section 11.2 Release of the Collateral.

(a) The Notes will cease to be secured by a security interest in the Collateral in accordance with the provisions of the Intercreditor Agreement.

(b) In addition to the Collateral release provisions set forth in the Intercreditor Agreement, the Notes will cease to be secured by a security interest on the Collateral upon:

- (i) (A) payment in full of the principal of, any accrued and unpaid interest on, the Notes and all other amounts or Obligations that are due and payable at or prior to the time such principal, accrued and unpaid interest, if any, are paid, (B) a satisfaction and discharge of this Indenture or (C) a Legal Defeasance or Covenant Defeasance pursuant to Article VIII; or

(b) Each of the parties hereto hereby:

- (i) agrees that any suit, action or proceeding against it arising out of or relating to this Indenture (including the Note Guarantees) or the Notes, as the case may be, may be instituted in any Federal or state court sitting in the City of New York and County of New York and in the courts of its own corporate domicile, in respect of actions brought against it as a defendant,

The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) hereby represent and warrant that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree to take any and all action, including the filing of any and all documents, that may be necessary to continue each such appointment in full force and effect as aforesaid so long as the Notes remain outstanding. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) of a successor agent in the City of New York, New York as each of their authorized agent for such purpose and the acceptance of such appointment by such successor. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC).

(d) To the extent that any of the Issuer and the Note Guarantors have or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Issuer and the Note Guarantors hereby irrevocably waive and agree not to plead or claim such immunity in respect of their obligations under this Indenture or the Notes.

(e) Nothing in this Section 12.7 shall affect the right of the Trustee or any Holder of the Notes to serve process in any other manner permitted by law.

Section 12.11 Duplicate and Counterpart Originals. The parties may sign any number of copies of this Indenture. One signed copy is enough to prove this Indenture. This Indenture may be executed in any number of counterparts, each of which so executed shall be an original, but all of them together represent the same agreement. Signatures of the parties hereto transmitted by facsimile or pdf shall be deemed to be their original signatures for all purposes.

Section 12.12 Severability. In case any provision in this Indenture or in the Notes shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 12.13 [Reserved].

Section 12.14 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents: Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

Section 12.16 USA PATRIOT Act. The parties hereto acknowledge that, in accordance with Section 326 of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law on October 26, 2001)) (as amended, modified or supplemented from time to time, the “USA PATRIOT Act”), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. FORM OF REVERSE SIDE OF NOTE

5.700% Senior Secured Notes due 2025

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX, S.A.B. de C.V., a publicly traded stock corporation with variable capital (*sociedad anónima bursátil de capital variable*) organized under the laws of the United Mexican States (together with its successors and assigns, the "Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing January 11, 2015; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from September 11, 2014; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after September 11, 2014), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from September 11, 2014. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest ("Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 10:00 a.m. (New York City time) on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in U.S. Legal Tender.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by the DTC. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided, however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.\$10,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee, Paying Agent and Registrar. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of September 11, 2014 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. U.S.\$1,100,000,000 in aggregate principal amount of Notes will be issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by

acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction of formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after January 11, 2020, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on January 11 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption:

<u>Year</u>	<u>Percentage</u>
January 11, 2020	102.850%
January 11, 2021	101.900%
January 11, 2022	100.950%
January 11, 2023 and thereafter	100.000%

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

Prior to January 11, 2020, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of the redemption price of the Notes to be redeemed at January 11, 2020 (such redemption price being set forth in the table appearing above) plus each remaining scheduled payment of interest thereon during the period between the redemption date and January 11, 2020 (exclusive of interest accrued to the date of redemption), in each case, discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points, plus, in each case any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption, *provided, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

“Treasury Rate” means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue (as defined below), assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price (as defined below) for such Redemption Date.

“Comparable Treasury Issue” means the United States Treasury security or securities selected by an Independent Investment Banker (as defined below) as having an actual or interpolated maturity most nearly equal to January 11, 2020 that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities having a maturity most nearly equal to January 11, 2020.

“Independent Investment Banker” means one of the Reference Treasury Dealers (as defined below) appointed by the Issuer.

“Comparable Treasury Price” means, with respect to any Redemption Date (1) the average of the Reference Treasury Dealer Quotations (as defined below) for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if the Independent Investment Banker or Issuer obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

“Reference Treasury Dealer” means any one of Citigroup Global Markets Inc., J.P. Morgan Securities LLC or Merrill Lynch, Pierce, Fenner & Smith Incorporated or their respective affiliates which are primary United States government securities dealers and not less than two other leading primary United States government securities dealers in New York City reasonably designated by the Issuer; *provided, however*, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a “Primary Treasury Dealer”), the Issuer will substitute therefore another Primary Treasury Dealer.

“Reference Treasury Dealer Quotation” means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Independent Investment Banker or Issuer, of the bid and asked price for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker or Issuer by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such Redemption Date.

Optional Redemption upon Equity Offerings. At any time, or from time to time, on or prior to January 11, 2020, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 105.700% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption; *provided*, that:

(a) after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and

(b) the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the Facilities Agreement.

“Equity Offering” means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

Optional Redemption for Changes in Withholding Taxes. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction), the Issuer or any Note Guarantors would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see “Additional Amounts”), then, at the Issuer’s option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 30 nor more than 60 days’ notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption; *provided, however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which the Issuer or any Note Guarantors would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided, further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

Prior to the publication of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

(a) an Officer’s Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer’s right to redeem have occurred, and

(b) an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date, interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

Change Of Control Offer. Upon the occurrence of a Change of Control, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.\$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest through the date of purchase. Within 30 days following the date upon which the Change of Control occurred, the Issuer must make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by applicable law.

Asset Sale Offer. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee U.S. Legal Tender or U.S. Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

12. Defaults and Remedies

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Outstanding Notes may declare all the Notes to be due and payable immediately. A Bankruptcy Event of Default will result in the Notes being due and payable immediately upon the occurrence of such Bankruptcy Event of Default.

Holdings may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may refuse to enforce the Indenture or the Notes unless it receives reasonable indemnity or security. Subject to certain limitations, Holders of a majority in principal amount of the Outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing Default or Event of Default (except a Default or Event of Default in payment of principal or interest) if it determines that withholding notice is in their interest.

13. Trustee Dealings with the Issuer and the Note Guarantors

Subject to certain limitations set forth in the Indenture, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuer, any Note Guarantor or its Affiliates and may otherwise deal with the Issuer, any Note Guarantor or its Affiliates with the same rights it would have if it were not Trustee.

14. No Recourse Against Others

An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or the Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. No representation is made as to the accuracy of such numbers either as printed on the Notes or as contained in any notice of redemption and reliance may be placed only on the other identification numbers placed thereon.

18. Governing Law

This Note shall be governed by, and construed in accordance with, the laws of the State of New York.

19. Currency of Account; Conversion of Currency.

- (b) if interest on any Indebtedness actually Incurred on such date of determination may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rates, then the interest rate in effect on such date of determination will be deemed to have been in effect during the Four Quarter Period; and

(d) Use and Removal of Private Placement Legends. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) not bearing (or not required to bear upon such transfer, exchange or replacement) a Private Placement Legend, the Note Custodian and Registrar shall exchange such Notes (or beneficial interests) for beneficial interests in a Global Note or Certificated Notes if they have been issued pursuant to Section 2.7(c) that does not bear a Private Placement Legend. -
- (ii) such Notes (or beneficial interests) are transferred, replaced or exchanged after the Resale Restriction Termination Date therefor and, in the case of any such Restricted Notes, the Issuer has complied with the applicable procedures for delegending in accordance with Section 2.9(h); or
 - (iii) in connection with such registration of transfer, exchange or replacement the Registrar shall have received an Opinion of Counsel, certificates and such other evidence reasonably satisfactory to the Issuer and the Registrar to the effect that neither such Private Placement Legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

The Holder of a Global Note bearing a Private Placement Legend may exchange an interest therein for an equivalent interest in a Global Note not bearing a Private Placement Legend upon transfer of such interest pursuant to this Section 2.9(d).

(e) Consolidation of Global Notes and Exchange of Certificated Notes for Beneficial Interests in Global Notes. The Issuer shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Registrar or the Trustee, as the case may be.

(g) General Provisions Relating to Transfers and Exchanges.

- (i) Subject to the other provisions of this Section 2.9, when Notes are presented to the Registrar or a co-Registrar with a request to register the transfer of such Notes or to exchange such Notes for an equal principal amount of Notes of other authorized denominations, the Registrar or co-Registrar shall register the transfer or make the exchange as requested if its requirements for such transaction are met; *provided*, that any Notes presented or surrendered for registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar or co-Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.

-
- (ii) To permit registrations of transfers and exchanges and subject to the other terms and conditions of this Article II, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, Certificated Notes and Global Notes, as applicable, at the Registrar's or co-Registrar's request.
 - (iii) No service charge shall be made to a Holder for any registration of transfer or exchange, but the Issuer and the Trustee may require payment of a sum sufficient to cover any transfer tax, assessments, or similar governmental charge payable in connection therewith (other than any such transfer taxes, assessments or similar governmental charges payable upon exchange or transfer pursuant to Section 3.8, Section 3.9, Section 5.1 or Section 9.5).
 - (iv) The Registrar or co-Registrar shall not be required to register the transfer of or exchange of (x) any Note for a period beginning (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.
 - (v) Prior to the due presentation for registration of transfer of any Note, the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar may deem and treat the Person in whose name a Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Note and for all other purposes whatsoever, whether or not such Note is overdue, and none of the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar or the Note Custodian shall be affected by notice to the contrary.
 - (vi) All Notes issued upon any transfer or exchange pursuant to the terms of this Indenture shall evidence the same debt and shall be entitled to the same benefits under this Indenture as the Notes surrendered upon such transfer or exchange.
 - (vii) Subject to Section 2.7 and this Section 2.9, in connection with the exchange of a portion of a Certificated Note for a beneficial interest in a Global Note, the Trustee shall cancel such Certificated Note, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to the exchanging Holder, a new Certificated Note representing the principal amount not so exchanged.

(h) Applicable Procedures for Delegending.

(i) Promptly after one year has elapsed following (A) the Issue Date or (B) if the Issuer has issued Additional Notes with the same terms and the same ISIN number as the Issue Date Notes pursuant to this Indenture within one year following the Issue Date, the date of original issuances of such Additional Notes, if the relevant Notes are freely tradable pursuant to Rule 144 under the Securities Act by Holders who are not Affiliates of the Issuer where no conditions of Rule 144 are then applicable (other than the holding period requirement in paragraph (d)(1)(ii) of Rule 144 so long as such holding period requirement is satisfied), the Issuer shall:

- (1) instruct the Trustee in writing to remove the Private Placement Legend from such Notes, and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from any Global Notes representing such Notes without further action on the part of Holders;
- (2) notify Holders of such Notes that the Private Placement Legend has been removed or deemed removed; and
- (3) instruct Euroclear or Clearstream to change the ISIN number for such Notes to the unrestricted ISIN number for the Notes.

In no event will the failure of the Issuer to provide any notice set forth in this paragraph or of the Trustee to remove the Private Placement Legend constitute a failure by the Issuer to comply with any of its covenants or agreements set forth in Section 6.1 or otherwise. Any Restricted Note (or security issued in exchange or substitution therefor) as to which such restrictions on transfer shall have expired in accordance with their terms may, upon surrender of such Restricted Note for exchange to the Registrar in accordance with the provisions of Article II of this Indenture, be exchanged for a new Note or Notes, of like tenor and aggregate principal amount, which shall not bear the Private Placement Legend. The Issuer shall notify the Trustee in writing upon occurrence of the Resale Restriction Termination Date for any Note.

(ii) In the case of a Regulation S Global Note, after the Resale Restriction Termination Date of any such Regulation S Global Note, the Issuer may, at its sole option:

- (1) instruct the Trustee in writing to remove the Private Placement Legend from such Regulation S Global Note (including setting

forth the basis for such removal), and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from such Regulation S Global Note without further action on the part of Holders; and

- (2) instruct Euroclear or Clearstream to change the ISIN number for such Notes to the unrestricted ISIN number for the Notes.
 - (iii) Notwithstanding any provision herein to the contrary, in the event that Rule 144 as promulgated under the Securities Act (or any successor rule) is amended to change the one-year holding period thereunder (or the corresponding period under any successor rule), (A) each reference in this Section 2.9(h) to “one year” and in the Private Placement Legend described in Section 2.8(b) and Exhibit A hereto to “ONE YEAR” shall be deemed for all purposes hereof to be references to such changed period, and (B) all corresponding references in this Indenture (including the definition of Resale Restriction Termination Date), the Notes and the Private Placement Legends thereon shall be deemed for all purposes hereof to be references to such changed period; *provided*, that such changes shall not become effective if they are otherwise prohibited by, or would otherwise cause a violation of, the then-applicable federal securities laws; *provided further* that if such change does not apply to existing Notes, all references to “one year” in this Indenture shall not be deemed for all purposes hereof to be references to such changed period. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.
- (i) No Obligation of the Trustee.
- (i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Note, Agent Members or any other Persons with respect to the accuracy of the records of Euroclear or Clearstream or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than Euroclear or Clearstream) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be Euroclear or Clearstream or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through Euroclear or Clearstream, subject to the applicable rules and procedures of Euroclear or Clearstream. The Trustee may rely and shall be fully protected in relying upon information furnished by Euroclear or Clearstream with respect to its Agent Members and any beneficial owners.

-
- (ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

- (i) the requirements of Section 8-405 of the Uniform Commercial Code are met,
- (ii) the Holder satisfies any other reasonable requirements of the Trustee, and
- (iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes.

Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation.

The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of cancelled Notes in accordance with its policy of disposal or upon written request of the Issuer, return to the Issuer all Notes surrendered for registration of transfer, exchange, payment or cancellation. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest.

When any installment of interest becomes overdue (a "Defaulted Interest"), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a "Special Record Date"), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted

Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register, not less than ten (10) calendar days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment pursuant to this Section 2.13(b), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register.

Section 2.14 Additional Notes.

(a) The Issuer may, from time to time, subject to compliance with any other applicable provisions of this Indenture, without the consent of the Holders, create and issue pursuant to this Indenture additional notes ("Additional Notes") that shall have terms and conditions identical to those of the other Outstanding Notes, except with respect to:

- (i) the Issue Date;
- (ii) the amount of interest payable on the first Interest Payment Date therefor;
- (iii) the issue price; and
- (iv) any adjustments necessary in order to conform to and ensure compliance with the Securities Act (or other applicable securities laws) and any agreement applicable to such Additional Notes, which are not adverse in any material respect to the Holder of any Outstanding Notes (other than such Additional Notes).

The Notes issued on the Issue Date and any Additional Notes shall be treated as a single series for all purposes under this Indenture; *provided*, that the Issuer may use different ISIN or other similar numbers among Issue Date Notes and among Additional Notes to the extent required to comply with securities or tax law requirements, including to permit delegending pursuant to Section 2.9(h).

(b) With respect to any Additional Notes, the Issuer will set forth in an Officer's Certificate of the Issuer (the "Additional Note Certificate"), copies of which will be delivered to the Trustee, the following information:

- (i) the aggregate principal amount of such Additional Notes to be authenticated and delivered pursuant to this Indenture;
- (ii) the Issue Date and the issue price of such Additional Notes; *provided*, that no Additional Notes may be issued at a price that would cause such Additional Notes to have "original issue discount" within the meaning of Section 1273 of the Code, unless such Additional Notes have a separate ISIN or other similar number from other Notes; and
- (iii) whether such Additional Notes will be subject to transfer restrictions under the Securities Act (or other applicable securities laws).

ARTICLE III

If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 3:00 p.m. London time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust euros, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture euros designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) Notwithstanding anything to the contrary contained in this Indenture, the Issuer may, to the extent it is required to do so by law, deduct or withhold income or other similar taxes imposed by the United States of America from principal or interest.

(c) In order to comply with applicable tax laws (inclusive of rules, regulations and interpretations promulgated by competent authorities) related to the Indenture in effect from time to time ("Applicable Tax Law") that a foreign financial institution, issuer, trustee, paying agent or other party is or has agreed to be subject to, the Issuer agrees (i) to provide to the Trustee and the Paying Agent sufficient information about the parties and/or transactions (including any modification to the terms of such transactions) so the Trustee and the Paying Agent can determine whether it has tax related obligations under Applicable Tax Law, (ii) that

the Trustee and the Paying Agent shall be entitled to make any withholding or deduction from payments to the extent necessary to comply with Applicable Tax Law for which the Trustee and the Paying Agent shall not have any liability and (iii) to hold harmless the Trustee and the Paying Agent for any losses it may suffer due to the actions it takes to comply with Applicable Tax Law. The terms of this section shall survive the termination of this Indenture.

(d) The Issuer hereby instructs the Trustee to establish an “Issue Date Note Account” for reception of the interest and principal payments for the Issue Date Notes.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation; *provided, however*, that no such designation or rescission shall in any manner relieve the Issuer of its obligation to maintain an office or agency in the City of New York and in any city selected by the Issuer within the European Union for such purposes. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Issuer will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Issuer or any Restricted Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Issuer or any Restricted Subsidiary and (ii) all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Issuer or any Restricted Subsidiary; *provided, however*, that the Issuer shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer), are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date)

an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) Upon the occurrence of a Change of Control, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of €1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon through the date of purchase (the "Change of Control Payment").

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer must send, by first-class mail, a notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a "Change of Control Offer"). The Change of Control Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (ii) deposit with the Paying Agent funds in an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided*, that each new Note shall be in a minimum principal amount of €100,000 and in integral multiples of €1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be cancelled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

- (i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or
- (ii) notice of redemption has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws and regulations in connection with the purchase of Notes in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness.

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any of the Note Guarantors may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Issuer is greater than or equal to 2.0 to 1.0.

(b) Notwithstanding clause (a) above, the Issuer and/or any of its Restricted Subsidiaries, as applicable, may Incur the following Indebtedness (“Permitted Indebtedness”):

- (i) Indebtedness consisting of the Notes, excluding Additional Notes, and Indebtedness consisting of the Other Notes;
- (ii) Guarantees by (A) any Note Guarantor of Indebtedness of the Issuer or another Note Guarantor permitted under this Indenture and (B) the Issuer of Indebtedness of any Note Guarantor; *provided*, that if any such Guarantee is of Subordinated Indebtedness, then the obligations of the Issuer under the Notes and this Indenture or the Note Guarantee of such Note Guarantor, as applicable, will be senior to the Guarantee of such Subordinated Indebtedness;
- (iii) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries outstanding on the Issue Date (excluding Indebtedness permitted under clauses (v), (vi), (vii) or (x) of this definition of Permitted Indebtedness);

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

- (i) The Issuer shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.
- (ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to

and in compliance with this Section 3.9, the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP. Accrual of interest, the accretion or amortization of original issue discount, the payment of regularly scheduled interest in the form of additional Indebtedness of the same instrument or the payment of regularly scheduled dividends on Disqualified Capital Stock in the form of additional Disqualified Capital Stock with the same terms will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 3.9. - (iii) For purposes of determining compliance with this Section 3.9, the principal amount of Indebtedness denominated in foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided*, that if such Indebtedness is Incurred to refinance other Indebtedness denominated in foreign currency, and such refinancing would cause the applicable restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.
- (iv) For purposes of determining compliance with this Section 3.9:
 - (A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including, without limitation, in Section 3.9(a), the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and
 - (B) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

Section 3.10 [Reserved].

 - (y) issuance and sale subsequent to the Issue Date (and, in the case of Indebtedness of a Restricted Subsidiary, at such time as it was a Restricted Subsidiary) of any Indebtedness for borrowed money of the Issuer or any Restricted Subsidiary that has been converted into or exchanged for Qualified Capital Stock of the Issuer,

 - (B) through the application of the net cash proceeds received by the Issuer from a substantially concurrent sale of Qualified Capital Stock of the Issuer or a contribution to the equity capital of the Issuer not representing an interest in Disqualified Capital Stock, in each case not received from a Subsidiary of the Issuer;

provided, that the value of any such Qualified Capital Stock issued in exchange for such acquired Capital Stock and any such net cash proceeds shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

- (iii) if no Default or Event of Default shall have occurred and be continuing, the voluntary prepayment, purchase, defeasance, redemption or other acquisition or retirement for value of any Subordinated Indebtedness:
 - (A) solely in exchange for, or through the application of net cash proceeds of a substantially concurrent sale, other than to a Subsidiary of the Issuer, of Qualified Capital Stock of the Issuer, or
 - (B) solely in exchange for Refinancing Indebtedness for such Subordinated Indebtedness,

provided, that the value of any Qualified Capital Stock issued in exchange for Subordinated Indebtedness and any net cash proceeds referred to above shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

-
- (iv) repurchases by the Issuer of Common Stock of the Issuer or options, warrants or other securities exercisable or convertible into Common Stock of the Issuer from employees or directors of the Issuer or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment or directorship of the employees or directors, in an amount not to exceed U.S.\$5 million in any calendar year and any repurchases other than in connection with compensation of Common Stock of the Issuer pursuant to binding written agreements in effect on the Issue Date;

 - (vii) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Issuer;

 - (ix) recapitalization of earnings on or in respect of the Qualified Capital Stock of the Issuer pursuant to which additional Qualified Capital Stock of the Issuer or the right to subscribe for additional Capital Stock of the Issuer is issued to the existing shareholders of the Issuer on a *pro rata* basis (which, for the avoidance of doubt, shall not allow any payment in cash to be made in respect of Qualified Capital Stock of the Issuer pursuant to this clause (ix)); and

-
- (x) so long as (A) no Default or Event of Default shall have occurred and be continuing (or result therefrom) and (B) the Issuer could incur at least U.S.\$1.00 of additional Debt pursuant to Section 3.9(a), payment of any dividends on Capital Stock (other than Disqualified Capital Stock) of the Issuer in an aggregate amount which, when taken together with all dividends paid pursuant to this clause (x), does not exceed U.S.\$50 million in any calendar year; *provided*, that such dividends shall be included in the calculation of the amount of Restricted Payments.
 - (xi) [Reserved]

In determining the aggregate amount of Restricted Payments made subsequent to the Issue Date, amounts expended pursuant to clauses (i) (without duplication for the declaration of the relevant dividend), (iv), (viii) and (x) above shall be included in such calculation and amounts expended pursuant to clauses (ii), (iii), (v), (vi), (vii) and (ix) above shall not be included in such calculation.

Section 3.12 Limitation on Asset Sales.

(a) The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (i) the Issuer or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and
- (ii) other than in respect of Permitted Asset Swap Transactions, at least 80% of the consideration received for the assets sold by the Issuer or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided, however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:
 - (A) the assumption of Indebtedness (other than Subordinated Indebtedness) of the Issuer or any Restricted Subsidiary and the release of the Issuer or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Sale;
 - (B) any securities, notes or obligation received by the Issuer or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Issuer or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;
 - (C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and

-
- (D) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Issuer calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Issuer or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

- (i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or
- (ii) purchase:
 - (A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Issuer or any Restricted Subsidiary in a Permitted Business, or
 - (B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Issuer and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of [Section 3.12\(b\)](#), the Issuer will make an offer to purchase Notes (the "[Asset Sale Offer](#)"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to the date of purchase (the "[Asset Sale Offer Amount](#)"). The Issuer will purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at the Issuer's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Issuer to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Issuer may satisfy its obligations under this [Section 3.12](#) with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Issuer may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.\$100 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.\$100 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be mailed first class, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Issuer shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part, in minimum denominations of €100,000 and any integral multiples of €1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Issuer shall, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;
- (ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and
- (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net Cash Proceeds, the Issuer shall purchase the Notes and the other Senior Indebtedness on a *pro rata* basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be cancelled and cannot be reissued.

(i) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Issuer shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the “Asset Sale” provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Issuer may use any remaining Net Cash Proceeds for general corporate purposes of the Issuer and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Issuer and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Issuer shall be deemed to have sold the properties and assets of the Issuer and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Issuer or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Issuer or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 Limitation on the Ownership of Capital Stock of Restricted Subsidiaries. The Issuer shall not permit any Person other than the Issuer or another Restricted Subsidiary to, directly or indirectly, own or control any Capital Stock of any Restricted Subsidiary, except for:

- (i) Capital Stock owned by such Person on the Issue Date;
- (ii) directors’ qualifying shares;
- (iii) the sale or Disposition of 100% of the shares of the Capital Stock of any Restricted Subsidiary held by the Issuer and its Restricted Subsidiaries to any Person other than the Issuer or another Restricted Subsidiary effected in accordance with, as applicable, Section 3.12 and Article IV;
- (iv) in the case of a Restricted Subsidiary other than a Restricted Subsidiary that is a Wholly Owned Subsidiary,
 - (A) the issuance by that Restricted Subsidiary of Capital Stock on a *pro rata* basis to the Issuer and its Restricted Subsidiaries, on the

-
- one hand, and minority holders of Capital Stock of such Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder); or
- (B) sales, transfers and other dispositions of Capital Stock in a Restricted Subsidiary to the extent required by, or made pursuant to, buy/sell, put/call or similar shareholder arrangements set forth in binding agreements in effect on the Issue Date; and
 - (v) the sale of Capital Stock of a Restricted Subsidiary by the Issuer or another Restricted Subsidiary or the sale or issuance by a Restricted Subsidiary of its newly-issued Capital Stock if such sale or issuance is made in compliance with Section 3.12 and either:
 - (A) such Restricted Subsidiary is no longer a Subsidiary, and the continuing Investment of the Issuer and its Restricted Subsidiaries in such former Restricted Subsidiary is in compliance with Section 3.11, or
 - (B) such Restricted Subsidiary continues to be a Restricted Subsidiary.

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries.

(a) The Issuer may designate after the Issue Date any Subsidiary of the Issuer other than a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

- (i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Issuer or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18;
- (ii) at the time of and after giving effect to such Designation, the Issuer could Incur U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a);
- (iii) the Issuer would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation) as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Issuer's Investment in such Subsidiary on such date; and
- (iv) the terms of any Affiliate Transaction existing on the date of such Designation between the Subsidiary being designated (and its Subsidiaries) and the Issuer or any Restricted Subsidiary would be permitted under Section 3.18 if entered into immediately following such Designation.

(b) Neither the Issuer nor any Restricted Subsidiary shall at any time:

- (i) provide credit support for, subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, or Guarantee, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);
- (ii) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or
- (iii) be directly or indirectly liable for any Indebtedness which provides that the Holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary.

(c) The Issuer may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a “Revocation”) only if:

- (i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and
- (ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(d) The Designation of a Subsidiary of the Issuer as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer’s Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries.

(a) Except as provided in clause (b) below, the Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Issuer or any other Restricted Subsidiary or pay any Indebtedness owed to the Issuer or any other Restricted Subsidiary;

-
- (ii) make loans or advances to, or make any Investment in, the Issuer or any other Restricted Subsidiary; or
 - (iii) transfer any of its property or assets to the Issuer or any other Restricted Subsidiary.

(b) Section 3.15(a) shall not apply to encumbrances or restrictions existing under or by reason of:

- (i) applicable law, rule, regulation or order;
- (ii) this Indenture or the indenture governing the Other Notes;
- (iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided*, that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Issuer's senior management;
- (iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;
- (v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;
- (vi) restrictions with respect to a Restricted Subsidiary of the Issuer imposed pursuant to a binding agreement which has been entered into for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided*, that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);
- (vii) customary restrictions imposed on the transfer of copyrighted or patented materials;
- (viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement

referred to in clause (iii) or (v) of this Section 3.15(b); *provided*, that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Issuer's senior management;

- (ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;
- (x) Purchase Money Indebtedness for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions of the nature discussed in clause (iii) of Section 3.15(a) above on the property so acquired;
- (xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management;
- (xii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets or revenues of such joint venture;
- (xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided*, that such restrictions (A) are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Issuer's senior management or (B) constitute financial covenants or similar restrictions that limit the ability to pay dividends or make distributions upon the occurrence or continuance of a default or event of default or that would result in a default or event of default under such Indebtedness upon the declaration or payment of dividends or other distributions; and
- (xiv) net worth provisions in leases entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Issuer shall not, and shall not permit any Note Guarantor to, directly or indirectly, Incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same

extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

- (i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and
- (ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture,

in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Issuer;

(b) The provisions of Section 3.18(a) above shall not apply to:

- (i) Affiliate Transactions with or among the Issuer and any Restricted Subsidiary or between or among Restricted Subsidiaries;
- (ii) reasonable fees and compensation paid to, and any indemnity provided on behalf of, officers, directors, employees, consultants or agents of the Issuer or any Restricted Subsidiary as determined in good faith by the Issuer's Board of Directors or, to the extent consistent with past practice, senior management;

-
- (iii) Affiliate Transactions undertaken pursuant to any contractual obligations or rights in existence on the Issue Date (as in effect on the Issue Date with modifications, extensions and replacements thereof not materially adverse to the Issuer and its Restricted Subsidiaries) as determined in good faith by the Issuer's senior management;
 - (iv) any Restricted Payments in compliance with Section 3.11;
 - (v) payments and issuances of Qualified Capital Stock to any officers, directors and employees of the Issuer or any Restricted Subsidiary pursuant to any management equity plan or stock option plan or any other stock subscription or shareholder agreement, and any employment agreements, stock option plans or other compensatory arrangements (and any successor plans thereto) and any supplemental executive retirement benefit plans or arrangements with any such officers, directors or employees that are, in each case, approved in good faith by the Board of Directors or, to the extent consistent with past practice, senior management of the Issuer;
 - (vi) loans and advances to officers, directors and employees of the Issuer or any Restricted Subsidiary for travel, entertainment, moving and other relocation expenses, in each case made in the ordinary course of business in amounts consistent with the past practice of the Issuer or such Restricted Subsidiary; and
 - (vii) loans made by the Issuer or any Restricted Subsidiary to employees or directors in an aggregate amount not to exceed U.S.\$15 million (or its equivalent in another currency) at any time outstanding.

Section 3.19 Conduct of Business. The Issuer and its Restricted Subsidiaries shall not engage in any business other than a Permitted Business.

Section 3.20 Reports to Holders.

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

- (i) provide the Trustee and the Holders with:
 - (A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by "foreign private issuers" (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

-
- (B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year;
 - (C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and
- (ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(b) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute actual or constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts.

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes") imposed or levied by or on behalf of the United States, Mexico, Spain, the Netherlands, France, the United Kingdom, Switzerland or, in the event that the Issuer appoints additional paying agents, by the jurisdictions of such additional paying agents (a "Taxing Jurisdiction"), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional

amounts (“Additional Amounts”) as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided, however*, that the foregoing obligation to pay Additional Amounts does not apply to:

- (i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of a Note),
- (ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,
- (iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days’ notice that Holders shall be required to provide such information and identification,
- (iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,
- (v) any Taxes imposed on a payment to or for the benefit of an individual pursuant to European Council Directive 2003/48/EC (as amended from time to time) or any law implementing or complying with, or introduced in order to conform to, such Directive,
- (vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,
- (vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, or
- (viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary,

a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) The exception to the Issuer's obligations to pay Additional Amounts pursuant to clause (iii) of Section 3.21(b) will not apply if (i) the provision of information, documentation or other evidence described in such clause would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of a Note than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice, or (ii) Article 166, Section II, paragraph (a), of the Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*) (or a substitute or equivalent provision) is in effect, unless (A) the provision of the information, documentation or other evidence described in clause (iii) of Section 3.21(b) is expressly required by the applicable Mexican laws and regulations in order to apply Article 166, Section II, paragraph (a), of the Mexican Income Tax Law (or substitute or equivalent provision), (B) the Issuer or any Note Guarantor cannot obtain the information, documentation or other evidence necessary to comply with the applicable Mexican laws and regulations on its own through reasonable diligence and (C) the Issuer or any Note Guarantor would not otherwise meet the requirements for application of the applicable Mexican laws and regulations.

(e) Clause (iii) of Section 3.21(b) does not require, and shall not be construed to require, that any holder, including any non-Mexican pension fund, retirement fund, tax-exempt organization or financial institution, register with the Tax Management Service (*Servicio de Administración Tributaria*) or the Mexican Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*) to establish eligibility for an exemption from, or a reduction of, Mexican withholding taxes.

(f) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection. Payment of any Additional Amounts with respect to interest shall be considered as an interest payment under, or with respect to, the Notes.

(g) The Issuer will ensure that it maintains a paying agent, in a European Union Member State, that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC (as amended from time to time) or any law implementing or complying with, or introduced in order to conform to, such Directive.

(h) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Issuer is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “Partial Covenant Suspension Event”), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.13, 3.14(b), 3.15, 3.18, 3.19 and 4.1(a)(ii) (collectively, the “Partial Suspended Covenants”).

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “Covenant Suspension Event”), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.13, 3.14(b), 3.15, 3.16, 3.18, 3.19 and 4.1(a)(ii) (collectively, the “Suspended Covenants”).

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the “Partial Covenant Suspension Date”) or a Covenant Suspension Event (the “Suspension Date”) may be redesignated as an Unrestricted Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) each Additional Note Guarantor shall be released from its obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantors shall be released from their obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided*, that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantors shall be reinstated in accordance with and subject to the conditions in Section 3.22(e).

(e) In the event that the Issuer and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the “Partial Covenant Reversion Date” and, in the case of Suspended Covenants, such subsequent date being the “Reversion Date”) (i) the Consolidated Leverage Ratio of the Issuer is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Partial Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantors (unless, solely with respect to any Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause such Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that such Additional Note Guarantor’s guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the “Partial Suspension Period” and the period of time between the Suspension Date and the Reversion Date is referred to as the “Suspension Period.” Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantors may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be classified to have been Incurred pursuant to Section 3.9(a) or Section 3.9(b) (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to Section 3.9(a) or 3.9(b), such Indebtedness shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect since the Issue Date and throughout the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or any Covenant Suspension Event and in any case no later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

(h) For purposes of this Section 3.22 only, “Consolidated Leverage Ratio” and all associated definitions shall have the meaning set forth in Exhibit E hereto.

ARTICLE IV

SUCCESSOR ISSUER

Section 4.1 Merger, Consolidation and Sale of Assets.

(a) The Issuer shall not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer’s properties and assets (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), to any Person unless:

- (i) either:
 - (A) the Issuer shall be the surviving or continuing corporation, or
 - (B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries) substantially as an entirety (the “Successor Issuer”):
 - (1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the “Permitted Merger Jurisdictions”); and
 - (2) shall expressly assume, by a supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer’s Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

-
- (ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Issuer or such Successor Issuer, as the case may be:
- (A) shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction; or
 - (B) shall be able to Incur at least U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a);
- (iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;
- (iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and
- (v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:
- (A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;
 - (B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and
 - (C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the

acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided*, that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

- (x) any transfer of the properties or assets of a Restricted Subsidiary to the Issuer;
- (y) any merger of a Restricted Subsidiary into the Issuer; or
- (z) any merger of the Issuer into a Note Guarantor or a Wholly Owned Subsidiary of the Issuer.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, such Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) Each Note Guarantor shall not, and the Issuer shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

- (i) such Person (if such Person is the surviving entity) (the "Successor Note Guarantor") assumes all of the obligations of such Note Guarantor in respect of its Note Guarantee by executing a supplemental indenture and providing the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;
- (ii) such Note Guarantee is to be released as provided under Section 10.2(b); or
- (iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(b) will not apply to:

- (x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;
- (y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or
- (z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Issuer.

ARTICLE V

OPTIONAL REDEMPTION OF NOTES

Section 5.1 Optional Redemption. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, subject to the conditions and at the redemption prices specified in the Form of Note in Exhibit A hereto.

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 45 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the ISIN numbers of the Notes, (d) the redemption price and (e) the amount of interest to be paid with respect to each multiple of €1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 30 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

- (i) the Redemption Date,
- (ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.7,
- (iii) whether or not the Issuer is redeeming all Outstanding Notes,
- (iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,

-
- (v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,
 - (vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.7 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,
 - (vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and
 - (viii) the ISIN number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such ISIN number.

(c) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; provided, however, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding Section 5.4(b).

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method as the Trustee shall deem fair and appropriate; provided, however, that if a partial redemption is made with the proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of Euroclear or Clearstream), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 30 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for

redemption. No Notes of €100,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of €100,000 and in integral multiples of €1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Deposit of Redemption Price. On or prior to 10:00 a.m. London time, on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4) an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.7 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.8 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of €100,000 and in integral multiples of €1,000 in excess thereof.

ARTICLE VI

DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an “Event of Default”:

- (i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;

-
- (ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;
 - (iii) the failure to perform or comply with any of the provisions described under Article IV;
 - (iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of non-guarantor Restricted Subsidiaries, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;
 - (v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:
 - (A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or
 - (B) results in the acceleration of such Indebtedness prior to its stated maturity;and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this Section 6.1(a) at the relevant time, aggregates U.S.\$50 million or more;
 - (vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.\$100 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;
 - (vii) a Bankruptcy Event of Default; or
 - (viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor's obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

- (i) if the rescission would not conflict with any judgment or decree;
- (ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;
- (iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and
- (iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided, however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

- (i) such Holder gives to the Trustee written notice of a continuing Event of Default;
- (ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;
- (iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;
- (iv) the Trustee does not comply within 60 days; and
- (v) during such 60 day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

provided, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

- (a) The Trustee may (irrespective of whether the principal of the Notes is then due):
- (i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and
 - (ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

ARTICLE VII

TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

- (i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and
- (ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

- (i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;

-
- (ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and
 - (iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

- (a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.
- (b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.
- (c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.
- (d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; provided, however, that the Trustee's conduct does not constitute willful misconduct or negligence.
- (e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.
- (f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.
- (g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.
- (h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.
- (i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.
- (j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots, interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall mail to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be

limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this [Section 7.7](#)) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this [Section 7.7](#), the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this [Section 7.7](#) shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this [Section 7.7](#) shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this [Section 7.7](#) or [Section 6.10](#).

Section 7.8 [Replacement of Trustee](#).

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

- (i) the Trustee fails to comply with [Section 7.10](#);

-
- (ii) the Trustee is adjudged bankrupt or insolvent;
 - (iii) a receiver or other public officer takes charge of the Trustee or its property; or
 - (iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.\$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the "Security Documents") as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance.

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or (c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer's exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

- (i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,
- (ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,
- (iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and
- (iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.13, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be

deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in euros or European Government Obligations, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

- (i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or
- (ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust euros or European Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited euros or European Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for European Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited European Government Obligations or the principal and interest received on such European Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any euros or European Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted

to apply all such euros or European Government Obligations in accordance with this Article VIII; *provided, however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from euros or European Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

- (i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or
- (ii) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee euros or European Government Obligations sufficient without reinvestment to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit, together with irrevocable instructions from the Issuer directing the Trustee to apply such funds to the payment;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX

AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

- (i) to cure any ambiguity, omission, defect or inconsistency;

-
- (ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;
 - (iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; provided, however, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;
 - (iv) to add guarantees with respect to the Notes or to secure the Notes;
 - (v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;
 - (vi) to make any change that does not, in the opinion of the Issuer, as conclusively evidenced by an Officer's Certificate to such effect, adversely affect the rights of any Holder in any material respect;
 - (vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;
 - (viii) to comply with the requirements of any applicable securities depository;
 - (ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or
 - (x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer

or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

- (i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;
- (ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;
- (iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;
- (iv) make any Notes payable in money other than that stated in the Notes;
- (v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;
- (vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;
- (vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or
- (viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in

addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

ARTICLE X

NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

- (i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;
- (ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;
- (iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;
- (iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;
- (v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;
- (vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;

-
- (vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;
 - (viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;
 - (ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;
 - (x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;
 - (xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;
 - (xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;
 - (xiii) any change in the ownership of the Issuer;
 - (xiv) any change in the laws, rules or regulations of any jurisdiction;
 - (xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and
 - (xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

- (i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;
- (ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor

of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;

- (iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;
- (iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the *Código Civil Federal* of Mexico and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

- (i) the unpaid amount of such Obligations then due and owing; and
- (ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

provided, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

- (i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and
- (ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

- (i) there is a Legal Defeasance of the Notes pursuant to Article VIII;
- (ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;

-
- (iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;
 - (iv) solely with respect to an Additional Note Guarantor, either (A) the Facilities Agreement Indebtedness has been repaid in full and such Additional Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Additional Note Guarantor; or
 - (v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the

meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3 or L. 242-6 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Note Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a "Swiss Note Guarantor") are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the "Restricted Obligations") shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor's Free Reserves Available for Distribution (as defined below) at the time payment is requested, *provided*, that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date until such time as performance is permitted notwithstanding such limitation.

(c) For the purpose of this clause, "Free Reserves Available for Distribution" means an amount equal to the maximal amount in which the relevant Swiss Note Guarantor can

make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

(d) As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Trustee (save to the extent provided below).

(e) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

- (i) if and to the extent required by applicable law in force at the relevant time:
 - (A) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time) from any payment made by it;
 - (B) pay any such deduction to the Swiss Federal Tax Administration; and
 - (C) notify and provide evidence to the Trustee that the Swiss withholding tax has been paid to the Swiss Federal Tax Administration;
- (ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of Switzerland then in force and *provided*, that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax: (y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (z) pay to the Trustee upon receipt any amount so refunded.

(f) The Swiss Note Guarantor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to

discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(g) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this [Section 10.6](#) and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an “[Undervalued Asset](#)”), the Swiss Note Guarantor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor’s business (*nicht betriebsnotwendig*).

The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) of a successor agent in the City of New York, New York as each of their authorized agent for such purpose and the acceptance of such appointment by such successor. Section 12.13 [Reserved].

Section 12.14 Currency Indemnity.

(a) The euro is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than euros in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the euro amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that euro amount is less than the euro amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of euro been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of euro on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents: Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

L. 107-56 (signed into law on October 26, 2001)) (as amended, modified or supplemented from time to time, the “USA PATRIOT Act”), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. 1. Interest

CEMEX, S.A.B. de C.V., a publicly traded stock corporation with variable capital (*sociedad anónima bursátil de capital variable*) organized under the laws of the United Mexican States (together with its successors and assigns, the "Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing January 11, 2015; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from September 11, 2014; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after September 11, 2014), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from September 11, 2014. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest ("Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 1:00 p.m. London time on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in euros.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by Euroclear or Clearstream. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided, however*, that payments on the Notes may also be made, in the case of a Holder of at least €10,000,000 aggregate principal amount of Notes, by wire transfer to an account maintained by the payee if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee and Registrar and The Bank of New York Mellon, London Branch, will act as Paying Agent. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of September 11, 2014 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. €400,000,000 in aggregate principal amount of Notes will be issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by

acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction of formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after January 11, 2018, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on January 11 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption:

<u>Year</u>	<u>Percentage</u>
January 11, 2018	102.375%
January 11, 2019	101.188%
January 11, 2020 and thereafter	100.000%

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

Prior to January 11, 2018, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of the redemption price of the Notes to be redeemed at January 11, 2018 (such redemption price being set forth in the table appearing above) plus each remaining scheduled payment of interest thereon during the period between the redemption date and January 11, 2018 (exclusive of interest accrued to the date of redemption), in each case, discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Bund Rate (as defined below) plus 50 basis points, plus, in each case any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption, *provided, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

“Bund Rate” means, with respect to any Redemption Date, the yield to maturity as of such Redemption Date of the Comparable German Bund Issue (as defined below), assuming a price for the Comparable German Bund Issue (expressed as a percentage of its principal amount) equal to the Comparable German Bund Price (as defined below) for such Redemption Date.

“Comparable German Bund Issue” means the German Bundesanleihe security selected by any Reference German Bund Dealer (as defined below) as having a fixed maturity most nearly equal to the period from such Redemption Date to and that would be utilized at the time of selection and in accordance with customary financial practice, in pricing new issues of Euro-denominated corporate debt securities in a principal amount approximately equal to the then outstanding principal amount of the Notes and of a maturity most nearly equal to January 11, 2018; *provided*, however, that, if the period from such Redemption Date to January 11, 2018 is not equal to the fixed maturity of the German Bundesanleihe security selected by such Reference German Bund Dealer (as defined below), the Bund Rate shall be determined by linear interpolation (calculated to the nearest one-twelfth of a year) from the yields of German Bundesanleihe securities for which such yields are given, except that if the period from such Redemption Date to January 11, 2018 is less than one year, a fixed maturity of one year shall be used.

“Comparable German Bund Price” means, with respect to any Redemption Date, the average of all Reference German Bund Dealer Quotations (as defined below) for such date (which, in any event, must include at least two such quotations), after excluding the highest and lowest such Reference German Bund Dealer Quotations, or if the Issuer obtains fewer than four such Reference German Bund Dealer Quotations, the average of such quotations.

“Comparable German Bund Price” means, with respect to any Redemption Date, the average of all Reference German Bund Dealer Quotations (as defined below) for such date (which, in any event, must include at least two such quotations), after excluding the highest and lowest such Reference German Bund Dealer Quotations, or if the Issuer obtains fewer than four such Reference German Bund Dealer Quotations, the average of such quotations.

“Reference German Bund Dealer Quotations” means, with respect to each Reference German Bund Dealer and any Redemption Date, the average as determined by the Issuer in good faith of the bid and offered prices for the Comparable German Bund Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Issuer by such Reference German Bund Dealer at 3:30 p.m. Frankfurt, Germany, time on the third Business Day preceding the Redemption Date.

Optional Redemption upon Equity Offerings. At any time, or from time to time, on or prior to January 11, 2018, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 104.750% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption; *provided*, that:

(a) after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and

(b) the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the Facilities Agreement.

“Equity Offering” means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

Optional Redemption for Changes in Withholding Taxes. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction) the Issuer or any Note Guarantor would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see “Additional Amounts”), then, at the Issuer’s option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 30 nor more than 60 days’ notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption; *provided, however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which the Issuer or any Note Guarantor would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided, further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

Prior to the publication of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

(a) an Officer’s Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer’s right to redeem have occurred, and

(b) an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date, interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

Change Of Control Offer. Upon the occurrence of a Change of Control, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of €1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest through the date of purchase. Within 30 days following the date upon which the Change of Control occurred, the Issuer must make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by applicable law.

Asset Sale Offer. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. In the event the proceeds from a permitted Asset Sale exceed certain amounts and are not applied as specified in the Indenture, the Issuer will be required to make an Asset Sale Offer to purchase to the extent of such remaining proceeds each Holder's Notes together with holders of certain other Indebtedness at 100% of the principal amount thereof, plus accrued interest (if any) to the Asset Sale Offer Payment Date, as more fully set forth in the Indenture.

7. Denominations; Transfer; Exchange

The Notes are in fully registered form without coupons, and only in denominations of principal amount of €100,000 and in integral multiples of €1,000 in excess thereof. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements or transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. The Registrar shall not be required to register the transfer or exchange of (x) any Note for a period beginning: (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unredeemed or unredeemed portion thereof, if any.

8. Persons Deemed Owners

The registered holder of this Note may be treated as the owner of it for all purposes.

9. Unclaimed Money

If money for the payment of principal or interest remains unclaimed for two years, the Trustee or Paying Agent shall pay the money back to the Issuer at its request unless an abandoned property law designates another Person. After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee euros or European Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

11. Amendment, Waiver

Subject to certain exceptions set forth in the Indenture, (i) the Indenture or the Notes may be amended or supplemented with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes and (ii) any default (other than with respect to nonpayment or in respect of a provision that cannot be amended or supplemented without the written consent of each Holder affected) or noncompliance with any provision may be waived with the written consent of the Holders of a majority in aggregate principal amount of the then Outstanding Notes. Subject to certain exceptions set forth in the Indenture, without the consent of any Holder, the Issuer and the Trustee may amend or supplement the Indenture or the Notes to, among other things, cure any ambiguity, omission, defect or inconsistency, or to comply with Article IV of the Indenture, or to provide for uncertificated Notes in addition to or in place of certificated Notes, or to add guarantees with respect to the Notes or to secure the Notes, or to add additional covenants or surrender rights and powers conferred on the Issuer or the Note Guarantors, or to make any change that does not adversely affect the rights of any Holder, or to provide for the issuance of Additional Notes.

12. Defaults and Remedies

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Outstanding Notes may declare all the Notes to be due and payable immediately. A Bankruptcy Event of Default will result in the Notes being due and payable immediately upon the occurrence of such Bankruptcy Event of Default.

Holdings may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may refuse to enforce the Indenture or the Notes unless it receives reasonable indemnity or security. Subject to certain limitations, Holders of a majority in principal amount of the Outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing Default or Event of Default (except a Default or Event of Default in payment of principal or interest) if it determines that withholding notice is in their interest.

13. Trustee Dealings with the Issuer and the Note Guarantors

Subject to certain limitations set forth in the Indenture, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuer, any Note Guarantor or its Affiliates and may otherwise deal with the Issuer, any Note Guarantor or its Affiliates with the same rights it would have if it were not Trustee.

14. No Recourse Against Others

An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or the Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each holder waives and releases all such liability.

15. Authentication

Any Officer of the Issuer may sign the Notes for the Issuer by manual or facsimile signature. This Note shall not be valid until an authorized signatory of the Trustee (or an Authenticating Agent) manually signs the certificate of authentication on the other side of this Note.

17. ISIN Numbers

Pursuant to a recommendation promulgated by the Committee on Uniform Security Identification Procedures the Issuer has caused ISIN or other similar numbers to be printed on the Notes and has directed the Trustee to use ISIN numbers in notices of redemption as a convenience to Holders. No representation is made as to the accuracy of such numbers either as printed on the Notes or as contained in any notice of redemption and reliance may be placed only on the other identification numbers placed thereon.

18. Governing Law

This Note shall be governed by, and construed in accordance with, the laws of the State of New York.

19. Currency of Account; Conversion of Currency.

Euro is the sole currency of account and payment for all sums payable by the Issuer and the Note Guarantors under or in connection with the Notes or the Indenture, including damages. The Issuer and the Note Guarantors will indemnify the Holders as provided in respect of the conversion of currency relating to the Notes and the Indenture.

20. Agent for Service; Submission to Jurisdiction; Waiver of Immunities.

The Issuer and the Note Guarantors have irrevocably submitted to the jurisdiction of such courts for such purpose and waived, to the fullest extent permitted by law, trial by jury and any objection it may now or hereafter have to the laying of venue of any such proceeding, and any claim it may now or hereafter have that any proceeding in any such court is brought in an inconvenient forum. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) have appointed CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, NY 10022, as each of their authorized agent upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon the Indenture or the Notes which may be instituted in any state or federal court in the City of New York and County of New York. In no event shall the Collateral Agent or the Securities Intermediary be liable for any amount in excess of the value of the Collateral.

Pledge Agreement

The Collateral Agent and Securities Intermediary shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it is proved that the Collateral Agent or Securities Intermediary was negligent in ascertaining the pertinent facts.

In no event shall the Collateral Agent or Securities Intermediary be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services (it being understood that the Collateral Agent and Securities Intermediary shall use reasonable efforts which are consistent with accepted practices in the banking industry to avoid and mitigate the effects of such occurrences and to resume performance as soon as practicable under the circumstances).

The Collateral Agent and the Securities Intermediary may apply any of the deposited funds for any payment order it executes using any such identifying number, even where its use may result in a Person other than the beneficiary being paid, or the transfer of funds to a bank other than the beneficiary's bank, or an intermediary bank, designated by the Company; *provided, however*, that payment is made to the account as specified by the Company.

In each case that the Collateral Agent or Securities Intermediary may or is required hereunder to take any action, including without limitation to make any determination or judgment, to give consents, to exercise rights, powers or remedies, to release or sell Collateral or otherwise to act hereunder, the Collateral Agent or Securities Intermediary may seek direction from the Company. The Collateral Agent or Securities Intermediary shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction from the Company. Unless direction is otherwise expressly provided herein, if the Collateral Agent or Securities Intermediary shall request direction from the Company with respect to any action, the Collateral Agent or the Securities Intermediary shall be entitled to refrain from such action unless and until such agent shall have received written direction from the Company, and the agent shall not incur liability to any Person by reason of so refraining.

SECTION 8.6 Rights in Other Capacities.

The Collateral Agent and the Securities Intermediary and their affiliates may (without having to account therefore to the Company) accept deposits from, lend money to, make their investments in and generally engage in any kind of banking, trust or other business with the Note Purchase Contract Agent, any other Person interested herein and any Holder of Contingent Convertible Units (and any of their respective subsidiaries or affiliates) as if it were not acting as the Collateral Agent or the Securities Intermediary, as the case may be, and the Collateral Agent, the Securities Intermediary and their affiliates may accept fees and other consideration from the Note Purchase Contract Agent and any Holder of Contingent Convertible Units without having to account for the same to the Company; *provided* that each of the Securities Intermediary and the Collateral Agent covenants and agrees with the Company that it shall not accept, receive or permit there to be created in favor of itself and shall take no affirmative action to permit there to be created in favor of any other Person, any security interest, lien or other encumbrance of any kind in or upon the Collateral other than the lien created by the Pledge.

SECTION 8.7 Non-reliance on Collateral Agent and Securities Intermediary.

Neither the Securities Intermediary nor the Collateral Agent shall be required to keep itself informed as to the performance or observance by the Note Purchase Contract Agent or any Holder of Contingent Convertible Units of this Agreement, the Note Purchase Contract Agreement, the Contingent Convertible Units or any other document referred to or provided for herein or therein or to inspect the properties or books of the Note Purchase Contract Agent or any Holder of Contingent Convertible Units. Neither the Collateral Agent nor the Securities Intermediary shall have any duty or responsibility to provide the Company with any credit or other information concerning the affairs, financial condition or business of the Note Purchase Contract Agent or any Holder of Contingent Convertible Units (or any of their respective affiliates) that may come into the possession of the Collateral Agent or the Securities Intermediary or any of their respective affiliates.

SECTION 8.8 Compensation and Indemnity.

The Company agrees to:

(a) pay the Collateral Agent and the Securities Intermediary from time to time such compensation as shall be agreed in writing between the Company and the Collateral Agent or the Securities Intermediary, as the case may be, for all services rendered by them hereunder;

Pledge Agreement

(b) indemnify and hold harmless the Collateral Agent, the Securities Intermediary and each of their respective directors, officers, agents and employees (collectively, the "Indemnitees"), from and against any and all claims, actions, suits, liabilities, losses, damages, fines, penalties and expenses (including reasonable fees and expenses of counsel) and taxes (other than those based upon, determined by or measured by the income of the Collateral Agent and Securities Intermediary) of any kind and nature, whatsoever (collectively, "Losses" and individually, a "Loss") that may be imposed on, incurred by, or asserted against, the Indemnitees or any of them for following any instructions or other directions upon which either the Collateral Agent or the Securities Intermediary is entitled to rely pursuant to the terms of this Agreement, provided that the Collateral Agent or the Securities Intermediary has not acted with gross negligence or engaged in willful misconduct with respect to the specific Loss against which indemnification is sought; and

(c) in addition to and not in limitation of paragraph (b) immediately above, indemnify and hold the Indemnitees and each of them harmless from and against any and all Losses that may be imposed on, incurred by or asserted against, the Indemnitees or any of them in connection with or arising out of the Collateral Agent's or the Securities Intermediary's acceptance or performance of its powers and duties under this Agreement, provided that the Collateral Agent or the Securities Intermediary has not acted with gross negligence or engaged in willful misconduct with respect to the specific Loss against which indemnification is sought.

The provisions of this Section and Section 10.7 shall survive the resignation or removal of the Collateral Agent or Securities Intermediary and the termination of this Agreement.

SECTION 8.9 Failure to Act.

In the event of any ambiguity in the provisions of this Agreement or any dispute between or conflicting claims by or among the parties hereto or any other Person with respect to any funds or property deposited hereunder, then at its sole option, each of the Collateral Agent and the Securities Intermediary shall be entitled, after prompt notice to the Company and the Note Purchase Contract Agent, to refuse to comply with any and all claims, demands or instructions with respect to such property or funds so long as such dispute or conflict shall continue, and the Collateral Agent and the Securities Intermediary shall not be or become liable in any way to any of the parties hereto for its failure or refusal to comply with such conflicting claims, demands or instructions. The Collateral Agent and the Securities Intermediary shall be entitled to refuse to act until either:

(a) such conflicting or adverse claims or demands shall have been finally determined by a court of competent jurisdiction or settled by agreement between the conflicting parties as evidenced in a writing satisfactory to the Collateral Agent or the Securities Intermediary; or

(b) the Collateral Agent or the Securities Intermediary shall have received security or an indemnity satisfactory to it sufficient to save it harmless from and against any and all loss, liability or reasonable out-of-pocket expense which it may incur by reason of its acting.

Pledge Agreement

Notwithstanding anything contained herein to the contrary, neither the Collateral Agent nor the Securities Intermediary shall be required to take any action that is contrary to law or to the terms of this Agreement, or which would in its opinion subject it or any of its officers, employees or directors to liability.

SECTION 8.10 Resignation of Collateral Agent and Securities Intermediary.

Subject to the appointment and acceptance of a successor Collateral Agent or Securities Intermediary as provided below:

(i) the Collateral Agent and the Securities Intermediary may resign at any time by giving notice thereof to the Company and the Note Purchase Contract Agent as attorney-in-fact for the Holders of Contingent Convertible Units;

(ii) the Collateral Agent and the Securities Intermediary may be removed at any time by the Company; and

(iii) the Collateral Agent or the Securities Intermediary fails to perform any of its material obligations hereunder in any material respect for a period of not less than 20 days after receiving written notice of such failure by the Note Purchase Contract Agent, and such failure shall be continuing, the Collateral Agent and the Securities Intermediary may be removed by the Note Purchase Contract Agent, acting at the direction of the Holders of a majority in number of the Contingent Convertible Units.

The Note Purchase Contract Agent shall promptly notify the Company of any removal of the Collateral Agent or the Securities Intermediary pursuant to clause (iii) of this Section 8.10. Upon any such resignation or removal, the Company shall have the right to appoint a successor Collateral Agent or Securities Intermediary, as the case may be. If no successor Collateral Agent or Securities Intermediary shall have been so appointed and shall have accepted such appointment within 30 days after the retiring Collateral Agent's or Securities Intermediary's giving of notice of resignation or the Company's or the Note Purchase Contract Agent's giving notice of such removal, then the retiring or removed Collateral Agent or Securities Intermediary may petition any court of competent jurisdiction, at the expense of the Company, for the appointment of a successor Collateral Agent or Securities Intermediary. The Collateral Agent and the Securities Intermediary shall each be a bank, trust company or national banking association with a combined capital and surplus of at least U.S.\$50,000,000. Upon the acceptance of any appointment as Collateral Agent or Securities Intermediary hereunder by a successor Collateral Agent or Securities Intermediary, as the case may be, such successor Collateral Agent or Securities Intermediary, as the case may be, shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Collateral Agent or Securities Intermediary, as the case may be, and the retiring Collateral Agent or Securities Intermediary, as the case may be, shall take all appropriate action, subject to payment of any amounts then due and payable to it hereunder, to transfer any money and property held by it hereunder (including the Collateral) to such successor. The retiring Collateral Agent or Securities Intermediary shall, upon such succession, be discharged from its duties and obligations as Collateral Agent or Securities Intermediary hereunder. After any retiring Collateral Agent's or Securities Intermediary's resignation hereunder as Collateral Agent or Securities Intermediary, the provisions of this Article VIII shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as the Collateral Agent or Securities Intermediary. Any resignation or removal of the Collateral Agent or

Securities Intermediary hereunder, at a time when such Person is acting as the Collateral Agent and Securities Intermediary, shall be deemed for all purposes of this Agreement as the simultaneous resignation or removal of the Collateral Agent and Securities Intermediary, as the case may be.

SECTION 8.11 Right to Appoint Agent or Advisor.

The Collateral Agent and Securities Intermediary each shall have the right to appoint agents or advisors in connection with any of their respective duties hereunder, and the Collateral Agent and Securities Intermediary shall not be liable for any action taken or omitted by, or in reliance upon the advice of, such agents or advisors selected in good faith. The appointment of agents pursuant to Section 8.11 shall be subject to prior written consent of the Company, which consent shall not be unreasonably withheld.

SECTION 8.12 Survival.

The provisions of this Article VIII shall survive termination of this Agreement and the resignation or removal of the Collateral Agent or the Securities Intermediary.

SECTION 8.13 Exculpation.

Anything contained in this Agreement to the contrary notwithstanding, in no event shall the Collateral Agent or the Securities Intermediary or their officers, directors, employees or agents be liable under this Agreement to any third party for indirect, special, punitive, or consequential loss or damage of any kind whatsoever, including, but not limited to, lost profits, whether or not the likelihood of such loss or damage was known to the Collateral Agent or the Securities Intermediary, or any of them.

ARTICLE IX

AMENDMENT

SECTION 9.1 Amendment without Consent of Holders.

Without the consent of any Holders, the Company, when duly authorized by a Board Resolution, the Collateral Agent, the Securities Intermediary and the Note Purchase Contract Agent, at any time and from time to time, may amend this Agreement, in form satisfactory to the Company, the Collateral Agent, the Securities Intermediary and the Note Purchase Contract Agent, to:

(a) cure any ambiguity, omission, defect or inconsistency in this Agreement;

(b) provide for the assumption by a surviving or successor corporation of the Company's obligations under this Agreement or evidence and provide for the acceptance of appointment of a successor Collateral Agent, Securities Intermediary or Note Purchase Contract Agent;

Pledge Agreement

(c) add to the covenants of the Company for the benefit of the Holders or surrender any right or power conferred upon the Company;

(d) make any change that does not materially adversely affect the rights of any Holder; and

(e) conform the terms of this Agreement to the description thereof in the Preliminary Offering Memorandum, as supplemented by the Pricing Term Sheet.

SECTION 9.2 Amendment with Consent of Holders.

With the consent of the Holders of not less than a majority in number of the Contingent Convertible Units at the time outstanding, including without limitation the consent of the Holders obtained in connection with a tender or an exchange offer, by Act of such Holders delivered to the Company, the Note Purchase Contract Agent, the Securities Intermediary and the Collateral Agent, as the case may be, the Company, when duly authorized by a Board Resolution, the Note Purchase Contract Agent, the Securities Intermediary and the Collateral Agent may amend this Agreement for the purpose of modifying in any manner the provisions of this Agreement or the rights of the Holders in respect of the Contingent Convertible Units; *provided, however*, that no such supplemental agreement shall, without the consent of the Holders of each outstanding Contingent Convertible Unit affected thereby:

(a) reduce the amount of Note Purchase Contracts whose Holders must consent to an amendment or waiver;

(b) make any change in provisions of this Agreement entitling each Holder to purchase Notes on the Note Purchase Date or to the return on the Note Purchase Date of their respective interests in any Excess Initial Proceeds and, in the case of Contingent Convertible Units that are not exercised, the Treasury Maturity Cash Proceeds, or to bring suit to enforce such payment or delivery;

(c) change the amount or type of securities to be held in the Securities Account or otherwise adversely affect the Holder's rights in or to the Treasury Securities and any Excess Initial Proceeds in the Securities Account (including under provisions governing the termination of the Note Purchase Contracts and release of the related collateral); or

(d) otherwise effect any action that would require the consent of the Holder of each outstanding Contingent Convertible Unit affected thereby pursuant to the Note Purchase Contract Agreement if such action were effected by a modification or amendment of the provisions of the Note Purchase Contract Agreement.

It shall not be necessary for any Act of Holders under this Section to approve the particular form of any proposed amendment, but it shall be sufficient if such Act shall approve the substance thereof.

Pledge Agreement

SECTION 9.3 Execution of Amendments.

In executing any amendment permitted by this Article, the Collateral Agent, the Securities Intermediary and the Note Purchase Contract Agent shall be entitled to receive and (subject to Section 5.01 of the Note Purchase Contract Agreement with respect to the Note Purchase Contract Agent) shall be fully authorized and protected in relying upon, an Opinion of Counsel and an officers' certificate stating that the execution of such amendment is authorized or permitted by this Agreement and that all conditions precedent, if any, to the execution and delivery of such amendment have been satisfied. The Collateral Agent, Securities Intermediary and Note Purchase Contract Agent may, but shall not be obligated to, enter into any such amendment which affects their own respective rights, duties or immunities under this Agreement or otherwise.

SECTION 9.4 Effect of Amendments.

Upon the execution of any amendment under this Article, this Agreement shall be modified in accordance therewith, and such amendment shall form a part of this Agreement for all purposes; and every Holder of Certificates theretofore or thereafter authenticated, executed on behalf of the Holders and delivered under the Note Purchase Contract Agreement shall be bound thereby.

SECTION 9.5 Reference of Amendments.

Contingent Convertible Units authenticated, executed on behalf of the Holders and delivered after the execution of any amendment pursuant to this Section may, and shall, if required by the Collateral Agent or the Note Purchase Contract Agent, bear a notation as to any matter provided for in such amendment. If the Company shall so determine, new Contingent Convertible Units so modified as to conform, to any such amendment may be prepared and executed by the Company and authenticated, executed on behalf of the Holders and delivered by the Note Purchase Contract Agent in accordance with the Note Purchase Contract Agreement in exchange for outstanding Contingent Convertible Units.

ARTICLE X

SECTION 10.1 No Waiver.

No failure on the part of the Company, the Collateral Agent, the Securities Intermediary or any of their respective agents to exercise, and no course of dealing with respect to, and no delay in exercising, any right, power or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by the Company, the Collateral Agent, the Securities Intermediary or any of their respective agents of any right, power or remedy hereunder preclude any other or further exercise thereof or the exercise of any other right, power or remedy. The remedies herein are cumulative and are not exclusive of any remedies provided by law.

(b) Each of the parties hereto and the Holders of Contingent Convertible Units, acting through the Note Purchase Contract Agent as their attorney-in-fact hereby:

(i) agrees that any suit, action or proceeding against it arising out of or relating to this Agreement, as the case may be, may be instituted in any U.S. Federal or State court located in the State of New York, County of New York and in the courts of its own corporate domicile, in respect of actions brought against the relevant party as a defendant,

(ii) waives to the fullest extent permitted by applicable law, any objection which it may now or hereafter have to the laying of venue of any such suit, action or proceeding, any claim that any suit, action or proceeding in such a court has been brought in an inconvenient forum, and any right to which it may be entitled, on account of place of residence or domicile,

(iii) irrevocably submits to the jurisdiction of such courts in any suit, action or proceeding and waives the right to challenge such submission in any other jurisdiction that it may be entitled by reason of its present or future domicile or other reason,

(iv) agrees that final judgment in any such suit, action or proceeding brought in such a court shall be conclusive and binding may be enforced in the courts of the jurisdiction of which it is subject by a suit upon judgment, and

(v) agrees that service of process by mail to the addresses specified herein shall constitute personal service of such process on it in any such suit, action or proceeding.

The Company hereby represents and warrants that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Company agrees to take any and all action, including the filing of any and all documents, that may be necessary to continue each such appointment in full force and effect as aforesaid so long as the Contingent Convertible Units remain outstanding. The Company agrees that the appointment of

the Authorized Agent shall be irrevocable so long as any of the Contingent Convertible Units remain outstanding or until the irrevocable appointment by the Company of a successor agent in The City of New York, New York as authorized agent for such purpose and the acceptance of such appointment by such successor. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon the Issuer.

(d) To the extent that the Company has or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Company hereby irrevocably waives and agrees not to plead or claim such immunity in respect of its obligations under this Agreement.

(e) Nothing in this Section 10.2 shall affect the right of the Note Purchase Contract Agent, the Collateral Agent, the Securities Intermediary or any Holder of the Contingent Convertible Units to serve process in any other manner permitted by law

SECTION 10.3 Notices.

Any notice or communication among the Company, the Collateral Agent, the Securities Intermediary and the Note Purchase Contract Agent to any of the others is duly given if in writing and delivered in person or mailed by first-class mail, with postage prepaid (registered or certified, return receipt requested), or sent by facsimile or overnight air couriers guaranteeing next day delivery, to the other's address as stated below in this Section 10.3. The Company, the Collateral Agent, the Securities Intermediary or the Note Purchase Contract Agent by notice to each of the others may designate additional or different addresses for subsequent notices or communications. The Collateral Agent, the Securities Intermediary and the Note Purchase Contract Agent may rely upon and comply with instructions or directions sent via unsecured facsimile or email transmission and the Collateral Agent, the Securities Intermediary and the Note Purchase Contract Agent shall not be liable for any loss, liability or expense of any kind incurred by the Company or the Holders due to the Collateral Agent's, the Security Intermediary's or the Note Purchase Contract Agent's reliance upon and compliance with instructions or directions given by unsecured facsimile or email transmission, provided, however, that such losses have not arisen from the negligence or willful misconduct of the Collateral Agent, the Securities Intermediary or the Note Purchase Contract Agent, it being understood that the failure of the Collateral Agent, the Securities Intermediary or the Note Purchase Contract Agent to verify or confirm that the person providing the instructions or directions, is, in fact, an authorized person does not constitute negligence or willful misconduct.

All notices and communications (other than those sent to Holders) shall be deemed to have been duly given at the time delivered by hand, if personally delivered; five Business Days after being deposited in the mail, postage prepaid, if mailed; when transmission is confirmed, if transmitted by facsimile; and the next Business Day after timely delivery to the courier, if sent by overnight air courier guaranteeing next day delivery. Notwithstanding the foregoing, all notices to the Note Purchase Contract Agent, the Collateral Agent or the Securities Intermediary shall be effective only upon receipt by a Responsible Officer of the Note Purchase Contract Agent, the Collateral Agent or the Securities Intermediary, as applicable.

SECTION 10.7 Expenses, Etc.

The Company agrees to reimburse the Collateral Agent and the Securities Intermediary for:

(a) all reasonable costs and expenses of the Collateral Agent and the Securities Intermediary (including, without limitation, the reasonable fees and expenses of counsel to the Collateral Agent and the Securities Intermediary), in connection with (i) the negotiation, preparation, execution and delivery or performance of this Agreement and (ii) any amendment to, modification, supplement or waiver of any of the terms of this Agreement;

(b) all reasonable costs and expenses of the Collateral Agent and the Securities Intermediary (including, without limitation, reasonable fees and expenses of counsel) in connection with (i) any enforcement or proceedings resulting or incurred in connection with causing any Holder of Contingent Convertible Units to satisfy its obligations under the Note Purchase Contracts forming a part of the Contingent Convertible Units and (ii) the enforcement of this Section 10.7;

(c) all transfer, stamp, documentary or other similar taxes, assessments or charges levied by any governmental or revenue authority in respect of this Agreement or any other document referred to herein and all costs, expenses, taxes, assessments and other charges incurred in connection with any filing, registration, recording or perfection of any security interest contemplated hereby;

SECTION 10.9 Notice of Termination.

Upon the termination of the Note Purchase Contracts, the Company shall deliver an Automatic Termination Notice or a Tax Termination Notice to the Note Purchase Contract Agent, the Collateral Agent and the Securities Intermediary in accordance with Section 3.08 or Section 3.09 of the Note Purchase Contract Agreement, as applicable. Upon the written request of the Collateral Agent or the Securities Intermediary, the Company shall inform such party whether or not the Note Purchase Contracts have been terminated.

SECTION 10.10 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Company under or in connection with the Contingent Convertible Units or this Agreement, including damages. To the greatest extent permitted under applicable law, any amount received or recovered in currency other than U.S. Legal Tender in respect of the Contingent Convertible Units (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Company or otherwise) by any Holder in respect of any sum expressed to be due to it from the Company shall only constitute a discharge of them under the Contingent Convertible Units and this Agreement only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). To the greatest extent permitted under applicable law, if that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Contingent Convertible Units or this Agreement, the Company shall indemnify and hold harmless the recipient against any loss or cost sustained by it in making any such purchase to the greatest extent permitted under applicable law. For the purposes of this Section 10.10, it will be sufficient for the Holder to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Company contained in this Section 10.10, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Company under this Agreement and the Contingent Convertible Units; (ii) shall give rise to a separate and independent cause of action against the Company; (iii) shall apply irrespective of any waiver granted by any Holder, the Note Purchase Contract Agent or the Collateral Agent from time to time; (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order; and (v) may not be enforceable under Mexican law.

SECTION 10.11 Incorporation by Reference.

In connection with its execution and performance hereunder the Note Purchase Contract Agent is entitled to all rights, privileges, protections, immunities, benefits and indemnities provided to them under the Note Purchase Contract Agreement.

SECTION 10.12 No Adverse Interpretation of Other Agreements.

This Agreement may not be used to interpret another agreement, indenture, loan or debt agreement of the Company or a Subsidiary of the Company. Any such other agreement, indenture, loan or debt agreement may not be used to interpret this Agreement.

SECTION 10.13 USA PATRIOT ACT.

The parties hereto acknowledge that, in accordance with Section 326 of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (as amended, modified or supplemented from time to time, the "USA Patriot Act"), the Securities Intermediary, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. Each Note shall be dated the date of its authentication.

(d) Notes originally offered and sold to QIBs in reliance on Rule 144A will be issued in the form of one or more permanent Global Notes (each, a "Rule 144A Global Note"). Each Rule 144A Global Note shall be deposited on behalf of the purchasers of the Notes represented thereby with the Note Custodian and registered in the name of DTC or its nominee, for credit to the accounts maintained at DTC. In no event shall any Person hold an interest in a Rule 144A Global Note other than in or through accounts maintained at DTC.

(e) Notes originally offered and sold outside the United States in reliance on Regulation S will be issued in the form of one or more permanent Global Notes (each, a “Regulation S Global Note”). Each Regulation S Global Note shall be deposited on behalf of the purchasers of the Notes represented thereby with the Note Custodian and registered in the name of DTC or its nominee, for credit to the accounts maintained at DTC by or on behalf of Euroclear or Clearstream. In no event shall any Person hold an interest in a Regulation S Global Note other than in or through accounts maintained at DTC by or on behalf of Euroclear or Clearstream.

Section 2.2 Execution and Authentication.

(a) Any Officer of the Issuer may sign the Notes for the Issuer by manual or facsimile signature. If an Officer whose signature is on a Note no longer holds that office at the time the Trustee authenticates the Note, the Note shall be valid nevertheless.

(b) A Note shall not be valid until manually authenticated by an authorized signatory of the Trustee or an agent appointed by the Trustee (and reasonably acceptable to the Issuer) for such purpose (an “Authenticating Agent”). The signature of an authorized signatory of the Trustee or an Authenticating Agent on a Note shall be conclusive evidence that such Note has been duly and validly authenticated and issued under this Indenture. Unless limited by the terms of its appointment, an Authenticating Agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by an Authenticating Agent.

(c) At any time and from time to time after the execution and delivery of this Indenture, the Trustee shall authenticate and make available for delivery Notes upon a written order of the Issuer signed by an Officer of the Issuer (the “Issuer Order”). An Issuer Order shall specify the amount of the Notes to be authenticated and the date on which the original issue of Notes is to be authenticated.

(d) In case a Successor Issuer has executed an indenture supplemental hereto with the Trustee pursuant to Article IV, any of the Notes authenticated or delivered prior to such transaction may, from time to time, at the request of the Successor Issuer be exchanged for other Notes executed in the name of the Successor Issuer with such changes in phraseology and form as may be appropriate, but otherwise identical to the Notes surrendered for such exchange and of like principal amount; and the Trustee, upon Issuer Order of the Successor Issuer, shall authenticate and deliver Notes as specified in such order for the purpose of such exchange. If Notes shall at any time be authenticated and delivered in any new name of a Successor Issuer pursuant to this Section 2.2 in exchange or substitution for or upon registration of transfer of any Notes, such Successor Issuer, at the option of the Holders but without expense to them, shall provide for the exchange of all Notes at the time Outstanding for Notes authenticated and delivered in such new name.

Section 2.3 Registrar, Paying Agent and Transfer Agent.

(a) The Issuer shall maintain an office or agency in the Borough of Manhattan, City of New York, that shall keep a register of the Notes (the “Note Register”) and of

their transfer and exchange (the “Registrar”), where Notes may be presented or surrendered for registration of transfer or for exchange (the “Transfer Agent”), where Notes may be presented for payment (the “Paying Agent”) and for the service of notices and demands to or upon the Issuer in respect of the Notes and this Indenture. The Issuer may have one or more co-Registrars and one or more additional paying agents. The term “Paying Agent” includes any additional paying agent. In addition, the Issuer shall maintain a Paying Agent in a member state of the European Union as required by Section 3.21(g).

(b) The Issuer shall enter into an appropriate agency agreement with any Registrar, Paying Agent or co-Registrar not a party to this Indenture. The agreement shall implement the provisions of this Indenture that relate to such agent. The Issuer shall notify the Trustee of the name and address of each such agent. If the Issuer fails to maintain a Registrar or Paying Agent, the Trustee shall act as such and shall be entitled to appropriate compensation therefor pursuant to Section 7.7. The Issuer or any Affiliate of the Issuer may act as Paying Agent, Registrar or co-Registrar, or transfer agent.

(c) The Issuer initially designates the Corporate Trust Office of the Trustee as such office or agency of the Issuer as required by Section 2.3(a) and appoints the Trustee as Registrar, Paying Agent, Transfer Agent and agent for service of demands and notices in connection with the Notes and this Indenture, until such time as another Person is appointed as such.

Section 2.4 Paying Agent to Hold Money in Trust.

The Issuer shall require each Paying Agent (other than the Trustee) to agree in writing that such Paying Agent shall hold in trust for the benefit of Holders or the Trustee all money held by such Paying Agent for the payment of principal of or interest on the Notes and shall notify the Trustee in writing of any Default by the Issuer or any Note Guarantor in making any such payment. If the Issuer or an Affiliate of the Issuer acts as Paying Agent, it shall segregate the money held by it as Paying Agent and hold it as a separate trust fund. The Issuer at any time may require a Paying Agent (other than the Trustee) to pay all money held by it to the Trustee and to account for any funds disbursed by such Paying Agent. Upon complying with this Section 2.4, the Paying Agent (if other than the Issuer or any Affiliate of the Issuer) shall have no further liability for the money delivered to the Trustee. Upon any proceeding under any Bankruptcy Law with respect to the Issuer or any Affiliate of the Issuer, if the Issuer or such Affiliate is then acting as Paying Agent, the Trustee shall replace the Issuer or such Affiliate as Paying Agent.

Section 2.5 Holder Lists. The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. At any time that the Trustee is not the Registrar the Issuer shall furnish to the Trustee, in writing at least seven Business Days before each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of Holders.

Section 2.6 CUSIP Numbers.

The Issuer in issuing Notes may use “CUSIP” numbers, as applicable (if then generally in use), and, if so, the Trustee shall use for the Securities “CUSIP” number in notices to the Holders as a convenience to such Holders; *provided*, that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Notes or as contained in any notice and that reliance may be placed only on the other identification numbers printed on the Notes, and any such notice shall not be affected by any defect in or omission of such numbers. The Issuer will promptly notify the Trustee in writing of any changes in the “CUSIP” numbers.

Section 2.7 Global Note Provisions.

(a) Each Global Note initially shall: (i) be registered in the name of DTC or the nominee of DTC, (ii) be delivered to the Note Custodian and (iii) bear the appropriate legends as set forth in Section 2.8 and Exhibit A hereto. Any Global Note may be represented by one or more certificates. The aggregate principal amount of each Global Note may from time to time be increased or decreased by adjustments made on the records of the Note Custodian, as provided in this Indenture.

(b) Except as provided in clause (iii) of Section 2.7(c), members of, or participants in, DTC (“Agent Members”) shall have no rights under this Indenture with respect to any Global Note held on their behalf by DTC or by the Note Custodian, and DTC may be treated by the Issuer, any Note Guarantor, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar and any of their respective agents as the absolute owner of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall (i) prevent the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar or any of their respective agents from giving effect to any written certification, proxy or other authorization furnished by DTC or (ii) impair, as between DTC and its Agent Members, the operation of customary practices of DTC governing the exercise of the rights of an owner of a beneficial interest in any Global Note. The registered Holder of a Global Note may grant proxies and otherwise authorize any person, including DTC, or its nominee, Agent Members and persons that may hold interests through Agent Members, to take any action that a Holder is entitled to take under this Indenture or the Notes.

(c) Except as provided in this Section 2.7(c), owners of beneficial interests in Global Notes will not be entitled to receive Certificated Notes in exchange for such beneficial interests.

- (i) Certificated Notes shall be issued to all owners of beneficial interests in a Global Note in exchange for such beneficial interests if (A) DTC notifies the Issuer that it is unwilling or unable to continue as depository for such Global Note or (B) DTC ceases to be a clearing agency registered under the Exchange Act, at a time when DTC is required to be so registered in order to act as depository, and in each case a successor depository is not appointed by the Issuer within 90 days of such notice. In connection with the exchange of an entire Global Note for Certificated Notes pursuant to this clause (i) of this Section 2.7(c), such Global Note shall be deemed to be surrendered to

the Trustee for cancellation, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and deliver to each beneficial owner identified by DTC in exchange for its beneficial interest in such Global Note, an equal aggregate principal amount of Certificated Notes of authorized denominations, and the Registrar shall register such exchanges in the Note Register.

- (ii) The owner of a beneficial interest in a Global Note will be entitled to receive Certificated Notes in exchange for such interest if an Event of Default has occurred and is continuing. If an Event of Default has occurred and is continuing, upon receipt by the Registrar of instructions from Agent Members through DTC on behalf of the owner of a beneficial interest in a Global Note directing the Registrar to exchange such beneficial owner's beneficial interest in such Global Note for Certificated Notes, subject to and in accordance with the Applicable Procedures, the Issuer shall promptly execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to such beneficial owner, Certificated Notes in a principal amount equal to such beneficial interest in such Global Note.
- (iii) If (A) an event described in clause (i) of Section 2.7(c) occurs and Certificated Notes are not issued promptly to all beneficial owners or (B) the Registrar receives from a beneficial owner the instructions described in clause (ii) of Section 2.7(c) and Certificated Notes are not issued promptly to any such beneficial owner, the Issuer expressly acknowledges, with respect to the right of any Holder to pursue a remedy pursuant to Section 6.6 hereof, the right of any beneficial owner of Notes to pursue such remedy with respect to the portion of the Global Note that represents such beneficial owner's Notes as if such Certificated Notes had been issued.

Section 2.8 Legends.

(a) Each Global Note shall bear the legend specified therefor in Exhibit A hereto on the face thereof.

(b) Each Restricted Note shall bear the private placement legend specified therefor in Exhibit A hereto on the face thereof (the "Private Placement Legend").

(c) Each Note shall bear the Mexican law legend specified therefor in Exhibit A hereto on the face thereof.

Section 2.9 Transfer and Exchange.

(a) Transfers of Beneficial Interests in a Rule 144A Global Note. If the owner of a beneficial interest in a Rule 144A Global Note that is a Restricted Note wishes to transfer such interest (or portion thereof) pursuant to Rule 144 (if available) or to a Non-U.S. Person pursuant to Regulation S:

- (i) upon receipt by the Registrar of:
 - (A) instructions from an Agent Member given to DTC in accordance with the Applicable Procedures directing DTC to credit or cause to be credited a beneficial interest in the Regulation S Global Note in a principal amount equal to the principal amount of the beneficial interest to be transferred,
 - (B) instructions given in accordance with the Applicable Procedures containing information regarding the account to be credited with such increase, and
 - (C) a certificate in the form of Exhibit B or Exhibit C hereto, as applicable, duly executed by the transferor;
- (ii) the Note Custodian shall increase the Regulation S Global Note and decrease the Rule 144A Global Note in accordance with the foregoing, and the Registrar shall register the transfer in the Note Register.

(b) Transfers of Beneficial Interests in a Regulation S Global Note. Subject to the Applicable Procedures, the following provisions shall apply with respect to any proposed transfer of an interest in a Regulation S Global Note that is a Restricted Note:

If the owner of a beneficial interest in a Regulation S Global Note that is a Restricted Note wishes to transfer such interest (or a portion thereof) to a QIB pursuant to Rule 144A:

- (A) upon receipt by the Registrar of:
 - (1) instructions from an Agent Member given to DTC in accordance with the Applicable Procedures directing DTC to credit or cause to be credited a beneficial interest in the Rule 144A Global Note in a principal amount equal to the principal amount of the beneficial interest to be transferred,
 - (2) instructions given in accordance with the Applicable Procedures containing information regarding the account to be credited with such increase, and
 - (3) a certificate in the form of Exhibit D hereto, duly executed by the transferor;
- (B) the Note Custodian shall increase the Rule 144A Global Note and decrease the Regulation S Global Note in accordance with the foregoing, and the Registrar shall register the transfer in the Note Register.

(c) Other Transfers. Any registration of transfer of Restricted Notes (including Certificated Notes) not described above (other than a transfer of a beneficial interest in a Global Note that does not involve an exchange of such interest for a Certificated Note or a beneficial interest in another Global Note, which must be effected in accordance with applicable law and the Applicable Procedures, but is not subject to any procedure required by this Indenture) shall be made only upon receipt by the Registrar of such Opinions of Counsel, certificates and such other evidence reasonably required by and satisfactory to it in order to ensure compliance with the Securities Act or in accordance with Section 2.9(d).

(d) Use and Removal of Private Placement Legends. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) not bearing (or not required to bear upon such transfer, exchange or replacement) a Private Placement Legend, the Note Custodian and Registrar shall exchange such Notes (or beneficial interests) for beneficial interests in a Global Note or Certificated Notes if they have been issued pursuant to Section 2.7(c) that does not bear a Private Placement Legend. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) bearing a Private Placement Legend, the Note Custodian and Registrar shall deliver only Notes (or beneficial interests in a Global Note) that bear a Private Placement Legend unless:

- (i) such Notes (or beneficial interests) are transferred pursuant to Rule 144 upon delivery to the Registrar of a certificate of the transferor in the form of Exhibit C hereto, and an Opinion of Counsel reasonably satisfactory to the Registrar;
- (ii) such Notes (or beneficial interests) are transferred, replaced or exchanged after the Resale Restriction Termination Date therefor and, in the case of any such Restricted Notes, the Issuer has complied with the applicable procedures for delegending in accordance with Section 2.9(h); or
- (iii) in connection with such registration of transfer, exchange or replacement the Registrar shall have received an Opinion of Counsel, certificates and such other evidence reasonably satisfactory to the Issuer and the Registrar to the effect that neither such Private Placement Legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

The Holder of a Global Note bearing a Private Placement Legend may exchange an interest therein for an equivalent interest in a Global Note not bearing a Private Placement Legend upon transfer of such interest pursuant to this Section 2.9(d).

(e) Consolidation of Global Notes and Exchange of Certificated Notes for Beneficial Interests in Global Notes. If a Global Note not bearing a Private Placement Legend is Outstanding at the time of a removal of legends pursuant to Section 2.9(h), any interests in a Global Note delegendated pursuant to Section 2.9(h) shall be exchanged for interests in such Outstanding Global Note, subject to the proviso at the end of Section 2.14(a).

(f) Retention of Documents. The Registrar and the Trustee shall retain copies of all letters, notices and other written communications received pursuant to this Article II and in accordance with the Trustee's, or if different, the Registrar's, record retention procedures. The Issuer shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Registrar or the Trustee, as the case may be.

(g) General Provisions Relating to Transfers and Exchanges.

- (i) Subject to the other provisions of this Section 2.9, when Notes are presented to the Registrar or a co-Registrar with a request to register the transfer of such Notes or to exchange such Notes for an equal principal amount of Notes of other authorized denominations, the Registrar or co-Registrar shall register the transfer or make the exchange as requested if its requirements for such transaction are met; *provided*, that any Notes presented or surrendered for registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar or co-Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.
- (ii) To permit registrations of transfers and exchanges and subject to the other terms and conditions of this Article II, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, Certificated Notes and Global Notes, as applicable, at the Registrar's or co-Registrar's request.
- (iii) No service charge shall be made to a Holder for any registration of transfer or exchange, but the Issuer and the Trustee may require payment of a sum sufficient to cover any transfer tax, assessments, or similar governmental charge payable in connection therewith (other than any such transfer taxes, assessments or similar governmental charges payable upon exchange or transfer pursuant to Section 3.8, Section 3.9, Section 5.1 or Section 9.5).
- (iv) The Registrar or co-Registrar shall not be required to register the transfer of or exchange of (x) any Note for a period beginning (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.
- (v) Prior to the due presentation for registration of transfer of any Note, the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar may deem and treat the Person in whose

name a Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Note and for all other purposes whatsoever, whether or not such Note is overdue, and none of the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar or the Note Custodian shall be affected by notice to the contrary.

- (vi) All Notes issued upon any transfer or exchange pursuant to the terms of this Indenture shall evidence the same debt and shall be entitled to the same benefits under this Indenture as the Notes surrendered upon such transfer or exchange.
- (vii) Subject to Section 2.7 and this Section 2.9, in connection with the exchange of a portion of a Certificated Note for a beneficial interest in a Global Note, the Trustee shall cancel such Certificated Note, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to the exchanging Holder, a new Certificated Note representing the principal amount not so exchanged.

(h) Applicable Procedures for Delegending.

- (i) Promptly after one year has elapsed following (A) the Issue Date or (B) if the Issuer has issued Additional Notes with the same terms and the same CUSIP number as the Issue Date Notes pursuant to this Indenture within one year following the Issue Date, the date of original issuances of such Additional Notes, if the relevant Notes are freely tradable pursuant to Rule 144 under the Securities Act by Holders who are not Affiliates of the Issuer where no conditions of Rule 144 are then applicable (other than the holding period requirement in paragraph (d)(1)(ii) of Rule 144 so long as such holding period requirement is satisfied), the Issuer shall:
 - (1) instruct the Trustee in writing to remove the Private Placement Legend from such Notes, and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from any Global Notes representing such Notes without further action on the part of Holders;
 - (2) notify Holders of such Notes that the Private Placement Legend has been removed or deemed removed; and
 - (3) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

In no event will the failure of the Issuer to provide any notice set forth in this paragraph or of the Trustee to remove the Private Placement Legend constitute a failure by the Issuer to comply with any of its

covenants or agreements set forth in Section 6.1 or otherwise. Any Restricted Note (or security issued in exchange or substitution therefor) as to which such restrictions on transfer shall have expired in accordance with their terms may, upon surrender of such Restricted Note for exchange to the Registrar in accordance with the provisions of Article II of this Indenture, be exchanged for a new Note or Notes, of like tenor and aggregate principal amount, which shall not bear the Private Placement Legend. The Issuer shall notify the Trustee in writing upon occurrence of the Resale Restriction Termination Date for any Note.

- (ii) In the case of a Regulation S Global Note, after the Resale Restriction Termination Date of any such Regulation S Global Note, the Issuer may, at its sole option:
 - (1) instruct the Trustee in writing to remove the Private Placement Legend from such Regulation S Global Note (including setting forth the basis for such removal), and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from such Regulation S Global Note without further action on the part of Holders; and
 - (2) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.
- (iii) Notwithstanding any provision herein to the contrary, in the event that Rule 144 as promulgated under the Securities Act (or any successor rule) is amended to change the one-year holding period thereunder (or the corresponding period under any successor rule), (A) each reference in this Section 2.9(h) to “one year” and in the Private Placement Legend described in Section 2.8(b) and Exhibit A hereto to “ONE YEAR” shall be deemed for all purposes hereof to be references to such changed period, and (B) all corresponding references in this Indenture (including the definition of Resale Restriction Termination Date), the Notes and the Private Placement Legends thereon shall be deemed for all purposes hereof to be references to such changed period; *provided*, that such changes shall not become effective if they are otherwise prohibited by, or would otherwise cause a violation of, the then-applicable federal securities laws; *provided further* that if such change does not apply to existing Notes, all references to “one year” in this Indenture shall not be deemed for all purposes hereof to be references to such changed period. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.

(i) No Obligation of the Trustee.

- (i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Note, Agent Members or any other Persons with respect to the accuracy of the records of DTC or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than DTC) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be DTC or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through DTC, subject to the applicable rules and procedures of DTC. The Trustee may rely and shall be fully protected in relying upon information furnished by DTC with respect to its Agent Members and any beneficial owners.
- (ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

- (i) the requirements of Section 8-405 of the Uniform Commercial Code are met,
- (ii) the Holder satisfies any other reasonable requirements of the Trustee, and
- (iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes.

Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation.

The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of cancelled Notes in accordance with its policy of disposal or upon written request of the Issuer, return to the Issuer all Notes surrendered for registration of transfer, exchange, payment or cancellation. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest.

When any installment of interest becomes overdue (a “Defaulted Interest”), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a “Special Record Date”), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be sent, first-class mail, postage prepaid, to each Holder at such Holder’s address as it appears in the Note Register, not less than ten (10) calendar days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment pursuant to this Section 2.13(b), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder’s address as it appears in the Note Register.

Section 2.14 Additional Notes.

(a) The Issuer may, from time to time, subject to compliance with any other applicable provisions of this Indenture, without the consent of the Holders, create and issue pursuant to this Indenture additional notes (“Additional Notes”) that shall have terms and conditions identical to those of the other Outstanding Notes, except with respect to:

- (i) the Issue Date;

-
- (ii) the amount of interest payable on the first Interest Payment Date therefor;
 - (iii) the issue price; and
 - (iv) any adjustments necessary in order to conform to and ensure compliance with the Securities Act (or other applicable securities laws) and any agreement applicable to such Additional Notes, which are not adverse in any material respect to the Holder of any Outstanding Notes (other than such Additional Notes).

The Issue Date Notes and any Additional Notes shall be treated as a single series for all purposes under this Indenture; *provided* that such Additional Notes are either (i) part of the same “issue” as the Issue Date Notes for U.S. federal income tax purposes, (ii) issued pursuant to a “qualified reopening” for U.S. federal income tax purposes, or (iii) issued with a different CUSIP or other similar numbers than the Issue Date Notes to the extent required to comply with securities or tax law requirements, including to permit delegending pursuant to Section 2.9(h).

(b) With respect to any Additional Notes, the Issuer will set forth in an Officer’s Certificate of the Issuer (the “Additional Note Certificate”), copies of which will be delivered to the Trustee, the following information:

- (i) the aggregate principal amount of such Additional Notes to be authenticated and delivered pursuant to this Indenture;
- (ii) the Issue Date and the issue price of such Additional Notes; and
- (iii) whether such Additional Notes will be subject to transfer restrictions under the Securities Act (or other applicable securities laws).

If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 10:00 a.m. New York City time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust U.S. Legal Tender, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture U.S. Legal Tender

designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) Notwithstanding anything to the contrary contained in this Indenture, the Issuer may, to the extent it is required to do so by law, deduct or withhold income or other similar taxes imposed by the United States of America from principal or interest.

(c) In order to comply with applicable tax laws (inclusive of rules, regulations and interpretations promulgated by competent authorities) related to the Indenture in effect from time to time ("Applicable Tax Law") that a foreign financial institution, issuer, trustee, paying agent or other party is or has agreed to be subject to, the Issuer agrees (i) to provide to the Trustee and the Paying Agent sufficient information about the parties and/or transactions (including any modification to the terms of such transactions) so the Trustee and the Paying Agent can determine whether it has tax related obligations under Applicable Tax Law, (ii) that the Trustee and the Paying Agent shall be entitled to make any withholding or deduction from payments to the extent necessary to comply with Applicable Tax Law for which the Trustee and the Paying Agent shall not have any liability and (iii) to hold harmless the Trustee and the Paying Agent for any losses it may suffer due to the actions it takes to comply with Applicable Tax Law. The terms of this section shall survive the termination of this Indenture.

(d) The Issuer hereby instructs the Trustee to establish an "Issue Date Note Account" for reception of the interest and principal payments for the Issue Date Notes.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation; *provided, however*, that no such designation or rescission shall in any manner relieve the Issuer of its obligation to maintain an office or agency in the City of New York for such purposes. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Issuer will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Issuer or any Restricted

Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Issuer or any Restricted Subsidiary and (ii) all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Issuer or any Restricted Subsidiary; *provided, however*, that the Issuer shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer), are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) Upon the occurrence of a Change of Control, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.\$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon through the date of purchase (the "Change of Control Payment").

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer must send, by first-class mail, a notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a "Change of Control Offer"). The Change of Control Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (ii) deposit with the Paying Agent funds in an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided*, that each new Note shall be in a minimum principal amount of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be cancelled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

- (i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or
- (ii) notice of redemption has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws and regulations in connection with the purchase of Notes in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the “Change of Control” provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness.

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any of the Note Guarantors may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Issuer is greater than or equal to 2.0 to 1.0.

(b) Notwithstanding clause (a) above, the Issuer and/or any of its Restricted Subsidiaries, as applicable, may Incur the following Indebtedness (“Permitted Indebtedness”):

- (ii) Guarantees by (A) any Note Guarantor of Indebtedness of the Issuer or another Note Guarantor permitted under this Indenture and (B) the Issuer of Indebtedness of any Note Guarantor; *provided*, that if any such Guarantee is of Subordinated Indebtedness, then the obligations of the Issuer under the Notes and this Indenture or the Note Guarantee of such Note Guarantor, as applicable, will be senior to the Guarantee of such Subordinated Indebtedness;
- (iii) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries outstanding on the Issue Date (excluding Indebtedness permitted under clauses (v), (vi), (vii) or (x) of this definition of Permitted Indebtedness);
- (iv) Hedging Obligations, Compensation Related Hedging Obligations and any Guarantees thereof and any reimbursement obligations with respect to letters of credit related thereto, in each case entered into by the Issuer and/or any of its Restricted Subsidiaries; *provided*, that upon the drawing of such letters of credit, such obligations are reimbursed within 30 days following such drawing;
- (v) intercompany Indebtedness between the Issuer and any Restricted Subsidiary or between any Restricted Subsidiaries; *provided*, that in

the event that at any time any such Indebtedness ceases to be held by the Issuer or a Restricted Subsidiary, such Indebtedness shall be deemed to be Incurred and not permitted by this clause (v) at the time such event occurs;

- (vi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries arising from (A) the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds in the ordinary course of business; *provided*, that such Indebtedness is extinguished within five Business Days of Incurrence; or (B) any cash pooling or other cash management agreements in place with a bank or financial institution but only to the extent of offsetting credit balances of the Issuer and/or its Restricted Subsidiaries pursuant to such cash pooling or other cash management agreement;
- (vii) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries represented by (A) endorsements of negotiable instruments in the ordinary course of business (excluding an *aval*), (B) documentary credits (including all forms of letter of credit), performance bonds or guarantees, advance payments, bank guarantees, bankers' acceptances, surety or appeal bonds or similar instruments for the account of, or guaranteeing performance by, the Issuer and/or any Restricted Subsidiary in the ordinary course of business, (C) reimbursement obligations with respect to letters of credit in the ordinary course of business, (D) reimbursement obligations with respect to letters of credit and performance Guarantees in the ordinary course of business to the extent required pursuant to the terms of any Investment made pursuant to clause (12) of the definition of "Permitted Investment" and (E) other Guarantees by the Issuer and/or any Restricted Subsidiary in favor of a bank or financial institution in respect of obligations of that bank or financial institution to a third party in an amount not to exceed U.S.\$500 million at any one time outstanding; *provided*, that in the case of clauses (B), (C) and (D), upon the drawing of such letters of credit or the Incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or Incurrence;
- (viii) Refinancing Indebtedness in respect of:
 - (A) Indebtedness (other than Indebtedness owed to the Issuer or any Subsidiary of the Issuer) Incurred pursuant to clause (a) above (it being understood that no Indebtedness outstanding on the Issue Date is Incurred pursuant to such clause (a) above), or
 - (B) Indebtedness Incurred pursuant to clause (i), (ii) or (iii) above or this clause (viii);

-
- (ix) Capitalized Lease Obligations, Sale and Leaseback Transactions, export credit facilities with a maturity of at least one year and Purchase Money Indebtedness of, including Guarantees of any of the foregoing by, the Issuer and/or any Restricted Subsidiary, in an aggregate principal amount at any one time outstanding not to exceed U.S.\$1 billion;
- (x) Indebtedness arising from agreements entered into by the Issuer and/or a Restricted Subsidiary providing for bona fide indemnification, adjustment of purchase price or similar obligations not for financing purposes, in each case, Incurred or assumed in connection with the acquisition or disposition of any business, assets or Capital Stock of a Restricted Subsidiary (including minority interests); *provided*, that in the case of a disposition, the maximum aggregate liability in respect of such Indebtedness shall at no time exceed the gross proceeds actually received by the Issuer and its Restricted Subsidiaries in connection with such disposition;
- (xi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries in an aggregate amount not to exceed U.S.\$1 billion at any one time outstanding; *provided*, that no more than U.S.\$250 million of such Indebtedness at any one time outstanding (excluding any Indebtedness under a Permitted Liquidity Facility) may be Incurred by Restricted Subsidiaries that are not Note Guarantors, which amount shall be increased by the corresponding amount of other Indebtedness of Restricted Subsidiaries other than the Note Guarantors outstanding on the Issue Date and subsequently repaid from time to time but in any event not to exceed U.S.\$500 million at any one time outstanding; *provided, further, however*, that (A) the Issuer and/or any of its Restricted Subsidiaries may Incur Indebtedness under a Permitted Liquidity Facility and (B) in the event that the Issuer and/or any of its Restricted Subsidiaries shall have Incurred Indebtedness under a Permitted Liquidity Facility that increases the amount outstanding at such time pursuant to this clause (xi) in excess of U.S.\$ 1 billion, then up to U.S.\$1.2 billion may be Incurred pursuant to this clause (xi) at any one time outstanding;
- (xii) (A) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries in respect of factoring arrangements or Inventory Financing arrangements or (B) other Indebtedness of the Issuer and/or any of its Restricted Subsidiaries with a maturity of 12 months or less for working capital purposes, not to exceed in the aggregate at any one time (calculated as of the end of the most recent fiscal quarter for which consolidated financial information of the Issuer is available) the greater of:
- (1) The sum of:
- (x) 20% of the net book value of the inventory of the Issuer and its Restricted Subsidiaries and

-
- (y) 20% of the net book value of the accounts receivable of the Issuer and its Restricted Subsidiaries (excluding accounts receivable pledged to secure Indebtedness or subject to a Qualified Receivables Transaction), less, in each case, the amount of any permanent repayments or reductions of commitments in respect of such Indebtedness made with the Net Cash Proceeds of an Asset Sale in order to comply with Section 3.12; or
- (2) U.S.\$350 million;
- (xiii) [Reserved];
- (xiv) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries for taxes levied, assessments due and other governmental charges required to be paid as a matter of law or regulation in the ordinary course of business; *provided*, that such Indebtedness shall be permitted to be Incurred only at such time that the Facilities Agreement (or any refinancing thereof) shall contain an exception to allow the Incurrence of Indebtedness to pay taxes;
- (xv) [Reserved];
- (xvi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries Incurred and/or issued to refinance Qualified Receivables Transactions in existence on the Issue Date;

- (xviii) (A) any Indebtedness that constitutes an Investment that the Issuer and/or any of its Restricted Subsidiaries is contractually committed to Incur as of the Issue Date in any Person (other than a Subsidiary) in which the Issuer or any of its Restricted Subsidiaries maintains an Investment in equity securities; and (B) Guarantees up to U.S.\$100 million in any calendar year by the Issuer and/or any Restricted Subsidiary of Indebtedness of any Person in which the Issuer or any of its Restricted Subsidiaries maintains an equity Investment minus any Investment other than such guarantees in such Person during such calendar year pursuant to clause (17)(b) of the definition of "Permitted Investments."

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

- (i) The Issuer shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.
- (ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to and in compliance with this Section 3.9, the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP. Accrual of interest, the accretion or amortization of original issue discount, the payment of regularly scheduled interest in the form of additional Indebtedness of the same instrument or the payment of regularly scheduled dividends on Disqualified Capital Stock in the form of additional Disqualified Capital Stock with the same terms will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 3.9. For purposes of determining compliance with this Section 3.9, mark-to-market fluctuations of hedging obligations or derivatives outstanding on the Issue Date shall not constitute Incurrence of Indebtedness.
- (iii) For purposes of determining compliance with this Section 3.9, the principal amount of Indebtedness denominated in foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided*, that if such Indebtedness is Incurred to refinance other Indebtedness denominated in foreign currency, and such refinancing would cause the applicable restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.
- (iv) For purposes of determining compliance with this Section 3.9:
 - (A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including,

without limitation, in Section 3.9(a), the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and

- (B) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

Section 3.10 [Reserved].

- (ii) purchase, redeem or otherwise acquire or retire for value:
 - (A) any Capital Stock of the Issuer, or

-
- (2) purchases, redemptions, acquisitions or retirements for value of Capital Stock on a *pro rata* basis from the Issuer and/or any Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of a Restricted Subsidiary, on the other hand, according to their respective percentage ownership of the Capital Stock of such Restricted Subsidiary;

 - (1) 50% of cumulative Consolidated Net Income of the Issuer or, if cumulative Consolidated Net Income of the Issuer is a loss, minus (i) 100% of the loss, accrued during the period, treated as one accounting period, beginning on the first full fiscal quarter after the Issue Date to the end of the most recent fiscal quarter for which consolidated financial information of the Issuer is available and (ii) the amount of cash benefits to the Issuer or a Restricted Subsidiary that is netted against Investments in Similar Businesses pursuant to clause (12) of the definition of "Permitted Investments"; plus
 - (2) 100% of the aggregate net cash proceeds received by the Issuer from any Person from any:
 - (x) contribution to the equity capital of the Issuer (not representing an interest in Disqualified Capital Stock) or issuance and sale of Qualified Capital Stock of the Issuer, in each case, subsequent to the Issue Date, or

-
- (y) issuance and sale subsequent to the Issue Date (and, in the case of Indebtedness of a Restricted Subsidiary, at such time as it was a Restricted Subsidiary) of any Indebtedness for borrowed money of the Issuer or any Restricted Subsidiary that has been converted into or exchanged for Qualified Capital Stock of the Issuer, excluding, in each case, any net cash proceeds:

(b) Notwithstanding Section 3.11(a), this Section 3.11 does not prohibit:

- (i) the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration pursuant to Section 3.11(a);
- (ii) if no Default or Event of Default shall have occurred and be continuing, the acquisition of any shares of Capital Stock of the Issuer,
 - (A) in exchange for Qualified Capital Stock of the Issuer, or
 - (B) through the application of the net cash proceeds received by the Issuer from a substantially concurrent sale of Qualified Capital Stock of the Issuer or a contribution to the equity capital of the Issuer not representing an interest in Disqualified Capital Stock, in each case not received from a Subsidiary of the Issuer;

provided, that the value of any such Qualified Capital Stock issued in exchange for such acquired Capital Stock and any such net cash proceeds shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);
- (iii) if no Default or Event of Default shall have occurred and be continuing, the voluntary prepayment, purchase, defeasance, redemption or other acquisition or retirement for value of any Subordinated Indebtedness:
 - (A) solely in exchange for, or through the application of net cash proceeds of a substantially concurrent sale, other than to a Subsidiary of the Issuer, of Qualified Capital Stock of the Issuer, or
 - (B) solely in exchange for Refinancing Indebtedness for such Subordinated Indebtedness,

provided, that the value of any Qualified Capital Stock issued in exchange for Subordinated Indebtedness and any net cash proceeds referred to above shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

- (iv) repurchases by the Issuer of Common Stock of the Issuer or options, warrants or other securities exercisable or convertible into Common Stock of the Issuer from employees or directors of the Issuer or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment or directorship of the employees or directors, in an amount not to exceed U.S.\$5 million in any calendar year and any repurchases other than in connection with compensation of Common Stock of the Issuer pursuant to binding written agreements in effect on the Issue Date;

 - (xi) [Reserved]

In determining the aggregate amount of Restricted Payments made subsequent to the Issue Date, amounts expended pursuant to clauses (i) (without duplication for the declaration of the relevant dividend), (iv), (viii) and (x) above shall be included in such calculation and amounts expended pursuant to clauses (ii), (iii), (v), (vi), (vii) and (ix) above shall not be included in such calculation.

Section 3.12 Limitation on Asset Sales.

(a) The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (i) the Issuer or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and
- (ii) other than in respect of Permitted Asset Swap Transactions, at least 80% of the consideration received for the assets sold by the Issuer or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided, however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:

-
- (B) any securities, notes or obligation received by the Issuer or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Issuer or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;
 - (C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and
 - (D) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Issuer calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Issuer or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

- (i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or
- (ii) purchase:
 - (A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Issuer or any Restricted Subsidiary in a Permitted Business, or
 - (B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Issuer and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of Section 3.12(b), the Issuer will make an offer to purchase Notes (the "Asset Sale Offer"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to the date of purchase (the "Asset Sale Offer Amount"). The Issuer will

purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at the Issuer's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Issuer to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Issuer may satisfy its obligations under this Section 3.12 with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Issuer may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.\$100 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.\$100 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be mailed first class, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Issuer shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part, in minimum denominations of U.S.\$200,000 and in any integral multiples of U.S.\$1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Issuer shall, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;
- (ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and
- (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or

the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net Cash Proceeds, the Issuer shall purchase the Notes and the other Senior Indebtedness on a *pro rata* basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be cancelled and cannot be reissued.

(i) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Issuer shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the “Asset Sale” provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Issuer may use any remaining Net Cash Proceeds for general corporate purposes of the Issuer and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Issuer and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Issuer shall be deemed to have sold the properties and assets of the Issuer and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Issuer or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Issuer or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 Limitation on the Ownership of Capital Stock of Restricted Subsidiaries. The Issuer shall not permit any Person other than the Issuer or another Restricted Subsidiary to, directly or indirectly, own or control any Capital Stock of any Restricted Subsidiary, except for:

- (i) Capital Stock owned by such Person on the Issue Date;
- (ii) directors’ qualifying shares;
- (iii) the sale or Disposition of 100% of the shares of the Capital Stock of any Restricted Subsidiary held by the Issuer and its Restricted

Subsidiaries to any Person other than the Issuer or another Restricted Subsidiary effected in accordance with, as applicable, Section 3.12 and Article IV;

- (iv) in the case of a Restricted Subsidiary other than a Restricted Subsidiary that is a Wholly Owned Subsidiary,
 - (A) the issuance by that Restricted Subsidiary of Capital Stock on a *pro rata* basis to the Issuer and its Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of such Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder); or
 - (B) sales, transfers and other dispositions of Capital Stock in a Restricted Subsidiary to the extent required by, or made pursuant to, buy/sell, put/call or similar shareholder arrangements set forth in binding agreements in effect on the Issue Date; and
- (v) the sale of Capital Stock of a Restricted Subsidiary by the Issuer or another Restricted Subsidiary or the sale or issuance by a Restricted Subsidiary of its newly-issued Capital Stock if such sale or issuance is made in compliance with Section 3.12 and either:
 - (A) such Restricted Subsidiary is no longer a Subsidiary, and the continuing Investment of the Issuer and its Restricted Subsidiaries in such former Restricted Subsidiary is in compliance with Section 3.11, or
 - (B) such Restricted Subsidiary continues to be a Restricted Subsidiary.

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries.

(a) The Issuer may designate after the Issue Date any Subsidiary of the Issuer other than a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

- (i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Issuer or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18;
- (ii) at the time of and after giving effect to such Designation, the Issuer could Incur U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a);
- (iii) the Issuer would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation)

as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Issuer's Investment in such Subsidiary on such date; and

- (iv) the terms of any Affiliate Transaction existing on the date of such Designation between the Subsidiary being designated (and its Subsidiaries) and the Issuer or any Restricted Subsidiary would be permitted under Section 3.18 if entered into immediately following such Designation.

(b) Neither the Issuer nor any Restricted Subsidiary shall at any time:

- (i) provide credit support for, subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, or Guarantee, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);
- (ii) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or
- (iii) be directly or indirectly liable for any Indebtedness which provides that the Holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary.

(c) The Issuer may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation") only if:

- (i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and
- (ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(d) The Designation of a Subsidiary of the Issuer as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer's Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries.

(a) Except as provided in clause (b) below, the Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Issuer or any other Restricted Subsidiary or pay any Indebtedness owed to the Issuer or any other Restricted Subsidiary;
- (ii) make loans or advances to, or make any Investment in, the Issuer or any other Restricted Subsidiary; or
- (iii) transfer any of its property or assets to the Issuer or any other Restricted Subsidiary.

(b) Section 3.15(a) shall not apply to encumbrances or restrictions existing under or by reason of:

- (i) applicable law, rule, regulation or order;
- (ii) this Indenture or the indenture governing the Other Notes;
- (iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided*, that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Issuer's senior management;
- (iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;
- (v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;
- (vi) restrictions with respect to a Restricted Subsidiary of the Issuer imposed pursuant to a binding agreement which has been entered into

-
- for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided*, that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);
- (vii) customary restrictions imposed on the transfer of copyrighted or patented materials;
 - (viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement referred to in clause (iii) or (v) of this Section 3.15(b); *provided*, that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Issuer's senior management;
 - (ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;
 - (x) Purchase Money Indebtedness for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions of the nature discussed in clause (iii) of Section 3.15(a) above on the property so acquired;
 - (xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management;
 - (xii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets or revenues of such joint venture;
 - (xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided*, that such restrictions (A) are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Issuer's senior management or (B) constitute financial covenants or similar restrictions that limit the ability to pay dividends or make distributions upon the occurrence or continuance of a default or event of default or that would result in a default or event of default under such Indebtedness upon the declaration or payment of dividends or other distributions; and
 - (xiv) net worth provisions in leases entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Issuer shall not, and shall not permit any Note Guarantor to, directly or indirectly, incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

- (i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and
- (ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture,

in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Issuer;

(b) The provisions of Section 3.18(a) above shall not apply to:

- (i) Affiliate Transactions with or among the Issuer and any Restricted Subsidiary or between or among Restricted Subsidiaries;

-
- (ii) reasonable fees and compensation paid to, and any indemnity provided on behalf of, officers, directors, employees, consultants or agents of the Issuer or any Restricted Subsidiary as determined in good faith by the Issuer's Board of Directors or, to the extent consistent with past practice, senior management;
 - (iii) Affiliate Transactions undertaken pursuant to any contractual obligations or rights in existence on the Issue Date (as in effect on the Issue Date with modifications, extensions and replacements thereof not materially adverse to the Issuer and its Restricted Subsidiaries) as determined in good faith by the Issuer's senior management;
 - (iv) any Restricted Payments in compliance with Section 3.11;
 - (v) payments and issuances of Qualified Capital Stock to any officers, directors and employees of the Issuer or any Restricted Subsidiary pursuant to any management equity plan or stock option plan or any other stock subscription or shareholder agreement, and any employment agreements, stock option plans or other compensatory arrangements (and any successor plans thereto) and any supplemental executive retirement benefit plans or arrangements with any such officers, directors or employees that are, in each case, approved in good faith by the Board of Directors or, to the extent consistent with past practice, senior management of the Issuer;
 - (vi) loans and advances to officers, directors and employees of the Issuer or any Restricted Subsidiary for travel, entertainment, moving and other relocation expenses, in each case made in the ordinary course of business in amounts consistent with the past practice of the Issuer or such Restricted Subsidiary; and
 - (vii) loans made by the Issuer or any Restricted Subsidiary to employees or directors in an aggregate amount not to exceed U.S.\$15 million (or its equivalent in another currency) at any time outstanding.

Section 3.19 Conduct of Business. The Issuer and its Restricted Subsidiaries shall not engage in any business other than a Permitted Business.

Section 3.20 Reports to Holders.

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

- (i) provide the Trustee and the Holders with:
 - (A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by "foreign private issuers" (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

-
- (B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year;
 - (C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and
- (ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(b) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute actual or constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts.

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes") imposed or levied by or on behalf of the United States, Mexico, Spain, the Netherlands, France, the United Kingdom, Switzerland or, in the event that the Issuer appoints additional paying

agents, by the jurisdictions of such additional paying agents (a “Taxing Jurisdiction”), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional amounts (“Additional Amounts”) as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided, however*, that the foregoing obligation to pay Additional Amounts does not apply to:

- (i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of the Notes),
- (ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,
- (iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days’ notice that Holders shall be required to provide such information and identification,
- (iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,
- (v) any Taxes imposed on a payment to or for the benefit of an individual pursuant to European Council Directive 2003/48/EC (as amended from time to time) or any law implementing or complying with, or introduced in order to conform to, such Directive,
- (vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,
- (vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent

that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, or

- (viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) The exception to the Issuer's obligations to pay Additional Amounts pursuant to clause (iii) of Section 3.21(b) will not apply if (i) the provision of information, documentation or other evidence described in such clause would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of a Note than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice, or (ii) Article 166, Section II, paragraph (a), of the Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*) (or a substitute or equivalent provision) is in effect, unless (A) the provision of the information, documentation or other evidence described in clause (iii) of Section 3.21 (b) is expressly required by the applicable Mexican laws and regulations in order to apply Article 166, Section II, paragraph (a), of the Mexican Income Tax Law (or substitute or equivalent provision), (B) the Issuer or any Note Guarantor cannot obtain the information, documentation or other evidence necessary to comply with the applicable Mexican laws and regulations on its own through reasonable diligence and (C) the Issuer or any Note Guarantor would not otherwise meet the requirements for application of the applicable Mexican laws and regulations.

(e) Clause (iii) of Section 3.21(b) does not require, and shall not be construed to require, that any holder, including any non-Mexican pension fund, retirement fund, tax-exempt organization or financial institution, register with the Tax Management Service (*Servicio de Administración Tributaria*) or the Mexican Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*) to establish eligibility for an exemption from, or a reduction of, Mexican withholding taxes.

(f) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection. Payment of any Additional Amounts with respect to interest shall be considered as an interest payment under, or with respect to, the Notes.

(g) The Issuer will ensure that it maintains a paying agent, in a European Union Member State, that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC (as amended from time to time) or any law implementing or complying with, or introduced in order to conform to, such Directive.

(h) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Issuer is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “Partial Covenant Suspension Event”), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.13, 3.14(b), 3.15, 3.18, 3.19 and 4.1(a)(i) (collectively, the “Partial Suspended Covenants”).

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “Covenant Suspension Event”), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.13, 3.14(b), 3.15, 3.16, 3.18, 3.19 and 4.1(a)(ii) (collectively, the “Suspended Covenants”).

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the “Partial Covenant Suspension Date”) or a Covenant Suspension Event (the “Suspension Date”) may be redesignated as an Unrestricted

Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) each Additional Note Guarantor shall be released from its obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantors shall be released from their obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided*, that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantors shall be reinstated in accordance with and subject to the conditions in Section 3.22(e).

(e) In the event that the Issuer and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the "Partial Covenant Reversion Date" and, in the case of Suspended Covenants, such subsequent date being the "Reversion Date") (i) the Consolidated Leverage Ratio of the Issuer is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Partial Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantors (unless, solely with respect to any Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause such Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that such Additional Note Guarantor's guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the "Partial Suspension Period" and the period of time between the Suspension Date and the Reversion Date is referred to as the "Suspension Period." Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantors may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be classified to have been Incurred pursuant to Section 3.9(a) or Section 3.9(b) (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to Section 3.9(a) or 3.9(b), such Indebtedness shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made

as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect since the Issue Date and throughout the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or any Covenant Suspension Event and in any case no later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

(h) For purposes of this Section 3.22 only, “Consolidated Leverage Ratio” and all associated definitions shall have the meaning set forth in Exhibit E hereto.

ARTICLE IV

SUCCESSOR ISSUER

Section 4.1 Merger, Consolidation and Sale of Assets.

(a) The Issuer shall not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer’s properties and assets (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), to any Person unless:

- (i) either:
 - (A) the Issuer shall be the surviving or continuing corporation, or
 - (B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries) substantially as an entirety (the “Successor Issuer”):
 - (1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the “Permitted Merger Jurisdictions”); and

-
- (2) shall expressly assume, by a supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;
- (ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Issuer or such Successor Issuer, as the case may be:
- (A) shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction; or
- (B) shall be able to Incur at least U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a);
- (iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;
- (iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and
- (v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:
- (A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for

this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;

- (B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and
- (C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided*, that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

- (x) any transfer of the properties or assets of a Restricted Subsidiary to the Issuer;
- (y) any merger of a Restricted Subsidiary into the Issuer; or
- (z) any merger of the Issuer into a Note Guarantor or a Wholly Owned Subsidiary of the Issuer.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, such Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) Each Note Guarantor shall not, and the Issuer shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

- (i) such Person (if such Person is the surviving entity) (the "Successor Note Guarantor") assumes all of the obligations of such Note Guarantor in respect of its Note Guarantee by executing a supplemental indenture and providing the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

-
- (ii) such Note Guarantee is to be released as provided under Section 10.2(b); or
 - (iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(b) will not apply to:

- (x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;
- (y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or
- (z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Issuer.

ARTICLE V

OPTIONAL REDEMPTION OF NOTES

Section 5.1 Optional Redemption. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, subject to the conditions and at the redemption prices specified in the Form of Note in Exhibit A hereto.

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 45 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the CUSIP numbers of the Notes, (d) the redemption price and (e) the amount of interest to be paid with respect to each multiple of U.S.\$1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 30 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

- (i) the Redemption Date,
- (ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.7,
- (iii) whether or not the Issuer is redeeming all Outstanding Notes,
- (iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,
- (v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,
- (vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.7 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,
- (vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and
- (viii) the CUSIP number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such CUSIP number.

(c) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; provided, however, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding Section 5.4(b).

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method as the Trustee shall deem fair and appropriate; provided, however, that if a partial redemption is made with the

proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of DTC), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 30 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for redemption. No Notes of U.S.\$200,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Deposit of Redemption Price. On or prior to 10:00 a.m. New York City time, on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4) an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.7 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.8 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof.

ARTICLE VI

DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an “Event of Default”:

- (i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;
- (ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;
- (iii) the failure to perform or comply with any of the provisions described under Article IV;
- (iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of non-guarantor Restricted Subsidiaries, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;
- (v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:
 - (A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or
 - (B) results in the acceleration of such Indebtedness prior to its stated maturity;and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this Section 6.1(a) at the relevant time, aggregates U.S.\$50 million or more;
- (vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.\$100 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;
- (vii) a Bankruptcy Event of Default; or
- (viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor’s obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

- (i) if the rescission would not conflict with any judgment or decree;
- (ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;
- (iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and
- (iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided, however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

- (i) such Holder gives to the Trustee written notice of a continuing Event of Default;
- (ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;
- (iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;
- (iv) the Trustee does not comply within 60 days; and
- (v) during such 60 day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

provided, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

- (a) The Trustee may (irrespective of whether the principal of the Notes is then due):
- (i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and
 - (ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

ARTICLE VII

TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

- (i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and
- (ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

- (i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;
- (ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and
- (iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; provided, however, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots,

interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall mail to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this [Section 7.7](#)) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this [Section 7.7](#), the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this [Section 7.7](#) shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this [Section 7.7](#) shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this [Section 7.7](#) or [Section 6.10](#).

Section 7.8 [Replacement of Trustee](#).

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

- (i) the Trustee fails to comply with [Section 7.10](#);
- (ii) the Trustee is adjudged bankrupt or insolvent;
- (iii) a receiver or other public officer takes charge of the Trustee or its property; or
- (iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.\$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the “Security Documents”) as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance.

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or (c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer’s exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding

Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

- (i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,
- (ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,
- (iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and
- (iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.13, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in U.S. Legal Tender or U.S. Government Obligations, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

- (i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or
- (ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust U.S. Legal Tender or U.S. Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited U.S. Legal Tender or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for U.S. Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal and interest received on such U.S. Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted to apply all such U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII; *provided, however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from U.S. Legal Tender or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

- (i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or
- (ii) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee U.S. Legal Tender or U.S. Government Obligations sufficient without reinvestment to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit, together with irrevocable instructions from the Issuer directing the Trustee to apply such funds to the payment;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX

AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

- (i) to cure any ambiguity, omission, defect or inconsistency;
- (ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;
- (iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; provided, however, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;
- (iv) to add guarantees with respect to the Notes or to secure the Notes;

-
- (v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;
 - (vi) to make any change that does not, in the opinion of the Issuer, as conclusively evidenced by an Officer's Certificate to such effect, adversely affect the rights of any Holder in any material respect;
 - (vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;
 - (viii) to comply with the requirements of any applicable securities depositary;
 - (ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or
 - (x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

- (i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;
- (ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;

-
- (iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;
 - (iv) make any Notes payable in money other than that stated in the Notes;
 - (v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;
 - (vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;
 - (vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or
 - (viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

ARTICLE X

NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

- (i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;
- (ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;
- (iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;
- (iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;
- (v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;
- (vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;
- (vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;
- (viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;
- (ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;

-
- (x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;
 - (xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;
 - (xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;
 - (xiii) any change in the ownership of the Issuer;
 - (xiv) any change in the laws, rules or regulations of any jurisdiction;
 - (xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and
 - (xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

- (i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;
- (ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;
- (iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;

-
- (iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the *Código Civil Federal* of Mexico and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

- (i) the unpaid amount of such Obligations then due and owing; and
- (ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

provided, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

- (i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and
- (ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

- (i) there is a Legal Defeasance of the Notes pursuant to Article VIII;
- (ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;
- (iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;
- (iv) solely with respect to an Additional Note Guarantor, either (A) the Facilities Agreement Indebtedness has been repaid in full and such Additional Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Additional Note Guarantor; or

-
- (v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3 or L. 242-6 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the

Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Note Guarantor shall therefore be considered as “*co-débiteur solidaire*” as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a “Swiss Note Guarantor”) are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the “Restricted Obligations”) shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor’s Free Reserves Available for Distribution (as defined below) at the time payment is requested, *provided*, that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date until such time as performance is permitted notwithstanding such limitation.

(c) For the purpose of this clause, “Free Reserves Available for Distribution” means an amount equal to the maximal amount in which the relevant Swiss Note Guarantor can make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

(d) As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Trustee (save to the extent provided below).

(e) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

- (i) if and to the extent required by applicable law in force at the relevant time:
 - (A) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time) from any payment made by it;
 - (B) pay any such deduction to the Swiss Federal Tax Administration; and
 - (C) notify and provide evidence to the Trustee that the Swiss withholding tax has been paid to the Swiss Federal Tax Administration;
- (ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of Switzerland then in force and *provided*, that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax: (y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (z) pay to the Trustee upon receipt any amount so refunded.

(f) The Swiss Note Guarantor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(g) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this [Section 10.6](#) and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an "Undervalued Asset"), the Swiss Note Guarantor

shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor's business (*nicht betriebsnotwendig*).

ARTICLE XI

The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) of a successor agent in the City of New York, New York as each of their authorized agent for such purpose and the acceptance of such appointment by such successor. Section 12.14 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents: Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

FORM OF REVERSE SIDE OF NOTE

6.125% Senior Secured Notes due 2025

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX, S.A.B. de C.V., a publicly traded stock corporation with variable capital (*sociedad anónima bursátil de capital variable*) organized under the laws of the United Mexican States (together with its successors and assigns, the "Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing November 5, 2015; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from March 5, 2015; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after March 5, 2015), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from March 5, 2015. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest ("Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 10:00 a.m. (New York City time) on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in U.S. Legal Tender.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by the DTC. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided, however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.\$10,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee, Paying Agent and Registrar. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of March 5, 2015 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. U.S.\$750,000,000 in aggregate principal amount of Notes will be issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by

acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction of formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after May 5, 2020, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on May 5 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption:

<u>Year</u>	<u>Percentage</u>
2020	103.063%
2021	102.042%
2022	101.021%
2023 and thereafter	100.000%

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement or the Credit Agreement.

Prior to May 5, 2020, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of the redemption price of the Notes to be redeemed at May 5, 2020 (such redemption price being set forth in the table appearing above) plus each remaining scheduled payment of interest thereon during the period between the redemption date and May 5, 2020 (exclusive of interest accrued to the date of redemption), in each case, discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points, plus, in each case any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption, *provided, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement or the Credit Agreement.

“Treasury Rate” means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue (as defined below), assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price (as defined below) for such Redemption Date.

“Comparable Treasury Issue” means the United States Treasury security or securities selected by an Independent Investment Banker (as defined below) as having an actual or interpolated maturity that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities having a maturity most nearly equal to May 5, 2020.

“Independent Investment Banker” means one of the Reference Treasury Dealers (as defined below) appointed by the Issuer.

“Comparable Treasury Price” means, with respect to any Redemption Date (1) the average of the Reference Treasury Dealer Quotations (as defined below) for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if the Independent Investment Banker or Issuer obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

“Reference Treasury Dealer” means any one of Citigroup Global Markets Inc., HSBC Securities (USA) Inc. or Merrill Lynch, Pierce, Fenner & Smith Incorporated or their respective affiliates which are primary United States government securities dealers and not less than one other leading primary United States government securities dealer in New York City reasonably designated by the Issuer; *provided, however*, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a “Primary Treasury Dealer”), the Issuer will substitute therefore another Primary Treasury Dealer.

“Reference Treasury Dealer Quotation” means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Independent Investment Banker or Issuer, of the bid and asked price for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker or Issuer by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such Redemption Date.

Optional Redemption upon Equity Offerings. At any time, or from time to time, on or prior to May 5, 2018, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 106.125% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption; *provided*, that:

(a) after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and

(b) the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the Facilities Agreement or the Credit Agreement.

“Equity Offering” means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

Optional Redemption for Changes in Withholding Taxes. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction), the Issuer or any Note Guarantor would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see “Additional Amounts”), then, at the Issuer’s option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 30 nor more than 60 days’ notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption; *provided, however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which the Issuer or any Note Guarantor would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided, further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement or the Credit Agreement.

Prior to the publication of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

(a) an Officer’s Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer’s right to redeem have occurred, and

(b) an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date, interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

Change of Control Offer. Upon the occurrence of a Change of Control, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.\$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest through the date of purchase. Within 30 days following the date upon which the Change of Control occurred, the Issuer must make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by applicable law.

Asset Sale Offer. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. In the event the proceeds from a permitted Asset Sale exceed certain amounts and are not applied as specified in the Indenture, the Issuer will be required to make an Asset Sale Offer to purchase to the extent of such remaining proceeds each Holder's Notes together with holders of certain other Indebtedness at 100% of the principal amount thereof, plus accrued interest (if any) to the Asset Sale Offer Payment Date, as more fully set forth in the Indenture.

7. Denominations; Transfer; Exchange

The Notes are in fully registered form without coupons, and only in denominations of principal amount of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements or transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. The Registrar shall not be required to register the transfer or exchange of (x) any Note for a period beginning: (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unredeemed portion thereof, if any.

8. Persons Deemed Owners

The registered holder of this Note may be treated as the owner of it for all purposes.

9. Unclaimed Money

If money for the payment of principal or interest remains unclaimed for two years, the Trustee or Paying Agent shall pay the money back to the Issuer at its request unless an abandoned property law designates another Person. After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee U.S. Legal Tender or U.S. Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

11. Amendment, Waiver

Subject to certain exceptions set forth in the Indenture, (i) the Indenture or the Notes may be amended or supplemented with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes and (ii) any default (other than with respect to nonpayment or in respect of a provision that cannot be amended or supplemented without the written consent of each Holder affected) or noncompliance with any provision may be waived with the written consent of the Holders of a majority in aggregate principal amount of the then Outstanding Notes. Subject to certain exceptions set forth in the Indenture, without the consent of any Holder, the Issuer and the Trustee may amend or supplement the Indenture or the Notes to, among other things, cure any ambiguity, omission, defect or inconsistency, or to comply with Article IV of the Indenture, or to provide for uncertificated Notes in addition to or in place of certificated Notes, or to add guarantees with respect to the Notes or to secure the Notes, or to add additional covenants or surrender rights and powers conferred on the Issuer or the Note Guarantors, or to make any change that does not adversely affect the rights of any Holder, or to provide for the issuance of Additional Notes.

12. Defaults and Remedies

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Outstanding Notes may declare all the Notes to be due and payable immediately. A Bankruptcy Event of Default will result in the Notes being due and payable immediately upon the occurrence of such Bankruptcy Event of Default.

Holdings may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may refuse to enforce the Indenture or the Notes unless it receives reasonable indemnity or security. Subject to certain limitations, Holders of a majority in principal amount of the Outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing Default or Event of Default (except a Default or Event of Default in payment of principal or interest) if it determines that withholding notice is in their interest.

13. Trustee Dealings with the Issuer and the Note Guarantors

Subject to certain limitations set forth in the Indenture, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuer, any Note Guarantor or its Affiliates and may otherwise deal with the Issuer, any Note Guarantor or its Affiliates with the same rights it would have if it were not Trustee.

14. No Recourse Against Others

An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or the Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each holder waives and releases all such liability.

15. Authentication

Any Officer of the Issuer may sign the Notes for the Issuer by manual or facsimile signature. This Note shall not be valid until an authorized signatory of the Trustee (or an Authenticating Agent) manually signs the certificate of authentication on the other side of this Note.

16. Abbreviations

Customary abbreviations may be used in the name of a Holder or an assignee, such as TEN COM (= tenants in common), TEN ENT (= tenants by the entirety), JT TEN (= joint tenants with rights of survivorship and not as tenants in common), CUST (=custodian) and U/G/M/A (= Uniform Gift to Minors Act).

17. CUSIP Numbers

Pursuant to a recommendation promulgated by the Committee on Uniform Security Identification Procedures the Issuer has caused CUSIP or other similar numbers to be printed on the Notes and has directed the Trustee to use CUSIP numbers in notices of redemption as a convenience to Holders. No representation is made as to the accuracy of such numbers either as printed on the Notes or as contained in any notice of redemption and reliance may be placed only on the other identification numbers placed thereon.

18. Governing Law

This Note shall be governed by, and construed in accordance with, the laws of the State of New York.

19. Currency of Account; Conversion of Currency.

U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and the Note Guarantors under or in connection with the Notes or the Indenture, including damages. The Issuer and the Note Guarantors will indemnify the Holders as provided in respect of the conversion of currency relating to the Notes and the Indenture.

20. Agent for Service; Submission to Jurisdiction; Waiver of Immunities.

The Issuer and the Note Guarantors have agreed that any suit, action or proceeding against the Issuer or any Note Guarantor brought by any Holder or the Trustee arising out of or based upon the Indenture or the Notes may be instituted in any state or federal

court in the City of New York and County of New York and in the courts of their respective corporate domiciles, in respect of actions brought against them as defendants. The Issuer and the Note Guarantors have irrevocably submitted to the jurisdiction of such courts for such purpose and waived, to the fullest extent permitted by law, trial by jury and any objection it may now or hereafter have to the laying of venue of any such proceeding, and any claim it may now or hereafter have that any proceeding in any such court is brought in an inconvenient forum. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) have appointed CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, NY 10022, as each of their authorized agent upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon the Indenture or the Notes which may be instituted in any state or federal court in the City of New York and County of New York. To the extent that any of the Issuer and the Note Guarantors have or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Issuer and the Note Guarantors have irrevocably waived and agreed not to plead or claim such immunity in respect of its obligations under the Indenture or the Notes.

The Issuer will furnish to any Holder upon written request and without charge to the Holder a copy of the Indenture which has in it the text of this Note in larger type. Requests may be made to:

For purposes of making the computation referred to above, Material Acquisitions and Material Dispositions (as determined in accordance with GAAP) that have been made by the Issuer or any of its Restricted Subsidiaries during the Four Quarter Period or subsequent to such Four Quarter Period and on or prior to or simultaneously with the Fixed Charge Calculation Date shall be calculated on a *pro forma* basis assuming that all such Material Acquisitions and Material Dispositions (and the change in any associated fixed charge obligations and the change in Consolidated EBITDA resulting therefrom) had occurred on the first day of the Four Quarter Period. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a *pro forma* basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period except as set forth in the first paragraph of this definition. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

- (b) if interest on any Indebtedness actually Incurred on such date of determination may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rates, then the interest rate in effect on such date of determination will be deemed to have been in effect during the Four Quarter Period; and

Section 2.1 Form and Dating.

(a) The Issue Date Notes are being originally offered and sold by the Issuer pursuant to a Purchase Agreement, dated as of February 26, 2015, among the Issuer, the Note Guarantors party thereto, and Banca IMI S.p.A., Banco Bilbao Vizcaya Argentaria, S.A., Banco Santander, S.A., BNP Paribas, Citigroup Global Markets Limited, Crédit Agricole Corporate and Investment Bank, HSBC Bank plc, ING Bank N.V., London Branch, J.P. Morgan Securities plc and Merrill Lynch International, as Initial Purchasers with respect to the Notes. The Notes will be issued as one or more Global Notes in fully registered form without interest coupons, and only in denominations of €100,000 and in integral multiples of €1,000 in excess thereof. Each such Global Note shall constitute a single Note for all purposes under this Indenture. Certificated Notes, if issued pursuant to the terms hereof, will be issued in fully registered certificated form without coupons. The Notes may only be issued in definitive fully registered form without coupons and only in denominations of €100,000 and in integral multiples of €1,000 in excess thereof. The Notes and the Trustee’s certificate of authentication shall be substantially in the form of Exhibit A hereto.

(b) The terms and provisions of the Notes, the form of which is in Exhibit A hereto, shall constitute, and are hereby expressly made, a part of this Indenture, and, to the extent applicable, the Issuer, the Note Guarantors and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. Except as otherwise expressly permitted in this Indenture, all Notes (including Additional Notes) shall be identical in all respects. Notwithstanding any differences among them, all Notes issued under this Indenture shall vote and consent together on all matters as one class and are otherwise treated as a single issue of securities.

(c) The Notes may have notations, legends or endorsements as specified in Section 2.8 or as otherwise required by law, stock exchange rule or Euroclear or Clearstream rule or usage. The Issuer and the Trustee shall approve any changes to the form of the Notes attached to this Indenture and any additional notation, legend or endorsement required to be inserted on them. Each Note shall be dated the date of its authentication.

(d) Notes originally offered and sold to QIBs in reliance on Rule 144A will be issued in the form of one or more permanent Global Notes (each, a "Rule 144A Global Note").

(e) Notes originally offered and sold outside the United States in reliance on Regulation S will be issued in the form of one or more permanent Global Notes (each, a "Regulation S Global Note").

(f) Each Global Note shall be deposited on behalf of the purchasers of the Notes represented thereby with the Note Custodian or its nominee, for credit to Euroclear or Clearstream. Section 2.2 Execution and Authentication.

(a) Any Officer of the Issuer may sign the Notes for the Issuer by manual or facsimile signature. If an Officer whose signature is on a Note no longer holds that office at the time the Trustee authenticates the Note, the Note shall be valid nevertheless.

(b) A Note shall not be valid until manually authenticated by an authorized signatory of the Trustee or an agent appointed by the Trustee (and reasonably acceptable to the Issuer) for such purpose (an "Authenticating Agent"). The signature of an authorized signatory of the Trustee or an Authenticating Agent on a Note shall be conclusive evidence that such Note has been duly and validly authenticated and issued under this Indenture. Unless limited by the terms of its appointment, an Authenticating Agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by an Authenticating Agent.

(c) At any time and from time to time after the execution and delivery of this Indenture, the Trustee shall authenticate and make available for delivery Notes upon a written order of the Issuer signed by an Officer of the Issuer (the "Issuer Order"). An Issuer Order shall specify the amount of the Notes to be authenticated and the date on which the original issue of Notes is to be authenticated.

(d) In case a Successor Issuer has executed an indenture supplemental hereto with the Trustee pursuant to Article IV, any of the Notes authenticated or delivered prior to such transaction may, from time to time, at the request of the Successor Issuer be exchanged for other Notes executed in the name of the Successor Issuer with such changes in phraseology and form as may be appropriate, but otherwise identical to the Notes surrendered for such exchange and of like principal amount; and the Trustee, upon Issuer Order of the Successor Issuer, shall authenticate and deliver Notes as specified in such order for the purpose of such exchange. If Notes shall at any time be authenticated and delivered in any new name of a Successor Issuer pursuant to this Section 2.2 in exchange or substitution for or upon registration of transfer of any Notes, such Successor Issuer, at the option of the Holders but without expense to them, shall provide for the exchange of all Notes at the time Outstanding for Notes authenticated and delivered in such new name.

Section 2.3 Registrar, Paying Agent and Transfer Agent.

(a) The Issuer shall maintain an office or agency in the Borough of Manhattan, City of New York, that shall keep a register of the Notes (the “Note Register”) and of their transfer and exchange (the “Registrar”), and for the service of notices and demands to or upon the Issuer in respect of the Notes and this Indenture. The Issuer shall maintain an office or agency in London, England where Notes may be presented for payment and where Notes may be presented or surrendered for registration of transfer or for exchange. The Issuer may have one or more co-Registrars and one or more additional paying agents. The term “Paying Agent” includes any additional paying agent. In addition, the Issuer shall maintain a Paying Agent in a member state of the European Union as required by Section 3.21(g).

(b) The Issuer shall enter into an appropriate agency agreement with any Registrar, Paying Agent or co-Registrar not a party to this Indenture. The agreement shall implement the provisions of this Indenture that relate to such agent. The Issuer shall notify the Trustee of the name and address of each such agent. If the Issuer fails to maintain a Registrar or Paying Agent, the Trustee shall act as such and shall be entitled to appropriate compensation therefor pursuant to Section 7.7. The Issuer or any Affiliate of the Issuer may act as Paying Agent, Registrar or co-Registrar, or transfer agent.

(c) The Issuer initially designates (i) the Corporate Trust Office of the Trustee as such office or agency of the Issuer as required by Section 2.3(a) and appoints the Trustee as Registrar and agent for service of demands and notices, and (ii) the Office of the Paying Agent as such office or agency of the Issuer as required by Section 2.3(a) and appoints The Bank of New York Mellon, London Branch, as Paying Agent and Transfer Agent, in connection with the Notes and this Indenture, in each case until such time as another Person is appointed as such.

Section 2.4 Paying Agent to Hold Money in Trust.

The Issuer shall require each Paying Agent (other than the Trustee or the Paying Agent) to agree in writing that such Paying Agent shall hold in trust for the benefit of Holders or

the Trustee all money held by such Paying Agent for the payment of principal of or interest on the Notes and shall notify the Trustee in writing of any Default by the Issuer or any Note Guarantor in making any such payment. If the Issuer or an Affiliate of the Issuer acts as Paying Agent, it shall segregate the money held by it as Paying Agent and hold it as a separate trust fund. The Issuer at any time may require a Paying Agent (other than the Trustee) to pay all money held by it to the Trustee and to account for any funds disbursed by such Paying Agent. Upon complying with this Section 2.4, the Paying Agent (if other than the Issuer or any Affiliate of the Issuer) shall have no further liability for the money delivered to the Trustee. Upon any proceeding under any Bankruptcy Law with respect to the Issuer or any Affiliate of the Issuer, if the Issuer or such Affiliate is then acting as Paying Agent, the Trustee shall replace the Issuer or such Affiliate as Paying Agent.

Section 2.5 Holder Lists. The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. At any time that the Trustee is not the Registrar the Issuer shall furnish to the Trustee, in writing at least seven Business Days before each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of Holders.

Section 2.6 ISIN Numbers.

The Issuer in issuing Notes may use "ISIN" numbers, as applicable (if then generally in use), and, if so, the Trustee shall use for the Securities "ISIN" number in notices to the Holders as a convenience to such Holders; *provided*, that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Notes or as contained in any notice and that reliance may be placed only on the other identification numbers printed on the Notes, and any such notice shall not be affected by any defect in or omission of such numbers. The Issuer will promptly notify the Trustee in writing of any changes in the "ISIN" numbers.

Section 2.7 Global Note Provisions.

(a) Each Global Note initially shall: (i) be registered in the name of the Common Depository as nominee for Euroclear or Clearstream, (ii) be delivered to the Note Custodian and (iii) bear the appropriate legends as set forth in Section 2.8 and Exhibit A hereto. Any Global Note may be represented by one or more certificates. The aggregate principal amount of each Global Note may from time to time be increased or decreased by adjustments made on the records of the Note Custodian, as provided in this Indenture.

(b) Except as provided in clause (iii) of Section 2.7(c), members of, or participants in, Euroclear or Clearstream ("Agent Members") shall have no rights under this Indenture with respect to any Global Note held on their behalf by Euroclear or Clearstream or by the Note Custodian, and Euroclear or Clearstream may be treated by the Issuer, any Note Guarantor, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar and any of their respective agents as the absolute owner of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall (i) prevent the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar or any of their

respective agents from giving effect to any written certification, proxy or other authorization furnished by Euroclear or Clearstream or (ii) impair, as between Euroclear or Clearstream and its Agent Members, the operation of customary practices of Euroclear or Clearstream governing the exercise of the rights of an owner of a beneficial interest in any Global Note. The registered Holder of a Global Note may grant proxies and otherwise authorize any person, including Euroclear or Clearstream, or its nominee, Agent Members and persons that may hold interests through Agent Members, to take any action that a Holder is entitled to take under this Indenture or the Notes.

(c) Except as provided in this Section 2.7(c), owners of beneficial interests in Global Notes will not be entitled to receive Certificated Notes in exchange for such beneficial interests.

- (i) Certificated Notes shall be issued to all owners of beneficial interests in a Global Note in exchange for such beneficial interests if (A) Euroclear or Clearstream notifies the Issuer that it is unwilling or unable to continue as depositary for such Global Note or (B) Euroclear or Clearstream ceases to be a clearing agency registered under the Exchange Act, at a time when Euroclear or Clearstream is required to be so registered in order to act as depositary, and in each case a successor depositary is not appointed by the Issuer within 90 days of such notice. In connection with the exchange of an entire Global Note for Certificated Notes pursuant to this clause (i) of this Section 2.7(c), such Global Note shall be deemed to be surrendered to the Trustee for cancellation, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and deliver to each beneficial owner identified by Euroclear or Clearstream in exchange for its beneficial interest in such Global Note, an equal aggregate principal amount of Certificated Notes of authorized denominations, and the Registrar shall register such exchanges in the Note Register.
- (ii) The owner of a beneficial interest in a Global Note will be entitled to receive Certificated Notes in exchange for such interest if an Event of Default has occurred and is continuing. If an Event of Default has occurred and is continuing, upon receipt by the Registrar of instructions from Agent Members on behalf of the owner of a beneficial interest in a Global Note directing the Registrar to exchange such beneficial owner's beneficial interest in such Global Note for Certificated Notes, subject to and in accordance with the Applicable Procedures, the Issuer shall promptly execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to such beneficial owner, Certificated Notes in a principal amount equal to such beneficial interest in such Global Note.
- (iii) If (A) an event described in clause (i) of Section 2.7(c) occurs and Certificated Notes are not issued promptly to all beneficial owners or (B) the Registrar receives from a beneficial owner the instructions

described in clause (ii) of Section 2.7(c) and Certificated Notes are not issued promptly to any such beneficial owner, the Issuer expressly acknowledges, with respect to the right of any Holder to pursue a remedy pursuant to Section 6.6 hereof, the right of any beneficial owner of Notes to pursue such remedy with respect to the portion of the Global Note that represents such beneficial owner's Notes as if such Certificated Notes had been issued.

Section 2.8 Legends.

(a) Each Global Note shall bear the legend specified therefor in Exhibit A hereto on the face thereof.

(b) Each Restricted Note shall bear the private placement legend specified therefor in Exhibit A hereto on the face thereof (the "Private Placement Legend").

(c) Each Note shall bear the Mexican law legend specified therefor in Exhibit A hereto on the face thereof.

Section 2.9 Transfer and Exchange.

(a) Transfers of Beneficial Interests in a Rule 144A Global Note. If the owner of a beneficial interest in a Rule 144A Global Note that is a Restricted Note wishes to transfer such interest (or portion thereof) pursuant to Rule 144 (if available) or to a Non-U.S. Person pursuant to Regulation S:

- (i) upon receipt by the Registrar of:
 - (A) instructions from an Agent Member given to Euroclear or Clearstream in accordance with the Applicable Procedures directing Euroclear or Clearstream to credit or cause to be credited a beneficial interest in the Regulation S Global Note in a principal amount equal to the principal amount of the beneficial interest to be transferred,
 - (B) instructions given in accordance with the Applicable Procedures containing information regarding the account to be credited with such increase, and
 - (C) a certificate in the form of Exhibit B or Exhibit C hereto, as applicable, duly executed by the transferor;
- (ii) the Note Custodian shall increase the Regulation S Global Note and decrease the Rule 144A Global Note in accordance with the foregoing, and the Registrar shall register the transfer in the Note Register.

(b) Transfers of Beneficial Interests in a Regulation S Global Note. Subject to the Applicable Procedures, the following provisions shall apply with respect to any proposed transfer of an interest in a Regulation S Global Note that is a Restricted Note:

If the owner of a beneficial interest in a Regulation S Global Note that is a Restricted Note wishes to transfer such interest (or a portion thereof) to a QIB pursuant to Rule 144A:

- (A) upon receipt by the Registrar of:
 - (1) instructions from an Agent Member given to Euroclear or Clearstream in accordance with the Applicable Procedures directing Euroclear or Clearstream to credit or cause to be credited a beneficial interest in the Rule 144A Global Note in a principal amount equal to the principal amount of the beneficial interest to be transferred,
 - (2) instructions given in accordance with the Applicable Procedures containing information regarding the account to be credited with such increase, and
 - (3) a certificate in the form of Exhibit D hereto, duly executed by the transferor;
- (B) the Note Custodian shall increase the Rule 144A Global Note and decrease the Regulation S Global Note in accordance with the foregoing, and the Registrar shall register the transfer in the Note Register.

(c) Other Transfers. Any registration of transfer of Restricted Notes (including Certificated Notes) not described above (other than a transfer of a beneficial interest in a Global Note that does not involve an exchange of such interest for a Certificated Note or a beneficial interest in another Global Note, which must be effected in accordance with applicable law and the Applicable Procedures, but is not subject to any procedure required by this Indenture) shall be made only upon receipt by the Registrar of such Opinions of Counsel, certificates and such other evidence reasonably required by and satisfactory to it in order to ensure compliance with the Securities Act or in accordance with Section 2.9(d).

(d) Use and Removal of Private Placement Legends. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) not bearing (or not required to bear upon such transfer, exchange or replacement) a Private Placement Legend, the Note Custodian and Registrar shall exchange such Notes (or beneficial interests) for beneficial interests in a Global Note or Certificated Notes if they have been issued pursuant to Section 2.7(c) that does not bear a Private Placement Legend. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) bearing a Private Placement Legend, the Note Custodian and Registrar shall deliver only Notes (or beneficial interests in a Global Note) that bear a Private Placement Legend unless:

-
- (ii) such Notes (or beneficial interests) are transferred, replaced or exchanged after the Resale Restriction Termination Date therefor and, in the case of any such Restricted Notes, the Issuer has complied with the applicable procedures for delegalizing in accordance with Section 2.9(h); or
 - (iii) in connection with such registration of transfer, exchange or replacement the Registrar shall have received an Opinion of Counsel, certificates and such other evidence reasonably satisfactory to the Issuer and the Registrar to the effect that neither such Private Placement Legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

The Holder of a Global Note bearing a Private Placement Legend may exchange an interest therein for an equivalent interest in a Global Note not bearing a Private Placement Legend upon transfer of such interest pursuant to this Section 2.9(d).

(e) Consolidation of Global Notes and Exchange of Certificated Notes for Beneficial Interests in Global Notes. If a Global Note not bearing a Private Placement Legend is Outstanding at the time of a removal of legends pursuant to Section 2.9(h), any interests in a Global Note delegalized pursuant to Section 2.9(h) shall be exchanged for interests in such Outstanding Global Note, subject to the proviso at the end of Section 2.14(a).

(f) Retention of Documents. The Registrar and the Trustee shall retain copies of all letters, notices and other written communications received pursuant to this Article II and in accordance with the Trustee's, or if different, the Registrar's, record retention procedures. The Issuer shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Registrar or the Trustee, as the case may be.

(g) General Provisions Relating to Transfers and Exchanges.

- (i) Subject to the other provisions of this Section 2.9, when Notes are presented to the Registrar or a co-Registrar with a request to register the transfer of such Notes or to exchange such Notes for an equal principal amount of Notes of other authorized denominations, the Registrar or co-Registrar shall register the transfer or make the exchange as requested if its requirements for such transaction are met; *provided*, that any Notes presented or surrendered for registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar or co-Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.

-
- (ii) To permit registrations of transfers and exchanges and subject to the other terms and conditions of this Article II, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, Certificated Notes and Global Notes, as applicable, at the Registrar's or co-Registrar's request.
 - (iii) No service charge shall be made to a Holder for any registration of transfer or exchange, but the Issuer and the Trustee may require payment of a sum sufficient to cover any transfer tax, assessments, or similar governmental charge payable in connection therewith (other than any such transfer taxes, assessments or similar governmental charges payable upon exchange or transfer pursuant to Section 3.8, Section 3.9, Section 5.1 or Section 9.5).
 - (iv) The Registrar or co-Registrar shall not be required to register the transfer of or exchange of (x) any Note for a period beginning (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.
 - (v) Prior to the due presentation for registration of transfer of any Note, the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar may deem and treat the Person in whose name a Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Note and for all other purposes whatsoever, whether or not such Note is overdue, and none of the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar or the Note Custodian shall be affected by notice to the contrary.
 - (vi) All Notes issued upon any transfer or exchange pursuant to the terms of this Indenture shall evidence the same debt and shall be entitled to the same benefits under this Indenture as the Notes surrendered upon such transfer or exchange.
 - (vii) Subject to Section 2.7 and this Section 2.9, in connection with the exchange of a portion of a Certificated Note for a beneficial interest in a Global Note, the Trustee shall cancel such Certificated Note, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to the exchanging Holder, a new Certificated Note representing the principal amount not so exchanged.

(h) Applicable Procedures for Delegending.

(i) Promptly after one year has elapsed following (A) the Issue Date or (B) if the Issuer has issued Additional Notes with the same terms and the same ISIN number as the Issue Date Notes pursuant to this Indenture within one year following the Issue Date, the date of original issuances of such Additional Notes, if the relevant Notes are freely tradable pursuant to Rule 144 under the Securities Act by Holders who are not Affiliates of the Issuer where no conditions of Rule 144 are then applicable (other than the holding period requirement in paragraph (d)(1)(ii) of Rule 144 so long as such holding period requirement is satisfied), the Issuer shall:

- (1) instruct the Trustee in writing to remove the Private Placement Legend from such Notes, and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from any Global Notes representing such Notes without further action on the part of Holders;
- (2) notify Holders of such Notes that the Private Placement Legend has been removed or deemed removed; and
- (3) instruct Euroclear or Clearstream to change the ISIN number for such Notes to the unrestricted ISIN number for the Notes.

In no event will the failure of the Issuer to provide any notice set forth in this paragraph or of the Trustee to remove the Private Placement Legend constitute a failure by the Issuer to comply with any of its covenants or agreements set forth in Section 6.1 or otherwise. Any Restricted Note (or security issued in exchange or substitution therefor) as to which such restrictions on transfer shall have expired in accordance with their terms may, upon surrender of such Restricted Note for exchange to the Registrar in accordance with the provisions of Article II of this Indenture, be exchanged for a new Note or Notes, of like tenor and aggregate principal amount, which shall not bear the Private Placement Legend. The Issuer shall notify the Trustee in writing upon occurrence of the Resale Restriction Termination Date for any Note.

(ii) In the case of a Regulation S Global Note, after the Resale Restriction Termination Date of any such Regulation S Global Note, the Issuer may, at its sole option:

- (1) instruct the Trustee in writing to remove the Private Placement Legend from such Regulation S Global Note (including setting

forth the basis for such removal), and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from such Regulation S Global Note without further action on the part of Holders; and

- (2) instruct Euroclear or Clearstream to change the ISIN number for such Notes to the unrestricted ISIN number for the Notes.
- (iii) Notwithstanding any provision herein to the contrary, in the event that Rule 144 as promulgated under the Securities Act (or any successor rule) is amended to change the one-year holding period thereunder (or the corresponding period under any successor rule), (A) each reference in this Section 2.9(h) to “one year” and in the Private Placement Legend described in Section 2.8(b) and Exhibit A hereto to “ONE YEAR” shall be deemed for all purposes hereof to be references to such changed period, and (B) all corresponding references in this Indenture (including the definition of Resale Restriction Termination Date), the Notes and the Private Placement Legends thereon shall be deemed for all purposes hereof to be references to such changed period; *provided*, that such changes shall not become effective if they are otherwise prohibited by, or would otherwise cause a violation of, the then-applicable federal securities laws; *provided further* that if such change does not apply to existing Notes, all references to “one year” in this Indenture shall not be deemed for all purposes hereof to be references to such changed period. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.

(i) No Obligation of the Trustee.

- (i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Note, Agent Members or any other Persons with respect to the accuracy of the records of Euroclear or Clearstream or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than Euroclear or Clearstream) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be Euroclear or Clearstream or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through Euroclear or Clearstream, subject to the applicable rules and procedures of Euroclear or Clearstream. The Trustee may rely and shall be fully protected in relying upon information furnished by Euroclear or Clearstream with respect to its Agent Members and any beneficial owners.

-
- (ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

- (i) the requirements of Section 8-405 of the Uniform Commercial Code are met,
- (ii) the Holder satisfies any other reasonable requirements of the Trustee, and
- (iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes.

Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation.

The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of cancelled Notes in accordance with its policy of disposal or upon written request of the Issuer, return to the Issuer all Notes surrendered for registration of transfer, exchange, payment or cancellation. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest.

When any installment of interest becomes overdue (a "Defaulted Interest"), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a "Special Record Date"), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted

Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment pursuant to this [Section 2.13\(b\)](#), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register.

Section 2.14 [Additional Notes](#).

Prior to 1:00 p.m. London time, on the Business Day prior to each Interest Payment Date and the Maturity Date, the Issuer shall deposit with the Paying Agent in immediately available funds euros sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 3:00 p.m. London time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust euros, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture euros designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) Notwithstanding anything to the contrary contained in this Indenture, the Issuer may, to the extent it is required to do so by law, deduct or withhold income or other similar taxes imposed by the United States of America from principal or interest.

(c) In order to comply with applicable tax laws (inclusive of rules, regulations and interpretations promulgated by competent authorities) related to the Indenture in effect from time to time ("Applicable Tax Law") that a foreign financial institution, issuer, trustee, paying agent or other party is or has agreed to be subject to, the Issuer agrees (i) to provide to the Trustee and the Paying Agent sufficient information about the parties and/or transactions (including any modification to the terms of such transactions) so the Trustee and the Paying Agent can determine whether it has tax related obligations under Applicable Tax Law, (ii) that the Trustee and the Paying Agent shall be entitled to make any withholding or deduction from payments to the extent necessary to comply with Applicable Tax Law for which the Trustee and the Paying Agent shall not have any liability and (iii) to hold harmless the Trustee and the Paying Agent for any losses it may suffer due to the actions it takes to comply with Applicable Tax Law. The terms of this section shall survive the termination of this Indenture.

(d) The Issuer hereby instructs the Trustee to establish an "Issue Date Note Account" for reception of the interest and principal payments for the Issue Date Notes.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation; *provided, however*, that no such designation or rescission shall in any manner relieve the Issuer of its obligation to maintain an office or agency in the City of New York and in any city selected by the Issuer within the European Union for such purposes. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Issuer will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Issuer or any Restricted Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Issuer or any Restricted Subsidiary and (ii) all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Issuer or any Restricted Subsidiary; *provided, however*, that the Issuer shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer), are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any

Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) Upon the occurrence of a Change of Control, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of €1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon through the date of purchase (the "Change of Control Payment").

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer must send, by first-class mail, a notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a "Change of Control Offer"). The Change of Control Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;

-

 - (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided*, that each new Note shall be in a minimum principal amount of €100,000 and in integral multiples of €1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be cancelled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

- (i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or
- (ii) notice of redemption has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws and regulations in connection with the purchase of Notes in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness.

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any of the Note Guarantors may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Issuer is greater than or equal to 2.0 to 1.0.

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

- (i) The Issuer shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.
- (ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to

Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.
- (iv) For purposes of determining compliance with this Section 3.9:
 - (A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including, without limitation, in Section 3.9(a), the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and
 - (B) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

provided, that the value of any Qualified Capital Stock issued in exchange for Subordinated Indebtedness and any net cash proceeds referred to above shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

-
- (iv) repurchases by the Issuer of Common Stock of the Issuer or options, warrants or other securities exercisable or convertible into Common Stock of the Issuer from employees or directors of the Issuer or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment or directorship of the employees or directors, in an amount not to exceed U.S.\$5 million in any calendar year and any repurchases other than in connection with compensation of Common Stock of the Issuer pursuant to binding written agreements in effect on the Issue Date;
 - (v) payments of dividends on Disqualified Capital Stock issued pursuant to the covenant described under Section 3.9; *provided, however*, that such dividends shall be excluded in the calculation of the amount of Restricted Payments;
 - (vi) non-cash repurchases of Capital Stock deemed to occur upon exercise of stock options, warrants or other similar rights if such Capital Stock represents a portion of the exercise price of such options, warrants or other similar rights;
 - (vii) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Issuer;
 - (viii) purchases of any Subordinated Indebtedness of the Issuer (A) at a purchase price not greater than 101% of the principal amount thereof (together with accrued and unpaid interest) in the event of the occurrence of a Change of Control or (B) at a purchase price not greater than 100% of the principal amount thereof (together with accrued and unpaid interest) in the event of an Asset Sale in accordance with provisions similar to those set forth under Section 3.12; *provided, however*, that prior to such purchase of any such Subordinated Indebtedness, the Issuer has made the Change of Control Offer or Asset Sale Offer as provided under Section 3.8 or Section 3.12, respectively, and has purchased all Notes validly tendered and not properly withdrawn pursuant thereto;
 - (ix) recapitalization of earnings on or in respect of the Qualified Capital Stock of the Issuer pursuant to which additional Qualified Capital Stock of the Issuer or the right to subscribe for additional Capital Stock of the Issuer is issued to the existing shareholders of the Issuer on a *pro rata* basis (which, for the avoidance of doubt, shall not allow any payment in cash to be made in respect of Qualified Capital Stock of the Issuer pursuant to this clause (ix)); and

-
- (x) so long as (A) no Default or Event of Default shall have occurred and be continuing (or result therefrom) and (B) the Issuer could incur at least U.S.\$1.00 of additional Debt pursuant to Section 3.9(a), payment of any dividends on Capital Stock (other than Disqualified Capital Stock) of the Issuer in an aggregate amount which, when taken together with all dividends paid pursuant to this clause (x), does not exceed U.S.\$50 million in any calendar year; *provided*, that such dividends shall be included in the calculation of the amount of Restricted Payments.
 - (xi) [Reserved]

In determining the aggregate amount of Restricted Payments made subsequent to the Issue Date, amounts expended pursuant to clauses (i) (without duplication for the declaration of the relevant dividend), (iv), (viii) and (x) above shall be included in such calculation and amounts expended pursuant to clauses (ii), (iii), (v), (vi), (vii) and (ix) above shall not be included in such calculation.

Section 3.12 Limitation on Asset Sales.

(a) The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

- (i) the Issuer or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and
- (ii) other than in respect of Permitted Asset Swap Transactions, at least 80% of the consideration received for the assets sold by the Issuer or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided, however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:
 - (A) the assumption of Indebtedness (other than Subordinated Indebtedness) of the Issuer or any Restricted Subsidiary and the release of the Issuer or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Sale;
 - (B) any securities, notes or obligation received by the Issuer or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Issuer or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;
 - (C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and

-
- (D) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Issuer calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Issuer or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

- (i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or
- (ii) purchase:
 - (A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Issuer or any Restricted Subsidiary in a Permitted Business, or
 - (B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Issuer and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of Section 3.12(b), the Issuer will make an offer to purchase Notes (the "Asset Sale Offer"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to the date of purchase (the "Asset Sale Offer Amount"). The Issuer will purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at the Issuer's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Issuer to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Issuer may satisfy its obligations under this Section 3.12 with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Issuer may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.\$100 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.\$100 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be mailed first class, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Issuer shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part, in minimum denominations of €100,000 and any integral multiples of €1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Issuer shall, to the extent lawful:

- (i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;
- (ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and
- (iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net Cash Proceeds, the Issuer shall purchase the Notes and the other Senior Indebtedness on a *pro rata* basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be cancelled and cannot be reissued.

(i) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Issuer shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the “Asset Sale” provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Issuer may use any remaining Net Cash Proceeds for general corporate purposes of the Issuer and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Issuer and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Issuer shall be deemed to have sold the properties and assets of the Issuer and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Issuer or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Issuer or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 Limitation on the Ownership of Capital Stock of Restricted Subsidiaries. The Issuer shall not permit any Person other than the Issuer or another Restricted Subsidiary to, directly or indirectly, own or control any Capital Stock of any Restricted Subsidiary, except for:

- (i) Capital Stock owned by such Person on the Issue Date;
- (ii) directors’ qualifying shares;
- (iii) the sale or Disposition of 100% of the shares of the Capital Stock of any Restricted Subsidiary held by the Issuer and its Restricted Subsidiaries to any Person other than the Issuer or another Restricted Subsidiary effected in accordance with, as applicable, Section 3.12 and Article IV;
- (iv) in the case of a Restricted Subsidiary other than a Restricted Subsidiary that is a Wholly Owned Subsidiary,
 - (A) the issuance by that Restricted Subsidiary of Capital Stock on a *pro rata* basis to the Issuer and its Restricted Subsidiaries, on the

-
- one hand, and minority holders of Capital Stock of such Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder); or
- (B) sales, transfers and other dispositions of Capital Stock in a Restricted Subsidiary to the extent required by, or made pursuant to, buy/sell, put/call or similar shareholder arrangements set forth in binding agreements in effect on the Issue Date; and
 - (v) the sale of Capital Stock of a Restricted Subsidiary by the Issuer or another Restricted Subsidiary or the sale or issuance by a Restricted Subsidiary of its newly-issued Capital Stock if such sale or issuance is made in compliance with Section 3.12 and either:
 - (A) such Restricted Subsidiary is no longer a Subsidiary, and the continuing Investment of the Issuer and its Restricted Subsidiaries in such former Restricted Subsidiary is in compliance with Section 3.11, or
 - (B) such Restricted Subsidiary continues to be a Restricted Subsidiary.

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries.

(a) The Issuer may designate after the Issue Date any Subsidiary of the Issuer other than a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

- (i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Issuer or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18;
- (ii) at the time of and after giving effect to such Designation, the Issuer could Incur U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a);
- (iii) the Issuer would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation) as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Issuer's Investment in such Subsidiary on such date; and
- (iv) the terms of any Affiliate Transaction existing on the date of such Designation between the Subsidiary being designated (and its Subsidiaries) and the Issuer or any Restricted Subsidiary would be permitted under Section 3.18 if entered into immediately following such Designation.

(b) Neither the Issuer nor any Restricted Subsidiary shall at any time:

- (i) provide credit support for, subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, or Guarantee, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);
- (ii) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or
- (iii) be directly or indirectly liable for any Indebtedness which provides that the Holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary.

(c) The Issuer may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a “Revocation”) only if:

- (i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and
- (ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(d) The Designation of a Subsidiary of the Issuer as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer’s Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries.

(a) Except as provided in clause (b) below, the Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Issuer or any other Restricted Subsidiary or pay any Indebtedness owed to the Issuer or any other Restricted Subsidiary;

-
- (ii) make loans or advances to, or make any Investment in, the Issuer or any other Restricted Subsidiary; or
 - (iii) transfer any of its property or assets to the Issuer or any other Restricted Subsidiary.

(b) Section 3.15(a) shall not apply to encumbrances or restrictions existing under or by reason of:

- (i) applicable law, rule, regulation or order;
- (ii) this Indenture or the indenture governing the Other Notes;
- (iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided*, that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Issuer's senior management;
- (iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;
- (v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;
- (vi) restrictions with respect to a Restricted Subsidiary of the Issuer imposed pursuant to a binding agreement which has been entered into for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided*, that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);
- (vii) customary restrictions imposed on the transfer of copyrighted or patented materials;
- (viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement

referred to in clause (iii) or (v) of this Section 3.15(b); *provided*, that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Issuer's senior management;

- (ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;
- (x) Purchase Money Indebtedness for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions of the nature discussed in clause (iii) of Section 3.15(a) above on the property so acquired;
- (xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management;
- (xii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets or revenues of such joint venture;
- (xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided*, that such restrictions (A) are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Issuer's senior management or (B) constitute financial covenants or similar restrictions that limit the ability to pay dividends or make distributions upon the occurrence or continuance of a default or event of default or that would result in a default or event of default under such Indebtedness upon the declaration or payment of dividends or other distributions; and
- (xiv) net worth provisions in leases entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Issuer shall not, and shall not permit any Note Guarantor to, directly or indirectly, Incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same

extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

- (i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and
- (ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture,

in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Issuer;

(b) The provisions of Section 3.18(a) above shall not apply to:

- (i) Affiliate Transactions with or among the Issuer and any Restricted Subsidiary or between or among Restricted Subsidiaries;
- (ii) reasonable fees and compensation paid to, and any indemnity provided on behalf of, officers, directors, employees, consultants or agents of the Issuer or any Restricted Subsidiary as determined in good faith by the Issuer's Board of Directors or, to the extent consistent with past practice, senior management;

-
- (iii) Affiliate Transactions undertaken pursuant to any contractual obligations or rights in existence on the Issue Date (as in effect on the Issue Date with modifications, extensions and replacements thereof not materially adverse to the Issuer and its Restricted Subsidiaries) as determined in good faith by the Issuer's senior management;
 - (iv) any Restricted Payments in compliance with Section 3.11;
 - (v) payments and issuances of Qualified Capital Stock to any officers, directors and employees of the Issuer or any Restricted Subsidiary pursuant to any management equity plan or stock option plan or any other stock subscription or shareholder agreement, and any employment agreements, stock option plans or other compensatory arrangements (and any successor plans thereto) and any supplemental executive retirement benefit plans or arrangements with any such officers, directors or employees that are, in each case, approved in good faith by the Board of Directors or, to the extent consistent with past practice, senior management of the Issuer;
 - (vi) loans and advances to officers, directors and employees of the Issuer or any Restricted Subsidiary for travel, entertainment, moving and other relocation expenses, in each case made in the ordinary course of business in amounts consistent with the past practice of the Issuer or such Restricted Subsidiary; and
 - (vii) loans made by the Issuer or any Restricted Subsidiary to employees or directors in an aggregate amount not to exceed U.S.\$15 million (or its equivalent in another currency) at any time outstanding.

Section 3.19 Conduct of Business. The Issuer and its Restricted Subsidiaries shall not engage in any business other than a Permitted Business.

Section 3.20 Reports to Holders.

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

- (i) provide the Trustee and the Holders with:
 - (A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by "foreign private issuers" (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

-
- (B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year;
 - (C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and
- (ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(b) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute actual or constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts.

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes") imposed or levied by or on behalf of the United States, Mexico, Spain, the Netherlands, France, the United Kingdom, Switzerland or, in the event that the Issuer appoints additional paying agents, by the jurisdictions of such additional paying agents (a "Taxing Jurisdiction"), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional

amounts (“Additional Amounts”) as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided, however*, that the foregoing obligation to pay Additional Amounts does not apply to:

- (i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of the Notes),
- (ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,
- (iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days’ notice that Holders shall be required to provide such information and identification,
- (iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,
- (v) any Taxes imposed on a payment to or for the benefit of an individual pursuant to European Council Directive 2003/48/EC (as amended from time to time) or any law implementing or complying with, or introduced in order to conform to, such Directive,
- (vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,
- (vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, or
- (viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary,

a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) The exception to the Issuer's obligations to pay Additional Amounts pursuant to clause (iii) of Section 3.21(b) will not apply if (i) the provision of information, documentation or other evidence described in such clause would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of a Note than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice, or (ii) Article 166, Section II, paragraph (a), of the Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*) (or a substitute or equivalent provision) is in effect, unless (A) the provision of the information, documentation or other evidence described in clause (iii) of Section 3.21(b) is expressly required by the applicable Mexican laws and regulations in order to apply Article 166, Section II, paragraph (a), of the Mexican Income Tax Law (or substitute or equivalent provision), (B) the Issuer or any Note Guarantor cannot obtain the information, documentation or other evidence necessary to comply with the applicable Mexican laws and regulations on its own through reasonable diligence and (C) the Issuer or any Note Guarantor would not otherwise meet the requirements for application of the applicable Mexican laws and regulations.

(e) Clause (iii) of Section 3.21(b) does not require, and shall not be construed to require, that any holder, including any non-Mexican pension fund, retirement fund, tax-exempt organization or financial institution, register with the Tax Management Service (*Servicio de Administración Tributaria*) or the Mexican Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*) to establish eligibility for an exemption from, or a reduction of, Mexican withholding taxes.

(f) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection. Payment of any Additional Amounts with respect to interest shall be considered as an interest payment under, or with respect to, the Notes.

(g) The Issuer will ensure that it maintains a paying agent, in a European Union member state, that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC (as amended from time to time) or any law implementing or complying with, or introduced in order to conform to, such Directive.

(h) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Issuer is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “Partial Covenant Suspension Event”), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.13, 3.14(b), 3.15, 3.18, 3.19 and 4.1(a)(ii) (collectively, the “Partial Suspended Covenants”).

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a “Covenant Suspension Event”), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.13, 3.14(b), 3.15, 3.16, 3.18, 3.19 and 4.1(a)(ii) (collectively, the “Suspended Covenants”).

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the “Partial Covenant Suspension Date”) or a Covenant Suspension Event (the “Suspension Date”) may be redesignated as an Unrestricted Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) each Additional Note Guarantor shall be released from its obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantors shall be released from their obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided*, that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantors shall be reinstated in accordance with and subject to the conditions in Section 3.22(e).

(e) In the event that the Issuer and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the “Partial Covenant Reversion Date” and, in the case of Suspended Covenants, such subsequent date being the “Reversion Date”) (i) the Consolidated Leverage Ratio of the Issuer is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Partial Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantors (unless, solely with respect to any Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause such Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that such Additional Note Guarantor’s guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the “Partial Suspension Period” and the period of time between the Suspension Date and the Reversion Date is referred to as the “Suspension Period.” Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantors may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be classified to have been Incurred pursuant to Section 3.9(a) or Section 3.9(b) (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to Section 3.9(a) or 3.9(b), such Indebtedness shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect since the Issue Date and throughout the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or any Covenant Suspension Event and in any case no later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

(h) For purposes of this Section 3.22 only, “Consolidated Leverage Ratio” and all associated definitions shall have the meaning set forth in Exhibit E hereto.

ARTICLE IV

SUCCESSOR ISSUER

Section 4.1 Merger, Consolidation and Sale of Assets.

(a) The Issuer shall not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer’s properties and assets (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), to any Person unless:

- (i) either:
 - (A) the Issuer shall be the surviving or continuing corporation, or
 - (B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries) substantially as an entirety (the “Successor Issuer”):
 - (1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the “Permitted Merger Jurisdictions”); and
 - (2) shall expressly assume, by a supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer’s Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

-
- (ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Issuer or such Successor Issuer, as the case may be:
- (A) shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction; or
 - (B) shall be able to Incur at least U.S.\$1.00 of additional Indebtedness pursuant to Section 3.9(a);
- (iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;
- (iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and
- (v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:
- (A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;
 - (B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and
 - (C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the

acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided*, that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

- (x) any transfer of the properties or assets of a Restricted Subsidiary to the Issuer;
- (y) any merger of a Restricted Subsidiary into the Issuer; or
- (z) any merger of the Issuer into a Note Guarantor or a Wholly Owned Subsidiary of the Issuer.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, such Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) Each Note Guarantor shall not, and the Issuer shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

- (i) such Person (if such Person is the surviving entity) (the "Successor Note Guarantor") assumes all of the obligations of such Note Guarantor in respect of its Note Guarantee by executing a supplemental indenture and providing the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;
- (ii) such Note Guarantee is to be released as provided under Section 10.2(b); or
- (iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(b) will not apply to:

- (x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;
- (y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or
- (z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Issuer.

ARTICLE V

OPTIONAL REDEMPTION OF NOTES

Section 5.1 Optional Redemption. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, subject to the conditions and at the redemption prices specified in the Form of Note in Exhibit A hereto.

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 45 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the ISIN numbers of the Notes, (d) the redemption price and (e) the amount of interest to be paid with respect to each multiple of €1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 30 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

- (i) the Redemption Date,
- (ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.7,
- (iii) whether or not the Issuer is redeeming all Outstanding Notes,
- (iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,

-
- (v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,
 - (vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.7 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,
 - (vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and
 - (viii) the ISIN number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such ISIN number.

(c) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; provided, however, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding Section 5.4(b).

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method as the Trustee shall deem fair and appropriate; provided, however, that if a partial redemption is made with the proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of Euroclear or Clearstream), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 30 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for

redemption. No Notes of €100,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of €100,000 and in integral multiples of €1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Deposit of Redemption Price. On or prior to 10:00 a.m. London time, on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4) an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.7 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.8 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of €100,000 and in integral multiples of €1,000 in excess thereof.

ARTICLE VI

DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an “Event of Default”:

- (i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;

-
- (ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;
 - (iii) the failure to perform or comply with any of the provisions described under Article IV;
 - (iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of non-guarantor Restricted Subsidiaries, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;
 - (v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:
 - (A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or
 - (B) results in the acceleration of such Indebtedness prior to its stated maturity;
and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this Section 6.1(a) at the relevant time, aggregates U.S.\$50 million or more;
 - (vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.\$100 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;
 - (vii) a Bankruptcy Event of Default; or
 - (viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor's obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a “notice of acceleration.” If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

- (i) if the rescission would not conflict with any judgment or decree;
- (ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;
- (iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and
- (iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided, however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

- (i) such Holder gives to the Trustee written notice of a continuing Event of Default;
- (ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;
- (iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;
- (iv) the Trustee does not comply within 60 days; and
- (v) during such 60 day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

provided, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

- (a) The Trustee may (irrespective of whether the principal of the Notes is then due):
- (i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and
 - (ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

ARTICLE VII

TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

- (i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and
- (ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

- (i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;

-
- (ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and
 - (iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; provided, however, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots, interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall mail to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be

limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this [Section 7.7](#)) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this [Section 7.7](#), the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this [Section 7.7](#) shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this [Section 7.7](#) shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this [Section 7.7](#) or [Section 6.10](#).

Section 7.8 [Replacement of Trustee](#).

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

- (i) the Trustee fails to comply with [Section 7.10](#);

-
- (ii) the Trustee is adjudged bankrupt or insolvent;
 - (iii) a receiver or other public officer takes charge of the Trustee or its property; or
 - (iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.\$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the "Security Documents") as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance.

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or (c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer's exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

- (i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,
- (ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,
- (iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and
- (iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.13, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be

deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in euros or European Government Obligations, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

- (i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or
- (ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust euros or European Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited euros or European Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for European Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited European Government Obligations or the principal and interest received on such European Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any euros or European Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted

to apply all such euros or European Government Obligations in accordance with this Article VIII; *provided, however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from euros or European Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

- (i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or
- (ii) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee euros or European Government Obligations sufficient without reinvestment to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit, together with irrevocable instructions from the Issuer directing the Trustee to apply such funds to the payment;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX

AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

- (i) to cure any ambiguity, omission, defect or inconsistency;

-
- (ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;
 - (iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; provided, however, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;
 - (iv) to add guarantees with respect to the Notes or to secure the Notes;
 - (v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;
 - (vi) to make any change that does not, in the opinion of the Issuer, as conclusively evidenced by an Officer's Certificate to such effect, adversely affect the rights of any Holder in any material respect;
 - (vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;
 - (viii) to comply with the requirements of any applicable securities depository;
 - (ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or
 - (x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer

or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

- (i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;
- (ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;
- (iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;
- (iv) make any Notes payable in money other than that stated in the Notes;
- (v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;
- (vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;
- (vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or
- (viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in

addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

ARTICLE X

NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

- (i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;
- (ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;
- (iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;
- (iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;
- (v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;
- (vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;

-
- (vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;
 - (viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;
 - (ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;
 - (x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;
 - (xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;
 - (xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;
 - (xiii) any change in the ownership of the Issuer;
 - (xiv) any change in the laws, rules or regulations of any jurisdiction;
 - (xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and
 - (xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

- (i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;
- (ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor

of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;

- (iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;
- (iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the *Código Civil Federal* of Mexico and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

- (i) the unpaid amount of such Obligations then due and owing; and
- (ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

provided, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

- (i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and
- (ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

- (i) there is a Legal Defeasance of the Notes pursuant to Article VIII;
- (ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;

-
- (iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;
 - (iv) solely with respect to an Additional Note Guarantor, either (A) the Facilities Agreement Indebtedness has been repaid in full and such Additional Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Additional Note Guarantor; or
 - (v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the

meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3 or L. 242-6 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Note Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a "Swiss Note Guarantor") are subject to the limitations set out in this Section 10.6.

(c) For the purpose of this clause, "Free Reserves Available for Distribution" means an amount equal to the maximal amount in which the relevant Swiss Note Guarantor can

make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

(d) As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Trustee (save to the extent provided below).

(e) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

- (i) if and to the extent required by applicable law in force at the relevant time:
 - (A) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time) from any payment made by it;
 - (B) pay any such deduction to the Swiss Federal Tax Administration; and
 - (C) notify and provide evidence to the Trustee that the Swiss withholding tax has been paid to the Swiss Federal Tax Administration;

The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax: (y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (z) pay to the Trustee upon receipt any amount so refunded.

(f) The Swiss Note Guarantor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to

discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(g) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this [Section 10.6](#) and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an “[Undervalued Asset](#)”), the Swiss Note Guarantor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor’s business (*nicht betriebsnotwendig*).

Section 12.14 Currency Indemnity; Payments in U.S. Dollars.

(a) The euro is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than euros in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the euro amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that euro amount is less than the euro amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of euro been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of euro on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

(c) Notwithstanding Section 12.14(a) above or any provision herein or in the Notes to the contrary, if the euro is unavailable to the Issuer due to the imposition of exchange controls or other circumstances beyond the control of the Issuer or if the euro is no longer being used by the then member states of the European Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then the Issuer will be entitled, until the euro is again available to the Issuer or so used, to satisfy its payment obligations in respect of the Notes and this Indenture by making such payments in U.S. dollars. The amount payable on any date in euro will be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second New York Business Day prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the most recent U.S. dollar/euro exchange rate published in *The Wall Street Journal* on or prior to the second New York Business Day prior to the relevant payment date. Any payment in respect of the Notes or this Indenture so made in U.S. dollars will not constitute an Event of Default under the Notes or this Indenture. Neither the Trustee nor the Paying Agent shall have any responsibility for any calculation or conversion made pursuant to this Section 12.14(c).

Section 12.15 Table of Contents: Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

Section 12.16 USA PATRIOT Act. The parties hereto acknowledge that, in accordance with Section 326 of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law on October 26, 2001)) (as amended, modified or supplemented from time to time, the “USA PATRIOT Act”), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. The parties to this Agreement agree that they will provide the Trustee with such information as the Trustee may request in order for the Trustee to satisfy the requirements of the USA PATRIOT Act.

FORM OF REVERSE SIDE OF NOTE

4.375% Senior Secured Notes due 2023

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX, S.A.B. de C.V., a publicly traded stock corporation with variable capital (*sociedad anónima bursátil de capital variable*) organized under the laws of the United Mexican States (together with its successors and assigns, the "Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing September 5, 2015; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from March 5, 2015; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after March 5, 2015), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from March 5, 2015. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest ("Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 1:00 p.m. London time on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in euros.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by Euroclear or Clearstream. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided, however*, that payments on the Notes may also be made, in the case of a Holder of at least €10,000,000 aggregate principal amount of Notes, by wire transfer to an account maintained by the payee if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee and Registrar and The Bank of New York Mellon, London Branch, will act as Paying Agent. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of March 5, 2015 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. €550,000,000 in aggregate principal amount of Notes will be issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by

acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction of formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after March 5, 2019, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on March 5 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption:

<u>Year</u>	<u>Percentage</u>
2019	102.188%
2020	101.094%
2021 and thereafter	100.000%

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement or the Credit Agreement.

Prior to March 5, 2019, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of the redemption price of the Notes to be redeemed at March 5, 2019 (such redemption price being set forth in the table appearing above) plus each remaining scheduled payment of interest thereon during the period between the redemption date and March 5, 2019 (exclusive of interest accrued to the date of redemption), in each case, discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Bund Rate (as defined below) plus 50 basis points, plus, in each case any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption, *provided, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement or the Credit Agreement.

“Bund Rate” means, with respect to any Redemption Date, the yield to maturity as of such Redemption Date of the Comparable German Bund Issue (as defined below), assuming a price for the Comparable German Bund Issue (expressed as a percentage of its principal amount) equal to the Comparable German Bund Price (as defined below) for such Redemption Date.

“Comparable German Bund Issue” means the German Bundesanleihe security selected by any Reference German Bund Dealer (as defined below) as having a fixed maturity most nearly equal to the period from such Redemption Date to and that would be utilized at the time of selection and in accordance with customary financial practice, in pricing new issues of Euro-denominated corporate debt securities in a principal amount approximately equal to the then outstanding principal amount of the Notes and of a maturity most nearly equal to March 5, 2019; *provided*, however, that, if the period from such Redemption Date to March 5, 2019 is not equal to the fixed maturity of the German Bundesanleihe security selected by such Reference German Bund Dealer (as defined below), the Bund Rate shall be determined by linear interpolation (calculated to the nearest one-twelfth of a year) from the yields of German Bundesanleihe securities for which such yields are given, except that if the period from such Redemption Date to March 5, 2019 is less than one year, a fixed maturity of one year shall be used.

“Comparable German Bund Price” means, with respect to any Redemption Date, the average of all Reference German Bund Dealer Quotations (as defined below) for such date (which, in any event, must include at least two such quotations), after excluding the highest and lowest such Reference German Bund Dealer Quotations, or if the Issuer obtains fewer than four such Reference German Bund Dealer Quotations, the average of such quotations.

“Reference German Bund Dealer” means any dealer of German Bundesanleihe securities appointed by the Issuer in good faith.

“Reference German Bund Dealer Quotations” means, with respect to each Reference German Bund Dealer and any Redemption Date, the average as determined by the Issuer in good faith of the bid and offered prices for the Comparable German Bund Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Issuer by such Reference German Bund Dealer at 3:30 p.m. Frankfurt, Germany, time on the third Business Day preceding the Redemption Date.

Optional Redemption upon Equity Offerings. At any time, or from time to time, on or prior to March 5, 2018, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 104.375% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption; *provided*, that:

(a) after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and

(b) the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the Facilities Agreement or the Credit Agreement.

“Equity Offering” means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

Optional Redemption for Changes in Withholding Taxes. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction) the Issuer or any Note Guarantor would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see “Additional Amounts”), then, at the Issuer’s option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 30 nor more than 60 days’ notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to the date of redemption; *provided, however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which the Issuer or any Note Guarantor would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided, further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement or the Credit Agreement.

Prior to the publication of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

(a) an Officer’s Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer’s right to redeem have occurred, and

(b) an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date, interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

Change of Control Offer. Upon the occurrence of a Change of Control, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of €1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest through the date of purchase. Within 30 days following the date upon which the Change of Control occurred, the Issuer must make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by applicable law.

Asset Sale Offer. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. In the event the proceeds from a permitted Asset Sale exceed certain amounts and are not applied as specified in the Indenture, the Issuer will be required to make an Asset Sale Offer to purchase to the extent of such remaining proceeds each Holder's Notes together with holders of certain other Indebtedness at 100% of the principal amount thereof, plus accrued interest (if any) to the Asset Sale Offer Payment Date, as more fully set forth in the Indenture.

7. Denominations; Transfer; Exchange

The Notes are in fully registered form without coupons, and only in denominations of principal amount of €100,000 and in integral multiples of €1,000 in excess thereof. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements or transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. The Registrar shall not be required to register the transfer or exchange of (x) any Note for a period beginning: (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unredeemed or unrepurchased portion thereof, if any.

8. Persons Deemed Owners

The registered holder of this Note may be treated as the owner of it for all purposes.

9. Unclaimed Money

If money for the payment of principal or interest remains unclaimed for two years, the Trustee or Paying Agent shall pay the money back to the Issuer at its request unless an abandoned property law designates another Person. After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee euros or European Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

11. Amendment, Waiver

However, to the extent any provision of any Note conflicts with the express provisions of this Indenture, the provisions of this Indenture shall govern and be controlling.

ARTICLE II

THE NOTES

SECTION 2.01. Form and Dating.

(a) Form and Dating.

(i) The Notes shall be issued in the form of one or more definitive, fully registered form of securities without interest coupons, with their English and Spanish text side-by-side, *provided, however*, that in case of any inconsistency or question as to the proper interpretation or construction of the Notes between the text in English and the text in Spanish, the English text shall control in all cases. The Notes and the Trustee’s certificate of authentication shall be substantially in the form of Exhibit A hereto. The terms and provisions of the Notes shall constitute, and are hereby expressly made, a part of this Indenture, and, to the extent applicable, the Issuer and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby.

(ii) Except as otherwise expressly permitted in this Indenture, all Notes shall be identical in all respects. Notwithstanding any differences among them, all Notes issued under this Indenture shall vote and consent together on all matters as one class.

(iii) Notes that were originally issued to qualified institutional buyers in reliance on Rule 144A under the Securities Act will be issued in the form of one or more permanent Global Securities.

(iv) Each such Global Security shall be issued with the Restricted Securities Legend, the Global Securities Legend and the Mexican Law Legend.

(v) Any Global Security shall be deposited on behalf of the purchasers of the Notes represented thereby with the Trustee, as custodian for the Depository, and registered in the name of the Depository or a nominee of the Depository for the accounts

of participants in the Depositary, duly executed by the Issuer and the Mexican Trustee and authenticated by the Trustee as hereinafter provided. The aggregate principal amount of any Global Security may from time to time be increased or decreased by adjustments made on the records of the Trustee and the Depositary or its nominee as hereinafter provided. Any Global Security may be represented by more than one certificate.

(vi) The Notes may have notations, legends or endorsements as specified in this Indenture or as otherwise required by law, stock exchange rule or Depositary rule or usage. The Issuer shall approve the form of the Notes and any notation, legend or endorsement on them.

(b) Book-Entry Provisions. This Section 2.01(b) shall apply only to a Global Security deposited with or on behalf of the Depositary.

Notwithstanding the foregoing, nothing herein shall prevent the Issuer, the Trustee or any agent of the Issuer or the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Depositary or impair, as between the Depositary and its Agent Members, the operation of customary practices of such Depositary governing the exercise of the rights of a holder of a beneficial interest in any Global Security.

(c) The Trustee shall authenticate and make available for delivery Notes for original issue in the aggregate principal amount of up to the Maximum Issuable Amount upon receipt of an Issuer Order, which shall specify the amount of Notes to be authenticated and the date on which the Notes are to be authenticated.

An authenticating agent has the same right as an Agent to deal with the Issuer or an Affiliate of the Issuer.

(f) If any successor that has replaced the Issuer in accordance with Article V has executed an indenture supplemental hereto with the Trustee pursuant to Article V, any of the Notes authenticated or delivered prior to such transaction may, from time to time, at the request of such successor, be exchanged for other Notes executed in the name of such successor with such changes in phraseology and form as may be appropriate, but otherwise identical to the Notes surrendered for such exchange and of like principal amount; and the Trustee, upon Issuer Order of such successor, shall authenticate and deliver Notes as specified in such order for the purpose of such exchange. If Notes shall at any time be authenticated and delivered in any new name of such successor pursuant to this Section 2.02(f) in exchange or substitution for or upon registration of transfer of any Notes, such successor, at the option of the Holders but without expense to them, shall provide for the exchange of all Notes then outstanding for Notes authenticated and delivered in such new name.

While any such default continues, the Trustee may require a Paying Agent to pay all money held by it to the Trustee. The Issuer at any time may require a Paying Agent to pay all money held by it to the Trustee. Upon payment over to the Trustee, the Paying Agent (if other than the Issuer or a Subsidiary of the Issuer) shall have no further liability for the money. If the Issuer or a Subsidiary of the Issuer acts as Paying Agent, it shall segregate and hold in a separate trust fund for the benefit of the Holders of all money held by it as Paying Agent. Upon any proceeding under any Bankruptcy Law with respect to the Issuer or any of its Affiliates, if the Issuer or such Affiliate is then acting as Paying Agent, the Trustee shall replace the Issuer or such Affiliate as Paying Agent.

SECTION 2.05. Holder Lists. The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. If the Trustee is not the Registrar, the Issuer shall furnish to the Trustee at least seven Business Days before each Interest Payment Date, and as the Trustee may request in writing within fifteen (15) days after receipt by the Issuer of any such request (or such lesser time as the Trustee may reasonably request in order to enable it to timely provide any notice to be provided by it hereunder), a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of the Holders.

SECTION 2.06. Legends; Transfer Restrictions. (a) Each Global Security shall bear the Global Securities Legend.

(b) Each Restricted Note shall bear the Restricted Securities Legend. Each Note that bears or is required to bear the Restricted Securities Legend shall be subject to the restrictions on transfer set forth therein, and each Holder of such Note, by such Holder's acceptance thereof, agrees to be bound by all such restrictions on transfer.

(c) Each Note shall bear a Mexican Law Legend.

(d) As used in this Section 2.06 and in Section 2.07, the term “transfer” includes any sale, pledge, transfer or other disposition whatsoever of any Restricted Note. The Registrar shall not register any transfer of a Restricted Note not made in accordance with the restrictions on transfer set forth in this Section 2.06 and in Section 2.07.

(e) Every ADR certificate representing an ADS issued in the circumstances described in Section 12.11 hereof shall bear the applicable Restricted ADS Legend unless removed in accordance with the provisions of Section 12.11.

SECTION 2.07. Transfer and Exchange. (a) When Notes are presented to the Registrar or a co-registrar with a request to register a transfer or to exchange them for an equal principal amount of Notes for other denominations, the Registrar shall register the transfer or make the exchange if its requirements for such transactions specified herein and the related certificate are met. To permit registrations of transfers and exchanges, the Issuer shall issue and the Trustee shall authenticate Notes at the Registrar’s request, bearing certificate numbers not contemporaneously outstanding. No service charge shall be imposed on a Holder for any registration of transfer or exchange of Notes (except as otherwise expressly permitted herein), but the Issuer and the Registrar may require payment of a sum sufficient to cover any transfer Tax or other governmental charge payable upon exchanges pursuant to Section 2.11, Section 9.05 or Section 12.02.

The Issuer or the Registrar shall not be required to register the transfer of any Notes surrendered for repurchase pursuant to Section 3.03.

All Notes issued upon any transfer or exchange of Notes in accordance with this Indenture shall be the valid obligations of the Issuer, evidencing the same debt, and entitled to the same benefits under this Indenture as the Notes surrendered upon such registration of transfer or exchange.

(b) Notwithstanding any provision to the contrary herein, so long as a Global Security remains outstanding and is held by or on behalf of the Depository, transfers of a Global Security, in whole or in part, or of any beneficial interest therein, shall only be made in accordance with this Section 2.07, Section 2.11 and the Applicable Procedures.

Except for transfers or exchanges made in accordance with paragraphs (i) through (iii) of this Section 2.07(b) and Section 2.11, transfers of a Global Security shall be limited to transfers of such Global Security in whole, but not in part, to nominees of the Depository or to a successor of the Depository or such successor’s nominee.

(i) *Global Security to Definitive Security.* If an owner of a beneficial interest in a Global Security deposited with the Depository or with the Trustee as custodian for the Depository wishes at any time to transfer its interest in such Global Security to a Person who is required to take delivery thereof in the form of a definitive registered note (such Note, a “**Definitive Security**”), such owner may, subject to the restrictions on transfer set forth herein and such Global Security and the Applicable Procedures, cause the exchange of such interest for one or more Definitive Securities of any authorized denomination or denominations and of the same aggregate principal amount. Upon

receipt by the Registrar of (1) instructions from the Depositary and/or its participants directing the Trustee to authenticate and deliver one or more Definitive Securities of the same aggregate principal amount as the beneficial interest in the Global Security to be exchanged (such instructions to contain the name or names of the designated transferee or transferees, the authorized denomination or denominations of the Definitive Securities to be so issued and appropriate delivery instructions), and (2) in the case of a Restricted Note, such certifications or other information and, except in the case of transfers pursuant to Rule 144 under the Securities Act, legal opinions as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, then the Registrar will instruct the Depositary to reduce or cause to be reduced such Global Security by the aggregate principal amount of the beneficial interest therein to be exchanged and to debit or cause to be debited from the account of the Person making such transfer the beneficial interest in the Global Security that is being transferred, and concurrently with such reduction and debit the Issuer shall execute, and the Trustee shall authenticate and deliver, one or more Definitive Securities of the same aggregate principal amount in accordance with the instructions referred to above.

(ii) *Definitive Security to Definitive Security*. If a Holder of a Definitive Security wishes at any time to transfer such Definitive Security (or portion thereof) to a Person who is required to take delivery thereof in the form of a Definitive Security, such Holder may, subject to the restrictions on transfer set forth herein and in such Definitive Security, cause the transfer of such Definitive Security (or any portion thereof in a principal amount equal to an authorized denomination) to such transferee. Upon receipt by the Registrar of (1) such Definitive Security, duly endorsed as provided herein, (2) instructions from such Holder directing the Trustee to authenticate and deliver one or more Definitive Securities of the same aggregate principal amount as the Definitive Security, or portion thereof, to be transferred (such instructions to contain the name or names of the designated transferee or transferees, the authorized denomination or denominations of the Definitive Securities to be so issued and appropriate delivery instructions), and (3) in the case of a Restricted Note, such certifications or other information and, except in the case of transfers to Persons pursuant to Rule 144 under the Securities Act, legal opinions as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, then the Registrar, shall cancel or cause to be canceled such Definitive Security and concurrently therewith, the Issuer shall execute, and the Trustee shall authenticate and deliver, one or more Definitive Securities in the appropriate aggregate principal amount, in accordance with the instructions referred to above and, if only a portion of a Definitive Security is transferred as aforesaid, concurrently therewith the Issuer shall execute and the Trustee shall authenticate and deliver to the transferor a Definitive Security in a principal amount equal to the principal amount which has not been transferred. A Holder of a Definitive Security may at any time exchange such Definitive Security for one or more Definitive Securities of other authorized denominations and in the same aggregate principal amount and registered in the same name by delivering such Definitive Security, duly endorsed as provided herein, to the Trustee together with instructions directing the Trustee to authenticate and deliver one or more Definitive Securities in the same aggregate principal amount and registered

in the same name as the Definitive Security to be exchanged, and the Registrar thereupon shall cancel or caused to be canceled such Definitive Security and concurrently therewith the Issuer shall execute and Trustee shall authenticate and deliver, one or more Definitive Securities in the same aggregate principal amount and registered in the same name as the Definitive Security being exchanged.

(iii) *Definitive Security to Global Security.* If a Holder of a Definitive Security wishes at any time to transfer such Definitive Security (or portion thereof) to a Person who is not required to take delivery thereof in the form of a Definitive Security, such Holder shall, subject to the restrictions on transfer set forth herein and in such Definitive Security and the rules of the Depositary cause the exchange of such Definitive Security for a beneficial interest in the Global Security. Upon receipt by the Registrar of (1) such Definitive Security, duly endorsed as provided herein, (2) instructions from such Holder directing the Trustee to increase the aggregate principal amount of the Global Security deposited with the Depositary or with the Trustee as custodian for the Depositary by the same aggregate principal amount as the Definitive Security to be exchanged, such instructions to contain the name or names of a member of, or participant in, the Depositary that is designated as the transferee, the account of such member or participant and other appropriate delivery instructions, (3) the assignment form on the back of the Definitive Security completed in full, and (4) in the case of a Restricted Note, such certifications or other information and legal opinions as the Issuer may reasonably require to confirm that such transfer is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, then the Trustee shall cancel or cause to be canceled such Definitive Security and concurrently therewith shall increase the aggregate principal amount of the Global Security by the same aggregate principal amount as the Definitive Security canceled.

All Definitive Securities shall be issued in minimum principal amounts of U.S.\$1,000 and integral multiples of U.S.\$1,000 in excess thereof.

(c) So long as and to the extent that the Notes are represented by one or more Global Securities held by or on behalf of the Depositary only, the Issuer may accomplish any delegending of such Notes represented by such Global Securities at any time on or after the Resale Restriction Delegending Date, to the extent such Notes are freely tradable without restrictions under applicable securities laws, by:

(i) providing written notice to the Trustee that the Resale Restriction Delegending Date has occurred and instructing the Trustee to remove the Restricted Securities Legend from the Notes;

(ii) providing written notice to Holders of the Notes that the Restricted Securities Legend has been removed or deemed removed;

(iii) providing written notice to the Trustee and the Depositary to change the CUSIP number for the Notes to the applicable unrestricted CUSIP number; and

(iv) complying with any Applicable Procedures for delegending;

whereupon the Restricted Securities Legend shall be deemed removed from any Global Securities without further action on the part of Holders.

(d) Transfers of Notes and Restricted Notes.

(i) Upon the transfer, exchange or replacement of Notes (or beneficial interests in a Global Security) not bearing (or not required to bear upon such transfer, exchange or replacement) a Restricted Securities Legend, the Registrar shall exchange such Notes (or beneficial interests) for Notes (or beneficial interests in a Global Security) not bearing a Restricted Securities Legend.

(ii) Upon the transfer, exchange or replacement of Notes (or beneficial interests in a Global Security) bearing a Restricted Securities Legend at any time prior to the time the Issuer has provided notice of the occurrence of the Resale Restriction Delegending Date, the Registrar shall deliver only Notes (or beneficial interests in a Global Security) bearing a Restricted Securities Legend unless (i) such Notes (or beneficial interests) are transferred pursuant to an effective shelf registration statement; (ii) such Notes (or beneficial interests) are transferred pursuant to Rule 144 under the Securities Act upon delivery to the Registrar of a certificate of the transferor in the form contained in Exhibit A hereto and an Opinion of Counsel reasonably satisfactory to the Registrar; (iii) such Notes (or beneficial interests) are transferred, replaced or exchanged after the Resale Restriction Delegending Date and are freely tradable without restriction under applicable securities laws; or (iv) in connection with such transfer, exchange or replacement the Registrar shall have received an Opinion of Counsel, certificates and such other evidence reasonably required by and satisfactory to it to the effect that neither such Restricted Securities Legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act. The Issuer shall deliver to the Trustee an Officer's Certificate promptly upon effectiveness, withdrawal or suspension of any shelf registration statement that is or has previously been declared effective with respect to the Notes.

(e) Any transfer of Restricted Notes not described above (other than a transfer of a beneficial interest in a Global Security that does not involve an exchange of such interest for a Definitive Security or a beneficial interest in another Global Security, which must be effected in accordance with applicable law and the Applicable Procedures, but is not subject to any procedure required by this Indenture) shall be made only upon receipt by the Registrar of such Opinions of Counsel, certificates and such other evidence reasonably required by and satisfactory to it in order to ensure compliance with the Securities Act, or as otherwise set forth in this Indenture.

(f) Any Note or ADS issued upon the conversion or exchange of a Note that, prior to the date upon which the Issuer instructs the Trustee to remove the Restricted Securities Legend pursuant to Section 2.07(c) above, is purchased or owned by the Issuer or any Affiliate thereof, may not be resold by the Issuer, and the Issuer may not permit any such Affiliate to resell it, unless (x) bearing a CUSIP that is different from the CUSIP for the Notes or ADSs issued prior to such date and not acquired by the Issuer or any Affiliate thereof prior to such date or (y) registered under the Securities Act or resold pursuant to an exemption from the registration

requirements of the Securities Act in a transaction that results in such Note or ADS, as the case may be, no longer being “restricted securities” (as defined under Rule 144). For the avoidance of doubt, this Section 2.07(f) shall not be applicable to resales to which Section 4.09(b) applies.

(g) Neither the Trustee nor any Agent shall have any responsibility for any actions taken or not taken by the Depository. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be the Depository or its nominee in the case of a Global Security). The rights of beneficial owners in any Global Security shall be exercised only through the Depository subject to the Applicable Procedures. The Trustee may conclusively rely and shall be fully protected in relying upon information furnished by the Depository with respect to its Agent Members and any beneficial owners.

(h) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Notes (including any transfers between or among Agent Members or beneficial owners of interests in any Global Security) other than to require delivery of such certificates and other documentation as is expressly required by, and to do so if and when expressly required by, the terms of this Indenture and to examine the same to determine substantial compliance as to form with the express requirements hereof. The Trustee shall have no obligations or duties to the holders of any ADSs issued pursuant to Article XII hereof.

(i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Security, Agent Members or any other Persons with respect to the accuracy of the records of DTC or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than DTC) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be DTC or its nominee in the case of a Global Security). The rights of beneficial owners in any Global Security shall be exercised only through DTC subject to the applicable rules and procedures of DTC. The Trustee may and shall be fully protected in relying upon information furnished by DTC with respect to its Agent Members and any beneficial owners.

SECTION 2.08. Replacement Notes. If the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall issue (after the execution by two Officers, who shall also be members of the Board of Directors), the Mexican Trustee shall sign and the Trustee shall authenticate a replacement Note if the Trustee’s requirements are met. If required by the Trustee, the Mexican Trustee or the Issuer as a condition of receiving a replacement Note, such Holder shall provide a certificate of loss and an indemnity and/or an indemnity bond sufficient, in the judgment of the Issuer, the Mexican Trustee and the Trustee, to fully protect the Issuer, the Mexican Trustee, the Trustee, any Agent and any authenticating agent from any loss, liability, cost or expense which any of them may suffer or incur if the Note is replaced. The Issuer, the Mexican Trustee and the Trustee may charge the relevant Holder for their expenses in replacing any Note.

The Trustee or any authenticating agent may authenticate any such substituted Note, and deliver the same upon the receipt of such security or indemnity as the Trustee, the Mexican Trustee, the Issuer and, if applicable, such authenticating agent may require. Upon the issuance of any substituted Note, the Issuer and the Trustee may require the payment of a sum sufficient to cover any Tax or other governmental charge that may be imposed in relation thereto and any other expenses connected therewith. In case any Note which has matured or is about to mature, or has been submitted for repurchase pursuant to [Section 3.03](#) or is about to be converted into ADSs pursuant to Article XII, shall become mutilated or be destroyed, lost or stolen, the Issuer may, instead of issuing a substitute Note, pay or authorize the payment of or convert or authorize the conversion of the same (without surrender thereof except in the case of a mutilated Note), as the case may be, if the applicant for such payment or conversion shall furnish to the Issuer, to the Mexican Trustee, to the Trustee and, if applicable, to the authenticating agent such security or indemnity as may be required by them to save each of them harmless for any loss, liability, cost or expense caused by or connected with such action, and, in case of destruction, loss or theft, evidence satisfactory to the Issuer, the Mexican Trustee, the Trustee and, if applicable, any Paying Agent or Conversion Agent of the destruction, loss or theft of such Note and of the ownership thereof.

Every replacement Note is an additional obligation of the Issuer and shall be entitled to all the benefits provided under this Indenture equally and proportionately with all other Notes duly issued, authenticated and delivered hereunder.

SECTION 2.09. Outstanding Notes. The Notes outstanding at any time are all the Notes properly authenticated by the Trustee except for those canceled by the Trustee, those delivered to it for cancellation, and those described in this [Section 2.09](#) as not outstanding.

If a Note is replaced pursuant to [Section 2.08](#), it shall cease to be outstanding unless the Trustee receives proof satisfactory to it that the replaced Note is held by a protected purchaser.

If Notes are considered paid under [Section 4.01](#), converted under Article XII or redeemed or repurchased pursuant to [Section 3.01](#) or [Section 3.03](#), they shall cease to be outstanding and Interest on them shall cease to accrue, except as may be otherwise set forth herein.

Subject to [Section 2.10](#) hereof, a Note does not cease to be outstanding because the Issuer or an Affiliate of the Issuer holds the Note.

SECTION 2.10. When Treasury Notes Disregarded. In determining whether the Holders of the required principal amount of Notes have concurred in any direction, waiver or consent, Notes owned by the Issuer or an Affiliate of the Issuer shall be considered as though they are not outstanding except that for the purposes of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent, only Notes which a Trust Officer of the Trustee actually knows are so owned shall be so disregarded. Prior to any such determination, the Issuer shall be obliged to advise the Trustee of any Notes owned by the Issuer or an Affiliate of the Issuer.

SECTION 2.11. Temporary Notes; Definitive Securities. (a) Until Definitive Securities are ready for delivery, the Issuer may prepare and the Trustee shall authenticate temporary Notes, which shall also be signed by the Mexican Trustee. Temporary Notes shall be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes and shall be reasonably acceptable to the Trustee. Without unreasonable delay, the Issuer shall prepare, the Mexican Trustee shall sign and the Trustee shall authenticate Definitive Securities in exchange for temporary Notes.

(b) Definitive Securities.

(i) Except for transfers made in accordance with Section 2.07(b), a Global Security deposited with the Depository or with the Trustee as custodian for the Depository pursuant to Section 2.01 shall be transferred to the beneficial owners thereof in the form of Definitive Securities only if such transfer complies with Section 2.07 and (x) the Depository notifies the Issuer that it is unwilling or unable to continue as Depository for such Global Security or if at any time such Depository ceases to be a “clearing agency” registered under the Exchange Act and a successor Depository is not appointed by the Issuer within 90 days of such notice, (y) an Event of Default has occurred and is continuing, or (z) the Issuer, in its sole discretion, determines that the Global Security will be exchangeable for Definitive Securities in registered form and notifies the Trustee of its decision.

(ii) In connection with the exchange of an entire Global Security for Definitive Securities pursuant to clause (x) of Section 2.11(b)(i), such Global Security shall be deemed to be surrendered to the Trustee for cancellation, and the Issuer (by means of the execution by two Officers, who shall also be members of the Board of Directors) and the Mexican Trustee shall execute, and upon Issuer Order the Trustee shall authenticate and deliver to each Person identified by DTC and/or its participants in exchange for its interest in such Global Security, an equal aggregate principal amount of Definitive Securities of authorized denominations, and the Registrar shall register such exchanges in the Register.

(iii) In connection with the exchange of an entire Global Security for Definitive Securities pursuant to clause (y) of Section 2.11(b)(i), if an Event of Default has occurred and is continuing, upon receipt by the Registrar of instructions from Agent Members on behalf of the owner of a beneficial interest in a Global Security directing the Registrar to exchange such beneficial owner’s beneficial interest in such Global Security for Definitive Securities, subject to and in accordance with the Applicable Procedures, the Issuer (by means of the execution by two Officers, who shall also be members of the Board of Directors) and the Mexican Trustee shall promptly execute, and upon Issuer Order the Trustee shall authenticate and make available for delivery to such beneficial owner, Definitive Securities in a principal amount equal to such beneficial interest in such Global Security.

(iv) If (A) an event described in clause (x) of Section 2.11(b)(i) occurs and Definitive Securities are not issued promptly to all beneficial owners or (B) the Registrar receives from a beneficial owner instructions to obtain Definitive Securities due to an

event described in clause (y) of Section 2.11(b)(i) and Definitive Securities are not issued promptly to any such beneficial owner, the Issuer expressly acknowledges, with respect to the right of any Holder to pursue a remedy pursuant to Section 6.06 hereof, the right of any beneficial owner of Notes to pursue such remedy with respect to the portion of the Global Security that represents such beneficial owner's Notes as if such Definitive Securities had been issued.

(c) Any Global Security or interest therein that is transferable to the beneficial owners thereof in the form of Definitive Securities shall, if held by the Depository, be surrendered by the Depository to the Trustee, without charge, and the Trustee shall authenticate and deliver, upon such transfer of each portion of such Global Security, an equal aggregate principal amount of Notes of authorized denominations in the form of certificated Notes in definitive form. Any portion of a Global Security transferred pursuant to this Section 2.11(c) shall be executed, authenticated and delivered only in denominations of U.S.\$1,000 and multiples of U.S.\$1,000 in excess thereof and registered in such names as the Depository and/or its participants shall direct.

(d) Prior to any transfer pursuant to Section 2.11(b), the registered Holder of a Global Security may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Indenture or the Notes.

(e) The Issuer will make available to the Trustee a reasonable supply of certificated Notes in definitive form without interest coupons.

SECTION 2.12. Cancellation. The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar and Paying Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else may cancel Notes surrendered for registration of transfer, exchange, payment, replacement, conversion, redemption, repurchase or cancellation. All Notes so surrendered to the Trustee shall be cancelled promptly by the Trustee. Upon written instructions of the Issuer, the Trustee shall dispose of canceled Notes in accordance with its customary procedures for the disposition of canceled securities and, after such disposition, shall upon written request deliver a certificate of disposition to the Issuer. The Issuer may not issue new Notes to replace Notes that it has paid or repurchased or that have been delivered to the Trustee for cancellation or that any Holder has (i) converted pursuant to Article XII hereof, or (ii) submitted for repurchase pursuant to Section 3.03 hereof (unless validly revoked pursuant to Section 3.04).

SECTION 2.13. [Reserved].

SECTION 2.14. CUSIP Number. (a) The Issuer, in issuing the Restricted Notes, will use a restricted CUSIP number for such Notes until such time as the Restricted Securities Legend is removed pursuant to Section 2.07(c) or Section 2.07(d). At such time as the applicable restrictive legend is removed from such Notes pursuant to Section 2.07(c) or Section 2.07(d), the Issuer will use an unrestricted CUSIP number for such Note, but only with respect to the Notes where so removed.

(b) The Issuer, upon issuing ADSs upon conversion of Restricted Notes, will use a restricted CUSIP number for such ADSs. With respect to each ADR representing such ADS, until such time as the applicable Restricted ADS Legend is removed pursuant to Section 2.07(c) or Section 2.07(d) from such ADR, such restricted CUSIP will be the CUSIP numbers for such ADR. At such time as the applicable restrictive legend is removed from such ADR pursuant to Section 2.07(c) or Section 2.07(d), an unrestricted CUSIP number for such ADR will be deemed to be the CUSIP number therefor, but only with respect to the ADRs where so removed.

(c) The Trustee shall use the applicable CUSIP number in notices of redemption as a convenience to Holders; *provided* that any such notice may state that no representation is made as to the correctness of such number either as printed on the Notes or as contained in any notice of a redemption and that reliance may be placed only on the other identification numbers printed on the Notes, and any such redemption shall not be affected by any defect in or omission of such number. The Issuer will promptly notify the Trustee in writing of any change in the CUSIP number.

ARTICLE III

REDEMPTION AND REPURCHASE OF NOTES

SECTION 3.01. Redemption of Notes at the Option of the Issuer. (a) If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of any government or jurisdiction (a "Taxing Jurisdiction") affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Unit Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article V, shall be for purposes of the provision being described, the date of such merger, consolidation or other transaction) the Issuer would be obligated, after taking all reasonable measures to avoid such requirement, to pay Additional Amounts in excess of those attributable to a withholding Tax rate of 10% with respect to the Notes, then, at the Issuer's option, the Issuer may give a Tax Redemption Notice whereupon the Notes shall be redeemed (a "Tax Redemption") in whole, but not in part, at a redemption price (the "Tax Redemption Price") equal to 100% of the outstanding principal amount, plus Interest, if any, up to but not including the Tax Redemption Date; *provided, however*, that (1) no Tax Redemption Notice may be given earlier than 90 days prior to the earliest date on which the Issuer would be obligated to pay the Additional Amounts described in the preceding sentence if a payment on the Notes were then due (in excess of the Additional Amounts payable on the date hereof), (2) at the time such Tax Redemption Notice is given such obligation to pay such Additional Amounts remains in effect, and (3) the Issuer shall have satisfied the additional requirements set forth in paragraph (b) of this Section 3.01. A Tax Redemption Notice, once delivered by the Issuer or caused to be delivered by the Issuer, shall be irrevocable.

(b) Prior to the publication of any Tax Redemption Notice, the Issuer will deliver to the Trustee:

(i) an Officer's Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer's right to redeem set forth above have occurred, and

(ii) an Opinion of Counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

(c) The Issuer shall not have the right to exercise any such optional redemption at any time when it is prohibited from having such an option under the Facilities Agreement. Upon delivery of a Tax Redemption Notice, each Holder will have the option to convert its Notes as if a Fundamental Change had occurred by delivering a notice of conversion of the Notes to the Trustee no later than the close of business on the fourth Business Day immediately preceding the Tax Redemption Date set forth in the Tax Redemption Notice. Such conversion shall be made at the Make Whole Fundamental Change Premium, determined as set forth in Section 12.12; provided that the "ADS price" used by the Issuer in the calculation of the make whole amount shall be the Last Reported Sale Price of the ADSs on the Trading Day immediately preceding the date the Tax Redemption Notice is delivered by the Issuer or caused to be delivered by the Issuer and "Effective Date" used in such calculation shall be the Trading Day immediately preceding such date of delivery. The settlement of such conversion shall be made in accordance with the settlement provisions set forth in Section 12.12.

(d) If the Issuer sets a Tax Redemption Date between a Record Date and the corresponding Interest Payment Date, the Issuer will not pay accrued Interest to any redeeming Holder, and will instead pay the full amount of the relevant Interest payment on such Interest Payment Date to the Holder of record on such Record Date.

(e) If the Issuer elects to exercise the redemption right described in Section 3.01(a), it shall give, or cause to be given by the Trustee, irrevocable written notice of redemption (the "Tax Redemption Notice") not less than 30 days nor more than 60 days before the Tax Redemption Date to the Trustee, the Paying Agent and each Holder at the addresses as shown on the Register. The Tax Redemption Notice shall include such notices as are required by law and shall state: (i) the aggregate principal amount of Notes to be redeemed; (ii) the CUSIP number or numbers of the Notes being redeemed; (iii) the Business Day on which the redemption will be effected (the "Tax Redemption Date"); (iv) the Tax Redemption Price; (v) the place or places of payment and that payment will be made upon presentation and surrender of such Notes; (vi) that Interest to, but excluding, the Tax Redemption Date will be paid as specified in said notice, and that on and after said date Interest thereon or on the portion thereof to be redeemed will cease to accrue; (vii) that the Holder has a right to convert the Notes called for redemption at a Make Whole Fundamental Change Premium; (viii) the Conversion Rate on the date of Tax Redemption Notice; (ix) the method of calculating the number of ADSs to be delivered to the Holder upon conversion with respect to any conversions made prior to the Tax Redemption Date; (x) the applicable information required to be contained in a Fundamental Change Notice as set forth in Section 12.12(b); and (xi) if required, whether the Issuer has an effective resale shelf registration statement with respect to any ADSs it may issue as payment for the Make Whole Fundamental Change Premium and, if so, include a selling ADS holder questionnaire to enable each Holder or beneficial owner of Notes to be named as a seller in such resale shelf registration statement. Simultaneously with providing the Tax Redemption Notice, the Issuer shall also issue a press release announcing the occurrence of such Tax Redemption.

(f) On the third Business Day following the Tax Redemption Date, the Issuer shall issue and shall deliver to each Holder of record on the Tax Redemption Date at the office or agency maintained by the Issuer for such purpose pursuant to Section 4.04, a certificate or certificates for, or effect a book-entry transfer through the Depository with respect to, the number of full ADSs issuable in accordance with the provisions of Section 3.01(b) and Section 3.01(c).

SECTION 3.02. [Reserved].

SECTION 3.03. Repurchase Upon a Change of Control at the Option of the Holders. (a) Upon the occurrence of a Change of Control, the Issuer shall notify the Holders, the Mexican Trustee and the Trustee in writing of such occurrence and shall be required to make an offer (the "Change of Control Offer") to repurchase all Notes then outstanding at a repurchase price in cash (the "Change of Control Payment") equal to 100% of the principal amount thereof, plus Interest, to, but excluding, the Change of Control Purchase Date (as defined in Section 12.12(b)) (unless the Change of Control Purchase Date is between a Record Date and the Interest Payment Date to which it relates, in which case the Issuer will pay Interest on such Interest Payment Date to the Holder of record on such Record Date and the Change of Control Payment will be equal to 100% of the principal amount of the Notes subject to repurchase and will not include Interest).

(b) Notice of a Change of Control shall be made in accordance with the provisions set forth under Section 12.12(b).

(c) The Issuer will not be required to make a Change of Control Offer if a third party makes a Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth herein applicable to a Change of Control Offer made by the Issuer and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

SECTION 3.04. General Provisions Applicable to Repurchases. The following additional provisions shall apply to repurchases pursuant to Section 3.03.

(a) To exercise its rights under Section 3.03, a Holder must deliver the Notes to be purchased to the Paying Agent, together with a written purchase notice, after receipt of the Fundamental Change Notice and on or before the Business Day immediately preceding the Change of Control Purchase Date. The purchase notice must contain: (x) if the Notes are not certificated, the Holder's notice must comply with appropriate DTC procedures or, if the Notes are certificated, the notice shall include the certificate numbers of the Holder's Notes to be delivered for purchase; (y) the portion of the principal amount of the Holder's Notes to be purchased, which must be U.S.\$1,000 or a multiple of U.S.\$1,000; *provided* that the portion not to be purchased is in a minimum principal amount of U.S.\$1,000; and (z) that the Holder's Notes are to be purchased by the Issuer pursuant to the applicable provisions of the Notes and this Indenture. In addition, if the Notes are certificated, the Notes delivered for repurchase shall be duly endorsed for transfer and the written purchase notice in the appropriate form on the reverse side of the Notes shall be duly completed. No Notes of a principal amount of less than U.S.\$1,000 shall be purchased by the Issuer in part.

(b) On the Business Day prior to the Change of Control Purchase Date, the Issuer will deposit with the Trustee or with the Paying Agent an amount of money in immediately available funds sufficient to repurchase on such date all the Notes (or portions thereof) tendered for repurchase (other than those theretofore surrendered for conversion into ADSs) and not withdrawn, *provided* that if such payment is made on the Change of Control Purchase Date, it must be received by the Trustee or Paying Agent, as the case may be, by 10:00 a.m. New York City time on such date.

(c) A Holder that has exercised a repurchase right will receive the Change of Control Payment, promptly following the later of (i) the Change of Control Purchase Date or (ii) the time of book-entry transfer or the delivery of the Notes. If the Paying Agent holds money or securities sufficient to pay the cash portion of the purchase price of the Notes to be repurchased on the second Business Day following the Change of Control Purchase Date, then the following shall occur:

(A) the Notes tendered for purchase and not withdrawn will cease to be outstanding and Interest, if any, will cease to accrue on such Notes on the Change of Control Purchase Date (whether or not book-entry transfer of the Notes is made or whether or not the Notes are delivered to the Paying Agent); and

(B) all other rights of the Holders with respect to the Notes tendered for purchase and not withdrawn will terminate on the Change of Control Purchase Date (other than the right to receive the Change of Control Payment upon delivery or transfer of the Notes).

(d) Any Change of Control Offers shall be made by the Issuer in compliance with all applicable provisions of the Exchange Act, all applicable tender offer rules promulgated thereunder and all other federal and state securities laws, to the extent such laws and regulations are then applicable and shall include all instructions and materials (such as the filing of a Schedule TO or any other required schedule) that the Issuer shall reasonably deem necessary to enable each such Holder to tender its Notes. The Issuer will not purchase Notes if the principal amount of the Notes has been accelerated, and such acceleration has not been rescinded, on or prior to the Change of Control Purchase Date.

(e) Notwithstanding anything herein to the contrary, any Holder delivering to a Paying Agent an election to have its Notes purchased pursuant to Section 3.03 shall have the right to withdraw such election in whole or in a portion thereof that is a principal amount of U.S.\$1,000 or in an integral multiple thereof (*provided* that the portion not to be so purchased is in a minimum principal amount of U.S.\$1,000), if the Paying Agent receives, not later than close of business on the Business Day immediately preceding the Change of Control Purchase Date, a facsimile transmission or written letter, which may be sent via, mail setting forth (i) the name of the Holder; (ii) the principal amount of withdrawn Notes, which must be U.S.\$1,000 or a multiple of U.S.\$1,000, *and provided* that the portion remaining to be repurchased is in a minimum principal amount of U.S.\$1,000; (iii) if certificated Notes have been issued, the certificate numbers of the withdrawn Notes, or if not certificated, the notice must comply with appropriate DTC procedures; and (iv) the principal amount, if any, which remains subject to the notice of election.

(f) If a Holder has already delivered a purchase notice as described in Section 3.03 with respect to a Note, the Holder may not surrender that Note for conversion until the Holder has withdrawn the purchase notice in accordance with Section 3.04(e).

ARTICLE IV

COVENANTS

SECTION 4.01. Payment of Notes and Determination of Interest Rate. The Issuer shall pay the principal of and Interest on the Notes on the dates and in the manner provided in the Notes. Principal, Interest or cash payments to be made pursuant to Article III shall be considered paid on the date due if the Trustee or Paying Agent (other than the Issuer or a Subsidiary of the Issuer or any Affiliate of the Issuer) holds as of 10:00 a.m. New York City time on that date immediately available funds designated for and sufficient to pay all principal, Interest and cash payments to be made pursuant to Article III then due; *provided, however*, that money held by the Agent for the benefit of holders of Senior Indebtedness pursuant to the provisions of Article XI hereof or the payment of which to the Holders is prohibited by Article XI shall not be considered to be designated for the payment of any principal of or Interest on the Notes within the meaning of this Section 4.01.

The interest rate applicable to the Notes shall equal a fixed rate determined by the Calculation Agent as the sum of (a) the 5-Year Swap Rate on the second New York Business Day preceding the Issue Date, (b) 195 basis points and (c) the Marginal Spread. The interest rate applicable to the Notes before taking into account the Marginal Spread shall be determined by the Calculation Agent no later than 6:00 p.m. (New York time) on the second New York Business Day preceding the Issue Date and shall equal a fixed rate equal to the 5-Year Swap Rate on the second New York Business Day preceding the Issue Date plus 195 basis points. The interest rate applicable to the Notes taking into account the Marginal Spread shall be determined by the Calculation Agent no later than 6:00 p.m. (New York time) on the New York Business Day following the final Trading Day of the Averaging Period upon receipt of an Officer's Certificate of the Issuer certifying the 5 Day Average VWAP and shall equal a fixed rate equal to the 5-Year Swap Rate on the second New York Business Day preceding the Issue Date plus 195 basis points plus the Marginal Spread. Such Officer's Certificate shall be delivered by the Issuer to the Calculation Agent no later than 2:00 p.m. (New York time) on the New York Business Day following the final Trading Day of the Averaging Period. For the avoidance of doubt, the Notes shall bear interest at a single fixed rate accruing from the Issue Date.

The Calculation Agent shall notify the Issuer in writing of each of these interest rates promptly upon determination thereof. Upon receipt of each such written notice, the Issuer shall promptly notify Holders and the Trustee of the relevant interest rate and will make that information available on its website. The Calculation Agent shall not at any time be under any duty or responsibility to any Holder to determine whether Interest is payable, or with respect to the nature, extent, or calculation of the amount of Interest owed. For the avoidance of doubt, the Calculation Agent shall be entitled to all benefits and protection of this Indenture in respect of any actions taken by it pursuant to this Section 4.01 prior to the date of this Indenture.

To the extent lawful, the Issuer shall pay Interest (including post-petition Interest in any proceeding under any Bankruptcy Law) on (i) overdue principal, at the rate borne by the Notes per annum; and (ii) overdue installments of Interest (without regard to any applicable grace period) at the same rate per annum, in each case during the period in which such Default is continuing.

SECTION 4.02. Reports. (a) The Issuer shall furnish to the Trustee within 15 days after the same are required to be filed with the Commission any documents or reports that the Issuer is required to file with the Commission pursuant to Section 13 or 15(d) of the Exchange Act (giving effect to any grace period provided by Rule 12b-25 under the Exchange Act).

(b) In the event that the Issuer is no longer subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

(i) provide the Trustee and the Holders with:

(A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by “foreign private issuers” (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

(B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year; and

(C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and

(ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) above within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(c) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 4.02(b), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee’s receipt of such reports shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Issuer’s compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on an Officer’s Certificates).

(e) As provided in Articles 210 Bis, 212 and any other related Articles of the LGTOC, so long as any Notes remain outstanding:

(i) within four months after the end of each fiscal year, the Issuer's Board of Directors shall notify the shareholders of the number of Notes that have been converted into ADSs in accordance with this Indenture as of the date thereof. Such notification shall include the number of underlying Ordinary Shares of the Issuer and CPOs that were subscribed or released as a result of such conversion and shall be notarized before a Mexican notary public and filed with the Public Registry of Commerce; and

(ii) the Issuer shall publish, on an annual basis, its balance sheet corresponding to the previous fiscal year in the Mexican Official Gazette of the Federation (*Diario Oficial de la Federación*), duly certified by a public accountant.

SECTION 4.03. Compliance Certificate. The Issuer shall deliver to the Trustee within 120 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signer of his or her duties as an Officer of the Issuer he or she would normally have knowledge of any Default or Event of Default and whether or not the signer knows of any Default or Event of Default that occurred during the previous fiscal year. If he or she does, the certificate shall describe the Default or Event of Default, its status and what action the Issuer is taking or proposes to take with respect thereto.

SECTION 4.04. Maintenance of Office or Agency. The Issuer shall maintain or cause to be maintained the office or agency required under Section 2.03. The Issuer shall give prompt written notice to the Trustee and the Mexican Trustee of the location, and any change in the location, of such office or agency not maintained by the Trustee. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee and the Mexican Trustee with the address thereof, presentations, surrenders, notices and demands with respect to the Notes may be made or served at the Corporate Trust Office of the Trustee.

The Issuer may also from time to time designate one or more other offices or agencies where the Notes may be presented or surrendered for any or all such purposes and may from time to time rescind such designation.

SECTION 4.05. [Reserved].

SECTION 4.06. Appointments to Fill Vacancies in Trustee's Office. The Issuer, whenever necessary to avoid or fill a vacancy in the office of Trustee, will appoint, in the manner provided in Section 7.08, a Trustee, so that there shall at all times be a Trustee hereunder. If for any reason the Mexican Trustee resigns or is removed, the Issuer shall take all actions to appoint a new Mexican trustee so that there shall at all times be a Mexican banking institution acting as Mexican Trustee hereunder and for the purposes of the duties of the Mexican Trustee set forth herein.

SECTION 4.07. Stay, Extension and Usury Laws. The Issuer covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, plead or in any manner

whatsoever claim or take the benefit or advantage of, any stay, extension or usury law wherever enacted, now or at any time hereafter enforced, that may affect the Issuer's obligation to pay the Notes; and the Issuer (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law insofar as such law applies to the Notes, and covenants that it shall not, by resort to any such law, hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law has been enacted.

SECTION 4.08. [Reserved].

SECTION 4.09. Additional Interest. (a) If, at any time during the six months to one year period following the Unit Issue Date, (i) the Issuer fails to timely file any document or report that it is required to file with the Commission pursuant to Section 13 or 15(d) of the Exchange Act (other than any current report on Form 6-K), or (ii) the Notes are not otherwise freely tradable by Holders (other than Holders who are Affiliates of the Issuer or any Person that has been an Affiliate of the Issuer at any time during the three months preceding the applicable date) as a result of restrictions pursuant to the U.S. securities laws or the terms of this Indenture or the Notes and unless the Issuer has designated an effective shelf registration statement useable for the resale of the Notes or any ADSs issuable upon conversion of the Notes at such time, the Notes will accrue Additional Interest at the rate of 0.50% per annum on the outstanding principal amount of Notes, such additional accrual to begin at such time as either of the conditions described in clauses (i) and (ii) of this sentence exist and to end at the earlier of (x) the end of such one year period and (y) the time with such conditions no longer exist. For the avoidance of doubt, Additional Interest shall not accrue for each day on which such registration statement remains effective and useable by Holders for the resale of the Notes and any ADSs. The Issuer shall pay such Additional Interest in cash on each Interest Payment Date to the Person who is the Holder of record of the Notes on the immediately preceding Record Date and if and when the conditions described in clauses (i) and (ii) of the preceding sentence no longer exist, accrued and unpaid Additional Interest through the date such conditions last existed will be paid in cash on the subsequent Interest Payment Date to the record Holder on the Record Date. Unless:

(i) the Restricted Securities Legend on the Notes has been removed, and

(ii) the Notes are freely tradable pursuant to Rule 144 under the Securities Act without restrictions by Holders other than Affiliates of the Issuer or any Person that has been an Affiliate of the Issuer at any time during the three months preceding the applicable date (as a result of restrictions pursuant to U.S. securities law or the terms of this Indenture or the Notes),

as of the 365th day after the Unit Issue Date, the Issuer will, at its election, either (A) pay Additional Interest on the Notes at an annual rate equal to 0.50% of the aggregate principal amount of the Notes or (B) designate an effective shelf registration statement useable for the resale of the Notes or any ADSs issuable upon conversion of the Notes, in which case Additional Interest shall not accrue for each day on which such registration statement remains effective and useable by Holders for the resale of the Notes and any ADSs. To the extent the Issuer elects to pay such Additional Interest, and for so long as a condition described in either clause (i) or (ii) of the preceding sentence continues to fail to be satisfied, the Issuer shall pay such Additional

Interest in cash on each Interest Payment Date to the Person who is the Holder of record of the Notes on the immediately preceding Record Date. In no event shall Additional Interest accrue under the terms of this Indenture (taking any Additional Interest under the provision described in this [Section 4.09](#) together with any Interest under [Section 6.02\(b\)](#)) at an annual rate in excess of 0.50%, in the aggregate, for any violation or default caused by the Issuer's failure to be current in respect of its Exchange Act reporting obligations.

(b) During the period of one year after the Unit Issue Date, the Issuer will not, and will not permit any of its "affiliates" (as defined in Rule 144 under the Securities Act) to, resell any Notes that have been reacquired by the Issuer or acquired by any of them, unless the Notes so resold bear a CUSIP that is different from the CUSIP for the Notes issued on the Issue Date and not acquired by the Issuer or any of its Affiliates during such one year period. For the avoidance of doubt, this [Section 4.09\(b\)](#) shall not be applicable to any conversion or exchange of Notes to which [Section 2.07\(f\)](#) applies.

SECTION 4.10. [Additional Interest Notice](#). In the event that the Issuer is required to pay Additional Interest to Holders pursuant to [Section 4.09](#) or [Section 6.02\(b\)](#) hereof, the Issuer shall provide a direction or order in the form of a written notice to the Trustee (and if the Trustee is not the Paying Agent, the Paying Agent) of the Issuer's obligation to pay such Additional Interest no later than three Business Days prior to the date on which any such Additional Interest is scheduled to be paid. Such notice shall set forth the amount of Additional Interest to be paid by the Issuer on such payment date and direct the Trustee (or, if the Trustee is not the Paying Agent, the Paying Agent) to make payment to the extent it receives funds from the Issuer to do so. The Trustee shall not at any time be under any duty or responsibility to any Holder to determine whether Additional Interest is payable, or with respect to the nature, extent, or calculation of the amount of Additional Interest owed, or with respect to the method employed in such calculation of Additional Interest.

SECTION 4.11. [Further Instruments and Acts](#). Upon request of the Trustee or the Mexican Trustee, the Issuer will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purposes of this Indenture.

SECTION 4.12. [Payment of Additional Amounts](#). (a) All payments made by the Issuer under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "[Taxes](#)") imposed or levied by or on behalf of any Taxing Jurisdiction unless the Issuer is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer shall pay such additional amounts ("[Additional Amounts](#)") as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided, however*, that the foregoing obligation to pay Additional Amounts does not apply to:

(i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of a Note),

(ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,

(iii) any Taxes imposed solely because the Holder or any other Person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the Tax, assessment or other governmental charge and the Issuer has given the Holders at least 30 days' prior notice that Holders shall be required to provide such information and identification,

(iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,

(v) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, and

(vi) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 4.12(a) and Section 4.12(b) shall survive any termination or discharge of this Indenture and shall apply *mutatis mutandis* to any Taxing Jurisdiction with respect to any successor to the Issuer. The Issuer shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer shall use all reasonable efforts to obtain certified copies of Tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such Tax receipts are not reasonably available to the Issuer, furnish such other documentation that provides reasonable evidence of such payment.

(d) The limitations on the obligations to pay additional amounts stated in clause (iii) of Section 4.12(b) shall not apply if the provision of information, documentation or other evidence described in clause (iii) of Section 4.12(b) would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of a Note than comparable information or other reporting requirements imposed under U.S. Tax law, regulation (including proposed regulations) and administrative practice. The limitations on the obligations to pay additional amounts in clause (iii) of Section 4.12(b) shall not apply with respect to Taxes imposed by Mexico or any political subdivision or taxing authority thereof if the Issuer can otherwise obtain the application of the lower withholding tax rate in effect unless (A) the provision of the information, documentation or other evidence described in clause (iii) of Section 4.12(b) is expressly required by statute, regulation, or published administrative practice of general applicability, (B) the Issuer cannot obtain the information, documentation or other evidence necessary to comply with the applicable laws and regulations on its own through reasonable diligence and without requiring it from Holders, and (C) the Issuer otherwise would meet the requirements set forth under applicable law and regulations. In addition, clause (iii) of Section 4.12(b) does not and shall not be construed to require that any Person, including any non-Mexican pension fund, retirement fund, financial institution or any other Holder or beneficial owner of a Note, register with, or to provide periodic information to, the Mexican Ministry of Finance and Public Credit or with the Tax Administration Service (*Servicio de Administración Tributaria*) to obtain eligibility for an exemption from, or a reduction of, Mexican withholding Tax.

(e) Any reference in this Indenture, any supplemental indenture or the Notes to principal, Interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection.

(f) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 4.12 are based on rates of deduction or withholding of withholding Taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding Tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer will be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto including making any filing to request a refund.

(g) For purposes of this Section 4.12, references to “payments” made by the Issuer under, or with respect to, the Notes shall include the conversion of Notes by the Issuer.

SECTION 4.13. Spanish Version, Notarization and Registration. This Indenture shall be executed in both English and Spanish. Concurrently with the execution of this Indenture, the Issuer, the Trustee and the Mexican Trustee shall execute a Spanish version of this Indenture before a Mexican notary public, *provided, however*, that in case of any inconsistency or question as to the proper interpretation or construction of this Indenture between the text in English and the text in Spanish, the English text shall control in all cases.

SECTION 4.14. Registration with the Public Registry of Commerce. Within forty-five (45) days after the date hereof, the Issuer shall provide the Trustee and the Mexican Trustee with a copy of the public instrument containing the notarized Spanish version of this Indenture, duly filed with, and stamped as registered by, the Public Registry of Commerce.

SECTION 4.15. Compliance with Mexican Law Provisions. (a) The Issuer shall, at all times during the term of this Indenture, comply with all applicable provisions set forth in applicable Mexican Laws, including without limitation, Chapter V (*Capítulo V*) of the LGTOC.

(b) In accordance with paragraph III of Article 210 Bis of the LGTOC, the issue price of the Notes shall not be less than the Notes' nominal amount.

ARTICLE V

SUCCESSORS

SECTION 5.01. Merger, Consolidation and Sale of Assets. The Issuer will not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer's properties and assets (determined on a consolidated basis for the Issuer and its Subsidiaries), to any Person unless:

(a) either:

(i) the Issuer shall be the surviving or continuing corporation, or

(ii) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer and its Subsidiaries substantially as an entirety (the "Successor Issuer");

(A) shall be a corporation organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the "Permitted Merger Jurisdictions"); and

(B) shall expressly assume, by supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal and Interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(b) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (a)(ii)(B) of this Section 5.01, no Default or Event of Default shall have occurred or be continuing.

(c) if the Issuer merges with a corporation, or the Successor Issuer is organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer will have delivered to the Trustee an Opinion of Counsel that, as applicable:

(i) the Holders will not recognize income, gain or loss for the purposes of the income Tax laws of United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and will be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for this purpose that no additional amounts are regarded to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;

(ii) any payment of principal or Interest on the Notes will be paid in compliance with any requirements under Section 4.12; and

(iii) no other Taxes on income, including capital gains, will be payable by Holders under the laws of United States or the applicable Permitted Merger Jurisdiction relating to the acquisition, ownership or disposition of the Notes, including the receipt of Interest or principal thereon; provided that the Holder does not use or hold, and is not deemed to use or hold, the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

(d) The provision of clause (b) of this Section 5.01 shall not apply to:

- (1) any transfer of the properties or assets of a Subsidiary of the Issuer to the Issuer;
- (2) any merger of a Subsidiary of the Issuer into the Issuer; or
- (3) any merger of the Issuer into a Subsidiary of the Issuer.

(e) For purposes of the covenant in this Section 5.01, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Subsidiaries), will be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

(f) Upon any such consolidation, merger, sale, assignment, conveyance, lease, transfer or other disposition in accordance with this Section 5.01, the Successor Issuer formed by such consolidation or into which the Issuer is merged or to which such sale, assignment, conveyance, lease, transfer or other disposition is made will succeed to, and be substituted for, and may exercise every right and power of, the Issuer under this Indenture and the Notes with the same effect as if such successor had been named as the Issuer therein, and thereafter the predecessor corporation will be relieved of all further obligations and covenants under this Indenture and the Notes.

(g) The Issuer or such Person shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel each stating that such consolidation, merger, combination,

sale, assignment, disposition, conveyance, transfer or lease and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the provisions of this Indenture and that all conditions precedent in this Indenture relating to such transaction have been satisfied.

SECTION 5.02. Purchase Option on Fundamental Change. This Article V does not affect the obligations of the Issuer (including without limitation any successor to the Issuer) under Section 3.03.

ARTICLE VI

DEFAULTS AND REMEDIES

SECTION 6.01. Events of Default. An “Event of Default” with respect to any Notes occurs if:

(a) the Issuer defaults in the payment in respect of the principal of any Note when due at maturity, upon redemption or repurchase pursuant to Article III, upon declaration of acceleration or otherwise, whether or not such payment is prohibited by the subordination provisions set forth in Article XI;

(b) the Issuer defaults in the payment of any Interest on any Note when due and payable, whether or not such payment is prohibited by the subordination provisions set forth in Article XI, including any Interest payable in connection with a redemption or repurchase pursuant to Article III, and continuance of such default for a period of 30 days or more;

(c) the Issuer defaults in the delivery when due of ADSs deliverable upon conversion with respect to the Notes in accordance with Article XII, which default continues for a period of five Business Days or more;

(d) the Issuer fails to provide a timely Fundamental Change Notice in accordance with Section 12.12(b);

(e) the Issuer fails to comply with the covenant described in clause (b) of Section 12.08;

(f) failure by the Issuer to comply with the covenant described in clause (a) of Section 12.08 that continues for a period of 30 days after the Issuer receives written notice of such failure from the Trustee or the Holders of at least 25% in principal amount of the Notes then outstanding;

(g) the Issuer defaults (other than a default set forth in clauses (a) through (f) above) in the performance of, or breaches, any other covenant or agreement of the Issuer set forth in this Indenture or the Notes and fails to remedy such default or breach within a period of 45 days after its receipt of written notice thereof from the Trustee or the Holders of at least 25% in aggregate principal amount of the then outstanding Notes;

(h) the Issuer or any of the Issuer's "Significant Subsidiaries" (as defined in Article 1, Rule 1-02 of Regulation S-X) defaults with respect to any mortgage, agreement or other instrument under which there is outstanding, or by which there is secured or evidenced, any Indebtedness for money borrowed having a principal amount in excess of U.S.\$50 million in the aggregate, whether such Indebtedness now exists or shall hereafter be created, (i) resulting in such Indebtedness becoming or being declared due and payable prior to its express maturity date or (ii) constituting a failure to pay at least U.S.\$50 million of such Indebtedness when due and payable (after the expiration of any applicable grace period) at its stated maturity, upon required repurchase, upon declaration or otherwise; provided, that any such Event of Default shall be deemed cured and not continuing upon payment of such Indebtedness or rescission of such declaration;

(i) a final judgment for the payment of U.S.\$100 million or more (excluding any amounts covered by insurance or bond) is rendered against the Issuer or any Significant Subsidiary by a court of competent jurisdiction, which judgment is not discharged, stayed, vacated, paid or otherwise satisfied within 60 days after (i) the date on which the right to appeal thereof has expired if no such appeal has commenced, or (ii) the date on which all rights to appeal have been extinguished; or

(j) a Bankruptcy Event of Default occurs.

SECTION 6.02. Acceleration. (a) If an Event of Default (other than an Event of Default with respect to the Issuer specified in Section 6.01(j)) occurs and is continuing, then and in every such case (i) the Trustee, by written notice to the Issuer, or (ii) the Holders of at least 25% in aggregate principal amount of the then outstanding Notes, by written notice to the Issuer and the Trustee, may, and the Trustee at the request of such Holders shall, declare all of the unpaid principal of, and Interest, on all the Notes to be due and payable. Upon such declaration such principal amount, and Interest, shall become immediately due and payable, notwithstanding anything contained in this Indenture or the Notes to the contrary, but subject to the provisions of Article XI hereof. If the Event of Default with respect to the Issuer specified in Section 6.01(j) occurs, all unpaid principal of, and Interest on, the Notes then outstanding shall become automatically due and payable, subject to the provisions of Article XI hereof, without any declaration or other act on the part of the Trustee or any Holder.

(b) Notwithstanding any other provision in this Article VI, if an Event of Default occurs arising out of the Issuer's breach of its obligation to file or furnish reports or other financial information as required under Section 4.02 of this Indenture, the Issuer may elect to pay Additional Interest on the Notes as the sole remedy for such Event of Default, and the Trustee and the Holders will not have any right under this Indenture to accelerate the maturity of the Notes as a result of any such Event of Default, except as provided below. If elected, the Issuer shall pay Additional Interest to all Holders at a rate equal to 0.50% per annum through the 180th day after the occurrence of such Event of Default (which shall be the 135th day after the end of the 45-day grace period set forth in Section 6.01(g)), or such earlier date on which the Event of Default relating to the reporting obligations referred to in this Section 6.02(b) shall have been cured or waived. On the 181st day, such Additional Interest will cease to accrue (or earlier, if the Event of Default relating to the reporting obligations referred to in this Section 6.02(b) shall have been cured or waived prior to such 181st day) and, if the Event of Default is continuing on such

181st day, the Notes will be subject to acceleration as provided in Section 6.02(a). The provisions of this Section 6.02(b) will not affect the rights of the Holders in the event of the occurrence of any other Event of Default, and are separate and distinct from, and in addition to, the obligation of the Issuer to increase the interest rate of, and the amount of Interest payable on, the Notes pursuant to Section 4.09, except as otherwise provided therein. Any Additional Interest paid pursuant to this Section 6.02(b) will be payable at the times and in the manner provided for the payment of regular Interest on the Notes. In order to elect to pay Additional Interest on the Notes as the sole remedy during the first 180 days after the occurrence of an Event of Default relating to the failure to comply with reporting obligations in accordance with this Section 6.02(b), the Issuer must notify all Holders and the Trustee and Paying Agent of such election on or before the close of business on the fifth Business Day after the date on which such Event of Default first occurs. If the Issuer fails to timely give such notice, does not pay such Additional Interest or elects not to pay such Additional Interest, the Notes will be immediately subject to acceleration as provided in Section 6.02(a).

SECTION 6.03. Other Remedies. If an Event of Default occurs and is continuing, subject to Article XI, the Trustee may pursue any available remedy by proceeding at law or in equity to collect the payment of principal of or Interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture. The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy occurring upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. All remedies are cumulative to the extent permitted by law.

SECTION 6.04. Waiver of Past Defaults; Rescission of Acceleration. The Holders of a majority in aggregate principal amount of the then outstanding Notes may, on behalf of the Holders of all the Notes, waive an existing or past Default or Event of Default and its consequences (except a Default or Event of Default in the payment of principal or Interest, in the repurchase of any Notes when required, in the delivery, upon conversion, of ADSs, or in respect of a covenant or provision of this Indenture which cannot be modified or amended without the consent of all Holders of Notes) and rescind any such acceleration with respect to the Notes and its consequences if (a) rescission would not conflict with any judgment or decree of a court of competent jurisdiction, (b) all existing Defaults or Events of Default, other than the nonpayment of the principal and Interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived and (c) there had been paid or deposited with the Trustee a sum sufficient to pay all amounts due to the Trustee and reimburse the Trustee for any and all expenses, disbursements, fees advanced by the Trustee, its agent and its counsel incurred in connection with such Default or Event of Default. No such rescission shall affect any subsequent Default or Event of Default or impair any right consequent thereto.

SECTION 6.05. Control by Majority. The Holders of a majority in aggregate principal amount of the then-outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. However, the Trustee may refuse to follow any direction that conflicts with law or this Indenture or that the Trustee determines may be unduly prejudicial to the rights of any other Holder or that may involve the Trustee in personal liability; *provided* that the Trustee shall

have no duty or obligation (subject to Section 7.01) to ascertain whether or not such actions of forbearances are unduly prejudicial to such Holders; *provided, further*, that the Trustee may take any other action the Trustee deems proper that is not inconsistent with such directions. Any Notes held by the Issuer or one of the Issuer's Subsidiaries shall be disregarded for voting purposes in connection with any notice, waiver, consent or direction requiring the vote or concurrence of Holders of the Notes.

SECTION 6.06. Limitation on Suits. Except to enforce the right to receive payment of principal and Interest when due, a Holder may not pursue any remedy with respect to this Indenture or the Notes unless:

- (i) the Holder gives to the Trustee written notice that an Event of Default that has occurred and is continuing;
- (ii) the Holders of at least 25% in principal amount of the then-outstanding Notes make a request to the Trustee to pursue the remedy;
- (iii) such Holder or Holders offer and, if requested, provide to the Trustee security or indemnity reasonably satisfactory to the Trustee against any loss, liability or expense;
- (iv) the Trustee does not comply with the request within 60 days after receipt of the request and the offer and, if requested, the provision of such security or indemnity; and
- (v) the Holders of a majority in principal amount of the then-outstanding Notes do not give the Trustee a direction that is inconsistent with the request during such 60-day period.

A Holder may not use this Indenture to prejudice the rights of another Holder or to obtain a preference or priority over another Holder.

SECTION 6.07. Rights of Holders to Receive Payment. Subject to the provisions of Article XI hereof, notwithstanding any other provision of this Indenture, the right of any Holder of a Note to receive payment of principal, and Interest, if any, on the Note, on or after the respective due dates expressed in the Note, or to bring suit for the enforcement of any such payment on or after such respective dates, or to bring suit for the enforcement of the right to convert the Note in accordance with the terms of this Indenture shall not be impaired or affected without the consent of such Holder.

SECTION 6.08. Collection Suit by Trustee. If an Event of Default specified in Section 6.01(a) or Section 6.01(b) occurs and is continuing, subject to Article XI, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer for the whole amount of principal and Interest, if any, remaining unpaid on the Notes and Interest, on overdue principal and Interest, if any, and such further amount as shall be sufficient to cover the costs and, to the extent lawful, expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

SECTION 6.09. Trustee May File Proofs of Claim. The Trustee may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders allowed in any judicial proceedings relative to the Issuer, its creditors or its property. Any receiver, trustee, liquidator, conciliador or sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, Taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.07. Nothing contained herein shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

SECTION 6.10. Priorities. Subject to Article XI, if the Trustee collects any money pursuant to this Article VI, it shall pay out the money in the following order:

FIRST: to the Trustee for amounts due under Section 7.07, including payment of all reasonable compensation, expenses and liabilities incurred, and all advances made, by the Trustee, and the costs and expenses of collection;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and Interest, if any, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and Interest, if any, respectively; and

FOURTH: to the Issuer or to such party as a court of competent jurisdiction shall direct.

The Trustee may fix a special record date and payment date for any payment to Holders made pursuant to this Section 6.10. At least 15 days before any such special record date, the Trustee shall mail to Holders of the Notes a notice that states the special record date, payment date and amount of such Interest to be paid.

SECTION 6.11. Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as a Trustee, a court in its discretion may require the filing by any party litigant in the suit, other than the Trustee, of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by a Holder pursuant to Section 6.07 or a suit by Holders of more than 10% in principal amount of the then outstanding Notes.

ARTICLE VII

THE TRUSTEE

The Trustee hereby accepts the trust imposed upon it by this Indenture and covenants and agrees to perform the same, as herein expressed. Whether or not herein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

SECTION 7.01. Duties of the Trustee. (a) If an Event of Default known to the Trustee has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent Person would exercise or use under the circumstances in the conduct of his or her own affairs.

(b) The Mexican Trustee shall (i) confirm that the proceeds from the issuance of the Notes are used to repay the Existing Notes that mature without being converted by their holders, (ii) cause the registration of a certified copy of the public instrument containing the notarization of a Spanish version of this Indenture with the Public Registry of Commerce and obtain the registration thereof in the event that the Issuer fails to comply with its obligation to register such public instrument as set forth in Section 4.02(e)(i), and (iii) exercise all rights and comply with all obligations set forth in the LGTOC, including those set forth in Article 217 (Sections I, V, VII and VIII) of the LGTOC.

(c) Except during the continuance of an Event of Default known to the Trustee:

(i) The duties of the Trustee shall be determined solely by the express provisions of this Indenture and the Trustee need perform only those duties that are specifically set forth in this Indenture and no others and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) In the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon any statements, certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, the Trustee shall examine the certificates and opinions to determine whether or not they conform to the form required by this Indenture (but need not confirm or investigate the accuracy of mathematical calculations or other facts purported to be stated therein).

(d) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(i) This paragraph does not limit the effect of paragraph (c) of this Section 7.01;

(ii) The Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer of the Trustee, unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and

(iii) The Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.05.

(e) No provision of this Indenture shall require the Trustee to expend or risk its own funds or incur any financial liability in the performance of any of its duties or the exercise of any of its rights and powers hereunder, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(f) Whether or not therein expressly so provided, every provision of this Indenture that is in any way related to the Trustee is subject to paragraphs (c), (d), and (e) of this Section 7.01.

(g) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree with the Issuer. Money held in trust by the Trustee need not be segregated from other funds or assets except to the extent required by law.

(h) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

SECTION 7.02. Rights of the Trustee. Subject to Section 7.01:

(a) The Trustee may conclusively rely on and shall be protected in acting or refraining from acting upon any resolution, Officer's Certificate, or any other certificate, statement, instrument, opinion, report, notice, request, consent, order, security or other document believed by it to be genuine and to have been signed or presented by the proper Person. The Trustee need not investigate any fact or matter contained therein.

(b) Any request, direction, order or demand of the Issuer mentioned herein shall be sufficiently evidenced by an Officer's Certificate (unless other evidence in respect thereof is herein specifically prescribed). In addition, before the Trustee acts or refrains from acting, it may require an Officer's Certificate, an Opinion of Counsel or both. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on such Officer's Certificate or Opinion of Counsel. The Trustee may consult with counsel of its selection and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection from liability in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through its attorneys and agents and other Persons not regularly in its employ and shall not be responsible for the misconduct or negligence of any attorney or agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith without negligence or willful misconduct which it believes to be authorized or within its discretion, rights or powers.

(e) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by Officers of the Issuer.

(f) The Trustee shall not be required to give any bond or surety in respect of the performance of its powers and duties hereunder.

(g) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request, order or discretion of any of the Holders pursuant to the provisions of this Indenture, unless such Holders have offered to the Trustee security or indemnity satisfactory to it against the costs, expenses and liabilities which might be incurred therein or thereby.

(h) Except for the confirmation of the Net Total Assets by the Mexican Trustee or as otherwise required pursuant to Section 7.01(b), neither the Trustee nor the Mexican Trustee shall be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, security or other document unless requested in writing to do so by the Holders of not less than a majority in aggregate principal amount of the Notes then outstanding; *provided* that if the Trustee or the Mexican Trustee determine in its discretion to make any such investigation, then they shall be entitled, upon reasonable prior notice and during normal business hours, to examine the books and records and the premises of the Issuer, personally or by agent or attorney, and the reasonable expenses of every such examination shall be paid by the Issuer or, if paid by the Trustee, the Mexican Trustee or any predecessor Trustee or Mexican Trustee, shall be reimbursed by the Issuer upon demand.

(i) The permissive rights of the Trustee or the Mexican Trustee to do things enumerated in this Indenture shall not be construed as a duty. The Trustee and the Mexican Trustee shall not be answerable for other than their respective negligence or willful misconduct.

(j) The Trustee shall not be responsible for the computation of any adjustment to the Conversion Rate or for any determination as to whether an adjustment is required and shall not be deemed to have knowledge of any adjustment unless and until it shall have received the notice from the Issuer contemplated by Section 12.05(e).

(k) The Trustee shall not be deemed to have knowledge of any Default or Event of Default except (i) any Event of Default occurring pursuant to Section 6.01(a) or Section 6.01(b), or (ii) any Event of Default of which a Trust Officer of the Trustee shall have received written notification.

(l) Whenever by the terms of this Indenture, the Trustee shall be required to transmit notices or reports to any or all Holders, the Trustee shall be entitled to conclusively rely on the information provided by the Registrar as to the names and addresses of the Holders as being correct. If the Registrar is other than the Trustee, the Trustee shall not be responsible for the accuracy of such information.

(m) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by (i) the Trustee in each of its capacities hereunder (including as Registrar, Calculation Agent and Conversion Agent); (ii) to each agent, custodian, and any other such Persons employed to act hereunder; and (iii) to the Mexican Trustee.

(n) In no event shall the Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts or war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services (it being understood that the Trustee shall use reasonable efforts which are consistent with accepted practices in the banking industry to avoid and mitigate the effects of such occurrences and to resume performance as soon as practicable under the circumstances).

(o) The Trustee or the Mexican Trustee may request that the Issuer deliver a certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture.

(p) In no event shall the Trustee be responsible or liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

SECTION 7.03. Individual Rights of the Trustee. Subject to Section 7.10, the Trustee in its individual or any other capacity may become the owner or pledgee of Notes with the same rights it would have if it were not the Trustee and may otherwise deal with the Issuer or an Affiliate of the Issuer and receive, collect, hold and retain collections from the Issuer with the same rights it would have if it were not Trustee. Any Agent may do the same with like rights.

SECTION 7.04. Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes. It shall not be accountable for the Issuer's use of the proceeds from the Notes or any money paid to the Issuer or upon the Issuer's direction under any provision of this Indenture. It shall not be responsible for the use or application of any money received by any Paying Agent other than the Trustee, and it shall not be responsible for any statement or recital herein or any statement in the Notes or any other document in connection with the sale of the Notes or pursuant to this Indenture other than its certificate of authentication.

SECTION 7.05. Notice of Defaults. If a Default or Event of Default occurs and is continuing and if it is known to a Trust Officer of the Trustee, the Trustee shall mail to each Holder a notice of the Default or Event of Default within 90 days after it occurs. Except in the case of a Default or Event of Default in payment of principal of, or Interest on, any Note, the Trustee may withhold the notice if and so long as a committee of the Trustee's Trust Officers in good faith determines that withholding the notice is in the interest of the Holders.

SECTION 7.06. Representation of the Mexican Trustee. Pursuant to Section I of Article 217 and Section V of Article 213 of the LGTOC, the Mexican Trustee hereby represents that it has confirmed the data set forth in the balance sheet dated December 31, 2014 of the Issuer and the Net Total Assets.

SECTION 7.07. Compensation and Indemnity. The Issuer shall pay to the Trustee and the Mexican Trustee from time to time and the Trustee and the Mexican Trustee shall be entitled to such compensation for its acceptance of this Indenture and its services hereunder as the Issuer, the Trustee and the Mexican Trustee shall from time to time agree in writing. The Trustee's and the Mexican Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee and the Mexican Trustee, as applicable, promptly upon request for all reasonable disbursements, advances and expenses incurred or made by or on behalf of it in addition to the compensation for its services. Such expenses may include the reasonable compensation, disbursements and expenses of the Trustee's or the Mexican Trustee's agents, counsel and other persons not regularly in its employ; *provided* that Trustee and the Mexican Trustee shall provide the Issuer reasonable advance notice of any expenditure not in the ordinary course of business; *provided, further*, that the Issuer shall have no obligation to reimburse the Trustee and the Mexican Trustee with respect to any such expense, disbursement or advance as may be attributable to the Trustee's or the Mexican Trustee's negligence, willful misconduct or bad faith.

The Issuer shall indemnify the Trustee and the Mexican Trustee, or any predecessor Trustee or Mexican Trustee, for, and to hold it harmless against, any and all loss, liability, damage, claim or expense, including Taxes (other than Taxes based upon, measured by or determined by the income of the Trustee and the Mexican Trustee), incurred without negligence, willful misconduct or bad faith on its part, arising out of or in connection with the acceptance or administration of the trust or trusts hereunder, including the reasonable costs and expenses of defending itself against any claim (whether asserted by the Issuer, or any Holder or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder or in connection with enforcing the provisions of this Section. The Trustee and the Mexican Trustee, as applicable, shall notify the Issuer promptly of any claim for which it may seek indemnity. Failure by the Trustee or the Mexican Trustee to so notify the Issuer shall not relieve the Issuer of its obligations hereunder. The Issuer shall defend the claim with counsel designated by the Issuer, who may be outside counsel to the Issuer but shall in all events be reasonably satisfactory to the Trustee or the Mexican Trustee, as applicable, and the Trustee and the Mexican Trustee, as applicable, shall cooperate in the defense. In addition, the Trustee and the Mexican Trustee, as applicable, may retain one separate counsel and, if deemed advisable by such counsel, local counsel, and the Issuer shall pay the reasonable fees and expenses of such separate counsel and local counsel. The indemnification herein extends to any settlement; *provided* that the Issuer will not be liable for any settlement made without its consent; *provided, further*, that such consent will not be unreasonably withheld.

The Trustee shall have a Lien prior to the Notes on all money or property held or collected by the Trustee to secure the Issuer's payment obligations to the Trustee and the Mexican Trustee in this Section 7.07, except that held in trust to pay principal and Interest, if any, on Notes. Such Liens and the Issuer's obligations under this Section 7.07 shall survive the satisfaction and discharge of this Indenture and the resignation or removal of the Trustee.

When the Trustee or the Mexican Trustee incurs expenses or renders services after a Bankruptcy Event of Default occurs, the expenses and the compensation for the services (including the fees and expenses of its agents and counsel) are intended to constitute expenses of administration under any Bankruptcy Law.

SECTION 7.08. Replacement of the Trustee. A resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon the successor Trustee's acceptance of appointment as provided in this Section 7.08.

The Trustee may resign at any time and be discharged from the trust hereby created by so notifying the Issuer. The Holders of a majority in principal amount of the then outstanding Notes may remove the Trustee by so notifying the Trustee and the Issuer in writing and may appoint a successor Trustee. The Issuer may remove the Trustee if:

- (i) the Trustee fails to comply with Section 7.10;
- (ii) the Trustee is adjudged a bankrupt or an insolvent or an order for relief is entered with respect to the Trustee under any Bankruptcy Law;
- (iii) a Custodian or public officer takes charge of the Trustee or its property; or
- (iv) the Trustee becomes incapable of acting.

If the Trustee resigns or is removed or if a vacancy exists in the office of Trustee for any reason, the Issuer shall promptly appoint a successor Trustee. Within one year after the successor Trustee takes office, the Holders of a majority in principal amount of the then outstanding Notes may appoint a successor Trustee to replace the successor Trustee appointed by the Issuer.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee, at the Issuer's expense, the Issuer or the Holders of at least 10% in principal amount of the then outstanding Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee.

If the Trustee after written request by any Holder who has been a Holder for at least six months fails to comply with Section 7.10, such Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee; *provided* that all sums owing to the retiring Trustee hereunder have been paid and subject to the Lien provided for in Section 7.07. Notwithstanding the replacement of the Trustee pursuant to this Section 7.08, the Issuer's obligations under Section 7.07 shall continue for the benefit of the retiring Trustee with respect to expenses and liabilities incurred by it prior to such replacement.

Upon request of any such successor Trustee, the Issuer shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all such rights, powers and trusts referred to in the preceding paragraph.

SECTION 7.09. Successor Trustee by Merger, etc. If the Trustee consolidates with, merges or converts into, or transfers all or substantially all of its corporate trust business (including the trust created by this Indenture) to, another corporation or national banking association, the resulting, surviving or transferee corporation or national banking association without any further act shall be the successor Trustee with the same effect as if the successor Trustee had been named as the Trustee herein. If the Mexican Trustee consolidates with, merges or converts into, or transfers all or substantially all of its corporate trust business (including the trust created by this Indenture) to, another corporation or national banking association, the resulting, surviving or transferee corporation or national banking association without any further act shall be the successor Mexican Trustee with the same effect as if the successor Mexican Trustee had been named as the Mexican Trustee herein.

SECTION 7.10. Eligibility, Disqualification. The Trustee shall at all times be a Trustee hereunder that is a corporation organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with parent, a combined capital and surplus of at least U.S.\$50,000,000 as set forth in its most recent published annual report of condition.

ARTICLE VIII

SATISFACTION AND DISCHARGE OF INDENTURE

SECTION 8.01. Discharge of Indenture. When (a) the Issuer delivers to the Trustee for cancellation all Notes theretofore authenticated (other than any other Notes which have been destroyed, lost or stolen and in lieu of or in substitution for which other Notes have been authenticated and delivered) and not theretofore canceled, or (b) all the Notes not theretofore canceled or delivered to the Trustee for cancellation have become due and payable, and the Issuer deposits with the Trustee in trust or delivers to the Holders amounts in U.S. Legal Tender or U.S. Government Obligations, or, where required, ADSs or any combination thereof sufficient (calculated as set forth under the terms of this Indenture with respect to such payment) to pay at maturity, on any Tax Redemption Date, Change of Control Purchase Date, upon conversion or otherwise all of the Notes (other than any Notes which have been mutilated, destroyed, lost or stolen and in lieu of or in substitution for which other Notes have been authenticated and delivered) not theretofore canceled or delivered to the Trustee for cancellation, including principal and Interest, if any, due or to become due to such date and to satisfy any related obligation to deliver ADS, and if the Issuer also pays, or causes to be paid, all other sums payable hereunder by the Issuer, then this Indenture shall cease to be of further effect (except as to (i) rights of registration of transfer, substitution, replacement and exchange and conversion of Notes, (ii) rights hereunder of Holders to receive payments of principal of and Interest, if any, on the Notes, (iii) the obligations under Section 2.03 and Section 8.05 hereof and (iv) the rights, obligations and immunities of the Trustee hereunder), and the Trustee, on demand of the Issuer accompanied by an Officer's Certificate and an Opinion of Counsel as required by Section 10.03

and at the Issuer's cost and expense, shall execute proper instruments acknowledging satisfaction of and discharging this Indenture; *provided, however*, the Issuer hereby agrees to reimburse the Trustee for any costs or expenses thereafter reasonably and properly incurred by the Trustee and to compensate the Trustee for any services thereafter reasonably and properly rendered by the Trustee in connection with this Indenture or the Notes.

SECTION 8.02. Deposited Monies to be Held in Trust by Trustee. Subject to Section 8.04, all monies and securities deposited with the Trustee pursuant to Section 8.01 shall be held in trust and applied by it to the payment, notwithstanding the provisions of Article XI, either directly or through the Paying Agent, to the Holders of the particular Notes for the payment or conversion of which such monies or securities have been deposited with the Trustee, of all sums due and to become due thereon for principal and Interest, if any. The Issuer shall pay and indemnify the Trustee against any Tax, fee or other charge imposed on or assessed against the U.S. Government Obligations deposited pursuant to Section 8.01 or the principal and Interest received in respect thereof other than any such Tax, fee or other charge which by law is for the account of the Holders of the Notes.

SECTION 8.03. Paying Agent to Repay Monies Held. Upon the satisfaction and discharge of this Indenture, all monies then held by any Paying Agent (other than the Trustee) shall, upon the Issuer's demand, be repaid to it or paid to the Trustee, and thereupon such Paying Agent shall be released from all further liability with respect to such monies.

SECTION 8.04. Return of Unclaimed Monies. Subject to the requirements of applicable law, any monies deposited with or paid to the Trustee for payment of the principal of, or Interest, if any, on Notes and not applied but remaining unclaimed by the Holders thereof for two years after the date upon which the principal of, or Interest on such Notes, as the case may be, have become due and payable, shall be repaid to the Issuer by the Trustee on demand; *provided, however*, that the Issuer, or the Trustee at the request of the Issuer, shall have first caused notice of such payment to the Issuer to be mailed to each Holder of a Note entitled thereto no less than 30 days prior to such payment and all liability of the Trustee shall thereupon cease with respect to such monies; and the Holder of any of such Notes shall thereafter look only to the Issuer for any payment which such Holder may be entitled to collect unless an applicable abandoned property law designates another Person.

SECTION 8.05. Reinstatement. If the Trustee or the Paying Agent is unable to apply any money in accordance with Section 8.02 by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the Issuer's obligations under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to Section 8.01 until such time as the Trustee or the Paying Agent is permitted to apply all such money in accordance with Section 8.02; *provided, however*, that if the Issuer makes any payment of Interest on or principal of any Note following the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders thereof to receive such payment from the money held by the Trustee or Paying Agent.

ARTICLE IX

AMENDMENTS

SECTION 9.01. Without the Consent of Holders. The Issuer, the Mexican Trustee and the Trustee may amend this Indenture or the Notes without notice to or the consent of any Holder to:

- (a) cure any ambiguity, omission, defect or inconsistency in this Indenture or the Notes;
- (b) provide for the assumption by a surviving or successor corporation of the obligations of the Issuer under the Indenture or evidence and provide for the acceptance of appointment of a successor Trustee pursuant to this Indenture;
- (c) provide for uncertificated Notes in addition to or in place of certificated Notes (provided that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Internal Revenue Code);
- (d) add guarantees with respect to the Notes;
- (e) secure the Notes;
- (f) add to the Issuer's covenants for the benefit of the Holders or surrender any right or power conferred upon the Issuer;
- (g) make any change that does not materially adversely affect the rights of any Holder;
- (h) comply with the provisions of any clearing agency, clearing corporation or clearing system, including DTC, the Trustee or the Registrar with respect to the provisions of this Indenture or the Notes relating to transfers and exchanges of Notes; and
- (i) conform the terms of this Indenture or the Notes to the description thereof in the Preliminary Offering Memorandum as supplemented by the Pricing Term Sheet.

SECTION 9.02. With the Consent of Holders. Subject to Section 6.07, the Issuer, the Mexican Trustee and the Trustee may amend this Indenture or the Notes with the written consent of the Holders of at least a majority in aggregate principal amount of the then outstanding Notes (including without limitation consents obtained in connection with a purchase of, or a tender offer or exchange offer for, Notes).

Subject to Section 6.04 and Section 6.07, the Holders of a majority in principal amount of the then-outstanding Notes (including without limitation by consents obtained in connection with a purchase of, or a tender offer or exchange offer for, Notes) may waive compliance in a particular instance by the Issuer with any provision of this Indenture or the Notes.

However, without the consent of each Holder of an outstanding Note affected, an amendment or waiver under this Section 9.02 may not, with respect to any Notes held by a non-consenting Holder:

- (a) reduce the amount of Notes whose Holders must consent to an amendment or waiver;
- (b) reduce the rate of or change or have the effect of changing the time for payment of Interest on any Notes;
- (c) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;
- (d) make any Notes payable in money other than that stated in the Notes;
- (e) make any change in provisions of this Indenture entitling each Holder to receive payment of principal and Interest on such Holder's Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of Notes to waive Defaults or Events of Default;
- (f) reduce the Change of Control Payment of any Note or amend or modify in any manner adverse to the Holders, the Issuer's obligation to make payment of such Change of Control Payment, whether through an amendment or waiver of provisions in the covenants, definitions or otherwise;
- (g) make any change in the provisions of the Indenture described under Section 4.12 that adversely affects the rights of any Holder or amend the terms of the Notes, in each case, in a way that would result in a loss of exemption from Taxes;
- (h) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes; and
- (i) make any change that impairs or adversely affects the conversion rights of any Notes.

To secure a consent or waiver of the Holders under this Section 9.02, it shall not be necessary for such Holders to approve the particular form of any proposed amendment or waiver, but it shall be sufficient if such consent approves the substance thereof.

After an amendment or waiver under this Article IX becomes effective, the Issuer shall mail to the Holders a notice briefly describing the amendment or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment or waiver under this Article IX.

SECTION 9.03. [Reserved].

SECTION 9.04. Revocation and Effect of Consents. Until an amendment or waiver becomes effective, a consent to it by a Holder is a continuing consent by such Holder and every subsequent Holder of a Note or portion of a Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent is not made on any Note. However, any such Holder or subsequent Holder may revoke the consent as to his or her Note or portion of a Note if the Trustee receives the notice of revocation before the date on which the Trustee receives an Officer's Certificate certifying that the Holders of the requisite principal amount of Notes have consented to the amendment or waiver.

The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to consent to any amendment or waiver. If a record date is fixed, then notwithstanding the provisions of the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to consent to such amendment or waiver or to revoke any consent previously given, whether or not such Persons continue to be Holders after such record date. No consent shall be valid or effective for more than 90 days after such record date unless consents from Holders of the principal amount of Notes required hereunder for such amendment or waiver to be effective shall have also been given and not revoked within such 90-day period.

After an amendment or waiver becomes effective it shall bind every Holder, unless it is of the type described in clauses (a) through (i) of Section 9.02. In such cases, the amendment or waiver shall bind each Holder who has consented to it and every subsequent Holder of a Note or portion of a Note that evidences the same debt as the consenting Holder's Note.

SECTION 9.05. Notation on or Exchange of Notes. Notes authenticated and delivered after the execution of any supplemental indenture pursuant to this Article IX may, and shall if required by the Trustee, bear a notation in the form approved by the Trustee as to any matter provided for in such supplemental indenture. If the Issuer shall so determine, new Notes so modified as to conform, in the opinion of the Issuer and the Trustee, to any such supplemental indenture may be prepared and executed by the Issuer and authenticated and delivered by the Trustee in exchange for outstanding Notes without charge to the Holders of the Notes, except as specified in Section 2.07.

SECTION 9.06. Trustee Protected. The Trustee and the Mexican Trustee shall sign any amendment or supplemental indenture authorized pursuant to this Article IX if such amendment or supplemental indenture does not adversely affect the rights, duties, liabilities or immunities of the Trustee or the Mexican Trustee. If it does, the Trustee or the Mexican Trustee, as applicable, may, but need not, sign it. In signing such amendment or supplemental indenture, the Trustee and the Mexican Trustee shall be entitled to receive, and shall be fully protected in relying upon, (in addition to the documents required by Section 10.04) an Officer's Certificate and an Opinion of Counsel as conclusive evidence, and each stating that such amendment or supplemental indenture is authorized or permitted by this Indenture, that it is not inconsistent herewith, and that it will be valid and binding upon the Issuer in accordance with its terms.

ARTICLE X

GENERAL PROVISIONS

SECTION 10.01. Issuer's Representations. Pursuant to Articles 210, 210 Bis, 213 and other applicable Articles of the LGTOC, the Issuer hereby represents that:

(a) the offering and sale of the Notes, as well as the execution of this Indenture and any other documents relating to the offering and sale of the Notes, were approved by the shareholders of the Issuer at the extraordinary shareholders meeting of the Issuer held on March 21, 2013;

(b) as provided in paragraph I(b) of Article 213 of the LGTOC, the financial information used as a basis for the issuance of the Notes has been prepared based on the audited consolidated financial statements of the Issuer corresponding to the period ended as of December 31, 2014, certified by Mr. Luis Gabriel Ortiz Esqueda certified public accountant (the "Financial Statements"). A copy of the Financial Statements is attached as Exhibit D hereto;

(c) for purposes of paragraph II (only in connection with paragraph III of Article 210 of the LGTOC) and paragraph V(a) of Article 213 of the LGTOC, based on the Financial Statements, as of December 31, 2014, the (i) total stockholders' equity (*capital contable*) of the Issuer was Ps.148,171, (ii) the Issuer's paid-in capital stock was Ps.105,367, (iii) the amount of the total assets of the Issuer was Ps.514,961, (iv) the amount of the total liabilities of the Issuer was Ps.366,790 and (v) the amount of the net total assets of the Issuer (the "Net Total Assets") was Ps.148,171.

(d) at the extraordinary shareholders meeting of the Issuer held on March 21, 2013, the Issuer's shareholders authorized any two members of the Board of Directors to execute the Notes;

(e) the Notes will not be secured by any collateral;

(f) Exhibit E attached hereto includes a summary of the terms of the offering and sale of the Notes, including the information set forth in Article 213 of the LGTOC;

(g) the proceeds of the offering of the Notes shall be used to repay the Existing Notes that mature without being converted by their holders as described in the Offering Memorandum; and

(h) the reallocation and use of all or any part of the Issuer's common shares currently held in treasury that underlie the Existing Notes to ensure the conversion rights of the Notes was approved at the extraordinary general shareholders' meeting held on March 21, 2013, in accordance with article 210 Bis, section I, of the General Law of Negotiable Instruments and Credit Operations (*Ley General de Títulos y Operaciones de Crédito*).

SECTION 10.02. Notices. Any notice or communication among the Issuer, the Mexican Trustee and the Trustee to any of the others is duly given if in writing and delivered in person or mailed by first-class mail, with postage prepaid (registered or certified, return receipt

requested), or sent by facsimile or overnight air couriers guaranteeing next day delivery, to the other's address as stated in Section 10.09. The Issuer, the Mexican Trustee or the Trustee by notice to each of the others may designate additional or different addresses for subsequent notices or communications.

The Trustee and the Mexican Trustee shall have the right to accept and act upon instructions, including funds transfer instructions ("Instructions") given pursuant to this Indenture and delivered using Electronic Means; *provided, however*, that the Issuer shall provide to the Trustee and the Mexican Trustee an incumbency certificate listing officers with the authority to provide such Instructions ("Authorized Officers") and containing specimen signatures and phone numbers of such Authorized Officers, which incumbency certificate shall be amended by the Issuer whenever a person is to be added or deleted from the listing. If the Issuer elects to give the Trustee or the Mexican Trustee Instructions using Electronic Means and the Trustee or the Mexican Trustee in its discretion elects to act upon such Instructions, the Trustee's and the Mexican Trustee's understanding of such Instructions shall be deemed controlling. The Issuer understands and agrees that the Trustee and the Mexican Trustee cannot determine the identity of the actual sender of such Instructions and that the Trustee and the Mexican Trustee shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee and the Mexican Trustee have been sent by such Authorized Officer. The Issuer shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Trustee and the Mexican Trustee and that the Issuer and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the Issuer. The Trustee and the Mexican Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee's or the Mexican Trustee's reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction to the extent that the prior instructions have already been acted upon; provided, however, that such losses, costs or expenses have not arisen from the negligence or willful misconduct of the Trustee or the Mexican Trustee, it being understood that the failure of the Trustee or the Mexican Trustee to verify or confirm that the person providing the instructions or directions, is, in fact, an Authorized Officer does not constitute negligence or willful misconduct. The Issuer agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee or the Mexican Trustee, including without limitation the risk of the Trustee or the Mexican Trustee acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and the Mexican Trustee and that there may be more secure methods of transmitting Instructions than the method(s) selected by the Issuer; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Trustee and the Mexican Trustee immediately upon learning of any compromise or unauthorized use of the security procedures.

All notices and communications (other than those sent to Holders) shall be deemed to have been duly given at the time delivered by hand, if personally delivered; five Business Days after being deposited in the mail, postage prepaid, if mailed; when transmission is confirmed, if transmitted by facsimile; and the next Business Day after timely delivery to the courier, if sent

by overnight air courier guaranteeing next day delivery. Notwithstanding the foregoing, (i) all notices to the Trustee shall be effective only upon receipt by a Trust Officer of the Trustee and (ii) all notices to the Mexican Trustee shall be effective only upon receipt by a trust officer of the Mexican Trustee.

Any notice or communication to a Holder shall be mailed by first-class mail, with postage prepaid, to his or her address shown on the Register kept by the Registrar and shall be deemed to have been given on the date of such mailing or, in the case of a Global Security, when delivered to DTC in accordance with its procedures. Failure to mail a notice or communication to a Holder or any defect in it shall not affect its sufficiency with respect to other Holders. If a notice or communication is sent in the manner provided above within the time prescribed, it is duly given, whether or not the addressee receives it.

If the Issuer sends a notice or communication to Holders, it shall send a copy to the Trustee and each Agent at the same time. Any notice required to be given by the Issuer may be given by the Trustee on the Issuer's behalf and at the expense of Issuer.

All notices or communications shall be in writing.

SECTION 10.03. Certificate and Opinion as to Conditions Precedent. Upon any request or application by the Issuer to the Trustee to take any action under this Indenture, the Issuer shall furnish to the Trustee:

(A) an Officer's Certificate in form and substance reasonably satisfactory to the Trustee (which shall include the statements set forth in Section 10.04) stating that, in the opinion of such person, all conditions precedent and covenants, if any, provided for in this Indenture relating to the proposed action have been complied with; and

(B) an Opinion of Counsel in form and substance reasonably satisfactory to the Trustee (which shall include the statements set forth in Section 10.04) stating that, in the opinion of such counsel, all such conditions precedent and covenants have been complied with.

SECTION 10.04. Statements Required in Certificate or Opinion. Each certificate or opinion with respect to compliance with a condition or covenant provided for in this Indenture shall include:

(i) a statement that the person making such certificate or opinion has read such covenant or condition;

(ii) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based;

(iii) a statement that, in the opinion of such person, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenant or condition has been complied with; and

(iv) a statement as to whether or not, in the opinion of such person, such condition or covenant has been complied with.

Any Officer's Certificate may be based, insofar as it relates to legal matters, upon an Opinion of Counsel, unless such Officer knows that the opinion with respect to the matters upon which his or her certificate may be based as aforesaid is erroneous. Any Opinion of Counsel may be based, insofar as it relates to factual matters, upon certificates, statements or opinions of, or representations by, an Officer or Officers of the Issuer, or other Persons or firms deemed appropriate by such counsel, unless such counsel knows that the certificates, statements or opinions or representations with respect to the matters upon which his or her opinion may be based as aforesaid are erroneous.

Any Officer's Certificate, statement or Opinion of Counsel may be based, insofar as it relates to accounting matters, upon a certificate or opinion of or representation by an accountant (who may be an employee of the Issuer), or firm of accountants, unless such Officer or counsel, as the case may be, knows that the certificate or opinion or representation with respect to the accounting matters upon which his or her certificate, statement or opinion may be based as aforesaid is erroneous.

SECTION 10.05. Rules by Trustee and Agents. The Trustee may make reasonable rules for action by, or a meeting of, Holders. The Registrar or Paying Agent may make reasonable rules and set reasonable requirements for its functions.

SECTION 10.06. Business Days. A "Business Day" is any day that is not a Saturday, Sunday or other day on which commercial banks in New York City or Mexico City are authorized or required by law or other governmental action to remain closed. If any Interest Payment Date or other payment date is not a Business Day at a place of payment, payment may be made at that place on the next succeeding day that is a Business Day, and no Interest or other amount shall accrue as a result of any such postponement.

SECTION 10.07. No Recourse Against Others. No director, officer, employee or shareholder, as such, of the Issuer from time to time shall have any liability for any obligations of the Issuer under the Notes or this Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting a Note waives and releases all such liability. This waiver and release are part of the consideration for the Notes. Each of such directors, officers, employees and shareholders is a third party beneficiary of this Section 10.07.

SECTION 10.08. Counterparts. This Indenture may be executed in any number of counterparts and by the parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 10.09. Other Provisions. The Issuer initially appoints the Trustee as Paying Agent, Registrar, Calculation Agent, Conversion Agent and authenticating agent.

SECTION 10.10. Governing Law. (a) THIS INDENTURE AND THE NOTES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK. THE PARTIES HERETO AND HOLDERS OF NOTES BY ACCEPTING A BENEFICIAL INTEREST IN THE NOTES EACH HEREBY WAIVE ANY RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS INDENTURE, THE NOTES OR ANY TRANSACTION RELATED HERETO OR THERETO TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

(b) Each of the parties hereto hereby:

(i) agrees that any suit, action or proceeding against it arising out of or relating to this Indenture or the Notes, as the case may be, may be instituted in any U.S. Federal or State court located in the State of New York, County of New York and in the courts of its own corporate domicile, in respect of actions brought against the relevant party as a defendant,

(ii) waives to the fullest extent permitted by applicable law, any objection which it may now or hereafter have to the laying of venue of any such suit, action or proceeding, any claim that any suit, action or proceeding in such a court has been brought in an inconvenient forum, and any right to which it may be entitled, on account of place of residence or domicile,

(iii) irrevocably submits to the jurisdiction of such courts in any suit, action or proceeding and waives the right to challenge such submission in any other jurisdiction that it may be entitled by reason of its present or future domicile or other reason,

(iv) agrees that final judgment in any such suit, action or proceeding brought in such a court shall be conclusive and binding may be enforced in the courts of the jurisdiction of which it is subject by a suit upon judgment, and

(v) agrees that service of process by mail to the addresses specified herein shall constitute personal service of such process on it in any such suit, action or proceeding.

(c) The Issuer has appointed CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, New York 10022, Attention: Legal Counsel, as its authorized agent (the "Authorized Agent") upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon this Indenture or the Notes which may be instituted in any U.S. Federal or State court located in the State of New York, County of New York. The Issuer hereby represents and warrants that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Issuer agrees to take any and all action, including the filing of any and all documents, that may be necessary to continue each such appointment in full force and effect as aforesaid so long as the Notes remain outstanding. The Issuer agrees that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Issuer of a successor agent in The City of New York, New York as authorized agent for such purpose and the acceptance of such appointment by such successor. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon the Issuer.

(d) To the extent that the Issuer has or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Issuer hereby irrevocably waives and agrees not to plead or claim such immunity in respect of its obligations under this Indenture or the Notes.

(e) Nothing in this Section 10.10 shall affect the right of the Trustee or any Holder of the Notes to serve process in any other manner permitted by law.

SECTION 10.11. No Adverse Interpretation of Other Agreements. This Indenture may not be used to interpret another indenture, loan or debt agreement of the Issuer or a Subsidiary of the Issuer. Any such other indenture, loan or debt agreement may not be used to interpret this Indenture.

SECTION 10.12. Successors. All agreements of the Issuer in this Indenture and the Notes shall bind its successors. All agreements of the Trustee in this Indenture shall bind its successors.

SECTION 10.13. Severability. In case any provision in this Indenture or in the Notes shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

SECTION 10.14. Table of Contents, Headings, etc. The Table of Contents, and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not to be considered a part hereof and shall in no way modify or restrict any of the terms or provisions hereof.

SECTION 10.15. Currency Indemnity. (a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer under or in connection with the Notes or this Indenture, including damages. To the greatest extent permitted under applicable law, any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer or any Subsidiary of the Issuer or otherwise) by any Holder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). To the greatest extent permitted under applicable law, if that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer shall indemnify and hold harmless the recipient against any loss or cost sustained by it in making any such purchase to the greatest extent permitted under applicable law. For the purposes of this Section 10.15, it will be sufficient for the Holder to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer contained in this Section 10.15, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations

of the Issuer under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer; (iii) shall apply irrespective of any waiver granted by any Holder or the Trustee from time to time; (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order; and (v) may not be enforceable under Mexican law.

SECTION 10.16. Adjustments for Currency Exchange Rates. In the event that any amount used in any calculation in this Indenture is expressed in Pesos, such amount shall, for purposes of such calculation, be deemed to be converted into U.S. Legal Tender at the spot rate of exchange in The City of New York at which the Trustee on the date of determination is able to purchase U.S. Legal Tender with such amount. The “spot rate of exchange” shall include any premiums and costs of exchange payable in connection with the purchase of, or conversion into, U.S. Legal Tender.

SECTION 10.17. Change in ADSs or CPOs. (a) If the Issuer’s ADSs issued under a depositary receipt program sponsored by the Issuer cease to represent the Issuer’s CPOs, all references in this Indenture to the Issuer’s ADSs will be deemed to have been replaced by a reference to:

(i) the number of CPOs of the Issuer corresponding to the Issuer’s ADSs on the last day on which the Issuer’s CPOs were represented by ADSs issued under a depositary receipt program sponsored by the Issuer; and

(ii) as adjusted pursuant to the adjustment provisions below, any other property the Issuer’s ADSs represented as if such other property had been distributed to holders of the Issuer’s ADSs on that day.

(b) If the Issuer’s Ordinary Shares cease to be the securities underlying such CPOs issued under a CPO deed entered into by the Issuer with a Mexican Bank as issuer, all references in this Indenture to the Issuer’s CPOs will be deemed to have been replaced by a reference to:

(i) the number of Ordinary Shares of the Issuer corresponding to the Issuer’s CPOs on the last day on which the Issuer’s Ordinary Shares constituted the securities underlying CPOs issued under a CPO deed entered into by the Issuer with a Mexican bank as issuer; and

(ii) as adjusted pursuant to the adjustment provisions below, any other property the Issuer’s CPOs represented as if such other property had been distributed to holders of the Issuer’s CPOs on that day.

SECTION 10.18. USA PATRIOT ACT. The parties hereto acknowledge that, in accordance with Section 326 of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (as amended, modified or supplemented from time to time, the “USA Patriot Act”), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. The parties to this Indenture agree that they will provide the Trustee with such information as the Trustee may request in order for the Trustee to satisfy the requirements of the USA Patriot Act.

ARTICLE XI

SUBORDINATION

SECTION 11.01. Notes Subordinated to Senior Indebtedness and Equal in Right of Payment to Unsecured Subordinated Indebtedness. The Issuer covenants and agrees, and each Holder by his acceptance thereof likewise covenants and agrees, that all Notes are subject to the provisions of this Article XI; and each Person holding any Note, whether upon original issue or upon transfer or assignment thereof, accepts and agrees to be bound by such provisions and acknowledges that such provisions are for the benefit of, and shall be enforceable directly by, the holders of Senior Indebtedness.

Each Holder authorizes and directs the Trustee on such Holder's behalf to take such action as may be necessary or appropriate, in the sole discretion of the Trustee, to acknowledge or effectuate the subordination between the Holders and the holders of Senior Indebtedness as provided in this Article XI and appoints the Trustee as such Holder's attorney-in-fact for any and all such purposes.

The payment of the principal of, premium, if any, and Interest on and any other payment due pursuant to this Indenture or any Notes issued hereunder (including, without limitation, the payment or deposit of the Change of Control Payment pursuant to Article III) shall, to the extent and in the manner hereinafter set forth, be subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness, whether outstanding at the Issue Date or thereafter created, incurred, assumed or guaranteed.

Each Holder by accepting a Note acknowledges and agrees that the subordination provision set forth in this Article XI are, and are intended to be, an inducement and consideration to each holder of any Senior Indebtedness of the Issuer, whether such Senior Indebtedness was created before or after the issuance of the Notes, to acquire and continue to hold, or to continue to hold, such Senior Indebtedness, and such holder of Senior Indebtedness shall be deemed conclusively to have relied upon such subordination provisions in acquiring and continuing to hold, or in continuing to hold, such Senior Indebtedness, and such holder is made an obligee hereunder and may enforce directly such subordination provisions.

The Issuer agrees, and each Holder by accepting a Note acknowledges and agrees, that the Indebtedness evidenced by the Note is equal in right of payment to Issuer's current unsecured subordinated Indebtedness, which includes the Issuer's 3.25% Convertible Subordinated Notes due 2016 and the Issuer's 3.75% Convertible Subordinated Notes due 2018, and to any future unsecured subordinated Indebtedness.

SECTION 11.02. Notes Subordinated to Prior Payment of All Senior Indebtedness On Dissolution, Liquidation, Reorganization, etc., of the Issuer. Upon any payment or distribution of the assets of the Issuer of any kind or character, whether in cash, property or securities (including any collateral at any time securing the Notes, other than money or U.S. Government Obligations deposited in trust as described in Section 11.07), to creditors upon any dissolution, winding-up, total or partial liquidation, insolvency, bankruptcy, *concurso mercantil*, *quiebra* or reorganization of the Issuer (whether voluntary or involuntary, or in bankruptcy, insolvency,

reorganization, liquidation, or receivership proceedings, or upon an assignment for the benefit of creditors, or any marshalling of the assets of the Issuer, or upon any similar proceedings), then in such event:

(a) all Senior Indebtedness (including principal thereof and interest thereon) shall first be paid in full before any Payment of the Notes (as defined in Section 11.05) is made;

(b) any payment or distribution of assets of the Issuer of any kind or character, whether in cash, property or securities (including any collateral at any time securing the Notes, other than money or U.S. Government Obligations deposited in trust as described in Section 11.07), to which the Holders or the Trustee on behalf of the Holders would be entitled except for the provisions of this Article XI, including any such payment or distribution which may be payable or deliverable by reason of the payment of another debt of the Issuer being subordinated to the payment of the Notes, shall be paid or delivered by any debtor, custodian or other person making such payment or distribution, directly to the holders of the Senior Indebtedness or their Representative or Representatives, or to the trustee or trustees under any indenture pursuant to which any instruments evidencing any of such Senior Indebtedness may have been issued, ratably according to the aggregate amounts remaining unpaid on account of the principal of and interest on the Senior Indebtedness held or represented by each, for application to payment of all Senior Indebtedness remaining unpaid, to the extent necessary to pay all Senior Indebtedness in full after giving effect to any concurrent payment or distribution, or provision therefor, to the holders of such Senior Indebtedness; and

(c) in the event that, notwithstanding the foregoing provisions of this Section 11.02, any payment or distribution of assets of the Issuer of any kind or character, whether in cash, property or securities, shall be received by the Trustee or the Holders before all Senior Indebtedness is paid in full, such payment or distribution (subject to the provisions of Section 11.06 and Section 11.07) shall be held in trust for the benefit of, and shall be immediately paid or delivered by the Trustee or such Holders, as the case may be, to the holders of Senior Indebtedness remaining unpaid, or their Representative or Representatives, ratably according to the aggregate amounts remaining unpaid on account of the principal of and interest on the Senior Indebtedness held or represented by each, for application to the payment of all Senior Indebtedness remaining unpaid, to the extent necessary to pay all Senior Indebtedness in full after giving effect to any concurrent payment or distribution, or provision therefor, to or for the holders of such Senior Indebtedness.

The Issuer shall give prompt notice to the Trustee of any dissolution, winding-up, liquidation, insolvency, bankruptcy, *concurso mercantil*, *quiebra* or reorganization of the Issuer.

Upon any prepayment, payment or distribution of assets of the Issuer referred to in this Article XI, the Trustee, subject to the provisions of Section 7.01 and Section 7.02, and the Holders shall be entitled to conclusively rely upon any order or decree by any court of competent jurisdiction in which such dissolution, winding-up, liquidation or reorganization proceeding is pending, or a certificate of the liquidating trustee or agent or other person making any distribution to the Trustee or to the Holders, for the purpose of ascertaining the persons entitled to participate in such distribution, the holders of the Senior Indebtedness and other Indebtedness of the Issuer, the amount thereof or payable thereon, the amount or amounts paid or distributed

thereon and all other facts pertinent thereto or to this Article XI; *provided* that the foregoing shall apply only if such court, trustee, liquidating trustee or other person has been fully apprised of the provisions of this Article XI.

SECTION 11.03. Holder to be Subrogated to Right of Holders of Senior Indebtedness. Subject to the prior payment in full of all Senior Indebtedness, the Holders shall be subrogated (equally and ratably with the holders of any Indebtedness of the Issuer which by its express terms is subordinated to Indebtedness of the Issuer to substantially the same extent as the Notes are subordinated and is entitled to like rights of subrogation) to the rights of the holders of Senior Indebtedness to receive payments or distributions of assets of the Issuer applicable to the Senior Indebtedness until the principal of and Interest on the Notes shall be paid in full, and for purposes of such subrogation, no payments or distributions to the holders of Senior Indebtedness of assets, whether in cash, property or securities, distributable to the holders of Senior Indebtedness under the provisions hereof to which the Holders would be entitled except for the provisions of this Article XI, and no payment pursuant to the provisions of this Article XI to the holders of Senior Indebtedness by the Holders shall, as among the Issuer, its creditors other than the holders of Senior Indebtedness, and the Holders, be deemed to be a payment by the Issuer to or on account of Senior Indebtedness, it being understood that the provisions of this Article XI are, and are intended, solely for the purpose of defining the relative rights of the Holders, on the one hand, and the holders of Senior Indebtedness, on the other hand.

SECTION 11.04. Obligations of the Issuer Unconditional. Nothing contained in this Article XI or elsewhere in this Indenture or in any Note is intended to or shall impair the obligation of the Issuer, which is absolute and unconditional, to pay to the Holders the principal of and Interest on the Notes, as and when the same shall become due and payable in accordance with the terms of the Notes, or to affect the relative rights of the Holders and other creditors of the Issuer other than the holders of Senior Indebtedness, nor shall anything herein or therein prevent the Trustee or any Holder from exercising all remedies otherwise permitted by applicable law upon the happening of an Event of Default under this Indenture, subject to the provisions of Article VI, and the rights, if any, under this Article XI of the holders of Senior Indebtedness in respect of assets, whether in cash, property or securities, of the Issuer received upon the exercise of any such remedy.

SECTION 11.05. Issuer Not to Make Payment with Respect to Notes in Certain Circumstances. (a) Subject to Section 11.14, upon the occurrence of any default in the payment of principal of (or premium, if any) or interest on Senior Indebtedness (a "Payment Default"), unless and until the amount of Senior Indebtedness affected by such Payment Default then due shall have been paid in full, or such Payment Default shall have been cured or waived or shall have ceased to exist, the Issuer shall not pay principal of, premium, if any, or Interest on the Notes or any other amount due pursuant to this Indenture or any Notes or make any deposit pursuant to Article III or Section 8.01 and shall not repurchase, redeem or otherwise retire any Notes (collectively, "Payment of the Notes").

(b) Unless Section 11.02 shall be applicable, upon (1) the occurrence of a default on Designated Senior Indebtedness (other than a Payment Default) that occurs and is continuing that permits the holders of such Designated Senior Indebtedness (or their Representative or Representatives) to accelerate its maturity and (2) receipt by the Issuer and the Trustee from the

holders of such Designated Senior Indebtedness or their respective agents or Representatives of written notice (a "Payment Blockage Notice") of such occurrence and the imposition of a Payment Blockage Period hereunder, then the Issuer shall not make any Payment of the Notes for a period (the "Payment Blockage Period") commencing on the earlier of the date of receipt by the Issuer or the Trustee of such notice and ending on the earlier of (subject to any blockage of payments that may then be in effect under this Section 11.05) (x) the date 179 days after such date, (y) the date such default shall have been cured or waived in writing or shall have ceased to exist or such Senior Indebtedness shall have been discharged, or (z) the date such Payment Blockage Period shall have been terminated by written notice to the Issuer or the Trustee from such holders of such Designated Senior Indebtedness, or their respective agents or Representatives, after which, in case of clause (x), (y) or (z), as the case may be, the Issuer shall resume making any and all required payments (unless such Designated Senior Indebtedness has been accelerated). Notwithstanding any other provision of this Indenture, only one Payment Blockage Period may be commenced within any consecutive 365-day period, and no event of default with respect to any Designated Senior Indebtedness that existed or was continuing on the date of the commencement of any Payment Blockage Period with respect to such Designated Senior Indebtedness shall be, or can be made, the basis for the commencement of a second Payment Blockage Period whether or not within a period of 365 consecutive days unless such event of default shall have been cured or waived for a period of not less than 90 consecutive days. In no event will a Payment Blockage Period extend beyond 179 days.

(c) In the event that, notwithstanding the provisions of this Section 11.05, any Payment of the Notes shall be made by or on behalf of the Issuer and received by the Trustee, any Holder or any Paying Agent (or, if the Issuer is acting as its own Paying Agent, money for any such payment shall be segregated and held in trust), which payment was prohibited by this Section 11.05, then, unless and until the amount of Senior Indebtedness then due, as to which a default shall have occurred, shall have been paid in full, or such default shall have been cured or waived, such payment (subject, in each case, to the provisions of Section 11.06 and Section 11.07) shall be held in trust for the benefit of, and shall be immediately paid over to, the holders of Senior Indebtedness or their Representative or Representatives, ratably according to the aggregate amounts remaining unpaid on account of the principal of and interest on the Senior Indebtedness held or represented by each, for application to the payment of all Senior Indebtedness remaining unpaid to the extent necessary to pay all Senior Indebtedness in accordance with its terms, after giving effect to any concurrent payment or distribution to or for the benefit of the holders of Senior Indebtedness. The Issuer shall give prompt written notice to the Trustee of any default under any Senior Indebtedness or under any agreement pursuant to which Senior Indebtedness may have been issued.

SECTION 11.06. Notice to Trustee. (a) The Issuer shall give prompt written notice to the Trustee of any fact known to the Issuer which would prohibit the making of any payment to or by the Trustee in respect of the Notes, but failure to give such notice shall not affect the subordination provided in this Article XI of the Notes to Senior Indebtedness. Within 30 calendar days after the occurrence of any event which would constitute a Default or an Event of Default, the Issuer shall deliver notice to the Trustee of such events, their status and what action the Issuer is taking or proposes to take in respect thereof. Notwithstanding the provisions of this Article XI or any other provision of this Indenture, the Trustee shall not at any time be charged with knowledge of the existence of any facts which would prohibit the making of any payment to

or by the Trustee, unless and until a Trust Officer of the Trustee shall have received written notice thereof from the Issuer or from the holder or holders of Senior Indebtedness or from their Representative or Representatives; and, prior to the receipt of any such notice, the Trustee, subject to the provisions of Section 7.01 and Section 7.02, shall be entitled to assume conclusively that no such facts exist.

(b) The Trustee shall be entitled to conclusively rely on the delivery to it of a written notice by a Person representing himself to be a holder of Senior Indebtedness (or a Representative of such holder) to establish that such notice has been given by a holder of Senior Indebtedness or a Representative of any such holder. In the event that the Trustee determines in good faith that further evidence is required with respect to the right of any Person as a holder of Senior Indebtedness to participate in any payment or distribution pursuant to this Article XI, the Trustee may request such Person to furnish evidence to the reasonable satisfaction of the Trustee as to the amount of Senior Indebtedness held by such Person, the extent to which such Person is entitled to participate in such payment or distribution and any other facts pertinent to the rights of each Person under this Article XI, and if such evidence is not furnished, the Trustee may defer any payment to such Person pending judicial determination as to the right of such Person to receive such payment.

SECTION 11.07. Application by Trustee of Monies Deposited with It. Money or U.S. Government Obligations deposited in trust with the Trustee pursuant to Section 8.01 and not in violation of this Article XI shall be for the sole benefit of Holders and shall thereafter not be subject to the subordination provisions of this Article XI. Otherwise, any deposit of monies by the Issuer with the Trustee or any Paying Agent (whether or not in trust) for the payment of the principal or of Interest on any Notes shall be subject to the provisions of Sections 11.01, 11.02, 11.03 and 11.05; except that, if at least three Business Days prior to the date on which by the terms of this Indenture any such monies may become payable for any purpose (including, without limitation, the payment of either the principal or of Interest on any Note), a Trust Officer of the Trustee shall not have received with respect to such monies the notice provided for in Section 11.06, then the Trustee or any Paying Agent shall have full power and authority to receive such monies and to apply such monies to the purpose for which they were received, and shall not be affected by any notice to the contrary which may be received by it within three Business Days prior to or after such date. This Section 11.07 shall be construed solely for the benefit of the Trustee and the Paying Agent and shall not otherwise affect the rights that holders of Senior Indebtedness may have to recover any such payments from the Holders in accordance with the provisions of this Article XI.

SECTION 11.08. Subordination Rights Not Impaired by Acts or Omissions of the Issuer or Holders of Senior Indebtedness. No right of any present or future holders of any Senior Indebtedness to enforce subordination, as herein provided, shall at any time in any way be prejudiced or impaired by any act or failure to act on the part of the Issuer or by any act or failure to act, in good faith, by any such holder, or by any noncompliance by the Issuer with the terms, provisions and covenants of this Indenture, regardless of any knowledge thereof which any such holder may have or be otherwise charged with. The holders of any Senior Indebtedness may extend, renew, modify or amend the terms of such Senior Indebtedness or any security therefor and release, sell or exchange such security and otherwise deal freely with the Issuer, all without affecting the liabilities and obligations of the parties to this Indenture or the Holders. No

amendment of this Article XI or any defined terms used herein or any other Sections referred to in this Article XI which adversely affects the rights hereunder of holders of Senior Indebtedness, shall be effective unless the holders of such Senior Indebtedness (required pursuant to the terms of such Senior Indebtedness to give such consent) have consented thereto.

SECTION 11.09. Trustee to Effectuate Subordination. Each Holder by his acceptance thereof authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge and effectuate the subordination provided in this Article XI and appoints the Trustee his attorney-in-fact for any and all such purposes.

SECTION 11.10. Right of Trustee to Hold Senior Indebtedness. The Trustee, in its individual capacity, shall be entitled to all of the rights set forth in this Article XI in respect of any Senior Indebtedness at any time held by it to the same extent as any other holder of Senior Indebtedness, and nothing in this Indenture shall be construed to deprive the Trustee of any of its rights as such holder. Nothing in this Article XI shall apply to claims of, or payments to, the Trustee under or pursuant to Section 7.07.

SECTION 11.11. Article XI Not to Prevent Events of Default. The failure to make a Payment of the Notes by reason of any provision in this Article XI shall not be construed as preventing the occurrence of an Event of Default under Section 6.01.

SECTION 11.12. No Fiduciary Duty Created to Holders of Senior Indebtedness. Notwithstanding any other provision in this Article XI, the Trustee shall not be deemed to owe any fiduciary duty to the holders of Senior Indebtedness by virtue of the provisions of this Article XI or otherwise. With respect to the holders of Senior Indebtedness, the Trustee undertakes to perform or to observe only such of its covenants or obligations as are specifically set forth in this Article XI and no implied covenants or obligations with respect to holders of Senior Indebtedness shall be read into this Indenture against the Trustee.

SECTION 11.13. Article Applicable to Paying Agents. In case at any time any Paying Agent other than the Trustee shall have been appointed by the Issuer and be then acting hereunder, the term "Trustee" as used in this Article XI shall in such case (unless the context shall otherwise require) be construed as extending to and including such Paying Agent within its meaning as fully for all intents and purposes as if such Paying Agent were named in this Article XI in addition to or in place of the Trustee; *provided, however*, that Section 11.06, Section 11.10 and Section 11.12 shall not apply to the Issuer if it acts as Paying Agent.

SECTION 11.14. Certain Conversion Deemed Payment. For the purposes of this Article XI only, (1) the issuance and delivery of Junior Securities upon conversion of Notes in accordance with Article XII shall not be deemed to constitute a payment or distribution on account of the principal of or premium or Interest on Notes or on account of the purchase, redemption, retirement or other acquisition of Notes and shall not be prohibited by Section 11.02, and (2) the payment, issuance or delivery of cash, property or securities (other than Junior Securities) upon conversion of a Note shall be deemed to constitute payment on account of principal of such Note. The term "Junior Securities" means (a) shares of any stock of any class, ordinary participation certificates (*certificados de participación ordinarios*) or other securities having stock of the Issuer as underlying securities or ADRs, of the Issuer and (b) securities of the

Issuer which are subordinated in right of payment to all Senior Indebtedness which may be outstanding at the time of issuance or delivery of such securities to substantially the same extent as, or to a greater extent than, the Notes are so subordinated as provided in this Article XI. Nothing contained in this Article XI or elsewhere in this Indenture or in the Notes is intended to or shall impair, as among the Issuer, its creditors other than holders of Senior Indebtedness and the Holders of the Notes, the right, which is absolute and unconditional, of the Holder of any Note to convert such Note in accordance with Article XII.

SECTION 11.15. Contractual Subordination. This Article XI represents a bona fide agreement of contractual subordination pursuant to Section 510(b) of the Title 11, U.S. Code.

SECTION 11.16. Acceleration of Notes. If payment of the Notes is accelerated because of an Event of Default, the Issuer shall promptly notify holders of Senior Indebtedness (or their Representative or Representatives) of the acceleration.

ARTICLE XII

CONVERSION

SECTION 12.01. Right to Convert. Subject to and upon compliance with the provisions of this Indenture, each Holder shall have the right, at such Holder's option, to convert at any time after the last Trading Day in the Averaging Period and prior to the close of business on the fourth Business Day immediately preceding the Maturity Date, *provided, however*, that a Holder may convert a Note or portion thereof subject to an election for repurchase only if such Holder withdraws such election in accordance with Section 3.04(e) to convert the principal amount of any Note held by such Holder, or any portion of such principal amount which is U.S.\$1,000 or an integral multiple thereof, *provided further* that the portion not so converted is in a minimum principal amount of U.S.\$1,000, into fully paid and non-assessable CPOs; *provided* that the Issuer's obligation to deliver CPOs shall, except as otherwise provided in this Article XII, be satisfied by delivering a number of ADSs based on the Conversion Rate in effect at such time, by surrender of the Note to be so converted in whole or in part in the manner provided in Section 12.02. A Holder is not entitled to any rights of a holder of ADSs until such Holder has converted his or her Notes to ADSs, and only to the extent such Notes are deemed to have been converted to ADSs under this Article XII.

SECTION 12.02. Exercise of Conversion Privilege; Issuance of ADSs on Conversion; No Adjustment for Interest or Dividends. To exercise, in whole or in part, the conversion privilege with respect to any Note, the Holder of such Note shall surrender such Note, duly endorsed, at an office or agency maintained by the Issuer pursuant to Section 4.04, and shall give a duly signed written notice of conversion, in the form provided on the Notes or available from the Conversion Agent (or such other notice which is acceptable to the Issuer) to the Conversion Agent, that the Holder elects to convert such Note or such portion thereof specified in said notice and the Conversion Agent shall give notice to the Issuer (at the address provided in Section 10.09 with a copy to Francisco J. Contreras Navarro (Fax: +1 52 81 8888 4465)) and Banco Nacional de México, S.A., Integrante del Grupo Financiero Banamex ("Banamex") (at the address provided in Section 10.09) of receipt of such notice. Such notice shall also state the name or names (with address or addresses) in which the certificate or certificates for ADSs

which are issuable on such conversion shall be issued, and shall be accompanied by transfer Taxes, if required pursuant to Section 12.07. Each such Note surrendered for conversion shall, unless the ADSs issuable on conversion are to be issued in the same name as the registration of such Note, be duly endorsed by, or be accompanied by instruments of transfer in form satisfactory to the Issuer duly executed by, the Holder or his or her duly authorized attorney. The date on which the requirements set forth in this paragraph have been satisfied with respect to a Note (or portion thereof) will be the “Conversion Date” and a converting Holder will become the record holder of any ADSs upon such conversion as of such Conversion Date. To exercise, in whole or in part, the conversion privilege with respect to a beneficial interest in a Global Security, a holder of such a beneficial interest must comply with the Depository’s procedures for converting a beneficial interest in a Global Security and pay any funds required by the sixth paragraph of this Section 12.02 or by Section 12.07. Subject to the foregoing procedures, any Holder of a Definitive Security who wishes to exercise the conversion privilege with respect to such Definitive Security must (i) complete and manually sign the Conversion Notice on the back of the Note, or a facsimile of the Conversion Notice; (ii) deliver the Conversion Notice, which is irrevocable, and the Note to the Conversion Agent; (iii) if required by the Issuer or the Conversion Agent, furnish appropriate endorsements and transfer documents; (iv) pay all transfer or similar Taxes if required pursuant to Section 12.07; and (v) if required under the terms of this Indenture, pay funds equal to the amount of Interest payable on the next Interest Payment Date.

On the third Business Day following the relevant Conversion Date, the Issuer shall issue and shall deliver or shall cause issuance and delivery (such delivery referred to herein as the “Settlement”) to such Holder at the office or agency maintained by the Issuer for such purpose pursuant to Section 4.04, a certificate or certificates for, or effect a book-entry transfer through the Depository with respect to, the number of ADSs issuable upon the conversion of such Note or portion thereof in accordance with the provisions of this Article XII.

No Interest shall accrue on Notes between the Conversion Date and the Settlement date.

If any calculation required in order to determine the number of ADSs the Issuer must deliver in respect of a given conversion of Notes is based on data or other information that will not be available to the Issuer on the date the requirements set forth in the first paragraph of this Section 12.02 have been satisfied, the Issuer will delay Settlement of that conversion until no later than the third Business Day after the relevant data or information becomes available. In case any Note of a denomination of an integral multiple greater than U.S.\$1,000 is surrendered for partial conversion, and subject to Section 2.02, the Issuer shall execute, and the Trustee shall upon receipt of an Issuer Order authenticate and deliver to the Holder of the Note so surrendered, without charge to him or her, a new Note or Notes in authorized denominations in an aggregate principal amount equal to the unconverted portion of the surrendered Note *provided* that the minimum principal amount of such new note is U.S.\$1,000.

Each conversion shall be deemed to have been effected with respect to a Note (or portion thereof) on the Conversion Date, and the Person in whose name any certificate or certificates for ADSs are issuable upon such conversion shall be deemed to have become on said date the holder of record of the ADSs represented thereby. Any such surrender on any date when the Issuer’s stock transfer books are closed shall constitute the Person in whose name the certificates are to be issued as the record holder thereof for all purposes on the next succeeding day on which such stock transfer books are open, but such conversion shall be at the Conversion Rate in effect on the date upon which such Note is surrendered.

If any Note or a portion thereof is surrendered for conversion after 5:00 p.m. New York City time on a Record Date but prior to 9:00 a.m. New York City time on the immediately following Interest Payment Date, Holders of such Notes at 5:00 p.m. New York City time on the regular Record Date will receive payment of the Interest payable on such Notes on the corresponding Interest Payment Date notwithstanding the conversion of such Notes at any time after the close of business on the Record Date. Any Note or portion thereof surrendered for conversion by a Holder during the period from 5:00 p.m. New York City time on the Record Date through 9:00 a.m. New York City time on the immediately following Interest Payment Date shall be accompanied by payment, in funds acceptable to the Issuer, of an amount equal to the Interest otherwise payable on such Interest Payment Date on the principal amount being converted; *provided, however*, that no such payment need be made (1) if the Notes are surrendered for conversion after 5:00 p.m. New York City Time on the Record Date immediately preceding the Maturity Date, (2) if the Issuer has specified a Tax Redemption Date that is after a Record Date and on or prior to the corresponding Interest Payment Date, (3) if the Issuer has specified a Change of Control Purchase Date that is after a Record Date and on or prior to the corresponding Interest Payment Date or (4) to the extent of any overdue Interest, if any overdue Interest exists at the time of conversion with respect to such Note. An amount equal to such payment shall be paid by the Issuer on such Interest Payment Date to the Holder at the close of business on such Record Date; *provided, however*, that if the Issuer defaults in the payment of Interest, if applicable, on such Interest Payment Date, such amount shall be paid to the Person who made such required payment. Except as provided in this Section 12.02, no payment of Interest shall be made and no adjustment shall be made for Interest accrued, if any, on any Note converted or for dividends on any shares issued upon the conversion of such Note as provided in this Article XII.

With respect to any Notes bearing a Restricted Securities Legend on the date of conversion, the ADSs distributed upon conversion will be issued in physical certificated form, will not be held in book-entry form through the facilities of the Depository and shall be treated as “restricted securities,” and the Issuer will affix the applicable Restricted ADS Legend that is set forth in Exhibit B hereto upon such ADSs; *provided* that if any such ADSs are being immediately resold pursuant to Rule 144 under the Securities Act, such ADSs need not be issued with such legend in connection with such sale.

Upon conversion, a Holder will not be entitled to any additional cash payment for Interest unless such conversion occurs between a Record Date and the corresponding Interest Payment Date. Except in such case, by delivering the amount of cash and/or the number of ADSs issuable on conversion to the Trustee, the Issuer will be deemed to have satisfied its obligation to pay the principal amount of the Notes so converted and its obligation to pay Interest, attributable to the period from the most recent Interest Payment Date to, but not including the Conversion Date (which amount will be deemed paid in full rather than cancelled, extinguished or forfeited).

SECTION 12.03. No Issuance of Fractional Shares. No fractional portions of ADSs shall be issued upon conversion of Notes. If more than one Note shall be surrendered for conversion at one time by the same Holder, the number of full ADSs which shall be issuable

upon conversion shall be computed on the basis of the aggregate principal amount of the Notes (or specified portions thereof to the extent permitted hereby) so surrendered for conversion. If any fractional portions of ADSs otherwise would be issuable upon the conversion of any Note or Notes, the Issuer will deliver a number of ADSs rounded up to the nearest whole number of ADSs.

SECTION 12.04. Conversion Rate. The “Conversion Rate” will be equal to (i) 1,000 divided by (ii) the Initial Conversion Price, subject to adjustment as provided in this Article XII. The initial Conversion Rate will be rounded to the nearest ten thousandth of an ADS. The “Initial Conversion Price” for the Notes will be equal to the greater of (a) U.S. \$11.20, (b) 130% of the 5 Day Average VWAP of the Issuer’s ADSs, and (c) 110% of the closing price of the Issuer’s ADSs on the New York Stock Exchange (or, if the Issuer’s ADSs are not then traded on such exchange, the principal exchange on which the Issuer’s ADSs are then traded) on the Issue Date. The “5 Day Average VWAP” of the Issuer’s ADSs will be equal to the average of the Daily VWAPs of the Issuer’s ADSs for the 5 trading-day period beginning on March 18, 2015 (the “Averaging Period”).

Notwithstanding the preceding paragraph, if a Fundamental Change occurs after Notes have been issued but prior to completion of the Averaging Period, the Initial Conversion Price will be 130% of the closing sale price of the Issuer’s ADSs on the New York Stock Exchange (or, if the ADSs are not the traded on such exchange, the principal exchange on which the Issuer’s ADSs are then traded) on the Issue Date.

SECTION 12.05. Conversion Rate Adjustments. (a) The applicable Conversion Rate shall be adjusted from time to time by the Issuer as follows if any of the events described in clauses (i) through (v) below occur after the Averaging Period, except that the Issuer will not make any adjustments to the Conversion Rate if Holders participate (as a result of holding Notes and at the same time as ADS holders participate) in any of the transactions described below as if such Holders held a number of ADSs equal to the applicable Conversion Rate, multiplied by the principal amount (expressed in thousands) of Notes held by such Holders without having to convert their Notes. A Holder will be deemed to have so participated if the transaction results in an issuance of securities or a distribution of other property that is held by the ADS depository or the CPO trustee (to the extent required to be later distributed by the CPO trustee to the ADS depository for the benefit of such Holders of the Notes) at the time of conversion of such Notes into ADSs.

(i) If the Issuer issues solely Ordinary Shares as a dividend or any other distribution (including by recapitalization of retained earnings) on all or substantially all Ordinary Shares, or if the Issuer effects a share split or share combination of its Ordinary Shares, the applicable Conversion Rate will be adjusted based on the following formula:

$$CR = CR_0 \times \frac{OS}{OS_0}$$

where,

- CR0 = the applicable Conversion Rate in effect immediately prior to the open of business on the Business Day immediately following (x) the date fixed for the determination of holders of Ordinary Shares entitled to receive such dividend or distribution or (y) the date on which such split or combination becomes effective, as applicable (such date specified in clause (x) or (y), the “Dividend Record Date”);
- CR = the applicable Conversion Rate in effect immediately after the open of business on the Business Day immediately following the Dividend Record Date;
- OS0 = the number of Ordinary Shares outstanding immediately prior to the open of business on the Dividend Record Date; and
- OS = the number of Ordinary Shares that would have been outstanding immediately prior to the open of business on the Dividend Record Date as adjusted to take into account such dividend, distribution, split or combination.

If any dividend or distribution of the type described in this clause (i) is declared that results in an adjustment pursuant to this clause (i) but is not so paid or made, or the outstanding Ordinary Shares are not split or combined, as the case may be, the Conversion Rate shall be immediately readjusted, effective (in the case of a dividend or distribution) as of the earliest of the date (A) the Issuer’s shareholders’ meeting or Board of Directors determines not to pay such dividend or distribution, (B) the non-payment of such dividend is publicly announced or (C) the dividend was to have been paid, or (in the case of a stock split or combination) the date on which such split or combination was to have been effective, to the Conversion Rate that would then be in effect if such dividend, distribution, share split or share combination had not been declared or announced.

(ii) If the Issuer distributes to all or substantially all holders of Ordinary Shares any rights, options, warrants or other securities entitling them for a period of not more than 45 calendar days from the record date for such distribution to subscribe for or purchase Ordinary Shares (or securities convertible into Ordinary Shares), at a price per Ordinary Share (or conversion price per Ordinary Share) less than the average of the Last Reported Sale Prices of the Ordinary Shares for the 10 consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the declaration date for such distribution, the applicable Conversion Rate will be adjusted based on the following formula:

$$CR = CR0 \times \frac{(OS0 + X)}{(OS0 + Y)}$$

where,

- CR0 = the applicable Conversion Rate in effect immediately prior to the open of business on the Business Day immediately following the date fixed for the determination of shareholders entitled to receive such rights, options, warrants or other securities (such date, the “Rights Distribution Record Date”);

CR = the applicable Conversion Rate in effect immediately after the open of business on the Business Day immediately following the Rights Distribution Record Date;

OS₀ = the number of Ordinary Shares outstanding immediately prior to the open of business on the Rights Distribution Record Date;

X = the total number of Ordinary Shares issuable pursuant to such rights, options, warrants or other securities;

and

Y = the number of Ordinary Shares equal to the aggregate price payable to exercise such rights, options, warrants or other securities *divided by* the average of the Last Reported Sale Prices of the Ordinary Shares over the 10 consecutive Trading Day period ending on the Trading Day immediately preceding the date of announcement of the distribution of such rights, options, warrants or other securities.

If such rights, options, warrants or other securities are not so issued, the Conversion Rate will remain the Conversion Rate that would then be in effect if a Rights Distribution Record Date for such distribution had not been fixed. In addition, to the extent that Ordinary Shares are not delivered after the expiration of such rights, options, warrants or other securities, the Conversion Rate shall be readjusted to the Conversion Rate that would then be in effect had the adjustments made upon the issuance of such rights, options, warrants or other securities been made on the basis of delivery of only the number of Ordinary Shares actually delivered.

For purposes of this clause (ii), in determining whether any rights, options, warrants or other securities entitle the holders to subscribe for or purchase Ordinary Shares at less than the average of the Last Reported Sale Prices of Ordinary Shares for each Trading Day in the applicable 10 consecutive Trading Day Period, there shall be taken into account any consideration the Issuer receives for such rights, options, warrants or other securities and any amount payable on exercise thereof, with the value of such consideration if other than cash to be determined by the Issuer's Board of Directors.

(iii) If the Issuer distributes shares of its Capital Stock, evidences of its Indebtedness, other assets or property or rights or warrants to acquire its Capital Stock or other securities, to all or substantially all holders of Ordinary Shares, excluding

(A) dividends or distributions and rights, options, warrants and other securities described in clause (i) or (ii) above or clause (v) below;

(B) dividends or distributions paid exclusively in cash, including as described in clause (iv) below;

(C) dividends or distributions effected pursuant to a reclassification, merger, sale, conveyance or other transaction described in Section 12.06, where such dividend or distribution becomes Reference Property as described in Section 12.06; and

(D) Spin-Offs to which the provisions set forth below in this clause (iii) shall apply;

then the applicable Conversion Rate will be adjusted based on the following formula:

$$CR = CR_0 \times \frac{SP_0}{(SP_0 - FMV)}$$

where,

CR₀ = the applicable Conversion Rate in effect immediately prior to the open of business on the Business Day immediately following the record date for such distribution;

CR = the applicable Conversion Rate in effect immediately after the open of business on the Business Day immediately following such record date;

SP₀ = the average of the Last Reported Sale Prices of Ordinary Shares over the 10 consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the Ex-Dividend Date for such distribution; and

FMV = the fair market value (as determined by the Issuer's Board of Directors or a committee thereof) of the shares of Capital Stock, evidences of Indebtedness, assets, property, rights or warrants distributed with respect to each outstanding Ordinary Share as of the open of business on the Ex-Dividend Date for such distribution;

provided that if "FMV" as set forth above is equal to or greater than "SP₀" as set forth above, in lieu of the foregoing adjustment, adequate provision will be made so that each Holder shall receive on the date on which the distributed property is distributed to holders of Ordinary Shares, for each U.S.\$1,000 principal amount of Notes, the amount of distributed property such Holder would have received had such Holder owned a number of Ordinary Shares that it would have been entitled to receive based on the Conversion Rate on the record date for such distribution; *provided further* that if the Issuer's Board of Directors determines "FMV" for purposes of the foregoing adjustment by reference to the trading market for any securities, it must in doing so consider the prices in such market over the same period used in computing the average of the Last Reported Sale Prices of the Ordinary Shares over the 10 consecutive Trading Day period ending on the Trading Day immediately preceding the Ex-Dividend Date for such distribution.

With respect to an adjustment pursuant to this clause (iii) where there has been a payment of a dividend or other distribution on the Ordinary Shares or shares of Capital Stock of any class or series, or similar equity interest, of or relating to a Subsidiary or other business unit (a "Spin-Off"), the Conversion Rate will be adjusted based on the following formula:

$$CR = CR_0 \times \frac{(FMV + MP_0)}{MP_0}$$

where,

CR0 = the applicable Conversion Rate in effect immediately prior to the opening of business on the Business Day immediately following the record date for the Spin-Off;

CR = the applicable Conversion Rate in effect immediately after the opening of business on the Business Day immediately following such record date;

FMV = the average of the Last Reported Sale Prices of the Capital Stock or similar equity interest distributed to holders of Ordinary Shares applicable to one Ordinary Share over the first 10 consecutive Trading Day period immediately following, and including, the Ex-Dividend Date of the Spin-Off (the "Valuation Period"); and

MP0 = the average of the Last Reported Sale Prices of the Ordinary Shares over the Valuation Period.

The adjustment to the applicable Conversion Rate under the preceding paragraph of this clause (iii) will be made immediately after the open of business on the day after the last day of the Valuation Period, but will be given effect as of the open of business on the Business Day immediately following the record date for the Spin-Off. For purposes of determining the applicable Conversion Rate in respect of any conversion during the Valuation Period, references within the portion of this clause (iii) related to Spin-Offs to 10 Trading Days shall be deemed replaced with such lesser number of Trading Days as have elapsed from, and including, the Ex-Dividend Date of such Spin-Off to, but excluding, the Conversion Date.

If any distribution or spin-off described in this clause (iii) results in an adjustment to the Conversion Rate but such distribution or Spin-Off is not so made, the Conversion Rate shall again be adjusted to be the Conversion Rate that would then be in effect if such distribution or Spin-Off had not been declared.

(iv) If the Issuer makes or pays any cash dividend or any other cash distribution to all, or substantially all, holders of the outstanding Ordinary Shares, the applicable Conversion Rate will be adjusted based on the following formula:

$$CR = CR0 \times \frac{SP0}{(SP0 - C)}$$

where,

CR0 = the applicable Conversion Rate in effect immediately prior to the open of business on the Business Day immediately following the record date for such dividend or distribution;

-
- CR = the applicable Conversion Rate in effect immediately after the open of business on the Business Day immediately following such record date;
- SP0 = the average of the Last Reported Sale Prices of the Ordinary Shares over the 10 consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the Ex-Dividend Date for such dividend or distribution; and
- C = the amount in cash per share the Issuer distributes to holders of the Ordinary Shares.

If such dividend or distribution results in an adjustment to the Conversion Rate under the preceding paragraph and such dividend or distribution is not so paid or made, the Conversion Rate shall again be adjusted to be the Conversion Rate that would then be in effect if such dividend or distribution had not been declared.

(v) If (A) the Issuer or any of its Subsidiaries makes a payment in respect of a tender offer or exchange offer for the Ordinary Shares, and (B) the cash and value of any other consideration included in the payment per Ordinary Share exceeds the average of the Last Reported Sale Prices of the Ordinary Shares over the 10 consecutive Trading Day period commencing on, and including, the Trading Day next succeeding the last date on which tenders or exchanges may be made pursuant to such tender or exchange offer (the "Expiration Date"), the applicable Conversion Rate will be adjusted based on the following formula:

$$CR = CR_0 \times \frac{AC + (SP \times OS)}{(SP \times OS_0)}$$

where,

- CR₀ = the applicable Conversion Rate in effect immediately prior to the open of business on the Business Day next succeeding the Expiration Date;
- CR = the applicable Conversion Rate in effect immediately after the open of business on the Business Day next succeeding the Expiration Date;
- AC = the aggregate value of all cash and any other consideration (as determined by the Issuer's Board of Directors or a committee thereof) paid or payable for Ordinary Shares purchased in such tender or exchange offer;
- OS₀ = the number of Ordinary Shares outstanding immediately prior to the time (the "Expiration Time") such tender or exchange offer expires (prior to giving effect to such tender or exchange offer);
- OS = the number of Ordinary Shares outstanding immediately after the Expiration Time (after giving effect to such tender or exchange offer); and
- SP = the average of the Last Reported Sale Prices of the Ordinary Shares over the 10 consecutive Trading Day period commencing on, and including, the Trading Day next succeeding the Expiration Date.

The adjustment to the Conversion Rate under this clause (v) will be made at the close of business on the tenth Trading Day immediately following, and including, the Trading Day next succeeding the Expiration Date, but will be given effect as of the open of business on the Business Day following the Expiration Date. For purposes of determining the applicable Conversion Rate in respect of any conversion during the 10 Trading Days commencing on, and including, the Trading Day next succeeding the Expiration Date of any tender or exchange offer, references to 10 Trading Days shall be deemed replaced with such lesser number of Trading Days as have elapsed from, and including, the Trading Day next succeeding the Expiration Date to, but excluding the Conversion Date. If the Issuer or one of its Subsidiaries is obligated to purchase the Ordinary Shares pursuant to any such tender or exchange offer but the Issuer or the relevant Subsidiary is permanently prevented by applicable law from effecting any such purchase or all or any portion of such purchases are rescinded, the new Conversion Rate shall be readjusted to be the Conversion Rate that would be in effect if such tender or exchange offer had not been made or had only been made in respect of the purchases that had been effected.

(vi) Notwithstanding the foregoing, if any calculation required to be made in determining the adjustment to the Conversion Rate under this Section 12.05(a) cannot be made at such time because the facts required for such determination cannot be ascertained, the Issuer will make such determination as soon as practicable upon such information becoming determinate, and such adjustment will be made with retroactive effect to the first such date where the adjustment is required to be made.

(vii) To the extent that any event would give rise to an adjustment to be made under more than one of the clauses set forth above, or holders of the Issuer's Ordinary Shares have the right to elect between distributions that would be covered by more than one of such clauses, the Issuer shall, in good faith, determine the adjustment to be made, including, if applicable, the order of the adjustments.

(viii) If any event that would give rise to an adjustment under any of clauses (i)-(v) set forth above occurs (1) during the Averaging Period, the Issuer will adjust the Daily VWAPS used in calculating the Initial Conversion Price, (2) between the Unit Issue Date and the final day of the Averaging Period, the Issuer will adjust the dollar amount stated in clause (a) of Section 12.04 and/or (3) between the Issue Date and the final day of the Averaging Period, the Issuer will adjust the amount calculated pursuant to clause (c) of Section 12.04. Each adjustment described in the preceding sentence shall be made using an adjustment factor inverse to the factor that would have been applicable to the adjustment to the Conversion Rate that would have been required under this Section 12.05 had the relevant event occurred after the Conversion Rate had been established, applied by the Issuer in a good faith manner to the applicable values.

(b) The Issuer may at its option and in addition to the adjustments required by Section 12.05(a), increase the applicable Conversion Rate to avoid or diminish income Tax to holders of ADSs or rights to purchase ADSs in connection with a dividend or distribution of Ordinary Shares (or rights to acquire Ordinary Shares) or similar event. When a Holder is deemed to have received a distribution or dividend subject to Tax withholding and such deemed distribution or dividend does not give rise to any cash from which any applicable withholding Tax or backup withholding can be satisfied, if the Issuer pays withholding Taxes or applies backup withholding on behalf of a Holder, the Issuer may, at its option, set off such payments against interest payments on the Notes or subsequent deliveries of ADSs in respect of the Notes (or against payment on the ADSs).

(c) If, following the Issue Date, in conjunction with one of the foregoing adjustment events or otherwise (i) the number of the Issuer's CPOs represented by each ADS should change, (ii) the number of the Ordinary Shares underlying each CPO should change, (iii) one series of Ordinary Shares were to be disproportionately affected by such event as compared to the other series of Ordinary Shares, or (iv) any other change occurs in the composition of the assets underlying the CPOs or ADSs not contemplated or adequately addressed by the foregoing adjustments, and the applicable Conversion Rate (as so adjusted) does not produce a fair and equitable result, the Issuer will adopt such method as it may deem equitable and practicable vis-à-vis the holders of the Notes for the purpose of effecting an appropriate adjustment to the Conversion Rate.

(d) No adjustment in the applicable Conversion Rate shall be required unless such adjustment would require an increase or decrease of at least 1% in the Conversion Rate; *provided, however*, that (i) any adjustments which by reason of this Section 12.05(d) are not required to be made shall be carried forward and taken into account in any subsequent adjustment and (ii) the Issuer shall adjust the Conversion Rate at least annually to account for any such carried forward adjustments. All calculations under this Article XII shall be made by the Issuer and shall be made to the nearest ten thousandth of an ADS. Notwithstanding the foregoing, all adjustments not previously made shall have effect and be made upon conversion of any of the Notes.

Without limiting the foregoing, the Issuer shall not be required to adjust the Conversion Rate: (i) upon the issuance of any Ordinary Shares pursuant to any present or future plan providing for the reinvestment of dividends or interest payable on the Issuer's securities and the investment of additional optional amounts in Ordinary Shares under any plan; (ii) upon the issuance of any Ordinary Shares, or options or rights to purchase Ordinary Shares, pursuant to any present or future employee, director or consultant benefit plan or program of, or assumed by, the Issuer or any of its Subsidiaries; (iii) upon the issuance of any Ordinary Shares pursuant to any option, warrant, right or exercisable, exchangeable or convertible security not described in the preceding clause and outstanding as of the Unit Issue Date; (iv) for a change in the par value of the Ordinary Shares; or (iv) for Interest.

(e) Whenever the Conversion Rate is adjusted as provided in this Section 12.05, the Issuer shall promptly file with the Trustee and any Conversion Agent other than the Trustee an Officer's Certificate setting forth the Conversion Rate after such adjustment, detailing the calculation of the Conversion Rate and setting forth a brief statement of the facts requiring such

adjustment. Promptly after delivery of such certificate, the Issuer shall prepare and issue a press release containing the relevant information and notify the Trustee and the Trustee shall furnish a copy of such notice to the Holders. Failure to deliver such notice shall not affect the legality or validity of any such adjustment.

(f) If any distribution or transaction described in Section 12.05(a) above has not yet resulted in an adjustment to the applicable Conversion Rate on the applicable Conversion Date, and the ADSs the Holder will receive on Settlement are not entitled to participate in the relevant distribution or transaction (because they were not held on a related record date), then promptly after such distribution or transaction has occurred, the Issuer will adjust the number of ADSs to be delivered to the Holder as the Issuer determines is appropriate to reflect the relevant distribution or transaction.

(g) For purposes of this Section 12.05, the number of Ordinary Shares at any time outstanding shall not include Ordinary Shares held in the treasury of the Issuer. The Issuer shall not pay any dividend or make any distribution on Ordinary Shares held in the treasury of the Issuer.

(h) Except as stated in this Section 12.05 and Section 12.12, the Issuer shall not be required to adjust the Conversion Rate. If, however, the application of the provisions of this Section 12.05 would result in a decrease in the Conversion Rate, no adjustment to the Conversion Rate shall be made (other than as a result of a reverse share split or share combination).

(i) The Issuer shall not take any action pursuant to this Section 12.05 without complying, if applicable, with any applicable rules of any stock exchange on which the ADSs are listed at the relevant time.

SECTION 12.06. Effect of Reclassification, Consolidation, Merger, Combination, Sale, Lease or Transfer. In the event of any (i) reclassification or change of the outstanding Ordinary Shares (other than changes resulting from a subdivision or combination), (ii) consolidation, merger or combination involving the Issuer (other than a merger in which the Issuer is the surviving corporation and which does not result in any reclassification of, or change (other than changes resulting from a subdivision or combination) in, outstanding Ordinary Shares), (iii) sale, assignment, conveyance, transfer, lease or other disposition to another Person of the property and assets of the Issuer and its Subsidiaries as an entirety or substantially as an entirety, or (iv) mandatory Ordinary Share exchange, in each case as a result of which holders of Ordinary Shares shall be entitled to receive stock, other securities, other property, assets or cash (or any combination thereof) with respect to or in exchange for such Ordinary Shares, then the Issuer or the successor or purchasing corporation, as the case may be, shall execute with the Trustee a supplemental indenture providing that Holders shall thereafter be entitled to convert Notes into the kind and amount of shares of stock and other securities, property, assets or cash (or any combination thereof, but subject to the provisions of Article XI) that a holder of a number of ADSs equal to the Conversion Rate immediately prior to such transaction would have owned or been entitled to receive upon such transaction (such property, the "Reference Property"), subject to the right of such Holder to receive the Make Whole Fundamental Change Premium upon compliance with the provisions of Section 12.12. In such a case, any increase in the Conversion

Rate by the additional ADSs described in Section 12.12 will not be payable in additional ADSs, but will represent a right to receive the aggregate amount of cash, securities or other property into which the additional Ordinary Shares would convert in the transaction from the surviving entity (or a direct or indirect parent thereof). In the event holders of Ordinary Shares have the opportunity to elect the form of consideration to be received in a reclassification, change, consolidation, merger, combination, sale, lease, assignment, conveyance or other transfer, the Reference Property into which the Notes will be convertible will be deemed to be the weighted average of the types and amounts of consideration received by the holders of the Ordinary Shares that affirmatively make such an election, subject to any limitations to which the holders of Ordinary Shares are subject, including pro rata reductions applicable to any portion of the consideration payable. The Issuer shall notify the Conversion Agent and Holders of the weighted average and composition of such Reference Property promptly after determination thereof. The Issuer shall not become party to any such reclassification, change, consolidation, merger combination, sale, lease, assignment, conveyance or other transfer unless the terms of such transaction are consistent with the foregoing. Such supplemental indenture shall provide for adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Article XII and shall contain such additional provisions to protect the interests of the Holders of the Notes as the Issuer's Board of Directors shall reasonably consider necessary by reason of the foregoing.

If the Notes become convertible into Reference Property, the Issuer shall notify the Trustee and issue a press release containing the relevant information. Failure to deliver such notice shall not affect the legality or validity of such supplemental indenture.

The above provisions of this Section 12.06 shall similarly apply to successive reclassifications, changes, consolidations, mergers, combinations, sales, leases, assignments, conveyances or other transfers. If this Section 12.06 applies to any event or occurrence, 0 shall not apply.

SECTION 12.07. Taxes, Duties, Fees and Costs of Issuance of ADSs or CPOs. If a Holder receives ADSs upon conversion as provided in this Indenture, the Issuer will pay any (a) documentary, stamp or similar issue or transfer Tax, duties or fees, and (b) fees of the depository for the ADSs, in either case, in connection with the creation or delivery of such ADSs in satisfaction of such conversion, unless in either case, such payment is due because the Holder requests any ADSs to be issued in a name other than the Holder's name, in which case the Holder will make such payment. In addition, the Issuer will pay any fees or costs in connection with the issuance of the Issuer's CPOs representing Ordinary Shares as may be needed to allow the Issuer to deposit CPOs with the ADS depository to create the ADSs deliverable upon conversion of Notes.

SECTION 12.08. Obligation to Cause Sufficient Ordinary Shares, CPOs and ADSs to be Issued for Purposes of Satisfying any Settlement of Conversions. The Issuer shall take all actions reasonably necessary to ensure that, upon every conversion of a Note, ADSs will be available for delivery, and will be delivered, upon such conversion promptly and as provided in this Article XII. The Issuer agrees that all Ordinary Shares underlying CPOs which may be issued and transferred to the CPO trustee upon conversion of Notes, and all CPOs which may be issued and released upon conversion of Notes, shall be duly authorized and validly issued and

that upon such issuance and delivery, the Holder of Notes will receive good and valid title to such ADSs, free and clear of all Liens, encumbrances and claims. In furtherance of the foregoing, the Issuer will comply with the following covenants:

(a) the Issuer shall not declare any dividend, subdivision or other distribution of the Issuer's Ordinary Shares that would cause an anti-dilution adjustment under the Notes unless, (x) at such time, the Issuer holds, or the shareholders concurrently approve, a sufficient number of Available Treasury Shares and (y) as soon as practicable, but in no event later than 45 days following the actions described in subclause (x), a sufficient number of CPOs is authorized and available for release, in each case to satisfy the Issuer's obligations in connection with a conversion of all Notes taking into account such adjustment; and

(b) within 45 days of any event that causes or with the passage of time would cause the maximum number of Ordinary Shares or CPOs, necessary to satisfy the Issuer's obligations in connection with a conversion of all Notes following such event to exceed the number of Available Treasury Shares or available CPOs, the Issuer will cause a sufficient number of Available Treasury Shares to be authorized or CPOs to be authorized and available for release, in order to satisfy its obligations in connection with a conversion of all Notes following such event.

For so long as the ADSs are listed on the New York Stock Exchange, the Issuer will take actions reasonably necessary for the listing on the New York Stock Exchange of all ADSs deliverable on conversion of Notes and will take all actions (including obtaining or giving approvals and consents and paying listing fees) reasonably necessary to ensure that each ADS delivered on conversion of a Note will, upon such delivery be so listed.

SECTION 12.09. Responsibility of Trustee and the Conversion Agent. The Trustee and any other Conversion Agent shall not at any time be under any duty of responsibility to any Holders to determine whether any facts exist which may require any adjustment of the Conversion Rate, or with respect to the nature or extent or calculation of any such adjustment when made, or with respect to the method employed, or herein or in any supplemental indenture provided to be employed, in making the same. The Trustee and any other Conversion Agent shall not be accountable with respect to the validity or value (or the kind or amount) of any ADSs, or of any securities or property, which may at any time be issued or delivered upon the conversion of any Note; and the Trustee makes no representations with respect thereto. The Trustee and any other Conversion Agent shall not be responsible for any failure of the Issuer to issue, transfer or deliver any ADSs or stock certificates or other securities or property or cash upon the surrender of any Note for the purpose of conversion or to comply with any of the duties, responsibilities or covenants of the Issuer contained in this Article XII. Without limiting the generality of the foregoing, the Trustee and any other Conversion Agent shall not have any responsibility to determine the correctness of any provisions contained in any supplemental indenture entered into pursuant to Section 12.06 relating either to the kind or amount of shares of stock or securities or property (including cash) receivable by Holders upon the conversion of its Notes after any event referred to in such Section 12.06 or to any adjustment to be made with respect thereto, but, subject to the provisions of Section 7.01, may accept as conclusive evidence of the correctness of any such provisions, and shall be protected in relying upon, the Officer's Certificate and Opinion of Counsel (which the Issuer shall be obligated to file with the Trustee prior to the execution of any such supplemental indenture) with respect thereto. Neither the

Trustee nor any Conversion Agent shall have any duties to holders of the Issuer's Ordinary Shares obtained by such holder under this Article XII, or any duty to monitor whether the Issuer issues (timely or otherwise) ADSs to Holders under this Article XII. In addition, without limiting the generality of the foregoing, the Trustee and any other Conversion Agent shall not have any responsibility to determine whether or to ensure that any ADS issued upon conversion of a Restricted Note shall bear any legend required by Section 2.06(b) or Section 12.02 or the restricted or unrestricted CUSIP numbers contemplated by Section 2.14, or compliance with any similar provision relating to the ADSs, nor shall the Trustee or any Conversion Agent be responsible for ensuring compliance with the restrictions set forth in Section 12.11.

Except as otherwise provided herein, the Issuer or its agents shall be responsible for making all calculations and determinations called for under this Indenture and the Notes. These calculations include, but are not limited to, determinations of the last reported sale prices of ADSs, accrued Interest payable on the Notes, the 5 Day Average VWAP and the applicable Conversion Rate. The Issuer or its agents shall make all these calculations and determinations in good faith and, absent manifest error, the Issuer's calculations will be final and binding on holders of Notes. The Issuer or its agents shall provide a schedule of the Issuer's calculations to each of the Trustee and the Conversion Agent, and each of the Trustee and Conversion Agent shall be entitled to rely conclusively upon the accuracy of the Issuer's calculations without independent verification. Neither the Trustee nor the Conversion Agent shall have any duty to monitor the stock price. The Trustee will forward the Issuer's calculations to any Holder upon the written request of that Holder.

SECTION 12.10. [Reserved].

SECTION 12.11. Restriction on ADSs Issuable Upon Conversion. (a) ADSs to be issued upon conversion of Notes that bear a Restricted Securities Legend at the time of such conversion shall be physically delivered in certificated form to the Holders converting such Notes and the certificate representing such ADSs shall bear the Restricted ADS Legend unless removed in accordance with Section 12.11(c).

(b) If (i) ADSs to be issued upon conversion of Notes that bear a Restricted Securities Legend at the time of such conversion are to be registered in a name other than that of the Holder of such Note or (ii) ADSs represented by a certificate bearing the Restricted ADS Legend are transferred subsequently by such Holder, then, unless (i) with respect to ADSs issued upon conversion of Restricted Notes, the Restricted Securities Legend on the Global Securities has been removed pursuant to Section 2.07(c) or (ii) a shelf registration statement has become effective with respect to the resale of such ADSs and such ADSs are being transferred pursuant thereto, the Holder must deliver to the transfer agent for the ADSs a certificate in substantially the form of Exhibit C hereto as to compliance with the restrictions on transfer applicable to such ADSs and neither the transfer agent nor the registrar for the ADSs shall be required to register any transfer of such ADSs not so accompanied by a properly completed certificate.

(c) Except in connection with a transfer described in Section 12.11(b), if certificates representing ADSs are issued upon the registration of transfer, exchange or replacement of any other certificate representing ADSs bearing the Restricted ADS Legend, or if a request is made to remove such Restricted ADS Legend from certificates representing ADSs, the certificates so

issued shall bear the Restricted ADS Legend, or the Restricted ADS Legend shall not be removed, as the case may be, unless there is delivered to the Issuer such satisfactory evidence, which, except in the case of a transfer made pursuant to Rule 144 under the Securities Act, may include an opinion of counsel pursuant to the laws in the State of New York, as may be reasonably required by the Issuer, that neither the legend nor the restrictions on transfer set forth therein are required to ensure that transfers thereof comply with the provisions of Rule 144 under the Securities Act or that such ADSs are securities that are not “restricted” within the meaning of Rule 144 under the Securities Act. Upon provision to the Issuer of such reasonably satisfactory evidence, the Issuer shall cause the transfer agent for the ADSs to countersign and deliver certificates representing ADSs that do not bear the legend.

(d) Notwithstanding Section 12.11(c), any certificate representing ADSs issued upon conversion of Notes (or security issued in exchange or substitution therefor) as to which the restrictions on transfer shall have expired in accordance with their terms or that has been transferred, replaced or exchanged on or after the date that the Issuer, pursuant to Section 2.07(c), removes the Restricted Securities Legend from the Notes, or that has been transferred pursuant to a resale registration statement that has been declared effective under the Securities Act may, upon surrender of such stock certificate to the Registrar for exchange, be exchanged for a new certificate, of like tenor and aggregate number of ADSs, which shall not bear any Restricted ADS Legend.

SECTION 12.12. Make Whole Premium Upon a Fundamental Change. (a) If there shall have occurred a Fundamental Change, the Issuer shall pay a “Make Whole Fundamental Change Premium” to the Holders of the Notes who elect to convert their Notes in connection with such Fundamental Change. A conversion of Notes will be deemed for these purposes to be “in connection with” such Fundamental Change if the notice of conversion of the Notes is received by the Conversion Agent from, and including, the later of (1) 30 scheduled Trading Days before the anticipated effective date of such Fundamental Change and (2) the date on which the Issuer notifies the Holders of the anticipated “Effective Date” of a Fundamental Change (in accordance with the next sentence and the next succeeding sentence) and ending 30 Business Days following the actual Effective Date (but, in the case of a Change of Control, ending prior to the close of business on the Business Day immediately preceding the Change of Control Purchase Date). The Issuer will notify Holders and the Trustee of the anticipated Effective Date and issue a press release as soon as practicable after the Issuer first determines the anticipated Effective Date; *provided* that in no event will the Issuer be required to provide such notice to the Holders and the Trustee before the earlier of such time as the Issuer or its Affiliates (A) has publicly disclosed or acknowledged the circumstances giving rise to such anticipated Fundamental Change or (B) is required to publicly disclose under applicable law or the rules of any stock exchange on which the Issuer’s equity is then listed the circumstances giving rise to such anticipated Fundamental Change. The Issuer will use its commercially reasonable efforts to make such determination in time to deliver such notice no later than 30 days prior to such anticipated Effective Date.

In respect of Conversion Dates falling prior to the anticipated Effective Date, the settlement shall occur on the third Business Day following the relevant Conversion Date at the then applicable Conversion Rate without regard to the Make Whole Fundamental Change Premium and the Additional ADSs shall be delivered on the actual Effective Date in settlement

of all such conversions. In respect of Conversion Dates falling on or after the actual Effective Date of the Fundamental Change, the settlement shall occur on the third Business Day following the relevant Conversion Date at the then applicable Conversion Rate (adjusted for the Make Whole Fundamental Change Premium).

Notwithstanding the foregoing, if any information required in order to calculate the conversion consideration deliverable will not be available as of the applicable settlement date, the Issuer will deliver the Additional ADSs resulting from that adjustment on the third Trading Day after the earliest Trading Day on which such calculation can be made.

The Make Whole Fundamental Change Premium will consist of an increase in the Conversion Rate for such Notes by a number of additional ADSs (the “Additional ADSs”) per U.S.\$1,000 principal amount of Notes, as determined in accordance with the table below (as adjusted pursuant to this Section 12.12, the “Make-Whole Table”), based on the Effective Date and the price (the “ADS Price”) paid (or deemed paid) in the Fundamental Change per ADS (or, if applicable, the price per Ordinary Share or per CPO, transposed into a price per ADS). If the holders of ADSs receive only cash in a conversion in connection with a Fundamental Change described in clause (2) of the definition of Fundamental Change, the ADS Price shall be the cash amount paid per ADS. Otherwise, the ADS Price shall be the average of the Last Reported Sale Prices of the ADSs over the five Trading Day period ending on, and including, the Trading Day immediately preceding the Effective Date.

The ADS Prices set forth in the column headings of the Make-Whole Table shall be adjusted as of any date on which the Conversion Rate of the Notes is otherwise adjusted. The adjusted ADS Prices will equal the ADS Prices applicable immediately prior to such adjustment multiplied by a fraction, the numerator of which is the Conversion Rate immediately prior to the adjustment giving rise to the ADS Price adjustment and the denominator of which is the Conversion Rate as so adjusted. The number of additional ADSs set forth in the Make-Whole Table will be adjusted in the same manner as the Conversion Rate as set forth in 0 hereof, other than as a result of an adjustment of the Conversion Rate by adding the Make Whole Fundamental Change Premium as described above.

The Make-Whole Table in its initial form sets forth the dollar value of the additional ADSs to be added to the Conversion Rate for conversions in connection with a Fundamental Change, based on ADS prices and effective dates. The Make-Whole Table in its initial form (a) expresses ADS Prices in terms of percentages of the 5 Day Average VWAP and (b) expresses amounts by which the Conversion Rate would be increased by the value, in U.S. dollars, of the relevant increase. Promptly after establishment of the initial Conversion Rate, the Issuer shall generate a final version of the Make-Whole Table (including the related paragraph that immediately follows the Make-Whole Table) including ADS Prices measured in dollars (rather than as percentages of the 5 Day Average VWAP) and amounts of additional ADSs expressed in numbers of ADSs (rather than as dollar amounts) by (a) arithmetically applying the percentages specified in the Make-Whole Table to the 5 Day Average VWAP calculated based on the Initial Conversion Price and (b) dividing dollar values of additional ADSs to be added to the Conversion Rate by the 5 Day Average VWAP. For purposes of preparing the final Make-Whole Table, numbers of additional ADSs will be rounded to the nearest 1/10,000th of an ADS and ADS prices will be rounded to the nearest cent. Promptly after establishment of the 5 Day Average VWAP and the

initial Conversion Rate, the Issuer shall notify Holders and the Trustee of the 5 Day Average VWAP, the initial Conversion Rate and the final version of the Make-Whole Table and will make that information available on the Issuer's website. After such notice is given, references to the Make-Whole Table in this Indenture and in the Notes shall be deemed to be to the final version of the Make-Whole Table (including the related paragraph that immediately follows it) in such notice. Notwithstanding anything to the contrary contained herein, if a Conversion Date occurs prior to the final Trading Day of the Averaging Period, the Make-Whole Table with respect to such Conversion Date shall be determined in good faith by the Issuer based on the Daily VWAP on the Trading Days in the Averaging Period that occurred prior to the Conversion Date.

If the exact ADS Prices and effective dates are not set forth in the Make-Whole Table and the ADS Price is:

(1) between two adjacent ADS Price amounts in the Make-Whole Table or the Effective Date is between two adjacent Effective Dates in the Make-Whole Table, the number of Additional ADSs will be determined by a straight-line interpolation between the number of Additional ADSs set forth for the higher and lower ADS Price amounts and the two dates based on a 365-day year, as applicable.

(2) greater than 300% of the 5 Day Average VWAP per ADS (subject to adjustment in the same manner as the ADS Prices set forth in the column headings of the Make-Whole Table), no additional ADSs will be issued upon conversion.

(3) less than 100% of the 5 Day Average VWAP per ADS (subject to adjustment in the same manner as the ADS Prices set forth in the column headings of the Make-Whole Table), no additional ADSs will be issued upon conversion.

Notwithstanding the foregoing paragraphs, in no event will the total number of ADSs issuable upon conversion of a Note exceed 116.0714 ADSs, subject to adjustment for events from and after September 26, 2014 in the same manner as the Conversion Rate as set forth in Section 12.05(a) hereof.

(b) The Issuer, or the Trustee at the direction of the Issuer, shall mail a notice of a Fundamental Change (the “Fundamental Change Notice”) to the Holders as shown on the Register and issue a press release not more than 5 days after the applicable Effective Date at the addresses as shown on the Register, with a copy to the Trustee and the Paying Agent. The Fundamental Change Notice, which shall govern the terms of the settlement of any conversion (or purchase, if applicable) in connection with a Fundamental Change, shall include such disclosures as are required by law and shall state, to the extent applicable: (i) the events causing a Fundamental Change; (ii) the Effective Date; (iii) if applicable, the last date on which a Holder may exercise the Change of Control purchase right; (iv) the Change of Control Payment if applicable; (v) if applicable, the date of the purchase (the “Change of Control Purchase Date”), which is to be no earlier than the 20th and no later than the 35th calendar day following the Effective Date; (vi) the name and address of the Paying Agent and the Conversion Agent; (vii) if applicable, the applicable Conversion Rate and, if applicable, any adjustments to the applicable Conversion Rate; (viii) if applicable, that the Notes with respect to which a Change of Control repurchase election has been delivered by a Holder may be converted only if the Holder withdraws the Change of Control repurchase election in accordance with the terms of this Indenture; and (ix) if applicable, the procedures that Holders must follow to require the Issuer to purchase their Notes. Unless and until the Trustee shall receive a Fundamental Change Notice, the Trustee may assume without inquiry that no Fundamental Change has occurred.

A menos que se indique lo contrario, los términos que se utilizan en la presente con mayúscula inicial tendrán los significados asignados a los mismos en el Acta de Emisión que se menciona a continuación.

1. INTERESES. CEMEX, S.A.B. de C.V. una sociedad anónima bursátil de capital variable constituida de conformidad con las leyes de México (en conjunto con sus sucesores y cesionarios, la “Emisora”), promete pagar Intereses sobre el importe principal de esta Obligación a la tasa establecida de conformidad con la Sección 4.01 del Acta de Emisión; *en el entendido* de que dicha tasa podrá incrementarse de tiempo en tiempo de conformidad con lo dispuesto en el Acta de Emisión, incluyendo su Sección 4.09 y su Sección 6.02(b). La Emisora pagará Intereses por semestres vencidos los días 15 de marzo y 15 de septiembre de cada año, comenzado el 15 de septiembre de 2015. Las Obligaciones devengarán Intereses desde la última Fecha de Pago de Intereses en que se hayan pagado Intereses o, si no se han pagado Intereses, desde el 13 de marzo de 2015. En su caso, los Intereses se calcularán sobre la base de un año de 360 días y 12 meses de 30 días cada uno. En la medida permitida por la ley, la Emisora pagará cualesquiera Intereses adicionales que deba pagar de conformidad con lo dispuesto en la Sección 4.09 y la Sección 6.02(b) del Acta de Emisión, en la forma y las fechas estipuladas en la misma en cuanto al pago de Intereses. En la medida permitida por la ley, la Emisora pagará Intereses (incluyendo Intereses posteriores a la presentación de cualquier demanda al amparo de alguna Ley de Quiebras) sobre cualquier importe principal vencido, a la tasa de interés anual devengada por las Obligaciones que se encuentre vigente en ese momento; y en la medida permitida por la ley pagará Intereses (incluyendo tras la presentación de cualquier demanda al amparo de alguna Ley de Quiebras) sobre cualesquiera Intereses vencidos (“Intereses Moratorios”), a la misma tasa, independientemente de cualquier período de gracia aplicable. Los Intereses se calcularán sobre la base de un año de 360 días y 12 meses de 30 días.

Todos los pagos efectuados por la Emisora conforme a las Obligaciones o en relación con las mismas irán libres de toda retención o deducción a cuenta de cualesquiera Impuestos establecidos o determinados por cualquier Jurisdicción Impositiva o en representación de la misma, a menos que la Emisora esté obligada a retener o deducir Impuestos por disposición de ley o en razón de la interpretación oficial o aplicación de la misma. En dicho supuesto, la Emisora pagará a cada Tenedor de Obligaciones las Cantidades Adicionales previstas en el Acta de Emisión, sujeto a las restricciones establecidas en la propia Acta de Emisión.

2. FORMA DE PAGO. La Emisora pagará cualesquiera Intereses respecto de las Obligaciones (salvo Intereses Moratorios) a más tardar el Día Hábil en que dicho importe de Intereses sobre las Obligaciones sean exigibles y pagaderos a la Persona a cuyo nombre se encuentre inscrita dicha Obligación al cierre de horas hábiles del 1 de marzo y el 1 de septiembre inmediatamente anteriores a la Fecha de Pago de Intereses correspondiente (cada una de dichas fechas, una “Fecha de Registro”) (salvo por lo dispuesto en el Acta de Emisión). Para efectos de todo pago de principal, el Tenedor deberá entregar sus Obligaciones al Agente de Pago. A más tardar el Día Hábil previo a la fecha en que el importe principal de las Obligaciones deba pagarse, la Emisora depositará con el Fiduciario o con el Agente de Pagos, en fondos inmediatamente disponibles, la cantidad suficiente para realizar dicho pago.

The Issuer will pay the principal of and Interest on the Notes at the office or agency of the Issuer maintained for such purpose, in U.S. Legal Tender. Until otherwise designated by the Issuer, the Issuer's office or agency maintained for such purpose will be the principal Corporate Trust Office of the Trustee (as defined below). However, the Issuer may pay principal and Interest by check payable in such money, and may mail such check to the Holders of the Notes at their respective addresses as set forth in the Register of Holders. Payments in respect of Notes represented by a Global Security (including principal and Interest) will be made by the transfer of immediately available funds to the accounts specified by DTC. The Issuer will make all payments in respect of a Definitive Security (including principal and Interest) by mailing a check to the registered address of each Holder thereof as set forth in the Note Register; *provided, however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.\$1,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 15 days immediately preceding the relevant Record Date (or such other date as the Trustee may accept in its discretion).

La Emisora pagará el importe principal y los Intereses de las Obligaciones en la oficina o agencia mantenida para dicho efecto por la misma, en Moneda de los E.U.A. A menos que la Emisora designe otro lugar, su oficina o agencia para dicho efecto serán las Oficinas del Departamento de Fideicomisos Empresariales del Fiduciario (según la definición asignada a dicho término más adelante). Sin embargo, la Emisora podrá efectuar pagos de principal e Intereses mediante cheque denominado en dicha moneda, y podrá enviar por correo dicho cheque a los domicilios que los Tenedores de Obligaciones tengan inscritos en el registro de Tenedores. Los pagos sobre las Obligaciones amparadas por un Título Global (incluyendo principal e Intereses) se efectuarán mediante transferencia de fondos inmediatamente disponibles a las cuentas indicadas por DTC. La Emisora efectuará todos los pagos correspondientes a Títulos Definitivos (incluyendo principal e Intereses) mediante cheque enviado por correo al domicilio que cada Tenedor tenga inscrito en el registro de Obligaciones; *en el entendido, sin embargo*, de que tratándose de cualquier Tenedor de Obligaciones por un monto principal total de cuando menos EUA\$1,000,000, los pagos sobre las Obligaciones también podrán efectuarse mediante transferencia electrónica a una cuenta en dólares de los E.U.A. mantenida por el destinatario del pago en un banco de los Estados Unidos, si dicho Tenedor elige la opción de recibir dichos pagos por transferencia electrónica mediante el envío de un aviso por escrito proporcionado los datos de su cuenta al Fiduciario o al Agente de Pagos, a más tardar en la fecha correspondiente a los 15 días inmediatamente anteriores a la Fecha de Registro aplicable (o cualquier otra fecha aceptable para el Fiduciario a su entera discreción).

3. PAYING AGENT AND REGISTRAR. Initially, The Bank of New York Mellon (together with any successor Trustee under the Indenture referred to below, the “Trustee”), will act as Paying Agent, Calculation Agent, Conversion Agent and Registrar. The Issuer may change the Paying Agent, Calculation Agent, Conversion Agent, Registrar or co-registrar without prior notice. Subject to certain limitations in the Indenture, the Issuer or any of its Subsidiaries may act in any such capacity.

4. INDENTURE. The Issuer issued the Notes under an Indenture dated as of March 13, 2015 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the “Indenture”) between the Issuer, the Trustee and the Mexican Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to, and qualified by, all such terms, certain of which are summarized hereon, and Holders are referred to the Indenture for a statement of such terms. However, to the extent any provision of any Note conflicts with the express provisions of the Indenture, the provisions of the Indenture shall govern and be controlling. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

5. REDEMPTION AND REPURCHASE. The Notes are subject to certain redemption and repurchase provisions under Article III of the Indenture

(A) Optional Redemption by the Issuer for Changes in Withholding Taxes

If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of any Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Unit Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article V of the Indenture, shall be for purposes of the provision being described, the date of such merger, consolidation or other transaction) the Issuer would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding Tax rate of 10% with respect to the Notes (as described in Section 4.12 of the Indenture), then, at the Issuer’s option, the Notes may be redeemed in whole, but not in part, at any time on giving not less than 30 days nor more than 60 days’ notice to each Holder, at a redemption price equal to 100% of the outstanding principal amount, plus Interest, if any, up to but not including the Tax Redemption Date; *provided, however*, that (1) no Tax Redemption Notice may be given earlier than 90 days prior to the earliest date on which the Issuer would be obligated to pay the Additional Amounts described in the preceding sentence if a payment on the Notes were then due, (2) at the time such Tax Redemption Notice is given such obligation to pay such Additional Amounts remains in effect and (3) the Issuer shall have satisfied the additional requirements set forth below. Such Tax Redemption Notice shall also contain the items required in Section 3.01(e) of the Indenture, including the calculation of the Make Whole Fundamental Change Premium.

Prior to the publication of any Tax Redemption Notice pursuant to this provision, the Issuer will deliver to the Trustee:

- (i) an Officer’s Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer’s right to redeem have occurred, and

La Emisora podrá reemplazar al Agente de Pagos, al Agente de Cálculo, al Agente de Conversión, al Agente de Registro o agente de registro adjunto, sin necesidad de dar aviso previo. Sujeto a ciertas restricciones previstas en el Acta de Emisión, ni la Emisora ni sus Subsidiarias podrán actuar con alguna de dichas capacidades.

4. ACTA DE EMISIÓN. La Emisora emitió las Obligaciones al amparo de un Acta de Emisión de fecha 13 de marzo de 2015 (tal y como la misma se modifique o adicione de tiempo en tiempo de acuerdo con sus términos, el “Acta de Emisión”), suscrita por la Emisora, el Fiduciario y el Representante Común Mexicano. Los términos de las Obligaciones incluyen los previstos en el Acta de Emisión. Las Obligaciones están sujetas y condicionadas a la totalidad de dichos términos, algunos de los cuales están resumidos en la presente, y los Tenedores deberán consultar el Acta de Emisión para conocer dichos términos. Sin embargo, en la medida en que alguna disposición de esta Obligación contravenga lo expresamente dispuesto en el Acta de Emisión, prevalecerán las disposiciones del Acta de Emisión. Por el hecho de aceptar una Obligación, todo Tenedor conviene en sujetarse a todos los términos y las disposiciones del Acta de Emisión, tal como la misma se modifique o adicione de tiempo en tiempo.

5. AMORTIZACIÓN Y RECOMPRA. Las Obligaciones están sujetas a ciertas disposiciones en materia de amortización y recompra contenidas en el Artículo III del Acta de Emisión.

(A) Amortización a opción de la Emisora debido a reformas legales fiscales

Si en virtud de alguna reforma o cambio en las leyes (o en las reglas o los reglamentos promulgados al amparo de las mismas) en materia fiscal de alguna Jurisdicción Impositiva, o de alguna reforma o cambio en la interpretación oficial o aplicación de dichas leyes, reglas o reglamentos que tenga efectos generalizados, que entre en vigor en la Fecha de Emisión de las Unidades (que para estos efectos y tratándose de cualquier fusión, consolidación u otra operación descrita y permitida en el Artículo V del Acta de Emisión será para efectos de dicho artículo, la fecha de dicha fusión, consolidación u otra operación) o después de la misma, la Emisora, tras tomar todas las medidas razonables para evitarlo, se verá obligada a pagar Cantidades Adicionales por encima de las correspondientes a una tasa de retención de Impuestos del 10% en relación con las Obligaciones (conforme a lo descrito en la Sección 4.12 del Acta de Emisión), la Emisora tendrá la opción, previo aviso a cada Tenedor con no menos de 30 ni más de 60 días de anticipación, de amortizar en cualquier momento las Obligaciones, en su totalidad y no sólo en parte, a un precio de amortización equivalente al 100% del monto principal insoluto más Intereses, en su caso, a la Fecha de Amortización por Motivos Fiscales pero sin incluir dicha fecha; *en el entendido, sin embargo*, de que (1) no se podrá dar ningún Aviso de Amortización por Motivos Fiscales antes del plazo de 90 días anterior a la primera fecha en que la Emisora hubiere estado obligada a pagar las Cantidades Adicionales descritas en la oración que antecede si el pago sobre las Obligaciones hubiese sido exigible en dicha fecha, (2) la obligación de pagar dichas Cantidades Adicionales deberá estar vigente a la fecha de envío de dicho Aviso de Amortización por Motivos Fiscales, y (3) la Emisora deberá haber cumplido con los requisitos adicionales previstos a continuación. Dicho Aviso de Amortización por Motivos Fiscales también deberá contener la información exigida por la Sección 3.01(e) del Acta de Emisión, incluyendo el cálculo de la Prima por Prepagado Debido a un Cambio Fundamental.

Antes de publicar cualquier Aviso de Amortización por Motivos Fiscales, la Emisora enviará al Fiduciario:

- (i) un Certificado Expedido por los Funcionarios manifestando que la Emisora tiene derecho de efectuar una amortización y describiendo los hechos que acrediten la verificación de la condición suspensiva que dio origen al derecho de amortización de la Emisora, y

(ii) an Opinion of Counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This Tax Redemption Notice, once delivered by the Issuer to the Trustee, will be irrevocable.

(B) Repurchase at the Option of Holders Upon Certain Fundamental Changes

Upon the occurrence of a Change of Control, the Issuer shall notify the Holders, the Mexican Trustee and the Trustee in writing of such occurrence and shall be required to make an offer to repurchase all Notes then outstanding at a repurchase price in cash equal to 100% of the principal amount thereof, *plus* Interest, to, but excluding, the Change of Control Purchase Date as defined in the Indenture (unless the Change of Control Purchase Date is between a Record Date and the Interest Payment Date to which it relates, in which case the Issuer will pay Interest on such Interest Payment Date to the Holder of record on such Record Date and the Change of Control Payment will be equal to 100% of the principal amount of the Notes subject to repurchase and will not include Interest).

(ii) una Opinión Legal de reconocido prestigio en la Jurisdicción Impositiva relevante, en el sentido de que la Emisora está o estará obligada a pagar dichas Cantidades Adicionales como resultado de dicha reforma o cambio.

Una vez enviado por la Emisora al Fiduciario, el Aviso de Amortización por Motivos Fiscales será irrevocable.

(B) Recompra a opción de los Tenedores en caso de Ciertos Cambios Fundamentales

Tras ocurrir un Cambio de Control, la Emisora dará aviso por escrito de dicha circunstancia a los Tenedores, el Representante Común Mexicano y al Fiduciario y estará obligada a realizar una oferta de recompra respecto de todas las Obligaciones en circulación, a un precio de recompra en efectivo equivalente al 100% del importe principal *más* los Intereses devengados por las mismas hasta, pero excluyendo, la Fecha de Compra por Cambio de Control (según la definición asignada a dicho término en el Acta de Emisión) (a menos que la Fecha de Compra por Cambio de Control se ubique entre una Fecha de Registro y su correspondiente Fecha de Pago de Intereses, en cuyo caso la Emisora pagará Intereses en dicha Fecha de Pago de Intereses al Tenedor inscrito a dicha Fecha de Registro, y el Pago por Cambio de Control será equivalente al 100% del importe de las Obligaciones objeto de recompra y no incluirá Intereses).

6. SUBORDINATION. The payment of the principal of, premium, if any, and interest on and any other payment due pursuant to the Indenture or this Note (including, without limitation, the payment or deposit of the Change of Control Payment pursuant to Article III of the Indenture) shall be subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness, whether outstanding at the Issue Date or thereafter created, incurred, assumed or guaranteed in accordance with the provisions of Article XI of the Indenture, and each Holder by accepting a Note acknowledges and agrees to be bound by such provisions. The Issuer agrees, and each Holder by accepting a Note acknowledges and agrees, that the Indebtedness evidenced by the Note is equal in right of payment to the Issuer's current unsecured subordinated Indebtedness, which includes the Issuer's 3.25% Convertible Subordinated Notes due 2016 and the Issuer's 3.75% Convertible Subordinated Notes due 2018, and to any future unsecured subordinated Indebtedness.

7. DENOMINATIONS, TRANSFER, EXCHANGE. The Notes are in registered form without coupons in denominations of U.S.\$1,000 and integral multiples of U.S.\$1,000 in excess thereof. A Holder may transfer or exchange Notes at the office of the Registrar in accordance with the Indenture. The Registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents. No service charge will be imposed by the Issuer, the Trustee or the Registrar for any registration of transfer or exchange of Notes, but any Tax or similar governmental charge required by law or permitted by the Indenture because upon exchange a Holder requests any ADSs to be issued in a name other than such Holder's name will be paid by such Holder. The Issuer is not required to transfer or exchange any Note surrendered for repurchase or conversion except for any portion of that Note not being repurchased or converted, as the case may be.

8. PERSONS DEEMED OWNERS. The registered Holder of a Note may be treated as its owner for all purposes.

9. AMENDMENTS AND WAIVERS. Subject to certain exceptions set forth in the Indenture, with the written consent of the Holders of a majority in principal amount of the then-outstanding Notes (including without limitation consents obtained in connection with a purchase of, or a tender offer or exchange offer for, Notes) (i) the Issuer, the Trustee and the Mexican Trustee may amend the Indenture or the Notes, and (ii) may waive compliance in a particular instance by the Issuer with any provision of the Indenture or this Note.

6. SUBORDINACIÓN. El pago del importe principal, la prima, si la hubiere, los Intereses y cualesquiera otros pagos exigibles de conformidad con el Acta de Emisión o esta Obligación (incluyendo, de manera enunciativa pero no limitativa, el pago o depósito del Pago por Cambio de Control conforme al Artículo III del Acta de Emisión) o después de su conversión, en caso de ser aplicable, estarán subordinados y sujetos, por lo que se refiere al derecho a su pago, en la medida y forma que se establece a continuación, al pago previo e íntegro de toda la Deuda Preferente, ya sea que la misma se encuentre en circulación a la Fecha de Emisión o se cree, incurra, asuma o garantice posteriormente de conformidad con lo dispuesto en el Artículo XI del Acta de Emisión, y cada Tenedor, por el hecho de aceptar una Obligación, reconoce y conviene en sujetarse a dichas disposiciones. La Emisora, y cada Tenedor, por el hecho de aceptar una Obligación, reconoce y acepta que la Deuda documentada por esta Obligación es igual en cuanto al derecho de pago que cualquier otra Deuda subordinada sin garantía específica existente de la Emisora, incluyendo las Obligaciones Convertibles Subordinadas con Rendimiento de 3.25% con Vencimiento en 2016 y las Obligaciones Convertibles Subordinadas con Rendimiento de 3.75% con Vencimiento en 2018, y cualquier otra Deuda subordinada sin garantía específica futura.

7. DENOMINACIONES, TRANSMISIÓN, CANJE. Las Obligaciones son nominativas, no llevan adheridos cupones y se emiten en denominaciones de EUAS\$100,000 y múltiplos íntegros de EUAS\$1,000 por encima de dicha cantidad. Todo Tenedor podrá solicitar la inscripción de la transmisión o el canje de sus Obligaciones en la oficina del Agente de Registro de acuerdo con lo dispuesto en el Acta de Emisión. El Agente de Registro y el Fiduciario podrán exigir que el Tenedor proporcione, entre otras cosas, los endosos y demás instrumentos de transmisión necesarios. La Emisora, el Fiduciario o el Agente de Registro no impondrán al Tenedor cargo alguno en razón de la inscripción de la transmisión o el canje de Obligaciones, pero el Tenedor será responsable del pago de cualesquiera Impuestos u otros cargos gubernamentales que resulten aplicables en razón de que el Tenedor solicite la emisión de ADSs a nombre de persona distinta de sí mismo. La Emisora no estará obligada a inscribir la transmisión o canje de cualquier Obligación entregado a la misma para su compra o conversión, sino por lo que toca a la porción de dicha Obligación que no vaya a ser objeto de compra o conversión, según el caso.

8. PERSONAS CONSIDERADAS COMO PROPIETARIOS. El Tenedor inscrito de una Obligación será considerado como propietario de la misma para cualesquiera efectos.

9. MODIFICACIONES Y DISPENSAS. Sujeto a ciertas excepciones previstas en el Acta de Emisión, se requiere el consentimiento por escrito de los Tenedores de cuando menos la mayoría del monto principal total de las Obligaciones que se encuentren en circulación en ese momento (incluyendo, de manera enunciativa pero no limitativa, los consentimientos recibidos con motivo de una compra de Obligaciones u oferta de compra o canje relativa a las Obligaciones), para (i) la modificación del Acta de Emisión o las Obligaciones por parte de la Emisora, el Fiduciario y el Representante Común Mexicano y (ii) dispensar el cumplimiento de cualquier disposición contenida en el Acta de Emisión o esta Obligación por parte de la Emisora.

Ninguna modificación o dispensa en términos de lo dispuesto en la Sección 9.02 del Acta de Emisión podrá, salvo con el consentimiento de cada Tenedor de una Obligación en circulación afectado por la misma, con respecto a cualesquiera Obligaciones de un Tenedor que no haya consentido: (a) reducir el monto de las Obligaciones cuyos Tenedores pueden aprobar una modificación u otorgar una dispensa; (b) reducir la tasa de interés sobre cualesquiera Obligaciones, o cambiar o modificar de cualquier forma que tenga los mismos efectos que un cambio de fecha, la fecha de pago de Intereses sobre cualesquiera Obligaciones; (c) reducir el monto principal de cualesquiera Obligaciones, o cambiar o modificar de cualquier forma que tenga los mismos efectos que un cambio de fecha, la fecha fija de vencimiento de cualesquiera Obligaciones, o cambiar la fecha en que cualesquiera Obligaciones puedan ser objeto de amortización, o reducir el precio de amortización de las mismas; (d) disponer que cualesquiera Obligaciones sean pagaderas en alguna moneda distinta a la expresada en las Obligaciones; (e) cambiar las disposiciones del Acta de Emisión en cualquier forma que confiera a cada Tenedor el derecho a recibir el pago del principal de las Obligaciones e Intereses sobre las Obligaciones de dicho Tenedor en la fecha exigible o después de la misma o a entablar juicio para exigir dicho pago, o permitir que los Tenedores de la mayoría del importe principal de las Obligaciones dispensen Incumplimientos o Causas de Incumplimiento; (f) reducir el Pago por Cambio de Control correspondiente a cualquier Obligación, o reformar o modificar en cualquier forma adversa para los Tenedores la obligación de la Emisora de efectuar dicho Pago por Cambio de Control, ya sea a través de modificaciones o renunciaciones de las disposiciones correspondientes a las obligaciones o definiciones o cualquier otra; (g) hacer cualquier cambio en las disposiciones descritas en la Sección 4.12 del Acta de Emisión que afecte en forma adversa los derechos de cualquier Tenedor o modifique los términos de las Obligaciones en forma tal que resulte en la pérdida de una exención de Impuestos; (h) hacer cualquier cambio en las disposiciones del Acta de Emisión o las Obligaciones que afecte en forma adversa el orden de prelación de las Obligaciones; o (i) hacer cualquier cambio que precluya o afecte en forma adversa los derechos de conversión correspondientes a cualesquiera Obligaciones.

The Issuer, the Trustee and the Mexican Trustee may amend the Indenture or this Note without notice to or the consent of any Holder to (a) cure any ambiguity, omission, defect or inconsistency in the Indenture or this Note; (b) provide for the assumption by a surviving or successor corporation of the obligations of the Issuer under the Indenture or evidence and provide for the acceptance of appointment of a successor Trustee pursuant to the Indenture; (c) provide for uncertificated Notes in addition to or in place of certificated Notes (provided that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Internal Revenue Code); (d) add guarantees with respect to this Note; (e) secure this Note; (f) add to the Issuer's covenants for the benefit of the Holders or surrender any right or power conferred upon the Issuer; (g) make any change that does not materially adversely affect the rights of any Holder; (h) comply with the provisions of any clearing agency, clearing corporation or clearing system, including DTC, the Trustee or the Registrar with respect to the provisions of the Indenture or this Note relating to transfers and exchanges of Notes; and (i) conform the terms of the Indenture or this Note to the description thereof in the Preliminary Offering Memorandum as supplemented by the Pricing Term Sheet.

To secure a consent or waiver of the Holders, it shall not be necessary for such Holders to approve the particular form of any proposed amendment or waiver, but it shall be sufficient if such consent approves the substance thereof.

La Emisora, el Fiduciario y el Representante Común Mexicano podrán modificar el Acta de Emisión o las Obligaciones sin necesidad de dar aviso u obtener el consentimiento de Tenedor alguno, para: (a) corregir cualquier ambigüedad, omisión, defecto o inconsistencia en el Acta de Emisión o las Obligaciones; (b) realizar aquellos actos necesarios en relación con la asunción de las obligaciones de la Emisora conforme al Acta de Emisión por alguna sociedad fusionante o sucesora de la Emisora, o hacer constar y reflejar la aceptación del nombramiento de un Fiduciario sucesor de conformidad con el Acta de Emisión; (c) prever la emisión de Obligaciones no amparadas por títulos, además o en lugar de Obligaciones amparadas por títulos (siempre que las Obligaciones no amparadas por títulos sean registradas para efectos de lo dispuesto por la Sección 163(f) del Código Fiscal Interno (*Internal Revenue Code*)); (d) agregar garantías con respecto a las Obligaciones; (e) garantizar las Obligaciones; (f) agregar obligaciones de la Emisora en beneficio de los Tenedores, o renunciar a cualquier derecho o facultad conferida a la Emisora; (g) hacer cualquier arreglo que no afecte en forma adversa y significativa los derechos de cualquier Tenedor; (h) cumplir con lo dispuesto por cualquier cámara, agencia o sistema de compensación, incluyendo DTC, el Fiduciario o el Agente de Registro con respecto a lo dispuesto por el Acta de Emisión o las Obligaciones en relación con la transmisión y el canje de las Obligaciones; e (i) ajustar los términos del Acta de Emisión o las Obligaciones a fin de que se apeguen a lo descrito en el Prospecto de Colocación Preliminar (*Preliminary Offering Memorandum*) según sea suplementado por la Hoja de Precio, Términos y Condiciones (*Pricing Term Sheet*).

Para obtener cualquier consentimiento o dispensa de parte de los Tenedores no será necesario que dichos Tenedores aprueben la forma específica de la modificación o dispensa propuesta, sino que bastará con que dicho consentimiento apruebe las cuestiones de fondo de la misma.

10. DEFAULTS AND REMEDIES. An “Event of Default” with respect to any Notes occurs if: (a) the Issuer defaults in the payment in respect of the principal of any Note when due at maturity, upon redemption or repurchase pursuant to Article III of the Indenture, upon declaration of acceleration or otherwise, whether or not such payment is prohibited by the subordination provisions set forth in Article XI of the Indenture; (b) the Issuer defaults in the payment of any installment of Interest on the Notes when due and payable, whether or not such payment is prohibited by the subordination provisions set forth in Article XI of the Indenture, including any Interest payable in connection with a redemption or repurchase pursuant to Article III of the Indenture, and continuance of such default for a period of 30 days or more; (c) the Issuer defaults in the delivery when due of all ADSs deliverable upon conversion with respect to the Notes in accordance with Article XII of the Indenture, which default continues for a period of five Business Days or more; (d) the Issuer fails to provide a timely Fundamental Change Notice in accordance with Section 12.12 of the Indenture; (e) the Issuer fails to comply with the covenant described in clause (b) of Section 12.08 of the Indenture; (f) failure by the Issuer to comply with the covenant described in clause (a) of Section 12.08 of the Indenture that continues for a period of 30 days after the Issuer receives written notice of such failure from the Trustee or the Holders of at least 25% in principal amount of the Notes then outstanding; (g) the Issuer defaults (other than a default set forth in paragraphs (a) through (f) above) in the performance of, or breaches, any other covenant or agreement of the Issuer set forth in the Indenture or this Note and fails to remedy such default or breach within a period of 45 days after its receipt of written notice thereof from the Trustee or the Holders of at least 25% in aggregate principal amount of the then outstanding Notes; (h) the Issuer or any of the Issuer’s “Significant Subsidiaries” (as defined in Article 1, Rule 1-02 of Regulation S-X) defaults with respect to any mortgage, agreement or other instrument under which there is outstanding, or by which there is secured or evidenced, any Indebtedness for money borrowed having a principal amount in excess of U.S.\$50 million in the aggregate, whether such Indebtedness now exists or shall hereafter be created, (i) resulting in such Indebtedness becoming or being declared due and payable prior to its express maturity date or (ii) constituting a failure to pay at least U.S.\$50 million of such Indebtedness when due and payable (after the expiration of any applicable grace period) at its stated maturity, upon required repurchase, upon declaration or otherwise; provided, that any such Event of Default shall be deemed cured and not continuing upon payment of such Indebtedness or rescission of such declaration; (i) a final judgment for the payment of U.S.\$100 million or more (excluding any amounts covered by insurance or bond) is rendered against the Issuer or any Significant Subsidiary by a court of competent jurisdiction, which judgment is not discharged, stayed, vacated, paid or otherwise satisfied within 60 days after (i) the date on which the right to appeal thereof has expired if no such appeal has commenced, or (ii) the date on which all rights to appeal have been extinguished; or (j) a Bankruptcy Event of Default occurs.

10. INCUMPLIMIENTOS Y RECURSOS. Ocurrirá una “Causa de Incumplimiento” respecto a cualquier Obligación si: (a) la Emisora incumple con el pago del importe principal de cualquier Obligación en la fecha en que dicho pago sea exigible, ya sea a su vencimiento, contra su amortización o recompra conforme al Artículo III del Acta de Emisión, en razón de una declaración de vencimiento anticipado o por cualquier otro motivo, independientemente de que dicho pago esté o no prohibido de conformidad con lo dispuesto respecto de la subordinación en el Artículo XI del Acta de Emisión; (b) la Emisora incumple con el pago de cualesquiera Intereses sobre cualquier Obligación en la fecha en que los mismos sean exigibles y pagaderos, independientemente de que dicho pago esté o no prohibido de conformidad con lo dispuesto respecto de la subordinación en el Artículo XI del Acta de Emisión, incluyendo cualesquiera Intereses pagaderos con motivo de una amortización o recompra en términos del Artículo III del Acta de Emisión, si dicho incumplimiento subsiste durante un período de 30 días o más; (c) la Emisora incumple con la entrega, en la fecha debida, de las ADSs que deban entregarse con motivo de la conversión de Obligaciones en términos del Artículo XII del Acta de Emisión, y dicho incumplimiento subsiste durante un período de cinco Días Hábiles o más; (d) la Emisora incumple con la entrega oportuna de un Aviso de Cambio Fundamental de conformidad con lo dispuesto en la Sección 12.12 del Acta de Emisión; (e) la Emisora incumple el compromiso descrito en el inciso (b) de la Sección 12.08 del Acta de Emisión; (f) la Emisora incumple el compromiso descrito en el inciso (a) de la Sección 12.08 del Acta de Emisión y dicho incumplimiento continúa durante un período de 30 días posteriores a la recepción por la Emisora de un aviso por escrito de dicho incumplimiento de parte del Fiduciario o los Tenedores de cuando menos el 25% del monto principal de las Obligaciones que en ese momento se encuentren en circulación; (g) la Emisora incumple (en forma distinta a lo previsto a los incisos (a) a (f) anteriores) o viola cualquier otro contrato o convenio de la misma de conformidad con el Acta de Emisión o las Obligaciones y no subsana dicho incumplimiento o violación dentro del plazo de 45 días contados a partir de la recepción de un aviso por escrito al respecto de parte del Fiduciario o los Tenedores de cuando menos el 25% del monto principal de las Obligaciones que en ese momento se encuentren en circulación; (h) la Emisora o cualquiera de sus “Subsidiarias Significativas” (según dicho término se define en el Artículo 1, Regla 1-02 del Reglamento S-X) incurre en algún incumplimiento con cualquier hipoteca, contrato o instrumento en virtud del cual se encuentre insoluta o se garantice o haga constar cualquier Deuda por concepto de dinero obtenido en préstamo cuyo monto principal total ascienda a más de EUA\$50 millones, independientemente de que dicha Deuda exista actualmente o se contrate en el futuro, (i) que dé como resultado que dicha Deuda se vuelva o se declare exigible y pagadera antes de su fecha programada de vencimiento, y (ii) que represente un incumplimiento de pago de cuando menos EUA\$50 millones de dicha Deuda en la fecha en que dicha cantidad sea exigible y pagadera (después de haber vencido cualquier período de gracia aplicable), ya sea que dicha fecha sea su fecha programada de vencimiento, recompra obligatoria, declaración de vencimiento u otra fecha; en el entendido de que dicha Causa de Incumplimiento se tendrá por subsanada y no subsistente tras el pago de dicha Deuda o la rescisión de dicha declaración; (i) algún tribunal competente dicta sentencia definitiva en contra de la Emisora o cualquier Subsidiaria Significativa, condenándola al pago de EUA\$50 millones o más (excluyendo cualesquiera cantidades amparadas por seguros o fianzas), y dicha sentencia no se deshecha, suspende, desestima, paga o en cualquier otra forma libera dentro de los 60 días siguientes a (i) la fecha de prescripción del derecho a interponer un recurso en contra de la misma sin que se haya interpuesto recurso alguno, o (ii) la fecha en que se hayan agotado todos los derechos de interposición de recursos; o (j) alguna Causa de Incumplimiento por Quiebra.

If an Event of Default (other than an Event of Default with respect to the Issuer specified in paragraph (j) above) occurs and is continuing, then and in every such case (i) the Trustee, by written notice to the Issuer, or (ii) the Holders of at least 25% in aggregate principal amount of the then outstanding Notes, by written notice to the Issuer and the Trustee, may, and the Trustee at the request of such Holders shall, declare all of the unpaid principal of, and Interest, on all the Notes to be due and payable. Upon such declaration such principal amount, and Interest, shall become immediately due and payable, notwithstanding anything contained in the Indenture or this Note to the contrary, but subject to the provisions of Article XI of the Indenture. If the Event of Default with respect to the Issuer specified in paragraph (j) above occurs, all unpaid principal of, and Interest on, the Notes then outstanding shall become automatically due and payable, subject to the provisions of Article XI of the Indenture, without any declaration or other act on the part of the Trustee or any Holder.

Notwithstanding any other provision in Article VI of the Indenture, if an Event of Default occurs arising out of the Issuer's breach of its obligation to file or furnish reports or other financial information as required under the Indenture, the Issuer may elect to pay Additional Interest on the Notes as the sole remedy for such Event of Default, and the Trustee and the Holders will not have any right under the Indenture to accelerate the maturity of the Notes as a result of any such Event of Default, except as provided below. If elected, the Issuer shall pay Additional Interest to all Holders at a rate equal to 0.50% per annum through the 180th day after the occurrence of such Event of Default (which shall be the 135th day after the end of the 45-day grace period set forth in Section 6.01(g) of the Indenture), or such earlier date on which the Event of Default relating to the reporting obligations referred to in this paragraph shall have been cured or waived. On the 181st day, such Additional Interest will cease to accrue (or earlier, if the Event of Default relating to the reporting obligations referred to in this paragraph shall have been cured or waived prior to such 181st day) and, if the Event of Default is continuing on such 181st day, the Notes will be subject to acceleration as provided in the above paragraph. The provisions hereof will not affect the rights of the Holders in the event of the occurrence of any other Event of Default, and are separate and distinct from, and in addition to, the obligation of the Issuer to increase the interest rate of, and the amount of Interest payable on, the Notes pursuant to Section 4.09 of the Indenture, except as otherwise provided therein. Any Additional Interest paid pursuant to this paragraph will be payable at the times and in the manner provided for the payment of regular Interest on the Notes. In order to elect to pay Additional Interest on the Notes as the sole remedy during the first 180 days after the occurrence of an Event of Default relating to the failure to comply with reporting obligations in accordance with this paragraph, the Issuer must notify all Holders and the Trustee and Paying Agent of such election on or before the close of business on the fifth Business Day after the date on which such Event of Default first occurs. If the Issuer fails to timely give such notice, does not pay such Additional Interest or elects not to pay such Additional Interest, the Notes will be immediately subject to acceleration as provided in the above paragraph.

En caso de que haya ocurrido y subsista alguna Causa de Incumplimiento (distinta de una Causa de Incumplimiento respecto a la Emisora conforme a lo previsto en el inciso (i) anterior, entonces y en cada uno de dichos casos (i) el Fiduciario, mediante aviso por escrito a la Emisora, o (ii) los Tenedores de cuando menos el 25% del monto principal insoluto de las Obligaciones que en ese momento se encuentren en circulación, mediante aviso por escrito a la Emisora y al Fiduciario, podrán declarar y a solicitud de dichos Tenedores el Fiduciario declarará exigible y pagadero el importe total del monto principal insoluto de las Obligaciones y los Intereses sobre las mismas. Tras dicha declaración, dicho monto principal e Intereses se volverán inmediatamente exigibles y pagaderos no obstante cualquier disposición en contrario contenida en el Acta de Emisión o las Obligaciones pero sujeto a lo dispuesto en el Artículo XI del Acta de Emisión. En caso de que se actualice la Causa de Incumplimiento prevista en el inciso (j) anterior con respecto a la Emisora, la totalidad del importe principal de las Obligaciones y los Intereses sobre las Obligaciones que se encuentren en circulación en ese momento se volverán inmediatamente exigibles y pagaderos sujeto a lo dispuesto en el Artículo XI del Acta de Emisión, sin necesidad de declaración o acto ulterior alguno por parte del Fiduciario o cualquier Tenedor.

No obstante cualquier otra disposición contenida en el Artículo VI del Acta de Emisión, si ocurre alguna Causa de Incumplimiento como resultado del incumplimiento de las obligaciones de presentación o entrega de información financiera de la Emisora en términos del Acta de Emisión, la Emisora tendrá la opción de pagar Intereses Adicionales sobre las Obligaciones a manera de medio exclusivo de subsanar dicha Causa de Incumplimiento, en cuyo caso el Fiduciario y los Tenedores no tendrán derecho alguno al amparo del Acta de Emisión para declarar vencidas las Obligaciones en forma anticipada como resultado de dicha Causa de Incumplimiento, excepto por lo previsto más adelante. De elegir dicha opción, la Emisora pagará Intereses Adicionales a todos los Tenedores a una tasa equivalente al 0.50% anual hasta el 180o. día posterior a la actualización de dicha Causa de Incumplimiento (mismo que coincidirá con el 135o. día siguiente al vencimiento del período de gracia de 45 días previsto en la Sección 6.01(g) del Acta de Emisión) o hasta aquella fecha anterior en que se subsane o dispense la Causa de Incumplimiento relativa a las obligaciones de entrega de información citadas en este inciso. Dichos Intereses Adicionales dejarán de devengarse el 181o. día (o antes, en caso de que la Causa de Incumplimiento relativa a las obligaciones de entrega de información citadas en este inciso se subsane o dispense antes de dicho 181o. día) y, si la Causa de Incumplimiento aún subsiste en dicho 181o. día, las Obligaciones estarán sujetas a vencimiento anticipado de conformidad con lo antes dispuesto. Lo antes dispuesto no afectará los derechos de los Tenedores en caso de que ocurra alguna otra Causa de Incumplimiento, y es independiente, distinto y adicional a la obligación de la Emisora de incrementar la tasa de interés y el monto de los Intereses pagaderos sobre las Obligaciones de conformidad con la Sección 4.09 del Acta de Emisión a menos que la presente disponga lo contrario. Cualesquiera Intereses Adicionales pagaderos de conformidad con lo dispuesto en este párrafo se pagarán en las fechas y la forma prescritas para el pago de Intereses ordinarios sobre las Obligaciones. Para elegir la opción de pagar Intereses Adicionales como medio exclusivo para subsanar durante los primeros 180 días siguientes a la actualización de una Causa de Incumplimiento derivada de la falta de cumplimiento de las obligaciones de entrega de información conforme a este párrafo, la Emisora deberá dar aviso de su elección a todos los Tenedores y al Fiduciario y Agente de Pagos a más tardar al cierre de las horas hábiles del quinto Día Hábil posterior a la fecha en que haya ocurrido por vez primera dicha Causa de Incumplimiento. Si la Emisora incumple con el envío oportuno de dicho aviso, no paga dichos Intereses Adicionales u opta por no pagar dichos Intereses Adicionales, las Obligaciones quedarán inmediatamente sujetas a vencimiento anticipado de conformidad con lo antes dispuesto.

Holders may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may require an indemnity satisfactory to it before it enforces the Indenture or the Notes. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. Except in the case of a Default or Event of Default in payment of principal of, or interest on, this Note, the Trustee may withhold from Holders notice of any continuing default (except a default in payment of principal, or Interest, if applicable) if and so long as a committee of the Trustee's Trust Officers in good faith determines that withholding the notice is in the interests of Holders. The Issuer must furnish an annual compliance certificate to the Trustee.

11. TRUSTEE DEALINGS WITH THE ISSUER. The Trustee or any of its Affiliates, in their individual or any other capacities, may make or continue loans to or guaranteed by, accept deposits from and perform services for the Issuer or its Affiliates and may otherwise deal with the Issuer or its Affiliates as if it were not Trustee.

Los Tenedores no podrán hacer valer el Acta de Emisión o las Obligaciones sino en la forma prevista en el Acta de Emisión. El Fiduciario podrá exigir indemnización satisfactoria antes de realizar cualquier acto para exigir el cumplimiento del Acta de Emisión o las Obligaciones. Sujeto a ciertas excepciones, los tenedores de la mayoría del importe principal de las Obligaciones que se encuentren en circulación en un momento dado podrán girar instrucciones al Fiduciario con respecto al ejercicio de los poderes o facultades del mismo. Salvo que se trate de un Incumplimiento o Causa de Incumplimiento con el pago de principal de cualquier Obligación o Intereses sobre la misma, el Fiduciario podrá abstenerse de dar aviso de la subsistencia de cualquier incumplimiento (salvo que se trate de un incumplimiento con el pago del principal o, en su caso, Intereses sobre cualquier Obligación), siempre y cuando un comité formado por sus Delegados Fiduciarios determine de buena fe que el diferimiento de dicho aviso es en interés de los Tenedores. La Emisora deberá proporcionar al Fiduciario un informe anual respecto al cumplimiento de sus obligaciones

11. OPERACIONES ENTRE EL FIDUCIARIO Y LA EMISORA. El Fiduciario o cualquiera de sus Filiales, ya sea en lo individual o con cualquier otro carácter, podrá otorgar o extender créditos a la Emisora o créditos garantizados por la misma, aceptar depósitos de parte de la Emisora y prestar servicios a ésta o a sus Filiales, y podrá por demás celebrar operaciones con la Emisora o sus Filiales como si no ocupase el cargo de Fiduciario.

12. NO RECOURSE AGAINST OTHERS. No director, officer, employee or shareholder, as such, of the Issuer from time to time shall have any liability for any obligations of the Issuer under the Notes or this Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for the Notes.

13. AUTHENTICATION. This Note shall not be valid until authenticated by the manual signature of the Trustee or an authenticating agent.

14. ABBREVIATIONS. Customary abbreviations may be used in the name of a Holder or an assignee, such as: TEN CO = tenants in common, TEN ENT = tenants by the entireties, JT TEN = joint tenants with right of survivorship and not as tenants in common, CUST = Custodian and U/G/M/A = Uniform Gifts to Minors Act.

12. AUSENCIA DE RECURSOS CONTRA TERCEROS. Ninguna Persona que de tiempo en tiempo tenga el carácter de consejero, funcionario, empleado o accionista de la Emisora será en razón de dicha circunstancia y en momento alguno responsable de las obligaciones de la Emisora bajo las Obligaciones o el Acta de Emisión, o respecto de cualquier demanda en razón o que esté basada o relacionada con dichas obligaciones o su creación. Por el hecho de aceptar una Obligación, su Tenedor dispensa dicha responsabilidad y los libera de la misma. Esta liberación y dispensa forman parte de la contraprestación por las Obligaciones.

13. VALIDACIÓN. Esta Obligación no será válida a menos que contenga la firma autógrafa del Fiduciario o un agente de validación.

14. ABREVIATURAS. Podrán utilizarse abreviaturas de uso común a nombre de cualquier Tenedor o su cesionario, incluyendo: TEN CO = tenedores en común, TEN INT = tenedores indivisibles, TEN MA = tenedores mancomunados con derechos transferibles por sucesión y no como tenedores en común, CUST = Custodio, y L/U/D/M = Ley Uniforme Sobre las Donaciones a Menores (*Uniform Gifts to Minors Act*).

15. CONVERSION. Subject to and upon compliance with the provisions of the Indenture, the registered Holder of this Note has the right, at such Holder's option, to convert at any time after the last trading day in the Averaging Period used in the calculation of the initial conversion price of the notes and prior to the close of business on the fourth Business Day immediately preceding the Maturity Date (or in case this Note or any portion hereof is subject to a Tax Redemption Notice or a duly completed election for repurchase, before the close of business on the Business Day prior to the Tax Redemption Date or the Change of Control Purchase Date, as the case may be (unless the Issuer defaults in payment due upon redemption or repurchase)) at a conversion rate equal to (i) 1,000 divided by (ii) the initial conversion price (which will be equal to the greater of (a) U.S. \$11.20, (b) 130% of the 5 Day Average VWAP (as defined in the Indenture) of the Issuer's ADSs, and (c) 110% of the closing price of the Issuer's ADSs on the New York Stock Exchange on the Issue Date), as adjusted from time to time as provided in the Indenture, including with respect to the Make Whole Fundamental Change Premium, upon surrender of this Note to the Issuer at the office or agency maintained for such purpose (and at such other offices or agencies designated for such purpose by the Issuer), accompanied by written notice of conversion duly executed (and if the ADSs to be issued on conversion are to be issued in any name other than that of the registered Holder of this Note by instruments of transfer, in form satisfactory to the Issuer, duly executed by the registered Holder or its duly authorized attorney) and, in case such surrender shall be made during the period after 5 p.m., New York City time on the Record Date immediately preceding any Interest Payment Date through 9:00 a.m. New York City time on such Interest Payment Date, also accompanied by payment, in funds acceptable to the Issuer, of an amount equal to the Interest, otherwise payable on such Interest Payment Date on the principal amount of this Note then being converted; *provided, however*, that no such payment need be made if the Notes are surrendered for conversion after the final Record Date. Subject to the aforesaid requirement for a payment in the event of conversion after the close of business on a Record Date immediately preceding an Interest Payment Date, no adjustment shall be made on conversion for Interest accrued hereon or for dividends on ADSs delivered on conversion. The right to convert this Note is subject to the provisions of the Indenture relating to conversion rights in the case of certain consolidations, mergers, or sales or transfers of substantially all the Issuer's assets. Notwithstanding the first paragraph under this Section 15, if a Fundamental Change occurs after Notes have been issued but prior to completion of the 5 trading-day period in respect of which the Issuer would otherwise calculate the 5 Day Average VWAP, the initial Conversion Rate will be 130% of the closing sale price of the Issuer's ADSs on the New York Stock Exchange on the Issue Date.

No fractional portions of ADSs shall be issued upon conversion of Notes. If more than one Note shall be surrendered for conversion at one time by the same Holder, the number of full ADSs which shall be issuable upon conversion shall be computed on the basis of the aggregate principal amount of the Notes (or specified portions thereof to the extent permitted hereby) so surrendered for conversion. If any fractional portions of ADSs otherwise would be issuable upon the conversion of any Note or Notes, the Issuer will deliver a number of ADSs rounded up to the nearest whole number of ADSs.

15. CONVERSIÓN. Sujeto a lo dispuesto en esta Acta de Emisión y una vez que se haya cumplido con lo previsto en la misma, el Tenedor inscrito de esta Obligación tendrá el derecho, a elección de dicho Tenedor, de convertir, en cualquier momento después del último día de intermediación en el Período de Promedio utilizado para el cálculo del precio de conversión inicial de las obligaciones y antes del cierre de las horas hábiles del cuarto Día Hábil inmediatamente anterior a la Fecha de Vencimiento (o si esta Obligación o parte de la misma está sujeta a un Aviso de Amortización por Motivos Fiscales o a una solicitud de recompra debidamente requisitada, con anterioridad al cierre de las horas hábiles del Día Hábil anterior a la Fecha de Amortización por Motivos Fiscales o la Fecha de Compra por Cambio de Control, según sea el caso (a menos que la Emisora incumpla con el pago correspondiente a dicha amortización o recompra)), a una razón de conversión igual a (i) 1,000 dividido por (ii) el precio de conversión inicial (el cual será equivalente a lo que resulte mayor entre (a) EUAS\$11.20, (b) 130% del VWAP Promedio a 5 Días (según se define en el Acta de Emisión) de las ADSs de la Emisora, y (c) 110% del precio de cierre de la ADSs de la Emisora en la Bolsa de Valores de Nueva York (*New York Stock Exchange*) en la Fecha de Emisión), razón que estará sujeta a ajuste de tiempo en tiempo conforme a lo previsto en el Acta de Emisión, incluyendo por lo que se refiere a la Prima por Prepago Debido a un Cambio Fundamental, mediante la entrega de esta Obligación a la Emisora en la oficina o agencia mantenida por la misma para dicho efecto (y en cualesquiera otras oficinas o agencias que la Emisora designe para dicho efecto), acompañada de un aviso de conversión debidamente requisitado (y si las ADSs que dicho Tenedor recibirá con motivo de la conversión van a emitirse a nombre de Persona distinta al Tenedor inscrito de esta Obligación, por instrumentos de transmisión en forma satisfactoria para la Emisora, debidamente firmados por el Tenedor o su representante autorizado), y en caso de que la entrega se efectúe durante el período comprendido de las 5:00 p.m., hora de la ciudad de Nueva York, de la Fecha de Registro inmediatamente anterior a cualquier Fecha de Pago de Intereses, a las 9:00 a.m., hora de la ciudad de Nueva York, de dicha Fecha de Pago de Intereses, deberá ir acompañada del pago, en fondos aceptables para la Emisora, de una cantidad igual a los Intereses que de otra forma serían pagaderos en dicha Fecha de Pago de Intereses sobre el monto principal que se está convirtiendo; *en el entendido, sin embargo*, de que no será necesario pago alguno si las Obligaciones se entregan para su conversión después de la Fecha de Registro final. Sujeto al requisito de pago en caso de conversión posterior al cierre de las horas hábiles de la Fecha de Registro inmediatamente anterior a cualquier Fecha de Pago de Intereses, al momento de conversión no se efectuará ajuste alguno por concepto de los dividendos pagados sobre las ADSs que se entreguen como resultado de la conversión. El derecho a convertir esta Obligación está sujeto a las disposiciones en materia de conversión previstas en el Acta de Emisión en caso de ciertas fusiones o consolidaciones, o de la venta o transmisión de sustancialmente todos los activos de la Emisora. No obstante lo dispuesto en el primer párrafo de esta Sección 15, si un Cambio Sustancial ocurre con posterioridad a que las Obligaciones hayan sido emitidos pero con anterioridad al período de 5 días de intermediación respecto al cual la Emisora de otro modo hubiese calculado el VWAP Promedio a 5 Días, la Tasa de Conversión inicial será equivalente al 130% del precio de venta al cierre de la ADSs de la Emisora en la Bolsa de Valores de Nueva York (*New York Stock Exchange*) en la Fecha de Emisión.

No se emitirán fracciones de ADSs con motivo de la conversión de Obligaciones. Si un mismo Tenedor entrega al mismo tiempo más de una Obligación para su conversión, el número de ADSs íntegras a emitirse con motivo de dicha conversión se calculará con base en el monto principal total de las Obligaciones (o las porciones designadas de las mismos, en la medida permitida por la presente) entregadas para su conversión. En caso de que salvo por lo antes dispuesto debieran emitirse fracciones de ADSs con motivo de la conversión de cualquier Obligación o cualesquiera Obligaciones, la Emisora entregará un número de ADSs redondeado al alza para reflejar el número de ADSs completas más próximo.

If a Fundamental Change occurs and a Holder elects to convert its Notes, the Issuer will, under certain circumstances, increase the Conversion Rate for the Notes so surrendered for conversion by a number of additional ADSs. A conversion of Notes will be deemed for these purposes to be “in connection with” such Fundamental Change if the notice of conversion of the Notes is received by the Conversion Agent from, and including, the later of (i) 30 scheduled Trading Days before the anticipated effective date of such Fundamental Change and (ii) the date on which the Issuer notifies the Holders of the anticipated effective date of a Fundamental Change (in accordance with the next sentence and the next succeeding sentence) and ending 30 Business Days following the actual effective date of such Fundamental Change (but, in the case of a Change of Control, ending prior to the close of business on the Business Day immediately preceding the Change of Control Purchase Date). The Issuer will notify Holders and the Trustee of the anticipated effective date of such Fundamental Change and issue a press release as soon as practicable after the Issuer first determines the anticipated effective date of such Fundamental Change *provided* that in no event will the Issuer be required to provide such notice to the Holders and the Trustee before the earlier of such time as the Issuer or its Affiliates (a) has publicly disclosed or acknowledged the circumstances giving rise to such anticipated Fundamental Change or (b) is required to publicly disclose under applicable law or the rules of any stock exchange on which the Issuer’s equity is then listed the circumstances giving rise to such anticipated Fundamental Change. The Issuer will use its commercially reasonable efforts to make such determination in time to deliver such notice no later than 30 days prior to such anticipated effective date of such Fundamental Change. The number of additional ADSs by which the Conversion Rate will be increased will be determined by reference to Section 12.12 of the Indenture, based on the date on which the Fundamental Change occurs or becomes effective and the ADS price paid (or deemed paid) per ADS (or, if applicable, the price per Ordinary Share or per CPO, transposed into a price per ADS) in the Fundamental Change. In no event will the total number of ADSs issuable upon conversion exceed 116.0714 ADSs, subject to adjustment for events from and after September 26, 2014 in the same manner as the Conversion Rate as set forth in Section 12.05(a) of the Indenture.

16. GOVERNING LAW. THIS NOTE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK. HOLDERS OF NOTES BY ACCEPTING A BENEFICIAL INTEREST IN THE NOTES AGREE TO WAIVE ANY RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS NOTE OR ANY TRANSACTION RELATED HERETO TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

En caso de que haya ocurrido un Cambio Fundamental y un Tenedor opte por la conversión de sus Obligaciones, la Emisora ajustará la Tasa de Conversión aplicable a las Obligaciones entregadas para su conversión, agregando ADSs adicionales. Para estos efectos, toda conversión de Obligaciones se considerará hecha “en relación con” dicho Cambio Fundamental si el Agente de Conversión recibe el aviso de conversión respectivo dentro del periodo comprendido desde e incluyendo B- la fecha que coincida con el 30o. Día de Operaciones anterior a la fecha efectiva prevista de dicho Cambio Fundamental y C- la fecha en que la Emisora notifique a los Tenedores la “Fecha Efectiva” prevista de un Cambio Fundamental (de acuerdo con la siguiente oración y la oración que le sigue), la que ocurra más tarde de entre ambas fechas, hasta y que concluya el 30o. Día Hábil posterior a la verdadera Fecha Efectiva (pero, tratándose de un Cambio de Control, que concluya con anterioridad al cierre de las horas hábiles del Día Hábil inmediatamente anterior a la Fecha de Compra por Cambio de Control). La Emisora notificará a los Tenedores y al Fiduciario la Fecha Efectiva prevista de dicho Cambio Fundamental y emitirá un comunicado de prensa tan pronto como ello sea posible después de determinar por vez primera dicha Fecha Efectiva prevista; *en el entendido*, de que la Emisora no estará obligada en ningún caso a dar dicho aviso a los Tenedores y al Fiduciario antes de que la Emisora o sus Filiales (a) hayan aceptado y revelado al público las circunstancias que hayan dado lugar a dicho Cambio Fundamental previsto, o estén obligadas, de conformidad con la legislación aplicable o las reglas establecidas por cualquier bolsa de valores en la que se encuentren listadas para su cotización las acciones de la Emisora, a revelar al público las circunstancias que dieron lugar a dicho Cambio Fundamental previsto. La Emisora hará esfuerzos comercialmente razonables para realizar dicha determinación a tiempo de poder enviar dicho aviso con cuando menos 30 días de anticipación a dicha Fecha Efectiva prevista. El número de ADSs en que se incrementará la Tasa de Conversión se determinará conforme a lo dispuesto en la Sección 12.12 del Acta de Emisión, con base en la fecha en que ocurra el Cambio Fundamental o el mismo surta efectos, y el precio por ADS pagado (o que se presume pagado) (o, en su caso, el precio por Acción Ordinaria o por CPO, transpolado a un precio por ADS) en relación con el Cambio Fundamental. En ningún caso el número total de ADSs a ser emitidas al momento de la conversión excederá de 116.0714 ADSs, sujeto a ajuste a eventos antes y después del 26 de septiembre 2014 en los mismos términos que la Tasa de Conversión conforme a lo previsto en la Sección 12.05(a) del Acta de Emisión.

16. LEGISLACIÓN APLICABLE. ESTA OBLIGACIÓN SE REGISTRARÁ POR LA LEY DEL ESTADO DE NUEVA YORK Y SE INTERPRETARÁ DE CONFORMIDAD CON LA MISMA. EN LA MEDIDA MÁS AMPLIA PERMITIDA POR LA LEGISLACIÓN APLICABLE, LOS TENEDORES DE OBLIGACIONES, POR EL SIMPLE HECHO DE ACEPTAR LOS DERECHOS DE BENEFICIARIO CORRESPONDIENTES A LAS MISMAS, RENUNCIAN A CUALQUIER DERECHO QUE PUEDAN TENER CON RESPECTO A LA CELEBRACIÓN DE JUICIOS ANTE JURADO EN RELACIÓN CON CUALQUIER ACCIÓN, PROCEDIMIENTO O CONTRADEMANDA DERIVADA DE ESTA OBLIGACIÓN O RELACIONADA CON LA MISMA.

17. AGENT FOR SERVICE; SUBMISSION TO JURISDICTION; WAIVER OF IMMUNITIES. The Issuer has appointed CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, New York 10022, Attention: Legal Counsel, as its authorized agent (the "Authorized Agent") upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon the Indenture or this Note which may be instituted in any U.S. Federal or State court located in the State of New York, County of New York. As a result, we will notify holders and the Trustee of the interest rate without taking the Marginal Spread into account promptly following its determination on March 11, 2015 and will separately notify holders and the Trustee of the interest rate taking the Marginal Spread into account promptly following determination of the Marginal Spread (at the time that the 5 Day Average VWAP is determined). In each case we will also make the relevant information available on our website.

If, between the date of this pricing term sheet and the final day of the Averaging Period, any event occurs that would cause an adjustment to the conversion rate for the Notes, we will adjust the 5 Day Average VWAP as applied to the table above using an adjustment factor inverse to the factor that would have been applicable to the adjustment to the conversion rate that would have been required (as described under

“—Conversion Rights—Conversion Rate Adjustments” in the Preliminary Offering Memorandum) had the relevant event occurred after the conversion rate had been established, applied by us in a good faith manner to the applicable values.

Holders may convert their Notes into the Issuer’s ADSs (which represent CPOs, which in turn have ordinary shares as underlying securities) at any time after the last trading day of the Averaging Period used in the calculation of the initial conversion price for the Notes and prior to the close of business on the fourth business day immediately preceding the maturity date of the Notes.

Make Whole Conversion upon Fundamental Change

If a holder elects to convert its Notes in connection with a fundamental change (as defined under “Description of the Notes—Conversion Rights—Make Whole Amount Upon the Occurrence of a Fundamental Change” in the Preliminary Offering Memorandum), then the Issuer will, under certain circumstances, increase the conversion rate for the Notes so surrendered for conversion.

The following table sets forth the U.S. Dollar value of the additional ADSs to be added to the conversion rate for conversions in connection with a fundamental change, based on hypothetical ADS prices and effective dates. This table (a) expresses hypothetical ADS Prices in terms of percentages of the 5 Day Average VWAP (as defined above under “—General”) and (b) expresses amounts by which the conversion rate would be increased by the value, in U.S. Dollars, of the relevant increase. Promptly after establishment of the initial conversion rate, we will generate a final version of the table (including the related paragraph that immediately follows it) including ADS Prices measured in U.S. Dollars (rather than as percentages of the 5 Day Average VWAP) and amounts of additional ADSs expressed in numbers of ADSs (rather than as U.S. Dollar amounts).

The exact ADS prices and effective dates may not be set forth in the table above, in which case if the ADS price is:

- between two adjacent ADS price amounts in the table or the effective date is between two adjacent effective dates in the table, the number of additional ADSs will be determined by a straight-line interpolation between the number of additional ADSs set forth for the higher and lower ADS price amounts and the two dates based on a 365-day year, as applicable.
- greater than 300% of the 5 Day Average VWAP per ADS subject to adjustment in the same manner as the ADS prices set forth in the column headings of the table above), no additional ADSs will be issued upon conversion.
- less than 100% per ADS (subject to adjustment in the same manner as the ADS prices set forth in the column headings of the table above), no additional ADSs will be issued upon conversion.

Notwithstanding the foregoing, in no event will the total number of ADSs issuable upon conversion exceed a number equal to 116.0714 ADSs, although that maximum is subject to adjustment for events from and after September 26, 2014 in the same manner as the conversion rate as set forth above under “—Conversion Rights—Conversion Rate Adjustments” in the Preliminary Offering Memorandum.

Repurchase at Option of Holder	<p>Other than in the event of a change of control, holders may not require the Issuer to repurchase any Notes prior to their stated maturity date.</p> <p>If a change of control (as defined in clause (1) of the definition of “fundamental change” under “Description of the Notes—Conversion Rights—Make Whole Amount Upon the Occurrence of a Fundamental Change” in the Preliminary Offering Memorandum) occurs at any time, each holder will have the right, at that holder’s option, to require the Issuer to purchase all or part of that holder’s Notes for cash at a repurchase price equal to 100% of their principal amount, plus accrued and unpaid interest (including additional interest, if any) and additional amounts, if any, up to, but excluding, the repurchase date.</p>
Redemptions	<p>Other than in the event of a tax redemption, the Issuer may not redeem any Notes prior to their stated maturity date.</p> <p>If as a result of changes in tax laws imposing withholding or deductions on payments under the Notes, the Issuer is required to pay additional amounts in excess of those attributable to withholding taxes imposed at a rate of 10% with respect to the Notes, the Issuer will have the option to redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the outstanding principal amount of the Notes, plus any accrued and unpaid interest up to but not including the date fixed for redemption and any additional amounts that may be payable, so long as the Issuer is not prohibited from having such an option under the Facilities Agreement.</p>
Transactions by the Initial Purchaser	<p>The initial purchaser and/or its affiliates expect to enter into derivative and/or structured transactions with customers, at their request, in connection with a material portion or possibly all of the Contingent Convertible Units and the initial purchaser and/or its affiliates may also purchase Contingent Convertible Units to hedge its risk exposure in connection with such transactions, which purchases would likely reduce the amount of Contingent Convertible Units available for trading (the “float”) and may reduce the market prices at which you can resell your Contingent Convertible Units. Also, the initial purchaser and/or its affiliates may acquire Contingent Convertible Units for their own proprietary accounts. Such acquisitions may have an effect on demand for and the price of the Contingent Convertible Units.</p>

Disclosure of Mine Safety and Health Administration (“MSHA”) Safety Data

Section 1503(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Act”) requires certain disclosures by companies required to file periodic reports under the Securities Exchange Act of 1934 that operate mines regulated under the Mine Act. CEMEX’s U.S. quarry and mining operations are subject to MSHA regulation under the U.S. Federal Mine Safety and Health Act of 1977 (the “Mine Act”). MSHA inspects the Company’s quarries and mines on a regular basis and issues various citations and orders when it believes a violation has occurred under the Mine Act. Whenever MSHA issues a citation or order, it also generally proposes a civil penalty, or fine, related to the alleged violation. Citations or orders can be contested and appealed, and as part of that process, are often reduced in severity and amount, and are sometimes dismissed or vacated.

In January 2012, the SEC issued final rules and regulations implementing the mine safety disclosure requirements of Section 1503(a) of the Dodd-Frank Act. Pursuant to those rules and regulations, we have provided the information below for mining operations in the United States only. The Dodd-Frank Act and the implementing rules and regulations thereunder do not apply to mining and quarry operations outside the U.S.

The information in the table below reflects citations and orders MSHA issued to the Company during the year ended December 31, 2014. The data was compiled primarily from the data maintained on MSHA’s public website, the Mine Data Retrieval System (“MDRS”), as of March 15, 2015. In evaluating this information, consideration should also be given to factors such as: (i) the number of citations and orders may vary depending on the size and operation of the mine, (ii) the number of citations issued may vary from inspector to inspector and mine to mine, and (iii) citations and orders may be contested and appealed, and in that process, may be reduced in severity and amount, and may be dismissed or vacated.

- (1) MSHA assigns an identification number to each mine or operation and may or may not assign a separate identification number to related facilities. The information provided in this table is presented by mine identification number.
- (2) Represents the total number of citations issued by MSHA for violation of health or safety standards that could significantly and substantially contribute to a serious injury if left unabated.
- (3) Represents the total number of orders issued, which represents a failure to abate a citation under section 104(a) within the period prescribed by MSHA. This results in an order of immediate withdrawal from the area of the mine affected by the condition until MSHA determines that the violation has been abated.
- (4) Represents the total number of citation and orders issued by MSHA for unwarrantable failure to comply with mandatory health or safety standards.
- (5) Represents the total number of flagrant violations identified.
- (6) Represents the total number of imminent danger orders issued under section 107(a) of the Mine Act.
- (7) Amounts represent the total dollar value of proposed assessments received from MSHA and do not necessarily relate to the citations or orders issued by MSHA during the period or to the pending legal actions reported below.

The table below sets forth the total number of reportable legal actions for the twelve months ended December 31, 2014.

- (8) Pending legal actions before the Federal Mine Safety and Health Review Commission (the “Commission”) as required to be reported by Section 1503(a)(3) of the Act.

The following provides additional information regarding the types or categories of proceedings that may be brought before the Commission.

- A Contest Proceedings - a contest proceeding may be filed with the Commission by an operator to challenge the issuance of a citation or order issued by MSHA;
 - B Civil Penalty Proceedings - a civil penalty proceeding may be filed with the Commission by an operator to challenge a civil penalty MSHA has proposed for a violation contained in a citation or order;
 - C Compensation Proceedings - a compensation proceeding may be filed with the Commission by miners entitled to compensation when a mine is closed by certain closure orders issued by MSHA. The purpose of the proceeding is to determine the amount of compensation if any, due to miners idled by the orders;
 - D
 - (i) Discrimination Proceedings – a discrimination proceeding involves a miner’s allegation that he or she has suffered adverse employment action because he or she engaged in activity protected under the Mine Act, such as making a safety complaint;
 - (ii) Temporary Reinstatement Proceedings – a temporary reinstatement proceeding involves a case in which a miner has filed a complaint with MSHA stating that he or she has suffered discrimination and the miner has lost his or her position;
 - E Applications for Temporary Relief-applications for temporary relief of any order issued under Section 104; and
 - F Appeals of judges’ decisions or orders to the FMSHRC.
- (9) Contests pending as of year-end on the MDRS, but which are subsequently vacated, are not included in any reports on the MDRS. As a result, discrepancies may appear between the prior reporting year’s “Legal Actions Pending as of Last Day of Period (December 31, 2014)” and “Legal Actions Resolved During Year” for current reporting period.
