**SCHEDULE 5**
**MANDATORY COST FORMULA**

1. The Mandatory Cost is an addition to the interest rate to compensate Lenders for the cost of compliance with (a) the requirements of the Bank of England and/or the Financial Services Authority (or, in either case, any other authority which replaces all or any of its functions) or (b) the requirements of the European Central Bank.

2. On the first day of each Interest Period (or as soon as possible thereafter) the Agent shall calculate, as a percentage rate, a rate (the " **Additional Cost Rate**") for each Lender, in accordance with the paragraphs set out below. The Mandatory Cost will be calculated by the Agent as a weighted average of the Lenders' Additional Cost Rates (weighted in proportion to the percentage participation of each Lender in the relevant Loan) and will be expressed as a percentage rate per annum.

3. The Additional Cost Rate for any Lender lending from a Facility Office in a Participating Member State will be the percentage notified by that Lender to the Agent. This percentage will be certified by that Lender in its notice to the Agent to be its reasonable determination of the cost (expressed as a percentage of that Lender's participation in all Loans made from that Facility Office) of complying with the minimum reserve requirements of the European Central Bank in respect of loans made from that Facility Office.

4. The Additional Cost Rate for any Lender lending from a Facility Office in the United Kingdom will be calculated by the Agent as follows:

$$\frac{E \times 0.01}{300} \text{ per cent. per annum}$$

Where:

E is designed to compensate Lenders for amounts payable under the Fees Rules and is calculated by the Agent as being the average of the most recent rates of charge supplied by the Reference Banks to the Agent pursuant to paragraph 6 below and expressed in pounds per £1,000,000.

5. For the purposes of this Schedule:

(a) "**Eligible Liabilities**" and "**Special Deposits**" have the meanings given to them from time to time under or pursuant to the Bank of England Act 1998 or (as may be appropriate) by the Bank of England;

(b) "**Fees Rules**" means the rules on periodic fees contained in the FSA Fees Manual or such other law or regulation as may be in force from time to time in respect of the payment of fees for the acceptance of deposits;

(c) "**Fee Tariffs**" means the fee tariffs specified in the Fees Rules under the activity group A.1 Deposit acceptors (ignoring any minimum fee or zero rated fee required pursuant to the Fees Rules but taking into account any applicable discount rate); and

(d) "**Tariff Base**" has the meaning given to it in, and will be calculated in accordance with, the Fees Rules.

6. If requested by the Agent, each Reference Bank shall, as soon as practicable after publication by the Financial Services Authority, supply to the Agent, the rate of charge payable by that Reference Bank to the Financial Services Authority pursuant to the Fees Rules in respect of the relevant financial year of the Financial Services Authority (calculated for this purpose by that Reference Bank as being the average of the Fee Tariffs applicable to that Reference Bank for that financial year) and expressed in pounds per £1,000,000 of the Tariff Base of that Reference Bank.

7. Each Lender shall supply any information required by the Agent for the purpose of calculating its Additional Cost Rate. In particular, but without limitation, each Lender shall supply the following information on or prior to the date on which it becomes a Lender:

   (a) the jurisdiction of its Facility Office; and

   (b) any other information that the Agent may reasonably require for such purpose.

   Each Lender shall promptly notify the Agent of any change to the information provided by it pursuant to this paragraph.

8. The rates of charge of each Reference Bank for the purpose of E above shall be determined by the Agent based upon the information supplied to it pursuant to paragraphs 6 and 7 above and on the assumption that, unless a Lender notifies the Agent to the contrary, each Lender's obligations in relation to cash ratio deposits and Special Deposits are the same as those of a typical bank from its jurisdiction of incorporation with a Facility Office in the same jurisdiction as its Facility Office.

9. ## SCHEDULE 15
## PROCEEDINGS PENDING OR THREATENED

A description of material regulatory matter and legal proceedings affecting us is provided below.

**Anti-Dumping**

*Jamaica Anti-dumping Investigation*. On September 9, 2010, Jamaica's Anti-Dumping and Subsidies Commission (the "Jamaica Commission") issued a preliminary affirmative anti-dumping determination in its investigation of cement imported from the Dominican Republic. The Jamaica Commission based its determination on a preliminary finding of a threat of material injury to the only domestic cement company, Caribbean Cement Company Limited ("CCCL"). A majority of the Jamaica Commission preliminarily found that the case concerning present material injury was inconclusive. Also, the Jamaica Commission was not persuaded that provisional tariffs were necessary to prevent material injury to CCCL during the period between the preliminary determination and the final determination. Therefore, even though the Jamaica Commission preliminarily calculated an anti-dumping margin of 84.69% against cement imported from the Dominican Republic, no duties were imposed. On December 8, 2010, the Jamaica Commission issued a negative ruling in the case brought by CCCL against imports of cement from the Dominican Republic. The Jamaica Commission found no evidence of material injury to the domestic industry and has closed the investigation. However, on December 10, 2010, CCCL announced it needed to review the statement of reasons provided by the Jamaica Commission before deciding on its future actions on this matter. As of August 31, 2012, CCCL had not initiated any legal actions and we had no accrued liabilities for dumping duties related to cement imported from the Dominican Republic to Jamaica, and all liabilities accrued for past anti-dumping duties had been eliminated.

**Antitrust Proceedings**

*Polish Antitrust Investigation*. Between May 31, 2006 and June 2, 2006, officers of the Polish Competition and Consumer Protection Office (the "Protection Office"), assisted by police officers, conducted a search of the Warsaw office of CEMEX Polska, one of our indirect subsidiaries in Poland, and of the offices of other cement producers in Poland. These searches took place as a part of the exploratory investigation that the head of the Protection Office had started on April 26, 2006. On January 2, 2007, CEMEX Polska received a notification from the Protection Office informing it of the formal initiation of an antitrust proceeding against all cement producers in Poland, including CEMEX Polska and another of our indirect subsidiaries in Poland. The notification alleged that there was an agreement between all cement producers in Poland regarding prices and other sales conditions for cement, an agreed division of the market with respect to the sale and production of cement, and the exchange of confidential information, all of which limited competition in the Polish market with respect to the production and sale of cement. On December 9, 2009, the Protection Office delivered to CEMEX Polska its decision against Polish cement producers related to an investigation which covered a period from 1998 to 2006. The decision imposes fines on a number of Polish cement producers, including CEMEX Polska. The fine imposed on CEMEX Polska is approximately Polish Zloty 115.56 million (approximately U.S.$34.54 million as of August 31, 2012, based on an exchange rate of Polish Zloty 3.3454 to U.S.$1.00), which is approximately 10% of CEMEX Polska's total revenue in 2008. CEMEX Polska disagrees with the decision, denies that it committed the practices alleged by the Protection Office and

filed an appeal before the Polish Court of Competition and Consumer Protection on December 23, 2009. The Polish Court of Competition and Consumer Protection confirmed that CEMEX Polska's appeal met preliminary formal requirements and that it would conduct the case. On February 7, 2011, CEMEX Polska received a formal response to its appeal from the Protection Office in which the Protection Office made an application to the Polish Court of Competition and Consumer Protection to reject CEMEX Polska's appeal. The response from the Protection Office argued that CEMEX Polska's appeal is not justified, and it maintained all of the statements and arguments from the Protection Office's decision issued on December 9, 2009. On February 21, 2011, CEMEX Polska sent a letter to the Polish Court of Competition and Consumer Protection in which it kept its position and argumentation from the appeal and widely opposed to arguments and statements included in the response of the Protection Office. The decision on the fines will not be enforced until two appeal instances are exhausted. Based on the slow tracking of the case by the first instance court and on general Polish court practices, these two appeal proceedings could take at least three and a half years to be resolved. As of August 31, 2012, the accounting provision created in relation with this proceeding was approximately Polish Zloty 68.3 million (approximately U.S.$20.41 million as of July 31, 2012, based on an exchange rate of Polish Zloty 3.3454 to U.S.$1.00).

*Antitrust Investigations in Europe by the European Commission*. On November 4, 2008, officers of the European Commission, in conjunction with officials of the national competition enforcement authorities, conducted unannounced inspections at our offices in Thorpe, United Kingdom, and Ratingen, Germany. Further to these inspections, on September 22 and 23, 2009, CEMEX's premises at Madrid, Spain, were also subject to an inspection by the European Commission.

In conducting these investigations, the European Commission alleged that we may have participated in anti-competitive agreements and/or concerted practices in breach of Article 101 of the Treaty on the Functioning of the European Union (formerly Article 81 of the EC Treaty) and Article 53 of the European Economic Area ("EEA") Agreement in the form of restrictions of trade flows in the EEA, including restrictions on imports into the EEA from countries outside the EEA, market sharing, price coordination and connected anticompetitive practices in the cement and related products markets. Since the inspections began, we have received requests for information and documentation from the European Commission during 2009 and 2010 and we have fully cooperated by providing the relevant information and documentation on time.

On December 8, 2010, the European Commission informed us that it decided to initiate formal proceedings with respect to the investigation of the aforementioned anticompetitive practices. These proceedings would affect Austria, Belgium, the Czech Republic, France, Germany, Italy, Luxembourg, the Netherlands, Spain and the United Kingdom. The European Commission indicated that we, as well as seven other companies, would be included in these proceedings. These proceedings may lead to an infringement decision, or if the objections raised by the European Commission are not substantiated, the case might be closed. This initiation of proceedings relieves the competition authorities of the Member States of the European Union of their competence to apply Article 101 of the Treaty on the Functioning of the European Union to the same case. We intend to defend our position vigorously in this proceeding and are fully cooperating and will continue to cooperate with the European Commission in connection with this matter.

On April 1, 2011, the European Commission notified CEMEX, S.A.B. de C.V. of a decision under Article 18(3) of Council Regulation (EC) No 1/2003 of December 16, 2002 on the

implementation of the rules on competition set forth in Article 81 of the EC Treaty (current Articles 101 and 102 of the EC Treaty). The European Commission also requested that CEMEX, S.A.B. de C.V. deliver a material amount of information and documentation, which we effectively delivered on August 2, 2011, after requesting additional time.

CEMEX, S.A.B. de C.V. and several of its affiliates in Europe have filed an appeal before the General Court of the European Union for the annulment of the European Commission's decision for information and documentation on the grounds that such request is contrary to several principles of European Union Law. In addition, on June 17, 2011, CEMEX, S.A.B. de C.V. and several of its affiliates in Europe requested interim measures to the General Court of the European Union, asking for the suspension of the information and document request until the appeal was resolved. The President of the General Court of the European Union rejected the proposal for a suspension without considering the arguments of the main appeal. On December 21, 2011, CEMEX, S.A.B. de C.V. and several of its affiliates in Europe filed their reply to the European Commission's defense. The European Commission filed its rejoinder on March 27, 2012.

On November 29, 2011, the European Commission notified CEMEX, S.A.B. de C.V. of its decision that if, by December 15, 2011, the European Commission did not receive a confirmation that CEMEX, S.A.B. de C.V.'s reply submitted August 2, 2011 was complete, accurate and definitive, or if CEMEX, S.A.B. de C.V. did not submit a new reply with the necessary amendments and clarifications, the European Commission would impose a daily fine of €438,000 (approximately U.S.$547,773.89 as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00). On December 15, 2011, we complied with the terms of this decision and submitted a new reply with the amendments and clarifications identified in the revision and audit process performed since August 2, 2011.

If the alleged infringements investigated by the European Commission are substantiated, significant penalties may be imposed on our subsidiaries operating in such markets. In that case, pursuant to European Union Regulation 1/2003, the European Commission may impose penalties of up to 10% of the total turnover of the relevant companies for the last year preceding the imposition of the fine for which the financial statements have been approved by the shareholders' meeting of the relevant companies. At this stage of the proceedings, as of August 31, 2012, the European Commission has not yet formulated a Statement of Objections against us and, as a result, the extent of the charges and the alleged infringements are unknown. Moreover, it is not clear which cement related products total turnover would be used as the basis for the determination of the possible penalties. As a consequence, we are not able to assess the likelihood of an adverse result or the amount of the potential fine, but if adversely resolved it may have a material adverse impact on our financial results.

*Antitrust Investigations in Spain by the CNC*. On September 22, 2009, the Investigative Department (Dirección de Investigación) of the Spanish Competition Commission (Comisión Nacional de la Competencia or "CNC"), applying exclusively national antitrust law, carried out another inspection, separate from the investigation conducted by the European Commission, in the context of possible anticompetitive practices in the production and distribution of mortar, ready-mix concrete and aggregates within the Chartered Community of Navarre ("Navarre"). We fully cooperated and provided the CNC inspectors all the information requested. On December 15, 2009, the CNC started a procedure against CEMEX España and four other companies with activities in Navarre for alleged practices prohibited under the Spanish competition law. The allegations against CEMEX España relate to several of our ready-mix plants located in Navarre, which we operated from January 2006 (as a result of the RMC acquisition) until September 2008, when we ceased operations for these plants.

On November 3, 2010, the CNC Investigative Department provided CEMEX España with a Statement of Facts (similar to a statement of objections under European Union competition law) that included allegations that could be construed as a possible infringement by CEMEX España of Spanish competition law in Navarre. The Statement of Facts was addressed to CEMEX España, but also indicated that its parent company, New Sunward, could be jointly and severally liable for the investigated behavior.

On December 10, 2010, after receiving CEMEX España's observations, the CNC Investigative Department notified CEMEX España of a proposed decision, summarizing its findings in the investigation. This proposed decision, which suggests the existence of an infringement, was submitted to the CNC Council, together with CEMEX España's opposition to all charges. On January 12, 2012, the CNC Council notified CEMEX España of its final decision on this matter, imposing a fine of approximately €500,000 (approximately U.S.$625,312.66 as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) against CEMEX España for price-fixing and market sharing in the concrete market of Navarre from June 2008 through September 2009.

CEMEX España denies any wrongdoing and on March 1, 2012 filed an appeal before the competent court ( *Audiencia Nacional*), requesting the interim suspension of the decision from the court until a final judgment is issued. To that effect, it has requested the CNC Council to suspend the implementation of its decision until the court has decided on the requested interim measure. On July 10, 2012, the court has issued a resolution agreeing to the suspension of payment of the fine.

*Investigations in the UK*. On January 20, 2012, the United Kingdom Competition Commission, or the UK Commission, commenced a Market Investigation, ("MIR"), into the supply or acquisition of cement, ready-mix concrete and aggregates. This referral to the UK Commission was made by the Office of Fair Trading following an investigation by them of the aggregates sector. Those companies and persons invited to participate in the MIR are required by law to comply with certain requests for information and, if necessary, to attend hearings. The UK Commission is required to report on this investigation by no later than January 17, 2014. Our subsidiaries in the UK have been invited to participate in the MIR and will fully cooperating in this MIR. At this stage of the MIR, as of August 31, 2012, we are not able to assess what would be the scope of the recommendations made by the UK Commission, if any, or if such recommendations would have a material adverse impact on our results of operations.

*Antitrust Investigations in Mexico*. In January and March 2009, we were notified of two findings of presumptive responsibility against CEMEX issued by the Mexican Competition Authority (Comisión Federal de Competencia or "CFC"), alleging certain violations of Mexican antitrust laws. We believe these findings contain substantial violations of rights granted by the Mexican Constitution.

In February 2009, we filed a constitutional challenge (*juicio de amparo*) before the Circuit Court in Monterrey, Mexico, as well as a denial of the allegations, with respect to the first case. The Monterrey Circuit Court determined that CEMEX lacked standing since the notice of presumptive responsibility did not affect any of CEMEX's rights; therefore, CEMEX should wait until the CFC concluded its proceeding and issued a final ruling before raising its

constitutional challenge again. However, in July 2010, in light of the possible violations to CEMEX's constitutional rights, the CFC terminated the existing proceeding and reinitiated a new proceeding against CEMEX to cure such violations. We believe that Mexican law does not entitle the CFC to reinitiate a new proceeding but only to continue with the original one. In August 2010, we filed a separate constitutional challenge (juicio de amparo) before the District Court in Monterrey, Mexico, to argue against the reinitiated proceeding. The Monterrey District Court determined that the order to reinitiate the proceeding and the notice of presumptive responsibility did not affect any of CEMEX's rights. CEMEX subsequently filed an appeal before the Monterrey District Court and the Monterrey Circuit Court determined that the CFC's termination of the proceedings in July 2010 was illegal and that it notified the CFC to the effect that it complies with the resolution issued. In February 2012, CEMEX was fined for anticompetitive practices approximately Ps10.2 million (approximately U.S.$772,727.27 as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00) plus ordered to implement certain measures. CEMEX has appealed the resolution and denies any wrongdoing. In June 2012, the CFC confirmed its resolution. On July 2, 2012, CEMEX filed a separate constitutional challenge (*juicio de amparo*) before the District Court in Mexico D.F. As of August 31, 2012, a resolution regarding this constitutional challenge has not been issued.

With respect to the second case, in April 2009, we filed a constitutional challenge ( *juicio de amparo*) before the Circuit Court in Monterrey, Mexico, and in May 2009, we filed a denial of the CFC's allegations. In November 2010, the Monterrey Circuit Court ordered the case to be heard by a District Court in Mexico City, Mexico claiming that it lacked appropriate jurisdiction. In December 2010, similar to the first case, the Mexico City District Court determined that CEMEX lacked standing with its constitutional challenge ( *juicio de amparo*) since the notice of presumptive responsibility did not affect any of CEMEX's rights; therefore, CEMEX should wait until the CFC concluded its proceeding and issued a final ruling before raising its constitutional challenge again. CEMEX filed an appeal before the Mexico City District Court to argue against such determination. On October 14, 2011, the CFC determined that the case should be closed due to a lack of evidence to impose any sanctions. Third parties subsequently filed an appeal before the CFC to reconsider its ruling. The CFC recently confirmed its resolution to not impose any sanctions due to a lack of evidence.

*Antitrust Cartel Litigation in Germany*. On August 5, 2005, Cartel Damages Claims, SA (the "CDC"), filed a lawsuit in the District Court in Düsseldorf, Germany against CEMEX Deutschland AG and other German cement companies. CDC originally sought €102 million (approximately U.S.$127.56 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) in respect of damage claims by 28 entities relating to alleged price and quota fixing by German cement companies between 1993 and 2002, which entities had assigned their claims to CDC. CDC is a Belgian company established by two lawyers in the aftermath of the German cement cartel investigation that took place from July 2002 to April 2003 by Germany's Federal Cartel Office, with the express purpose of purchasing potential damages claims from cement consumers and pursuing those claims against the alleged cartel participants. In January 2006, another entity assigned alleged claims to CDC, and the amount of damages being sought by CDC increased to €113.5 million plus interest (approximately U.S.$141.95 million plus interest as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00). On February 21, 2007, the District Court allowed this lawsuit to proceed without going into the merits of this case by issuing an interlocutory judgment. All defendants appealed, but the appeal was dismissed on May 14, 2008. The lawsuit will proceed in a court of first instance.

In the meantime, CDC acquired new claims by assignment and announced an increase in the claim to €131 million (approximately U.S.$163.83 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00). As of August 31, 2012, we had accrued liabilities regarding this matter for an amount of approximately €20 million (approximately U.S.$25.01 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00), plus an additional €8.07 million (approximately U.S.$10.09 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) as interest over the principal amount of the claim.

In the first hearing on the merits of this case that was held on March 1, 2012, the District Court in Düsseldorf, Germany revealed several preliminary considerations on relevant legal questions and allowed the parties to submit their plea and reply on May 21, 2012. The decision was expected to be issued on July 20, 2012, but on that date, the court decided to postpone such decision until October 30, 2012. As of August 31, 2012, we are unable to assess the likelihood of an adverse result or, because of the number of defendants, the potential damages that would be borne by us; however, if the final decision is adverse to us, it could have a material adverse impact on our business results.

*Antitrust Cases in Egypt*. On July 29, 2009, two Egyptian contractors filed separate lawsuits against four cement producers, including CEMEX Egypt, demanding compensation of 20 million Egyptian Pounds (approximately U.S.$3.28 million as of August 31, 2012, based on an exchange rate of Egyptian Pounds 6.0930 to U.S.$1.00) from the four cement producers, or approximately 5 million Egyptian Pounds (approximately U.S.$820,613.82 as of July 31, 2012, based on an exchange rate of Egyptian Pounds 6.0930 to U.S.$1.00) from each defendant. The plaintiffs are using a 2007 Egyptian court decision convicting all cement producers in Egypt, including CEMEX Egypt, of antitrust activities and price fixing as a precedent and as proof of their allegation.

On December 16, 2009, at the hearing for one of the cases, the plaintiffs requested the court to release CEMEX Egypt from the claim. On May 11, 2010, the court released CEMEX Egypt from the claim, and this case is now closed.

On April 24, 2010, at the hearing for the other case, the court decided to refer the matter back to the prosecutor's office for further investigation and for a report on the investigations to be presented at the next hearing, which was held on January 11, 2011. Thereafter, this case was dismissed and all charges against CEMEX Egypt were dropped. The plaintiffs had 60 days to file their appeals, if any, to this ruling, which they subsequently filed before the Court of Cassation. As of August 31, 2012, the Court of Cassation has not yet scheduled the first hearing of cassation for this case.

These cases are the first of their kind in Egypt due to the recent enactment of the Law on Competition Protection and Prevention of Monopolistic Practices No. 3 in 2005. Even if we prevail in the ongoing case, these claims may have an adverse impact on us if they were to become a precedent and may create a risk of similar claims in the future.

*Antitrust Cases in Florida. In October 2009*, CEMEX Corp. and other cement and concrete suppliers were named as defendants in several purported class action lawsuits alleging price-fixing in Florida. The purported class action lawsuits are of two distinct types: The first type was filed by entities purporting to have purchased cement or ready-mix concrete directly

from one or more of the defendants. The second group of plaintiffs are entities purporting to have purchased cement or ready-mix concrete indirectly from one or more of the defendants. Underlying all proposed suits is the allegation that the defendants conspired to raise the price of cement and concrete and hinder competition in Florida. On January 7, 2010, both groups of plaintiffs independently filed consolidated amended complaints substituting CEMEX, Inc. and some of its subsidiaries for the original defendant, CEMEX Corp. The corresponding CEMEX subsidiaries in the U.S. and the other defendants moved to dismiss the consolidated amended complaints. On October 12, 2010, the court granted in part the defendants' motion, dismissing from the case all claims relating to cement and reducing the applicable time period of the plaintiffs' claims. On October 29, 2010, the plaintiffs filed further amended complaints pursuant to the court's decision. On December 2, 2010, the corresponding CEMEX subsidiaries in the U.S. moved to dismiss the amended complaint filed by the indirect purchaser plaintiffs based on lack of standing. The corresponding CEMEX subsidiaries in the United States also answered the complaint filed by the direct purchaser plaintiffs. On January 4, 2011, both the direct and indirect purchaser plaintiffs filed further amended complaints, which the corresponding CEMEX subsidiaries in the United States answered on January 18, 2011. In March 2011, the direct and indirect purchaser plaintiffs filed motions for certification under Federal Rule of Civil Procedure 54(b), seeking the entry of final judgment pursuant to the court's October 12, 2010 order so they may appeal the dismissals to the Court of Appeals for the 11th Circuit. The court denied those motions on April 15, 2011. On September 21, 2011, both groups of plaintiffs filed motions for class certification. On January 3, 2012, the court denied both motions, ruling that the cases cannot proceed as class actions. On January 5, 2012, the court stayed both cases pending the resolution of any potential appeal of the court's ruling denying the motions for class certification. On January 17, 2012, the plaintiffs in the action involving entities that purchased ready-mix concrete directly from one or more of the defendants filed a petition with the Eleventh Circuit Court of Appeals, requesting that the Eleventh Circuit exercise its discretion to immediately review the trial court's decision denying their class certification motion. In early March 2012, the corresponding CEMEX subsidiaries in the United States and the other remaining defendants effected a settlement of both cases resulting in us having to pay approximately U.S.$460,000. The corresponding CEMEX subsidiaries in the United States did not admit any wrongdoing as part of the settlements and deny allegations of misconduct.

On October 26, 2010, CEMEX, Inc. received an Antitrust Civil Investigative Demand from the Office of the Florida Attorney General, which seeks documents and information in connection with an antitrust investigation by the Florida Attorney General into the ready-mix concrete industry in Florida. As of August 31, 2012, CEMEX is working with the Office of the Florida Attorney General to comply with the civil investigative demand, and it is unclear at this stage whether any formal proceeding will be initiated by the Office of the Florida Attorney General.

**Environmental Matters**

We are subject to a broad range of environmental laws and regulations in each of the jurisdictions in which we operate. These laws and regulations impose increasingly stringent environmental protection standards regarding, among other things, air emissions, wastewater discharges, the use and handling of hazardous waste or materials, waste disposal practices and the remediation of environmental damage or contamination. These standards expose us to the risk of substantial environmental costs and liabilities, including liabilities associated with divested assets and past activities, even conducted by prior owners or operators and, in some jurisdictions, without regard to fault or the lawfulness of the original activity.

To prevent, control and remediate environmental problems and maintain compliance with regulatory requirements, we maintain an environmental policy designed to monitor and control environmental matters. Our environmental policy requires each subsidiary to respect local laws and meet our own internal standards to minimize the use of non-renewable resources and the generation of hazardous and other wastes. We use processes that are designed to reduce the impact of our operations on the environment throughout all the production stages in all our operations worldwide. We believe that we are in substantial compliance with all material environmental laws applicable to us.

We regularly incur capital expenditures that have an environmental component or that are impacted by environmental regulations. However, we do not keep separate accounts for such mixed capital and environmental expenditures. Environmental expenditures that extend the life, increase the capacity, improve the safety or efficiency of assets or are incurred to mitigate or prevent future environmental contamination may be capitalized. Other environmental costs are expensed when incurred. For the year ended December 31, 2009, our environmental capital expenditures were not material. For the year ended December 31, 2010 and 2011, our sustainability capital expenditures (including our environmental expenditures and investments in alternative fuels and cementitious materials) were approximately U.S.$93 million and approximately U.S.$95 million, respectively. However, our environmental expenditures may increase in the future.

The following is a discussion of environmental regulations and related matters in our major markets.

*Mexico*. We were one of the first industrial groups in Mexico to sign an agreement with the Secretaría del Medio Ambiente y Recursos Naturales, (the "SEMARNAT"), the Mexican government's environmental ministry, to carry out voluntary environmental audits in our 15 Mexican cement plants under a government-run program. In 2001, the Mexican environmental protection agency in charge of the voluntary environmental auditing program, the Procuraduría Federal de Protección al Ambiente (the "PROFEPA"), which is part of SEMARNAT, completed the audit of our cement plants and awarded all our plants a Certificado de Industria Limpia, or Clean Industry Certificate, certifying that our plants are in full compliance with environmental laws. The Clean Industry Certificates are subject to renewal every two years. As of July 31, 2012, our operating cement plants have Clean Industry Certificates or are in the process of renewing them. We expect the renewal of all currently expired Clean Industry Certificates.

For over a decade, the technology for recycling used tires into an energy source has been employed in our plants located in Ensenada and Huichapan. By the end of 2006, all our cement plants in Mexico were using tires as an alternative fuel. Municipal collection centers in the cities of Tijuana, Mexicali, Ensenada, Mexico City, Reynosa, Nuevo Laredo and Guadalajara currently enable us to recycle an estimated 10,000 tons of tires per year. Overall, approximately 15.20% of the total fuel used in our operating cement plants in Mexico during 2011 was comprised of alternative fuels.

Between 1999 and August 31, 2012, our operations in Mexico have invested approximately U.S.$92.15 million in the acquisition of environmental protection equipment and the implementation of the ISO 14001 environmental management standards of the International

Organization for Standardization ("ISO"). The audit to obtain the renewal of the ISO 14001 certification took place during January 2012. All our operating cement plants in Mexico have obtained the renewal of the ISO 14001 certification for environmental management systems.

On June 6, 2012 the General Law on Climate Change ( *Ley General de Cambio Climático* ) (the "Climate Change Law") was published on the Mexican Official Gazette. The Climate Change Law establishes a legal framework to regulate policies for climate change mitigation and adaptation. Many important provisions require the development of secondary legislation, and depend on the publication of subsequent implementing regulations, which shall be taken within the twelve months following the publication of the Climate Change Law. Due to the secondary legislation not being developed and to corresponding regulations not being implemented, at this stage we don't have sufficient information to determine if the measures that may be taken by the government in Mexico derived from Climate Change Law will cause or not have a material impact on our business or operations. For instance, the Law provides for the elaboration of a registry of the emissions that are generated by fixed sources. However, the detailed guidelines for reporting, including the scope and methodologies for calculation, shall be developed by implementing regulations yet to be developed. Companies that are bound to report their emissions and fail to do so or that report false information shall be fined. We do not expect any negative impact from this development as we already report our direct and indirect carbon dioxide emissions to SEMARNAT under a voluntary scheme. The Climate Change Law also allows for the establishment of specific greenhouse gas reduction targets in accordance with the respective contribution of each economic sector to the national greenhouse gas emissions. We cannot estimate at this time the impact that any measures related to this may have upon our operations in Mexico. Although the Law does not establish a program for emissions trading, it does vest on the Mexican federal government the power to create, authorize and regulate such a scheme, which may be voluntary of binding. We are observing closely the development of implementing regulations and cannot estimate at this time the impact that any measures related to this may have upon our operations in Mexico.

*United States*. Our operating subsidiaries in the United States are subject to a wide range of U.S. federal, state and local laws, regulations and ordinances dealing with the protection of human health and the environment. These laws are strictly enforced and can lead to significant monetary penalties for noncompliance. These laws regulate water discharges, noise, and air emissions, including dust, as well as the handling, use and disposal of hazardous and non-hazardous waste materials. These laws also create a shared liability by responsible parties for the cost of cleaning up or correcting releases to the environment of designated hazardous substances. We therefore may have to remove or mitigate the environmental effects of the disposal or release of these substances at our various operating facilities or elsewhere in the United States. We believe that our current procedures and practices for handling and managing materials are generally consistent with industry standards and legal and regulatory requirements, and that we take appropriate precautions to protect employees and others from harmful exposure to hazardous materials.

As of July 31, 2012, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.$18.8 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, which might be categorized as hazardous substances or wastes, and (ii) the cleanup of sites used or operated by CEMEX, Inc., including discontinued operations, regarding the disposal of hazardous substances or wastes, either

individually or jointly with other parties. Most of the proceedings are in the preliminary stages, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. considers that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. Based on information developed to date, CEMEX, Inc. does not believe it will be required to spend significant sums on these matters, in excess of the amounts previously recorded. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with, or litigation against, potential sources of recovery have been completed.

In 2007, the EPA launched a CAA enforcement initiative against the U.S. cement industry. The primary goal of the initiative is to assess the industry's historic compliance with the CAA's New Source Review program and to reduce emissions from the industry through the installation of add-on controls. CEMEX has actively engaged with the EPA on its investigations, which involve multiple CEMEX facilities, and has entered into two settlements involving a total of $3.4 million in civil penalties and a commitment to incur certain capital expenditures for pollution control equipment at its Victorville, California and Fairborn, Ohio plants. Although some of these proceedings are still in the initial stages, based on our past experience with such matters and currently available information, we believe, although we cannot assure you that such cases will not have a material impact on our business or operations.

In 2002, CEMEX Construction Materials Florida, LLC (formerly Rinker Materials of Florida, Inc.) ("CEMEX Florida"), a subsidiary of CEMEX, Inc., was granted a federal quarry permit and was the beneficiary of another federal quarry permit for the Lake Belt area in South Florida. The permit held by CEMEX Florida covered CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Kendall Krome quarry is operated under the permit of which it was a beneficiary. The FEC quarry is the largest of CEMEX Florida's quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry, while the FEC and Kendall Krome quarries have supplied aggregates to CEMEX and third party users. In response to litigation brought by environmental groups concerning the manner in which the federal quarry permits were granted, in January 2009, the U.S. District Court for the Southern District of Florida ordered the withdrawal of the federal quarry permits of CEMEX Florida's SCL, FEC and Kendall Krome quarries. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the Army Corps of Engineers, or the Corps, in connection with the issuance of the permits. Upon appeal, on January 21, 2010, the Eleventh Circuit Court of Appeals affirmed the district court's ruling withdrawing the federal quarry permits of the three CEMEX Florida quarries as well as other third-party federal quarry permits subject to the litigation. On January 29, 2010, the Corps completed a multi-year review commenced as a result of the above-mentioned litigation and issued a Record of Decision (ROD) supporting the issuance of new federal quarry permits for the FEC and SCL quarries. Excavation of new aggregates was stopped at the FEC and SCL quarries from January 20, 2009 until new permits were issued. The FEC permit was issued on February 3, 2010, and the SCL permit on February 18, 2010. The ROD also indicated that a number of potential environmental impacts must be addressed at the wetlands located at the Kendall Krome site before a new federal quarry permit may be issued for mining at that quarry. It is unclear how long it will take to fully address the Corps' concerns regarding mining in the Kendall Krome wetlands. While no new aggregates will be quarried from wetland areas at Kendall Krome pending the resolution

of the potential environmental issues, the FEC and SCL quarries will continue to operate. If CEMEX Florida were unable to maintain the new Lake Belt permits, CEMEX Florida would need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely affect operating income from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt area could also have a material adverse effect on our financial results.

In 2006 the State of California adopted the Global Warming Solutions Act (Assembly Bill 32) setting into law a goal to reduce the State's carbon dioxide emissions to 1990 levels by 2020. As part of the measures derived from AB32 the California Air Resources Board developed a cap-and-trade program, to be enforced from 2013, that covers most industrial sources of greenhouse gas emissions in the State, including cement production facilities. The program involves allocating a number of allowances free of charge to covered installations which must subsequently surrender back to the regulator a number of allowances and accepted offset credits matching their verified emissions during the compliance period. We expect that our Victorville cement plant will receive enough free allowances to operate during the first compliance period (2013-2014).

*Europe*. In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulatory view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of approximately £131.3 million (approximately U.S.$207.26 million as of August 31, 2012, based on an exchange rate of £0.6335 to U.S.$1.00) as of December 31, 2011, and we made an accounting provision for this amount at December 31, 2011.

In 2003, the European Union adopted a directive in order to help it fulfill its commitments under the Kyoto Protocol on climate change. This directive defines and establishes a GHG emissions allowance trading scheme within the European Union, i.e., it caps carbon dioxide emissions from installations involved in energy activities, the production and processing of ferrous metals, the cement and lime industries and the pulp, paper and board production businesses. Installations in these sectors have to monitor their emissions of CO2 and surrender every year allowances (the right to emit one metric ton of CO2) that cover their emissions. Allowances are issued by member states according to their National Allocation Plans, or NAPs. The NAPs not only set the total number of allowances for a given phase, but also define how they are allocated among participating installations. So far, most allowances have been allocated for free, but some member states sell up to 10% of their total allowance volume in auctions or on exchanges. Allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that exceed their allocated quota. Failure to meet the emissions caps can subject a company to heavy penalties.

Companies can also use credits issued under the flexible mechanisms of the Kyoto protocol to fulfill their European obligations. Credits for emission reduction projects obtained under these mechanisms are recognized, up to specified levels, under the ETS as allowance substitutes. The main source of those credits are projects registered under the so-called Clean Development Mechanism ("CDM"), but Joint Implementation ("JI") credits are also eligible; the difference between these credits is dependent on which country is hosting the project: CDM projects are implemented in developing countries, JI projects in developed ones.

As required by the directive, each of the member states established a NAP that defines the free allocation to each industrial facility for Phase II (2008 through 2012). Although the overall yearly volume of allowances in Phase II is significantly lower than that during Phase I of the ETS (2005-2007), we do not see any significant risk that CEMEX will be short of allowances in Phase II. This assessment stems from various factors, notably a reasonable allocation policy in some countries, our efforts to reduce emissions per unit of clinker produced, reduced demand for our products due to the current economic circumstances, and the use of several risk-free financial instruments. We expect to be a net seller of allowances over Phase II. In addition, we are actively pursuing a strategy aimed at generating additional emission credits through the implementation of CDM projects in Latin America, North Africa and Southeast Asia.

The allocations made to our installations in Spain, United Kingdom, Germany, Poland and Latvia allow us to foresee a reasonable availability of allowances.

In the case of the United Kingdom, Germany, Poland and Latvia, NAPs have been approved by the European Commission, and allowances have been issued to our existing installations.

On January 9, 2009, we received a positive answer from United Kingdom authorities to a request we filed in late 2008 to retain the allocation of allowances for our Barrington plant after this facility was mothballed in November 2008 and its production moved to our South Ferriby plant.

On May 18, 2009, the Environment Ministry of the Republic of Latvia published the amount of allocation of EUAs from the New Entrants Reserve to our Broceni plant expansion project. On April 18, 2012, following a successful appeal by the Latvian Government against the European Commission's rejection of the initial version of the Latvian NAP, the Ministry of Environmental Protection and Regional Development of the Republic of Latvia adopted the Decision No. 46 increasing the allocation to our Broceni plant.

On May 29, 2007, the Polish government filed an appeal before the Court of First Instance in Luxembourg regarding the European Commission's rejection of the initial version of the Polish NAP. The Polish government has issued allowances at the level already accepted by the European Commission, which is lower than the Polish government proposal by 76 million EUA per year. However, on September 23, 2009, the same Court annulled the European Commission's decision that reduced the number of EUAs in the Polish NAP. The Court found that such reduction was not justified, arguing that the European Commission should not ignore the historical and forecasted data that Poland used to establish the basis of the NAP allocation. On March 19, 2010, the European Commission and the government of Poland reached an agreement to maintain the originally approved cap for 2010 through 2012 (the remainder of the EU ETS Phase II period). On December 4, 2009, the European Commission appealed the Court of First Instance in Luxembourg's decision to the European Supreme Court, as its resolution could impact similar cases against the European Commission raised by other Eastern European member states. On March 29, 2012, the European Supreme Court issued the final judgement in the case in favor of Poland, dismissing the European Commission's appeal. Taking into account the agreement on an approved cap for 2010 through 2012 reached between the European Commission and the government of Poland on March 19, 2010, the Court of First Instance in Luxembourg's decision has no impact on Poland's CO2 allowances in the EU ETS Phase II period.

Croatia has implemented an emissions trading scheme designed to be compatible with the one in force in the European Union, although no emission allowances can be exchanged between the two schemes. The first period of compliance is 2010-2012, and the final NAP was published in July 2009. We do not expect the commencement of the Croatian emissions trading scheme to substantially affect our overall position, particularly as the allocation to CEMEX Croatia is larger than previously anticipated.

In December 2008, the European Commission, Council and Parliament reached an agreement on a new Directive that will govern emissions trading after 2012. One of the main features of the Directive is that a European-wide benchmark will be used to allocate free allowances among installations in the cement sector, according to their historical clinker production.

On April 27, 2011, the European Commission adopted a Decision that states the rules, including the benchmarks of greenhouse gas emissions performance, to be used by the Member States in calculating the number of allowances to be annually allocated for free to industrial sectors (such as cement) that are deemed to be exposed to the risk of "carbon leakage". Based on the criteria contained in the adopted Decision we expect that the aggregate amount of allowances that will be annually allocated for free to CEMEX in Phase III of the ETS (2013 – 2020) will be sufficient to operate.

Despite having already sold a substantial amount of allowances for Phase II, we believe the overall volume of transactions is justified by our conservative emissions forecast, the stream of offset credits coming from our CDM projects and our expected long position in the initial years of Phase III, meaning that the risk of having to buy allowances in the market in the remainder of Phase II is very low. As of August 31, 2012, the price of carbon dioxide allowances for Phase II on the spot market was approximately €7.99 per ton (approximately U.S.$9.99 as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00). We are taking measures intended to minimize our exposure to this market, while continuing to supply our products to our customers.

**Tariffs**

The following is a discussion of tariffs on imported cement in our major markets.

*Mexico*. Mexican tariffs on imported goods vary by product and have historically been as high as 100%. In recent years, import tariffs have been substantially reduced and currently range from none at all for raw materials to over 20% for finished products, with an average weighted tariff of approximately 3.7%. As a result of the North American Free Trade Agreement, or NAFTA, as of January 1, 1998, the tariff on cement imported into Mexico from the United States or Canada was eliminated. However, a tariff in the range of 7% ad valorem will continue to be imposed on cement produced in all other countries unless tariff reduction treaties are implemented or the Mexican government unilaterally reduces that tariff. While the reduction in tariffs could lead to increased competition from imports in our Mexican markets, we anticipate that the cost of transportation from most producers outside Mexico to central Mexico, the region of highest demand, will remain a barrier to entry.

*United States*. There are no tariffs on cement imported into the United States from any country, except Cuba and North Korea.

*Europe*. Member countries of the European Union are subject to the uniform European Union commercial policy. There is no tariff on cement imported into a country that is a member of the European Union from another member country or on cement exported from a European Union country to another member country. For cement imported into a member country from a non-member country, the tariff is currently 1.7% of the customs value. Any country with preferential treatment with the European Union is subject to the same tariffs as members of the European Union. Most Eastern European producers exporting cement into European Union countries currently pay no tariff.

**Tax Matters**

*Mexico*. Pursuant to amendments to the Mexican Income Tax Law (Ley del Impuesto sobre la Renta), which became effective on January 1, 2005, Mexican companies with direct or indirect investments in entities incorporated in foreign countries, whose income tax liability in those countries is less than 75% of the income tax that would be payable in Mexico, were required to pay taxes in Mexico on passive income, such as dividends, royalties, interest, capital gains and rental fees obtained by such foreign entities, except for income derived from entrepreneurial activities in such countries, which is not subject to tax under these amendments. We filed two motions in the Mexican federal courts challenging the constitutionality of the January 1, 2005 amendments to the Mexican Income Tax Law. Although we had obtained a favorable ruling from the lower Mexican federal court, on September 9, 2008, the Mexican Supreme Court, on appeal, ruled against our constitutional challenge of the controlled foreign corporation tax rules in effect in Mexico for tax years 2005 to 2007. Because the Mexican Supreme Court's decision did not pertain to an amount of taxes due or other tax obligations, we had the right to self-assess any taxes due through the submission of amended tax returns. On March 1, 2012, we self-assessed the taxes corresponding to the 2005 tax year for a total amount, inclusive of surcharges and carry-forward charges, of approximately Mexican Ps4.6 billion (approximately U.S.$348.48 million as of August 31, 2012, based on an exchange rate of Mexican Ps13.20 to U.S.$1.00), of which 20%, equivalent to approximately Mexican Ps928 million (approximately U.S.$70.30 million as of August 31, 2012, based on an exchange rate of Mexican Ps13.20 to U.S.$1.00), was paid in connection with the submission of amended tax returns, which were filed on March 1, 2012. The remaining 80% of such total amount is due in January 2013, plus additional surcharges and carry-forward charges if we elect to extend the payment date and pay in thirty-six monthly instalments, which can be prepaid at our option. Additionally, on July 5, 2012, we self-assessed the taxes corresponding to the 2006 tax year for a total amount, inclusive of surcharges and carry-forward charges, of approximately Mexican Ps1.1 billion (approximately U.S.$83.33 million as of August 31, 2012, based on an exchange rate of Mexican Ps13.20 to U.S.$1.00), of which 20%, equivalent to approximately Mexican Ps221 million (approximately U.S.$16.74 million as of August 31, 2012, based on an exchange rate of Mexican Ps13.20 to U.S.$1.00), was paid in connection with the submission of amended tax returns, which were filed on July 5, 2012. The remaining 80% of such total amount is due in July 2013, plus additional surcharges and carry-forward charges if we elect to extend the payment date and pay in thirty-six monthly instalments, which can be prepaid at our option. We believe we have adequate provisions to cover self-assessments for the years 2005 and 2006. For the 2007 tax year, there is no tax due. The tax authorities in Mexico agreed with our self-assessment and with the procedure to determine the taxes due for the 2005 and 2006 tax years and, as a result, the tax authorities in Mexico may not assess additional amounts of taxes past due for those years. The Mexican Income Tax Law was again amended in 2008, as a result of which we do not expect any material adverse effect from the controlled foreign corporation tax rules for years subsequent to 2007.

The Mexican Congress approved several amendments to the Mexican Asset Tax Law ( *Ley del Impuesto al Activo*) that came into effect on January 1, 2007. As a result of such amendments, all Mexican corporations, including us, were no longer allowed to deduct liabilities from calculation of the asset tax. We believed that the Asset Tax Law, as amended, was against the Mexican Constitution. We challenged the Asset Tax Law through appropriate constitutional action (*juicio de amparo*), and the Mexican Supreme Court ruled that the reform did not violate the Mexican Constitution. In addition, the Mexican Supreme Court ordered the lower courts to resolve all pending proceedings based upon criteria provided by the Mexican Supreme Court. However, we will not be affected by this resolution since we have already calculated and paid the applicable asset tax in accordance with the Mexican Asset Tax Law.

The asset tax was imposed at a rate of 1.25% on the value of most of the assets of a Mexican corporation. The asset tax was "complementary" to the corporate income tax (*impuesto sobre la renta*) and, therefore, was payable only to the extent it exceeded payable income tax.

In 2008, the Asset Tax Law was abolished and a new applicable to all Mexican corporations was enacted, known as the *Impuesto Empresarial a Tasa Única* (Single Rate Corporate Tax), which is a form of alternative minimum tax.

In November 2009, the Mexican Congress approved a general tax reform, effective as of January 1, 2010. Specifically, the tax reform requires CEMEX to retroactively pay Additional Consolidation Taxes. This tax reform requires CEMEX to pay taxes on certain previously exempt intercompany dividends, certain other special tax items and operating losses generated by members of the consolidated tax group not recovered by the individual company generating such losses within the succeeding 10-year period, which may have a material adverse effect on our cash flow, financial condition and net income. The Additional Consolidation Taxes must be paid over a five-year time period. This tax reform also increased the statutory income tax rate from 28% to 30% for the years 2010 to 2012, then lowered it to 29% for 2013 and 28% for 2014 and future years.

For the 2010 fiscal year, CEMEX was required to pay (at the new, 30% tax rate) 25% of the Additional Consolidation Taxes for the period between 1999 and 2004, with the remaining 75% payable as follows: 25% in 2011, 20% in 2012, 15% in 2013 and 15% in 2014. Additional Consolidation Taxes arising after the 2004 tax year are taken into account in the sixth fiscal year after such year and are payable over the succeeding five years in the same proportions (25%, 25%, 20%, 15% and 15%). Applicable taxes payable as a result of this tax reform are increased by inflation adjustments as required by Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*). In connection with these changes in the tax consolidation regime in Mexico, as of December 31, 2009, we recognized a liability of approximately Ps10.5 billion (approximately U.S.$795.45 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00), of which approximately Ps8.2 billion (approximately U.S.$621.21 million as of August 31, 2012, based on an exchange rate of Mexican Ps13.20 to U.S.$1.00) was recognized under "Other non-current assets" in connection with the net liability recognized under the new tax law and that we expect to realize in connection with the payment of this tax liability, and approximately Ps2.2 billion (approximately U.S.$166.67 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00) was recognized against "Retained earnings" upon adoption of IFRS according to the new law,

related to: (a) the difference between the sum of the equity of the controlled entities for tax purposes and the equity for tax purposes of the consolidated entity; (b) dividends from the controlled entities for tax purposes to CEMEX, S.A.B. de C.V.; and (c) other transactions among the companies included in the tax consolidation group that represented the transfer of resources within such group.

On February 15, 2010, we filed a constitutional challenge (*juicio de amparo*) against the January 1, 2010 tax reform described above. As of June 3, 2011, we were notified of a favorable verdict at the first stage of the trial; the Mexican tax authorities subsequently filed an appeal (recurso de revisión) before the Mexican Supreme Court, which is pending.

On March 31, 2010, additional tax rules (*miscelanea fiscal*) were published in connection with the general tax reform approved by the Mexican Congress in November 2009. These new rules provide certain taxpayers with benefits arising from the years 1999 to 2004.

On June 30, 2010, CEMEX paid approximately Ps325 million (approximately U.S.$24.36 million as of July 31, 2012, based on an exchange rate of Ps13.34 to U.S.$1.00) of Additional Consolidation Taxes. This first payment represented 25% of the Additional Consolidation Taxes for the "1999 to 2004" period. On March 31, 2011, CEMEX made a second payment of approximately Ps506 million (approximately U.S.$38.33 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00). This second payment, together with the first payment, represented 50% of the Additional Consolidation Taxes for the "1999-2004" period, and also included the first payment of 25% of the Additional Consolidation Taxes for the "2005" period. As of December 31, 2011, our estimated payment schedule of taxes payable resulting from changes in the tax consolidation regime was as follows: approximately Ps698 million in 2012 (approximately U.S.$52.88 million as of August 31, 2012, based on an exchange rate of Ps$13.20 to U.S.$1.00), which was paid on March 30, 2012; approximately Ps693 million (approximately U.S.$52.5 million as of August 31, 2012, based on an exchange rate of Ps$13.20 to U.S.$1.00) in 2013; approximately Ps2 billion (approximately U.S.$151.15 million as of August 31, 2012, based on an exchange rate of Ps$13.20 to U.S.$1.00) in 2014; and approximately Ps9 billion (approximately U.S.$681.81 million as of August 31, 2012, based on an exchange rate of Ps$13.20 to U.S.$1.00) in 2015 and thereafter. As of December 31, 2011, we have paid an aggregate amount of approximately Ps831 million (approximately U.S.$62.95 million as of August 31, 2012, based on an exchange rate of Ps$13.20 to U.S.$1.00) of Additional Consolidation Taxes.

In December 2010, pursuant to certain additional rules, the tax authorities granted the option to defer the calculation and payment of certain items included in the law in connection with the taxable amount for the difference between the sum of the equity of controlled entities for tax purposes and the equity of the consolidated entity for tax purposes. As a result, CEMEX reduced its estimated tax payable by approximately Ps2.9 billion (approximately U.S.$219.69 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00) against a credit to the income statement when the new tax enactment took place. In addition, after accounting for the following that took place in 2010: (a) cash payments of Ps325 million (approximately U.S.$24.62 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00); (b) income tax from subsidiaries paid to the parent company of Ps2.4 billion (approximately U.S.$181.81 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00); and (c) other adjustments of Ps358 million (approximately U.S.$27.12 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00), the estimated tax payable for tax consolidation in Mexico amounted to approximately Ps10.1 billion (approximately U.S.$765.15 million as of August 31, 2012,

based on an exchange rate of Ps13.20 to U.S.$1.00) as of December 31, 2010. Furthermore, after accounting for the following that took place in 2011: (a) cash payments in the amount of Ps506 million (approximately U.S.$38.33 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00); (b) income tax from subsidiaries paid to the parent company of Ps2.3 billion (approximately U.S.$174.24 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00); and (c) other adjustments of Ps485 million (approximately U.S.$36.74 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00), the estimated tax payable for tax consolidation in Mexico increased to approximately Ps12.4 billion (approximately U.S.$939.39 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00) as of December 31, 2011.

On January 21, 2011, the Mexican tax authorities notified CEMEX, S.A.B. de C.V. of a tax assessment for approximately Ps995.6 million (approximately U.S.$75.42 million as of August 31, 2012 based on an exchange rate of Ps13.20 to U.S.$1.00) pertaining to the 2005 tax year. The tax assessment is related to the corporate income tax in connection with the tax consolidation regime. As a result of a tax reform in 2005, instead of deducting purchases, the law allowed for the cost of goods sold to be deducted. However, since there were inventories as of December 31, 2004, a transition provision of the law allowed for the inventory to be accumulated as income (thus reversing the deduction via purchases) and then deducted from 2005 onwards as cost of goods sold. In order to compute the income resulting from the inventories in 2004, the law allowed this income to be offset against accumulated tax losses of some subsidiaries. The authorities argued that because of this offset, the right to use such losses at the consolidated level had been lost and, therefore, CEMEX had to increase its consolidated income or decrease its consolidated losses. CEMEX believes that there is no legal support for the conclusion of the authority and, on March 29, 2011, CEMEX challenged the assessment before the tax court.

On November 16, 2011, Mexican tax authorities notified Centro Distribuidor de Cemento, S.A. de C.V. and Mexcement Holdings, S.A. de C.V., both indirect subsidiaries of CEMEX, S.A.B. de C.V., of tax assessments, related to direct and indirect investments in entities considered to be preferential tax regimens for tax year 2004, in the amount of approximately Ps1.3 billion (approximately U.S.$98.48 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00) and approximately Ps759 million (approximately U.S.$57.5 million as of August 31, 2012, based on an exchange rate of Ps13.20 to U.S.$1.00).

On February 3, 2012, Centro Distribuidor de Cemento, S.A. de C.V. and Mexcement Holdings, S.A. de C.V. filed a claim against the November 16, 2011 assessments.

*United States*. As of August 16, 2012, our U.S. subsidiaries and the Internal Revenue Service (IRS) have reached a resolution regarding the income tax audits for the years 2005 through 2009 and also tax losses to applicable prior years to recover taxes previously paid. CEMEX expects a net refund from the IRS of approximately U.S.$25 million. CEMEX expects that the IRS audits for the years 2005 through 2009 will be settled and processed by December 31, 2012. In connection with this resolution, CEMEX expects to owe additional state and local income taxes and interest resulting from the IRS audit adjustments. The IRS has recently commenced an audit of years 2010 and 2011. CEMEX believes it has adequately reserved for these matters and that the amounts are not expected to be material to our financial results. However, we can not assure you that the outcome will not require further provisions for taxes.

*Colombia*. On November 10, 2010, the Colombian Tax Authority (*Dirección de Impuestos*) notified CEMEX Colombia of a proceeding (*requerimiento especial*) in which the Colombian

Tax Authority rejected certain tax losses taken by CEMEX Colombia in its 2008 year-end tax return. In addition, the Colombian Tax Authority assessed an increase in taxes to be paid by CEMEX Colombia in the amount of approximately 43 billion Colombian Pesos (approximately U.S.$23.49 million as of August 31, 2012, based on an exchange rate of 1,830.50 Colombian Pesos to U.S.$1.00) and imposed a penalty in the amount of approximately 69 billion Colombian Pesos (approximately U.S.$37.69 million as of August 31, 2012, based on an exchange rate of 1,830.50 Colombian Pesos to U.S.$1.00). The Colombian Tax Authority argues that CEMEX Colombia is limited in its use of prior year tax losses to 25% of such losses per subsequent year. We believe that the tax provision that limits the use of prior year tax losses does not apply in the case of CEMEX Colombia because the applicable tax law was repealed in 2006. Furthermore, we believe that the Colombian Tax Authority is no longer able to review the 2008 tax return because the time to review such returns has already expired pursuant to Colombian law. In February 2011, CEMEX Colombia presented its arguments to the Colombian Tax Authority. On July 27, 2011, the Colombian Tax Authority issued its final determination, which confirmed the information in the November 10, 2010 proceeding notice (*requerimiento especial*). The official assessment was appealed by CEMEX Colombia on September 27, 2011, and the Colombian Tax Authority has one year to resolve the appeal. On July 31, 2012, the Colombian Tax Authority notified CEMEX Colombia of the resolution confirming the official liquidation. CEMEX Colombia has until November 30, 2012 to file a lawsuit challenging the official assessment issued by the Colombian Tax.

On April 1, 2011, the Colombian Tax Authority notified CEMEX Colombia of a proceeding notice ( *requerimiento especial*) in which the Colombian Tax Authority rejected certain deductions taken by CEMEX Colombia in its 2009 year-end tax return. The Colombian Tax Authority assessed an increase in taxes to be paid by CEMEX Colombia in the amount of approximately 90 billion Colombian Pesos (approximately U.S.$49.16 million as of August 31, 2012, based on an exchange rate of 1,830.50 Colombian Pesos to U.S.$1.00) and imposed a penalty in the amount of approximately 144 billion Colombian Pesos (approximately U.S.$78.67 million as of August 31, 2012, based on an exchange rate of 1,830.50 Colombian Pesos to U.S.$1.00). The Colombian Tax Authority argues that certain expenses are not deductible for fiscal purposes because they are not linked to direct revenues recorded in the same fiscal year, without taking into consideration that future revenue will be taxed with income tax in Colombia. CEMEX Colombia responded to the proceeding notice (*requerimiento especial*) on June 25, 2011. On December 15, 2011, the Colombian Tax Authority issued its final determination, which confirmed the information in the special proceeding. CEMEX Colombia appealed the final determination on February 15, 2012 and the Colombian Tax Authority has one year to resolve the appeal.

At this stage, we are not able to assess the likelihood of an adverse result or potential damages which could be borne by CEMEX Colombia in either of the special proceedings described above, but if adversely resolved, they could have a material adverse impact on our financial results.

**Other Legal Proceedings**

*Expropriation of CEMEX Venezuela and ICSID Arbitration*. On August 18, 2008, Venezuelan officials took physical control of the facilities of CEMEX Venezuela, following the issuance of several governmental decrees purporting to authorize the takeover by the government of Venezuela of all of CEMEX Venezuela's assets, shares and business. Around the same time, the Venezuelan government removed the board of directors of CEMEX

Venezuela and replaced its senior management. On October 16, 2008, CEMEX Caracas, which held a 75.7% interest in CEMEX Venezuela, filed a request for arbitration against the government of Venezuela before the International Centre for Settlement of Investment Disputes, or ICSID, seeking relief for the expropriation of their interest in CEMEX Venezuela. In the ICSID proceedings against Venezuela, CEMEX Caracas was seeking: (a) a declaration that the government of Venezuela was in breach of its obligations under a bilateral investment treaty between the Netherlands and Venezuela (the "Treaty"), the Venezuelan Foreign Investment Law and customary international law; (b) an order that the government of Venezuela restore to CEMEX Caracas their interest in, and control over, CEMEX Venezuela; (c) in the alternative, an order that the government of Venezuela pay CEMEX Caracas full compensation with respect to its breaches of the Treaty, the Venezuelan Foreign Investment Law and customary international law, in an amount to be determined in the arbitration, together with interest at a rate not less than LIBOR, compounded until the time of payment; and (d) an order that the government of Venezuela pay all costs of and associated with the arbitration, including CEMEX Caracas's legal fees, experts' fees, administrative fees and the fees and expenses of the arbitral tribunal. The ICSID Tribunal was constituted on July 6, 2009. The arbitral tribunal issued its decision in favor of jurisdiction on December 30, 2010.

Separately, the government of Venezuela had claimed that three cement transportation vessels, which the former CEMEX Venezuela transferred to a third party before the expropriation, continue to be the property of the former CEMEX Venezuela and obtained interim measures before Venezuelan courts barring further transfer or disposition of those vessels. The government of Venezuela attempted to enforce these interim measures in the courts of Panama, and on October 13, 2010, the Panamanian Supreme Civil Court confirmed its prior rejection of such attempt to give the Venezuelan interim measures legal effect in Panama. In December of 2010, the Venezuelan Attorney General's office filed a complaint before the Maritime Court of the First Instance, Caracas, again seeking an order for the transfer of the vessels and damages for the allegedly unlawful deprivation of Venezuela's use and enjoyment of the vessels.

On November 30, 2011, following negotiations with the government of Venezuela and its public entity Corporación Socialista de Cemento, S.A., a settlement agreement was reached between CEMEX Caracas and the government of Venezuela that closed on December 13, 2011. Under this settlement agreement, CEMEX Caracas received compensation for the expropriation of CEMEX Venezuela in the form of (i) a cash payment of approximately U.S.$240 million and (ii) notes issued by PDVSA which nominal value and interest income to maturity totaled U.S.$360 million. Additionally, as part of the settlement, claims, including the above referenced claim regarding the three transportation vessels, among all parties and their affiliates were released, and all intercompany payments due (approximately U.S.$154 million) from or to CEMEX Venezuela to and from CEMEX affiliates, as the case may be, were cancelled. As a result of this settlement agreement, CEMEX Caracas and the government of Venezuela agreed to withdraw its ICSID arbitration.

*Colombian Construction Claims*. On August 5, 2005, the Urban Development Institute (Instituto de Desarrollo Urbano) and an individual filed a lawsuit in the Fourth Anti-Corruption Court of Bogotá (*Fiscalía Cuarta Anticorrupción de Bogotá*) against a subsidiary of CEMEX Colombia, S.A. claiming that it was liable, along with the other members of the *Asociación Colombiana de Productores de Concreto*, or ASOCRETO, a union formed by all the ready-mix concrete producers in Colombia, for the premature distress of the roads built

for the mass public transportation system of Bogotá using ready-mix concrete supplied by CEMEX Colombia and other ASOCRETO members. The plaintiffs allege that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs seek the repair of the roads in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair will be approximately 100 billion Colombian Pesos (approximately U.S.$54.62 million as of August 31, 2012, based on an exchange rate of 1,830.50 Colombian Pesos to U.S.$1.00). The lawsuit was filed within the context of a criminal investigation of two ASOCRETO officers and other individuals, alleging that the ready-mix concrete producers were liable for damages if the ASOCRETO officers were criminally responsible. On January 21, 2008, CEMEX Colombia was subject to a judicial order, issued by the court, sequestering a quarry called El Tunjuelo, as security for a possible future money judgment to be rendered against CEMEX Colombia in these proceedings. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required within a period of ten days to deposit with the court in cash 337.8 billion Colombian Pesos (approximately U.S.$184.53 million as of August 31, 2012, based on an exchange rate of 1,830.50 Colombian Pesos to U.S.$1.00), instead of being allowed to post an insurance policy to secure such recovery. CEMEX Colombia asked for reconsideration, and the court allowed CEMEX to present an insurance policy. Nevertheless, CEMEX appealed this decision, in order to reduce the amount of the insurance policy, and also requested that the guarantee be covered by all defendants in the case. On March 9, 2009, the Superior Court of Bogotá reversed this decision, allowing CEMEX to offer a security in the amount of 20 billion Colombian Pesos (approximately U.S.$10.92 million as of August 31, 2012, based on an exchange rate of 1,830.50 Colombian Pesos to U.S.$1.00). CEMEX gave the aforementioned security, and on July 27, 2009, the Superior Court of Bogotá lifted the attachment on the quarry. One of the plaintiffs appealed this decision, but the Supreme Court of Bogotá confirmed the lifting of the attachment. At this stage, as of August 31, 2012, we are not able to assess the likelihood of an adverse result or, because of the number of defendants, the potential damages which could be borne by CEMEX Colombia. The preliminary hearing to dismiss was unsuccessful and the final argument stage concluded on August 28, 2012. We expect for a final resolution to be made by the end of 2012. CEMEX Colombia has not recorded any accounting provisions as it feels it has sufficient arguments to overcome this action, but if adversely resolved it could have a material negative effect on our results of operation.

As a consequence of the prematurely faulty paving stones of " *Transmilenio—Autopista Norte*" in Colombia, six citizen actions were brought against CEMEX Colombia. The Colombian Administrative Court nullified five of such actions and currently, only the popular action brought by the citizen Félix Ocampo, remains outstanding. In addition, the Urban Development Institute ( *Instituto de Desarrollo Urbano*) filed another popular action alleging that CEMEX Colombia made deceiving advertisements on the characteristics of the fluid filling of the material used. In the " *Transmilenio—Autopista Norte*" project, CEMEX Colombia participated solely and exclusively as supplier of the fluid filling and ready-mix concrete, which were delivered and received to satisfaction of the contractor, fulfilling all the required technical specifications. Likewise, CEMEX Colombia did not participate nor had any responsibility on the design, materials and their corresponding technical specifications.

*Croatian Concession Litigation*. After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans

defining the development zones within their respective municipalities, adversely impacting the mining concession granted to Cemex Hrvatska d.d., or CEMEX Croatia, our subsidiary in Croatia, by the Government of Croatia in September 2005. During the consultation period, CEMEX Croatia submitted comments and suggestions to the Master Plans, but these were not taken into account or incorporated into the Master Plans by Kaštela and Solin. Most of these comments and suggestions were intended to protect and preserve the rights of CEMEX Croatia's mining concession. Immediately after publication of the Master Plans, CEMEX Croatia filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions including: (i) on May 17, 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning CEMEX Croatia's constitutional claim for decrease and obstruction of rights earned by investment, and seeking prohibition of implementation of the Master Plans; this appeal is currently under review by the Constitutional Court in Croatia, and we cannot predict when it will be resolved; and (ii) on May 17, 2006, an administrative proceeding seeking a declaration from the Government of Croatia confirming that CEMEX Croatia acquired rights under the mining concessions. The ruling of the Croatian administrative body confirms that CEMEX Croatia acquired rights according to the previous decisions. The Administrative Court in Croatia has ruled in favor of CEMEX Croatia, validating the legality of the mining concession granted to CEMEX Croatia by the Government of Croatia, in September 2005. As of August 31, 2012, we have not been notified of an official declaration from the Constitutional Court regarding an open question that CEMEX Croatia has formally made as to whether the cities of Solin and Kaštela, within the scope of their Master Plans, can unilaterally change the borders of exploited fields. We believe that a declaration of the Constitutional Court will enable us to seek compensation for the losses caused by the proposed border changes.

*Florida Litigation Relating to the Brooksville South Project*. In November 2008, AMEC/Zachry, the general contractor for the Brooksville South expansion project in Florida, filed a lawsuit against CEMEX Florida in Florida State Court in Orlando (Complex Commercial Litigation Division), alleging delay damages, seeking an equitable adjustment to the Design/Build contract and payment of change orders. AMEC/Zachry seeks U.S.$60 million as compensation. In February 2009, AMEC/Zachry filed an amended complaint asserting a claim by AMEC E&C Services, Inc. against CEMEX Materials, LLC ("CEMEX Materials") as the guarantor of the Design/Build contract. CEMEX Florida answered the suit, denying any breach of contract and asserting affirmative defenses and counterclaims against AMEC/Zachry for breach of contract. CEMEX Florida also asserted certain claims against AMEC, plc as the guarantor for the contract and FLSmidth, Inc. ("FLS") as the equipment manufacturer. FLS filed a variety of motions challenging CEMEX Florida's claims against FLS. Based upon the court rulings on FLS's motions, on July 16, 2010, CEMEX Florida amended its counterclaim against AMEC/Zachry and its crossclaim against FLS. CEMEX Florida asserted new claims against AMEC/Zachry for negligent misrepresentation, and reasserted its claims for common law indemnity, negligent misrepresentation and breach of contract against FLS. FLS and AMEC/Zachry have filed new motions challenging CEMEX Florida's amended complaint. FLS also filed an amended answer asserting crossclaims against CEMEX Florida and CEMEX Materials for breach of contract and unjust enrichment. CEMEX filed a motion to dismiss FLS's crossclaims. On November 18, 2010, the Florida State court denied AMEC/Zachry's motion to dismiss against CEMEX Florida. The parties have since further amended their pleadings to add new claims and defenses and continue to conduct discovery. Motions seeking dismissal of discreet claims and defenses are pending before the court. A non-jury trial is presently scheduled to commence on October 22, 2012.

Until discovery is substantially complete, we remain unable to assess the likelihood of an adverse result or the potential damages which could be borne by CEMEX Florida or CEMEX Materials. As of September 7, 2012, the parties to this proceeding are finalizing the terms and conditions to a possible settlement. We have adequate accounting provisions for this matter.

*Panamanian Height Restriction Litigation*. On July 30, 2008, the Panamanian *Autoridad de Aeronáutica Civil* denied a request by our subsidiary Cemento Bayano to erect structures above the permitted height restriction applicable to certain areas surrounding Calzada Larga Airport. This height restriction is set according to applicable legal regulations and reaches the construction area of the cement plant's second line. According to design plans, ten of the planned structures would exceed the permitted height. Cemento Bayano has formally requested the above-mentioned authority to reconsider its denial. On October 14, 2008, The Panamanian *Autoridad de Aeronáutica Civil* granted permission to construct the tallest building of the second line, under the following conditions: (a) Cemento Bayano shall assume any liability arising out of any incident or accident caused by the construction of such building; and (b) there will be no further permissions for additional structures. Cemento Bayano filed an appeal with respect to the second condition and has submitted a request for permission in respect to the rest of the structures. On March 13, 2009, the *Autoridad de Aeronáutica Civil* issued a ruling stating that (a) should an accident occur in the perimeter of the Calzada Larga Airport, an investigation shall be conducted in order to determine the cause and further responsibility; and (b) there will be no further permissions for additional structures of the same height as the tallest structure already granted. Therefore, additional permits may be obtained as long as the structures are lower than the tallest building, on a case-by-case analysis to be conducted by the authority. On June 11, 2009, the Panamanian *Autoridad de Aeronáutica Civil* issued a ruling denying a permit for additional structures above the permitted height restriction applicable to certain areas surrounding Calzada Larga Airport. On June 16, 2009, Cemento Bayano, S.A. requested the abovementioned authority to reconsider its denial. As of August 31, 2012, the *Panamanian Autoridad de Aeronaútica Civil* had not yet issued a ruling pursuant to our request for reconsideration. We will continue the negotiations with officials at the *Panamanian Autoridad de Aeronaútica Civil* in hopes of attaining a negotiated settlement that addresses all their concerns.

*Texas General Land Office Litigation*. The Texas General Land Office ("GLO") alleged that CEMEX Construction Materials South, LLC failed to pay approximately U.S.$550 million in royalties related to mining by CEMEX and its predecessors since the 1940s on lands that, when transferred originally by the State of Texas, contained reservation of mineral rights. The petition filed by the GLO also sought injunctive relief, although the State did not pursue such relief. On December 17, 2009, the Texas state district court granted CEMEX's motion for summary judgment finding that the GLO's claims had no merit. The GLO filed a Motion for Reconsideration that was denied by the court. The court severed the parties' ancillary claims, including CEMEX's counter claims and third-party claims against Texas Land Commissioner Jerry Patterson and the State's trespass to try title claim against CEMEX, from the case's central claims of breach of contract, conversion and injunction, holding that these ancillary claims should be held in abeyance until resolution of the GLO's appeal. The GLO filed its appeal on March 25, 2010. Both parties submitted briefs and the Court of Appeals heard oral arguments on May 3, 2011. On August 31, 2011, the El Paso Court of Appeals reversed the trial court's judgment and rendered judgment in favor of the State of Texas with respect to the ownership of the materials on the lands mined by CEMEX and its predecessors in interest. On November 16, 2011, CEMEX petitioned the Texas Supreme Court for review of the El Paso Court of Appeals' decision. On February 23, 2012, the GLO and CEMEX

entered into an agreement to settle all claims, including claims for past royalties, without any admission of liability by CEMEX. Pursuant to the settlement, CEMEX will pay U.S.$750,000 in five equal installments of U.S.$150,000 per year and will enter into a royalty mining lease at the royalty rate required by the Texas Natural Resources Code on a going forward basis, beginning in September 2012. Further, CEMEX's pending appeal to the Texas Supreme Court has been withdrawn and all ancillary claims that were held in abeyance have been dismissed.

*Strabag Arbitration*. Following an auction process, CEMEX (through its subsidiary RMC Holding B.V.) entered into a share purchase agreement, dated July 30, 2008 (the "SPA"), to sell its operations in Austria (then consisting of 26 aggregates and 41 ready-mix concrete plants) and Hungary (then consisting of 6 aggregates, 29 ready-mix concrete and 4 paving stone plants) to Strabag SE, one of Europe's leading construction and building materials groups ("Strabag"), for €310 million (approximately U.S.$387.69 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00). On February 10, 2009, the Hungarian Competition Council approved the sale of the Hungarian assets subject to the condition that Strabag sell the ready-mix concrete plant operating in Salgótarján to a third party within the next year. On April 28, 2009, the Austrian Cartel Court (Kartellgericht) (the "ACC") approved the sale of the Austrian assets subject to the condition that Strabag sell to a third party several ready-mix concrete plants, including the Nordbahnhof plant in Vienna. The Nordbahnhof plant had, however, already been dismantled by the time of the approval, so this condition could not be satisfied. Contrary to CEMEX's recommendation that a supplementary application should have been made to the ACC, Strabag and the Austrian competition authority appealed the decision of the ACC. On July 1, 2009, Strabag gave notice of its purported rescission of the SPA, arguing that the antitrust condition precedent under the SPA had not been satisfied before the contractual cut-off date of June 30, 2009. On the same day, CEMEX notified Strabag that CEMEX considered their purported rescission invalid. In the face of Strabag's continued refusal to cooperate in making a supplementary application to the ACC, CEMEX rescinded the SPA with effect from September 16, 2009. On October 19, 2009, we (through RMC Holding B.V.) filed a claim against Strabag before the International Arbitration Court of the International Chamber of Commerce, requesting a declaration that Strabag's rescission of the SPA was invalid, that CEMEX's rescission was lawful and effective and claiming damages in a substantial amount likely to exceed €150 million (approximately U.S.$187.59 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00). On December 23, 2009, Strabag filed its answer to CEMEX's request for arbitration asking the tribunal to dismiss the claim and also filed a counterclaim for an amount of €800,000 (approximately U.S.$1 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) as damages and applied for security for costs in the amount of €1,000,000.00 (approximately U.S.$1.25 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) in the form of an on-demand bank guarantee. The security for costs application was withdrawn by Strabag on March 9, 2010. CEMEX considered Strabag's counterclaim to be unfounded. The arbitral tribunal was constituted on February 16, 2010 and a first procedural hearing was held on March 23, 2010 at which the parties agreed on the terms of reference and procedural rules in accordance with Article 18 of the ICC Rules of Arbitration. Pursuant to the procedural rules, on June 30, 2010, CEMEX submitted its statement of claim and its list of witnesses. On October 29, 2010, Strabag submitted its statement of defense and counterclaim. On January 14, 2011, CEMEX submitted its reply and answer to Strabag's counterclaim. On March 7, 2011, Strabag submitted its rejoinder. Pursuant to Article 21 of the ICC Rules of Arbitration, the evidentiary hearing took place from May 2 to May 9, 2011. The hearing on quantum (attended by the

quantum experts) took place on September 20, 2011. A second hearing on quantum was held on November 23 and 24, 2011. Post-hearing briefs were submitted on December 22, 2011, concluding that stage of the proceedings. The final award dated May 29, 2012, was notified to CEMEX on June 1, 2012. According to this final award, the arbitral tribunal declared that Strabag's rescission of the SPA was unlawful and ineffective, and ordered Strabag to pay to CEMEX: (i) damages in the amount of €30,000,000.00 (approximately U.S.$37.51 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) with interest thereon from the date of the Request for Arbitration (October 19, 2009) until payment in full at the rate of 8.32% per annum; (ii) default interest for the period of July 7, 2009 through September 16, 2009 in the amount of €4,946,182.00 (approximately U.S.$6.18 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) with interest thereon from the date of the statement of claim (June 30, 2010) until payment in full at the rate of 4% per annum; (iii) US$250,000.00 as partial compensation for CEMEX's ICC costs of arbitration and (iv) €750,551.00 (approximately U.S.$938,658.07 as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) as compensation for CEMEX's legal costs incurred in the proceedings. Also, Strabag's counterclaim was dismissed. Strabag has filed an annulment action before the Swiss Federal Court on July 2, 2012.

In relation to the annulment process with the Swiss Federal Court, on July 20, 2012, Strabag paid us, through RMC Holdings B.V., the amounts ordered by the arbitral tribunal on its final award dated May 29, 2012 (principal plus surplus accrued interest) totalling €42,977,921.66 (approximately U.S.$53.74 million as of August 31, 2012, based on an exchange rate of €0.7996 to U.S.$1.00) and U.S.$250,520.55, and, in order to secure the potential obligation for RMC Holdings B.V. to repay these amounts to Strabag in the event that the Swiss Federal Supreme Court resolves to annul the May 29, 2012 final award, RMC Holdings B.V. pledged in favour of Strabag 496,355 shares (representing approximately a 33% stake) in its subsidiary Cemex Austria AG. On September 6, 2012, we presented our reply to the annulment action before the Swiss Federal Court.

*Colombian Water Use Litigation*. On June 5, 2010, the District of Bogotá's environmental secretary ( *Secretaría Distrital de Ambiente de Bogotá*) issued a temporary injunction suspending all mining activities at CEMEX Colombia's El Tunjuelo quarry, located in Bogotá, Colombia. As part of the temporary injunction, Holcim Colombia and Fundación San Antonio (local aggregates producers which also have mining activities located in the same area as the El Tunjuelo quarry) have also been ordered to suspend mining activities in that area. The District of Bogotá's environmental secretary alleges that during the past 60 years, CEMEX Colombia and the other companies have illegally changed the course of the Tunjuelo River, have used the percolating waters without permission and have improperly used the edge of the river for mining activities. In connection with the temporary injunction, on June 5, 2010, CEMEX Colombia received a formal notification from the District of Bogotá's environmental secretary informing it of the initiation of proceedings to impose fines against CEMEX Colombia. CEMEX Colombia has requested that the temporary injunction be revoked, arguing that its mining activities are supported by all authorizations required pursuant to the applicable environmental laws and that all the environmental impact statements submitted by CEMEX Colombia have been reviewed and authorized by the Environmental Ministry ( *Ministerio del Medio Ambiente, Vivienda y Desarrollo Territorial*). On June 11, 2010, the local authorities in Bogotá, in compliance with the District of Bogotá's environmental secretary's decision, sealed off the mine to machinery and prohibited the extraction of our aggregates inventory. Although there is not an official quantification of the possible fine, the District of Bogotá's environmental secretary has publicly declared that the

fine could be as much as 300 billion Colombian Pesos (approximately U.S.$163.89 million as of August 31, 2012, based on an exchange rate of 1,830.50 Colombian Pesos to U.S.$1.00). The temporary injunction does not currently compromise the production and supply of ready-mix concrete to any of our clients in Colombia. CEMEX Colombia is analyzing its legal strategy to defend itself against these proceedings. At this stage, as of August 31, 2012, we are not able to assess the likelihood of an adverse result, but if adversely resolved, it could have a material adverse impact on our financial results.

*Israeli Class Action Litigation*. On June 21, 2012, one of our subsidiaries in Israel was notified about an application for the approval of a class action suit against it. The application was filed by a homeowner who built his house with concrete supplied by our subsidiary in Israel in October of 2010. According to the application, the plaintiff claims that the concrete supplied to him did not meet with the "Israel Standard for Concrete Strength No. 118" and that as a result our subsidiary in Israel acted unlawfully toward all of its customers who requested a specific type of concrete but that received concrete that did not comply with the Israeli standard requirements. As per the application, the plaintiff claims that the supply of the alleged non-conforming concrete has caused financial and non-financial damages to those customers, including the plaintiff. We presume that the class action would represent the claim of all the clients who purchased the alleged non-conforming concrete from our subsidiary in Israel during the past 7 years, the limitation period according to applicable laws in Israel. The damages that would be sought amount to approximately ILS 276 million (approximately U.S.$ 68.52 million as of August 31, 2012, based on an exchange rate of Israeli Shekel 4.028 to U.S.$1.00). Our subsidiary in Israel has until November 5, 2012 to submit a formal response to the corresponding court. At this stage, we believe the application is vexatious and should be dismissed without any expense to us. As of August 31, 2012 our subsidiary in Israel is analyzing the legal strategy to be employed and is also not able to assess the likelihood of the class action application being approved or, if approved, of an adverse result, but if adversely resolved, we do not believe the final resolutions would have a material adverse impact on our financial results.

*Egypt Share Purchase Agreement*. On September 13, 2012, Assiut Cement Company ("ACC"), through local media in Egypt, learned about a preliminary non-enforceable decision against ACC made by a court of first instance in Assiut, Egypt, regarding the annulment of a Share Purchase Agreement signed in November 1999 between CEMEX and state-owned Metallurgical Industries Company pursuant to which CEMEX acquired a controlling interest in ACC. The decision is preliminary and non-enforceable, but in any case, ACC intends in due course to appeal the Assiut Court's decision, and, if required, use any other legal resources it has available to protect its rights. As of September 13, 2012, ACC continues to operate normally, offering quality building materials and services to its customers in Egypt. At this stage, as ACC has not been formally notified and the decision is preliminary and not enforceable, we are not able to determine if the decision could have a material adverse impact on our financial results.

As of August 31, 2012, we are involved in various legal proceedings involving product warranty claims, environmental claims, indemnification claims relating to acquisitions and similar types of claims brought against us that have arisen in the ordinary course of business. We believe we have made adequate provisions to cover both current and contemplated general and specific litigation risks, and we believe these matters will be resolved without any significant effect on our operations, financial position or results of operations. We are sometimes able to make and disclose reasonable estimates of the expected loss or range of

possible loss, as well as disclose any provision accrued for such loss. However, for a limited number of ongoing legal proceedings, we may not be able to make a reasonable estimate of the expected loss or range of possible loss or may be able to do so but believe that disclosure of such information on a case-by-case basis would seriously prejudice our position in the ongoing legal proceedings or in any related settlement discussions. Accordingly, in these cases, we have disclosed qualitative information with respect to the nature and characteristics of the contingency, but have not disclosed the estimate of the range of potential loss.

   Where: "**Excluded Position**" means each of the positions set forth in Annex 1 hereto as in effect on the date of this Agreement and, with respect to the positions specified in paragraphs (a), (b) and (c) of Annex 1, any replacements, amendments or renewals thereof that are entered into on then prevailing market terms with the underlying amounts not greater than the original underlying amounts. " **Permitted Non-Bank Commodity Contract**" means any commodity contract or agreement with respect to which all parties and credit support providers are not financial institutions and any agreement incidental thereto. 2. The board of directors shall, from time to time, adopt policies governing the Group's entry into Permitted Treasury Transactions. The board of directors shall approve any Permitted Treasury Transactions that are required to be approved by the board of directors in accordance with applicable company regulations and by-laws. Management shall approve all other Permitted Treasury Transactions in accordance with such board of director policies.

3. No Obligor will (and the Parent will procure that no members of the Group will) post additional collateral or margin in respect of an Excluded Position or a Permitted Non-Bank Commodity Contract for which collateral or margin is already posted, or any collateral or margin in respect of any other Treasury Transaction, except as permitted under paragraphs (L) and (Q) of the definition of Permitted Security set out in Clause 22.5 (*Negative pledge*) of this Agreement. Notwithstanding the foregoing, members of the Group may replace collateral or margin posted as of the date of this Agreement in respect of an Excluded Position as described in Schedule 12 ( *Existing Security and Quasi-Security*) with a Permitted Put/Call Transaction for the purpose of obtaining a Cash Collateral Release Amount, provided any amount of collateral or margin posted at any time in connection with such Excluded Position in excess of the amount described in Schedule 12 ( *Existing Security and Quasi-Security*) in respect of such Excluded Position complies with paragraphs (L) and (Q) of the definition of Permitted Security in Clause 22.5 ( *Negative pledge*) of this Agreement.

Dear Sirs

**CEMEX, S.A.B. de C.V. – Facilities Agreement**
**dated [ ] 2012 (the "Facilities Agreement")**

We are considering acquiring an interest in the Facilities Agreement which, subject to the terms of the Facilities Agreement, may be by way of novation, assignment, the entering into, whether directly or indirectly, of a sub-participation or any other similar transaction under which payments are to be made or may be made by reference to one or more relevant Finance Documents and/or one or more relevant Obligors or by way of investing in or otherwise financing, directly or indirectly, any such novation, assignment, sub-participation or other similar transaction (each, an " **Acquisition**"). In consideration of you agreeing to make available to us certain information in relation to each Acquisition, by our signature of this letter we agree as follows (acknowledged and agreed by you by your signature of a copy of this letter):

1. **Confidentiality Undertaking**

We undertake in relation to each Acquisition whether completed or not, (a) to keep all Confidential Information confidential and not to disclose it to anyone, save to the extent permitted by paragraph 2 below and to ensure that all Confidential Information is protected with security measures and a degree of care that would apply to our own confidential information, (b) until that Acquisition is completed to use the Confidential Information only for the Permitted Purpose, (c) to keep confidential and not disclose to anyone except as provided for by paragraph 2 below the fact that the Confidential Information has been made available or that discussions or negotiations are taking place or have taken place between us in connection with the Facilities, and (d) to use all reasonable endeavours to ensure that any person to whom we pass any Confidential Information (unless disclosed under paragraph 2 below) acknowledges and complies with the provisions of this letter as if that person were also a party to it.

2. **Permitted Disclosure**

You agree that we may disclose:

2.1 to any of our Affiliates and any of our or their officers, directors, employees, professional advisers and auditors such Confidential Information as we shall consider appropriate if any person to whom the Confidential Information is to be given pursuant to this paragraph 2.1 is informed in writing of its confidential nature and that some or all of such Confidential Information may be price-sensitive information, except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of the information or is otherwise bound by requirements of confidentiality in relation to the Confidential Information;

2.2 subject to the requirements of the Facilities Agreement, to any person:

(a) to (or through) whom we assign or transfer (or may potentially assign or transfer) all or any of our rights and/or obligations which we may acquire under the Facilities Agreement such Confidential Information as we shall consider appropriate if the person to whom the Confidential Information is to be given pursuant to this sub-paragraph (a) of paragraph 2.2 has delivered a letter to you materially in equivalent form to this letter;

3. **Notification of Disclosure**

We agree in relation to each Acquisition (whether completed or not), (to the extent permitted by law and regulation) to inform you:

3.1 of the circumstances of any disclosure of Confidential Information made pursuant to sub-paragraph (c) of paragraph 2.2 above except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and

6.2 you or members of the Group may be irreparably harmed by the breach of the terms of this letter and damages may not be an adequate remedy; each Relevant Person may be granted an injunction or specific performance for any threatened or actual breach of the provisions of this letter by us.

7. **Entire Agreement: No Waiver; Amendments, etc**

7.1 This letter constitutes the entire agreement between us in relation to our obligations regarding Confidential Information and supersedes any previous agreement, whether express or implied, regarding Confidential Information.

7.2 No failure to exercise, nor any delay in exercising, any right or remedy under this letter will operate as a waiver of any such right or remedy or constitute an election to affirm this letter. No election to affirm this letter will be effective unless it is in writing. No single or partial exercise of any right or remedy will prevent any further or other exercise thereof or the exercise of any other right or remedy under this letter.

7.3 The terms of this letter and our obligations under this letter may only be amended or modified by written agreement between the parties and the Parent.

8. **Inside Information**

We acknowledge that some or all of the Confidential Information is or may be price-sensitive information and that the use of such information may be regulated or prohibited by applicable legislation including securities law relating to insider dealing and market abuse and we undertake not to use any Confidential Information for any unlawful purpose.

9. **Nature of Undertakings**

The undertakings given by us under this letter are given to you and are also given for the benefit of the Parent and each other member of the Group.

10. **Third Party Rights**

10.2 The Relevant Persons may enjoy the benefit of the terms of paragraphs 6 and 9 subject to and in accordance with this paragraph 10 and the provisions of the Third Parties Act.

10.3 Notwithstanding any provisions of this letter, the parties to this letter do not require the consent of any Relevant Person (other than the Parent) to rescind or vary this letter at any time.

11. **Governing Law and Jurisdiction**

11.1 This letter (including the agreement constituted by your acknowledgement of its terms) (the " **Letter**") and any non-contractual obligations arising out of or in connection with it (including any non-contractual obligations arising out of the negotiation of the transaction contemplated by this Letter) are governed by English law.

11.2 The courts of England have non-exclusive jurisdiction to settle any dispute arising out of or in connection with this Letter (including a dispute relating to any non-contractual obligation arising out of or in connection with either this Letter or the negotiation of the transaction contemplated by this Letter).

12. **Definitions**

In this letter (including the acknowledgement set out below) terms defined in the Facilities Agreement shall, unless the context otherwise requires, have the same meaning and:

"**Confidential Information**" means, in relation to each Acquisition, all information relating to the Parent, any Obligor, the Group, the Finance Documents, the Facilities and/or the Acquisition which is provided to us in relation to the Finance Documents or the Facilities by you or any of your affiliates or advisers, in whatever form, and includes information given orally and any document, electronic file or any other way of representing or recording information which contains or is derived or copied from such information but excludes information that:

### 2.3 Intra-Group Liabilities

(a) Each of the Parties agrees that with effect from the date of this Agreement and until the Final Discharge Date, the Intra-Group Liabilities are, in any Insolvency Proceedings in relation to the relevant Debtor or Security Provider, postponed and subordinated to the Liabilities owed by that Debtor or Security Provider to the Facilities Agreement Creditors, the Refinancing Creditors and the Noteholders.

(b) This Agreement does not purport to rank any of the Intra-Group Liabilities as between themselves.

### 3.1 Restriction on Payment: Intra-Group Liabilities

Until the Final Discharge Date, the Debtors and Security Providers shall not, and shall procure that no other member of the Group will, make any Payments of the Intra-Group Liabilities at any time unless that Payment is permitted under Clause 3.2 ( *Permitted Payments: Intra-Group Liabilities*).

### 3.3 Payment obligations continue

No Debtor or Security Provider shall be released from the liability to make any Payment (including of default interest, which shall continue to accrue) under any Intra-Group Document by the operation of Clauses 3.1 ( *Restriction on Payment: Intra-Group Liabilities* ) and 3.2 (*Permitted Payments: Intra-Group Liabilities*) even if its obligation to make that Payment is restricted at any time by the terms of any of those Clauses.

(b) The Security Agent shall apply distributions paid to it under paragraph (a) above in accordance with Clause 10 ( *Application of Proceeds*). For the avoidance of doubt, Noteholders have no benefit of the recoveries under Clause 10.2 ( *Order of application – Debt Claim Recoveries*).

### 4.2 Set-Off

Prior to the Final Discharge Date, to the extent that any Debtor, Security Provider or Material Subsidiary's Liabilities or Intra-Group Liabilities are discharged by way of set-off (mandatory or otherwise) after the occurrence of an Insolvency Event in relation to that Debtor, Security Provider or Material Subsidiary, any Creditor or, as the case may be, any Intra-Group Lender, which benefited from that set-off shall pay an amount equal to the amount of the Liabilities or Intra-Group Liabilities owed to it which are discharged by that set-off to the Security Agent for application in accordance with Clause 10 (*Application of Proceeds*).

4.5 **Actions of Creditors and Intra-Group Lenders**

Each Creditor and Intra-Group Lender will:

(a) do all things that the Security Agent (acting in accordance with Clause 4.6 ( *Security Agent instructions*)) reasonably requests in order to give effect to this Clause 3; and

(b) if the Security Agent is not entitled to take any of the actions contemplated by this Clause 3 or is otherwise prevented from taking or, in respect of any Creditor or Intra-Group Lender, unable to take, the actions contemplated by this Clause 3 and (acting in accordance with Clause 4.6 (*Security Agent instructions*)) requests that a Creditor or Intra-Group Lender take that action, undertake that action itself in accordance with the instructions of the Security Agent (acting in accordance with Clause 4.6 ( *Security Agent instructions*)) or grant a power of attorney to the Security Agent (on such terms as the Security Agent (acting in accordance with Clause 4.6 ( *Security Agent instructions*)) may

(c) In the case of a Distressed Disposal effected by or at the request of the Security Agent (acting in accordance with paragraph (d) below), the Security Agent shall take reasonable care to obtain a fair market price having regard to the prevailing market conditions (though each of the other Parties to this Agreement acknowledges and agrees that the Security Agent shall have no obligation to postpone any such Distressed Disposal in order to achieve a higher price) (or, in respect of a disposition under the Mexican Security Trust Agreement shall observe the provisions set forth in the Mexican Security Trust Agreement in respect of foreclosure by the Mexican Security Trustee thereunder).

(d) For the purposes of paragraphs (a) and (c) above, the Security Agent shall act:

(i) if the relevant Distressed Disposal is being effected by way of enforcement of the Transaction Security, in accordance with paragraph (c) of Clause 7.2 (*Enforcement instructions*); and

(ii) in any other case:

(A) on the instructions of the Instructing Group; or

Each Creditor, Intra-Group Lender, Debtor and Security Provider will:

(a) do all things that:

(i) in the case of a Debtor or a Security Provider in relation to a Distressed Disposal under Clause 8.2, the Security Agent requests; or

in order to give effect to this Clause 8 (which shall include, without limitation, the execution of any assignments, transfers, releases or other documents that the Security Agent may consider to be necessary to give effect to the releases or disposals contemplated by this Clause 8); and

(b) if the Security Agent is not entitled to take any of the actions contemplated by this Clause 8 or is otherwise prevented from taking or, with respect to any Creditor or Intra-Group Lender, unable to take the actions contemplated by this Clause 8 and requests that a Creditor or Intra-Group Lender take that action, each Creditor or Intra-Group Lender will undertake that action itself in accordance with the instructions of the Security Agent or grant a power of attorney to the Security Agent (on such terms as the Security Agent may reasonably require) to enable the Security Agent to take such action under applicable law (any such power of attorney, with respect to any enforcement of Transaction Security governed by Spanish law or any claim against a Debtor or Security Provider incorporated in Spain, shall be notarised and apostilled);

Prior to the application of the proceeds of the Security Property in accordance with Clause 10.1 ( *Order of Application - Transaction Security Recoveries*) or Clause 10.2 (*Order of Application - Debt Claim Recoveries*) the Security Agent may, in its sole discretion, hold all or part of those proceeds in an interest bearing suspense or impersonal account(s) in the name of the Security Agent with a financial institution (including itself) which has a rating for its long-term unsecured and non credit-enhanced debt obligations of A- or higher by S&P or A- or higher by Fitch or A3 or higher by Moody's or a comparable rating from an internationally recognised credit rating agency and for so long as the Security Agent shall deem necessary (the interest being credited to the relevant account) pending the application from time to time of those monies in the Security Agent's discretion in accordance with the provisions of this Clause 10.4.

10.5 **Currency Conversion**

(a) For the purpose of, or pending the discharge of, any of the Secured Obligations the Security Agent may convert any monies received or recovered by the Security Agent into the Base Currency, at the Security Agent's Spot Rate of Exchange.

10.6 **Permitted Deductions**

The Security Agent shall be entitled, in its sole discretion (acting reasonably), (a) to set aside by way of reserve amounts required to meet and (b) to make and pay, any deductions and withholdings (on account of taxes or otherwise) which it is or shall be required by any applicable law to make from any distribution or payment made by it under this Agreement, and to pay all Taxes which are assessed against it in respect of any of the Charged Property, or as a consequence of performing its duties (save where such duties are performed in such a way that loss is suffered through gross negligence or wilful default), or by virtue of its capacity as Security Agent under any of the Debt Documents or otherwise (other than in connection with its remuneration for performing its duties under this Agreement).

10.7 **Good Discharge**

(a) Any payment to be made in respect of the Secured Obligations by the Security Agent:

(i) may be made to the Facility Agent on behalf of the Facilities Agreement Creditors;

(ii) may be made to the relevant Refinancing Creditors' Representative on behalf of its Refinancing Creditors;

(iii) may be made, in the case of Noteholders represented by a Noteholder Trustee, to the relevant Noteholder Trustee on behalf of its Noteholders, and to any Noteholder not so represented, directly,

and any payment made in that way shall be a good discharge, to the extent of that payment, by the Security Agent.

(b) The Security Agent is under no obligation to make the payments to any Agent or any Noteholder Trustee under paragraph (a) of this Clause 10.7 in the same currency as that in which the Liabilities owing to the relevant Creditor or Noteholder are denominated.

(c) The Security Agent is under no obligation to make payments to any Noteholder not represented by a Noteholder Trustee, as contemplated

under paragraph (a) of this Clause 10.7, unless that Noteholder has provided evidence satisfactory to the Security Agent, in its sole discretion (but acting reasonably), of (i) its identity, (ii) its holding of, or entitlement under, the Notes and (iii) the amounts claimed to be owed to it under those Notes.

10.8 **Calculation of Amounts**

For the purpose of calculating any person's share of any sum payable to or by it, the Security Agent shall be entitled to:

(b) assume that all moneys received or recovered as a result of the enforcement or realisation of the Security Property are applied in discharge of the Liabilities in accordance with the terms of the Debt Documents under which those Liabilities have arisen.

10.9 **Application and consideration**

In consideration for the covenants given to the Security Agent by each Debtor in Clause 11.2 ( *Finance Parallel Debt (Covenant to pay the Security Agent)*) and Clause 11.3 (*Notes Parallel Debt (Covenant to pay the Security Agent)* ), the Security Agent agrees with each Debtor to apply all moneys from time to time paid by such Debtor to the Security Agent in accordance with the provisions of Clause 10.1 ( *Order of Application - Transaction Security Recoveries*).

## 11. THE SECURITY AGENT

11.1 **Trust**

(a) The Security Agent declares that it shall hold the Security Property (save as provided in paragraph (b) below) on trust (in the case of the Transaction Security effected under the Mexican Security Trust Agreement, through the Mexican Security Trustee) for (or, if required by any Security Document, as an agent acting in the name and on behalf of) the equal and rateable benefit of the Secured Parties on the terms contained in this Agreement.

(b) The Security Agent declares that it, in the circumstances described in paragraph (g) of Clause 11.3 ( *Notes Parallel Debt (Covenant to pay the Security Agent)*) shall hold the Notes Parallel Debt Recoveries on trust for the Notes Secured Parties on the terms contained in this Agreement (and, with respect to such trust, as if references to "Secured Parties" in this Clause 11 were references to the Notes Secured Parties).

(c) By acceptance of the benefits of this Agreement, each Secured Party (whether or not a Party to this Agreement) (i) consents or, as the case may be, is deemed to consent, to the appointment of the Security Agent as trustee under this Agreement, (ii) confirms or, as the case may be, is deemed to confirm, that the Security Agent shall have the authority to act as the exclusive agent of such Secured Party for the enforcement of any remedies under or with respect to any Transaction Security Document and the giving or withholding of any consent or approval relating to any Charged Property or the Liabilities of any Debtor or Security Provider relating thereto, and (iii) agrees or, as the case may be, by accepting the benefits of this Agreement, is deemed to agree) that, except as provided in this Agreement, it shall not take any action to enforce any of such remedies or give any such consents or approvals.

(d) Each of the Parties to this Agreement agrees (and each Noteholder Trustee and Noteholder, by accepting the benefits of this Agreement, shall be deemed to agree) that the Security Agent shall have only those duties, obligations and responsibilities expressly specified in this Agreement or in the Security Documents to which the Security Agent is expressed to be a party (and no others shall be implied) subject at all times to the provisions of this Agreement limiting the responsibility or liability of the Security Agent.

(e) It is expressly understood and agreed by the Parties to this Agreement (and each Noteholder Trustee and Noteholder, by accepting the benefits of this Agreement, shall be deemed to agree) that:

(i) this Agreement is executed and delivered by the Security Agent not individually or personally but solely in its capacity as the Security Agent in the exercise of the powers and authority conferred and vested in it under this Agreement and the Debt Documents to which it is expressed to be a party;

(ii) in no case shall the Security Agent be (i) responsible or accountable in damages or otherwise to any other Secured Party, Debtor or Security Provider for any loss, damage or claim incurred by reason of any act or omission performed or omitted by the Security Agent in good faith in accordance with this Agreement and the Debt Documents in a manner within the scope of the authority conferred on it by this Agreement and the Debt Documents or by law (otherwise than as a result of its gross

negligence or wilful misconduct), or (ii) personally liable for or on account of any of the statements, representations, warranties, covenants or obligations stated to be those of any other Secured Party, Debtor or Security Provider all such liability, if any, being expressly waived by the Secured Parties, Debtors and Security Providers and any person claiming by, through or under such Secured Party, Debtor or Security Provider,

and it is also acknowledged that the Security Agent shall have no responsibility for the actions of any Creditor.

11.2 **Finance Parallel Debt (Covenant to pay the Security Agent)**

(a) Notwithstanding any other provision of this Agreement, each Debtor hereby, subject in each case to the limitations set out in clause 18 (*Guarantee and indemnity*) of the Facilities Agreement (if any), irrevocably and unconditionally undertakes to pay to the Security Agent, as creditor in its own right and not as representative of the other Creditor Secured Parties, sums equal to and in the currency of each amount payable by such Debtor to each of the Creditor Secured Parties under each of the Creditor Secured Documents as and when that amount falls due for payment under the relevant Creditor Secured Document or would have fallen due but for any discharge resulting from failure of another Creditor Secured Party to take appropriate steps, in Insolvency Proceedings affecting that Debtor, to preserve its entitlement to be paid that amount (in respect of each Debtor, its "**Finance Parallel Debt**").

(b) The Security Agent shall have its own independent right to demand payment of the amounts payable by each Debtor under this Clause 11.2, irrespective of any discharge of such Debtor's obligation to pay those amounts to the other Creditor Secured Parties resulting from failure by them to take appropriate steps, in Insolvency Proceedings affecting that Debtor, to preserve their entitlement to be paid those amounts.

(c) The rights of the Creditor Secured Parties (other than the Security Agent) to receive payment of amounts payable by each Debtor under the Creditor Secured Documents are several and are separate and independent from, and without prejudice to, the rights of the Security Agent to receive payment under this Clause 11.2.

(d) Any amount due and payable by a Debtor to the Security Agent under this Clause 11.2 shall be decreased to the extent that the other Creditor Secured Parties have received (and are able to retain) payment in full of the corresponding amount under the other provisions of the Creditor Secured Documents and any amount due and payable by a Debtor to the

other Creditor Secured Parties under those provisions shall be decreased to the extent that the Security Agent has received (and is able to retain) payment in full of the corresponding amount under this Clause 11.2.

(e) Each of the Parties to this Agreement accepts the provisions of this Clause 11.2.

11.3 **Notes Parallel Debt (Covenant to pay the Security Agent)**

(a) Notwithstanding any other provision of this Agreement, each Debtor hereby, subject in each case to the limitations set out in clause 18 (*Guarantee and indemnity*) of the Facilities Agreement (if any), irrevocably and unconditionally undertakes to pay to the Security Agent, as creditor in its own right and not as representative of the Notes Secured Parties, sums equal to and in the currency of each amount payable by such Debtor to each of the Notes Secured Parties under each of the Notes Secured Documents as and when that amount falls due for payment under the relevant Notes Secured Document or would have fallen due but for any discharge resulting from failure of another Notes Secured Party to take appropriate steps, in Insolvency Proceedings affecting that Debtor, to preserve its entitlement to be paid that amount (in respect of each Debtor, its "**Notes Parallel Debt**").

(b) The Security Agent shall have its own independent right to demand payment of the amounts payable by each Debtor under this Clause 11.3, irrespective of any discharge of such Debtor's obligation to pay those amounts to the Notes Secured Parties resulting from failure by them to take appropriate steps, in Insolvency Proceedings affecting that Debtor, to preserve their entitlement to be paid those amounts.

(c) The rights of the Notes Secured Parties (other than the Security Agent) to receive payment of amounts payable by each Debtor under the Notes Secured Documents are several and are separate and independent from, and without prejudice to, the rights of the Security Agent to receive payment under this Clause 11.3.

(d) Notwithstanding the foregoing, prior to an Enforcement Event, the Security Agent shall not be entitled to or demand payment of the amounts payable by each Debtor under this Clause 11.3 in connection with the realisation or enforcement of all or part of the Transaction Security.

(e) Each Notes Secured Party, by accepting the benefits of this Agreement, shall be deemed to accept the provisions of this Clause 11.3 and, where an amount is received by the Security Agent on its behalf under this

Clause 11.3, to have waived its rights to seek payment of the corresponding amount under the other provisions of the Notes Secured Documents.

(f) The Security Agent shall notify the Notes Secured Parties (in the case of any Noteholder represented by a Noteholder Trustee, via that Noteholder Trustee, and in the case of any Noteholder not so represented, directly) that it has received amounts pursuant to this Clause 11.3 (the "**Notes Parallel Debt Recoveries**") which are due to the Notes Secured Parties, and shall apply such Notes Parallel Debt Recoveries (subject, in the case of any Noteholder not represented by a Noteholder Trustee, to paragraph (c) of Clause 10.7 ( *Good Discharge*)) in accordance with Clause 10 (*Application of Proceeds*).

(g) Where, having given notice in accordance with paragraph (f) of this Clause 11.3, any amount of Notes Parallel Debt Recoveries has not been claimed by a Notes Secured Party, the Security Agent will hold such amounts on trust for the benefit of such Notes Secured Parties as set out in paragraph (b) of Clause 11.1 (*Trust*).

11.4 **Parallel debt recoveries**

Amounts received or recovered in connection with the realisation or enforcement of the Transaction Security pursuant to Clause 11.2 ( *Finance Parallel Debt (Covenant to pay the Security Agent)* ) and Clause 11.3 (*Notes Parallel Debt (Covenant to pay the Security Agent)* ) shall be held *pari passu* by the Security Agent and shall be distributed to the Creditor Secured Parties and Notes Secured Parties in accordance with Clause 10 (*Application of Proceeds*) (or, in the case of the Notes Secured Parties, held on trust as contemplated by paragraph (g) of Clause 11.3 ( *Notes Parallel Debt (Covenant to pay the Security Agent)* ) above).

11.5 **No independent power**

The Secured Parties shall not have any independent power to enforce, or have recourse to, any of the Transaction Security or to exercise any rights or powers arising under the Security Documents (other than in accordance with the terms of the Debt Documents) except through the Security Agent.

11.6 **Instructions to Security Agent and exercise of discretion**

(a) Subject to paragraphs (d) and (e) below, the Security Agent shall only act in accordance with any instructions given to it by the Instructing Group or, if so instructed by the Instructing Group, refrain from exercising any right, power, authority or discretion vested in it as Security Agent and

shall be entitled, without further enquiry, to assume that (i) any instructions or directions received by it from the Instructing Group or, (to the extent that such Parties are entitled to give instructions or directions to the Security Agent under this Agreement) from the Facility Agent, the Facilities Agreement Creditors, the Refinancing Creditors or the Super Majority Instructing Group, are duly given in accordance with the terms of the relevant Finance Documents and (ii) unless it has received actual written notice of revocation, that those instructions or directions have not been revoked.

(b) The Security Agent shall be entitled to request instructions, or clarification of any direction, from the Instructing Group or, (to the extent that such Parties are entitled to give instructions or directions to the Security Agent under this Agreement) from the Facility Agent, the Facilities Agreement Creditors, the Refinancing Creditors or the Super Majority Instructing Group, and as to whether, and in what manner, it should exercise or refrain from exercising any rights, powers, authorities and discretions and the Security Agent may refrain from acting unless and until those instructions or clarification are received by it.

(c) Save as provided in Clause 7 (*Enforcement of Transaction Security*), any instructions given to the Security Agent by the Instructing Group shall override any conflicting instructions given by any other Parties.

(d) Paragraph (a) above shall not apply:

(i) where a contrary indication appears in this Agreement;

(ii) where this Agreement requires the Security Agent to act in a specified manner or to take a specified action;

(iii) in respect of any provision which protects the Security Agent's own position in its personal capacity as opposed to its role of Security Agent for the Secured Parties including, without limitation, the provisions set out in Clauses 11.8 ( *Security Agent's discretions*) to Clause 11.24 (*Disapplication*);

(iv) in respect of the exercise of the Security Agent's discretion to exercise a right, power or authority under any of:

(A) Clause 8.1 (*Non-Distressed Disposals*);

(B) Clause 10.1 (*Order of application - Transaction Security Recoveries*);

(C) Clause 10.2 (*Order of application - Debt Claim Recoveries*);

(D) Clause 10.3 (*Prospective liabilities*);

(E) Clause 10.6 (*Permitted Deductions*);

(**provided that** the Security Agent may, if it so chooses, seek directions or instructions from, in respect of the discretions conferred on it under the clause referred to in paragraph (A) above, the Majority Creditors (as defined in the Facilities Agreement) via the Facility Agent or, in respect of the discretions conferred on it under the clauses referred to in paragraphs (B) to (E) above, the Instructing Group).

(e) If giving effect to instructions given by an Instructing Group would (in the Security Agent's opinion (acting reasonably)) have an effect equivalent to an Intercreditor Amendment, the Security Agent shall not act in accordance with those instructions unless consent to it so acting is obtained from each Secured Party (other than the Security Agent) whose consent would have been required in respect of that Intercreditor Amendment.

(f) In exercising any discretion to exercise a right, power or authority under this Agreement where either:

(i) it has not received any instructions from an Instructing Group as to the exercise of that discretion; or

(ii) the exercise of that discretion is subject to paragraph (d)(iv) above,

the Security Agent shall do so having regard to the interests of all the Secured Parties as a group and not individually.

11.7 **Security Agent's actions**

Without prejudice to the provisions of Clause 7 (*Enforcement of Transaction Security*) and Clause 11.6 (*Instructions to Security Agent and exercise of discretion*), the Security Agent may (but shall not be obliged to), in the absence of any instructions to the contrary, take such action in the exercise of any of its powers and duties under the Debt Documents as it considers in its sole discretion to be appropriate.

11.8 **Security Agent's discretions**

The Security Agent may:

(a) assume, without enquiry (unless it has received actual written notice to the contrary from the Facility Agent) that (i) no Default has occurred and no Debtor or Security Provider is in breach of or default under its obligations under any of the Finance Documents (except in relation to paragraph (b) of Clause 9.1 (*Release of Mexican Security Trust Agreement*) and paragraph (b) of Clause 9.2 (*Release of Transaction Security - other jurisdictions*), where the Security Agent shall be notified of the satisfaction of the condition set out in such paragraphs by the Facility Agent in accordance with Clause 9.3 (*Notification by the Facility Agent*)) and (ii) any right, power, authority or discretion vested by any Finance Document in any person has not been exercised;

(b) if it receives any instructions or directions under Clause 7 ( *Enforcement of Transaction Security*) to take any action or to cause action to be taken in relation to the Transaction Security, assume, without enquiry, that all applicable conditions under the Finance Documents for taking that action have been satisfied;

(c) engage, pay for and rely on the advice or services of any legal advisers, accountants, tax advisers, financial advisers, surveyors or other experts (whether obtained by the Security Agent or by any other Secured Party and regardless of any limitation (by way of a monetary cap or otherwise) that may be imposed on such advice) and incur such advisers' reasonable cost and expenses whose advice or services may at any time seem necessary or expedient;

(d) rely upon any communication or document believed by it to be genuine and, as to any matters of fact which might reasonably be expected to be within the knowledge of a Secured Party, a Debtor or a Security Provider, upon a certificate signed by or on behalf of that person; and

(e) refrain from acting in accordance with the instructions of any Party (including, but not limited to, bringing any legal action or proceeding arising out of or in connection with the Finance Documents) until it has received any indemnification and/or security satisfactory to it (acting reasonably) (whether by way of payment in advance or otherwise) for all costs, expenses, losses and liabilities which it may incur reasonably in so acting.

11.9 **Security Agent's obligations**

The Security Agent shall promptly:

(a) copy to the Facility Agent and each Refinancing Creditor Representative the contents of any notice or document received by it from any Debtor or Security Provider under any Debt Document and otherwise, directly or through any Delegate, give notice in respect of this Agreement or any Transaction Security Document, to any party it may deem appropriate;

(b) forward to a Secured Party, Debtor or Security Provider the original or a copy of any document which is delivered to the Security Agent for that Secured Party, Debtor or Security Provider by any other Party **provided that** such delivery by the Security Agent to the receiving party is expressly contemplated by the terms of this Agreement and **provided further that**, except where a Debt Document expressly provides otherwise, the Security Agent is not obliged to review or check the adequacy, accuracy or completeness of, or any mathematical calculations or other facts in, any document it forwards to another Secured Party or to a Debtor or Security Provider;

(c) inform the Facility Agent and each Refinancing Creditor Representative of any event notified to the Security Agent under paragraph (b) of Clause 17.3 (*Notification of prescribed events*) and of any default by a Debtor or Security Provider in the due performance of or compliance with its obligations under any Debt Document of which the Security Agent has received written notice from any other Secured Party, Debtor or Security Provider;

(d) notify the Noteholder Trustees (and any Noteholder not represented by a Noteholder Trustee, directly) of any event that materially and adversely affects the Charged Property under any Transaction Security Document; and

(e) to the extent that a Party (other than the Security Agent) is required to calculate a Base Currency Amount, and upon a request by that Party, notify that Party of the Security Agent's Spot Rate of Exchange.

11.10 **Excluded obligations**

Notwithstanding anything to the contrary expressed or implied in the Debt Documents, the Security Agent shall not:

(a) be bound to enquire as to (i) whether or not any Default has occurred or (ii) the performance, default or any breach by a Debtor or Security Provider of its obligations under any of the Debt Documents or Intra-Group Debt Documents;

(b) be bound to account to any other Secured Party, any Debtor or any Security Provider for any sum or the profit element of any sum received by it for its own account;

(c) be bound to disclose to any other person (including, but not limited to, any Secured Party) (i) any confidential information or (ii) any other information if disclosure would, or might in its reasonable opinion, constitute a breach of any law or be a breach of fiduciary duty;

(d) have or be deemed to have any relationship of trust or agency with, any Debtor or Security Provider;

(e) be liable for interest on any moneys received by it except as the Security Agent may agree in writing with the Party for whom it holds those moneys;

(f) be obliged to segregate money held on trust by the Security Agent from its other funds except to the extent required by law;

(g) be required to give any bond or surety or otherwise expend its own funds with respect to the performance of its duties or the exercise of its rights or powers under this Agreement or any of the other Debt Documents; or

(h) be under any obligation to take any action under this Agreement if it has sought, but not received, instructions from the Instructing Group, Facility Agent, the other Agents, Super Majority Instructing Group, Noteholder Trustees (or Noteholder where such Noteholder is not represented by a Noteholder Trustee) or other Party from whom it seeks instructions,

and the permissive rights of the Security Agent to take the actions or exercise the rights and discretions permitted or conferred by this Agreement shall not be construed as an obligation or duty for it to take those actions or exercise those rights and discretions.

11.11 **Exclusion of liability**

None of the Security Agent, any Receiver nor any Delegate shall accept responsibility or be liable for:

(a) the adequacy, accuracy or completeness of any information (whether oral or written) supplied by the Security Agent or any other person in or in connection with any Debt Document or Intra-Group Debt Document or the transactions contemplated in the Debt Documents or the Intra-Group

Debt Documents, or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Debt Document or Intra-Group Debt Document;

(b) the legality, validity, effectiveness, efficacy, adequacy or enforceability of any Debt Document or Intra-Group Debt Document, the Security Property or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Debt Document or Intra-Group Debt Document or the Security Property;

(c) any losses to any person or any liability arising as a result of taking or refraining from taking any action in relation to any of the Debt Documents or the Intra-Group Debt Documents, the Security Property or otherwise, whether in accordance with an instruction from the Facility Agent or otherwise unless directly caused by its gross negligence or wilful misconduct;

(d) the exercise of, or the failure to exercise, any judgment, discretion or power given to it by or in connection with any of the Debt Documents or the Intra-Group Debt Documents, the Security Property or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with, the Debt Documents or the Intra-Group Debt Documents or the Security Property unless directly caused by its gross negligence or wilful misconduct;

(e) any shortfall which arises on the enforcement or realisation of the Security Property; or

(f) any failure or delay in the performance of its obligations hereunder arising out of, or caused by, directly or indirectly, *force majeure* events, including, without limitation, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God; it being understood that the Security Agent, Receiver or Delegate shall use all commercially reasonable efforts that are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances; it being understood and agreed by the other Parties that, in carrying out all commercially reasonable efforts, the Security Agent is not required (i) to risk or expend its own funds; (ii) to disregard or otherwise compromise its own commercial interests; (iii) to do anything which might result in a breach of law; or (iv) to do anything which would in the Security Agent's opinion (acting reasonably) be unreasonable.

11.12 **No proceedings**

No Secured Party (other than the Security Agent, that Receiver or that Delegate), Debtor or Security Provider may take any proceedings against any officer, employee or agent of the Security Agent, a Receiver or a Delegate in respect of any claim it might have against the Security Agent, a Receiver or a Delegate or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Debt Document or Intra-Group Debt Document or any Security Property and any officer, employee or agent of the Security Agent, a Receiver or a Delegate may rely on this Clause subject to Clause 1.4 (*Third Party Rights*) and the provisions of the Third Parties Rights Act.

11.13 **Own responsibility**

Without affecting the responsibility of any Debtor or Security Provider for information supplied by it or on its behalf in connection with any Debt Document, each Creditor confirms (and each Noteholder Trustee and Noteholder, by accepting the benefits of this Agreement, shall be deemed to confirm) to the Security Agent that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Debt Document including but not limited to:

(a) the financial condition, status and nature of each Debtor or Security Provider;

(b) the legality, validity, effectiveness, efficacy, adequacy and enforceability of any Debt Document, the Security Property and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Debt Document or the Security Property;

(c) whether that Creditor has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Debt Document, the Security Property, the transactions contemplated by the Debt Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Debt Document or the Security Property;

(d) the adequacy, accuracy and/or completeness of any information provided by the Security Agent or by any other person under or in connection with any Debt Document, the transactions contemplated by any Debt Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Debt Document; and

(e) the right or title of any person in or to, or the value or sufficiency of any part of the Charged Property, the priority of any of the Transaction Security or the existence of any Security affecting the Charged Property,

and each Creditor warrants to the Security Agent that it has not relied on and will not at any time rely on the Security Agent in respect of any of these matters.

11.14 **No responsibility to perfect Transaction Security**

The Security Agent shall not be liable for any failure to:

(a) require the deposit with it of any deed or document certifying, representing or constituting the title of any Security Provider to any of the Charged Property;

(b) obtain any licence, consent or other authority for the execution, delivery, legality, validity, enforceability or admissibility in evidence of any of the Debt Documents or Intra-Group Debt Documents or the Transaction Security;

(c) register, file or record or otherwise protect any of the Transaction Security (or the priority of any of the Transaction Security) under any applicable laws in any jurisdiction or to give notice to any person of the execution of any of the Debt Documents or Intra-Group Debt Documents or of the Transaction Security;

(d) take, or to require any of the Security Provider to take, any steps to perfect its title to any of the Charged Property or to render the Transaction Security effective or to secure the creation of any ancillary Security under the laws of any jurisdiction; or

(e) require any further assurances in relation to any of the Security Documents.

11.15 **Insurance by Security Agent**

(a) The Security Agent shall not be under any obligation to insure any of the Charged Property, to require any other person to maintain any insurance or to verify any obligation to arrange or maintain insurance contained in the Debt Documents. The Security Agent shall not be responsible for any loss which may be suffered by any person as a result of the lack of or inadequacy of any such insurance.

(b) Where the Security Agent is named on any insurance policy as an insured party, it shall not be responsible for any loss which may be suffered by reason of, directly or indirectly, its failure to notify the insurers of any material fact relating to the risk assumed by such insurers or any other information of any kind, unless the Facility Agent shall have requested it to do so in writing and the Security Agent shall have failed to do so within fourteen days after receipt of that request.

11.16 **Custodians and nominees**

The Security Agent may (to the extent reasonably practicable, in consultation with the Parent) appoint and pay (or cause to be appointed and paid) any person to act as a custodian or nominee on any terms in relation to any assets of the trust as the Security Agent may determine, including for the purpose of depositing with a custodian this Agreement or any document relating to the trust created under this Agreement and the Security Agent shall, to the extent permitted by applicable law, not be responsible for any loss, liability, expense, demand, cost, claim or proceedings incurred by reason of the misconduct, omission or default on the part of any person appointed by it under this Agreement or be bound to supervise the proceedings or acts of any person.

11.17 **Acceptance of title**

The Security Agent shall be entitled to accept without enquiry, and shall not be obliged to investigate, any right and title that any of the Security Providers may have to any of the Charged Property and shall not be liable for or bound to require any Security Providers to remedy any defect in its right or title.

11.18 **Refrain from illegality**

Notwithstanding anything to the contrary expressed or implied in the Debt Documents or Intra-Group Debt Documents, the Security Agent may refrain from doing anything which in its opinion will or may be contrary to any relevant law, directive or regulation of any jurisdiction or otherwise expose it to personal liability, and the Security Agent may do anything which is, in its opinion, necessary to comply with any such law, directive or regulation.

11.19 **Business with the Debtors and Security Providers**

The Security Agent may accept deposits from, lend money to, and generally engage in any kind of banking or other business with any of the Debtors or Security Providers and shall be under no obligation to account for any profit to any Secured Party.

11.20 **Winding up of trust**

If the Security Agent, having made enquiry of the Agents (and, if an Enforcement Event has occurred, the Noteholder Trustees) determines that (a) all of the Secured Obligations owed to the Secured Parties (other than the Noteholder Trustee and the Noteholders, unless an Enforcement Event has occurred) and all other obligations secured by the Security Documents (other than those owed to a Noteholder Trustee or Noteholder, unless an Enforcement Event has occurred) have been fully, finally and irrevocably discharged and (b) none of the Secured Parties is under any commitment, obligation or liability (actual or contingent) to make advances or provide other financial accommodation to any Debtor pursuant to the Debt Documents:

(a) the trusts set out in this Agreement (with the exception of the trust created pursuant to paragraph (b) of Clause 11.1 ( *Trust*)) shall be wound up and the Security Agent shall release, without representation, recourse or warranty, all of the Transaction Security and the rights of the Security Agent under each of the Security Documents (other than any provision expressed to survive termination or discharge); and

(b) any Retiring Security Agent shall release, without representation, recourse or warranty, all of its rights under each of the Security Documents (other than any provision expressed to survive termination or discharge).

11.21 **Winding up of trust - Notes Secured Creditors**

The trust created pursuant to paragraph (b) of Clause 11.1 ( *Trust*) shall be wound up at the earlier of the first date following the Final Discharge Date on which:

(a) there are no Notes Parallel Debt Recoveries held under this Agreement; and

(b) the Security Agent, having made enquiry of the Noteholder Trustees, where relevant, determines that all of the Noteholder Liabilities and all of the Noteholder Trustee Liabilities have been fully, finally and irrevocably discharged,

and the Security Agent shall release from the terms of that trust, without representation, recourse or warranty, any amount of Notes Parallel Debt Recoveries held thereunder on such date, whereupon such amount shall be applied by the Security Agent in accordance with Clause 10 ( *Application of proceeds*).

11.22 **Powers supplemental**

The rights, powers and discretions conferred upon the Security Agent by this Agreement shall be supplemental to the Trustee Act 1925 and the Trustee Act 2000 and in addition to any which may be vested in the Security Agent by general law or otherwise.

11.23 **Trustee division separate**

(a) In acting as trustee for the Secured Parties, the Security Agent shall be regarded as acting through its trustee division which shall be treated as a separate entity from any of its other divisions or departments.

(b) If information is received by another division or department of the Security Agent, it may be treated as confidential to that division or department and the Security Agent shall not be deemed to have notice of it.

11.24 **Disapplication**

Section 1 of the Trustee Act 2000 shall not apply to the duties of the Security Agent in relation to the trusts constituted by this Agreement. Where there are any inconsistencies between the Trustee Act 1925 or the Trustee Act 2000 and the provisions of this Agreement, the provisions of this Agreement shall, to the extent allowed by law, prevail and, in the case of any inconsistency with the Trustee Act 2000, the provisions of this Agreement shall constitute a restriction or exclusion for the purposes of that Act.

11.25 **Debtors and Security Providers: Power of Attorney**

(a) Each Debtor, each Intra-Group Lender and each Security Provider by way of security for its obligations under this Agreement irrevocably appoints the Security Agent to be its attorney to do anything which that Debtor, Intra-Group Lender or, as the case may be, Security Provider, has authorised the Security Agent to do under this Agreement or is itself required to do under this Agreement but has failed to do (and the Security Agent may delegate that power on such terms as it sees fit), which authorisation permits the Security Agent to act as such Debtor, Intra-Group Lender or Security Provider's counterparty (*Selbsteintritt*).

(b) Each Debtor and Security Provider incorporated in Spain, and any Security Provider which has granted Transaction Security governed by Spanish law, shall, on the reasonable request of the Security Agent, promptly grant an irrevocable power of attorney (notarised and apostilled) to appoint the Security Agent in the manner described at paragraph (a) above.

11.26 **Consequential and Other Loss**

Notwithstanding anything to the contrary, the Security Agent shall under no circumstances be liable for any indirect or consequential losses (however described) to any Party or any liability or damages (including punitive damages) arising as a result of taking or refraining from taking any action in relation to any of the Debt Documents or Intra-Group Debt Documents, even if advised of the possibility of such losses, liability or damages.

11.27 **Payments**

Nothing in this Agreement shall prevent (i) payment by the Parent or any Debtor of fees, costs and expenses of the Security Agent (including any amount payable to the Security Agent by way of indemnity, remuneration or reimbursement for expenses reasonably incurred, including legal and other professional advisory fees and all VAT thereon) payable to the Security Agent for its own account pursuant to this Agreement, any Debt Document or any fee letter between the Security Agent and the Parent, and the costs of any actual or attempted Enforcement Action which is permitted by this Agreement or any Debt Document (collectively, "**Security Agent Amounts**"); or (ii) the receipt and retention of such Security Agent Amounts by the Security Agent.

11.28 **Provisions survive termination**

The provisions of Clauses 11.6 to 11.8 (inclusive) and 11.10 to 11.27 (inclusive) shall survive any termination or discharge of this Agreement.

12. **CHANGE OF SECURITY AGENT AND DELEGATION**

12.1 **Resignation of the Security Agent**

(a) The Security Agent may, without ascribing a reason and without being responsible for any cost or liability arising therefrom, resign and appoint one of its Affiliates as successor by giving notice to the Parent, the Facilities Agreement Creditors (via the Facility Agent), the Refinancing Creditors (via the relevant Refinancing Creditor Representative and each Noteholder (via, for any Noteholder represented by a Noteholder Trustee, the relevant Noteholder Trustee)).

(b) Alternatively the Security Agent may, without ascribing a reason and without being responsible for any cost or liability arising therefrom, resign by giving notice to the other Parties in which case the Instructing Group may (to the extent reasonably practicable, in consultation with the Parent), appoint a successor Security Agent.

(c) If the Instructing Group has not appointed a successor Security Agent in accordance with paragraph (b) above within 30 days after the notice of resignation was given, the Security Agent (after consultation with the Facility Agent (and unless a Default has occurred and is continuing, the Parent)) may appoint a successor Security Agent (such successor Security Agent to be a financial institution or trustee company of good standing with (to the extent applicable, a credit rating at least equivalent to that of the Security Agent)).

(d) The retiring Security Agent (the "**Retiring Security Agent**") shall, at its own cost, make available to the successor Security Agent such documents and records and provide such assistance as the successor Security Agent may reasonably request for the purposes of performing its functions as Security Agent under the Debt Documents.

(e) The Security Agent's resignation notice and the appointment of a successor Security Agent shall become effective upon satisfaction of the following conditions: (i) the successor Security Agent notifying the Parent and the retiring Security Agent that it accepts its appointment, (ii) the successor Security Agent acceding to this Agreement in accordance with Clause 14.5 ( *Change of Agent/Security Agent*), (iii) the Instructing Group confirming to the resigning Security Agent and the successor Security Agent that the credit rating of the successor Security Agent is satisfactory (such confirmation not to be unreasonably withheld or delayed and, where the credit rating of the successor Security Agent is at least equivalent to that of the retiring Security Agent, such confirmation shall, if it is not given to the retiring Security Agent and the successor Security Agent within ten Business Days, be deemed to have been given) and (iv) the making of any transfer of Transaction Security and/or amendments to Transaction Security Documents necessary to effect the change in Security Agent.

(f) Upon the appointment of a successor, the Retiring Security Agent shall be discharged from any further obligation in respect of the Debt Documents (other than its obligations under paragraph (b) of Clause 11.20 ( *Winding up of trust*) and under paragraph (d) above) but shall, in respect of any act or omission by it whilst it was the Security Agent, remain entitled to the benefit of Clauses 11 ( *The Security Agent*), 16.1 (*Debtors' indemnity*) and 16.3 (*Creditors' indemnity*). Its successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if that successor had been an original Party.

(g) The Instructing Group may, by written notice to the Security Agent, require it to resign in accordance with paragraph (b) above. In this event, the Security Agent shall resign in accordance with paragraph (b) above but the cost referred to in paragraph (d) above shall be for the account of the Parent.

12.2 **Delegation**

(a) Each of the Security Agent, any Receiver and any Delegate may (to the extent reasonably practicable, and except where a Default has occurred and is continuing, in consultation with the Parent), at any time, delegate by power of attorney or otherwise (including by providing an instruction in writing) and through a *comisión mercantil* under applicable law to any person for any period, all or any of the rights, powers and discretions vested in it by any of the Debt Documents, including the execution, performance or enforcement of any Debt Document.

(b) That delegation may be made upon any terms and conditions (including the power to sub-delegate) and subject to any restrictions that the Security Agent, that Receiver or that Delegate (as the case may be) may, in its discretion and after due consideration, think fit in the interests of the Secured Parties and it shall not be bound to supervise, or be in any way responsible for any loss incurred by reason of any misconduct or default on the part of any such delegate or sub-delegate.

12.3 **Additional Security Agents**

(a) The Security Agent may at any time appoint (and subsequently remove) any person to act as a separate trustee or as a co-trustee jointly with it (i) if it considers that appointment to be in the interests of the Secured Parties, (ii) if it considers that appointment to be in the interests of the Secured Parties for purposes of the execution, performance or enforcement of any Debt Document, (iii) for the purposes of conforming to any legal requirements, restrictions or conditions which the Security Agent deems to be relevant or (iv) for obtaining or enforcing any judgment in any jurisdiction, and the Security Agent shall give prior notice to the Parent and the Facility Agent of that appointment.

(b) Any person so appointed shall have the rights, powers and discretions (not exceeding those conferred on the Security Agent by this Agreement) and the duties and obligations that are conferred or imposed by the instrument of appointment.

(c) The remuneration that the Security Agent may pay to that person, and any costs and expenses (together with any applicable VAT) reasonably incurred by that person in performing its functions pursuant to that appointment shall, for the purposes of this Agreement, be treated as costs and expenses incurred by the Security Agent.

## 13. NOTEHOLDER TRUSTEES AND NOTEHOLDERS

### 13.1 Rights of the Noteholder Trustees and Noteholders

(a) Notwithstanding anything in this Agreement to the contrary, it is expressly understood, and the availability of the benefits of this Agreement to the Noteholder Trustee and each Noteholder are conditioned upon the understanding, that the sole right of the Noteholders shall be to be equally and rateably secured by the Transaction Security to the extent required by the Noteholder Documents and subject to the provisions of this Agreement.

(b) Notwithstanding anything in this Agreement to the contrary, to the extent that the rights and benefits conferred in this Agreement on the Noteholders or Noteholder Trustees shall be held to exceed the rights and benefits required so to be conferred by the equal and rateable provisions of the Existing Notes Documents or any Additional Notes Documents, such rights and benefits shall be limited so as to provide to such Noteholders and such Noteholder Trustees only those rights and benefits that are required by such provisions.

(c) Any and all rights not herein expressly given to the Noteholder Trustees are expressly reserved to the Security Agent and the Facilities Agreement Creditors, it being understood that in the absence of a requirement to provide equal and rateable security set forth in any Noteholder Document, the grant of rights and benefits in this Agreement to the Noteholders and Noteholder Trustees would not have been accepted by the Security Agent or the Facilities Agreement Creditors.

(d) Subject to paragraph (b) to (e) of Clause 1.4 ( *Third Party Rights*) and the Third Parties Rights Act, each of the Noteholders and Noteholder Trustee may enforce this Clause 13.1.

### 13.2 Determination under Noteholder Documents

(a) The Parent shall deliver to the Security Agent from time to time, upon request of the Security Agent, a list setting forth, by each Noteholder Document, (i) the aggregate principal amount outstanding thereunder, (ii) the interest rate or rates then in effect thereunder, and (iii) the name

of the holders thereof (if known) and the unpaid principal amount thereof owing to each such holder and, in the absence of manifest error, the Security Agent shall be entitled to make such determination on the basis of such information **provided however that** if, notwithstanding such request being made by the Security Agent, the Parent does not provide such information reasonably promptly, then the Security Agent shall in its discretion be entitled to determine such existence or amount of Noteholder Liabilities by such commercially reasonable method as the Security Agent may, in the exercise of its good faith judgment, determine (including by reliance upon a certificate of a Debtor).

(b) The Security Agent may rely conclusively, and shall be fully protected in so relying, on any determination made by it in accordance with the provisions of paragraph (a) above (or as otherwise directed by a court of competent jurisdiction) and shall have no liability to any Debtor, any Security Provider, any Secured Party or any other person as a result of such determination or any action taken pursuant thereto except to the extent such liability is determined by a court of competent jurisdiction by final and non-appealable judgment to have resulted from the gross negligence or wilful misconduct of the Security Agent.

## 14. CHANGES TO THE PARTIES

### 14.1 Assignments and transfers

(a) No Party may assign any of its rights and benefits or transfer any of its rights, benefits and obligations in respect of any Debt Documents or Intra-Group Debt Documents or the Liabilities or Intra-Group Liabilities except as permitted by this Clause 14.

Any reference made in this Deed to any Debt Document or to any agreement or document (under whatever name), where applicable, shall be deemed to be a reference to such Debt Document or such other agreement or document as the same may have been, or at any time may be, extended, prolonged, amended, restated, supplemented, renewed or novated, as persons may accede thereto as a party or withdraw therefrom as a party in part or in whole or be released thereunder in part or in whole, and/or as facilities and/or amounts and/or financial services are or at any time may be granted, extended, prolonged, increased, reduced, cancelled, withdrawn, amended, restated, supplemented, renewed or novated thereunder including, without limitation:

For the avoidance of doubt, this Deed shall continue to secure those obligations which, if included in the definition of "Secured Obligations", shall not constitute a violation of the Prohibition.

1.5 **Limitation of the Swiss Pledgor under Swiss law**

The obligations and liabilities of the Swiss Pledgor under this Deed in relation to the obligations, undertakings, indemnities or liabilities of an Obligor other than that Swiss Pledgor or any of its fully owned and controlled subsidiaries (the " **Restricted Obligations**") shall be limited to the amount of the Swiss Pledgor's Free Reserves Available for Distribution at the time payment is requested, provided that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Pledgor from its obligations in excess thereof, but merely postpone the performance date until such time as performance is permitted notwithstanding such limitation.

For the purpose of this clause, "**Free Reserves Available for Distribution**" means an amount equal to the maximal amount in which the Swiss Pledgor can make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Pledgor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Pledgee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Pledgor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Pledgee (save to the extent provided below).

In respect of the Restricted Obligations, the Swiss Pledgor shall:

(a) if and to the extent required by applicable law in force at the relevant time:

(i) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of thirty-five percent (35%) (or such other rate as is in force at that time) from any payment made by it;

(ii) pay any such deduction to the Swiss Federal Tax Administration; and

respect of the deduction of the Swiss withholding tax, including, without limitation, in accordance with clause 13 of the Facilities Agreement (*Tax Gross-Up and Indemnities*). The Swiss Pledgor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax, (y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (z) pay to the Pledgee upon receipt any amount so refunded.

The Swiss Pledgor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Debt Documents and the receipt of any confirmations from the Swiss Pledgor's auditors, whether following a request to discharge a Restricted Obligation, or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Debt Documents in order to allow a prompt payment or performance of other obligations under the Debt Documents. If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this Sub-clause 1.5 and if any asset of the Swiss Pledgor has a book value that is less than its market value (an "**Undervalued Asset**"), the Swiss Pledgor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realise the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Pledgee under the Debt Documents, the Swiss Pledgor will only be required to realise an Undervalued Asset if such asset is not necessary for the Swiss Pledgor's business (*nicht betriebsnotwendig*).

affected, the Secured Obligations of any of such entities are satisfied or any of the rights of pledge created hereby is or are ineffective, to the fullest extent permitted by law the foregoing shall not affect the validity or enforceability of the other agreement(s) between the Pledgee of the one part and such other entity of the other part.

Any information received or acquired by the Pledgee which is received or acquired by some other division or department or otherwise than in its capacity as Pledgee may be treated as confidential by the Pledgee and will not be treated as information possessed by the Pledgee in its capacity as such.

1.7.4 In acting or otherwise exercising its rights or performing its duties under any provision of this Deed, the Pledgee shall act in accordance with the provisions of the Intercreditor Agreement and parties to this Deed acknowledge and agree that in so acting the Pledgee shall have the rights, benefits, protections, indemnities and immunities set out in the Intercreditor Agreement and shall not incur any liability to the Pledgors or the Company, other than as expressly provided for in the Intercreditor Agreement.

## 4 Transfer of Future Shares

Each of the Pledgors shall, and shall procure (or the Security Agent on its behalf) that the Company will, promptly upon the accrual, offer or issue of any Future Shares duly transfer to the Security Agent all share certificates and other documents representing such Future Shares, in the case of registered shares, by share certificates duly endorsed in blank.

## 5 Shareholder Rights

### 5.1 Subscription Rights

As long as no Enforcement Event has occurred, the right to exercise the pledged Subscription Rights shall remain with each Pledgor, provided, however, that all Shares, Participation Rights and other rights and interests acquired by the Pledgors upon exercise of Subscription Rights shall be pledged pursuant to Article 2.1 and all share certificates and other documents representing such Shares, Participation Rights and other rights and interests shall be transferred to the Security Agent pursuant to Article 4.

In case a Pledgor does not intend to exercise any Subscription Rights, each of the Pledgors herewith agrees to assign and herewith assigns such Subscription Rights free of charge to the Security Agent and the Security Agent shall be entitled, but not obliged, to exercise such Subscription Rights. For that purpose, the Pledgors shall promptly do all acts and things and permit all acts and things to be done which are necessary for the Security Agent to exercise such Subscription Rights (for the avoidance of doubt, not including the payment of the subscription price).

The Pledgors shall notify the Security Agent, in writing, promptly of any grant of Subscription Rights and each of the Pledgors undertakes to notify the Security Agent of any intention not to exercise Subscription Rights not less than 20 Business Days prior to expiration of the right to exercise such Subscription Rights.

Upon the occurrence of an Enforcement Event, the Security Agent shall be entitled, but not obligated, to exercise the Subscription Rights. For that purpose, each of the Pledgors shall promptly do all acts and things (for the avoidance of doubt, not including the payment of the subscription price) and permit all acts and things to be done which are necessary for the Security Agent to exercise the Subscription Rights.

a) in a manner that is not inconsistent with the Facilities Agreement, the Intercreditor Agreement, this Agreement (in particular Article 7) and any other Debt Document; and

b) in a manner that would not intentionally be prejudicial to the validity and enforceability of the Pledge or cause an Event of Default or Enforcement Event to occur.

Upon the occurrence of an Enforcement Event, the Security Agent shall have the right (but not the obligation) to exercise the voting rights in the Shares after obtaining express written instructions from the Instructing Group or otherwise in accordance with the terms of the Intercreditor Agreement at its discretion. For that purpose, each of the Pledgors shall promptly (i) execute any and all proxies in favor of the Security Agent or any person designated by the Security Agent and (ii) do all acts and things and permit all acts and things to be done which are necessary for the Security Agent or the person designated by the Security Agent to exercise its voting rights in the Shares.

n) acknowledges and understands the terms of the Debt Documents, as well as the amounts due and payable to the Secured Parties under the Debt Documents by it and the other Obligors (as such term is defined in the Facilities Agreement), and agrees that the pledge created hereunder secures, among others, the payment of such amounts; and

o) each of CEMEX Mexico and Tolteca acknowledges that by virtue of the Debt Documents it will obtain a direct benefit for its business and operations.

## 7 Undertakings

Each of the Pledgors hereby undertakes not to enter into any legal instrument relating to, or granting any pledge, lien, encumbrance, or other interest or third party right over the Shares.

In addition, except in accordance with the terms of the Facilities Agreement and any other Debt Document and for as long as the Pledge remains in effect, each of the Pledgors hereby undertakes:

a) not to dispose of, transfer or assign the Shares or take any other action with respect to the Shares (other than in accordance with the Facilities Agreement) that would jeopardize (i) any rights of the Pledgees under this Agreement or any other Debt Document or (ii) the validity and enforceability of the Pledge;

b) not to revoke or amend the board resolution referred to in Article 3b);

c) not to vote in favor of any resolution with regard to the Company whereby:

(i) the Existing Shares would be modified or altered; or

(ii) the transferability of the Shares would be restricted in any way;

e) to enter into and to procure the perfection of additional pledge agreements (at its own cost and expense), if and to the extent that a pledge of certain Related Rights requires, as a matter of law, the execution and perfection of a specific pledge agreement for such Related Rights;

f) to do all acts and things necessary (at its own cost and expense) in case of a realization of the Pledge, and procure that any acts and things be done (at its own cost and expense) to properly effect any transfer of the Shares to a new owner, free of any pledge, lien, encumbrance, or other interest or third party right of any nature on any of the Shares so transferred and, in the case of registered shares, to procure that the board of directors of the respective Company register such new owner as new shareholder of the Company with voting rights; and

g) to promptly execute such further documents and do such further acts (at its own cost and expense) which the Pledgees may reasonably require for the purpose of the creation, perfection, protection and realization of the Pledge.

**8 Realization of Pledge**

Upon the occurrence of an Enforcement Event and subject to the Intercreditor Agreement, the Security Agent shall, after obtaining express written instructions from the Instructing Group or otherwise in accordance with the terms of the Intercreditor Agreement, have the right, but not the obligation, to enforce the Pledge created pursuant to this Agreement, by liquidation of the Shares in full or in part through an auction or a private sale ( *Private Verwertung*) or acquisition of the Shares for the Security Agent's or any other Pledgee's account ( *Selbsteintritt*), in each case without having to initiate proceedings under, and without regard to the formalities provided in, the DEBA and, to the extent legally permissible, without the need to give prior notice to the Pledgors.

In case of an acquisition of the Shares for the Security Agent's or any other Pledgee's account ( *Selbsteintritt*), such acquisition shall be done at the "intrinsic value" (*innerer Wert*) of the Shares (the "**Intrinsic Value**"). If the Pledgors and the Security Agent do not reach an agreement on the Intrinsic Value within 10 Business Days from the date of the Security Agent's first proposal, the Intrinsic Value shall be determined by an independent expert (*Schiedsgutachter*) to be mutually appointed by the relevant parties. The expert's determination of the Intrinsic Value shall be final. If the relevant parties cannot, within 10 Business Days from the date of the Security Agent's first proposal, agree on the expert to be appointed, the independent expert shall be appointed by the president of the "*TREUHANDKAMMER Schweizerische Kammer der Wirtschaftsprüfer und Steuerexperten*" Zurich, Switzerland.

Upon the occurrence of an Enforcement Event, the Security Agent shall, after obtaining express written instructions from the Instructing Group or otherwise in accordance with the terms of the Intercreditor Agreement, have full discretion as to manner, time and place of enforcement of the Pledge. Each of the Pledgors shall co-operate and render (at its own cost and expense) all assistance, which the Security Agent considers necessary, in order to facilitate the enforcement of the Pledge.

Any money received or realized by the Security Agent from any enforcement of the Pledge shall be paid or applied in the order set out in clause 10 (Application of Proceeds) of the Intercreditor Agreement.

Notwithstanding the foregoing and notwithstanding the provision of article 41 DEBA, the Security Agent shall be entitled to institute or pursue the enforcement of the Secured Obligations pursuant to regular debt enforcement proceedings without having first to institute proceedings for the realization of any security interest created to secure the Secured Obligations ( *Ausschluss des beneficium excussionis realis*). The Parties agree in advance that a sale according to article 130 DEBA (*Freihandverkauf*) shall be admissible.

**9 Release of Pledge**

The Pledge shall be automatically (a) terminated and cancelled and (b) the Shares or, in case of realization of the Shares, the remainder thereof, shall be released and returned to the Pledgors at their own cost and expense, at the earlier of (i) the day on which all Secured Obligations have been discharged in full and the Security Agent is satisfied (having been instructed in accordance with the terms of the Intercreditor Agreement) that no further Secured Obligations are capable of arising and no amount paid to discharge the Secured Obligations is capable of being avoided or reduced in bankruptcy, insolvency or similar laws or (ii) the Release Date.

**10 Position of the Security Agent**

The Security Agent has been duly appointed by each of the Pledgees under the Facilities Agreement and the Intercreditor Agreement (in particular clause 11) to act as security agent. The Security Agent shall act, for the purpose of this Agreement, in its capacity as security agent in the name and for the account of the Pledgees and is authorised to exercise the rights, powers, authorities and discretions specifically given to the Security Agent under or in connection with this Agreement together with any other incidental rights, powers, authorities and discretions as direct representative ( *direkter Stellvertreter*) of the Pledgees. The Pledgors acknowledge such rights and powers and acknowledge in particular clause 11.5 of the Intercreditor Agreement (*No independent power*).

The Security Agent performs this Agreement and exercises the rights of the Pledgees arising hereunder, as direct representative ( *direkter Stellvertreter*) of each of the Pledgees. Any action with respect to this Agreement taken by the Security Agent shall be construed as binding upon each of the Pledgees.

The Security Agent shall not, whether by virtue of this Agreement or by exercising any of its rights thereunder, owe any duty of care or fiduciary duty to the Pledgors or the Company.

The permissive rights of the Security Agent to take action under this Agreement shall not be construed an obligation or duty for it to do so.

Provided it complies with its obligations in this Agreement, the Security Agent is not required to have any regard to the interests of the Company.

In acting as Security Agent, the Security Agent shall be treated as acting through its agency division which shall be treated as a separate entity from its other divisions and departments. Any information received or acquired by the Security Agent which is received or acquired by some other division or department or otherwise than in its capacity as Security Agent may be treated as confidential by the Security Agent and will not be treated as information possessed by the Security Agent in its capacity as such.

In acting or otherwise exercising its rights or performing its duties under any of this Agreement, the Security Agent shall act in accordance with the provisions of the Intercreditor Agreement and shall, when required to grant a consent, exercise a discretion or power, take or omit to take any action, act pursuant to any instruction or direction from the Instructing Group or Administrative Agent (as applicable and as provided in the Intercreditor Agreement). In so acting, the Security Agent shall have the rights, benefits, protections, indemnities and immunities set out in the Intercreditor Agreement as if those provisions were set out in this Agreement, mutatis mutandis, and shall not incur any liability to the Pledgors, the Company or to any other Person.

The provisions of this Clause 10 shall survive any termination of this Agreement.

## 11 Transfer of Rights and Obligations

Each Noteholder and Noteholder Trustee (as each such term is defined in the Intercreditor Agreement) shall have the benefit of the security created hereby in accordance with the terms of the Intercreditor Agreement.

## 12 Indemnification

The Security Agent and each Pledgee shall not be liable for any loss or damage suffered by any of the Pledgors save in respect of such loss or damage which is suffered as a result of the wilful misconduct ( *Absicht*) or gross negligence (*grobe Fahrlässigkeit*) of a Pledgee or the Security Agent. Notwithstanding anything to the contrary herein, any liability of each of the Pledgees towards each of the Pledgors under this Agreement shall not be joint and several (*nicht solidarisch*) but separate and independent.

## 5. EXTENSION OF PLEDGES

5.1 *Replacement of assets*

The Pledges created herein shall extend to comprise any shares, securities, assets (tangible or intangible) or funds which substitute or correspond to the Shares in the event of merger, winding up, capital increase or reduction, conversion or share swap, transformation, de-merger or any other similar corporate transactions affecting the Company or the Shares such that the value of the Pledges does not decrease. Hereinafter, any reference to the Shares in this Agreement shall extend to comprise any right, securities, assets or funds that may correspond or in future substitute to the Shares.

Si como consecuencia de cualquiera de las operaciones referidas en el párrafo anterior las Prendas se extendieran a dinero o derechos de crédito convertibles en dinero, dicha cantidad se depositará en cuentas abiertas a nombre de los Pignorantes con la entidad o entidades señaladas por el Grupo Instructor (a través del Agente de Garantías) y quedará igualmente pignorada a favor de las Partes Garantizadas (en términos similares a los establecidos en el presente Contrato). En el supuesto de ejecución de las Prendas sobre el derecho de crédito de los Pignorantes al reintegro del saldo de la misma, la ejecución se efectuará mediante adjudicación directa a las Partes Garantizadas, por compensación con las Obligaciones Garantizadas pendientes de pago, a prorrata entre ellas, previa notificación fehaciente a los Pignorantes.

La extensión de las Prendas, en su caso, se realizará, a requerimiento del Agente de Garantías en virtud de las instrucciones escritas dadas por el Grupo Instructor, mediante el otorgamiento de los documentos públicos o privados que sean necesarios o convenientes atendiendo a la clase de garantía que proceda en función de la naturaleza del bien que sustituya a las Acciones. Los Pignorantes se comprometen a documentar dicha extensión en el plazo de treinta (30) días naturales desde que el Agente de Garantías le requiera.

En caso de que los Pignorantes no documenten la extensión de las Prendas en el plazo indicado, el Agente de Garantías estará facultado, haciendo uso de las facultades contenidas en los poderes irrevocables otorgados a su favor por los Pignorantes en esta misma fecha a estos efectos, para otorgar por sí solo dichos documentos (aunque ello implique autocontratación).

5.2 *Ampliaciones de capital*

En caso de que se lleve a cabo una ampliación de capital de acuerdo con lo previsto en el Contrato de Financiación,

If as a result of any transactions referred to in the preceding paragraph, the Pledges extend to cash or credit rights convertible into cash, the relevant amount shall be deposited in accounts opened by the Pledgors with the entity or entities appointed by the Instructing Group (through the Security Agent) and shall remain pledged in favour of the Secured Parties (in similar terms to those contained herein). Should any of the Pledges over the credit right to the reimbursement of the cash be enforced, the enforcement will take place by means of the set off of the relevant amount, which shall be directly allocated to the Secured Parties against the Secured Obligations outstanding, on a pro rata basis, provided that prior notice has been served to the Pledgors.

The extension of the Pledges, if applicable, shall be made at the request of the Security Agent on written instructions of the Instructing Group, by means of the execution of public or private documents as may be necessary or desirable in light of the type of guarantee to be granted pursuant to the nature of the asset that replaces the Shares. The Pledgors undertake to grant as many documents as may be necessary for the purposes of extending the Pledges within thirty (30) calendar days following receipt of a written request from the Security Agent for such purposes.

In the event that such documents are not granted within the above referred deadline, the Security Agent shall be entitled to grant the same in the name and on behalf of the Pledgors exercising the faculties conferred under the irrevocable powers of attorney granted by the Pledgors on the date hereof in favour of the Security Agent (even if this implies self-contracting).

5.2 *Increase of share capital*

In the event that a capital share increase is made in accordance with the Facilities Agreement, the Pledgors shall inform the

los Pignorantes informarán al Agente de Garantías por escrito con al menos cinco (5) Días Hábiles de antelación a la fecha prevista de celebración de junta general de accionistas en la que se vaya a votar o aprobar, según sea el caso, una ampliación de capital de la Sociedad y le remitirán por correo certificado copia de la escritura de ampliación de capital tan pronto como reciban del Notario copia de la citada escritura.

Los Pignorantes se comprometen a realizar todos los actos y formalizar cuantos documentos sean necesarios para que las Prendas se extiendan a las nuevas acciones de la Sociedad emitidas y suscritas por el Pignorante, con objeto de que el valor de las Prendas (en términos de porcentaje de participación en el capital) no disminuya, permaneciendo en todo momento pignorado el 99,6392%% del capital social de la Sociedad.

La extensión de las Prendas se documentará en documento de prenda complementario otorgado por los Pignorantes ante Notario en el plazo de treinta (30) días naturales a partir de la fecha de inscripción del aumento de capital en el Registro Mercantil, y se inscribirá en las correspondientes cuentas de los Registros.

En caso de que los Pignorantes no documenten y/o formalicen la extensión de las Prendas en el plazo indicado, el Agente de Garantías estará facultado, haciendo uso de las facultades contenidas en los poderes irrevocables otorgados a su favor por los Pignorantes en esta misma fecha a estos efectos, para otorgar por sí solo dichos documentos (aunque ello implique autocontratación).

Security Agent in writing at least five (5) Business Days in advance of the date on which a general shareholders meeting, in which that increase of share capital is to be considered or approved, is to be held and shall send the Security Agent, through registered mail, a copy of the deed of increase of share capital as soon as the Pledgors receive it from the relevant Notary.

The Pledgors undertake to do all things and execute all documents as may be necessary in order for the Pledges to be extended to such newly-issued shares of the Company subscribed by the Pledgor, in order to avoid a decrease in the value of the Pledges (as referred to a percentage in the share capital), so that 99.6392%% of the share capital of the Company is pledged at all times.

The extension of the Pledges shall be documented by a supplementary pledge document granted by the Pledgors before a Spanish Notary within thirty (30) calendars days following the date of registration of the capital increase with the Mercantile Registry, and shall be recorded with the corresponding accounts of the Registries.

In the event that such documents are not granted and/or the extension is not perfected within the above referred deadline, the Security Agent shall be entitled to grant the same in the name and on behalf of the Pledgors exercising the faculties conferred under the irrevocable powers of attorney granted by the Pledgors on the date hereof in favour of the Security Agent (even if this implies self-contracting).

(3) the Settlors shall have ten (10) business days, counted from the date on which the notice from the Trustee specified in paragraph (a)(2) above shall have been received, to oppose the sale as set forth in paragraph (4) below;

(4) the Settlors may only oppose such sale if the Settlors deliver to the Trustee evidence of payment issued and duly executed by the Beneficiary, of the obligations of the Obligors under the Facilities Agreement vis-à-vis the Original Creditors or of the payment obligations of the Settlors hereunder; it being understood that the Trustee may request the Beneficiary to provide a written confirmation as to whether such obligations have been complied with;

(5) in the event that the Settlors fail to prove, pursuant to paragraph (a)(4) above, that the Settlors have complied with their obligations arising from the Facilities Agreement or hereunder, as the case may be, the Trustee, upon written instructions given by the Beneficiary, shall immediately proceed to sell the Trust Assets as set forth in this Clause;

(6) the Beneficiary may, at any time, by notifying the Trustee in writing, instruct the Trustee to suspend, totally or partially, on the date and time on which such instructions are received by the Trustee, the extrajudicial foreclosure proceeding commenced in accordance with this Clause Seventh; provided that such notice shall cease to have effect, totally or partially, on the date and time on which the Trustee receives in writing from the Beneficiary, a new instruction by means of which the Beneficiary requests the Trustee to continue, totally or partially, with the extrajudicial foreclosure relating to the Trust Assets;

(7) the foreclosure shall be made by the Trustee, by means of an auction to be held in a location chosen by the Trustee. The Trustee with the aid of the Advisor (as such term is defined below), shall make a survey of potential bidders, and shall solicit potential bidders, whether arising from the survey or not, their participation in the auction. To the extent deemed necessary by the Beneficiary, the Advisor shall be in charge of preparing and distributing, or causing a third party to prepare and distribute, as instructed

by the Beneficiary, at the Settlors' expense and as promptly as reasonably practicable, a confidential information memorandum (the " Information Memorandum"), to be delivered to such potential bidders that have expressed an interest in purchasing the Trust Assets. The Information Memorandum shall contain, among other things, a description of the business of the Issuers, and an analysis of the Issuers' financial condition and results of operations (including audited financial statements of each Issuer for the last three (3) fiscal years, if available). The Information Memorandum or any other necessary document shall advise potential bidders of the amount each such potential bidder shall post through a certificate of deposit or certified check issued in favor of the Trustee, to guarantee the seriousness of their potential proposal, should any such potential bidder seek to participate in the auction;

(8) each of the Settlors and the Issuers agree to produce and deliver to the Trustee, the Advisor and the Beneficiary, such information related to the Issuers (legal, financial or otherwise), reasonably requested by the Advisor or the Beneficiary, necessary or desirable to prepare the Information Memorandum or for the purposes of this Agreement and any other documentation related to the Issuers (legal, financial or otherwise) that the Advisor or the Beneficiary reasonably consider that a potential bidder may require to make an informed offer;

(9) after the Trustee has distributed the Information Memorandum to potential bidders, if necessary, or after the Trustee shall have delivered any information deemed necessary to potential bidders, the Trustee shall advise such bidders of the place, date and time selected for the auction (the "Auction Notice"), which date shall not exceed thirty (30) days counted from the date the Information Memorandum or other information was distributed to all prospective bidders, and such date in no event shall exceed forty five (45) days from the date the Information Memorandum or other information was distributed to the first prospective bidder;

(10) the participating bidders shall deliver their offers in writing and in a sealed envelope to the Trustee, no later than on the date and time established in the Auction Notice, together with a certificate of deposit issued by a banking institution or a certified check issued in favor of the Trustee in the amount

determined by the Trustee (after consulting with the Beneficiary) to guarantee the seriousness of their proposal;

(11) the Trustee shall open the envelopes in the presence of the bidders, their representatives and a notary public or a commercial notary public (*corredor público*), on the date and time of the auction; the Trustee shall have ten (10) business days after such envelopes shall have been opened (or a longer period, if it was not possible to sell the Trust Assets within such period, as a result of any event, including failure to receive any necessary regulatory approvals), if so requested by the Beneficiary, to sell the Trust Assets to the bidder that submitted the highest offer;

(12) the winning bidder shall pay to the Trustee the offered price within the number of business days following the date of the auction indicated by the Trustee, after consulting with the Beneficiary;

(13) in the event that the bidder who made the highest bid fails to pay the price within the term specified, the deposit made or delivered certified check thereby shall inure to the benefit of the Beneficiary, who shall apply it to repay the amounts owed in respect of the Secured Obligations, as provided in this Clause;

(14) upon expiration of the term referred to in the preceding paragraph without the proposed purchase price being paid, the Trustee shall clearly notify the bidder who offered the second highest price (within the following twenty (20) business days); if such bidder maintains its initial offer, it shall be granted a period of time within which to pay the purchase price to the Trustee, if requested by the Beneficiary; if the second highest bidder does not maintain its offer, the Trustee may continue contacting all bidders in the order of higher to lower offers, following the procedure specified above, unless the Beneficiary shall object;

(15) if the sale may not be made to any of the bidders, the Trustee, with the consent of the Beneficiary, shall undertake a new auction following substantially the foregoing steps, until the sale of the Trust Assets is completed.

(b) Application of Sale Proceeds. The proceeds from any sale of the Trust Assets (including any Transferred Shares and

Additional Shares), shall be delivered to the Trustee, who shall proceed as instructed by the Beneficiary pursuant to the Intercreditor Agreement, in the following order of application:

(1) to the payment of any and all taxes due by any of the Settlors, as a result of the sale of the Trust Assets, if such taxes shall have not been paid by the corresponding Settlor;

(2) to the payment of expenses and fees reasonably incurred in connection with the sale of the Trust Assets, including, without limitation, any expenses or fees charged or incurred by the Trustee or the Beneficiary, if any such expenses or fees shall have not been paid by the Settlors;

(3) to the payment of the Trustee's fees, if such fees shall have not been paid by the Settlors;

(4) to the payment, on a pro-rata basis, of any and all outstanding Secured Obligations, for which purpose the amounts requested by the Beneficiary shall be delivered thereto, so that the Beneficiary may apply such amounts or cause such amounts to be applied, in the order specified in Clause 10.1 of the Intercreditor Agreement; and

(5) upon payment of the foregoing items, any remaining amounts shall be delivered pursuant to the instructions of the Settlors or, absent such instructions, as ordered by a court of competent jurisdiction.

(c) Conversion. As the Secured Obligations payable by the Settlors are mainly monetary obligations denominated in dollars of the United States of America, to the extent necessary to pay the applicable dollar-denominated Secured Obligations, the amounts received in pesos from the sale of the Trust Assets referred to in this Clause Seventh, shall be converted into dollars of the United States of America by the Trustee, to the extent necessary and as instructed by the Beneficiary, at the most favorable rate provided by Banco Nacional de México, S.A., Integrante del Grupo Financiero Banamex, or BBVA Bancomer, S.A., Institución de Banca Múltiple, Grupo Financiero BBVA Bancomer, or any successor thereof, and in case such rate is not provided to the Trustee by the aforementioned institutions, as it shall be obtained from an institution chosen by the Beneficiary, which amounts so converted shall be applied by the Trustee, up to the resulting converted amount, to the payment of the dollar-denominated Secured Obligations and other items (in such order) described above.

(d) Advisor. Upon agreement with the Beneficiary, the Trustee shall appoint a third party (the "Advisor"), which shall be a reputable credit institution or financial advisor institution, to organize and coordinate the bidding process contemplated herein and to prepare all relevant documentation, provided that (i) the Beneficiary may, at any time, remove or replace the Advisor (if appointed), with or without cause, and (ii) there shall not exist a labor relationship between the Trustee and the Beneficiary.

(e) Substitution of the Advisor. Should the Advisor, for any reason, not be able to perform its obligations under this Agreement, the parties hereto agree that the Trustee, after having so agreed with the Beneficiary and only in that case, shall appoint a new advisor, whom shall adhere to the terms of this Agreement, and whom shall be deemed as the "Advisor" starting from the date of the appointment; it being understood that (i) such appointment shall be made to a reputable institution capable of performing such duties, and (ii) the Advisor shall not cease to perform its duties until a new advisor accepts its designation as such under the terms provided in this Agreement.

(f) Fees and expenses of the Advisor. The Settlors, on a joint and several basis, agree to pay the Advisor its reasonable fees.

As required under Article 403 of the General Law of Negotiable Instruments and Credit Transactions ( *Ley General de Títulos y Operaciones de Crédito*), each of the Settlors expressly agrees the extrajudicial foreclosure proceeding set forth in this Clause Seventh, by signing below to so evidence:

**EIGHTH.** Obligations and Scope of Trustee's Liability; Protection of the Trust Assets. (a) The Trustee agrees to manage the Trust Assets, to comply with its obligations and to exercise its rights hereunder, pursuant to the terms hereof and according to applicable law, and using the highest standard of care contemplated under Mexican law, and agrees not to take any action and not to omit to take any action, that would result in the Trustee not complying with such obligations.

(b) The parties hereto hereby agree that the Trustee shall not be liable for any action or omission of the other parties to this Agreement or of any third party that may result in an impossibility to satisfy the purposes set forth in this Agreement.

(c) Any Secured Obligation (or other obligations applicable to the Trustee pursuant to the terms hereof) shall be satisfied up to the amount of the Trust Assets. Should the Trust Assets be insufficient to satisfy the Secured Obligations, the Trustee shall have no responsibility to make any contributions under this Agreement or to pay the Secured Obligations, but shall be obligated to notify each of the Beneficiary and the Settlors of the existence of any insufficiency.

(d) Each of the Settlors and the Issuers shall notify immediately, in writing, the Trustee and the Beneficiary, of any development or event that has had or could reasonably be expected to have a material adverse effect in respect of the Trust Assets, this Agreement or the respective obligations of the Settlors hereunder, so that the Trustee may defend the Trust Assets pursuant to paragraph (g) below.

(e) The Trustee shall inform each of the Settlors and the Beneficiary, of any threat to the Trust Assets or of any Enforcement Event it has knowledge of, it being understood that the Trustee shall not be required to investigate the existence thereof.

(f) The parties hereto hereby agree that any instructions or notices to be delivered to the Trustee hereunder, shall be in writing.

(g) The Trustee shall have the obligation to grant, to the persons or entities specified in writing by the Settlors and the Beneficiary, the necessary powers-of-attorney to defend the Trust Assets. In the event that the Settlors and the Beneficiary have not designated a person or entity to defend the Trust Assets pursuant to the foregoing terms, and it is likely that such lack of defense shall have a material adverse effect on the Trust Assets, the Trustee shall grant the requisite powers-of-attorney to the person or persons that the Trustee deems appropriate, using its discretion, and shall give the necessary instructions for the effective defense of the Trust Assets, until such time when the Settlors and the Beneficiary deliver the appropriate written instructions to the Trustee in connection with such defense, without the Trustee or the Beneficiary being liable, except in case of the Trustee, if actions of the Trustee arise from willful misconduct, bad faith or negligence (*dolo, negligencia o mala fe*). If (i) there shall be an Enforcement Event, or (ii) the Settlors and the Beneficiary do not reach an agreement as to the identity of the person or entity that shall defend the Trust Assets or in respect of the terms of the instructions to be given in connection therewith, the appointment of attorneys-in-fact shall be made solely by the Beneficiary, without the Beneficiary being liable. Neither the Trustee nor the Beneficiary shall be liable for the acts of the attorneys-in-fact, or for the payment of the relevant fees and expenses, which shall be paid by the Settlors, failing whom, with the Trust Assets. The Trustee shall in no case grant powers-of-attorney for acts of ownership, which shall always be exercised by the trust delegates (*delegados fiduciarios*) of the Trustee.

(h) Should an urgent action be necessary to protect and maintain the Trust Assets, the Trustee shall be obligated to take any immediate action required to maintain the Trust Assets. The Trustee shall not be liable for any action it takes for purposes of protecting the Trust Assets, provided that its actions comply with the terms set forth in this Agreement and applicable law.

(i) If the Trustee shall receive a judicial or other notice or claim with respect to this Agreement or the Trust Assets, it shall, no later than the day following the day it shall receive the notice (or the following business day), send a copy of such notice or claim to the Settlors and the Beneficiary.

**NINTH.** Mandatory Provision Regarding the Trustee's Liability. (a) In accordance with Recital III (h) of this Agreement and Article 106, XIX, b) of the Law of Credit

h) To enter into trusts that manage sums of money contributed periodically by consumer groups organized as commercial associations, having as purpose the acquisition of certain assets or services that are regulated under the Federal Consumer Protection Law ( *Ley Federal de Protección al Consumidor*).

(c) Pursuant to Circular 1/2005, the Trustee has advised the parties that the Trustee shall be liable, from a civil law perspective, for damages and losses caused as a result of the breach of the obligations assumed by it hereunder, as long as it is so determined by a competent judicial authority.

**TENTH.** Substitution of the Trustee. (a) Subject to paragraphs (c) and (d) below, the Trustee may resign its position a trustee hereunder, by giving written notice to the Settlors and the Beneficiary at least sixty (60) calendar days in advance ( except as set forth in Clause Tenth (c) hereof), including upon the occurrence of the event set forth in Clause Fourteenth (a)(iv), provided that the Trustee may under no circumstances resign if an enforcement action pursuant to Clause Seventh hereof shall have been initiated. Subject to the provisions of

paragraph (c) below, the appointment of the Trustee may also be terminated, by means of a notice in writing given by the Beneficiary, at least thirty (30) calendar days in advance.

(b) If the Trustee ceases to act as trustee under this Agreement, due to an anticipated termination of its duties in accordance with paragraph (a) above or upon the occurrence of the Termination Date, the Trustee shall prepare account statements and accounts related to the Trust Assets, which shall be delivered within thirty (30) calendar days following such termination to the Settlors and the Beneficiary. The Settlors and the Beneficiary shall have thirty (30) calendar days to examine and object to such account statements and accounts, counted from the date of receipt thereof; after such period shall have expired, the financial statements and accounts shall be deemed as approved by the Settlors and the Beneficiary, unless mistakes or any errors or omissions shall not be evident.

(c) The Beneficiary shall be entitled to appoint any successor Trustee, provided that, so long as no Enforcement Event has occurred and is continuing, the Settlors shall have the right to consent to any such appointment, within fifteen (15) calendar days following the date the representative of the Settlors shall have received notice of such appointment, consent which may not be unreasonably withheld and which shall be deemed given if the Settlors do not object to such appointment in a timely manner.

(d) The Trustee shall not cease to be the trustee hereunder until the successor trustee is appointed pursuant to the terms set forth herein, such successor trustee has accepted its designation, and the Trust Assets have been duly transferred to the successor trustee.

**ELEVENTH.** Fees and Expenses of the Trustee. (a) The Settlors, on a joint and several basis, agree to pay to the Trustee the fees specified **Exhibit O**, and any other reasonable fees and any and all reasonable and documented costs and expenses incurred or paid thereby, in connection with the management of the Trust Assets and the performance of its obligations hereunder.

(b) The parties agree that the Trustee shall not be obligated to perform the instructions provided by any of the parties hereto entitled to provide instructions, if it has not received sufficient funds to pay for any and all of its costs and expenses, and shall be required to inform the Settlors and the Beneficiary promptly, of the need of any such funds to satisfy

its obligations hereunder. If the Trustee does not have sufficient liquid funds in its possession, to reasonably perform its obligations hereunder, the parties agree that the Trustee shall not be liable for any damages or losses it may cause, as a result of its inability to perform hereunder.

Each of the Settlors agrees to provide to the Trustee and the Beneficiary, tax receipts, returns or any other evidence of payment, of the applicable taxes, duties, assessments and related obligations.

(b) If for any reason and at any time, the Trustee is notified by any tax or tax-like authorities, located in any jurisdiction, of any determination or interpretation that the activities contemplated herein or any other related elements, result in the trust created hereunder being deemed a taxable entity and, therefore, the Trustee is obligated to withhold and pay, or solely to pay, any taxes in connection with the trust created hereunder or any action related hereto, the Trustee shall promptly provide written notice to the Settlors and the Beneficiary, so that the Settlors may take any and all necessary action, including the payment of any taxes, duties, assessments or related obligations.

Each of the Settlors authorizes and irrevocably instructs the Trustee to use the amounts which are part of the Trust Assets, to pay any expenses derived directly or indirectly from the performance of its obligations set forth herein or in the applicable law, provided that the Trustee shall notify the Settlors' Representative and the First Beneficiary the expenses paid with the Trust Assets in accordance with the terms of this Agreement.

The Settlors hereby release the Trustee from any liability incurred by it resulting from any legal and/or physical actions carried out by the Trustee in the performance of its duties and/or the execution of the instructions it received pursuant to this Agreement, except in the cases of willful misconduct, negligence or bad faith of the Trustee as determined by a competent court in a final judgment. The Trustee and its fiduciary delegates shall not be liable for the actions of said attorneys-in-fact nor for the payment of costs, expenses and fees incurred as a result of the appointment and the defense of the Trust Assets.

In the event the Trustee is served with a judicial order or any other notice or claim related herewith from any third party whatsoever, the Trustee shall immediately deliver a copy of such document to the Settlors' Representative and to the First Beneficiary, in which case the provisions set forth in the immediately preceding paragraph shall be applicable.

All costs and fees to be covered in connection with the accomplishment of this Agreement, shall be jointly and severally paid by the Settlors, thus, the Settlors agree to deliver to the Trust Assets or pay directly to the Trustee all amounts necessary in order to grant the Trustee with sufficient funds to cover the corresponding expense within the term informed by the Trustee and, in case the Trustee does not inform such term, within 3 (three) Business Days following receipt of the request delivered by the Trustee.

The Trustee, when acting in accordance of the written instructions received from the Settlors' Representative or the First Beneficiary, as the case may be, and such actions are within the scope of authorities hereunder, the Trustee shall be released from any liability whatsoever in respect of the actions executed thereby, except when acting with willful misconduct, negligence or bad faith.

In the event of penalties derived from any proceeding related to the Trust Assets or against the Trustee, acting in such capacity, initiated by any third party, the payment of the costs and expenses determined in such regard, shall be paid jointly by the Settlors, or if not paid by the Settlors, with the Trust Assets, in accordance with the terms of this Clause, except where the Trustee acted with willful misconduct, bad faith or negligence or carries out actions that are not authorized hereunder, as determined by the corresponding judicial authority by means of a judgment issued against the Trustee.

The Parties agree that immediately following the removal of any First Beneficiary in accordance with the immediately preceding paragraph, the First Beneficiary so removed shall no longer represent the Lenders pursuant to the terms hereof and the substitute first beneficiary shall have all rights, authorities and obligations of the First Beneficiary hereunder and shall have such representation and duties in such capacity.

**SEVENTEENTH. The Trustee is authorized to act in accordance with the instructions transmitted pursuant to this Clause.

In the event that the corresponding instructions are not delivered in accordance with the foregoing provisions and/or the Trustee is unable to make a confirmation call in respect thereto, the Parties expressly and irrevocably instruct the Trustee to refrain from executing such instructions, except in urgent cases.

**NINETEENTH. Appointment of the Settlors' Representative.** Each Settlor, in its capacity as Settlor and Counterparty, as the case may be, hereby irrevocably appoints Cemex SAB (hereinafter, the "Settlors´ Representative") as its true and legitimate representative, agent and attorney-in-fact (i) for purposes of receiving in name of each Settlor and Counterparty, any communication delivered by the First Beneficiary or the Trustee pursuant to this Agreement; (ii) receive in name of each Settlor and Counterparty, copies of the subpoenas, claims and other documentation related to any proceeding and (iii) if the case may be, to receive any funds pursuant to the provisions of Clause Sixth. As a consequence of the above, any notice, communication or, if the case, transfer of funds destined to the Settlors and/or Counterparty and delivered to the Settlors' Representative, shall have the same legal effects as if it were directly delivered to each Settlor and/or Counterparty. Each of the Settlors and Counterparties hereby authorizes and instructs the Settlors' Representative to accept such communications in each of their names. The appointment of the Settlors' Representative

shall be irrevocable until the appointment of a successor for the Settlors' Representative, in which case such appointment shall be subject to the authorization of the First Beneficiary and notified to the Trustee.

The power of attorney granted pursuant to this Clause Nineteenth constitutes an agency or a special power of attorney for lawsuits and collections, granted in accordance with the first paragraph of Article 2554 of the Civil Code. Upon termination of this Agreement, the balance, if any, of the Trust Assets, shall be returned to each Settlor proportionally to their contributions, as the Settlors instruct the Trustee.

**TWENTY SECOND. Reversion.** The Settlors shall have the right so that, upon termination of this Agreement pursuant to the provisions of Clause Twenty First hereof, all present or future assets or rights delivered by each of the Settlors or to which the Settlors are entitled to and which are considered as a part of the Trust Assets, be returned to them in accordance with the instruction given by the Settlors' Representative to the Trustee.

THE TRANSFER OF THE TRUST ASSETS TO THE TRUSTEE, IN ACCORDANCE WITH THIS AGREEMENT DOES NOT CONSTITUTE, NOR SHALL BE INTERPRETED OR DEEMED AS A SALE IN ACCORDANCE WITH SECTION IV A, OF ARTICLE 14 OF THE FEDERAL TAX CODE, AS THE SETTLORS HAVE THE RIGHT OF REVERSION IN ORDER TO RECOVER LEGAL TITLE TO THE TRUST ASSETS, IN TERMS HEREOF.

**TWENTY THIRD. WHEREAS, in connection with the Extinguishments, the Old Notes held by each Purchaser as a "holder" under the 2009 Note Purchase Agreement will be returned and cancelled, all as provided herein and in the Facilities Agreement (as defined herein);

WHEREAS, the Purchasers are entering into that certain Facilities Agreement dated on or about the date hereof among CEMEX, S.A.B. de C.V., a stock corporation organized under the laws of the United Mexican States (the " Parent"), each of the borrowers, guarantors and security providers listed in Part I of Schedule 1 thereto, the other financial institutions listed in Part II of Schedule 1 thereto, the agent named therein and the security agent named therein (as amended, restated, supplemented, waived or otherwise modified from time to time, the " Facilities Agreement"); and

WHEREAS, CEMEX España, the Company and the Purchasers desire to enter into this Agreement to provide for the issuance of the New Notes (as defined herein) with terms and conditions consistent with those specified for such New Notes in the Facilities Agreement and subject always to the terms of the Facilities Agreement.

NOW, THEREFORE, in consideration of the mutual promises set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

**1. AUTHORIZATION OF NEW NOTES.**

The Company will authorize the issuance of $106,586,333.79 aggregate principal amount of its 9.66% Senior Notes due February 14, 2017 (the " New Notes"), such term to include any Additional New Notes, and any such notes issued in substitution therefor pursuant to Section 13 of this Agreement). The New Notes shall be substantially in the form set out in Exhibit 1 with such changes therefrom, if any, as may be approved by the Purchasers and the Company. Regulation T, U or X of the Board of Governors of the Federal Reserve System). If requested by any Purchaser, such Purchaser shall have received an Officer's Certificate certifying as to such matters of fact as such Purchaser may reasonably specify to enable such Purchaser to determine whether such return, cancellation and issuance is so permitted.

**4.5. Facilities Agreement.**

Parent and CEMEX España, and all other parties to the Facilities Agreement, shall have executed and delivered the Facilities Agreement, and the conditions precedent to the effectiveness of the Facilities Agreement as set forth therein under the definition of " Effective Date" shall have occurred or been waived in accordance with the provisions of the Facilities Agreement.

**4.9. Agent for Service of Process.**

CT Corporation System shall have accepted its appointment by the Company and Guarantor as the agent for service of process for the Company and the Guarantor in the City of New York, State of New York, from the date of the Closing to and including December 31, 2017, and the Purchasers shall have received evidence of such acceptance.

## 5. THE FACILITIES AGREEMENT.

To the maximum extent permitted by law: (i) in the event of any inconsistency or conflict between the Intercreditor Agreement and any other Finance Document, the Intercreditor Agreement will prevail; and (ii) in the event of any inconsistency or conflict between the Facilities Agreement and any other Finance Document (other than the Intercreditor Agreement), the terms of the Facilities Agreement will prevail. The Facilities Agreement, as in effect on the date hereof, is attached hereto as Exhibit 3.

## 6. REPRESENTATIONS AND WARRANTIES OF CEMEX ESPAÑA AND THE COMPANY; REPRESENTATIONS OF THE PURCHASERS.

### 6.1. Representations and Warranties of CEMEX España and the Company.

CEMEX España and the Company represent and warrant to the Purchasers that:

(a) *Private Offering by the Company.* Neither the Company nor anyone acting on its behalf has offered the New Notes or any similar securities for sale to, or solicited any offer to buy any of the same from, or otherwise approached or negotiated in respect thereof with, any Person other than the Purchasers and not more than 59 other Institutional Investors (as defined in clause (c) of the definition of such term), each of which has been offered the New Notes at a private sale for investment. Neither the Company nor anyone acting on its behalf has taken, or will take, any action that would subject the issuance of the New Notes to the registration requirements of Section 5 of the Securities Act.

(b) *Foreign Assets Control Regulations, etc.* The issuance of the New Notes by the Company hereunder will not violate the Trading with the Enemy Act, as amended, or any of the foreign assets control regulations of the United States Treasury Department (31 CFR, Subtitle B, Chapter V, as amended) or any enabling legislation or executive order relating thereto. Without limiting the foregoing, neither CEMEX España nor any Subsidiary (i) is or will become a blocked person described in the Anti-Terrorism Order or the Department of the Treasury Rule or (ii) knowingly engages or will engage in any dealings or transactions with any such person.

(c) *Foreign Corrupt Practices Act.* The issuance of the New Notes by the Company hereunder will not cause any Purchaser to be in violation of any provision of the U.S. Foreign Corrupt Practices Act of 1977 or other applicable national or local law regulating the payments of bribes to government officials or employees.

### 6.2. Representations of the Purchasers.

(a) *Purchase for Investment*. Each Purchaser represents that it is acquiring the New Notes for its own account or for one or more separate accounts maintained by it or for the account of one or more pension or trust funds and not with a view to the distribution thereof; provided that the disposition of such Purchaser's or such pension or trust funds' property shall at all times be within such Purchaser's or such pension or trust funds' control. Each Purchaser understands that the New Notes have not been registered under the Securities Act and may be resold only if registered pursuant to the provisions of the Securities Act or if an exemption from registration is available, except under circumstances where neither such registration nor such an exemption is required by law, and that the Company is not required to register the New Notes.

(b) *Accredited Investor.* Each Purchaser represents that it is an "accredited investor" within the meaning of Rule 501(a)(1), (2) or (3) under the Securities Act or an entity in which all of the equity owners are accredited investors within the meaning of Rule 501(a)(1), (2) or (3) under the Securities Act.

**7. CONSULTATION WITH NOTEHOLDERS.**

Each of CEMEX España and the Company agrees that if it solicits, participates in or initiates discussion of a substantive nature with any Creditor in its capacity as a Creditor concerning any matter that, if pursued, in substantial likelihood would result in an amendment, variation, modification, waiver, override, replacement or supplement of any terms of the Facilities Agreement, this Agreement, the New Note Guarantee, the New Notes or any other Finance Documents and such amendment, variation, modification, waiver, override, replacement or supplement would require a consent by either Majority Creditors, Super Majority Creditors or all Creditors, in each case directly affecting the Purchasers in a substantive manner, then it shall also promptly consult on such matter in good faith with the Noteholders' Representative.

**8. MATURITY; PREPAYMENT OF THE NEW NOTES; INCREASE IN INTEREST RATE.**

**8.1. Stated Maturity.**

The entire principal amount of the New Notes shall become due and payable on February 14, 2017 except in the event that any of the circumstances set out in Clause 5.1 (*Spring Back Dates*) of the Facilities Agreement occur, at which point the entire principal amount of the New Notes shall become due and payable in accordance with the terms of the Facilities Agreement.

**8.2. Scheduled Amortization.**

Repayment of the New Notes shall be made in accordance with Clause 5 ( *Repayment*) and Clause 7 (*Mandatory Prepayment and Segregated Accounts*) of the Facilities Agreement.

**8.3. Optional Prepayments.**

Subject to and in accordance with Clause 6.2 ( *Voluntary Prepayment*) and Clause 6.4 (*Right of repayment in relation to a single Creditor*) of the Facilities Agreement, the Company may, at its option, upon notice as provided below, prepay at any time all, or from time to time any part of the New Notes at 100% of the principal amount so prepaid, together with interest accrued but unpaid thereon to the date of such prepayment. The Company will give each holder of New Notes written notice of each optional prepayment under this Section 8.3 in accordance with Clause 6.2 ( *Voluntary Prepayment*) and Clause 6.4 (*Right of repayment in relation to a single Creditor*) of the Facilities Agreement.

**8.4. Replacement of Affected Holder for Tax Reasons.**

If the Company or CEMEX España (assuming that CEMEX España is required to make a payment) shall deliver to each holder (each, an " Affected Holder") to which an Additional Payment would be payable by the Company or CEMEX España on the occasion of the next payment by the Company or CEMEX España in respect of such New Notes (in the case of CEMEX España, in an amount greater than 10% of the amount which CEMEX España would have been obligated to pay exclusive of the requirements of Section 14.4) (the date of such next payment in respect of which such Additional Payment will be due is herein referred to as the "Affected Payment Date") written notice of a Responsible Officer (with respect to each incident

in which a Related Tax is initially levied by a Taxing Jurisdiction that would result in the payment of an Additional Payment, a "Tax Prepayment Notice") setting forth in reasonable detail the nature of the Related Tax in respect of such Additional Payment and confirming that:

(a) such Related Tax is required, under the laws of such Taxing Jurisdiction, to be withheld or deducted from the payment due to such Affected Holders on such Affected Payment Date and that such payment is the first payment in respect of which such particular Related Tax must be withheld (it being understood that the payment immediately following and reflecting a change in a pre-existing Related Tax shall be deemed the first payment with respect to such Related Tax), *provided* that if the enactment of the statute or regulation, the amendment of an existing statute or regulation or the adoption or amendment of a treaty giving rise to a Related Tax occurs less than 180 days prior to the due date of a payment in respect of the New Notes that is subject to such Related Tax, then, at the election of the Company, the first payment in respect of the New Notes, the due date of which is more than 180 days after such enactment, shall be deemed to be such first payment; and

(b) as of the date of such opinion, such Related Tax would be required to be withheld from similar future payments to such Affected Holders;

then, in accordance with Clause 37.4 (*Replacement of Creditor*) of the Facilities Agreement, the Company may replace such Affected Holder.

**8.5. Allocation of Partial Prepayments.**

In the case of each partial prepayment of the New Notes pursuant to Section 8.3, the principal amount of the New Notes to be prepaid shall be allocated among all of the New Notes at the time outstanding in proportion, as nearly as practicable, to the respective unpaid principal amounts thereof not theretofore called for prepayment.

**8.6. Mandatory Prepayment upon Disposal of CEMEX España or the Company.**

In the case of a Disposal of all of the shares in CEMEX España or in the Company, each of CEMEX España and the Company shall ensure that upon completion of the Disposal the New Notes are prepaid in full.

**8.7. Maturity; Surrender, etc.**

In the case of each prepayment of New Notes pursuant to this Section 8, the principal amount of each New Note to be prepaid shall mature and become due and payable on the date fixed for such prepayment, together with interest on such principal amount accrued to such date. From and after such date, unless the Company shall fail to pay such principal amount when so due and payable as aforesaid, interest on such principal amount shall cease to accrue. Any New Note paid or prepaid in full shall be surrendered to the Company and cancelled and shall not be reissued, and no New Note shall be issued in lieu of any prepaid principal amount of any New Note.

**8.8. Purchase of New Notes.**

Except as permitted by Clause 8.4 (*Prepayment in accordance with Agreement*) and Clause 26.1 (*Permitted Debt Purchase Transactions*) of the Facilities Agreement, to which this Section 8.8 shall not apply, CEMEX España and the Company will not, nor will CEMEX España or the Company permit any Affiliate (to the extent that the Company or CEMEX España controls such Affiliate), to purchase, redeem, prepay or otherwise acquire, directly or indirectly, any of the outstanding New Notes except (a) upon the payment or prepayment of the New Notes in accordance with the terms of this Agreement and the New Notes or (b) pursuant to an offer to purchase made by any Obligor or an Affiliate pro rata to the holders of all New Notes at the time outstanding upon the same terms and conditions. Any such offer pursuant to the preceding clause (b) shall provide each holder with sufficient information to enable it to make an informed decision with respect to such offer, and shall remain open for at least 30 Business Days. If the Required Holders accept such offer, the Company shall promptly notify the remaining holders of such fact and the expiration date for the acceptance by holders of New Notes of such offer shall be extended by the number of days necessary to give each such remaining holder at least five Business Days from its receipt of such notice to accept such offer. The Company will promptly cancel all New Notes acquired by it or any Affiliate pursuant to any payment, prepayment or purchase of New Notes pursuant to any provision of this Agreement, and no New Notes may be issued in substitution or exchange for any such acquired or purchased New Notes.

**9. FEES.**

The Parent shall pay to each Purchaser the fees described in Clause 12 ( *Fees*) of the Facilities Agreement in the amounts specified therein and in accordance with the provisions thereof.

**10. INTEREST.**

**10.1. Interest Rate.**

Interest on the unpaid balance of each New Note shall initially be at the rate of 9.66% per annum from the Effective Date. Such interest shall be computed on the basis of a 360-day year of twelve 30-day months.

**10.2. Adjustments to Interest Rate.**

Interest payable on the New Notes shall be adjusted in accordance with the terms and provisions of the Facilities Agreement, including but not limited to Clause 9 (*Interest)* of the Facilities Agreement. Notwithstanding the foregoing, in no event shall the interest rate be less than 8.91% on the New Notes.

**11. EVENTS OF DEFAULT.**

An "Event of Default" shall exist if any Event of Default (as defined in the Facilities Agreement) occurs under any of Clauses 24.1 ( *Non-Payment*) to 24.15 (*Failure to Perform Payment Obligations*) of the Facilities Agreement.

## 12. REMEDIES ON DEFAULT, ETC.

### 12.1. Acceleration.

If an Event of Default described in Section 11 has occurred and is continuing, any holders of the New Notes at the time outstanding may at any time at their option, by notice or notices to the Company, declare their New Notes then outstanding to be immediately due and payable, subject to the prior authorization of the Majority Creditors of the taking of such action.

Upon any New Notes becoming due and payable under this Section 12.1, whether automatically or by declaration, such New Notes will forthwith mature and the entire unpaid principal amount of such New Notes, plus all accrued and unpaid interest thereon, shall be immediately due and payable, in each and every case without presentment, demand, protest or further notice, all of which are hereby waived. The Company acknowledges, and the parties hereto agree, that each holder of a New Note has the right to maintain its investment in the New Notes free from repayment by the Company (except as herein specifically provided for).

### 12.2. Other Remedies.

If the Company defaults in the payment of any principal or any interest on any New Note when the same becomes due and payable, whether at maturity or at a date fixed for prepayment or by declaration or otherwise, any holder or holders of New Notes at the time outstanding affected by such default may at any time, at its or their option, take action available to it to recover any amount due to it under the New Notes and this Agreement, other than the taking of the actions under Clause 24.16 (*Acceleration*) of the Facilities Agreement except as contemplated by that clause. If any Default or Event of Default has occurred and is continuing, and irrespective of whether any New Notes have become or have been declared immediately due and payable under Section 12.1, the holder of any New Note at the time outstanding may proceed, subject to the prior authorization of the Majority Creditors of the taking of such action, to protect and enforce the rights of such holder by an action at law, suit in equity or other appropriate proceeding, whether for the specific performance of any agreement contained herein or in any New Note, or for an injunction against a violation of any of the terms hereof or thereof, or in aid of the exercise of any power granted hereby or thereby or by law or otherwise.

### 12.3. Rescission.

At any time after any New Notes have been declared due and payable pursuant to Section 12.1, the Required Holders by written notice to the Company may rescind and annul any such declaration and its consequences if (a) the Company has paid all overdue interest on the New Notes, all principal of any New Notes that are due and payable and are unpaid other than by reason of such declaration, and all interest on such overdue principal and (to the extent permitted by applicable law) any overdue interest in respect of the New Notes, at the Default Rate, (b) all Events of Default and Defaults, other than non-payment of amounts that have become due solely by reason of such declaration, have been cured or have been waived pursuant to Section 17 and (c) no judgment or decree has been entered for the payment of any monies due pursuant hereto or to the New Notes. No rescission and annulment under this Section 12.3 will extend to or affect any subsequent Event of Default or Default or impair any right consequent thereon.

**12.4. No Waivers or Election of Remedies, Expenses, etc.**

No course of dealing and no delay on the part of any holder of any New Note in exercising any right, power or remedy shall operate as a waiver thereof or otherwise prejudice such holder's rights, powers or remedies. No right, power or remedy conferred by this Agreement or by any New Note upon any holder thereof shall be exclusive of any other right, power or remedy referred to herein or therein or now or hereafter available at law, in equity, by statute or otherwise. Without limiting the obligations of the Company under Section 15, the Company will pay to the holder of each New Note on demand such further amount as shall be sufficient to cover all costs and expenses of such holder incurred in any enforcement or collection under this Section 12, including, without limitation, reasonable attorneys' fees, expenses and disbursements.

## 13. REGISTRATION; EXCHANGE; SUBSTITUTION OF NEW NOTES.

**13.1. Registration of New Notes.**

The Company shall keep at its principal executive office a register for the registration and registration of transfers of New Notes. The name and address of each holder of one or more New Notes, each transfer thereof and the name and address of each transferee of one or more New Notes shall be registered in such register. Prior to due presentment for registration of transfer, the Person in whose name any New Note shall be registered shall be deemed and treated as the owner and holder thereof for all purposes hereof, and the Company shall not be affected by any notice or knowledge to the contrary. The Company shall give to any holder of a New Note that is an Institutional Investor promptly upon request therefor a complete and correct copy of the names and addresses of all registered holders of New Notes.

**13.2. Transfer and Exchange of New Notes.**

Upon surrender of any New Note at the principal executive office of the Company for registration of transfer or exchange (and in the case of a surrender for registration of transfer, duly endorsed or accompanied by a written instrument of transfer duly executed by the registered holder of such New Note or his attorney duly authorized in writing and accompanied by the address for notices of each transferee of such New Note or part thereof), and the satisfaction of the requirements of Clause 25.1 (*Assignments and transfers by the Creditors*) of the Facilities Agreement, the Company shall execute and deliver, at the Company's expense (except as provided below), one or more new New Notes (as requested by the holder thereof) in exchange therefor, in an aggregate principal amount equal to the unpaid principal amount of the surrendered New Note. Each such new New Note shall be payable to such Person as such holder may request and shall be substantially in the form of the New Note originally issued hereunder. Each such new New Note shall be dated and bear interest from the date to which interest shall have been paid on the surrendered New Note or dated the date of the surrendered New Note if no interest shall have been paid thereon. The Company may require payment of a sum sufficient to cover any stamp tax or governmental charge imposed in respect of any such transfer of New Notes. New Notes shall not be transferred in denominations of less than $200,000, *provided* that if necessary to enable the registration of transfer by a holder of its entire holding of New Notes, one New Note may be in a denomination of less than $200,000. Any transferee, by its acceptance of a New Note registered in its name (or the name of its nominee), shall be deemed to have made the representations set forth in Section 6.2 and shall be deemed to be a Creditor under the Facilities Agreement.

**13.3. Replacement of New Notes.**

Upon receipt by the Company of evidence reasonably satisfactory to it of the ownership of and the loss, theft, destruction or mutilation of any New Note (which evidence shall be, in the case of an Institutional Investor, notice from such Institutional Investor of such ownership and such loss, theft, destruction or mutilation), and

(a) in the case of loss, theft or destruction, of indemnity reasonably satisfactory to it ( *provided* that if the holder of such New Note is, or is a nominee for, an original Purchaser or another holder of a New Note with a minimum net worth of at least $50,000,000, such Person's own unsecured agreement of indemnity shall be deemed to be satisfactory), or

(b) in the case of mutilation, upon surrender and cancellation thereof,

the Company at its own expense shall execute and deliver, in lieu thereof, a new New Note, dated and bearing interest from the date to which interest shall have been paid on such lost, stolen, destroyed or mutilated New Note or dated the date of such lost, stolen, destroyed or mutilated New Note if no interest shall have been paid thereon.

**13.4. Additional New Notes.**

In the event that a 2009 Noteholder elects to exchange into the Facilities Agreement in accordance with Clause 25.11 ( *Acceding Creditors*) of the Facilities Agreement (such person, an "Acceding Purchaser"), following the delivery of Old Notes held by such Acceding Purchaser or an executed Lost Note Certificate to the Company, (a) the Old Notes delivered by such Purchasers (or in respect of which a Lost Note Certificate is delivered by such Purchasers) shall be cancelled; (b) the Company shall, subject to compliance with any other provision of this Agreement, without the consent of the holders, create and issue pursuant to this Agreement, New Notes (such New Notes, the "Additional New Notes") to such Acceding Purchaser that shall have the terms and conditions identical to those of the other New Notes, except with respect to:

(i) the date of issuance of such Additional New Note; and

(ii) the amount of interest payable on the first Interest Payment Date therefor;

and (c) such Acceding Purchaser shall, from and after the issuance and purchase of the applicable Additional New Note pursuant to clause (b) above, be considered for all purposes of this Agreement and the other New Note Documents a Purchaser and a holder.

The New Notes issued on the date hereof and any Additional New Notes shall be treated as a single series for all purposes under this Agreement; provided that the Company may use different CUSIP or other similar numbers among New Notes issued on the date hereof and among Additional New Notes to the extent required to comply with securities or tax law requirements. The Company, CEMEX España or any of its Affiliates will not (directly or indirectly) pay or

cause to be paid any remuneration or additional compensation or fee to any Acceding Purchaser that was not paid to original Purchasers unless such remuneration or additional compensation or fee is concurrently paid on the same terms, ratably to each of the original Purchasers.

## 14. PAYMENTS ON NEW NOTES.

### 14.1. Facilities Agreement.

Payments of principal and interest becoming due and payable on the New Notes shall be made in accordance with Clause 31 ( *Payment Mechanics*) of the Facilities Agreement; *provided* that, if any payment of principal or interest that is due and payable is not made pursuant to Clause 31 ( *Payment Mechanics*) of the Facilities Agreement, then such payment shall be made in accordance with this Section 14.

### 14.2. Place of Payment.

Subject to Section 14.1 and Section 14.3, payments of principal and interest becoming due and payable on the New Notes shall be made in New York, New York at CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, NY 10022. The Company may at any time, by notice to each holder of a New Note, change the place of payment of the New Notes so long as such place of payment shall be either the principal office of the Company in the United States or the principal office of a bank or trust company in the United States.

### 14.3. Home Office Payment.

Subject to Section 14.1, so long as any Purchaser or a nominee of such Purchaser shall be the holder of any New Note, and notwithstanding anything contained in Section 14.2 or in such New Note to the contrary, the Company will pay all sums becoming due on such New Note for principal and interest by the method and at the address specified for such purpose below such Purchaser's name on Schedule A, or by such other method or at such other address as such Purchaser shall have from time to time specified to the Company in writing for such purpose, without the presentation or surrender of such New Note or the making of any notation thereon, except that upon written request of the Company made concurrently with or reasonably promptly after payment or prepayment in full of any New Note, such Purchaser shall surrender such New Note for cancellation, reasonably promptly after any such request, to the Company at its principal executive office or at the place of payment most recently designated by the Company pursuant to Section 14.2. Prior to any sale or other disposition of any New Note held by any Purchaser or its nominee, such Purchaser will, at its election, either endorse thereon the amount of principal paid thereon and the last date to which interest has been paid thereon or surrender such New Note to the Company in exchange for a new New Note or New Notes pursuant to Section 13.2. The Company will afford the benefits of this Section 14.3 to any Institutional Investor that is the direct or indirect transferee of any New Note purchased by any Purchaser under this Agreement and that has made the same agreement relating to such New Note as such Purchaser has made in this Section 14.3.

**14.4. Tax Indemnification.**

(a) *Payments Free and Clear*. All payments to be made by the Company under this Agreement and the New Notes will be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, levies, imposts, duties, charges, assessments or fees of whatever nature, but excluding franchise taxes and taxes imposed on or measured by any holder's net income or receipts (such non-excluded items, " Related Taxes") imposed or levied by or on behalf of Spain, the United States or any jurisdiction from or through which any amount is paid by the Company pursuant to the terms of this Agreement or the New Notes (or any political subdivision or taxing authority of or in any such jurisdiction) (a " Taxing Jurisdiction"), unless the withholding or deduction of any such Related Tax is required by law.

(b) *Gross-Up, etc*. If any deduction or withholding for any present or future Related Tax of a Taxing Jurisdiction shall at any time be required in respect of any amount to be paid by the Company under this Agreement or the New Notes, the Company will promptly (i) pay over to the government or taxing authority of the Taxing Jurisdiction imposing such Related Tax the full amount required to be deducted or withheld by the Company (including the full amount required to be deducted or withheld from or otherwise paid by the Company in respect of any Additional Payment required to be made pursuant to clause (ii) of this Section 14.4(b)) and (ii) except as expressly provided below, pay to each holder entitled under this Agreement to receive the payment from which the amount referred to in the foregoing clause (i) has been so deducted or withheld such additional amount as is necessary in order that the amount received by such holder after any required deduction or withholding of Related Tax (including, without limitation, any required deduction, withholding or other payment of Related Tax on or with respect to such additional amount) shall equal the amount such holder would have received had no such deduction, withholding or other payment of Related Tax been paid (the "Additional Payment"), and if any holder pays any amount in respect of any Related Tax on any payment due from the Company hereunder or under the New Notes, or penalties or interest thereon, then the Company shall reimburse such holder for that payment upon demand, provided that no payment of any Additional Payment, or of any such reimbursement in respect of any such payment made by any such holder, shall be required to be made for or on account of:

(A) any Related Tax that would not have been imposed but for the existence of any present or former connection between such holder and the Taxing Jurisdiction or any territory or possession or area subject to the jurisdiction of the Taxing Jurisdiction, other than the mere holding of the relevant New Note, including, without limitation, such holder's being or having been a citizen or resident thereof, or being or having been present or engaged in a trade or business therein or having an establishment therein;

(B) any such holder that is not a resident of the United States of America or, with respect to any payment hereunder or under the New Notes owing to such holder, all or any part of which represents income that is not subject to United States tax as income of a resident of the United States of America to the extent that, had such holder been a resident of the United States of America or had the payment been so subject to United States tax, or had the

payment been made to a location within the United States of America, the provisions of a statute, treaty or regulation of the Taxing Jurisdiction would have enabled an exemption to be claimed from the Related Tax in respect of which an Additional Payment would otherwise have been payable; or

(C) any combination of the items or conditions described in clause (A) or clause (B) of this Section 14.4(b); and

provided further that the Company shall not be obliged to pay any Additional Payment to any holder of a New Note in respect of Related Taxes to the extent such Related Taxes exceed the Related Taxes that would have been payable but for the delay or failure by such holder (after receiving a written request from CEMEX España or the Company to make such filing and including copies (together with instructions in English) of forms, certificates, documents, applications or other reasonably required evidence (collectively, "Forms") to be filed) in the filing with an appropriate Governmental Authority or otherwise of Forms required to be filed by such holder to avoid or reduce such Related Taxes and that in the case of any of the foregoing would not result in any confidential income tax return information being revealed, either directly or indirectly, to any Person and such delay or failure could have been lawfully avoided by such holder, provided that such holder shall be deemed to have satisfied the requirements of this proviso upon the good faith completion and submission of such Forms as may be specified in a written request of the Company no later than 45 days after receipt by such holder of such written request.

(c) *Official Receipt*. If the Company shall make any such Additional Payment, it will promptly furnish each holder receiving such Additional Payment under this Section 14.4 an official receipt issued by the relevant taxation or other authorities involved for all amounts deducted or withheld as aforesaid.

(d) *Other*. Each holder agrees to use its best efforts to comply (after a reasonable period to respond) with a written request of the Company delivered to such holder to provide information (other than any confidential or proprietary information) concerning the nationality, residence or identity of such holder, and to make such declaration or other similar claim or reporting requirement regarding such information (copies of the forms of which declaration, claim or reporting requirement shall have been provided to such holder by the Company), that is required by a statute, treaty or regulation of the Taxing Jurisdiction as a precondition to exemption from all or part of any Related Tax. The Company agrees to reimburse each holder for such holder's reasonable out-of-pocket expenses, if any, incurred in complying with any such request of such Person.

(e) *Tax Refund.* If the Company makes an Additional Payment under this Section 14.4 for the account of any Person and such Person is entitled to a refund of any portion of the tax (a "Tax Refund"), to which such payment is attributable, and such Tax Refund may be obtained by filing one or more Forms, then such Person shall after receiving a written request therefor from the Company (which request shall specify in reasonable detail the Forms to be filed), file such Forms. If such Person subsequently receives such Tax Refund, and such Person is readily able to identify the Tax Refund as being attributable to the tax with respect to which an Additional Payment was made, then such Person shall reimburse the Company such amount as

such Person shall determine acting in good faith to be the proportion of the Tax Refund, together with any interest received thereon, attributable to such Additional Payment as will leave such Person after the reimbursement (including such interest) in no better or worse position than it would have been if the Additional Payment had not been required. Nothing in this clause (e) shall obligate any holder to disclose any information regarding its tax affairs or computations to the Company.

(f) *Survival*. The obligations of the Company and the holders under this Section 14.4 shall survive the payment in full of the New Notes and the termination of this Agreement.

**14.5. Currency of Payment.**

(a) *Payment in Dollars.* All payments under the New Notes shall be made in Dollars.

(b) *Certain Expenses.* If any expense required to be reimbursed pursuant to this Agreement or the New Notes is originally incurred in a currency other than Dollars, the Company shall nonetheless make reimbursement of that expense in Dollars, in an amount equal to the amount in Dollars that would have been required for the Person that incurred such expense to have purchased, in accordance with normal banking procedures, the sum paid in such other currency (after any premium and costs of exchange) on the day that expense was originally incurred.

(c) *Payments Not in Dollars.* To the fullest extent permitted by applicable law, the obligations of the Company in respect of any amount due under or in respect of this Agreement and the New Notes shall (notwithstanding any payment in any other currency, whether as a result of any judgment or order or the enforcement thereof, the realization of any security, the liquidation of any Obligor, any voluntary payment by any Obligor or otherwise) be discharged only to the extent of the amount in Dollars that each holder entitled to receive such payment may, in accordance with normal banking procedures, purchase with the sum paid in such other currency (after any premium and costs of exchange) on the Business Day immediately following the day on which such holder receives such payment. If the amount in Dollars that may be so purchased for any reason falls short of the amount originally due, the Company shall indemnify and save harmless such holder from and against all loss or damage arising out of or as a result of such deficiency. This indemnity shall constitute an obligation separate and independent from the other obligations contained in this Agreement and the New Notes, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by such holder from time to time and shall continue in full force and effect notwithstanding any judgment or order for a liquidated sum in respect of an amount due under this Agreement or the New Notes or under any judgment or order.

**15. EXPENSES, ETC.**

**15.1. Transaction Expenses.**

Whether or not the transactions contemplated hereby are consummated, the Company and CEMEX España will pay all reasonable costs and expenses (including reasonable attorneys' fees

of one special U.S. counsel) incurred by the Purchasers in connection with such transactions and in connection with any amendments, waivers or consents under or in respect of this Agreement, the Finance Documents, the New Note Guarantee or the New Notes (whether or not such amendment, waiver or consent becomes effective), including, without limitation: (a) the costs and expenses incurred in enforcing or defending (or determining whether or how to enforce or defend) any rights under this Agreement, the Finance Documents, the New Note Guarantee or the New Notes or in responding to any subpoena or other legal process or informal investigative demand issued in connection with this Agreement, the Finance Documents, the New Note Guarantee or the New Notes, or by reason of being a holder of any New Note; (b) the costs and expenses, including financial advisors' fees, incurred in connection with the insolvency or bankruptcy of the Company, CEMEX España or any Subsidiary, the Parent or any subsidiary of the Parent or in connection with any work-out or restructuring of the transactions contemplated hereby, by the New Note Guarantee and by the New Notes; and (c) the fees and costs incurred in connection with the initial filing of this Agreement and all related documents and financial information, and all subsequent annual and interim filings of documents and financial information related to this Agreement (*provided* the Company shall not be required to pay more than $2,500 per year in respect of subsequent annual and interim filings), with the SVO. The Company and CEMEX España will pay, and will save each Purchaser and each other holder of a New Note harmless from, all claims in respect of the fees, costs or expenses, if any, of brokers and finders (other than those retained by any Purchaser). Amounts payable pursuant to this Section 15.1 shall be payable in Dollars.

**15.2. Survival.**

The obligations of the Company and CEMEX España under this Section 15 will survive the payment or transfer of any New Note, the enforcement, amendment or waiver of any provision of this Agreement, the New Note Guarantee or the New Notes, the termination of this Agreement and the termination of the Facilities Agreement.

## 16. SURVIVAL OF REPRESENTATIONS AND WARRANTIES; ENTIRE AGREEMENT.

All representations and warranties contained herein shall survive the execution and delivery of this Agreement and the related New Notes, the purchase or transfer by any Purchaser of any such New Note or portion thereof or interest therein and may be relied upon by any subsequent holder of any such New Note, regardless of any investigation made at any time by or on behalf of any Purchaser or any other holder of any such New Note. All statements contained in any certificate or other instrument delivered by or on behalf of the Company or CEMEX España pursuant to this Agreement shall be deemed representations and warranties of the Company or CEMEX España, as applicable, under this Agreement. Subject to the preceding sentence, this Agreement, the New Notes, the New Note Guarantee and the Finance Documents (to the extent applicable) embody the entire agreement and understanding between the Purchasers and the Company and CEMEX España and supersede all prior agreements and understandings relating to the subject matter hereof.

## 17. AMENDMENT AND WAIVER.

### 17.1. Requirements.

This Agreement, the New Note Guarantee and the New Notes may be amended, and the observance of any term hereof or of the New Notes may be waived (either retroactively or prospectively), with (and only with) the written consent of CEMEX España, the Company and the Required Holders, except that (a) no amendment or waiver of any of the provisions of Section 1, 2, 3, 4, 5, 6, 10 or 21 hereof, or any defined term (as it is used in any such Section), will be effective as to any holder unless consented to by such holder in writing and (b) no such amendment or waiver may, without the written consent of the holder of each New Note at the time outstanding affected thereby, (i) subject to the provisions of Section 12 relating to acceleration or rescission, change the amount or time of any prepayment or payment of principal of, or reduce the rate or change the time of payment or method of computation of interest on, the New Notes, (ii) change the percentage of the principal amount of the New Notes the holders of which are required to consent to any such amendment or waiver or (iii) amend Section 8, 11, 12, 14.5, 14.6, 17 or 20; *provided, however*, that if in accordance with Clause 37 (*Amendments and Waivers*) of the Facilities Agreement, the requisite Creditors consent to any amendment to or waiver of any provision of the Facilities Agreement, the holders of New Notes shall be deemed to have consented to such amendment to or waiver under this Agreement, the New Note Guarantee and the New Notes. If requested, by CEMEX España or the Company in connection with an amendment or waiver to this Agreement, the New Note Guarantee or the New Notes described in the preceding sentence, the holders of New Notes shall execute a consent to implement such amendment or waiver.

### 17.2. Solicitation of Holders of New Notes.

(a) *Solicitation*. The Company will provide each holder of the New Notes (irrespective of the amount of New Notes then owned by it) with sufficient information, sufficiently far in advance of the date a decision is required, to enable such holder to make an informed and considered decision with respect to any proposed amendment, waiver or consent in respect of any of the provisions hereof, of the New Note Guarantee or of the New Notes. The Company will deliver executed or true and correct copies of each amendment, waiver or consent effected pursuant to the provisions of this Section 17 to each holder of outstanding New Notes promptly following the date on which it is executed and delivered by, or receives the consent or approval of, the requisite holders of New Notes.

(b) *Payment*. The Company, CEMEX España or any of its Affiliates will not directly or indirectly pay or cause to be paid any remuneration, whether by way of supplemental or additional interest, fee or otherwise, or grant any security, to any holder as consideration for or as an inducement to the entering into by any holder of any waiver or amendment of any of the terms and provisions hereof or of the New Note Guarantee or of the Finance Documents (to the extent applicable) unless such remuneration is concurrently paid, or security is concurrently granted, on the same terms, ratably to each holder then outstanding even if such holder did not consent to such waiver or amendment.

**17.3. Binding Effect, etc.**

Any amendment or waiver consented to as provided in this Section 17 applies equally to all holders of New Notes and is binding upon them and upon each future holder of any New Note and upon CEMEX España and the Company without regard to whether such New Note has been marked to indicate such amendment or waiver. No such amendment or waiver will extend to or affect any obligation, covenant, agreement, Default or Event of Default not expressly amended or waived or impair any right consequent thereon. No course of dealing between the Company, CEMEX España or any of its Affiliates and the holder of any New Note nor any delay in exercising any rights hereunder, under the New Note Guarantee or under any New Note or under the Finance Documents (to the extent applicable) shall operate as a waiver of any rights of any holder of such New Note. As used herein, the term "this Agreement" and references thereto shall mean this Agreement as it may from time to time be amended or supplemented.

**17.4. New Notes held by Company, etc.**

Solely for the purpose of determining whether the holders of the requisite percentage of the aggregate principal amount of New Notes then outstanding approved or consented to any amendment, waiver or consent to be given under this Agreement, the New Note Guarantee or the New Notes, or have directed the taking of any action provided herein, in the New Note Guarantee or in the New Notes to be taken upon the direction of the holders of a specified percentage of the aggregate principal amount of New Notes then outstanding, New Notes directly or indirectly owned by the Company, CEMEX España or any of its Affiliates shall be deemed not to be outstanding.

**18. NOTICES.**

**19. REPRODUCTION OF DOCUMENTS.**

This Agreement and all documents relating thereto, including, without limitation, (a) consents, waivers and modifications that may hereafter be executed, (b) documents received by any Purchaser at the Closing (except the New Notes themselves) and (c) financial statements, certificates and other information previously or hereafter furnished to any Purchaser, may be reproduced by such Purchaser by any photographic, photostatic, microfilm, microcard, miniature photographic or other similar process and such Purchaser may destroy any original document so reproduced. Each of CEMEX España and the Company agrees and stipulates that, to the extent permitted by applicable law, any such reproduction shall be admissible in evidence as the

original itself in any judicial or administrative proceeding (whether or not the original is in existence and whether or not such reproduction was made by such Purchaser in the regular course of business) and any enlargement, facsimile or further reproduction of such reproduction shall likewise be admissible in evidence. This Section 19 shall not prohibit CEMEX España, the Company or any other holder from contesting any such reproduction to the same extent that it could contest the original, or from introducing evidence to demonstrate the inaccuracy of any such reproduction.

**20. CONFIDENTIAL INFORMATION.**

For the purposes of this Section 20, "Confidential Information" means information delivered to any Purchaser by or on behalf of CEMEX España or any Subsidiary in connection with the transactions contemplated by or otherwise pursuant to this Agreement that is proprietary in nature and that was clearly marked or labeled or otherwise adequately identified when received by such Purchaser as being confidential information of CEMEX España or any Subsidiary; provided that such term does not include information that (a) was publicly known or otherwise known to such Purchaser prior to the time of such disclosure, (b) subsequently becomes publicly known through no act or omission by such Purchaser or any Person acting on the behalf of such Purchaser, (c) otherwise becomes known to such Purchaser other than through disclosure by CEMEX España or any Subsidiary or (d) constitutes financial statements delivered to such Purchaser under Clause 20.1 ( *Financial statements*) of the Facilities Agreement that are otherwise publicly available. Each Purchaser will maintain the confidentiality of such Confidential Information in accordance with procedures adopted by such Purchaser in good faith to protect confidential information of third parties delivered to such Purchaser; provided that such Purchaser may deliver or disclose Confidential Information to (i) such Purchaser's directors, trustees, officers, employees, agents, attorneys and affiliates (to the extent such disclosure reasonably relates to the administration of the investment represented by such Purchaser's New Notes), (ii) such Purchaser's financial advisors and other professional advisors who agree to hold confidential the Confidential Information substantially in accordance with the terms of this Section 20, (iii) any other holder of any New Note, (iv) any Institutional Investor to which such Purchaser sells or offers to sell such New Note or any part thereof or any participation therein (if such Person has agreed in writing prior to its receipt of such Confidential Information to be bound by the provisions of this Section 20), (v) any Person from which such Purchaser offers to purchase any security of the Company or CEMEX España (if such Person has agreed in writing prior to its receipt of such Confidential Information to be bound by the provisions of this Section 20), (vi) any federal or state regulatory authority having jurisdiction over such Purchaser, (vii) the National Association of Insurance Commissioners or any similar organization, or any nationally recognized rating agency that requires access to information about such Purchaser's investment portfolio or (viii) any other Person to which such delivery or disclosure may be necessary or appropriate (w) to effect compliance with any law, rule, regulation or order applicable to such Purchaser, (x) in response to any subpoena or other legal process, (y) in connection with any litigation to which such Purchaser is a party or (z) if an Event of Default has occurred and is continuing, to the extent such Purchaser may reasonably determine such delivery and disclosure to be necessary or appropriate in the enforcement or for the protection of the rights and remedies under such Purchaser's New Notes, the New Note Guarantee, the Finance Documents and this Agreement. Each holder of a New Note, by its acceptance of a New Note, will be deemed to have agreed to be bound by and to be entitled to the benefits of this Section 20

as though it were a party to this Agreement. On reasonable request by CEMEX España in connection with the delivery to any holder of a New Note of information required to be delivered to such holder under this Agreement or requested by such holder (other than a holder that is a party to this Agreement or its nominee), such holder will enter into an agreement with CEMEX España embodying the provisions of this Section 20.

## 21. SUBSTITUTION OF PURCHASER.

Subject to Clause 25 (*Changes to the Creditors*) of the Facilities Agreement, each Purchaser shall have the right to substitute any one of such Purchaser's Affiliates as the acquirer of the New Notes that such Purchaser has agreed to acquire upon delivery of its Old Note(s) to the Company hereunder, by written notice to the Company, which notice shall be signed by both such Purchaser and such Affiliate, shall contain such Affiliate's agreement to be bound by this Agreement and shall contain a confirmation by such Affiliate of the accuracy with respect to it of the representations set forth in Section 6.2. Upon receipt of such notice, wherever the word "Purchaser" is used in this Agreement (other than in this Section 21), such words shall be deemed to refer to such Affiliate in lieu of such Purchaser. In the event that such Affiliate is so substituted as a purchaser hereunder and such Affiliate thereafter transfers to such Purchaser all of the New Notes then held by such Affiliate, upon receipt by the Company of notice of such transfer, wherever the word "Purchaser" is used in this Agreement (other than in this Section 21), such words shall no longer be deemed to refer to such Affiliate, but shall refer to such Purchaser, and such Purchaser shall have all the rights of an original holder of the New Notes under this Agreement.

## 22. MISCELLANEOUS.

### 22.1. Successors and Assigns.

### 22.3. Severability.

Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall (to the full extent permitted by law) not invalidate or render unenforceable such provision in any other jurisdiction.

**22.4. Construction.**

Each covenant contained herein shall be construed (absent express provision to the contrary) as being independent of each other covenant contained herein, so that compliance with any one covenant shall not (absent such an express contrary provision) be deemed to excuse compliance with any other covenant. **22.5. Counterparts.**

This Agreement may be executed in any number of counterparts, each of which shall be an original but all of which together shall constitute one instrument. Each counterpart may consist of a number of copies hereof, each signed by less than all, but together signed by all, of the parties hereto.

WHEREAS, the Purchasers have elected (i) to unilaterally, unconditionally and irrevocably extinguish the amounts and any other obligations owing to them under the Old Notes and the 2009 Note Purchase Agreement (the "**Extinguishments**") and for the New Notes (as defined herein) to be issued to them; and (ii) to enter into the Facilities Agreement (as defined herein);

WHEREAS, in connection with the Extinguishments, the Old Notes held by each purchaser as a "holder" under the 2009 Note Purchase Agreement will be returned and cancelled in connection with such extinguishment;

WHEREAS, the Issuer and CEMEX España, S.A., a corporation organized under the laws of the Kingdom of Spain ("**CEMEX España**") have entered into a new note purchase agreement (the "**USPP Note Agreement**") with the purchasers listed in Schedule A thereto (the "**Purchasers**") pursuant to which the Issuer has issued $106,586,333.79 aggregate principal amount of its 9.66% Senior Notes due February 14, 2017 (the "**New Notes**");

WHEREAS, contemporaneously with the entry into this Guarantee and the USPP Note Agreement, the Issuer, CEMEX España and the holders have entered into that certain Facilities Agreement dated on or about the date hereof among CEMEX, S.A.B. de C.V. (the "**Parent**"), each of the borrowers, guarantors and security providers listed in Part I of Schedule 1 thereto, the other financial institutions listed in Part II of Schedule 1 thereto, the agent named therein and the security agent named therein (as amended, restated, supplemented, waived or otherwise modified from time to time, the "**Facilities Agreement**");

WHEREAS, in connection with the entry into the USPP Note Agreement and the issuance of the New Notes, the undersigned desires to grant this Guarantee to the holders with respect to the New Notes; and

WHEREAS, the undersigned will benefit from the Extinguishments and the issuance of New Notes pursuant to the USPP Note Agreement and is willing to guarantee the Liabilities (as defined below) as hereinafter set forth;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agrees as follows:

1. Definitions. Capitalized terms used but not defined herein have the respective meanings assigned to such terms in the USPP Note Agreement.

2. Guarantee. Effective as of the Effective Date (as defined in the Facilities Agreement), the undersigned hereby, unconditionally and irrevocably, as primary obligor and not merely as surety, guarantees the full and prompt payment when due, whether by acceleration or otherwise, and at all times thereafter, of all obligations of the Issuer, howsoever created, arising or evidenced, whether direct or indirect, absolute or contingent, now or hereafter existing, or due or to become due, under the USPP Note Agreement, the New Notes or any other Finance Document (as defined in the Facilities Agreement), as the same may be amended, modified, extended or renewed from time to time, and the undersigned further agrees to pay all costs and expenses (including reasonable attorneys' fees and expenses) paid or incurred by the holders in enforcing this Guarantee or any other applicable New Note Document against the undersigned (all of the foregoing obligations, collectively, the "**Liabilities**"*)*; provided that the liability of the undersigned hereunder shall be limited to the maximum amount of the Liabilities which the undersigned may guarantee without rendering this Guarantee void or voidable under any applicable fraudulent conveyance or fraudulent transfer law.

This Guarantee shall in all respects be a continuing, irrevocable, absolute and unconditional guarantee of payment and performance and not only collectibility, and shall remain in full force and effect (notwithstanding, without limitation, the dissolution of the undersigned or any other circumstance) until all Liabilities have been paid in full.

3. Reinstatement. The undersigned further agrees that if at any time all or any part of any payment theretofore applied by any holder to any of the Liabilities is or must be rescinded or returned by such holder for any reason whatsoever (including, without limitation, the insolvency, bankruptcy or reorganization of the Issuer or the undersigned), such Liabilities shall, for purposes of this Guarantee, to the extent that such payment is or must be rescinded or returned, be deemed to have continued in existence, notwithstanding such application by such holder, and this Guarantee shall continue to be effective or be reinstated, as the case may be, as to such Liabilities, all as though such application by such holder had not been made.

4. Representations and Warranties. The representations and warranties of CEMEX España in the Facilities Agreement shall be correct when made and at the time of effectiveness of this Guarantee (except for such representations and warranties made as of a specific earlier date).

5. Permitted Actions. Any holder may, subject to the terms of the other Finance Documents, from time to time, at its sole discretion and without notice to the undersigned, take any or all of the following actions: (a) retain or obtain a security interest in any property to secure any of the Liabilities or any obligation hereunder, (b) retain or obtain the primary or

secondary obligation of any obligor or obligors, in addition to the undersigned, with respect to any of the Liabilities, (c) amend, modify or waive any provision of the USPP Note Agreement, its New Notes or any other Finance Document (as defined in the Facilities Agreement), (d) extend or renew any of the Liabilities for one or more periods (whether or not longer than the original period), alter or exchange any of the Liabilities, or release or compromise any obligation of the undersigned hereunder or any obligation of any nature of any other obligor with respect to any of the Liabilities, (e) release any security interest in, or surrender, release or permit any substitution or exchange for, all or any part of any property securing any of the Liabilities or any obligation hereunder, or extend or renew for one or more periods (whether or not longer than the original period) or release, compromise, alter or exchange any obligations of any nature of any obligor with respect to any such property and (f) resort to the undersigned for payment of any of the Liabilities when due, whether or not such holder shall have resorted to any property securing any of the Liabilities or any obligation hereunder or shall have proceeded against any other obligor primarily or secondarily obligated with respect to any of the Liabilities.

6. Subrogation. Notwithstanding any payment made by or for the account of the undersigned pursuant to this Guarantee, the undersigned shall not be subrogated to any right of any holder until such time as this Guarantee shall have been discontinued as to the undersigned and the holders shall have received payment of the full amount of all Liabilities.

7. Waivers. The undersigned hereby expressly waives (a) notice of the acceptance by any holder of this Guarantee, (b) notice of the existence or creation or non-payment of all or any of the Liabilities, (c) presentment, demand, notice of dishonor, protest, and all other notices whatsoever and (d) all diligence in collection or protection of or realization upon any Liabilities or any security for or guarantee of any Liabilities.

8. Assignments. Any holder may from time to time, without notice to the undersigned, assign any New Note in accordance with the USPP Note Agreement; and, notwithstanding any such assignment or any subsequent assignment thereof, such Liabilities shall be and remain Liabilities for purposes of this Guarantee, and each and every immediate and successive assignee of any of the Liabilities or of any interest therein shall, to the extent of the interest of such assignee in the Liabilities, be entitled to the benefits of this Guarantee to the same extent as if such assignee were an original holder.

9. Delay not Waiver, etc. No delay on the part of any holder in the exercise of any right or remedy shall operate as a waiver thereof, and no single or partial exercise by any holder of any right or remedy shall preclude other or further exercise thereof or the exercise of any other right or remedy; nor shall any modification or waiver of any provision of this Guarantee be binding upon any holder except as expressly set forth in a writing duly signed and delivered on behalf of such holder. No action of any holder permitted hereunder shall in any way affect or impair the rights of any other holder or the obligations of the undersigned under this Guarantee. For purposes of this Guarantee, Liabilities shall include all obligations of the Issuer to any holder arising under or in connection with any New Note Document, notwithstanding any right or power of the Issuer or anyone else to assert any claim or defense as to the invalidity or unenforceability of any obligation, and no such claim or defense shall affect or impair the obligations of the undersigned hereunder.

10. Currency of Payments, etc.

(a) Payment in Dollars

All payments under the New Notes by the undersigned pursuant to this Guarantee shall be made in Dollars to the holders for their ratable benefit by the method and at the address specified in the USPP Note Agreement.

To the fullest extent permitted by applicable law, the obligations of the undersigned in respect of any amount due under or in respect of this Guarantee with respect to the New Notes shall (notwithstanding any payment in any other currency, whether as a result of any judgment or order or the enforcement thereof or otherwise) be discharged only to the extent of the amount in Dollars that each holder entitled to receive such payment may, in accordance with normal banking procedures, purchase with the sum paid in such other currency (after any premium and costs of exchange) on the Business Day immediately following the day on which such holder receives such payment. If the amount in Dollars that may be so purchased for any reason falls short of the amount originally due, the undersigned shall indemnify and save harmless such holder from and against all loss or damage arising out of or as a result of such deficiency; if the amount in Dollars that may be so purchased exceeds the amount originally due, such holder shall remit to the undersigned for their ratable benefit such excess. This indemnity shall constitute an obligation separate and independent from the other obligations contained in this Guarantee, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by such holder from time to time and shall continue in full force and effect notwithstanding any judgment or order for a liquidated sum in respect of an amount due under this Guarantee or under any judgment or order.

(b) If any expense required to be reimbursed pursuant to this Guarantee is originally incurred in a currency other than Dollars, the undersigned shall nonetheless make reimbursement of that expense in Dollars, in an amount equal to the amount in Dollars that would have been required for the Person that incurred such expense to have purchased, in accordance with normal banking procedures, the sum paid in such other currency (after any premium and costs of exchange) on the day that expense was originally incurred.

11. Successors and Assigns. This Guarantee shall be binding upon the undersigned and the successors and assigns of the undersigned; and to the extent that the Issuer or the undersigned is a partnership, corporation, limited liability company or other entity, all references herein to such entity shall be deemed to include any successor or successors, whether immediate or remote, to such entity. The term “undersigned” as used herein shall mean all parties executing this Guarantee and each of them, and all such parties shall be jointly and severally obligated hereunder.

12. Governing Law; Severability. This Guarantee shall be construed in accordance with and governed by the laws of the State of New York applicable to contracts made and to be performed entirely within such state. Wherever possible each provision of this Guarantee shall be

interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Guarantee shall be prohibited by or invalid under such law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Guarantee.

13. Counterparts; Additional Guarantors; Release; Amendments . This Guarantee may be executed in any number of counterparts and by the different parties hereto on separate counterparts, and each such counterpart shall be deemed to be an original but all such counterparts shall together constitute one and the same Guarantee. At any time after the date of this Guarantee, one or more additional Persons may become parties hereto by executing and delivering to the holders a counterpart of this Guarantee. Immediately upon such execution and delivery (and without any further action), each such additional Person will become a party to, and will be bound by all of the terms of, this Guarantee. This Guarantee may be amended pursuant to Section 17 of the USPP Note Agreement.

14. Notices. All notices and communications provided for hereunder shall be in writing and sent to the undersigned at its facsimile number or address, as applicable, specified on Schedule I (a) by telecopy if the sender on the same day sends a confirming copy of such notice by a recognized overnight delivery service (charges prepaid), (b) by registered or certified mail with return receipt requested (postage prepaid) or (c) by a recognized overnight delivery service (with charges prepaid).

15. Judgment Currency. The undersigned agrees that if, for the purposes of obtaining judgment in any court, it is necessary to convert a sum due hereunder in Dollars into another currency, to the fullest extent permitted by law, the rate of exchange used shall be that at which in accordance with normal banking procedures a holder could purchase Dollars with such other currency on the Business Day preceding that on which final judgment is given.

16. Tax Indemnification. All payments by the undersigned hereunder shall be made free and clear of, and without any withholding or deduction for or on account of, any present or future Related Taxes imposed or levied by or on behalf of Spain, the United States or any jurisdiction from or through which any amount is paid by the undersigned pursuant to the terms of this Guarantee (or any political subdivision or taxing authority of or in any such jurisdiction) (a "**Taxing Jurisdiction**"), unless the withholding or deduction of any Related Tax is required by law. If any deduction or withholding for any present or future Related Tax of a Taxing Jurisdiction shall at any time be required in respect of any amount to be paid by the undersigned under this Guarantee, the undersigned will promptly (i) pay over to the government or taxing authority of the Taxing Jurisdiction imposing such Related Tax the full amount required to be deducted or withheld by the undersigned (including the full amount required to be deducted or withheld from or otherwise paid by the undersigned in respect of any Additional Payment required to be made pursuant to clause (ii) below) and (ii) except as expressly provided below, pay to each holder entitled to receive the payment from which the amount referred to in the foregoing clause (i) has been so deducted or withheld such additional amount as is necessary in order that the amount received by such holder after any required deduction or withholding of Related Tax (including, without limitation, any required deduction, withholding or other payment of Related Tax on or with respect to such additional amount) shall equal the amount such holder would have received hereunder had no such deduction, withholding or other

payment of Related Tax been paid (the "**Additional Payment**"), and if any holder pays any amount in respect of any Related Tax on any payment due from the undersigned hereunder, or penalties or interest thereon, then the undersigned shall reimburse such holder for that payment upon demand, provided that no payment of any Additional Payment, or of any such reimbursement in respect of any such payment made by any such holder, shall be required to be made for or on account of:

(a) any Related Tax that would not have been imposed but for the existence of any present or former connection between such holder and the Taxing Jurisdiction or any territory or possession or area subject to the jurisdiction of the Taxing Jurisdiction, other than the mere holding of the relevant New Note, including, without limitation, such holder's being or having been a citizen or resident thereof, or being or having been present or engaged in a trade or business therein or having an establishment therein;

(b) any such holder that is not a resident of the United States of America or, with respect to any payment hereunder owing to such holder, all or any part of which represents income that is not subject to United States tax as income of a resident of the United States of America to the extent that, had such holder been a resident of the United States of America or had the payment been so subject to United States tax, or had the payment been made to a location within the United States of America, the provisions of a statute, treaty or regulation of the Taxing Jurisdiction would have enabled an exemption to be claimed from the Related Tax in respect of which an Additional Payment would otherwise have been payable; or

(c) any combination of the items or conditions described in clause (a) or clause (b) above; and

provided further that the undersigned shall not be obliged to pay any Additional Payment to any holder in respect of Related Taxes to the extent such Related Taxes exceed the Related Taxes that would have been payable but for the delay or failure by such holder (after receiving a written request from the undersigned to make such filing and including copies (together with instructions in English) of any forms, certificates, documents, applications or other reasonably required evidence (collectively, "**Forms**"), to be filed) in the filing with an appropriate Governmental Authority or otherwise of Forms required to be filed by such holder to avoid or reduce such Related Taxes and that in the case of any of the foregoing would not result in any confidential income tax return information being revealed, either directly or indirectly, to any Person and such delay or failure could have been lawfully avoided by such holder, provided that such holder shall be deemed to have satisfied the requirements of this proviso upon the good faith completion and submission of such Forms as may be specified in a written request of the undersigned no later than 45 days after receipt by such holder of such written request.

If the undersigned shall make any such Additional Payment, the undersigned will promptly furnish each holder receiving such Additional Payment an official receipt issued by the relevant taxation or other authorities involved for all amounts deducted or withheld as aforesaid.

By acceptance of the benefits hereof, each holder agrees to use its best efforts to comply (after a reasonable period to respond) with a written request of the undersigned delivered to such

holder to provide information (other than any confidential or proprietary information) concerning the nationality, residence or identity of such holder, and to make such declaration or other similar claim or reporting requirement regarding such information (copies of the forms of which declaration, claim or reporting requirement shall have been provided to such holder by the undersigned), that is required by a statute, treaty or regulation of the Taxing Jurisdiction as a precondition to exemption from all or part of any Related Tax. The undersigned agrees to reimburse each holder for such holder's reasonable out-of-pocket expenses, if any, incurred in complying with any such request of such Person.

If the undersigned makes an Additional Payment under this Section 16 for the account of any Person and such Person is entitled to a refund of any portion of the tax (a "**Tax Refund**"), to which such payment is attributable, and such Tax Refund may be obtained by filing one or more Forms, then such Person shall after receiving a written request therefore from the Issuer or the undersigned (which request shall specify in reasonable detail the Forms to be flied), file such Forms. If such Person subsequently receives such a Tax Refund, and such Person is readily able to identify the Tax Refund as being attributable to the tax with respect to which an Additional Payment was made, then such Person shall reimburse the undersigned such amount as such Person shall determine acting in good faith to be the proportion of the Tax Refund, together with any interest received thereon, attributable to such Additional Payment as will leave such Person after the reimbursement (including such interest) in no better or worse position than it would have been if the Additional Payment had not been required. Nothing in this paragraph shall obligate any holder to disclose any information regarding its tax affairs or computations to the undersigned.

(b) if interest on any Indebtedness actually Incurred on such date of determination may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rates, then the interest rate in effect on such date of determination will be deemed to have been in effect during the Four Quarter Period; and

Each such Global Note shall constitute a single Note for all purposes under this Indenture. The Notes may only be issued in definitive fully registered form without coupons and only in denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. The Notes and the Trustee's certificate of authentication shall be substantially in the form of Exhibit A hereto.

(b) The terms and provisions of the Notes, the form of which is in Exhibit A hereto, shall constitute, and are hereby expressly made, a part of this Indenture, and, to the extent applicable, the Issuer, the Note Guarantors and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. Except as otherwise expressly permitted in this Indenture, all Notes (including Additional Notes) shall be identical in all respects. Notwithstanding any differences among them, all Notes issued under this Indenture shall vote and consent together on all matters as one class and are otherwise treated as a single issue of securities.

(c) The Notes may have notations, legends or endorsements as specified in Section 2.8 or as otherwise required by law, stock exchange rule or DTC, Euroclear or Clearstream rule or usage. The Issuer and the Trustee shall approve any changes to the form of the Notes attached to this Indenture and any additional notation, legend or endorsement required to be inserted on them. Section 2.2 Execution and Authentication.

(a) Any Officer of the Issuer may sign the Notes for the Issuer by manual or facsimile signature. If an Officer whose signature is on a Note no longer holds that office at the time the Trustee authenticates the Note, the Note shall be valid nevertheless.

(b) A Note shall not be valid until manually authenticated by an authorized signatory of the Trustee or an agent appointed by the Trustee (and reasonably acceptable to the Issuer) for such purpose (an " Authenticating Agent"). The signature of an authorized signatory of the Trustee or an Authenticating Agent on a Note shall be conclusive evidence that such Note has been duly and validly authenticated and issued under this Indenture. Unless limited by the terms of its appointment, an Authenticating Agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by an Authenticating Agent.

(c) At any time and from time to time after the execution and delivery of this Indenture, the Trustee shall authenticate and make available for delivery Notes upon a written order of the Issuer signed by an Officer of the Issuer (the " Issuer Order") directing the Trustee to authenticate and deliver such Notes; and the Trustee, in accordance with such Issuer Order shall authenticate and deliver the Notes as provided in this Indenture. An Issuer Order shall specify the amount of the Notes to be authenticated and the date on which the original issue of Notes is to be authenticated.

If Notes shall at any time be authenticated and delivered in any new name of a Successor Issuer pursuant to this Section 2.2 in exchange or substitution for or upon registration of transfer of any Notes, such Successor Issuer, at the option of the Holders but without expense to them, shall provide for the exchange of all Notes at the time Outstanding for Notes authenticated and delivered in such new name.

(e) Notwithstanding anything to the contrary contained in this Section 2.2, the Trustee is hereby authorized and directed, as of the date hereof, to: (1) authenticate the following certificates delivered to the Trustee (the "Issue Date Global Notes") representing the Issue Date Notes: (a) Rule 144A Global Note in the amount of U.S.$322,529,000, CUSIP No. 151290BF9, Certificate No. A-1, in the name of DTC or Cede & Co., its nominee, and (b) Regulation S Global Note in the amount U.S.$177,471,000, CUSIP No. P2253TJA8, Certificate No. S-1, in the name of DTC or Cede & Co., its nominee; (2) deliver such Issue Date Global Notes so authenticated to the Note Custodian as custodian for DTC and (3) approve a DWAC deposit of the Issue Date Notes in the amount of U.S.$500 million to the DTC account designated by Citibank International Plc (DTC participant account number 2426).

Section 2.3 Registrar, Paying Agent and Transfer Agent.

(a) The Issuer shall maintain an office or agency that shall keep a register of the Notes (the "Note Register") and of their transfer and exchange (the "Registrar"), where Notes may be presented or surrendered for registration of transfer or for exchange (the "Transfer Agent"), where Notes may be presented for payment (the "Paying Agent") and for the service of notices and demands to or upon the Issuer in respect of the Notes and this Indenture. The Issuer may have one or more co-Registrars and one or more additional paying agents. The term "Paying Agent" includes any additional paying agent. In addition, the Issuer undertakes to the extent possible, to use reasonable efforts to maintain a Paying Agent in a member state of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC regarding taxation of savings income.

(b) The Issuer shall enter into an appropriate agency agreement with any Registrar, Paying Agent or co-Registrar not a party to this Indenture. The agreement shall implement the provisions of this Indenture that relate to such agent. The Issuer shall notify the Trustee of the name and address of each such agent. If the Issuer fails to maintain a Registrar or Paying Agent, the Trustee shall act as such and shall be entitled to appropriate compensation therefor pursuant to Section 7.7. The Issuer or any Affiliate of the Issuer may act as Paying Agent, Registrar or co-Registrar, or transfer agent.

(c) The Issuer initially designates the Corporate Trust Office of the Trustee as such office or agency of the Issuer as required by Section 2.3(a) and appoints the Trustee as Registrar, Paying Agent, Transfer Agent and agent for service of demands and notices in connection with the Notes and this Indenture, until such time as another Person is appointed as such.

Section 2.4 Paying Agent to Hold Money in Trust. The Issuer shall require each Paying Agent (other than the Trustee) to agree in writing that such Paying Agent shall hold in trust for the benefit of Holders or the Trustee all money held by such Paying Agent for the payment of principal of or interest on the Notes and shall notify the Trustee in writing of any Default by the Issuer or any Note Guarantor in making any such payment. If the Issuer or an Affiliate of the Issuer acts as Paying Agent, it shall segregate the money held by it as Paying

Agent and hold it as a separate trust fund. The Issuer at any time may require a Paying Agent (other than the Trustee) to pay all money held by it to the Trustee and to account for any funds disbursed by such Paying Agent. Upon complying with this Section 2.4, the Paying Agent (if other than the Issuer or any Affiliate of the Issuer) shall have no further liability for the money delivered to the Trustee. Upon any proceeding under any Bankruptcy Law with respect to the Issuer or any Affiliate of the Issuer, if the Issuer or such Affiliate is then acting as Paying Agent, the Trustee shall replace the Issuer or such Affiliate as Paying Agent.

Section 2.5 Holder Lists. The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. At any time that the Trustee is not the Registrar the Issuer shall furnish to the Trustee, in writing at least seven Business Days before each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of Holders.

Section 2.6 CUSIP Numbers. The Issuer in issuing Notes may use "CUSIP" numbers, as applicable (if then generally in use), and, if so, the Trustee shall use for the Securities "CUSIP" number in notices to the Holders as a convenience to such Holders; *provided* that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Notes or as contained in any notice and that reliance may be placed only on the other identification numbers printed on the Notes, and any such notice shall not be affected by any defect in or omission of such numbers. The Issuer will promptly notify the Trustee in writing of any changes in the "CUSIP" numbers.

Section 2.7 Global Note Provisions.

(a) Each Global Note initially shall: (i) be registered in the name of DTC or the nominee of DTC, (ii) be delivered to the Note Custodian and (iii) bear the appropriate legends as set forth in Section 2.8 and Exhibit A hereto. Any Global Note may be represented by one or more certificates. (b) Except as provided in clause (iii) of Section 2.7(c), members of, or participants in, DTC ("Agent Members") shall have no rights under this Indenture with respect to any Global Note held on their behalf by DTC or by the Note Custodian, and DTC may be treated by the Issuer, any Note Guarantor, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar and any of their respective agents as the absolute owner of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall (i) prevent the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar or any of their respective agents from giving effect to any written certification, proxy or other authorization furnished by DTC or (ii) impair, as between DTC and its Agent Members, the operation of customary practices of DTC governing the exercise of the rights of an owner of a beneficial interest in any Global Note. The registered Holder of a Global Note may grant proxies and otherwise authorize any person, including DTC, or its nominee, Agent Members and persons that may hold interests through Agent Members, to take any action that a Holder is entitled to take under this Indenture or the Notes.

(c) Except as provided in this Section 2.7(c), owners of beneficial interests in Global Notes will not be entitled to receive Certificated Notes in exchange for such beneficial interests.

(i) Certificated Notes shall be issued to all owners of beneficial interests in a Global Note in exchange for such beneficial interests if (A) DTC notifies the Issuer that it is unwilling or unable to continue as depositary for such Global Note or (B) DTC ceases to be a clearing agency registered under the Exchange Act, at a time when DTC is required to be so registered in order to act as depositary, and in each case a successor depositary is not appointed by the Issuer within 90 days of such notice. In connection with the exchange of an entire Global Note for Certificated Notes pursuant to this clause (i) of this Section 2.7(c), such Global Note shall be deemed to be surrendered to the Trustee for cancellation, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and deliver to each beneficial owner identified by DTC in exchange for its beneficial interest in such Global Note, an equal aggregate principal amount of Certificated Notes of authorized denominations, and the Registrar shall register such exchanges in the Note Register.

(ii) The owner of a beneficial interest in a Global Note will be entitled to receive Certificated Notes in exchange for such interest if an Event of Default has occurred and is continuing. If an Event of Default has occurred and is continuing, upon receipt by the Registrar of instructions from Agent Members through DTC on behalf of the owner of a beneficial interest in a Global Note directing the Registrar to exchange such beneficial owner's beneficial interest in such Global Note for Certificated Notes, subject to and in accordance with the Applicable Procedures, the Issuer shall promptly execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to such beneficial owner, Certificated Notes in a principal amount equal to such beneficial interest in such Global Note.

(iii) If (A) an event described in clause (i) of Section 2.7(c) occurs and Certificated Notes are not issued promptly to all beneficial owners or (B) the Registrar receives from a beneficial owner the instructions described in clause (ii) of Section 2.7(c) and Certificated Notes are not issued promptly to any such beneficial owner, the Issuer expressly acknowledges, with respect to the right of any Holder to pursue a remedy pursuant to Section 6.6 hereof, the right of any beneficial owner of Notes to pursue such remedy with respect to the portion of the Global Note that represents such beneficial owner's Notes as if such Certificated Notes had been issued.

Section 2.8 Legends.

(a) Each Global Note shall bear the legend specified therefor in Exhibit A hereto on the face thereof.

(i) upon receipt by the Registrar of:

(A) instructions from an Agent Member given to DTC in accordance with the Applicable Procedures directing DTC to credit or cause to be credited a beneficial interest in the Regulation S Global Note in a principal amount equal to the principal amount of the beneficial interest to be transferred,

(B) instructions given in accordance with the Applicable Procedures containing information regarding the account to be credited with such increase, and

(C) a certificate in the form of Exhibit B or Exhibit C hereto, as applicable, duly executed by the transferor;

(c) Other Transfers. Any registration of transfer of Restricted Notes (including Certificated Notes) not described above (other than a transfer of a beneficial interest in a Global Note that does not involve an exchange of such interest for a Certificated Note or a beneficial interest in another Global Note, which must be effected in accordance with applicable law and the Applicable Procedures, but is not subject to any procedure required by this Indenture) shall be made only upon receipt by the Registrar of such Opinions of Counsel, certificates and such other evidence reasonably required by and satisfactory to it in order to ensure compliance with the Securities Act or in accordance with Section 2.9(d).

(d) Use and Removal of Private Placement Legends . Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) not bearing (or not required to bear upon such transfer, exchange or replacement) a Private Placement Legend, the Note Custodian and Registrar shall exchange such Notes (or beneficial interests) for beneficial interests in a Global Note or Certificated Notes if they have been issued pursuant to Section 2.7(c) that does not bear a Private Placement Legend. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) bearing a Private Placement Legend, the Note Custodian and Registrar shall deliver only Notes (or beneficial interests in a Global Note) that bear a Private Placement Legend unless:

(ii) such Notes (or beneficial interests) are transferred, replaced or exchanged after the Resale Restriction Termination Date therefor and, in the case of any such Restricted Notes, the Issuer has complied with the applicable procedures for delegending in accordance with Section 2.9(h); or

(iii) in connection with such registration of transfer, exchange or replacement the Registrar shall have received an Opinion of Counsel, certificates and such other evidence reasonably satisfactory to the Issuer and the Registrar to the effect that neither such Private Placement Legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

The Holder of a Global Note bearing a Private Placement Legend may exchange an interest therein for an equivalent interest in a Global Note not bearing a Private Placement Legend upon transfer of such interest pursuant to this Section 2.9(d).

(e) Consolidation of Global Notes and Exchange of Certificated Notes for Beneficial Interests in Global Notes . If a Global Note not bearing a Private Placement Legend is Outstanding at the time of a removal of legends pursuant to Section 2.9(h), any interests in a Global Note delegended pursuant to Section 2.9(h) shall be exchanged for interests in such Outstanding Global Note, subject to the proviso at the end of Section 2.14(a).

(f) Retention of Documents. The Registrar and the Trustee shall retain copies of all letters, notices and other written communications received pursuant to this Article II and in accordance with the Trustee's, or if different, the Registrar's, record retention procedures. The Issuer shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Registrar or the Trustee, as the case may be.

(g) General Provisions Relating to Transfers and Exchanges.

(i) Subject to the other provisions of this Section 2.9, when Notes are presented to the Registrar or a co-Registrar with a request to register the transfer of such Notes or to exchange such Notes for an equal principal amount of Notes of other authorized denominations, the Registrar or co-Registrar shall register the transfer or make the exchange as requested if its requirements for such transaction are met; *provided* that any Notes presented or surrendered for registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar or co-Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.

(ii) To permit registrations of transfers and exchanges and subject to the other terms and conditions of this Article II, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, Certificated Notes and Global Notes, as applicable, at the Registrar's or co-Registrar's request.

Neither the Trustee nor any

Agent shall have any duty or obligation under any Section of this Indenture which requires the payment of taxes or charges unless and until it is satisfied that all such taxes and/or charges have been paid.

(iv) The Registrar or co-Registrar shall not be required to register the transfer of or exchange of (x) any Note for a period beginning (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.

(v) Prior to the due presentation for registration of transfer of any Note, the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar may deem and treat the Person in whose name a Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Note and for all other purposes whatsoever, whether or not such Note is overdue, and none of the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar or the Note Custodian shall be affected by notice to the contrary.

(1) instruct the Trustee in writing to remove the Private Placement Legend from such Notes (including setting forth the basis for such removal), and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from any Global Notes representing such Notes without further action on the part of Holders;

(2) notify Holders of such Notes that the Private Placement Legend has been removed or deemed removed; and

(3) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

In no event will the failure of the Issuer to provide any notice set forth in this paragraph or of the Trustee to remove the Private Placement Legend constitute a failure by the Issuer to comply with any of its covenants or agreements set forth in Section 6.1 or otherwise. Any Restricted Note (or security issued in exchange or substitution therefor) as to which such restrictions on transfer shall have expired in accordance with their terms may, upon surrender of such Restricted Note for exchange to the Registrar in accordance with the provisions of Article II of this Indenture, be exchanged for a new Note or Notes, of like tenor and aggregate principal amount, which shall not bear the Private Placement Legend. The Issuer shall notify the Trustee in writing upon occurrence of the Resale Restriction Termination Date for any Note.

(ii) In the case of a Regulation S Global Note, after the Resale Restriction Termination Date of any such Regulation S Global Note, the Issuer may, at its sole option:

(1) instruct the Trustee in writing to remove the Private Placement Legend from such Regulation S Global Note (including setting forth the basis for such removal), and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from such Regulation S Global Note without further action on the part of Holders; and

(2) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

(iii) Notwithstanding any provision herein to the contrary, in the event that Rule 144 as promulgated under the Securities Act (or any successor rule) is amended to change the one-year holding period thereunder (or the corresponding period under any successor rule), (A) each reference

in this Section 2.9(h) to "one year" and in the Private Placement Legend described in Section 2.8(b) and Exhibit A hereto to "ONE YEAR" shall be deemed for all purposes hereof to be references to such changed period, and (B) all corresponding references in this Indenture (including the definition of Resale Restriction Termination Date), the Notes and the Private Placement Legends thereon shall be deemed for all purposes hereof to be references to such changed period; *provided* that such changes shall not become effective if they are otherwise prohibited by, or would otherwise cause a violation of, the then-applicable federal securities laws; *provided further* that if such change does not apply to existing Notes, all references to "one year" in this Indenture shall not be deemed for all purposes hereof to be references to such changed period. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.

(i) No Obligation of the Trustee.

(i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Note, Agent Members or any other Persons with respect to the accuracy of the records of DTC or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than DTC) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be DTC or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through DTC, subject to the applicable rules and procedures of DTC. The Trustee may rely and shall be fully protected in relying upon information furnished by DTC with respect to its Agent Members and any beneficial owners.

(ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

(i) the requirements of Section 8-405 of the Uniform Commercial Code are met,

(ii) the Holder satisfies any other reasonable requirements of the Trustee, and

(iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes. Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes and as shall be reasonably acceptable to the Trustee. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation. The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of cancelled Notes in accordance with its policy of disposal. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest. When any installment of interest becomes overdue (a "Defaulted Interest"), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a " Special Record Date"), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register, not less than ten (10) calendar days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment pursuant to this Section 2.13(b), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register.

Section 2.14 Additional Notes.

(a) The Issuer may, from time to time, subject to compliance with any other applicable provisions of this Indenture, without the consent of the Holders, create and issue pursuant to this Indenture additional notes (" Additional Notes") that shall have terms and conditions identical to those of the other Outstanding Notes, except with respect to:

(i) the Issue Date;

(ii) the amount of interest payable on the first Interest Payment Date therefor;

(iii) the issue price; and

(iv) any adjustments necessary in order to conform to and ensure compliance with the Securities Act (or other applicable securities laws) and any agreement applicable to such Additional Notes, which are not adverse in any material respect to the Holder of any Outstanding Notes (other than such Additional Notes).

The Notes issued on the Issue Date and any Additional Notes shall be treated as a single series for all purposes under this Indenture; *provided* that the Issuer may use different CUSIP or other similar numbers among Issue Date Notes, and among Additional Notes to the extent required to comply with securities or tax law requirements, including to permit delegending pursuant to Section 2.9(h).

(b) With respect to any Additional Notes, the Issuer will set forth in an Officer's Certificate of the Issuer (the " Additional Note Certificate"), copies of which will be delivered to the Trustee, the following information:

(i) the aggregate principal amount of such Additional Notes to be authenticated and delivered pursuant to this Indenture;

(ii) the Issue Date and the issue price of such Additional Notes; *provided* that no Additional Notes may be issued at a price that would cause such Additional Notes to have "original issue discount" within the meaning of Section 1273 of the Code, unless such Additional Notes have a separate CUSIP or other similar number from other Notes; and

(iii) whether such Additional Notes will be subject to transfer restrictions under the Securities Act (or other applicable securities laws).

ARTICLE III

COVENANTS

Section 3.1 Payment of Notes. (a) The Issuer shall pay the principal of and interest (including Defaulted Interest) on the Notes in U.S. Legal Tender on the dates and in the manner provided in the Notes and in this Indenture. Prior to 10:00 a.m. New York City time, on the Business Day prior to each Interest Payment Date and the Maturity Date, the Issuer shall deposit with the Paying Agent in immediately available funds U.S. Legal Tender sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 10:00 a.m. New York City time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust U.S. Legal Tender, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture U.S. Legal Tender designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) The Issuer hereby instructs the Trustee to establish an "Issue Date Note Account" for reception of the interest and principal payments for the Issue Date Notes.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Issuer will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Issuer or any Restricted Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Issuer or any Restricted Subsidiary and (ii) all lawful claims for labor, materials

and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Issuer or any Restricted Subsidiary; *provided, however,* that the Issuer shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer) are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) Upon the occurrence of a Change of Control, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon through the date of purchase (the "Change of Control Payment").

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer must send, by first-class mail, a notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a " Change of Control Offer"). The Change of Control Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided* that each new Note shall be in a minimum principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be cancelled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

(i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or

(ii) notice of redemption has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws and regulations in connection with the purchase of Notes in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness .

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any of the Note Guarantors may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Issuer is greater than or equal to 2.0 to 1.0.

(vi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries arising from (A) the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds in the ordinary course of business; *provided* that, such Indebtedness is extinguished within five Business Days of Incurrence; or (B) any cash pooling or other cash management agreements in place with a bank or financial institution but only to the extent of offsetting credit balances of the Issuer and/or its Restricted Subsidiaries pursuant to such cash pooling or other cash management agreement;

(viii) Refinancing Indebtedness in respect of:

(A) Indebtedness (other than Indebtedness owed to the Issuer or any Subsidiary of the Issuer) Incurred pursuant to clause (a) above (it being understood that no Indebtedness outstanding on the Issue Date is Incurred pursuant to such clause (a) above), or

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

(i) The Issuer shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.

(ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to and in compliance with this Section 3.9, the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP. Accrual of interest, the accretion or amortization of original issue discount, the payment of regularly scheduled interest in the form of additional Indebtedness of the same instrument or the payment of regularly scheduled dividends on Disqualified Capital Stock in the form of additional Disqualified Capital Stock with the same terms will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 3.9. For purposes of determining compliance with this Section 3.9, mark-to-market fluctuations of hedging obligations or derivatives outstanding on the Issue Date shall not constitute Incurrence of Indebtedness.

(iii) For purposes of determining compliance with this Section 3.9, the principal amount of Indebtedness denominated in foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided* that if such Indebtedness is Incurred to refinance other Indebtedness denominated in foreign currency, and such refinancing would cause the applicable restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

(iv) For purposes of determining compliance with this Section 3.9:

(A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including,

without limitation, in Section 3.9(a), the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and

(B) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

Section 3.10 [Reserved].

(A) a Default or an Event of Default shall have occurred and be continuing;

(B) the Issuer is not able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a); or

(1) 50% of cumulative Consolidated Net Income of the Issuer or, if cumulative Consolidated Net Income of the Issuer is a loss, minus (i) 100% of the loss, accrued during the period, treated as one accounting period, beginning on the first full fiscal quarter after the Issue Date to the end of the most recent fiscal quarter for which consolidated financial information of the Issuer is available and (ii) the amount of cash benefits to the Issuer or a Restricted Subsidiary that is netted against Investments in Similar Businesses pursuant to clause (12) of the definition of "Permitted Investments"; plus

(2) 100% of the aggregate net cash proceeds received by the Issuer from any Person from any:

- contribution to the equity capital of the Issuer (not representing an interest in Disqualified Capital Stock) or issuance and sale of Qualified Capital Stock of the Issuer, in each case, subsequent to the Issue Date, or
- issuance and sale subsequent to the Issue Date (and, in the case of Indebtedness of a Restricted Subsidiary, at such time as it was a Restricted Subsidiary) of any Indebtedness for borrowed money of the Issuer or any Restricted Subsidiary that has been converted into or exchanged for Qualified Capital Stock of the Issuer,

excluding, in each case, any net cash proceeds:

- received from a Subsidiary of the Issuer;

- used to acquire Capital Stock or other assets from an Affiliate of the Issuer; or
- applied in accordance with clause (ii)(B) or (iii)(A) of Section 3.11(b) below.

(b) Notwithstanding Section 3.11(a), this Section 3.11 does not prohibit:

(i) the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration pursuant to Section 3.11(a);

(ii) if no Default or Event of Default shall have occurred and be continuing, the acquisition of any shares of Capital Stock of the Issuer,

(A) in exchange for Qualified Capital Stock of the Issuer, or

(B) through the application of the net cash proceeds received by the Issuer from a substantially concurrent sale of Qualified Capital Stock of the Issuer or a contribution to the equity capital of the Issuer not representing an interest in Disqualified Capital Stock, in each case not received from a Subsidiary of the Issuer;

*provided*, that the value of any such Qualified Capital Stock issued in exchange for such acquired Capital Stock and any such net cash proceeds shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

(iii) if no Default or Event of Default shall have occurred and be continuing, the voluntary prepayment, purchase, defeasance, redemption or other acquisition or retirement for value of any Subordinated Indebtedness:

(A) solely in exchange for, or through the application of net cash proceeds of a substantially concurrent sale, other than to a Subsidiary of the Issuer, of Qualified Capital Stock of the Issuer, or

(B) solely in exchange for Refinancing Indebtedness for such Subordinated Indebtedness,

*provided*, that the value of any Qualified Capital Stock issued in exchange for Subordinated Indebtedness and any net cash proceeds referred to above shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

(iv) repurchases by the Issuer of Common Stock of the Issuer or options, warrants or other securities exercisable or convertible into Common Stock of the Issuer from employees or directors of the Issuer or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment or directorship of the employees or directors, in an amount not to exceed U.S.$5 million in any calendar year and any repurchases other than in connection with compensation of Common Stock of the Issuer pursuant to binding written agreements in effect on the Issue Date;

(vii) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Issuer;

(viii) purchases of any Subordinated Indebtedness of the Issuer (A) at a purchase price not greater than 101% of the principal amount thereof (together with accrued and unpaid interest) in the event of the occurrence of a Change of Control or (B) at a purchase price not greater than 100% of the principal amount thereof (together with accrued and unpaid interest) in the event of an Asset Sale in accordance with provisions similar to those set forth under Section 3.12; *provided, however*, that prior to such purchase of any such Subordinated Indebtedness, the Issuer has made the Change of Control Offer or Asset Sale Offer as provided under Section 3.8 or Section 3.12, respectively, and has purchased all Notes validly tendered and not properly withdrawn pursuant thereto;

(ix) recapitalization of earnings on or in respect of the Qualified Capital Stock of the Issuer pursuant to which additional Qualified Capital Stock of the Issuer or the right to subscribe for additional Capital Stock of the Issuer is issued to the existing shareholders of the Issuer on a *pro rata* basis (which, for the avoidance of doubt, shall not allow any payment in cash to be made in respect of Qualified Capital Stock of the Issuer pursuant to this clause (ix)); and

(x) so long as (A) no Default or Event of Default shall have occurred and be continuing (or result therefrom) and (B) the Issuer could Incur at least U.S.$1.00 of additional Debt pursuant to Section 3.9(a), payment of any dividends on Capital Stock (other than Disqualified Capital Stock) of the Issuer in an aggregate amount which, when taken together with all dividends paid pursuant to this clause (x), does not exceed U.S.$50 million in any calendar year; *provided* that such dividends shall be included in the calculation of the amount of Restricted Payments.

(xi) [Reserved]

In determining the aggregate amount of Restricted Payments made subsequent to the Issue Date, amounts expended pursuant to clauses (i) (without duplication for the declaration of the relevant dividend), (iv), (viii) and (x) above shall be included in such calculation and amounts expended pursuant to clauses (ii), (iii), (v), (vi), (vii) and (ix) above shall not be included in such calculation.

Section 3.12 Limitation on Asset Sales.

(a) The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(i) the Issuer or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and

(ii) other than in respect of Permitted Asset Swap Transactions, at least 80% of the consideration received for the assets sold by the Issuer or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided, however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:

(A) the assumption of Indebtedness (other than Subordinated Indebtedness) of the Issuer or any Restricted Subsidiary and the release of the Issuer or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Sale;

(B) any securities, notes or obligation received by the Issuer or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Issuer or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;

(C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and

(D) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Issuer calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Issuer or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

(i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or

(ii) purchase:

(A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Issuer or any Restricted Subsidiary in a Permitted Business, or

(B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Issuer and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of Section 3.12(b), the Issuer will make an offer to purchase Notes (the "Asset Sale Offer"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to the date of purchase (the " Asset Sale Offer Amount"). The Issuer will purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at

the Issuer's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Issuer to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Issuer may satisfy its obligations under this Section 3.12 with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Issuer may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.$100 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.$100 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be mailed first class, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Issuer shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the " Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part, in minimum denominations of U.S.$200,000 and in any integral multiples of U.S.$1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Issuer shall, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net

Cash Proceeds, the Issuer shall purchase the Notes and the other Senior Indebtedness on a *pro rata* basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be cancelled and cannot be reissued.

(i) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Issuer shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the "Asset Sale" provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Issuer may use any remaining Net Cash Proceeds for general corporate purposes of the Issuer and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Issuer and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Issuer shall be deemed to have sold the properties and assets of the Issuer and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Issuer or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Issuer or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 Limitation on the Ownership of Capital Stock of Restricted Subsidiaries . The Issuer shall not permit any Person other than the Issuer or another Restricted Subsidiary to, directly or indirectly, own or control any Capital Stock of any Restricted Subsidiary, except for:

(i) Capital Stock owned by such Person on the Issue Date;

(ii) directors' qualifying shares;

(iii) the sale or Disposition of 100% of the shares of the Capital Stock of any Restricted Subsidiary held by the Issuer and its Restricted Subsidiaries to any Person other than the Issuer or another Restricted Subsidiary effected in accordance with, as applicable, Section 3.12 and Article IV;

(iv) in the case of a Restricted Subsidiary other than a Restricted Subsidiary that is a Wholly Owned Subsidiary,

(A) the issuance by that Restricted Subsidiary of Capital Stock on a *pro rata* basis to the Issuer and its Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of such Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder); or

(B) sales, transfers and other dispositions of Capital Stock in a Restricted Subsidiary to the extent required by, or made pursuant to, buy/sell, put/call or similar shareholder arrangements set forth in binding agreements in effect on the Issue Date; and

(v) the sale of Capital Stock of a Restricted Subsidiary by the Issuer or another Restricted Subsidiary or the sale or issuance by a Restricted Subsidiary of its newly-issued Capital Stock if such sale or issuance is made in compliance with Section 3.12 and either:

(A) such Restricted Subsidiary is no longer a Subsidiary, and the continuing Investment of the Issuer and its Restricted Subsidiaries in such former Restricted Subsidiary is in compliance with Section 3.11, or

(B) such Restricted Subsidiary continues to be a Restricted Subsidiary.

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries .

(a) The Issuer may designate after the Issue Date any Subsidiary of the Issuer other than a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Issuer or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18;

(ii) at the time of and after giving effect to such Designation, the Issuer could Incur U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a);

(iii) the Issuer would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation) as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Issuer's Investment in such Subsidiary on such date; and

(iv) the terms of any Affiliate Transaction existing on the date of such Designation between the Subsidiary being designated (and its Subsidiaries) and the Issuer or any Restricted Subsidiary would be permitted under Section 3.18 if entered into immediately following such Designation.

(b) Neither the Issuer nor any Restricted Subsidiary shall at any time:

(i) provide credit support for, subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, or Guarantee, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);

(ii) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or

(iii) be directly or indirectly liable for any Indebtedness which provides that the Holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary.

(c) The Issuer may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a " Revocation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and

(ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(d) The Designation of a Subsidiary of the Issuer as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer's Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries .

(a) Except as provided in clause (b) below, the Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Issuer or any other Restricted Subsidiary or pay any Indebtedness owed to the Issuer or any other Restricted Subsidiary;

(ii) make loans or advances to, or make any Investment in, the Issuer or any other Restricted Subsidiary; or

(iii) transfer any of its property or assets to the Issuer or any other Restricted Subsidiary.

(b) Section 3.15(a) shall not apply to encumbrances or restrictions existing under or by reason of:

(i) applicable law, rule, regulation or order;

(ii) this Indenture;

(iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided* that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Issuer's senior management;

(iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;

(v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;

(vi) restrictions with respect to a Restricted Subsidiary of the Issuer imposed pursuant to a binding agreement which has been entered into for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided* that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);

(vii) customary restrictions imposed on the transfer of copyrighted or patented materials;

(viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement referred to in clause (iii) or (v) of this Section 3.15(b); *provided* that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Issuer's senior management;

(ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;

(x) Purchase Money Indebtedness for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions of the nature discussed in clause (iii) of this Section 3.15(b) above on the property so acquired;

(xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management;

(xii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets or revenues of such joint venture;

(xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided* that such restrictions (A) are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Issuer's senior management or (B) constitute financial covenants or similar restrictions that limit the ability to pay dividends or make distributions upon the occurrence or continuance of a default or event of default or that would result in a default or event of default under such Indebtedness upon the declaration or payment of dividends or other distributions; and

(xiv) net worth provisions in leases entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Issuer shall not, and shall not permit any Note Guarantor to, directly or indirectly, Incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to New Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

(i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and

(ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture,

in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Issuer;

(b) The provisions of Section 3.18(a) above shall not apply to:

(i) Affiliate Transactions with or among the Issuer and any Restricted Subsidiary or between or among Restricted Subsidiaries;

(ii) reasonable fees and compensation paid to, and any indemnity provided on behalf of, officers, directors, employees, consultants or agents of the Issuer or any Restricted Subsidiary as determined in good faith by the Issuer's Board of Directors or, to the extent consistent with past practice, senior management;

(iii) Affiliate Transactions undertaken pursuant to any contractual obligations or rights in existence on the Issue Date (as in effect on the Issue Date with modifications, extensions and replacements thereof not materially adverse to the Issuer and its Restricted Subsidiaries) as determined in good faith by the Issuer's senior management;

(iv) any Restricted Payments in compliance with Section 3.11;

(v) payments and issuances of Qualified Capital Stock to any officers, directors and employees of the Issuer or any Restricted Subsidiary pursuant to any management equity plan or stock option plan or any other stock subscription or shareholder agreement, and any employment agreements, stock option plans or other compensatory arrangements (and any successor plans thereto) and any supplemental executive retirement benefit plans or arrangements with any such officers, directors or employees that are, in each case, approved in good faith by the Board of Directors or, to the extent consistent with past practice, senior management of the Issuer;

(vi) loans and advances to officers, directors and employees of the Issuer or any Restricted Subsidiary for travel, entertainment, moving and other relocation expenses, in each case made in the ordinary course of business in amounts consistent with the past practice of the Issuer or such Restricted Subsidiary; and

(vii) loans made by the Issuer or any Restricted Subsidiary to employees or directors in an aggregate amount not to exceed U.S.$15 million (or its equivalent in another currency) at any time outstanding.

Section 3.19 Conduct of Business. The Issuer and its Restricted Subsidiaries shall not engage in any business other than a Permitted Business.

Section 3.20 Reports to Holders.

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

(i) provide the Trustee and the Holders with:

(A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by "foreign private issuers" (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

(B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year;

(C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and

(ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(b) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts.

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes")

imposed or levied by or on behalf of Mexico, Spain, the Netherlands, France, the United Kingdom, the United States, Switzerland or, in the event that the Issuer appoints additional paying agents, by the jurisdictions of such additional paying agents (a " Taxing Jurisdiction"), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional amounts (" Additional Amounts") as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided, however*, that the foregoing obligation to pay Additional Amounts does not apply to:

(i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of a Note),

(ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,

(iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days' notice that Holders shall be required to provide such information and identification; *provided*, *however*, this clause (iii) shall not apply if the provision of information, documentation or other evidence described in this clause (iii) would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of the Notes than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice,

(iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,

(v) any Taxes imposed on a payment to or for the benefit of an individual pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of November 26-27, 2000 or any law implementing or complying with, or introduced in order to conform to, such directives,

(vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,

(vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, and

(viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) The exception to the Issuer's obligations to pay Additional Amounts pursuant to clause (iii) of Section 3.21(b) will not apply with respect to taxes imposed by Mexico or any political subdivision or taxing authority thereof if the Issuer can otherwise obtain the application of the lower withholding tax rate in effect, unless (i) the provision of the information, documentation or other evidence described in the applicable clause of Section 3.21(b) is expressly required by statute, regulation or published administrative practice of general applicability, (ii) the Issuer cannot obtain the information, documentation or other evidence necessary to comply with the applicable laws and regulations on its own through reasonable diligence and without requiring such information, documentation or other evidence necessary from holders of the Notes and (iii) the Issuer otherwise would meet the requirements set forth

under applicable law and regulations. In addition, clause (iii) of Section 3.21(b) does not and shall not be considered to require that any person, including any non-Mexican pension fund, retirement fund, financial institution or any other holder or beneficial owner of a Note, register with the Mexican Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*) or the Mexican Tax Revenue Service (*Servicio de Administración Tributaria*) to obtain eligibility for an exemption from, or a reduction of, Mexican withholding tax.

(e) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection.

(f) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to us. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Issuer is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Partial Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.13, 3.14(b), 3.15, 3.18, 3.19 and 4.1(a)(ii) (collectively, the "Partial Suspended Covenants").

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.13, 3.14(b), 3.15, 3.16, 3.18, 3.19 and 4.1(a)(ii) (collectively, the "Suspended Covenants").

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the "Partial Covenant Suspension Date") or a Covenant Suspension Event (the "Suspension Date") may be redesignated as an Unrestricted Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) the Additional Note Guarantors shall be released from its obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantors shall be released from their obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided* that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantors shall be reinstated in accordance with and subject to the conditions in Section 3.22(e).

(e) In the event that the Issuer and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the "Partial Covenant Reversion Date" and, in the case of Suspended Covenants, such subsequent date being the " Reversion Date") (i) the Consolidated Leverage Ratio of the Issuer is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Partial Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantors (unless, solely with respect to any Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause such Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that such Additional Note Guarantor's guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the " Partial Suspension Period" and the period of time between the Suspension Date and the Reversion Date is referred to as the " Suspension Period." Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantor may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be classified to have been Incurred pursuant to Section 3.9(a) or Section 3.9(b) (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to Section 3.9(a) or 3.9(b), such Indebtedness shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect since the Issue Date and throughout the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or Covenant Suspension Event and in any event not later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

(h) For purposes of this Section 3.22 only, "Consolidated Leverage Ratio" and all associated definitions shall have the meaning set forth in Exhibit E hereto.

## ARTICLE IV

## SUCCESSOR ISSUER

Section 4.1 Merger, Consolidation and Sale of Assets.

(a) The Issuer shall not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer's properties and assets (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), to any Person unless:

(i) either:

(A) the Issuer shall be the surviving or continuing corporation, or

(B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries) substantially as an entirety (the " Successor Issuer"):

(1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the " Permitted Merger Jurisdictions"); and

(2) shall expressly assume, by supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or

observed and provide the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a *pro forma* basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Issuer or such Successor Issuer, as the case may be:

(A) shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction; or

(B) shall be able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a);

(iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a *pro forma* basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;

(iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and

(v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:

(A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;

(B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and

(C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided* that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

(x) any transfer of the properties or assets of a Restricted Subsidiary to the Issuer;

(y) any merger of a Restricted Subsidiary into the Issuer; or

(z) any merger of the Issuer into a Note Guarantor or a Wholly Owned Subsidiary of the Issuer.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, such Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) Each Note Guarantor shall not, and the Issuer shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

(i) such Person (if such Person is the surviving entity) (the "Successor Note Guarantor") assumes all of the obligations of such Note Guarantor in respect of its Note Guarantee by executing a supplemental indenture and providing the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) such Note Guarantee is to be released as provided under Section 10.2(b); or

(iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(b) will not apply to:

(x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;

(y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or

(z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Issuer.

## ARTICLE V

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 45 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the CUSIP numbers of the Notes, (d) the redemption price, and (e) the amount of interest to be paid with respect to each multiple of U.S.$1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 30 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

(i) the Redemption Date,

(ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.7,

(iii) whether or not the Issuer is redeeming all Outstanding Notes,

(iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the

aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,

(v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,

(vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.7 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,

(vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and

(viii) the CUSIP number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such CUSIP number.

(c) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; *provided*, *however*, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice attaching a copy of the notice to be delivered to the Holders.

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method as the Trustee shall deem fair and appropriate; *provided*, *however*, that if a partial redemption is made with the proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of DTC), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called-for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 30 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for redemption. No

Notes of U.S.$200,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Deposit of Redemption Price. On or prior to 10:00 a.m. New York City time on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4 an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.7 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.8 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided* that, each new Note will be in a principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

## ARTICLE VI

## DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an "Event of Default":

(i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;

(ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;

(iii) the failure to perform or comply with any of the provisions described under Article IV;

(iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of non-guarantor Restricted Subsidiaries, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;

(v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:

(A) is caused by a failure to pay principal of or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or

(B) results in the acceleration of such Indebtedness prior to its stated maturity;

and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this Section 6.1(a) at the relevant time, aggregates U.S.$50 million or more;

(vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.$100 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;

(vii) a Bankruptcy Event of Default; or

(viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor's obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

(i) if the rescission would not conflict with any judgment or decree;

(ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;

(iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and

(iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture, exposes the Trustee to personal liability, or that the Trustee determines in good faith to be unduly prejudicial to Holders not joining therein; *provided, however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

(i) such Holder gives to the Trustee written notice of a continuing Event of Default;

(ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;

(iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;

(iv) the Trustee does not comply within 60 days; and

(v) during such 60 day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

*provided* that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

(a) The Trustee may (irrespective of whether the principal of the Notes is then due):

(i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and

(ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

## ARTICLE VII

## TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

(i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; *provided*, *however*, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive, incidental or consequential damages of any kind whatsoever (including, but not limited to, lost profits), even if the Trustee has been advised of the possibility of such damages and regardless of the form of action.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots, interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or

agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

(n) The Trustee shall not be required to give any bond or surety in respect of the performance of its powers and duties hereunder.

(o) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders pursuant to this Indenture, unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction.

(p) The Trustee shall always be entitled to assume that the Issuer acted in good faith and shall be fully protected and incur no liability in reliance thereon.

(q) The Trustee shall have no duty or obligation to make any calculation under or pursuant to any covenant hereunder or make any determination of compliance by the Issuer or Note Guarantor under any covenant hereunder.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has received written notice thereof, the Trustee shall mail to each Holder, as their names and addresses appear in the Register, notice of the Default or Event of Default within 90 days after the occurrence thereof unless such Default or Event of Default shall have been cured or waived. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution, amendment and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this Section 7.7) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided* that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this Section 7.7, the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this Section 7.7 shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this Section 7.7 shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this Section 7.7 or Section 6.10.

Section 7.8 Replacement of Trustee.

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

(i) the Trustee fails to comply with Section 7.10;

(ii) the Trustee is adjudged bankrupt or insolvent;

(iii) a receiver or other public officer takes charge of the Trustee or its property; or

(iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of

the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent (which, in the case of Computershare Trust Company, N.A. is Computershare, Inc.), a combined capital and surplus of at least U.S.$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the "Security Documents") as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee is not being granted the right and will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance .

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or (c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer's exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

(i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,

(ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,

(iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and

(iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.13, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be

deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event or Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in U.S. Legal Tender or U.S. Government Obligations, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

(i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or

(ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust U.S. Legal Tender or U.S. Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited U.S. Legal Tender or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for U.S. Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal and interest received on such U.S. Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit

had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted to apply all such U.S. Legal Tender and U.S. Government Obligations in accordance with this Article VIII; *provided, however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from U.S. Legal Tender or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

(i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or

(ii) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee U.S. Legal Tender or U.S. Government Obligations sufficient without reinvestment to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit, together with irrevocable instructions from the Issuer directing the Trustee to apply such funds to the payment;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

## ARTICLE IX

## AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

(i) to cure any ambiguity, omission, defect or inconsistency;

(ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;

(iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; *provided*, *however*, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;

(iv) to add guarantees with respect to the Notes or to secure the Notes;

(v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;

(vi) to make any change that does not adversely affect the rights of any Holder in any material respect;

(vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;

(viii) to comply with the requirements of any applicable securities depositary;

(ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or

(x) in order to effect and maintain the listing of the Notes on a stock exchange for which a trading market exists for the Notes, if any.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in

aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

(i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;

(iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;

(iv) make any Notes payable in money other than that stated in the Notes;

(v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of then Outstanding Notes to waive Defaults or Events of Default;

(vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;

(vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or

(viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with

respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

ARTICLE X

NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

(i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;

(ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;

(iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;

(iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;

(vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;

(viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;

(ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;

(x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;

(xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;

(xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;

(xiii) any change in the ownership of the Issuer;

(xiv) any change in the laws, rules or regulations of any jurisdiction;

(xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and

(xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

(i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;

(ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;

(iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;

(iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the *Código Civil Federal* of Mexico and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall

become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

(i) the unpaid amount of such Obligations then due and owing; and

(ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

*provided* that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

(i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and

(ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

(i) there is a Legal Defeasance of the Notes pursuant to Article VIII;

(ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;

(iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;

(iv) solely with respect to an Additional Note Guarantor, either (A) the New Facilities Agreement Indebtedness has been repaid in full and such Additional Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such New Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Additional Note Guarantor; or

(v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3 or L. 242-6 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, provided that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a "Swiss Note Guarantor") are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the "Restricted Obligations") shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor's Free Reserves Available for Distribution at the time payment is requested, provided that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date until such time as performance is permitted notwithstanding such limitation.

(c) For the purpose of this clause, "Free Reserves Available for Distribution" means an amount equal to the maximal amount in which the relevant Swiss Note Guarantor can make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

(d) As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Trustee (save to the extent provided below).

(e) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

(i) if and to the extent required by applicable law in force at the relevant time:

(A) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time) from any payment made by it;

(B) pay any such deduction to the Swiss Federal Tax Administration; and

(C) notify and provide evidence to the Trustee that the Swiss withholding tax has been paid to the Swiss Federal Tax Administration;

(ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of Switzerland then in force and provided that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax: (y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (z) pay to the Trustee upon receipt any amount so refunded.

(f) The Swiss Note Guarantor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(g) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this Section 10.6 and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an "Undervalued Asset"), the Swiss Note Guarantor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor's business ( *nicht betriebsnotwendig*).

Section 12.7 Governing Law, etc.

(a) THIS INDENTURE (INCLUDING EACH NOTE GUARANTEE) AND THE NOTES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK. THE PARTIES HERETO EACH HEREBY WAIVE ANY RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS INDENTURE, THE NOTES OR EACH NOTE GUARANTEE OR ANY TRANSACTION RELATED HERETO OR THERETO TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

(b) Each of the parties hereto hereby:

(i) agrees that any suit, action or proceeding against it arising out of or relating to this Indenture (including the Note Guarantees) or the Notes, as the case may be, may be instituted in any Federal or state court sitting in the City of New York and in the courts of its own corporate domicile, in respect of actions brought against it as a defendant,

The Issuer and the Note Guarantors agree that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Issuer and the Note Guarantors of a successor agent in the City of New York, New York as each of their authorized agent for such purpose and the acceptance of such appointment by such successor. Section 12.13 [Reserved].

Section 12.14 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents; Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

Section 12.16 USA PATRIOT Act. The parties hereto acknowledge that, in accordance with Section 326 of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law on October 26, 2001)) (as amended, modified or supplemented from time to time, the " USA PATRIOT Act"), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. The parties to this Agreement agree that they will provide the Trustee with such information as the Trustee may request in order for the Trustee to satisfy the requirements of the USA PATRIOT Act.

IN WITNESS WHEREOF, the parties have caused this Indenture to be duly executed as of the date first written above.

**FORM OF REVERSE SIDE OF NOTE**

**9.50% Senior Secured Notes Due 2018**

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX, S.A.B. de C.V. (together with its successors and assigns, the "Issuer") promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing December 15, 2012; *provided* that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from September 17, 2012; *provided* that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after September 17, 2012), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from September 17, 2012. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (" Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Authority, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 10:00 a.m. (New York City time) on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in U.S. Legal Tender.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by the DTC. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided*, *however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.$1,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 15 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, Computershare Trust Company, N.A., the Trustee under the Indenture, will act as Trustee, Paying Agent and Registrar. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of September 17, 2012 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. U.S.$500 million in aggregate principal amount of Notes will be initially issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction or formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after June 15, 2016, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on June 15 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption:

| | Percentage |
|---|---|
| 2016 | 104.750% |
| 2017 and thereafter | 102.375% |

*provided, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the New Facilities Agreement.

Prior to June 15, 2016, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of each remaining scheduled payment of principal and interest thereon (exclusive of interest accrued to the date of redemption) discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points, plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption, *provided*, *however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the New Facilities Agreement.

“Treasury Rate” means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such Redemption Date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the remaining term of such Notes.

"Independent Investment Banker" means one of the Reference Treasury Dealers appointed by the Issuer.

"Comparable Treasury Price" means, with respect to any Redemption Date (1) the average of the Reference Treasury Dealer Quotations for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if the Independent Investment Banker or Issuer obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Reference Treasury Dealer" means any one of J.P. Morgan Securities LLC or Citigroup Global Markets Inc. or their respective affiliates which are primary United States government securities dealers and not less than two other leading primary United States government securities dealers in New York City reasonably designated by the Issuer; provided, however, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a "Primary Treasury Dealer"), the Issuer will substitute therefore another Primary Treasury Dealer.

"Reference Treasury Dealer Quotation" means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Independent Investment Banker or Issuer, of the bid and asked price for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker or Issuer by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such Redemption Date.

*Optional Redemption upon Equity Offerings* . At any time, or from time to time, on or prior to June 15, 2016, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 109.50% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption; *provided*, that:

- after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and
- the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

*provided, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the New Facilities Agreement.

"Equity Offering" means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

*Optional Redemption for Changes in Withholding Taxes*. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction) we would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see "Additional Amounts"), then, at our option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 30 nor more than 60 days' notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption; *provided*, *however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which we would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided, further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the New Facilities Agreement.

Prior to the delivery of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

- an Officer's Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer's right to redeem have occurred, and
- an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date, interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

*Change Of Control Offer*. Upon the occurrence of a Change of Control, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest through the date of purchase. Within 30 days

following the date upon which the Change of Control occurred, the Issuer must make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by applicable law.

*Asset Sale Offer*. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. In the event the proceeds from a permitted Asset Sale exceed certain amounts and are not applied as specified in the Indenture, the Issuer will be required to make an Asset Sale Offer to purchase to the extent of such remaining proceeds each Holder's Notes together with holders of certain other Indebtedness at 100% of the principal amount thereof, plus accrued interest (if any) to the Asset Sale Offer Payment Date, as more fully set forth in the Indenture.

7. Denominations; Transfer; Exchange

The Notes are in fully registered form without coupons, and only in denominations of principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements or transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. The Registrar shall not be required to register the transfer or exchange of (x) any Note for a period beginning: (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.

8. Persons Deemed Owners

The registered holder of this Note may be treated as the owner of it for all purposes.

9. Unclaimed Money

If money for the payment of principal or interest remains unclaimed for two years, the Trustee or Paying Agent shall pay the money back to the Issuer at its request unless an abandoned property law designates another Person. After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee U.S. Legal Tender or U.S. Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

11. Amendment, Waiver

Subject to certain exceptions set forth in the Indenture, (i) the Indenture or the Notes may be amended or supplemented with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes and (ii) any default (other than with respect to nonpayment or in respect of a provision that cannot be amended or supplemented without the written consent of each Holder affected) or noncompliance with any provision may be waived with the written consent of the Holders of a majority in aggregate principal amount of the then Outstanding Notes. Subject to certain exceptions set forth in the Indenture, without the consent of any Holder, the Issuer and the Trustee may amend or supplement the Indenture or the Notes to, among other things, cure any ambiguity, omission, defect or inconsistency, or to comply with Article IV of the Indenture, or to provide for uncertificated Notes in addition to or in place of certificated Notes, or to add guarantees with respect to the Notes or to secure the Notes, or to add additional covenants or surrender rights and powers conferred on the Issuer or the Note Guarantors, or to make any change that does not adversely affect the rights of any Holder, or to provide for the issuance of Additional Notes.

12. Defaults and Remedies

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Outstanding Notes may declare all the Notes to be due and payable immediately. A Bankruptcy Event of Default will result in the Notes being due and payable immediately upon the occurrence of such Bankruptcy Event of Default.

Holders may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may refuse to enforce the Indenture or the Notes unless it receives indemnity or security. Subject to certain limitations, Holders of a majority in principal amount of the Outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing Default or Event of Default (except a Default or Event of Default in payment of principal or interest) if it determines that withholding notice is in their interest.

13. Trustee Dealings with the Issuer and the Note Guarantors

Subject to certain limitations set forth in the Indenture, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuer, any Note Guarantor or its Affiliates and may otherwise deal with the Issuer, any Note Guarantor or its Affiliates with the same rights it would have if it were not Trustee.

14. No Recourse Against Others

An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or the Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each holder waives and releases all such liability.

15. Authentication

Any Officer of the Issuer may sign the Notes for the Issuer by manual or facsimile signature. This Note shall not be valid until an authorized signatory of the Trustee (or an Authenticating Agent) manually signs the certificate of authentication on the other side of this Note.

16. Abbreviations

Customary abbreviations may be used in the name of a Holder or an assignee, such as TEN COM (= tenants in common), TEN ENT (= tenants by the entirety), JT TEN (= joint tenants with rights of survivorship and not as tenants in common), CUST (=custodian) and U/G/M/A (= Uniform Gift to Minors Act).

17. CUSIP Numbers

Pursuant to a recommendation promulgated by the Committee on Uniform Security Identification Procedures the Issuer has caused CUSIP or other similar numbers to be printed on the Notes and has directed the Trustee to use CUSIP numbers in notices of redemption as a convenience to Holders. No representation is made as to the accuracy of such numbers either as printed on the Notes or as contained in any notice of redemption and reliance may be placed only on the other identification numbers placed thereon.

18. Governing Law

This Note shall be governed by, and construed in accordance with, the laws of the State of New York.

19. Currency of Account; Conversion of Currency .

U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and the Note Guarantors under or in connection with the Notes or the Indenture, including damages. (j) The Company and each of the Note Guarantors have been duly organized and are validly existing and, if applicable, in good standing under the laws of the jurisdiction in which they are chartered or organized with power and authority to own or lease, as the case may be, and to operate their properties and conduct their businesses as described in the Disclosure Package and the Final Memorandum, and, if applicable, are duly qualified to do business as foreign corporations and are in good standing under the laws of each jurisdiction that requires such qualification or such person is subject to no material liability or disability by reason of the failure to be so qualified.

(k) All the outstanding shares of capital stock or other equity interests of CEMEX have been duly authorized and validly issued and are fully paid and nonassessable, and, except as otherwise set forth in the Disclosure Package and the Final Memorandum, all outstanding shares of capital stock or other equity interests of CEMEX's significant subsidiaries are owned by CEMEX either directly or through wholly-owned and majority-owned subsidiaries, free and clear of any security interest, claim, lien or encumbrance, except for the security interest created under the Transaction Security Documents.

(l) (i) The statements in the Disclosure Package and the Final Memorandum under the headings "Important Federal Tax Considerations" and "Description of Notes;" and (ii) the statements in the Disclosure Package and the Final Memorandum under the heading "Summary—Recent Developments Relating to Regulatory Matters and Legal Proceedings", "Recent Developments—Recent Developments Relating to Regulatory Matters and Legal Proceedings", taken together with the statements in CEMEX's annual report on Form 20-F for the year ended December 31, 2011 under "Item 4—Information on the Company—Regulatory Matters and Legal Proceedings", incorporated by reference therein; insofar as they purport to describe the provisions of the laws and documents referred to therein, fairly summarize the matters therein described in all material respects.

(m) This Agreement has been duly authorized, executed and delivered by the Company and each of the Note Guarantors; the Indenture, including the Guarantees provided for therein by each Note Guarantor, has been duly authorized by the Company and each of the Note Guarantors and, assuming due authorization, execution and delivery thereof by the Trustee, when executed and delivered by the Company and each of the Note Guarantors, will constitute a legal, valid, binding instrument enforceable against the Company and each of the Note Guarantors in accordance with its terms (subject, as to the enforcement of remedies, to applicable bankruptcy, reorganization, insolvency, moratorium or other laws affecting creditors' rights generally from time to time in effect and to general principles of equity); and the Securities have been duly authorized by the Company, and, when executed, authenticated and issued in accordance with the provisions of the Indenture and delivered to and paid for by the Initial Purchasers, will have been duly executed and delivered by the Company and will constitute the legal, valid and binding obligations of the Company entitled to the benefits of the Indenture (subject, as to the

enforcement of remedies, to applicable bankruptcy, reorganization, insolvency, moratorium or other laws affecting creditors' rights generally from time to time in effect and to general principles of equity).

(n) As of the Closing Date, the Securities are duly secured by a first-priority security interest in the Collateral on an equal and ratable basis with such indebtedness and securities as are described in the Disclosure Package and the Final Memorandum as being secured by a first-priority security interest in the Collateral; but holding a Security will not grant its holders the right to direct the foreclosure or the right to foreclose on the Collateral. Pursuant to the New Facilities Agreement and within 60 (sixty) days of the execution date thereof, the Securities shall be secured by a first-priority security interest over the CEMEX España Shares on an equal and ratable basis with such indebtedness and securities as are described in the Disclosure Package and the Final Memorandum as being secured by a first-priority security interest in the Collateral.

(o) The shares that constitute the Collateral and the CEMEX España Shares are fully paid and non assessable and not subject to any option to purchase or similar rights and are free and clear of any lien, pledge, security interest or encumbrance, except for the security interest created or to be created under the Transaction Security Documents or as provided in the New Facilities Agreement. The constitutional documents of the companies whose shares are subject to the Collateral and of CEMEX España do not and could not restrict or inhibit any transfer of those shares on creation or enforcement of the Collateral or on creation or enforcement of the CEMEX España Shares once they are part of the Collateral. There are no agreements in force which provide for the issue or allotment of, any share or loan capital of CEMEX or any of its subsidiaries (including any option or right of pre-emption or conversion) other than (i) pre-emptive rights arising under applicable law in favor of shareholders generally; and (ii) similar rights arising under any obligation in respect of any stock option plan, restricted stock plan or retirement plan which CEMEX or any of its subsidiaries customarily provides to its employees, consultants and directors.

(p) Under the Transaction Security Documents, the Collateral is granted over all the issued share capital in each of CEMEX and its subsidiaries whose shares are subject to the Collateral except:

(i) in the case of CEMEX Trademarks Holding Ltd., 0.4326% of the issued share capital, comprised of shares owned by CEMEX, Inc.;

(ii) in the case of each Mexican company whose shares are subject to the Collateral (except in the case of CEMEX México), the single share held by a minority shareholder that is either CEMEX or any of its subsidiaries; and

(iii) in the case of CEMEX México, 0.1245% of the issued share capital, comprised of shares owned by CEMEX, Inc.

(q) No consent, approval, authorization, filing with or order of any court or governmental agency or body is required in connection with the transactions contemplated herein or in the Indenture, except (i) such as may be required under the blue sky laws or any other state or foreign securities laws of any jurisdiction in which the Securities are offered and sold; and (ii) for the approval of the Securities for listing on the Irish Stock Exchange.

(r) None of the execution and delivery of this Agreement, the Indenture, the issuance and sale of the Securities and the Transaction Security Documents or the consummation of any other of the transactions herein or therein contemplated, or the fulfillment of the terms hereof or thereof will conflict with, or result in a breach or violation or imposition of any lien, charge or encumbrance upon any property or assets of CEMEX or any of its subsidiaries (other than the Collateral), pursuant to (i) the charter or by-laws or comparable constituting documents of CEMEX or any of its subsidiaries; (ii) the terms of any indenture, contract, lease, mortgage, deed of trust, note agreement, loan agreement or other agreement, obligation, condition, covenant or instrument to which CEMEX or any of its subsidiaries is a party or bound or to which its or their property is subject (including the New Facilities Agreement, the Transaction Security Documents and the New Intercreditor Agreement); or (iii) any statute, law, rule, regulation, judgment, order or decree of any court, regulatory body, administrative agency, governmental body, arbitrator or other authority having jurisdiction over CEMEX or any of its subsidiaries or any of its or their properties, which conflict, breach, violation or imposition would, in the case of clauses (ii) and (iii) above, either individually or in the aggregate with all other conflicts, breaches, violations and impositions referred to in this paragraph (r) (if any), have (x) a Material Adverse Effect (as defined below) or (y) a material adverse effect upon the transactions contemplated herein.

(s) The consolidated historical financial statements and schedules of CEMEX and its consolidated subsidiaries included or incorporated by reference in the Disclosure Package and the Final Memorandum present fairly in all material respects the financial condition, results of operations and cash flows of CEMEX and its consolidated subsidiaries as of the dates and for the periods indicated and have been prepared in conformity with IFRS applied on a consistent basis throughout the periods involved (except as otherwise noted therein); the selected financial data set forth under the caption “Selected Consolidated Financial Information” in the Disclosure Package and the Final Memorandum fairly present, on the basis stated in the Disclosure Package and the Final Memorandum, the information included therein.

(t) No action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving CEMEX or any of its subsidiaries or their respective property is pending or, to the best knowledge of the Company, threatened that (i) could reasonably be expected to have a material adverse effect on the performance of this Agreement, the Indenture and the Transaction Security Documents, or the consummation of any of the transactions contemplated hereby or thereby or (ii) could reasonably be expected to have a material adverse effect on the condition (financial or otherwise), prospects, earnings, business or properties of CEMEX and its subsidiaries, taken as a whole, whether or not arising from transactions in the ordinary course of business (collectively the events described in (i) and (ii) above, a “Material Adverse Effect”), except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(u) Each of CEMEX and its subsidiaries owns or leases all such properties as are necessary to the conduct of its operations as presently conducted except (i) for such properties

the loss of which would not reasonably be expected to result in a Material Adverse Effect and (ii) as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement after the Execution Time).

(v) Neither CEMEX nor any of its subsidiaries is in violation or default of (i) any provision of its charter or by-laws or comparable constituting documents; (ii) the terms of any indenture, contract, lease, mortgage, deed of trust, note agreement, loan agreement or other agreement, obligation, condition, covenant or instrument to which it is a party or bound or to which its property is subject (including the New Facilities Agreement, the Transaction Security Documents and the New Intercreditor Agreement); or (iii) any statute, law, rule, regulation, judgment, order or decree applicable to CEMEX or any of its subsidiaries of any court, regulatory body, administrative agency, governmental body, arbitrator or other authority having jurisdiction over CEMEX or any of its subsidiaries or any of their respective properties, as applicable, except for such violations or defaults which, individually or in the aggregate, would not reasonably be expected to have a Material Adverse Effect, and except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(w) KPMG Cárdenas Dosal, S.C., which has audited certain financial statements of CEMEX and its consolidated subsidiaries and delivered its report with respect to the audited consolidated financial statements incorporated by reference in the Disclosure Package and the Final Memorandum, are independent auditors with respect to CEMEX in accordance with local auditing standards, which are substantially the same as those contemplated by Rule 10A of the Code of Professional Conduct of the American Institute of Certified Public Accountants.

(x) There are no stamp or other issuance or transfer taxes or duties or other similar fees or charges required to be paid in connection with the execution and delivery of this Agreement or the issuance or sale by the Company of the Securities.

(y) CEMEX and each of its subsidiaries have filed all applicable tax returns that are required to be filed by them or have requested extensions of the period applicable for the filing of such returns (except in any case in which the failure so to file would not have a Material Adverse Effect and except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time)) and have paid all taxes required to be paid by them and any other assessment, fine or penalty levied against them, to the extent that any of the foregoing is due and payable, except for any such tax, assessment, fine or penalty that is currently being contested in good faith or as would not have a Material Adverse Effect and except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(z) No labor problem or dispute with the employees of CEMEX or any of its subsidiaries exists or is threatened or imminent, and the Company is not aware of any existing or imminent labor disturbance by the employees of any of its subsidiaries' principal suppliers, contractors or customers, except as would not have a Material Adverse Effect and except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(aa) No subsidiary of CEMEX is currently prohibited, directly or indirectly, from paying any dividends to CEMEX, from making any other distribution on such subsidiary's capital stock or ownership interest, from repaying to CEMEX any loans or advances to such subsidiary from CEMEX or from transferring any of such subsidiary's property or assets to CEMEX or any other subsidiary of CEMEX, except for contractual prohibitions provided in joint venture or shareholders' agreements to which CEMEX is a party (none of which prohibitions are material individually or in the aggregate), and except as described in or contemplated in the Disclosure Package or the Final Memorandum (in each case, exclusive of any amendment or supplement thereto after the Execution Time).

(bb) CEMEX and each of its subsidiaries are insured by insurers of recognized financial responsibility against such losses and risks and in such amounts as are prudent and customary in the businesses in which they are engaged; all policies of insurance and fidelity or surety bonds insuring CEMEX or any of its subsidiaries or any of their respective businesses, assets, employees, officers and directors are in full force and effect; CEMEX and its subsidiaries are in compliance in all material respects with the terms of such policies and instruments; there are no material claims by CEMEX or any of its subsidiaries under any such policy or instrument as to which any insurance company is denying liability or defending under a reservation of rights clause; neither CEMEX nor any of its subsidiaries has been refused any material insurance coverage sought or applied for; and neither CEMEX nor any of its subsidiaries has reason to believe that it will not be able to renew its existing insurance coverage as and when such coverage expires or to obtain similar coverage from similar insurers as may be necessary to continue its business at a cost that would not have a Material Adverse Effect except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(cc) CEMEX and each of its subsidiaries possess all licenses, certificates, permits and other authorizations issued by all applicable authorities necessary to conduct their respective businesses, except to the extent that the failure to have such license, certificate, permit or authorization would not reasonably be expected to have a Material Adverse Effect and except, as described in or contemplated in the Disclosure Package or the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time), and neither CEMEX nor any of its subsidiaries have received any notice of proceedings relating to the revocation or modification of any such certificate, authorization or permit which, singly or in the aggregate, if the subject of an unfavorable decision, ruling or finding, would have a Material Adverse Effect, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(dd) CEMEX and each of its subsidiaries maintain a system of internal accounting controls sufficient to provide reasonable assurance that (i) transactions are executed in accordance with management's general or specific authorizations; (ii) transactions are recorded as necessary to permit preparation of financial statements in conformity with IFRS and to maintain asset accountability; (iii) access to assets is permitted only in accordance with management's general or specific authorization; and (iv) the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences. CEMEX's and each of its subsidiaries' internal controls over financial reporting are effective, and neither CEMEX nor any of its subsidiaries is aware of any material

weakness in its internal control over financial reporting. CEMEX and each of its subsidiaries maintains "disclosure controls and procedures" (as such term is defined in Rule 13a-15(e) under the Exchange Act) and such disclosure controls and procedures are effective.

(ee) Each of CEMEX and its subsidiaries (i) is in compliance with any and all applicable laws and regulations relating to the protection of human health and safety, the environment or hazardous or toxic substances or wastes, pollutants or contaminants ("Environmental Laws"); (ii) has received and is in compliance with all permits, licenses or other approvals required under applicable Environmental Laws to conduct its businesses; and (iii) has not received notice of any actual or potential liability under any Environmental Law, except where such non-compliance with Environmental Laws, failure to receive required permits, licenses or other approvals, or liability would not, individually or in the aggregate, have a Material Adverse Effect, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time). Except as set forth in the Disclosure Package and the Final Memorandum, neither CEMEX nor any of its subsidiaries has been named as a "potentially responsible party" under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended.

(ff) In the ordinary course of its business, CEMEX periodically reviews the effect of Environmental Laws on the business, operations and properties of CEMEX and its subsidiaries, in the course of which it identifies and evaluates associated costs and liabilities (including, without limitation, any capital or operating expenditures required for clean-up, closure of properties or compliance with Environmental Laws, or any permit, license or approval, any related constraints on operating activities and any potential liabilities to third parties); on the basis of such review, CEMEX has reasonably concluded that such associated costs and liabilities would not, singly or in the aggregate, have a Material Adverse Effect, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(gg) The operations of CEMEX and each of its subsidiaries are and have been conducted at all times in compliance with applicable financial recordkeeping and reporting requirements and the money laundering statutes and the rules and regulations thereunder and any related or similar rules, regulations or guidelines, issued, administered or enforced by any governmental agency (collectively, the "Money Laundering Laws") and no action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving CEMEX or any of its subsidiaries with respect to the Money Laundering Laws is pending or, to the best knowledge of CEMEX, threatened.

(hh) None of CEMEX, any of its subsidiaries or, to the knowledge of CEMEX, any director, officer, agent, employee or Affiliate of CEMEX or any of its subsidiaries is currently the subject of any sanctions administered by the Office of Foreign Assets Control of the U.S. Department of the Treasury ("OFAC"); and CEMEX will not directly or indirectly use the proceeds of the offering of the Securities hereunder, or lend, contribute or otherwise make available such proceeds to any subsidiary, joint venture partner or other person or entity, for the purpose of financing the activities of any person currently the subject of any U.S. sanctions administered by OFAC. There is and has been no failure on the part of CEMEX and or of CEMEX's directors or officers, in their capacities as such, to comply with any provision of the

Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated in connection therewith (the "Sarbanes-Oxley Act"), including Section 402 relating to loans and Sections 302 and 906 relating to certifications.

(ii) None of CEMEX, any of its subsidiaries nor, to the knowledge of CEMEX, any director, officer, agent, employee or Affiliate of CEMEX is aware of or has taken any action, directly or indirectly, that would result in a violation by such persons of the Foreign Corrupt Practices Act of 1977, as amended, and the rules and regulations thereunder (the "FCPA"), including, without limitation, making use of the mails or any means or instrumentality of interstate commerce corruptly in furtherance of an offer, payment, promise to pay or authorization of the payment of any money, or other property, gift, promise to give, or authorization of the giving of anything of value to any "foreign official" (as such term is defined in the FCPA) or any foreign political party or official thereof or any candidate for foreign political office, in contravention of the FCPA; and CEMEX, its subsidiaries and, to the knowledge of CEMEX, its Affiliates have conducted their respective businesses in compliance with the FCPA and have instituted and maintain policies and procedures designed to ensure, and which are reasonably expected to continue to ensure, continued compliance therewith.

(jj) On the Closing Date, after giving effect to the offering of the Securities, CEMEX and its subsidiaries, on a consolidated basis, will be Solvent.

(kk) Any certificate signed by any officer of the Company or the Note Guarantors and delivered to the Representatives or counsel for the Initial Purchasers in connection with the offering of the Securities shall be deemed a representation and warranty by the Company and each of the Note Guarantors, as to matters covered thereby, to each Initial Purchaser.

2. Purchase and Sale. Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company agrees to sell to each Initial Purchaser, and each Initial Purchaser agrees, severally and not jointly, to purchase from the Company, at a purchase price of 99.325% of the principal amount thereof, plus accrued interest, if any, from October 12, 2012 to the Closing Date, the principal amount of Securities set forth opposite such Initial Purchaser's name in Schedule I hereto. The Initial Purchasers may acquire the Securities through any of their Affiliates.

3. Delivery and Payment. Delivery of and payment for the Securities shall be made at 10:00 A.M., New York City time, on October 12, 2012, or at such time on such later date not more than three Business Days after the foregoing date as the Representatives shall designate, which date and time may be postponed by agreement between the Representatives and the Company or as provided in Section 9 hereof (such date and time of delivery and payment for the Securities being herein called the "Closing Date"). Delivery of the Securities shall be made to the Representatives for the respective accounts of the several Initial Purchasers against payment by the several Initial Purchasers through the Representatives of the purchase price thereof to or upon the order of the Company by wire transfer payable in same-day funds to the account specified by the Company. Delivery of the Securities shall be made through the facilities of The Depository Trust Company ("DTC") and any other relevant clearing system unless the Representatives shall otherwise instruct.

4. Offering by Initial Purchasers. (a) Each Initial Purchaser acknowledges that the Securities have not been and will not be registered under the Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Act.

(b) Each Initial Purchaser, severally and not jointly, represents and warrants to and agrees with the Company that:

(i) it has not offered or sold, and will not offer or sell, any Securities within the United States or to, or for the account or benefit of, U.S. persons (x) as part of their distribution at any time or (y) otherwise until 40 days after the later of the commencement of the offering and the date of the closing of the offering except:

(A) to those it reasonably believes to be "qualified institutional buyers" (as defined in Rule 144A under the Act) or

(B) in accordance with Rule 903 of Regulation S;

(ii) neither it nor any person acting on its behalf has made or will make offers or sales of the Securities in the United States by means of any form of general solicitation or general advertising (within the meaning of Regulation D);

(iii) in connection with each sale pursuant to Section 4(b)(i)(A), it has taken or will take reasonable steps to ensure that the purchaser of such Securities is aware that such sale may be made in reliance on Rule 144A;

(iv) neither it, nor any of its Affiliates nor any person acting on its or their behalf has engaged or will engage in any directed selling efforts (within the meaning of Regulation S) with respect to the Securities;

(v) it is an "accredited investor" (as defined in Rule 501(a) of Regulation D);

(vi) it has not entered and will not enter into any contractual arrangement with any distributor (within the meaning of Regulation S) with respect to the distribution of the Securities, except with its Affiliates or with the prior written consent of CEMEX;

(vii) it has complied and will comply with the offering restrictions requirement of Regulation S;

(viii) at or prior to the confirmation of sale of Securities (other than a sale of Securities pursuant to Section 4(b)(i)(A) of this Agreement), it shall have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Securities from it during the distribution compliance period (within the meaning of Regulation S) a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the U.S. Securities Act of 1933 (the "Act") and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the date of closing of the offering, except in either case in accordance with Regulation S or Rule 144A under the Act. Terms used in this paragraph have the meanings given to them by Regulation S.";

(ix) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "FSMA")) received by it in connection with the issue or sale of any Securities, in circumstances in which Section 21(1) of the FSMA does not apply to the Company or the Note Guarantors;

(x) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Securities in, from or otherwise involving the United Kingdom; and

(xi) in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State it has not made and will not make an offer to the public of any Securities which are the subject of the offering contemplated by this Agreement in that Relevant Member State, except that it may make an offer to the public in that Relevant Member State of any Securities at any time under the following exemptions under the Prospectus Directive, if they have been implemented in that Relevant Member State:

(A) to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(B) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the Representatives for any such offer; or

(C) in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of Securities shall result in a requirement for the publication by the Company or any Initial Purchaser of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression "an offer to the public" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for any Securities, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State; and the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in each Relevant Member State; and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

5. Agreements. The Company and the Note Guarantors agree, jointly and severally, in each case with each Initial Purchaser that:

(a) CEMEX will furnish to each Initial Purchaser and to counsel for the Initial Purchasers, without charge, during the Distribution Period (as defined in Section 5(c) below), as many copies of the materials contained in the Disclosure Package and the Final Memorandum and any amendments and supplements thereto as they may reasonably request.

(b) CEMEX will prepare a final term sheet, containing solely a description of final terms of the Securities and the offering thereof, in the form approved by you attached as Schedule II hereto (the "Final Term Sheet").

(c) CEMEX will not amend or supplement the Disclosure Package or the Final Memorandum other than by filing documents under the Exchange Act that are incorporated by reference therein, without the prior written consent of the Representatives, which consent, following the Closing Date, may not be unreasonably withheld; provided, however, that prior to the earlier of (i) the completion of the distribution of the Securities by the Initial Purchasers (as determined by the Representatives and communicated to the Company) and (ii) twelve (12) months after the date of the Final Memorandum (the "Distribution Period"), CEMEX will not file any document under the Exchange Act that is incorporated by reference in the Disclosure Package or the Final Memorandum unless, prior to such proposed filing, CEMEX has furnished the Representatives with a copy of such document for their review and the Representatives have not reasonably objected to the filing of such document. CEMEX will promptly advise the Representatives when any document filed under the Exchange Act that is incorporated by reference in the Disclosure Package or the Final Memorandum shall have been filed with the Commission.

(d) If at any time during the Distribution Period, any event occurs as a result of which the Disclosure Package or the Final Memorandum, as then amended or supplemented, would include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made or the circumstances then prevailing, not misleading, or if it should be necessary to amend or supplement the Disclosure Package or the Final Memorandum to comply with applicable law, CEMEX will promptly (i) notify the Representatives of any such event; (ii) subject to the

requirements of Section 5(c), prepare an amendment or supplement that will correct such statement or omission or effect such compliance; and (iii) supply any supplemented or amended Disclosure Package or Final Memorandum to the several Initial Purchasers and counsel for the Initial Purchasers without charge in such quantities as they may reasonably request.

(e) Without the prior written consent of the Representatives, the Company and each of the Note Guarantors will not give to any prospective purchaser of the Securities any written information concerning the offering of the Securities other than materials contained in the Disclosure Package, the Final Memorandum or any other offering materials prepared by or with the prior written consent of the Representatives.

(f) CEMEX will arrange, if necessary, for the qualification of the Securities for sale by the Initial Purchasers under the laws of such jurisdictions as the Representatives may designate (including Japan and certain provinces of Canada) and will maintain such qualifications in effect so long as required for the sale of the Securities; provided that in no event shall CEMEX be obligated to qualify to do business in any jurisdiction where it is not now so qualified or to take any action that would subject it to service of process in suits, other than those arising out of the offering or sale of the Securities, in any jurisdiction where it is not now so subject. The Company and each of the Note Guarantors will promptly advise the Representatives of the receipt by any of them of any notification with respect to the suspension of the qualification of the Securities for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose.

(g) CEMEX will not, and will not permit any of its Affiliates to, resell any Securities that have been acquired by any of them, except (i) in a transaction registered under the Act or (ii) in a transaction exempt from the registration requirements under the Act if such transaction does not cause the holding periods under Rule 144 under the Act to be extended for other holders of Securities.

(h) None of the Company, its Affiliates, or any person acting on its or their behalf will, directly or indirectly, make offers or sales of any security, or solicit offers to buy any security, under circumstances that would require the registration of the Securities under the Act.

(i) None of the Company, its Affiliates, or any person acting on its or their behalf will engage in any directed selling efforts (within the meaning of Regulation S) with respect to the Securities; and each of them will comply with the offering restrictions requirement of Regulation S.

(j) None of the Company, its Affiliates, or any person acting on its or their behalf will engage in any form of general solicitation or general advertising (within the meaning of Regulation D) in connection with any offer or sale of the Securities in the United States.

(k) For so long as any of the Securities are outstanding and are “restricted securities” within the meaning of Rule 144(a)(3) under the Act, CEMEX, during any period in which it is not subject to and in compliance with Section 13 or 15(d) of the Exchange Act or it is not exempt from such reporting requirements pursuant to and in compliance with Rule 12g3-2(b) under the Exchange Act, will provide to each holder of such restricted securities and to each

prospective purchaser (as designated by such holder) of such restricted securities, upon the request of such holder or prospective purchaser, any information required to be provided by Rule 144A(d)(4) under the Act. This covenant is intended to be for the benefit of the holders, and the prospective purchasers designated by such holders, from time to time of such restricted securities.

(l) The Company will cooperate with the Representatives and use its best efforts to permit the Securities to be eligible for clearance and settlement through DTC, Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, S.A. ("Clearstream"), as applicable, and any other relevant clearing system.

(m) Each of the Securities will bear, to the extent applicable, the legend contained in "Transfer Restrictions" in the Disclosure Package and the Final Offering Memorandum for the time period and upon the other terms stated therein.

(n) Neither the Company nor any of the Note Guarantors will, until October 31, 2012, without the prior written consent of the Representatives, which consent shall not be unreasonably withheld, offer, sell, contract to sell, pledge or otherwise dispose of or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by the Company or any of the Note Guarantors or any person in privity with the Company or any of the Note Guarantors, directly or indirectly, or announce the offering of, any debt securities in the international capital markets that are issued or guaranteed by the Company or any of the Note Guarantors (other than the Securities); provided, however, that the foregoing will not restrict the ability of the Company or any of the Note Guarantors to offer, sell, contract to sell, pledge or otherwise dispose of or announce an offering of securities, the proceeds of which are used to fund the repurchase or retirement of CEMEX perpetual debentures or the CEMEX España Euro Notes, an offer to exchange new securities for CEMEX's perpetual debentures or the CEMEX España Euro Notes, an offering of *certificados bursátiles* in the local Mexican market and to enter into securitization transactions.

(o) CEMEX will not take, directly or indirectly, any action designed to, or that has constituted or that might reasonably be expected to, cause or result, under the Exchange Act or otherwise, in stabilization or manipulation of the price of any security of the Company or CEMEX to facilitate the sale or resale of the Securities.

(p) CEMEX will, for a period of twelve months following the Execution Time, furnish to the Representatives (i) all reports or other communications (financial or other) generally made available to its shareholders, and deliver such reports and communications to the Representatives as soon as they are available, unless such documents are furnished to or filed with the Commission or any securities exchange on which any class of securities of CEMEX is listed and generally made available to the public and (ii) such additional information concerning the business and financial condition of CEMEX as the Representatives may from time to time reasonably request (such statements to be on a consolidated basis to the extent the accounts of CEMEX and its subsidiaries are consolidated in reports furnished to its shareholders).

(q) CEMEX will comply with all applicable securities and other laws, rules and regulations, including, without limitation, the Sarbanes-Oxley Act, and use its best efforts to cause CEMEX's directors and officers, in their capacities as such, to comply with such laws, rules and regulations, including, without limitation, the provisions of the Sarbanes-Oxley Act.

(r) The Company and the Note Guarantors agree, jointly and severally, to pay the costs and expenses relating to the following matters: (i) the preparation of the Indenture and the issuance of the Securities and the fees of the Trustee; (ii) the preparation, printing or reproduction of the materials contained in the Disclosure Package and the Final Memorandum and each amendment or supplement to either of them; (iii) the printing (or reproduction) and delivery (including postage, air freight charges and charges for counting and packaging) of such copies of the materials contained in the Disclosure Package and the Final Memorandum, and all amendments or supplements to either of them, as may, in each case, be reasonably requested for use in connection with the offering and sale of the Securities; (iv) the preparation, printing, authentication, issuance and delivery of the Securities; (v) any stamp or transfer taxes in connection with the original issuance and sale of the Securities; (vi) the printing (or reproduction) and delivery of this Agreement, any blue sky memorandum and all other agreements or documents printed (or reproduced) and delivered in connection with the offering of the Securities; (vii) any registration or qualification of the Securities for offer and sale under the securities or blue sky laws of the several states, Japan, the provinces of Canada and any other jurisdictions specified pursuant to Section 5(f) (including filing fees and the reasonable fees and expenses of counsel for the Initial Purchasers relating to such registration and qualification); (viii) the transportation and other expenses incurred by or on behalf of each of CEMEX's representatives in connection with presentations to prospective purchasers of the Securities; (ix) the fees and expenses of CEMEX's accountants and the fees and expenses of counsel (including local and special counsel) for the Company and the Note Guarantors; (x) fees and expenses incurred in connection with listing the Securities on the Irish Stock Exchange; (xi) the fees and expenses incurred in connection with the rating of the Securities by Standard & Poor's and Fitch Ratings; and (xii) all other costs and expenses incident to the performance by the Company and the Note Guarantors of their obligations hereunder.

(s) The Company and the Note Guarantors agree, jointly and severally, to reimburse the Representatives, on behalf of the Initial Purchasers, for all their reasonable expenses incurred in connection with the sale of the Securities provided for herein (including, without limitation, reasonable fees, disbursements and expenses of legal advisors as to U.S. and Mexican law for the Initial Purchasers). The reimbursement obligations of the Company and the Note Guarantors in respect of the legal advisors for the Initial Purchasers pursuant to this Section 5(s) and Section 7 hereof will be limited to U.S.$250,000 (excluding reimbursements in respect of disbursements and expenses of such legal advisors).

(t) The Company will apply the aggregate net proceeds from the offering of the Securities in the manner specified in the Disclosure Package and the Final Memorandum under the heading "Use of Proceeds".

6. Conditions to the Obligations of the Initial Purchasers. The obligations of the Initial Purchasers to purchase the Securities shall be subject to the accuracy of the representations and warranties of the Company and the Note Guarantors contained herein at the

(h) The Company shall have requested and caused Arthur Cox, special Irish counsel for the Company, to furnish such opinion or opinions, dated the Closing Date, providing, among other related matters as the Representatives may reasonably require, that the issuance and sale of the Securities as provided in the Disclosure Package and the Final Memorandum, constitutes a public offering under the laws of the Republic of Ireland, and the Company shall have furnished to such counsel such documents as they request for the purpose of enabling them to pass upon such matters; provided, however, that prior to the delivery of such opinion on the Closing Date, the Representatives agree that one of them shall furnish a representation letter to Arthur Cox to the effect that it has offered the Securities to a number of investors in the Republic of Ireland.

(i) The Representatives shall have received from Cleary Gottlieb Steen & Hamilton LLP and Ritch Mueller, S.C., counsel for the Initial Purchasers, such opinion or opinions, dated the Closing Date and addressed to the Representatives, with respect to the issuance and sale of the Securities, the Indenture, the Disclosure Package, the Final Memorandum (as amended or supplemented as of the Closing Date) and other related matters as the Representatives may reasonably require, and the Company and the Note Guarantors shall have furnished to such counsel such documents as they request for the purpose of enabling them to pass upon such matters.

(j) The Company and each Note Guarantor shall have furnished to the Representatives a certificate, signed by an executive officer of each of the Company and the Note Guarantors, dated as of the Closing Date, substantially in the form of Schedule X attached hereto.

(l) At the Execution Time and at the Closing Date, CEMEX shall have requested and caused KPMG Cárdenas Dosal, S.C. to furnish to the Representatives, letters, dated respectively as of the Execution Time and as of the Closing Date, substantially in the form of Schedule XII attached hereto.

(m) Any and all applicable amendments, supplements or modifications to the New Facilities Agreement, any of the Transaction Security Documents, the New Intercreditor Agreement and any other documents derived therefrom and in connection therewith, as applicable, shall have been made and shall constitute legal, valid and binding obligations to each party thereof.

(n) The Trustee shall be entitled to all rights and benefits provided in the New Intercreditor Agreement as an Additional Notes Trustee (as such term is defined in the New Intercreditor Agreement) and the Initial Purchasers, and/or each of the subsequent holders of the Securities, shall be entitled to all rights and benefits provided therein as Additional Notes Creditors (as such term is defined in the New Intercreditor Agreement).

(o) Subsequent to the Execution Time or, if earlier, the dates as of which information is given in the Disclosure Package (exclusive of any amendment or supplement thereto after the Execution Time) and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time), there shall not have been (i) any change, increase or decrease specified in the letter or letters referred to in paragraphs (k) and (l) of this Section 6; or (ii) any change, or any development involving a prospective change, in or affecting the condition (financial or otherwise), prospects, earnings, business or properties of CEMEX and its subsidiaries taken as a whole, whether or not arising from transactions in the ordinary course of business, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time), the effect of which, in any case referred to in clause (i) or (ii) above, is, in the sole judgment of the Representatives, so material and adverse as to make it impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(p) The Securities shall be eligible for clearance and settlement through DTC, Euroclear and Clearstream, as applicable, and any other relevant clearing system.

(q) Subsequent to the Execution Time, there shall not have been any decrease in the rating of any of CEMEX's or any of its subsidiaries' debt securities by Standard & Poor's and Fitch Ratings or any notice given of any intended or potential decrease in any such rating. For the avoidance of doubt, any reiteration or reissuance of the outlook of a rating agency that was in place at the Execution Time shall not be considered a notice of an intended or potential decrease in a rating.

(r) Prior to the Closing Date, the Company and the Note Guarantors shall have furnished to the Representatives such further information, certificates and documents as the Representatives may reasonably request.

If any of the conditions specified in this Section 6 shall not have been fulfilled when and as provided in this Agreement, or if any of the opinions and certificates mentioned above or elsewhere in this Agreement shall not be reasonably satisfactory in form and substance to the Representatives and counsel for the Initial Purchasers, this Agreement and all obligations of the Initial Purchasers hereunder may be cancelled at, or at any time prior to, the Closing Date by the Representatives. Notice of such cancellation shall be given to the Company in writing or by telephone or facsimile confirmed in writing.

The documents required to be delivered under this Section 6 will be delivered at the office of counsel for the Initial Purchasers, at Cleary Gottlieb Steen & Hamilton LLP, One Liberty Plaza, New York, New York, 10006, Attention: Duane McLaughlin, Esq., on the Closing Date.

7. Reimbursement of Expenses. If the sale of the Securities provided for herein is not consummated because any condition to the obligations of the Initial Purchasers set forth in Section 6 hereof is not satisfied, because of any termination pursuant to Section 10 hereof or because of any refusal, inability or failure on the part of the Company or the Note Guarantors to perform any agreement herein or comply with any provision hereof other than by reason of a

default by any of the Initial Purchasers, the Company and the Note Guarantors, jointly and severally, agree to reimburse the Initial Purchasers through the Representatives on demand for all expenses (including reasonable fees and disbursements of counsel) that shall have been incurred by them in connection with the proposed purchase and sale of the Securities.

8. Indemnification and Contribution. (a) The Company and the Note Guarantors, jointly and severally, agree to indemnify and hold harmless each Initial Purchaser, the directors, officers, employees, Affiliates and agents of each Initial Purchaser and each person who controls any Initial Purchaser within the meaning of either the Act or the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Act, the Exchange Act or other U.S. federal or state statutory law or regulation, at common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Preliminary Memorandum, the Final Term Sheet, the Final Memorandum, any Issuer Written Information, or any other written information, including any non-deal and deal road show presentations (electronic or otherwise) used by or on behalf of CEMEX in connection with the offer or sale of the Securities, or in any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and agrees to reimburse each such indemnified party, as incurred, for any legal or other expenses reasonably incurred by it in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that neither the Company nor any of the Note Guarantors will be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon any such untrue statement or alleged untrue statement or omission or alleged omission made in the Preliminary Memorandum, the Final Term Sheet or the Final Memorandum, or in any amendment thereof or supplement thereto, in reliance upon and in conformity with the written information provided in section 8(b) hereof furnished to the Company by or on behalf of any Initial Purchaser through the Representatives specifically for inclusion therein. This indemnity agreement will be in addition to any liability that the Company or any of the Note Guarantors may otherwise have.

(b) Each Initial Purchaser severally, and not jointly, agrees to indemnify and hold harmless the Company, each of its directors, each of its officers, and each person who controls the Company within the meaning of either the Act or the Exchange Act, to the same extent as the foregoing indemnity to each Initial Purchaser, but only with reference to written information relating to such Initial Purchaser furnished to the Company by or on behalf of such Initial Purchaser through the Representatives specifically for inclusion in the Preliminary Memorandum or the Final Memorandum (or in any amendment or supplement thereto). This indemnity agreement will be in addition to any liability that any Initial Purchaser may otherwise have. The Company acknowledges that (i) the statements set forth in the last paragraph of the cover page regarding delivery of the Securities and (ii) under the heading “Plan of Distribution,” (A) the table of Initial Purchasers, and (B) the eighth and ninth paragraphs in the Disclosure Package and the Final Memorandum constitute the only information furnished in writing by or on behalf of the Initial Purchasers for inclusion in the Disclosure Package or the Final Memorandum or in any amendment or supplement thereto.

(c) Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action, such indemnified party will, if a claim in respect thereof is to be made against the indemnifying party under this Section 8, notify the indemnifying party in writing of the commencement thereof; but the failure so to notify the indemnifying party (i) will not relieve it from liability under paragraph (a) or (b) above unless and to the extent it did not otherwise learn of such action and such failure results in the forfeiture by the indemnifying party of substantial rights and defenses and (ii) will not, in any event, relieve the indemnifying party from any obligations to any indemnified party other than the indemnification obligation provided in paragraph (a) or (b) above. The indemnifying party shall be entitled to appoint counsel (including local counsel) of the indemnifying party's choice at the indemnifying party's expense to represent the indemnified party in any action for which indemnification is sought (in which case the indemnifying party shall not thereafter be responsible for the fees and expenses of any separate counsel, other than local counsel if not appointed by the indemnifying party, retained by the indemnified party or parties except as set forth below); provided, however, that such counsel shall be satisfactory to the indemnified party. Notwithstanding the indemnifying party's election to appoint counsel (including local counsel) to represent the indemnified party in an action, the indemnified party shall have the right to employ separate counsel (including local counsel), and the indemnifying party shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the use of counsel chosen by the indemnifying party to represent the indemnified party would present such counsel with a conflict of interest; (ii) the actual or potential defendants in, or targets of, any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it that are different from or additional to those available to the indemnifying party and/or other indemnified parties; (iii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of the institution of such action; or (iv) the indemnifying party shall authorize the indemnified party to employ separate counsel at the expense of the indemnifying party. If none of the conditions in clauses (i) through (iv) in the preceding sentence are satisfied as to any indemnified party, it is understood that the indemnifying party shall, in connection with any one such action be liable for the reasonable fees and expenses of only one separate firm of attorneys in each jurisdiction (and in addition to any local counsel) at any time (other than reasonable overlapping of engagements) for all such indemnified parties. An indemnifying party will not, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified parties are actual or potential parties to such claim or action) unless such settlement, compromise or consent includes an unconditional release of each indemnified party from all liability arising out of such claim, action, suit or proceeding and does not include any statement as to any admission of fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) In the event that the indemnity provided in paragraph (a) or (b) of this Section 8 is unavailable to, or insufficient to hold harmless, an indemnified party for any reason, the Company and each Note Guarantor, severally and jointly, and the Initial Purchasers, severally, agree to contribute to the aggregate losses, claims, damages and liabilities (including legal or other expenses reasonably incurred in connection with investigating or defending any loss, claim, damage, liability or action) (collectively "Losses") to which the Company, the Note

Guarantors and one or more of the Initial Purchasers may be subject in such proportion as is appropriate to reflect the relative benefits received by the Company and the Note Guarantors on the one hand and by the Initial Purchasers on the other from the offering of the Securities; provided, however, that in no case under this paragraph (d) shall any Initial Purchaser be responsible for any amount in excess of the purchase discount or commission applicable to the Securities purchased by such Initial Purchaser hereunder. If the allocation provided by the immediately preceding sentence is unavailable for any reason, the Company and the Note Guarantors, jointly and severally, and the Initial Purchasers, severally, shall contribute in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company and the Note Guarantors on the one hand and the Initial Purchasers on the other in connection with the statements or omissions that resulted in such Losses, as well as any other relevant equitable considerations. Benefits received by the Company and the Note Guarantors shall be deemed to be equal to the total net proceeds from the offering (before deducting expenses) received by it, and benefits received by the Initial Purchasers shall be deemed to be equal to the total purchase discounts and commissions. Relative fault shall be determined by reference to, among other things, whether any untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information provided by the Company and the Note Guarantors on the one hand or the Initial Purchasers on the other, the intent of the parties and their relative knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. The Company, the Note Guarantors and the Initial Purchasers agree that it would not be just and equitable if contribution were determined by pro rata allocation or any other method of allocation that does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this paragraph (d), no person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 8, each person who controls an Initial Purchaser within the meaning of either the Act or the Exchange Act and each director, officer, employee, Affiliate and agent of an Initial Purchaser shall have the same rights to contribution as such Initial Purchaser, and each person who controls the Company and the Note Guarantors within the meaning of either the Act or the Exchange Act and each officer and director of the Company and the Note Guarantors shall have the same rights to contribution as the Company and the Note Guarantors, subject in each case to the applicable terms and conditions of this paragraph (d).

9. Default by an Initial Purchaser. If any one or more Initial Purchasers shall fail to purchase and pay for any of the Securities agreed to be purchased by such Initial Purchaser hereunder and such failure to purchase shall constitute a default in the performance of its or their obligations under this Agreement, the remaining Initial Purchasers shall be obligated severally to take up and pay for (in the respective proportions which the principal amount of Securities set forth opposite their names in Schedule I hereto bears to the aggregate principal amount of Securities set forth opposite the names of all the remaining Initial Purchasers) the Securities which the defaulting Initial Purchaser or Initial Purchasers agreed but failed to purchase; provided, however, that in the event that the aggregate principal amount of Securities which the defaulting Initial Purchaser or Initial Purchasers agreed but failed to purchase shall exceed 10% of the aggregate principal amount of Securities set forth in Schedule I hereto, the remaining Initial Purchasers shall have the right to purchase all, but shall not be under any obligation to purchase any, of the Securities, and if such non-defaulting Initial Purchasers do not purchase all

the Securities, this Agreement will terminate without liability to any non-defaulting Initial Purchaser or the Company. In the event of a default by any Initial Purchaser as set forth in this Section 9, the Closing Date shall be postponed for such period, not exceeding five Business Days, as the Representatives and the Company shall determine in order that the required changes in the Final Memorandum or in any other documents or arrangements may be effected. Nothing contained in this Agreement shall relieve any defaulting Initial Purchaser of its liability, if any, to the Company or any non-defaulting Initial Purchaser for damages occasioned by its default hereunder.

10. Termination. This Agreement shall be subject to termination in the absolute discretion of the Representatives, by notice given to the Company prior to the time of delivery of, and payment for, the Securities, if at any time prior to such time (i) trading in securities generally on the Mexican Stock Exchange (*Bolsa Mexicana de Valores, S.A.B. de C.V.*) or the New York Stock Exchange shall have been suspended or limited or minimum prices shall have been established on either such exchange; (ii) a banking moratorium shall have been declared either by Mexican, U.S. federal or New York State authorities; or (iii) there shall have occurred any outbreak or escalation of hostilities, declaration by Mexico or the United States of a national emergency or war or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Representatives, impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

11. Representations and Indemnities to Survive. The respective agreements, representations, warranties, indemnities and other statements of the Company, the Note Guarantors or their respective officers and of the Initial Purchasers set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation made by or on behalf of the Initial Purchasers or the Company or the Note Guarantors or any of the indemnified persons referred to in Section 8 hereof, and will survive delivery of and payment for the Securities. The provisions of Sections 7 and 8 hereof shall survive the termination or cancellation of this Agreement.

12. Notices. All communications hereunder shall be in writing and will be effective only upon receipt, and shall be mailed, hand delivered, couriered or facsimiled and confirmed to the parties hereto as follows:

13. Successors. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the indemnified persons referred to in Section 8 hereof and their respective successors, and, except as expressly set forth in Section 5(k) hereof, no other person will have any right or obligation hereunder.

14. Jurisdiction. Each of the parties hereto agrees that any suit, action or proceeding arising out of or based upon this Agreement or the transactions contemplated hereby shall be instituted in any State or U.S. federal court in The City of New York and County of New York or in the courts of its own domicile in respect of actions brought against such party as a defendant, and waives any objection which it may now or hereafter have to the laying of venue of any such proceeding, and irrevocably submits to the jurisdiction of such courts in any suit, action or proceeding and waives the right to any other jurisdiction that it may be entitled to by reason of its present or future domicile or other reason. Each of the Note Guarantors (other than CEMEX Corp.) hereby appoints CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, NY 10022, as its authorized agent (the "Authorized Agent") upon whom process may be served in any suit, action or proceeding arising out of or based upon this Agreement or the transactions contemplated herein that may be instituted in any of such courts. Each of the parties appointing the Authorized Agent as provided herein hereby represents and warrants that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Company agrees to take, and have each of the Note Guarantors (other than CEMEX Corp.) take, any and all action, including the execution and filing of any and all documents that may be necessary to continue such appointment in full force and effect as aforesaid. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon each of the Note Guarantors (other than CEMEX Corp.).

15. Integration. This Agreement supersedes all prior agreements and understandings (whether written or oral) between CEMEX and the Initial Purchasers, or any of them, with respect to the subject matter hereof.

16. Applicable Law. This Agreement, and any claim, controversy or dispute relating to or arising out of this Agreement, will be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed within the State of New York.

17. Waiver of Jury Trial. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or the transactions contemplated hereby.

18. No Fiduciary Duty. Each of the Company and the Note Guarantors hereby acknowledges that (a) the purchase and sale of the Securities pursuant to this Agreement is an arm's-length commercial transaction between the Company and the Note Guarantors, on the one hand, and the Initial Purchasers and any Affiliates through which they may be acting, on the other, (b) the Initial Purchasers are acting as principal and not as an agent or fiduciary of the Company or the Note Guarantors and (c) each of the Company's and the Note Guarantors' engagement of the Initial Purchasers in connection with the offering and the process leading up to the offering is as independent contractors and not in any other capacity. Furthermore, each of the Company and the Note Guarantors agrees that it is solely responsible for making its own judgments in connection with the offering (irrespective of whether any of the Initial Purchasers has advised or is currently advising the Company or the Note Guarantors on related or other matters). Each of the Company and the Note Guarantors agrees that it will not claim that the Initial Purchasers have rendered advisory services of any nature or respect, or owe an agency, fiduciary or similar duty to the Company or the Note Guarantors, in connection with such transaction or the process leading thereto.

19. Currency. Each reference in this Agreement to U.S. dollars (the "relevant currency"), including by use of the symbol "U.S.$", is of the essence. To the fullest extent permitted by law, the obligation of the parties in respect of any amount due under this Agreement will, notwithstanding any payment in any other currency (whether pursuant to a judgment or otherwise), be discharged only to the extent of the amount in the relevant currency that the party entitled to receive such payment may, in accordance with its normal procedures, purchase with the sum paid in such other currency (after any premium and costs of exchange) on the Business Day immediately following the day on which such party receives such payment. If the amount in the relevant currency that may be so purchased for any reason falls short of the amount originally due, the obligated party will pay such additional amounts, in the relevant currency, as may be necessary to compensate for the shortfall. Any obligation of the obligated party not discharged by such payment will, to the fullest extent permitted by applicable law, be due as a separate and independent obligation and, until discharged as provided herein, will continue in full force and effect.

20. Waiver of Immunity. To the extent that the Company or any of the Note Guarantors has or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Company and each of the Note Guarantors hereby irrevocably waives and agrees not to plead or claim such immunity in respect of its obligations under this Agreement.

21. Waiver of Tax Confidentiality. Notwithstanding anything herein to the contrary, purchasers of the Securities (and each employee, representative or other agent of a purchaser) may disclose to any and all persons, without limitation of any kind, the U.S. tax treatment and U.S. tax structure of any transaction contemplated herein and all materials of any kind (including opinions or other tax analyses) that are provided to the purchasers of the Securities relating to such U.S. tax treatment and U.S tax structure, other than any information for which nondisclosure is reasonably necessary in order to comply with applicable securities laws.

22. Taxes. Each payment of fees or other amounts due to the Initial Purchasers under this Agreement shall, except as required by applicable law, be made without withholding or deduction for or on account of any taxes imposed by any jurisdiction. If any taxes are required to be withheld or deducted from any such payment, the Company and the Note Guarantors shall, jointly and severally, pay such additional amounts as may be necessary to ensure that the net amount actually received by the Initial Purchasers after such withholding or deduction is equal to the amount that the Initial Purchasers would have received had no such withholding or deduction been required. At the reasonable request of the Initial Purchasers, the Company shall provide evidence of payment of taxes when due.

23. Counterparts. This Agreement may be signed in one or more counterparts, each of which shall constitute an original and all of which together shall constitute one and the same agreement.

(h) Applicable Procedures for Delegending.

(i) Promptly after one year has elapsed following (A) the Issue Date or (B) if the Issuer has issued Additional Notes with the same terms and the same CUSIP number as the Issue Date Notes pursuant to this Indenture within one year following the Issue Date, the date of original issuances of such Additional Notes, if the relevant Notes are freely tradable pursuant to Rule 144 under the Securities Act by Holders who are not Affiliates of the Issuer where no conditions of Rule 144 are then applicable (other than the holding period requirement in paragraph (d)(1)(ii) of Rule 144 so long as such holding period requirement is satisfied), the Issuer shall:

(1) instruct the Trustee in writing to remove the Private Placement Legend from such Notes, and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from any Global Notes representing such Notes without further action on the part of Holders;

(2) notify Holders of such Notes that the Private Placement Legend has been removed or deemed removed; and

(3) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

In no event will the failure of the Issuer to provide any notice set forth in this paragraph or of the Trustee to remove the Private Placement Legend constitute a failure by the Issuer to comply with any of its covenants or agreements set forth in Section 6.1 or otherwise. Any Restricted Note (or security issued in exchange or substitution therefor) as to which such restrictions on transfer shall have expired in accordance with their terms may, upon surrender of such Restricted Note for exchange to the Registrar in accordance with the provisions of Article II of this Indenture, be exchanged for a new Note or Notes, of like tenor and aggregate principal amount, which shall not bear the Private Placement Legend. The Issuer shall notify the Trustee in writing upon occurrence of the Resale Restriction Termination Date for any Note.

(ii) Notwithstanding any provision herein to the contrary, in the event that Rule 144 as promulgated under the Securities Act (or any successor rule) is amended to change the one-year holding period thereunder (or the corresponding period under any successor rule), (A) each reference in this Section 2.9(h) to "one year" and in the Private Placement Legend described in Section 2.8(b) and Exhibit A hereto to "ONE YEAR" shall be deemed for all purposes hereof to be references to such changed period, and (B) all corresponding references in this Indenture (including the definition of Resale Restriction Termination Date), the Notes and the Private Placement Legends thereon shall be deemed for all purposes hereof to be references to such changed period; *provided*, that such changes shall not become effective if they are otherwise prohibited by, or would otherwise cause a violation of, the then-applicable federal securities laws; *provided further* that if such change does not apply to existing Notes, all references to "one year" in this Indenture shall not be deemed for all purposes hereof to be references to such changed period. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.

(i) No Obligation of the Trustee.

(i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Note, Agent Members or any other Persons with respect to the accuracy of the records of DTC or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than DTC) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be DTC or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through DTC, subject to the applicable rules and procedures of DTC. The Trustee may rely and shall be fully protected in relying upon information furnished by DTC with respect to its Agent Members and any beneficial owners.

(ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when

expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

(i) the requirements of Section 8-405 of the Uniform Commercial Code are met,

(ii) the Holder satisfies any other reasonable requirements of the Trustee, and

(iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes. Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency

maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation. The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of cancelled Notes in accordance with its policy of disposal or upon written request of the Issuer, return to the Issuer all Notes surrendered for registration of transfer, exchange, payment or cancellation. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest. When any installment of interest becomes overdue (a "Defaulted Interest"), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a " Special Record Date"), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register, not less than ten (10) calendar days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment pursuant to this Section 2.13(b), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register.

Section 2.14 Additional Notes.

(a) The Issuer may, from time to time, subject to compliance with any other applicable provisions of this Indenture, without the consent of the Holders, create and issue pursuant to this Indenture additional notes (" Additional Notes") that shall have terms and conditions identical to those of the other Outstanding Notes, except with respect to:

(i) the Issue Date;

(ii) the amount of interest payable on the first Interest Payment Date therefor;

(iii) the issue price; and

(iv) any adjustments necessary in order to conform to and ensure compliance with the Securities Act (or other applicable securities laws) and any agreement applicable to such Additional Notes, which are not adverse in any material respect to the Holder of any Outstanding Notes (other than such Additional Notes).

The Notes issued on the Issue Date and any Additional Notes shall be treated as a single series for all purposes under this Indenture; *provided*, that the Issuer may use different CUSIP or other similar numbers among Issue Date Notes and among Additional Notes to the extent required to comply with securities or tax law requirements, including to permit delegending pursuant to Section 2.9(h).

(b) With respect to any Additional Notes, the Issuer will set forth in an Officer's Certificate of the Issuer (the " Additional Note Certificate"), copies of which will be delivered to the Trustee, the following information:

(i) the aggregate principal amount of such Additional Notes to be authenticated and delivered pursuant to this Indenture;

(ii) the Issue Date and the issue price of such Additional Notes; *provided*, that no Additional Notes may be issued at a price that would cause such Additional Notes to have "original issue discount" within the meaning of Section 1273 of the Code, unless such Additional Notes have a separate CUSIP or other similar number from other Notes; and

(iii) whether such Additional Notes will be subject to transfer restrictions under the Securities Act (or other applicable securities laws).

ARTICLE III

COVENANTS

Section 3.1 Payment of Notes.

(a) The Issuer shall pay the principal of and interest (including Defaulted Interest) on the Notes in U.S. Legal Tender on the dates and in the manner provided in the Notes and in this Indenture. Prior to 10:00 a.m. New York City time, on the Business Day prior to each Interest Payment Date and the Maturity Date, the Issuer shall deposit with the Paying Agent in immediately available funds U.S. Legal Tender sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 10:00 a.m. New York City time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust U.S. Legal Tender, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture U.S. Legal Tender designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) Notwithstanding anything to the contrary contained in this Indenture, the Issuer may, to the extent it is required to do so by law, deduct or withhold income or other similar taxes imposed by the United States of America from principal or interest.

(c) The Issuer hereby instructs the Trustee to establish an "Issue Date Note Account" for reception of the interest and principal payments for the Issue Date Notes.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation; *provided, however*, that no such designation or rescission shall in any manner relieve the Issuer of its obligation to maintain an office or agency in the City of New York for such purposes. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Company will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Company or any Restricted Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Company or any Restricted Subsidiary and (ii) all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Company or any Restricted Subsidiary; *provided, however,* that the Company shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer), are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Company (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) Upon the occurrence of a Change of Control, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon through the date of purchase (the "Change of Control Payment").

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer must send, by first-class mail, a notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a " Change of Control Offer"). The Change of Control Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate

adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided*, that each new Note shall be in a minimum principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be cancelled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

(i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or

(ii) notice of redemption has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws and regulations in connection with the purchase of Notes in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness .

(a) The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any of the Note Guarantors may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Company is greater than or equal to 2.0 to 1.0.

(b) Notwithstanding clause (a) above, the Company and/or any of its Restricted Subsidiaries, as applicable, may Incur the following Indebtedness ("Permitted Indebtedness"):

(ii) Guarantees by (A) any Note Guarantor of Indebtedness of the Issuer or another Note Guarantor permitted under this Indenture and (B) the Issuer of Indebtedness of any Note Guarantor; *provided*, that if any such Guarantee is of Subordinated Indebtedness, then the obligations of the Issuer under the Notes and this Indenture or the Note Guarantee of such Note Guarantor, as applicable, will be senior to the Guarantee of such Subordinated Indebtedness;

(iii) Indebtedness of the Company and/or any of its Restricted Subsidiaries outstanding on the Issue Date (excluding Indebtedness permitted under clauses (v), (vi), (vii) or (x) of this definition of Permitted Indebtedness);

(iv) Hedging Obligations, Compensation Related Hedging Obligations and any Guarantees thereof and any reimbursement obligations with respect to letters of credit related thereto, in each case entered into by the Company and/or any of its Restricted Subsidiaries; *provided*, that upon the drawing of such letters of credit, such obligations are reimbursed within 30 days following such drawing;

(v) intercompany Indebtedness between the Company and any Restricted Subsidiary or between any Restricted Subsidiaries; *provided*, that in the event that at any time any such Indebtedness ceases to be held by the Issuer or a Restricted Subsidiary, such Indebtedness shall be deemed to be Incurred and not permitted by this clause (v) at the time such event occurs;

(vi) Indebtedness of the Company and/or any of its Restricted Subsidiaries arising from (A) the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds in the ordinary course of business; *provided*, that such Indebtedness is extinguished within five Business Days of Incurrence; or (B) any cash pooling or other cash management agreements in place with a bank or financial institution but only to the extent of offsetting credit balances of the Company and/or its Restricted Subsidiaries pursuant to such cash pooling or other cash management agreement;

(vii) Indebtedness of the Company and/or any of its Restricted Subsidiaries represented by (A) endorsements of negotiable instruments in the ordinary course of business (excluding an *aval*), (B) documentary credits (including all forms of letter of credit), performance bonds or guarantees, advance payments, bank guarantees, bankers' acceptances, surety or appeal bonds or similar instruments for the account of, or guaranteeing performance by, the Company and/or any Restricted Subsidiary in the ordinary course of business, (C) reimbursement obligations with respect to letters of credit in the ordinary course of business (D) reimbursement obligations with respect to letters of credit and performance Guarantees in the ordinary course of business to the extent required pursuant to the terms of any Investment made pursuant to clause (12) of the definition of "Permitted Investment" and (E) other Guarantees by the Company and/or any Restricted Subsidiary in favor

of a bank or financial institution in respect of obligations of that bank or financial institution to a third party in an amount not to exceed U.S.$500 million at any one time outstanding; *provided*, that in the case of clauses (B), (C) and (D), upon the drawing of such letters of credit or the Incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or Incurrence;

(viii) Refinancing Indebtedness in respect of:

(A) Indebtedness (other than Indebtedness owed to the Company or any Subsidiary of the Company) Incurred pursuant to clause (a) above (it being understood that no Indebtedness outstanding on the Issue Date is Incurred pursuant to such clause (a) above), or

(B) Indebtedness Incurred pursuant to clause (i), (ii) or (iii) above or this clause (viii);

(ix) Capitalized Lease Obligations, Sale and Leaseback Transactions, export credit facilities with a maturity of at least one year and Purchase Money Indebtedness of, including Guarantees of any of the foregoing by, the Company and/or any Restricted Subsidiary, in an aggregate principal amount at any one time outstanding not to exceed U.S.$1 billion;

(xi) Indebtedness of the Company and/or any of its Restricted Subsidiaries in an aggregate amount not to exceed U.S.$1 billion at any one time outstanding; *provided*, that no more than U.S.$250 million of such Indebtedness at any one time outstanding (excluding any Indebtedness under a Permitted Liquidity Facility) may be Incurred by Restricted Subsidiaries that are not the Issuer or Note Guarantors, which amount shall be increased by the corresponding amount of other Indebtedness of Restricted Subsidiaries other than the Issuer and the Note Guarantors outstanding on the Issue Date and subsequently repaid from time to time but in any event not to exceed U.S.$500 million at any one time outstanding; *provided, further, however*, that (A) the Company and/or any of its Restricted Subsidiaries may Incur

Indebtedness under a Permitted Liquidity Facility and (B) in the event that the Company and/or any of its Restricted Subsidiaries shall have Incurred Indebtedness under a Permitted Liquidity Facility that increases the amount outstanding at such time pursuant to this clause (xi) in excess of U.S.$ 1 billion, then up to U.S.$1.2 billion may be Incurred pursuant to this clause (xi) at any one time outstanding;

(xii) (A) Indebtedness of the Company and/or any of its Restricted Subsidiaries in respect of factoring arrangements or Inventory Financing arrangements or (B) other Indebtedness of the Company and/or any of its Restricted Subsidiaries with a maturity of 12 months or less for working capital purposes, not to exceed in the aggregate at any one time (calculated as of the end of the most recent fiscal quarter for which consolidated financial information of the Company is available) the greater of:

(1) The sum of:

(x) 20% of the net book value of the inventory of the Company and its Restricted Subsidiaries and

(y) 20% of the net book value of the accounts receivable of the Company and its Restricted Subsidiaries (excluding accounts receivable pledged to secure Indebtedness or subject to a Qualified Receivables Transaction),

less, in each case, the amount of any permanent repayments or reductions of commitments in respect of such Indebtedness made with the Net Cash Proceeds of an Asset Sale in order to comply with Section 3.12; or

(2) U.S.$350 million;

(xiii) [Reserved];

(xiv) Indebtedness of the Company and/or any of its Restricted Subsidiaries for taxes levied, assessments due and other governmental charges required to be paid as a matter of law or regulation in the ordinary course of business; *provided*, that such Indebtedness shall be permitted to be Incurred only at such time that the Facilities Agreement (or any refinancing thereof) shall contain an exception to allow the Incurrence of Indebtedness to pay taxes;

(xv) Indebtedness Incurred pursuant to the Banobras Facility;

(xvi) Indebtedness of the Company and/or any of its Restricted Subsidiaries Incurred and/or issued to refinance Qualified Receivables Transactions in existence on the Issue Date;

(xvii) Acquired Indebtedness in an aggregate amount at any one time outstanding under this clause (xvii) not to exceed U.S.$100 million; and

(xviii) (A) any Indebtedness that constitutes an Investment that the Company and/or any of its Restricted Subsidiaries is contractually committed to Incur as of the Issue Date in any Person (other than a Subsidiary) in which the Company or any of its Restricted Subsidiaries maintains an Investment in equity securities; and (B) Guarantees up to U.S.$100 million in any calendar year by the Company and/or any Restricted Subsidiary of Indebtedness of any Person in which the Company or any of its Restricted Subsidiaries maintains an equity Investment minus any Investment other than such guarantees in such Person during such calendar year pursuant to clause (17)(b) of the definition of "Permitted Investments."

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

(i) The Company shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.

(ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to and in compliance with this Section 3.9, the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP. Accrual of interest, the accretion or amortization of original issue discount, the payment of regularly scheduled interest in the form of additional Indebtedness of the same instrument or the payment of regularly scheduled dividends on Disqualified Capital Stock in the form of additional Disqualified Capital Stock with the same terms will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 3.9. For purposes of determining compliance with this Section 3.9, mark-to-market fluctuations of hedging obligations or derivatives outstanding on the Issue Date shall not constitute Incurrence of Indebtedness.

(iii) For purposes of determining compliance with this Section 3.9, the principal amount of Indebtedness denominated in foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided*, that if such Indebtedness is Incurred to

refinance other Indebtedness denominated in foreign currency, and such refinancing would cause the applicable restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

(iv) For purposes of determining compliance with this Section 3.9:

(A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including, without limitation, in Section 3.9(a), the Company, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and

(B) the Company will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

Section 3.10 [Reserved].

Section 3.11 Limitation on Restricted Payments.

(a) The Company will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, take any of the following actions (each, a "Restricted Payment"):

(A) dividends, distributions or returns on capital payable in Qualified Capital Stock of the Company,

(B) dividends, distributions or returns on capital payable to the Company and/or a Restricted Subsidiary,

(C) dividends, distributions or returns of capital made on a *pro rata* basis to the Company and its Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of a Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder);

(ii) purchase, redeem or otherwise acquire or retire for value:

(A) any Capital Stock of the Company, or

(iv) make any Investment (other than Permitted Investments);

if at the time of the Restricted Payment immediately after giving effect thereto:

(A) a Default or an Event of Default shall have occurred and be continuing;

(B) the Company is not able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a); or

(C) the aggregate amount (the amount expended for these purposes, if other than in cash, being the Fair Market Value of the relevant property at the time of the making thereof) of the proposed Restricted Payment and all other Restricted Payments made subsequent to the Issue Date up to the date thereof, less any Investment Return calculated as of the date thereof, shall exceed the sum of:

(1) 50% of cumulative Consolidated Net Income of the Company or, if cumulative Consolidated Net Income of the Company is a loss, minus (i) 100% of the loss, accrued during the period, treated as one accounting period, beginning on the first full fiscal quarter after the Issue Date to the end of the most recent fiscal quarter for which consolidated financial information of the Company is available and (ii) the amount of cash benefits to the Company or a Restricted Subsidiary that is netted against Investments in Similar Businesses pursuant to clause (12) of the definition of "Permitted Investments"; plus

(2) 100% of the aggregate net cash proceeds received by the Company from any Person from any:

- contribution to the equity capital of the Company (not representing an interest in Disqualified Capital Stock) or issuance and sale of Qualified Capital Stock of the Company, in each case, subsequent to the Issue Date, or
- issuance and sale subsequent to the Issue Date (and, in the case of Indebtedness of a Restricted Subsidiary, at such time as it was a Restricted Subsidiary) of any Indebtedness for borrowed money of the Company or any Restricted Subsidiary that has been converted into or exchanged for Qualified Capital Stock of the Company,

excluding, in each case, any net cash proceeds:

- received from a Subsidiary of the Company;
- used to redeem Notes under Article V;
- used to acquire Capital Stock or other assets from an Affiliate of the Company; or
- applied in accordance with clause (ii)(B) or (iii)(A) of Section 3.11(b) below.

(b) Notwithstanding Section 3.11(a), this Section 3.11 does not prohibit:

(i) the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration pursuant to Section 3.11(a);

(ii) if no Default or Event of Default shall have occurred and be continuing, the acquisition of any shares of Capital Stock of the Company,

(A) in exchange for Qualified Capital Stock of the Company, or

(B) through the application of the net cash proceeds received by the Company from a substantially concurrent sale of Qualified Capital Stock of the Company or a contribution to the equity capital of the Company not representing an interest in Disqualified Capital Stock, in each case not received from a Subsidiary of the Company;

*provided*, that the value of any such Qualified Capital Stock issued in exchange for such acquired Capital Stock and any such net cash proceeds shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

(iii) if no Default or Event of Default shall have occurred and be continuing, the voluntary prepayment, purchase, defeasance, redemption or other acquisition or retirement for value of any Subordinated Indebtedness:

(A) solely in exchange for, or through the application of net cash proceeds of a substantially concurrent sale, other than to a Subsidiary of the Company, of Qualified Capital Stock of the Company, or

(B) solely in exchange for Refinancing Indebtedness for such Subordinated Indebtedness,

*provided*, that the value of any Qualified Capital Stock issued in exchange for Subordinated Indebtedness and any net cash proceeds referred to above shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

(iv) repurchases by the Company of Common Stock of the Company or options, warrants or other securities exercisable or convertible into Common Stock of the Company from employees or directors of the Company or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment or directorship of the employees or directors, in an amount not to exceed U.S.$5 million in any calendar year and any repurchases other than in connection with compensation of Common Stock of the Company pursuant to binding written agreements in effect on the Issue Date;

(vii) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Company;

(viii) purchases of any Subordinated Indebtedness of the Company (A) at a purchase price not greater than 101% of the principal amount thereof (together with accrued and unpaid interest) in the event of the occurrence of a Change of Control or (B) at a purchase price not greater than 100% of the principal amount thereof (together with accrued and unpaid interest) in the event of an Asset Sale in accordance with provisions similar to those set forth under Section 3.12; *provided, however*, that prior to such purchase of any such Subordinated Indebtedness, the Company has made the Change of Control Offer or Asset Sale Offer as provided under Section 3.8 or Section 3.12, respectively, and has purchased all Notes validly tendered and not properly withdrawn pursuant thereto;

(ix) recapitalization of earnings on or in respect of the Qualified Capital Stock of the Company pursuant to which additional Qualified Capital Stock of the Company or the right to subscribe for additional Capital Stock of the Company is issued to the existing shareholders of the Company on a *pro rata* basis (which, for the avoidance of doubt, shall not allow any payment in cash to be made in respect of Qualified Capital Stock of the Company pursuant to this clause (ix)); and

(x) so long as (A) no Default or Event of Default shall have occurred and be continuing (or result therefrom) and (B) the Company could Incur at least U.S.$1.00 of additional Debt pursuant to Section 3.9(a), payment of any dividends on Capital Stock (other than Disqualified Capital Stock) of the Company in an aggregate amount which, when taken together with all dividends paid pursuant to this clause (x), does not exceed U.S.$50 million in any calendar year; *provided*, that such dividends shall be included in the calculation of the amount of Restricted Payments.

(xi) [Reserved]

In determining the aggregate amount of Restricted Payments made subsequent to the Issue Date, amounts expended pursuant to clauses (i) (without duplication for the declaration

of the relevant dividend), (iv), (viii) and (x) above shall be included in such calculation and amounts expended pursuant to clauses (ii), (iii), (v), (vi), (vii) and (ix) above shall not be included in such calculation.

Section 3.12 Limitation on Asset Sales.

(a) The Company will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(i) the Company or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and

(ii) other than in respect of Permitted Asset Swap Transactions, at least 80% of the consideration received for the assets sold by the Company or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided, however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:

(A) the assumption of Indebtedness (other than Subordinated Indebtedness) of the Company or any Restricted Subsidiary and the release of the Company or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Sale;

(B) any securities, notes or obligation received by the Company or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Company or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;

(C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and

(D) any Designated Non-cash Consideration received by the Company or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Company calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash

Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Company or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

(i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or

(ii) purchase:

(A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Company or any Restricted Subsidiary in a Permitted Business, or

(B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Company and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of Section 3.12(b), the Company will make an offer to purchase Notes (the "Asset Sale Offer"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to the date of purchase (the " Asset Sale Offer Amount"). The Company will purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at the Company's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Company to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Company may satisfy its obligations under this Section 3.12 with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Company may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.$100 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.$100 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be mailed first class, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Company shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the " Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part, in minimum denominations of U.S.$200,000 and in any integral multiples of U.S.$1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Company shall, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Company.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net Cash Proceeds, the Company shall purchase the Notes and the other Senior Indebtedness on a *pro rata* basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be cancelled and cannot be reissued.

(i) The Company shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Company shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the "Asset Sale" provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Company may use any remaining Net Cash Proceeds for general corporate purposes of the Company and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Company and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Company shall be deemed to have sold the properties and assets of the Company and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Company or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Company or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 Limitation on the Ownership of Capital Stock of Restricted Subsidiaries . The Company shall not permit any Person other than the Company or another Restricted Subsidiary to, directly or indirectly, own or control any Capital Stock of any Restricted Subsidiary, except for:

(i) Capital Stock owned by such Person on the Issue Date;

(ii) directors' qualifying shares;

(iii) the sale or Disposition of 100% of the shares of the Capital Stock of any Restricted Subsidiary (other than the Issuer) held by the Company and its Restricted Subsidiaries to any Person other than the Company or another Restricted Subsidiary effected in accordance with, as applicable, Section 3.12 and Article IV;

(iv) in the case of a Restricted Subsidiary other than a Restricted Subsidiary that is a Wholly Owned Subsidiary,

(A) the issuance by that Restricted Subsidiary of Capital Stock on a *pro rata* basis to the Company and its Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of such Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder); or

(B) sales, transfers and other dispositions of Capital Stock in a Restricted Subsidiary to the extent required by, or made pursuant to, buy/sell, put/call or similar shareholder arrangements set forth in binding agreements in effect on the Issue Date; and

(v) the sale of Capital Stock of a Restricted Subsidiary (other than the Issuer) by the Company or another Restricted Subsidiary or the sale or

issuance by a Restricted Subsidiary of its newly-issued Capital Stock if such sale or issuance is made in compliance with Section 3.12 and either:

(A) such Restricted Subsidiary is no longer a Subsidiary, and the continuing Investment of the Company and its Restricted Subsidiaries in such former Restricted Subsidiary is in compliance with Section 3.11, or

(B) such Restricted Subsidiary continues to be a Restricted Subsidiary.

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries .

(a) The Company may designate after the Issue Date any Subsidiary of the Company other than the Issuer or a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Company or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18;

(ii) at the time of and after giving effect to such Designation, the Company could Incur U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a);

(iii) the Company would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation) as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Company's Investment in such Subsidiary on such date; and

(iv) the terms of any Affiliate Transaction existing on the date of such Designation between the Subsidiary being designated (and its Subsidiaries) and the Company or any Restricted Subsidiary would be permitted under Section 3.18 if entered into immediately following such Designation.

(b) Neither the Company nor any Restricted Subsidiary shall at any time:

(i) provide credit support for, subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, or Guarantee, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);

(ii) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or

(iii) be directly or indirectly liable for any Indebtedness which provides that the Holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary.

(c) The Company may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a " Revocation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and

(ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(d) The Designation of a Subsidiary of the Company as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer's Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries .

(a) Except as provided in clause (b) below, the Company shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Company or any other Restricted Subsidiary or pay any Indebtedness owed to the Company or any other Restricted Subsidiary;

(ii) make loans or advances to, or make any Investment in, the Company or any other Restricted Subsidiary; or

(b) Section 3.15(a) shall not apply to encumbrances or restrictions existing under or by reason of:

(i) applicable law, rule, regulation or order;

(ii) this Indenture;

(iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided*, that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Company's senior management;

(iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;

(v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;

(vi) restrictions with respect to a Restricted Subsidiary of the Company imposed pursuant to a binding agreement which has been entered into for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided*, that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);

(vii) customary restrictions imposed on the transfer of copyrighted or patented materials;

(viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement referred to in clause (iii) or (v) of this Section 3.15(b); *provided*, that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Company's senior management;

(ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;

(x) Purchase Money Indebtedness for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions of the nature discussed in clause (iii) of this Section 3.15(b) above on the property so acquired;

(xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Company's senior management;

(xii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets or revenues of such joint venture;

(xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided*, that such restrictions (A) are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Company's senior management or (B) constitute financial covenants or similar restrictions that limit the ability to pay dividends or make distributions upon the occurrence or continuance of a default or event of default or that would result in a default or event of default under such Indebtedness upon the declaration or payment of dividends or other distributions; and

(xiv) net worth provisions in leases entered into by the Company or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Company's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Company shall not, and shall not permit the Issuer or any other Note Guarantor to, directly or indirectly, Incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Company shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

(i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and

(ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture,

in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Company shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Company (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Company;

(i) Affiliate Transactions with or among the Company and any Restricted Subsidiary or between or among Restricted Subsidiaries;

(C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and

(ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Company).

(b) In addition, at any time when the Company is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Company shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Company shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts .

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes") imposed or levied by or on behalf of the United States, Mexico, Spain, the Netherlands, the United Kingdom, France, Switzerland or, in the event that the Issuer appoints additional paying agents, by the jurisdictions of such additional paying agents (a "Taxing Jurisdiction"), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional amounts (" Additional Amounts") as may be necessary so that the net amount received by each

Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided, however*, that the foregoing obligation to pay Additional Amounts does not apply to:

(i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of a Note),

(ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,

(iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days' notice that Holders shall be required to provide such information and identification; *provided*, *however*, this clause (iii) shall not apply if the provision of information, documentation or other evidence described in this clause (iii) would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of the Notes than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice,

(iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,

(v) any Taxes imposed on a payment to or for the benefit of an individual pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of November 26-27, 2000 or any law implementing or complying with, or introduced in order to conform to, such directives,

(vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,

(vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent

that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, and

(viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection.

(e) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Company is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing

(the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Partial Covenant Suspension Event"), the Company and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.13, 3.14(b), 3.15, 3.18, 3.19, 4.1(a)(ii) and 4.1(b)(ii) (collectively, the "Partial Suspended Covenants").

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a " Covenant Suspension Event"), the Company and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.13, 3.14(b), 3.15, 3.16, 3.18, 3.19, 4.1(a)(ii) and 4.1(b)(ii) (collectively, the "Suspended Covenants").

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the " Partial Covenant Suspension Date") or a Covenant Suspension Event (the "Suspension Date") may be redesignated as an Unrestricted Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) the Additional Note Guarantor shall be released from its obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantors shall be released from their obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided*, that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantors shall be reinstated in accordance with and subject to the conditions in Section 3.21(d).

(e) In the event that the Company and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the "Partial Covenant Reversion Date" and, in the case of Suspended Covenants, such subsequent date being the " Reversion Date") (i) the Consolidated Leverage Ratio of the Company is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Company and its Restricted Subsidiaries will thereafter again be subject to the Partial Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantors (unless, solely with respect to any Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause such Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that such Additional Note Guarantor's guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the " Partial Suspension Period" and the period of time between the Suspension Date and the

Reversion Date is referred to as the "Suspension Period." Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantors may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be classified to have been Incurred pursuant to Section 3.9(a) or Section 3.9(b) (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to Section 3.9(a) or 3.9(b), such Indebtedness shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect since the Issue Date and throughout the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or Covenant Suspension Event and in any event not later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

(h) For purposes of this Section 3.22 only, "Consolidated Leverage Ratio" and all associated definitions shall have the meaning set forth in Exhibit E hereto.

## ARTICLE IV

(i) either:

(A) the Issuer shall be the surviving or continuing corporation, or

(B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer substantially as an entirety (the "Successor Issuer"):

(1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the " Permitted Merger Jurisdictions"); and

(2) shall expressly assume, by a supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction):

(A) the Company shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Company immediately prior to such transaction; or

(B) the Issuer or such Successor Issuer, as the case may be, shall be able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a);

(iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;

(iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and

(v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:

(A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;

(B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and

(C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided*, that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

(x) any transfer of the properties or assets of the Company or a Restricted Subsidiary to the Issuer;

(y) any merger of the Company or a Restricted Subsidiary into the Issuer; or

(z) any merger of the Issuer into the Company or a Wholly Owned Subsidiary of the Company.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, such Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) The Company will not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Company is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Company's properties and assets (determined on a consolidated basis for the Company and its Restricted Subsidiaries), to any Person unless:

(i) either:

(A) the Company shall be the surviving or continuing corporation, or

(B) the Person (if other than the Company) formed by such consolidation or into which the Company is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Company and the Restricted Subsidiaries substantially as an entirety (the "Successor Company"):

(ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(b) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Company or such Successor Company, as the case may be:

(A) will have a Consolidated Fixed Charge Coverage Ratio that will be not less than the Consolidated Fixed Charge Coverage Ratio of the Company immediately prior to such transaction; or

(B) will be able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a); and

(iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(b) (including, without limitation, giving effect on a *pro forma* basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing.

The provisions of clauses (ii) and (iii) of this Section 4.1(b) shall not apply to:

(x) any transfer of the properties or assets of a Restricted Subsidiary to the Company or a Note Guarantor;

(y) any merger of a Restricted Subsidiary into the Company or a Note Guarantor; or

(z) any merger of the Company into another Note Guarantor or a Wholly Owned Subsidiary of the Company.

The Successor Company shall succeed to, and be substituted for such Company under this Indenture, the Notes and/or the Note Guarantee, as applicable.

(c) Each Note Guarantor other than the Company shall not, and the Company shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

(ii) such Note Guarantee is to be released as provided under Section 10.2(b); or

(iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(c) will not apply to:

(x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;

(y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or

(z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Company.

ARTICLE V

OPTIONAL REDEMPTION OF NOTES

Section 5.1 Optional Redemption. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, subject to the conditions and at the redemption prices specified in the Form of Note in Exhibit A hereto.

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 45 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the CUSIP numbers of the Notes, (d) the redemption price and (e) the amount of interest to be paid with respect to each multiple of U.S.$1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 30 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

(i) the Redemption Date,

(ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.7,

(iii) whether or not the Issuer is redeeming all Outstanding Notes,

(iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,

(v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,

(vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.7 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,

(vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and

(viii) the CUSIP number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such CUSIP number.

(c) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; provided, however, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding Section 5.4(b).

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method as the Trustee shall deem fair and appropriate; provided, however, that if a partial redemption is made with the proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of DTC), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 30 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for redemption. No Notes of U.S.$200,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Deposit of Redemption Price. On or prior to 10 :00 a.m. New York City time, on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4) an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.7 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.8 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of U.S.$200,000 or an integral multiple of U.S.$1,000 in excess thereof.

## ARTICLE VI

## DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an "Event of Default":

(i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;

(ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;

(iii) the failure to perform or comply with any of the provisions described under Article IV;

(iv) the failure by the Company or any Restricted Subsidiary to comply with, or in the case of non-guarantor Restricted Subsidiaries, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Company and the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;

(v) default by the Company or any Restricted Subsidiary under any Indebtedness which:

(A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or

(B) results in the acceleration of such Indebtedness prior to its stated maturity;

and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this Section 6.1(a) at the relevant time, aggregates U.S.$50 million or more;

(vi) failure by the Company or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.$100 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;

(vii) a Bankruptcy Event of Default; or

(viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor's obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer or the Company) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer, the Company and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Company, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

(i) if the rescission would not conflict with any judgment or decree;

(ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;

(iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and

(iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee

or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided, however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

(i) such Holder gives to the Trustee written notice of a continuing Event of Default;

(ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;

(iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;

(iv) the Trustee does not comply within 60 days; and

(v) during such 60 day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

*provided*, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

(a) The Trustee may (irrespective of whether the principal of the Notes is then due):

(i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and

(ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Company and the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Company, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

## ARTICLE VII

## TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

(i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; provided, however, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots,

interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer or the Company and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall mail to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of

counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this Section 7.7) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this Section 7.7, the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this Section 7.7 shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this Section 7.7 shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this Section 7.7 or Section 6.10.

Section 7.8 Replacement of Trustee.

(a) The Trustee may resign at any time by so notifying the Company and the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

(i) the Trustee fails to comply with Section 7.10;

(ii) the Trustee is adjudged bankrupt or insolvent;

(iii) a receiver or other public officer takes charge of the Trustee or its property; or

(iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or

examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the "Security Documents") as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Company and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer or the Company and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance .

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or (c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer's exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

(i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,

(ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,

(iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and

(iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.13, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, Section 3.21, Section 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other

provision herein or in any other document and such omission to comply shall not constitute a Default or an Event or Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Company or, as applicable, the Issuer, may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in U.S. Legal Tender or U.S. Government Obligations, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

(i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or

(ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust U.S. Legal Tender or U.S. Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited U.S. Legal Tender or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for U.S. Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal and interest received on such U.S. Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the

Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted to apply all such U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII; *provided, however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from U.S. Legal Tender or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

(i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or

(ii) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee U.S. Legal Tender or U.S. Government Obligations sufficient without reinvestment to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit, together with irrevocable instructions from the Issuer directing the Trustee to apply such funds to the payment;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX

AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

(i) to cure any ambiguity, omission, defect or inconsistency;

(ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;

(iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; provided, however, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;

(iv) to add guarantees with respect to the Notes or to secure the Notes;

(v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;

(vi) to make any change that does not, in the opinion of the Trustee, adversely affect the rights of any Holder in any material respect;

(vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;

(viii) to comply with the requirements of any applicable securities depositary;

(ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or

(x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

(i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;

(iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;

(iv) make any Notes payable in money other than that stated in the Notes;

(v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;

(vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;

(vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or

(viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

## ARTICLE X

## NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

(i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;

(ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;

(iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;

(iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;

(vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;

(viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;

(ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;

(x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;

(xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;

(xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;

(xiii) any change in the ownership of the Issuer;

(xiv) any change in the laws, rules or regulations of any jurisdiction;

(xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and

(xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

(i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or

authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;

(ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;

(iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;

(iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the Código Civil Federal of Mexico and the Código Civil of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

(i) the unpaid amount of such Obligations then due and owing; and

(ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

*provided*, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

(i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and

(ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

(i) there is a Legal Defeasance of the Notes pursuant to Article VIII;

(ii) with respect to any Note Guarantor other than the Company, there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Company;

(iii) with respect to any Note Guarantor other than the Company, such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;

(iv) solely with respect to an Additional Note Guarantor, either (A) the Facilities Agreement Indebtedness has been repaid in full and such Additional Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Company and its Restricted Subsidiaries is not guaranteed by such Additional Note Guarantor; or

(v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents,

such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3 or L. 242-6 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a "Swiss Note Guarantor") are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the "Restricted Obligations") shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor's Free Reserves Available for Distribution (as defined below) at the time payment is requested, *provided*, that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date until such time as performance is permitted notwithstanding such limitation.

(c) For the purpose of this clause, "Free Reserves Available for Distribution" means an amount equal to the maximal amount in which the relevant Swiss Note Guarantor can make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

(d) As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Trustee (save to the extent provided below).

(e) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

(i) if and to the extent required by applicable law in force at the relevant time:

(A) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time) from any payment made by it;

(B) pay any such deduction to the Swiss Federal Tax Administration; and

(C) notify and provide evidence to the Trustee that the Swiss withholding tax has been paid to the Swiss Federal Tax Administration;

(ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of

Switzerland then in force and *provided*, that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax: (y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (z) pay to the Trustee upon receipt any amount so refunded.

(f) The Swiss Note Guarantor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(g) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this Section 10.6 and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an "Undervalued Asset"), the Swiss Note Guarantor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor's business ( *nicht betriebsnotwendig*).

Section 12.5 Rules by Trustee, Paying Agent, Transfer Agent and Registrar. The Trustee may make reasonable rules for action by, or a meeting of, Holders. The Paying Agent, Transfer Agent and the Registrar may make reasonable rules for their functions.

Section 12.6 Legal Holidays. A "Legal Holiday" is a Saturday, a Sunday or other day on which commercial banking institutions are authorized or required to be closed in New York City, Mexico, Madrid, Amsterdam, London, Paris or Zurich. If a payment date is a Legal Holiday, payment shall be made on the next succeeding day that is not a Legal Holiday, and no interest shall accrue for the intervening period. If a regular record date is a Legal Holiday, the record date shall not be affected.

Section 12.7 Governing Law, etc.

(a) THIS INDENTURE (INCLUDING EACH NOTE GUARANTEE) AND THE NOTES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK. THE PARTIES HERETO EACH HEREBY

WAIVE ANY RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS INDENTURE, THE NOTES OR EACH NOTE GUARANTEE OR ANY TRANSACTION RELATED HERETO OR THERETO TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

(b) Each of the parties hereto hereby:

(i) agrees that any suit, action or proceeding against it arising out of or relating to this Indenture (including the Note Guarantees) or the Notes, as the case may be, may be instituted in any Federal or state court sitting in the City of New York and in the courts of its own corporate domicile, in respect of actions brought against it as a defendant,

(ii) waives to the fullest extent permitted by applicable law, any objection which it may now or hereafter have to the laying of venue of any such suit, action or proceeding, any claim that any suit, action or proceeding in such a court has been brought in an inconvenient forum, and any right to which it may be entitled, on account of place of residence or domicile,

(iii) irrevocably submits to the jurisdiction of such courts in any suit, action or proceeding,

(iv) agrees that final judgment in any such suit, action or proceeding brought in such a court shall be conclusive and binding may be enforced in the courts of the jurisdiction of which it is subject by a suit upon judgment, and

(v) agrees that service of process by mail to the addresses specified herein shall constitute personal service of such process on it in any such suit, action or proceeding.

(c) The Note Guarantors (other than CEMEX Corp.) have appointed CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, NY 10022, as its authorized agent (the "Authorized Agent") upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon this Indenture or the Notes which may be instituted in any state or federal court in the City of New York, New York. The Note Guarantors (other than CEMEX Corp.) hereby represent and warrant that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Note Guarantors (other than CEMEX Corp.) agree to take any and all action, including the filing of any and all documents, that may be necessary to continue each such appointment in full force and effect as aforesaid so long as the Notes remain outstanding. The Note Guarantors (other than CEMEX Corp.) agree that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Note Guarantors (other than CEMEX Corp.) of a successor agent in the City of New York, New York as each of their authorized agent for such purpose and the acceptance of such appointment by such successor. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon the Note Guarantors (other than CEMEX Corp.).

(d) To the extent that any of the Issuer and the Note Guarantors have or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Issuer and the Note Guarantors hereby irrevocably waive and agree not to plead or claim such immunity in respect of their obligations under this Indenture or the Notes.

(e) Nothing in this Section 12.7 shall affect the right of the Trustee or any Holder of the Notes to serve process in any other manner permitted by law.

Section 12.8 [Reserved].

Section 12.9 No Recourse Against Others. An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or this Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each Holder shall waive and release all such liability.

Section 12.10 Successors. All agreements of the Issuer and any Note Guarantor in this Indenture and the Notes shall bind their respective successors. All agreements of the Trustee in this Indenture shall bind its successors.

Section 12.11 Duplicate and Counterpart Originals. The parties may sign any number of copies of this Indenture. One signed copy is enough to prove this Indenture. This Indenture may be executed in any number of counterparts, each of which so executed shall be an original, but all of them together represent the same agreement. Signatures of the parties hereto transmitted by facsimile or pdf shall be deemed to be their original signatures for all purposes.

Section 12.12 Severability. In case any provision in this Indenture or in the Notes shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 12.13 [Reserved].

Section 12.14 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note

Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents; Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

Section 12.16 USA PATRIOT Act. The parties hereto acknowledge that, in accordance with Section 326 of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law on October 26, 2001)) (as amended, modified or supplemented from time to time, the "USA PATRIOT Act"), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. The parties to this Agreement agree that they will provide the Trustee with such information as the Trustee may request in order for the Trustee to satisfy the requirements of the USA PATRIOT Act.

**9.375% Senior Secured Notes due 2022**

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX Finance LLC, a Delaware limited liability company (together with its successors and assigns, the " Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing April 12, 2013; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from October 12, 2012; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after October 12, 2012), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from October 12, 2012. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (" Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 10:00 a.m. (New York City time) on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in U.S. Legal Tender.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by the DTC. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided*, *however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.$10,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee, Paying Agent and Registrar. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of October 12, 2012 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. U.S.$1,500,000,000 in aggregate principal amount of Notes will be initially issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by

acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction or formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after October 12, 2017, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on October 12 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption:

| Year | Percentage |
|---|---|
| 2017 | 104.69% |
| 2018 | 102.34% |
| 2019 | 101.17% |
| 2020 and thereafter | 100.00% |

*provided, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

Prior to October 12, 2017, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of each remaining scheduled payment of principal and interest thereon (exclusive of interest accrued to the date of redemption) discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points, plus in each case any accrued and unpaid interest on the principal amount of the Notes to the date of redemption,

*provided, however,* that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

"Treasury Rate" means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price (as defined below) for such Redemption Date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker (as defined below) as having an actual or interpolated maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the remaining term of such Notes.

"Independent Investment Banker" means one of the Reference Treasury Dealers (as defined below) appointed by the Issuer.

"Comparable Treasury Price" means, with respect to any Redemption Date (1) the average of the Reference Treasury Dealer Quotations for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if the Independent Investment Banker or Issuer obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Reference Treasury Dealer" means any one of J.P. Morgan Securities LLC, Barclays Capital Inc. or RBS Securities Inc. or their respective affiliates which are primary United States government securities dealers and not less than two other leading primary United States government securities dealers in New York City reasonably designated by the Issuer; *provided, however*, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a "Primary Treasury Dealer"), the Issuer will substitute therefore another Primary Treasury Dealer.

"Reference Treasury Dealer Quotation" means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Independent Investment Banker or Issuer, of the bid and asked price for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker or Issuer by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such Redemption Date.

*Optional Redemption upon Equity Offerings*. At any time, or from time to time, on or prior to October 12, 2015, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 109.375% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption; *provided*, that:

- after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and
- the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

*provided, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the Facilities Agreement.

"Equity Offering" means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Company.

*Optional Redemption for Changes in Withholding Taxes*. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction) we would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see "Additional Amounts"), then, at our option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 30 nor more than 60 days' notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption; *provided*, *however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which we would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided, further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

Prior to the delivery of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

- an Officer's Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer's right to redeem have occurred, and
- an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date,

interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

*Change Of Control Offer*. Upon the occurrence of a Change of Control, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest through the date of purchase. Within 30 days following the date upon which the Change of Control occurred, the Issuer must make a Change of Control Offer pursuant to a Change of Control Notice. (i) The Company will furnish to each Initial Purchaser and to counsel for the Initial Purchasers, without charge, during the period referred to in Section 5(a)(iii) below, as many copies of the materials contained in the Disclosure Package and the Final Memorandum and any amendments and supplements thereto as they may reasonably request.

(ii) The Company will not amend or supplement the Disclosure Package or the Final Memorandum without the prior written consent of the Representatives, which consent may not be unreasonably withheld.

(iii) If at any time prior to the earlier of (a) the completion of the sale of the International Securities by the Initial Purchasers (as determined by the Representatives and communicated to the Company) and (b) twelve months after the date of the Final Memorandum, any event occurs as a result of which the Disclosure Package or the Final Memorandum, as then amended or supplemented, would include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made or the circumstances then prevailing, not misleading, or if it should be necessary to amend or supplement the Disclosure Package or the Final Memorandum to comply with applicable law, the Company will promptly (i) notify the Representatives of any such event; (ii) subject to the requirements of Section 5(a)(ii), prepare an amendment or supplement that will correct such statement or omission or effect such compliance; and (iii) supply any supplemented or amended Disclosure Package or Final Memorandum to the several Initial Purchasers and counsel for the Initial Purchasers without charge in such quantities as they may reasonably request.

(iv) Without the prior written consent of the Representatives, neither the Company nor CEMEX have given and will not give to any prospective purchaser of the International Securities any written information concerning the offering of the International Securities other than materials contained in the Disclosure Package, the Final Memorandum or any other offering materials prepared and distributed by or with the prior written consent of the Representatives.

(v) The Company will arrange, if necessary, for the qualification of the International Securities for sale by the Initial Purchasers under the securities or blue sky laws of the several states and the laws of such other jurisdictions as the Representatives may designate (including Japan and certain provinces of Canada) and will maintain such qualifications in effect so long as required for the sale of the International Securities; provided that in no event shall the Company be obligated to qualify to do business in any jurisdiction where it is not now so qualified or to take any action that would subject it to service of process in suits,

other than those arising out of the offering or sale of the International Securities, in any jurisdiction where it is not now so subject. The Company will promptly advise the Representatives of the receipt by the Company of any notification with respect to the suspension of the qualification of the International Securities for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose.

(vi) The Company will not, and will not permit any of its Affiliates to, resell any Securities that have been acquired by any of them, except (a) in a transaction registered under the Act or (b) in a transaction exempt from the registration requirements under the Act if such transaction does not cause the holding periods under Rule 144 under the Act to be extended for other holders of Securities.

(vii) None of the Company, its Affiliates, or any person acting on its or their behalf will, directly or indirectly, make offers or sales of any security, or solicit offers to buy any security, under circumstances that would require the registration of the Securities under the Act.

(viii) None of the Company, its Affiliates, or any person acting on its or their behalf will engage in any directed selling efforts (within the meaning of Regulation S) with respect to the Securities.

(ix) None of the Company, its Affiliates, or any person acting on its or their behalf will engage in any form of general solicitation or general advertising (within the meaning of Regulation D) in connection with any offer or sale of the Securities in the United States.

(x) For so long as any of the Securities are outstanding and are "restricted securities" within the meaning of Rule 144(a)(3) under the Act, the Company, during any period in which it is not subject to and in compliance with Section 13 or 15(d) of the Exchange Act or it is not exempt from such reporting requirements pursuant to and in compliance with Rule 12g3-2(b) under the Exchange Act, will provide to each holder of such restricted securities and to each prospective purchaser (as designated by such holder) of such restricted securities, upon the request of such holder or prospective purchaser, any information required to be provided by Rule 144A(d)(4) under the Act. This covenant is intended to be for the benefit of the holders, and the prospective purchasers designated by such holders, from time to time of such restricted securities.

(xi) Prior to the Closing Date, the Company will have complied with the formalities provided by Spanish law for the Company to issue the Securities, which are as follows: (a) the formalization by the Company of the capital increase by means of a public deed granted before a Spanish notary public, (b) the filing thereof with the competent Spanish tax authorities as tax exempt of transfer tax ( *Impuesto de Transmisiones Patrimoniales y Actos Jurídicos Documentados* ), (c) the registration of such public deed with the Mercantile Registry and (d) the filing

of such public deed together with the document provided in Article 6 of the Company's bylaws with DECEVAL for purposes of depositing the Securities therewith.

(xii) The Company will cooperate with the Representatives and use its best efforts to permit the Securities to be eligible for clearance and settlement through DECEVAL.

(xiii) The Company and its subsidiaries will not for a period of 180 days following the Time of Sale, without the prior written consent of the Representatives (which consent shall not be unreasonably withheld), directly or indirectly, offer, sell, contract to sell, pledge, otherwise dispose of, enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by the Company or any subsidiary of the Company or any person in privity with the Company or any subsidiary of the Company of, file (or participate in the filing of) a registration statement with the Commission in respect of, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act in respect of, any shares of capital stock of the Company or any securities convertible into, or exercisable or exchangeable for, shares of capital stock of the Company (other than the Securities), or publicly announce an intention to effect any such transaction; provided, however, that the Company may issue and sell Common Stock pursuant to any employee stock option plan, stock ownership plan or dividend reinvestment plan of the Company described in the Disclosure Package and the Final Memorandum and in effect at the Time of Sale, and the Company may issue Common Stock issuable upon the conversion of securities or the exercise of warrants outstanding at the Time of Sale and described in the Disclosure Package and the Final Memorandum.

(xiv) The Company will not take, directly or indirectly, any action designed to, or that has constituted or that might reasonably be expected to, cause or result, under the Exchange Act or otherwise, in stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of the Securities.

(xv) The Company will, for a period of twelve months following the Time of Sale, furnish to the Representatives (i) all reports or other communications (financial or other) generally made available to its shareholders, and deliver such reports and communications to the Representatives as soon as they are available, unless such documents are furnished to or filed with the Commission, the SFC or the Colombian Stock Exchange or any securities exchange on which any class of securities of the Company is listed and generally made available to the public and (ii) such additional information concerning the business and financial condition of the Company as the Representatives may from time to time reasonably request (such statements to be on a consolidated basis to the extent the accounts of the Company and its subsidiaries are consolidated in reports furnished to its shareholders).

(xvi) The Company will deposit in a segregated account with one of the Initial Purchasers, and maintain in such account, through the earlier of (a) the settlement of the Put Option if any Put Option Notices are given or (b) the expiration of the Put Option Period; provided, however, that if a Put Option Notice is given prior to the expiration of the Put Option Period, then the Company shall maintain such account through the settlement of such Put Option, proceeds from the sale of the International Securities in an amount in U.S. dollars (equivalent to Col$12,250 per International Security based on the Representative Market Exchange Rate of Col$1,814.99 per U.S. dollar published on November 6, 2012 by the Colombian Financial Superintendency) multiplied by the number of Put Option Securities to fund the acquisition of the Put Option Securities upon exercise, if any, of the Put Option.

(b) The Company agrees to pay the costs and expenses relating to the following matters: (i) the preparation, printing or reproduction of the materials contained in the Disclosure Package and the Final Memorandum and each amendment or supplement to either of them; (ii) the printing (or reproduction) and delivery (including postage, air freight charges and charges for counting and packaging) of such copies of the materials contained in the Disclosure Package and the Final Memorandum, and all amendments or supplements to either of them, as may, in each case, be reasonably requested for use in connection with the offering and sale of the International Securities; (iii) any stamp or transfer taxes in connection with the original issuance and sale of the International Securities; (iv) the printing (or reproduction) and delivery of this Agreement, any blue sky memorandum and all other agreements or documents printed (or reproduced) and delivered in connection with the offering of the International Securities; (v) any registration or qualification of the International Securities for offer and sale under the securities or blue sky laws of the several states, Japan, the Netherlands, the provinces of Canada and any other jurisdictions specified pursuant to Section 5(a)(v) (including filing fees and the reasonable and documented fees and expenses of counsel for the Initial Purchasers relating to such registration and qualification); (vi) the transportation and other expenses incurred by or on behalf of Company representatives in connection with presentations to prospective purchasers of the International Securities; (vii) the fees and expenses of the Company's accountants and the fees and expenses of counsel (including local and special counsel) for the Company; and (viii) all other costs and expenses incident to the performance by the Company of its obligations hereunder; provided, however, that any costs and expenses related to the settlement agent described in Section 3(a) above shall be paid by the Initial Purchasers.

(c) The Company agrees to reimburse the Representatives, on behalf of the Initial Purchasers, for all their reasonable and documented expenses incurred in connection with the sale of the Securities provided for herein (including, without limitation, reasonable and documented fees, disbursements and expenses of legal advisors for the Initial Purchasers, provided that such fees, disbursements and expenses of legal advisors for the Initial Purchasers shall not exceed the amount of U.S.$1.0 million).

(d) Each Initial Purchaser that is not a tax resident in Spain hereby agrees to provide the Company prior to the Closing Date with a certificate of tax residence within the meaning of the double taxation treaty entered into between their jurisdiction of tax residence and Spain, issued by the competent tax authority within the year prior to the Closing Date.

(i) the representations and warranties of the Company in this Agreement are true and correct on and as of the Closing Date with the same effect as if made on the Closing Date, and the Company has complied with all the agreements and satisfied all the conditions on its part to be performed or satisfied hereunder at or prior to the Closing Date; and

(i) The Company shall have furnished to the Representatives, at the date hereof and at the Closing Date, a certificate of the Company, signed by the Chief Executive Officer or principal financial or accounting officer of the Company, dated respectively as of the Time of Sale and as of the Closing Date, to the effect that the signers of such certificate have carefully examined the Disclosure Package, the Final Memorandum and any supplements or amendments thereto and that:

(ii) the signer has reviewed the amounts identified in exhibit B to said certificate and certifies that said amounts were prepared on a reasonable basis and in good faith based on the books and records of the Company and otherwise consistent with the audited combined financial statements of the Company as of and for the years ended December 31, 2011 and 2010, and as of and for the six-months periods ended June 30, 2012 and 2011.

(j) At the date hereof and at the Closing Date , the Company shall have requested and caused KPMG Cárdenas Dosal, S.C. to furnish to the Representatives letters, dated respectively as of the date hereof and as of the Closing Date, in form and substance satisfactory to the Representatives, substantially in the form of Exhibit G hereto

(k) Subsequent to the Time of Sale or, if earlier, the dates as of which information is given in the Disclosure Package (exclusive of any amendment or supplement thereto after the Time of Sale) and the Final Memorandum (exclusive of any amendment or supplement thereto after the Time of Sale), there shall not have been (i) any change or decrease specified in the letter or letters referred to in paragraph (i) and (j) of this Section 6; or (ii) any change, or any development involving a prospective change, in or affecting the condition (financial or otherwise), prospects, earnings, business or properties of the Company and its subsidiaries taken as a whole, whether or not arising from transactions in the ordinary course of business, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Time of Sale), the effect of which, in any case referred to in clause (i) or (ii) above, is, in the sole judgment of the Representatives, so material and adverse as to make it impractical or inadvisable to proceed with the offering or delivery of the International Securities as contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Time of Sale).

(l) The Securities shall be eligible for clearance and settlement through DECEVAL.

(m) Prior to the Time of Sale, the Company shall have furnished to the Representatives a Lock-up Agreement substantially in the form of Exhibit A hereto from each director and member of senior management of the Company as disclosed in the Disclosure Package and the Final Memorandum and CEMEX España addressed to the Representatives.

(s) At the date hereof, all the pre-offering reorganization transactions described in the Disclosure Package and the Final Memorandum shall have been completed.

If any of the conditions specified in this Section 6 shall not have been fulfilled when and as provided in this Agreement, or if any of the opinions and certificates mentioned above or elsewhere in this Agreement shall not be reasonably satisfactory in form and substance to the Representatives and counsel for the Initial Purchasers, this Agreement and all obligations of the Initial Purchasers hereunder may be cancelled at, or at any time prior to, the Closing Date by the Representatives. Notice of such cancellation shall be given to the Company in writing or by telephone or facsimile confirmed in writing.

The documents required to be delivered by this Section 6 will be delivered at the office of counsel for the Initial Purchasers, at Cleary Gottlieb Steen & Hamilton LLP, One Liberty Plaza, New York, New York, 10006, Attention: Duane McLaughlin, Esq., on the Closing Date.

7. Reimbursement of Expenses. If the sale of the International Securities provided for herein is not consummated because any condition to the obligations of the Initial Purchasers set forth in Section 6 hereof is not satisfied, because of any termination pursuant to Section 10 hereof or because of any refusal, inability or failure on the part of the Company to perform any agreement herein or comply with any provision hereof other than by reason of a default by any of the Initial Purchasers, the Company will reimburse the Initial Purchasers severally through CGMI on demand for all expenses (including reasonable fees and disbursements of counsel) that shall have been incurred by them in connection with the proposed purchase and sale of the International Securities.

8. Indemnification and Contribution. (a) The Company and CEMEX, jointly and severally, agree to indemnify and hold harmless each Initial Purchaser, the directors, officers, employees, Affiliates and agents of each Initial Purchaser and each person who controls any Initial Purchaser within the meaning of either the Act or the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Act, the Exchange Act or other U.S. federal or state statutory law or regulation, at common law or otherwise, or the laws, rules or regulations of Colombia and Spain, insofar as such losses, claims, damages or liabilities or actions in respect thereof arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Preliminary Memorandum, the Final Memorandum, any Issuer Written Information, or any other written information used by or on behalf of the Company in connection with the offer or sale of the International Securities, or in any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and agree to reimburse each such indemnified party, as

incurred, for any legal or other expenses reasonably incurred by it in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that neither the Company nor CEMEX will be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon any such untrue statement or alleged untrue statement or omission or alleged omission made in the Preliminary Memorandum or the Final Memorandum, or in any amendment thereof or supplement thereto, in reliance upon and in conformity with written information furnished to the Company by or on behalf of any Initial Purchaser through the Representatives specifically for inclusion therein; it being agreed that the only such information furnished by or on behalf of the Initial Purchasers consists of the information described as such in Section 8(b). This indemnity agreement will be in addition to any liability that the Company or CEMEX may otherwise have.

(b) Each Initial Purchaser severally, and not jointly, agrees to indemnify and hold harmless the Company, each of its directors, each of its officers, and each person who controls the Company within the meaning of either the Act or the Exchange Act, to the same extent as the foregoing indemnity to each Initial Purchaser, but only with reference to written information relating to such Initial Purchaser furnished to the Company by or on behalf of such Initial Purchaser through the Representatives specifically for inclusion in the Preliminary Memorandum or the Final Memorandum, or in any amendment or supplement thereto. This indemnity agreement will be in addition to any liability that any Initial Purchaser may otherwise have. The Company acknowledges that (i) the statements set forth in the last paragraph of the cover page regarding delivery of the International Securities and (ii) under the heading "Plan of Distribution", (A) the 12th paragraph related to short sales and stabilization transactions and (B) the 4th sentence of the 13th paragraph related to derivative transactions in the Disclosure Package and the Final Memorandum constitute the only information furnished in writing by or on behalf of the Initial Purchasers for inclusion in the Disclosure Package and the Final Memorandum or in any amendment or supplement thereto.

(c) Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action, such indemnified party will, if a claim in respect thereof is to be made against the indemnifying party under this Section 8, notify the indemnifying party in writing of the commencement thereof; but the failure so to notify the indemnifying party (i) will not relieve it from liability under paragraph (a) or (b) above unless and to the extent it did not otherwise learn of such action and such failure results in the forfeiture by the indemnifying party of substantial rights and defenses and (ii) will not, in any event, relieve the indemnifying party from any obligations to any indemnified party other than the indemnification obligation provided in paragraph (a) or (b) above. The indemnifying party shall be entitled to appoint counsel (including local counsel) of the indemnifying party's choice at the indemnifying party's expense to represent the indemnified party in any action for which indemnification is sought (in which case the indemnifying party shall not thereafter be responsible for the fees and expenses of any separate counsel, other than local counsel if not appointed by the indemnifying party, retained by the indemnified party or parties except as set forth below); provided, however, that such counsel shall be satisfactory to the indemnified party. Notwithstanding the indemnifying party's election to appoint counsel (including local counsel) to represent the indemnified party in an action, the indemnified party shall have the right to employ separate counsel (including local counsel), and the indemnifying party shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the use of counsel chosen by

the indemnifying party to represent the indemnified party would present such counsel with a conflict of interest; (ii) the actual or potential defendants in, or targets of, any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it that are different from or additional to those available to the indemnifying party and/or other indemnified parties; (iii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of the institution of such action; or (iv) the indemnifying party shall authorize the indemnified party to employ separate counsel at the expense of the indemnifying party. If none of the conditions in clauses (i) through (iv) in the preceding sentence are satisfied as to any indemnified party, it is understood that the indemnifying party shall, in connection with any one such action be liable for the reasonable fees and expenses of only one separate firm of attorneys in each jurisdiction (and in addition to any local counsel) at any time (other than reasonable overlapping of engagements) for all such indemnified parties. An indemnifying party will not, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified parties are actual or potential parties to such claim or action) unless such settlement, compromise or consent includes an unconditional release of each indemnified party from all liability arising out of such claim, action, suit or proceeding and does not include any statement as to an admission of fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) In the event that the indemnity provided in paragraph (a) or (b) of this Section 8 is unavailable to, or insufficient to hold harmless, an indemnified party for any reason, the Company and CEMEX, jointly and severally, and the Initial Purchasers severally agree to contribute to the aggregate losses, claims, damages and liabilities (including legal or other expenses reasonably incurred in connection with investigating or defending any loss, claim, damage, liability or action) (collectively "Losses") to which the Company and one or more of the Initial Purchasers may be subject in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand, and by the Initial Purchasers on the other, from the offering of the International Securities. If the allocation provided by the immediately preceding sentence is unavailable for any reason, the Company and CEMEX, jointly and severally, and the Initial Purchasers, severally, shall contribute in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company or any of its Affiliates on the one hand, and the Initial Purchasers on the other, in connection with the statements or omissions that resulted in such Losses, as well as any other relevant equitable considerations. Benefits received by the Company shall be deemed to be equal to the total net proceeds from the offering (before deducting expenses) received by it, and benefits received by the Initial Purchasers shall be deemed to be equal to the total purchase discounts and commissions. Relative fault shall be determined by reference to, among other things, whether any untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information provided by or on behalf of the Company on the one hand, or the Initial Purchasers on the other, the intent of the parties and their relative knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. The Company and the Initial Purchasers agree that it would not be just and equitable if contribution were determined by pro rata allocation or any other method of allocation that does not take account of the equitable considerations referred to above. Notwithstanding the

provisions of this paragraph (d), in no case shall any Initial Purchaser be responsible for any amount in excess of the purchase discount or commission actually received by such Initial Purchaser in respect of the International Securities purchased by such Initial Purchaser hereunder and no person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 8, each person who controls an Initial Purchaser within the meaning of either the Act or the Exchange Act and each director, officer, employee, Affiliate and agent of an Initial Purchaser shall have the same rights to contribution as such Initial Purchaser, and each person who controls the Company within the meaning of either the Act or the Exchange Act and each officer and director of the Company shall have the same rights to contribution as the Company, subject in each case to the applicable terms and conditions of this paragraph (d).

9. Default by an Initial Purchaser. If any one or more Initial Purchasers shall fail to purchase and pay for any of the International Securities agreed to be purchased by such Initial Purchaser hereunder and such failure to purchase shall constitute a default in the performance of its or their obligations under this Agreement, the remaining Initial Purchasers shall be obligated severally to take up and pay for (in the respective proportions which the number of International Securities set forth opposite their names in Schedule I hereto bears to the aggregate number of International Securities set forth opposite the names of all the remaining Initial Purchasers) the International Securities which the defaulting Initial Purchaser or Initial Purchasers agreed but failed to purchase; provided, however, that in the event that the aggregate number of International Securities which the defaulting Initial Purchaser or Initial Purchasers agreed but failed to purchase shall exceed 10% of the aggregate number of Securities set forth in Schedule I hereto, the remaining Initial Purchasers shall have the right to purchase all, but shall not be under any obligation to purchase any, of the International Securities, and if such nondefaulting Initial Purchasers do not purchase all the International Securities, this Agreement will terminate without liability to any nondefaulting Initial Purchaser or the Company. In the event of a default by any Initial Purchaser as set forth in this Section 9, the Closing Date shall be postponed for such period, not exceeding five Business Days, as the Representatives and the Company shall determine in order that the required changes in the Final Memorandum or in any other documents or arrangements may be effected. Nothing contained in this Agreement shall relieve any defaulting Initial Purchaser of its liability, if any, to the Company or any nondefaulting Initial Purchaser for damages occasioned by its default hereunder. Notwithstanding the foregoing, Banco Bilbao Vizcaya Argentaria S.A. shall not be required to purchase any International Securities pursuant to this Section 9 other than those sold pursuant to Regulation S.

10. Termination. This Agreement shall be subject to termination in the absolute discretion of the Representatives, by notice given to the Company prior to delivery of, and payment for, the International Securities, if at any time prior to such delivery and payment (i) trading in securities generally on the New York Stock Exchange or the Colombian Stock Exchange shall have been suspended or limited or minimum prices shall have been established on any such exchange; (ii) a banking moratorium shall have been declared either by U.S. federal or New York State authorities or by the authorities of Spain or Colombia; or (iii) there shall have occurred any outbreak or escalation of hostilities, declaration by the United States, Spain or Colombia of a national emergency or war or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Representatives, impractical

or inadvisable to proceed with the offering or delivery of the International Securities as contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto).

11. Representations and Indemnities to Survive. The respective agreements, representations, warranties, indemnities and other statements of the Company, CEMEX or their respective officers and of the Initial Purchasers set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation made by or on behalf of the Initial Purchasers or the Company or CEMEX or any of the indemnified persons referred to in Section 8 hereof, and will survive delivery of and payment for the International Securities. The provisions of Sections 7 and 8 hereof shall survive the termination or cancellation of this Agreement.

12. Notices. All communications hereunder will be in writing and effective only on receipt, and, if sent to the Representatives, will be mailed, delivered or telefaxed to the Citigroup General Counsel (fax no.: (212) 816-7912) and confirmed to Citigroup at 388 Greenwich Street, New York, New York 10013, Attention: General Counsel; if sent to the Company, will be mailed, delivered or telefaxed to +(34-91) 377-9648 and confirmed to it at Calle Hernández de Tejada 1, Madrid 28027, Spain, attention of the Legal Department.

13. Successors. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the indemnified persons referred to in Section 8 hereof and their respective successors, and, except as expressly set forth in Section 5(a)(x) hereof, no other person will have any right or obligation hereunder.

14. Jurisdiction. Each of the parties hereto agrees that any suit, action or proceeding arising out of or based upon this Agreement or the transactions contemplated hereby shall be instituted in any State or U.S. federal court in The City of New York and County of New York or in the courts of its own domicile in respect of actions brought against such party as a defendant, and waives any objection which it may now or hereafter have to the laying of venue of any such proceeding, and irrevocably submits to the jurisdiction of such courts in any suit, action or proceeding and waives the right to any other jurisdiction that it may be entitled to by reason of its present or future domicile or other reason. Each of the Company and CEMEX hereby appoints CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, NY 10022, as its authorized agent (the "Authorized Agent") upon whom process may be served in any suit, action or proceeding arising out of or based upon this Agreement or the transactions contemplated herein that may be instituted in any of such courts. The Company and CEMEX hereby represent and warrant that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Company and CEMEX agree to take any and all action, including the execution and filing of any and all documents that may be necessary to continue such appointment in full force and effect as aforesaid. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon each of the Company and CEMEX.

15. Integration. This Agreement supersedes all prior agreements and understandings (whether written or oral) between the Company or CEMEX and the Initial Purchasers, or any of them, with respect to the subject matter hereof.

16. Applicable Law. This Agreement, and any claim, controversy or dispute relating to or arising out of this Agreement, will be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed within the State of New York.

17. Waiver of Jury Trial. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or the transactions contemplated hereby.

18. No Fiduciary Duty. The Company and CEMEX hereby acknowledge that (a) the purchase and sale of the International Securities pursuant to this Agreement is an arm's-length commercial transaction between the Company, on the one hand, and the Initial Purchasers and any Affiliate through which they may be acting, on the other, (b) the Initial Purchasers are acting as principal and not as an agent or fiduciary of the Company or CEMEX and (c) the Company's engagement of the Initial Purchasers in connection with the offering and the process leading up to the offering is as independent contractors and not in any other capacity. Furthermore, the Company and CEMEX agree that they are solely responsible for making their own judgments in connection with the offering (irrespective of whether any of the Initial Purchasers has advised or is currently advising the Company and CEMEX on related or other matters). The Company and CEMEX agree that they will not claim that the Initial Purchasers have rendered advisory services of any nature or respect, or owe an agency, fiduciary or similar duty to the Company or CEMEX in connection with such transaction or the process leading thereto.

19. Currency. Each reference in this Agreement to U.S. dollars (the "relevant currency"), including by use of the symbol "U.S.$", is of the essence. To the fullest extent permitted by law, the obligation of the parties hereto in respect of any amount due under this Agreement will, notwithstanding any payment in any other currency (whether pursuant to a judgment or otherwise), be discharged only to the extent of the amount in the relevant currency that the party entitled to receive such payment may, in accordance with its normal procedures, purchase with the sum paid in such other currency (after any premium and costs of exchange) on the Business Day immediately following the day on which such party receives such payment. If the amount in the relevant currency that may be so purchased for any reason falls short of the amount originally due, the obligated party will pay such additional amounts, in the relevant currency, as may be necessary to compensate for the shortfall. Any obligation of the obligated party not discharged by such payment will, to the fullest extent permitted by applicable law, be due as a separate and independent obligation and, until discharged as provided herein, will continue in full force and effect.

20. Waiver of Immunity. To the extent that the Company has or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Company hereby irrevocably waives and agrees not to plead or claim such immunity in respect of its obligations under this Agreement.

21. Waiver of Tax Confidentiality. Notwithstanding anything herein to the contrary, purchasers of the International Securities (and each employee, representative or other agent of a purchaser) may disclose to any and all persons, without limitation of any kind, the U.S. tax treatment and U.S. tax structure of any transaction contemplated herein and all materials of any kind (including opinions or other tax analyses) that are provided to the purchasers of the International Securities relating to such U.S. tax treatment and U.S tax structure, other than any information for which nondisclosure is reasonably necessary in order to comply with applicable securities laws.

22. Taxes. Each payment of fees or expenses due to the Initial Purchasers under this Agreement shall, except as required by applicable law, be made without withholding or deduction for or on account of any taxes imposed by any jurisdiction. If any taxes are required to be withheld or deducted from any such payment, the Company shall pay such additional amounts as may be necessary to ensure that the net amount actually received by the Initial Purchasers after such withholding or deduction is equal to the amount that the Initial Purchasers would have received had no such withholding or deduction been required. At the reasonable request of the Initial Purchasers, the Company shall provide evidence of payment of taxes when due. Notwithstanding the above, the Company shall not pay any additional amounts with respect to any taxes that are withheld or deducted by reason of (i) the Initial Purchasers having any present or former connection with Spain other than its mere intervention in the offering of the Securities or (ii) the failure by the Initial Purchasers that are not tax resident in Spain to provide the Company, in advance of the Closing Date, with an original certificate of tax residence within the meaning of the double taxation treaty entered into between their jurisdiction of tax residence and Spain within the year prior to the Closing Date, as required under Section 5(d) above.

23. Counterparts. This Agreement may be signed in one or more counterparts, each of which shall constitute an original and all of which together shall constitute one and the same agreement.

24. Headings. The section headings used herein are for convenience only and shall not affect the construction hereof.

## 5 Appointment as Joint Dealer Managers

**5.1** **Appointment:** The Offeror agrees to appoint each of the Joint Dealer Managers as exclusive joint dealer managers in connection with the Invitation in accordance with this Agreement and the terms of the Invitation as set forth in the Tender Offer Memorandum and agrees that it will not appoint any other person in connection with the Invitation to carry out the services specified in this Agreement. Each Joint Dealer Manager accepts its appointment as exclusive joint dealer manager in connection with the Invitation and each Joint Dealer Manager agrees severally and not jointly (to the extent permitted by applicable law) to perform, in accordance with its customary practices, the following services in connection with the Invitation:

**5.1.3** provide assistance as and when requested by the Offeror in relation to any decision to re-open, amend, terminate, shorten or extend the Invitation;

**5.1.4** make or arrange for the making of such announcements as are agreed between the parties on behalf of the Offeror in connection with the Invitation; and

**5.1.5** provide such other assistance and undertake such other duties as are customarily performed by financial institutions in connection with tender offers of a like nature in connection with the Invitation as the Offeror may reasonably request and is agreed to in writing by the Joint Dealer Managers provided however, that the Joint Dealer Managers' services shall not include the giving of tax, legal, investment, regulatory, accountancy or other specialist or technical advice.

**5.2** **Offer Restrictions**: Each Joint Dealer Manager severally agrees that all actions taken by it as Joint Dealer Manager have complied and will comply in all material respects with (a) the restrictions contained in the section headed "Offer and Distribution Restrictions" in the Tender Offer Memorandum and (b) the applicable laws in Germany, Austria, Ireland and Denmark based on advice from local counsel engaged by the Joint Dealer Managers, provided however, that the Offeror agrees to reimburse the reasonable fees and disbursements of such local counsel.

**5.3** **Beneficial Ownership**: Each Joint Dealer Manager, in its sole discretion, may continue to own or dispose of, in any manner it may elect, any Notes it may beneficially own at the date hereof or hereafter acquire, in any such case subject to applicable law and, in particular, each Joint Dealer Manager has no obligation to the Offeror pursuant to this Agreement, or otherwise, to offer to sell or refrain from offering to sell, Notes beneficially owned by it in connection with the Invitation.

**5.4** **Publicity**: From and including the date hereof, the Offeror agrees that it will not file or publish any material (including any notice, advertisement, press release or similar information) in connection with the Invitation that uses the name "Merrill Lynch International", "Bank of America Merrill Lynch", "BofA Merrill Lynch", "Citigroup Global Markets Limited", "Citi", "HSBC Bank plc", "HSBC", "Banco Santander, S.A.", "Santander" or otherwise refers to any of the Joint Dealer Managers or their respective relationships with the Offeror, without such Joint Dealer Manager's prior written consent to the form of such reference (such consent not to be unreasonably withheld or delayed). Each Joint Dealer Manager agrees severally and not jointly that prior to the Settlement Date it shall not issue any press release or cause any notice, advertisement or similar information relating to the Invitation to be published without the prior written consent of the Offeror (such consent not to be unreasonably withheld or delayed) and shall notify the Offeror prior to its taking any such action on or after the Settlement Date.

**5.5** **Outcome of Invitation**: The Offeror agrees that the Joint Dealer Managers will have no responsibility to it for the results or outcome of any discussions relating to the Invitation.

**5.6** **Services by Third Parties**: No Joint Dealer Manager has any liability in respect of any services or advice provided to the Offeror by persons other than itself. However, each Joint Dealer Manager will be entitled to rely upon any information which is made publicly available by the Offeror or the Issuer without having any responsibility to verify such information.

## 6 Compensation

**6.1** **Fee**: The Offeror will pay to the Joint Dealer Managers on the Settlement Date a fee of €1 for each €1,000 nominal amount of Notes purchased pursuant to the Invitation in respect of the services provided by the Joint Dealer Managers hereunder, such fee to be divided equally between the Joint Dealer Managers.

**6.2** **General Expenses**: Whether or not Notes are offered for sale by Noteholders, the Offeror shall pay or cause to be paid to the Joint Dealer Managers:

**6.3** **Offeror's Expenses**: The Offeror shall be responsible for all of its own fees, expenses and other costs incurred in connection with the Invitation including, without limitation, its own legal fees plus VAT, any accounting and auditors' fees and expenses and any of the items referred to in Clause 6.2.

**6.4** **Payment**: All payments under this Agreement shall be made in accordance with the payment instructions of the Joint Dealer Managers on the due date for payment or within 10 calendar days of the invoice, as the case may be; provided that, subject to making such payment in accordance with the relevant payment instructions, the Offeror shall not be obliged to check the application of such payment as between the Joint Dealer Managers.

**6.5** **Taxes**: All amounts payable under this Agreement are exclusive of VAT, sales and any similar taxes which may be payable on those payments, which will be invoiced to, or otherwise payable by, the Offeror. All payments under this Agreement shall be made in full without set-off, condition, restriction, counterclaim, deduction or withholding, save as required by applicable law. If the Offeror shall be required by applicable law to make any set-off, condition, restriction, counterclaim, deduction or withholding from any payment under this Clause 6, it shall increase any payment due hereunder to such amount as may be necessary to ensure that the Joint Dealer Managers receive and retain (free from any liability in respect of such set-off, condition, restriction, counterclaim, deduction or withholding) a net amount equal to the full amount which it would have received and retained had payment not been made subject to such set-off, condition, restriction, counterclaim, deduction or withholding.

**7.3** **Invitation Materials**: The Tender Offer Memorandum and any Additional Materials prepared by the Offeror:

**7.3.1** comply in all material respects with all applicable requirements of the laws of those jurisdictions in which solicitations of offers to sell are or will be made pursuant to the Invitation;

**7.5** **Stabilisation**: None of the Offeror, its subsidiaries or affiliates has taken (other than as envisaged by, and disclosed in, the Tender Offer Memorandum), directly or indirectly, any action designed to cause or to result in, or that has constituted or that might reasonably be expected to constitute the manipulation of the price of any security of the Issuer to facilitate the Invitation or encourage offers to sell by Noteholders.

**7.6** **Consents**: No consent, approval or authorisation of, or registration, filing or declaration with, any court, regulatory authority, governmental agency or stock exchange or any other person is required in connection with the execution, delivery or performance by the Offeror of this Agreement, the Tender Agent Engagement Letter or in connection with the conduct and consummation of the Invitation (including, without limitation, the distribution of the Tender Offer Memorandum and any Additional Materials), except such as have been received or, as the case may be, will be received prior to the date hereof in accordance with sub-clause 9.1.1 below.

**7.7** **Compliance**: The execution, delivery and performance by the Offeror of this Agreement and the Tender Agent Engagement Letter, the making and consummation of the Invitation and any other transactions relating to the Invitation, and the compliance by the Offeror with the terms of the Invitation and this Agreement and the Tender Agent Engagement Letter do not and will not:

**7.7.1** contravene, result in any breach of, or constitute a default under, any indenture, mortgage, constitutional documents, deed of trust, loan, purchase or credit agreement, lease, corporate charter or by-laws, or any other material agreement or instrument to which the Offeror or Issuer is bound or by which it or any of its properties may be bound;

save where it would not have a material adverse effect on the Company, the Invitation or the enforceability of this Agreement by the Dealer Managers.

The sale of the Securities to the Initial Purchasers will be made without registration of the Securities under the Act in reliance upon exemptions from the registration requirements of the Act.

In connection with the sale of the Securities, the Company has prepared a preliminary offering memorandum, dated March 14, 2013 (as amended or supplemented at the date hereof, including any and all exhibits thereto and any information incorporated by reference therein, collectively, the "Preliminary Memorandum"), and a final offering memorandum, dated March 14, 2013 (as amended or supplemented at the Execution Time, including any and all exhibits thereto and any information incorporated by reference therein, collectively, the "Final Memorandum"). Each of the Preliminary Memorandum and the Final Memorandum sets forth certain information concerning the Company and its subsidiaries and the Securities. (c) None of the Company, any of the Note Guarantors or any person acting on its or their behalf has, directly or indirectly, (i) made offers or sales of any security, or solicited offers to buy, any security under circumstances that would require the registration of the Securities under the Act; or (ii) gave to any prospective purchaser of the Securities any written information concerning the offering of the Securities other than materials contained in the Disclosure Package, the Final Memorandum or any other offering materials prepared by or with the prior written consent of the Representatives.

(d) None of the Company, any of the Note Guarantors or any person acting on its or their behalf has: (i) engaged in any form of general solicitation or general advertising (within the meaning of Regulation D) in connection with any offer or sale of the Securities or (ii) engaged in any directed selling efforts (within the meaning of Regulation S) with respect to the Securities; and each of the Company, the Note Guarantors and each person acting on its or their behalf has complied with the offering restrictions requirement of Regulation S.

(j) The Company and each of the Note Guarantors have been duly organized and are validly existing and, if applicable, in good standing under the laws of the jurisdiction in which they are chartered or organized with power and authority to own or lease, as the case may be, and to operate their properties and conduct their businesses as described in the Disclosure Package and the Final Memorandum, and, if applicable, are duly qualified to do business as

foreign corporations and are in good standing under the laws of each jurisdiction that requires such qualification or such person is subject to no material liability or disability by reason of the failure to be so qualified.

(k) All the outstanding shares of capital stock or other equity interests of the Company have been duly authorized and validly issued and are fully paid and nonassessable, and, except as otherwise set forth in the Disclosure Package and the Final Memorandum, all outstanding shares of capital stock or other equity interests of the Company's significant subsidiaries are owned by the Company either directly or through wholly-owned and majority-owned subsidiaries, free and clear of any security interest, claim, lien or encumbrance, except for the security interest created under the Transaction Security Documents.

(l) (i) The statements in the Disclosure Package and the Final Memorandum under the headings "Important Federal Tax Considerations" and "Description of Notes;" and (ii) the statements in the Disclosure Package and the Final Memorandum under the heading "Regulatory Matters and Legal Proceedings"; insofar as they purport to describe the provisions of the laws and documents referred to therein, fairly summarize the matters therein described in all material respects.

(m) This Agreement has been duly authorized, executed and delivered by the Company and each of the Note Guarantors; the Indenture, including the Guarantees provided for therein by each Note Guarantor, has been duly authorized by the Company and each of the Note Guarantors and, assuming due authorization, execution and delivery thereof by the Trustee, when executed and delivered by the Company and each of the Note Guarantors, will constitute a legal, valid, binding instrument enforceable against the Company and each of the Note Guarantors in accordance with its terms (subject, as to the enforcement of remedies, to applicable bankruptcy, reorganization, insolvency, moratorium or other laws affecting creditors' rights generally from time to time in effect and to general principles of equity); and the Securities have been duly authorized by the Company, and, when executed, authenticated and issued in accordance with the provisions of the Indenture and delivered to and paid for by the Initial Purchasers, will have been duly executed and delivered by the Company and will constitute the legal, valid and binding obligations of the Company entitled to the benefits of the Indenture (subject, as to the enforcement of remedies, to applicable bankruptcy, reorganization, insolvency, moratorium or other laws affecting creditors' rights generally from time to time in effect and to general principles of equity).

(n) As of the Closing Date, the Securities are duly secured by a first-priority security interest in the Collateral on an equal and ratable basis with such indebtedness and securities as are described in the Disclosure Package and the Final Memorandum as being secured by a first-priority security interest in the Collateral; but holding a Security will not grant its holders the right to direct the foreclosure or the right to foreclose on the Collateral.

(o) The shares that constitute the Collateral are fully paid and non assessable and not subject to any option to purchase or similar rights and are free and clear of any lien, pledge, security interest or encumbrance, except for the security interest created or to be created under the Transaction Security Documents or as provided in the New Facilities Agreement. The constitutional documents of the companies whose shares are subject to the Collateral do not and

could not restrict or inhibit any transfer of those shares on creation or enforcement of the Collateral. There are no agreements in force which provide for the issue or allotment of, any share or loan capital of the Company or any of its subsidiaries (including any option or right of pre-emption or conversion) other than (i) pre-emptive rights arising under applicable law in favor of shareholders generally; and (ii) similar rights arising under any obligation in respect of any stock option plan, restricted stock plan or retirement plan which the Company or any of its subsidiaries customarily provides to its employees, consultants and directors.

(p) Under the Transaction Security Documents, the Collateral is granted over all the issued share capital in each of the Company and its subsidiaries whose shares are subject to the Collateral except:

(i) in the case of CEMEX Trademarks Holding Ltd., 0.4326% of the issued share capital, comprised of shares owned by CEMEX, Inc.;

(ii) in the case of each Mexican company whose shares are subject to the Collateral (except in the case of CEMEX México), the single share held by a minority shareholder that is either the Company or any of its subsidiaries;

(iii) in the case of CEMEX México, 0.1200% of the issued share capital, comprised of shares owned by CEMEX, Inc; and

(iv) in the case of CEMEX España:

(A) 0.2444% of the issued share capital, being shares owned by CEMEX España; and

(B) 0.1164% of the issued share capital, being shares owned by Persons that are not subsidiaries or officers of the Company.

(q) No consent, approval, authorization, filing with or order of any court or governmental agency or body is required in connection with the transactions contemplated herein or in the Indenture, except (i) such as may be required under the blue sky laws or any other state or foreign securities laws of any jurisdiction in which the Securities are offered and sold; (ii) for the approval of the Securities for listing on the Irish Stock Exchange; and (iii) for the notice to be given to the Mexican National Banking and Securities Commission ( *Comisión Nacional Bancaria y de Valores*) under Article 7 of the Securities Market Law, in respect of the issuance of the Securities.

(r) None of the execution and delivery of this Agreement, the Indenture, the issuance and sale of the Securities and the Transaction Security Documents or the consummation of any other of the transactions herein or therein contemplated, or the fulfillment of the terms hereof or thereof will conflict with, or result in a breach or violation or imposition of any lien, charge or encumbrance upon any property or assets of the Company or any of its subsidiaries (other than the Collateral), pursuant to (i) the charter or by-laws or comparable constituting documents of the Company or any of its subsidiaries; (ii) the terms of any indenture, contract, lease, mortgage, deed of trust, note agreement, loan agreement or other agreement, obligation, condition, covenant or instrument to which the Company or any of its subsidiaries is a party or

bound or to which its or their property is subject (including the New Facilities Agreement, the Transaction Security Documents and the New Intercreditor Agreement); or (iii) any statute, law, rule, regulation, judgment, order or decree of any court, regulatory body, administrative agency, governmental body, arbitrator or other authority having jurisdiction over the Company or any of its subsidiaries or any of its or their properties, which conflict, breach, violation or imposition would, in the case of clauses (ii) and (iii) above, either individually or in the aggregate with all other conflicts, breaches, violations and impositions referred to in this paragraph (r) (if any), have (x) a Material Adverse Effect (as defined below) or (y) a material adverse effect upon the transactions contemplated herein.

(s) The consolidated historical financial statements and schedules of the Company and its consolidated subsidiaries included or incorporated by reference in the Disclosure Package and the Final Memorandum present fairly in all material respects the financial condition, results of operations and cash flows of the Company and its consolidated subsidiaries as of the dates and for the periods indicated and have been prepared in conformity with IFRS applied on a consistent basis throughout the periods involved (except as otherwise noted therein); the selected financial data set forth under the caption "Selected Consolidated Financial Information" in the Disclosure Package and the Final Memorandum fairly present, on the basis stated in the Disclosure Package and the Final Memorandum, the information included therein.

(t) No action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving the Company or any of its subsidiaries or their respective property is pending or, to the best knowledge of the Company, threatened that (i) could reasonably be expected to have a material adverse effect on the performance of this Agreement, the Indenture and the Transaction Security Documents, or the consummation of any of the transactions contemplated hereby or thereby or (ii) could reasonably be expected to have a material adverse effect on the condition (financial or otherwise), prospects, earnings, business or properties of the Company and its subsidiaries, taken as a whole, whether or not arising from transactions in the ordinary course of business (collectively the events described in (i) and (ii) above, a "Material Adverse Effect"), except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(u) Each of the Company and its subsidiaries owns or leases all such properties as are necessary to the conduct of its operations as presently conducted except (i) for such properties the loss of which would not reasonably be expected to result in a Material Adverse Effect and (ii) as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement after the Execution Time).

(v) Neither the Company nor any of its subsidiaries is in violation or default of (i) any provision of its charter or by-laws or comparable constituting documents; (ii) the terms of any indenture, contract, lease, mortgage, deed of trust, note agreement, loan agreement or other agreement, obligation, condition, covenant or instrument to which it is a party or bound or to which its property is subject (including the New Facilities Agreement, the Transaction Security Documents and the New Intercreditor Agreement); or (iii) any statute, law, rule, regulation, judgment, order or decree applicable to the Company or any of its subsidiaries of any court,

regulatory body, administrative agency, governmental body, arbitrator or other authority having jurisdiction over the Company or any of its subsidiaries or any of their respective properties, as applicable, except for such violations or defaults which, individually or in the aggregate, would not reasonably be expected to have a Material Adverse Effect, and except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(w) KPMG Cárdenas Dosal, S.C., which has audited certain financial statements of the Company and its consolidated subsidiaries and delivered its report with respect to the audited consolidated financial statements incorporated by reference in the Disclosure Package and the Final Memorandum, are independent auditors with respect to the Company in accordance with local auditing standards, which are substantially the same as those contemplated by Rule 10A of the Code of Professional Conduct of the American Institute of Certified Public Accountants.

(x) There are no stamp or other issuance or transfer taxes or duties or other similar fees or charges required to be paid in connection with the execution and delivery of this Agreement or the issuance or sale by the Company of the Securities.

(y) The Company and each of its subsidiaries have filed all applicable tax returns that are required to be filed by them or have requested extensions of the period applicable for the filing of such returns (except in any case in which the failure so to file would not have a Material Adverse Effect and except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time)) and have paid all taxes required to be paid by them and any other assessment, fine or penalty levied against them, to the extent that any of the foregoing is due and payable, except for any such tax, assessment, fine or penalty that is currently being contested in good faith or as would not have a Material Adverse Effect and except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(z) No labor problem or dispute with the employees of the Company or any of its subsidiaries exists or is threatened or imminent, and the Company is not aware of any existing or imminent labor disturbance by the employees of any of its subsidiaries' principal suppliers, contractors or customers, except as would not have a Material Adverse Effect and except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(aa) No subsidiary of the Company is currently prohibited, directly or indirectly, from paying any dividends to the Company, from making any other distribution on such subsidiary's capital stock or ownership interest, from repaying to the Company any loans or advances to such subsidiary from the Company or from transferring any of such subsidiary's property or assets to the Company or any other subsidiary of the Company, except for contractual prohibitions provided in joint venture or shareholders' agreements to which the Company is a party (none of which prohibitions are material individually or in the aggregate), and except as described in or contemplated in the Disclosure Package or the Final Memorandum (in each case, exclusive of any amendment or supplement thereto after the Execution Time).

(bb) The Company and each of its subsidiaries are insured by insurers of recognized financial responsibility against such losses and risks and in such amounts as are prudent and customary in the businesses in which they are engaged; all policies of insurance and fidelity or surety bonds insuring the Company or any of its subsidiaries or any of their respective businesses, assets, employees, officers and directors are in full force and effect; the Company and its subsidiaries are in compliance in all material respects with the terms of such policies and instruments; there are no material claims by the Company or any of its subsidiaries under any such policy or instrument as to which any insurance company is denying liability or defending under a reservation of rights clause; neither the Company nor any of its subsidiaries has been refused any material insurance coverage sought or applied for; and neither the Company nor any of its subsidiaries has reason to believe that it will not be able to renew its existing insurance coverage as and when such coverage expires or to obtain similar coverage from similar insurers as may be necessary to continue its business at a cost that would not have a Material Adverse Effect except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(cc) The Company and each of its subsidiaries possess all licenses, certificates, permits and other authorizations issued by all applicable authorities necessary to conduct their respective businesses, except to the extent that the failure to have such license, certificate, permit or authorization would not reasonably be expected to have a Material Adverse Effect and except, as described in or contemplated in the Disclosure Package or the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time), and neither the Company nor any of its subsidiaries have received any notice of proceedings relating to the revocation or modification of any such certificate, authorization or permit which, singly or in the aggregate, if the subject of an unfavorable decision, ruling or finding, would have a Material Adverse Effect, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(dd) The Company and each of its subsidiaries maintain a system of internal accounting controls sufficient to provide reasonable assurance that (i) transactions are executed in accordance with management's general or specific authorizations; (ii) transactions are recorded as necessary to permit preparation of financial statements in conformity with IFRS and to maintain asset accountability; (iii) access to assets is permitted only in accordance with management's general or specific authorization; and (iv) the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences. The Company and each of its subsidiaries' internal controls over financial reporting are effective, and neither the Company nor any of its subsidiaries is aware of any material weakness in its internal control over financial reporting. The Company and each of its subsidiaries maintains "disclosure controls and procedures" (as such term is defined in Rule 13a-15(e) under the Exchange Act) and such disclosure controls and procedures are effective.

(ee) Each of the Company and its subsidiaries (i) is in compliance with any and all applicable laws and regulations relating to the protection of human health and safety, the environment or hazardous or toxic substances or wastes, pollutants or contaminants ("Environmental Laws"); (ii) has received and is in compliance with all permits, licenses or other approvals required under applicable Environmental Laws to conduct its businesses; and (iii) has not received notice of any actual or potential liability under any Environmental Law, except

where such non-compliance with Environmental Laws, failure to receive required permits, licenses or other approvals, or liability would not, individually or in the aggregate, have a Material Adverse Effect, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time). Except as set forth in the Disclosure Package and the Final Memorandum, neither the Company nor any of its subsidiaries has been named as a "potentially responsible party" under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended.

(ff) In the ordinary course of its business, the Company periodically reviews the effect of Environmental Laws on the business, operations and properties of the Company and its subsidiaries, in the course of which it identifies and evaluates associated costs and liabilities (including, without limitation, any capital or operating expenditures required for clean-up, closure of properties or compliance with Environmental Laws, or any permit, license or approval, any related constraints on operating activities and any potential liabilities to third parties); on the basis of such review, the Company has reasonably concluded that such associated costs and liabilities would not, singly or in the aggregate, have a Material Adverse Effect, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(gg) The operations of the Company and each of its subsidiaries are and have been conducted at all times in compliance with applicable financial recordkeeping and reporting requirements and the money laundering statutes and the rules and regulations thereunder and any related or similar rules, regulations or guidelines, issued, administered or enforced by any governmental agency (collectively, the "Money Laundering Laws") and no action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving the Company or any of its subsidiaries with respect to the Money Laundering Laws is pending or, to the best knowledge of the Company, threatened.

(hh) None of the Company, any of its subsidiaries or, to the knowledge of the Company, any director, officer, agent, employee or Affiliate of the Company or any of its subsidiaries is currently the subject of any sanctions administered by the Office of Foreign Assets Control of the U.S. Department of the Treasury ("OFAC"); and the Company will not directly or indirectly use the proceeds of the offering of the Securities hereunder, or lend, contribute or otherwise make available such proceeds to any subsidiary, joint venture partner or other person or entity, for the purpose of financing the activities of any person currently the subject of any U.S. sanctions administered by OFAC. There is and has been no failure on the part of the Company and or of the Company's directors or officers, in their capacities as such, to comply with any provision of the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated in connection therewith (the "Sarbanes-Oxley Act"), including Section 402 relating to loans and Sections 302 and 906 relating to certifications.

(ii) None of the Company, any of its subsidiaries nor, to the knowledge of the Company, any director, officer, agent, employee or Affiliate of the Company is aware of or has taken any action, directly or indirectly, that would result in a violation by such persons of the Foreign Corrupt Practices Act of 1977, as amended, and the rules and regulations thereunder (the "FCPA"), including, without limitation, making use of the mails or any means or instrumentality

of interstate commerce corruptly in furtherance of an offer, payment, promise to pay or authorization of the payment of any money, or other property, gift, promise to give, or authorization of the giving of anything of value to any "foreign official" (as such term is defined in the FCPA) or any foreign political party or official thereof or any candidate for foreign political office, in contravention of the FCPA; and the Company, its subsidiaries and, to the knowledge of the Company, its Affiliates have conducted their respective businesses in compliance with the FCPA and have instituted and maintain policies and procedures designed to ensure, and which are reasonably expected to continue to ensure, continued compliance therewith.

(jj) On the Closing Date, after giving effect to the offering of the Securities, the Company and its subsidiaries, on a consolidated basis, will be Solvent.

(kk) Any certificate signed by any officer of the Company or the Note Guarantors and delivered to the Representatives or counsel for the Initial Purchasers in connection with the offering of the Securities shall be deemed a representation and warranty by the Company and each of the Note Guarantors, as to matters covered thereby, to each Initial Purchaser.

2. Purchase and Sale. Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company agrees to sell to each Initial Purchaser, and each Initial Purchaser agrees, severally and not jointly, to purchase from the Company, at a purchase price of 99.40% of the principal amount thereof, plus accrued interest, if any, from March 25, 2013 to the Closing Date, the principal amount of Securities set forth opposite such Initial Purchaser's name in Schedule I hereto. The Initial Purchasers may acquire the Securities through any of their Affiliates.

3. Delivery and Payment. Delivery of and payment for the Securities shall be made at 10:00 A.M., New York City time, on March 25, 2013, or at such time on such later date not more than three Business Days after the foregoing date as the Representatives shall designate, which date and time may be postponed by agreement between the Representatives and the Company or as provided in Section 9 hereof (such date and time of delivery and payment for the Securities being herein called the "Closing Date"). Delivery of the Securities shall be made to the Representatives for the respective accounts of the several Initial Purchasers against payment by the several Initial Purchasers through the Representatives of the purchase price thereof to or upon the order of the Company by wire transfer payable in same-day funds to the account specified by the Company. Delivery of the Securities shall be made through the facilities of The Depository Trust Company ("DTC") and any other relevant clearing system unless the Representatives shall otherwise instruct.

4. Offering by Initial Purchasers. (a) Each Initial Purchaser acknowledges that the Securities have not been and will not be registered under the Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Act.

(b) Each Initial Purchaser, severally and not jointly, represents and warrants to and agrees with the Company that:

(i) it has not offered or sold, and will not offer or sell, any Securities within the United States or to, or for the account or benefit of, U.S. persons (x) as part of their distribution at any time or (y) otherwise until 40 days after the later of the commencement of the offering and the date of the closing of the offering except:

(A) to those it reasonably believes to be "qualified institutional buyers" (as defined in Rule 144A under the Act) or

(B) in accordance with Rule 903 of Regulation S;

(ii) neither it nor any person acting on its behalf has made or will make offers or sales of the Securities in the United States by means of any form of general solicitation or general advertising (within the meaning of Regulation D);

(iii) in connection with each sale pursuant to Section 4(b)(i)(A), it has taken or will take reasonable steps to ensure that the purchaser of such Securities is aware that such sale may be made in reliance on Rule 144A;

(vii) it has complied and will comply with the offering restrictions requirement of Regulation S;

(viii) at or prior to the confirmation of sale of Securities (other than a sale of Securities pursuant to Section 4(b)(i)(A) of this Agreement), it shall have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Securities from it during the distribution compliance period (within the meaning of Regulation S) a confirmation or notice to substantially the following effect:

> "The Securities covered hereby have not been registered under the U.S. Securities Act of 1933 (the "Act") and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the date of closing of the offering, except in either case in accordance with Regulation S or Rule 144A under the Act. Terms used in this paragraph have the meanings given to them by Regulation S.";

(ix) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "FSMA")) received by it in connection with the issue or sale of any Securities, in circumstances in which Section 21(1) of the FSMA does not apply to the Company or the Note Guarantors;

(x) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Securities in, from or otherwise involving the United Kingdom; and

For the purposes of this provision, the expression "an offer to the public" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for any Securities, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus

5. Agreements. The Company and the Note Guarantors agree, jointly and severally, in each case with each Initial Purchaser that:

(a) The Company will furnish to each Initial Purchaser and to counsel for the Initial Purchasers, without charge, during the Distribution Period (as defined in Section 5(c) below), as many copies of the materials contained in the Disclosure Package and the Final Memorandum and any amendments and supplements thereto as they may reasonably request.

(b) The Company will prepare a final term sheet, containing solely a description of final terms of the Securities and the offering thereof, in the form approved by you attached as Schedule II hereto (the "Final Term Sheet").

(c) The Company will not amend or supplement the Disclosure Package or the Final Memorandum other than by filing documents under the Exchange Act that are incorporated by reference therein, without the prior written consent of the Representatives, which consent, following the Closing Date, may not be unreasonably withheld; provided, however, that prior to the earlier of (i) the completion of the distribution of the Securities by the Initial Purchasers (as determined by the Representatives and communicated to the Company) and (ii) twelve (12) months after the date of the Final Memorandum (the "Distribution Period"), the Company will not file any document under the Exchange Act that is incorporated by reference in the Disclosure Package or the Final Memorandum unless, prior to such proposed filing, the Company has furnished the Representatives with a copy of such document for their review and the Representatives have not reasonably objected to the filing of such document. The Company will promptly advise the Representatives when any document filed under the Exchange Act that is incorporated by reference in the Disclosure Package or the Final Memorandum shall have been filed with the Commission.

(d) If at any time during the Distribution Period, any event occurs as a result of which the Disclosure Package or the Final Memorandum, as then amended or supplemented, would include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made or the circumstances then prevailing, not misleading, or if it should be necessary to amend or supplement the Disclosure Package or the Final Memorandum to comply with applicable law, the Company will promptly (i) notify the Representatives of any such event; (ii) subject to the requirements of Section 5(c), prepare an amendment or supplement that will correct such statement or omission or effect such compliance; and (iii) supply any supplemented or amended Disclosure Package or Final Memorandum to the several Initial Purchasers and counsel for the Initial Purchasers without charge in such quantities as they may reasonably request.

(e) Without the prior written consent of the Representatives, the Company and each of the Note Guarantors will not give to any prospective purchaser of the Securities any written information concerning the offering of the Securities other than materials contained in the Disclosure Package, the Final Memorandum or any other offering materials prepared by or with the prior written consent of the Representatives.

(f) The Company will arrange, if necessary, for the qualification of the Securities for sale by the Initial Purchasers under the laws of such jurisdictions as the Representatives may designate (including Japan and certain provinces of Canada) and will maintain such qualifications in effect so long as required for the sale of the Securities; provided that in no event shall the Company be obligated to qualify to do business in any jurisdiction where it is not now so qualified or to take any action that would subject it to service of process in suits, other than those arising out of the offering or sale of the Securities, in any jurisdiction where it is not now so subject. The Company and each of the Note Guarantors will promptly advise the Representatives of the receipt by any of them of any notification with respect to the suspension of the qualification of the Securities for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose.

(g) As required under Article 7 of the Mexican Securities Market Law ( *Ley del Mercado de Valores*), the Company will, no later than one Business Day after the Closing Date, notify the Mexican National Banking and Securities Commission ( *Comisión Nacional Bancaria y de Valores*) of the offering of the Securities as described herein and in the Disclosure Package and in the Final Memorandum.

(h) The Company will not, and will not permit any of its Affiliates to, resell any Securities that have been acquired by any of them, except (i) in a transaction registered under the Act or (ii) in a transaction exempt from the registration requirements under the Act if such transaction does not cause the holding periods under Rule 144 under the Act to be extended for other holders of Securities.

(i) None of the Company, its Affiliates, or any person acting on its or their behalf will, directly or indirectly, make offers or sales of any security, or solicit offers to buy any security, under circumstances that would require the registration of the Securities under the Act.

(j) None of the Company, its Affiliates, or any person acting on its or their behalf will engage in any directed selling efforts (within the meaning of Regulation S) with respect to the Securities; and each of them will comply with the offering restrictions requirement of Regulation S.

(k) None of the Company, its Affiliates, or any person acting on its or their behalf will engage in any form of general solicitation or general advertising (within the meaning of Regulation D) in connection with any offer or sale of the Securities in the United States.

(l) For so long as any of the Securities are outstanding and are “restricted securities” within the meaning of Rule 144(a)(3) under the Act, the Company, during any period in which it is not subject to and in compliance with Section 13 or 15(d) of the Exchange Act or it is not exempt from such reporting requirements pursuant to and in compliance with Rule

12g3-2(b) under the Exchange Act, will provide to each holder of such restricted securities and to each prospective purchaser (as designated by such holder) of such restricted securities, upon the request of such holder or prospective purchaser, any information required to be provided by Rule 144A(d)(4) under the Act. This covenant is intended to be for the benefit of the holders, and the prospective purchasers designated by such holders, from time to time of such restricted securities.

(m) The Company will cooperate with the Representatives and use its best efforts to permit the Securities to be eligible for clearance and settlement through DTC, Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, S.A. ("Clearstream"), as applicable, and any other relevant clearing system.

(n) Each of the Securities will bear, to the extent applicable, the legend contained in "Transfer Restrictions" in the Disclosure Package and the Final Offering Memorandum for the time period and upon the other terms stated therein.

(o) Neither the Company nor any of the Note Guarantors will, for a period of 30 days following the Execution Time, without the prior written consent of the Representatives, which consent shall not be unreasonably withheld, offer, sell, contract to sell, pledge or otherwise dispose of or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by the Company or any of the Note Guarantors or any person in privity with the Company or any of the Note Guarantors, directly or indirectly, or announce the offering of, any debt securities in the international capital markets that are issued or guaranteed by the Company or any of the Note Guarantors (other than the Securities); provided, however, that the foregoing will not restrict the ability of the Company or any of the Note Guarantors to offer, sell, contract to sell, pledge or otherwise dispose of or announce an offering of securities, the proceeds of which are used to fund the repurchase or retirement of the CEMEX España Euro Notes, an offer to exchange new securities for the CEMEX España Euro Notes, an offering of *certificados bursátiles* in the local Mexican market and to enter into securitization transactions.

(p) The Company will not take, directly or indirectly, any action designed to, or that has constituted or that might reasonably be expected to, cause or result, under the Exchange Act or otherwise, in stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of the Securities.

(q) The Company will, for a period of twelve months following the Execution Time, furnish to the Representatives (i) all reports or other communications (financial or other) generally made available to its shareholders, and deliver such reports and communications to the Representatives as soon as they are available, unless such documents are furnished to or filed with the Commission or any securities exchange on which any class of securities of the Company is listed and generally made available to the public and (ii) such additional information concerning the business and financial condition of the Company as the Representatives may from time to time reasonably request (such statements to be on a consolidated basis to the extent the accounts of the Company and its subsidiaries are consolidated in reports furnished to its shareholders).

(r) The Company will comply with all applicable securities and other laws, rules and regulations, including, without limitation, the Sarbanes-Oxley Act, and use its best efforts to cause the Company's directors and officers, in their capacities as such, to comply with such laws, rules and regulations, including, without limitation, the provisions of the Sarbanes-Oxley Act.

(s) The Company and the Note Guarantors agree, jointly and severally, to pay the costs and expenses relating to the following matters: (i) the preparation of the Indenture and the issuance of the Securities and the fees of the Trustee; (ii) the preparation, printing or reproduction of the materials contained in the Disclosure Package and the Final Memorandum and each amendment or supplement to either of them; (iii) the printing (or reproduction) and delivery (including postage, air freight charges and charges for counting and packaging) of such copies of the materials contained in the Disclosure Package and the Final Memorandum, and all amendments or supplements to either of them, as may, in each case, be reasonably requested for use in connection with the offering and sale of the Securities; (iv) the preparation, printing, authentication, issuance and delivery of the Securities; (v) any stamp or transfer taxes in connection with the original issuance and sale of the Securities; (vi) the printing (or reproduction) and delivery of this Agreement, any blue sky memorandum and all other agreements or documents printed (or reproduced) and delivered in connection with the offering of the Securities; (vii) any registration or qualification of the Securities for offer and sale under the securities or blue sky laws of the several states, Japan, the provinces of Canada and any other jurisdictions specified pursuant to Section 5(f) (including filing fees and the reasonable fees and expenses of counsel for the Initial Purchasers relating to such registration and qualification); (viii) the transportation and other expenses incurred by or on behalf of each of the Company's representatives in connection with presentations to prospective purchasers of the Securities; (ix) the fees and expenses of the Company's accountants and the fees and expenses of counsel (including local and special counsel) for the Company and the Note Guarantors; (x) fees and expenses incurred in connection with listing the Securities on the Irish Stock Exchange; (xi) the fees and expenses incurred in connection with the rating of the Securities by Standard & Poor's and Fitch Ratings; and (xii) all other costs and expenses incident to the performance by the Company and the Note Guarantors of their obligations hereunder.

(t) The Company and the Note Guarantors agree, jointly and severally, to reimburse the Representatives, on behalf of the Initial Purchasers, for all their reasonable expenses incurred in connection with the sale of the Securities provided for herein (including, without limitation, reasonable fees, disbursements and expenses of legal advisors as to U.S. and Mexican law for the Initial Purchasers). The reimbursement obligations of the Company and the Note Guarantors in respect of the legal advisors for the Initial Purchasers pursuant to this Section 5(s) and Section 7 hereof will be limited to U.S.$250,000 (excluding reimbursements in respect of disbursements and expenses of such legal advisors).

(u) The Company will apply the aggregate net proceeds from the offering of the Securities in the manner specified in the Disclosure Package and the Final Memorandum under the heading "Use of Proceeds".

6. Conditions to the Obligations of the Initial Purchasers. The obligations of the Initial Purchasers to purchase the Securities shall be subject to the accuracy of the representations and warranties of the Company and the Note Guarantors contained herein at the

Execution Time and the Closing Date, to the accuracy of the statements of the Company and the Note Guarantors made in any certificates pursuant to the provisions hereof, to the performance by the Company and the Note Guarantors to their respective obligations hereunder and to the following additional conditions:

(a) The Company shall have requested and caused Skadden, Arps, Slate, Meagher & Flom LLP, special U.S. counsel for the Company, to furnish to the Representatives its opinion, tax opinion and negative assurance letter, each dated as of the Closing Date and addressed to the Representatives, substantially in the form of Schedule III attached hereto.

(h) The Company shall have requested and caused Arthur Cox, special Irish counsel for the Company, to furnish such opinion or opinions, dated the Closing Date, providing,

among other related matters as the Representatives may reasonably require, that the issuance and sale of the Securities as provided in the Disclosure Package and the Final Memorandum, constitutes a public offering under the laws of the Republic of Ireland, and the Company shall have furnished to such counsel such documents as they request for the purpose of enabling them to pass upon such matters; provided, however, that prior to the delivery of such opinion on the Closing Date, the Representatives agree that one of them shall furnish a representation letter to Arthur Cox to the effect that it has offered the Securities to a number of investors in the Republic of Ireland.

(i) The Representatives shall have received from Cleary Gottlieb Steen & Hamilton LLP and Ritch Mueller, S.C., counsel for the Initial Purchasers, such opinion or opinions, dated the Closing Date and addressed to the Representatives, with respect to the issuance and sale of the Securities, the Indenture, the Disclosure Package, the Final Memorandum (as amended or supplemented as of the Closing Date) and other related matters as the Representatives may reasonably require, and the Company and the Note Guarantors shall have furnished to such counsel such documents as they request for the purpose of enabling them to pass upon such matters.

(j) The Company and each Note Guarantor shall have furnished to the Representatives a certificate, signed by an executive officer of each of the Company and the Note Guarantors, dated as of the Closing Date, substantially in the form of Schedule X attached hereto.

(k) At the Execution Time and at the Closing Date, the Company shall have requested and caused KPMG Cárdenas Dosal, S.C. to furnish to the Representatives, letters, dated respectively as of the Execution Time and as of the Closing Date, substantially in the form of Schedule XI attached hereto.

(l) Any and all applicable amendments, supplements or modifications to the New Facilities Agreement, any of the Transaction Security Documents, the New Intercreditor Agreement and any other documents derived therefrom and in connection therewith, as applicable, shall have been made and shall constitute legal, valid and binding obligations to each party thereof.

(m) The Trustee shall be entitled to all rights and benefits provided in the New Intercreditor Agreement as an Additional Notes Trustee (as such term is defined in the New Intercreditor Agreement) and the Initial Purchasers, and/or each of the subsequent holders of the Securities, shall be entitled to all rights and benefits provided therein as Additional Notes Creditors (as such term is defined in the New Intercreditor Agreement).

(n) Subsequent to the Execution Time or, if earlier, the dates as of which information is given in the Disclosure Package (exclusive of any amendment or supplement thereto after the Execution Time) and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time), there shall not have been (i) any change, increase or decrease specified in the letter or letters referred to in paragraph (k) of this Section 6; or (ii) any change, or any development involving a prospective change, in or affecting the condition (financial or otherwise), prospects, earnings, business or properties

of the Company and its subsidiaries taken as a whole, whether or not arising from transactions in the ordinary course of business, except as set forth in or contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time), the effect of which, in any case referred to in clause (i) or (ii) above, is, in the sole judgment of the Representatives, so material and adverse as to make it impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

(o) The Securities shall be eligible for clearance and settlement through DTC, Euroclear and Clearstream, as applicable, and any other relevant clearing system.

(p) Subsequent to the Execution Time, there shall not have been any decrease in the rating of any of the Company's or any of its subsidiaries' debt securities by Standard & Poor's and Fitch Ratings or any notice given of any intended or potential decrease in any such rating. For the avoidance of doubt, any reiteration or reissuance of the outlook of a rating agency that was in place at the Execution Time shall not be considered a notice of an intended or potential decrease in a rating.

(q) Prior to the Closing Date, the Company and the Note Guarantors shall have furnished to the Representatives such further information, certificates and documents as the Representatives may reasonably request.

If any of the conditions specified in this Section 6 shall not have been fulfilled when and as provided in this Agreement, or if any of the opinions and certificates mentioned above or elsewhere in this Agreement shall not be reasonably satisfactory in form and substance to the Representatives and counsel for the Initial Purchasers, this Agreement and all obligations of the Initial Purchasers hereunder may be cancelled at, or at any time prior to, the Closing Date by the Representatives. Notice of such cancellation shall be given to the Company in writing or by telephone or facsimile confirmed in writing.

The documents required to be delivered under this Section 6 will be delivered at the office of counsel for the Initial Purchasers, at Cleary Gottlieb Steen & Hamilton LLP, One Liberty Plaza, New York, New York, 10006, Attention: Duane McLaughlin, Esq., on the Closing Date.

7. Reimbursement of Expenses. If the sale of the Securities provided for herein is not consummated because any condition to the obligations of the Initial Purchasers set forth in Section 6 hereof is not satisfied, because of any termination pursuant to Section 10 hereof or because of any refusal, inability or failure on the part of the Company or the Note Guarantors to perform any agreement herein or comply with any provision hereof other than by reason of a default by any of the Initial Purchasers, the Company and the Note Guarantors, jointly and severally, agree to reimburse the Initial Purchasers through the Representatives on demand for all expenses (including reasonable fees and disbursements of counsel) that shall have been incurred by them in connection with the proposed purchase and sale of the Securities.

8. Indemnification and Contribution. (a) The Company and the Note Guarantors, jointly and severally, agree to indemnify and hold harmless each Initial Purchaser, the directors, officers, employees, Affiliates and agents of each Initial Purchaser and each person who controls any Initial Purchaser within the meaning of either the Act or the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Act, the Exchange Act or other U.S. federal or state statutory law or regulation, at common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Preliminary Memorandum, the Final Term Sheet, the Final Memorandum, any Issuer Written Information, or any other written information, including any non-deal and deal road show presentations (electronic or otherwise) used by or on behalf of the Company in connection with the offer or sale of the Securities, or in any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and agrees to reimburse each such indemnified party, as incurred, for any legal or other expenses reasonably incurred by it in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that neither the Company nor any of the Note Guarantors will be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon any such untrue statement or alleged untrue statement or omission or alleged omission made in the Preliminary Memorandum, the Final Term Sheet or the Final Memorandum, or in any amendment thereof or supplement thereto, in reliance upon and in conformity with the written information provided in section 8(b) hereof furnished to the Company by or on behalf of any Initial Purchaser through the Representatives specifically for inclusion therein. This indemnity agreement will be in addition to any liability that the Company or any of the Note Guarantors may otherwise have.

(b) Each Initial Purchaser severally, and not jointly, agrees to indemnify and hold harmless the Company, each of its directors, each of its officers, and each person who controls the Company within the meaning of either the Act or the Exchange Act, to the same extent as the foregoing indemnity to each Initial Purchaser, but only with reference to written information relating to such Initial Purchaser furnished to the Company by or on behalf of such Initial Purchaser through the Representatives specifically for inclusion in the Preliminary Memorandum or the Final Memorandum (or in any amendment or supplement thereto). This indemnity agreement will be in addition to any liability that any Initial Purchaser may otherwise have. The Company acknowledges that (i) the statements set forth in the last paragraph of the cover page regarding delivery of the Securities and (ii) under the heading “Plan of Distribution,” (A) the table of Initial Purchasers, and (B) the ninth and tenth paragraphs in the Disclosure Package and the Final Memorandum constitute the only information furnished in writing by or on behalf of the Initial Purchasers for inclusion in the Disclosure Package or the Final Memorandum or in any amendment or supplement thereto.

(c) Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action, such indemnified party will, if a claim in respect thereof is to be made against the indemnifying party under this Section 8, notify the indemnifying party in writing of the commencement thereof; but the failure so to notify the indemnifying party (i) will not relieve it from liability under paragraph (a) or (b) above unless and to the extent it did not

otherwise learn of such action and such failure results in the forfeiture by the indemnifying party of substantial rights and defenses and (ii) will not, in any event, relieve the indemnifying party from any obligations to any indemnified party other than the indemnification obligation provided in paragraph (a) or (b) above. The indemnifying party shall be entitled to appoint counsel (including local counsel) of the indemnifying party's choice at the indemnifying party's expense to represent the indemnified party in any action for which indemnification is sought (in which case the indemnifying party shall not thereafter be responsible for the fees and expenses of any separate counsel, other than local counsel if not appointed by the indemnifying party, retained by the indemnified party or parties except as set forth below); provided, however, that such counsel shall be satisfactory to the indemnified party. Notwithstanding the indemnifying party's election to appoint counsel (including local counsel) to represent the indemnified party in an action, the indemnified party shall have the right to employ separate counsel (including local counsel), and the indemnifying party shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the use of counsel chosen by the indemnifying party to represent the indemnified party would present such counsel with a conflict of interest; (ii) the actual or potential defendants in, or targets of, any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it that are different from or additional to those available to the indemnifying party and/or other indemnified parties; (iii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of the institution of such action; or (iv) the indemnifying party shall authorize the indemnified party to employ separate counsel at the expense of the indemnifying party. If none of the conditions in clauses (i) through (iv) in the preceding sentence are satisfied as to any indemnified party, it is understood that the indemnifying party shall, in connection with any one such action be liable for the reasonable fees and expenses of only one separate firm of attorneys in each jurisdiction (and in addition to any local counsel) at any time (other than reasonable overlapping of engagements) for all such indemnified parties. An indemnifying party will not, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified parties are actual or potential parties to such claim or action) unless such settlement, compromise or consent includes an unconditional release of each indemnified party from all liability arising out of such claim, action, suit or proceeding and does not include any statement as to any admission of fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) In the event that the indemnity provided in paragraph (a) or (b) of this Section 8 is unavailable to, or insufficient to hold harmless, an indemnified party for any reason, the Company and each Note Guarantor, severally and jointly, and the Initial Purchasers, severally, agree to contribute to the aggregate losses, claims, damages and liabilities (including legal or other expenses reasonably incurred in connection with investigating or defending any loss, claim, damage, liability or action) (collectively "Losses") to which the Company, the Note Guarantors and one or more of the Initial Purchasers may be subject in such proportion as is appropriate to reflect the relative benefits received by the Company and the Note Guarantors on the one hand and by the Initial Purchasers on the other from the offering of the Securities; provided, however, that in no case under this paragraph (d) shall any Initial Purchaser be responsible for any amount in excess of the purchase discount or commission applicable to the

Securities purchased by such Initial Purchaser hereunder. If the allocation provided by the immediately preceding sentence is unavailable for any reason, the Company and the Note Guarantors, jointly and severally, and the Initial Purchasers, severally, shall contribute in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company and the Note Guarantors on the one hand and the Initial Purchasers on the other in connection with the statements or omissions that resulted in such Losses, as well as any other relevant equitable considerations. Benefits received by the Company and the Note Guarantors shall be deemed to be equal to the total net proceeds from the offering (before deducting expenses) received by it, and benefits received by the Initial Purchasers shall be deemed to be equal to the total purchase discounts and commissions. Relative fault shall be determined by reference to, among other things, whether any untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information provided by the Company and the Note Guarantors on the one hand or the Initial Purchasers on the other, the intent of the parties and their relative knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. The Company, the Note Guarantors and the Initial Purchasers agree that it would not be just and equitable if contribution were determined by pro rata allocation or any other method of allocation that does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this paragraph (d), no person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 8, each person who controls an Initial Purchaser within the meaning of either the Act or the Exchange Act and each director, officer, employee, Affiliate and agent of an Initial Purchaser shall have the same rights to contribution as such Initial Purchaser, and each person who controls the Company and the Note Guarantors within the meaning of either the Act or the Exchange Act and each officer and director of the Company and the Note Guarantors shall have the same rights to contribution as the Company and the Note Guarantors, subject in each case to the applicable terms and conditions of this paragraph (d).

9. Default by an Initial Purchaser. If any one or more Initial Purchasers shall fail to purchase and pay for any of the Securities agreed to be purchased by such Initial Purchaser hereunder and such failure to purchase shall constitute a default in the performance of its or their obligations under this Agreement, the remaining Initial Purchasers shall be obligated severally to take up and pay for (in the respective proportions which the principal amount of Securities set forth opposite their names in Schedule I hereto bears to the aggregate principal amount of Securities set forth opposite the names of all the remaining Initial Purchasers) the Securities which the defaulting Initial Purchaser or Initial Purchasers agreed but failed to purchase; provided, however, that in the event that the aggregate principal amount of Securities which the defaulting Initial Purchaser or Initial Purchasers agreed but failed to purchase shall exceed 10% of the aggregate principal amount of Securities set forth in Schedule I hereto, the remaining Initial Purchasers shall have the right to purchase all, but shall not be under any obligation to purchase any, of the Securities, and if such non-defaulting Initial Purchasers do not purchase all the Securities, this Agreement will terminate without liability to any non-defaulting Initial Purchaser or the Company. In the event of a default by any Initial Purchaser as set forth in this Section 9, the Closing Date shall be postponed for such period, not exceeding five Business Days, as the Representatives and the Company shall determine in order that the required changes in the Final Memorandum or in any other documents or arrangements may be effected. Nothing

contained in this Agreement shall relieve any defaulting Initial Purchaser of its liability, if any, to the Company or any non-defaulting Initial Purchaser for damages occasioned by its default hereunder.

10. Termination. This Agreement shall be subject to termination in the absolute discretion of the Representatives, by notice given to the Company prior to the time of delivery of, and payment for, the Securities, if at any time prior to such time (i) trading in securities generally on the Mexican Stock Exchange (*Bolsa Mexicana de Valores, S.A.B. de C.V.*) or the New York Stock Exchange shall have been suspended or limited or minimum prices shall have been established on either such exchange; (ii) a banking moratorium shall have been declared either by Mexican, U.S. federal or New York State authorities; or (iii) there shall have occurred any outbreak or escalation of hostilities, declaration by Mexico or the United States of a national emergency or war or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Representatives, impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated in the Disclosure Package and the Final Memorandum (exclusive of any amendment or supplement thereto after the Execution Time).

11. Representations and Indemnities to Survive. The respective agreements, representations, warranties, indemnities and other statements of the Company, the Note Guarantors or their respective officers and of the Initial Purchasers set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation made by or on behalf of the Initial Purchasers or the Company or the Note Guarantors or any of the indemnified persons referred to in Section 8 hereof, and will survive delivery of and payment for the Securities. The provisions of Sections 7 and 8 hereof shall survive the termination or cancellation of this Agreement.

13. Successors. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the indemnified persons referred to in Section 8 hereof and their respective successors, and, except as expressly set forth in Section 5(k) hereof, no other person will have any right or obligation hereunder.

14. Jurisdiction. Each of the parties hereto agrees that any suit, action or proceeding arising out of or based upon this Agreement or the transactions contemplated hereby shall be instituted in any State or U.S. federal court in The City of New York and County of New York or in the courts of its own domicile in respect of actions brought against such party as a defendant, and waives any objection which it may now or hereafter have to the laying of venue of any such proceeding, and irrevocably submits to the jurisdiction of such courts in any suit, action or proceeding and waives the right to any other jurisdiction that it may be entitled to by reason of its present or future domicile or other reason. Each of the Company and the Note Guarantors (other than CEMEX Corp.) hereby appoints CEMEX NY Corporation, 590 Madison Avenue, 41st Floor, New York, NY 10022, as its authorized agent (the "Authorized Agent") upon whom process may be served in any suit, action or proceeding arising out of or based upon this Agreement or the transactions contemplated herein that may be instituted in any of such courts. Each of the parties appointing the Authorized Agent as provided herein hereby represents and warrants that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Company agrees to take, and have each of the Note Guarantors (other than CEMEX Corp.) take, any and all action, including the execution and filing of any and all documents that may be necessary to continue such appointment in full force and effect as aforesaid. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon each of the Note Guarantors (other than CEMEX Corp.).

15. Integration. This Agreement supersedes all prior agreements and understandings (whether written or oral) between the Company and the Initial Purchasers, or any of them, with respect to the subject matter hereof.

16. Applicable Law. This Agreement, and any claim, controversy or dispute relating to or arising out of this Agreement, will be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed within the State of New York.

17. Waiver of Jury Trial. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or the transactions contemplated hereby.

18. No Fiduciary Duty. Each of the Company and the Note Guarantors hereby acknowledges that (a) the purchase and sale of the Securities pursuant to this Agreement is an arm's-length commercial transaction between the Company and the Note Guarantors, on the one hand, and the Initial Purchasers and any Affiliates through which they may be acting, on the other, (b) the Initial Purchasers are acting as principal and not as an agent or fiduciary of the Company or the Note Guarantors and (c) each of the Company's and the Note Guarantors' engagement of the Initial Purchasers in connection with the offering and the process leading up to the offering is as independent contractors and not in any other capacity. Furthermore, each of the Company and the Note Guarantors agrees that it is solely responsible for making its own judgments in connection with the offering (irrespective of whether any of the Initial Purchasers has advised or is currently advising the Company or the Note Guarantors on related or other matters). Each of the Company and the Note Guarantors agrees that it will not claim that the Initial Purchasers have rendered advisory services of any nature or respect, or owe an agency, fiduciary or similar duty to the Company or the Note Guarantors, in connection with such transaction or the process leading thereto.

19. Currency. Each reference in this Agreement to U.S. dollars (the "relevant currency"), including by use of the symbol "U.S.$", is of the essence. To the fullest extent permitted by law, the obligation of the parties in respect of any amount due under this Agreement will, notwithstanding any payment in any other currency (whether pursuant to a judgment or otherwise), be discharged only to the extent of the amount in the relevant currency that the party entitled to receive such payment may, in accordance with its normal procedures, purchase with the sum paid in such other currency (after any premium and costs of exchange) on the Business Day immediately following the day on which such party receives such payment. If the amount in the relevant currency that may be so purchased for any reason falls short of the amount originally due, the obligated party will pay such additional amounts, in the relevant currency, as may be necessary to compensate for the shortfall. Any obligation of the obligated party not discharged by such payment will, to the fullest extent permitted by applicable law, be due as a separate and independent obligation and, until discharged as provided herein, will continue in full force and effect.

20. Waiver of Immunity. To the extent that the Company or any of the Note Guarantors has or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Company and each of the Note Guarantors hereby irrevocably waives and agrees not to plead or claim such immunity in respect of its obligations under this Agreement.

21. Waiver of Tax Confidentiality. Notwithstanding anything herein to the contrary, purchasers of the Securities (and each employee, representative or other agent of a purchaser) may disclose to any and all persons, without limitation of any kind, the U.S. tax treatment and U.S. tax structure of any transaction contemplated herein and all materials of any kind (including opinions or other tax analyses) that are provided to the purchasers of the

Securities relating to such U.S. tax treatment and U.S tax structure, other than any information for which nondisclosure is reasonably necessary in order to comply with applicable securities laws.

22. Taxes. Each payment of fees or other amounts due to the Initial Purchasers under this Agreement shall, except as required by applicable law, be made without withholding or deduction for or on account of any taxes imposed by any jurisdiction. If any taxes are required to be withheld or deducted from any such payment, the Company and the Note Guarantors shall, jointly and severally, pay such additional amounts as may be necessary to ensure that the net amount actually received by the Initial Purchasers after such withholding or deduction is equal to the amount that the Initial Purchasers would have received had no such withholding or deduction been required. At the reasonable request of the Initial Purchasers, the Company shall provide evidence of payment of taxes when due.

23. Counterparts. This Agreement may be signed in one or more counterparts, each of which shall constitute an original and all of which together shall constitute one and the same agreement.

(b) if interest on any Indebtedness actually Incurred on such date of determination may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rates, then the interest rate in effect on such date of determination will be deemed to have been in effect during the Four Quarter Period; and

The Notes will initially be issued as one or more Global Notes in fully registered form without interest coupons, and only in denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. Each such Global Note shall constitute a single Note for all purposes under this Indenture. Certificated Notes, if issued pursuant to the terms hereof, will be issued in fully registered certificated form without coupons. The Notes may only be issued in definitive fully registered form without coupons and only in denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. The Notes and the Trustee's certificate of authentication shall be substantially in the form of Exhibit A hereto.

(b) The terms and provisions of the Notes, the form of which is in Exhibit A hereto, shall constitute, and are hereby expressly made, a part of this Indenture, and, to the extent applicable, the Issuer, the Note Guarantors and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. Except as otherwise expressly permitted in this Indenture, all Notes (including Additional Notes) shall be identical in all respects. Notwithstanding any differences among them, all Notes issued under this Indenture shall vote and consent together on all matters as one class and are otherwise treated as a single issue of securities.

Unless limited by the terms of its appointment, an Authenticating Agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by an Authenticating Agent.

(c) At any time and from time to time after the execution and delivery of this Indenture, the Trustee shall authenticate and make available for delivery Notes upon a written order of the Issuer signed by an Officer of the Issuer (the " Issuer Order"). An Issuer Order shall specify the amount of the Notes to be authenticated and the date on which the original issue of Notes is to be authenticated.

If the Issuer or an Affiliate of the Issuer acts as Paying Agent, it shall segregate the money held by it as Paying Agent and hold it as a separate trust fund. The Issuer at any time may require a Paying Agent (other than the Trustee) to pay all

money held by it to the Trustee and to account for any funds disbursed by such Paying Agent. Upon complying with this Section 2.4, the Paying Agent (if other than the Issuer or any Affiliate of the Issuer) shall have no further liability for the money delivered to the Trustee. Upon any proceeding under any Bankruptcy Law with respect to the Issuer or any Affiliate of the Issuer, if the Issuer or such Affiliate is then acting as Paying Agent, the Trustee shall replace the Issuer or such Affiliate as Paying Agent.

Notwithstanding the foregoing, nothing herein shall (i) prevent the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar or any of their respective agents from giving effect to any written certification, proxy or other authorization furnished by DTC or (ii) impair, as between DTC and its Agent Members, the operation of customary practices of DTC governing the exercise of the rights of an owner of a beneficial interest in any Global Note. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.

The rights of beneficial owners in any Global Note shall be exercised only through DTC, subject to the applicable rules and procedures of DTC. The Trustee may rely and shall be fully protected in relying upon information furnished by DTC with respect to its Agent Members and any beneficial owners.

(ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

(i) the requirements of Section 8-405 of the Uniform Commercial Code are met,

(ii) the Holder satisfies any other reasonable requirements of the Trustee, and

(iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes. Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation. The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of cancelled Notes in accordance with its policy of disposal or upon written request of the Issuer, return to the Issuer all Notes surrendered for registration of transfer, exchange, payment or cancellation. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest. When any installment of interest becomes overdue (a "Defaulted Interest"), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a " Special Record Date"), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register, not less than ten (10) calendar days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the

proposed payment pursuant to this Section 2.13(b), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register.

Section 2.14 Additional Notes.

(a) The Issuer may, from time to time, subject to compliance with any other applicable provisions of this Indenture, without the consent of the Holders, create and issue pursuant to this Indenture additional notes (" Additional Notes") that shall have terms and conditions identical to those of the other Outstanding Notes, except with respect to:

(i) the Issue Date;

(ii) the amount of interest payable on the first Interest Payment Date therefor;

(iii) the issue price; and

(iv) any adjustments necessary in order to conform to and ensure compliance with the Securities Act (or other applicable securities laws) and any agreement applicable to such Additional Notes, which are not adverse in any material respect to the Holder of any Outstanding Notes (other than such Additional Notes).

The Notes issued on the Issue Date and any Additional Notes shall be treated as a single series for all purposes under this Indenture; *provided*, that the Issuer may use different CUSIP or other similar numbers among Issue Date Notes and among Additional Notes to the extent required to comply with securities or tax law requirements, including to permit delegending pursuant to Section 2.9(h).

(b) With respect to any Additional Notes, the Issuer will set forth in an Officer's Certificate of the Issuer (the " Additional Note Certificate"), copies of which will be delivered to the Trustee, the following information:

(i) the aggregate principal amount of such Additional Notes to be authenticated and delivered pursuant to this Indenture;

(ii) the Issue Date and the issue price of such Additional Notes; *provided*, that no Additional Notes may be issued at a price that would cause such Additional Notes to have "original issue discount" within the meaning of Section 1273 of the Code, unless such Additional Notes have a separate CUSIP or other similar number from other Notes; and

(iii) whether such Additional Notes will be subject to transfer restrictions under the Securities Act (or other applicable securities laws).

ARTICLE III

COVENANTS

Section 3.1 Payment of Notes.

(a) The Issuer shall pay the principal of and interest (including Defaulted Interest) on the Notes in U.S. Legal Tender on the dates and in the manner provided in the Notes and in this Indenture. Prior to 10:00 a.m. New York City time, on the Business Day prior to each Interest Payment Date and the Maturity Date, the Issuer shall deposit with the Paying Agent in immediately available funds U.S. Legal Tender sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 10:00 a.m. New York City time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust U.S. Legal Tender, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture U.S. Legal Tender designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) The Issuer hereby instructs the Trustee to establish an "Issue Date Note Account" for reception of the interest and principal payments for the Issue Date Notes.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation; *provided*, *however*, that no such designation or rescission shall in any manner relieve the Issuer of its obligation to maintain an office or agency in the City of New York for such purposes. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Issuer will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Issuer or any Restricted Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Issuer or any Restricted Subsidiary and (ii) all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Issuer or any Restricted Subsidiary; *provided*, *however*, that the Issuer shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer), are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein,

wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) Upon the occurrence of a Change of Control, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon through the date of purchase (the "Change of Control Payment").

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer must send, by first-class mail, a notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a " Change of Control Offer"). The Change of Control Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided*, that each new Note shall be in a minimum principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be cancelled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

(i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or

(ii) notice of redemption has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws and regulations in connection with the purchase of Notes in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness .

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any of the Note Guarantors may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Issuer is greater than or equal to 2.0 to 1.0.

(v) intercompany Indebtedness between the Issuer and any Restricted Subsidiary or between any Restricted Subsidiaries; *provided*, that in the event that at any time any such Indebtedness ceases to be held by the Issuer or a Restricted Subsidiary, such Indebtedness shall be deemed to be Incurred and not permitted by this clause (v) at the time such event occurs;

(viii) Refinancing Indebtedness in respect of:

(A) Indebtedness (other than Indebtedness owed to the Issuer or any Subsidiary of the Issuer) Incurred pursuant to clause (a) above (it being understood that no Indebtedness outstanding on the Issue Date is Incurred pursuant to such clause (a) above), or

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

(i) The Issuer shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.

(ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to and in compliance with this Section 3.9, the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP. (iii) For purposes of determining compliance with this Section 3.9, the principal amount of Indebtedness denominated in foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided*, that if such Indebtedness is Incurred to refinance other Indebtedness denominated in foreign currency, and such refinancing would cause the applicable restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such

Indebtedness being refinanced. Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

(iv) For purposes of determining compliance with this Section 3.9:

(A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including, without limitation, in Section 3.9(a), the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and

(B) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

- issuance and sale subsequent to the Issue Date (and, in the case of Indebtedness of a Restricted Subsidiary, at such time as it was a Restricted Subsidiary) of any Indebtedness for borrowed money of the Issuer or any Restricted Subsidiary that has been converted into or exchanged for Qualified Capital Stock of the Issuer,

excluding, in each case, any net cash proceeds:

- received from a Subsidiary of the Issuer;

(A) in exchange for Qualified Capital Stock of the Issuer, or

(B) through the application of the net cash proceeds received by the Issuer from a substantially concurrent sale of Qualified Capital Stock of the Issuer or a contribution to the equity capital of the Issuer not representing an interest in Disqualified Capital Stock, in each case not received from a Subsidiary of the Issuer;

*provided*, that the value of any such Qualified Capital Stock issued in exchange for such acquired Capital Stock and any such net cash proceeds shall be excluded from Section 3.11(a)(iv)(C)(2) (and were not included therein at any time);

(ix) recapitalization of earnings on or in respect of the Qualified Capital Stock of the Issuer pursuant to which additional Qualified Capital Stock of the Issuer or the right to subscribe for additional Capital Stock of the Issuer is issued to the existing shareholders of the Issuer on a *pro rata* basis (which, for the avoidance of doubt, shall not allow any payment in cash to be made in respect of Qualified Capital Stock of the Issuer pursuant to this clause (ix)); and

(x) so long as (A) no Default or Event of Default shall have occurred and be continuing (or result therefrom) and (B) the Issuer could Incur at least U.S.$1.00 of additional Debt pursuant to Section 3.9(a), payment of any dividends on Capital Stock (other than Disqualified Capital Stock) of the Issuer in an aggregate amount which, when taken together with all dividends paid pursuant to this clause (x), does not exceed U.S.$50 million in any calendar year; *provided*, that such dividends shall be included in the calculation of the amount of Restricted Payments.

(xi) [Reserved]

Section 3.12 Limitation on Asset Sales.

(a) The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(i) the Issuer or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and

(ii) other than in respect of Permitted Asset Swap Transactions, at least 80% of the consideration received for the assets sold by the Issuer or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided*, *however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:

(A) the assumption of Indebtedness (other than Subordinated Indebtedness) of the Issuer or any Restricted Subsidiary and the release of the Issuer or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Sale;

(B) any securities, notes or obligation received by the Issuer or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Issuer or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;

(C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and

(D) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Issuer calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Issuer or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

(i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or

(ii) purchase:

(A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Issuer or any Restricted Subsidiary in a Permitted Business, or

(B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Issuer and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of Section 3.12(b), the Issuer will make an offer to purchase Notes (the "Asset Sale Offer"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to the date of purchase (the " Asset Sale Offer Amount"). The Issuer will purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at the Issuer's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Issuer to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Issuer may satisfy its obligations under this Section 3.12 with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Issuer may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.$100 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.$100 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be mailed first class, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Issuer shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days

nor later than 60 days from the date the notice is mailed, other than as may be required by law (the " Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part, in minimum denominations of U.S.$200,000 and in any integral multiples of U.S.$1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Issuer shall, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net Cash Proceeds, the Issuer shall purchase the Notes and the other Senior Indebtedness on a *pro rata* basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be cancelled and cannot be reissued.

(i) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Issuer shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the "Asset Sale" provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Issuer may use any remaining Net Cash Proceeds for general corporate purposes of the Issuer and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Issuer and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Issuer shall be deemed to have sold the properties and assets of the Issuer and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as

if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Issuer or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Issuer or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 Limitation on the Ownership of Capital Stock of Restricted Subsidiaries. The Issuer shall not permit any Person other than the Issuer or another Restricted Subsidiary to, directly or indirectly, own or control any Capital Stock of any Restricted Subsidiary, except for:

(i) Capital Stock owned by such Person on the Issue Date;

(ii) directors' qualifying shares;

(iii) the sale or Disposition of 100% of the shares of the Capital Stock of any Restricted Subsidiary held by the Issuer and its Restricted Subsidiaries to any Person other than the Issuer or another Restricted Subsidiary effected in accordance with, as applicable, Section 3.12 and Article IV;

(iv) in the case of a Restricted Subsidiary other than a Restricted Subsidiary that is a Wholly Owned Subsidiary,

(A) the issuance by that Restricted Subsidiary of Capital Stock on a *pro rata* basis to the Issuer and its Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of such Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder); or

(B) sales, transfers and other dispositions of Capital Stock in a Restricted Subsidiary to the extent required by, or made pursuant to, buy/sell, put/call or similar shareholder arrangements set forth in binding agreements in effect on the Issue Date; and

(v) the sale of Capital Stock of a Restricted Subsidiary by the Issuer or another Restricted Subsidiary or the sale or issuance by a Restricted Subsidiary of its newly-issued Capital Stock if such sale or issuance is made in compliance with Section 3.12 and either:

(A) such Restricted Subsidiary is no longer a Subsidiary, and the continuing Investment of the Issuer and its Restricted Subsidiaries in such former Restricted Subsidiary is in compliance with Section 3.11, or

(B) such Restricted Subsidiary continues to be a Restricted Subsidiary.

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries .

(a) The Issuer may designate after the Issue Date any Subsidiary of the Issuer other than a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Issuer or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18;

(ii) at the time of and after giving effect to such Designation, the Issuer could Incur U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a);

(iii) the Issuer would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation) as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Issuer's Investment in such Subsidiary on such date; and

(iv) the terms of any Affiliate Transaction existing on the date of such Designation between the Subsidiary being designated (and its Subsidiaries) and the Issuer or any Restricted Subsidiary would be permitted under Section 3.18 if entered into immediately following such Designation.

(b) Neither the Issuer nor any Restricted Subsidiary shall at any time:

(i) provide credit support for, subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, or Guarantee, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);

(ii) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or

(iii) be directly or indirectly liable for any Indebtedness which provides that the Holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be

accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary.

(c) The Issuer may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a " Revocation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and

(ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(d) The Designation of a Subsidiary of the Issuer as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer's Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries .

(a) Except as provided in clause (b) below, the Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Issuer or any other Restricted Subsidiary or pay any Indebtedness owed to the Issuer or any other Restricted Subsidiary;

(iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided*, that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Issuer's senior management;

(iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;

(v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;

(vi) restrictions with respect to a Restricted Subsidiary of the Issuer imposed pursuant to a binding agreement which has been entered into for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided*, that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);

(vii) customary restrictions imposed on the transfer of copyrighted or patented materials;

(viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement referred to in clause (iii) or (v) of this Section 3.15(b); *provided*, that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Issuer's senior management;

(ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;

(x) Purchase Money Indebtedness for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions of the nature discussed in clause (iii) of this Section 3.15(b) above on the property so acquired;

(xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management;

(xii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets or revenues of such joint venture;

(xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided*, that such restrictions (A) are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Issuer's senior management or (B) constitute financial covenants or similar restrictions that limit the ability to pay dividends or make distributions upon the occurrence or continuance of a default or event of default or that would result in a default or event of default under such Indebtedness upon the declaration or payment of dividends or other distributions; and

(xiv) net worth provisions in leases entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Issuer shall not, and shall not permit any Note Guarantor to, directly or indirectly, Incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

(i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and

(ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture,

in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Issuer;

(i) Affiliate Transactions with or among the Issuer and any Restricted Subsidiary or between or among Restricted Subsidiaries;

Section 3.20 Reports to Holders.

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

(i) provide the Trustee and the Holders with:

(A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by "foreign private issuers" (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

(B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year;

(C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and

(ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(b) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute actual or constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts.

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes") imposed or levied by or on behalf of the United States, Mexico, Spain, the Netherlands, the United Kingdom, France, Switzerland or, in the event that the Issuer appoints additional paying agents, by the jurisdictions of such additional paying agents (a "Taxing Jurisdiction"), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional amounts (" Additional Amounts") as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided*, *however*, that the foregoing obligation to pay Additional Amounts does not apply to:

(i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of a Note),

(ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,

(iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days' notice that Holders shall be required to provide such information and identification,

(iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,

(v) any Taxes imposed on a payment to or for the benefit of an individual pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of November 26-27, 2000 or any law implementing or complying with, or introduced in order to conform to, such directives,

(vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,

(vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, and

(viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) The limitation on the Issuer's obligations to pay Additional Amounts stated in clause (iii) of Section 3.21(b) will not apply (i) if the provision of information, documentation or other evidence described in such clause would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a holder or beneficial owner of a Note than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice or (ii) if Article 195, Section II, paragraph (a) of the Mexican Income Tax Law ( *Ley del Impuesto Sobre la Renta*) (or a substitute or equivalent provision) is in effect, unless (A) the provision of the information, documentation or other evidence described in such clause is expressly required by the applicable Mexican laws and regulations in order to apply Article 195, Section II, paragraph (a) of the Mexican Income Tax Law (or substitute or equivalent provision), (B) the Issuer or any Note Guarantor cannot obtain the information, documentation or other evidence necessary to comply with the applicable Mexican laws and regulations on their own through reasonable diligence and (C) the Issuer or any Note Guarantor would not otherwise meet the requirements for application of the applicable Mexican laws and regulations. In addition, clause (iii) of Section 3.21(b) does not require, and shall not be construed to require, that any holder, including any non-Mexican pension fund, retirement fund, tax-exempt organization or financial institution, register with the Mexican Tax Management Service ( *Servicio de Administración Tributaria*) or the Mexican Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*) to establish eligibility for an exemption from, or a reduction of, Mexican withholding taxes.

(e) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection. Payment of any Additional Amounts with respect to interest shall be considered as an interest payment under, or with respect to, the Notes.

(f) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and

without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Issuer is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Partial Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.13, 3.14(b), 3.15, 3.18, 3.19 and 4.1(a)(ii) (collectively, the "Partial Suspended Covenants").

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a " Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.13, 3.14(b), 3.15, 3.16, 3.18, 3.19 and 4.1(a)(ii) (collectively, the "Suspended Covenants").

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the " Partial Covenant Suspension Date") or a Covenant Suspension Event (the "Suspension Date") may be redesignated as an Unrestricted Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) the Additional Note Guarantors shall be released from their obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantors shall be released from their obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided*, that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantors shall be reinstated in accordance with and subject to the conditions in Section 3.22(e).

(e) In the event that the Issuer and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the "Partial Covenant Reversion Date" and, in the case of Suspended Covenants, such subsequent date being the " Reversion Date") (i) the Consolidated Leverage Ratio of the Issuer is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Partial

Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantors (unless, solely with respect to any Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause such Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that such Additional Note Guarantor's guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the "Partial Suspension Period" and the period of time between the Suspension Date and the Reversion Date is referred to as the "Suspension Period." Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantors may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be classified to have been Incurred pursuant to Section 3.9(a) or Section 3.9(b) (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to Section 3.9(a) or 3.9(b), such Indebtedness shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect since the Issue Date and throughout the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or Covenant Suspension Event and in any event not later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

(h) For purposes of this Section 3.22 only, "Consolidated Leverage Ratio" and all associated definitions shall have the meaning set forth in Exhibit E hereto.

ARTICLE IV

SUCCESSOR ISSUER

Section 4.1 Merger, Consolidation and Sale of Assets.

(a) The Issuer shall not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer's properties and assets (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), to any Person unless:

(i) either:

(A) the Issuer shall be the surviving or continuing corporation, or

(B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries) substantially as an entirety (the " Successor Issuer"):

(1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the " Permitted Merger Jurisdictions"); and

(2) shall expressly assume, by a supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Issuer or such Successor Issuer, as the case may be:

(A) shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction; or

(B) shall be able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a);

(iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;

(iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and

(v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:

(A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;

(B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and

(C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided*, that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

(x) any transfer of the properties or assets of a Restricted Subsidiary to the Issuer;

(y) any merger of a Restricted Subsidiary into the Issuer; or

(z) any merger of the Issuer into a Wholly Owned Subsidiary of the Issuer.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, such Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) Each Note Guarantor shall not, and the Issuer shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

(i) such Person (if such Person is the surviving entity) (the "Successor Note Guarantor") assumes all of the obligations of such Note Guarantor in respect of its Note Guarantee by executing a supplemental indenture and providing the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) such Note Guarantee is to be released as provided under Section 10.2(b); or

(iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(b) will not apply to:

(x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;

(y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or

(z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Issuer.

ARTICLE V

OPTIONAL REDEMPTION OF NOTES

Section 5.1 Optional Redemption. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, subject to the conditions and at the redemption prices specified in the Form of Note in Exhibit A hereto.

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 45 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the CUSIP numbers of the Notes, (d) the redemption price and (e) the amount of interest to be paid with respect to each multiple of U.S.$1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 30 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

(i) the Redemption Date,

(ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.7,

(iii) whether or not the Issuer is redeeming all Outstanding Notes,

(iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,

(v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,

(vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.7 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,

(vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and

(viii) the CUSIP number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such CUSIP number.

(c) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; provided, however, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding Section 5.4(b).

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method as the Trustee shall deem fair and appropriate; provided, however, that if a partial redemption is made with the proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of DTC), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 30 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for redemption. No Notes of U.S.$200,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Deposit of Redemption Price. On or prior to 10 :00 a.m. New York City time, on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4) an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.7 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.8 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

## ARTICLE VI

## DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an "Event of Default":

(i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;

(ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;

(iii) the failure to perform or comply with any of the provisions described under Article IV;

(iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of non-guarantor Restricted Subsidiaries, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;

(v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:

(A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or

(B) results in the acceleration of such Indebtedness prior to its stated maturity;

and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this Section 6.1(a) at the relevant time, aggregates U.S.$50 million or more;

(vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.$100 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;

(vii) a Bankruptcy Event of Default; or

(viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor's obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

(i) if the rescission would not conflict with any judgment or decree;

(ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;

(iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and

(iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided*, *however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

(i) such Holder gives to the Trustee written notice of a continuing Event of Default;

(ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;

(iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;

(iv) the Trustee does not comply within 60 days; and

(v) during such 60 day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

*provided*, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

(a) The Trustee may (irrespective of whether the principal of the Notes is then due):

(i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and

(ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

## ARTICLE VII

## TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

(i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; provided, however, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots, interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall mail to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this Section 7.7) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this Section 7.7, the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this Section 7.7 shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this Section 7.7 shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided*, *however*, that this shall not affect the Trustee's rights as set forth in this Section 7.7 or Section 6.10.

Section 7.8 Replacement of Trustee.

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

(i) the Trustee fails to comply with Section 7.10;

(ii) the Trustee is adjudged bankrupt or insolvent;

(iii) a receiver or other public officer takes charge of the Trustee or its property; or

(iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably

promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the "Security Documents") as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance .

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or (c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer's exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

(i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,

(ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,

(iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and

(iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.13, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders

(and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event or Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in U.S. Legal Tender or U.S. Government Obligations, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

(i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or

(ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust U.S. Legal Tender or U.S. Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited U.S. Legal Tender or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for U.S. Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal and interest received on such U.S. Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted to apply all such U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII; *provided*, *however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from U.S. Legal Tender or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge . This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

(i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or

(ii) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable, and the Issuer has irrevocably deposited or caused to be deposited with the Trustee U.S. Legal Tender or U.S. Government Obligations sufficient without reinvestment to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of deposit, together with irrevocable instructions from the Issuer directing the Trustee to apply such funds to the payment;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX
AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

(i) to cure any ambiguity, omission, defect or inconsistency;

(ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;

(iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; provided, however, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;

(iv) to add guarantees with respect to the Notes or to secure the Notes;

(v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;

(vi) to make any change that does not, in the opinion of the Issuer as conclusively evidenced by an Officer's Certificate to such effect, adversely affect the rights of any Holder in any material respect;

(vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;

(viii) to comply with the requirements of any applicable securities depositary;

(ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or

(x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

(i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;

(iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;

(iv) make any Notes payable in money other than that stated in the Notes;

(v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;

(vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;

(vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or

(viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

## NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

(i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;

(ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;

(iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;

(iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;

(vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;

(viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;

(ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;

(x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;

(xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;

(xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;

(xiii) any change in the ownership of the Issuer;

(xiv) any change in the laws, rules or regulations of any jurisdiction;

(xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and

(xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

(i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;

(ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;

(iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;

(iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the Código Civil Federal of Mexico and the Código Civil of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note

Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

(i) the unpaid amount of such Obligations then due and owing; and

(ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

*provided*, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

(i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and

(ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

(i) there is a Legal Defeasance of the Notes pursuant to Article VIII;

(ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;

(iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;

(iv) solely with respect to an Additional Note Guarantor, either (A) the Facilities Agreement Indebtedness has been repaid in full and such Additional Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Additional Note Guarantor; or

(v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3 or L. 242-6 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Note Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a " Swiss Note Guarantor") are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the "Restricted Obligations") shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor's Free Reserves Available for Distribution (as defined below) at the time payment is requested, *provided*, that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date until such time as performance is permitted notwithstanding such limitation.

(c) For the purpose of this clause, "Free Reserves Available for Distribution" means an amount equal to the maximal amount in which the relevant Swiss Note Guarantor can make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

(d) As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Trustee (save to the extent provided below).

(e) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

(i) if and to the extent required by applicable law in force at the relevant time:

(A) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time) from any payment made by it;

(B) pay any such deduction to the Swiss Federal Tax Administration; and

(C) notify and provide evidence to the Trustee that the Swiss withholding tax has been paid to the Swiss Federal Tax Administration;

(ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of Switzerland then in force and *provided*, that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax: (y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (z) pay to the Trustee upon receipt any amount so refunded.

(f) The Swiss Note Guarantor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(g) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this Section 10.6 and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an " Undervalued Asset"), the Swiss Note Guarantor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor's business ( *nicht betriebsnotwendig*).

Section 12.8 [Reserved].

Section 12.9 No Recourse Against Others. An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or this Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each Holder shall waive and release all such liability.

Section 12.10 Successors. All agreements of the Issuer and any Note Guarantor in this Indenture and the Notes shall bind their respective successors. All agreements of the Trustee in this Indenture shall bind its successors.

Section 12.11 Duplicate and Counterpart Originals. The parties may sign any number of copies of this Indenture. One signed copy is enough to prove this Indenture. This Indenture may be executed in any number of counterparts, each of which so executed shall be an original, but all of them together represent the same agreement. Signatures of the parties hereto transmitted by facsimile or pdf shall be deemed to be their original signatures for all purposes.

Section 12.12 Severability. In case any provision in this Indenture or in the Notes shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 12.13 [Reserved].

Section 12.14 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents; Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

Section 12.16 USA PATRIOT Act. The parties hereto acknowledge that, in accordance with Section 326 of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law on October 26, 2001)) (as amended, modified or supplemented from time to time, the "USA PATRIOT Act"), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. The parties to this Agreement agree that they will provide the Trustee with such information as the Trustee may request in order for the Trustee to satisfy the requirements of the USA PATRIOT Act.

**FORM OF REVERSE SIDE OF NOTE**

**5.875% Senior Secured Notes due 2019**

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX, S.A.B. de C.V., a publicly traded stock corporation with variable capital (*sociedad anónima bursátil de capital variable*) organized under the laws of the United Mexican States (together with its successors and assigns, the "Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing September 25, 2013; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from March 25, 2013; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after March 25, 2013), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from March 25, 2013. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest ("Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 10:00 a.m. (New York City time) on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as

provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in U.S. Legal Tender.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by the DTC. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided*, *however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.$10,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee, Paying Agent and Registrar. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of March 25, 2013 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. U.S.$600,000,000 in aggregate principal amount of Notes will be initially issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture

and the Notes when and as the same shall be due and payable, whether at maturity, by acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction or formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after March 25, 2016, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on March 25 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption:

| Year | Percentage |
|---|---|
| 2016 | 102.938% |
| 2017 | 101.469% |
| 2018 and thereafter | 100.00% |

*provided*, *however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

Prior to March 25, 2016, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of each remaining scheduled payment of principal and interest thereon (exclusive of interest accrued to the date of redemption) discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 75 basis points, plus, in each case, any accrued and unpaid interest on the principal amount of the Notes to the date of redemption, *provided*, *however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

"Treasury Rate" means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price (as defined below) for such Redemption Date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker (as defined below) as having an actual or interpolated maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the remaining term of such Notes.

"Independent Investment Banker" means one of the Reference Treasury Dealers (as defined below) appointed by the Issuer.

"Comparable Treasury Price" means, with respect to any Redemption Date (1) the average of the Reference Treasury Dealer Quotations for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if the Independent Investment Banker or Issuer obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Reference Treasury Dealer" means any one of Citigroup Global Markets Inc., HSBC Securities (USA) Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated or their respective affiliates which are primary United States government securities dealers and not less than two other leading primary United States government securities dealers in New York City reasonably designated by the Issuer; *provided*, *however*, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a "Primary Treasury Dealer"), the Issuer will substitute therefore another Primary Treasury Dealer.

"Reference Treasury Dealer Quotation" means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Independent Investment Banker or Issuer, of the bid and asked price for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker or Issuer by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such Redemption Date.

*Optional Redemption upon Equity Offerings* . At any time, or from time to time, on or prior to March 25, 2016, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 105.875% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption; *provided*, that:

- after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and
- the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

*provided*, *however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the Facilities Agreement.

"Equity Offering" means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

*Optional Redemption for Changes in Withholding Taxes*. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction) we would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see "Additional Amounts"), then, at our option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 30 nor more than 60 days' notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes to the date of redemption; *provided*, *however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which we would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided*, *further*, *however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the Facilities Agreement.

Prior to the delivery of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

- an Officer's Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer's right to redeem have occurred, and
- an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date,

interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

*Change Of Control Offer*. Upon the occurrence of a Change of Control, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest through the date of purchase. Within 30 days following the date upon which the Change of Control occurred, the Issuer must make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is mailed, other than as may be required by applicable law.

*Asset Sale Offer*. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. In the event the proceeds from a permitted Asset Sale exceed certain amounts and are not applied as specified in the Indenture, the Issuer will be required to make an Asset Sale Offer to purchase to the extent of such remaining proceeds each Holder's Notes together with holders of certain other Indebtedness at 100% of the principal amount thereof, plus accrued interest (if any) to the Asset Sale Offer Payment Date, as more fully set forth in the Indenture.

7. Denominations; Transfer; Exchange

The Notes are in fully registered form without coupons, and only in denominations of principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements or transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. The Registrar shall not be required to register the transfer or exchange of (x) any Note for a period beginning: (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.

8. Persons Deemed Owners

The registered holder of this Note may be treated as the owner of it for all purposes.

9. Unclaimed Money

If money for the payment of principal or interest remains unclaimed for two years, the Trustee or Paying Agent shall pay the money back to the Issuer at its request unless an abandoned property law designates another Person. After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee U.S. Legal Tender or U.S. Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

11. Amendment, Waiver

Subject to certain exceptions set forth in the Indenture, (i) the Indenture or the Notes may be amended or supplemented with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes and (ii) any default (other than with respect to nonpayment or in respect of a provision that cannot be amended or supplemented without the written consent of each Holder affected) or noncompliance with any provision may be waived with the written consent of the Holders of a majority in aggregate principal amount of the then Outstanding Notes. Subject to certain exceptions set forth in the Indenture, without the consent of any Holder, the Issuer and the Trustee may amend or supplement the Indenture or the Notes to, among other things, cure any ambiguity, omission, defect or inconsistency, or to comply with Article IV of the Indenture, or to provide for uncertificated Notes in addition to or in place of certificated Notes, or to add guarantees with respect to the Notes or to secure the Notes, or to add additional covenants or surrender rights and powers conferred on the Issuer or the Note Guarantors, or to make any change that does not adversely affect the rights of any Holder, or to provide for the issuance of Additional Notes.

12. Defaults and Remedies

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Outstanding Notes may declare all the Notes to be due and payable immediately. **Disclosure of Mine Safety and Health Administration ("MSHA") Safety Data**

Section 1503(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Act") requires certain disclosures by companies required to file periodic reports under the Securities Exchange Act of 1934 that operate mines regulated under the Mine Act. CEMEX's U.S. quarry and mining operations are subject to MSHA regulation under the U.S. Federal Mine Safety and Health Act of 1977 (the "Mine Act"). MSHA inspects the Company's quarries and mines on a regular basis and issues various citations and orders when it believes a violation has occurred under the Mine Act. Whenever MSHA issues a citation or order, it also generally proposes a civil penalty, or fine, related to the alleged violation. Citations or orders can be contested and appealed, and as part of that process, are often reduced in severity and amount, and are sometimes dismissed.

In January 2012, the SEC issued final rules and regulations implementing the mine safety disclosure requirements of Section 1503(a) of the Dodd-Frank Act. Pursuant to those rules and regulations, we have provided the information below for mining operations in the United States only. The Dodd-Frank Act and the implementing rules and regulations thereunder do not apply to mining and quarry operations outside the U.S.

The information in the table below reflects citations and orders MSHA issued to the Company during the year ended December 31, 2012. The data was compiled primarily from the data maintained on MSHA's public website as of January 30, 2013. In evaluating this information, consideration should also be given to factors such as: (i) the number of citations and orders may vary depending on the size and operation of the mine, (ii) the number of citations issued may vary from inspector to inspector and mine to mine, and (iii) citations and orders may be contested and appealed, and in that process, may be reduced in severity and amount, and may be dismissed.
