With respect to the Obligors and all Material Subsidiaries only, make any material change in the nature of its business as carried on at the date hereof.

21.21 **Margin regulations**

For the avoidance of doubt, the inability of CEMEX Parent or its Subsidiary to Incur Debt under one category shall not limit the ability of CEMEX Parent or its Subsidiary to Incur Debt under another category.

(c) Accrual of interest shall not be deemed to be an Incurrence of Debt for purposes of this Clause 21.26. Notwithstanding any other provision of this Clause 21.26, the maximum amount of Debt that CEMEX Parent and its Subsidiaries may Incur pursuant to this Clause 21.26 shall not be deemed to be exceeded, with respect to any outstanding Debt, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Debt Incurred to refinance other Debt, if Incurred in a different currency from the Debt being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Debt is denominated that is in effect on the date of such refinancing.

(d) For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Debt, the U.S. dollar equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred.

then, and in any such event:

(i) if such event is an Event of Default specified in paragraphs (h) or (i) above with respect to any Obligor, automatically the Commitments shall immediately terminate and the Loans (with accrued interest thereon) and all other amounts owing under this Agreement and the other Finance Documents shall immediately become due and payable; and

SECTION 9
CHANGES TO PARTIES

23. CHANGES TO THE LENDERS

23.1 Assignments and transfers by the Lenders

Subject to this Clause 23, a Lender (the "**Existing Lender**") may:

(a) assign any of its rights and benefits in respect of any Utilisation; or

(b) transfer by novation any of its rights, benefits and obligations in respect of any Commitment or Utilisation,

to another bank or financial institution or to a securitisation trust or fund or (subject to paragraph (a) of Clause 23.2 (*Conditions of assignment or transfer*)) other entity (the "**New Lender**").

23.2 Conditions of assignment or transfer

(a) The Borrower must be given prior notification of any assignment or transfer becoming effective under Clause 23.1 (*Assignments and transfers by the Lenders*) and the consent of the Borrower is required for an assignment or transfer to an entity which is not a bank or financial institution or a securitisation trust or fund.

(b) The consent of the Borrower to an assignment or transfer must not be unreasonably withheld or delayed. The Borrower will be deemed to have given its consent five Business Days after the Existing Lender has requested it unless consent is expressly refused by the Borrower within that time.

(c) An assignment will only be effective on:

(i) receipt by the Agent of written confirmation from the New Lender that the New Lender will assume the same obligations to the other Finance Parties as it would have been under if it was an Original Lender; and

(ii) the satisfaction of the Agent with the results of all "know your client" or other checks relating to the identity of any person that it is required by law to carry out in relation to such assignment to a New Lender, the completion of which the Agent shall promptly notify to the Existing Lender and the New Lender.

(d) A transfer will only be effective if the procedure set out in Clause 23.5 (*Procedure for transfer*) is complied with.

(e) An assignment or transfer will be effective upon surrender for registration of assignment or transfer, by way of an endorsement (*endoso*) and delivery of the Notes held by the Existing Lender evidencing such Loan accompanied by a duly executed Transfer Certificate, and thereupon one or more new Notes shall be issued to the New Lender.

(f) If:

(i) a Lender assigns or transfers any of its rights, benefits or obligations under the Finance Documents or changes its Facility Office; and

(ii) as a result of circumstances existing at the date the assignment, transfer or change occurs, an Obligor would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 13 (*Tax gross-up and indemnities*) or Clause 14 (*Increased costs*),

then the New Lender or Lender acting through its new Facility Office is only entitled to receive payment under those Clauses to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred.

(g) The minimum amount transferred to a New Lender (including any transfer in respect of an enforcement of any Security granted by a Lender pursuant to Clause 23.9 (*Security over Lenders' Rights*)) shall be at least EUR 50,000 (or equivalent in other currencies) or, if it is less, the New Lender shall confirm in writing to the Borrower that it, the New Lender, is a professional market party within the meaning of the FMSA.

(h) Nothing herein shall prohibit any Lender from pledging or assigning any Note to any Federal Reserve Bank of the United States in accordance with applicable law and without compliance with the foregoing provisions of this Clause 23.2 **provided however**, that such pledge or assignment shall not release such Lender from its obligations hereunder.

23.3 **Assignment or transfer fee**

The New Lender shall, on the date upon which an assignment or transfer takes effect, pay to the Agent (for its own account) a fee of $2,000, except no such fee shall be payable in connection with an assignment or transfer to a New Lender upon primary syndication of the Facilities.

(ii) will continue to make its own independent appraisal of the creditworthiness of each Obligor and its related entities whilst any amount is or may be outstanding under the Finance Documents or any Commitment is in force.

(c) Nothing in any Finance Document obliges an Existing Lender to:

(i) accept a re-transfer from a New Lender of any of the rights and obligations assigned or transferred under this Clause 23; or

(ii) support any losses directly or indirectly incurred by the New Lender by reason of the non-performance by any Obligor of its obligations under the Finance Documents or otherwise.

For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

(a) the Recovering Finance Party shall, within three Business Days, notify details of the receipt or recovery, to the Agent;

(b) the Agent shall determine whether the receipt or recovery is in excess of the amount the Recovering Finance Party would have been paid had the receipt or recovery been received or made by the Agent and distributed in accordance with Clause 28 (*Payment mechanics*), without taking account of any Tax which would be imposed on the Agent in relation to the receipt, recovery or distribution; and

(c) the Recovering Finance Party shall, within three Business Days of demand by the Agent, pay to the Agent an amount (the " **Sharing Payment**") equal to such receipt or recovery less any amount which the Agent determines may be retained by the Recovering Finance Party as its share of any payment to be made, in accordance with Clause 28.5 (*Partial payments*).

27.2 **Redistribution of payments**

The Agent shall treat the Sharing Payment as if it had been paid by the relevant Obligor and distribute it between the Finance Parties (other than the Recovering Finance Party) in accordance with Clause 28.5 (*Partial payments*).

27.3 **Recovering Finance Party's rights**

(a) On a distribution by the Agent under Clause 27.2 (*Redistribution of payments*), the Recovering Finance Party will be subrogated to the rights of the Finance Parties which have shared in the redistribution.

27.4 **Reversal of redistribution**

If any part of the Sharing Payment received or recovered by a Recovering Finance Party becomes repayable and is repaid by that Recovering Finance Party, then:

(a) each Finance Party which has received a share of the relevant Sharing Payment pursuant to Clause 27.2 (*Redistribution of payments*) shall, upon request of the Agent, pay to the Agent for account of that Recovering Finance Party an amount equal to the appropriate part of its share of the Sharing Payment (together with an amount as is necessary to reimburse that Recovering Finance Party for its proportion of any interest on the Sharing Payment which that Recovering Finance Party is required to pay); and

(b) that Recovering Finance Party's rights of subrogation in respect of any reimbursement shall be cancelled and the relevant Obligor will be liable to the reimbursing Finance Party for the amount so reimbursed.

27.5 **Exceptions**

(a) This Clause 27 shall not apply to the extent that the Recovering Finance Party would not, after making any payment pursuant to this Clause 27, have a valid and enforceable claim against the relevant Obligor.

(b) A Recovering Finance Party is not obliged to share with any other Finance Party any amount which the Recovering Finance Party has received or recovered as a result of taking legal or arbitration proceedings, if:

(i) it notified that other Finance Party of the legal or arbitration proceedings; and

(ii) that other Finance Party had an opportunity to participate in those legal or arbitration proceedings but did not do so as soon as reasonably practicable having received notice and did not take separate legal or arbitration proceedings.

28.4 Clawback

(a) Where a sum is to be paid to the Agent under the Finance Documents for another Party, the Agent is not obliged to pay that sum to that other Party (or to enter into or perform any related exchange contract) until it has been able to establish to its satisfaction that it has actually received that sum.

(b) If the Agent pays an amount to another Party and it proves to be the case that the Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Agent shall on demand refund the same to the Agent together with interest on that amount from the date of payment to the date of receipt by the Agent, calculated by the Agent to reflect its cost of funds.

28.5 **Partial payments**

and, if a particular department or officer is specified as part of its address details provided under Clause 30.2 (*Addresses*), if addressed to that department or officer.

(b) Any communication or document to be made or delivered to the Agent will be effective only when actually received by the Agent and then only if it is expressly marked for the attention of the department or officer identified with the Agent's signature below (or any substitute department or officer as the Agent shall specify for this purpose).

(c) All notices from or to an Obligor shall be sent through the Agent. The Borrower may make and/or deliver as agent of each Obligor notices and/or requests on behalf of each Obligor.

(d) Any communication or document made or delivered to the Borrower in accordance with this Clause 30.3 will be deemed to have been made or delivered to each of the Obligors.

30.4 **Notification of address and fax number**

Promptly upon receipt of notification of an address or fax number or change of address or fax number pursuant to Clause 30.2 (*Addresses*) or changing its own address or fax number, the Agent shall notify the other Parties.

30.5 **Electronic communication**

(a) Any communication to be made between the Agent and a Lender and/or any member of the Group under or in connection with the Finance Documents may be made by electronic mail or other electronic means, if the Agent and the relevant Lender and/or member of the Group:

(ii) notify each other in writing of their electronic mail address and/or any other information required to enable the sending and receipt of information by that means; and

(iii) notify each other of any change to their address or any other such information supplied by them.

(b) Any electronic communication made between the Agent and a Lender and/or any member of the Group will be effective only when actually received in readable form and in the case of any electronic communication made by a Lender and/or any member of the Group to the Agent only if it is addressed in such a manner as the Agent shall specify for this purpose.

30.6 **English language**

(a) Any notice given under or in connection with any Finance Document must be in English.

(b) All other documents provided under or in connection with any Finance Document must be:

(i) in English or Spanish; or

(ii) if not in English or Spanish and if so required by the Agent, accompanied by a certified English translation and, in this case, the English translation will prevail unless the document is a constitutional, statutory or other official document.

30.7 **Obligor Agent**

(a) Each Obligor (other than the Borrower) by its execution of this Agreement or an Accession Letter (as the case may be) irrevocably appoints the Borrower to act on its behalf as its agent in relation to the Finance Documents and irrevocably authorises (i) the Borrower on its behalf to supply all information concerning itself contemplated by this Agreement to the Finance Parties and to give all notices and instructions (including, in the case of a Borrower, Utilisation Requests, Renewal Requests or Selection Notices), to execute on its behalf any documents required hereunder and to make such agreements capable of being

given or made by any Obligor notwithstanding that they may affect such Obligor, without further reference to or consent of such Obligor; and (ii) each Finance Party to give any notice, demand or other communication to such Obligor pursuant to the Finance Documents to the Borrower on its behalf, and in each case such Obligor shall be bound thereby as though such Obligor itself had given such notices and instructions (including, without limitation, any Utilisation Requests, Renewal Requests or Selection Notices) or executed or made such agreements or received any notice, demand or other communication.

(b) Every act, agreement, undertaking, settlement, waiver, notice or other communication given or made by the Borrower, or given to the Borrower, in its capacity as agent in accordance with paragraph (a) of this Clause 30.7, in connection with this Agreement shall be binding for all purposes on such Obligors as if the other Obligors had expressly made, given or concurred with the same. In the event of any conflict between any notices or other communications of the Borrower and any other Obligor, those of the Borrower shall prevail.

30.8 **Use of Websites**

(a) The Borrower may satisfy its obligation under this Agreement to deliver any information in relation to those Lenders (the " **Website Lenders**") who accept this method of communication by posting this information onto an electronic website designated by the Borrower and the Agent (the "**Designated Website**") if:

(i) the Agent expressly agrees (after consultation with each of the Lenders) that it will accept communication of the information by this method;

(ii) both the Borrower and the Agent are aware of the address of and any relevant password specifications for the Designated Website; and

(iii) the information is in a format previously agreed between the Borrower and the Agent.

If any Lender (a "**Paper Form Lender**") does not agree to the delivery of information electronically then the Agent shall notify the Borrower accordingly and the Borrower shall supply the information to the Agent in paper form. In any event the Borrower shall supply the Agent with at least one copy in paper form of any information required to be provided by it.

(b) The Agent shall supply each Website Lender with the address of and any relevant password specifications for the Designated Website following designation of that website by the Borrower and the Agent.

(ii) the password specifications for the Designated Website change;

(iii) any new information which is required to be provided under this Agreement is posted onto the Designated Website;

(iv) any existing information which has been provided under this Agreement and posted onto the Designated Website is amended; or

If the Borrower notifies the Agent under paragraph (c)(i) or paragraph (c)(v) above, all information to be provided by the Borrower under this Agreement after the date of that notice shall be supplied in paper form unless and until the Agent and each Website Lender is satisfied that the circumstances giving rise to the notification are no longer continuing.

33. REMEDIES AND WAIVERS

No failure to exercise, nor any delay in exercising, on the part of any Finance Party, any right or remedy under the Finance Documents shall operate as a waiver, nor shall any single or partial exercise of any right or remedy prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies provided in this Agreement are cumulative and not exclusive of any rights or remedies provided by law or regulation.

34. AMENDMENTS AND WAIVERS

34.1 Required consents

(a) Subject to Clause 34.2 (*Exceptions*) any term of the Finance Documents may be amended or waived only with the consent of the Majority Lenders and the Borrower and any such amendment or waiver will be binding on all Parties.

shall not be made without the prior consent of all the Lenders.

(b) An amendment or waiver which relates to the rights or obligations of the Agent or the Arranger, may not be effected without the consent of the Agent or the Arranger at such time.

35. **COUNTERPARTS**

Each Finance Document may be executed in any number of counterparts, and this has the same effect as if the signatures on the counterparts were on a single copy of the Finance Document.

36.2 If the Borrower or any of the Original Guarantors is represented by an attorney or attorneys in connection with the signing and/or execution and/or delivery of this Agreement or any agreement or document referred to herein or made pursuant hereto and the relevant power or powers of attorney is or are expressed to be governed by the laws and regulations of a particular jurisdiction, it is hereby expressly acknowledged and accepted by the other parties hereto that such laws and regulations shall govern the existence and extent of such attorney's or attorney's authority and the effects of the exercise thereof.

37. ENFORCEMENT

37.1 **Jurisdiction of English Courts**

(a) Each of the parties hereto irrevocably submits to the jurisdiction of the courts of England and to the jurisdiction of the courts of its own domicile with respect to any action initiated against it, to settle any dispute arising out of or in connection with this Agreement (including a dispute regarding the existence, validity or termination of this Agreement) (a "**Dispute**").

(b) agrees that failure by the Process Agent to notify the relevant Obligor of the process will not invalidate the proceedings concerned.

38. WAIVER OF SOVEREIGN IMMUNITY

To the extent that CEMEX Parent or any Obligor has acquired or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether through service or notice, attachment prior to judgment, attachment in aid of execution, or otherwise) with respect to itself or its property, CEMEX Parent or the relevant Obligor, as the case may be, hereby irrevocably waives such immunity in respect of its obligations

SCHEDULE 4
MANDATORY COST FORMULAE

1. The Mandatory Cost is an addition to the interest rate to compensate Lenders for the cost of compliance with (a) the requirements of the Bank of England and/or the Financial Services Authority (or, in either case, any other authority which replaces all or any of its functions) or (b) the requirements of the European Central Bank.

2. On the first day of each Interest Period (or as soon as possible thereafter) the Agent shall calculate, as a percentage rate, a rate (the " **Additional Cost Rate**") for each Lender, in accordance with the paragraphs set out below. The Mandatory Cost will be calculated by the Agent as a weighted average of the Lenders' Additional Cost Rates (weighted in proportion to the percentage participation of each Lender in the relevant Loan) and will be expressed as a percentage rate per annum.

3. The Additional Cost Rate for any Lender lending from a Facility Office in a Participating Member State will be the percentage notified by that Lender to the Agent. This percentage will be certified by that Lender in its notice to the Agent to be its reasonable determination of the cost (expressed as a percentage of that Lender's participation in all Loans made from that Facility Office) of complying with the minimum reserve requirements of the European Central Bank in respect of loans made from that Facility Office.

4. The Additional Cost Rate for any Lender lending from a Facility Office in the United Kingdom will be calculated by the Agent as follows:

   (a) in relation to a sterling Loan:

   $$\frac{AB+C(B-D)+E \times 0.01}{100-(A+C)}$$ per cent. per annum.

   (b) in relation to a Loan in any currency other than sterling:

   $$\frac{E \times 0.01}{300}$$ per cent. per annum.

   Where:

   A is the percentage of Eligible Liabilities (assuming these to be in excess of any stated minimum) which that Lender is from time to time required to maintain as an interest free cash ratio deposit with the Bank of England to comply with cash ratio requirements.

   B is the percentage rate of interest (excluding the Margin and the Mandatory Cost and, if the Loan is an Unpaid Sum, the additional rate of interest specified in paragraph (a) of Clause 9.3 (*Default interest*)) payable for the relevant Interest Period on the Loan.

C is the percentage (if any) of Eligible Liabilities which that Lender is required from time to time to maintain as interest bearing Special Deposits with the Bank of England.

D is the percentage rate per annum payable by the Bank of England to the Agent on interest bearing Special Deposits.

E is designed to compensate Lenders for amounts payable under the Fees Rules and is calculated by the Agent as being the average of the most recent rates of charge supplied by the Reference Banks to the Agent pursuant to paragraph 6 below and expressed in pounds per £1,000,000.

5. For the purposes of this Schedule:

(a) "**Eligible Liabilities**" and "**Special Deposits**" have the meanings given to them from time to time under or pursuant to the Bank of England Act 1998 or (as may be appropriate) by the Bank of England;

(b) "**Fees Rules**" means the rules on periodic fees contained in the FSA Supervision Manual or such other law or regulation as may be in force from time to time in respect of the payment of fees for the acceptance of deposits;

(c) "**Fee Tariffs**" means the fee tariffs specified in the Fees Rules under the activity group A.1 Deposit acceptors (ignoring any minimum fee or zero rated fee required pursuant to the Fees Rules but taking into account any applicable discount rate); and

(d) "**Tariff Base**" has the meaning given to it in, and will be calculated in accordance with, the Fees Rules.

6. In application of the above formulae, A, B, C and D will be included in the formulae as percentages (i.e. 5 per cent. will be included in the formula as 5 and not as 0.05). A negative result obtained by subtracting D from B shall be taken as zero. The resulting figures shall be rounded to four decimal places.

7. If requested by the Agent, each Reference Bank shall, as soon as practicable after publication by the Financial Services Authority, supply to the Agent, the rate of charge payable by that Reference Bank to the Financial Services Authority pursuant to the Fees Rules in respect of the relevant financial year of the Financial Services Authority (calculated for this purpose by that Reference Bank as being the average of the Fee Tariffs applicable to that Reference Bank for that financial year) and expressed in pounds per £1,000,000 of the Tariff Base of that Reference Bank.

8. Each Lender shall supply any information required by the Agent for the purpose of calculating its Additional Cost Rate. In particular, but without limitation, each Lender shall supply the following information on or prior to the date on which it becomes a Lender:

(a) the jurisdiction of its Facility Office; and

(b) any other information that the Agent may reasonably require for such purpose.

Each Lender shall promptly notify the Agent of any change to the information provided by it pursuant to this paragraph.

9. The percentages of each Lender for the purpose of A and C above and the rates of charge of each Reference Bank for the purpose of E above shall be determined by the Agent based upon the information supplied to it pursuant to paragraphs 7 and 8 above and on the assumption that, unless a Lender notifies the Agent to the contrary, each Lender's obligations in relation to cash ratio deposits and Special Deposits are the same as those of a typical bank from its jurisdiction of incorporation with a Facility Office in the same jurisdiction as its Facility Office.

10. The Agent shall have no liability to any person if such determination results in an Additional Cost Rate which over or under compensates any Lender and shall be entitled to assume that the information provided by any Lender or Reference Bank pursuant to paragraphs 3, 7 and 8 above is true and correct in all respects.

11. The Agent shall distribute the additional amounts received as a result of the Mandatory Cost to the Lenders on the basis of the Additional Cost Rate for each Lender based on the information provided by each Lender and each Reference Bank pursuant to paragraphs 3, 7 and 8 above.

12. Any determination by the Agent pursuant to this Schedule in relation to a formula, the Mandatory Cost, an Additional Cost Rate or any amount payable to a Lender shall, in the absence of manifest error, be conclusive and binding on all Parties.

13. The Agent may from time to time, after consultation with the Borrower and the Lenders, determine and notify to all Parties any amendments which are required by such Lender to be made to this Schedule in order to comply with any change in law or regulation or any requirements from time to time imposed by the Bank of England, the Financial Services Authority or the European Central Bank (or, in any case, any other authority which replaces all or any of its functions) and any such determination shall, in the absence of manifest error, be conclusive and binding on all Parties.

SCHEDULE 11
LITIGATION

A description of material actions, suits, investigations, litigations or proceedings, including Environmental Actions, affecting Borrower or any of its Subsidiaries before any court, Governmental Authority or arbitrator is provided below.

Environmental Matters

United States

As of November 30, 2008, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.$42.6 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, which might be categorized as hazardous substances or wastes, and (ii) the cleanup of sites used or operated by CEMEX, Inc., including discontinued operations, regarding the disposal of hazardous substances or wastes, either individually or jointly with other parties. Most of the proceedings are in the preliminary stage, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. considers that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. Based on information available to date, CEMEX, Inc. does not believe it will be required to spend significant sums on these matters, in excess of the amounts previously recorded. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with or litigation against potential sources of recovery have been completed.

CEMEX Construction Materials Florida, LLC f/k/a Rinker Materials of Florida, Inc. (" **CEMEX Florida**"), a subsidiary of CEMEX, Inc., holds one federal quarry permit and is the beneficiary of one of 10 other federal quarrying permits granted for the Lake Belt area in South Florida. The permit held by CEMEX Florida covers CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Krome quarry is operated under one of the other federal quarry permits. The FEC quarry is the largest of CEMEX Floridas' quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry. A ruling was issued on March 22, 2006 by a judge of the U.S. District Court for the Southern District of Florida in connection with litigation brought by environmental groups concerning the manner in which the permits were granted. Although not named as a defendant, CEMEX Florida has intervened in the proceedings to protect its interests. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the relevant governmental agencies in connection with the issuance of the permits. The judge remanded the permits to the relevant governmental agencies for further review, which review the governmental agencies have indicated in a recent announcement should take until mid February 2009 to conclude. The judge also conducted further proceedings to determine the activities to be conducted during the remand period. In July 2007, the judge issued a ruling that halted certain quarrying operations at three non-CEMEX Florida quarries. The judge left in place CEMEX Florida's Lake Belt permits until the relevant government agencies complete their review. In a May 2008 ruling, the federal appellate court determined that the district court judge did not apply the proper standard of

review to the permit issuance decision of the governmental agency, vacated the district court's prior order, and remanded the proceeding to the district court to apply the proper standard of review; this review remains pending before the district court judge. If the Lake Belt permits are ultimately set aside or quarrying operations under them restricted, CEMEX Florida will need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely affect profits from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt could also have a material adverse effect on our financial results.

Europe

In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulator view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of approximately £122 million, and an accounting provision for this sum has been made at December 31, 2007.

In 2003, the European Union adopted a directive implementing the Kyoto Protocol on climate change and establishing a greenhouse gas emissions allowance trading scheme within the European Union. The directive requires Member States to impose binding caps on carbon dioxide emissions from installations involved in energy activities, the production and processing of ferrous metals, the mineral industry (including cement production) and the pulp, paper or board production business. Under this scheme, companies with operations in these sectors receive from the relevant Member States allowances that set limitations on the levels of greenhouse gas emissions from their installations. These allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that are not reaching their emissions objectives. Companies can also use credits issued from the use of the flexibility mechanisms under the Kyoto protocol to fulfill their European obligations. These flexibility mechanisms provide that credits (equivalent to allowances) can be obtained by companies for projects that reduce greenhouse gas emissions in emerging markets. These projects are referred to as Clean Development Mechanism ("CDM") or joint implementation projects depending on the countries where they take place. Failure to meet the emissions caps is subject to heavy penalties.

Companies can also use, up to a certain level, credits issued under the flexible mechanisms of the Kyoto protocol to fulfill their European obligations. Credits for Emission Reduction projects obtained under these mechanisms are recognized, up to a certain level, under the European emission trading scheme as allowances. To obtain these emission reduction credits, companies must comply with very specific and restrictive requirements from the United Nations Convention on Climate Change (UNFCC).

As required by directive, each of the Member States established a National Allocations Plan, or NAP, setting out the allowance allocations for each industrial facility for Phase I, from 2005 to 2007. Based on the NAPs established by the Member States of the European Union for the 2005 to 2007 period and our actual production, on a consolidated basis after trading allowances between our operations in countries with a deficit of allowances and our operations in countries with an excess of allowances, and after some external operations, Borrower's Subsidiaries had a surplus of allowances of approximately 1,050,054 tons of carbon dioxide in this Phase I.

For Phase II, comprising 2008 through 2012, however, there has been a reduction in the allowances granted by the Member States that have already approved their NAP, which may result in a consolidated deficit in our carbon dioxide allowances during the period. We believe we may be able to reduce the impact of any deficit by either reducing carbon dioxide emissions in our facilities or by obtaining additional emission credits through the implementation of CDM projects. If we are not successful in implementing emission reductions in our facilities or obtaining credits from CDM projects, we may have to purchase a significant amount of emission credits in the market, because CEMEX has already sold a substantial amount of allowances for Phase II, the cost of which may have an impact on our operating results. As of December 1, 2008, the market value of carbon dioxide allowances for Phase II was approximately 15.45 € per ton. CEMEX is taking all the measures to minimize our exposure to this market while assuring the supply of our products to our clients.

The Spanish NAP has been finally approved by the Spanish Government, reflecting the conditions that were set forth by the European Commission. The allocations made to our installations allow us to foresee certain availability of allowances, nevertheless, there remains the uncertainty regarding the allocations that, against the reserve for new entrants, shall be requested for the new CEMEX cement plant in Andorra (Teruel), whose construction has been delayed, and that it is scheduled to start operating in 2010

On May 29, 2007, the Polish government filed an appeal before the Court of First Instance in Luxemburg regarding the European Commission's rejection of the initial version of the Polish NAP. The Court has denied Poland's request for a quick path verdict in the case, keeping the case in the regular proceeding path, therefore, the Polish government has started to prepare Polish internal rules on division of allowance at the level already accepted by the European Commission. Seven major Polish cement producers, representing 98% of Polish cement production (including CEMEX Polska), have also filed seven separate appeals before the Court of First Instance regarding the European Commission's rejection. On September 29, 2008 the Court of the First Instance issued an order rejecting CEMEX Polska's appeal without going into the merit of the case. As of December 4, 2008 the final version of the Polish NAP has not been cleared by the Commission; CEMEX's has not determined the impact this may have on CEMEX¨s position in the country.

Tax Matters

Pursuant to amendments to the Mexican income tax law (Ley del Impuesto sobre la Renta), which became effective on January 1, 2005, Mexican companies with direct or indirect investments in entities incorporated in foreign countries whose income tax liability in those countries is less than 75% of the income tax that would be payable in Mexico will be required to pay taxes in Mexico on passive income such as dividends, royalties, interest, capital gains and rental fees obtained by such foreign entities, provided that the income is not derived from entrepreneurial activities in such countries (income derived from entrepreneurial activities is not subject to tax under these amendments). We filed two motions in the Mexican federal courts challenging the constitutionality of the amendments. On June 29, 2006, we obtained a favorable ruling from the Mexican federal court stating that the amendments were unconstitutional. The

Mexican tax authority appealed the ruling, and the proceeding was attracted by the Mexican Supreme Court of Justice. On September 9, 2008, the Mexican Supreme Court ruled against CEMEX's constitutional challenge of the controlled foreign corporation tax rules in effect in Mexico for tax years 2005 to 2007. Since the Supreme Court's decision does not pertain to a specific tax assessment or other tax obligations, CEMEX will self-assess any taxes due through the submission of amended tax returns. CEMEX has not yet determined the amount of tax or the periods affected. Based on a preliminary estimate, CEMEX believes this amount will not be material, but no assurance can be given that additional analysis will not lead to a different conclusion. If the tax authorities do not agree with CEMEX's self-assessment, they may assess additional amounts, which may be material.

The Mexican Congress approved several amendments to the Mexican Asset Tax Law (Ley del Impuesto al Activo) that came into effect on January 1, 2007. As a result of such amendments, all Mexican corporations, including us, are no longer allowed to deduct their liabilities from the calculation of the asset tax. We believe that the Asset Tax Law, as amended, is against the Mexican constitution. We have challenged the Asset Tax Law through appropriate judicial action (juicio de amparo).

The asset tax was imposed at a rate of 1.25% on the value of most of the assets of a Mexican corporation. The asset tax was "complementary" to the corporate income tax (impuesto sobre la renta) and, therefore, was payable only to the extent it exceeded payable income tax.

Philippines

As of November 30, 2008, the Philippine Bureau of Internal Revenue (BIR), had assessed APO, Solid, IQAC, ALQC and CSPI, our operating subsidiaries in the Philippines, for deficiency taxes covering taxable years 1998-2005 amounting to a total of approximately 1,994 million Philippine Pesos (approximately U.S.$40.727 million as of November 30, 2008, based on an exchange rate of Philippine Pesos 48.96 to U.S.$1.00, which was the Philippine Peso/Dollar exchange rate on November 30, 2008 as published by the Bangko Sentral ng Pilipinas, the central bank of the Republic of the Philippines).

The majority of the tax assessments result primarily from the disallowance of APO's income tax holiday incentives for taxable years 1999 to 2001 (approximately Philippine Pesos 1,078 million or U.S.$22.1 million as of November 30, 2008, based on an exchange rate of Philippine Pesos 48.96 to U.S.$1.00). We have contested the BIR's assessment, arising from the disallowance of the ITH incentive, with the Court of Tax Appeals (CTA). The initial Division ruling of the CTA was unfavorable, but is subject to further appeal with the CTA as a whole. The assessment is now currently on appeal with the CTA En Banc. A motion was filed with the CTA, requesting the court to hold APO totally not liable for alleged income tax liabilities for all the years covered and to this end cancel and withdraw APO's deficiency income tax assessments for taxable years 1999, 2000 and 2001 on the basis of APO's availment of the tax amnesty described below. As of November 30, 2008, resolution on the aforementioned motion is still pending.

CEMEX Venezuelan Nationalization

In furtherance of Venezuela's announced policy to nationalize certain sectors of the economy, on June 18, 2008, the Nationalization Decree was promulgated, mandating that the cement

production industry in Venezuela be reserved for the Government of Venezuela and ordering the conversion of foreign-owned cement companies, including CEMEX Venezuela, into state-controlled companies with Venezuela holding an equity interest of at least 60%. The Nationalization Decree provided for the formation of a transition committee to be integrated with the board of directors of the relevant cement company to guaranty the transfer of control over all activities of the relevant cement company to Venezuela by December 31, 2008. The Nationalization Decree further established a deadline of August 17, 2008 for the shareholders of foreign-owned cement companies, including CEMEX Venezuela, to reach an agreement with the Government of Venezuela on the compensation for the nationalization of their assets. The Nationalization Decree also provided that this deadline may be extended by mutual agreement of the Government of Venezuela and the relevant shareholder. The transition committee, which was to be coordinated by the Ministry of Basic Industries (MIBAN), was never formally instituted and MIBAN never acted in the process, but instead Petroleos de Venezuela (PDVSA) conducted all the conversations.

CEMEX Venezuela and the Government did not reach agreement by the August 17 deadline, and on August 18 the Expropriation Decree was issued by the President of Venezuela, with PDVSA appointed to conduct the expropriation proceedings. Although these proceedings had not yet commenced, PDVSA officials headed a group of PDVSA workers, with the support of the public force, to take over all the facilities of CEMEX Venezuela on August 17. Since no agreement has been reached with the Venezuelan Government as to the compensation to be paid, the Dutch companies that control CEMEX Venezuela filed an arbitration request before the International Center for the Settlement of Investment Disputes against the Government of Venezuela, which request has been registered and the tribunal is in the process of being formed.

As of December 31, 2007, CEMEX Venezuela, S.A.C.A. was the holding entity of several of CEMEX's investments in the region, including CEMEX's operations in the Dominican Republic and Panama, as well as CEMEX's minority investment in Trinidad. In the wake of statements by the Government of Venezuela about the nationalization of assets in Venezuela, in April 2008, CEMEX concluded the transfer of all material non-Venezuelan investments to CEMEX España for approximately U.S.$355 million plus U.S.$112 million of net debt, having distributed all accrued profits from the non-Venezuelan investments to the stockholders of CEMEX Venezuela amounting to approximately U.S.$132 million. At this time, the net impact or the outcome of the nationalization on CEMEX's consolidated financial results cannot be reasonably estimated. The approximate net assets of CEMEX's Venezuelan operations under Mexican FRS at December 31, 2007 were approximately Ps8,973 million. Since August 2008, CEMEX no longer consolidates the financial results of CEMEX Venezuela.

On June 13, 2008, the Venezuelan securities authority initiated an administrative proceeding against CEMEX Venezuela, claiming that the company did not sufficiently inform its shareholders and the securities authority in connection with the transfer of the non-Venezuelan assets described above. The Venezuelan authority determined that CEMEX Venezuela did not comply with its disclosure obligations and imposed fines on the company, which we do not consider material, and requested the attorney general's office to review the case to determine if such non-disclosure also constituted criminal infringement.

Other Legal Proceedings

On August 5, 2005, a lawsuit was filed against a subsidiary of CEMEX Colombia, claiming that it was liable along with the other members of the Asociación Colombiana de Productores de Concreto, or ASOCRETO, a union formed by all the ready-mix concrete producers in Colombia, for the premature distress of the roads built for the mass public transportation system of Bogotá using ready-mix concrete supplied by CEMEX Colombia and other ASOCRETO members. The plaintiffs allege that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs seek the repair of the roads in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair will be approximately U.S.$45 million. The lawsuit was filed within the context of a criminal investigation of two ASOCRETO officers and other individuals, alleging that the ready-mix concrete producers were liable for damages if the ASOCRETO officers were criminally responsible. The court completed the evidentiary stage, and on August 17, 2006 dismissed the charges against the members of ASOCRETO. The other defendants (one ex-director of the Distrital Institute of Development, the legal representative of the constructor and the legal representative of the contract auditor) were formally accused. The decision was appealed, and on December 11, 2006, the decision was reversed and the two ASOCRETO officers were formally accused as participants (determiners) in the execution of a state contract without fulfilling all legal requirements thereof. The first public hearing took place on November 20, 2007. In this hearing the judge dismissed an annulment petition filed by the ASOCRETO officers. The petition was based on the fact that the officers were formally accused of a different crime than the one they were being investigated for. This decision was appealed, but the decision was confirmed by the Superior Court of Bogota. On January 21, 2008, CEMEX Colombia was subject to a judicial order, issued by the court, sequestering a quarry called El Tujuelo, as security for a possible future money judgment to be rendered against CEMEX Colombia in these proceedings. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required within a period of 10 days to deposit with the Court in cash CoP$337,800 million (approximately U.S.$195 million as of June 4, 2008, based on an exchange rate of CoP1730 to U.S.$1.00, which was the Colombian Peso/Dollar exchange rate on June 4, 2008, as published by the Banco de la República de Colombia, the central bank of Colombia), instead of being allowed to post an insurance policy to secure such recovery. CEMEX Colombia asked for reconsideration, and the court allowed CEMEX to present an insurance policy. Nevertheless, CEMEX appealed this decision, in order to reduce the amount of the insurance policy, and also requested that the guarantee be covered by all defendants in the case. The measure does not affect the normal activity of the quarry. At this stage, we are not able to assess the likelihood of an adverse result or the potential damages which could be borne by CEMEX Colombia.

On August 5, 2005, Cartel Damages Claims, SA, or CDC, filed a lawsuit in the District Court in Düsseldorf, Germany against CEMEX Deutschland AG and other German cement companies. CDC is seeking €102 million in respect of damage claims by 28 entities relating to alleged price and quota fixing by German cement companies between 1993 and 2002, which entities had assigned their claims to CDC. CDC is a Belgian company established by two lawyers in the aftermath of the German cement cartel investigation that took place from July 2002 to April 2003 by Germany's Federal Cartel Office with the express purpose of purchasing potential damages claims from cement consumers and pursuing those claims against the cartel

participants. In January 2006, another entity assigned alleged claims to CDC, and the amount of damages being sought by CDC increased to €113.5 million plus interest. On February 21, 2007, the District Court of Düsseldorf decided to allow this lawsuit to proceed without going into the merits of this case by issuing an interlocutory judgment. All defendants appealed. The appeal hearing took place on April 22, 2008, and the appeal was dismissed on May 14, 2008. The lawsuit will proceed at the level of court of first instance. As of September 30, 2008 only one defendant has decided to file a complaint before the Federal High Court; this will delay the case from proceeding at the level of first instance to an extent we cannot assess today. In the meantime, CDC had acquired new assigners and announced an increase in the claim to €131 million. As of November 30, 2008, we had accrued liabilities regarding this matter for a total amount of approximately €20 million.

After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans defining the development zones within their respective municipalities, adversely impacting the mining concession granted to Dalmacijacement, our subsidiary in Croatia, by the Government of Croatia in September 2005. During the consultation period, Dalmacijacement submitted comments and suggestions to the Master Plans, but these were not taken into account or incorporated into the Master Plan by Kaštela and Solin. Most of these comments and suggestions were intended to protect and preserve the rights of Dalmacijacement´s mining concession granted by the Government of Croatia in September 2005. Immediately after publication of the Master Plans, Dalmacijacement filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions. The legal actions taken and filed by Dalmacijacement were as follows: (i) on May 17, 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning Dalmacijacement's constitutional claim for decrease and obstruction of rights earned by investment, and seeking prohibition of implementation of the Master Plans. This cases is currently under review by the court in Croatia, and it is expected that these proceedings will continue for several years before resolution; (ii) on May 17, 2006, a possessory action against the cities of Kaštela and Solin seeking the enactment of interim measures prohibiting implementation of the Master Plans and including a request to implead the Republic of Croatia into the proceeding on our side. The municipal court in Solin issued a first instance judgment dismissing our possessory action. We filed an appeal against that judgment. The appeal has been resolved by the Solin County Court, affirming the judgment and rendering it final. The Municipal Court in Kaštela has issued a first instance judgment dismissing our possessory action. We filed an appeal against said judgment, which has since been resolved by the Kaštela Country Court, affirming the judgment and rendering it final; (iii) on May 17, 2006, an administrative proceeding before the State Lawyer, seeking a declaration from the Government of Croatia confirming that Dalmacijacement acquired rights under the mining concessions. Dalmacijacement received State Lawyer's opinion which confirms the Dalmacijacement's acquired rights according to the previous decisions ("old concession").The Administrative Court in Croatia has ruled in favor of Dalmacijacement, validating the legality of the mining concession granted to Dalmacijacement by the Government of Croatia. This decision is final. Currently it is difficult for Dalmacijacement to ascertain the approximate economic impact of these measures by Kaštela and Solin).

Club of Environmental Protection, a Latvian environmental protection organization (hereinafter the “Applicant”), has initiated a court administrative proceeding against the decision made by the Environment State Bureau (hereinafter the “Defendant) in order to amend the environmental pollution permit (the “Permit”) for the Broceni Cement Plant in Latvia, owned by CEMEX SIA (the “Disputed Decision”). CEMEX SIA was invited to participate in the court proceedings as a third party, whose rights and legal interest may be infringed by the relevant administrative act. On June 5, 2008 the Court rendered its judgment, where it satisfied the Claimant’s claim and revoked the Disputed Decision stating that it is illegal because Defendant failed to perform public inquiry in accordance with legal regulations. The judgment has been appealed by both the Defendant and CEMEX SIA before the Court of Appeal and the court will hear the case in February 24, 2009. The appellate procedure will not suspend the operation of the Permit which will remain valid throughout the court proceedings, hence CEMEX SIA is allowed to continue to perform its activities. The Permit subject to this proceeding was issued for the existing cement line, which will be fully substituted in the first half of 2009 by a new cement line currently under construction.

(ii) in the case of Facility B3, following the Redenomination Date, an amount in euro which,

is not more than the Available Facility (adjusted, where applicable, to take account of any additional Utilisations which are scheduled to take place on or before the relevant Utilisation Date) and which is:

(A) in the case of Facility B2, Facility B3 (prior to the Redenomination Date) or, in the case of Facility A, Facility B1 or Facility C if the currency selected is the Base Currency, a minimum of US$25,000,000 (and equal to such amount or an integral multiple of US$10,000,000 in excess thereof) or, if less, the relevant Available Facility; or

(B) in the case of Facility B3 (following the Redenomination Date) or in the case of Facility A, Facility B1 or Facility C if the currency selected is euro, a minimum of EUR25,000,000 (and equal to such amount or an integral multiple of EUR10,000,000 in excess thereof) or, if less, the relevant Available Facility; or

(C) if the currency selected is an Optional Currency other than euro the minimum amount specified by the Agent pursuant to paragraph (c)(ii) of Clause 4.5 (*Conditions relating to Optional Currencies*) or, if less, the relevant Available Facility,

provided that such minimum amounts shall not apply where the proposed Utilisation is for the purpose of refinancing a maturing Loan in another currency and the relevant Utilisation Request instructs that proceeds shall be applied directly in such refinancing.

5.4 **Lenders' participation**

(a) If the conditions set out in this Agreement have been met, each Lender shall make its participation in each Loan available by the Utilisation Date through its Facility Office.

(b) The amount of each Lender's participation in each Loan will be equal to the proportion borne by its Available Commitment to the relevant Available Facility immediately prior to making the Loan.

(c) The Agent shall determine the Base Currency Amount of each Loan which is to be made in an Optional Currency and shall notify each Lender of the amount, currency and the Base Currency Amount of each Loan and the amount of its participation in that Loan, in each case by the Specified Time.

6. OPTIONAL CURRENCIES

6.1 **Selection of currency**

(a) The Borrower shall select the currency of a Loan:

(i) (in the case of an initial Utilisation) in a Utilisation Request; and

(ii) (afterwards in relation to a Term Loan made to it) in a Selection Notice,

in each case delivered by the Specified Time.

(b) If the Borrower fails to issue a Selection Notice in relation to a Loan, the Loan will remain denominated for its next Interest Period in the same currency in which it is then outstanding.

If the Borrower issues a Selection Notice requesting a change of currency and the first day of the requested Interest Period is not a Business Day for the new currency, the Agent shall promptly notify the Borrower and the Lenders and the Loan will remain in the then existing currency (with Interest Periods running from one Business Day until the next Business Day) until the next day which is a Business Day for both currencies, on which day the requested Interest Period will begin.

6.2 **Unavailability of a currency**

If before the Specified Time on any Quotation Day:

(a) a Lender notifies the Agent that the Optional Currency requested is not readily available to it in the amount required, and provides in writing an objectively justified reason therefor; or

(b) a Lender notifies the Agent that compliance with its obligation to participate in a Loan in the proposed Optional Currency would contravene a law or regulation applicable to it,

the Agent will give notice to the Company to that effect by the Specified Time on that day. In this event, any Lender that gives notice pursuant to this Clause 6.2 will be required to participate in the Loan in the Base Currency (in an amount equal to that Lender's proportion of the Base Currency Amount, or in respect of a Rollover Loan, an amount equal to that Lender's proportion of the Base Currency Amount of the Rollover Loan that is due to be made) and its participation will be treated as a separate Loan denominated in the Base Currency during that Interest Period.

6.3 **Change of currency**

(a) If a Term Loan (other than any Facility B3 Loan which is redenominated in accordance with Clause 2.2 (*Redenomination of Facility B3*)) is to be denominated in different currencies during two successive Interest Periods:

(i) if the currency for the second Interest Period is an Optional Currency, the amount of the Term Loan in that Optional Currency will be calculated by the Agent as the amount of that Optional Currency equal to the Base Currency Amount of the Term Loan at the Agent's Spot Rate of Exchange at the Specified Time;

(ii) if the currency for the second Interest Period is the Base Currency, the amount of the Term Loan will be equal to the Base Currency Amount;

(iii) (unless the Agent and the Borrower agree otherwise in accordance with paragraph (b) below) the Borrower shall repay the Term Loan on the last day of the first Interest Period in the currency in which it was denominated for that Interest Period; and

(iv) (**provided that** no Event of Default has occurred which is continuing) the Lenders shall re-advance the Term Loan in the new currency in accordance with Clause 6.5 (*Agent's calculations*).

(b) If the Agent and the Borrower agree (and it is acknowledged that the Agent may require an indemnity in respect of foreign exchange losses which may be suffered by it in connection with the performance of its functions under this Clause from the Company in order for it to so agree), the Agent shall:

(i) apply the amount paid to it by the Lenders pursuant to paragraph (a)(iv) above (or so much of that amount as is necessary) in or towards purchase of an amount in the currency in which the Term Loan is outstanding for the first Interest Period; and

(ii) use the amount it purchases in or towards satisfaction of the Borrower's obligations under paragraph (a)(iii) above.

(c) If the amount purchased by the Agent pursuant to paragraph (b)(i) above is less than the amount required to be repaid by the Borrower, the Agent shall promptly notify the Borrower and the Borrower shall, on the last day of the first Interest Period, pay an amount to the Agent (in the currency of the outstanding Term Loan for the first Interest Period) equal to the difference.

(d) If any part of the amount paid to the Agent by the Lenders pursuant to paragraph (a)(iv) above is not needed to purchase the amount required to be repaid by the Borrower, the Agent shall promptly notify the Borrower and pay the Borrower, on the last day of the first Interest Period that part of that amount (in the new currency).

6.4 **Same Optional Currency during successive Interest Periods**

(a) If a Term Loan is to be denominated in the same Optional Currency during two successive Interest Periods, the Agent shall calculate the amount of the Term Loan in the Optional Currency for the second of those Interest Periods (by calculating the amount of Optional Currency equal to the Base Currency Amount of that Loan at the Agent's Spot Rate of Exchange at the Specified Time) and (subject to paragraph (b) below):

(i) if the amount calculated is less than the existing amount of that Loan in the Optional Currency during the first Interest Period, promptly notify the Borrower and the Borrower shall pay, on the last day of the first Interest Period, an amount equal to the difference; or

(ii) if the amount calculated is more than the existing amount of that Loan in the Optional Currency during the first Interest Period, promptly notify each Lender and, if no Event of Default is continuing, each Lender shall, on the last day of the first Interest Period, pay its participation in an amount equal to the difference.

(b) If the calculation made by the Agent pursuant to paragraph (a) above shows that the amount of the Loan in the Optional Currency for the second of those Interest Periods

converted into the Base Currency at the Agent's Spot Rate of Exchange at the Specified Time has increased or decreased by less than 5 per cent. compared to its Base Currency Amount (taking into account any payments made pursuant to paragraph (a) above), no notification shall be made by the Agent and no payment shall be required under paragraph (a) above.

6.5 **Agent's calculations**

(a) All calculations made by the Agent pursuant to this Clause 6.5 will take into account any repayment, prepayment, consolidation or division of Loans to be made on the last day of the first Interest Period.

(b) Each Lender's participation in a Loan will, subject to paragraph (a) above, be determined in accordance with paragraph (b) of Clause 5.4 (*Lenders' participation*).

SECTION 4
REPAYMENT, PREPAYMENT AND CANCELLATION

7. REPAYMENT

7.1 Repayment of Facility A Loans

Subject to Clause 8 (*Conversion of Facility A*), the Borrowers shall repay each Facility A Loan on the last day of its Interest Period. If such Loan is to be refinanced with a Rollover Loan, the amount of each Facility A Loan required to be repaid shall be set off against the amount of the applicable Rollover Loan. All Facility A Loans shall be repaid on, or prior to, the Termination Date relating thereto.

7.2 Repayment of Facility B Loans and Facility C Loans

(a) The Borrowers under Facility B1 shall repay the aggregate Facility B1 Loans in full on the Termination Date in respect of Facility B1.

(b) The Borrowers under Facility B2 shall repay the aggregate Facility B2 Loans in full on the Termination Date in respect of Facility B2.

(c) The Borrowers under Facility B3 shall repay the aggregate Facility B3 Loans in full on the Termination Date in respect of Facility B3.

(d) The Borrowers under Facility C shall repay the aggregate Facility C Loans in full on the Termination Date in respect of Facility C.

8. CONVERSION OF FACILITY A

8.1 First Term Out Option

(a) The Company shall be entitled to request that:

(i) all or part (being an amount in accordance with Clause 5.3 (*Currency and amount*)) of the amount of each Facility A Loan (*pro rata* amongst the Lenders of such Facility A Loan) forming part of a Utilisation and outstanding on the Initial Facility A Termination Date be converted on the Initial Facility A Termination Date into a term loan maturing on the First Term Out Option Termination Date; and

(ii) all or part of the Facility A Commitments (being an amount in accordance with Clause 5.3 (*Currency and amount*)) which have not been drawn down prior to the Initial Facility A Termination Date be drawn down by way of Facility A Term Loans by a Borrower on the Initial Facility A Termination Date,

by delivering to the Agent a Conversion Request not less than 5 Business Days nor more than 30 days prior to the Initial Facility A Termination Date.

(b) Any outstanding Facility A Loans not requested to be so converted shall be repaid in full on the Initial Facility A Termination Date.

(c) If:

(i) the Borrower has delivered a Conversion Request under paragraph (a) of this Clause 8.1; and

(ii) the conditions in Clauses 4.3 (*Further Conditions Precedent*) would have been met if the Facility A Loan to be converted had been a new Facility A Loan and are met in respect of any new Facility A Term Loan to be drawn down),

then:

(A) all or the part of each Facility A Loan which is specified in the Conversion Request and is outstanding on the Initial Facility A Termination Date (equal to the amount specified in the Conversion Request as being requested to be converted) shall automatically be converted into a term loan in the currency in which the relevant outstanding Facility A Loan is denominated at the time of the Conversion Request and shall not be repayable on the Initial Facility A Termination Date pursuant to Clause 7.1 (*Repayment of Facility A Loans*) but shall instead be repayable in full on the First Term Out Option Termination Date; and

(B) a Facility A Term Loan (equal to the amount specified in the Conversion Request as being the amount of the undrawn Facility A Commitments to be drawn down by way of Facility A Term Loans in accordance with Clause 8.1(a)(ii) above) shall be made to the relevant Borrower on the Initial Facility A Termination Date and shall not be repayable pursuant to Clause 7.1 (*Repayment of Facility A Loans*) but shall instead be repayable in full on the First Term Out Option Termination Date.

8.2 **Second Term Out Option**

(a) The Company shall be entitled to request that, following a conversion and/or draw down in accordance with Clause 8.1 (*First Term Out Option*), the final date for repayment of all or part (being an amount in accordance with Clause 5.3 (*Currency and amount*)) of the amount of the Facility A Term Loan(s) (*pro rata* amongst the Lenders) be extended to the Second Term Out Option Termination Date, by delivering to the Agent a Conversion Request, not less than 5 Business Days nor more than 30 days prior to the First Term Out Option Termination Date.

(b) Any amount of the Facility A Term Loan(s) outstanding on the First Term Out Option Termination Date which is not the subject of a Conversion Request pursuant to paragraph (a) of this Clause 8.2 shall be repaid in full on the First Term Out Option Termination Date.

(c) If:

(i) the Borrower has delivered a Conversion Request under paragraph (a) of this Clause 8.2; and

(ii) the conditions in Clauses 4.3 (*Further Conditions Precedent*) would have been met if the Facility A Term Loan(s) to be extended had been a new Facility A Loan(s),

then all or the part of each Facility A Term Loan which is specified in the Conversion Request and is outstanding on the First Term Out Option Termination Date (equal to the amount specified in the Conversion Request as being requested to be extended) shall not be repayable on the First Term Out Option Termination Date pursuant to Clause 8.1 (*First Term Out Option*) but shall instead be repayable in full on the Second Term Out Option Termination Date.

8.3 **Conversion Requests and Interest**

(a) Each Conversion Request shall, once delivered, be unconditional and irrevocable.

(b) The Agent shall forward a copy of any Conversion Request to each Lender as soon as practicable after receipt.

(c) The first Interest Period for a Facility A Term Loan shall commence on the Initial Facility A Termination Date, and shall be of a duration determined in accordance with Clause 11 (*Interest Periods)* **provided that** such Interest Period shall end on the First Term Out Option Termination Date. Where a Conversion Request has been delivered pursuant to paragraph (a) of Clause 8.2 (*Second Term Out Option*), no Interest Period for a Facility A Term Loan may extend beyond the Second Term Out Option Termination Date.

9. PREPAYMENT AND CANCELLATION

9.1 **Illegality of a Lender**

If, at any time, it is or will become unlawful in any applicable jurisdiction for a Lender to perform any of its obligations as contemplated by this Agreement or to fund or maintain its participation in any Utilisation:

(a) that Lender shall promptly notify the Agent upon becoming aware of that event (specifying the reason for such unlawfulness and the date on which such unlawfulness occurred or will occur, being no earlier than the last day of any applicable grace period permitted by law (the "**Relevant Date**")) and, in any event, at a time which permits the Company to repay that Lender's participation on the date such repayment is required to be made;

(b) upon the Agent notifying the Company, the Commitment of that Lender will be immediately cancelled; and

(c) the Company shall, on the last day of the Interest Period for each Loan ending immediately prior to the Relevant Date and occurring after the Agent has notified the Company or, if earlier, the Relevant Date, repay that Lender's participation in the Loans together with accrued interest and all other amounts owing to that Lender under the Finance Documents.

9.2 **Change of Control**

(a) In this Clause 9.2 a "**Change of Control**" occurs if:

(ii) may by three Business Days' notice to the Agent, cancel all of its Available Commitments (in which case they shall be so cancelled); and

9.3 **Voluntary cancellation**

(a) The Company may, if it gives the Agent not less than three Business Days' (or such shorter period as the Majority Lenders may agree) prior notice, cancel the whole or any part (being a minimum amount of US$25,000,000 for Facility A, Facility B1,

Facility B2, Facility B3 (prior to the Redenomination Date) and Facility C and a minimum amount of €25,000,000 of Facility B3 following the Redenomination Date) of any Facility. Any cancellation under this Clause 9.3 shall reduce rateably the Commitments of the Lenders under that Facility.

9.5 **Voluntary prepayment of Loans**

(a) A Borrower may, if the Company gives the Agent not less than three Business Days' (or such shorter period as the Majority Lenders may agree) prior notice, prepay the whole or any part of any Loan (but, if in part, being an amount that reduces, in relation to a Facility A Loan, a Facility B1 Loan, a Facility B2 Loan, a Facility C Loan or, prior to the Redenomination Date, a Facility B3 Loan, the Base Currency Amount of that Loan by a minimum amount of US$25,000,000 or, in relation to a Facility B3 Loan following the Redenomination Date, the amount of that Loan by a minimum amount of €25,000,000).

(ii) any Lender claims indemnification from an Obligor under Clause 14.3 (*Tax indemnity*) or Clause 15.1 (*Increased costs*),

the Company may, whilst the circumstance giving rise to the requirement or indemnification continues, give the Agent notice of cancellation of the Commitment of that Lender and its intention to procure the repayment of that Lender's participation in the Loans.

(b) On receipt of a notice referred to in paragraph (a) above, the relevant Commitment of that Lender shall immediately be reduced to zero.

SECTION 5
COSTS OF UTILISATION

10. INTEREST

10.1 Calculation of interest

The rate of interest on each Loan for each Interest Period is the percentage rate per annum which is the aggregate of the applicable:

(a) Margin;

(b) LIBOR or, in relation to any Loan in euro, EURIBOR; and

(c) Mandatory Cost, if any.

10.2 Payment of interest

On the last day of each Interest Period relating to a Loan each Borrower shall pay accrued interest on the Loan to which that Interest Period relates (and, if the Interest Period is longer than six Months, on the dates falling at six Monthly intervals after the first day of that Interest Period).

10.3 Default interest

(a) If an Obligor fails to pay any amount payable by it under a Finance Document on its due date, interest shall accrue on the overdue amount from the due date up to the date of actual payment (both before and after judgment) at a rate which, subject to paragraph (b) below, is two per cent higher than the rate which would have been payable if the overdue amount had, during the period of non-payment, constituted a Loan in the currency of the overdue amount for successive Interest Periods, each of a duration of one Month. Any interest accruing under this Clause 10.3 shall be immediately payable by the Obligor on demand by the Agent.

(b) If any overdue amount consists of all or part of a Loan which became due on a day which was not the last day of an Interest Period relating to that Loan:

(i) the first Interest Period for that overdue amount shall have a duration equal to the unexpired portion of the current Interest Period relating to that Loan; and

(ii) the rate of interest applying to the overdue amount during that first Interest Period shall be two per cent. higher than the rate which would have applied if the overdue amount had not become due.

(c) Default interest (if unpaid) arising on an overdue amount will be compounded with the overdue amount at the end of each Interest Period applicable to that overdue amount but will remain immediately due and payable.

10.4 Notification of rates of interest

The Agent shall promptly notify the Lenders and the relevant Borrower of the determination of a rate of interest under this Agreement.

11. INTEREST PERIODS

11.1 Selection of Interest Periods

(a) The Company may select an Interest Period for a Loan in the Utilisation Request for that Loan or (if the Loan has already been borrowed) in a Selection Notice.

(b) Each Selection Notice for a Loan is irrevocable and must be delivered to the Agent by the Borrower not later than the Specified Time.

(c) If the Borrower fails to deliver a Selection Notice to the Agent in accordance with paragraph (b) above, the relevant Interest Period will be one Month.

(d) Subject to this Clause 11, the Company may select an Interest Period of one, two, three or six Months, or any other period agreed between the Company and the Agent (acting on the instructions of all the Lenders participating in the relevant Facility).

(e) An Interest Period for a Loan shall not extend beyond the Termination Date applicable to the Facility under which the Loan was made.

(f) Each Interest Period for a Loan shall start on the Utilisation Date or (if already made) on the last day of its preceding Interest Period.

11.2 Non-Business Days

If an Interest Period would otherwise end on a day which is not a Business Day, that Interest Period will instead end on the next Business Day in that calendar month (if there is one) or the preceding Business Day (if there is not).

11.3 Consolidation and division of Loans

(a) Subject to paragraph (b) below, if two or more Interest Periods:

(i) relate to either Facility A Term Loans, Facility B1 Loans, Facility B2 Loans, Facility B3 Loans or Facility C Loans in the same currency; and

(ii) end on the same date;

those Loans will, unless the Borrower specifies to the contrary in the Selection Notice for the next Interest Period, be consolidated into, and treated as, a single Loan on the last day of the Interest Period.

(b) Subject to Clause 4.6 (*Maximum number of Loans*) and Clause 5.3 (*Currency and amount*), if the Borrower requests in a Selection Notice that a Loan be divided into two or more Loans, that Loan will, on the last day of its Interest Period, be so divided into, in the case of any Loan under Facility A, Facility B1, Facility B2, Facility B3 (prior to the Redenomination Date) or Facility C, the Base Currency Amounts or, in

the case of a Facility B3 Loan following the Redenomination Date, such amounts in euro specified (in each case) in that Selection Notice, being an aggregate Base Currency Amount or, as the case may be, amount in euro, equal to the Base Currency Amount or, as the case may be, amount in euro, of the Loan immediately before its division.

12. CHANGES TO THE CALCULATION OF INTEREST

12.1 Absence of quotations

Subject to Clause 12.2 (*Market disruption*), if LIBOR or, if applicable, EURIBOR is to be determined by reference to the Reference Banks but a Reference Bank does not supply a quotation by the Specified Time on the Quotation Day, the applicable LIBOR or EURIBOR shall be determined on the basis of the quotations of the remaining Reference Banks.

12.2 Market disruption

(a) If a Market Disruption Event occurs in relation to a Loan for any Interest Period, then the rate of interest on each Lender's share of that Loan for the Interest Period shall be the rate per annum which is the sum of:

(i) the Margin;

(ii) the rate notified to the Agent by that Lender as soon as practicable and in any event before interest is due to be paid in respect of that Interest Period, to be that which expresses as a percentage rate per annum the cost to that Lender of funding its participation in that Loan from whatever source it may reasonably select; and

(iii) the Mandatory Cost, if any, applicable to that Lender's participation in that Loan.

(b) In this Agreement "**Market Disruption Event**" means:

(i) at or about noon on the Quotation Day for the relevant Interest Period the Screen Rate not being available and none or only one of the Reference Banks supplying a rate to the Agent to determine LIBOR or, if applicable, EURIBOR for the relevant currency and Interest Period; or

(ii) before close of business in London on the Quotation Day for the relevant Interest Period, the Agent receiving notifications from a Lender or Lenders (in either case whose participations in a Loan exceed 50 per cent. of that Loan) that the cost to it or them of obtaining matching deposits in the Relevant Interbank Market would be in excess of LIBOR or, if applicable, EURIBOR.

12.3 Alternative basis of interest or funding

(a) If a Market Disruption Event occurs and the Agent or the Company so requires, the Agent and the Company shall enter into negotiations (for a period of not more than thirty days) with a view to agreeing a substitute basis for determining the rate of interest in respect of the relevant Loan.

(b) Any alternative basis agreed pursuant to paragraph (a) above shall, with the prior consent of all the Lenders participating in the relevant Loan and the Company, be binding on all Parties.

12.4 **Break Costs**

(a) Each Borrower shall, within three Business Days of demand by a Lender, pay to that Lender its Break Costs attributable to all or any part of a Loan or Unpaid Sum being paid by that Borrower on a day other than the last day of an Interest Period for that Loan or Unpaid Sum and its Break Costs (if any) attributable to any Reallocation made in accordance with Clause 36.3 (*Reallocation of Facility B Commitments*).

(b) Each Lender shall, as soon as reasonably practicable after a demand by the Agent, provide a certificate confirming in reasonable detail the amount of its Break Costs for any Interest Period in which they accrue.

13. **FEES**

13.1 **Ticking fee**

(a) The Company shall pay to the Agent (for the account of each Lender) a ticking fee in respect of each Facility in the Base Currency computed at the rate of:

(i) 0.05 per cent. per annum on that Lender's Available Commitment under each Facility for the period commencing on the date falling 60 days after 26 October 2006 and ending on (but excluding) the date falling three Months thereafter; and

(ii) 0.075 per cent. per annum on that Lender's Available Commitment under each Facility for the period commencing on last day of the period referred to in paragraph (i) and ending on the last day of the Availability Period applicable to that Facility,

provided that the ticking fee shall cease to accrue from the First Utilisation Date or, if earlier, the date on which the Available Commitments of each Lender under each Facility is cancelled and reduced to zero.

(b) The accrued ticking fees set out above are payable on the First Utilisation Date or, if all or part of the Facilities are cancelled, on the cancelled amount of the relevant Lender's Commitment at the time the cancellation is effective.

13.2 **Commitment fee**

(a) The Company shall pay to the Agent (for the account of each Lender) a commitment fee in respect of each Facility in the Base Currency computed at the rate of 30 per cent. per annum of the applicable Margin from time to time on that Lender's Available Commitment under each Facility for the period commencing on the First Utilisation Date and ending on the last day of the Availability Period applicable to that Facility or, if earlier, the date on which the Available Commitments of each Lender under a particular Facility is cancelled and reduced to zero.

(b) The accrued commitment fees set out above are payable on the last day of each successive period of three Months which ends during the Availability Period, on the last day of the Availability Period and, if cancelled in full, on the cancelled amount of the relevant Lender's Commitment at the time the cancellation is effective.

13.3 **Up-front Fee**

The Company shall pay to the relevant Finance Parties an up-front fee in the amount and at the times agreed in the relevant Fee Letter.

13.4 **Agency fee**

The Company shall pay to (or procure payment to) the Agent (for its own account) an agency fee in the amount and at the times agreed in the relevant Fee Letter.

13.5 **Second Term Out Option Fee**

If the option set out in Clause 8.2 (*Second Term Out Option*) is exercised, the Company shall pay to the Agent (for the account of each relevant Lender under the Facility A Term Loan(s) *pro rata* to its share therein) a second term out option fee in an amount equal to 0.05 per cent. flat on the amount of each Facility A Term Loan which is subject to an extension of its final maturity pursuant to Clause 8.2 (*Second Term Out Option)*. Such conversion fee shall be payable by the Company to the Agent on the First Term Out Option Termination Date.

SECTION 6
ADDITIONAL PAYMENT OBLIGATIONS

14. **TAX GROSS-UP AND INDEMNITIES**

14.1 **Definitions**

(a) In this Clause 14:

"**Protected Party**" means a Finance Party which is or will be subject to any liability or required to make any payment, for or on account of Tax, in relation to a sum received or receivable (or any sum deemed for the purposes of Tax to be received or receivable) under a Finance Document.

"**Qualifying Lender**" means a Lender which is beneficially entitled to interest payable to that Lender in respect of an advance under a Finance Document and is:

(i) a legal person or entity (including, for the avoidance of doubt, any securitisation trust or fund) habitually resident for taxation purposes in a Qualifying State which is not acting through a territory considered as a tax haven pursuant to Spanish laws and regulations or through a permanent establishment in Spain; or

(ii) a legal person or entity (including, for the avoidance of doubt, any securitisation trust or fund) which, as a result of any applicable double taxation treaty, is entitled to receive any payments made by a Borrower to such legal person or entity hereunder without any deduction or withholding for or on account of Tax; or

(iii) a Domestic Lender.

"**Qualifying State**" means a member state of the European Union (other than Spain).

"**Tax Credit**" means a credit against, relief or remission from, or repayment of, any Tax.

"**Tax Deduction**" means a deduction or withholding for or on account of Tax from a payment made under a Finance Document.

"**Tax Payment**" means either the increase in a payment made by an Obligor to a Finance Party under Clause 14.2 (*Tax gross-up*) or a payment under Clause 14.3 (*Tax indemnity*).

(b) Unless a contrary indication appears, in this Clause 14 a reference to " **determines**" or "**determined**" means a determination made in the absolute good faith discretion of the person making the determination.

14.2 **Tax gross-up**

(a) Each Obligor shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law or regulation.

(b) The Company or a Lender shall promptly upon becoming aware that an Obligor must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Agent accordingly. If the Agent receives such notification from a Lender it shall notify the Company and that Obligor.

(c) If a Tax Deduction is required by law or regulation to be made by an Obligor, the amount of the payment due from that Obligor shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due and payable if no Tax Deduction had been required.

(d) An Obligor is not required to make an increased payment to a Lender under paragraph (c) above for a Tax Deduction in respect of Tax imposed by Spain from a payment of interest on a Loan, if on the date on which the payment falls due:

(i) the payment could have been made to the relevant Lender without a Tax Deduction if it was a Qualifying Lender, but on that date that Lender is not or has ceased to be a Qualifying Lender other than as a result of any change after the date it became a Lender under this Agreement in (or in the interpretation, administration, or application of) any law or treaty, or any published practice or concession of any relevant taxing authority; or

(ii) the relevant Lender is a Qualifying Lender under paragraph (ii) of the definition of "Qualifying Lender" and the Obligor making the payment is able to demonstrate that the payment could have been made to the Lender without any Tax Deduction if the Lender had complied with its obligations under paragraph (g) below.

(e) If an Obligor is required to make a Tax Deduction, that Obligor shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law or regulation.

(f) Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Obligor making that Tax Deduction shall deliver to the Agent for the Finance Party entitled to the payment an original receipt (or certified copy thereof) or if unavailable such other evidence as is reasonably satisfactory to that Finance Party that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.

(g) A Lender that is a Qualifying Lender under paragraph (ii) of the definition of "Qualifying Lender" and each Obligor which is required to make a payment to which that Treaty Lender is entitled shall co-operate in completing any procedural formalities necessary for that Obligor to obtain authorisation to make that payment without a Tax Deduction

14.3 **Tax indemnity**

(a) The Company shall (within five Business Days of demand by the Agent) pay to a Protected Party an amount equal to the amount of any Tax assessed on that Protected Party (together with any interest, costs or expenses payable, directly or indirectly, or incurred in connection therewith) in relation to a sum received or receivable (or any sum deemed for the purposes of Tax to be received or receivable) under a Finance Document.

(b) Paragraph (a) of this Clause 14.3 shall not apply:

(i) with respect to any Tax assessed on a Finance Party:

(A) under the laws and regulations of the jurisdiction in which that Finance Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which that Finance Party is treated as resident for Tax purposes; or

(B) under the laws and regulations of the jurisdiction in which that Finance Party's Facility Office is located in respect of amounts received or receivable in that jurisdiction,

if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by that Finance Party; or

(ii) to the extent a loss, liability or cost:

(A) is compensated for by an increased payment under Claus 14.2 (*Tax gross-up*); or

(B) would have been compensated for by an increased payment under Clause 14.2 (*Tax gross-up*) but was not so compensated solely because one of the exclusions in paragraph (d) of Clause 14.2 (*Tax gross-up*) applied.

(c) A Protected Party making, or intending to make a claim pursuant to paragraph (a) of this Clause 14.3 shall promptly notify the Agent of the event which will give, or has given, rise to the claim, following which the Agent shall notify the Company.

(d) A Protected Party shall, on receiving a payment from an Obligor under this Clause 14.3, notify the Agent.

14.4 **Tax Certificates**

(a) Without prejudice to the other provisions of this Clause 14, in relation to any exemption from or application of a rate lower than that of general application pursuant to any legislation in Spain or any double taxation treaty, or pursuant to any other cause relating to residence status, any Lender which is not a Domestic Lender shall supply the Company, through the Agent, prior to the interest payment date with a certificate of residence issued by the pertinent fiscal administration, in the case of a Qualifying Lender which is not a Domestic Lender, accrediting such Qualifying Lender as resident for Tax purposes in a Qualifying State or, as the case may be, accrediting such Lender as resident for Tax purposes in a State which has signed and ratified a double taxation treaty with Spain.

(b) As such certificates referred to in paragraph (a) of this Clause 14.4 are, at the date hereof, valid only for a period of one year, each such Lender will be required to so supply a further such certificate upon expiry of the previous certificate in relation to any further payment of interest.

(c) If any Lender which has supplied a certificate under Clause 14.4(a) becomes aware that any information contained in that certificate is not correct in all material respects throughout the period for which that certificate is valid, it shall, as soon as practicable, supply the Agent with details of that matter, following which the Agent shall supply those details to the Company, and, if appropriate, that Lender shall promptly supply a new certificate pursuant to Clause 14.4(a) above.

14.5 **Tax Credit**

If an Obligor makes a Tax Payment and the relevant Finance Party determines that:

(a) a Tax Credit is attributable either to an increased payment of which that Tax Payment forms part, or to that Tax Payment; and

(b) that Finance Party has obtained, utilised and retained that Tax Credit,

the Finance Party shall pay an amount to the Obligor which that Finance Party determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Obligor.

14.6 **Stamp Taxes**

The Company shall pay and, within five Business Days of demand, indemnify each Finance Party against any cost, loss or liability that Finance Party incurs in relation to all stamp duty, registration and other similar Taxes payable in respect of any Finance Document except for any such Tax payable in connection with the entering into of a Transfer Certificate.

14.7 **Value Added Tax**

(a) All consideration expressed to be payable under a Finance Document by any Party to a Finance Party shall be deemed to be exclusive of any amount in respect of VAT. If VAT is chargeable on any supply made by any Finance Party to any Party in connection with a Finance Document, that Party shall pay to the Finance Party (in addition to and at the same time as paying the consideration) an amount equal to the amount of the VAT and such Finance Party shall promptly provide an appropriate VAT invoice to such Party.

(b) Where a Finance Document requires any Party to reimburse a Finance Party for any costs or expenses, that Party shall also at the same time pay and indemnify that Finance Party against all amounts in respect of VAT incurred by the Finance Party in respect of the costs or expenses to the extent that the Finance Party reasonably determines that it is not entitled to credit or repayment of the VAT.

15. INCREASED COSTS

15.1 Increased costs

(a) Subject to Clause 15.2 *(Increased cost claims)* and Clause 15.3 (*Exceptions*) the Company shall, within three Business Days of a demand by the Agent, pay for the account of a Finance Party the amount of any Increased Costs incurred by that Finance Party or any of its Affiliates as a result of:

(i) the introduction of or any change in (or in the interpretation, administration or application of) any law or regulation; or

(ii) compliance with any law or regulation,

in each case made after the date of this Agreement.

(b) In this Agreement "**Increased Costs**" means, without duplication:

(i) a reduction in the rate of return from a Facility or on a Finance Party's (or its Affiliate's) overall capital;

(ii) an additional or increased cost; or

(iii) a reduction of any amount due and payable under any Finance Document,

which is incurred or suffered by a Finance Party or any of its Affiliates to the extent that it is attributable to that Finance Party having entered into its Commitments or funding or performing its obligations under any Finance Document.

15.2 Increased cost claims

(a) A Finance Party intending to make a claim pursuant to Clause 15.1 (*Increased costs*) shall notify the Agent of the event giving rise to the claim and a calculation evidencing in reasonable detail the amount of such Increased Costs to be claimed by such Finance Party, following which the Agent shall promptly notify the Company and provide the Company with such calculations.

(b) Each Finance Party shall, as soon as practicable after a demand by the Agent, provide a certificate confirming the amount of its Increased Costs.

15.3 Exceptions

(a) Clause 15.1 (*Increased costs*) does not apply to the extent any Increased Cost is:

(i) attributable to a Tax Deduction required by law or regulation to be made by an Obligor;

(ii) compensated for by Clause 14.3 (*Tax indemnity)* (or would have been compensated for under Clause 14.3 (*Tax indemnity)* but was not so compensated solely because any of the exclusions in paragraph (b) of Clause 14.3 (*Tax indemnity*) applied);

(iii) compensated for by the payment of the Mandatory Cost; or

(iv) attributable to the breach by the relevant Finance Party or its Affiliates of any law or regulation; or

(v) attributable to the implementation of or compliance with the "International Convergence of Capital Measurements and Capital Standards—a Revised Framework" published by the Basel Committee on Banking Supervision in June 2004 in the form existing on the date of this Agreement ("**Basel II**") or any other law or regulation that implements Basel II (whether such implementation or compliance is by a government, governmental regulator, Finance Party or an Affiliate thereof).

(b) In this Clause 15.3, a reference to a "**Tax Deduction**" has the same meaning given to the term in Clause 14.1 *(Definitions)*.

16. OTHER INDEMNITIES

16.1 Currency indemnity

(a) If any sum due from an Obligor under the Finance Documents (a "**Sum**"), or any order, judgment or award given or made in relation to a Sum, has to be converted from the currency (the "**First Currency**") in which that Sum is payable into another currency (the "**Second Currency**") for the purpose of:

(i) making or filing a claim or proof against that Obligor; or

(ii) obtaining or enforcing an order, judgment or award in relation to any litigation or arbitration proceedings,

that Obligor shall as an independent obligation, within three Business Days of demand, indemnify each Finance Party to whom that Sum is due against any cost, loss or liability arising out of or as a result of the conversion including any discrepancy between (A) the rate of exchange used to convert that Sum from the First Currency into the Second Currency and (B) the rate or rates of exchange available to that person at the time of its receipt of that Sum.

(b) Each Obligor waives any right it may have in any jurisdiction to pay any amount under the Finance Documents in a currency or currency unit other than that in which it is expressed to be payable.

16.2 Other indemnities

(a) Each Obligor shall, within five Business Days of demand, indemnify each Finance Party against any cost, loss or liability not otherwise compensated under the provisions of this Agreement and excluding any lost profits, consequential or indirect damages (other than interest or default interest) incurred by that Finance Party as a result of its Commitment or the making of any Loan under the Finance Documents as a result of:

(i) the occurrence of any Event of Default;

(ii) a failure by an Obligor to pay any amount due under a Finance Document on its due date, including without limitation, any cost, loss or liability arising as a result of Clause 29 (*Sharing among the Finance Parties*);

(iii) funding, or making arrangements to fund, its participation in a Loan requested by the Company in a Utilisation Request but not made by reason of the operation of any one or more of the provisions of this Agreement (other than by reason of default or negligence by that Finance Party alone); or

(iv) a Loan (or part of a Loan) not being prepaid in accordance with a notice of prepayment given by the Company.

(b) The Company will indemnify and hold harmless each Finance Party and each of their respective directors, officers, employees, agents, advisors and representatives (each being an "**Indemnified Person**") from and against any and all claims, damages, losses, liabilities, costs, legal expenses and other expenses (all together "**Losses**") which have been incurred by or awarded against any Indemnified Person, in each case arising out of or in connection with any claim, investigation, litigation or proceeding (or the preparation of any defence with respect thereto) commenced or threatened by any person in relation to any of the Finance Documents (only in so far as such claim, investigation, litigation or proceeding relates to the use of proceeds of the Facilities towards the acquisition of Target Shares (and any Target ADRs) by the Company or BidCo (or any person acting in concert with the Company or BidCo)) except to the extent such Losses or claims result from such Indemnified Person's negligence or misconduct or a breach of any term of any Finance Document by an Indemnified Person **provided that**:

(i) the Indemnified Party shall as soon as reasonably practicable inform the Company and CEMEX Parent of any circumstances of which it is aware and which would be reasonably likely to give rise to any such claim, investigation, litigation or proceeding (whether or not a claim, investigation, litigation or proceeding has occurred or been threatened);

(ii) the Indemnified Party will, where reasonable and practicable, and taking into account the provisions of this Agreement, give the Company and CEMEX Parent an opportunity to consult with it with respect to the conduct or settlement of any such claim, investigation, litigation or proceeding;

(iii) an Indemnified Party will provide the Company on request (and, to the extent practicable without any waiver of legal professional privilege or breach of confidentiality obligation) with copies of material correspondence in relation to the Losses and allow the Company or its appointed representative to attend all material meetings in relation to the Losses and receive copies of material legal advice obtained by the Indemnified Party in relation to the Losses;

(iv) the Company will keep strictly confidential all information received by it in connection with the Losses and will not disclose any information to any third party without the prior written consent of the Indemnified Party (except as required by any applicable law);

(v) no Obligor shall be liable for any settlement of the Losses unless the Company has consented to that settlement; and

(vi) no Indemnified Party shall be required to comply with paragraphs (i), (ii) or (iii) nor shall paragraph (v) apply unless the Indemnified Party is and continues to be indemnified on a current basis for its costs and expenses.

Any third party referred to in this paragraph (b) may rely on this Clause 16.2 subject to Clause 1.4 (*Third party rights*) and the provisions of the Third Parties Act.

16.3 **Indemnity to the Agent**

The Company shall (or shall procure that another Obligor will) promptly indemnify the Agent against any cost, loss or liability directly related to this Agreement incurred by the Agent (acting reasonably and otherwise than by reason of the Agent's gross negligence or wilful misconduct) as a result of:

(a) investigating any event which it reasonably believes (acting prudently and, if possible, following consultation with the Company) is a Default; or

(b) acting or relying on any notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised.

17. MITIGATION BY THE LENDERS

17.1 **Mitigation**

(a) Each Finance Party shall, in consultation with the Company, take all reasonable steps to mitigate any circumstances which arise after the date of this Agreement and which would result in any amount becoming payable under or pursuant to, or cancelled pursuant to, any of Clause 9.1 (*Illegality of a Lender*), Clause 14 (*Tax Gross-up and Indemnities)* or Clause 15 (*Increased Costs)* or Schedule 4 *(Mandatory Cost Formulae)* including (but not limited to) transferring its rights and obligations under the Finance Documents to another Affiliate or Facility Office.

(b) Paragraph (a) above does not in any way limit the obligations of any Obligor under the Finance Documents.

17.2 **Limitation of liability**

(a) The Company shall (or shall procure that another Obligor will) indemnify each Finance Party for all costs and expenses reasonably incurred by that Finance Party as a result of steps taken by it under Clause 17.1 (*Mitigation*).

(b) A Finance Party is not obliged to take any steps under Clause 17.1 (*Mitigation*) if, in the opinion of that Finance Party (acting reasonably), to do so might be prejudicial to it.

18. **COSTS AND EXPENSES**

18.1 **Transaction expenses**

(a) The Company shall within 15 days of receipt of a demand (and delivery of the relevant receipts, invoices or other documentary evidence), pay the Agent and each Arranger the amount of all costs and expenses (including legal fees) reasonably incurred by any of them in connection with the negotiation, preparation, printing and execution of the Finance Documents and the syndication of the Facilities.

(b) The Company shall within 15 days of receipt of demand, pay the Agent and each Arranger the amount of all documented costs and expenses (including legal fees) reasonably incurred by any of them in connection with the negotiation, preparation, printing and execution of any Finance Documents executed after the date of this Agreement.

18.2 **Amendment costs**

If (a) an Obligor requests an amendment, waiver or consent or (b) an amendment is required pursuant to Clause 30.9 (*Change of currency)*, the Company shall, within five Business Days of demand, reimburse the Agent, the Arranger and each Lender for the amount of all costs and expenses (including legal fees, but in this case, only the legal fees of one law firm in each relevant jurisdiction acting on behalf of all the Lenders) reasonably incurred by such parties in responding to, evaluating, negotiating or complying with that request or requirement.

18.3 **Enforcement costs**

The Company shall, within three Business Days of demand, pay to each Finance Party the amount of all costs and expenses (including legal fees) incurred by that Finance Party in connection with the enforcement of, or the preservation of any rights under, any Finance Document.

SECTION 7
GUARANTEE

19. GUARANTEE AND INDEMNITY

19.1 Guarantee and indemnity

Each Guarantor irrevocably and unconditionally jointly and severally:

(a) guarantees to each Finance Party punctual performance by each Borrower of that Borrower's obligations under the Finance Documents;

(b) undertakes with each Finance Party that whenever a Borrower does not pay any amount when due under or in connection with any Finance Document, it shall immediately on demand pay that amount as if it was the principal obligor; and

(c) indemnifies each Finance Party immediately on demand against any cost, loss or liability suffered by that Finance Party if any obligation guaranteed by it is or becomes unenforceable, invalid or illegal. The amount of the cost, loss or liability shall be equal to the amount which that Finance Party would otherwise have been entitled to recover.

19.2 Continuing Guarantee

This guarantee is a continuing guarantee and will extend to the ultimate balance of sums payable by each Borrower under the Finance Documents, regardless of any intermediate payment or discharge in whole or in part.

19.3 Reinstatement

If any payment by any Borrower or any discharge given by a Finance Party (whether in respect of the obligations of any Borrower or any security for those obligations or otherwise) is avoided or reduced as a result of insolvency or any similar event:

(a) the liability of each Borrower shall continue as if the payment, discharge, avoidance or reduction had not occurred; and

(b) each Finance Party shall be entitled to recover the value or amount of that security or payment from each Borrower, as if the payment, discharge, avoidance or reduction had not occurred.

19.4 Waiver of defences

The obligations of each Guarantor under this Clause 19 will not be affected by an act, omission, matter or thing which, but for this Clause 19, would reduce, release or prejudice any of its obligations under this Clause 19 (without limitation and whether or not known to it or any Finance Party) including:

(a) any time, waiver or consent granted to, or composition with, any Borrower or other person;

(b) the release of any Borrower or any other person under the terms of any composition or arrangement with any creditor of any member of the Group;

(c) the taking, variation, compromise, exchange, renewal or release of, or refusal or neglect to perfect, take up or enforce, any rights against, or security over assets of, any Borrower or other person or any non-presentation or non-observance of any formality or other requirement in respect of any instrument or any failure to realise the full value of any security;

(d) any incapacity or lack of power, authority or legal personality of or dissolution or change in the members or status of a Borrower or any other person;

(e) any amendment (however fundamental) or replacement of a Finance Document or any other document or security;

(f) any unenforceability, illegality or invalidity of any obligation of any person under any Finance Document or any other document or security; or

(g) any insolvency or similar proceedings.

19.5 **Immediate recourse**

Each Guarantor waives any right it may have of first requiring any Finance Party (or any trustee or agent on its behalf) to proceed against or enforce any other rights or security or claim payment from any person before claiming from a Guarantor under this Clause 19.5. This waiver applies irrespective of any law or regulation or any provision of a Finance Document to the contrary.

Each Guarantor also waives any right to be sued jointly with other Guarantors and to share liability resulting from any claim against it.

19.6 **Appropriations**

Until all amounts which may be or become payable by a Borrower under or in connection with the Finance Documents have been irrevocably paid in full, each Finance Party (or any trustee or agent on its behalf) may:

(a) refrain from applying or enforcing any other monies, security or rights held or received by that Finance Party (or any trustee or agent on its behalf) in respect of those amounts, or apply and enforce the same in such manner and order as it sees fit (whether against those amounts or otherwise) and no Guarantor shall be entitled to the benefit of the same; and

(b) hold in an interest-bearing suspense account any monies received from a Guarantor or on account of such Guarantor's liability under this Clause 19.6,

provided that the operation of this Clause 19.6 shall not be deemed to create any Security.

19.7 **Deferral of Guarantors' rights**

Until all amounts which may be or become payable by a Borrower under or in connection with the Finance Documents have been irrevocably paid in full and unless the Agent (acting on the instructions of the Majority Lenders) otherwise directs, no Guarantor will exercise any rights which it may have by reason of performance by it of its obligations under the Finance Documents:

(a) to be indemnified by a Borrower;

(b) to claim any contribution from any other guarantor of any Borrower's obligations under the Finance Documents; and/or

(c) to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of the Finance Parties under the Finance Documents or of any other guarantee or security taken pursuant to, or in connection with, the Finance Documents by any Finance Party.

19.8 **Additional security**

This guarantee is in addition to and is not in any way prejudiced by any other guarantee or security now or subsequently held by any Finance Party.

SECTION 8
REPRESENTATION, UNDERTAKINGS AND EVENTS OF DEFAULT

20. REPRESENTATIONS

Each Obligor makes the representations and warranties set out in this Clause 20 to each Finance Party.

20.1 Status

(a) It is a corporation, duly organised and validly existing under the laws and regulations of its jurisdiction of incorporation.

(b) It has the power to own its assets and carry on its business as it is being conducted.

20.2 Binding obligations

The obligations expressed to be assumed by it in each Finance Document are, subject to any reservations which are specifically referred to in any Legal Opinion, legal, valid, binding and enforceable obligations.

20.3 Non-conflict with other obligations

The entry into and performance by it of, and the transactions contemplated by, the Finance Documents do not and will not conflict with:

(a) any law or regulation applicable to it;

(b) its constitutional documents; or

(c) any agreement or instrument binding upon it or any of its assets.

Assuming that no Lender (or any person with whom a Lender has entered into a sub-participation agreement) is a U.S. Lender, no part of the proceeds of any Loans will be used in a manner that would cause the Loans to be in violation of Regulation U or X of the Board of Governors of the Federal Reserve System of the United States.

20.4 Power and authority

It has the power to enter into, perform and deliver, and has taken all necessary action to authorise its entry into, performance and delivery of, the Finance Documents to which it is a party and the transactions contemplated by those Finance Documents.

20.5 Validity and admissibility in evidence

All Authorisations required or desirable:

(a) to enable it lawfully to enter into, exercise its rights and comply with its obligations in the Finance Documents to which it is a party; and

(b) to make the Finance Documents to which it is a party admissible in evidence in its jurisdiction of incorporation,

have been obtained or effected and are in full force and effect or will be obtained in accordance with the provisions of this Agreement.

adopted International Accounting Standards or had there not been a change in GAAP, or the accounting practices or reference periods (subject to compliance with paragraph (b) above). Any amendments agreed will take effect on the date agreed between the Agent and the Company subject to the consent of the Majority Lenders. 23.13 **Transactions with Affiliates**

Each Obligor shall (and the Company shall ensure that its Subsidiaries shall) ensure that any transactions with its respective Affiliates are on terms that are fair and reasonable and no less favourable to such Obligor or such Subsidiary than it would obtain in a comparable arm's-length transaction with a person who is not an Affiliate (unless such transaction relates to the provision of funds for the Offer as between each Obligor, its Subsidiaries and its or their respective Affiliates).

If, at any time, the aggregate outstanding principal amount of Subsidiary Financial Indebtedness exceeds 15 per cent. of the Consolidated Total Assets, then for so long as such remains the case, no Subsidiary of the Company or (following the Acquisition of Target Date but prior to the Acquisition of BidCo Date), BidCo and its Subsidiaries (except Subsidiaries described in paragraph (f) of the definition of " **Subsidiary Financial Indebtedness**" below) may, directly or indirectly, create, incur, assume or otherwise become liable with respect to any other Financial Indebtedness.

(Y) any Financial Indebtedness incurred in a currency other than US Dollars pursuant to this paragraph (b) shall continue to be permitted under this paragraph (b), notwithstanding any fluctuation in currency values, as long as the outstanding principal amount of such Financial Indebtedness (denominated in its original currency) does not exceed the maximum amount of such Financial Indebtedness (denominated in such currency) permitted to be outstanding on the date such Financial Indebtedness was incurred);

(c) Financial Indebtedness of a Subsidiary of the Company owed to the Company or another Subsidiary of the Company;

(d) Financial Indebtedness of a Subsidiary of the Company that was:

(i) outstanding at the time such Subsidiary became a Subsidiary of the Company; or;

23.16 **Payment restrictions affecting Subsidiaries**

The Company shall not enter into or suffer to exist, or permit any of its Subsidiaries (or, following the Acquisition of Target Date but prior to the Acquisition of BidCo Date, BidCo and its Subsidiaries) to enter into or suffer to exist, any agreement or arrangement (other than any Finance Document) directly limiting the ability of any of its Subsidiaries to:

(a) declare or pay dividends or other distributions in respect of its or their respective equity interests in a Subsidiary, except any agreement or arrangement entered into by a person prior to such person becoming a Subsidiary, in which case the Company shall use its reasonable endeavours to remove such limitations. If however, such limitations are reasonably likely to affect the ability of the Company to satisfy its payment obligations under this Agreement, the Company shall use its best endeavours to remove such limitations as soon as possible; or

(b) repay or capitalise any intercompany indebtedness owed by any Subsidiary to any Obligor and, for the avoidance of doubt, subordination provisions shall not be considered a limitation for the purpose of this Clause 23.16.

The provisions of paragraphs (a) and (b) above shall not restrict:

(i) any agreements or arrangements that are binding upon any person in connection with a Permitted Securitisation and any agreement or arrangement that limits the ability of

any Subsidiary of the Company that transfers receivables and related assets pursuant to a Permitted Securitisation to distribute or transfer receivables and related assets **provided that**, in each case, all such agreements and arrangements are customarily required by the institutional sponsor or arranger of such Permitted Securitisation in similar types of documents relating to the purchase of receivables and related assets in connection with the financing thereof;

(i) waive, amend, revise, withdraw, agree, declare or accept or treat as satisfied or decide not to enforce, in whole or in part, any condition of the Offer as to the level of acceptances from those entitled to accept the terms of the Offer, where to do so would result in such level being less than 50.01 per cent. of the total possible acceptances available; and

(ii) issue or allow to be issued on its behalf any press release or other publicity which refers to any Facility or any Finance Party unless the publicity is required by any provision of applicable law or any stock exchange, listing authority or comparable regulatory entity. (ii) any terms or conditions proposed in connection with any authorisation necessary or desirable in connection with the Offer.

(f) If any member of the Group becomes aware (whether through notice from any Finance Party or otherwise) of a circumstance or event which is or could reasonably be construed to be covered by any condition of the Offer which, if not waived, would entitle BidCo (with the consent of any other party, if needed) to lapse the Offer, the Company shall promptly notify Citigroup Global Markets Limited and The Royal Bank of Scotland plc.

(g) If BidCo becomes entitled to initiate the compulsory acquisition procedures set out in Part 6A.1 of the Corporations Act in relation to the shares in Target to which the Offer relates, the Company shall procure that BidCo:

SECTION 9
CHANGES TO PARTIES

25. CHANGES TO THE LENDERS

25.1 Assignments and transfers by the Lenders

Subject to this Clause 25, a Lender (the "**Existing Lender**") may:

(a) assign any of its rights and benefits in respect of any Utilisation; or

(b) transfer by novation any of its rights, benefits and obligations in respect of any Commitment or any Utilisation,

to another bank or financial institution or to a trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets (the " **New Lender**"), **provided that** no Lender may transfer or assign any of its rights, benefits or obligations under the Finance Documents to any U.S. Lender or enter into a sub-participation agreement in respect of such rights, benefits or obligations with a U.S. Lender.

25.2 Conditions of assignment or transfer

(a) The Borrower must be notified no later than one Business Day prior to the proposed date of any assignment or transfer pursuant to this Clause 25.1 (*Assignments and transfers by the Lenders*).

(b) An assignment will be effective only on:

(i) receipt by the Agent of written confirmation from the New Lender that the New Lender will assume the same obligations to the other Finance Parties as it would have been under if it was an Original Lender; and

(ii) the satisfaction of the Agent with the results of all " **know your client**" or other checks relating to the identity of any person that it is required by law to carry out in relation to such assignment to a New Lender, the completion of which the Agent shall promptly notify to the Existing Lender and the New Lender.

(c) A transfer will be effective only if the procedure set out in Clause 25.5 (*Procedure for transfer*) is complied with.

(d) If:

(i) a Lender assigns or transfers any of its rights, benefits or obligations under the Finance Documents or changes its Facility Office; and

(ii) as a result of circumstances existing at the date the assignment, transfer or change occurs, an Obligor would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 14 (*Tax gross-up and indemnities*) or Clause 15 (*Increased costs*),

then the New Lender or Lender acting through its new Facility Office is entitled to receive payment under those Clauses only to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred.

(e) In addition to the other assignment rights provided in this Clause 25, each Lender may assign, as collateral or otherwise, any of its rights under this Agreement (including rights to payments of principal or interest on the Loans) to any trustee for the benefit of the holders of such Lender's securities **provided that** no such assignment shall release the assigning Lender from any of its obligations under this Agreement.

25.3 **Assignment or transfer fee**

The New Lender shall, on the date upon which an assignment or transfer takes effect, pay to the Agent (for its own account) a fee of US$2,000, except no such fee shall be payable in connection with an assignment or transfer to a New Lender upon primary syndication of the Facilities.

25.4 **Limitation of responsibility of Existing Lenders**

(a) Unless expressly agreed to the contrary, an Existing Lender makes no representation or warranty and assumes no responsibility to a New Lender for:

(i) the legality, validity, effectiveness, adequacy or enforceability of the Finance Documents or any other documents;

(ii) the financial condition of any Obligor;

(iii) the performance and observance by any Obligor of its obligations under the Finance Documents or any other documents; or

(iv) the accuracy of any statements (whether written or oral) made in or in connection with any Finance Document or any other document,

and any representations or warranties implied by law or regulation are excluded.

(b) Each New Lender confirms to the Existing Lender, and the other Finance Parties that it:

(i) has made (and shall continue to make) its own independent investigation and assessment of the financial condition and affairs of each Obligor and its related entities in connection with its participation in this Agreement and has not relied exclusively on any information provided to it by the Existing Lender in connection with any Finance Document; and

(ii) will continue to make its own independent appraisal of the creditworthiness of each Obligor and its related entities whilst any amount is or may be outstanding under the Finance Documents or any Commitment is in force.

(c) Nothing in any Finance Document obliges an Existing Lender to:

(i) accept a re-transfer from a New Lender of any of the rights and obligations assigned or transferred under this Clause 25; or

(ii) support any losses directly or indirectly incurred by the New Lender by reason of the non-performance by any Obligor of its obligations under the Finance Documents or otherwise.

25.5 **Procedure for transfer**

(a) Subject to the conditions set out in Clause 25.2 (*Conditions of assignment or transfer*) a transfer is effected in accordance with paragraph (b) below when the Agent executes an otherwise duly completed Transfer Certificate delivered to it by the Existing Lender and the New Lender. The Agent shall, as soon as reasonably practicable after receipt by it of a duly completed Transfer Certificate appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Transfer Certificate and send a copy to the Company.

(b) On the Transfer Date:

(i) to the extent that in the Transfer Certificate the Existing Lender seeks to transfer by novation its rights, and obligations under the Finance Documents each of the Obligors and the Existing Lender shall be released from further obligations towards one another under the Finance Documents and their respective rights against one another under the Finance Documents shall be cancelled (being the "**Discharged Rights and Obligations**");

(ii) each of the Obligors and the New Lender shall assume obligations towards one another and/or acquire rights against one another which differ from the Discharged Rights and Obligations only insofar as that Obligor and the New Lender have assumed and/or acquired the same in place of that Obligor and the Existing Lender;

(iii) the Agent, the Arranger, the New Lender and the other Lenders, shall acquire the same rights and assume the same obligations between themselves as they would have acquired and assumed had the New Lender been an Original Lender with the rights, and/or obligations acquired or assumed by it as a result of the transfer and to that extent the Agent, the Arranger and the Existing Lender shall each be released from further obligations to each other under the Finance Documents; and

(iv) the New Lender shall become a Party as a "**Lender**".

25.6 **Procedure for assignment**

(a) Subject to the conditions set out in Clause 25.2 (*Conditions of assignment or transfer*) an assignment may be effected in accordance with paragraph (c) below when the Agent executes an otherwise duly completed Assignment Agreement delivered to it by the Existing Lender and the New Lender. The Agent shall, subject to paragraph (b) below, as soon as reasonably practicable after receipt by it of a duly completed Assignment Agreement appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Assignment Agreement.

(b) The Agent shall only be obliged to execute an Assignment Agreement delivered to it by the Existing Lender and the New Lender upon its completion of all "know your customer" or other checks relating to any person that it is required to carry out in relation to the assignment to such New Lender.

(c) On the Transfer Date:

(i) the Existing Lender will assign absolutely to the New Lender its rights under the Finance Documents;

(ii) the Existing Lender will be released from the obligations (the " **Relevant Obligations**") expressed to be the subject of the release in the Assignment Agreement; and

(iii) the New Lender shall become a Party as a "Lender" and will be bound by obligations equivalent to the Relevant Obligations.

(d) Lenders may utilise procedures other than those set out in this Clause 25.6 to assign their rights under the Finance Documents provided that they comply with the conditions set out in Clause 25.2 (*Conditions of assignment or transfer*).

25.7 **Copy of Transfer Certificate to Borrower**

The Agent shall, as soon as reasonably practicable after it has received a Transfer Certificate, send to the Company a copy of that Transfer Certificate.

(i) to (or through) whom that Lender assigns or transfers (or may potentially assign or transfer) all or any of its rights and obligations under the Finance Documents;

(ii) with (or through) whom that Lender enters into (or may potentially enter into) any sub-participation in relation to, or any other transaction under which payments are to be made by reference to, the Finance Documents; or

(iii) to whom, and to the extent that, information is required to be disclosed by any applicable law or regulation,

any information about any Obligor, the Group and the Finance Documents as that Lender shall consider appropriate **provided that** (in the case of paragraphs (i) and (ii) only) the person to whom the information is to be given has entered into a Confidentiality Undertaking.

(b) Any Lender may also disclose the size and term of the Facilities and the name of each of the Obligors to any investor or a potential investor in a securitisation (or similar transaction of broadly equivalent economic effect) of that Lender's rights or obligations under the Finance Documents **provided that** the person to whom the information is to be given has entered into a Confidentiality Undertaking.

25.9 **Interest**

All interest accrued in the Interest Period in which a transfer is effective shall be paid to the Existing Lender.

25.10 **Security over Lenders' rights**

In addition to the other rights provided to Lenders under this Clause 25, each Lender may without consulting with or obtaining consent from any Obligor, at any time charge, assign or otherwise create Security in or over (whether by way of collateral or otherwise) all or any of its rights under any Finance Document to secure obligations of that Lender including, without limitation:

(a) any charge, assignment or other Security to secure obligations to a federal reserve or central bank and

(b) in the case of any Lender which is a fund, any charge, assignment or other Security granted to any holders (or trustee or representatives of holders) of obligations owed, or securities issued, by that Lender as security for those obligations or securities,

No Obligor may assign any of its rights or transfer any of its rights or obligations under the Finance Documents.

That Subsidiary shall become an Additional Borrower if:

(i) either:

(A) (if at the time the Company is a Guarantor hereunder) the Majority Lenders approve the addition of that Subsidiary; or

(B) (if at the time the Company is not a Guarantor hereunder) the Lenders approve the addition of that Subsidiary:

26.4 **Resignation of Guarantor**

A Guarantor (a "**Resigning Guarantor**") will cease to be a Guarantor if:

(b) it notifies the Agent that it has no assets and provides the Agent with a certificate signed by a director of the Company confirming that it has no assets,

(b) The Agent shall accept such a resignation and notify the Company and the Lenders of its acceptance if:

(i) is guaranteed only by the Company and/or any other guarantors which are not Guarantors (whether, for the avoidance of doubt, as a result of the repayment, redemption, maturity or cancellation of any Financial Indebtedness, or any agreement with any creditor of the Group or as a result of any other reason); and/or

(b) For the purposes of this Clause 26.6, a "**substantial part**" shall mean an aggregate amount equal to or greater than 85 per cent. of the aggregate value of the Net Borrowings of the Group.

The "**Net Borrowings**" of the Group referred to in this Clause shall be determined by reference to the most recent Compliance Certificate delivered to the Agent pursuant to Clause 21.2 (*Compliance Certificate*) at the date of the relevant Guarantor Removal Certificate.

26.7 **Repetition of Representations**

(d) The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

(e) The Agent's resignation notice shall only take effect upon the appointment of a successor.

(f) Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of this Clause 27.11. Its successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

(g) After consultation with the Company, the Majority Lenders may, by notice to the Agent, require it to resign in accordance with paragraph (b) above. In this event, the Agent shall resign in accordance with paragraph (b) above.

27.12 **Confidentiality**

(a) In acting as agent for the Finance Parties, the Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.

(b) If information is received by another division or department of the Agent, it may be treated as confidential to that division or department and the Agent shall not be deemed to have notice of it.

(c) Notwithstanding any other provision of any Finance Document to the contrary, none of the Agent and the Arranger are obliged to disclose to any other person (i) any confidential information or (ii) any other information if the disclosure would or might in its reasonable opinion constitute a breach of any law or a breach of a fiduciary duty.

27.13 **Relationship with the Lenders**

(a) The Agent may treat each Lender as a Lender, entitled to payments under this Agreement and acting through its Facility Office unless it has received not less than five Business Days prior notice from that Lender to the contrary in accordance with the terms of this Agreement.

(b) Each Lender shall supply the Agent with any information required by the Agent in order to calculate the Mandatory Cost in accordance with Schedule 4 (*Mandatory Cost Formulae*).

27.14 **Credit appraisal by the Finance Parties**

Without affecting the responsibility of any Obligor for information supplied by it or on its behalf in connection with any Finance Document, each Finance Party confirms to the Agent that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document including but not limited to:

(a) the financial condition, status and nature of each member of the Group;

(b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

(c) whether that Finance Party has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; and

(d) the adequacy, accuracy and/or completeness of the Information Memorandum, and any other information provided by the Agent, any Party or by any other person under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document.

27.15 **Reference Banks**

If a Reference Bank (or, if a Reference Bank is not a Lender, the Lender of which it is an Affiliate) ceases to be a Lender, the Agent shall (in consultation with the Company) appoint another Lender or an Affiliate of a Lender to replace that Reference Bank.

27.16 **Agent's Management Time**

Any amount payable to the Agent under Clause 16.3 (*Indemnity to the Agent*) and Clause 27.10 (*Lenders' indemnity to the Agent*) shall include the cost of utilising the Agent's management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Agent may notify to the Company and the Lenders, and is in addition to any fee paid or payable to the Agent under Clause 13 (*Fees*).

27.17 **Deduction from amounts payable by the Agent**

If any Party owes an amount to the Agent under the Finance Documents the Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Agent would otherwise be obliged to make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

28. CONDUCT OF BUSINESS BY THE FINANCE PARTIES

No provision of this Agreement will:

(a) interfere with the right of any Finance Party to arrange its affairs (tax or otherwise) in whatever manner it thinks fit;

(b) oblige any Finance Party to investigate or claim any credit, relief, remission or repayment available to it or the extent, order and manner of any claim; or

(c) oblige any Finance Party to disclose any information relating to its affairs (tax or otherwise) or any computations in respect of Tax (but without prejudice to the terms of Clause 14.3 (*Tax indemnity*)).

29. SHARING AMONG THE FINANCE PARTIES

29.1 **Payments to Finance Parties**

If a Finance Party (a "**Recovering Finance Party**") receives or recovers any amount from an Obligor (except pursuant to Clause 2.2 (*Redenomination of Facility B3*) or, in relation to any payments made to a Reallocating Lender on the Reallocation Date only, to Clause 36.3 (*Reallocation of Facility B Commitments*)) other than in accordance with Clause 30 (*Payment mechanics)* (whether by way of set-off or otherwise) and applies that amount to a payment due under the Finance Documents then:

(a) the Recovering Finance Party shall, within three Business Days, notify details of the receipt or recovery, to the Agent;

(b) the Agent shall determine whether the receipt or recovery is in excess of the amount the Recovering Finance Party would have been paid had the receipt or recovery been received or made by the Agent and distributed in accordance with Clause 30 (*Payment mechanics*), without taking account of any Tax which would be imposed on the Agent in relation to the receipt, recovery or distribution; and

(c) the Recovering Finance Party shall, within three Business Days of demand by the Agent, pay to the Agent an amount (the " **Sharing Payment**") equal to such receipt or

recovery less any amount which the Agent determines may be retained by the Recovering Finance Party as its share of any payment to be made, in accordance with Clause 30.5 (*Partial payments*).

29.2 **Redistribution of payments**

The Agent shall treat the Sharing Payment as if it had been paid by the relevant Obligor and distribute it between the Finance Parties (other than the Recovering Finance Party) in accordance with Clause 30.5 (*Partial payments)*.

29.3 **Recovering Finance Party's rights**

(a) On a distribution by the Agent under Clause 29.2 (*Redistribution of payments*), the Recovering Finance Party will be subrogated to the rights of the Finance Parties which have shared in the redistribution.

(b) If and to the extent that the Recovering Finance Party is not able to rely on its rights under paragraph (a) above, the relevant Obligor shall be liable to the Recovering Finance Party for a debt equal to the Sharing Payment which is immediately due and payable.

29.4 **Reversal of redistribution**

If any part of the Sharing Payment received or recovered by a Recovering Finance Party becomes repayable and is repaid by that Recovering Finance Party, then:

(a) each Finance Party which has received a share of the relevant Sharing Payment pursuant to Clause 29.2 (*Redistribution of payments*) shall, upon request of the Agent, pay to the Agent for account of that Recovering Finance Party an amount equal to the appropriate part of its share of the Sharing Payment (together with an amount as is necessary to reimburse that Recovering Finance Party for its proportion of any interest on the Sharing Payment which that Recovering Finance Party is required to pay); and

(b) that Recovering Finance Party's rights of subrogation in respect of any reimbursement shall be cancelled and the relevant Obligor will be liable to the reimbursing Finance Party for the amount so reimbursed.

29.5 **Exceptions**

(a) This Clause 29 shall not apply to the extent that the Recovering Finance Party would not, after making any payment pursuant to this Clause 29, have a valid and enforceable claim against the relevant Obligor.

(b) A Recovering Finance Party is not obliged to share with any other Finance Party any amount which the Recovering Finance Party has received or recovered as a result of taking legal or arbitration proceedings, if:

(i) it notified that other Finance Party of the legal or arbitration proceedings; and

(ii) that other Finance Party had an opportunity to participate in those legal or arbitration proceedings but did not do so as soon as reasonably practicable having received notice and did not take separate legal or arbitration proceedings.

SECTION 11
ADMINISTRATION

30. PAYMENT MECHANICS

30.1 Payments to the Agent

(a) On each date on which an Obligor or a Lender is required to make a payment under a Finance Document, that Obligor or Lender shall make the same available to the Agent (unless a contrary indication appears in a Finance Document) for value on the due date at the time and in such funds specified by the Agent as being customary at the time for settlement of transactions in the relevant currency in the place of payment.

(b) Payments by Obligors or Lenders shall be made to such account in the principal financial centre of the country of that currency (or, in relation to euro, in a principal financial centre in a Participating Member State or London) with such bank as the Agent specifies.

30.2 Distributions by the Agent

Each payment received by the Agent under the Finance Documents for another Party shall, subject to Clause 30.3 (*Distributions to an Obligor*), Clause 30.4 (*Clawback*) and Clause 27.17 (*Deduction from amounts payable by the Agent)* be made available by the Agent as soon as practicable after receipt to the Party entitled to receive payment in accordance with this Agreement (in the case of a Lender, for the account of its Facility Office), to such account as that Party may notify to the Agent by not less than five Business Days' notice with a bank in the principal financial centre of the country of that currency (or, in relation to euro, in a principal financial centre in a Participating Member State or London).

30.3 Distributions to an Obligor

The Agent may (with the consent of the Obligor or in accordance with Clause 31 (*Set-Off*)) apply any amount received by it for that Obligor in or towards payment (on the date and in the currency and funds of receipt) of any amount due from that Obligor under the Finance Documents or in or towards purchase of any amount of any currency to be so applied.

30.4 Clawback

(a) Where a sum is to be paid to the Agent under the Finance Documents for another Party, the Agent is not obliged to pay that sum to that other Party (or to enter into or perform any related exchange contract) until it has been able to establish to its satisfaction that it has actually received that sum.

(b) If the Agent pays an amount to another Party and it proves to be the case that the Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Agent shall on demand refund the same to the Agent together with interest on that amount from the date of payment to the date of receipt by the Agent, calculated by the Agent to reflect its cost of funds.

30.5 **Partial payments**

(a) If the Agent receives a payment that is insufficient to discharge all the amounts then due and payable by an Obligor under the Finance Documents, the Agent shall apply that payment towards the obligations of that Obligor under the Finance Documents in the following order:

(i) first, in or towards payment *pro rata* of any unpaid fees, costs and expenses of the Agent and the Arranger under the Finance Documents;

(ii) secondly, in or towards payment *pro rata* of any accrued interest, fee or commission due but unpaid under this Agreement;

(iii) thirdly, in or towards payment *pro rata* of any principal due but unpaid under this Agreement; and

(iv) fourthly, in or towards payment *pro rata* of any other sum due but unpaid under the Finance Documents.

(b) The Agent shall, if so directed by the Majority Lenders, vary the order set out in paragraphs (a)(ii) to (iv) above.

(c) Paragraphs (a) and (b) above will override any appropriation made by an Obligor.

(d) The Lenders hereby expressly agree that the Agent shall not apply any amount received in accordance with paragraph (a) above to discharge the obligations of an Obligor owed to a Lender if such partial payment received by the Agent is as a result of that Lender being considered as a subordinated creditor by operation of any insolvency law.

30.6 **No set-off by Obligors**

All payments to be made by an Obligor under the Finance Documents shall be calculated and be made without (and free and clear of any deduction for) set-off or counterclaim.

30.7 **Business Days**

(a) Any payment which is due to be made on a day that is not a Business Day shall be made on the next Business Day in the same calendar month (if there is one) or the preceding Business Day (if there is not).

(b) During any extension of the due date for payment of any principal or an Unpaid Sum under this Agreement interest is payable on the principal or Unpaid Sum at the rate payable on the original due date.

30.8 **Currency of account**

(a) Subject to paragraphs (b) to (f) below, the Base Currency is the currency of account and currency of payment for any sum due from an Obligor under any Finance Document.

(b) A repayment of a Utilisation or Unpaid Sum or a part of a Utilisation or Unpaid Sum shall be made in the currency in which that Utilisation or Unpaid Sum is denominated on its due date.

(c) Each payment of interest shall be made in the currency in which the sum in respect of which the interest is payable was denominated when that interest accrued.

(d) Unless otherwise provided in this Agreement or any other Finance Document, any amount (including fees) payable in respect of (i) Facility A, Facility B1, Facility B2, Facility B3 (prior to the Redenomination Date only), or Facility C shall be paid in US Dollars and (ii) Facility B3 (from the Redenomination Date) shall be paid in euro.

(e) Each payment in respect of costs, expenses or Taxes shall be made in the currency in which the costs, expenses or Taxes are incurred.

(f) Any amount expressed to be payable in a currency other than the Base Currency shall be paid in that other currency.

30.9 **Change of currency**

(a) Unless otherwise prohibited by law or regulation, if more than one currency or currency unit are at the same time recognised by the central bank of any country as the lawful currency of that country, then:

(i) any reference in the Finance Documents to, and any obligations arising under the Finance Documents in, the currency of that country shall be translated into, or paid in, the currency or currency unit of that country designated by the Agent (after consultation with the Company); and

(ii) any translation from one currency or currency unit to another shall be at the official rate of exchange recognised by the central bank for the conversion of that currency or currency unit into the other rounded up or down by the Agent (acting reasonably).

(b) If a change in any currency of a country occurs, this Agreement will, to the extent the Agent (acting reasonably and after consultation with the Company) specifies to be necessary be amended to comply with any generally accepted conventions and market practice in the Relevant Interbank Market and otherwise to reflect the change in currency.

31. SET-OFF

A Finance Party may set off any matured obligation due from an Obligor under the Finance Documents (to the extent beneficially owned by that Finance Party) against any matured obligation owed by that Finance Party to that Obligor, regardless of the place of payment, booking branch or currency of either obligation. If the obligations are in different currencies, the Finance Party may convert either obligation at a market rate of exchange in its usual course of business for the purpose of the set-off.

(b) Every act, agreement, undertaking, settlement, waiver, notice or other communication given or made by the Company, or given to the Company, in its capacity as agent in accordance with paragraph (a) of this Clause 32.7, in connection with this Agreement shall be binding for all purposes on such Obligors as if the other Obligors had expressly made, given or concurred with the same. In the event of any conflict between any notices or other communications of the Company and any other Obligor, those of the Company shall prevail.

32.8 **Use of Websites**

(a) The Company may satisfy its obligation under this Agreement to deliver any information in relation to those Lenders (the " **Website Lenders**") who accept this method of communication by posting this information onto an electronic website designated by the Company and the Agent (the "**Designated Website**") if:

If the Company notifies the Agent under paragraph (c)(i) or paragraph (c)(v) above, all information to be provided by the Company under this Agreement after the date of that notice shall be supplied in paper form unless and until the Agent and each Website Lender is satisfied that the circumstances giving rise to the notification are no longer continuing.

(d) Any Website Lender may request, through the Agent, one paper copy of any information required to be provided under this Agreement which is posted onto the Designated Website. The Company shall comply with any such request within ten Business Days.

33. CALCULATIONS AND CERTIFICATES

33.1 Accounts

In any litigation or arbitration proceedings arising out of or in connection with a Finance Document, the entries made in the accounts maintained by a Finance Party are prima facie evidence of the matters to which they relate.

33.2 Certificates and Determinations

Any certification or determination by a Finance Party of a rate or amount under any Finance Document is, in the absence of manifest error, conclusive evidence of the matters to which it relates.

33.3 Day count convention

In the event that this Agreement is raised to a Spanish Public Document, for the purposes of Article 572.2 of the Spanish Civil Procedure Law (*Ley de Enjuiciamiento Civil*), all parties expressly agree that the exact amount due at any time by the Obligors to the Lenders will be the amount specified in a certificate issued by the Agent (and/or any Lender) in accordance with Clause 33.2 (*Certificates and Determinations*) as representative of the Lenders reflecting the balance of the accounts referred to in Clause 33.1 (*Accounts*).

33.5 **No personal liability**

If an individual signs a certificate on behalf of any member of the Group and the certificate proves to be incorrect, the individual will incur no personal liability as a result, unless the individual acted fraudulently in giving the certificate. In this case any liability of the individual will be determined in accordance with applicable law.

34. PARTIAL INVALIDITY

If, at any time, any provision of the Finance Documents is or becomes illegal, invalid or unenforceable in any respect under any law or regulation of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions nor the legality, validity or enforceability of such provision under the laws or regulations of any other jurisdiction will in any way be affected or impaired.

35. REMEDIES AND WAIVERS

No failure to exercise, nor any delay in exercising, on the part of any Finance Party or Finance Party, any right or remedy under the Finance Documents shall operate as a waiver, nor shall any single or partial exercise of any right or remedy prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies provided in this Agreement are cumulative and not exclusive of any rights or remedies provided by law or regulation.

36. AMENDMENTS AND WAIVERS

36.1 **Required consents**

shall not be made without the prior consent of all the Lenders.

(b) An amendment or waiver which relates to the rights or obligations of the Agent or the Arranger, may not be effected without the consent of the Agent or the Arranger at such time.

36.3 **Reallocation of Facility B Commitments**

(a) The Company may, at its option, agree with any Lender under Facility B1 that:

(i) such Lender's participation in any outstanding Facility B1 Loans be deemed repaid and the Facility B1 Commitments of that Lender be cancelled in whole or in part (but if in part, subject to paragraph (j) below); and

(ii) such Lender becomes a Lender under Facility B2 and/or Facility B3, with a Facility B2 Commitment and/or Facility B3 Commitment in an aggregate amount equal to the amount by which its Facility B1 Commitments are to be repaid and cancelled as contemplated in sub paragraph (i) above, and a participation in Facility B2 Loans and/or, as the case may be, Facility B3 Loans in a corresponding amount which, in the case of Facility B3, shall be denominated in euro in accordance with paragraph (c) below,

(v) where the Reallocation is in whole or part in respect of Facility B3 the amount, in euro, by which the Facility B3 Commitments of the Reallocating Lender are to be increased and of the Reallocating Lender's proposed participation in Facility B3 Loans (a " **Facility B3 Participation**") (being equivalent, in each case, when converted at a rate to be agreed between the Company and the Reallocating Lender, to the amount in US Dollars of the Cancellation Amount *less* the amount of any Facility B2 Increase of that Reallocating Lender); and

(vi) the amount of the Total Facility B1 Commitments, the Total Facility B2 Commitments and the Total Facility B3 Commitments, assuming the Reallocation has been effected,

and such Reallocation Notice shall be signed by the Reallocating Lender.

(d) With each Reallocation Notice, the Company shall deliver to the Agent (copied to the Reallocating Lender) a Selection Notice indicating the amounts of the Facility B2 Loans and/or Facility B3 Loans which it intends to borrow with effect from the Reallocation Date (in the case of Facility B3, assuming the conversions set out in paragraph (c)(v) have occurred), and the Interest Periods applicable thereto commencing on the Reallocation Date (such Interest Periods to be in accordance with Clause 11.1 (*Selection of Interest Periods*) but provided that the restriction in Clause 4.6 (*Maximum number of Loans*) shall be disapplied for a selection of Loans pursuant to this paragraph (d)).

(e) In the event that the Company fails to deliver a Selection Notice, a Selection Notice will be deemed to have been given for Facility B2 Loans and/or, as the case may be, Facility B3 Loans in an amount equal to the Total Facility B2 Commitments and/or, as the case may be, the Total Facility B3 Commitments as if the Reallocation had occurred on the terms of the Reallocation Notice, and each relevant Interest Period will be one Month.

(f) No Reallocation Notice or Selection Notice may be delivered to the Agent earlier than 10 Business Days prior to the proposed Reallocation Date.

(g) The Agent shall, as soon as reasonably practicable after receipt by it of a duly completed Reallocation Notice appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, but in any event prior to the Reallocation Date, execute that Reallocation Notice.

(h) On the Reallocation Date,

(i) the Facility B1 Commitment of the Reallocating Lender shall be cancelled in an amount equal to the Cancellation Amount;

(ii) the Reallocating Lender shall become a Lender under Facility B2 and/or, as the case may be, Facility B3, with Facility B2 Commitments and/or, as the case may be, Facility B3 Commitments in the amounts set out in the Reallocation Notice;

(iii) where the Reallocation is in whole or part in respect of Facility B2, the existing Interest Periods applicable to Facility B2 Loans shall terminate, the Reallocating Lender's participation in any Facility B1 Loans shall be deemed repaid (in whole or part as appropriate), and the Reallocating Lender shall be deemed to have advanced a participation in respect of Facility B2 Loans in an amount equal to its Facility B2 Participation;

(iv) where the Reallocation is in whole or part in respect of Facility B3, the existing Interest Periods applicable to Facility B3 Loans shall terminate, and:

(A) the Reallocating Lender shall make its Facility B3 Participation available through its Facility Office to the Agent; and

SCHEDULE 4
MANDATORY COST FORMULAE

1. The Mandatory Cost is an addition to the interest rate to compensate Lenders for the cost of compliance with (a) the requirements of the Bank of England and/or the Financial Services Authority (or, in either case, any other authority which replaces all or any of its functions) or (b) the requirements of the European Central Bank.

2. On the first day of each Interest Period (or as soon as possible thereafter) the Agent shall calculate, as a percentage rate, a rate (the " **Additional Cost Rate**") for each Lender, in accordance with the paragraphs set out below. The Mandatory Cost will be calculated by the Agent as a weighted average of the Lenders' Additional Cost Rates (weighted in proportion to the percentage participation of each Lender in the relevant Loan) and will be expressed as a percentage rate per annum.

3. The Additional Cost Rate for any Lender lending from a Facility Office in a Participating Member State will be the percentage notified by that Lender to the Agent. This percentage will be certified by that Lender in its notice to the Agent to be its reasonable determination of the cost (expressed as a percentage of that Lender's participation in all Loans made from that Facility Office) of complying with the minimum reserve requirements of the European Central Bank in respect of loans made from that Facility Office.

4. The Additional Cost Rate for any Lender lending from a Facility Office in the United Kingdom will be calculated by the Agent as follows:

   (a) in relation to a sterling Loan:

$$\frac{AB + C(B - D) + Ex\ 0.01}{100 - (A + C)} \quad \textit{per cent. per annum}$$

   (b) in relation to a Loan in any currency other than sterling:

$$\frac{Ex\ 0.01}{300} \quad \textit{per cent. per annum}$$

   Where:

   A is the percentage of Eligible Liabilities (assuming these to be in excess of any stated minimum) which that Lender is from time to time required to maintain as an interest free cash ratio deposit with the Bank of England to comply with cash ratio requirements.

   B is the percentage rate of interest (excluding the Margin and the Mandatory Cost and, if the Loan is an Unpaid Sum, the additional rate of interest specified in paragraph (a) of Clause 10.3 (*Default interest*)) payable for the relevant Interest Period on the Loan.

C is the percentage (if any) of Eligible Liabilities which that Lender is required from time to time to maintain as interest bearing Special Deposits with the Bank of England.

D is the percentage rate per annum payable by the Bank of England to the Agent on interest bearing Special Deposits.

E is designed to compensate Lenders for amounts payable under the Fees Rules and is calculated by the Agent as being the average of the most recent rates of charge supplied by the Reference Banks to the Agent pursuant to paragraph 7 below and expressed in pounds per £1,000,000.

5. For the purposes of this Schedule:

(a) "**Eligible Liabilities**" and "**Special Deposits**" have the meanings given to them from time to time under or pursuant to the Bank of England Act 1998 or (as may be appropriate) by the Bank of England;

(b) "**Fees Rules**" means the rules on periodic fees contained in the FSA Supervision Manual or such other law or regulation as may be in force from time to time in respect of the payment of fees for the acceptance of deposits;

(c) "**Fee Tariffs**" means the fee tariffs specified in the Fees Rules under the activity group A.1 Deposit acceptors (ignoring any minimum fee or zero rated fee required pursuant to the Fees Rules but taking into account any applicable discount rate); and

(d) "**Tariff Base**" has the meaning given to it in, and will be calculated in accordance with, the Fees Rules.

6. In application of the above formulae, A, B, C and D will be included in the formulae as percentages (i.e. 5 per cent. will be included in the formula as 5 and not as 0.05). A negative result obtained by subtracting D from B shall be taken as zero. The resulting figures shall be rounded to four decimal places.

7. If requested by the Agent, each Reference Bank shall, as soon as practicable after publication by the Financial Services Authority, supply to the Agent, the rate of charge payable by that Reference Bank to the Financial Services Authority pursuant to the Fees Rules in respect of the relevant financial year of the Financial Services Authority (calculated for this purpose by that Reference Bank as being the average of the Fee Tariffs applicable to that Reference Bank for that financial year) and expressed in pounds per £1,000,000 of the Tariff Base of that Reference Bank.

8. Each Lender shall supply any information required by the Agent for the purpose of calculating its Additional Cost Rate. In particular, but without limitation, each Lender shall supply the following information on or prior to the date on which it becomes a Lender:

(a) the jurisdiction of its Facility Office; and

(b) any other information that the Agent may reasonably require for such purpose.

Each Lender shall promptly notify the Agent of any change to the information provided by it pursuant to this paragraph.

9. The percentages of each Lender for the purpose of A and C above and the rates of charge of each Reference Bank for the purpose of E above shall be determined by the Agent based upon the information supplied to it pursuant to paragraphs 7 and 8 above and on the assumption that, unless a Lender notifies the Agent to the contrary, each Lender's obligations in relation to cash ratio deposits and Special Deposits are the same as those of a typical bank from its jurisdiction of incorporation with a Facility Office in the same jurisdiction as its Facility Office.

10. The Agent shall have no liability to any person if such determination results in an Additional Cost Rate which over or under compensates any Lender and shall be entitled to assume that the information provided by any Lender or Reference Bank pursuant to paragraphs 3, 7 and 8 above is true and correct in all respects.

11. The Agent shall distribute the additional amounts received as a result of the Mandatory Cost to the Lenders on the basis of the Additional Cost Rate for each Lender based on the information provided by each Lender and each Reference Bank pursuant to paragraphs 3, 7 and 8 above.

12. Any determination by the Agent pursuant to this Schedule in relation to a formula, the Mandatory Cost, an Additional Cost Rate or any amount payable to a Lender shall, in the absence of manifest error, be conclusive and binding on all Parties.

13. PROCEEDINGS PENDING OR THREATENED

1. Environmental Matters

United States

As of 30 November 2008, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.$42.6 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, which might be categorized as hazardous substances or wastes, and (ii) the cleanup of sites used or operated by CEMEX, Inc., including discontinued operations, regarding the disposal of hazardous substances or wastes, either individually or jointly with other parties. Most of the proceedings are in the preliminary stage, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. considers that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. Based on information available to date, CEMEX, Inc. does not believe it will be required to spend significant sums on these matters, in excess of the amounts previously recorded. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with or litigation against potential sources of recovery have been completed.

CEMEX Construction Materials Florida, LLC f/k/a Rinker Materials of Florida, Inc. (" **CEMEX Florida**"), a subsidiary of CEMEX, Inc., holds one federal quarry permit and is the beneficiary of one of 10 other federal quarrying permits granted for the Lake Belt area in South Florida. The permit held by CEMEX Florida covers CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Krome quarry is operated under one of the other federal quarry permits. The FEC quarry is the largest of CEMEX Floridas' quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry. A ruling was issued on 22 March 2006 by a judge of the U.S. District Court for the Southern District of Florida in connection with litigation brought by environmental groups concerning the manner in which the permits were granted. Although not named as a defendant, CEMEX Florida has intervened in the proceedings to protect its interests. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the relevant governmental agencies in connection with the issuance of the permits. The judge remanded the permits to the relevant governmental agencies for further review, which review the governmental agencies have indicated in a recent announcement should take until mid February 2009 to conclude. The judge also conducted further proceedings to determine the activities to be conducted during the remand period. In July 2007, the judge issued a ruling that halted certain quarrying operations at three non-CEMEX Florida quarries. The judge left in place CEMEX Florida's Lake Belt permits until the relevant government agencies complete their review. In a May 2008 ruling, the federal appellate court determined that the district court judge did not apply the proper standard of review to the permit issuance decision of the governmental agency, vacated the district court's prior order, and remanded the proceeding to the district court to apply the proper standard of review; this review remains pending before the district court judge. If the Lake Belt permits are ultimately set aside or quarrying operations under them restricted, CEMEX Florida will need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely affect profits from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt could also have a material adverse effect on our financial results.

Europe

In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulator view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of approximately £122 million, and an accounting provision for this sum has been made at 31 December 2007.

In 2003, the European Union adopted a directive implementing the Kyoto Protocol on climate change and establishing a greenhouse gas emissions allowance trading scheme within the European Union. The directive requires Member States to impose binding caps on carbon dioxide emissions from installations involved in energy activities, the production and processing of ferrous metals, the mineral industry (including cement production) and the pulp, paper or board production business. Under this scheme, companies with operations in these sectors receive from the relevant Member States allowances that set limitations on the levels of greenhouse gas emissions from their installations. These allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that are not reaching their emissions objectives. Companies can also use credits issued from the use of the flexibility mechanisms under the Kyoto protocol to fulfill their European obligations. These flexibility mechanisms provide that credits (equivalent to allowances) can be obtained by companies for projects that reduce greenhouse gas emissions in emerging markets. These projects are referred to as Clean Development Mechanism ("**CDM**") or joint implementation projects depending on the countries where they take place. Failure to meet the emissions caps is subject to heavy penalties.

Companies can also use, up to a certain level, credits issued under the flexible mechanisms of the Kyoto protocol to fulfill their European obligations. Credits for Emission Reduction projects obtained under these mechanisms are recognized, up to a certain level, under the European emission trading scheme as allowances. To obtain these emission reduction credits, companies must comply with very specific and restrictive requirements from the United Nations Convention on Climate Change (UNFCC).

As required by directive, each of the Member States established a National Allocations Plan, or NAP, setting out the allowance allocations for each industrial facility for Phase I, from 2005 to 2007. Based on the NAPs established by the Member States of the European Union for the 2005 to 2007 period and our actual production, on a consolidated basis after trading allowances between our operations in countries with a deficit of allowances and our operations in countries with an excess of allowances, and after some external operations, Borrower's Subsidiaries had a surplus of allowances of approximately 1,050,054 tons of carbon dioxide in this Phase I.

For Phase II, comprising 2008 through 2012, however, there has been a reduction in the allowances granted by the Member States that have already approved their NAP, which may result in a consolidated deficit in our carbon dioxide allowances during the period. We believe we may be able to reduce the impact of any deficit by either reducing carbon dioxide emissions in our facilities or by

obtaining additional emission credits through the implementation of CDM projects. If we are not successful in implementing emission reductions in our facilities or obtaining credits from CDM projects, we may have to purchase a significant amount of emission credits in the market, because CEMEX has already sold a substantial amount of allowances for Phase II, the cost of which may have an impact on our operating results. As of 1 December 2008, the market value of carbon dioxide allowances for Phase II was approximately 15.45 € per ton. CEMEX is taking all the measures to minimize our exposure to this market while assuring the supply of our products to our clients.

The Spanish NAP has been finally approved by the Spanish Government, reflecting the conditions that were set forth by the European Commission. The allocations made to our installations allow us to foresee certain availability of allowances, nevertheless, there remains the uncertainty regarding the allocations that, against the reserve for new entrants, shall be requested for the new CEMEX cement plant in Andorra (Teruel), whose construction has been delayed, and that it is scheduled to start operating in 2010

On 29 May 2007, the Polish government filed an appeal before the Court of First Instance in Luxemburg regarding the European Commission's rejection of the initial version of the Polish NAP. The Court has denied Poland's request for a quick path verdict in the case, keeping the case in the regular proceeding path, therefore, the Polish government has started to prepare Polish internal rules on division of allowance at the level already accepted by the European Commission. Seven major Polish cement producers, representing 98% of Polish cement production (including CEMEX Polska), have also filed seven separate appeals before the Court of First Instance regarding the European Commission's rejection. On 29 September 2008 the Court of the First Instance issued an order rejecting CEMEX Polska's appeal without going into the merit of the case. As of 4 December 2008 the final version of the Polish NAP has not been cleared by the Commission; CEMEX has not determined the impact this may have on CEMEX's position in the country.

2. **Tax Matters**

Philippines

As of 30 November 2008, the Philippine Bureau of Internal Revenue (BIR), had assessed APO, Solid, IQAC, ALQC and CSPI, our operating subsidiaries in the Philippines, for deficiency taxes covering taxable years 1998-2005 amounting to a total of approximately 1,994 million Philippine Pesos (approximately U.S.$40.727 million as of 30 November 2008, based on an exchange rate of Philippine Pesos 48.96 to U.S.$1.00, which was the Philippine Peso/Dollar exchange rate on 30 November 2008 as published by the Bangko Sentral ng Pilipinas, the central bank of the Republic of the Philippines).

The majority of the tax assessments result primarily from the disallowance of APO's income tax holiday incentives for taxable years 1999 to 2001 (approximately Philippine Pesos 1,078 million or U.S.$22.1 million as of 30 November 2008, based on an exchange rate of Philippine Pesos 48.96 to U.S.$1.00). We have contested the BIR's assessment, arising from the disallowance of the ITH incentive, with the Court of Tax Appeals (CTA). The initial Division ruling of the CTA was unfavorable, but is subject to further appeal with the CTA as a whole. The assessment is now currently on appeal with the CTA En Banc. A motion was filed with the CTA, requesting the court to hold APO totally not liable for alleged income tax liabilities for all the years covered and to this end cancel and withdraw APO's deficiency income tax assessments for taxable years 1999, 2000 and 2001 on the basis of APO's availment of the tax amnesty described below. As of 30 November 2008, resolution on the aforementioned motion is still pending.

3. **CEMEX Venezuelan Nationalization**

In furtherance of Venezuela's announced policy to nationalize certain sectors of the economy, on 18 June 2008, the Nationalization Decree was promulgated, mandating that the cement production industry in Venezuela be reserved for the Government of Venezuela and ordering the conversion of foreign-owned cement companies, including CEMEX Venezuela, into state-controlled companies with Venezuela holding an equity interest of at least 60%. The Nationalization Decree provided for the formation of a transition committee to be integrated with the board of directors of the relevant cement company to guaranty the transfer of control over all activities of the relevant cement company to Venezuela by 31 December 2008. The Nationalization Decree further established a deadline of 17 August 2008 for the shareholders of foreign-owned cement companies, including CEMEX Venezuela, to reach an agreement with the Government of Venezuela on the compensation for the nationalization of their assets. The Nationalization Decree also provided that this deadline may be extended by mutual agreement of the Government of Venezuela and the relevant shareholder. The transition committee, which was to be coordinated by the Ministry of Basic Industries (MIBAN), was never formally instituted and MIBAN never acted in the process, but instead Petroleos de Venezuela (PDVSA) conducted all the conversations.

CEMEX Venezuela and the Government did not reach agreement by the August 17 deadline, and on August 18 the Expropriation Decree was issued by the President of Venezuela, with PDVSA appointed to conduct the expropriation proceedings. Although these proceedings had not yet commenced, PDVSA officials headed a group of PDVSA workers, with the support of the public force, to take over all the facilities of CEMEX Venezuela on August 17. Since no agreement has been reached with the Venezuelan Government as to the compensation to be paid, the Dutch companies that control CEMEX Venezuela filed an arbitration request before the International Center for the Settlement of Investment Disputes against the Government of Venezuela, which request has been registered and the tribunal is in the process of being formed.

As of 31 December 2007, CEMEX Venezuela, S.A.C.A. was the holding entity of several of CEMEX's investments in the region, including CEMEX's operations in the Dominican Republic and Panama, as well as CEMEX's minority investment in Trinidad. In the wake of statements by the Government of Venezuela about the nationalization of assets in Venezuela, in April 2008, CEMEX concluded the transfer of all material non-Venezuelan investments to CEMEX España for approximately U.S.$355 million plus U.S.$112 million of net debt, having distributed all accrued profits from the non-Venezuelan investments to the stockholders of CEMEX Venezuela amounting to approximately U.S.$132 million. At this time, the net impact or the outcome of the nationalization on CEMEX's consolidated financial results cannot be reasonably estimated. The approximate net assets of CEMEX's Venezuelan operations under Mexican FRS at 31 December 2007 were approximately Ps8,973 million. Since August 2008, CEMEX no longer consolidates the financial results of CEMEX Venezuela.

On 13 June 2008, the Venezuelan securities authority initiated an administrative proceeding against CEMEX Venezuela, claiming that the company did not sufficiently inform its shareholders and the securities authority in connection with the transfer of the non-Venezuelan assets described above. The Venezuelan authority determined that CEMEX Venezuela did not comply with its disclosure

obligations and imposed fines on the company, which we do not consider material, and requested the attorney general's office to review the case to determine if such non-disclosure also constituted criminal infringement.

4. **Other Legal Proceedings**

On 5 August 2005, a lawsuit was filed against a subsidiary of CEMEX Colombia, claiming that it was liable along with the other members of the Asociación Colombiana de Productores de Concreto, or ASOCRETO, a union formed by all the ready-mix concrete producers in Colombia, for the premature distress of the roads built for the mass public transportation system of Bogotá using ready-mix concrete supplied by CEMEX Colombia and other ASOCRETO members. The plaintiffs allege that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs seek the repair of the roads in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair will be approximately U.S.$45 million. The lawsuit was filed within the context of a criminal investigation of two ASOCRETO officers and other individuals, alleging that the ready-mix concrete producers were liable for damages if the ASOCRETO officers were criminally responsible. The court completed the evidentiary stage, and on 17 August 2006 dismissed the charges against the members of ASOCRETO. The other defendants (one ex-director of the Distrital Institute of Development, the legal representative of the constructor and the legal representative of the contract auditor) were formally accused. The decision was appealed, and on 11 December 2006, the decision was reversed and the two ASOCRETO officers were formally accused as participants (determiners) in the execution of a state contract without fulfilling all legal requirements thereof. The first public hearing took place on 20 November 2007. In this hearing the judge dismissed an annulment petition filed by the ASOCRETO officers. The petition was based on the fact that the officers were formally accused of a different crime than the one they were being investigated for. This decision was appealed, but the decision was confirmed by the Superior Court of Bogota. On 21 January 2008, CEMEX Colombia was subject to a judicial order, issued by the court, sequestering a quarry called El Tujuelo, as security for a possible future money judgment to be rendered against CEMEX Colombia in these proceedings. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required within a period of 10 days to deposit with the Court in cash CoP$337,800 million (approximately U.S.$195 million as of 4 June 2008, based on an exchange rate of CoP1730 to U.S.$1.00, which was the Colombian Peso/Dollar exchange rate on 4 June 2008, as published by the Banco de la República de Colombia, the central bank of Colombia), instead of being allowed to post an insurance policy to secure such recovery. CEMEX Colombia asked for reconsideration, and the court allowed CEMEX to present an insurance policy. Nevertheless, CEMEX appealed this decision, in order to reduce the amount of the insurance policy, and also requested that the guarantee be covered by all defendants in the case. The measure does not affect the normal activity of the quarry. At this stage, we are not able to assess the likelihood of an adverse result or the potential damages which could be borne by CEMEX Colombia.

On 5 August 2005, Cartel Damages Claims, SA, or CDC, filed a lawsuit in the District Court in Düsseldorf, Germany against CEMEX Deutschland AG and other German cement companies. CDC is seeking €102 million in respect of damage claims by 28 entities relating to alleged price and quota fixing by German cement companies between 1993 and 2002, which entities had assigned their claims

to CDC. CDC is a Belgian company established by two lawyers in the aftermath of the German cement cartel investigation that took place from July 2002 to April 2003 by Germany's Federal Cartel Office with the express purpose of purchasing potential damages claims from cement consumers and pursuing those claims against the cartel participants. In January 2006, another entity assigned alleged claims to CDC, and the amount of damages being sought by CDC increased to €113.5 million plus interest. On February 21 2007, the District Court of Düsseldorf decided to allow this lawsuit to proceed without going into the merits of this case by issuing an interlocutory judgment. All defendants appealed. The appeal hearing took place on 22 April 2008, and the appeal was dismissed on 14 May 2008. The lawsuit will proceed at the level of court of first instance. As of 30 September 2008 only one defendant has decided to file a complaint before the Federal High Court; this will delay the case from proceeding at the level of first instance to an extent we cannot assess today. In the meantime, CDC had acquired new assigners and announced an increase in the claim to €131 million. As of 30 November 2008, we had accrued liabilities regarding this matter for a total amount of approximately €20 million.

After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans defining the development zones within their respective municipalities, adversely impacting the mining concession granted to Dalmacijacement, our subsidiary in Croatia, by the Government of Croatia in September 2005. During the consultation period, Dalmacijacement submitted comments and suggestions to the Master Plans, but these were not taken into account or incorporated into the Master Plan by Kaštela and Solin. Most of these comments and suggestions were intended to protect and preserve the rights of Dalmacijacement´s mining concession granted by the Government of Croatia in September 2005. Immediately after publication of the Master Plans, Dalmacijacement filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions. The legal actions taken and filed by Dalmacijacement were as follows: (i) on 17 May 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning Dalmacijacement's constitutional claim for decrease and obstruction of rights earned by investment, and seeking prohibition of implementation of the Master Plans. This cases is currently under review by the court in Croatia, and it is expected that these proceedings will continue for several years before resolution; (ii) on 17 May 2006, a possessory action against the cities of Kaštela and Solin seeking the enactment of interim measures prohibiting implementation of the Master Plans and including a request to implead the Republic of Croatia into the proceeding on our side. The municipal court in Solin issued a first instance judgment dismissing our possessory action. We filed an appeal against that judgment. The appeal has been resolved by the Solin County Court, affirming the judgment and rendering it final. The Municipal Court in Kaštela has issued a first instance judgment dismissing our possessory action. We filed an appeal against said judgment, which has since been resolved by the Kaštela Country Court, affirming the judgment and rendering it final; (iii) on 17 May 2006, an administrative proceeding before the State Lawyer, seeking a declaration from the Government of Croatia confirming that Dalmacijacement acquired rights under the mining concessions. Dalmacijacement received State Lawyer's opinion which confirms the Dalmacijacement's acquired rights according to the previous decisions ("old concession"). The Administrative Court in Croatia has ruled in favor of Dalmacijacement, validating the legality of the mining concession granted to Dalmacijacement by the Government of Croatia. This decision is final. Currently it is difficult for Dalmacijacement to ascertain the approximate economic impact of these measures by Kaštela and Solin).

Club of Environmental Protection, a Latvian environmental protection organization (hereinafter the " **Applicant**"), has initiated a court administrative proceeding against the decision made by the Environment State Bureau (hereinafter the " **Defendant**") in order to amend the environmental pollution permit (the "**Permit**") for the Broceni Cement Plant in Latvia, owned by CEMEX SIA (the " **Disputed Decision**"). CEMEX SIA was invited to participate in the court proceedings as a third party, whose rights and legal interest may be infringed by the relevant administrative act. On 5 June 2008 the Court rendered its judgment, where it satisfied the Claimant's claim and revoked the Disputed Decision stating that it is illegal because Defendant failed to perform public inquiry in accordance with legal regulations. The judgment has been appealed by both the Defendant and CEMEX SIA before the Court of Appeal and the court will hear the case in 24 February 2009. The appellate procedure will not suspend the operation of the Permit which will remain valid throughout the court proceedings, hence CEMEX SIA is allowed to continue to perform its activities. The Permit subject to this proceeding was issued for the existing cement line, which will be fully substituted in the first half of 2009 by a new cement line currently under construction.

(a) Calculation. A facility fee shall accrue and be payable in arrears to each Consenting Lender for each Calculation Period in an amount equal to the percentage per annum determined in accordance with the table below (the " Facility Fee"), and shall be applied to such Lender's Average Drawn Commitments for such Calculation Period and will accrue on, and be calculated based on, the number of days elapsed in such Calculation Period. The Facility Fee for each Calculation Period will be as set forth below determined in accordance with the Consolidated Net Debt / EBITDA Ratio calculated based on the financial statements delivered, or required to be delivered, on the applicable Calculation Date:

Consolidated Net Debt / EBITDA Ratio	Facility Fee
Greater than 4.50 to 1	2.00%
Less than or equal to 4.50 to 1, but greater than 4.00 to 1	1.25%
Less than or equal to 4.00 to 1, but greater than 3.75 to 1	0.75%
Less than or equal to 3.75 to 1, but greater than 3.50 to 1	0.5%
Less than or equal to 3.50 to 1	0%

(b) Payment of Fees. The Facility Fee shall be payable within five Business Days after the Calculation Date applicable to each relevant Calculation Period (the "Facility Fee Payment Date"); provided that, in respect of any Calculation Period in which the Loans are repaid or prepaid in full, the Facility Fee Payment Date in respect of such Calculation Period shall be deemed to occur on the date of such repayment or prepayment. Notwithstanding the above, no Facility Fee shall be payable in respect of any Calculation Period in which an acceleration of any Loan occurs or any fiscal quarter thereafter.

ARTICLE III
TAXES, PAYMENT PROVISIONS

3.01 Taxes.

(a) Any and all payments by any Credit Party to any Lender, the Joint Lead Arrangers or the Administrative Agent under this Agreement and the other Transaction Documents shall be made free and clear of, and without deduction or withholding for or on account of, any Indemnified Taxes. In addition, Borrower shall promptly pay all Other Taxes.

(b) Except as otherwise provided in Section 3.01(c), the Credit Parties jointly and severally agree to indemnify and hold harmless each Lender and the Administrative Agent for the full amount of Indemnified Taxes or Other Taxes (including Indemnified Taxes or Other Taxes imposed or asserted on or attributable to amounts payable under this Section 3.01) paid by or assessed against any Lender or the Administrative Agent, as the case may be, and any penalties, interest, additions to tax, and reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes or Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority, except to the extent that such penalties, interest, additions to tax or expenses

are incurred solely as a result of any gross negligence or willful misconduct of such Lender, or Administrative Agent, as the case may be. Payment under this indemnification shall be made within thirty (30) days after the date any Lender or the Administrative Agent makes written demand therefor, setting forth in reasonable detail the basis and calculation of such amounts (such written demand shall be presumed correct, absent significant error).

(c) If any Credit Party shall be required by law or regulation to deduct or withhold any Indemnified Taxes or Other Taxes from or in respect of any sum payable hereunder to any Lender or the Administrative Agent, then:

(i) the sum payable shall be increased as necessary so that after making all required deductions and withholdings (including deductions and withholdings applicable to additional sums payable under this Section 3.01(c)) such Lender or the Administrative Agent receives an amount equal to the sum it would have received had no such deductions or withholdings been made;

(ii) such Credit Party shall make such deductions and withholdings; and

(iii) such Credit Party shall pay the full amount deducted or withheld to the relevant taxing authority or other authority in accordance with applicable law.

(d) Within thirty (30) days after the date of any payment by a Credit Party of Indemnified Taxes or Other Taxes, such Credit Party shall furnish to the Administrative Agent the original or a certified copy of a receipt evidencing payment thereof or other evidence of payment reasonably satisfactory to the Administrative Agent.

(e) If any Credit Party is required to pay additional amounts to the Administrative Agent or any Lender pursuant to Section 3.01(c), other than amounts related to the withholding of Mexican tax at the rate applicable to interest payments received by foreign financial institutions registered with the Secretaría de Hacienda y Crédito Público as a Foreign Financial Institution for the purposes of Article 195, Section I of the Mexican Income Tax law, then the Administrative Agent or such Lender, as the case may be, shall, upon reasonable request by the Borrower or the Guarantors, use reasonable efforts (consistent with legal and regulatory restrictions) to change the jurisdiction of its Lending Office, issuing office or office for receipt of payments by the Borrower and Guarantors hereunder, as the case may be, so as to eliminate or reduce the obligation of the Borrower or the Guarantor, as the case may be, to pay any such additional amounts which may thereafter accrue or to indemnify the Administrative Agent or such Lender in the future, if such change in the reasonable judgment of the Administrative Agent or such Lender is not otherwise disadvantageous to such Lender. No Credit Party shall be required to pay or increase any amounts payable pursuant to Section 3.01 following any assignment or grant of a participation by any Lender, except to the extent (i) not in excess of the amounts the Borrower and Guarantors were required

to pay or increase with respect to such Lender immediately prior to such an event, or (ii) increases in such amounts result from a change in applicable law or regulation occurring after such event.

(f) Each Lender and the Administrative Agent shall, from time to time at the request of the Borrower or the Administrative Agent (as the case may be), promptly furnish to the Borrower and the Administrative Agent (as the case may be), such forms, documents or other information (which shall be accurate and complete) as may be reasonably required to establish any available exemption from, or reduction in the amount of, applicable Taxes; provided, however, that none of any Lender or the Administrative Agent shall be obliged to disclose information regarding its tax affairs or computations to the Borrower in connection with this paragraph (f), it being understood that the identity of any Person shall not be considered for these purposes as information regarding its tax affairs or computations. Each of the Borrower and the Administrative Agent shall be entitled to rely on the accuracy of any such forms, documents or other information furnished to it by any Person and shall have no obligation to make any additional payment or indemnify any Person for any Taxes, interest or penalties that would not have become payable by such Person had such documentation been accurate.

(g) If the Administrative Agent or any Lender receives a refund or credit in respect of Indemnified Taxes as to which it has been indemnified by any Credit Party pursuant to Section 3.01(b), it shall notify the Credit Party of the amount of such refund or credit and shall return to the Credit Party such refund or the benefit of such credit; provided, however, that (A) the Administrative Agent or such Lender, as the case may be, shall not be obligated to make any effort to obtain such refund or credit or to provide any Credit Party with any information on or justification for the arrangement of its tax affairs or otherwise disclose to the Credit Party or any other Person any information that it considers to be proprietary or confidential, and (B) the Credit Party, upon the request of the Administrative Agent or such Lender, as the case may be, shall return the amount of such refund or the benefit of such credit to the Administrative Agent or such Lender, as the case may be, if the Administrative Agent or such Lender, as the case may be, is required to repay the amount of such refund or the benefit of such credit to the relevant authorities within six (6) years of the date the Credit Party is paid such amount by the Administrative Agent or such Lender, as the case may be.

(h) If requested by any Lender that is a resident of the United States for U.S. federal income tax purposes, the Credit Parties will perform an analysis as to whether the Borrower constitutes a passive foreign investment company within the meaning of Section 1297 of the Code and will take into account reasonable comments from such Lender with respect to such analysis. The Lender will have sole discretion to decide whether to make a "QEF election" (as described in Section 1293 of the Code) with respect to its interest in the Loans. For the avoidance of doubt, if based on such analysis the Lender decides to make a QEF election, the Credit Parties will provide the information necessary for making such election, as described in this Section 3.01(h). The Credit Parties will (i) maintain adequate books and records to allow any Lender that

would be subject to Section 1291 of the Code with respect to its interest in the Loans to make a proper QEF election and (ii) will further provide annual information statements and any other information to any such Lender if such information is necessary for purposes of making the QEF election or complying with the ongoing requirements associated with such election.

(i) The agreements in this Section 3.01 shall survive the termination of this Agreement and the payment of the Borrower's Obligations.

3.02 General Provisions as to Payments.

(a) All payments to be made by any Credit Party shall be made without set-off, counterclaim or other defense. Except as otherwise expressly provided herein, all payments by the Borrower shall be made to the Administrative Agent for the account of the Lenders at the Administrative Agent's Payment Office, and shall be made in Dollars and in immediately available funds, no later than 2:30 p.m. (New York City time) on the dates specified herein. The Administrative Agent will promptly distribute to each Lender its applicable share as expressly provided herein of each payment in like funds as received. Any payment received by the Administrative Agent later than 2:30 p.m. (New York City time) shall be deemed to have been received on the following Business Day and any applicable interest or fee shall continue to accrue until such following Business Day.

(b) Except and to the extent otherwise specifically provided herein, whenever any payment to be made hereunder is due on a day which is not a Business Day, the date for payment thereof shall be extended to the immediately following Business Day and, if interest is stated to be payable in respect thereof, interest shall continue to accrue to such immediately following Business Day.

(c) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date and the Administrative Agent may (but shall not be so required), in reliance upon such assumption, cause to be distributed to the Lenders on such due date an amount equal to the amount then due to the Lenders. If and to the extent that the Borrower shall not have made such payment, each applicable Lender shall repay to the Administrative Agent forthwith on demand such amount distributed to such Lender together with accrued interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate; provided, however, that if any amount remains unpaid by any Lender for more than five (5) Business Days after the Administrative Agent has made a demand for such amount, such Lender shall, commencing on the day next following such fifth Business Day, pay interest to the Administrative Agent at a rate per annum equal to the Federal Funds Rate plus 1%, and, provided further, that if any such amount remains

unpaid by any Lender for more than ten (10) Business Days, such Lender shall, commencing on the day next following such tenth Business Day, pay interest to the Administrative Agent at a rate per annum equal to the Federal Funds Rate plus 2.00%.

3.03 Funding Losses. If the Borrower makes any payment of principal with respect to the Loans on any day other than the Interest Payment Date applicable thereto, or if the Borrower fails to prepay the Loans after notice has been given pursuant to Section 2.01(c), the Borrower shall reimburse each Lender, as applicable, within fifteen (15) days after demand for any resulting loss or expense incurred by it, provided such Lender shall have delivered to the Borrower a certificate setting forth in reasonable detail the computations for the amount of such loss or expense, which certificate shall be conclusive in the absence of manifest error.

3.04 Basis for Determining Interest Rate Inadequate or Unfair. If on or prior to the first day of any Interest Period for the Loans:

(a) the Administrative Agent determines that by reason of circumstances affecting the London interbank market, reasonably adequate means do not exist for ascertaining LIBOR applicable to such Interest Period or that deposits in Dollars (in the applicable amounts) are not being offered in the London interbank market for such Interest Period, or

(b) the Required Lenders advise the Administrative Agent that LIBOR as determined by the Administrative Agent will not adequately and fairly reflect the cost to such Lenders of making or maintaining their respective Loan for such Interest Period, then the Administrative Agent shall forthwith give notice thereof to the Borrower and the Lenders. In the event of any such determination or advice, until the Administrative Agent shall have notified the Borrower and the Lenders that the circumstances giving rise to such notice no longer exist, any request by the Borrower for a Loan of the affected amount or Interest Period, or a conversion to or continuation of a Loan of the affected amount or Interest Period shall be deemed rescinded and such request shall instead be considered a request for a Base Rate Loan. Each determination by the Administrative Agent hereunder shall be conclusive absent manifest error.

3.05 Capital Adequacy. If any Lender has determined, after the date hereof, that the adoption or the becoming effective of, or any change in, or any change by any Governmental Authority, central bank, or comparable agency charged with the interpretation or administration thereof in the interpretation or administration of, any applicable law, rule, or regulation regarding capital adequacy, or compliance by such Lender with any request or directive regarding capital adequacy (whether or not having the force of law) of any such authority, central bank, or comparable agency, has or would have the effect of increasing such Lender's cost of making or maintaining such Lender's Loan or reducing the rate of return on such Lender's capital or assets as a consequence of its obligations hereunder to a level below that which such Lender could have achieved but for such adoption, effectiveness, change, or compliance (taking into consideration

such Lender's policies with respect to capital adequacy), then, upon notice from such Lender to the Borrower, the Borrower shall be obligated to pay to such Lender such additional amount or amounts as will compensate such Lender for such increased cost or reduction in amount received. Each determination by any such Lender of amounts owing under this Section 3.05 shall, absent manifest error, be conclusive and binding on the parties hereto. The relevant Lender will, upon request, provide a certificate in reasonable detail as to the amount of such increased cost or reduction in amount received and method of calculation.

Upon any Lender's making a claim for compensation under this Section 3.05, (i) such Lender shall use commercially reasonable efforts (consistent with legal and regulatory restrictions) to change the jurisdiction of its lending office or assign its rights and obligations hereunder to another of its offices, branches or affiliates so as to eliminate or reduce any such additional payment by the Borrower which may thereafter accrue, if such change is not otherwise disadvantageous to such Lender and (ii) the Borrower has the right to replace such Lender in accordance with Section 3.08.

3.06 Illegality.

(a) Notwithstanding any other provision herein, if the adoption of or any change in any Requirement of Law or in the interpretation or application thereof occurring after the Conversion Date shall make it unlawful for any Lender to make or maintain any Loan as contemplated by this Agreement, then such Lender shall be an "Affected Lender" and by written notice to the Borrower and to the Administrative Agent:

(i) such Lender may require that all outstanding Loans made by it be converted to Base Rate Loans, in which event all such Loans shall be automatically converted to Base Rate Loans as of the effective date of such notice as provided in paragraph (b) below, and

(ii) if it is also illegal for the Affected Lender to make Base Rate Loans, such Lender may declare all amounts owed to it by the Borrower to the extent of such illegality to be due and payable; provided, however, that the Borrower has the right, with the consent of the Administrative Agent, to find an additional Lender to purchase the Affected Lenders' rights and obligations.

In the event any Lender shall exercise its rights under (i) above with respect to any Loans, all payments and prepayments of principal that would otherwise have been applied to repay the converted Loans of such Lender shall instead be applied to repay the Base Rate Loans resulting from the conversion of such Loans.

(b) For purposes of this Section 3.06, a notice to the Borrower by any Lender shall be effective as to each such Loan, if lawful, on the last day of the Interest Period currently applicable to such loan; in all other cases such notice shall be effective on the date of receipt by the Borrower.

3.07 Requirements of Law. If, after the date hereof, the adoption of or any change in any Requirement of Law or in the interpretation or application thereof applicable to any Lender, or compliance by any Lender with any request or directive (whether or not having the force of law) from any central bank or other Governmental Authority, in each case made subsequent to the Conversion Date (or, if later, the date on which such Lender becomes a Lender):

(a) shall impose, modify, or hold applicable any reserve, special deposit, compulsory loan, or similar requirement against assets held by, deposits or other liabilities in or for the account of, advances, loans, or other extensions of credit by, or any other acquisition of funds by, any office of such Lender that is not otherwise included in the determination of the LIBOR hereunder; or

(b) shall impose on such Lender any other condition (excluding any tax of any kind whatsoever);

and the result of any of the foregoing is to increase the cost to such Lender, by an amount that such Lender reasonably deems to be material, of making, converting into, continuing, or maintaining Loans or to reduce any amount receivable hereunder in respect thereof, then, in any such case, upon notice delivered to the Borrower from such Lender, through the Administrative Agent, in accordance herewith, the Borrower shall be obligated to promptly pay such Lender, upon its demand, any additional amounts necessary to compensate such Lender for such increased cost or reduced amount receivable. If any Lender becomes entitled to claim any additional amounts pursuant to this Section 3.07, it shall provide notice thereof to the Borrower, promptly upon occurrence of such event, but in any case within three (3) days from the date of such event, through the Administrative Agent, certifying (x) that one of the events described in paragraph (a) and (b) has occurred and describing in reasonable detail the nature of such event, (y) as to the increased cost or reduced amount resulting from such event and (z) as to the additional amount demanded by such Lender and a reasonably detailed explanation of the calculation thereof. Such a certificate as to any additional amounts payable pursuant to this subsection submitted by such Lender, through the Administrative Agent, to the Borrower shall be conclusive and binding on the parties hereto in the absence of manifest error. This covenant shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder. If any Lender becomes aware of a proposed change in any Requirement of Law that would entitle it to claim any additional amounts pursuant to this Section 3.07 it shall promptly, upon the Lender becoming aware of such event, provide notice to the Borrower through the Administrative Agent.

3.08 Substitute Lenders. If any Lender has demanded compensation pursuant to Sections 3.05 or 3.07 or has exercised its rights pursuant to Section 3.06(a)(ii), and such Lender does not waive its right to future additional compensation pursuant to

Section 3.05 or 3.07, the Borrower shall have the right (i) to replace such Lender with a Substitute Lender or Substitute Lenders that shall succeed to the rights of such Lender under this Agreement upon execution of an Assignment and Assumption Agreement and payment by the Borrower of the related processing fee of U.S.$3,500 to the Administrative Agent or (ii) to remove such Lender; provided, however, that such Lender shall not be replaced or removed hereunder until such Lender has been repaid in full all amounts owed to it pursuant to this Agreement (including Sections 3.03 and 3.05) and the other Transaction Documents unless any such amount is being contested by the Borrower in good faith.

3.09 Sharing of Payments in connection with the Loans, Etc .

(a) If, other than as expressly provided elsewhere herein, any Lender shall obtain on account of the Obligations owing to it any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) in excess of its share of payments on account of the Obligations obtained by all the Lenders (an "Excess Payment"), such Lender shall forthwith (i) notify the Administrative Agent of such fact, and (ii) purchase from the other Lenders such participations in such Obligations owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from the purchasing Lender, such purchase shall to that extent be rescinded and each other Lender shall repay to the purchasing Lender the purchase price paid therefor, together with an amount equal to such paying Lender's share (according to the proportion of (A) the amount of such paying Lender's required repayment to (B) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Administrative Agent will keep records (which shall be conclusive and binding in the absence of demonstrable error) of participations purchased pursuant to this Section 3.09 and will in each case notify the Lenders following any such purchases.

(b) If any Lender shall commence any action or proceeding in any court to enforce its rights hereunder after consultation with the other Lenders and, as a result thereof or in connection therewith, it shall receive any Excess Payment, then such Lender shall not be required to share any portion of such excess payment with any Lender which has the legal right to, but does not, join in any such action or proceeding or commence and diligently prosecute a separate action or proceeding to enforce its rights in another court.

(c) The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 3.09 may exercise all its rights of set-off with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation.

ARTICLE IV

Each of the Credit Parties will conduct, and cause each of its Subsidiaries to conduct, all transactions otherwise permitted under this Agreement with any of its Affiliates on terms that are commercially reasonable and no less favorable to such Credit Party or such Subsidiary than it would obtain in a comparable arm's-length transaction with a Person not an Affiliate.

None of the Credit Parties shall, in one or more related transactions, (x) consolidate with or merge into any other Person or permit any other Person to merge into it or (y) directly or indirectly, transfer, convey, sell, lease or otherwise dispose of all or substantially all of its properties or assets to any Person, unless, with respect to any transaction described in clause (x) or (y), immediately after giving effect to such transaction:

(b) in the case of any such transaction involving the Borrower or any Guarantor, the Borrower or such Guarantor, or the Successor of any thereof, as the case may be, shall expressly agree to indemnify each Lender and the Administrative Agent against any tax, levy, assessment or governmental charge payable by withholding or deduction thereafter imposed on such Lender and/or the Administrative Agent solely as a consequence of such transaction with respect to payments under the Transaction Documents;

(c) immediately after giving effect to such transaction, including for purposes of this clause (c) the substitution of any Successor to the Borrower for the Borrower or the substitution of any Successor to a Guarantor for such Guarantor and treating any Debt or Lien incurred by the Borrower or any Successor to the Borrower, or by a Guarantor of the Borrower or any Successor to such Guarantor, as a result of such transactions as having been incurred at the time of such transaction (and incurred for the purposes of Section 8.07), no Default or Event of Default shall have occurred and be continuing; and

(d) the Borrower shall have delivered to the Administrative Agent an officer's certificate and an opinion of counsel, each stating that such consolidation, merger, conveyance, transfer or lease and, if a written agreement is required in connection with such transaction, such written agreement comply with the relevant provisions of this Article VIII and that all conditions precedent provided for in this Agreement relating to such transaction have been complied with.

The Parent will not, and will not permit any of its Material Subsidiaries to, sell, lease or otherwise dispose of any of its assets (including the Capital Stock of any Subsidiary), other than (a) inventory, trade receivables and assets surplus to the needs of the business of the Parent or any Subsidiary sold in the ordinary course of business, (b) assets not used, usable or held for use in connection with cement operations and related operations, and (c) any "margin stock" within the meaning of Regulation U acquired by the Parent through a Tender Offer, unless the proceeds of the sale of such assets are retained by the Parent or such Subsidiary, as the case may be, and, as promptly as practicable after such sale (but in any event within one hundred and eighty (180) days of such sale), the proceeds are applied to (i) expenditures for property, plant and equipment usable in the cement industry or related industries; (ii) the repayment of senior Debt of the Parent or any of its Subsidiaries, whether secured or unsecured; or (iii) investments in companies engaged in the cement industry or related industries; provided,

however, that the net proceeds from Qualified Receivables Transactions to the extent exceeding, in the aggregate, the aggregate U.S.$ amount set forth in Schedule 8.04 attached hereto shall be applied to the repayment of senior Debt of the Parent or any of its Subsidiaries, whether secured or unsecured; and provided, that, nothing in this Section 8.04 shall prevent any sale, lease or other disposal of assets from any Subsidiary to another Subsidiary.

8.05 Change in Nature of Business. Neither the Parent nor the Borrower shall make, or permit any of its Material Subsidiaries to make, any material change in the nature of its business as carried on at the date hereof.

8.06 Margin Regulations. None of the Credit Parties shall use any part of the proceeds of the Loans for any purpose which would result in any violation (whether by any of the Credit Parties, the Administrative Agent or the Lenders) of Regulation T, U or X of the Federal Reserve Board or to extend credit to others for any such purpose. None of the Credit Parties shall engage in, or maintain as one of its important activities, the business of extending credit for the purpose of purchasing or carrying any margin stock (as defined in such regulations).

8.07 Limitation on Indebtedness. The Parent shall not, and shall not permit any of its Subsidiaries to, Incur any Debt (including Acquired Debt), provided that, the Parent or any Subsidiary may Incur Debt if on the date of such Incurrence and after giving effect thereto on a pro forma basis (as if such Debt had been Incurred on the first day of the relevant Reference Period): (a) the Consolidated Net Debt / EBITDA Ratio is less than 3.5 to 1.0 and (b) no Event of Default has occurred and is continuing or would result from the Incurrence of such Debt. Notwithstanding the foregoing, the Parent and its Subsidiaries may Incur Permitted Debt.

(a) Upon each Incurrence of Debt, the Parent or Subsidiary, as the case may be, may designate (and later re-designate) in its sole discretion pursuant to which category of Permitted Debt any Debt is being Incurred and may subdivide an amount of Debt and designate (and later redesignate) more than one such category pursuant to which such amount of Debt is being Incurred and such Permitted Debt shall not be deemed to have been Incurred or outstanding under any other category of Permitted Debt. For the avoidance of doubt, the inability of the Parent or its Subsidiary to Incur Debt under one category shall not limit the ability of the Parent or its Subsidiary to Incur Debt under another category.

(b) Accrual of interest shall not be deemed to be an Incurrence of Debt for purposes of this Section 8.07. Notwithstanding any other provision of this covenant, the maximum amount of Debt that the Parent and its Subsidiaries may Incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Debt, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Debt Incurred to refinance other Debt, if Incurred in a different currency from the Debt being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Debt is denominated that is in effect on the date of such refinancing.

(c) For purposes of determining compliance with any U.S. Dollar-denominated restriction on the Incurrence of Debt, the U.S. Dollar equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred.

ARTICLE IX
OBLIGATIONS OF GUARANTORS

9.01 The Guaranty. Each of the Guarantors jointly and severally hereby unconditionally and irrevocably guarantees (as a primary obligor and not merely as surety) payment in full as provided herein of all Obligations payable by the Borrower to each Lender, the Administrative Agent, the Structuring Agent and the Joint Lead Arrangers under this Agreement and the other Transaction Documents, as and when such amounts become payable (whether at stated maturity, by acceleration or otherwise).

9.02 Nature of Liability. The obligations of the Guarantors hereunder are guarantees of payment and shall remain in full force and effect until all Obligations of the Borrower have been validly, finally and irrevocably paid in full, and shall not be affected in any way by the absence of any action to obtain such amounts from the Borrower or by any variation, extension, waiver, compromise or release of any or all Obligations from time to time therefor. Each Guarantor waives all requirements as to promptness, diligence, presentment, demand for payment, protest and notice of any kind with respect to this Agreement and the other Transaction Documents.

9.03 Unconditional Obligations. Notwithstanding any contrary principles under the laws of any jurisdiction other than the State of New York, the obligations of each of the Guarantors hereunder shall be unconditional, irrevocable and absolute and, without limiting the generality of the foregoing, shall not be impaired, terminated, released, discharged or otherwise affected by the following:

(a) the existence of any claim, set-off or other right which either of the Guarantors may have at any time against the Borrower, the Administrative Agent, any Lenders or any other Person, whether in connection with this transaction or with any unrelated transaction;

(b) any invalidity or unenforceability of this Agreement or any other Transaction Document relating to or against the Borrower or either of the Guarantors for any reason;

(c) any provision of applicable law or regulation purporting to prohibit the payment by the Borrower of any amount payable by the Borrower under this Agreement or any of the other Transaction Documents or the payment, observance, fulfillment or performance of any other Obligations;

(d) any change in the name, purposes, business, Capital Stock (including the ownership thereof) or constitution of the Borrower;

(e) any amendment, waiver or modification of any Transaction Document in accordance with the terms hereof and thereof; or

(f) any other act or omission to act or delay of any kind by the Borrower, the Administrative Agent, the Lenders or any other Person or any other circumstance whatsoever which might otherwise constitute a legal or equitable discharge of or defense to either of the Guarantors' obligations hereunder.

9.04 Independent Obligation. The obligations of each of the Guarantors hereunder are independent of the Borrower's obligations under the Transaction Documents and of any guaranty or security that may be obtained for the Obligations. The Administrative Agent and the Lenders may neglect or forbear to enforce payment hereunder, under any Transaction Document or under any guaranty or security, without in any way affecting or impairing the liability of each Guarantor hereunder. The Administrative Agent or the Lenders shall not be obligated to exhaust recourse or take any other action against the Borrower or under any agreement to purchase or security which the Administrative Agent or the Lenders may hold before being entitled to payment from the Guarantors of the obligations hereunder or proceed against or have resort to any balance of any deposit account or credit on the books of the Administrative Agent or the Lenders in favor of the Borrower or each of the Guarantors. Without limiting the generality of the foregoing, the Administrative Agent or the Lenders shall have the right to bring suit directly against either of the Guarantors, either prior or subsequent to or concurrently with any lawsuit against, or without bringing suit against, the Borrower and/or the other Guarantor.

9.05 Waiver of Notices. Each of the Guarantors hereby waives notice of acceptance of this Article IX and notice of any liability to which it may apply, and waives presentment, demand for payment, protest, notice of dishonor or nonpayment of any such liability, suit or the taking of other action by the Administrative Agent or the Lenders against, and any other notice, to the Guarantors.

9.06 Waiver of Defenses. To the extent permitted by New York law and notwithstanding any contrary principles under the laws of any other jurisdiction, each of the Guarantors hereby waives any and all defenses to which it may be entitled, whether at common law, in equity or by statute which limits the liability of, or exonerates, guarantors or which may conflict with the terms of this Article IX, including failure of consideration, breach of warranty, statute of frauds, merger or consolidation of the Borrower, prior notice to the Borrower, that the Borrower's assets are used to repay the Loans first, that the liability of the Guarantors be split, statute of limitations, accord and

satisfaction and usury. Without limiting the generality of the foregoing, each of the Guarantors consents that, without notice to such Guarantor and without the necessity for any additional endorsement or consent by such Guarantor, and without impairing or affecting in any way the liability of such Guarantor hereunder, the Administrative Agent and the Lenders may at any time and from time to time, upon or without any terms or conditions and in whole or in part, (a) change the manner, place or terms of payment of, and/or change or extend the time or payment of, renew or alter, any of the Obligations, any security therefor, or any liability incurred directly or indirectly in respect thereof, and this Article IX shall apply to the Obligations as so changed, extended, renewed or altered; (b) exercise or refrain from exercising any right against the Borrower or others (including the Guarantors) or otherwise act or refrain from acting; (c) settle or compromise any of the Obligations, any security therefor or any liability (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and may subordinate the payment of all or any part thereof to the payment of any such liability (whether due or not) of the Borrower to creditors of the Borrower other than the Administrative Agent and the Lenders and the Guarantors; (d) apply any sums by whomsoever paid or howsoever realized, other than payments of the Guarantors of the Obligations, to any liability or liabilities of the Borrower under the Transaction Documents or any instruments or agreements referred to herein or therein, to the Administrative Agent and the Lenders regardless of which of such liability or liabilities of the Borrower under the Transaction Documents or any instruments or agreements referred to herein or therein remain unpaid; (e) consent to or waive any breach of, or any act, omission or default under the Obligations or any of the instruments or agreements referred to in this Agreement and the other Transaction Documents, or otherwise amend, modify or supplement the Obligations or any of such instruments or agreements, including the Transaction Documents; and/or (f) request or accept other support of the Obligations or take and hold any security for the payment of the Obligations or the obligations of the Guarantors under this Article IX, or allow the release, impairment, surrender, exchange, substitution, compromise, settlement, rescission or subordination thereof.

9.07 Bankruptcy and Related Matters.

(a) So long as any of the Obligations remain outstanding, each Credit Party shall not, without the prior written consent of the Administrative Agent (acting with the consent of the Required Lenders), commence or join with any other Person in commencing any bankruptcy, liquidation, reorganization, *concurso mercantil* or insolvency proceedings of, or against, the Borrower.

(b) If acceleration of the time for payment of any amount payable by the Borrower under this Agreement or the Maturity "A" Notes is stayed upon the insolvency, bankruptcy, reorganization, *concurso mercantil* or any similar event of the Borrower or otherwise, all such amounts otherwise subject to acceleration under the terms of this Agreement shall nonetheless be payable by the Guarantors hereunder forthwith on demand by the Administrative Agent made at the request of the Lenders.

(c) The obligations of each of the Guarantors under this Article IX shall not be reduced, limited, impaired, discharged, deferred, suspended or terminated by any proceeding or action, voluntary or involuntary, involving the bankruptcy, insolvency, *concurso mercantil,* receivership, reorganization, marshalling of assets, assignment for the benefit of creditors, readjustment, liquidation or arrangement of the Borrower or similar proceedings or actions or by any defense which the Borrower may have by reason of the order, decree or decision of any court or administrative body resulting from any such proceeding or action. Without limiting the generality of the foregoing, the Guarantors' liability shall extend to all amounts and obligations that constitute the Obligations and would be owed by the Borrower but for the fact that they are unenforceable or not allowable due to the existence of any such proceeding or action.

(d) Each of the Guarantors acknowledges and agrees that any interest on any portion of the Obligations which accrues after the commencement of any proceeding or action referred to above in Section 9.07(c) (or, if interest on any portion of the Obligations ceases to accrue by operation of law by reason of the commencement of said proceeding or action, such interest as would have accrued on such portion of the Obligations if said proceedings or actions had not been commenced) shall be included in the Obligations, it being the intention of the Guarantors, the Administrative Agent, and the Lenders that the Obligations which are to be guaranteed by the Guarantors pursuant to this Article IX shall be determined without regard to any rule of law or order which may relieve the Borrower of any portion of such Obligations. The Guarantors will take no action to prevent any trustee in bankruptcy, receiver, debtor in possession, assignee for the benefit of creditors or similar person from paying the Administrative Agent, or allowing the claim of the Administrative Agent, for the benefit of the Administrative Agent, and the Lenders, in respect of any such interest accruing after the date of which such proceeding is commenced, except to the extent any such interest shall already have been paid by the Guarantors.

(e) Notwithstanding anything to the contrary contained herein, if all or any portion of the Obligations are paid by or on behalf of the Borrower, the obligations of the Guarantors hereunder shall continue and remain in full force and effect or be reinstated, as the case may be, in the event that all or any part of such payment(s) are rescinded or recovered, directly or indirectly, from the Administrative Agent and/or the Lenders as a preference, preferential transfer, fraudulent transfer or otherwise, and any such payments which are so rescinded or recovered shall constitute Obligations for all purposes under this Article IX, to the extent permitted by applicable law.

9.08 No Subrogation. Notwithstanding any payment or payments made by any of the Guarantors hereunder or any set-off or application of funds of any of the Guarantors by the Administrative Agent or any Lender, no Guarantor shall be entitled to be subrogated to any of the rights of the Administrative Agent or any Lender against the Borrower or any other Guarantor or any collateral security or guarantee or right of offset held by the Administrative Agent or any Lender for the payment of the Obligations, nor shall any Guarantor seek or be entitled to seek any contribution or reimbursement from

the Borrower or any other Guarantor in respect of payments made by such Guarantor hereunder, until all amounts owing to the Administrative Agent and the Lenders by the Borrower on account of the Obligations shall have been indefeasibly paid in full in cash. If any amount shall be paid to any Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been indefeasibly paid in full in cash, such amount shall be held by such Guarantor in trust for the Administrative Agent and the Lenders, segregated from other funds of such Guarantor, and shall, forthwith upon receipt by such Guarantor, be turned over to the Administrative Agent in the exact form received by such Guarantor (duly indorsed by such Guarantor to the Administrative Agent, if required), to be applied against the Obligations, whether matured or unmatured, in such order as the Administrative Agent may determine.

9.09 Right of Contribution. Subject to Section 9.08, each Guarantor hereby agrees that to the extent that a Guarantor shall have paid more than its proportionate share of any payment made hereunder, such Guarantor shall be entitled to seek and receive contribution from and against any other Guarantor hereunder who has not paid its proportionate share of such payment. The provisions of this Section 9.09 shall in no respect limit the obligations and liabilities of any Guarantor to the Administrative Agent, the Structuring Agent, the Joint Lead Arrangers and the Lenders, and each Guarantor shall remain liable to the Administrative Agent, the Structuring Agent, the Joint Lead Arrangers and the Lenders for the full amount guaranteed by such Guarantor hereunder.

9.10 General Limitation on Guaranty. In any action or proceeding involving any applicable corporate law, or any applicable bankruptcy, insolvency, reorganization, *concurso mercantil* or other law affecting the rights of creditors generally, if the obligations of any Guarantor under this Article IX would otherwise, taking into account the provisions of Section 9.09, be held or determined to be void, invalid or unenforceable, or subordinated to the claims of any other creditors, on account of the amount of its liability under Section 9.01, then, notwithstanding any other provision hereof to the contrary, the amount of such liability shall, without any further action by such Guarantor, any Lender, the Administrative Agent or any other Person, be automatically limited and reduced to the highest amount that is valid and enforceable and not subordinated to the claims of other creditors as determined in such action or proceeding.

9.11 Covenants of the Guarantors. Each Guarantor hereby covenants and agrees that, so long as any Obligations with respect to the Loans under this Agreement and any other Transaction Document remain unpaid, it shall comply with the covenants contained or incorporated by reference in this Agreement applicable to the Loans to the extent applicable to it.

(m) Moratorium; Availability of Foreign Exchange. A moratorium shall be agreed or declared in respect of any Debt of the Borrower or either Guarantor or any restriction or requirement not in effect on the date hereof shall be imposed, whether by legislative enactment, decree, regulation, order or otherwise, which limits the availability or the transfer of foreign exchange by the Borrower or either Guarantor for the purpose of performing any material obligation under this Agreement or the Maturity "A" Notes, any certificates, waivers, or any other agreements delivered pursuant to this Agreement; or

ARTICLE XI
THE ADMINISTRATIVE AGENT

11.01 Appointment and Authorization.

(a) Each Lender hereby irrevocably designates and appoints ING Capital LLC as the Administrative Agent of such Lender under this Agreement, and each Lender hereby irrevocably authorizes the Administrative Agent to take such action on its behalf under the provisions of this Agreement and each other Transaction Document and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement or any other Transaction Document, together with such other powers as are reasonably incidental thereto.

(b) Notwithstanding any provision to the contrary contained elsewhere in this Agreement or in any other Transaction Document, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein, nor shall the Administrative Agent have or be deemed to have any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Transaction Document or otherwise exist against the Administrative Agent.

11.02 Delegation of Duties. The Administrative Agent may execute any of its duties under this Agreement or any other Transaction Document by or through agents, employees or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agent or attorney-in-fact that it selects with reasonable care.

11.03 Liability of Administrative Agent. Neither the Administrative Agent nor any of its officers, directors, employees, agents, attorneys-in-fact or Affiliates shall be (a) liable for any action taken or omitted to be taken by it or any such Person under or in connection with this Agreement or any other Transaction Document or the transactions contemplated hereby (except for its or such Person's own gross negligence or willful

misconduct), or (b) responsible in any manner to any of the Lenders for any recital, statement, representation or warranty made by a Credit Party or any officer thereof contained in this Agreement or in any other Transaction Document, or in any certificate, report, statement or other document referred to or provided for in, or received by the Administrative Agent under or in connection with, this Agreement or any other Transaction Document, or for the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Transaction Document, or for any failure of a Credit Party or any other party to any Transaction Document to perform its obligations hereunder or thereunder. Except as otherwise expressly stated herein, the Administrative Agent shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of a Credit Party.

11.04 Reliance by Administrative Agent .

(a) The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, consent, certificate, affidavit, letter, telegram, facsimile, telex or teletype message, statement, order or other document or telephone conversation believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person or Persons, and upon advice and statements of legal counsel, independent accountants and other experts selected by the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Transaction Document unless it shall first receive such advice or concurrence of the Required Lenders and, if it so requests, it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of failing to take, taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement or any other Transaction Document in accordance with a request or consent of the Required Lenders (or when expressly required hereby, all the Lenders) and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders.

(b) For purposes of determining compliance with the conditions specified in Section 4.01, each Lender that has executed this Agreement shall be deemed to have consented to, approved or accepted or to be satisfied with, each document or other matter sent by the Administrative Agent to such Lender for consent, approval, acceptance or satisfaction on or before the Conversion Date.

11.05 Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default (except for the Administrative Agent with respect to defaults in the payment of principal, interest and fees required to be paid to the Administrative Agent for the account of the Lenders) unless it shall have received written notice from a Lender or the Borrower referring to this Agreement and describing such Default or Event of Default and stating that such

notice is a "Notice of Default". The Administrative Agent shall promptly notify the Lenders of its receipt of any such notice. The Administrative Agent shall take such action with respect to such Default or Event of Default as may be requested by the Required Lenders or the Lenders; provided, however, that unless and until the Administrative Agent has received any such request, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable or in the best interest of the Lenders.

11.06 Credit Decision. Each Lender expressly acknowledges that neither the Administrative Agent nor any of its Affiliates, officers, directors, employees, agents or attorneys-in-fact has made any representation or warranty to it, and that no act by the Administrative Agent hereafter taken, including any review of the affairs of a Credit Party, or any of its Affiliates, shall be deemed to constitute any representation or warranty by the Administrative Agent to any Lender. Each Lender acknowledges to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower, the Guarantors and their Affiliates and all applicable Lender regulatory laws relating to the transactions contemplated hereby, and made its own decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Transaction Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of any Credit Party. Except for notices, reports and other documents expressly herein required to be furnished to the Lenders by the Administrative Agent, the Administrative Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of any Credit Party which may come into the possession of the Administrative Agent or any of its Affiliates, officers, directors, employees, agents or attorneys-in-fact.

11.07 Indemnification. Whether or not the transactions contemplated hereby are consummated, the Lenders agree to indemnify upon demand the Administrative Agent and its Affiliates, directors, officers, advisors, agents and employees (to the extent not reimbursed by the Borrower and without limiting the obligation of the Borrower to do so), ratably based on such Lender's share of the aggregate amount of Loans outstanding hereunder, from and against any and all claims, liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever which may at any time (including at any time following the payment of the Obligations or the Maturity Date) be imposed on, incurred by or asserted against the

Administrative Agent (or any of its Affiliates, directors, officers, agents and employees) in any way relating to or arising out of this Agreement or any other Transaction Document, or any documents contemplated by or referred to herein or the transactions contemplated hereby or any action taken or omitted by the Administrative Agent under or in connection with any of the foregoing; provided, however, that no Lender shall be liable for the payment of any portion of such claims, liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements to the extent it results from the gross negligence or willful misconduct of the Administrative Agent or its Affiliates, directors, officers, agents or employees. Without limitation of the foregoing, each Lender shall reimburse the Administrative Agent upon demand for its ratable share (based on its share of the aggregate amount of Loans outstanding hereunder) of any reasonable and documented costs or out-of-pocket expenses (including legal fees) incurred by the Administrative Agent in connection with the preparation, execution, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, any other Transaction Document, or any document contemplated by or referred to herein, to the extent that the Administrative Agent is not reimbursed for such expenses by or on behalf of the Borrower.

11.08 Administrative Agent in its Individual Capacity. ING CAPITAL LLC may make loans to, issue letters of credit for the account of, accept deposits from and generally engage in any kind of banking, trust, financial advisory, underwriting or other business with the Borrower, the Guarantors or any of their Affiliates as though ING CAPITAL LLC were not the Administrative Agent hereunder and without notice to or consent of the Lenders. The Lenders acknowledge that, pursuant to such activities, ING CAPITAL LLC or its Affiliates may receive information regarding the Borrower, the Guarantors and their Affiliates (including information that may be subject to confidentiality obligations in favor of any Credit Party) and acknowledge that the Administrative Agent shall be under no obligation to provide such information to them. With respect to the Obligations, ING CAPITAL LLC shall have the same rights and powers under this Agreement as any other Lender and may exercise the same as though it were not the Administrative Agent, and the terms "Lender" and "Lenders" include ING CAPITAL LLC in its individual capacity.

11.09 Successor Administrative Agent. The Administrative Agent may, and at the request of the Required Lenders shall, resign as the Administrative Agent upon thirty (30) days' notice to the Lenders and the Borrower. If the Administrative Agent resigns under this Agreement, the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which appointment shall be subject to the approval of the Borrower, such approval not to be unreasonably withheld (unless a Default or Event of Default shall have occurred and be continuing, in which case such approval shall not be required). If no successor agent is appointed prior to the effective date of the resignation of the Administrative Agent, the Administrative Agent may appoint, after consulting with the Lenders and the Borrower, a successor agent from among the Lenders. Upon the acceptance of its appointment as successor agent hereunder, such

successor agent shall succeed to all the rights, powers and duties of the retiring Administrative Agent and the term "Administrative Agent" shall mean such successor agent effective upon its appointment, and the retiring Administrative Agent's rights, powers and duties as Administrative Agent shall be terminated, without any other or further act on the part of such retiring Administrative Agent. After any retiring Administrative Agent's resignation hereunder as Administrative Agent, the provisions of this Article XI and Sections 13.04 and 13.05 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement. If no successor agent has accepted the appointment as Administrative Agent by the date which is thirty (30) days following a retiring Administrative Agent's notice of resignation, the retiring Administrative Agent's resignation shall nevertheless thereupon become effective and either the Borrower or the retiring Administrative Agent may, on behalf of the Lenders, appoint a successor agent, which shall be a commercial bank organized or licensed under the laws of the United States or of any State thereof and having a combined capital and surplus of at least U.S.$400,000,000.

ARTICLE XII
THE STRUCTURING AGENT

12.01 The Structuring Agent. The Borrower hereby confirms the designation of HSBC SECURITIES (USA) INC., as the Structuring Agent for the Loans. The Structuring Agent assumes no responsibility or obligation hereunder for servicing, enforcement or collection of the Obligations, or any duties as agent for the Lenders. The title "Structuring Agent" implies no fiduciary responsibility on the part of the Structuring Agent to the Administrative Agent, or the Lenders, and the use of such title does not impose on the Structuring Agent any duties or obligations under this Agreement except as may be expressly set forth herein.

12.02 Liability of Structuring Agent. Neither the Structuring Agent nor any of its respective officers, directors, employees, agents, attorneys-in-fact or Affiliates shall be (a) liable for any action lawfully taken or omitted to be taken by them or any such Person under or in connection with this Agreement or any other Transaction Document (except for such Structuring Agent's own gross negligence or willful misconduct), or (b) responsible in any manner to any Lender for any recital, statement, representation or warranty made by the Borrower or any officer thereof, contained in this Agreement or in any other Transaction Document, or in any certificate, report, statement or other document referred to or provided for in, or received by the Structuring Agent under or in connection with, this Agreement or any other Transaction Document or for the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Transaction Document or for any failure of the Borrower or any other party to any other Transaction Document to perform its obligations hereunder or thereunder. Except as otherwise expressly stated herein, the Structuring Agent shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of the Borrower.

12.03 Structuring Agent in its Individual Capacity . The Structuring Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower or any of its Affiliates as though it were not the Structuring Agent hereunder.

12.04 Credit Decision. Each Lender expressly acknowledges that neither the Structuring Agent nor any of its respective Affiliates, officers, directors, employees, agents or attorneys-in-fact have made any representation or warranty to it, and that no act by the Structuring Agent hereafter taken, including any review of the affairs of a Credit Party, shall be deemed to constitute any representation or warranty by the Structuring Agent to any Lender. Each Lender acknowledges to the Structuring Agent that it has, independently and without reliance upon the Structuring Agent, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of a Credit Party and its Affiliates and made its own decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Structuring Agent, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Transaction Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of any Credit Party. The Structuring Agent shall not have any duty or responsibility to provide any Lender with any information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of the Borrower which may come into the possession of the Structuring Agent or any of its respective officers, directors, employees, agents, attorneys-in-fact or Affiliates.

(c) all reasonable and documented out-of-pocket costs and expenses incurred by the Administrative Agent or any Lender in connection with the enforcement of and/or preservation of any rights under this Agreement or any other Transaction Document (whether through negotiations, legal proceedings or otherwise), including the reasonable fees and reasonable and documented out-of-pocket expenses of special Mexican, special Dutch counsel and New York counsel to the Administrative Agent and such Lender.

13.05 Indemnification. The Borrower agrees to indemnify and hold harmless the Structuring Agent, the Joint Lead Arrangers, the Administrative Agent and each Lender and each of their Affiliates and their officers, directors, employees, agents and advisors (each, an " Indemnified Party") from and against any and all claims, damages, losses, liabilities and expenses (including reasonable fees and expenses of counsel, the allocated cost of in-house counsel and settlement costs), but excluding taxes that may be incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or by reason of (including in connection with any investigation, litigation

or proceeding or preparation of a defense in connection therewith) (i) the Transaction Documents, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Loans or (ii) or any Environmental Action relating in any way to the Borrower or any of its Subsidiaries, except to the extent such claim, damage, loss, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's bad faith, gross negligence or willful misconduct. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 13.05 applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. Each Credit Party also agrees not to assert any claim against the Structuring Agent, the Joint Lead Arrangers, the Administrative Agent, any Lender, any of their Affiliates, or any of their respective directors, officers, employees, attorneys and agents, on any theory of liability, for special, indirect, consequential or punitive damages arising out of or otherwise relating to the Transaction Documents, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Transaction Documents. Neither the Structuring Agent, the Joint Lead Arrangers, the Administrative Agent, nor any Lender shall be deemed to have any fiduciary relationship with any Credit Party.

13.06 Successors and Assigns .

(a) The provisions of this Agreement shall be binding upon the Borrower, the Guarantors, their successors and assigns and shall inure to the benefit of the Structuring Agent, the Joint Lead Arrangers, the Administrative Agent and the Lenders and their respective successors and assigns, except that the Credit Parties may not assign or otherwise transfer any of their rights or obligations under this Agreement without the prior written consent of all Lenders other than pursuant to the terms of this Agreement.

(b) Any Lender (such Lender, an "Assignor") may at any time, in its sole discretion, and any Lender, if demanded by the Borrower pursuant to Section 3.08 upon at least five (5) Business Days' notice to such Lender and Administrative Agent, (i) assign or pledge as security all or part of such Lender's rights under this Agreement but not its obligations, to any Federal Reserve Board or entity that is a lender to such Lender without the prior consent (written or otherwise) of the Borrower, the Administrative Agent, the Parent or any other third party, or (ii) assign all or part of such Lender's rights or obligations under this Agreement and any Maturity "A" Notes to any of its Affiliates or related funds or any other Lender or any Affiliate of a Lender , in each case without the prior consent (written or otherwise) of the Borrower, the Administrative Agent, the Parent or any other third party, and/or (iii) assign all or part of such Lender's rights or obligations under this Agreement and any Maturity "A" Notes to one or more banks or other financial institutions or any other person that is not a Competitor with the prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed, of the Borrower, the Parent and the Administrative Agent (each such person, an

"Assignee"); provided however that, in the case of an assignment of only part of such rights and obligations under clause (iii), such assignment shall be in integral multiples of U.S.$5,000,000; provided further that in the case of an assignment of only part of such rights and obligations under clause (iii), the Borrower shall be deemed to have consented to an assignment if it fails to respond to a written request for consent within ten (10) Business Days of such request; provided, further, that if the value of the rights and obligations assigned under clause (i) or clause (ii) is less than euro 50,000 (or its equivalent in another currency or currencies) the assignee or transferee otherwise qualifies as a Professional Market Party. Upon the occurrence and continuation of an Event of Default, each Lender shall have the right, in its sole discretion, to assign all or part of its rights or obligations under this Agreement and any Maturity "A" Notes to any Person that is not a Competitor, without the prior consent (written or otherwise) of the Borrower, the Administrative Agent, the Parent or any other third party; provided however that if the value of the rights and obligations assigned is less than euro 50,000 (or its equivalent in another currency or currencies) the assignee or transferee otherwise qualifies as a Professional Market Party. Upon execution and delivery of an Assignment and Assumption Agreement pursuant to which the Assignee shall assume the Assignor's rights and obligations under this Agreement and any Maturity "A" Notes and payment by the Assignee to the Assignor of an amount equal to the purchase price agreed between such Assignor and such Assignee, such Assignee shall be a Lender party to this Agreement and shall have all the rights and obligations of a Lender with a commitment as set forth in such instrument of assumption (in addition to any commitment previously held by it), and the Assignor shall be released from its obligations hereunder to a corresponding extent (except to the extent the same arose prior to the assignment); and, in the case of an Assignment and Assumption Agreement covering all of the transferor Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Section 3.01 (to the extent any claim thereunder relates to an event arising or such Lender's status or activity as Lender prior to such assignment), and no further consent or action by any party shall be required. Upon the consummation of any assignment pursuant to this paragraph (b), the Assignor, the Administrative Agent and the Borrower shall make appropriate arrangements so that a new Maturity "A" Note is issued to the Assignee at the expense of the Assignee. In connection with any such assignment (other than a transfer by a Lender to one of its Affiliates), the Assignor (or in the case of Section 3.07, the Borrower) shall pay to the Administrative Agent an administrative fee for processing such assignment in the amount of U.S.$3,500.

(c) Nothing herein shall prohibit any Lender from pledging or assigning any Maturity "A" Note to any Federal Reserve Bank of the United States in accordance with applicable law and without compliance with the foregoing provisions of this Section 13.06; provided, however, that such pledge or assignment shall not release such Lender from its obligations hereunder.

(d) Any Lender may, without any consent of the Borrower, the Administrative Agent or any other third party at any time grant to any Person that is not a Competitor

(each a "Participant") participating interests in its Loans; provided however that if the value of the rights and obligations assigned is less than euro 50,000 (or its equivalent in another currency or currencies) the assignee or transferee otherwise qualifies as a Professional Market Party. In the event of any such grant by a Lender of a participating interest to a Participant, whether or not upon notice to the Borrower and the Administrative Agent, such Lender shall remain responsible for the performance of its obligations hereunder, and the Borrower and the Administrative Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement pursuant to which any Lender may grant such a participating interest shall provide that such Lender shall retain the sole right and responsibility to enforce the obligations of the Borrower hereunder, including the right to approve any amendment, modification or waiver of any provision of this Agreement; provided, however, that such participation agreement may provide that such Lender will not agree to any modification, amendment or waiver of this Agreement extending the maturity of any Obligation in respect of which the participation was granted, or reducing the rate or extending the time for payment of interest thereon or reducing the principal thereof, or reducing the amount or basis of calculation of any fees to accrue in respect of the participation, without the consent of the Participant. The Borrower agrees that each Participant shall, to the extent provided in its participation agreement, be entitled to the benefits of Sections 3.03 and 3.06 with respect to its participating interest as if it were a Lender named herein; provided, however, that the Borrower shall not be required to pay any greater amounts pursuant to such Sections than it would have been required to pay but for the sale to such Participant of such Participant's participation interest. An assignment or other transfer which is not permitted by paragraph (b) or (c) above shall be given effect for purposes of this Agreement only to the extent of a participating interest granted in accordance with this paragraph (d).

(e) Any Lender may, in connection with any assignment or participation or proposed assignment or participation pursuant to this Section 13.06, disclose to the Assignee or Participant or proposed Assignee or Participant, any information relating to the Borrower furnished to such Lender by or on behalf of the Borrower; provided that, prior to any such disclosure, the Assignee or Participant or proposed Assignee or Participant shall agree to preserve the confidentiality of any Confidential Information relating to the Borrower received by it from such Lender.

13.07 Right of Set-off. In addition to any rights and remedies of the Lenders provided by law, each such Lender shall have the right, without prior notice to the Credit Parties, any such notice being expressly waived by the Credit Parties to the extent permitted by applicable law, upon any amount becoming due and payable by the Credit Parties hereunder (whether at the stated maturity, by acceleration or otherwise) to set-off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender, or any

branch or agency thereof to or for the credit or the account of the Credit Parties. Each Lender agrees promptly to notify such Credit Party, as the case may be, and the Administrative Agent after any such set-off and application made by such Lender, provided that the failure to give such notice shall not affect the validity of such set-off and application.

13.08 Confidentiality. Neither the Administrative Agent nor any Lender shall disclose any Confidential Information to any other Person without the prior written consent of the Credit Parties, other than (a) to the Administrative Agent's, or such Lender's Affiliates and their officers, directors, employees, agents and advisors and, as contemplated by Section 13.06(e), to actual or prospective Assignees and Participants, and then only on a confidential basis, (b) as required by any law, rule or regulation (including as may be required in connection with an audit by the Administrative Agent's, or such Lender's independent auditors, and as may be required by any self-regulating organizations) or as may be required by or necessary in connection with any judicial process and (c) as requested by any state, federal or foreign authority or examiner regulating banks or banking. Notwithstanding the foregoing or anything contained in any Transaction Document to the contrary, the parties (and each employee, representative, or other agent of the parties) may disclose to any and all persons, without limitation of any kind, the tax treatment and any facts that may be relevant to the tax structure of the transactions contemplated by this Agreement, provided, however, that no party (and no employee, representative, or other agent thereof) shall disclose any other information that is not relevant to understanding the tax treatment and tax structure of such transactions (including the identity of any party and any information that could lead another to determine the identity of any party), or any other information to the extent that such disclosure could result in a violation of any federal or state securities law.

13.09 Use of English Language. All certificates, reports, notices and other documents and communications given or delivered pursuant to this Agreement shall be in the English language. Except in the case of the laws of, or official communications of, Mexico or The Netherlands (as applicable), the English language version of any such document shall control the meaning of the matters set forth therein.

13.10 GOVERNING LAW. THIS AGREEMENT AND THE OTHER TRANSACTION DOCUMENTS SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAW OF THE STATE OF NEW YORK.

13.11 Submission to Jurisdiction.

(a) Each of the parties hereto hereby irrevocably and unconditionally submits to the non-exclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court located in the Borough of Manhattan in New York City and any appellate court thereof for purposes of any suit, legal action or proceeding arising out of or relating to this Agreement, any other Transaction Document or the transactions contemplated hereby, and each of the parties

hereto hereby irrevocably agrees that all claims in respect of such suit, action or proceeding may be heard and determined in such federal or New York State court. Each of the parties hereto also submits to the jurisdiction of the competent courts of its corporate domicile in respect of actions initiated against it as a defendant.

(b) Each of the parties hereto hereby irrevocably waives, to the fullest extent it may effectively do so, the jurisdiction of any court other than those identified in paragraph (a) above and any objection that it may now or hereafter have to the laying of venue of any such suit, action or proceeding in any such federal or New York State court and irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of any such suit, action or proceeding.

(c) Each of the parties hereto irrevocably waives the right to object, with respect to such claim, suit, action or proceeding brought in any such court, that such court does not have jurisdiction over it.

(d) Each of the parties hereto agrees, to the fullest extent it may effectively do so under applicable law, that a final judgment in any suit, action or proceeding of the nature referred to in paragraph (a) above brought in any such court shall be conclusive and binding upon such party and may be enforced in other jurisdictions by suit on the judgment or in any manner provided by law.

(e) **EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY SUIT, ACTION OR PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO ANY OF THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR THE ACTIONS OF ANY ARRANGER, THE ADMINISTRATIVE AGENT, OR ANY LENDER IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE OR ENFORCEMENT THEREOF.**

13.12 Appointment of Agent for Service of Process .

(a) The Credit Parties hereby irrevocably appoint CT Corporation System, with an office on the date hereof at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as its agent (the "Process Agent") to receive on behalf of itself and its property, service of copies of the summons and complaint and any other process which may be served in any such action or proceeding brought in any New York State or federal court sitting in New York City and designates such domicile as the conventional domicile to receive notices hereunder and under the Transaction Documents. The Borrower and each Guarantor hereby appoints as its conventional domicile exclusively to receive any of the notices and service of process, the domicile of the Process Agent mentioned above or any other domicile notified in writing by the Process Agent to the Borrower, the Administrative Agent or any Lender. Such service may be made by delivering a copy of such process to any Credit Party in care of the Process Agent at its address specified above, and the Credit Parties hereby authorize and direct the Process Agent to accept

such service on their behalf. The appointment of the Process Agent shall be irrevocable until the appointment of a successor Process Agent. If the Process Agent fails to accept such appointment on or prior to the Conversion Date, the Credit Parties agree to promptly appoint an alternate Process Agent reasonably acceptable to the Administrative Agent with an office in New York City. The Credit Parties further agree to promptly and irrevocably appoint a successor Process Agent in New York City prior to the termination for any reason of the appointment of the initial Process Agent.

(b) Nothing in Section 13.11 or in this Section 13.12 shall affect the right of any party hereto to serve process in any manner permitted by law or limit any right that any party hereto may have to enforce in any lawful manner a judgment obtained in one jurisdiction in any other jurisdiction.

13.13 Waiver of Sovereign Immunity. To the extent that a Credit Party has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether through service or notice, attachment prior to judgment, attachment in aid of execution, or otherwise) with respect to itself or its property, the Credit Party hereby irrevocably waives such immunity in respect of its obligations hereunder to the extent permitted by applicable law. Without limiting the generality of the foregoing, the Credit Parties agree that the waivers set forth in this Section 13.13 shall have force and effect to the fullest extent permitted under the Foreign Sovereign Immunities Act of 1976 of the United States and are intended to be irrevocable for purposes of such Foreign Sovereign Immunities Act.

13.14 Judgment Currency.

(a) All payments made under this Agreement and the other Transaction Documents shall be made in Dollars. If for the purposes of obtaining judgment in any court it is necessary to convert a sum due from the Borrower in Dollars into another currency, the parties hereto agree to the fullest extent that they may legally and effectively do so that the rate of exchange used shall be that at which in accordance with normal banking procedures (based on quotations from four major dealers in the relevant market) the Administrative Agent or each Lender, as the case may be, could purchase Dollars with such currency at or about 10:00 a.m. (New York City time) on the Business Day preceding that on which final judgment is given.

(b) The Obligations in respect of any sum due to any Lender or the Administrative Agent hereunder or under any other Transaction Document shall, to the extent permitted by applicable law notwithstanding any judgment expressed in a currency other than Dollars, be discharged only to the extent that on the Business Day following receipt by such Lender or the Administrative Agent of any sum adjudged to be so due in such other currency such Lender or the Administrative Agent may in accordance with normal banking procedures purchase Dollars with such other currency. If the amount of Dollars so purchased is less than the sum originally due to such Lender or the Administrative Agent, the Credit Parties agree, to the fullest extent it may legally do so, as a separate obligation and notwithstanding any such judgment, to indemnify such Lender or the Administrative Agent against such resulting loss.

(c) Each Credit Party shall, to the fullest extent permitted by law, indemnify the Administrative Agent and each Lender against any loss incurred by the Administrative Agent or such Lender, as the case may be, as a result of any judgment or order being given or made for any amount due under this Agreement or any Maturity "A" Note and being expressed and paid in a currency (the " Judgment Currency") other than Dollars, and as a result of any variation between (i) the rate of exchange at which the Dollar amount is converted into the Judgment Currency for the purpose of such judgment or order and (ii) the spot rate of exchange in New York City at which the Administrative Agent or such Lender, as the case may be, on the date of payment of such judgment or order is able to purchase Dollars with the amount of the Judgment Currency actually received by the Administrative Agent or such Lender. If the amount of Dollars so purchased exceeds the amount originally to be paid to such Lender, such Lender agrees to pay to or for the account of the Borrower (with respect to payments made by the Borrower) and the Guarantors (with respect to payments made by the Guarantors) such excess; provided that such Lender shall not have any obligation to pay any such excess as long as a default by a Credit Party , in its obligations hereunder has occurred and is continuing, in which case such excess may be applied by such Lender to such obligations. The foregoing indemnity shall constitute a separate and independent obligation of each Credit Party and shall continue in full force and effect notwithstanding any such judgment or order as aforesaid. The term "spot rate of exchange" shall include any premiums and costs of exchange payable in connection with the purchase of, or conversion into, United States dollars.

13.15 Counterparts. This Agreement may be executed in any number of counterparts and by the different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. This Agreement and any communications, notices and exchanges of information pursuant to this Agreement, including signatures, may be delivered by facsimile and shall be treated in all manner and respects as an original document.

13.16 USA PATRIOT Act. The Lenders, to the extent that they are subject to the requirements of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act"), hereby notify the Credit Parties that pursuant to the requirements of the Act, it is required to obtain, verify and record information that identifies each Credit Party, which information includes the name and address of the Borrower and other information that will allow such Lender to identify the Borrower in accordance with the Act.

13.17 Severability. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions

hereof or affecting the validity or enforceability of such provision in any other jurisdiction, and the remaining portion of such provision and all other remaining provisions hereof will be construed to render them enforceable to the fullest extent permitted by law.

13.18 Survival of Agreements and Representations .

(a) All representations and warranties made herein or in any other Transaction Document shall survive the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby.

(b) The covenants and agreements contained in Sections 3.01, 3.03, 3.05, 3.06, 13.04, 13.05, 13.08, 13.09, 13.11, 13.12 and 13.14, and the obligations of the Lenders under Section 11.07 shall survive the payment of all Obligations and, in the case of any Lender that may assign any interest in its commitment or obligations hereunder, with respect to matters occurring before such assignment, shall survive the making of such assignment to the extent any claim arising thereunder relates to any period prior to such assignment, notwithstanding that such assigning Lender may cease to be a "Lender" hereunder.

13.19 No Novation. The parties intend that the conversion of the Dutch Loans shall not constitute a novation of the obligations of the Credit Parties with respect to the Dutch Loans.

FORM OF OPINION OF SPECIAL NEW YORK COUNSEL TO THE CREDIT PARTIES

December 31, 2008

To the Administrative Agent and the
Banks listed on Schedule I hereto

Re: New Sunward Holding B.V. Senior Unsecured Maturity Loan "A" Agreement[2]

Ladies and Gentlemen:

We have acted as special New York counsel to New Sunward Holding B.V., a private company with limited liability formed under the laws of The Netherlands, with its corporate seat in Amsterdam, The Netherlands (the "Borrower"), CEMEX, S.A.B. de C.V., a *sociedad anónima bursátil de capital variable* organized and existing pursuant to the laws of the United Mexican States (the "Parent"), and CEMEX México, S.A. de C.V., a *sociedad anónima de capital variable* organized and existing pursuant to the laws of the United Mexican States ("CEMEX México" and, together with the Parent, each, a "Guarantor," and collectively, the "Guarantors"), in connection with the preparation, execution and delivery of the Senior Unsecured Maturity Loan "A" Agreement, dated as of the date hereof (the "Loan Agreement"), by and among the Borrower, each Guarantor, HSBC Securities (USA) Inc., as sole structuring agent, HSBC Securities (USA) Inc., Banco Santander, S.A., and The Royal Bank of Scotland Plc, each as joint lead arranger and joint bookrunner, Caja de Madrid – Miami Agency and ING Bank, N.V. *acting through its Curacao branch*, each as mandated lead arranger, ING Capital LLC, as administrative agent, and the several Lenders party thereto and certain other agreements, instruments and documents related to the Loan Agreement. This opinion is being delivered pursuant to Section 4.02(a) of the Loan Agreement. For purposes of this opinion, the Borrower and the Guarantors are also referred to individually as a "Credit Party" and collectively as the "Credit Parties."

[2] SASMF will deliver this opinion at conversion

In rendering the opinions set forth herein, we have examined and relied on originals or copies of the following:

(a) the Loan Agreement;

(b) the form of Maturity "A" Note attached as Exhibit A to the Loan Agreement (the " Maturity "A" Notes");

(c) the certificates of Humberto Francisco Lozano Vargas, Corporate Financing Director of the Parent and principal financial officer of CEMEX México and the Borrower, attached as Exhibit A hereto, and Lic. Ramiro G. Villarreal Morales, General Counsel to each Credit Party, attached as Exhibit B hereto; and

(d) such other documents as we have deemed necessary or appropriate as a basis for the opinions set forth below.

In our examination we have assumed the genuineness of all signatures including endorsements, the legal capacity and competency of all natural persons, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as facsimile, electronic, certified or photostatic copies, and the authenticity of the originals of such copies. As to any facts relevant to this opinion which we did not independently establish or verify, we have relied upon statements and representations of the Credit Parties and their officers and other representatives and of public officials, including the facts and conclusions set forth therein.

We do not express any opinion as to the laws of any jurisdiction other than (i) the Applicable Laws of the State of New York, (ii) the Applicable Laws of the United States of America (including, without limitation, Regulations T, U and X of the Federal Reserve Board), and (iii) solely, for purposes of our opinion in paragraph 7 herein, the Investment Company Act of 1940, as amended. Insofar as the opinions expressed herein relate to matters governed by laws other than those set forth in the preceding sentence, we do not express any opinion as to the effect of such laws or as to the effect thereof on the opinions herein stated.

Capitalized terms used herein and not otherwise defined herein shall have the same meanings herein as ascribed thereto in the Loan Agreement. The Loan Agreement and the form of Maturity "A" Note attached as Exhibit A to the Loan Agreement shall hereinafter be referred to collectively as the "Transaction Agreements." "Applicable Laws" shall mean those laws, rules and regulations which, in our experience, are normally applicable to transactions of the type contemplated by the Transaction Agreements (other than the United States federal securities laws, state securities or blue sky laws, antifraud laws and the rules and regulations of the Financial Industry Regulatory Authority), without our having made any special investigation

as to the applicability of any specific law, rule or regulation, and which are not the subject of a specific opinion herein referring expressly to a particular law or laws. "Governmental Approval" means any consent, approval, license, authorization or validation of, or filing, recording or registration with, any governmental authority pursuant to the Applicable Laws of the State of New York. "Applicable Orders" means those orders or decrees of governmental authorities identified in the certificate attached as Exhibit B hereto. "Applicable Contracts" mean those agreements or instruments listed on Schedule II hereto. "Uniform Commercial Code" means the Uniform Commercial Code as in effect on the date hereof in the State of New York (without regard to laws referenced in Section 9-201 thereof).

Based upon the foregoing and subject to the limitations, qualifications, exceptions and assumptions set forth herein, we are of the opinion that:

1. The Loan Agreement constitutes the valid and binding obligation of each Credit Party enforceable against such Credit Party in accordance with its terms under the Applicable Laws of the State of New York.

2. The Maturity "A" Notes will constitute the valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their terms under the laws of the State of New York.

3. The execution and delivery by each Credit Party of each Transaction Agreement to which it is a party and the performance by the Credit Parties of their respective obligations thereunder, each in accordance with its terms, do not (i) constitute a violation of, or a default under, any Applicable Contracts or (ii) cause the creation of any security interest upon any property of the Credit Parties pursuant to the Applicable Contracts. We do not express any opinion, however, as to whether the execution, delivery or performance by the Credit Parties of the Transaction Agreements will constitute a violation of, or a default under, any covenant, restriction or provision with respect to financial ratios or tests or any aspect of the financial condition or results of operations of the respective Credit Parties. We call to your attention that certain of the Applicable Contracts are governed by laws other than those as to which we express our opinion. We do not express any opinion as to the effect of such other laws on the opinions herein stated.

4. Neither the execution, delivery or performance by each Credit Party of the Transaction Agreements to which such Credit Party is a party nor the compliance by such Credit Party with the terms and provisions thereof will contravene any provision of any Applicable Law of the State of New York or any Applicable Law of the United States of America.

5. No Governmental Approval, which has not been obtained or taken and is not in full force and effect, is required to authorize, or is required in connection with, the execution or delivery of any Transaction Agreement by each Credit Party party thereto or the enforceability of any Transaction Agreement against any Credit Party party thereto.

6. Neither the execution, delivery nor performance by each Credit Party of its respective obligations under the Transaction Agreements to which it is a party nor compliance by such Credit Party with the terms thereof will contravene any Applicable Order to which such Credit Party is subject.

7. Each Credit Party is not, and solely after giving effect to the loans made pursuant to the Transaction Agreements will not be, an "investment company" as such term is defined in the Investment Company Act of 1940, as amended.

Our opinions are subject to the following assumptions and qualifications:

(a) The Maturity "A" Notes will be executed in the form attached as Exhibit A to the Loan Agreement;

(b) enforcement may be limited by the effect of any applicable bankruptcy, insolvency, reorganization, moratorium, receivership, conservatorship, or other laws, regulations and administrative orders affecting the rights of creditors of the Credit Parties and by general principles of equity (regardless of whether enforcement is sought in equity or at law);

(c) we have assumed that each Transaction Agreement constitutes the valid and binding obligation of each party to such Transaction Agreement (other than the Credit Parties to the extent expressly set forth herein) enforceable against such other party in accordance with its terms;

(d) we do not express any opinion as to the effect on the opinions expressed herein of (i) the compliance or non-compliance of any party (other than the Credit Parties to the extent expressly set forth herein) to the Transaction Agreements with any state, federal or other laws or regulations applicable to it or (ii) the legal or regulatory status or the nature of the business of any party (other than the Credit Parties to the extent expressly set forth herein);

(e) our opinion is subject to possible judicial action giving effect to governmental actions or foreign laws affecting creditors' rights;

(f) we do not express any opinion as to the enforceability of any rights to contribution or indemnification provided for in the Transaction Agreements which are violative of the public policy underlying any law, rule or regulation (including any federal or state securities law, rule or regulation);

(g) we do not express any opinion with respect to any provision of the Loan Agreement to the extent it authorizes or permits any purchaser of a participation interest or any branch or agency of any Lender to set-off or apply any deposit, property or indebtedness or the effect thereof on the opinions contained herein;

(h) we do not express any opinion on the enforceability of any provision in the Transaction Agreements purporting to prohibit, restrict or condition the assignment of rights under such Transaction Agreements to the extent such restriction on assignability is ineffective pursuant to the Uniform Commercial Code;

(i) in the case of the guaranty contained in Article IX of the Loan Agreement (the " Guaranty"), certain of the provisions, including waivers, with respect to the Guaranty are or may be unenforceable in whole or in part, but the inclusion of such provisions does not affect the validity of the guaranty, taken as a whole;

(j) we do not express any opinion as to the enforceability of Section 9.03(b) of the Loan Agreement to the extent that the same provides that the obligations of the Guarantors are absolute and unconditional irrespective of the invalidity or enforceability of such Loan Agreement against the Guarantor, but the existence of such provisions does not affect the validity of the guaranty;

(k) with respect to the enforceability of all obligations under the Transaction Agreements, we note that a U.S. federal court would award a judgment only in U.S. dollars and that a judgment of a court in the State of New York rendered in a currency other than the U.S. dollar would be converted into U.S. dollars at the rate of exchange prevailing on the date of entry of such judgment; further, we do not express any opinion as to the enforceability of the provisions of the Transaction Agreements providing for indemnity by any party thereto against any loss in obtaining the currency due to such party under the Transaction Agreements from a court judgment in a currency other than the U.S. dollar;

(l) we do not express any opinion as to the enforceability of any section of the Transaction Agreements to the extent it purports to waive any objection a person may have that a suit, action or proceeding has been brought in an inconvenient forum or a forum lacking subject matter jurisdiction;

(m) we have assumed that all conditions precedent contained in Article IV of the Loan Agreement, which conditions require the delivery of documents, evidence or other items satisfactory in form, scope and/or substance to the Administrative Agent or the satisfaction of which is otherwise in the discretion or control of the Administrative Agent have been, or contemporaneously with the delivery hereof will be, fully satisfied or waived;

(n) to the extent that any opinion relates to the enforceability of the choice of New York law and choice of New York forum provisions of the Transaction Agreements, our opinion is rendered in reliance upon N.Y. Gen. Oblig. Law §§ 5-1401, 5-1402 (McKinney 2001) and N.Y. CPLR 327(b) (McKinney 2001) and is subject to the qualifications that such enforceability may be limited by public policy considerations of any jurisdiction, other than the courts of the State of New York, in which enforcement of such provisions, or of a judgment upon an agreement containing such provisions, is sought;

(o) in rendering the opinions expressed above we have also assumed, without independent investigation or verification of any kind, that the choice of New York law to govern the Transaction Agreements, which are stated therein to be governed thereby, is legal and valid under the laws of other applicable jurisdictions and that insofar as any obligation under any Transaction Agreement is to be performed in any jurisdiction outside the United States of America its performance will not be illegal or ineffective by virtue of the law of that jurisdiction;

(p) we call to your attention that federal courts of the United States of America located in New York could decline to hear a case on grounds of forum non-conveniens or any other doctrine limiting the availability of such courts in New York as a forum for the resolution of disputes not having a sufficient nexus to New York, irrespective of any agreement between the parties;

(q) we do not express any opinions as to the subject matter jurisdiction of the federal courts of the United States of America in any action arising out of or relating to the Transaction Agreements; and

(r) in rendering the opinions expressed above, we note that the various obligations of the Credit Parties in respect of the Transaction Agreements implicate the laws of Mexico and The Netherlands and, accordingly, such obligations may be affected by such laws, as to which we do not express any opinion.

In rendering the foregoing opinions, we have assumed, with your consent, that:

(a) the Borrower is validly existing and in good standing as a private company with limited liability under the laws of The Netherlands; the Parent is validly existing and in good standing as a *sociedad anónima bursátil de capital variable* under the laws of the United Mexican States; and CEMEX México is validly existing and in good standing as a *sociedad anónima de capital variable* under the laws of the United Mexican States;

(b) each Credit Party has the power and authority to execute, deliver and perform all obligations under each Transaction Agreement to which it is a party, and the execution and delivery of each Transaction Agreement to which it is a party and the consummation by such Credit Party of the transactions contemplated thereby have been duly authorized by all requisite action on the part of such Credit Party; each Transaction Agreement has been duly executed and delivered by each Credit Party party thereto;

(c) the execution, delivery and performance by each Credit Party of any such Credit Party's obligations under the Transaction Agreements to which such Credit Party is a party do not and will not conflict with, contravene, violate or constitute a default under (i) the organizational documents of such Credit Party, (ii) any lease, indenture, instrument or other agreement to which such Credit Party or such Credit Party's property is subject (other than the Applicable Contracts as to which we express our opinion in paragraph 3 herein), (iii) any rule,

law or regulation to which such Credit Party is subject (other than Applicable Laws of the State of New York and Applicable Laws of the United States of America as to which we express our opinion in paragraph 4 herein) or (iv) any judicial or administrative order or decree of any governmental authority (other than Applicable Orders as to which we express our opinion in paragraph 6 herein); and

(d) no authorization, consent or other approval of, notice to or filing with any court, governmental authority or regulatory body (other than Governmental Approvals as to which we express our opinion in paragraph 5 herein) is required to authorize or is required in connection with the execution and delivery by or enforceability against each Credit Party of any Transaction Agreement to which such Credit Party is a party or the transactions contemplated thereby.

We understand that you are separately receiving opinions, with respect to certain of the foregoing assumptions from Lic. Ramiro G. Villarreal, General Counsel of each Credit Party, and Warendorf, special Dutch counsel to the Borrower, and we are advised that such opinions contain qualifications. Our opinions herein stated are based on the assumptions specified above and we do not express any opinion as to the effect on the opinions herein stated of the qualifications contained in such other opinions.

This opinion is being furnished only to you in connection with the Transaction Agreements and is solely for your benefit and is not to be used, circulated, quoted or otherwise referred to for any other purpose or relied upon by any other person or entity for any purpose without our prior written consent; provided that (i) Lic. Ramiro G. Villarreal and Warendorf may rely upon this opinion as to matters of the laws of the State of New York and of the United States of America and in rendering their opinions in connection with the Loan Agreement and (ii) any Person who becomes a Lender under Section 13.06(b) of the Loan Agreement after the date hereof may rely on this opinion as if it were originally addressed to such Lender and delivered on the date hereof. We do not assume any obligation to revise or supplement this opinion letter should any factual matters change or other transactions occur or should any laws or regulations be changed by legislative or regulatory action, judicial decision or otherwise.

FORM OF OPINION OF IN-HOUSE COUNSEL TO THE CREDIT PARTIES

December 31, 2008

To the Lenders listed on Schedule I hereto

Re: New Sunward Holding B.V. Senior Unsecured Maturity Loan "A" Agreement

Ladies and Gentlemen:

I am General Counsel for CEMEX, S.A.B. de C.V., a *sociedad anónima bursátil de capital variable* organized and existing pursuant to the laws of the United Mexican States ("**Mexico**"), (the "**Parent**"), CEMEX México, S.A. de C.V., a *sociedad anónima de capital variable* organized and existing pursuant to the laws of Mexico ("**CEMEX Mexico**," and together with the Parent, the "**Guarantors**"), and New Sunward Holding B.V., a private company with limited liability formed under the laws of The Netherlands, with its corporate seat in Amsterdam, The Netherlands (the " **Borrower,**" and together with the Guarantors, the "**Credit Parties**"). This opinion is rendered to you pursuant to Section 4.01(b) of the Senior Unsecured Maturity Loan "A" Agreement (the "**Loan Agreement**"), dated as of the date hereof, by and among the Borrower, each Guarantor, HSBC Securities (USA) Inc., as sole structuring agent, HSBC Securities (USA) Inc., Banco Santander, S.A., and The Royal Bank of Scotland Plc, each as joint lead arranger and joint bookrunner, ING Capital LLC, as administrative agent, and the several lenders party thereto. Capitalized terms used and not otherwise defined herein shall have the respective meanings ascribed thereto in the Loan Agreement.

In connection with the opinions expressed in this letter, I have examined and relied on originals or copies of the Loan Agreement and the form of Maturity "A" Note attached thereto as Exhibit A (the Loan Agreement together with the form of Maturity "A" Notes, the " **Loan Documents**").

In addition, I have examined originals or copies, certified or otherwise identified to my satisfaction, of such document, corporate records, certificates of public officials and other instruments and have conducted such other investigations of fact and law as I have deemed necessary or advisable for purposes of this opinion.

In rendering this opinion, I have assumed the legal capacity of all natural persons, the genuineness of all signatures, the authenticity of all documents submitted to me as originals, the conformity to original documents of all documents submitted to me as facsimile, electronic, certified or photostatic copies, and the authenticity of the originals of such copies. In making my examination of executed documents, I have assumed that the parties thereto (other than the Guarantors) had the power, corporate or other, to enter into and perform all obligations thereunder and have also assumed the due authorization by all requisite action, corporate or other, and the execution and delivery by such parties (other than the Guarantors) of such documents and the validity and binding effect thereof

on such parties. I have also assumed that each of the parties (other than the Guarantors) to the Loan Documents (as defined herein) has been duly organized and is validly existing in good standing, and has requisite legal status and legal capacity, under the laws of its jurisdiction of organization and that each of such parties has complied and will comply with all aspects of the laws of all relevant jurisdictions (including the laws of its jurisdiction of organization) in connection with the transactions contemplated by, and the performance of its obligations under, the Loan Documents, other than the laws of Mexico.

The opinions set forth below relate only to the laws and regulations of Mexico in force as of the date hereof. Insofar as the opinions expressed below relate to matters that are governed by laws and regulations other than the laws of Mexico, I have assumed the correctness of, and have not made independent examination of such matters.

Upon the basis of, and subject to, the foregoing qualifications and the limitations set forth herein, I am of the opinion that:

1. The Parent has been duly incorporated and is validly existing as a publicly traded stock corporation with variable capital (*sociedad anónima bursátil de capital variable*) under the laws of Mexico and CEMEX Mexico has been duly incorporated and is validly existing as a stock corporation with variable capital (*sociedad anónima de capital variable*) under the laws of Mexico; and each Guarantor has all powers and all governmental licenses, permits and other approvals (except for such licenses, permits and approvals the absence of which will not have a Material Adverse Effect) to own its assets and carry on its business as now conducted and as proposed to be conducted.

2. Each Guarantor has full power, authority and legal right to execute and deliver the Transaction Documents and to perform and observe the terms and provisions thereof.

3. The Transaction Documents have been duly authorized, executed and delivered by each Guarantor, and, assuming due execution and delivery thereof by the other parties thereto, constitute valid and binding obligations of each Guarantor, enforceable against each Guarantor in accordance with their terms.

4. The execution, delivery and performance by each Guarantor of the Transaction Documents to which it is a party is permitted under its by-laws *(estatutos sociales)* and has been duly authorized by all necessary action and the execution, delivery and performance by each Guarantor of the Transaction Documents does not and will not (i) violate the provisions of any applicable law, decree or regulation of Mexico (or of any political subdivision thereof) or any order of any court, regulatory body or arbitral tribunal or of their respective *estatutos sociales* or other governing documents of the Guarantors or (ii) result in the breach of, or constitute a default under, or require any consent under, or result in or require the imposition of any lien on any of their respective present or future revenues or properties under, any agreement, instrument or other document to which either Guarantor is a party or by which either Guarantor or any of their respective assets may be bound or affected, except, in the case of (ii), any breach or default the occurrence of which, or any consent the failure of which to be obtained, or any lien the imposition of which, individually or in the aggregate would not have a Material Adverse Effect.

5. No consents, approvals, licenses or authorizations of, or filings or registrations with, any governmental body or regulatory or supervisory authority or agency (including without limitation any foreign exchange approvals or licenses relating to the repayment, purchase, sales or transfer out of Mexico of United States dollars immediately available at the place of payment) are required under applicable law, decree or regulations for the execution, delivery or performance by each Guarantor of the Transaction Documents.

6. The Transaction Documents to which each Guarantor is a party are in proper legal form under the laws of Mexico for the enforcement thereof against the Guarantors, as applicable, in Mexico, and there are no fees that should be paid, and no registration, notarization or other formalities required to be accomplished, for the validity, admissibility and enforceability of such Transaction Documents (other than those requirements listed in qualification (d) below).

7. Each individual named in the incumbency certificate of each Guarantor has sufficient power and authority to execute and deliver each Transaction Document on behalf of such Guarantor and his authority has not been revoked or limited in any manner.

8. Any suit, action or proceeding with respect to the Transaction Documents may be brought against each Guarantor, as applicable, in any court of Mexico specified in such documents.

9. Each Guarantor is subject to commercial law with respect to its obligations under the Transaction Documents, and the execution, delivery and performance by each Guarantor of the Transaction Documents constitute private and commercial acts rather than public or governmental acts; and neither of the Guarantors nor any of their respective properties are entitled to any right of immunity from suit, court jurisdiction, judgment, attachment (whether before or after judgment), set-off or execution with respect to each Guarantor's respective obligations under the Loan Documents.

10. Each Guarantor's submission to the jurisdiction of the United States District Court for the Southern District of New York and any New York State court located in the Borough of Manhattan in New York City (collectively, the "**New York Courts**") and to the jurisdiction of the courts of its corporate domicile in respect of actions initiated against it provided for in Section 13.11 of the Loan Agreement is valid and enforceable under the laws of Mexico.

11. The appointment of the Process Agent as each Guarantor's agent for service of process in New York is irrevocable and has been duly authorized, executed and delivered, and is a valid and binding appointment, and service of process made on the Process Agent at its domicile set forth in the Transaction Document pursuant thereto will constitute personal service upon each Guarantor, as applicable, under Mexican law.

12. The choice of New York law to govern each Transaction Document is, under the laws of Mexico, a valid and effective choice of law.

13. To the best of my knowledge, except for those matters previously disclosed to you in Schedule 5.06 to the Loan Agreement, there is no action, suit or proceeding at law, or in equity or by or before any court, governmental agency or authority or arbitral tribunal now pending or threatened against or affecting either Guarantor or any assets of either Guarantor, which, if adversely determined, would materially and adversely affect the business, consolidated results of operations or consolidated financial condition of such Guarantor, or would impair its ability to perform, or affect the validity or enforceability of, its respective obligations under the Transaction Documents.

14. The obligations of each Guarantor under the Loan Agreement and the Notes rank at least *pari passu* with the claims of all other unsecured creditors (other than those preferred by law).

15. It is not necessary under the laws of Mexico: (i) to enable the Lenders to enforce their respective rights under the Transaction Documents or (ii) by reason of the execution or delivery of the Transaction Document or the enforcement thereof, that the Lenders be licensed, qualified or entitled to carry on business in Mexico.

16. None of the Lenders, the Administrative Agent, the Structuring Agent nor any Joint Lead Arranger will be deemed resident, domiciled or, carrying on business in Mexico solely by reason of the execution, delivery, performance or enforcement of the Loan Agreement or any other Transaction Document.

17. There is no tax, levy, stamp duty, impost deduction, charge or withholding imposed by Mexico or any political subdivision thereof (i) on or by virtue of the execution, delivery, performance, enforcement or admissibility into evidence of any of the Transaction Documents or (ii) on any payment made by either Guarantors pursuant to any of the Transaction Documents, except that a withholding tax will be imposed by Mexico on payments of interest made by a Guarantor to a non-resident of Mexico for tax purposes. The Guarantors are permitted to pay additional sums under Section 3.01 of the Loan Agreement.

18. A final judgment obtained in a New York Court against either Guarantor and such Guarantor's respective assets situated in Mexico would be recognized and enforced by the courts of Mexico, and execution against such assets to satisfy a judgment could be obtained in Mexico, without re-examination of the issues pursuant to Articles 569 and 571 of the Mexican Federal Code of Civil Procedure and Article 1347A of the Mexican Commerce Code, which provide, *inter alia*, that any judgment rendered outside of Mexico may be enforced by Mexican Courts, *provided that*:

(i) such judgment is obtained in compliance with (a) all legal requirements of the jurisdiction of the court rendering such judgment, (b) all legal requirements of the Loan Agreement, and (c) formalities established pursuant to applicable international treaties;

(ii) such judgment is not rendered in a real action (acción real);

(iii) such judgment is final, non-appealable and authenticated by the appropriate governmental authorities, and is strictly for the payment of a certain sum of money, provided that, under Mexican Monetary Law, payments that should be made in Mexico in foreign currency, whether by agreement or upon a judgment of a Mexican Court, may be discharged in Mexican currency at a rate of exchange for such currency prevailing at the time of payment;

(iv) the court rendering such judgment is competent to render such judgment in accordance with applicable rules under international law, and such rules are compatible with the rules adopted under the Mexican Code of Commerce;

(v) service of process was made personally on each Guarantor, as applicable, or on the Process Agent, as applicable;

(vi) such judgment does not contravene Mexican public policy or laws;

(vii) the applicable procedure under the laws of Mexico with respect to the enforcement for foreign judgments (including the issuance of a letter rogatory by the competent authority of such jurisdiction requesting enforcement of such judgment and the certification of such judgment as authentic by the corresponding authorities of such jurisdiction in accordance with the laws thereof) is complied with;

(viii) the courts of such jurisdiction recognize the principles of reciprocity in connection with the enforcement of Mexican judgments in such jurisdiction; and

(ix) the cause of action in connection with which such judgment is rendered is not the same cause of action between the same parties that is pending before a Mexican court.

19. No foreign exchange controls are currently in effect in Mexico and no foreign exchange control authorizations by any governmental authority in Mexico are currently required for the execution, delivery and performance of any Loan Document and the transactions contemplated thereby.

This opinion is subject to the following qualifications:

a. Enforcement of the Transaction Documents may be limited by *concurso mercantil,* bankruptcy, insolvency, reorganization, moratorium and other similar laws or general principles of equity affecting the rights of creditors generally;

b. Labor claims, claims of tax authorities for unpaid taxes, social security quotas, worker's housing fund quotas, retirement fund quotas, as well as claims from secured or privileged creditors, will have priority over claims of the Lenders;

c. In the event that proceedings are brought in Mexico seeking performance of the obligations of the Guarantors in Mexico, pursuant to the Mexican Monetary Law, the Guarantors may discharge their obligations by paying any sums due in a currency other than Mexican currency, in Mexican currency at the rate of exchange prevailing in Mexico on the date when payment is made;

d. In the event that any legal proceedings are brought in the courts of Mexico, a Spanish translation of the documents required in such proceedings prepared by a court-approved translator would have to be approved by the court after the defendant has been given an opportunity to be heard with respect to the accuracy of the translation, and proceedings would thereafter be based upon the translated documents;

e. Provisions of the Loan Documents granting discretionary authority to the Lenders cannot be exercised in a manner inconsistent with relevant facts nor defeat any requirements from a competent authority to produce satisfactory evidence as to the basis of any determination; in addition, under Mexican law, each Guarantor will have the right to contest in court any notice or certificate of the Lenders purporting to be conclusive and binding;

f. Claims may become barred under the statutes of limitation, which are not waivable under Mexican law, or may become subject to defenses or set-off or counterclaim;

g. A Mexican court may stay proceedings held in such court if concurrent proceedings are being held elsewhere;

h. Under the laws of Mexico, the obligations of a guarantor are not independent from, and may not exceed, the obligations of the main obligor;

i. With respect to the provisions contained in the Loan Agreement in connection with service of process, it should be noted that service of process by mail does not constitute personal service of process under Mexican law and, since such service is considered to be a basic procedural requirement, if for purposes of proceedings outside Mexico service of process is made by mail, a final judgment based on such process would not be enforced by the courts of Mexico; and

j. We note that an obligation to pay interest on interest may not be enforceable in Mexico.

I have no reason to believe, nor do I believe, that any obligation under the Loan Agreement would violate or contravene Mexican public policy or laws or international treaties binding in Mexico.

I express no opinion in connection with Section 13.14 (Judgment Currency) of the Loan Agreement.

This opinion is furnished only to you in connection with the Transaction Documents and is solely for your benefit. Without my prior written consent, this opinion

may not be used or relied upon by, or assigned to, any other person for any purpose, except that (i) Skadden, Arps, Slate, Meagher and Flom, LLP may rely upon this opinion as to matters of the laws of Mexico in rendering their opinion pursuant to Section 4.02(a) of the Loan Agreement and (ii) any Person who becomes a Lender under Section 13.06(b) of the Loan Agreement after the date hereof may rely on this opinion as if it were originally addressed to such Lender and delivered on the date hereof. We do not assume any obligation to revise or supplement this opinion should any factual matters change or other transactions occur or should any laws or regulations be changed by legislative or regulatory action, judicial decision or otherwise.

Very truly yours,

FORM OF OPINION OF DUTCH COUNSEL TO THE CREDIT PARTIES

To ING Capital LLC, as Administrative Agent and
the Lenders listed on Schedule 1 hereto

Date [ ] December 2008
Our ref. 08A C 101684
Subject New Sunward Holding B.V./ Senior Unsecured Maturity Loan "A" Agreement

Dear Sirs,

(1) We have acted as special Dutch counsel to New Sunward Holding B.V. (the "**Company**") in connection with a Senior Unsecured Maturity Loan "A" Agreement, dated as of the date hereof (the "**Maturity Loan "A" Agreement**"), by and among the Company, as Borrower, CEMEX S.A.B. de C.V. and CEMEX México, S.A. de C.V., as Guarantors, HSBC Securities (USA) Inc., as Sole Structuring Agent, HSBC Securities (USA) Inc., Banco Santander, S.A. and The Royal Bank of Scotland PLC, as Joint Lead Arrangers and Joint Bookrunners, ING Capital LLC, as Administrative Agent, and the several lenders party thereto and certain other agreements, instruments and documents related to the Maturity Loan "A" Agreement.

(2) For purposes of this opinion, we have examined and relied on the documents listed in Schedule 2 and Schedule 3, which shall form part of this opinion. The documents listed in Schedule 2 are referred to as the "**Documents**" and the documents listed in Schedule 3 as the "**Certificates**."

Unless otherwise defined in this opinion or unless the context otherwise requires, words and expressions defined in the Maturity Loan "A" Agreement shall have the same meanings when used in this opinion. We understand that you require this opinion from us pursuant to Section 4.02 (c) of the Maturity Loan "A" Agreement.

In connection with such examination and in giving this opinion, we have assumed:

(b) the genuineness of the signatures to the Documents and the Certificates, the authenticity and completeness of the Documents and the Certificates submitted to us as originals, the conformity to the original documents of the Documents and the Certificates submitted to us as copies and the authenticity and completeness of these original documents;

(c) the legal capacity (*handelingsbekwaamheid*) of the natural persons acting on behalf of the parties, the due incorporation and valid existence of, the power and authority of, and the due authorisation and execution of the Documents and the power of attorney referred to in Schedule 3 paragraph c) by each of the parties thereto (other than the Company) under any applicable law (other than Dutch law);

(d) the validity, binding effect and enforceability of the Documents and the power of attorney referred to in Schedule 3 under the law of the State of New York;

(e) the accuracy, completeness, validity and binding effect of the Certificates (with the exception of the Articles) and the matters certified or evidenced thereby at the date hereof and any other relevant date; and

(f) for the duration of the Maturity Loan "A" Agreement the Company, under the Maturity Loan "A" Agreement, borrows exclusively from Lenders that qualify as professional market parties (*professionele marktpartijen*) within the meaning of the Financial Markets Supervision Act 2007 (*Wet op het financieel toezicht 2007*) (in reliance upon a letter dated 15 December 2006 issued by the Dutch Central Bank (*De Nederlandsche Bank N.V.*) this requirement can be considered satisfied if the amount borrowed by the Company from each existing or future Lender under the Maturity Loan "A" Agreement individually is not less than EUR 50,000 or its equivalent in any other currency).

This opinion is given only with respect to Dutch law as generally interpreted and applied by the Dutch courts at the date of this opinion. As to matters of fact we have relied on the Certificates and the representations and warranties contained in or made pursuant to the Documents and the Certificates. We do not express an opinion on the completeness or accuracy of the representations or warranties made by the parties to the Documents, matters of fact, matters of foreign law, international law, including, without limitation, the law of the European Union, and tax, anti-trust and competition law, except to the extent that those representations and warranties and matters of fact and law are explicitly covered by the opinions below. No opinion is given on commercial, accounting or non-legal matters or on the ability of the parties to meet their financial or other obligations under the Documents.

Based on and subject to the foregoing, and subject to the qualifications set out below and matters of fact, documents or events not disclosed to us, we express the following opinions:

1. The Company is duly incorporated and is validly existing under Dutch law as a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) and possesses the capacity to sue and to be sued in its own name.

2. The Extract does not reveal that the Company has been dissolved (*ontbonden*) or has been declared bankrupt (*failliet verklaard*) or that it has been granted a (provisional) suspension of payment ((*voorlopige*) *surséance van betaling verleend*) or any order for

the administration of the assets of the Company has been made (*onder bewind gesteld*), which has also been confirmed to us by telephone on the time and date hereof by the Court registry of the Civil Law Section (*sector civiel recht*) of the Amsterdam District Court and the Central Insolvency Register (*Centraal Insolventieregister*) (including the section on EU registration) on www.rechtspraak.nl.

3. The Company has the corporate power and capacity to execute the Documents, to perform its obligations thereunder and to consummate the transactions contemplated therein.

4. The Company has taken all necessary corporate action to authorise the execution of the Documents, the performance of its obligations thereunder and the consummation of the transactions contemplated therein.

5. Each of the Documents has been duly executed under applicable law on behalf of the Company by Humberto Lozano Vargas and/or Jaime Armando Chapa Gonzalez and/or Agustin de Jesus Blanco Garza individually and severally as attorney pursuant to the power of attorney referred to in Schedule 3 paragraph c) and constitutes valid and legally binding obligations of the Company enforceable in accordance with its terms and would be so treated in the Dutch courts. Each of those Documents is in proper form for its enforcement in the Dutch courts.

6. It is not necessary in order to ensure the validity, enforceability or admissibility in evidence of the Documents against the Company in the Dutch courts that those Documents or any other document in connection therewith be filed, registered of recorded with governmental, judicial or public bodies or authorities in The Netherlands or that any other action be taken in The Netherlands.

7. The execution by the Company of the Documents, the performance of its obligations thereunder and the consummation of the transactions contemplated therein do not conflict with or result in a violation of (i) any provision of the Articles of the Company; (ii) any existing provision of, or rule or regulation under, the law of The Netherlands, applicable to companies generally; or (iii) any judgment or order of any court or arbitrator or governmental or regulatory authority in The Netherlands.

8. No authorisations, consents, approvals, licences or exemptions from governmental, judicial or public bodies or authorities in The Netherlands are required for the execution of the Documents by the parties thereto, the performance of their respective obligations thereunder and the consummation of the transactions contemplated therein.

9. The obligations of the Company under the Documents will rank at least *pari passu* with all the other present or future unsecured and unsubordinated obligations of the Company, except for those obligations that have been accorded preferential rights by law and those obligations that are subject to rights of set-off or counterclaim.

10. The choice of the law of the State of New York to govern the Documents is a valid choice of law and the irrevocable submission thereunder by the Company to the non-exclusive jurisdiction of any state or federal court sitting in New York and the waiver of any objection to the venue of a proceeding in any such court, are valid and legally binding on the Company. This choice of law and this submission would be upheld by the Dutch courts.

11. In proceedings taken in The Netherlands, neither the Company nor any of its assets is immune from legal action or proceeding (including, without limitation, suit, attachment prior to judgment, execution or other legal process).

12. A final judgment rendered by a state or federal court sitting in New York would not automatically be enforceable in The Netherlands. However, a final judgment obtained in any such court (the "**NY Judgment**") that is not rendered by default and which is not subject to appeal or other means of contestation and is enforceable in New York with respect to the payment obligations of the Company under the Documents would generally be upheld and regarded by a Dutch court of competent jurisdiction as conclusive evidence when asked to render a judgment in accordance with the NY Judgment, without substantive re-examination or re-litigation of the subject matter thereof, provided, however that the NY Judgment has been rendered by a court of competent jurisdiction, in accordance with the principles of due process, its content and enforcement do not conflict with Dutch public policy and has not been rendered in proceedings of a penal or revenue or other public nature.

13. It is not necessary for the execution, performance or enforcement in The Netherlands of the Documents, that the Lenders be licensed, registered, qualified or otherwise entitled to carry on business in The Netherlands and no Lender is and will be deemed to be resident, domiciled or carrying on business in The Netherlands merely by reason of the execution, performance or enforcement of the Documents, the holding of the Maturity "A" Notes or the making or receipt of any payment under the Documents, including the Maturity "A" Notes.

14. There are no exchange control restrictions in The Netherlands, that would restrict the ability of a Lender to exercise its rights against the Company under the Documents or to remit the proceeds of enforcement thereof out of The Netherlands.

15. A judgment rendered by a Dutch court against the Company with respect to its payment obligations under a Document would, if requested, be expressed in the currency in which this money is payable.

16. No stamp (*zegelrechten*), registration duties or similar taxes or charges are payable under the laws of The Netherlands in connection with the execution, performance or enforcement of the Maturity Loan "A" Agreement or any of the other Documents, other than court fees in respect of proceedings in the Dutch courts.

17. Payments of principal or interest by the Company under the Documents will not be subject to Dutch withholding tax, provided that any such payments do not qualify as and will not be construed as income from shares (*opbrengst van aandelen*) of the Company, income from profit rights (*opbrengst van winstbewijzen*) of the Company and income from loans to the Company entered into under such conditions that they in fact function as equity (*opbrengst van leningen onder zodanige voorwaarden aangegaan dat deze feitelijk functioneren als eigen vermogen*) of the Company, and we have no reason to believe at this time, and do not believe, that any such payments will be considered income from such shares, profit rights and loans.

18. There are no actions, suits or proceedings pending against the Company before any court in The Netherlands and no steps have been, or are being, taken to compulsorily wind-up the Company and no resolution to voluntarily wind-up the Company has been adopted by its respective members.

19. The appointment by the Company of CT Corporation Systems as its agent for the purpose described in Section 13.12 of the Maturity Loan "A" Agreement or any other similar provision in any of the Documents is valid, binding and effective. Service of process effected in the manner set forth in Section 13.12 of the Maturity Loan "A" Agreement or any other similar provision in any of the Documents, assuming its validity under the laws of the State of New York, will be effective, insofar as Dutch law is concerned, to confer valid personal jurisdiction over the Company.

The opinions expressed above are subject to the following qualifications:

(A) Our opinions expressed herein are subject to and limited by applicable bankruptcy, suspension of payment, insolvency, reorganisation and other laws relating to or affecting the rights of creditors or secured creditors generally.

(B) Delivery of documents is not a concept of Dutch law.

(C) The enforcement in The Netherlands of the Documents is subject to the Dutch rules of civil procedure as applied by the Dutch courts.

(D) The availability in the Dutch courts of the remedies of injunction and specific performance is at the discretion of the courts.

(E) The Dutch courts may stay or refer proceedings if concurrent proceedings are being brought elsewhere.

(F) The Dutch courts may render judgments for a monetary amount in foreign currencies, but these foreign monetary amounts may be converted into Euros for enforcement purposes. Foreign currency amounts claimed in a Dutch (provisional) suspension of payment or bankruptcy proceeding will be converted into Euros at the rate prevailing at commencement of that proceeding.

(G) The choice of the law of the State of New York to govern the Documents would be upheld by the Dutch courts, although under the rules of Dutch private international law (and those of the Convention on the Law Applicable to Contractual Relations of 19 June 1980 (the " **Rome Convention**")), (i) effect may be given to the mandatory rules of the law of another country with which the situation has a close connection, if and insofar as, under the law of that other country, those mandatory rules must be applied regardless of the law applicable to the contract (Article 7 of the Rome Convention) or (ii) the application of a term or condition of the Documents or a rule of foreign law applicable thereto under the Rome Convention may be refused if that application is manifestly incompatible with Dutch public policy (Article 16 of the Rome Convention). With the express reservation that we are not qualified to assess the exact meaning and consequences of the respective terms and conditions of the Documents under the law of the State of New York, on the face of those Documents, we are not aware of any condition therein that is likely to give rise to situations (i)where the mandatory rules of Dutch law will be applied by the Dutch courts irrespective of the law otherwise applicable to those Documents or (ii) that appear to be *prima facie* manifestly incompatible with Dutch public policy.

(H) The obligations of the Company under the Documents may be contested by it or by its receiver in bankruptcy on the basis of Section 2:7 of The Netherlands Civil Code, if both (a) the execution and performance of the Documents cannot serve the attainment of the objects as expressed in the articles of association of the Company (having regard to all relevant circumstances such as, whether the execution and performance of the Documents is in the Company's corporate interest (*vennootschappelijk belang*) and whether or not the subsistence of the Company could be jeopardised by the performance of its obligations under the Documents), and (b) the counterparties to the Documents knew or should reasonably have known (without any enquiry) of this fact. However, unless and until the Company has successfully invoked the nullity of the Documents on this basis, the Documents remain valid, binding and enforceable (unless they would be void on other grounds).

As regards (a):

In determining whether the entering into of the transactions contemplated by the Documents is in furtherance of the objects and purposes of a Netherlands company, it is important to consider (x) the text of the objects clause in the articles of association of such Netherlands company, (y) whether such transactions (including the granting of such guarantee or security) are in The Netherlands company's corporate interest (*vennootschappelijk belang*) and to its benefit, and (z) whether or not the subsistence of such Netherlands company is jeopardised by such transactions.

The mere fact that a certain transaction (*rechtshandeling*) is explicitly mentioned in a Netherlands company's objects clause is not sufficient to determine with certainty whether or not the Documents will or will not be *ultra vires*. This is because, following a majority of the authoritative legal writers, the Supreme Court of The Netherlands has rendered judgments that a transaction should in any event be in the corporate interest of a Netherlands company in order to be *intra vires*. As it cannot reasonably be expected of

counterparties to make an assessment of corporate interest in each transaction they enter into with a Dutch company, the test proposed in authoritative literature is that it should have been obvious to the counterparty that a certain transaction was contrary to a company's corporate interest in order for that transaction to be voided on the grounds of *ultra vires.* In case the Documents would ever be challenged by the Company on such grounds, the Lenders should be able to demonstrate that they had *no* indication that the Documents were *not* in the Company's corporate interest.

For purposes of this opinion we have assumed that the Company's execution and performance of the Documents are in its corporate interest.

As regards (b):

Because the criteria for determining whether requirement (a) is met are mostly factual, absolute certainty cannot be provided. Consequently, it is often advisable to achieve protection against *ultra vires* by obtaining and relying on confirmations as to (a) from a Dutch company. This type of comfort would typically consist of a statement or representation from the company's highest executive body, i.e. in this case the managing directors (*bestuur*). The purpose of such a statement or representation is to ensure that the second requirement for a successful *ultra vires* challenge is not met. In the event that a Netherlands company invokes (the defence of) *ultra vires* before a Netherlands court, and the counterparty to the relevant transaction can demonstrate that it relied on statements as to the scope of the company's objects clause or its corporate benefit made by that company's managing director(s) (such as those contained in the Board Resolutions) *prior to entering into the relevant agreements,* this will give rise to the presumption that such counterparty could reasonably have assumed that the transaction was within the company's objects. This presumption will avoid the defence being invoked successfully, provided that it cannot be established that the beneficiary had actual knowledge that could rebut such presumption.

In the present case the managing directors of the Company have all signed the Board Resolutions, which contain certain confirmations. Since according to such statements and representations the execution and performance of the Documents is and will be in its corporate interest and to its benefit (which statements we assume to be correct without any investigation on our part), and do not breach its articles of association and assuming that the Lenders will be entering into the Documents in *bona fide* reliance on the statements made in the Board Resolutions (i.e. had no indication whatsoever that the transactions contemplated thereby were not in the Company's corporate benefit), having given consideration to recent case law and literature, it may reasonably be expected that the execution of the Documents cannot be challenged successfully on the basis of Section 2:7 of The Netherlands Civil Code by the Company or its receiver in bankruptcy.

(I) Our opinions expressed herein are further subject to the effect of general principles of equity, including (without limitation) the concepts or materiality, reasonableness and fairness (*redelijkheid en billijkheid* as known under Netherlands law), imprévision, misrepresentation, good faith and fair dealing and subject to the concepts of error (*dwaling*) and fraud (*bedrog*).

(J) A power of attorney granted by a Dutch company will automatically, *i.e.* by operation of law, terminate upon the bankruptcy of the company or become ineffective, when this company has been granted a (provisional) suspension of payment. To the extent that the appointment of a process agent by the Company constitutes the granting of a power of attorney to that process agent, the service of process on that agent, after the Company has been declared bankrupt or it has been granted a (provisional) suspension of payments, would not be valid and effective, other than to the extent authorised by the public receiver (*curator*) or administrator (*bewindvoerder*), as the case may be.

(K) We have assumed that the Extract fully and accurately reflects the corporate status and position of the Company. It is noted, however, that the Extract may not completely and accurately reflect this status and position insofar as there may be a delay between the taking of a corporate action (such as the issuance of shares, the appointment or removal of a director, a winding-up (*ontbinding*) or (provisional) suspension of payment resolution or the making of a court order, like a winding-up, (provisional) suspension of payment or bankruptcy order) and the filing of the necessary documentation at the Commercial Register and a further delay between that filing and an entry appearing on the file of the relevant party at the Commercial Register.

(L) In issuing this opinion we do not assume any obligation to notify or to inform you (or any other person entitled to rely on this opinion) of any development subsequent to its date that might render its contents untrue or inaccurate in whole or in part at such time.

(M) As to the opinions 7(iii) and 18 we have relied solely upon a management certificate from the Company; we have assumed that the statements made therein are accurate and correct in all respects and we have not investigated any of the matters addressed therein.

This opinion, which is strictly limited to the matters expressly stated herein is given subject to the conditions, including the limitation of liability, set out at the bottom of the front page of this opinion letter and on the basis that this opinion is governed by and to be construed in accordance with Dutch law and that any action, arising out of it, is to be determined by a competent court in Amsterdam which shall have exclusive jurisdiction in relation thereto.

This opinion is given solely for the benefit of the Administrative Agent the Lenders identified on Schedule 1 hereto and their respective legal advisors in this particular matter and the context specified herein. It may not, without our prior written consent, be transmitted or otherwise disclosed to, or relied upon by, others, referred to in other matters or context whatsoever, or be quoted or made public in any way.

Yours faithfully,

Warendorf

RECITALS

A. The Borrower, the Guarantors, the several Lenders party thereto, the Administrative Agent, HSBC Securities (USA) Inc., as Sole Structuring Agent, Joint Lead Arranger and Joint Bookrunner, Banco Santander, S.A., as Joint Lead Arranger and Joint Bookrunner, and The Royal Bank of Scotland PLC, as Joint Lead Arranger and Joint Bookrunner, are parties that certain Senior Unsecured Maturity Loan "A" Agreement, dated as of December 31, 2008 (as now or hereafter amended, restated, waived or otherwise modified, the " Maturity Loan "A" Agreement").

B. The Borrower has requested that the Administrative Agent and the Lenders consent to the following amendment to the Maturity Loan "A" Agreement.

C. This Amendment No. 1 shall constitute a Transaction Document and these Recitals shall be construed as part of this Amendment No. 1.

NOW THEREFORE, in consideration of the premises and the mutual covenants hereinafter contained, and of the Loans and other extensions of credit heretofore, now or hereafter made to, or for the benefit of, the Borrower by the Lenders, the Borrower, the Guarantors, the Administrative Agent, and the Lenders hereby agree as follows:

1. Definitions. Except to the extent otherwise specified herein, capitalized terms used in this Amendment No. 1 shall have the same meanings ascribed to them in the Maturity Loan "A" Agreement.

2. Amendments. Subject to Section 4, the Maturity Loan "A" Agreement is hereby amended as follows:

2.1 The definition for "EBITDA" in Section 1.01 (" Certain Definitions") shall be deleted and replaced in its entirety with the following language:

""EBITDA" means, for any period, the sum for the Parent and its Subsidiaries, determined on a consolidated basis of (a) operating income (*utilidad de operación*), (b) cash interest income and (c) depreciation and amortization expense, in each case determined in accordance with Applicable GAAP, subject to the adjustments herein, consistently applied for such period and adjusted for Discontinued

EBITDA as follows: if the amount of Discontinued EBITDA is a positive amount, then EBITDA shall increase by such amount, and if the amount of Discontinued EBITDA is a negative amount, then EBITDA shall decrease by the absolute value of such amount. For the purposes of calculating EBITDA for any applicable period pursuant to any determination of the Consolidated Net Debt / EBITDA Ratio (but not the Consolidated Fixed Charge Coverage Ratio): (A) (i) if at any time during such applicable period the Parent or any of its Subsidiaries shall have made any Material Disposition, the EBITDA for such applicable period shall be reduced by an amount equal to the EBITDA (if positive) attributable to the property that is the subject of such Material Disposition for such applicable period (but when the Material Disposition is by way of lease, income received by the Parent or any of its Subsidiaries under such lease shall be included in EBITDA) and (ii) if at any time during such applicable period the Parent or any of its Subsidiaries shall have made any Material Acquisition, EBITDA for such applicable period shall be calculated after giving *pro forma* effect thereto (including the incurrence or assumption of any Debt) as if such Material Acquisition had occurred on the first day of such applicable period. Additionally, if since the beginning of such applicable period any Person that subsequently shall have become a Subsidiary or was merged or consolidated with the Parent or any of its Subsidiaries as a result of a Material Acquisition occurring during such applicable period shall have made any Disposition or Acquisition of property that would have required an adjustment pursuant to clause (i) or (ii) above if made by the Parent or any of its Subsidiaries during such applicable period, EBITDA for such period shall be calculated after giving *pro forma* effect thereto as if such Disposition or Acquisition had occurred on the first day of such applicable period; and (B) all EBITDA for each applicable period ending on or after December 31, 2008 will be recalculated by multiplying each month's EBITDA by the Ending Exchange Rate and dividing the amount obtained thereto by the exchange rate used by the Parent in preparation of its monthly financial statements in accordance with Mexican FRS to convert U.S.$ into Mexican pesos (such recalculated EBITDA being the " Recalculated EBITDA"), provided, that, the Required Lenders shall have the option, with respect to any Reference Period ending after December 31, 2009, to discontinue the incorporation of Recalculated EBITDA into the Consolidated Net Debt/EBITDA Ratio (the "Discontinue Option"). The Required Lenders may exercise the Discontinue Option upon notice to the Administrative Agent, who shall, acting upon the instructions of the Required Lenders, notify the Parent of such exercise in writing (the " Notice of Discontinuance") at least thirty (30) days prior to the end of such Reference Period. Subject to the foregoing notice requirements, such Discontinue Option shall be effective for each Reference Period ending after the date of such Notice of Discontinuance to the Parent as set forth herein."

2.2 The definition for "Ending Exchange Rate" in Section 1.01 (" Certain Definitions") shall be deleted and replaced in its entirety with the following language:

""Ending Exchange Rate" means the exchange rate at the end of a Reference Period for converting U.S.$ into Mexican pesos, used by the Parent and its auditors in preparation of the Parent's financial statements in accordance with Mexican FRS."

2.3 The definition of "U.S.$/Euro EBITDA" in Section 1.01 (" Certain Definitions") shall be deleted in its entirety.

3. Representations and Warranties. The Borrower and each of the other Credit Parties hereby represent and warrant to the Administrative Agent and the Lenders that:

3.1 The representations and warranties of the Borrower contained in the Maturity Loan "A" Agreement are true and correct as of the date of this Amendment No. 1.

3.2 The representations and warranties of the Guarantors contained in the Maturity Loan "A" Agreement are true and correct as of the date of this Amendment No. 1.

3.3 The execution, delivery and performance by the Borrower and each of the other Credit Parties of this Amendment No. 1 has been duly authorized by all necessary corporate action, and this Amendment No. 1 constitutes the legal, valid and binding obligation of the Borrower and each of the other Credit Parties enforceable against the Borrower and each of the other Credit Parties in accordance with its terms, except as enforceability may be limited by applicable *concurso mercantil,* bankruptcy, insolvency, reorganization, moratorium or similar law affecting creditors' rights generally or general equity principles.

3.4 The execution, delivery and performance of this Amendment No. 1 does not, and will not, contravene or conflict with any provision of (i) any Requirement of Law, (ii) any judgment, decree or order, or (iii) the certificate or articles of incorporation or by-laws or other constituent documents of the Borrower and the Credit Parties, and does not, and will not, contravene or conflict with, or cause any Lien to arise under, any provision of any Contractual Obligation applicable to the Borrower and the Credit Parties.

3.5 No Default or Event of Default exists under the Maturity Loan "A" Agreement or any other Transaction Document or will exist after or be triggered by the execution, delivery and performance of this Amendment No. 1. In addition, the Borrower and each of the other Credit Parties hereby represent, warrant and reaffirm that the Maturity Loan "A" Agreement, the Maturity "A" Notes and each of the other Transaction Documents remain in full force and effect.

4. Conditions Precedent to Effectiveness. The effectiveness of the amendments set forth in Section 2 hereof are in each instance subject to the satisfaction of each of the following conditions precedent (the date on which all such conditions precedent are satisfied or waived being the " Amendment No. 1 Effective Date"):

4.1 Amendment No. 1. This Amendment No. 1 shall have been duly authorized, executed and delivered by each of the Borrower, the Guarantors and the Required Lenders, and acknowledged by the Administrative Agent (which shall be a purely ministerial action).

4.2 No Default. After giving effect to this Amendment No. 1, no Default or Event of Default shall have occurred and be continuing, or would result from the execution or effectiveness of this Amendment No. 1.

4.3 No Material Adverse Effect. No Material Adverse Effect has occurred since December 31, 2007 (excluding the financial condition and events previously disclosed in (i) the Borrower's filings made with the SEC or the *Bolsa Mexicana de Valores, S.A.B de C.V.* after December 31, 2007; or (ii) in the Borrower's unaudited financial statements for each of the first three fiscal periods of 2008).

4.4 Solvency. The Borrower and each Guarantor is, and after giving effect to each of the transactions contemplated by this Amendment No. 1 and the Transaction Documents will be, Solvent.

4.5 Miscellaneous. The Administrative Agent and the Lenders shall have received such other agreements, instruments and documents as the Administrative Agent or the Lenders may reasonably request.

4.6 Other Facilities. This Amendment shall not be effective until the debt obligations set forth on Exhibit A attached hereto have been amended in form and substance reasonably satisfactory to the Lenders and the Borrower shall have notified the Administrative Agent of such modification in writing.

5. Reference to and Effect Upon the Maturity Loan "A" Agreement and other Transaction Documents .

5.1 Full Force and Effect. Except as specifically provided herein, the Maturity Loan "A" Agreement, the Maturity "A" Notes and each other Transaction Document shall remain in full force and effect and each Maturity "A" Note, Transaction Document, and the Maturity Loan "A" Agreement is hereby ratified and confirmed by the Borrower.

5.2 No Waiver. The execution, delivery and effect of this Amendment No. 1 shall be limited precisely as written and shall not be deemed to (i) be a consent to any waiver of any term or condition, or to any amendment or modification of any term or condition (except as specifically provided herein) of the Maturity Loan "A" Agreement, the Maturity "A" Notes or any other Transaction Document, (ii) prejudice any right, power or remedy which the Administrative Agent or any Lender now has or may have in the future under or in connection with the Maturity Loan "A" Agreement or any other Transaction Document or (iii) constitute a novation of any of the obligations under the Maturity Loan "A" Agreement, the Maturity "A" Notes, and the other Transaction Documents.

5.3 Certain Terms. Each reference in the Maturity Loan "A" Agreement to "this Agreement", "hereunder", "hereof", "herein" or any other word or words of similar import shall mean and be a reference to the Maturity Loan "A" Agreement as amended hereby, and each reference in any other Transaction Document to the Maturity Loan "A" Agreement or any word or words of similar import shall be and mean a reference to the Maturity Loan "A" Agreement as amended hereby.

6. Counterparts. This Amendment No. 1 may be executed in any number of counterparts, each of which when so executed shall be deemed an original but all such counterparts shall constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Amendment No. 1 by telecopier shall be as effective as delivery of a manually executed counterpart signature page to this Amendment No. 1.

7. Costs and Expenses. As provided in the Maturity Loan "A" Agreement, the Borrower shall pay the reasonable fees, costs and expenses incurred by the Administrative Agent in connection with the preparation, execution and delivery of this Amendment No. 1 (including, without limitation, attorneys' fees).

So long as the Event of Default continues, the default interest rate shall be recalculated on the same basis at intervals of such duration as the Administrative Agent may select, provided that the amount of unpaid interest at the above rate accruing during the preceding period (or such longer period as may be the shortest period permitted by applicable law for the capitalization of interest) shall be added to the amount in respect of which such Person is in default.

All interest hereunder shall be computed on the basis of a year of 360 days, except that interest computed by reference to the Base Rate at times when the Base Rate is based on the Prime Rate shall be computed on the basis of a year of 365 days (or 366 days in a leap year), and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day). The applicable Base Rate or LIBOR rate shall be determined by the Administrative Agent, and such determination shall be conclusive absent manifest error.

Greater than 4.50 to 1	2.00%
Less than or equal to 4.50 to 1, but greater than 4.00 to 1	1.25%
Less than or equal to 4.00 to 1, but greater than 3.75 to 1	0.75%
Less than or equal to 3.75 to 1, but greater than 3.50 to 1	0.5%
Less than or equal to 3.50 to 1	0%

Notwithstanding the above, no Facility Fee shall be payable in respect of any Calculation Period in which an acceleration of any Loan occurs or any fiscal quarter thereafter.

TAXES, PAYMENT PROVISIONS

3.01 Taxes.

(a) Any and all payments by any Credit Party to any Lender, the Joint Lead Arrangers or the Administrative Agent under this Agreement and the other Transaction Documents shall be made free and clear of, and without deduction or withholding for or on account of, any Indemnified Taxes. In addition, Borrower shall promptly pay all Other Taxes.

(b) Except as otherwise provided in Section 3.01(c), the Credit Parties jointly and severally agree to indemnify and hold harmless each Lender and the Administrative Agent for the full amount of Indemnified Taxes or Other Taxes (including Indemnified Taxes or Other Taxes imposed or asserted on or attributable to amounts payable under this Section 3.01) paid by or assessed against any Lender or the Administrative Agent, as the case may be, and any penalties, interest, additions to tax, and reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes or Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority, except to the extent that such penalties, interest, additions to tax or expenses are incurred solely as a result of any gross negligence or willful misconduct of such Lender, or Administrative Agent, as the case may be. Payment under this indemnification shall be made within thirty (30) days after the date any Lender or the Administrative Agent makes written demand therefor, setting forth in reasonable detail the basis and calculation of such amounts (such written demand shall be presumed correct, absent significant error).

(c) If any Credit Party shall be required by law or regulation to deduct or withhold any Indemnified Taxes or Other Taxes from or in respect of any sum payable hereunder to any Lender or the Administrative Agent, then:

(i) the sum payable shall be increased as necessary so that after making all required deductions and withholdings (including deductions and withholdings applicable to additional sums payable under this Section 3.01(c)) such Lender or the Administrative Agent receives an amount equal to the sum it would have received had no such deductions or withholdings been made;

(ii) such Credit Party shall make such deductions and withholdings; and

(iii) such Credit Party shall pay the full amount deducted or withheld to the relevant taxing authority or other authority in accordance with applicable law.

(d) Within thirty (30) days after the date of any payment by a Credit Party of Indemnified Taxes or Other Taxes, such Credit Party shall furnish to the Administrative Agent the original or a certified copy of a receipt evidencing payment thereof or other evidence of payment reasonably satisfactory to the Administrative Agent.

(e) If any Credit Party is required to pay additional amounts to the Administrative Agent or any Lender pursuant to Section 3.01(c), other than amounts related to the withholding of Mexican tax at the rate applicable to interest payments received by foreign financial institutions registered with the Secretaría de Hacienda y Crédito Público as a Foreign Financial Institution for the purposes of Article 195, Section I of the Mexican Income Tax law, then the Administrative Agent or such Lender, as the case may be, shall, upon reasonable request by the Borrower or the Guarantors, use reasonable efforts (consistent with legal and regulatory restrictions) to change the jurisdiction of its Lending Office, issuing office or office for receipt of payments by the Borrower and Guarantors hereunder, as the case may be, so as to eliminate or reduce the obligation of the Borrower or the Guarantor, as the case may be, to pay any such additional amounts which may thereafter accrue or to indemnify the Administrative Agent or such Lender in the future, if such change in the reasonable judgment of the Administrative Agent or such Lender is not otherwise disadvantageous to such Lender. No Credit Party shall be required to pay or increase any amounts payable pursuant to Section 3.01 following any assignment or grant of a participation by any Lender, except to the extent (i) not in excess of the amounts the Borrower and Guarantors were required to pay or increase with respect to such Lender immediately prior to such an event, or (ii) increases in such amounts result from a change in applicable law or regulation occurring after such event.

(f) Each Lender and the Administrative Agent shall, from time to time at the request of the Borrower or the Administrative Agent (as the case may be), promptly furnish to the Borrower and the Administrative Agent (as the case may be), such forms, documents or other information (which shall be accurate and complete) as may be reasonably required to establish any available exemption from, or reduction in the amount of, applicable Taxes; provided, however, that none of any Lender or the Administrative Agent shall be obliged to disclose information regarding its tax affairs or computations to the Borrower in connection with this paragraph (f), it being understood that the identity of any Person shall not be considered for these purposes as information regarding its tax affairs or computations. Each of the Borrower and the Administrative Agent shall be entitled to rely on the accuracy of any such forms, documents or other information furnished to it by any Person and shall have no obligation to make any additional payment or indemnify any Person for any Taxes, interest or penalties that would not have become payable by such Person had such documentation been accurate.

(g) If the Administrative Agent or any Lender receives a refund or credit in respect of Indemnified Taxes as to which it has been indemnified by any Credit Party pursuant to Section 3.01(b), it shall notify the Credit Party of the amount of such refund or credit and shall return to the Credit Party such refund or the benefit of such credit; provided, however, that (A) the Administrative Agent or such Lender, as the case may be, shall not be obligated to make any effort to obtain such refund or credit or to provide any Credit Party with any information on or justification for the arrangement of its tax affairs or otherwise disclose to the Credit Party or any other Person any information that it considers to be proprietary or confidential, and (B) the Credit Party, upon the request of the Administrative Agent or such Lender, as the case may be, shall return the amount of such refund or the benefit of such credit to the Administrative Agent or such Lender, as the case may be, if the Administrative Agent or such Lender, as the case may be, is required to repay the amount of such refund or the benefit of such credit to the relevant authorities within six (6) years of the date the Credit Party is paid such amount by the Administrative Agent or such Lender, as the case may be.

(h) If requested by any Lender that is a resident of the United States for U.S. federal income tax purposes, the Credit Parties will perform an analysis as to whether the Borrower constitutes a passive foreign investment company within the meaning of Section 1297 of the Code and will take into account reasonable comments from such Lender with respect to such analysis. The Lender will have sole discretion to decide whether to make a "QEF election" (as described in Section 1293 of the Code) with respect to its interest in the Loans. For the avoidance of doubt, if based on such analysis the Lender decides to make a QEF election, the Credit Parties will provide the information necessary for making such election, as described in this Section 3.01(h). The Credit Parties will (i) maintain adequate books and records to allow any Lender that would be subject to Section 1291 of the Code with respect to its interest in the Loans to make a proper QEF election and (ii) will further provide annual information statements and any other information to any such Lender if such information is necessary for purposes of making the QEF election or complying with the ongoing requirements associated with such election.

(i) The agreements in this Section 3.01 shall survive the termination of this Agreement and the payment of the Borrower's Obligations.

3.02 General Provisions as to Payments.

(a) All payments to be made by any Credit Party shall be made without set-off, counterclaim or other defense. Except as otherwise expressly provided herein, all payments by the Borrower shall be made to the Administrative Agent for the account of the Lenders at the Administrative Agent's Payment Office, and shall be made in Dollars and in immediately available funds, no later than 2:30 p.m. (New York City time) on the

dates specified herein. The Administrative Agent will promptly distribute to each Lender its applicable share as expressly provided herein of each payment in like funds as received. Any payment received by the Administrative Agent later than 2:30 p.m. (New York City time) shall be deemed to have been received on the following Business Day and any applicable interest or fee shall continue to accrue until such following Business Day.

(b) Except and to the extent otherwise specifically provided herein, whenever any payment to be made hereunder is due on a day which is not a Business Day, the date for payment thereof shall be extended to the immediately following Business Day and, if interest is stated to be payable in respect thereof, interest shall continue to accrue to such immediately following Business Day.

(c) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date and the Administrative Agent may (but shall not be so required), in reliance upon such assumption, cause to be distributed to the Lenders on such due date an amount equal to the amount then due to the Lenders. If and to the extent that the Borrower shall not have made such payment, each applicable Lender shall repay to the Administrative Agent forthwith on demand such amount distributed to such Lender together with accrued interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate; provided, however, that if any amount remains unpaid by any Lender for more than five (5) Business Days after the Administrative Agent has made a demand for such amount, such Lender shall, commencing on the day next following such fifth Business Day, pay interest to the Administrative Agent at a rate per annum equal to the Federal Funds Rate plus 1%, and, provided further, that if any such amount remains unpaid by any Lender for more than ten (10) Business Days, such Lender shall, commencing on the day next following such tenth Business Day, pay interest to the Administrative Agent at a rate per annum equal to the Federal Funds Rate plus 2.00%.

3.03 Funding Losses. If the Borrower makes any payment of principal with respect to the Loans on any day other than the Interest Payment Date applicable thereto, or if the Borrower fails to prepay the Loans after notice has been given pursuant to Section 2.01(c), the Borrower shall reimburse each Lender, as applicable, within fifteen (15) days after demand for any resulting loss or expense incurred by it, provided such Lender shall have delivered to the Borrower a certificate setting forth in reasonable detail the computations for the amount of such loss or expense, which certificate shall be conclusive in the absence of manifest error.

3.04 Basis for Determining Interest Rate Inadequate or Unfair . If on or prior to the first day of any Interest Period for the Loans:

(a) the Administrative Agent determines that by reason of circumstances affecting the London interbank market, reasonably adequate means do not exist for ascertaining LIBOR applicable to such Interest Period or that deposits in Dollars (in the applicable amounts) are not being offered in the London interbank market for such Interest Period, or

(b) the Required Lenders advise the Administrative Agent that LIBOR as determined by the Administrative Agent will not adequately and fairly reflect the cost to such Lenders of making or maintaining their respective Loan for such Interest Period, then the Administrative Agent shall forthwith give notice thereof to the Borrower and the Lenders. In the event of any such determination or advice, until the Administrative Agent shall have notified the Borrower and the Lenders that the circumstances giving rise to such notice no longer exist, any request by the Borrower for a Loan of the affected amount or Interest Period, or a conversion to or continuation of a Loan of the affected amount or Interest Period shall be deemed rescinded and such request shall instead be considered a request for a Base Rate Loan. Each determination by the Administrative Agent hereunder shall be conclusive absent manifest error.

3.05 Capital Adequacy. If any Lender has determined, after the date hereof, that the adoption or the becoming effective of, or any change in, or any change by any Governmental Authority, central bank, or comparable agency charged with the interpretation or administration thereof in the interpretation or administration of, any applicable law, rule, or regulation regarding capital adequacy, or compliance by such Lender with any request or directive regarding capital adequacy (whether or not having the force of law) of any such authority, central bank, or comparable agency, has or would have the effect of increasing such Lender's cost of making or maintaining such Lender's Loan or reducing the rate of return on such Lender's capital or assets as a consequence of its obligations hereunder to a level below that which such Lender could have achieved but for such adoption, effectiveness, change, or compliance (taking into consideration such Lender's policies with respect to capital adequacy), then, upon notice from such Lender to the Borrower, the Borrower shall be obligated to pay to such Lender such additional amount or amounts as will compensate such Lender for such increased cost or reduction in amount received. Each determination by any such Lender of amounts owing under this Section 3.05 shall, absent manifest error, be conclusive and binding on the parties hereto. The relevant Lender will, upon request, provide a certificate in reasonable detail as to the amount of such increased cost or reduction in amount received and method of calculation.

Upon any Lender's making a claim for compensation under this Section 3.05, (i) such Lender shall use commercially reasonable efforts (consistent with legal and regulatory restrictions) to change the jurisdiction of its lending office or assign its rights and obligations hereunder to another of its offices, branches or affiliates so as to eliminate or reduce any such additional payment by the Borrower which may thereafter accrue, if such change is not otherwise disadvantageous to such Lender and (ii) the Borrower has the right to replace such Lender in accordance with Section 3.08.

3.06 Illegality.

(a) Notwithstanding any other provision herein, if the adoption of or any change in any Requirement of Law or in the interpretation or application thereof occurring after the Conversion Date shall make it unlawful for any Lender to make or maintain any Loan as contemplated by this Agreement, then such Lender shall be an "Affected Lender" and by written notice to the Borrower and to the Administrative Agent:

(i) such Lender may require that all outstanding Loans made by it be converted to Base Rate Loans, in which event all such Loans shall be automatically converted to Base Rate Loans as of the effective date of such notice as provided in paragraph (b) below, and

(ii) if it is also illegal for the Affected Lender to make Base Rate Loans, such Lender may declare all amounts owed to it by the Borrower to the extent of such illegality to be due and payable; provided, however, that the Borrower has the right, with the consent of the Administrative Agent, to find an additional Lender to purchase the Affected Lenders' rights and obligations.

In the event any Lender shall exercise its rights under (i) above with respect to any Loans, all payments and prepayments of principal that would otherwise have been applied to repay the converted Loans of such Lender shall instead be applied to repay the Base Rate Loans resulting from the conversion of such Loans.

(b) For purposes of this Section 3.06, a notice to the Borrower by any Lender shall be effective as to each such Loan, if lawful, on the last day of the Interest Period currently applicable to such loan; in all other cases such notice shall be effective on the date of receipt by the Borrower.

3.07 Requirements of Law. If, after the date hereof, the adoption of or any change in any Requirement of Law or in the interpretation or application thereof applicable to any Lender, or compliance by any Lender with any request or directive (whether or not having the force of law) from any central bank or other Governmental Authority, in each case made subsequent to the Conversion Date (or, if later, the date on which such Lender becomes a Lender):

(a) shall impose, modify, or hold applicable any reserve, special deposit, compulsory loan, or similar requirement against assets held by, deposits or other liabilities in or for the account of, advances, loans, or other extensions of credit by, or any other acquisition of funds by, any office of such Lender that is not otherwise included in the determination of the LIBOR hereunder; or

(b) shall impose on such Lender any other condition (excluding any tax of any kind whatsoever);

and the result of any of the foregoing is to increase the cost to such Lender, by an amount that such Lender reasonably deems to be material, of making, converting into, continuing, or maintaining Loans or to reduce any amount receivable hereunder in respect thereof, then, in any such case, upon notice delivered to the Borrower from such Lender, through the Administrative Agent, in accordance herewith, the Borrower shall be obligated to promptly pay such Lender, upon its demand, any additional amounts necessary to compensate such Lender for such increased cost or reduced amount receivable. If any Lender becomes entitled to claim any additional amounts pursuant to this Section 3.07, it shall provide notice thereof to the Borrower, promptly upon occurrence of such event, but in any case within three (3) days from the date of such event, through the Administrative Agent, certifying (x) that one of the events described in paragraph (a) and (b) has occurred and describing in reasonable detail the nature of such event, (y) as to the increased cost or reduced amount resulting from such event and (z) as to the additional amount demanded by such Lender and a reasonably detailed explanation of the calculation thereof. Such a certificate as to any additional amounts payable pursuant to this subsection submitted by such Lender, through the Administrative Agent, to the Borrower shall be conclusive and binding on the parties hereto in the absence of manifest error. This covenant shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder. If any Lender becomes aware of a proposed change in any Requirement of Law that would entitle it to claim any additional amounts pursuant to this Section 3.07 it shall promptly, upon the Lender becoming aware of such event, provide notice to the Borrower through the Administrative Agent.

3.08 Substitute Lenders. If any Lender has demanded compensation pursuant to Sections 3.05 or 3.07 or has exercised its rights pursuant to Section 3.06(a)(ii), and such Lender does not waive its right to future additional compensation pursuant to Section 3.05 or 3.07, the Borrower shall have the right (i) to replace such Lender with a Substitute Lender or Substitute Lenders that shall succeed to the rights of such Lender under this Agreement upon execution of an Assignment and Assumption Agreement and payment by the Borrower of the related processing fee of U.S.$3,500 to the Administrative Agent or (ii) to remove such Lender; provided, however, that such Lender shall not be replaced or removed hereunder until such Lender has been repaid in full all amounts owed to it pursuant to this Agreement (including Sections 3.03 and 3.05) and the other Transaction Documents unless any such amount is being contested by the Borrower in good faith.

3.09 Sharing of Payments in connection with the Loans, Etc.

(a) If, other than as expressly provided elsewhere herein, any Lender shall obtain on account of the Obligations owing to it any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) in excess of its share of payments on account of the Obligations obtained by all the Lenders (an "Excess Payment"), such Lender shall forthwith (i) notify the Administrative Agent of such fact, and (ii) purchase from the other Lenders such participations in such Obligations owing to them as shall be necessary to cause such purchasing Lender to share the excess payment

ratably with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from the purchasing Lender, such purchase shall to that extent be rescinded and each other Lender shall repay to the purchasing Lender the purchase price paid therefor, together with an amount equal to such paying Lender's share (according to the proportion of (A) the amount of such paying Lender's required repayment to (B) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Administrative Agent will keep records (which shall be conclusive and binding in the absence of demonstrable error) of participations purchased pursuant to this Section 3.09 and will in each case notify the Lenders following any such purchases.

(b) If any Lender shall commence any action or proceeding in any court to enforce its rights hereunder after consultation with the other Lenders and, as a result thereof or in connection therewith, it shall receive any Excess Payment, then such Lender shall not be required to share any portion of such excess payment with any Lender which has the legal right to, but does not, join in any such action or proceeding or commence and diligently prosecute a separate action or proceeding to enforce its rights in another court.

(c) The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 3.09 may exercise all its rights of set-off with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation.

7.05 Maintenance of Insurance. Each of the Credit Parties will maintain, and cause each of its Subsidiaries to maintain, insurance with reputable insurance companies or associations in such amounts and covering such risks as is usually carried by companies of established reputation engaged in similar businesses and owning similar properties in the same general areas in which the Credit Parties or such Subsidiary operates.

7.06 Conduct of Business and Preservation of Corporate Existence. Each of the Credit Parties will continue to engage in business of the same general type as now

conducted by such Credit Party and will preserve and maintain, and cause each of its Material Subsidiaries to preserve and maintain, its corporate existence, rights (charter and statutory), licenses, consents, permits, notices or approvals and franchises deemed material to its business; provided that none of the Credit Parties nor any of their Subsidiaries shall be required to maintain its corporate existence in connection with a merger or consolidation in compliance with Section 8.03; and provided, further, that none of the Credit Parties nor any of their Subsidiaries shall be required to preserve any right or franchise if such Credit Party or any such Subsidiary shall in its good faith judgment, determine that the preservation thereof is no longer in the best interests of such Credit Party or such Subsidiary, as the case may be, and that the loss thereof could not reasonably be expected to have a Material Adverse Effect.

7.07 Books and Records. Each of the Credit Parties will keep, and cause their Subsidiaries to keep, proper books of record and account, in which full and correct entries shall be made of all financial transactions and the assets and business of the Credit Parties and each such Subsidiary in accordance with Applicable GAAP consistently applied.

7.08 Maintenance of Properties, Etc.. Each of the Credit Parties will:

(a) maintain and preserve, and cause each of its Subsidiaries to maintain and preserve, all of its properties that are used or useful in the conduct of its business in good working order and condition, ordinary wear and tear excepted, and

(b) maintain, preserve and protect all intellectual property and all necessary governmental and third party approvals, franchises, licenses and permits, material to the business of the Credit Parties and their Subsidiaries, taken as a whole, provided neither paragraph (a) nor this paragraph (b) shall prevent the Credit Parties or their Subsidiaries from discontinuing the operation and maintenance of any of their properties or allowing to lapse certain approvals, licenses or permits which discontinuance is desirable in the conduct of its business and which discontinuance could not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

7.09 Pari Passu Ranking. Each Credit Party will ensure at all times that its respective Obligations with respect to the Loans under the Transaction Documents constitute unconditional general obligations of such Credit Party ranking in priority of payment at least pari passu with all other senior unsecured, unsubordinated Debt of such Credit Party.

7.10 Transactions with Affiliates. Each of the Credit Parties will conduct, and cause each of its Subsidiaries to conduct, all transactions otherwise permitted under this Agreement with any of its Affiliates on terms that are commercially reasonable and no less favorable to such Credit Party or such Subsidiary than it would obtain in a comparable arm's-length transaction with a Person not an Affiliate.

7.11 Maintenance of Governmental Approvals. The Credit Parties will maintain in full force and effect at all times all approvals of and filings with any

Governmental Authority or third party required under applicable law for the conduct of its business (including, without limitation, antitrust laws or Environmental Laws) and the performance of the Credit Parties' obligations hereunder and under the other Transaction Documents by the Borrower and/or the Guarantors, as applicable, and for the validity or enforceability hereof and thereof, except where failure to maintain any such approvals or filings could not reasonably be expected to have a Material Adverse Effect.

7.12 Inspection of Property. At any reasonable time during normal business hours and from time to time with at least ten (10) Business Days prior notice, or at any time if a Default or Event of Default shall have occurred and be continuing, permit the Administrative Agent or any of the Lenders or any agents or representatives thereof to examine and make abstracts from the records and books of account of, and visit the properties of any Credit Party, and to discuss the affairs, finances and accounts of such Credit Party with any of its officers or directors and with its independent certified public accountants. All expenses associated with such inspection shall be borne by the inspecting Lenders; provided that if a Default or an Event of Default shall have occurred and be continuing, any expenses associated with such inspection shall be borne jointly and severally by Credit Parties.

ARTICLE VIII
NEGATIVE COVENANTS APPLICABLE TO THE LOANS

Each Credit Party covenants and agrees for the benefit of the Lenders that until all Obligations owed to the Lenders are paid in full, it will, unless waived in writing by the Required Lenders pursuant to the provisions set forth in Section 13.02:

(a) The Parent shall not permit the Consolidated Net Debt / EBITDA Ratio at any time to exceed:

(ii) 4.75 to 1.0 during the Reference Period ending on June 30, 2009;

(iii) 4.50 to 1.0 during the Reference Period ending on each of September 30, 2009 and December 31, 2009;

(c) Concurrently with the delivery by the Borrower of any financial statements pursuant to Section 7.01, any Credit Party shall deliver to the Administrative Agent (with a copy to each Lender) a certificate from a Responsible Officer of the Parent containing all information and calculations necessary for determining compliance with Sections 8.01 (a), as applicable, and (b) above.

(d) For the purpose of calculating the Consolidated Net Debt / EBITDA Ratio in Section 8.01(a) above only, "Consolidated Net Debt" shall not include any Debt which, notwithstanding falling within the definition of Debt, is not required to be recorded as a liability by the Parent on its consolidated balance sheet in accordance with Mexican FRS.

8.02 Liens. The Parent shall not, and shall not permit any of its Subsidiaries to, directly or indirectly, create, incur, assume or permit to exist any Lien on or with respect to any property or asset of the Parent or any Subsidiary, whether now owned or held or hereafter acquired, other than the following Liens ("Permitted Liens"):

(a) Liens for taxes, assessments and other governmental charges the payment of which is being contested in good faith by appropriate proceedings promptly initiated and diligently conducted and for which adequate reserves or other appropriate provision, if any, as shall be required by Applicable GAAP shall have been made;

(b) statutory Liens of landlords and Liens of carriers, warehousemen, mechanics and materialmen incurred in the ordinary course of business for sums not yet due or the payment of which is being contested in good faith by appropriate proceedings promptly initiated and diligently conducted and for which such reserves or other appropriate provision, if any, as shall be required by Applicable GAAP shall have been made;

(d) any attachment or judgment Lien, unless the judgment it secures shall not, within sixty (60) days after the entry thereof, have been discharged or execution thereof stayed pending appeal, or shall not have been discharged within sixty (60) days after the expiration of any such stay;

(e) Liens that are described in Schedule 8.02(e) attached hereto;

(f) any Lien on property acquired by the Parent after the date hereof that was existing on the date of acquisition of such property; provided that such Lien was not incurred in anticipation of such acquisition, and any Lien created to secure all or any part of the purchase price, or to secure Debt incurred or assumed to pay all or any part of the purchase price, of property acquired by the Parent or any of its Subsidiaries after the date hereof; provided, further, that (A) any such Lien permitted pursuant to this clause (f) shall be confined solely to the item or items of property so acquired (including, in the case of any Acquisition of a corporation through the acquisition of 51% or more of the voting stock of such corporation, the stock and assets of any Acquired Subsidiary or Acquiring Subsidiary) and, if required by the terms of the instrument originally creating such Lien, other property which is an improvement to, or is acquired for specific use with, such acquired property; and (B) if applicable, any such Lien shall be created within nine (9) months after, in the case of property, its acquisition, or, in the case of improvements, their completion;

(g) any Lien renewing, extending or refunding any Lien permitted by clause (f) above; provided that the principal amount of Debt secured by such Lien immediately prior thereto is not increased or the maturity thereof reduced and such Lien is not extended to other property;

(h) any Liens created on shares of Capital Stock of the Parent or any of its Subsidiaries solely as a result of the deposit or transfer of such shares into a trust or a special purpose vehicle (including any entity with legal personality) of which such shares constitute the sole assets; provided that (A) any shares of Subsidiary stock held in such trust, corporation or entity could be sold by the Parent; and (B) proceeds from the deposit or transfer of such shares into such trust, corporation or entity and from any transfer of or distributions in respect of the Parent's or any Subsidiary's interest in such trust, corporation or entity are applied as provided under Section 8.04; and provided, further, that such Liens may not secure Debt of the Parent or any Subsidiary (unless permitted under another clause of this Section 8.02);

(i) any Liens on securities securing repurchase obligations in respect of such securities;

(j) any Liens in respect of any Qualified Receivables Transaction;

(k) in addition to the Liens permitted by the foregoing clauses (a) through (j), Liens securing Debt of the Parent and its Subsidiaries (taken as a whole) not in excess of 5% of the Adjusted Consolidated Net Tangible Assets of the Parent and its Subsidiaries; and

(l) any Liens on "margin stock" purchased with the proceeds of the Loans within the meaning of Regulation U, if and to the extent the value of all "margin stock" of the Parent and its Subsidiaries exceeds 25% of the value of the total assets of the Parent and its Subsidiaries;

unless, in each case, the Parent has made or caused to be made effective provision whereby the Obligations hereunder are secured equally and ratably with, or prior to, the Debt secured by such Liens (other than Permitted Liens) for so long as such Debt is so secured.

8.03 Consolidations and Mergers. None of the Credit Parties shall, in one or more related transactions, (x) consolidate with or merge into any other Person or permit any other Person to merge into it or (y) directly or indirectly, transfer, convey, sell, lease or otherwise dispose of all or substantially all of its properties or assets to any Person, unless, with respect to any transaction described in clause (x) or (y), immediately after giving effect to such transaction:

(a) the Person formed by any such consolidation or merger, if it is not the Borrower or such Guarantor, or the Person that acquires by transfer, conveyance, sale, lease or other disposition all or substantially all of the properties and assets of the Borrower or such Guarantor (any such Person, a "Successor") (i) shall be a corporation organized and validly existing under the laws of its place of incorporation, which in the case of a Successor to the Borrower shall be Mexico, the United States, Canada, France, Belgium, Germany, Italy, Luxembourg, The Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof, (ii) in the case of a Successor to the Borrower, shall expressly assume, pursuant to a written agreement in form and substance satisfactory to the Required Lenders, the Obligations of the Borrower pursuant to this Agreement and the performance of every covenant on part of the Credit Parties to be performed and observed and (iii) in the case of a Successor to any Guarantor, shall expressly assume, pursuant to a written agreement in form and substance satisfactory to the Required Lenders, the performance of every covenant of this Agreement on part of such Guarantor to be performed and observed;

(b) in the case of any such transaction involving the Borrower or any Guarantor, the Borrower or such Guarantor, or the Successor of any thereof, as the case may be, shall expressly agree to indemnify each Lender and the Administrative Agent against any tax, levy, assessment or governmental charge payable by withholding or deduction thereafter imposed on such Lender and/or the Administrative Agent solely as a consequence of such transaction with respect to payments under the Transaction Documents;

(c) immediately after giving effect to such transaction, including for purposes of this clause (c) the substitution of any Successor to the Borrower for the Borrower or the substitution of any Successor to a Guarantor for such Guarantor and treating any Debt or Lien incurred by the Borrower or any Successor to the Borrower, or by a Guarantor of the Borrower or any Successor to such Guarantor, as a result of such transactions as having been incurred at the time of such transaction (and incurred for the purposes of Section 8.07), no Default or Event of Default shall have occurred and be continuing; and

(d) the Borrower shall have delivered to the Administrative Agent an officer's certificate and an opinion of counsel, each stating that such consolidation, merger, conveyance, transfer or lease and, if a written agreement is required in connection with such transaction, such written agreement comply with the relevant provisions of this Article VIII and that all conditions precedent provided for in this Agreement relating to such transaction have been complied with.

8.04 Sales of Assets, Etc. The Parent will not, and will not permit any of its Material Subsidiaries to, sell, lease or otherwise dispose of any of its assets (including the Capital Stock of any Subsidiary), other than (a) inventory, trade receivables and assets surplus to the needs of the business of the Parent or any Subsidiary sold in the ordinary course of business, (b) assets not used, usable or held for use in connection with cement operations and related operations, and (c) any "margin stock" within the meaning of Regulation U acquired by the Parent through a Tender Offer, unless the proceeds of the sale of such assets are retained by the Parent or such Subsidiary, as the case may be, and, as promptly as practicable after such sale (but in any event within one hundred and eighty (180) days of such sale), the proceeds are applied to (i) expenditures for property, plant and equipment usable in the cement industry or related industries; (ii) the repayment of senior Debt of the Parent or any of its Subsidiaries, whether secured or unsecured; or (iii) investments in companies engaged in the cement industry or related industries; provided, however, that the net proceeds from Qualified Receivables Transactions to the extent exceeding, in the aggregate, the aggregate U.S.$ amount set forth in Schedule 8.04 attached hereto shall be applied to the repayment of senior Debt of the Parent or any of its Subsidiaries, whether secured or unsecured; and provided, that, nothing in this Section 8.04 shall prevent any sale, lease or other disposal of assets from any Subsidiary to another Subsidiary.

8.05 Change in Nature of Business. Neither the Parent nor the Borrower shall make, or permit any of its Material Subsidiaries to make, any material change in the nature of its business as carried on at the date hereof.

8.06 Margin Regulations. None of the Credit Parties shall use any part of the proceeds of the Loans for any purpose which would result in any violation (whether by any of the Credit Parties, the Administrative Agent or the Lenders) of Regulation T, U or X of the Federal Reserve Board or to extend credit to others for any such purpose. None of the Credit Parties shall engage in, or maintain as one of its important activities, the business of extending credit for the purpose of purchasing or carrying any margin stock (as defined in such regulations).

8.07 Limitation on Indebtedness. The Parent shall not, and shall not permit any of its Subsidiaries to, Incur any Debt (including Acquired Debt), provided that, the Parent or any Subsidiary may Incur Debt if on the date of such Incurrence and after giving effect thereto on a pro forma basis (as if such Debt had been Incurred on the first day of the relevant Reference Period): (a) the Consolidated Net Debt / EBITDA Ratio is less than 3.5 to 1.0 and (b) no Event of Default has occurred and is continuing or would result from the Incurrence of such Debt. Notwithstanding the foregoing, the Parent and its Subsidiaries may Incur Permitted Debt.

(a) Upon each Incurrence of Debt, the Parent or Subsidiary, as the case may be, may designate (and later re-designate) in its sole discretion pursuant to which category of Permitted Debt any Debt is being Incurred and may subdivide an amount of Debt and designate (and later redesignate) more than one such category pursuant to which such amount of Debt is being Incurred and such Permitted Debt shall not be deemed to have been Incurred or outstanding under any other category of Permitted Debt. For the avoidance of doubt, the inability of the Parent or its Subsidiary to Incur Debt under one category shall not limit the ability of the Parent or its Subsidiary to Incur Debt under another category.

(b) Accrual of interest shall not be deemed to be an Incurrence of Debt for purposes of this Section 8.07. Notwithstanding any other provision of this covenant, the maximum amount of Debt that the Parent and its Subsidiaries may Incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Debt, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Debt Incurred to refinance other Debt, if Incurred in a different currency from the Debt being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Debt is denominated that is in effect on the date of such refinancing.

(c) For purposes of determining compliance with any U.S. Dollar-denominated restriction on the Incurrence of Debt, the U.S. Dollar equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred.

ARTICLE IX
OBLIGATIONS OF GUARANTORS

9.01 The Guaranty. Each of the Guarantors jointly and severally hereby unconditionally and irrevocably guarantees (as a primary obligor and not merely as surety) payment in full as provided herein of all Obligations payable by the Borrower to each Lender, the Administrative Agent, the Structuring Agent and the Joint Lead Arrangers under this Agreement and the other Transaction Documents, as and when such amounts become payable (whether at stated maturity, by acceleration or otherwise).

9.02 Nature of Liability. The obligations of the Guarantors hereunder are guarantees of payment and shall remain in full force and effect until all Obligations of the Borrower have been validly, finally and irrevocably paid in full, and shall not be affected in any way by the absence of any action to obtain such amounts from the Borrower or by any variation, extension, waiver, compromise or release of any or all Obligations from time to time therefor. Each Guarantor waives all requirements as to promptness, diligence, presentment, demand for payment, protest and notice of any kind with respect to this Agreement and the other Transaction Documents.

9.03 Unconditional Obligations. Notwithstanding any contrary principles under the laws of any jurisdiction other than the State of New York, the obligations of each of the Guarantors hereunder shall be unconditional, irrevocable and absolute and, without limiting the generality of the foregoing, shall not be impaired, terminated, released, discharged or otherwise affected by the following:

(a) the existence of any claim, set-off or other right which either of the Guarantors may have at any time against the Borrower, the Administrative Agent, any Lenders or any other Person, whether in connection with this transaction or with any unrelated transaction;

(b) any invalidity or unenforceability of this Agreement or any other Transaction Document relating to or against the Borrower or either of the Guarantors for any reason;

(c) any provision of applicable law or regulation purporting to prohibit the payment by the Borrower of any amount payable by the Borrower under this Agreement or any of the other Transaction Documents or the payment, observance, fulfillment or performance of any other Obligations;

(d) any change in the name, purposes, business, Capital Stock (including the ownership thereof) or constitution of the Borrower;

(e) any amendment, waiver or modification of any Transaction Document in accordance with the terms hereof and thereof; or

(f) any other act or omission to act or delay of any kind by the Borrower, the Administrative Agent, the Lenders or any other Person or any other circumstance whatsoever which might otherwise constitute a legal or equitable discharge of or defense to either of the Guarantors' obligations hereunder.

9.04 Independent Obligation. The obligations of each of the Guarantors hereunder are independent of the Borrower's obligations under the Transaction Documents and of any guaranty or security that may be obtained for the Obligations. The Administrative Agent and the Lenders may neglect or forbear to enforce payment hereunder, under any Transaction Document or under any guaranty or security, without in any way affecting or impairing the liability of each Guarantor hereunder. The Administrative Agent or the Lenders shall not be obligated to exhaust recourse or take any other action against the Borrower or under any agreement to purchase or security which the Administrative Agent or the Lenders may hold before being entitled to payment from the Guarantors of the obligations hereunder or proceed against or have resort to any balance of any deposit account or credit on the books of the Administrative Agent or the Lenders in favor of the Borrower or each of the Guarantors. Without limiting the generality of the foregoing, the Administrative Agent or the Lenders shall have the right to bring suit directly against either of the Guarantors, either prior or subsequent to or concurrently with any lawsuit against, or without bringing suit against, the Borrower and/or the other Guarantor.

9.05 Waiver of Notices. Each of the Guarantors hereby waives notice of acceptance of this Article IX and notice of any liability to which it may apply, and waives presentment, demand for payment, protest, notice of dishonor or nonpayment of any such liability, suit or the taking of other action by the Administrative Agent or the Lenders against, and any other notice, to the Guarantors.

9.06 Waiver of Defenses. To the extent permitted by New York law and notwithstanding any contrary principles under the laws of any other jurisdiction, each of the Guarantors hereby waives any and all defenses to which it may be entitled, whether at common law, in equity or by statute which limits the liability of, or exonerates, guarantors or which may conflict with the terms of this Article IX, including failure of consideration, breach of warranty, statute of frauds, merger or consolidation of the Borrower, prior notice to the Borrower, that the Borrower's assets are used to repay the Loans first, that the liability of the Guarantors be split, statute of limitations, accord and satisfaction and usury. Without limiting the generality of the foregoing, each of the Guarantors consents that, without notice to such Guarantor and without the necessity for any additional endorsement or consent by such Guarantor, and without impairing or affecting in any way the liability of such Guarantor hereunder, the Administrative Agent and the Lenders may at any time and from time to time, upon or without any terms or conditions and in whole or in part, (a) change the manner, place or terms of payment of, and/or change or extend the time or payment of, renew or alter, any of the Obligations, any security therefor, or any liability incurred directly or indirectly in respect thereof, and this Article IX shall apply to the Obligations as so changed, extended, renewed or altered; (b) exercise or refrain from exercising any right against the Borrower or others (including the Guarantors) or otherwise act or refrain from acting; (c) settle or compromise any of the Obligations, any security therefor or any liability (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and may subordinate the payment of all or any part thereof to the payment of any such liability (whether due or not) of the Borrower to creditors of the Borrower other than the Administrative Agent and the Lenders and the Guarantors; (d) apply any sums by whomsoever paid or howsoever realized, other than payments of the Guarantors of the Obligations, to any liability or liabilities of the Borrower under the Transaction Documents or any instruments or agreements referred to herein or therein, to the Administrative Agent and the Lenders regardless of which of such liability or liabilities of the Borrower under the Transaction Documents or any instruments or agreements referred to herein or therein remain unpaid; (e) consent to or waive any breach of, or any act, omission or default under the Obligations or any of the instruments or agreements referred to in this Agreement and the other Transaction Documents, or otherwise amend, modify or supplement the Obligations or any of such instruments or agreements, including the Transaction Documents; and/or (f) request or accept other support of the Obligations or take and hold any security for the payment of the Obligations or the obligations of the Guarantors under this Article IX, or allow the release, impairment, surrender, exchange, substitution, compromise, settlement, rescission or subordination thereof.

9.07 Bankruptcy and Related Matters.

(a) So long as any of the Obligations remain outstanding, each Credit Party shall not, without the prior written consent of the Administrative Agent (acting with the consent of the Required Lenders), commence or join with any other Person in commencing any bankruptcy, liquidation, reorganization, *concurso mercantil* or insolvency proceedings of, or against, the Borrower.

(b) If acceleration of the time for payment of any amount payable by the Borrower under this Agreement or the Maturity "B" Notes is stayed upon the insolvency, bankruptcy, reorganization, *concurso mercantil* or any similar event of the Borrower or otherwise, all such amounts otherwise subject to acceleration under the terms of this Agreement shall nonetheless be payable by the Guarantors hereunder forthwith on demand by the Administrative Agent made at the request of the Lenders.

(c) The obligations of each of the Guarantors under this Article IX shall not be reduced, limited, impaired, discharged, deferred, suspended or terminated by any proceeding or action, voluntary or involuntary, involving the bankruptcy, insolvency, *concurso mercantil*, receivership, reorganization, marshalling of assets, assignment for the benefit of creditors, readjustment, liquidation or arrangement of the Borrower or similar proceedings or actions or by any defense which the Borrower may have by reason of the order, decree or decision of any court or administrative body resulting from any such proceeding or action. Without limiting the generality of the foregoing, the Guarantors' liability shall extend to all amounts and obligations that constitute the Obligations and would be owed by the Borrower but for the fact that they are unenforceable or not allowable due to the existence of any such proceeding or action.

(d) Each of the Guarantors acknowledges and agrees that any interest on any portion of the Obligations which accrues after the commencement of any proceeding or action referred to above in Section 9.07(c) (or, if interest on any portion of the Obligations ceases to accrue by operation of law by reason of the commencement of said proceeding or action, such interest as would have accrued on such portion of the Obligations if said proceedings or actions had not been commenced) shall be included in the Obligations, it being the intention of the Guarantors, the Administrative Agent, and the Lenders that the Obligations which are to be guaranteed by the Guarantors pursuant to this Article IX shall be determined without regard to any rule of law or order which may relieve the Borrower of any portion of such Obligations. The Guarantors will take no action to prevent any trustee in bankruptcy, receiver, debtor in possession, assignee for the benefit of creditors or similar person from paying the Administrative Agent, or allowing the claim of the Administrative Agent, for the benefit of the Administrative Agent, and the Lenders, in respect of any such interest accruing after the date of which such proceeding is commenced, except to the extent any such interest shall already have been paid by the Guarantors.

(e) Notwithstanding anything to the contrary contained herein, if all or any portion of the Obligations are paid by or on behalf of the Borrower, the obligations of the Guarantors hereunder shall continue and remain in full force and effect or be reinstated, as the case may be, in the event that all or any part of such payment(s) are rescinded or recovered, directly or indirectly, from the Administrative Agent and/or the Lenders as a preference, preferential transfer, fraudulent transfer or otherwise, and any such payments which are so rescinded or recovered shall constitute Obligations for all purposes under this Article IX, to the extent permitted by applicable law.

9.08 No Subrogation. Notwithstanding any payment or payments made by any of the Guarantors hereunder or any set-off or application of funds of any of the Guarantors by the Administrative Agent or any Lender, no Guarantor shall be entitled to be subrogated to any of the rights of the Administrative Agent or any Lender against the Borrower or any other Guarantor or any collateral security or guarantee or right of offset held by the Administrative Agent or any Lender for the payment of the Obligations, nor shall any Guarantor seek or be entitled to seek any contribution or reimbursement from the Borrower or any other Guarantor in respect of payments made by such Guarantor hereunder, until all amounts owing to the Administrative Agent and the Lenders by the Borrower on account of the Obligations shall have been indefeasibly paid in full in cash. If any amount shall be paid to any Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been indefeasibly paid in full in cash, such amount shall be held by such Guarantor in trust for the Administrative Agent and the Lenders, segregated from other funds of such Guarantor, and shall, forthwith upon receipt by such Guarantor, be turned over to the Administrative Agent in the exact form received by such Guarantor (duly indorsed by such Guarantor to the Administrative Agent, if required), to be applied against the Obligations, whether matured or unmatured, in such order as the Administrative Agent may determine.

9.09 Right of Contribution. Subject to Section 9.08, each Guarantor hereby agrees that to the extent that a Guarantor shall have paid more than its proportionate share of any payment made hereunder, such Guarantor shall be entitled to seek and receive contribution from and against any other Guarantor hereunder who has not paid its proportionate share of such payment. The provisions of this Section 9.09 shall in no respect limit the obligations and liabilities of any Guarantor to the Administrative Agent, the Structuring Agent, the Joint Lead Arrangers and the Lenders, and each Guarantor shall remain liable to the Administrative Agent, the Structuring Agent, the Joint Lead Arrangers and the Lenders for the full amount guaranteed by such Guarantor hereunder.

9.10 General Limitation on Guaranty. In any action or proceeding involving any applicable corporate law, or any applicable bankruptcy, insolvency, reorganization, *concurso mercantil* or other law affecting the rights of creditors generally, if the obligations of any Guarantor under this Article IX would otherwise, taking into account

the provisions of Section 9.09, be held or determined to be void, invalid or unenforceable, or subordinated to the claims of any other creditors, on account of the amount of its liability under Section 9.01, then, notwithstanding any other provision hereof to the contrary, the amount of such liability shall, without any further action by such Guarantor, any Lender, the Administrative Agent or any other Person, be automatically limited and reduced to the highest amount that is valid and enforceable and not subordinated to the claims of other creditors as determined in such action or proceeding.

9.11 Covenants of the Guarantors. Each Guarantor hereby covenants and agrees that, so long as any Obligations with respect to the Loans under this Agreement and any other Transaction Document remain unpaid, it shall comply with the covenants contained or incorporated by reference in this Agreement applicable to the Loans to the extent applicable to it.

ARTICLE X
EVENTS OF DEFAULT

10.01 Events of Default Applicable to the Loans. The following specified events shall constitute "Events of Default" for the purposes of this Agreement:

(a) Payment Defaults. The Borrower shall (i) fail to pay any principal of the Loans when due in accordance with the terms hereof or (ii) fail to pay any interest on the Loans, any fee or any other amount payable under this Agreement or any Maturity "B" Note within three (3) Business Days after the same becomes due and payable; or

(b) Representation and Warranties. Any representation or warranty made by any Credit Party in any Transaction Document or which is contained in any certificate, document or financial or other statement furnished at any time under or in connection with this Agreement or any other Transaction Document, as applicable, shall prove to have been incorrect in any material respect on or as of the date made if such failure shall remain unremedied for thirty (30) days after the earlier of the date on which (i) a Responsible Officer of such Credit Party becomes aware of such incorrectness or (ii) written notice thereof shall have been given to the Borrower by the Administrative Agent; or

(c) Specific Defaults. A Credit Party shall fail to perform or observe any term, covenant or agreement contained in Section 7.01, 7.02(a), 7.06 (with respect to the Borrower's and each Guarantor's existence only) or 7.09 or Article VIII; or

(d) Other Defaults. A Credit Party shall fail to perform or observe any term, covenant or agreement applicable to the Loans contained in this Agreement or the Maturity "B" Notes, any certificates, waivers, or any other agreement delivered pursuant to this Agreement (other than as provided in paragraphs (a) and (c) above) and such failure shall continue unremedied for a period of thirty (30) days after the earlier of the date on which (i) the Responsible Officer of the Borrower becomes aware of such failure or (ii) written notice thereof shall have been given to the Borrower by the Administrative Agent at the request of any Lender; or

(e) Defaults under Other Agreements. The occurrence of a default or event of default under any indenture, agreement or instrument relating to any Material Debt of the Parent or any of its Subsidiaries, and such default or event of default results in the acceleration of the maturity of any principal amount of such Material Debt prior to the date on which it would otherwise become due and payable; or any principal amount of Material Debt of the Borrower or any of its Subsidiaries shall not be paid upon the scheduled maturity thereof (after giving effect to any applicable grace period); or

(f) Voluntary Bankruptcy. Any Credit Party or any Material Subsidiary shall commence a voluntary case or other proceeding seeking liquidation, reorganization, *concurso mercantil* or other relief with respect to itself or its debts under any bankruptcy, insolvency, reorganization or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, or shall consent to any such relief or to the appointment of or taking possession by any such official in an involuntary case or other proceeding commenced against it, or shall make a general assignment for the benefit of creditors, or shall fail generally to pay its debts as they become due, or shall take any corporate action to authorize any of the foregoing or the equivalent thereof under applicable law; or

(g) Involuntary Bankruptcy. 10.02 Remedies.

(a) If an Event of Default under Sections 10.01(f) and (g) occurs with respect to any Credit Party, the outstanding principal amount of the Loans together with any accrued but unpaid interest thereon, in each case without notice or any other act by the Lenders, shall immediately become due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower.

(b) If any Event of Default has occurred and is continuing, the Administrative Agent shall, at the request of, or may, with the consent of, the Required Lenders declare by written notice to the Borrower, the principal amount of the outstanding Loans to be forthwith due and payable, whereupon such principal amount, together with accrued interest thereon, including any fees due under this Agreement, shall become immediately due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived.

ARTICLE XI
THE ADMINISTRATIVE AGENT

11.01 Appointment and Authorization.

(a) Each Lender hereby irrevocably designates and appoints ING Capital LLC as the Administrative Agent of such Lender under this Agreement, and each Lender hereby irrevocably authorizes the Administrative Agent to take such action on its behalf under the provisions of this Agreement and each other Transaction Document and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement or any other Transaction Document, together with such other powers as are reasonably incidental thereto.

(b) Notwithstanding any provision to the contrary contained elsewhere in this Agreement or in any other Transaction Document, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein, nor shall the

Administrative Agent have or be deemed to have any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Transaction Document or otherwise exist against the Administrative Agent.

11.02 Delegation of Duties. The Administrative Agent may execute any of its duties under this Agreement or any other Transaction Document by or through agents, employees or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agent or attorney-in-fact that it selects with reasonable care.

11.03 Liability of Administrative Agent. Neither the Administrative Agent nor any of its officers, directors, employees, agents, attorneys-in-fact or Affiliates shall be (a) liable for any action taken or omitted to be taken by it or any such Person under or in connection with this Agreement or any other Transaction Document or the transactions contemplated hereby (except for its or such Person's own gross negligence or willful misconduct), or (b) responsible in any manner to any of the Lenders for any recital, statement, representation or warranty made by a Credit Party or any officer thereof contained in this Agreement or in any other Transaction Document, or in any certificate, report, statement or other document referred to or provided for in, or received by the Administrative Agent under or in connection with, this Agreement or any other Transaction Document, or for the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Transaction Document, or for any failure of a Credit Party or any other party to any Transaction Document to perform its obligations hereunder or thereunder. Except as otherwise expressly stated herein, the Administrative Agent shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of a Credit Party.

11.04 Reliance by Administrative Agent.

(a) The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, consent, certificate, affidavit, letter, telegram, facsimile, telex or teletype message, statement, order or other document or telephone conversation believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person or Persons, and upon advice and statements of legal counsel, independent accountants and other experts selected by the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Transaction Document unless it shall first receive such advice or concurrence of the Required Lenders and, if it so requests, it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of failing to take, taking or continuing to take any such action. The Administrative Agent shall in all cases be

fully protected in acting, or in refraining from acting, under this Agreement or any other Transaction Document in accordance with a request or consent of the Required Lenders (or when expressly required hereby, all the Lenders) and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders.

(b) For purposes of determining compliance with the conditions specified in Section 4.01, each Lender that has executed this Agreement shall be deemed to have consented to, approved or accepted or to be satisfied with, each document or other matter sent by the Administrative Agent to such Lender for consent, approval, acceptance or satisfaction on or before the Conversion Date.

11.05 Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default (except for the Administrative Agent with respect to defaults in the payment of principal, interest and fees required to be paid to the Administrative Agent for the account of the Lenders) unless it shall have received written notice from a Lender or the Borrower referring to this Agreement and describing such Default or Event of Default and stating that such notice is a "Notice of Default". The Administrative Agent shall promptly notify the Lenders of its receipt of any such notice. The Administrative Agent shall take such action with respect to such Default or Event of Default as may be requested by the Required Lenders or the Lenders; provided, however, that unless and until the Administrative Agent has received any such request, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable or in the best interest of the Lenders.

11.06 Credit Decision. Each Lender expressly acknowledges that neither the Administrative Agent nor any of its Affiliates, officers, directors, employees, agents or attorneys-in-fact has made any representation or warranty to it, and that no act by the Administrative Agent hereafter taken, including any review of the affairs of a Credit Party, or any of its Affiliates, shall be deemed to constitute any representation or warranty by the Administrative Agent to any Lender. Each Lender acknowledges to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower, the Guarantors and their Affiliates and all applicable Lender regulatory laws relating to the transactions contemplated hereby, and made its own decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Transaction Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of any Credit

Party. Except for notices, reports and other documents expressly herein required to be furnished to the Lenders by the Administrative Agent, the Administrative Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of any Credit Party which may come into the possession of the Administrative Agent or any of its Affiliates, officers, directors, employees, agents or attorneys-in-fact.

11.07 Indemnification. Whether or not the transactions contemplated hereby are consummated, the Lenders agree to indemnify upon demand the Administrative Agent and its Affiliates, directors, officers, advisors, agents and employees (to the extent not reimbursed by the Borrower and without limiting the obligation of the Borrower to do so), ratably based on such Lender's share of the aggregate amount of Loans outstanding hereunder, from and against any and all claims, liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever which may at any time (including at any time following the payment of the Obligations or the Maturity Date) be imposed on, incurred by or asserted against the Administrative Agent (or any of its Affiliates, directors, officers, agents and employees) in any way relating to or arising out of this Agreement or any other Transaction Document, or any documents contemplated by or referred to herein or the transactions contemplated hereby or any action taken or omitted by the Administrative Agent under or in connection with any of the foregoing; provided, however, that no Lender shall be liable for the payment of any portion of such claims, liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements to the extent it results from the gross negligence or willful misconduct of the Administrative Agent or its Affiliates, directors, officers, agents or employees. Without limitation of the foregoing, each Lender shall reimburse the Administrative Agent upon demand for its ratable share (based on its share of the aggregate amount of Loans outstanding hereunder) of any reasonable and documented costs or out-of-pocket expenses (including legal fees) incurred by the Administrative Agent in connection with the preparation, execution, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, any other Transaction Document, or any document contemplated by or referred to herein, to the extent that the Administrative Agent is not reimbursed for such expenses by or on behalf of the Borrower.

11.08 Administrative Agent in its Individual Capacity. ING CAPITAL LLC may make loans to, issue letters of credit for the account of, accept deposits from and generally engage in any kind of banking, trust, financial advisory, underwriting or other business with the Borrower, the Guarantors or any of their Affiliates as though ING CAPITAL LLC were not the Administrative Agent hereunder and without notice to or consent of the Lenders. The Lenders acknowledge that, pursuant to such activities, ING CAPITAL LLC or its Affiliates may receive information regarding the Borrower, the Guarantors and their Affiliates (including information that may be subject to confidentiality obligations in favor of any Credit Party) and acknowledge that the

Administrative Agent shall be under no obligation to provide such information to them. With respect to the Obligations, ING CAPITAL LLC shall have the same rights and powers under this Agreement as any other Lender and may exercise the same as though it were not the Administrative Agent, and the terms "Lender" and "Lenders" include ING CAPITAL LLC in its individual capacity.

11.09 Successor Administrative Agent. The Administrative Agent may, and at the request of the Required Lenders shall, resign as the Administrative Agent upon thirty (30) days' notice to the Lenders and the Borrower. If the Administrative Agent resigns under this Agreement, the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which appointment shall be subject to the approval of the Borrower, such approval not to be unreasonably withheld (unless a Default or Event of Default shall have occurred and be continuing, in which case such approval shall not be required). If no successor agent is appointed prior to the effective date of the resignation of the Administrative Agent, the Administrative Agent may appoint, after consulting with the Lenders and the Borrower, a successor agent from among the Lenders. Upon the acceptance of its appointment as successor agent hereunder, such successor agent shall succeed to all the rights, powers and duties of the retiring Administrative Agent and the term "Administrative Agent" shall mean such successor agent effective upon its appointment, and the retiring Administrative Agent's rights, powers and duties as Administrative Agent shall be terminated, without any other or further act on the part of such retiring Administrative Agent. After any retiring Administrative Agent's resignation hereunder as Administrative Agent, the provisions of this Article XI and Sections 13.04 and 13.05 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement. If no successor agent has accepted the appointment as Administrative Agent by the date which is thirty (30) days following a retiring Administrative Agent's notice of resignation, the retiring Administrative Agent's resignation shall nevertheless thereupon become effective and either the Borrower or the retiring Administrative Agent may, on behalf of the Lenders, appoint a successor agent, which shall be a commercial bank organized or licensed under the laws of the United States or of any State thereof and having a combined capital and surplus of at least U.S.$400,000,000.

ARTICLE XII
THE STRUCTURING AGENT

12.01 The Structuring Agent. The Borrower hereby confirms the designation of HSBC SECURITIES (USA) INC., as the Structuring Agent for the Loans. The Structuring Agent assumes no responsibility or obligation hereunder for servicing, enforcement or collection of the Obligations, or any duties as agent for the Lenders. The title "Structuring Agent" implies no fiduciary responsibility on the part of the Structuring Agent to the Administrative Agent, or the Lenders, and the use of such title does not impose on the Structuring Agent any duties or obligations under this Agreement except as may be expressly set forth herein.

12.02 Liability of Structuring Agent. Neither the Structuring Agent nor any of its respective officers, directors, employees, agents, attorneys-in-fact or Affiliates shall be (a) liable for any action lawfully taken or omitted to be taken by them or any such Person under or in connection with this Agreement or any other Transaction Document (except for such Structuring Agent's own gross negligence or willful misconduct), or (b) responsible in any manner to any Lender for any recital, statement, representation or warranty made by the Borrower or any officer thereof, contained in this Agreement or in any other Transaction Document, or in any certificate, report, statement or other document referred to or provided for in, or received by the Structuring Agent under or in connection with, this Agreement or any other Transaction Document or for the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Transaction Document or for any failure of the Borrower or any other party to any other Transaction Document to perform its obligations hereunder or thereunder. Except as otherwise expressly stated herein, the Structuring Agent shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of the Borrower.

12.03 Structuring Agent in its Individual Capacity. The Structuring Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower or any of its Affiliates as though it were not the Structuring Agent hereunder.

12.04 Credit Decision. Each Lender expressly acknowledges that neither the Structuring Agent nor any of its respective Affiliates, officers, directors, employees, agents or attorneys-in-fact have made any representation or warranty to it, and that no act by the Structuring Agent hereafter taken, including any review of the affairs of a Credit Party, shall be deemed to constitute any representation or warranty by the Structuring Agent to any Lender. Each Lender acknowledges to the Structuring Agent that it has, independently and without reliance upon the Structuring Agent, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of a Credit Party and its Affiliates and made its own decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Structuring Agent, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Transaction Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of any Credit Party. The Structuring Agent shall not have any duty or responsibility to provide any Lender with any information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of the Borrower which may come into the possession of the Structuring Agent or any of its respective officers, directors, employees, agents, attorneys-in-fact or Affiliates.

ARTICLE XIII

13.02 Amendments and Waivers. No amendment, waiver or modification of any provision of this Agreement, and no consent to any departure by any Credit Party from the terms of this Agreement shall be effective, in each case without the written consent of the Credit Parties, and acknowledged by the Administrative Agent (which shall be a purely ministerial action) and signed or consented to by the Required Lenders, and then such amendment, waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that no amendment, waiver or consent shall:

(a) (i) except as specifically provided herein, increase or decrease the Loan of any Lender; or

(ii) extend the maturity of any of the Obligations, extend the time of payment of interest thereon, or extend the Maturity Date; or

(iii) forgive any Obligation, reduce the principal amount of the Obligations, reduce the rate of interest thereon, reduce the amount or change the method of calculation of any fee hereunder, or change the provisions of Sections 2.03 or 3.02;

in each case without the consent of the Borrower and each Lender directly affected thereby;

(b) (i) amend, modify or waive any provision of this Section 13.02; or

(ii) change the percentage specified in the definition of Required Lenders or the number of Lenders which shall be required for the Lenders or any of them to take any action under this Agreement; or

(v) amend, modify, or waive any provisions of ARTICLE IX or release any Guarantor from its obligations hereunder;

in each case without the consent of the Borrower and all the Lenders;

(c) amend, modify or waive any provision of ARTICLE XI without the written consent of the Administrative Agent; and

(d) amend, modify or waive any provision of ARTICLE XII without the consent of the Structuring Agent.

13.03 No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent or any Lender, any right, remedy, power or privilege hereunder or under any other Transaction Document shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights and remedies herein provided are cumulative and not exclusive of any rights or remedies provided by law.

13.04 Payment of Expenses, Etc. The Borrower agrees to pay on demand:

(a) all reasonable and documented out-of-pocket costs and expenses (including reasonable legal fees and disbursements of special Mexican counsel, special Dutch counsel and New York counsel to the Administrative Agent and the allocated cost of in-house counsel to the Administrative Agent), syndication (including printing, distribution and bank meetings), travel, telephone and duplication expenses and other reasonable and documented costs and out-of- pocket expenses in connection with the arrangement, documentation, negotiation and closing of the Transaction Documents;

(b) all reasonable and documented out-of-pocket costs and expenses incurred by the Administrative Agent in connection with any amendment to, waiver of, or consent to any Transaction Document or the transactions contemplated hereby, including the reasonable fees and reasonable and documented out-of-pocket expenses of special Mexican, special Dutch counsel and New York counsel to the Administrative Agent; and

(c) all reasonable and documented out-of-pocket costs and expenses incurred by the Administrative Agent or any Lender in connection with the enforcement of and/or preservation of any rights under this Agreement or any other Transaction Document (whether through negotiations, legal proceedings or otherwise), including the reasonable fees and reasonable and documented out-of-pocket expenses of special Mexican, special Dutch counsel and New York counsel to the Administrative Agent and such Lender.

13.05 Indemnification. The Borrower agrees to indemnify and hold harmless the Structuring Agent, the Joint Lead Arrangers, the Administrative Agent and each Lender and each of their Affiliates and their officers, directors, employees, agents and advisors (each, an " Indemnified Party") from and against any and all claims, damages, losses, liabilities and expenses (including reasonable fees and expenses of counsel, the allocated cost of in-house counsel and settlement costs), but excluding taxes that may be incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or by reason of (including in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (i) the Transaction Documents, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Loans or (ii) or any Environmental Action relating in any way to the Borrower or any of its Subsidiaries, except to the extent such claim, damage, loss, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's bad faith, gross negligence or willful misconduct. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 13.05 applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. Each Credit Party also agrees not to assert any claim against the Structuring Agent, the Joint Lead Arrangers, the Administrative Agent, any Lender, any of their Affiliates, or any of their respective directors, officers, employees, attorneys and agents, on any theory of liability, for special, indirect, consequential or punitive damages arising out of or otherwise relating to the Transaction Documents, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Transaction Documents. Neither the Structuring Agent, the Joint Lead Arrangers, the Administrative Agent, nor any Lender shall be deemed to have any fiduciary relationship with any Credit Party.

13.06 Successors and Assigns.

(a) The provisions of this Agreement shall be binding upon the Borrower, the Guarantors, their successors and assigns and shall inure to the benefit of the Structuring Agent, the Joint Lead Arrangers, the Administrative Agent and the Lenders and their respective successors and assigns, except that the Credit Parties may not assign or otherwise transfer any of their rights or obligations under this Agreement without the prior written consent of all Lenders other than pursuant to the terms of this Agreement.

(b) Any Lender (such Lender, an "Assignor") may at any time, in its sole discretion, and any Lender, if demanded by the Borrower pursuant to Section 3.08 upon at least five (5) Business Days' notice to such Lender and Administrative Agent, (i) assign or pledge as security all or part of such Lender's rights under this Agreement but not its obligations, to any Federal Reserve Board or entity that is a lender to such Lender without the prior consent (written or otherwise) of the Borrower, the Administrative Agent, the Parent or any other third party, or (ii) assign all or part of such Lender's rights or obligations under this Agreement and any Maturity "B" Notes to any of its Affiliates or related funds or any other Lender or any Affiliate of a Lender , in each case without the prior consent (written or otherwise) of the Borrower, the Administrative Agent, the Parent or any other third party, and/or (iii) assign all or part of such Lender's rights or obligations under this Agreement and any Maturity "B" Notes to one or more banks or other financial institutions or any other person that is not a Competitor with the prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed, of the Borrower, the Parent and the Administrative Agent (each such person, an "Assignee"); provided however that, in the case of an assignment of only part of such rights and obligations under clause (iii), such assignment shall be in integral multiples of U.S.$5,000,000; provided further that in the case of an assignment of only part of such rights and obligations under clause (iii), the Borrower shall be deemed to have consented to an assignment if it fails to respond to a written request for consent within ten (10) Business Days of such request; provided, further, that if the value of the rights and obligations assigned under clause (i) or clause (ii) is less than euro 50,000 (or its equivalent in another currency or currencies) the assignee or transferee otherwise qualifies as a Professional Market Party. Upon the occurrence and continuation of an Event of Default, each Lender shall have the right, in its sole discretion, to assign all or part of its rights or obligations under this Agreement and any Maturity "B" Notes to any Person that is not a Competitor, without the prior consent (written or otherwise) of the Borrower, the Administrative Agent, the Parent or any other third party; provided however that if the value of the rights and obligations assigned is less than euro 50,000 (or its equivalent in another currency or currencies) the assignee or transferee otherwise qualifies as a Professional Market Party. Upon execution and delivery of an Assignment and Assumption Agreement pursuant to which the Assignee shall assume the Assignor's rights and obligations under this Agreement and any Maturity "B" Notes and payment by the Assignee to the Assignor of an amount equal to the purchase price agreed between such Assignor and such Assignee, such Assignee shall be a Lender party to this Agreement and shall have all the rights and obligations of a Lender with a commitment as set forth in such instrument of assumption (in addition to any commitment previously held by it), and the Assignor shall be released from its obligations hereunder to a corresponding extent (except to the extent the same arose prior to the assignment); and, in the case of an Assignment and Assumption Agreement covering all of the transferor Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Section 3.01 (to the extent

any claim thereunder relates to an event arising or such Lender's status or activity as Lender prior to such assignment), and no further consent or action by any party shall be required. Upon the consummation of any assignment pursuant to this paragraph (b), the Assignor, the Administrative Agent and the Borrower shall make appropriate arrangements so that a new Maturity "B" Note is issued to the Assignee at the expense of the Assignee. In connection with any such assignment (other than a transfer by a Lender to one of its Affiliates), the Assignor (or in the case of Section 3.07, the Borrower) shall pay to the Administrative Agent an administrative fee for processing such assignment in the amount of U.S.$3,500.

(c) Nothing herein shall prohibit any Lender from pledging or assigning any Maturity "B" Note to any Federal Reserve Bank of the United States in accordance with applicable law and without compliance with the foregoing provisions of this Section 13.06; provided, however, that such pledge or assignment shall not release such Lender from its obligations hereunder.

(d) Any Lender may, without any consent of the Borrower, the Administrative Agent or any other third party at any time grant to any Person that is not a Competitor (each a "Participant") participating interests in its Loans; provided however that if the value of the rights and obligations assigned is less than euro 50,000 (or its equivalent in another currency or currencies) the assignee or transferee otherwise qualifies as a Professional Market Party. In the event of any such grant by a Lender of a participating interest to a Participant, whether or not upon notice to the Borrower and the Administrative Agent, such Lender shall remain responsible for the performance of its obligations hereunder, and the Borrower and the Administrative Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement pursuant to which any Lender may grant such a participating interest shall provide that such Lender shall retain the sole right and responsibility to enforce the obligations of the Borrower hereunder, including the right to approve any amendment, modification or waiver of any provision of this Agreement; provided, however, that such participation agreement may provide that such Lender will not agree to any modification, amendment or waiver of this Agreement extending the maturity of any Obligation in respect of which the participation was granted, or reducing the rate or extending the time for payment of interest thereon or reducing the principal thereof, or reducing the amount or basis of calculation of any fees to accrue in respect of the participation, without the consent of the Participant. The Borrower agrees that each Participant shall, to the extent provided in its participation agreement, be entitled to the benefits of Sections 3.03 and 3.06 with respect to its participating interest as if it were a Lender named herein; provided, however, that the Borrower shall not be required to pay any greater amounts pursuant to such Sections than it would have been required to pay but for the sale to such Participant of such Participant's participation interest. An assignment or other transfer which is not permitted by paragraph (b) or (c) above shall be given effect for purposes of this Agreement only to the extent of a participating interest granted in accordance with this paragraph (d).

(e) Any Lender may, in connection with any assignment or participation or proposed assignment or participation pursuant to this Section 13.06, disclose to the Assignee or Participant or proposed Assignee or Participant, any information relating to the Borrower furnished to such Lender by or on behalf of the Borrower; provided that, prior to any such disclosure, the Assignee or Participant or proposed Assignee or Participant shall agree to preserve the confidentiality of any Confidential Information relating to the Borrower received by it from such Lender.

13.07 Right of Set-off. In addition to any rights and remedies of the Lenders provided by law, each such Lender shall have the right, without prior notice to the Credit Parties, any such notice being expressly waived by the Credit Parties to the extent permitted by applicable law, upon any amount becoming due and payable by the Credit Parties hereunder (whether at the stated maturity, by acceleration or otherwise) to set-off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender, or any branch or agency thereof to or for the credit or the account of the Credit Parties. Each Lender agrees promptly to notify such Credit Party, as the case may be, and the Administrative Agent after any such set-off and application made by such Lender, provided that the failure to give such notice shall not affect the validity of such set-off and application.

13.08 Confidentiality. Neither the Administrative Agent nor any Lender shall disclose any Confidential Information to any other Person without the prior written consent of the Credit Parties, other than (a) to the Administrative Agent's, or such Lender's Affiliates and their officers, directors, employees, agents and advisors and, as contemplated by Section 13.06(e), to actual or prospective Assignees and Participants, and then only on a confidential basis, (b) as required by any law, rule or regulation (including as may be required in connection with an audit by the Administrative Agent's, or such Lender's independent auditors, and as may be required by any self-regulating organizations) or as may be required by or necessary in connection with any judicial process and (c) as requested by any state, federal or foreign authority or examiner regulating banks or banking. Notwithstanding the foregoing or anything contained in any Transaction Document to the contrary, the parties (and each employee, representative, or other agent of the parties) may disclose to any and all persons, without limitation of any kind, the tax treatment and any facts that may be relevant to the tax structure of the transactions contemplated by this Agreement, provided, however, that no party (and no employee, representative, or other agent thereof) shall disclose any other information that is not relevant to understanding the tax treatment and tax structure of such transactions (including the identity of any party and any information that could lead another to determine the identity of any party), or any other information to the extent that such disclosure could result in a violation of any federal or state securities law.

13.09 Use of English Language. All certificates, reports, notices and other documents and communications given or delivered pursuant to this Agreement shall be in the English language. Except in the case of the laws of, or official communications of, Mexico or The Netherlands (as applicable), the English language version of any such document shall control the meaning of the matters set forth therein.

13.10 GOVERNING LAW. THIS AGREEMENT AND THE OTHER TRANSACTION DOCUMENTS SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAW OF THE STATE OF NEW YORK.

13.11 Submission to Jurisdiction.

(a) Each of the parties hereto hereby irrevocably and unconditionally submits to the non-exclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court located in the Borough of Manhattan in New York City and any appellate court thereof for purposes of any suit, legal action or proceeding arising out of or relating to this Agreement, any other Transaction Document or the transactions contemplated hereby, and each of the parties hereto hereby irrevocably agrees that all claims in respect of such suit, action or proceeding may be heard and determined in such federal or New York State court. Each of the parties hereto also submits to the jurisdiction of the competent courts of its corporate domicile in respect of actions initiated against it as a defendant.

(b) Each of the parties hereto hereby irrevocably waives, to the fullest extent it may effectively do so, the jurisdiction of any court other than those identified in paragraph (a) above and any objection that it may now or hereafter have to the laying of venue of any such suit, action or proceeding in any such federal or New York State court and irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of any such suit, action or proceeding.

(c) Each of the parties hereto irrevocably waives the right to object, with respect to such claim, suit, action or proceeding brought in any such court, that such court does not have jurisdiction over it.

(d) Each of the parties hereto agrees, to the fullest extent it may effectively do so under applicable law, that a final judgment in any suit, action or proceeding of the nature referred to in paragraph (a) above brought in any such court shall be conclusive and binding upon such party and may be enforced in other jurisdictions by suit on the judgment or in any manner provided by law.

(e) **EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY SUIT, ACTION OR PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO ANY OF THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR THE ACTIONS OF ANY ARRANGER, THE ADMINISTRATIVE AGENT, OR ANY LENDER IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE OR ENFORCEMENT THEREOF.**

13.12 Appointment of Agent for Service of Process .

(a) The Credit Parties hereby irrevocably appoint CT Corporation System, with an office on the date hereof at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as its agent (the "Process Agent") to receive on behalf of itself and its property, service of copies of the summons and complaint and any other process which may be served in any such action or proceeding brought in any New York State or federal court sitting in New York City and designates such domicile as the conventional domicile to receive notices hereunder and under the Transaction Documents. The Borrower and each Guarantor hereby appoints as its conventional domicile exclusively to receive any of the notices and service of process, the domicile of the Process Agent mentioned above or any other domicile notified in writing by the Process Agent to the Borrower, the Administrative Agent or any Lender. Such service may be made by delivering a copy of such process to any Credit Party in care of the Process Agent at its address specified above, and the Credit Parties hereby authorize and direct the Process Agent to accept such service on their behalf. The appointment of the Process Agent shall be irrevocable until the appointment of a successor Process Agent. If the Process Agent fails to accept such appointment on or prior to the Conversion Date, the Credit Parties agree to promptly appoint an alternate Process Agent reasonably acceptable to the Administrative Agent with an office in New York City. The Credit Parties further agree to promptly and irrevocably appoint a successor Process Agent in New York City prior to the termination for any reason of the appointment of the initial Process Agent.

(b) Nothing in Section 13.11 or in this Section 13.12 shall affect the right of any party hereto to serve process in any manner permitted by law or limit any right that any party hereto may have to enforce in any lawful manner a judgment obtained in one jurisdiction in any other jurisdiction.

13.13 Waiver of Sovereign Immunity. To the extent that a Credit Party has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether through service or notice, attachment prior to judgment, attachment in aid of execution, or otherwise) with respect to itself or its property, the Credit Party hereby irrevocably waives such immunity in respect of its obligations hereunder to the extent permitted by applicable law. Without limiting the generality of the foregoing, the Credit Parties agree that the waivers set forth in this Section 13.13 shall have force and effect to the fullest extent permitted under the Foreign Sovereign Immunities Act of 1976 of the United States and are intended to be irrevocable for purposes of such Foreign Sovereign Immunities Act.

13.14 Judgment Currency.

(a) All payments made under this Agreement and the other Transaction Documents shall be made in Dollars. If for the purposes of obtaining judgment in any

court it is necessary to convert a sum due from the Borrower in Dollars into another currency, the parties hereto agree to the fullest extent that they may legally and effectively do so that the rate of exchange used shall be that at which in accordance with normal banking procedures (based on quotations from four major dealers in the relevant market) the Administrative Agent or each Lender, as the case may be, could purchase Dollars with such currency at or about 10:00 a.m. (New York City time) on the Business Day preceding that on which final judgment is given.

(b) The Obligations in respect of any sum due to any Lender or the Administrative Agent hereunder or under any other Transaction Document shall, to the extent permitted by applicable law notwithstanding any judgment expressed in a currency other than Dollars, be discharged only to the extent that on the Business Day following receipt by such Lender or the Administrative Agent of any sum adjudged to be so due in such other currency such Lender or the Administrative Agent may in accordance with normal banking procedures purchase Dollars with such other currency. If the amount of Dollars so purchased is less than the sum originally due to such Lender or the Administrative Agent, the Credit Parties agree, to the fullest extent it may legally do so, as a separate obligation and notwithstanding any such judgment, to indemnify such Lender or the Administrative Agent against such resulting loss.

(c) Each Credit Party shall, to the fullest extent permitted by law, indemnify the Administrative Agent and each Lender against any loss incurred by the Administrative Agent or such Lender, as the case may be, as a result of any judgment or order being given or made for any amount due under this Agreement or any Maturity "B" Note and being expressed and paid in a currency (the " Judgment Currency") other than Dollars, and as a result of any variation between (i) the rate of exchange at which the Dollar amount is converted into the Judgment Currency for the purpose of such judgment or order and (ii) the spot rate of exchange in New York City at which the Administrative Agent or such Lender, as the case may be, on the date of payment of such judgment or order is able to purchase Dollars with the amount of the Judgment Currency actually received by the Administrative Agent or such Lender. If the amount of Dollars so purchased exceeds the amount originally to be paid to such Lender, such Lender agrees to pay to or for the account of the Borrower (with respect to payments made by the Borrower) and the Guarantors (with respect to payments made by the Guarantors) such excess; provided that such Lender shall not have any obligation to pay any such excess as long as a default by a Credit Party , in its obligations hereunder has occurred and is continuing, in which case such excess may be applied by such Lender to such obligations. The foregoing indemnity shall constitute a separate and independent obligation of each Credit Party and shall continue in full force and effect notwithstanding any such judgment or order as aforesaid. The term "spot rate of exchange" shall include any premiums and costs of exchange payable in connection with the purchase of, or conversion into, United States dollars.

13.15 Counterparts. This Agreement may be executed in any number of counterparts and by the different parties hereto in separate counterparts, each of which

when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. This Agreement and any communications, notices and exchanges of information pursuant to this Agreement, including signatures, may be delivered by facsimile and shall be treated in all manner and respects as an original document.

13.16 USA PATRIOT Act. The Lenders, to the extent that they are subject to the requirements of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act"), hereby notify the Credit Parties that pursuant to the requirements of the Act, it is required to obtain, verify and record information that identifies each Credit Party, which information includes the name and address of the Borrower and other information that will allow such Lender to identify the Borrower in accordance with the Act.

13.17 Severability. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof or affecting the validity or enforceability of such provision in any other jurisdiction, and the remaining portion of such provision and all other remaining provisions hereof will be construed to render them enforceable to the fullest extent permitted by law.

13.18 Survival of Agreements and Representations .

(a) All representations and warranties made herein or in any other Transaction Document shall survive the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby.

(b) The covenants and agreements contained in Sections 3.01, 3.03, 3.05, 3.06, 13.04, 13.05, 13.08, 13.09, 13.11, 13.12 and 13.14, and the obligations of the Lenders under Section 11.07 shall survive the payment of all Obligations and, in the case of any Lender that may assign any interest in its commitment or obligations hereunder, with respect to matters occurring before such assignment, shall survive the making of such assignment to the extent any claim arising thereunder relates to any period prior to such assignment, notwithstanding that such assigning Lender may cease to be a "Lender" hereunder.

13.19 No Novation. The parties intend that the conversion of the Dutch Loans shall not constitute a novation of the obligations of the Credit Parties with respect to the Dutch Loans.

The undersigned further unconditionally agrees to pay, without setoff or counterclaim, interest in like money at such office from the date hereof until paid in full on the unpaid principal amount hereof from time to time outstanding at the applicable interest rate per annum determined as provided in, and payable in accordance with, the Loan Agreement. The Lender is authorized to record the date and amount of the Loan made by the Lender pursuant to the Loan Agreement, the date and amount of each repayment of principal hereof, the date of each continuation pursuant to Section 2.01(e) of the Loan Agreement and the principal amount subject thereto and the interest rate and interest period in respect thereto on the schedules annexed hereto and made a part hereof or on any other record customarily maintained by the Lender with respect to this Maturity "B" Note and any such recordation shall constitute prima facie evidence of the accuracy of the information so recorded; provided, however, that the failure of the Lender to make such recordation (or any error in such recordation) shall not affect the obligations of the Borrower hereunder or under the Loan Agreement.

This Maturity "B" Note is one of the Maturity "B" Notes referred to in the Senior Unsecured Maturity Loan "B" Agreement, dated as of [•], among the Borrower, the Guarantors, the several Lenders party thereto, HSBC Securities (USA) Inc., as Sole Structuring Agent, HSBC Securities (USA) Inc., Banco Santander, S.A., and The Royal Bank of Scotland PLC, as Joint Lead Arrangers and Joint Bookrunners, and ING Capital LLC as Administrative Agent (as the same may from time to time be amended, supplemented or otherwise modified, the " Loan Agreement"; terms defined therein being used herein as so defined), and is entitled to the benefits thereof and is subject to optional and mandatory prepayment in whole or in part as provided therein.

Upon the occurrence of anyone or more of the Events of Default specified in the Loan Agreement, all amounts remaining unpaid on this Maturity "B" Note shall become, or may be declared to be, immediately due and payable, all as provided therein.

The Borrower agrees to pay all reasonable and documented, out-of-pocket costs and expenses incurred by the Lender in connection with the enforcement of and/or preservation of any rights under the Loan Agreement, the other Transaction Documents and this Maturity "B" Note (whether through negotiations, legal proceedings or otherwise), including the reasonable fees and reasonable and documented out-of-pocket expenses of special Dutch, Mexican, and New York counsel to the Lender.

Each Credit Party hereby irrevocably and unconditionally submits for itself and its property in any legal action or proceeding relating to this Maturity "B" Note and the Loan Agreement or for recognition and enforcement of any judgment in respect thereof, to the non-exclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court located in the Borough of Manhattan in New York City and any appellate court thereof, to the jurisdiction of any competent court in the place of its corporate domicile and any appellate courts thereof, and consents that any such suit, action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the laying of venue of any such suit, action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same. Each Credit Party hereby irrevocably agrees that service of all writs, process and summonses in any such suit, action or proceeding brought in the State of New York may be made upon CT Corporation System having offices on the date hereof at 111 Eighth Avenue, 13th Floor, New York, New York 10011, U.S.A. (the "Process Agent"), and each Credit Party hereby irrevocably appoints the Process Agent as its authorized agent to accept such service of any and all such writs, process and summonses, designates such domicile as the conventional domicile to receive notices and agrees that the failure of the Process Agent to give any notice of any such service of process to each Credit Party shall not impair or affect the validity of such service or of any judgment based thereon.

The obligations of the Borrower hereunder to make payments in Dollars shall not be discharged or satisfied by any tender or recovery pursuant to any judgment expressed in or converted into any other currency except to the extent that such tender or recovery results in the effective receipt by the Lender of the full amount of Dollars payable hereunder and the Borrower shall be obligated to indemnify the Lender (and the Lender shall have an additional legal claim) for any difference between such full amount and the amount effectively received by the Lender pursuant to any such tender or recovery. The Lender's determination of amounts effectively received by it shall be presumptively correct in the absence of manifest error.

To the extent that the· Borrower has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether through service or notice, attachment prior to judgment, attachment in aid of execution, execution or otherwise) with respect to itself or its property, the Borrower hereby irrevocably waives such immunity in respect of its obligations under this Maturity "B" Note and the other Transaction Documents. The foregoing waiver and consent are intended to be effective to the fullest extent now or hereafter permitted by applicable law of any 3 jurisdiction in which any suit, action or proceeding with respect to this Maturity "B" Note may be commenced.

THIS MATURITY "B" NOTE SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK. NEW SUNWARD HOLDING B.V.

FORM OF OPINION OF SPECIAL NEW YORK COUNSEL TO THE CREDIT PARTIES

December 31, 2008

To the Administrative Agent and the
Banks listed on Schedule I hereto

Re: New Sunward Holding B.V. Senior Unsecured Maturity Loan "B" Agreement[2]

Ladies and Gentlemen:

We have acted as special New York counsel to New Sunward Holding B.V., a private company with limited liability formed under the laws of The Netherlands, with its corporate seat in Amsterdam, The Netherlands (the "Borrower"), CEMEX, S.A.B. de C.V., a *sociedad anónima bursátil de capital variable* organized and existing pursuant to the laws of the United Mexican States (the "Parent"), and CEMEX México, S.A. de C.V., a *sociedad anónima de capital variable* organized and existing pursuant to the laws of the United Mexican States ("CEMEX México" and, together with the Parent, each, a "Guarantor," and collectively, the "Guarantors"), in connection with the preparation, execution and delivery of the Senior Unsecured Maturity Loan "B" Agreement, dated as of the date hereof (the "Loan Agreement"), by and among the Borrower, each Guarantor, HSBC Securities (USA) Inc., as sole structuring agent, HSBC Securities (USA) Inc., Banco Santander, S.A., and The Royal Bank of Scotland Plc, each as joint lead arranger and joint bookrunner, Caja de Madrid – Miami Agency and ING Bank, N.V. *acting through its Curacao branch*, each as mandated lead arranger, ING Capital LLC, as administrative agent, and the several Lenders party thereto and certain other agreements, instruments and documents related to the Loan Agreement. This opinion is being delivered pursuant to Section 4.02(a) of the Loan Agreement. For purposes of this opinion, the Borrower and the Guarantors are also referred to individually as a "Credit Party" and collectively as the "Credit Parties."

[2] SASMF will deliver this opinion at conversion

In rendering the opinions set forth herein, we have examined and relied on originals or copies of the following:

(a) the Loan Agreement;

(b) the form of Maturity "B" Note attached as Exhibit A to the Loan Agreement (the " Maturity "B" Notes");

(c) the certificates of Humberto Francisco Lozano Vargas, Corporate Financing Director of the Parent and principal financial officer of CEMEX México and the Borrower, attached as Exhibit A hereto, and Lic. Ramiro G. Villarreal Morales, General Counsel to each Credit Party, attached as Exhibit B hereto; and

(d) such other documents as we have deemed necessary or appropriate as a basis for the opinions set forth below.

In our examination we have assumed the genuineness of all signatures including endorsements, the legal capacity and competency of all natural persons, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as facsimile, electronic, certified or photostatic copies, and the authenticity of the originals of such copies. As to any facts relevant to this opinion which we did not independently establish or verify, we have relied upon statements and representations of the Credit Parties and their officers and other representatives and of public officials, including the facts and conclusions set forth therein.

We do not express any opinion as to the laws of any jurisdiction other than (i) the Applicable Laws of the State of New York, (ii) the Applicable Laws of the United States of America (including, without limitation, Regulations T, U and X of the Federal Reserve Board), and (iii) solely, for purposes of our opinion in paragraph 7 herein, the Investment Company Act of 1940, as amended. Insofar as the opinions expressed herein relate to matters governed by laws other than those set forth in the preceding sentence, we do not express any opinion as to the effect of such laws or as to the effect thereof on the opinions herein stated.

Capitalized terms used herein and not otherwise defined herein shall have the same meanings herein as ascribed thereto in the Loan Agreement. The Loan Agreement and the form of Maturity "B" Note attached as Exhibit A to the Loan Agreement shall hereinafter be referred to collectively as the "Transaction Agreements." "Applicable Laws" shall mean those laws, rules and regulations which, in our experience, are normally applicable to transactions of the type contemplated by the Transaction Agreements (other than the United States federal securities laws, state securities or blue sky laws, antifraud laws and the rules and regulations of the Financial Industry Regulatory Authority), without our having made any special investigation as to the applicability of any specific law, rule or regulation, and which are not the subject of a specific opinion herein referring expressly to a particular law or laws. " Governmental Approval" means any consent, approval, license, authorization or validation of, or filing, recording or

registration with, any governmental authority pursuant to the Applicable Laws of the State of New York. " Applicable Orders" means those orders or decrees of governmental authorities identified in the certificate attached as Exhibit B hereto. "Applicable Contracts" mean those agreements or instruments listed on Schedule II hereto. "Uniform Commercial Code" means the Uniform Commercial Code as in effect on the date hereof in the State of New York (without regard to laws referenced in Section 9-201 thereof).

Based upon the foregoing and subject to the limitations, qualifications, exceptions and assumptions set forth herein, we are of the opinion that:

1. The Loan Agreement constitutes the valid and binding obligation of each Credit Party enforceable against such Credit Party in accordance with its terms under the Applicable Laws of the State of New York.

2. The Maturity "B" Notes will constitute the valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their terms under the laws of the State of New York.

3. The execution and delivery by each Credit Party of each Transaction Agreement to which it is a party and the performance by the Credit Parties of their respective obligations thereunder, each in accordance with its terms, do not (i) constitute a violation of, or a default under, any Applicable Contracts or (ii) cause the creation of any security interest upon any property of the Credit Parties pursuant to the Applicable Contracts. We do not express any opinion, however, as to whether the execution, delivery or performance by the Credit Parties of the Transaction Agreements will constitute a violation of, or a default under, any covenant, restriction or provision with respect to financial ratios or tests or any aspect of the financial condition or results of operations of the respective Credit Parties. We call to your attention that certain of the Applicable Contracts are governed by laws other than those as to which we express our opinion. We do not express any opinion as to the effect of such other laws on the opinions herein stated.

4. Neither the execution, delivery or performance by each Credit Party of the Transaction Agreements to which such Credit Party is a party nor the compliance by such Credit Party with the terms and provisions thereof will contravene any provision of any Applicable Law of the State of New York or any Applicable Law of the United States of America.

5. No Governmental Approval, which has not been obtained or taken and is not in full force and effect, is required to authorize, or is required in connection with, the execution or delivery of any Transaction Agreement by each Credit Party party thereto or the enforceability of any Transaction Agreement against any Credit Party party thereto.

6. Neither the execution, delivery nor performance by each Credit Party of its respective obligations under the Transaction Agreements to which it is a party nor compliance by such Credit Party with the terms thereof will contravene any Applicable Order to which such Credit Party is subject.

7. Each Credit Party is not, and solely after giving effect to the loans made pursuant to the Transaction Agreements will not be, an "investment company" as such term is defined in the Investment Company Act of 1940, as amended.

Our opinions are subject to the following assumptions and qualifications:

(a) The Maturity "B" Notes will be executed in the form attached as Exhibit A to the Loan Agreement;

(b) enforcement may be limited by the effect of any applicable bankruptcy, insolvency, reorganization, moratorium, receivership, conservatorship, or other laws, regulations and administrative orders affecting the rights of creditors of the Credit Parties and by general principles of equity (regardless of whether enforcement is sought in equity or at law);

(c) we have assumed that each Transaction Agreement constitutes the valid and binding obligation of each party to such Transaction Agreement (other than the Credit Parties to the extent expressly set forth herein) enforceable against such other party in accordance with its terms;

(d) we do not express any opinion as to the effect on the opinions expressed herein of (i) the compliance or non-compliance of any party (other than the Credit Parties to the extent expressly set forth herein) to the Transaction Agreements with any state, federal or other laws or regulations applicable to it or (ii) the legal or regulatory status or the nature of the business of any party (other than the Credit Parties to the extent expressly set forth herein);

(e) our opinion is subject to possible judicial action giving effect to governmental actions or foreign laws affecting creditors' rights;

(f) we do not express any opinion as to the enforceability of any rights to contribution or indemnification provided for in the Transaction Agreements which are violative of the public policy underlying any law, rule or regulation (including any federal or state securities law, rule or regulation);

(g) we do not express any opinion with respect to any provision of the Loan Agreement to the extent it authorizes or permits any purchaser of a participation interest or any branch or agency of any Lender to set-off or apply any deposit, property or indebtedness or the effect thereof on the opinions contained herein;

(h) we do not express any opinion on the enforceability of any provision in the Transaction Agreements purporting to prohibit, restrict or condition the assignment of rights under such Transaction Agreements to the extent such restriction on assignability is ineffective pursuant to the Uniform Commercial Code;

(i) in the case of the guaranty contained in Article IX of the Loan Agreement (the " Guaranty"), certain of the provisions, including waivers, with respect to the Guaranty are or may be unenforceable in whole or in part, but the inclusion of such provisions does not affect the validity of the guaranty, taken as a whole;

(j) we do not express any opinion as to the enforceability of Section 9.03(b) of the Loan Agreement to the extent that the same provides that the obligations of the Guarantors are absolute and unconditional irrespective of the invalidity or enforceability of such Loan Agreement against the Guarantor, but the existence of such provisions does not affect the validity of the guaranty;

(k) with respect to the enforceability of all obligations under the Transaction Agreements, we note that a U.S. federal court would award a judgment only in U.S. dollars and that a judgment of a court in the State of New York rendered in a currency other than the U.S. dollar would be converted into U.S. dollars at the rate of exchange prevailing on the date of entry of such judgment; further, we do not express any opinion as to the enforceability of the provisions of the Transaction Agreements providing for indemnity by any party thereto against any loss in obtaining the currency due to such party under the Transaction Agreements from a court judgment in a currency other than the U.S. dollar;

(l) we do not express any opinion as to the enforceability of any section of the Transaction Agreements to the extent it purports to waive any objection a person may have that a suit, action or proceeding has been brought in an inconvenient forum or a forum lacking subject matter jurisdiction;

(m) we have assumed that all conditions precedent contained in Article IV of the Loan Agreement, which conditions require the delivery of documents, evidence or other items satisfactory in form, scope and/or substance to the Administrative Agent or the satisfaction of which is otherwise in the discretion or control of the Administrative Agent have been, or contemporaneously with the delivery hereof will be, fully satisfied or waived;

(n) to the extent that any opinion relates to the enforceability of the choice of New York law and choice of New York forum provisions of the Transaction Agreements, our opinion is rendered in reliance upon N.Y. Gen. Oblig. Law §§ 5-1401, 5-1402 (McKinney 2001) and N.Y. CPLR 327(b) (McKinney 2001) and is subject to the qualifications that such enforceability may be limited by public policy considerations of any jurisdiction, other than the courts of the State of New York, in which enforcement of such provisions, or of a judgment upon an agreement containing such provisions, is sought;

(o) in rendering the opinions expressed above we have also assumed, without independent investigation or verification of any kind, that the choice of New York law to govern

the Transaction Agreements, which are stated therein to be governed thereby, is legal and valid under the laws of other applicable jurisdictions and that insofar as any obligation under any Transaction Agreement is to be performed in any jurisdiction outside the United States of America its performance will not be illegal or ineffective by virtue of the law of that jurisdiction;

(p) we call to your attention that federal courts of the United States of America located in New York could decline to hear a case on grounds of forum non-conveniens or any other doctrine limiting the availability of such courts in New York as a forum for the resolution of disputes not having a sufficient nexus to New York, irrespective of any agreement between the parties;

(q) we do not express any opinions as to the subject matter jurisdiction of the federal courts of the United States of America in any action arising out of or relating to the Transaction Agreements; and

(r) in rendering the opinions expressed above, we note that the various obligations of the Credit Parties in respect of the Transaction Agreements implicate the laws of Mexico and The Netherlands and, accordingly, such obligations may be affected by such laws, as to which we do not express any opinion.

In rendering the foregoing opinions, we have assumed, with your consent, that:

(a) the Borrower is validly existing and in good standing as a private company with limited liability under the laws of The Netherlands; the Parent is validly existing and in good standing as a *sociedad anónima bursátil de capital variable* under the laws of the United Mexican States; and CEMEX México is validly existing and in good standing as a *sociedad anónima de capital variable* under the laws of the United Mexican States;

(b) each Credit Party has the power and authority to execute, deliver and perform all obligations under each Transaction Agreement to which it is a party, and the execution and delivery of each Transaction Agreement to which it is a party and the consummation by such Credit Party of the transactions contemplated thereby have been duly authorized by all requisite action on the part of such Credit Party; each Transaction Agreement has been duly executed and delivered by each Credit Party party thereto;

(c) the execution, delivery and performance by each Credit Party of any such Credit Party's obligations under the Transaction Agreements to which such Credit Party is a party do not and will not conflict with, contravene, violate or constitute a default under (i) the organizational documents of such Credit Party, (ii) any lease, indenture, instrument or other agreement to which such Credit Party or such Credit Party's property is subject (other than the Applicable Contracts as to which we express our opinion in paragraph 3 herein), (iii) any rule, law or regulation to which such Credit Party is subject (other than Applicable Laws of the State of New York and Applicable Laws of the United States of America as to which we express our opinion in paragraph 4 herein) or (iv) any judicial or administrative order or decree of any governmental authority (other than Applicable Orders as to which we express our opinion in paragraph 6 herein); and

(d) no authorization, consent or other approval of, notice to or filing with any court, governmental authority or regulatory body (other than Governmental Approvals as to which we express our opinion in paragraph 5 herein) is required to authorize or is required in connection with the execution and delivery by or enforceability against each Credit Party of any Transaction Agreement to which such Credit Party is a party or the transactions contemplated thereby.

We understand that you are separately receiving opinions, with respect to certain of the foregoing assumptions from Lic. Ramiro G. Villarreal, General Counsel of each Credit Party, and Warendorf, special Dutch counsel to the Borrower, and we are advised that such opinions contain qualifications. Our opinions herein stated are based on the assumptions specified above and we do not express any opinion as to the effect on the opinions herein stated of the qualifications contained in such other opinions.

This opinion is being furnished only to you in connection with the Transaction Agreements and is solely for your benefit and is not to be used, circulated, quoted or otherwise referred to for any other purpose or relied upon by any other person or entity for any purpose without our prior written consent; provided that (i) Lic. Ramiro G. Villarreal and Warendorf may rely upon this opinion as to matters of the laws of the State of New York and of the United States of America and in rendering their opinions in connection with the Loan Agreement and (ii) any Person who becomes a Lender under Section 13.06(b) of the Loan Agreement after the date hereof may rely on this opinion as if it were originally addressed to such Lender and delivered on the date hereof. We do not assume any obligation to revise or supplement this opinion letter should any factual matters change or other transactions occur or should any laws or regulations be changed by legislative or regulatory action, judicial decision or otherwise.

Very truly yours,

FORM OF OPINION OF IN-HOUSE COUNSEL TO THE CREDIT PARTIES

December 31, 2008

To the Lenders listed on Schedule I hereto

Re: New Sunward Holding B.V. Senior Unsecured Maturity Loan "B" Agreement

Ladies and Gentlemen:

I am General Counsel for CEMEX, S.A.B. de C.V., a *sociedad anónima bursátil de capital variable* organized and existing pursuant to the laws of the United Mexican States ("**Mexico**"), (the "**Parent**"), CEMEX México, S.A. de C.V., a *sociedad anónima de capital variable* organized and existing pursuant to the laws of Mexico ("**CEMEX Mexico**," and together with the Parent, the "**Guarantors**"), and New Sunward Holding B.V., a private company with limited liability formed under the laws of The Netherlands, with its corporate seat in Amsterdam, The Netherlands (the " **Borrower,**" and together with the Guarantors, the "**Credit Parties**"). This opinion is rendered to you pursuant to Section 4.01(b) of the Senior Unsecured Maturity Loan "B" Agreement (the "**Loan Agreement**"), dated as of the date hereof, by and among the Borrower, each Guarantor, HSBC Securities (USA) Inc., as sole structuring agent, HSBC Securities (USA) Inc., Banco Santander, S.A., and The Royal Bank of Scotland Plc, each as joint lead arranger and joint bookrunner, ING Capital LLC, as administrative agent, and the several lenders party thereto. Capitalized terms used and not otherwise defined herein shall have the respective meanings ascribed thereto in the Loan Agreement.

In connection with the opinions expressed in this letter, I have examined and relied on originals or copies of the Loan Agreement and the form of Maturity "B" Note attached thereto as Exhibit A (the Loan Agreement together with the form of Maturity "B" Notes, the " **Loan Documents**").

In addition, I have examined originals or copies, certified or otherwise identified to my satisfaction, of such document, corporate records, certificates of public officials and other instruments and have conducted such other investigations of fact and law as I have deemed necessary or advisable for purposes of this opinion.

In rendering this opinion, I have assumed the legal capacity of all natural persons, the genuineness of all signatures, the authenticity of all documents submitted to me as originals, the conformity to original documents of all documents submitted to me as facsimile, electronic, certified or photostatic copies, and the authenticity of the originals of such copies. In making my examination of executed documents, I have assumed that the parties thereto (other than the Guarantors) had the power, corporate or other, to enter into and perform all obligations thereunder and have also assumed the due authorization by all requisite action, corporate or other, and the execution and delivery by such parties (other than the Guarantors) of such documents and the validity and binding effect thereof

on such parties. I have also assumed that each of the parties (other than the Guarantors) to the Loan Documents (as defined herein) has been duly organized and is validly existing in good standing, and has requisite legal status and legal capacity, under the laws of its jurisdiction of organization and that each of such parties has complied and will comply with all aspects of the laws of all relevant jurisdictions (including the laws of its jurisdiction of organization) in connection with the transactions contemplated by, and the performance of its obligations under, the Loan Documents, other than the laws of Mexico.

The opinions set forth below relate only to the laws and regulations of Mexico in force as of the date hereof. Insofar as the opinions expressed below relate to matters that are governed by laws and regulations other than the laws of Mexico, I have assumed the correctness of, and have not made independent examination of such matters. Upon the basis of, and subject to, the foregoing qualifications and the limitations set forth herein, I am of the opinion that:

1. The Parent has been duly incorporated and is validly existing as a publicly traded stock corporation with variable capital (*sociedad anónima bursátil de capital variable*) under the laws of Mexico and CEMEX Mexico has been duly incorporated and is validly existing as a stock corporation with variable capital (*sociedad anónima de capital variable*) under the laws of Mexico; and each Guarantor has all powers and all governmental licenses, permits and other approvals (except for such licenses, permits and approvals the absence of which will not have a Material Adverse Effect) to own its assets and carry on its business as now conducted and as proposed to be conducted.

2. Each Guarantor has full power, authority and legal right to execute and deliver the Transaction Documents and to perform and observe the terms and provisions thereof.

3. The Transaction Documents have been duly authorized, executed and delivered by each Guarantor, and, assuming due execution and delivery thereof by the other parties thereto, constitute valid and binding obligations of each Guarantor, enforceable against each Guarantor in accordance with their terms.

4. The execution, delivery and performance by each Guarantor of the Transaction Documents to which it is a party is permitted under its by-laws *(estatutos sociales)* and has been duly authorized by all necessary action and the execution, delivery and performance by each Guarantor of the Transaction Documents does not and will not (i) violate the provisions of any applicable law, decree or regulation of Mexico (or of any political subdivision thereof) or any order of any court, regulatory body or arbitral tribunal or of their respective *estatutos sociales* or other governing documents of the Guarantors or (ii) result in the breach of, or constitute a default under, or require any consent under, or result in or require the imposition of any lien on any of their respective present or future revenues or properties under, any agreement, instrument or other document to which either Guarantor is a party or by which either Guarantor or any of their respective assets may be bound or affected, except, in the case of (ii), any breach or default the occurrence of which, or any consent the failure of which to be obtained, or any lien the imposition of which, individually or in the aggregate would not have a Material Adverse Effect.

5. No consents, approvals, licenses or authorizations of, or filings or registrations with, any governmental body or regulatory or supervisory authority or agency (including without limitation any foreign exchange approvals or licenses relating to the repayment, purchase, sales or transfer out of Mexico of United States dollars immediately available at the place of payment) are required under applicable law, decree or regulations for the execution, delivery or performance by each Guarantor of the Transaction Documents.

6. The Transaction Documents to which each Guarantor is a party are in proper legal form under the laws of Mexico for the enforcement thereof against the Guarantors, as applicable, in Mexico, and there are no fees that should be paid, and no registration, notarization or other formalities required to be accomplished, for the validity, admissibility and enforceability of such Transaction Documents (other than those requirements listed in qualification (d) below).

7. Each individual named in the incumbency certificate of each Guarantor has sufficient power and authority to execute and deliver each Transaction Document on behalf of such Guarantor and his authority has not been revoked or limited in any manner.

8. Any suit, action or proceeding with respect to the Transaction Documents may be brought against each Guarantor, as applicable, in any court of Mexico specified in such documents.

9. Each Guarantor is subject to commercial law with respect to its obligations under the Transaction Documents, and the execution, delivery and performance by each Guarantor of the Transaction Documents constitute private and commercial acts rather than public or governmental acts; and neither of the Guarantors nor any of their respective properties are entitled to any right of immunity from suit, court jurisdiction, judgment, attachment (whether before or after judgment), set-off or execution with respect to each Guarantor's respective obligations under the Loan Documents.

10. Each Guarantor's submission to the jurisdiction of the United States District Court for the Southern District of New York and any New York State court located in the Borough of Manhattan in New York City (collectively, the "**New York Courts**") and to the jurisdiction of the courts of its corporate domicile in respect of actions initiated against it provided for in Section 13.11 of the Loan Agreement is valid and enforceable under the laws of Mexico.

11. The appointment of the Process Agent as each Guarantor's agent for service of process in New York is irrevocable and has been duly authorized, executed and delivered, and is a valid and binding appointment, and service of process made on the Process Agent at its domicile set forth in the Transaction Document pursuant thereto will constitute personal service upon each Guarantor, as applicable, under Mexican law.

12. The choice of New York law to govern each Transaction Document is, under the laws of Mexico, a valid and effective choice of law.

13. To the best of my knowledge, except for those matters previously disclosed to you in Schedule 5.06 to the Loan Agreement, there is no action, suit or proceeding at law, or in equity or by or before any court, governmental agency or authority or arbitral tribunal now pending or threatened against or affecting either Guarantor or any assets of either Guarantor, which, if adversely determined, would materially and adversely affect the business, consolidated results of operations or consolidated financial condition of such Guarantor, or would impair its ability to perform, or affect the validity or enforceability of, its respective obligations under the Transaction Documents.

14. The obligations of each Guarantor under the Loan Agreement and the Notes rank at least *pari passu* with the claims of all other unsecured creditors (other than those preferred by law).

15. It is not necessary under the laws of Mexico: (i) to enable the Lenders to enforce their respective rights under the Transaction Documents or (ii) by reason of the execution or delivery of the Transaction Document or the enforcement thereof, that the Lenders be licensed, qualified or entitled to carry on business in Mexico.

16. None of the Lenders, the Administrative Agent, the Structuring Agent nor any Joint Lead Arranger will be deemed resident, domiciled or, carrying on business in Mexico solely by reason of the execution, delivery, performance or enforcement of the Loan Agreement or any other Transaction Document.

17. There is no tax, levy, stamp duty, impost deduction, charge or withholding imposed by Mexico or any political subdivision thereof (i) on or by virtue of the execution, delivery, performance, enforcement or admissibility into evidence of any of the Transaction Documents or (ii) on any payment made by either Guarantors pursuant to any of the Transaction Documents, except that a withholding tax will be imposed by Mexico on payments of interest made by a Guarantor to a non-resident of Mexico for tax purposes. The Guarantors are permitted to pay additional sums under Section 3.01 of the Loan Agreement.

18. A final judgment obtained in a New York Court against either Guarantor and such Guarantor's respective assets situated in Mexico would be recognized and enforced by the courts of Mexico, and execution against such assets to satisfy a judgment could be obtained in Mexico, without re-examination of the issues pursuant to Articles 569 and 571 of the Mexican Federal Code of Civil Procedure and Article 1347A of the Mexican Commerce Code, which provide, *inter alia*, that any judgment rendered outside of Mexico may be enforced by Mexican Courts, *provided that*:

(i) such judgment is obtained in compliance with (a) all legal requirements of the jurisdiction of the court rendering such judgment, (b) all legal requirements of the Loan Agreement, and (c) formalities established pursuant to applicable international treaties;

(ii) such judgment is not rendered in a real action (acción real);

(iii) such judgment is final, non-appealable and authenticated by the appropriate governmental authorities, and is strictly for the payment of a certain sum of money, provided that, under Mexican Monetary Law, payments that should be made in Mexico in foreign currency, whether by agreement or upon a judgment of a Mexican Court, may be discharged in Mexican currency at a rate of exchange for such currency prevailing at the time of payment;

(iv) the court rendering such judgment is competent to render such judgment in accordance with applicable rules under international law, and such rules are compatible with the rules adopted under the Mexican Code of Commerce;

(v) service of process was made personally on each Guarantor, as applicable, or on the Process Agent, as applicable;

(vi) such judgment does not contravene Mexican public policy or laws;

(vii) the applicable procedure under the laws of Mexico with respect to the enforcement for foreign judgments (including the issuance of a letter rogatory by the competent authority of such jurisdiction requesting enforcement of such judgment and the certification of such judgment as authentic by the corresponding authorities of such jurisdiction in accordance with the laws thereof) is complied with;

(viii) the courts of such jurisdiction recognize the principles of reciprocity in connection with the enforcement of Mexican judgments in such jurisdiction; and

(ix) the cause of action in connection with which such judgment is rendered is not the same cause of action between the same parties that is pending before a Mexican court.

19. No foreign exchange controls are currently in effect in Mexico and no foreign exchange control authorizations by any governmental authority in Mexico are currently required for the execution, delivery and performance of any Loan Document and the transactions contemplated thereby.

This opinion is subject to the following qualifications:

a. Enforcement of the Transaction Documents may be limited by *concurso mercantil,* bankruptcy, insolvency, reorganization, moratorium and other similar laws or general principles of equity affecting the rights of creditors generally;

b. Labor claims, claims of tax authorities for unpaid taxes, social security quotas, worker's housing fund quotas, retirement fund quotas, as well as claims from secured or privileged creditors, will have priority over claims of the Lenders;

c. In the event that proceedings are brought in Mexico seeking performance of the obligations of the Guarantors in Mexico, pursuant to the Mexican Monetary Law, the Guarantors may discharge their obligations by paying any sums due in a currency other than Mexican currency, in Mexican currency at the rate of exchange prevailing in Mexico on the date when payment is made;

d. In the event that any legal proceedings are brought in the courts of Mexico, a Spanish translation of the documents required in such proceedings prepared by a court-approved translator would have to be approved by the court after the defendant has been given an opportunity to be heard with respect to the accuracy of the translation, and proceedings would thereafter be based upon the translated documents;

e. Provisions of the Loan Documents granting discretionary authority to the Lenders cannot be exercised in a manner inconsistent with relevant facts nor defeat any requirements from a competent authority to produce satisfactory evidence as to the basis of any determination; in addition, under Mexican law, each Guarantor will have the right to contest in court any notice or certificate of the Lenders purporting to be conclusive and binding;

f. Claims may become barred under the statutes of limitation, which are not waivable under Mexican law, or may become subject to defenses or set-off or counterclaim;

g. A Mexican court may stay proceedings held in such court if concurrent proceedings are being held elsewhere;

h. Under the laws of Mexico, the obligations of a guarantor are not independent from, and may not exceed, the obligations of the main obligor;

i. With respect to the provisions contained in the Loan Agreement in connection with service of process, it should be noted that service of process by mail does not constitute personal service of process under Mexican law and, since such service is considered to be a basic procedural requirement, if for purposes of proceedings outside Mexico service of process is made by mail, a final judgment based on such process would not be enforced by the courts of Mexico; and

j. We note that an obligation to pay interest on interest may not be enforceable in Mexico.

I have no reason to believe, nor do I believe, that any obligation under the Loan Agreement would violate or contravene Mexican public policy or laws or international treaties binding in Mexico.

I express no opinion in connection with Section 13.14 (Judgment Currency) of the Loan Agreement.

This opinion is furnished only to you in connection with the Transaction Documents and is solely for your benefit. Without my prior written consent, this opinion

may not be used or relied upon by, or assigned to, any other person for any purpose, except that (i) Skadden, Arps, Slate, Meagher and Flom, LLP may rely upon this opinion as to matters of the laws of Mexico in rendering their opinion pursuant to Section 4.02(a) of the Loan Agreement and (ii) any Person who becomes a Lender under Section 13.06(b) of the Loan Agreement after the date hereof may rely on this opinion as if it were originally addressed to such Lender and delivered on the date hereof. We do not assume any obligation to revise or supplement this opinion should any factual matters change or other transactions occur or should any laws or regulations be changed by legislative or regulatory action, judicial decision or otherwise.

Very truly yours,

Ramiro G. Villarreal Morales

FORM OF OPINION OF DUTCH OPINION TO THE CREDIT PARTIES

To ING Capital LLC, as Administrative Agent and
the Lenders listed on Schedule 1 hereto

Date [ ] December 2008
Our ref. 08A C 101684
Subject New Sunward Holding B.V./ Senior Unsecured Maturity Loan "B" Agreement

Dear Sirs,

We have acted as special Dutch counsel to New Sunward Holding B.V. (the "**Company**") in connection with a Senior Unsecured Maturity Loan "B" Agreement, dated as of the date hereof (the "**Maturity Loan "B" Agreement**"), by and among the Company, as Borrower, CEMEX S.A.B. de C.V. and CEMEX México, S.A. de C.V., as Guarantors, HSBC Securities (USA) Inc., as Sole Structuring Agent, HSBC Securities (USA) Inc., Banco Santander, S.A. and The Royal Bank of Scotland PLC, as Joint Lead Arrangers and Joint Bookrunners, ING Capital LLC, as Administrative Agent, and the several lenders party thereto and certain other agreements, instruments and documents related to the Maturity Loan "B" Agreement.

For purposes of this opinion, we have examined and relied on the documents listed in Schedule 2 and Schedule 3, which shall form part of this opinion. The documents listed in Schedule 2 are referred to as the "**Documents**" and the documents listed in Schedule 3 as the "**Certificates**."

Unless otherwise defined in this opinion or unless the context otherwise requires, words and expressions defined in the Maturity Loan "B" Agreement shall have the same meanings when used in this opinion. We understand that you require this opinion from us pursuant to Section 4.02 (c) of the Maturity Loan "B" Agreement.

In connection with such examination and in giving this opinion, we have assumed:

(a) the genuineness of the signatures to the Documents and the Certificates, the authenticity and completeness of the Documents and the Certificates submitted to us as originals, the conformity to the original documents of the Documents and the Certificates submitted to us as copies and the authenticity and completeness of these original documents;

(b) the legal capacity (*handelingsbekwaamheid*) of the natural persons acting on behalf of the parties, the due incorporation and valid existence of, the power and authority of, and the due authorisation and execution of the Documents and the power of attorney referred to in Schedule 3 paragraph c) by each of the parties thereto (other than the Company) under any applicable law (other than Dutch law);

(c) the validity, binding effect and enforceability of the Documents and the power of attorney referred to in Schedule 3 under the law of the State of New York;

(d) the accuracy, completeness, validity and binding effect of the Certificates (with the exception of the Articles) and the matters certified or evidenced thereby at the date hereof and any other relevant date; and

(e) for the duration of the Maturity Loan "B" Agreement the Company, under the Maturity Loan "B" Agreement, borrows exclusively from Lenders that qualify as professional market parties (*professionele marktpartijen*) within the meaning of the Financial Markets Supervision Act 2007 (*Wet op het financieel toezicht 2007*) (in reliance upon a letter dated 15 December 2006 issued by the Dutch Central Bank (*De Nederlandsche Bank N.V.*) this requirement can be considered satisfied if the amount borrowed by the Company from each existing or future Lender under the Maturity Loan "B" Agreement individually is not less than EUR 50,000 or its equivalent in any other currency).

This opinion is given only with respect to Dutch law as generally interpreted and applied by the Dutch courts at the date of this opinion. As to matters of fact we have relied on the Certificates and the representations and warranties contained in or made pursuant to the Documents and the Certificates. We do not express an opinion on the completeness or accuracy of the representations or warranties made by the parties to the Documents, matters of fact, matters of foreign law, international law, including, without limitation, the law of the European Union, and tax, anti-trust and competition law, except to the extent that those representations and warranties and matters of fact and law are explicitly covered by the opinions below. No opinion is given on commercial, accounting or non-legal matters or on the ability of the parties to meet their financial or other obligations under the Documents.

Based on and subject to the foregoing, and subject to the qualifications set out below and matters of fact, documents or events not disclosed to us, we express the following opinions:

1. The Company is duly incorporated and is validly existing under Dutch law as a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) and possesses the capacity to sue and to be sued in its own name.

2. The Extract does not reveal that the Company has been dissolved (*ontbonden*) or has been declared bankrupt (*failliet verklaard*) or that it has been granted a (provisional) suspension of payment ((*voorlopige*) *surséance van betaling verleend*) or any order for

the administration of the assets of the Company has been made (*onder bewind gesteld*), which has also been confirmed to us by telephone on the time and date hereof by the Court registry of the Civil Law Section (*sector civiel recht*) of the Amsterdam District Court and the Central Insolvency Register (*Centraal Insolventieregister*) (including the section on EU registration) on www.rechtspraak.nl.

3. The Company has the corporate power and capacity to execute the Documents, to perform its obligations thereunder and to consummate the transactions contemplated therein.

4. The Company has taken all necessary corporate action to authorise the execution of the Documents, the performance of its obligations thereunder and the consummation of the transactions contemplated therein.

5. Each of the Documents has been duly executed under applicable law on behalf of the Company by Humberto Lozano Vargas and/or Jaime Armando Chapa Gonzalez and/or Agustin de Jesus Blanco Garza individually and severally as attorney pursuant to the power of attorney referred to in Schedule 3 paragraph c) and constitutes valid and legally binding obligations of the Company enforceable in accordance with its terms and would be so treated in the Dutch courts. Each of those Documents is in proper form for its enforcement in the Dutch courts.

6. It is not necessary in order to ensure the validity, enforceability or admissibility in evidence of the Documents against the Company in the Dutch courts that those Documents or any other document in connection therewith be filed, registered of recorded with governmental, judicial or public bodies or authorities in The Netherlands or that any other action be taken in The Netherlands.

7. The execution by the Company of the Documents, the performance of its obligations thereunder and the consummation of the transactions contemplated therein do not conflict with or result in a violation of (i) any provision of the Articles of the Company; (ii) any existing provision of, or rule or regulation under, the law of The Netherlands, applicable to companies generally; or (iii) any judgment or order of any court or arbitrator or governmental or regulatory authority in The Netherlands.

8. No authorisations, consents, approvals, licences or exemptions from governmental, judicial or public bodies or authorities in The Netherlands are required for the execution of the Documents by the parties thereto, the performance of their respective obligations thereunder and the consummation of the transactions contemplated therein.

9. The obligations of the Company under the Documents will rank at least *pari passu* with all the other present or future unsecured and unsubordinated obligations of the Company, except for those obligations that have been accorded preferential rights by law and those obligations that are subject to rights of set-off or counterclaim.

10. The choice of the law of the State of New York to govern the Documents is a valid choice of law and the irrevocable submission thereunder by the Company to the non-exclusive jurisdiction of any state or federal court sitting in New York and the waiver of any objection to the venue of a proceeding in any such court, are valid and legally binding on the Company. This choice of law and this submission would be upheld by the Dutch courts.

11. In proceedings taken in The Netherlands, neither the Company nor any of its assets is immune from legal action or proceeding (including, without limitation, suit, attachment prior to judgment, execution or other legal process).

12. A final judgment rendered by a state or federal court sitting in New York would not automatically be enforceable in The Netherlands. However, a final judgment obtained in any such court (the "**NY Judgment**") that is not rendered by default and which is not subject to appeal or other means of contestation and is enforceable in New York with respect to the payment obligations of the Company under the Documents would generally be upheld and regarded by a Dutch court of competent jurisdiction as conclusive evidence when asked to render a judgment in accordance with the NY Judgment, without substantive re-examination or re-litigation of the subject matter thereof, provided, however that the NY Judgment has been rendered by a court of competent jurisdiction, in accordance with the principles of due process, its content and enforcement do not conflict with Dutch public policy and has not been rendered in proceedings of a penal or revenue or other public nature.

13. It is not necessary for the execution, performance or enforcement in The Netherlands of the Documents, that the Lenders be licensed, registered, qualified or otherwise entitled to carry on business in The Netherlands and no Lender is and will be deemed to be resident, domiciled or carrying on business in The Netherlands merely by reason of the execution, performance or enforcement of the Documents, the holding of the Maturity "B" Notes or the making or receipt of any payment under the Documents, including the Maturity "B" Notes.

14. There are no exchange control restrictions in The Netherlands, that would restrict the ability of a Lender to exercise its rights against the Company under the Documents or to remit the proceeds of enforcement thereof out of The Netherlands.

15. A judgment rendered by a Dutch court against the Company with respect to its payment obligations under a Document would, if requested, be expressed in the currency in which this money is payable.

16. No stamp (*zegelrechten*), registration duties or similar taxes or charges are payable under the laws of The Netherlands in connection with the execution, performance or enforcement of the Maturity Loan "B" Agreement or any of the other Documents, other than court fees in respect of proceedings in the Dutch courts.

17. Payments of principal or interest by the Company under the Documents will not be subject to Dutch withholding tax, provided that any such payments do not qualify as and will not be construed as income from shares (*opbrengst van aandelen*) of the Company, income from profit rights (*opbrengst van winstbewijzen*) of the Company and income from loans to the Company entered into under such conditions that they in fact function as equity (*opbrengst van leningen onder zodanige voorwaarden aangegaan dat deze feitelijk functioneren als eigen vermogen*) of the Company, and we have no reason to believe at this time, and do not believe, that any such payments will be considered income from such shares, profit rights and loans.

18. There are no actions, suits or proceedings pending against the Company before any court in The Netherlands and no steps have been, or are being, taken to compulsorily wind-up the Company and no resolution to voluntarily wind-up the Company has been adopted by its respective members.

19. The appointment by the Company of CT Corporation Systems as its agent for the purpose described in Section 13.12 of the Maturity Loan "B" Agreement or any other similar provision in any of the Documents is valid, binding and effective. Service of process effected in the manner set forth in Section 13.12 of the Maturity Loan "B" Agreement or any other similar provision in any of the Documents, assuming its validity under the laws of the State of New York, will be effective, insofar as Dutch law is concerned, to confer valid personal jurisdiction over the Company.

The opinions expressed above are subject to the following qualifications:

(A) Our opinions expressed herein are subject to and limited by applicable bankruptcy, suspension of payment, insolvency, reorganisation and other laws relating to or affecting the rights of creditors or secured creditors generally.

(B) Delivery of documents is not a concept of Dutch law.

(C) The enforcement in The Netherlands of the Documents is subject to the Dutch rules of civil procedure as applied by the Dutch courts.

(D) The availability in the Dutch courts of the remedies of injunction and specific performance is at the discretion of the courts.

(E) The Dutch courts may stay or refer proceedings if concurrent proceedings are being brought elsewhere.

(F) The Dutch courts may render judgments for a monetary amount in foreign currencies, but these foreign monetary amounts may be converted into Euros for enforcement purposes. Foreign currency amounts claimed in a Dutch (provisional) suspension of payment or bankruptcy proceeding will be converted into Euros at the rate prevailing at commencement of that proceeding.

(G) The choice of the law of the State of New York to govern the Documents would be upheld by the Dutch courts, although under the rules of Dutch private international law (and those of the Convention on the Law Applicable to Contractual Relations of 19 June 1980 (the " **Rome Convention**")), (i) effect may be given to the mandatory rules of the law of another country with which the situation has a close connection, if and insofar as, under the law of that other country, those mandatory rules must be applied regardless of the law applicable to the contract (Article 7 of the Rome Convention) or (ii) the application of a term or condition of the Documents or a rule of foreign law applicable thereto under the Rome Convention may be refused if that application is manifestly incompatible with Dutch public policy (Article 16 of the Rome Convention). With the express reservation that we are not qualified to assess the exact meaning and consequences of the respective terms and conditions of the Documents under the law of the State of New York, on the face of those Documents, we are not aware of any condition therein that is likely to give rise to situations (i)where the mandatory rules of Dutch law will be applied by the Dutch courts irrespective of the law otherwise applicable to those Documents or (ii) that appear to be *prima facie* manifestly incompatible with Dutch public policy.

(H) The obligations of the Company under the Documents may be contested by it or by its receiver in bankruptcy on the basis of Section 2:7 of The Netherlands Civil Code, if both (a) the execution and performance of the Documents cannot serve the attainment of the objects as expressed in the articles of association of the Company (having regard to all relevant circumstances such as, whether the execution and performance of the Documents is in the Company's corporate interest (*vennootschappelijk belang*) and whether or not the subsistence of the Company could be jeopardised by the performance of its obligations under the Documents), and (b) the counterparties to the Documents knew or should reasonably have known (without any enquiry) of this fact. However, unless and until the Company has successfully invoked the nullity of the Documents on this basis, the Documents remain valid, binding and enforceable (unless they would be void on other grounds).

As regards (a):

In determining whether the entering into of the transactions contemplated by the Documents is in furtherance of the objects and purposes of a Netherlands company, it is important to consider (x) the text of the objects clause in the articles of association of such Netherlands company, (y) whether such transactions (including the granting of such guarantee or security) are in The Netherlands company's corporate interest (*vennootschappelijk belang*) and to its benefit, and (z) whether or not the subsistence of such Netherlands company is jeopardised by such transactions.

The mere fact that a certain transaction (*rechtshandeling*) is explicitly mentioned in a Netherlands company's objects clause is not sufficient to determine with certainty whether or not the Documents will or will not be *ultra vires.* This is because, following a majority of the authoritative legal writers, the Supreme Court of The Netherlands has rendered judgments that a transaction should in any event be in the corporate interest of a Netherlands company in order to be *intra vires.* As it cannot reasonably be expected of

counterparties to make an assessment of corporate interest in each transaction they enter into with a Dutch company, the test proposed in authoritative literature is that it should have been obvious to the counterparty that a certain transaction was contrary to a company's corporate interest in order for that transaction to be voided on the grounds of *ultra vires.* In case the Documents would ever be challenged by the Company on such grounds, the Lenders should be able to demonstrate that they had *no* indication that the Documents were *not* in the Company's corporate interest.

For purposes of this opinion we have assumed that the Company's execution and performance of the Documents are in its corporate interest.

As regards (b):

Because the criteria for determining whether requirement (a) is met are mostly factual, absolute certainty cannot be provided. Consequently, it is often advisable to achieve protection against *ultra vires* by obtaining and relying on confirmations as to (a) from a Dutch company. This type of comfort would typically consist of a statement or representation from the company's highest executive body, i.e. in this case the managing directors (*bestuur*). The purpose of such a statement or representation is to ensure that the second requirement for a successful *ultra vires* challenge is not met. In the event that a Netherlands company invokes (the defence of) *ultra vires* before a Netherlands court, and the counterparty to the relevant transaction can demonstrate that it relied on statements as to the scope of the company's objects clause or its corporate benefit made by that company's managing director(s) (such as those contained in the Board Resolutions) *prior to entering into the relevant agreements,* this will give rise to the presumption that such counterparty could reasonably have assumed that the transaction was within the company's objects. This presumption will avoid the defence being invoked successfully, provided that it cannot be established that the beneficiary had actual knowledge that could rebut such presumption.

In the present case the managing directors of the Company have all signed the Board Resolutions, which contain certain confirmations. Since according to such statements and representations the execution and performance of the Documents is and will be in its corporate interest and to its benefit (which statements we assume to be correct without any investigation on our part), and do not breach its articles of association and assuming that the Lenders will be entering into the Documents in *bona fide* reliance on the statements made in the Board Resolutions (i.e. had no indication whatsoever that the transactions contemplated thereby were not in the Company's corporate benefit), having given consideration to recent case law and literature, it may reasonably be expected that the execution of the Documents cannot be challenged successfully on the basis of Section 2:7 of The Netherlands Civil Code by the Company or its receiver in bankruptcy.

(I) Our opinions expressed herein are further subject to the effect of general principles of equity, including (without limitation) the concepts or materiality, reasonableness and fairness (*redelijkheid en billijkheid* as known under Netherlands law), imprévision, misrepresentation, good faith and fair dealing and subject to the concepts of error (*dwaling*) and fraud (*bedrog*).

(J) A power of attorney granted by a Dutch company will automatically, *i.e.* by operation of law, terminate upon the bankruptcy of the company or become ineffective, when this company has been granted a (provisional) suspension of payment. To the extent that the appointment of a process agent by the Company constitutes the granting of a power of attorney to that process agent, the service of process on that agent, after the Company has been declared bankrupt or it has been granted a (provisional) suspension of payments, would not be valid and effective, other than to the extent authorised by the public receiver (*curator*) or administrator (*bewindvoerder*), as the case may be.

(K) We have assumed that the Extract fully and accurately reflects the corporate status and position of the Company. It is noted, however, that the Extract may not completely and accurately reflect this status and position insofar as there may be a delay between the taking of a corporate action (such as the issuance of shares, the appointment or removal of a director, a winding-up (*ontbinding*) or (provisional) suspension of payment resolution or the making of a court order, like a winding-up, (provisional) suspension of payment or bankruptcy order) and the filing of the necessary documentation at the Commercial Register and a further delay between that filing and an entry appearing on the file of the relevant party at the Commercial Register.

(L) In issuing this opinion we do not assume any obligation to notify or to inform you (or any other person entitled to rely on this opinion) of any development subsequent to its date that might render its contents untrue or inaccurate in whole or in part at such time.

(M) As to the opinions 7(iii) and 18 we have relied solely upon a management certificate from the Company; we have assumed that the statements made therein are accurate and correct in all respects and we have not investigated any of the matters addressed therein.

This opinion, which is strictly limited to the matters expressly stated herein is given subject to the conditions, including the limitation of liability, set out at the bottom of the front page of this opinion letter and on the basis that this opinion is governed by and to be construed in accordance with Dutch law and that any action, arising out of it, is to be determined by a competent court in Amsterdam which shall have exclusive jurisdiction in relation thereto.

This opinion is given solely for the benefit of the Administrative Agent the Lenders identified on Schedule 1 hereto and their respective legal advisors in this particular matter and the context specified herein. It may not, without our prior written consent, be transmitted or otherwise disclosed to, or relied upon by, others, referred to in other matters or context whatsoever, or be quoted or made public in any way.

Yours faithfully,

Warendorf

A. The Borrower, the Guarantors, the several Lenders party thereto, the Administrative Agent, HSBC Securities (USA) Inc., as Sole Structuring Agent, Joint Lead Arranger and Joint Bookrunner, Banco Santander, S.A., as Joint Lead Arranger and Joint Bookrunner, and The Royal Bank of Scotland PLC, as Joint Lead Arranger and Joint Bookrunner, are parties that certain Senior Unsecured Maturity Loan "B" Agreement, dated as of December 31, 2008 (as now or hereafter amended, restated, waived or otherwise modified, the " Maturity Loan "B" Agreement ").

B. The Borrower has requested that the Administrative Agent and the Lenders consent to the following amendment to the Maturity Loan "B" Agreement.

C. This Amendment No. 1 shall constitute a Transaction Document and these Recitals shall be construed as part of this Amendment No. 1.

NOW THEREFORE, in consideration of the premises and the mutual covenants hereinafter contained, and of the Loans and other extensions of credit heretofore, now or hereafter made to, or for the benefit of, the Borrower by the Lenders, the Borrower, the Guarantors, the Administrative Agent, and the Lenders hereby agree as follows:

1. Definitions. Except to the extent otherwise specified herein, capitalized terms used in this Amendment No. 1 shall have the same meanings ascribed to them in the Maturity Loan "B" Agreement.

2. Amendments. Subject to Section 4, the Maturity Loan "B" Agreement is hereby amended as follows:

2.1 The definition for "EBITDA" in Section 1.01 (" Certain Definitions") shall be deleted and replaced in its entirety with the following language:

""EBITDA" means, for any period, the sum for the Parent and its Subsidiaries, determined on a consolidated basis of (a) operating income (*utilidad de operación*), (b) cash interest income and (c) depreciation and amortization expense, in each case determined in accordance with Applicable GAAP, subject to the adjustments herein, consistently applied for such period and adjusted for Discontinued

EBITDA as follows: if the amount of Discontinued EBITDA is a positive amount, then EBITDA shall increase by such amount, and if the amount of Discontinued EBITDA is a negative amount, then EBITDA shall decrease by the absolute value of such amount. For the purposes of calculating EBITDA for any applicable period pursuant to any determination of the Consolidated Net Debt / EBITDA Ratio (but not the Consolidated Fixed Charge Coverage Ratio): (A) (i) if at any time during such applicable period the Parent or any of its Subsidiaries shall have made any Material Disposition, the EBITDA for such applicable period shall be reduced by an amount equal to the EBITDA (if positive) attributable to the property that is the subject of such Material Disposition for such applicable period (but when the Material Disposition is by way of lease, income received by the Parent or any of its Subsidiaries under such lease shall be included in EBITDA) and (ii) if at any time during such applicable period the Parent or any of its Subsidiaries shall have made any Material Acquisition, EBITDA for such applicable period shall be calculated after giving *pro forma* effect thereto (including the incurrence or assumption of any Debt) as if such Material Acquisition had occurred on the first day of such applicable period. Additionally, if since the beginning of such applicable period any Person that subsequently shall have become a Subsidiary or was merged or consolidated with the Parent or any of its Subsidiaries as a result of a Material Acquisition occurring during such applicable period shall have made any Disposition or Acquisition of property that would have required an adjustment pursuant to clause (i) or (ii) above if made by the Parent or any of its Subsidiaries during such applicable period, EBITDA for such period shall be calculated after giving *pro forma* effect thereto as if such Disposition or Acquisition had occurred on the first day of such applicable period; and (B) all EBITDA for each applicable period ending on or after December 31, 2008 will be recalculated by multiplying each month's EBITDA by the Ending Exchange Rate and dividing the amount obtained thereto by the exchange rate used by the Parent in preparation of its monthly financial statements in accordance with Mexican FRS to convert U.S.$ into Mexican pesos (such recalculated EBITDA being the " Recalculated EBITDA"), provided, that, the Required Lenders shall have the option, with respect to any Reference Period ending after December 31, 2009, to discontinue the incorporation of Recalculated EBITDA into the Consolidated Net Debt/EBITDA Ratio (the "Discontinue Option"). The Required Lenders may exercise the Discontinue Option upon notice to the Administrative Agent, who shall, acting upon the instructions of the Required Lenders, notify the Parent of such exercise in writing (the " Notice of Discontinuance") at least thirty (30) days prior to the end of such Reference Period. Subject to the foregoing notice requirements, such Discontinue Option shall be effective for each Reference Period ending after the date of such Notice of Discontinuance to the Parent as set forth herein."

2.2 The definition for "Ending Exchange Rate" in Section 1.01 (" Certain Definitions") shall be deleted and replaced in its entirety with the following language:

""Ending Exchange Rate" means the exchange rate at the end of a Reference Period for converting U.S.$ into Mexican pesos, used by the Parent and its auditors in preparation of the Parent's financial statements in accordance with Mexican FRS."

3.4 The execution, delivery and performance of this Amendment No. 1 does not, and will not, contravene or conflict with any provision of (i) any Requirement of Law, (ii) any judgment, decree or order, or (iii) the certificate or articles of incorporation or by-laws or other constituent documents of the Borrower and the Credit Parties, and does not, and will not, contravene or conflict with, or cause any Lien to arise under, any provision of any Contractual Obligation applicable to the Borrower and the Credit Parties.

RECITALS

A. The Borrower, the Guarantor, and the Lender, are parties to that certain credit agreement, dated as of June 25, 2008, in the amount of U.S.$500,000,000 (as now or hereafter amended, restated or otherwise modified, the " Credit Agreement").

B. The Borrower has requested that the Lender consent to the following amendment to the Credit Agreement.

C. This Amendment No. 1 shall constitute a Transaction Document and these Recitals shall be construed as part of this Amendment No. 1.

NOW THEREFORE, in consideration of the premises and the mutual covenants hereinafter contained, and of the Loan and other extensions of credit heretofore, now or hereafter made to, or for the benefit of, the Borrower by the Lender, the Borrower and the Lender hereby agree as follows:

1. Definitions. Except to the extent otherwise specified herein, capitalized terms used in this Amendment No. 1 shall have the same meanings ascribed to them in the Credit Agreement.

2. Amendments. Subject to Section 5, the Credit Agreement is hereby amended as follows:

2.1 The definition for "Acquisition" in Section 1.01 (" Certain Definitions") shall be deleted and replaced in its entirety with the following language:

""'Acquisition" means any merger, consolidation, acquisition or lease of assets, acquisition of securities or business combination or acquisition, or any two or more of such transactions, if upon the completion of such transaction or transactions, the Borrower or any Subsidiary thereof has acquired an interest in assets comprising all or substantially all of an operating unit, division or line of business or in any Person who is deemed to be a Subsidiary under this Agreement and was not a Subsidiary prior thereto."

2.2 The definition for "Business Day" in Section 1.01 (' Certain Definitions") shall be deleted and replaced in its entirety with the following language:

""'Business Day" means any day other than a Saturday or Sunday or other day on which commercial banks in New York City or Mexico City are authorized or required by law to close and, if such day relates to any LIBOR Loan, means any such day on which dealings in Dollar deposits are conducted by and between banks in the London interbank market."

Schedule 5.06

Litigation

A description of material actions, suits, investigations, litigations or proceedings, including Environmental Actions, affecting Borrower or any of its Subsidiaries before any court, Governmental Authority or arbitrator is provided below.

Environmental Matters

United States

As of November 30, 2008, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.$42.6 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, which might be categorized as hazardous substances or wastes, and (ii) the cleanup of sites used or operated by CEMEX, Inc., including discontinued operations, regarding the disposal of hazardous substances or wastes, either individually or jointly with other parties. Most of the proceedings are in the preliminary stage, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. considers that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. Based on information available to date, CEMEX, Inc. does not believe it will be required to spend significant sums on these matters, in excess of the amounts previously recorded. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with or litigation against potential sources of recovery have been completed.

CEMEX Construction Materials Florida, LLC f/k/a Rinker Materials of Florida, Inc., a subsidiary of CEMEX, Inc., holds one federal quarry permit and is the beneficiary of one of 10 other federal quarrying permits granted for the Lake Belt area in South Florida. The permit held by CEMEX Florida covers CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Krome quarry is operated under one of the other federal quarry permits. The FEC quarry is the largest of CEMEX Floridas' quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry. A ruling was issued on March 22, 2006 by a judge of the U.S. District Court for the Southern District of Florida in connection with litigation brought by environmental groups concerning the manner in which the permits were granted. Although not named as a defendant, CEMEX Florida has intervened in the proceedings to protect its interests. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the relevant governmental agencies in connection with the issuance of the permits. The judge remanded the permits to the relevant governmental agencies for further review, which review the governmental agencies have indicated in a recent announcement should take until mid February 2009 to conclude. The judge also conducted further proceedings to determine the activities to be conducted during the remand period. In July 2007, the judge issued a ruling that halted certain quarrying operations at three non-CEMEX Florida quarries. The judge left in place CEMEX Florida's Lake Belt permits until the relevant government agencies complete their review. In a May 2008 ruling, the federal appellate court determined that the district court judge did not apply the proper standard of review to the permit issuance decision of the governmental agency, vacated the district court's prior order, and remanded the proceeding to the district court to apply the proper standard of review; this review remains pending before the district court judge. If the Lake Belt permits are ultimately set aside or quarrying operations under them restricted, CEMEX Florida will need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely

affect profits from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt could also have a material adverse effect on our financial results.

Europe

In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulator view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of approximately £122 million, and an accounting provision for this sum has been made at December 31, 2007.

In 2003, the European Union adopted a directive implementing the Kyoto Protocol on climate change and establishing a greenhouse gas emissions allowance trading scheme within the European Union. The directive requires Member States to impose binding caps on carbon dioxide emissions from installations involved in energy activities, the production and processing of ferrous metals, the mineral industry (including cement production) and the pulp, paper or board production business. Under this scheme, companies with operations in these sectors receive from the relevant Member States allowances that set limitations on the levels of greenhouse gas emissions from their installations. These allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that are not reaching their emissions objectives. Companies can also use credits issued from the use of the flexibility mechanisms under the Kyoto protocol to fulfill their European obligations. These flexibility mechanisms provide that credits (equivalent to allowances) can be obtained by companies for projects that reduce greenhouse gas emissions in emerging markets. These projects are referred to as Clean Development Mechanism ("CDM") or joint implementation projects depending on the countries where they take place. Failure to meet the emissions caps is subject to heavy penalties.

Companies can also use, up to a certain level, credits issued under the flexible mechanisms of the Kyoto protocol to fulfill their European obligations. Credits for Emission Reduction projects obtained under these mechanisms are recognized, up to a certain level, under the European emission trading scheme as allowances. To obtain these emission reduction credits, companies must comply with very specific and restrictive requirements from the United Nations Convention on Climate Change (UNFCC).

As required by directive, each of the Member States established a National Allocations Plan, or NAP, setting out the allowance allocations for each industrial facility for Phase I, from 2005 to 2007. Based on the NAPs established by the Member States of the European Union for the 2005 to 2007 period and our actual production, on a consolidated basis after trading allowances between our operations in countries with a deficit of allowances and our operations in countries with an excess of allowances, and after some external operations, Borrower’s Subsidiaries had a surplus of allowances of approximately 1,050,054 tons of carbon dioxide in this Phase I.

For Phase II, comprising 2008 through 2012, however, there has been a reduction in the allowances granted by the Member States that have already approved their NAP, which may result in a consolidated deficit in our carbon dioxide allowances during the period. We believe we may be able to reduce the impact of any deficit by either reducing carbon dioxide emissions in our facilities or by obtaining additional emission credits through the implementation of CDM projects. If we are not successful in implementing emission reductions in our facilities or obtaining credits from CDM projects, we may have to purchase a significant amount of emission credits in the market, because CEMEX has already sold a substantial amount of allowances for Phase II, the cost of which may have an impact on our

operating results. As of December 1, 2008, the market value of carbon dioxide allowances for Phase II was approximately 15.45 € per ton. CEMEX is taking all the measures to minimize our exposure to this market while assuring the supply of our products to our clients.

The Spanish NAP has been finally approved by the Spanish Government, reflecting the conditions that were set forth by the European Commission. The allocations made to our installations allow us to foresee certain availability of allowances, nevertheless, there remains the uncertainty regarding the allocations that, against the reserve for new entrants, shall be requested for the new CEMEX cement plant in Andorra (Teruel), currently under construction, and that it is scheduled to start operating in 2010.

On May 29, 2007, the Polish government filed an appeal before the Court of First Instance in Luxemburg regarding the European Commission's rejection of the initial version of the Polish NAP. The Court has denied Poland's request for a quick path verdict in the case, keeping the case in the regular proceeding path, therefore, the Polish government has started to prepare Polish internal rules on division of allowance at the level already accepted by the European Commission. Seven major Polish cement producers, representing 98% of Polish cement production (including CEMEX Polska), have also filed seven separate appeals before the Court of First Instance regarding the European Commission's rejection. On September 29, 2008 the Court of the First Instance issued an order rejecting CEMEX Polska's appeal without going into the merit of the case. As of December 4, 2008 the final version of the Polish NAP has not been cleared by the Commission; CEMEX's has not determined the impact this may have on CEMEX¨s position in the country.

Tax Matters

Pursuant to amendments to the Mexican income tax law (*Ley del Impuesto sobre la Renta*), which became effective on January 1, 2005, Mexican companies with direct or indirect investments in entities incorporated in foreign countries whose income tax liability in those countries is less than 75% of the income tax that would be payable in Mexico will be required to pay taxes in Mexico on passive income such as dividends, royalties, interest, capital gains and rental fees obtained by such foreign entities, provided that the income is not derived from entrepreneurial activities in such countries (income derived from entrepreneurial activities is not subject to tax under these amendments). We filed two motions in the Mexican federal courts challenging the constitutionality of the amendments. On June 29, 2006, we obtained a favorable ruling from the Mexican federal court stating that the amendments were unconstitutional. The Mexican tax authority appealed the ruling, and the proceeding was attracted by the Mexican Supreme Court of Justice. On September 9, 2008, the Mexican Supreme Court ruled against CEMEX's constitutional challenge of the controlled foreign corporation tax rules in effect in Mexico for tax years 2005 to 2007. Since the Supreme Court's decision does not pertain to an amount of taxes due or other tax obligations, CEMEX will self-assess any taxes due through the submission of amended tax returns. CEMEX has not yet determined the amount of tax or the periods affected. Based on a preliminary estimate, CEMEX believes this amount will not be material, but no assurance can be given that additional analysis will not lead to a different conclusion. If the tax authorities do not agree with CEMEX's self-assessment of the taxes due for past periods, they may assess additional amounts of taxes past due, which may be material and may impact CEMEX cash flows.

The Mexican Congress approved several amendments to the Mexican Asset Tax Law (Ley del Impuesto al Activo) that came into effect on January 1, 2007. As a result of such amendments, all Mexican corporations, including us, are no longer allowed to deduct their liabilities from the calculation of the asset tax. We believe that the Asset Tax Law, as amended, is against the Mexican constitution. We have challenged the Asset Tax Law through appropriate judicial action (juicio de amparo).

The asset tax was imposed at a rate of 1.25% on the value of most of the assets of a Mexican corporation. The asset tax was "complementary" to the corporate income tax (*impuesto sobre la renta*) and, therefore, was payable only to the extent it exceeded payable income tax.

Philippines

As of November 30, 2008, the Philippine Bureau of Internal Revenue (BIR), had assessed APO, Solid, IQAC, ALQC and CSPI, our operating subsidiaries in the Philippines, for deficiency taxes covering taxable years 1998-2005 amounting to a total of approximately 1,994 million Philippine Pesos (approximately U.S.$40.727 million as of November 30, 2008, based on an exchange rate of Philippine Pesos 48.96 to U.S.$1.00, which was the Philippine Peso/Dollar exchange rate on November 30, 2008 as published by the Bangko Sentral ng Pilipinas, the central bank of the Republic of the Philippines).

The majority of the tax assessments result primarily from the disallowance of APO's income tax holiday incentives for taxable years 1999 to 2001 (approximately Philippine Pesos 1,078 million or U.S.$22.1 million as of November 30, 2008, based on an exchange rate of Philippine Pesos 48.96 to U.S.$1.00). We have contested the BIR's assessment, arising from the disallowance of the ITH incentive, with the Court of Tax Appeals (CTA). The initial Division ruling of the CTA was unfavorable, but is subject to further appeal with the CTA as a whole. The assessment is now currently on appeal with the CTA En Banc. A motion was filed with the CTA, requesting the court to hold APO totally not liable for alleged income tax liabilities for all the years covered and to this end cancel and withdraw APO's deficiency income tax assessments for taxable years 1999, 2000 and 2001 on the basis of APO's availment of the tax amnesty described below. As of November 30, 2008, resolution on the aforementioned motion is still pending.

CEMEX Venezuelan Nationalization

In furtherance of Venezuela’s announced policy to nationalize certain sectors of the economy, on June 18, 2008, the Nationalization Decree was promulgated, mandating that the cement production industry in Venezuela be reserved for the Government of Venezuela and ordering the conversion of foreign-owned cement companies, including CEMEX Venezuela, into state-controlled companies with Venezuela holding an equity interest of at least 60%. The Nationalization Decree provided for the formation of a transition committee to be integrated with the board of directors of the relevant cement company to guaranty the transfer of control over all activities of the relevant cement company to Venezuela by December 31, 2008. The Nationalization Decree further established a deadline of August 17, 2008 for the shareholders of foreign-owned cement companies, including CEMEX Venezuela, to reach an agreement with the Government of Venezuela on the compensation for the nationalization of their assets. The Nationalization Decree also provided that this deadline may be extended by mutual agreement of the Government of Venezuela and the relevant shareholder. The transition committee, which was to be coordinated by the Ministry of Basic Industries (MIBAN), was never formally instituted and MIBAN never acted in the process, but instead Petroleos de Venezuela (PDVSA) conducted all the conversations.

CEMEX Venezuela and the Government did not reach agreement by the August 17 deadline, and on August 18 the Expropriation Decree was issued by the President of Venezuela, with PDVSA appointed to conduct the expropriation proceedings. Although these proceedings had not yet commenced, PDVSA officials headed a group of PDVSA workers, with the support of the public force, to take over all the facilities of CEMEX Venezuela on August 17. Since no agreement has been reached with the Venezuelan Government as to the compensation to be paid, the Dutch companies that control CEMEX Venezuela filed an arbitration request before the International Center for the Settlement of Investment Disputes against the Government of Venezuela, which request has been registered and the tribunal is in the process of being formed.

As of December 31, 2007, CEMEX Venezuela, S.A.C.A. was the holding entity of several of CEMEX's investments in the region, including CEMEX's operations in the Dominican Republic and Panama, as well as CEMEX's minority investment in Trinidad. In the wake of statements by the Government of Venezuela about the nationalization of assets in Venezuela, in April 2008, CEMEX concluded the transfer of all material non-Venezuelan investments to CEMEX España for approximately U.S.$355 million plus U.S.$112 million of net debt, having distributed all accrued profits from the non-Venezuelan investments to the stockholders of CEMEX Venezuela amounting to approximately U.S.$132 million. At this time, the net impact or the outcome of the nationalization on CEMEX's consolidated financial results cannot be reasonably estimated. As of June 30, 2008 the net assets of CEMEX's Venezuelan operations under Mexican FRS were approximately [U.S.$821.7]. Since August 2008, CEMEX no longer consolidates the financial results of CEMEX Venezuela.

On June 13, 2008, the Venezuelan securities authority initiated an administrative proceeding against CEMEX Venezuela, claiming that the company did not sufficiently inform its shareholders and the securities authority in connection with the transfer of the non-Venezuelan assets described above. The Venezuelan authority determined that CEMEX Venezuela did not comply with its disclosure obligations and imposed fines on the company, which we do not consider material, and requested the attorney general's office to review the case to determine if such non-disclosure also constituted criminal infringement.

Other Legal Proceedings

On August 5, 2005, a lawsuit was filed against a subsidiary of CEMEX Colombia, claiming that it was liable along with the other members of the *Asociación Colombiana de Productores de Concreto*, or ASOCRETO, a union formed by all the ready-mix concrete producers in Colombia, for the premature distress of the roads built for the mass public transportation system of Bogotá using ready-mix concrete supplied by CEMEX Colombia and other ASOCRETO members. The plaintiffs allege that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs seek the repair of the roads in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair will be approximately U.S.$45 million. The lawsuit was filed within the context of a criminal investigation of two ASOCRETO officers and other individuals, alleging that the ready-mix concrete producers were liable for damages if the ASOCRETO officers were criminally responsible. The court completed the evidentiary stage, and on August 17, 2006 dismissed the charges against the members of ASOCRETO. The other defendants (one ex-director of the Distrital Institute of Development, the legal representative of the constructor and the legal representative of the contract auditor) were formally accused. The decision was appealed, and on December 11, 2006, the decision was reversed and the two ASOCRETO officers were formally accused as participants (determiners) in the execution of a state contract without fulfilling all legal requirements thereof. The first public hearing took place on November 20, 2007. In this hearing the judge dismissed an annulment petition filed by the ASOCRETO officers. The petition was based on the fact that the officers were formally accused of a different crime than the one they were being investigated for. This decision was appealed, but the decision was confirmed by the Superior Court of Bogota. On January 21, 2008, CEMEX Colombia was subject to a judicial order, issued by the court, sequestering a quarry called El Tujuelo, as security for a possible future money judgment to be rendered against CEMEX Colombia in these proceedings. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required within a period of 10 days to deposit with the Court in cash CoP$337,800 million (approximately

U.S.$195 million as of June 4, 2008, based on an exchange rate of CoP1730 to U.S.$1.00, which was the Colombian Peso/Dollar exchange rate on June 4, 2008, as published by the *Banco de la República de Colombia*, the central bank of Colombia), instead of being allowed to post an insurance policy to secure such recovery. CEMEX Colombia asked for reconsideration, and the court allowed CEMEX to present an insurance policy. Nevertheless, CEMEX appealed this decision, in order to reduce the amount of the insurance policy, and also requested that the guarantee be covered by all defendants in the case. The measure does not affect the normal activity of the quarry. At this stage, we are not able to assess the likelihood of an adverse result or the potential damages which could be borne by CEMEX Colombia.

On August 5, 2005, Cartel Damages Claims, SA, or CDC, filed a lawsuit in the District Court in Düsseldorf, Germany against CEMEX Deutschland AG and other German cement companies. CDC is seeking €102 million in respect of damage claims by 28 entities relating to alleged price and quota fixing by German cement companies between 1993 and 2002, which entities had assigned their claims to CDC. CDC is a Belgian company established by two lawyers in the aftermath of the German cement cartel investigation that took place from July 2002 to April 2003 by Germany's Federal Cartel Office with the express purpose of purchasing potential damages claims from cement consumers and pursuing those claims against the cartel participants. In January 2006, another entity assigned alleged claims to CDC, and the amount of damages being sought by CDC increased to €113.5 million plus interest. On February 21, 2007, the District Court of Düsseldorf decided to allow this lawsuit to proceed without going into the merits of this case by issuing an interlocutory judgment. All defendants appealed. The appeal hearing took place on April 22, 2008, and the appeal was dismissed on May 14, 2008. The lawsuit will proceed at the level of court of first instance. As of September 30, 2008 only one defendant has decided to file a complaint before the Federal High Court; this will delay the case from proceeding at the level of first instance to an extent we cannot assess today. In the meantime, CDC had acquired new assigners and announced an increase in the claim to €131 million. As of November 30, 2008, we had accrued liabilities regarding this matter for a total amount of approximately €20 million.

After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans defining the development zones within their respective municipalities, adversely impacting the mining concession granted to Dalmacijacement, our subsidiary in Croatia, by the Government of Croatia in September 2005. During the consultation period, Dalmacijacement submitted comments and suggestions to the Master Plans, but these were not taken into account or incorporated into the Master Plan by Kaštela and Solin. Most of these comments and suggestions were intended to protect and preserve the rights of Dalmacijacement´s mining concession granted by the Government of Croatia in September 2005. Immediately after publication of the Master Plans, Dalmacijacement filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions. The legal actions taken and filed by Dalmacijacement were as follows: (i) on May 17, 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning Dalmacijacement's constitutional claim for decrease and obstruction of rights earned by investment, and seeking prohibition of implementation of the Master Plans. This cases is currently under review by the court in Croatia, and it is expected that these proceedings will continue for several years before resolution; (ii) on May 17, 2006, a possessory action against the cities of Kaštela and Solin seeking the enactment of interim measures prohibiting implementation of the Master Plans and including a request to implead the Republic of Croatia into the proceeding on our side. The municipal court in Solin issued a first instance judgment dismissing our possessory action. We filed an appeal against that judgment. The appeal has been resolved by the Solin County Court, affirming the judgment and rendering it final. The Municipal Court in Kaštela has issued a first instance judgment dismissing our possessory action. We filed an appeal against said judgment, which has since been resolved by the Kaštela Country Court, affirming the judgment and rendering it final; (iii) on May 17, 2006, an administrative proceeding before the State Lawyer, seeking a declaration from the Government of Croatia confirming that Dalmacijacement acquired rights under the mining concessions.

Dalmacijacement received State Lawyer’s opinion which confirms the Dalmacijacement's acquired rights according to the previous decisions ("old concession"). The Administrative Court in Croatia has ruled in favor of Dalmacijacement, validating the legality of the mining concession granted to Dalmacijacement by the Government of Croatia. This decision is final. Currently it is difficult for Dalmacijacement to ascertain the approximate economic impact of these measures by Kaštela and Solin).

Club of Environmental Protection, a Latvian environmental protection organization (hereinafter the “Applicant”), has initiated a court administrative proceeding against the decision made by the Environment State Bureau (hereinafter the “Defendant) in order to amend the environmental pollution permit (the “Permit”) for the Broceni Cement Plant in Latvia, owned by CEMEX SIA (the “Disputed Decision”). CEMEX SIA was invited to participate in the court proceedings as a third party, whose rights and legal interest may be infringed by the relevant administrative act. On June 5, 2008 the Court rendered its judgment, where it satisfied the Claimant’s claim and revoked the Disputed Decision stating that it is illegal because Defendant failed to perform public inquiry in accordance with legal regulations. The judgment has been appealed by both the Defendant and CEMEX SIA before the Court of Appeal and the court will hear the case in February 24, 2009. The appellate procedure will not suspend the operation of the Permit which will remain valid throughout the court proceedings, hence CEMEX SIA is allowed to continue to perform its activities. The Permit subject to this proceeding was issued for the existing cement line, which will be fully substituted in the first half of 2009 by a new cement line currently under construction.

RECITALS

A. The Borrower, the Guarantor, and the Lender, are parties to that certain credit agreement, dated as of June 25, 2008, in the amount of U.S.$500,000,000, as amended by Amendment No. 1 to the Credit Agreement, dated as of December 19, 2008 (as now or hereafter amended, restated, waived or otherwise modified, the "Credit Agreement").

B. The Borrower has requested that the Lender consent to the following amendment to the Credit Agreement.

C. This Amendment No. 2 shall constitute a Transaction Document and these Recitals shall be construed as part of this Amendment No. 2.

NOW THEREFORE, in consideration of the premises and the mutual covenants hereinafter contained, and of the Loan and other extensions of credit heretofore, now or hereafter made to, or for the benefit of, the Borrower by the Lender, the Borrower and the Lender hereby agree as follows:

1. Definitions. Except to the extent otherwise specified herein, capitalized terms used in this Amendment No. 2 shall have the same meanings ascribed to them in the Credit Agreement.

2. Amendments. Subject to Section 4, the Credit Agreement is hereby amended as follows:

2.1 The definition for "EBITDA" in Section 1.01 ("Certain Definitions") shall be deleted and replaced in its entirety with the following language:

""EBITDA" means, for any period, the sum for the Borrower and its Subsidiaries, determined on a consolidated basis of (a) operating income (*utilidad de operación*), (b) cash interest income and (c) depreciation and amortization expense, in each case determined in accordance with Mexican FRS, subject to the adjustments herein, consistently applied for such period and adjusted for Discontinued EBITDA as follows: if the amount of Discontinued EBITDA is a positive amount, then EBITDA shall increase by such amount, and if the amount of Discontinued EBITDA is a negative amount, then EBITDA shall decrease by the absolute value of such amount. For the purposes of calculating EBITDA for any applicable period pursuant to any determination of the Consolidated Net Debt / EBITDA Ratio (but not the Consolidated Fixed Charge Coverage Ratio): (A) (i) if at any time during such applicable period the Borrower or any of its Subsidiaries shall have made any Material Disposition, the EBITDA for such applicable period shall be reduced by an amount equal to the EBITDA (if positive) attributable to the

property that is the subject of such Material Disposition for such applicable period (but when the Material Disposition is by way of lease, income received by the Borrower or any of its Subsidiaries under such lease shall be included in EBITDA) and (ii) if at any time during such applicable period the Borrower or any of its Subsidiaries shall have made any Material Acquisition, EBITDA for such applicable period shall be calculated after giving *pro forma* effect thereto (including the incurrence or assumption of any Debt) as if such Material Acquisition had occurred on the first day of such applicable period. Additionally, if since the beginning of such applicable period any Person that subsequently shall have become a Subsidiary or was merged or consolidated with the Borrower or any of its Subsidiaries as a result of a Material Acquisition occurring during such applicable period shall have made any Disposition or Acquisition of property that would have required an adjustment pursuant to clause (i) or (ii) above if made by the Borrower or any of its Subsidiaries during such applicable period, EBITDA for such period shall be calculated after giving *pro forma* effect thereto as if such Disposition or Acquisition had occurred on the first day of such applicable period; and (B) all EBITDA for each applicable period ending on or after December 31, 2008 will be recalculated by multiplying each month's EBITDA by the Ending Exchange Rate and dividing the amount obtained thereto by the exchange rate used by the Borrower in preparation of its monthly financial statements in accordance with Mexican FRS to convert U.S.$ into Mexican pesos (such recalculated EBITDA being the " Recalculated EBITDA"), provided, that, the Lender shall have the option, with respect to any Reference Period ending after December 31, 2009, to discontinue the incorporation of Recalculated EBITDA into the Consolidated Net Debt/EBITDA Ratio (the "Discontinue Option"). The Lender may exercise the Discontinue Option upon notice to the Borrower of such exercise in writing (the "Notice of Discontinuance") at least thirty (30) days prior to the end of such Reference Period. Subject to the foregoing notice requirements, such Discontinue Option shall be effective for each Reference Period ending after the date of such Notice of Discontinuance to the Borrower as set forth herein."

2.2 The definition for "Ending Exchange Rate" in Section 1.01 ("Certain Definitions") shall be deleted and replaced in its entirety with the following language:

""Ending Exchange Rate" means the exchange rate at the end of a Reference Period for converting U.S.$ into Mexican pesos, used by the Borrower and its auditors in preparation of the Borrower's financial statements in accordance with Mexican FRS."

ARTICLE II
THE LOAN FACILITIES

2.01. Loans.

(a) Commitment. On the terms and subject to the conditions hereof, (i) each Tranche A Lender, severally and not jointly with any other Tranche A Lender, agrees to make a Tranche A Loan to the Borrower on a single date during the Commitment Period (the "Disbursement Date") in Dollars in a principal Dollar Amount not to exceed such Tranche A Lender's Tranche A Commitment; and (ii) each Tranche B Lender, severally and not jointly with any other Tranche B Lender, agrees to make a Tranche B Loan to the Borrower on the

Disbursement Date in Pesos in a principal amount not to exceed such Tranche B Lender's Tranche B Commitment. Tranche A Loans shall consist of Base Rate Loans or LIBOR Loans or a combination thereof and Tranche B Loans shall consist of Mexican-Rate Loans.

(b) Loans and Borrowings. Each Tranche A Loan shall be made ratably in accordance with the Tranche A Commitment Percentage of each Tranche A Lender. Each Tranche B Loan shall be made ratably in accordance with the Tranche B Commitment Percentage of each Tranche B Lender. The failure of any Lender to make any Loan required to be made by it shall not relieve any other Lender of its obligations hereunder; *provided that* the Commitments of the Lenders are several and no Lender shall be responsible for any other Lender's failure to make Loans as required.

(c) Request for Borrowings.

(i) To request the Borrowing, the Borrower shall notify the Administrative Agent of such request by telephone, not later than 11:00 a.m., New York City time, two (2) Business Days prior to the day the Borrower designates as the Disbursement Date. The telephonic Borrowing request shall be irrevocable and shall be confirmed promptly, on the same day as the making of the telephonic Borrowing Request, by hand delivery or facsimile to the Administrative Agent of a written notice (the "Notice of Borrowing") in the form attached as Exhibit B approved by the Administrative Agent and signed by a duly authorized representative of the Borrower. The telephonic request and written Notice of Borrowing shall specify the following information in compliance with this Section 2.01:

(A) that the Loans are requested;

(B) the requested Disbursement Date, which shall be a Business Day;

(C) the currency and the aggregate principal amount to be borrowed; and

(D) whether the Borrowing shall be composed of Base Rate Loans, LIBOR Loans, Mexican-Rate Loans, or a combination thereof.

(ii) Not later than 12:00 p.m. New York City time on the Business Day on which the Notice of Borrowing is received, the Administrative Agent shall promptly advise each Lender of the details thereof and shall advise each Lender of the amount of such Lender's Loan to be made as part of the requested Borrowing.

(d) Funding of Borrowing. Each Lender shall make each Loan to be made by it hereunder on the Disbursement Date by 11:00 a.m., New York City time, (x) in the case of Tranche A Loans, in Federal or other funds immediately available in New York City to the Administrative Agent at the Agent's New York Account, and (y) in the case of Tranche B Loans, in funds immediately available in Mexico City to the Administrative Agent at the Administrative Agent's Mexico Account. The Administrative Agent shall use such funds on behalf of the Borrower to prepay the Existing Bilateral Facilities. Unless the Administrative Agent shall have received notice from a Lender, prior to the time of the Borrowing, that such Lender will not make available to the Administrative Agent such Lender's share of such Borrowing, the Administrative Agent may, but shall not be required to, assume that such Lender has made such share available on such date in accordance with Section 2.01(c) and may in its sole discretion, but shall not be required to, in reliance upon such assumption, make available to the Borrower a corresponding amount. If any Lender either does not make its share of the Borrowing available to the Administrative Agent or delays in doing so past 4:00 p.m., New York City time, on the Disbursement Date (such Lender (until it makes such share available) hereinafter referred to as a " Defaulting Lender"), then the Administrative Agent shall immediately notify the Borrower of

such default. If the Administrative Agent has, in its sole discretion, made available to the Borrower an amount corresponding to such Defaulting Lender's share of the Borrowing, then the Defaulting Lender and the Borrower jointly and severally agree to pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, on each day from and including the date such amount is made available to the Borrower to but excluding the date of payment to the Administrative Agent at:

(i) in the case of the Defaulting Lender, (A) for a Tranche A Loan, the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation and (B) for a Tranche B Loan, TIIE; or

(ii) in the case of the Borrower, (A) for a Tranche A Loan, the interest rate applicable to Base Rate Loans and (B) for a Tranche B Loan, TIIE times plus the Applicable Margin.

If, with respect to the immediately preceding sentence, the Borrower pays such amount to the Administrative Agent, then the Defaulting Lender shall indemnify and hold harmless the Borrower from and against such amount, and if such Defaulting Lender pays such amount to the Administrative Agent, then such amount shall constitute such Defaulting Lender's Loan included in such Borrowing. If the Administrative Agent, in its discretion, does not make available to the Borrower an amount corresponding to the Defaulting Lender's share of the Borrowing then the Defaulting Lender shall indemnify and hold harmless the Borrower from and against such amount as well as any and all losses, liabilities (including liabilities for penalties), actions, suits, judgments, demands, costs, and expenses (including reasonable fees and disbursements for counsel including allocated cost of internal counsel) resulting from any failure on the part of the Defaulting Lender to provide, or from any delay in providing, the Administrative Agent with such Defaulting Lender's pro rata share of the Borrowing, but no Lender shall be so liable for any such failure on the part of or caused by any other Lender or the Administrative Agent or the Borrower.

(e) Extension and Conversion. The Borrower shall have the option, on any Business Day, to extend existing LIBOR Loans into a subsequent permissible Interest Period or to convert LIBOR Loans into Base Rate Loans or to convert Base Rate Loans into LIBOR Loans; *provided*, *however*, that (i) except as provided in Section 3.06, LIBOR Loans may only be converted into Base Rate Loans on the last day of the Interest Period applicable thereto unless the Borrower agrees to pay all Funding Losses; (ii) Loans extended as LIBOR Loans, or converted into LIBOR Loans, shall be subject to the terms of the definition of "Interest Period" set forth in Section 1.01; and (iii) Base Rate Loans may not be converted into, and LIBOR Loans may not be continued as, LIBOR Loans, if a Default or Event of Default has occurred and is continuing. Each such extension or conversion shall be effected by the Borrower by giving a written notice (or telephone notice promptly confirmed in writing) (a " Notice of Extension/Conversion") to the Administrative Agent prior to 10:00 a.m., New York City time, on the Business Day of, in the case of the conversion of a LIBOR Loan into a Base Rate Loan, and on the third Business Day prior to, in the case of the extension of a LIBOR Loan as, or conversion of a Base Rate Loan into, a LIBOR Loan, the date of the proposed extension or conversion, substantially in the form of Exhibit C hereto, specifying (A) the date of the proposed extension or conversion and (B) the Loans to be so extended or converted. Each Notice of Extension/Conversion shall be irrevocable. If the Borrower does not request extension or conversion of any LIBOR Loan in accordance with this Section, then such LIBOR Loan shall be continued as a Base Rate Loan at the end of the Interest Period applicable thereto, until the Borrower converts such Loan to a LIBOR Loan. In the event any LIBOR Loans are not permitted to be continued as a LIBOR Loan hereunder, such LIBOR Loans shall automatically be converted to Base Rate Loans at the end of the applicable Interest Period with respect thereto. The Administrative Agent shall give each Lender notice as

promptly as practicable of any such proposed extension or conversion affecting any Loan. The Borrower agrees that, if so requested by the Administrative Agent or any Lender, it will exchange and deliver to the Administrative Agent or Lender, as the case may be, any Notes outstanding for new Notes signed by the Credit Parties (through their duly empowered representatives) that reflect any election made by the Borrower under this Section 2.01(e) any change in the applicable interest rate, and prepayment or any other circumstance as may be necessary to accurately reflect the terms of each outstanding loan promptly after such request and upon its receipt of the Notes to be exchanged.

(i) Subject to any adjustment pursuant to subsection (ii) below and Section 2.01(g), the Borrower shall repay the Loans: (1) on or prior to November 13, 2009, in an aggregate principal amount equal to U.S.$225,000,000 (the " 2009 Amortization"); and (2) on the last Business Day of each of February, May, August and November 2010, in a principal amount equal to U.S.$50,000,000 (collectively referred to as the " 2010 Amortization"); *provided that* the 2010 Amortization installments shall be ratably reduced by the amount of Loans prepaid in excess of the 2009 Amortization and on or before December 31, 2009.

(ii) Notwithstanding the provision in paragraph (i)(2) above, if the CEMEX España Tranche B Extension occurs, in an amount greater than U.S.$1,500,000,000, the Borrower shall, on or prior to December 31, 2009, repay Loans in an aggregate principal amount equal to the lesser of (A) one-third of the amount of loans, in excess of U.S.$1,500,000,000, for which the CEMEX España Tranche B Extension has occurred and (B) U.S.$200,000,000; *provided that*, such amount shall be applied to ratably reduce the 2010 Amortization installments.

(iii) Notwithstanding any other provision herein, the Borrower shall repay the outstanding principal amount of the Loans on the Termination Date.

(g) Voluntary Prepayment. Loans may be prepaid in whole or in part, without premium or penalty, *provided that* any partial prepayment of Loans shall be in a principal Dollar Amount of U.S.$5,000,000 in the case of Tranche A Loans and MXN50,000,000 in the case of Tranche B Loans or, if less, the entire principal amount thereof then outstanding. The Borrower shall apply such portion of the Net Cash Proceeds of a Securities Issuance as is sufficient to prepay outstanding Loans in accordance with the preceding sentence. Any Securities Issuance shall be subject to the following conditions: (1) such Securities Issuance (after application of the Net Cash Proceeds therefrom) shall be consistent with the Borrower's or the relevant Subsidiary's contractual obligations (including its obligations hereunder) and the fiduciary duties of its board of directors or similar governing body; (2) such issuance if in the U.S. markets shall be structured so as to be exempt from registration under United States federal and state securities laws or otherwise comply with such laws; (3) the economic terms and conditions of the securities issued shall be reasonably acceptable to the Borrower or the relevant Subsidiary, including being on similar terms to securities issued in the period of ninety (90) days prior to the date of issuance by corporate issuers that are comparable in the sector and which have a comparable rating to that of the Borrower or the relevant Subsidiary (or if no such securities have been issued, on similar terms to securities issued by US corporate issuers with a comparable rating to the Borrower or the relevant Subsidiary); and (4) the covenant terms, as to the Borrower or the relevant Subsidiary, shall be substantially similar to the terms of the Borrower's or the relevant Subsidiary's (as the case may be) other outstanding long term debt securities and shall not conflict with, or be more onerous than, the terms of the Borrower's or such Subsidiary's other bank financing arrangements at that time.

(i) the sum payable shall be increased as necessary so that after making all required deductions and withholdings (including deductions and withholdings applicable to additional sums payable under this Section 3.04, but excluding in each case United States backup withholding Taxes imposed because of payee underreporting) such Lender or the Administrative Agent receives an amount equal to the sum it would have received had no such deductions or withholdings been made*; provided that*, the Borrower shall not be required to increase any amounts payable to such Lender or the Administrative Agent to the extent such increased amounts would be in excess of the amounts that would have been payable to such Lender or the Administrative Agent had such Lender or Administrative Agent complied with the requirements of Section 3.04(f) or to the extent provided in Section 3.04(g);

(ii) the Borrower or the Guarantors, as the case may be, shall make such deductions and withholdings; and

(iii) the Borrower or the Guarantors, as the case may be, shall pay the full amount deducted or withheld to the relevant taxing authority or other authority in accordance with applicable law.

(d) Within thirty (30) days after the date of any payment by the Borrower or the Guarantors, as the case may be, of Taxes or Other Taxes, the Borrower or the Guarantors, as the case may be, shall furnish to the Administrative Agent the original or a certified copy of a receipt evidencing payment thereof or other evidence of payment reasonably satisfactory to the Administrative Agent or the relevant Lender.

(e) If the Borrower or the Guarantors, as the case may be, is required to pay additional amounts to the Administrative Agent or any Lender pursuant to Section 3.04(c) other than amounts related to the withholding of Mexican tax at the rate applicable to interest payments received by foreign financial institutions registered with the *Secretaría de Hacienda y Crédito Público* as a Foreign Financial Institution for the purposes of Article 195, Section I of the Mexican Income Tax law, then the Administrative Agent or such Lender shall, upon reasonable request by the Borrower or the Guarantors, use reasonable efforts (consistent with legal and regulatory restrictions) to change the jurisdiction of its Lending Office, issuing office, or office for receipt of payments by the Borrower and Guarantors hereunder, as the case may be, so as to eliminate or reduce the obligation of the Borrower or the Guarantors, as the case may be, to pay any such additional amounts which may thereafter accrue or to indemnify the Administrative Agent or such Lender in the future, if such change in the reasonable judgment of the Administrative Agent or such Lender is not otherwise disadvantageous to such Lender.

(f) Each Lender and the Administrative Agent shall, from time to time at the request of the Borrower or the Administrative Agent (as the case may be), promptly furnish to the Borrower and the Administrative Agent (as the case may be), such forms, documents or other information (which shall be accurate and complete) as may be required by law or regulation to establish any available exemption from, or reduction in the amount of, applicable Taxes, including, but not limited to, evidence of tax residence of each Lender given by the applicable tax authority within one year from the date of the deduction or withholding by the Borrower of any Taxes or Other Taxes; *provided*, *however*, that none of any Lender or the Administrative Agent shall be obliged to disclose information regarding its tax affairs or computations to the Borrower in connection with this paragraph (f), it being understood that the identity of any Person shall not be considered for these purposes as information regarding its tax affairs or computations. Each of the Borrower and the Administrative Agent shall be entitled to rely on the accuracy of any such forms, documents or other information furnished to it by any Person and shall have no obligation to make any additional payment or indemnify any Person for any Taxes, interest or penalties that would not have became payable by such Person had such documentation been accurate.

(g) In the case of an assignment, transfer, grant of a participation, designation of a new Lending Office or Administrative Agent's New York Account or Administrative Agent's Mexico Account or appointment of a successor Administrative Agent, the Borrower and Guarantors shall not be required to pay or increase any amounts, pursuant to this Section 3.04 following such event, in excess of the amounts the Borrower and Guarantors were required to pay or increase immediately prior to such an event, except to the extent such event occurs pursuant to Section 3.11 or to the extent of increases in such amounts resulting from a change in applicable law occurring after such event.

(h) If the Administrative Agent or any Lender receives a refund or credit in respect of Taxes or Other Taxes as to which it has been indemnified by the Borrower or a Guarantor, as the case may be, pursuant to Section 3.04(b) and such refund or credit is directly and clearly attributable to this Agreement, it shall notify the Borrower or such Guarantor, as the case may be, of the amount of such refund or credit and shall return to the Borrower or such Guarantor, as the case may be, such refund or the benefit of such credit; *provided*, *however*, that (A) the Administrative Agent or such Lender, as the case may be, shall not be obligated to make any effort to obtain such refund or credit or to provide the Borrower or the Guarantors with any information on or justification for the arrangement of its tax affairs or otherwise disclose to the Borrower, the Guarantors or any other Person any information that it considers to be proprietary or confidential, and (B) the Borrower or such Guarantor, as the case may be, upon the request of the Administrative Agent or such Lender, as the case may be, shall return the amount of such refund or the benefit of such credit (together with any interest or such other amounts (*actualizaciones*) accrued thereon) to the Administrative Agent or such Lender, as the case may be, if the Administrative Agent or such Lender, as the case may be, is required to repay the amount of such refund or the benefit of such credit to the relevant authorities within six (6) years of the date the Borrower or such Guarantor, as the case may be, is paid such amount by the Administrative Agent or such Lender, as the case may be.

(i) The agreements in this Section 3.04 shall survive the termination of this Credit Agreement and the payment of the Borrower's Obligations.

3.05. General Provisions as to Payments.

(a) All payments to be made by the Borrower or the Guarantors, as the case may be, shall be made without set-off, counterclaim or other defense. Except as otherwise expressly provided herein, all payments by the Borrower shall be made to the Administrative Agent for the account of the Lenders at the Administrative Agent's New York Account, in the case of Tranche A Loans, or the Administrative Agent's Mexico Account, in the case of Tranche B Loans, and shall be made in Dollars for Tranche A Loans and Pesos for Tranche B Loans and in immediately available funds, no later than 3:30 p.m. (New York City time) on the dates specified herein. The Administrative Agent will promptly distribute to each Lender its Commitment Percentage (or other applicable share as expressly provided herein) of each payment in like funds as received. Any payment received by the Administrative Agent later than 3:30 p.m. (New York City time) shall be deemed to have been received on the following Business Day and any applicable interest or fee shall continue to accrue until such following Business Day.

(b) Except and to the extent otherwise specifically provided herein, whenever any payment to be made hereunder is due on a day which is not a Business Day, the date for payment thereof shall be extended to the immediately following Business Day and, if interest is stated to be payable in respect thereof, interest shall continue to accrue to such immediately following Business Day.

(c) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date and the Administrative Agent may (but shall not be so required), in reliance upon such assumption, cause to be distributed to each Lender, as the case may be, on such due date an amount equal to the amount then due to such Lender. If and to the extent that the Borrower shall not have made such payment, each Lender shall repay to the Administrative Agent forthwith on demand such amount distributed to such Lender together with accrued interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate; *provided*, *however*, that if any amount remains unpaid by any Lender for more than five (5) Business Days after the Administrative Agent has made a demand for such amount, such Lender shall, commencing on the day next following such fifth Business Day, pay interest to the Administrative Agent at a rate per annum equal to the Federal Funds Rate plus one percent (1.00%), and, *provided further*, that if any such amount remains unpaid by any Lender for more than ten (10) Business Days, such Lender shall, commencing on the day next following such tenth Business Day, pay interest to the Administrative Agent at a rate per annum equal to the Federal Funds Rate plus two percent (2.00%).

(d) Currency of account.

(i) Subject to paragraphs (ii) through (v) below, Dollars are the currency of account and payment for any sum due from parties under any Transaction Document.

(ii) A repayment of an Obligation or a part of an Obligation shall be made in the currency in which that Obligation is denominated on its due date.

(iii) Each payment of interest shall be made in the currency in which the sum in respect of which the interest is payable was denominated when that interest accrued.

(iv) Each payment in respect of costs, expenses or Taxes shall be made in the currency in which the costs, expenses or Taxes are incurred.

(v) Any amount expressed to be payable in a currency other than Dollars shall be paid in that other currency.

(e) Change of currency.

Unless otherwise prohibited by law or regulation, if more than one currency or currency unit are at the same time recognized by the central bank of any country as the lawful currency of that country, then:

(A) any reference in the Transaction Documents to, and any Obligations arising under the Transaction Documents in, the currency of that country shall be translated into, or paid in, the currency or currency unit of that country as agreed by the Administrative Agent and the Borrower; and

(B) any translation from one currency or currency unit to another shall be at the official rate of exchange recognized by the central bank for the conversion of that currency or currency unit into the other, rounded up or down by the Administrative Agent (acting reasonably).

If a change in any currency of a country occurs, this Agreement will, to the extent the Administrative Agent and the Borrower deem necessary, be amended to comply with any generally accepted conventions and market practice in the relevant interbank market and otherwise to reflect the change in currency.

3.06. Funding Losses. If the Borrower makes any payment of principal with respect to any LIBOR Loan or Mexican-Rate Loan on any day other than the last day of the Interest Period applicable thereto, or if the Borrower fails to borrow any LIBOR Loans or Mexican-Rate Loans after notice has been given to any Lender in accordance with Section 2.01 or to convert a Base Rate Loan to a LIBOR Loan or to continue a Loan as a LIBOR Loan after a Notice of Extension/Conversion has been delivered by the Borrower pursuant to Section 2.01(e), or if the Borrower fails to prepay any LIBOR Loans or Mexican-Rate Loans after notice has been given pursuant to Section 2.01, the Borrower shall reimburse each Lender within fifteen (15) days after demand for any resulting loss or expense incurred by it, including any loss incurred in obtaining, liquidating or reemploying deposits bearing interest by reference to LIBOR or TIIE from third parties ("Funding Losses"), *provided* such Lender shall have delivered to the Borrower a certificate setting forth in reasonable detail the computations for the amount of such loss or expense, which certificate shall be conclusive in the absence of manifest error.

3.07. Basis for Determining Interest Rate Inadequate or Unfair . (a) If on or prior to the first day of any Interest Period for any LIBOR Loan:

(i) the Administrative Agent determines that by reason of circumstances affecting the London interbank market reasonably adequate means do not exist for ascertaining LIBOR applicable to such Interest Period or that deposits in the relevant currency (in the applicable amounts) are not being offered in the London interbank market for such Interest Period, or

(ii) the Required Lenders advise the Administrative Agent that LIBOR as determined by the Administrative Agent will not adequately and fairly reflect the cost to any Lender of making or maintaining its LIBOR Loan for such Interest Period,

then the Administrative Agent shall forthwith give notice thereof to the Borrower and the Lenders. In the event of any such determination or advice, with respect to LIBOR Loans, until the Administrative Agent shall have notified the Borrower and the Lenders that the circumstances giving rise to such notice no longer exist, any request by the Borrower for a Loan of the affected amount or Interest Period, or a conversion to or continuation of a Loan of the affected amount or Interest Period shall be deemed rescinded and such request shall instead be considered a request for a Base Rate Loan (and each determination by the Administrative Agent hereunder shall be conclusive absent manifest error).

(b) In the event TIIE shall cease to be published, the Applicable Margin with respect to Mexican Rate Loans shall be (i) the rate specified by *Banco de México* as the substitute rate of TIIE, or (ii) in case *Banco de México* does not specify such substitute rate, (A) the rate for 28-day *Certificados de la Tesorería de la Federación* published by the *Secretaría de Hacienda y Crédito Público* through *Banco de México* by any electronic means, including internet, on the first day of each applicable Interest Period or if such day is not a Business Day on the immediately preceding Business Day (the "Cetes Rate") plus the spread between the average of the last twenty (20) published TIIE rates and such Cetes Rate, if any, or (B) in case the Cetes Rate is not published, the *Costo de Captación de Pasivos a Plazo* (the "CCP") most recently published by *Banco de México* prior to the first day of each applicable Interest Period plus the spread between the average of the last twenty (20) published TIIE rates and such CCP, if any.

(c) In the event *Banco de México* does not publish an alternate rate for TIIE, the Cetes Rate and CCP, the Administrative Agent and the Borrower shall negotiate in good faith to determine the interest rate to which the Applicable Margin with respect to Mexican Rate Loans shall be added; *provided* that: (i) as of the date on which TIIE, the Cetes Rate and CCP cease to be published and until the date on which one of such rates is republished or the interest rate is otherwise agreed, the interest rate to which the Applicable Margin with respect to Mexican Rate Loans shall be added shall be the interest rate most recently in effect; (ii) in the event TIIE is not published during a term of thirty (30) or more days and, during such period *Banco de México* does not publish the Cetes Rate or CCP and the Borrower and the Administrative Agent have not agreed on an alternate interest rate, the interest rate to which the Applicable Margin with respect to Mexican Rate Loans shall be added shall be the market rate determined by the Administrative Agent having a financial cost similar to that of TIIE (and the Administrative Agent shall promptly notify the Borrower of such rate); and (iii) any interest rate determined pursuant to subparagraphs (i) or (ii) above shall cease to apply as soon as *Banco de México* republishes TIIE, the Cetes Rate or CCP.

(d) If on or prior to the first day of any Mexican Rate Loan, the Required Lenders notify the Administrative Agent that TIIE (or any alternate rate established pursuant to clause (b) above) will not adequately and fairly reflect the cost to any Lender of making or maintaining its Mexican Rate Loan for such Interest Period, the Administrative Agent shall forthwith give notice thereof to the Borrower and the Lenders. In the event of any such notice, the interest rate to which the Applicable Margin with respect to Mexican Rate Loans shall be added shall be the Alternate Peso Rate until the Administrative Agent shall have notified the Borrower and the Lenders that the circumstance giving rise to such notice no longer exist.

For purposes of this paragraph (d), "Alternate Peso Rate" means the average of the rates per annum offered by the Mexican Reference Banks to banks for inter-bank loans for periods

similar to the relevant Interest Period on the first day of the relevant Interest Period or if such day is not a Business Day on the immediately preceding Business Day, which the Administrative Agent shall obtain and notify in writing to the Borrower on the first day of each Interest Period. " Mexican Reference Banks" shall mean Banco Nacional de México, S.A., BBVA Bancomer, S.A., and Banco Santander (México), S.A..

3.08. Capital Adequacy.

If any Lender has determined, after the date hereof, that the adoption or the becoming effective of, or any change in, or any change by any Governmental Authority, central bank, or comparable agency charged with the interpretation or administration thereof in the interpretation or administration of, any applicable law, rule, or regulation regarding capital adequacy, or compliance by such Lender with any request or directive regarding capital adequacy (whether or not having the force of law) of any such authority, central bank, or comparable agency, has or would have the effect of increasing such Lender's cost of maintaining its Commitment or making or maintaining any Loans or reducing the rate of return on such Lender's capital or assets as a consequence of its commitments or obligations hereunder to a level below that which such Lender could have achieved but for such adoption, effectiveness, change, or compliance (taking into consideration such Lender's policies with respect to capital adequacy), then, upon notice from such Lender to the Borrower, the Borrower shall be obligated to pay to such Lender such additional amount or amounts as will compensate such Lender for such increased cost or reduction in amount received. Each determination by any such Lender of amounts owing under this Section shall, absent manifest error, be conclusive and binding on the parties hereto. The relevant Lender will, upon request, provide a certificate in reasonable detail as to the amount of such increased cost or reduction in amount received and method of calculation.

Upon any Lender's making a claim for compensation under this Section 3.08 (i) such Lender shall use commercially reasonable efforts (consistent with legal and regulatory restrictions) to change the jurisdiction of its Lending Office or assign its rights and obligations hereunder to another of its offices, branches or affiliates so as to eliminate or reduce any such additional payment by the Borrower which may thereafter accrue, if such change is not otherwise disadvantageous to such Lender, and (ii) the Borrower may replace such Lender in accordance with Section 3.11.

3.09. Illegality.

(a) Notwithstanding any other provision herein, if the adoption of or any change in any Requirement of Law or in the interpretation or application thereof occurring after the Effective Date shall make it unlawful for any Lender to make or maintain any Commitment or any Loan as contemplated by this Agreement, then such Lender, together with Lenders giving notice under Section 3.07, shall be an " Affected Lender" and by written notice to the Borrower and to the Administrative Agent:

(i) such Lender may declare that such Loans will not thereafter (for the duration of such unlawfulness or impossibility) be made by such Lender hereunder, whereupon, in the case of any request for a LIBOR Loan, as to such Lender, such request shall only be deemed a request for a Base Rate Loan (unless it should also be illegal for the Affected Lender to provide a Base Rate Loan, in which case such Loan shall bear interest at a commensurate rate to be agreed upon by the Administrative Agent and the Affected Lender, and so long as no Event of Default shall have occurred and be continuing, the Borrower), unless such declaration shall be subsequently withdrawn;

(ii) such Lender may require that all outstanding LIBOR Loans, made by it be converted to Base Rate Loans, in which event all such LIBOR Loans shall be automatically converted to Base Rate Loans as of the effective date of such notice as provided in paragraph (b) below; and

(iii) if it is also illegal for the Affected Lender to make Base Rate Loans, and in any case with respect to Mexican-Rate Loans, such Lender may declare all amounts owed to them by the Borrower to the extent of such illegality to be due and payable; *provided*, *however*, the Borrower has the right, with the consent of the Administrative Agent to find an additional Lender to purchase the Affected Lenders' rights and obligations.

In the event any Lender shall exercise its rights under (i) or (ii) above with respect to any Loans, all payments and prepayments of principal that would otherwise have been applied to repay the LIBOR Loans that would have been made by such Lender or the converted LIBOR Loans of such Lender shall instead be applied to repay the Base Rate Loans made by such Lender in lieu of, or resulting from the conversion, of such LIBOR Loans.

(b) For purposes of this Section 3.09, a notice to the Borrower by any Lender shall be effective as to each such Loan, if lawful, on the last day of the Interest Period currently applicable to such Loan; in all other cases such notice shall be effective on the date of receipt by the Borrower.

3.10. Requirements of Law.

If, after the date hereof, the adoption of or any change in any Requirement of Law or in the interpretation or application thereof applicable to any Lender, or compliance by any Lender with any request or directive (whether or not having the force of law) from any central bank or other Governmental Authority, in each case made subsequent to the Effective Date (or, if later, the date on which such Lender becomes a Lender):

(a) shall impose, modify, or hold applicable any reserve, special deposit, compulsory loan, or similar requirement against assets held by, deposits or other liabilities in or for the account of, advances, loans, or other extensions of credit by, or any other acquisition of funds by, any office of such Lender that is not otherwise included in the determination of LIBOR or TIIE hereunder; or

(b) shall impose on such Lender any other condition (excluding any tax of any kind whatsoever);

and the result of any of the foregoing is to increase the cost to such Lender, by an amount that such Lender reasonably deems to be material, of making, converting into, continuing, or maintaining, as applicable, LIBOR Loans or Mexican-Rate Loans or to reduce any amount receivable hereunder in respect thereof, then, in any such case, upon notice delivered to the Borrower from such Lender, through the Administrative Agent, in accordance herewith, the Borrower shall be obligated to promptly pay such Lender, upon its demand, any additional amounts necessary to compensate such Lender for such increased cost or reduced amount receivable; *provided that*, in any such case, the Borrower may elect to convert the LIBOR Loans made by such Lender hereunder to Base Rate Loans by giving the Administrative Agent at least one (1) Business Day's notice of such election. If any Lender becomes entitled to claim any additional amounts pursuant to this Section, it shall provide notice thereof to the Borrower, promptly upon occurrence of such event, but in any case within three (3) days from the date of such event, through the Administrative Agent, certifying (x) that one of the events described in this

paragraph (a) has occurred and describing in reasonable detail the nature of such event, (y) as to the increased cost or reduced amount resulting from such event and (z) as to the additional amount demanded by such Lender and a reasonably detailed explanation of the calculation thereof. Such a certificate as to any additional amounts payable pursuant to this subsection submitted by such Lender, through the Administrative Agent, to the Borrower shall be conclusive and binding on the parties hereto in the absence of manifest error. This covenant shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder. If any Lender becomes aware of a proposed change in any Requirement of Law that would entitle it to claim any additional amounts pursuant to this Section it shall promptly, upon the Lender becoming aware of such event, provide notice to the Borrower through the Administrative Agent.

3.11. Substitute Lenders. If any Lender has demanded compensation (or if the Borrower is required to increase amounts payable hereunder) pursuant to Sections 3.04, 3.08 or 3.10 or has exercised its rights pursuant to Section 3.09(a)(iii), and such Lender does not waive its right to future additional compensation pursuant to Sections 3.04, 3.08 or 3.10, the Borrower shall have the right (i) to replace such Lender with a Substitute Lender or Substitute Lenders that shall succeed to the rights of such Lender under this Agreement upon execution of an Assignment and Assumption Agreement and payment by the Borrower of the related processing fee of U.S.$3,500 to the Administrative Agent; or (ii) to remove such Lender, reduce the Commitments by the amount of the Commitment of such Lender, and adjust the Commitment Percentage of each Lender such that the percentage of each other Lender shall be increased to equal the percentage equivalent of a fraction. The numerator of which is the Commitment of such other Lender and the denominator of which is the Commitments of the Lenders minus the Commitments of the Lender who demanded payment pursuant to Sections 3.04, 3.08 or 3.10 or exercised its rights pursuant to Section 3.09(a)(iii); *provided*, *however*, that such Lender shall not be replaced or removed hereunder until such Lender has been repaid in full all amounts owed to it pursuant to this Agreement and the other Transaction Documents (including Sections 3.06 and 3.08) unless any such amount is being contested by the Borrower in good faith.

3.12. Sharing of Payments, Etc.

(a) If, other than as expressly provided elsewhere herein, any Lender shall obtain on account of the Obligations owing to it any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) in excess of its Commitment Percentage of payments on account of the Obligations obtained by all the Lenders (an "excess payment"), such Lender shall forthwith (i) notify the Administrative Agent of such fact, and (ii) purchase from the other Lenders such participations in such Obligations owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; *provided*, *however*, that if all or any portion of such excess payment is thereafter recovered from the purchasing Lender, such purchase shall to that extent be rescinded and each other Lender shall repay to the purchasing Lender the purchase price paid therefor, together with an amount equal to such paying Lender's Commitment Percentage (according to the proportion of (A) the amount of such paying Lender's required repayment to (B) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Administrative Agent will keep records (which shall be conclusive and binding in the absence of demonstrable error) of participations purchased pursuant to this Section 3.12 and will in each case notify the Lenders following any such purchases.

(b) If any Lender shall commence any action or proceeding in any court to enforce its rights hereunder after consultation with the other Lenders and, as a result thereof or in connection therewith, it shall receive any excess payment, then such Lender shall not be required

to share any portion of such excess payment with any Lender which has the legal right to, but does not, join in any such action or proceeding or commence and diligently prosecute a separate action or proceeding to enforce its rights in another court.

(c) The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 3.12 may exercise all its rights of set-off with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation.

3.13. Extension of Termination Date.

(a) The Borrower may, within ninety (90) days, but not less than sixty (60) days prior to February 28, 2011 (the " Extension Request Date"), by notice to the Administrative Agent (the "Extension Notice"), make written request of the Lenders to extend the Termination Date for an additional period of 364 days (the "Extended Termination Date"). The terms and conditions of the requested extension shall be included in the Extension Notice, including a summary of any changes to the terms of this Agreement proposed by the Borrower. The Administrative Agent will give prompt notice to each of the Lenders of its receipt of any such Extension Notice. Each Lender shall make a determination not later than thirty (30) days prior to the Extension Request Date (the "Extension Consent Date") as to whether or not it will agree to extend the Termination Date as requested (such approval of extension shall be an "Extension Consent"); *provided*, *however*, that failure by any Lender to make a timely response to the Borrower's request for extension of the Termination Date shall be deemed to constitute a refusal by such Lender to extension of the Termination Date.

(b) If by any Extension Consent Date, the Borrower and the Administrative Agent have not received an Extension Consent from any Lender, the Termination Date, as it relates to such Lender, shall not be extended and any Loans made by such Lender and all accrued and unpaid interest thereon shall be due and payable on such Termination Date.

(c) No refusal by any one Lender to consent to any extension of the Termination Date shall affect the extension of the Termination Date as it may relate to the Loans of any Lender that consents to such extension as provided in Section 3.13(a), and one or more Lenders may consent to the extension of the Termination Date as it relates to them not withstanding any refusal by any other Lenders so to consent. For the avoidance of doubt, approval of all Lenders shall not be required for any Lender to accept the extension request.

(d) If any Lender does not deliver an Extension Consent as provided in Section 3.13(a), upon the repayment of the Loans of such Lender pursuant to Section 3.13(b), the Borrower may with the approval of the Administrative Agent amend this Agreement as provided in Section 13.02 and 13.06 to add one or more other Lenders as parties, with such Loans as may be agreed to by the Administrative Agent and such other Lender or Lenders.

(e) The Administrative Agent shall promptly advise each Lender of any change in the Aggregate Exposure and shall promptly provide each of the Lenders with a copy of any amendment made pursuant to Section 3.13(d).

(f) If pursuant to this Section, any Lender agrees to extend its Termination Date, then, effective as of the Termination Date, the Termination Date with respect to such Lenders shall be extended to the Extended Termination Date (except that, if such date is not a Business Day, such Termination Date as so extended shall be the next preceding Business Day).

The Borrower shall, and shall procure that its Subsidiaries shall, use commercially reasonable efforts to make Asset Sales on or before June 30, 2009, the aggregate Net Cash Proceeds of which shall be no less than U.S.$1,000,000,000; *provided that*, each such Asset Sale shall be on terms reasonably acceptable to the Borrower; *provided further that*, if Asset Sales in such amount are not made by such date, the Borrower shall, or shall procure that a Subsidiary shall, use commercially reasonable efforts to complete a Securities Issuance pursuant to Section 2.01(h)(ii).

(d) For the purposes of calculating the Consolidated Net Debt to EBITDA Ratio in Section 8.01(a) above only, "Consolidated Net Debt" shall not include any Debt which notwithstanding falling within the definition of Debt, is not required to be recorded as a liability by the Borrower on its consolidated balance sheet in accordance with Mexican FRS.

8.02. Liens. The Borrower shall not, and shall not permit any of its Subsidiaries to, directly or indirectly, create, incur, assume or permit to exist any Lien on or with respect to any property or asset of the Borrower or any Subsidiary, whether now owned or held or hereafter acquired, other than the following Liens ("Permitted Liens"):

(f) any Lien on property acquired by the Borrower after the date hereof that was existing on the date of acquisition of such property; *provided that* such Lien was not incurred in anticipation of such acquisition, and any Lien created to secure all or any part of the purchase price, or to secure Debt incurred or assumed to pay all or any part of the purchase price, of property acquired by the Borrower or any of its Subsidiaries after the date hereof; *provided*, *further*, that (A) any such Lien permitted pursuant to this clause (f) shall be confined solely to the item or items of property so acquired (including, in the case of any Acquisition of a corporation through the acquisition of fifty one percent (51%) or more of the voting stock of such corporation, the stock and assets of any Acquired Subsidiary or Acquiring Subsidiary) and, if required by the terms of the instrument originally creating such Lien, other property which is an improvement to, or is acquired for specific use with, such acquired property; and (B) if applicable, any such Lien shall be created within nine (9) months after, in the case of property, its acquisition, or, in the case of improvements, their completion;

(g) any Lien renewing, extending or refunding any Lien permitted by clause (f) above; *provided that* the principal amount of Debt secured by such Lien immediately prior thereto is not increased or the maturity thereof reduced and such Lien is not extended to other property;

(h) any Liens created on shares of capital stock of any of the Borrower's Subsidiaries solely as a result of the deposit or transfer of such shares into a trust or a special purpose vehicle (including any entity with legal personality) of which such shares constitute the sole assets; *provided that* (A) any shares of Subsidiary stock held in such trust, corporation or entity could be sold by the Borrower; and (B) proceeds from the deposit or transfer of such shares into such trust, corporation or entity and from any transfer of or distributions in respect of the Borrower's or any Subsidiary's interest in such trust, corporation or entity are applied as provided under Section 8.04; and *provided*, *further* that such Liens may not secure Debt of the Borrower or any Subsidiary (unless permitted under another clause of this Section 8.02);

(i) any Liens on securities securing repurchase obligations in respect of such securities;

(j) any Liens in respect of any Qualified Receivables Transaction;

(k) in addition to the Liens permitted by the foregoing clauses (a) through (j), Liens securing Debt of the Borrower and its Subsidiaries (taken as a whole) not in excess of five percent (5%) of the Adjusted Consolidated Net Tangible Assets of the Borrower and its Subsidiaries; and

(l) any Liens on "margin stock" purchased with the proceeds of the Loans within the meaning of Regulation U, if and to the extent the value of all "margin stock" of the Borrower and its Subsidiaries exceeds twenty five percent (25%) of the value of the total assets of the Borrower and its Subsidiaries;

unless, in each case, the Borrower has made or caused to be made effective provision whereby the Obligations hereunder are secured equally and ratably with, or prior to, the Debt secured by such Liens (other than Permitted Liens) for so long as such Debt is secured.

8.03. Consolidations and Mergers. None of the Guarantors nor the Borrower shall, in one or more related transactions, (x) consolidate with or merge into any other Person or permit any other Person to merge into it or (y), directly or indirectly, transfer, convey, sell, lease or otherwise dispose of all or substantially all of its properties or assets to any Person, unless, with respect to any transaction described in clause (x) or (y), immediately after giving effect to such transaction:

(a) the Person formed by any such consolidation or merger, if it is not the Borrower or such Guarantor, or the Person that acquires by transfer, conveyance, sale, lease or other disposition all or substantially all of the properties and assets of the Borrower or such Guarantor (any such Person, a "Successor") (i) shall be a corporation organized and validly existing under the laws of its place of incorporation, which in the case of a Successor to the Borrower shall be Mexico, the United States, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof, (ii) in the case of a Successor to the Borrower, shall expressly assume, pursuant to a written agreement in form and substance satisfactory to the Required Lenders, the Obligations of the Borrower pursuant to this Agreement and the performance of every covenant on part of the Borrower to be performed and observed, and (iii) in the case of a Successor to any Guarantor, shall expressly assume, pursuant to a written agreement in form and substance satisfactory to the Required Lenders, the performance of every covenant of this Agreement on part of such Guarantor to be performed and observed;

(b) in the case of any such transaction involving the Borrower or any Guarantor, the Borrower or such Guarantor, or the Successor of any thereof, as the case may be, shall expressly agree to indemnify each Lender and the Administrative Agent against any tax, levy, assessment or governmental charge payable by withholding or deduction thereafter imposed on such Lender and/or the Administrative Agent solely as a consequence of such transaction with respect to payments under the Transaction Documents;

(c) immediately after giving effect to such transaction, including for purposes of this clause (c) the substitution of any Successor to the Borrower for the Borrower or the substitution of any Successor to a Guarantor for such Guarantor and treating any Debt or Lien incurred by the Borrower or any Successor to the Borrower, or by a Guarantor of the Borrower or any Successor to such Guarantor, as a result of such transactions as having been incurred at the time of such transaction (and Incurred for purposes of Section 8.07), no Default or Event of Default shall have occurred and be continuing; and

(d) the Borrower shall have delivered to the Administrative Agent an officer's certificate and an opinion of counsel, each stating that such consolidation, merger, conveyance, transfer or lease and, if a written agreement is required in connection with such transaction, such written agreement comply with the relevant provisions of this Article VIII and that all conditions precedent provided for in this Agreement relating to such transaction have been complied with.

8.04. Sales of Assets, Etc. Without limitation of Section 2.01(h)(i), the Borrower will not, and will not permit any of its Material Subsidiaries to, sell, lease or otherwise dispose of any of its assets (including the capital stock of any Subsidiary), other than (a) inventory, trade receivables and assets surplus to the needs of the business of the Borrower or any Subsidiary sold in the ordinary course of business, (b) assets not used, usable or held for use in connection with cement operations and related operations, and (c) any "margin stock" within the meaning of Regulation U acquired by the Borrower through a Tender Offer, unless the proceeds of the sale of such assets are retained by the Borrower or such Subsidiary, as the case may be, and, as promptly as practicable after such sale (but in any event within one hundred and eighty (180) days of such sale), the proceeds are applied to (i) expenditures for property, plant and equipment usable in the cement industry or related industries; (ii) the repayment of senior Debt of the Borrower or any of its Subsidiaries, whether secured or unsecured; or (iii) investments in companies engaged in the cement industry or related industries; *provided however*, that the net

proceeds from Qualified Receivables Transactions to the extent exceeding, in the aggregate, the aggregate U.S.$ amount set forth in Schedule 1.01(d) shall be applied to the repayment of senior Debt of the Borrower or any of its Subsidiaries, whether secured or unsecured; and *provided that*, nothing in this Section 8.04 shall prevent any sale, lease or other disposal of assets from any Subsidiary to another Subsidiary.

8.05. Change in Nature of Business. The Borrower shall not make, or permit any of its Material Subsidiaries to make, any material change in the nature of its business as carried on at the date hereof.

8.06. Margin Regulations. The Borrower shall not use any part of the proceeds of the Loans for any purpose which would result in any violation (whether by the Borrower, the Administrative Agent or the Lenders) of Regulation T, U or X of the Federal Reserve Board or to extend credit to others for any such purpose. The Borrower shall not engage in, or maintain as one of its important activities, the business of extending credit for the purpose of purchasing or carrying any margin stock (as defined in such regulations).

8.07. Limitation on Indebtedness. The Borrower shall not, and shall not permit any of its Subsidiaries to, Incur any Debt (including Acquired Debt), *provided that*, the Borrower or any Subsidiary may Incur Debt if on the date of such Incurrence and after giving effect thereto on a pro forma basis (as if such Debt had been Incurred on the first day of the relevant Reference Period): (a) the Consolidated Net Debt / EBITDA Ratio is less than 3.5 to 1.0 and (b) no Event of Default has occurred and is continuing or would result from the Incurrence of such Debt. Notwithstanding the foregoing, the Borrower and its Subsidiaries may Incur Permitted Debt.

(a) Upon each Incurrence of Debt, the Borrower or Subsidiary, as the case may be, may designate (and later re-designate) in its sole discretion pursuant to which category of Permitted Debt any Debt is being Incurred and may subdivide an amount of Debt and designate (and later redesignate) more than one such category pursuant to which such amount of Debt is being Incurred and such Permitted Debt shall not be deemed to have been Incurred or outstanding under any other category of Permitted Debt. For the avoidance of doubt, the inability of the Borrower or its Subsidiary to Incur Debt under one category shall not limit the ability of the Borrower or its Subsidiary to Incur Debt under another category.

(b) Accrual of interest shall not be deemed to be an Incurrence of Debt for purposes of this Section 8.07. Notwithstanding any other provision of this covenant, the maximum amount of Debt that the Borrower and its Subsidiaries may Incur pursuant to this covenant shall not be deemed to be exceeded, with respect to any outstanding Debt, solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Debt Incurred to refinance other Debt, if Incurred in a different currency from the Debt being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Debt is denominated that is in effect on the date of such refinancing.

(c) For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Debt, the U.S. dollar equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred.

ARTICLE IX
OBLIGATIONS OF GUARANTORS

9.01. The Guaranty. Each of the Guarantors jointly and severally hereby unconditionally and irrevocably guarantees (as a primary obligor and not merely as surety) payment in full as provided herein of all Obligations payable by the Borrower to each Lender, the Administrative Agent and the Joint Arrangers under this Agreement and the other Transaction Documents and the Fee Letters, as and when such amounts become payable (whether at stated maturity, by acceleration or otherwise).

9.02. Nature of Liability. The obligations of the Guarantors hereunder are guarantees of payment and shall remain in full force and effect until all Obligations of the Borrower have been validly, finally and irrevocably paid in full and all Commitments have been terminated, and shall not be affected in any way by the absence of any action to obtain such amounts from the Borrower or by any variation, extension, waiver, compromise or release of any or all Obligations from time to time therefor. Each Guarantor waives all requirements as to promptness, diligence, presentment, demand for payment, protest and notice of any kind with respect to this Agreement and the other Transaction Documents.

9.03. Unconditional Obligations. Notwithstanding any contrary principles under the laws of any jurisdiction other than the State of New York, the obligations of each of the Guarantors hereunder shall be unconditional, irrevocable and absolute and, without limiting the generality of the foregoing, shall not be impaired, terminated, released, discharged or otherwise affected by the following:

(a) the existence of any claim, set-off or other right which either of the Guarantors may have at any time against the Borrower, the Administrative Agent, any Lenders or any other Person, whether in connection with this transaction or with any unrelated transaction;

(b) any invalidity or unenforceability of this Agreement or any other Transaction Document relating to or against the Borrower or either of the Guarantors for any reason;

(c) any provision of applicable law or regulation purporting to prohibit the payment by the Borrower of any amount payable by the Borrower under this Agreement or any of the other Transaction Documents or the payment, observance, fulfillment or performance of any other Obligations;

(d) any change in the name, purposes, business, capital stock (including the ownership thereof) or constitution of the Borrower;

(e) any amendment, waiver or modification of any Transaction Document in accordance with the terms hereof and thereof; or

(f) any other act or omission to act or delay of any kind by the Borrower, the Administrative Agent, the Lenders or any other Person or any other circumstance whatsoever which might otherwise constitute a legal or equitable discharge of or defense to either of the Guarantors' obligations hereunder.

9.04. Independent Obligation. The obligations of each of the Guarantors hereunder are independent of the Borrower's obligations under the Transaction Documents and of any guaranty or security that may be obtained for the Obligations. The Administrative Agent and the Lenders may neglect or forbear to enforce payment hereunder, under any Transaction Document or under any guaranty or security, without in any way affecting or impairing the liability of each Guarantor hereunder. The

Administrative Agent or the Lenders shall not be obligated to exhaust recourse or take any other action against the Borrower or under any agreement to purchase or security which the Administrative Agent or the Lenders may hold before being entitled to payment from the Guarantors of the obligations hereunder or proceed against or have resort to any balance of any deposit account or credit on the books of the Administrative Agent or the Lenders in favor of the Borrower or each of the Guarantors. Without limiting the generality of the foregoing, the Administrative Agent or the Lenders shall have the right to bring suit directly against either of the Guarantors, either prior or subsequent to or concurrently with any lawsuit against, or without bringing suit against, the Borrower and/or the other Guarantor.

9.05. Waiver of Notices. Each of the Guarantors hereby waives notice of acceptance of this ARTICLE IX and notice of any liability to which it may apply, and waives presentment, demand for payment, protest, notice of dishonor or nonpayment of any such liability, suit or the taking of other action by the Administrative Agent or the Lenders against, and any other notice, to the Guarantors.

9.06. Waiver of Defenses. To the extent permitted by New York law and notwithstanding any contrary principles under the laws of any other jurisdiction, each of the Guarantors hereby waives any and all defenses to which it may be entitled, whether at common law, in equity or by statute which limits the liability of, or exonerates, guarantors or which may conflict with the terms of this ARTICLE IX, including failure of consideration, breach of warranty, statute of frauds, merger or consolidation of the Borrower, statute of limitations, accord and satisfaction and usury. Without limiting the generality of the foregoing, each of the Guarantors consents that, without notice to such Guarantor and without the necessity for any additional endorsement or consent by such Guarantor, and without impairing or affecting in any way the liability of such Guarantor hereunder, the Administrative Agent and the Lenders may at any time and from time to time, upon or without any terms or conditions and in whole or in part, (a) change the manner, place or terms of payment of, and/or change or extend the time or payment of, renew or alter, any of the Obligations, any security therefor, or any liability incurred directly or indirectly in respect thereof, and this ARTICLE IX shall apply to the Obligations as so changed, extended, renewed or altered; (b) exercise or refrain from exercising any right against the Borrower or others (including the Guarantors) or otherwise act or refrain from acting; (c) settle or compromise any of the Obligations, any security therefor or any liability (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and may subordinate the payment of all or any part thereof to the payment of any such liability (whether due or not) of the Borrower to creditors of the Borrower other than the Administrative Agent and the Lenders and the Guarantors; (d) apply any sums by whomsoever paid or howsoever realized, other than payments of the Guarantors of the Obligations, to any liability or liabilities of the Borrower under the Transaction Documents or any instruments or agreements referred to herein or therein, to the Administrative Agent and the Lenders regardless of which of such liability or liabilities of the Borrower under the Transaction Documents or any instruments or agreements referred to herein or therein remain unpaid; (e) consent to or waive any breach of, or any act, omission or default under the Obligations or any of the instruments or agreements referred to in this Agreement and the other Transaction Documents, or otherwise amend, modify or supplement the Obligations or any of such instruments or agreements, including the Transaction Documents; and/or (f) request or accept other support of the Obligations or take and hold any security for the payment of the Obligations or the obligations of the Guarantors under this ARTICLE IX, or allow the release, impairment, surrender, exchange, substitution, compromise, settlement, rescission or subordination thereof. Furthermore, each of the Guarantors hereby waives to the extent permitted by law any right to which it may be entitled to under Articles 2830, 2836, 2842, 2845, 2846, 2848 and 2849 of the Mexican Federal Civil Code and related Articles contained in the Civil Codes of the States in Mexico. The Guarantors further expressly waive the benefits of order, excusión y division contained in Articles 2814, 2815, 2817, 2818, 2820, 2821, 2822, 2823, 2837, 2838, 2840, 2841 and other related Articles of the Mexican Federal Civil Code and related Articles contained in other Civil Codes of the States of Mexico. The Guarantors hereby represent that the terms of each such provision of each such civil code are known in form and substance to each such Guarantor.

9.07. Bankruptcy and Related Matters.

(a) So long as any of the Obligations remain outstanding, each of the Guarantors shall not, without the prior written consent of the Administrative Agent (acting with the consent of the Required Lenders), commence or join with any other Person in commencing any bankruptcy, liquidation, reorganization, *concurso mercantil* or insolvency proceedings of, or against, the Borrower.

(b) If acceleration of the time for payment of any amount payable by the Borrower under this Agreement or the Notes is stayed upon the insolvency, bankruptcy, reorganization, *concurso mercantil* or any similar event of the Borrower or otherwise, all such amounts otherwise subject to acceleration under the terms of this Agreement shall nonetheless be payable by the Guarantors hereunder forthwith on demand by the Administrative Agent made at the request of the Lenders.

(c) The obligations of each of the Guarantors under this ARTICLE IX shall not be reduced, limited, impaired, discharged, deferred, suspended or terminated by any proceeding or action, voluntary or involuntary, involving the bankruptcy, insolvency, *concurso mercantil*, receivership, reorganization, marshalling of assets, assignment for the benefit of creditors, readjustment, liquidation or arrangement of the Borrower or similar proceedings or actions or by any defense which the Borrower may have by reason of the order, decree or decision of any court or administrative body resulting from any such proceeding or action. Without limiting the generality of the foregoing, the Guarantors' liability shall extend to all amounts and obligations that constitute the Obligations and would be owed by the Borrower but for the fact that they are unenforceable or not allowable due to the existence of any such proceeding or action.

(d) Each of the Guarantors acknowledges and agrees that any interest on any portion of the Obligations which accrues after the commencement of any proceeding or action referred to above in Section 9.07(c) (or, if interest on any portion of the Obligations ceases to accrue by operation of law by reason of the commencement of said proceeding or action, such interest as would have accrued on such portion of the Obligations if said proceedings or actions had not been commenced) shall be included in the Obligations, it being the intention of the Guarantors, the Administrative Agent, and the Lenders that the Obligations which are to be guaranteed by the Guarantors pursuant to this ARTICLE IX shall be determined without regard to any rule of law or order which may relieve the Borrower of any portion of such Obligations. The Guarantors will take no action to prevent any trustee in bankruptcy, receiver, debtor in possession, assignee for the benefit of creditors or similar person from paying the Administrative Agent, or allowing the claim of the Administrative Agent, for the benefit of the Administrative Agent, and the Lenders, in respect of any such interest accruing after the date of which such proceeding is commenced, except to the extent any such interest shall already have been paid by the Guarantors.

(e) Notwithstanding anything to the contrary contained herein, if all or any portion of the Obligations are paid by or on behalf of the Borrower, the obligations of the Guarantors hereunder shall continue and remain in full force and effect or be reinstated, as the case may be, in the event that all or any part of such payment(s) are rescinded or recovered, directly or indirectly, from the Administrative Agent and/or the Lenders as a preference, preferential transfer, fraudulent transfer or otherwise, and any such payments which are so rescinded or recovered shall constitute Obligations for all purposes under this ARTICLE IX, to the extent permitted by applicable law.

9.08. No Subrogation. Notwithstanding any payment or payments made by any of the Guarantors hereunder or any set-off or application of funds of any of the Guarantors by the Administrative Agent or any Lender, no Guarantor shall be entitled to be subrogated to any of the rights of the Administrative Agent or any Lender against the Borrower or any other Guarantor or any collateral security or guarantee or right of offset held by the Administrative Agent or any Lender for the payment of the Obligations, nor shall any Guarantor seek or be entitled to seek any contribution or reimbursement from the Borrower or any other Guarantor in respect of payments made by such Guarantor hereunder, until all amounts owing to the Administrative Agent and the Lenders by the Borrower on account of the Obligations shall have been indefeasibly paid in full in cash. If any amount shall be paid to any Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been indefeasibly paid in full in cash, such amount shall be held by such Guarantor in trust for the Administrative Agent and the Lenders, segregated from other funds of such Guarantor, and shall, forthwith upon receipt by such Guarantor, be turned over to the Administrative Agent in the exact form received by such Guarantor (duly indorsed by such Guarantor to the Administrative Agent, if required), to be applied against the Obligations, whether matured or unmatured, in such order as the Administrative Agent may determine.

9.09. Right of Contribution. Subject to Section 9.08, each Guarantor hereby agrees that to the extent that a Guarantor shall have paid more than its proportionate share of any payment made hereunder, such Guarantor shall be entitled to seek and receive contribution from and against any other Guarantor hereunder who has not paid its proportionate share of such payment. The provisions of this Section 9.09 shall in no respect limit the obligations and liabilities of any Guarantor to the Administrative Agent, the Joint Arrangers and the Lenders, and each Guarantor shall remain liable to the Administrative Agent, the Joint Arrangers and the Lenders for the full amount guaranteed by such Guarantor hereunder.

9.10. General Limitation on Guaranty. In any action or proceeding involving any applicable corporate law, or any applicable bankruptcy, insolvency, reorganization, *concurso mercantil* or other law affecting the rights of creditors generally, if the obligations of any Guarantor under this Section 9.10 would otherwise, taking into account the provisions of Section 9.09, be held or determined to be void, invalid or unenforceable, or subordinated to the claims of any other creditors, on account of the amount of its liability under Section 9.01, then, notwithstanding any other provision hereof to the contrary, the amount of such liability shall, without any further action by such Guarantor, any Lender, the Administrative Agent or any other Person, be automatically limited and reduced to the highest amount that is valid and enforceable and not subordinated to the claims of other creditors as determined in such action or proceeding.

9.11. Covenants of the Guarantors. Each Guarantor hereby covenants and agrees that, so long as any Obligations under this Agreement and any other Transaction Document remains unpaid or any Lender has any Commitment hereunder, it shall comply with the covenants contained or incorporated by reference in this Agreement to the extent applicable to it as a Subsidiary of the Borrower.

(j) Validity of Agreement. The Borrower shall contest the validity or enforceability of any Transaction Document or shall deny generally the liability of the Borrower under any Transaction Documents or either Guarantor shall contest the validity of or the enforceability of their guarantee hereunder or any obligation of either Guarantor under ARTICLE IX hereof shall not be (or is claimed by either Guarantor not to be) in full force and effect;

(k) Governmental Authority. Any governmental or other consent, license, approval, permit or authorization which is now or may in the future be necessary or appropriate under any applicable Requirement of Law for the execution, delivery, or performance by the Borrower or either Guarantor of any Transaction Document to which it is a party or to make such Transaction Document legal, valid, enforceable and admissible in evidence shall not be obtained or shall be withdrawn, revoked or modified or shall cease to be in full force and effect or shall be modified in any manner that would have an adverse effect on the rights or remedies of the Administrative Agent or the Lenders; or

(l) Expropriation, Etc. Any Governmental Authority shall condemn, nationalize, seize or otherwise expropriate all or any substantial portion of the property of, or capital stock issued or owned by, the Borrower or either Guarantor or take any action that would prevent the Borrower or either Guarantor from performing its obligations under this Agreement, the Notes, the Fee Letters, any Notice of Borrowings, any certificates, waivers, or any other agreement delivered pursuant to this Agreement; or

(m) Moratorium; Availability of Foreign Exchange. A moratorium shall be agreed or declared in respect of any Debt of the Borrower or either Guarantor or any restriction or requirement not in effect on the date hereof shall be imposed, whether by legislative enactment, decree, regulation, order or otherwise, which limits the availability or the transfer of foreign exchange by the Borrower or either Guarantor for the purpose of performing any material obligation under this Agreement, the Notes, the Fee Letters, any Notice of Borrowings, any certificates, waivers, or any other agreement delivered pursuant to this Agreement; or

(n) Change of Ownership or Control. Zambrano or any member of his immediate family shall not constitute an Event of Default.

10.02. Remedies. If any Event of Default has occurred and is continuing, the Administrative Agent shall, at the request of, or may, with the consent of, the Required Lenders:

terminate the Commitments and/or declare by notice to the Borrower the principal amount of all outstanding Loans to be forthwith due and payable, whereupon such principal amount, together with accrued interest thereon and any fees and all other Obligations accrued hereunder, shall become immediately due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived; *provided*, *however*, that in the case of any Event of Default specified in Section 10.01(f) or (g), without notice or any other act by the Lenders, the Commitments shall be automatically terminated and the Loans (together with accrued interest thereon) and all other Obligations of the Borrower hereunder shall become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower;

10.03. Notice of Default. The Administrative Agent shall give notice to the Borrower of any event occurring under Section 10.01(a), (b), (c) or (d) promptly upon being requested to do so by any Lender and shall thereupon notify all the Lenders thereof.

10.04. Default Interest. In the event of default by the Borrower in the payment on the due date of any sum due under this Agreement, the Borrower shall pay interest on demand on such sum from the date of such default to the day of actual receipt of such sum by the Administrative Agent (as well after as before judgment) at the rate specified in Section 2.02(d). So long as the default continues, the default interest rate shall be recalculated on the same basis at intervals of such duration as the Administrative Agent may select, *provided that* the amount of unpaid interest at the above rate accruing during the preceding period (or such longer period as may be the shortest period permitted by applicable law for the capitalization of interest) shall be added to the amount in respect of which the Borrower is in default.

10.05. Remedies Independent. Any debt owing to a Lender under the Transaction Documents shall be a separate and independent debt. Except as otherwise stated in the Transaction Documents, (i) any right of a Lender under the Transaction Documents shall be a separate and independent right and (ii) a Lender may separately enforce its rights under the Transaction Documents.

ARTICLE XI
THE ADMINISTRATIVE AGENT

11.01. Appointment and Authorization. Each Lender hereby irrevocably designates and appoints BBVA Bancomer, S.A. Institución de Banca Múltiple, Grupo Financiero BBVA Bancomer as the Administrative Agent of such Lender under this Agreement, and each Lender hereby irrevocably authorizes the Administrative Agent to take such action on its behalf under the provisions of this

Agreement and each other Transaction Document and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement or any other Transaction Document, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary contained elsewhere in this Agreement or in any other Transaction Document, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein, nor shall the Administrative Agent have or be deemed to have any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Transaction Document or otherwise exist against the Administrative Agent.

11.02. Delegation of Duties. The Administrative Agent may execute any of its duties under this Agreement or any other Transaction Document by or through agents, employees or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agent or attorney-in-fact that it selects with reasonable care.

11.03. Liability of Administrative Agent. Neither the Administrative Agent nor any of its officers, directors, employees, agents, attorneys-in-fact or Affiliates shall be (a) liable for any action taken or omitted to be taken by it or any such Person under or in connection with this Agreement or any other Transaction Document or the transactions contemplated hereby (except for its or such Person's own gross negligence or willful misconduct), or (b) responsible in any manner to any of the Lenders for any recital, statement, representation or warranty made by the Borrower, the Guarantors or any officer thereof contained in this Agreement or in any other Transaction Document, or in any certificate, report, statement or other document referred to or provided for in, or received by the Administrative Agent under or in connection with, this Agreement or any other Transaction Document, or for the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Transaction Document, or for any failure of the Borrower, the Guarantors or any other party to any Transaction Document to perform its obligations hereunder or thereunder. Except as otherwise expressly stated herein, the Administrative Agent shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of the Borrower or the Guarantors.

11.04. Reliance by Administrative Agent.

(a) The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, consent, certificate, affidavit, letter, telegram, facsimile, telex or teletype message, statement, order or other document or telephone conversation believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person or Persons, and upon advice and statements of legal counsel, independent accountants and other experts selected by the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Transaction Document unless it shall first receive such advice or concurrence of the Required Lenders as it deems appropriate and, if it so requests, it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of failing to take, taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement or any other Transaction Document in accordance with a request or consent of the Required Lenders (or when expressly required hereby, all the Lenders) and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders.

(b) For purposes of determining compliance with the conditions specified in Section 4.01, each Lender that has executed this Agreement shall be deemed to have consented to, approved or accepted or to be satisfied with, each document or other matter sent by the Administrative Agent to such Lender for consent, approval, acceptance or satisfaction on or before the Effective Date.

11.05. Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default (except with respect to defaults in the payment of principal, interest and fees required to be paid to the Administrative Agent for the account of the Lenders) unless the Administrative Agent shall have received written notice from a Lender or the Borrower referring to this Agreement and describing such Default or Event of Default and stating that such notice is a "Notice of Default". The Administrative Agent shall promptly notify the Lenders of its receipt of any such notice. The Administrative Agent shall take such action with respect to such Default or Event of Default as may be requested by the Required Lenders; *provided*, *however*, that unless and until the Administrative Agent has received any such request, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable or in the best interest of the Lenders.

11.06. Credit Decision. Each Lender expressly acknowledges that neither the Administrative Agent nor any of its Affiliates, officers, directors, employees, agents or attorneys-in-fact has made any representation or warranty to it, and that no act by the Administrative Agent hereafter taken, including any review of the affairs of the Borrower, the Guarantors, or any of their Affiliates, shall be deemed to constitute any representation or warranty by the Administrative Agent to any Lender. Each Lender acknowledges to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower, the Guarantors, and their Affiliates and all applicable Lender regulatory laws relating to the transactions contemplated hereby, and made its own decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Transaction Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower or the Guarantors. Except for notices, reports and other documents expressly herein required to be furnished to the Lenders by the Administrative Agent, the Administrative Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of the Borrower or the Guarantors which may come into the possession of the Administrative Agent or any of its Affiliates, officers, directors, employees, agents or attorneys-in-fact.

11.07. Indemnification. Whether or not the transactions contemplated hereby are consummated, the Lenders agree to indemnify upon demand the Administrative Agent and its Affiliates, directors, officers, agents and employees (to the extent not reimbursed by the Borrower and without limiting the obligation of the Borrower to do so), ratably according to the respective amounts of their Commitment Percentages in effect on the date the cause for indemnification arose, from and against any and all claims, liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever which may at any time (including at any time following the payment of the Obligations or the Termination Date) be imposed on, incurred by or asserted against the Administrative Agent (or any of its Affiliates, directors, officers, agents and employees) in any way relating to or arising out of this Agreement or any other Transaction Document, or any documents

contemplated by or referred to herein or the transactions contemplated hereby or any action taken or omitted by the Administrative Agent under or in connection with any of the foregoing; *provided*, *however*, that no Lender shall be liable for the payment of any portion of such claims, liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements to the extent determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of the Administrative Agent or its Affiliates, directors, officers, agents or employees. Without limitation of the foregoing, each Lender shall reimburse the Administrative Agent upon demand for its ratable share of any reasonable and documented costs or out-of-pocket expenses (including legal fees) incurred by the Administrative Agent in connection with the preparation, execution, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, any other Transaction Document, or any document contemplated by or referred to herein, to the extent that the Administrative Agent is not reimbursed for such expenses by or on behalf of the Borrower.

11.08. Administrative Agent in Individual Capacity. BBVA Bancomer, S.A. Institución de Banca Múltiple, Grupo Financiero BBVA Bancomer may make loans to, issue letters of credit for the account of, accept deposits from and generally engage in any kind of banking, trust, financial advisory, underwriting or other business with the Borrower, the Guarantors or any of their Affiliates as though BBVA Bancomer, S.A. Institución de Banca Múltiple, Grupo Financiero BBVA Bancomer were not the Administrative Agent hereunder and without notice to or consent of the Lenders. The Lenders acknowledge that, pursuant to such activities, BBVA Bancomer, S.A. Institución de Banca Múltiple, Grupo Financiero BBVA Bancomer or its Affiliates may receive information regarding the Borrower, the Guarantors and their Affiliates (including information that may be subject to confidentiality obligations in favor of the Borrower or the Guarantors) and acknowledge that the Administrative Agent shall be under no obligation to provide such information to them. With respect to the Obligations, BBVA Bancomer, S.A. Institución de Banca Múltiple, Grupo Financiero BBVA Bancomer shall have the same rights and powers under this Agreement as any other Lender and may exercise the same as though it were not the Administrative Agent, and the terms "Lender" and "Lenders" include BBVA Bancomer, S.A. Institución de Banca Múltiple, Grupo Financiero BBVA Bancomer in its individual capacity.

11.09. Successor Administrative Agent. The Administrative Agent may, and at the request of the Required Lenders shall, resign as Administrative Agent upon thirty (30) days' notice to the Lenders and the Borrower. If the Administrative Agent resigns under this Agreement, the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which appointment shall be subject to the approval of the Borrower, such approval not to be unreasonably withheld (unless a Default or Event of Default shall have occurred and be continuing, in which case such approval shall not be required). If no successor agent is appointed prior to the effective date of the resignation of the Administrative Agent, the Administrative Agent may appoint, after consulting with the Lenders and the Borrower, a successor agent from among the Lenders. Upon the acceptance of its appointment as successor agent hereunder, such successor agent shall succeed to all the rights, powers and duties of the retiring Administrative Agent and the term "Administrative Agent" shall mean such successor agent effective upon its appointment, and the retiring Administrative Agent's rights, powers and duties as Administrative Agent shall be terminated, without any other or further act on the part of such retiring Administrative Agent. After any retiring Administrative Agent's resignation hereunder as Administrative Agent, the provisions of this ARTICLE XI and Sections 13.04 and 13.05 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement. If no successor Administrative Agent has accepted the appointment as Administrative Agent by the date which is thirty (30) days following a retiring Administrative Agent's notice of resignation, the retiring Administrative Agent's resignation shall nevertheless thereupon become effective and either the Borrower or the retiring Administrative Agent may, on behalf of the Lenders, appoint a successor Administrative Agent, which shall be a commercial bank organized or licensed under the laws of the United States or of any State thereof and having a combined capital and surplus of at least U.S.$400,000,000.

ARTICLE XII
THE JOINT ARRANGERS

12.01. The Joint Arrangers. The Borrower hereby confirms the designation of each of BBVA Bancomer, S.A. Institucíon de Banca Múltiple, Grupo Financiero BBVA Bancomer, Citigroup Global Markets Inc., HSBC Securities (USA) Inc., Santander Investment Securities Inc., and The Royal Bank of Scotland PLC, as Joint Arrangers for this credit facility. The Joint Arrangers assume no responsibility or obligation hereunder for servicing, enforcement or collection of the Obligations, or any duties as agent for the Lenders. The title "Joint Arranger" or "Arranger" implies no fiduciary responsibility on the part of the Joint Arrangers to the Administrative Agent, or the Lenders and the use of either such title does not impose on the Joint Arrangers any duties or obligations under this Agreement except as may be expressly set forth herein.

12.02. Liability of Joint Arrangers. Neither the Joint Arrangers nor any of their respective officers, directors, employees, agents, attorneys-in-fact or Affiliates shall be (a) liable for any action lawfully taken or omitted to be taken by them or any such Person under or in connection with this Agreement or any other Transaction Document (except for such Joint Arranger's own gross negligence or willful misconduct), or (b) responsible in any manner to any Lender for any recital, statement, representation or warranty made by the Borrower or any officer thereof, contained in this Agreement or in any other Transaction Document, or in any certificate, report, statement or other document referred to or provided for in, or received by the Joint Arrangers under or in connection with, this Agreement or any other Transaction Document or for the validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Transaction Document or for any failure of the Borrower or any other party to any other Transaction Document to perform its obligations hereunder or thereunder. Except as otherwise expressly stated herein, the Joint Arrangers shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of the Borrower.

12.03. Joint Arrangers in their respective Individual Capacities. Each of BBVA Bancomer, S.A. 12.04. Credit Decision. Each Lender expressly acknowledges that neither the Joint Arrangers nor any of their respective Affiliates, officers, directors, employees, agents or attorneys-in-fact have made any representation or warranty to it, and that no act by the Joint Arrangers hereafter taken, including any review of the affairs of the Borrower or the Guarantors, shall be deemed to constitute any representation or warranty by the Joint Arrangers to any Lender. Each Lender acknowledges to the Joint Arrangers that it has, independently and without reliance upon the Joint Arrangers, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower or the Guarantors and their Affiliates and made its own decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Joint Arrangers, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and

the other Transaction Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower or the Guarantors. The Joint Arrangers shall not have any duty or responsibility to provide any Lender with any information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of the Borrower which may come into the possession of the Joint Arrangers or any of their respective officers, directors, employees, agents, attorneys-in-fact or Affiliates.

ARTICLE XIII

13.02. Amendments and Waivers. No amendment or waiver of any provision of this Agreement, and no consent to any departure by the Borrower or any Guarantor from the terms of this Agreement, shall in any event be effective unless the same shall be in writing, consented to by the Borrower or the applicable Guarantors, as the case may be, and acknowledged by the Administrative Agent (which shall be a purely ministerial action), and signed or consented to by the Required Lenders, and then such amendment, waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; *provided*, *however*, that no amendment, waiver or consent shall:

(c) amend, modify or waive any provision of ARTICLE XI without the written consent of the Administrative Agent; and

(d) amend, modify or waive any provision of ARTICLE XII without the consent of the Joint Arrangers.

13.03. No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent or any Lender, any right, remedy, power or privilege hereunder or under any other Transaction Document shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights and remedies herein provided are cumulative and not exclusive of any rights or remedies provided by law.

13.04. Payment of Expenses, Etc. The Borrower agrees to pay on demand

(a) all reasonable and documented out-of-pocket costs and expenses (including reasonable legal fees and disbursements of Mexican and New York counsel to the Administrative Agent), travel, telephone and duplication expenses and other reasonable and documented costs and out of- pocket expenses in connection with the arrangement, documentation, negotiation and closing of the Transactions Documents;

(b) all reasonable and documented out-of-pocket costs and expenses incurred by the Administrative Agent in connection with any amendment to, waiver of, or consent to any Transaction Document or the transactions contemplated hereby, including the reasonable fees and reasonable and documented out-of-pocket expenses of Mexican and New York counsel to the Administrative Agent; and

13.05. Indemnification. The Borrower agrees to indemnify and hold harmless the Joint Arrangers, the Administrative Agent and each Lender and each of their Affiliates and their officers,

directors, employees, agents and advisors (each, an "Indemnified Party") from and against any and all claims, damages, losses, liabilities and expenses (including reasonable fees and expenses of counsel and the allocated cost of in-house counsel), but excluding taxes that may be incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or by reason of (including in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (a) the Transaction Documents, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Loans or (b) or any Environmental Action relating in any way to the Borrower or any of its Subsidiaries, except to the extent such claim, damage, loss, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or willful misconduct. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 13.05 applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. The Borrower and each Guarantor also agrees not to assert any claim against the Joint Arrangers, the Administrative Agent, any Lender, any of their Affiliates, or any of their respective directors, officers, employees, attorneys and agents, on any theory of liability, for special, indirect, consequential or punitive damages arising out of or otherwise relating to the Transaction Documents, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Transaction Documents. Neither the Joint Arranger, the Administrative Agent, nor any Lender shall be deemed to have any fiduciary relationship with the Borrower or any Guarantor.

13.06. Successors and Assigns.

(a) The provisions of this Agreement shall be binding upon the Borrower, the Guarantors, their successors and assigns and shall inure to the benefit of the Joint Arrangers, the Administrative Agent and the Lenders and their respective successors and assigns, except that the Borrower and the Guarantors may not assign or otherwise transfer any of their rights or obligations under this Agreement without the prior written consent of all Lenders except pursuant to the terms of this Agreement.

(b) Any Lender may at any time, and any Lender, if demanded by the Borrower pursuant to Section 2.01(d) or Section 3.09 upon at least five (5) Business Days' notice to such Lender and the Administrative Agent, shall, assign to one or more commercial banks either (i) registered as a Foreign Financial Institution and a resident (or having its principal office as a resident, if lending through a branch or agency) for tax purposes in a jurisdiction that is a party to an income tax treaty to avoid double taxation with Mexico on the date of such assignment, qualified to receive the benefits of said treaty or (ii) organized and existing under the laws of Mexico on the date of such assignment (each an " Assignee") all, or a proportionate part of all, of its Commitment or Loan and its rights and obligations under this Agreement and the Notes, and such Assignee shall assume such rights and obligations, pursuant to an Assignment and Assumption Agreement executed by such Assignee and such transferor Lender, with (and subject to) the subscribed consent of the Borrower and the Administrative Agent (which consents shall not be unreasonably withheld or delayed, and if a Default or Event of Default has occurred and is continuing, the consent of the Borrower shall not be required); *provided*, *however*, that if an Assignee is an Existing Lender or an Affiliate of such transferor Lender, which Affiliate is registered as a Foreign Financial Institution and meets the tax residence and qualification requirements of clause (ii) above and, at the time of such assignment, the additional amounts payable with respect to Taxes to such Assignee will not exceed such amounts payable to the transferor Lender, no such consent shall be required; and *provided further that*, in the case of an assignment of only part of such rights and obligations, the Assignee shall acquire a Commitment

or Loan of not less than U.S.$3,000,000 and integral multiples of U.S.$1,000,000 in excess thereof. Upon execution and delivery of an Assignment and Assumption Agreement and payment by the Assignee to the transferor Lender of an amount equal to the purchase price agreed between such transferor Lender and such Assignee, such Assignee shall be a Lender party to this Agreement and shall have all the rights and obligations of a Lender with a Commitment or Loan as set forth in such instrument of assumption (in addition to any Commitment or Loan previously held by it), and the transferor Lender shall be released from its obligations hereunder to a corresponding extent (except to the extent the same arose prior to the assignment), and no further consent or action by any party shall be required. Upon the consummation of any assignment pursuant to this paragraph (b), the transferor Lender, the Administrative Agent and the Borrower shall make appropriate arrangements so that a new Note is issued to the Assignee at the expense of the Assignee. In connection with any such assignment (other than a transfer by a Lender to one of its Affiliates), the transferor Lender (or in the case of Section 3.10, the Borrower), without prejudice to any claims the Borrower may have against any Defaulting Lender, shall pay to the Administrative Agent an administrative fee for processing such assignment in the amount of U.S.$3,500.

(c) Nothing herein shall prohibit any Lender from pledging or assigning any Note to any Federal Reserve Bank of the United States in accordance with applicable law and without compliance with the foregoing provisions of this Section 13.06; *provided*, *however*, that such pledge or assignment shall not release such Lender from its obligations hereunder.

(d) Any Lender may, without any consent of the Borrower, the Administrative Agent or any other third party at any time grant to one or more banks or other institutions (i) registered as a Foreign Financial Institution and (ii) resident (or having its principal office as a resident, if lending through a branch or agency) for tax purposes in a jurisdiction that is a party to an income tax treaty to avoid double taxation with Mexico on the date of such assignment and qualified to receive the benefits of said treaty and having (at the time such Lender or financial institution becomes a Participant) a withholding tax rate under such treaty applicable to payments hereunder no higher than that applicable to payments to such Lender (each a "Participant") participating interests in its Commitment or any or all of its Loans. In the event of any such grant by a Lender of a participating interest to a Participant, whether or not upon notice to the Borrower and the Administrative Agent, such Lender shall remain responsible for the performance of its obligations hereunder, and the Borrower and the Administrative Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement pursuant to which any Lender may grant such a participating interest shall provide that such Lender shall retain the sole right and responsibility to enforce the obligations of the Borrower hereunder, including the right to approve any amendment, modification or waiver of any provision of this Agreement; *provided*, *however*, that such participation agreement may provide that such Lender will not agree to any modification, amendment or waiver of this Agreement extending the maturity of any Obligation in respect of which the participation was granted, or reducing the rate or extending the time for payment of interest thereon or reducing the principal thereof, or reducing the amount or basis of calculation of any fees to accrue in respect of the participation, without the consent of the Participant. The Borrower agrees that each Participant shall, to the extent provided in its participation agreement, be entitled to the benefits of Sections 3.04, 3.06 and 3.10 with respect to its participating interest as if it were a Lender named herein; *provided*, *however*, that the Borrower shall not be required to pay any greater amounts pursuant to such Sections than it would have been required to pay but for the sale to such Participant of such Participant's participation interest. An assignment or other transfer which is not permitted by paragraph (b) or (c) above shall be given effect for purposes of this Agreement only to the extent of a participating interest granted in accordance with this paragraph (d).

(e) Any Lender may, in connection with any assignment or participation or proposed assignment or participation pursuant to this Section 13.06, disclose to the Assignee or Participant or proposed Assignee or Participant, any information relating to the Borrower furnished to such Lender by or on behalf of the Borrower; *provided that*, prior to any such disclosure, the Assignee or Participant or proposed Assignee or Participant shall agree to preserve the confidentiality of any Confidential Information relating to the Borrower received by it from such Lender.

13.07. Right of Set-off. In addition to any rights and remedies of the Lenders provided by law, each such Lender shall have the right, without prior notice to the Borrower or the Guarantors, any such notice being expressly waived by the Borrower and the Guarantors to the extent permitted by applicable law, upon any amount becoming due and payable by the Borrower or the Guarantors hereunder (whether at the stated maturity, by acceleration or otherwise) to set-off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender, or any branch or agency thereof to or for the credit or the account of the Borrower or the Guarantors. Each Lender agrees promptly to notify the Borrower, or such Guarantor, as the case may be, and the Administrative Agent after any such set-off and application made by such Lender, *provided that* the failure to give such notice shall not affect the validity of such set-off and application.

13.08. Confidentiality. Neither the Administrative Agent nor any Lender shall disclose any Confidential Information to any other Person without the prior written consent of the Borrower, other than (a) to the Administrative Agent's, or such Lender's Affiliates and their officers, directors, employees, agents and advisors and, as contemplated by Section 13.06(e), to actual or prospective Assignees and Participants, and then only on a confidential basis, (b) as required by any law, rule or regulation (including as may be required in connection with an audit by the Administrative Agent's, or such Lender's independent auditors, and as may be required by any self-regulating organizations) or as may be required by or necessary in connection with any judicial process and (c) as requested by any state, federal or foreign authority or examiner regulating banks or banking.

13.09. Use of English Language. All certificates, reports, notices and other documents and communications given or delivered pursuant to this Agreement shall be in the English language (other than the documents required to be provided pursuant to Section 4.01(e)(iii), Section 7.01 and Section 7.02 which shall be in the English language or in the Spanish language accompanied by an English translation or summary). Except in the case of the laws of, or official communications of, Mexico, the English language version of any such document shall control the meaning of the matters set forth therein.

13.10. **GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAW OF THE STATE OF NEW YORK.**

13.11. Submission to Jurisdiction.

(a) Each of the parties hereto hereby irrevocably and unconditionally submits to the non-exclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court located in the Borough of Manhattan in New York City and any appellate court thereof for purposes of any suit, legal action or proceeding arising out of or relating to this Agreement, any other Transaction Document or the transactions contemplated

hereby, and each of the parties hereto hereby irrevocably agrees that all claims in respect of such suit, action or proceeding may be heard and determined in such federal or New York State court and, with respect to the Borrower and the Guarantors, as well as in the competent court of their own corporate domicile, expressly waiving the right to the jurisdiction of any other courts pursuant to applicable law.

(b) Each of the parties hereto hereby irrevocably waives, to the fullest extent it may effectively do so, any objection that it may now or hereafter have to the laying of venue of any such suit, action or proceeding in any such federal or New York State court and irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of any such suit, action or proceeding.

(c) Each of the parties hereto irrevocably waives the right to object, with respect to such claim, suit, action or proceeding brought in any such court, that such court does not have jurisdiction over it.

(d) Each of the parties hereto agrees, to the fullest extent it may effectively do so under applicable law, that a final judgment in any suit, action or proceeding of the nature referred to in paragraph (a) above brought in any such court shall be conclusive and binding upon such party and may be enforced in other jurisdictions by suit on the judgment or in any manner provided by law.

(e) **EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY SUIT, ACTION OR PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO ANY OF THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR THE ACTIONS OF ANY ARRANGER, THE ADMINISTRATIVE AGENT OR ANY LENDER IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE OR ENFORCEMENT THEREOF**.

13.12. Appointment of Agent for Service of Process .

(a) The Borrower and each Guarantor hereby irrevocably appoints CT Corporation System, with an office on the date hereof at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as its agent (the "Process Agent") to receive on behalf of itself and its property, service of copies of the summons and complaint and any other process which may be served in any such action or proceeding brought in any New York State or federal court sitting in New York City. The Borrower and each Guarantor hereby appoints as its conventional domicile exclusively to receive any of the notices and service of process, the domicile of the Process Agent mentioned above or any other domicile notified in writing by the Process Agent to the Borrower, the Administrative Agent or any Lender. Such service may be made by delivering a copy of such process to the Borrower or any Guarantor, as the case may be, in care of the Process Agent at its address specified above, and the Borrower and each Guarantor, as the case may be, hereby authorizes and directs the Process Agent to accept such service on its behalf. The appointment of the Process Agent shall be irrevocable until the appointment of a successor Process Agent. The Borrower and each Guarantor, further agrees to promptly appoint a successor Process Agent in New York City prior to the termination for any reason of the appointment of the initial Process Agent.

(b) Nothing in Section 13.11 or in this Section 13.12 shall affect the right of any party hereto to serve process in any manner permitted by law or limit any right that any party hereto may have to enforce in any lawful manner a judgment obtained in one jurisdiction in any other jurisdiction.

13.13. Waiver of Sovereign Immunity. To the extent that the Borrower or a Guarantor has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether through service or notice, attachment prior to judgment, attachment in aid of execution, or otherwise) with respect to itself or its property, the Borrower or the Guarantor, as the case may be, hereby irrevocably waives such immunity in respect of its obligations hereunder to the extent permitted by applicable law. Without limiting the generality of the foregoing, the Borrower and each Guarantor agrees that the waivers set forth in this Section 13.13 shall have force and effect to the fullest extent permitted under the Foreign Sovereign Immunities Act of 1976 of the United States and are intended to be irrevocable for purposes of such Act.

13.14. Judgment Currency.

(a) All payments made under this Agreement and the other Transaction Documents shall be made in Dollars unless specified otherwise herein. If for the purposes of obtaining judgment in any court it is necessary to convert a sum due from the Borrower in one currency (" Currency X") into another currency ("Currency Y"), the parties hereto agree to the fullest extent that they may legally and effectively do so that the rate of exchange used shall be that at which in accordance with normal banking procedures (based on quotations from four major dealers in the relevant market) the Administrative Agent or each Lender, as the case may be, could purchase Currency X with Currency Y at or about 11:00 a.m. (New York City time) on the Business Day preceding that on which final judgment is given.

(b) The Obligations in respect of any sum due to any Lender or the Administrative Agent hereunder or under any other Transaction Document shall, to the extent permitted by applicable law notwithstanding any judgment expressed in a currency other than the applicable Currency X, be discharged only to the extent that on the Business Day following receipt by such Lender or the Administrative Agent of any sum adjudged to be so due in Currency Y such Lender or the Administrative Agent may in accordance with normal banking procedures purchase Currency X with Currency Y. If the amount of Currency X so purchased is less than the sum originally due to such Lender or the Administrative Agent, the Borrower and each of the Guarantors agree, to the fullest extent it may legally do so, as a separate obligation and notwithstanding any such judgment, to indemnify such Lender or the Administrative Agent against such resulting loss.

13.15. Counterparts. This Agreement may be executed in any number of counterparts and by the different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by facsimile shall be effective as delivery of a manually executed counterpart of this Agreement.

13.16. USA PATRIOT Act. The Lenders, to the extent that they are subject to the requirements of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act"), hereby notify the Borrower that pursuant to the requirements of the Act, it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow the Lenders to identify the Borrower in accordance with the Act.

13.17. Severability. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof or affecting the validity or enforceability of such provision in any other jurisdiction, and the remaining portion of such provision and all other remaining provisions hereof will be construed to render them enforceable to the fullest extent permitted by law.

13.18. Survival of Agreements and Representations .

(a) All representations and warranties made herein or in any other Transaction Document shall survive the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby.

(b) The covenants and agreements contained in Sections 3.04, 3.05, 3.06, 3.07, 3.08, 13.04, 13.05, 13.08, 13.09, 13.11, 13.12 and 13.14, and the obligations of the Lenders under Section 11.07, shall survive the termination of the Commitments and the payment of all Obligations and, in the case of any Lender that may assign any interest in its Commitment or obligations hereunder, with respect to matters occurring before such assignment, shall survive the making of such assignment to the extent any claim arising thereunder relates to any period prior to such assignment, notwithstanding that such assigning Lender may cease to be a "Lender" hereunder.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their respective authorized officers as of the date first written above.

Litigation Matters

A description of material actions, suits, investigations, litigations or proceedings, including Environmental Actions, affecting Borrower or any of its Subsidiaries before any court, Governmental Authority or arbitrator is provided below.

Environmental Matters

United States

As of December 31, 2008, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.$43.0 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, which might be categorized as hazardous substances or wastes, and (ii) the cleanup of sites used or operated by CEMEX, Inc., including discontinued operations, regarding the disposal of hazardous substances or wastes, either individually or jointly with other parties. Most of the proceedings are in the preliminary stage, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. considers that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with or litigation against potential sources of recovery have been completed.

CEMEX Construction Materials Florida, LLC f/k/a Rinker Materials of Florida, Inc., a subsidiary of CEMEX, Inc., holds one federal quarry permit and is the beneficiary of one of 10 other federal quarrying permits granted for the Lake Belt area in South Florida. The permit held by CEMEX Florida covers CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Krome quarry is operated under one of the other federal quarry permits. The FEC quarry is the largest of CEMEX Floridas' quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry. A ruling was issued on March 22, 2006 by a judge of the U.S. District Court for the Southern District of Florida in connection with litigation brought by environmental groups concerning the manner in which the permits were granted. Although not named as a defendant, CEMEX Florida has intervened in the proceedings to protect its interests. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the relevant governmental agencies in connection with the issuance of the permits. The judge remanded the permits to the relevant governmental agencies for further review, which review the governmental agencies have indicated in a recent announcement should take until mid February 2009 to conclude. The judge also conducted further proceedings to determine the activities to be conducted during the remand period. In July 2007, the judge issued a ruling that halted certain quarrying operations at three non-CEMEX Florida quarries. The judge left in place CEMEX Florida's Lake Belt permits until the relevant government agencies complete their review. In a May 2008 ruling, the federal appellate court determined that the district court judge did not apply the proper standard of review to the permit issuance decision of the governmental agency, vacated the district court's prior order, and remanded the proceeding to the district court to apply the proper standard of review; this review remains pending before the district court judge. If the Lake Belt permits are ultimately set aside or quarrying operations under them restricted, CEMEX Florida will need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely affect profits from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt could also have a material adverse effect on our financial results.

Europe

In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulator view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of approximately £122 million, and an accounting provision for this sum has been made at December 31, 2007.

In 2003, the European Union adopted a directive implementing the Kyoto Protocol on climate change and establishing a greenhouse gas emissions allowance trading scheme within the European Union. The directive requires Member States to impose binding caps on carbon dioxide emissions from installations involved in energy activities, the production and processing of ferrous metals, the mineral industry (including cement production) and the pulp, paper or board production business. Under this scheme, companies with operations in these sectors receive from the relevant Member States allowances that set limitations on the levels of greenhouse gas emissions from their installations. These allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that are not reaching their emissions objectives. Companies can also use credits issued from the use of the flexibility mechanisms under the Kyoto protocol to fulfill their European obligations. These flexibility mechanisms provide that credits (equivalent to allowances) can be obtained by companies for projects that reduce greenhouse gas emissions in emerging markets. These projects are referred to as Clean Development Mechanism ("CDM") or joint implementation projects depending on the countries where they take place. Failure to meet the emissions caps is subject to heavy penalties.

Companies can also use, up to a certain level, credits issued under the flexible mechanisms of the Kyoto protocol to fulfill their European obligations. Credits for Emission Reduction projects obtained under these mechanisms are recognized, up to a certain level, under the European emission trading scheme as allowances. To obtain these emission reduction credits, companies must comply with very specific and restrictive requirements from the United Nations Convention on Climate Change (UNFCC).

As required by directive, each of the Member States established a National Allocations Plan, or NAP, setting out the allowance allocations for each industrial facility for Phase I, from 2005 to 2007. Based on the NAPs established by the Member States of the European Union for the 2005 to 2007 period and our actual production, on a consolidated basis after trading allowances between our operations in countries with a deficit of allowances and our operations in countries with an excess of allowances, and after some external operations, Borrower's Subsidiaries had a surplus of allowances of approximately 1,050,054 tons of carbon dioxide in this Phase I.

For Phase II, comprising 2008 through 2012, however, there has been a reduction in the allowances granted by the Member States that have already approved their NAP, which may result in a consolidated deficit in our carbon dioxide allowances during the period. We believe we may be able to reduce the impact of any deficit by either reducing carbon dioxide emissions in our facilities or by obtaining additional emission credits through the implementation of CDM projects. If we are not successful in implementing emission reductions in our facilities or obtaining credits from CDM projects, we may have to purchase a significant amount of emission credits in the market, because CEMEX has already sold a substantial amount of allowances for Phase II, the cost of which may have an impact on our operating results. As of December 1, 2008, the market value of carbon dioxide allowances for Phase II was approximately €15.45 per ton. CEMEX is taking appropriate measures to minimize our exposure to this market while assuring the supply of our products to our clients.

Schedule 5.06

The Spanish NAP has been finally approved by the Spanish Government, reflecting the conditions that were set forth by the European Commission. The allocations made to our installations allow us to foresee certain availability of allowances, nevertheless, there remains the uncertainty regarding the allocations that, against the reserve for new entrants, shall be requested for the new CEMEX cement plant in Andorra (Teruel), currently under construction, and that it is scheduled to start operating in 2010.

On May 29, 2007, the Polish government filed an appeal before the Court of First Instance in Luxemburg regarding the European Commission's rejection of the initial version of the Polish NAP. The Court has denied Poland's request for a quick path verdict in the case, keeping the case in the regular proceeding path, therefore, the Polish government has started to prepare Polish internal rules on division of allowance at the level already accepted by the European Commission. Seven major Polish cement producers, representing 98% of Polish cement production (including CEMEX Polska), have also filed seven separate appeals before the Court of First Instance regarding the European Commission's rejection. On September 29, 2008 the Court of the First Instance issued an order rejecting CEMEX Polska's appeal without going into the merit of the case. As of December 4, 2008 the final version of the Polish NAP has not been cleared by the Commission; CEMEX's has not determined the impact this may have on CEMEX¨s position in the country.

Tax Matters

Pursuant to amendments to the Mexican income tax law (Ley del Impuesto sobre la Renta), which became effective on January 1, 2005, Mexican companies with direct or indirect investments in entities incorporated in foreign countries whose income tax liability in those countries is less than 75% of the income tax that would be payable in Mexico will be required to pay taxes in Mexico on passive income such as dividends, royalties, interest, capital gains and rental fees obtained by such foreign entities, provided that the income is not derived from entrepreneurial activities in such countries (income derived from entrepreneurial activities is not subject to tax under these amendments). We filed two motions in the Mexican federal courts challenging the constitutionality of the amendments. On June 29, 2006, we obtained a favorable ruling from the Mexican federal court stating that the amendments were unconstitutional. The Mexican tax authority appealed the ruling, and the proceeding was attracted by the Mexican Supreme Court of Justice. On September 9, 2008, the Mexican Supreme Court ruled against CEMEX's constitutional challenge of the controlled foreign corporation tax rules in effect in Mexico for tax years 2005 to 2007. Since the Supreme Court's decision does not pertain to an amount of taxes due or other tax obligations, CEMEX will self-assess any taxes due through the submission of amended tax returns. CEMEX has not yet determined the amount of tax or the periods affected. Based on a preliminary estimate, CEMEX believes this amount will not be material, but no assurance can be given that additional analysis will not lead to a different conclusion. If the tax authorities do not agree with CEMEX's self-assessment of the taxes due for past periods, they may assess additional amounts of taxes past due, which may be material and may impact CEMEX cash flows.

The Mexican Congress approved several amendments to the Mexican Asset Tax Law (Ley del Impuesto al Activo) that came into effect on January 1, 2007. As a result of such amendments, all Mexican corporations, including us, are no longer allowed to deduct their liabilities from the calculation of the asset tax. We believe that the Asset Tax Law, as amended, is against the Mexican constitution. We have challenged the Asset Tax Law through appropriate judicial action (juicio de amparo).

The asset tax was imposed at a rate of 1.25% on the value of most of the assets of a Mexican corporation. The asset tax was "complementary" to the corporate income tax (impuesto sobre la renta) and, therefore, was payable only to the extent it exceeded payable income tax.

Schedule 5.06

Philippines

As of December 31, 2008, the Philippine Bureau of Internal Revenue (BIR), had assessed APO, Solid, IQAC, ALQC and CSPI, our operating subsidiaries in the Philippines, for deficiency taxes covering taxable years 1998-2005 amounting to a total of approximately 1,994 million Philippine Pesos (approximately U.S.$41.96 million as of December 31, 2008, based on an exchange rate of Philippine Pesos 47.52 to U.S.$1.00, which was the Philippine Peso/Dollar exchange rate on December 31, 2008 as published by the Bangko Sentral ng Pilipinas, the central bank of the Republic of the Philippines).

The majority of the tax assessments result primarily from the disallowance of APO's income tax holiday incentives for taxable years 1999 to 2001 (approximately Philippine Pesos 1,078 million or U.S.$22.68 million as of December 31, 2008, based on an exchange rate of Philippine Pesos 47.52 to U.S.$1.00). We have contested the BIR's assessment, arising from the disallowance of the ITH incentive, with the Court of Tax Appeals (CTA). The initial Division ruling of the CTA was unfavorable, but is subject to further appeal with the CTA as a whole. The assessment is now currently on appeal with the CTA En Banc. A motion was filed with the CTA, requesting the court to hold APO totally not liable for alleged income tax liabilities for all the years covered and to this end cancel and withdraw APO's deficiency income tax assessments for taxable years 1999, 2000 and 2001 on the basis of APO's availment of the tax amnesty described below. As of December 31, 2008, resolution on the aforementioned motion is still pending.

CEMEX Venezuelan Nationalization

In furtherance of Venezuela's announced policy to nationalize certain sectors of the economy, on June 18, 2008, the Nationalization Decree was promulgated, mandating that the cement production industry in Venezuela be reserved for the Government of Venezuela and ordering the conversion of foreign-owned cement companies, including CEMEX Venezuela, into state-controlled companies with Venezuela holding an equity interest of at least 60%. The Nationalization Decree provided for the formation of a transition committee to be integrated with the board of directors of the relevant cement company to guaranty the transfer of control over all activities of the relevant cement company to Venezuela by December 31, 2008. The Nationalization Decree further established a deadline of August 17, 2008 for the shareholders of foreign-owned cement companies, including CEMEX Venezuela, to reach an agreement with the Government of Venezuela on the compensation for the nationalization of their assets. The Nationalization Decree also provided that this deadline may be extended by mutual agreement of the Government of Venezuela and the relevant shareholder. The transition committee, which was to be coordinated by the Ministry of Basic Industries (MIBAN), was never formally instituted and MIBAN never acted in the process, but instead Petroleos de Venezuela (PDVSA) conducted all the conversations.

CEMEX Venezuela and the Government did not reach agreement by the August 17 deadline, and on August 18 the Expropriation Decree was issued by the President of Venezuela, with PDVSA appointed to conduct the expropriation proceedings. Although these proceedings had not yet commenced, PDVSA officials headed a group of PDVSA workers, with the support of the public force, to take over all the facilities of CEMEX Venezuela on August 17. Since no agreement has been reached with the Venezuelan Government as to the compensation to be paid, the Dutch companies that control CEMEX Venezuela filed an arbitration request before the International Center for the Settlement of Investment Disputes against the Government of Venezuela, which request has been registered and the tribunal is in the process of being formed.

As of December 31, 2007, CEMEX Venezuela, S.A.C.A. was the holding entity of several of CEMEX's investments in the region, including CEMEX's operations in the Dominican Republic and Panama, as well as CEMEX's minority investment in Trinidad. In the wake of statements by the Government of Venezuela about the nationalization of assets in Venezuela, in April 2008, CEMEX concluded the transfer of all material non-Venezuelan investments to CEMEX España for approximately U.S.$355 million plus U.S.$112 million of net debt, having distributed all accrued profits from the non-Venezuelan investments

to the stockholders of CEMEX Venezuela amounting to approximately U.S.$132 million. At this time, the net impact or the outcome of the nationalization on CEMEX's consolidated financial results cannot be reasonably estimated. As of December 31, 2008 the net assets of CEMEX's Venezuelan operations under Mexican FRS were approximately U.S.$451.7 million. Since August 2008, CEMEX no longer consolidates the financial results of CEMEX Venezuela.

On June 13, 2008, the Venezuelan securities authority initiated an administrative proceeding against CEMEX Venezuela, claiming that the company did not sufficiently inform its shareholders and the securities authority in connection with the transfer of the non-Venezuelan assets described above. The Venezuelan authority determined that CEMEX Venezuela did not comply with its disclosure obligations and imposed fines on the company, which we do not consider material, and requested the attorney general's office to review the case to determine if such non-disclosure also constituted criminal infringement.

Other Legal Proceedings

On August 5, 2005, a lawsuit was filed against a subsidiary of CEMEX Colombia, claiming that it was liable along with the other members of the Asociación Colombiana de Productores de Concreto, or ASOCRETO, a union formed by all the ready-mix concrete producers in Colombia, for the premature distress of the roads built for the mass public transportation system of Bogotá using ready-mix concrete supplied by CEMEX Colombia and other ASOCRETO members. The plaintiffs allege that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs seek the repair of the roads in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair will be approximately U.S.$45 million. The lawsuit was filed within the context of a criminal investigation of two ASOCRETO officers and other individuals, alleging that the ready-mix concrete producers were liable for damages if the ASOCRETO officers were criminally responsible. The court completed the evidentiary stage, and on August 17, 2006 dismissed the charges against the members of ASOCRETO. The other defendants (one ex-director of the Distrital Institute of Development, the legal representative of the constructor and the legal representative of the contract auditor) were formally accused. The decision was appealed, and on December 11, 2006, the decision was reversed and the two ASOCRETO officers were formally accused as participants (determiners) in the execution of a state contract without fulfilling all legal requirements thereof. The first public hearing took place on November 20, 2007. In this hearing the judge dismissed an annulment petition filed by the ASOCRETO officers. The petition was based on the fact that the officers were formally accused of a different crime than the one they were being investigated for. This decision was appealed, but the decision was confirmed by the Superior Court of Bogota. On January 21, 2008, CEMEX Colombia was subject to a judicial order, issued by the court, sequestering a quarry called El Tujuelo, as security for a possible future money judgment to be rendered against CEMEX Colombia in these proceedings. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required within a period of 10 days to deposit with the Court in cash CoP$337,800 million (approximately U.S.$195 million as of June 4, 2008, based on an exchange rate of CoP1730 to U.S.$1.00, which was the Colombian Peso/Dollar exchange rate on June 4, 2008, as published by the Banco de la República de Colombia, the central bank of Colombia), instead of being allowed to post an insurance policy to secure such recovery. CEMEX Colombia asked for reconsideration, and the court allowed CEMEX to present an insurance policy. Nevertheless, CEMEX appealed this decision, in order to reduce the amount of the insurance policy, and also requested that the guarantee be covered by all defendants in the case. The measure does not affect the normal activity of the quarry. At this stage, we are not able to assess the likelihood of an adverse result or the potential damages which could be borne by CEMEX Colombia.

Schedule 5.06

On August 5, 2005, Cartel Damages Claims, SA, or CDC, filed a lawsuit in the District Court in Düsseldorf, Germany against CEMEX Deutschland AG and other German cement companies. CDC is seeking €102 million in respect of damage claims by 28 entities relating to alleged price and quota fixing by German cement companies between 1993 and 2002, which entities had assigned their claims to CDC. CDC is a Belgian company established by two lawyers in the aftermath of the German cement cartel investigation that took place from July 2002 to April 2003 by Germany's Federal Cartel Office with the express purpose of purchasing potential damages claims from cement consumers and pursuing those claims against the cartel participants. In January 2006, another entity assigned alleged claims to CDC, and the amount of damages being sought by CDC increased to €113.5 million plus interest. On February 21, 2007, the District Court of Düsseldorf decided to allow this lawsuit to proceed without going into the merits of this case by issuing an interlocutory judgment. All defendants appealed. The appeal hearing took place on April 22, 2008, and the appeal was dismissed on May 14, 2008. The lawsuit will proceed at the level of court of first instance. As of September 30, 2008 only one defendant has decided to file a complaint before the Federal High Court; this will delay the case from proceeding at the level of first instance to an extent we cannot assess today. In the meantime, CDC had acquired new assigners and announced an increase in the claim to €131 million. As of November 30, 2008, we had accrued liabilities regarding this matter for a total amount of approximately €20 million.

During November 4, 5 and 6, 2008, officers of the European Commission, assisted by local officials, conducted an unannounced inspection at CEMEX offices in the United Kingdom and in Germany. It is understood that Commission officials carried out unannounced inspections at the premises of other companies active in the cement and related products industry in several member states. The Commission alleges that CEMEX may have participated in anti competitive agreements and/or concerted practices in breach of Article 81of the EC Treaty and/or Article 53 of the EEA Agreement and abusive conduct in breach of Article 82 of the EC Treaty and/or Article 54 of the EEA Agreement. The allegations extend to several markets worldwide, including in particular the European Economic Area; if those allegations are substantiated, significant penalties may be imposed on the subsidiaries of CEMEX operating in such markets. CEMEX fully co-operated and will continue to co-operate with the Commission officials in connection with the inspection.

After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans defining the development zones within their respective municipalities, adversely impacting the mining concession granted to Dalmacijacement, our subsidiary in Croatia, by the Government of Croatia in September 2005. During the consultation period, Dalmacijacement submitted comments and suggestions to the Master Plans, but these were not taken into account or incorporated into the Master Plan by Kaštela and Solin. Most of these comments and suggestions were intended to protect and preserve the rights of Dalmacijacement´s mining concession granted by the Government of Croatia in September 2005. Immediately after publication of the Master Plans, Dalmacijacement filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions. The legal actions taken and filed by Dalmacijacement were as follows: (i) on May 17, 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning Dalmacijacement's constitutional claim for decrease and obstruction of rights earned by investment, and seeking prohibition of implementation of the Master Plans, the appeal is currently under review by the constitutional court in Croatia, and it is expected that this proceeding will continue for several years before resolution; (ii) on May 17, 2006, a possessory action against the cities of Kaštela and Solin seeking the enactment of interim measures prohibiting implementation of the Master Plans and including a request to implead the Republic of Croatia into the proceeding on our side. The municipal court in Solin issued a first instance judgment dismissing our possessory action. We filed an appeal against that judgment. The appeal has been resolved by the Solin County Court, affirming the judgment and rendering it final. The Municipal Court in Kaštela has issued a first instance judgment dismissing our possessory action. We filed an appeal against said judgment, which

has since been resolved by the Kaštela Country Court, affirming the judgment and rendering it final; (iii) on May 17, 2006, an administrative proceeding before the State Lawyer, seeking a declaration from the Government of Croatia confirming that Dalmacijacement acquired rights under the mining concessions. Dalmacijacement received State Lawyer's opinion which confirms the Dalmacijacement's acquired rights according to the previous decisions ("old concession"). The Administrative Court in Croatia has ruled in favor of Dalmacijacement, validating the legality of the mining concession granted to Dalmacijacement by the Government of Croatia. This decision is final. Currently it is difficult for Dalmacijacement to ascertain the approximate economic impact of these measures by Kaštela and Solin.

Club of Environmental Protection, a Latvian environmental protection organization (hereinafter the "Applicant"), has initiated a court administrative proceeding against the decision made by the Environment State Bureau (hereinafter the "Defendant) in order to amend the environmental pollution permit (the "Permit") for the Broceni Cement Plant in Latvia, owned by CEMEX SIA (the "Disputed Decision"). CEMEX SIA was invited to participate in the court proceedings as a third party, whose rights and legal interest may be infringed by the relevant administrative act. On June 5, 2008 the Court rendered its judgment, where it satisfied the Claimant's claim and revoked the Disputed Decision stating that it is illegal because Defendant failed to perform public inquiry in accordance with legal regulations. The judgment has been appealed by both the Defendant and CEMEX SIA before the Court of Appeal and the court will hear the case in February 24, 2009. The appellate procedure will not suspend the operation of the Permit which will remain valid throughout the court proceedings, hence CEMEX SIA is allowed to continue to perform its activities. The Permit subject to this proceeding was issued for the existing cement line, which will be fully substituted in the first half of 2009 by a new cement line currently under construction.

(Mexico City time), on the date due, in Pesos of the United Mexican States, in immediately available funds, to the account maintained by the Administrative Agent at [ ] CLABE: [ ], Attention: [ ].

En caso que el Deudor esté legalmente obligado a llevar a cabo cualquier retención o deducción respecto de pagos conforme al presente, el Deudor pagará las sumas adicionales que sean necesarias para asegurar que las sumas recibidas por el tenedor del presente sean iguales a la suma que hubiera recibido si tales retenciones o deducciones no se hubieren llevado a cabo.

The Credit Agreement and the Tranche A Notes shall hereinafter be referred to collectively as the "Transaction Agreements." "Applicable Laws" shall mean those laws, rules and regulations which, in our experience, are normally applicable to transactions of the type contemplated by the Credit Agreement (other than the United States federal securities laws, state securities or blue sky laws, antifraud laws and the rules and regulations of the Financial Industry Regulatory Authority), without our having made any special investigation as to the applicability of any specific law, rule or regulation, and which are not the subject of a specific opinion herein referring expressly to a particular law or laws. " Governmental Approval" means any consent, approval, license, authorization or validation of, or filing, recording or registration with, any governmental authority pursuant to the Applicable Laws of the State of New York or the Applicable Laws of the United States of America. "Applicable Orders" means those orders or decrees of governmental authorities identified in the certificate attached as Exhibit B hereto. "Applicable Contracts" mean those agreements or instruments listed on Schedule II hereto. "Uniform Commercial Code" means the Uniform Commercial Code as in effect on the date hereof in the State of New York (without regard to laws referenced in Section 9-201 thereof).

Based upon the foregoing and subject to the limitations, qualifications, exceptions and assumptions set forth herein, we are of the opinion that:

1. The Credit Agreement constitutes the valid and binding obligation of each Credit Party enforceable against such Credit Party in accordance with its terms under the Applicable Laws of the State of New York and the Applicable Laws of the United States of America.

2. The Tranche A Notes, when duly executed and delivered, will constitute the valid and binding obligations of each Credit Party enforceable against each Credit Party in accordance with their terms under the Applicable Laws of the State of New York and the Applicable Laws of the United States of America.

3. The execution and delivery by each Credit Party of each Transaction Agreement and the performance by each Credit Party of its respective obligations thereunder, in accordance with its terms, do not (i) constitute a violation of, or a default under, any Applicable Contract or (ii) cause or require the creation of any security interest upon any property of the Credit Parties pursuant to the Applicable Contracts. We do not express any opinion, however, as to whether the execution, delivery or performance by the Credit Parties of the Transaction Agreements will constitute a violation of, or a default under, any covenant, restriction or provision with respect to financial ratios or tests or any aspect of the financial condition or results of operations of the respective Credit Party. We call to your attention that certain of the Applicable Contracts are governed by laws other than those as to which we express our opinion. We do not express any opinion as to the effect of such other laws on the opinions herein stated.

4. Neither the execution, delivery nor performance by a Credit Party of the Transaction Agreements nor the compliance by such Credit Party with the terms and provisions thereof will contravene any provision of any Applicable Law of the State of New York or any Applicable Law of the United States of America.

5. No Governmental Approval, which has not been obtained or taken and is not in full force and effect, is required to authorize, or is required in connection with, the execution, delivery or performance of any Transaction Agreement by each Credit Party or the enforceability of any Transaction Agreement against the Credit Party.

6. Neither the execution, delivery nor performance by each Credit Party of its respective obligations under the Transaction Agreements nor compliance by such Credit Party with the terms thereof will contravene any Applicable Order to which such Credit Party is subject.

7. Each Credit Party is not, and solely after giving effect to the loans made pursuant to the Transaction Agreement and the application of the loan proceeds thereof will not be, an “investment company” as such term is defined in the Investment Company Act of 1940, as amended.

Our opinions are subject to the following assumptions and qualifications:

(a) the Tranche A Notes will be executed in the form attached as Exhibit A1 to the Credit Agreement;

(b) we do not express any opinion with respect to the enforceability of any provision of the Tranche A Notes governed by the laws of the United Mexican States or of the enforceability of paragraph 16 of each Tranche A Note (relating to Article 128 of the General Law of Negotiable Instruments and Credit Transactions of the United Mexican States) or the effect thereof on the opinions contained herein;

(c) we do not express any opinion with respect to the enforceability of the form of Tranche B Note attached as Exhibit A2 to the Credit Agreement (the "Tranche B Notes"), nor as to whether the Tranche B Notes will constitute the valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their respective terms;

(d) enforcement may be limited by the effect of any applicable bankruptcy, insolvency, reorganization, moratorium, receivership, conservatorship, or other laws, regulations and administrative orders affecting the rights of creditors of the Credit Parties and by general principles of equity (regardless of whether enforcement is sought in equity or at law);

(e) we have assumed that each Transaction Agreement constitutes the valid and binding obligation of each party to such Transaction Agreement (other than the Credit Parties to the extent expressly set forth herein) enforceable against such other party in accordance with its terms;

(f) we do not express any opinion as to the effect on the opinions expressed herein of (i) the compliance or non-compliance of any party (other than the Credit Parties to the extent expressly set forth herein) to the Transaction Agreements with any state, federal or other laws or regulations applicable to it or (ii) the legal or regulatory status or the nature of the business of any party (other than the Credit Parties to the extent expressly set forth herein);

(g) our opinion is subject to possible judicial action giving effect to governmental actions or foreign laws affecting creditors' rights;

(h) we do not express any opinion as to the enforceability of any rights to contribution or indemnification provided for in the Transaction Agreements which are violative of the public policy underlying any law, rule or regulation (including any federal or state securities law, rule or regulation);

(i) we do not express any opinion with respect to any provision of the Transaction Agreements to the extent it authorizes or permits any purchaser of a participation interest or any branch or agency of a Lender to set-off or apply any deposit, property or indebtedness or the effect thereof on the opinions contained herein;

(j) we do not express any opinion on the enforceability of any provision in the Transaction Agreements purporting to prohibit, restrict or condition the assignment of rights under such Transaction Agreement to the extent such restriction on assignability is ineffective pursuant to the Uniform Commercial Code;

(k) in the case of the guaranty contained in Article IX of the Credit Agreement (the "Guaranty"), certain of the provisions, including waivers, with respect to the Guaranty are or may be unenforceable in whole or in part, but the inclusion of such provisions does not affect the validity of the Guaranty, taken as a whole;

(l) we do not express any opinion as to the enforceability of Section 9.03(b) of the Credit Agreement to the extent that the same provides that the obligations of a Guarantor are absolute and unconditional irrespective of the invalidity or enforceability of the Credit Agreement against such Guarantor, but the existence of such provisions does not affect the validity of the Guaranty;

(m) with respect to the enforceability of all obligations under the Transaction Agreements, we note that a U.S. federal court would award a judgment only in U.S. dollars and that a judgment of a court in the State of New York rendered in a currency other than the U.S. dollar would be converted into U.S. dollars at the rate of exchange prevailing on the date of entry of such judgment; further, we do not express any opinion as to the enforceability of the provisions of the Transaction Agreements providing for indemnity by any party thereto against any loss in obtaining the currency due to such party under the Transaction Agreements from a court judgment in a currency other than the U.S. dollar;

(n) we do not express any opinion as to the enforceability of any section of the Transaction Agreements to the extent it purports to waive any objection a person may have that a suit, action or proceeding has been brought in an inconvenient forum or a forum lacking subject matter jurisdiction;

(o) to the extent that any opinion relates to the enforceability of the choice of New York law and choice of New York forum provisions of the Transaction Agreements, our opinion is rendered in reliance upon N.Y. Gen. Oblig. Law §§ 5-1401, 5-1402 (McKinney 2001) and N.Y. CPLR 327(b) (McKinney 2001) and is subject to the qualifications that such enforceability may be limited by public policy considerations of any jurisdiction, other than the courts of the State of New York, in which enforcement of such provisions, or of a judgment upon an agreement containing such provisions, is sought;

(p) in rendering the opinions expressed above we have also assumed, without independent investigation or verification of any kind, that the choice of New York law to govern the Transaction Agreements, which is stated therein to be governed thereby, is legal and valid under the laws of other applicable jurisdictions and that insofar as any obligation under the Transaction Agreements is to be performed in any jurisdiction outside the United States of America its performance will not be illegal or ineffective by virtue of the law of that jurisdiction;

(q) we call to your attention that federal courts of the United States of America located in New York could decline to hear a case on grounds of forum non-conveniens or any other doctrine limiting the availability of such courts in New York as a forum for the resolution of disputes not having a sufficient nexus to New York, irrespective of any agreement between the parties;

(r) we do not express any opinion as to the subject matter jurisdiction of the federal courts of the United States of America in any action arising out of or relating to the Transaction Agreements;

(s) in rendering the opinions expressed above, we note that the various obligations of the Credit Parties in respect of the Transaction Agreements implicate the laws of the United Mexican States and, accordingly, such obligations may be affected by such laws, as to which we do not express any opinion; and

(t) in rendering the opinion expressed in paragraph 4 herein, we assume that any issuance and resale of securities in satisfaction of the obligation set forth in Section 2.01(h)(ii) of the Credit Agreement will be structured so as to be exempt from registration under United States federal and state securities law.

In rendering the foregoing opinions, we have assumed, with your consent, that:

(a) the Borrower is validly existing and in good standing as a *sociedad anónima bursátil de capital variable* under the laws of the United Mexican States; and each Guarantor is validly existing and in good standing as a *sociedad anónima de capital variable* under the laws of the United Mexican States;

(b) each Credit Party has the power and authority to execute, deliver and perform all obligations under each Transaction Agreement, and the execution and delivery of each Transaction Agreement and the consummation by such Credit Party of the transactions contemplated thereby have been duly authorized by all requisite action on the part of such Credit Party, and each Transaction Agreement has been duly executed and delivered by each Credit Party party thereto;

(c) the execution, delivery and performance by each Credit Party of any such Credit Party's obligations under each Transaction Agreement do not and will not conflict with, contravene, violate or constitute a default under (i) the organizational documents of such Credit Party, (ii) any lease, indenture, instrument or other agreement to which such Credit Party or such Credit Party's property is subject (other than the Applicable Contracts as to which we express our opinion in paragraph 3 herein), (iii) any rule, law or regulation to which such Credit Party is subject (other than Applicable Laws of the State of New York and Applicable Laws of the United States of America as to which we express our opinion in paragraph 4 herein) or (iv) any judicial or administrative order or decree of any governmental authority (other than Applicable Orders as to which we express our opinion in paragraph 6 herein); and

(d) no authorization, consent or other approval of, notice to or filing with any court, governmental authority or regulatory body (other than Governmental Approvals as to which we express our opinion in paragraph 5 herein) is required to authorize or is required in connection with the execution and delivery by or enforceability against each Credit Party of any Transaction Agreement or the transactions contemplated thereby.

We understand that you are separately receiving opinions, with respect to certain of the foregoing assumptions from Lic. Ramiro G. Villarreal Morales, General Counsel of each Credit Party, and we are advised that such opinions contain qualifications. Our opinions herein stated are based on the assumptions specified above, and we do not express any opinion as to the effect on the opinions herein stated of the qualifications contained in such other opinions.

This opinion is being furnished only to you in connection with the Transaction Agreements and is solely for your benefit and is not to be used, circulated, quoted or otherwise referred to for any other purpose or relied upon by any other person or entity for any purpose without our prior written consent; *provided that* (i) Lic. Ramiro G. Villarreal Morales may rely upon this opinion as to matters of the laws of the State of New York and of the United States of America and in rendering his opinions in connection with the Transaction Agreements; (ii) any Person who becomes a Lender under Section 13.06(b) of the Credit Agreement after the date hereof may rely on this opinion as if it were originally addressed to such Lender and delivered on the date hereof; and (iii) this opinion may be disclosed by a Lender to any Person that is a potential transferee or assignee of such Lender, but such Person shall not rely upon this opinion unless and until it becomes a Lender under Section 13.06(b) of the Credit Agreement and in such case clause (ii) above shall apply. We do not assume any obligation to revise or supplement this opinion letter should any factual matters change or other transactions occur or should any laws or regulations be changed by legislative or regulatory action, judicial decision or otherwise.

(c) The execution and delivery by each Credit Party of the Transaction Documents to which it is a party and the performance by each Credit Party of their respective obligations thereunder, each in accordance with its terms, do not (i) constitute a violation of, or a default under, any agreement or instrument to which any Credit Party is a party or by which any Credit Party is bound or (ii) cause the creation of any security interest upon any property of the Credit Parties pursuant to any agreement or instrument to which any Credit Party is a party or by which any Credit Party is bound.

(i) (where such requested extension is for a part of Facility A and/or Facility B) the amount of Facility A Commitments and/or Facility B Commitments which are the subject of that Extension Request; and

(ii) any terms and conditions applicable to the requested extension.

(b) Upon notification by the Facility Agent that it has received an Extension Request from the Company, each Lender shall freely determine whether or not it shall extend its Facility A Commitments and/or, as the case may be, its Facility B Commitments (or, in each case, any part thereof) in accordance with the relevant Extension Request and shall, within 10 Business Days of receipt of such notification from the Facility Agent, notify the Facility Agent of its own decision to accept or decline the request set out in the Extension Request.

(c) In the event that any Lender does not notify the Facility Agent of its decision with respect to the Extension Request in the timeframe required by paragraph (b) above, that Lender shall be deemed to have declined the request set out in the Extension Request.

(d) The Facility Agent shall, as soon as reasonably practicable after it has received all the Lenders' respective decisions in accordance with paragraph (b) above, notify the Company and the Lenders of the level of acceptances.

(e) The refusal by any Lender to extend any Commitment shall not result in any other Lender being obliged to increase its Commitment.

7.2 Acceptance of Extension Request

Any agreement by a Lender to an Extension Request shall extend that Lender's Facility A Commitments and/or, as the case may be, Facility B Commitments by an additional 364 day period only (such extended date, the " **Extended Termination Date**") and shall be binding on each such Lender only.

7.3 **Reduced Commitments**

In the event that a Lender declines (or, as contemplated by paragraph (c) of Clause 7.1 above, is deemed to decline) to extend its Facility A Commitments and/or, as the case may be, Facility B Commitments pursuant to the Extension Request, the amount of the Total Facility A Commitments and/or, as the case may be, the Total Facility B Commitments, shall, following the Initial Termination Date, reduce by the amount of that declining Lender's Facility A Commitments and/or, as the case may be, Facility B Commitments, accordingly.

7.4 **Consents of Lenders**

In the event that a Lender agrees to extend its Facility A Commitments and/or, as the case may be, Facility B Commitments pursuant to the Extension Request, it shall, by its execution of this Agreement (or, if applicable, a Transfer Certificate), be deemed to consent to:

(a) the repayment on the Initial Termination Date of any Lender which has declined to extend its Facility A Commitments and/or, as the case may be, Facility B Commitments pursuant to the Extension Request; and

(b) the extension of the Facility A Commitments and/or as the case may be, Facility B Commitments of each other Lender which has accepted the Extension Request.

7.5 **Extension Requests and Interest**

(a) Each Extension Request shall, once delivered, be unconditional and irrevocable.

(b) The Facility Agent shall forward a copy of any Extension Request to each Lender as soon as practicable after receipt.

8. **PREPAYMENT AND CANCELLATION**

8.1 **Illegality of a Lender**

If, at any time, it is or will become unlawful in any applicable jurisdiction for a Lender to perform any of its obligations as contemplated by this Agreement or to fund or maintain its participation in any Utilisation:

(a) that Lender shall promptly notify the Facility Agent upon becoming aware of that event (specifying the reason for such unlawfulness and the date on which such unlawfulness occurred or will occur, being no earlier than the last day of any applicable grace period permitted by law (the "**Relevant Date**")) and, in any event, at a time which permits the Company to repay that Lender's participation on the date such repayment is required to be made;

(b) upon the Facility Agent notifying the Company, the Commitment of that Lender will be immediately cancelled; and

(c) the Company shall, on the last day of the Interest Period for each Loan ending immediately prior to the Relevant Date and occurring after the Facility Agent has notified the Company or, if earlier, the Relevant Date, repay that Lender's participation in the Loans together with accrued interest and all other amounts owing to that Lender under the Finance Documents.

8.2 **Change of Control**

(a) In this Clause 8.2 a "**Change of Control**" occurs if CEMEX Parent ceases to:

(i) be entitled to (whether by way of ownership of shares (directly or indirectly), proxy, contract, agency or otherwise):

(A) cast, or control the casting of, at least 51 per cent. of the maximum number of votes that might be cast at a general meeting of the Company;

(B) appoint or remove all, or the majority, of the directors or other equivalent officers of the Company; or

(C) give directions with respect to the operating and financial policies of the Company which the directors or other equivalent officers of the Company are obliged to comply with; or

(ii) hold (directly or indirectly) at least 51 per cent. of the common shares in the Company.

(b) Upon the occurrence of a Change of Control (and notwithstanding any other term of this Agreement) each Lender:

(i) shall be under no obligation to fund its share of any proposed Utilisation after such date;

(ii) may by three Business Days' notice to the Facility Agent, cancel all of its Available Commitments (in which case they shall be so cancelled); and

(iii) may by three Business Days' notice to the Facility Agent, require that its share of all outstanding Loans, together with accrued interest, and all other amounts accrued under the Finance Documents, shall become immediately due and payable (in which case it shall so become).

8.3 **Automatic Cancellation**

At the close of business on the last day of the Availability Period in respect of each Facility, the Available Commitment of each Lender under such Facility shall be (if it has not already been) cancelled and reduced to zero.

8.4 **Voluntary prepayment of Loans**

(a) A Borrower may, if the Company gives the Facility Agent not less than three Business Days' (or such shorter period as the Majority Lenders may agree) prior notice, prepay the whole or any part of:

(i) a Facility A Loan, **provided that**, at the same time, a prepayment in an amount proportionate to the amount of that prepayment (when compared to the aggregate of Facility A Loans outstanding immediately prior to such prepayment taking place) is applied in prepayment in whole or part of a Facility B Loan;

(ii) a Facility B Loan, **provided that**, at the same time, a prepayment in an amount proportionate to the amount of that prepayment (when compared to the aggregate of Facility B Loans outstanding immediately prior to such prepayment taking place) is applied in prepayment in whole or part of a Facility A Loan,

but, in each case, if in part, being an amount that reduces the amount of that Loan by a minimum amount, in the case of Facility A, of US$10,000,000 or, in the case of Facility B, €10,000,000.

(b) A Loan may be voluntarily prepaid at any time.

8.5 **Right of repayment and cancellation in relation to a single Lender**

(a) If:

(i) any sum payable to any Lender by an Obligor is required to be increased under paragraph (c) of Clause 13.2 (*Tax gross-up*); or

(ii) any Lender claims indemnification from an Obligor under Clause 13.3 (*Tax indemnity*) or Clause 14.1 (*Increased costs*),

the Company may, whilst the circumstance giving rise to the requirement or indemnification continues, give the Facility Agent notice of cancellation of the Commitment of that Lender and its intention to procure the repayment of that Lender's participation in the Loans.

(b) On receipt of a notice referred to in paragraph (a) above, the relevant Commitment of that Lender shall immediately be reduced to zero.

(c) On the last day of each Interest Period which ends after the Company has given notice under paragraph (a) above (or, if earlier, the date specified by the Company in that notice), each Borrower shall repay that Lender's participation in the Loans to which such Interest Period relates.

8.6 **Mandatory Prepayment from Disposal Proceeds**

(a) In this Clause 8.6:

"**Disposal Proceeds**" means the cash consideration received after the date of this Agreement by any member of the Group (including any amount received in repayment of intercompany debt) for any Disposal (except in respect of any Excluded Disposal Proceeds) after deducting:

(i) any expenses which are incurred by the disposing party of such assets with respect to that disposing party of such assets with respect to that Disposal owing to persons who are not members of the relevant Group; and

(ii) any Tax incurred and required to be paid by the disposing party in connection with that Disposal (as reasonably determined by the disposal party on the basis of rates existing at the time of the disposal and taking account of any available credit, deduction or allowance).

"**Disposal**" means a sale, lease, licence, transfer, loan or other disposal by a person of any asset or shares in any Subsidiary or other company whose principal purpose or one of whose principal purposes is the ownership of assets which are to be the subject of a Disposal (whether by a voluntary or involuntary single transaction or series of transactions).

"**Excluded Disposal Proceeds**" means the proceeds of any Disposal of:

(i) inventory or trade receivables;

(ii) assets which are redundant or no longer required with respect to the business of the disposing entity;

(iii) assets in the ordinary course of trading of the disposing entity;

(iv) assets which are located in Hungary or Austria, or which are owned or operated by members of the Group which are incorporated and/or have their place of business in Hungary or Austria;

(v) assets pursuant to a Permitted Securitisation programme existing as at the Effective Date (or any rollover or extension of such a Permitted Securitisation);

(vi) any asset from any member of the Group (the "**Transferor**") to another member of the Group (the "**Transferee**") on arm's length terms and for fair market or book value, **provided that** the proceeds relating thereto shall not constitute Excluded Disposal Proceeds unless:

(A) in the case of any Disposal by a Guarantor of all or substantially all of its assets (whether by a single transaction or a series of transactions) where the Transferee is not an Obligor, the Transferee becomes a Guarantor; or

(B) in the case of any Disposal by any Material Subsidiary to another member of the Group which is not a Material Subsidiary, the person making such Disposal does not cease to be a Material Subsidiary or, if it ceases to be a Material Subsidiary, any Transferee shall be deemed to be a Material Subsidiary;

(vii) assets in exchange for other assets comparable or superior as to value and relating to the business of the Group, or any similar arrangement, including Disposals of assets in exchange for consideration comprising a combination of other assets and cash (but **provided that** the amount of any partial cash consideration so received shall not be Excluded Disposal Proceeds and shall be treated as Disposal Proceeds in accordance with this Clause 8.6);

(viii) assets leased or licensed to any director, officer or employee of any member of the Group in connection with and as part of the ordinary course of the service or employment arrangements of the Group;

(ix) marketable securities (being securities (whether equity, debt or other securities) which are listed on a stock exchange or for which a trading market exists (whether on market or over the counter) and which are short term investments held as current assets and excluding shares in Subsidiaries of the Company; and

(x) any assets or shares where the proceeds from that Disposal are an amount equal to or less than or US$50,000,000 (or equivalent in other currencies) when aggregated with the proceeds of all other Disposals made since the date of this Agreement.

"**Specified Amount**" means, where the aggregate amount of Disposal Proceeds received by the Group (on a cumulative basis) is:

(i) less than or equal to US$500,000,000 (or equivalent in other currencies), 20 per cent. of such Disposal Proceeds (up to a maximum aggregate amount of US$100,000,000 (or equivalent in other currencies));

(ii) greater than US$500,000,000 (or equivalent in other currencies) but less than or equal to US$1,000,000,000 (or equivalent in other currencies), 30 per cent. of such Disposal Proceeds as exceed US$500,000,000 (up to a maximum aggregate amount of US$150,000,000 (or equivalent in other currencies)); and

(iii) greater than US$1,000,000,000 (or equivalent in other currencies) but less than or equal to US$1,500,000,000 (or equivalent in other currencies), 40 per cent of such Disposal Proceeds as exceed US$1,000,000,000 (or equivalent in other currencies) (up to a maximum aggregate amount of US$200,000,000 (or equivalent in other currencies)),

and **provided that** the aggregate amount of Disposal Proceeds applied in prepayment in accordance with this Clause 8.6 shall not exceed the aggregate amount of the 2009 Repayment Instalments.

For the purposes of determining the amount in US$ actually received by the relevant Group member, the currency received shall be converted at the Facility Agent's Spot Rate of Exchange then applicable.

(b) Up to and including the date for payment of the 2009 Repayment Instalments the Company shall prepay any outstanding Loans with the Specified Amount of any Disposal Proceeds (unless, prior to such date, each 2009 Repayment Instalment has already been repaid or prepaid in full).

(c) The Company shall, if requested to do so by the Facility Agent, promptly deliver a certificate to the Facility Agent confirming any Disposal that has given rise to any Excluded Disposal Proceeds and setting out reasonable details of the relevant Disposal.

(d) Any prepayment made under this Clause 8.6 shall occur (subject to paragraph (e) below) either:

(i) where the last day of the current Interest Period falls more than 30 days from the date of receipt of the relevant Disposal Proceeds by the disposing member of the Group, on the last day of that Interest Period; and

(ii) where the last day of the current Interest Period falls fewer than 30 days from the date of receipt of the relevant Disposal Proceeds by the disposing member of the Group, the date falling not later than 30 days after the last day of that Interest Period (or, if earlier, the date for payment of the 2009 Repayment Instalments).

(e) If the amount of any prepayment under this Clause 8.6 would not reduce the Facility A Loans and Facility B Loans in aggregate by a minimum amount of US$10,000,000 (or equivalent in other currencies), the Company shall not be required to make that prepayment until the amount required to be prepaid under this Clause 8.6 is equal to or greater than US$10,000,000 (whereupon such amount will be applied in prepayment in accordance with this Clause 8.6).

(f) A prepayment made under this Clause 8.6 shall be applied between Facility A and Facility B in equal proportions (when compared to, respectively, the aggregate of the Facility A Loans outstanding immediately prior to such prepayment and the aggregate of the Facility B Loans outstanding immediately prior to such prepayment) and shall reduce the Repayment Instalments in the manner contemplated by paragraph (d) of Clause 6.4 (*Effect of cancellation and prepayment on scheduled repayments*).

8.7 **Mandatory Prepayment from Securities Issuance Proceeds**

(a) In this Clause 8.7:

"**Securities Issuance Proceeds**" means the cash proceeds received by any member of the Group from a Reasonable Endeavours Securities Issuance or an Optional Securities Issuance after deducting:

(i) any expenses which are incurred by any member of the Group with respect to that Securities Issuance owing to persons who are not members of the Group; and

(ii) any Tax incurred and required to be paid by any member of the Group in connection with that Securities Issuance (as reasonably determined by the issuer on the basis of rates existing at the time of the Securities Issuance and taking account of any available credit, deduction or allowance,

provided that, in the case of a Reasonable Endeavours Securities Issuance, the amount of Securities Issuance Proceeds to which this Clause 8.7 applies shall not exceed (i) the amount equal to the amount by which the aggregate amount of Disposal Proceeds received by the Group (on a cumulative basis) in the period from the date of this Agreement to the date of such issuance is less than US$1,000,000,000 or (ii) if less, the Securities Issuance Proceeds resulting from the Reasonable Endeavours Securities Issuance (the applicable amount being the "**Securities Issuance Disposal Shortfall Amount**").

(b)

(i) If there has been a Reasonable Endeavours Securities Issuance, the Company shall prepay the outstanding Loans in an amount equal to the lesser of (A) the aggregate of the amounts which would be payable pursuant to the definition of

"Specified Amount", provided that each reference therein to "Disposal Proceeds" shall be deemed to be a reference to "Disposal Proceeds and the Securities Issuance Disposal Shortfall Amount"; and (B) the amount of the aggregate of the 2009 Repayment Instalments then outstanding and such amount shall be applied in accordance with paragraph (d) of Clause 6.4 (*Effect of cancellation and prepayment on scheduled repayments*).

(ii) If there has been an Optional Securities Issuance, the Company shall prepay the outstanding Loans in the amount of any Securities Issuance Proceeds resulting from such Optional Securities Issuance, in an amount equal to the lesser of (A) such Securities Issuance Proceeds (provided that the amount to be applied pursuant to this subparagraph (b)(ii)(a) shall not in any circumstances exceed an amount equal to US$2,100,000,000 minus the amount of the commitments pursuant to the Rinker Extension (or, as applicable, the amount of the commitments pursuant to the Parallel Facility) multiplied by 66.66/100); and (B) the amount of the aggregate of the 2010 Repayment Instalments then outstanding and such amount shall be applied in accordance with paragraph (e) of Clause 6.4 (*Effect of cancellation and prepayment on scheduled repayments*).

(c) Any prepayment made under this Clause 8.7 shall occur either:

(i) where the last day of the current Interest Period falls more than 30 days from the date of receipt of the relevant Securities Issuance Proceeds, on the last day of the Interest Period; and

(ii) where the last day of the current Interest Period falls fewer than 30 days from the date of receipt of the relevant Securities Issuance Proceeds, the date falling not later than 30 days after the last day of that Interest Period.

(d) A prepayment made under this Clause 8.7 shall be applied between Facility A and Facility B in equal proportions (when compared to, respectively, the aggregate of the Facility A Loans outstanding immediately prior to such prepayment and the aggregate of the Facility B Loans outstanding immediately prior to such prepayment) and shall reduce the Repayment Instalments in the manner contemplated by, in the case of a Reasonable Endeavours Securities Issuance, paragraph (d) and in the case of an Optional Securities Issuance, paragraph (e) of Clause 6.4 (*Effect of cancellation and prepayment on scheduled repayments*).

8.8 **Restrictions**

(a) Any notice of cancellation or prepayment given by any Party under this Clause 8 shall be irrevocable and, unless a contrary indication appears in this Agreement, shall specify the date or dates upon which the relevant cancellation or prepayment is to be made and the amount of that cancellation or prepayment.

(b) Any prepayment under this Agreement shall be made together with accrued interest on the amount prepaid and, subject to any Break Costs (if any), without premium or penalty.

(c) Unless a contrary indication appears in this Agreement, any part of Facility A or Facility B which is prepaid may not be re-borrowed in accordance with the terms of this Agreement.

(d) No Borrower shall repay or prepay all or any part of the Loans or cancel all or any part of the Commitments except at the times and in the manner expressly provided for in this Agreement.

(e) No amount of the Total Commitments cancelled under this Agreement may be subsequently reinstated.

(f) If the Facility Agent receives a notice under this Clause 8 it shall promptly forward a copy of that notice to either the relevant Borrower or the affected Lenders, as appropriate.

(g) On the prepayment or repayment of any principal amount to a Lender in accordance with the terms of this Agreement, the Commitment of that Lender will be automatically cancelled by a corresponding amount as a result of that prepayment or repayment.

SECTION 5
COSTS OF UTILISATION

9. INTEREST

9.1 Calculation of interest

The rate of interest on each Loan for each Interest Period is the percentage rate per annum which is the aggregate of the applicable:

(a) Margin;

(b) LIBOR or, in relation to any Loan in euro, EURIBOR; and

(c) Mandatory Cost, if any.

9.2 Payment of interest

On the last day of each Interest Period relating to a Loan each Borrower shall pay accrued interest on the Loan to which that Interest Period relates (and, if the Interest Period is longer than six Months, on the dates falling at six Monthly intervals after the first day of that Interest Period).

9.3 Default interest

(a) If an Obligor fails to pay any amount payable by it under a Finance Document on its due date, interest shall accrue on the overdue amount from the due date up to the date of actual payment (both before and after judgment) at a rate which, subject to paragraph (b) below, is two per cent higher than the rate which would have been payable if the overdue amount had, during the period of non-payment, constituted a Loan in the currency of the overdue amount for successive Interest Periods, each of a duration of one Month. Any interest accruing under this Clause 9.3 shall be immediately payable by the Obligor on demand by the Facility Agent.

(b) If any overdue amount consists of all or part of a Loan which became due on a day which was not the last day of an Interest Period relating to that Loan:

(i) the first Interest Period for that overdue amount shall have a duration equal to the unexpired portion of the current Interest Period relating to that Loan; and

(ii) the rate of interest applying to the overdue amount during that first Interest Period shall be two per cent. higher than the rate which would have applied if the overdue amount had not become due.

(c) Default interest (if unpaid) arising on an overdue amount will be compounded with the overdue amount at the end of each Interest Period applicable to that overdue amount but will remain immediately due and payable.

9.4 Notification of rates of interest

The Facility Agent shall promptly notify the Lenders and the relevant Borrower of the determination of a rate of interest under this Agreement.

10. INTERESTPERIODS

10.1 Selection of Interest Periods

(a) The Company may select an Interest Period for a Loan in the Utilisation Request for that Loan or (if the Loan has already been borrowed) in a Selection Notice.

(b) Each Selection Notice for a Loan is irrevocable and must be delivered to the Facility Agent by the Borrower not later than the Specified Time.

(c) If the Borrower fails to deliver a Selection Notice to the Facility Agent in accordance with paragraph (b) above, the relevant Interest Period will be one Month.

(d) Subject to this Clause 10, the Company may select an Interest Period of one, two, three or six Months, or any other period agreed between the Company and the Facility Agent (acting on the instructions of all the Lenders participating in the relevant Facility).

(e) An Interest Period for a Loan shall not extend beyond the Termination Date applicable to the Facility under which the Loan was made.

(f) Each Interest Period for a Loan shall start on the Utilisation Date or (if already made) on the last day of its preceding Interest Period.

10.2 Non-Business Days

If an Interest Period would otherwise end on a day which is not a Business Day, that Interest Period will instead end on the next Business Day in that calendar month (if there is one) or the preceding Business Day (if there is not).

10.3 Consolidation and division of Loans

(a) Subject to paragraph (b) below, if two or more Interest Periods:

(i) relate to either Facility A Loans or Facility B Loans; and

(ii) end on the same date;

those Facility A Loans or, as the case may be, Facility B Loans will, unless the Borrower specifies to the contrary in the Selection Notice for the next Interest Period, be consolidated into, and treated as, a single Facility A Loan or, as the case may be, Facility B Loan on the last day of the Interest Period.

(b) Subject to Clause 4.3 (*Maximum number of Loans*) and Clause 5.3 (*Amount*), if the Borrower requests in a Selection Notice that a Loan be divided into two or more Loans, that Loan will, on the last day of its Interest Period, be so divided into the amounts specified in that Selection Notice, being an aggregate amount equal to the amount of the Loan immediately before its division.

11. CHANGES TO THE CALCULATION OF INTEREST

11.1 Absence of quotations

Subject to Clause 11.2 (*Market disruption*), if LIBOR or, if applicable, EURIBOR is to be determined by reference to the Reference Banks but a Reference Bank does not supply a quotation by the Specified Time on the Quotation Day, the applicable LIBOR or EURIBOR shall be determined on the basis of the quotations of the remaining Reference Banks.

11.2 **Market disruption**

(a) If a Market Disruption Event occurs in relation to a Loan for any Interest Period, then the rate of interest on each Lender's share of that Loan for the Interest Period shall be the rate per annum which is the sum of:

(i) the Margin;

(ii) the rate notified to the Facility Agent by that Lender as soon as practicable and in any event before interest is due to be paid in respect of that Interest Period, to be that which expresses as a percentage rate per annum the cost to that Lender of funding its participation in that Loan from whatever source it may reasonably select; and

(iii) the Mandatory Cost, if any, applicable to that Lender's participation in that Loan.

(b) In this Agreement "**Market Disruption Event**" means:

(i) at or about noon on the Quotation Day for the relevant Interest Period the Screen Rate not being available and none or only one of the Reference Banks supplying a rate to the Facility Agent to determine LIBOR or, if applicable, EURIBOR for the relevant currency and Interest Period; or

(ii) before close of business in London on the Quotation Day for the relevant Interest Period, the Facility Agent receiving notifications from a Lender or Lenders (in either case whose participations in a Loan exceed 50 per cent. of that Loan) that the cost to it or them of obtaining matching deposits in the Relevant Interbank Market would be in excess of LIBOR or, if applicable, EURIBOR.

11.3 **Alternative basis of interest or funding**

(a) If a Market Disruption Event occurs and the Facility Agent or the Company so requires, the Facility Agent and the Company shall enter into negotiations (for a period of not more than thirty days) with a view to agreeing a substitute basis for determining the rate of interest in respect of the relevant Loan.

(b) Any alternative basis agreed pursuant to paragraph (a) above shall, with the prior consent of all the Lenders participating in the relevant Loan and the Company, be binding on all Parties.

11.4 **Break Costs**

(a) Each Borrower shall, within three Business Days of demand by a Lender, pay to that Lender its Break Costs attributable to all or any part of a Loan or Unpaid Sum being paid by that Borrower on a day other than the last day of an Interest Period for that Loan or Unpaid Sum.

(b) Each Lender shall, as soon as reasonably practicable after a demand by the Facility Agent, provide a certificate confirming in reasonable detail the amount of its Break Costs for any Interest Period in which they accrue.

12. **FEES**

12.1 **Up-front Fee**

The Company shall pay to the relevant Finance Parties an up-front fee in the amount and at the times agreed in the relevant Fee Letter.

12.2 **Agency fee**

The Company shall pay to (or procure payment to) the Facility Agent (for its own account) an agency fee in the amount and at the times agreed in the relevant Fee Letter.

SECTION 6
ADDITIONAL PAYMENT OBLIGATIONS

13. **TAX GROSS-UP AND INDEMNITIES**

13.1 **Definitions**

(a) In this Clause 13:

"**Protected Party**" means a Finance Party which is or will be subject to any liability or required to make any payment, for or on account of Tax, in relation to a sum received or receivable (or any sum deemed for the purposes of Tax to be received or receivable) under a Finance Document.

"**Qualifying Lender**" means a Lender which is beneficially entitled to interest payable to that Lender in respect of an advance under a Finance Document and is:

(i) a legal person or entity (including, for the avoidance of doubt, any securitisation trust or fund) habitually resident for taxation purposes in a Qualifying State which is not acting through a territory considered as a tax haven pursuant to Spanish laws and regulations or through a permanent establishment in Spain; or

(ii) a legal person or entity (including, for the avoidance of doubt, any securitisation trust or fund) which, as a result of any applicable double taxation treaty, is entitled to receive any payments made by a Borrower to such legal person or entity hereunder without any deduction or withholding for or on account of Tax; or

(iii) a Domestic Lender.

"**Qualifying State**" means a member state of the European Union (other than Spain).

"**Tax Credit**" means a credit against, relief or remission from, or repayment of, any Tax.

"**Tax Deduction**" means a deduction or withholding for or on account of Tax from a payment made under a Finance Document.

"**Tax Payment**" means either the increase in a payment made by an Obligor to a Finance Party under Clause 13.2 (*Tax gross-up*) or a payment under Clause 13.3 (*Tax indemnity*).

(b) Unless a contrary indication appears, in this Clause 13 a reference to " **determines**" or "**determined**" means a determination made in the absolute good faith discretion of the person making the determination.

13.2 **Tax gross-up**

(a) Each Obligor shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law or regulation.

(b) The Company or a Lender shall promptly upon becoming aware that an Obligor must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Facility Agent accordingly. If the Facility Agent receives such notification from a Lender it shall notify the Company and that Obligor.

(c) If a Tax Deduction is required by law or regulation to be made by an Obligor, the amount of the payment due from that Obligor shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due and payable if no Tax Deduction had been required.

(d) An Obligor is not required to make an increased payment to a Lender under paragraph (c) above for a Tax Deduction in respect of Tax imposed by Spain from a payment of interest on a Loan, if on the date on which the payment falls due:

(i) the payment could have been made to the relevant Lender without a Tax Deduction if it was a Qualifying Lender, but on that date that Lender is not or has ceased to be a Qualifying Lender other than as a result of any change after the date it became a Lender under this Agreement in (or in the interpretation, administration, or application of) any law or treaty, or any published practice or concession of any relevant taxing authority; or

(ii) the relevant Lender is a Qualifying Lender under paragraph (ii) of the definition of "Qualifying Lender" and the Obligor making the payment is able to demonstrate that the payment could have been made to the Lender without any Tax Deduction if the Lender had complied with its obligations under paragraph (g) below.

(e) If an Obligor is required to make a Tax Deduction, that Obligor shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law or regulation.

(f) Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Obligor making that Tax Deduction shall deliver to the Facility Agent for the Finance Party entitled to the payment an original receipt (or certified copy thereof) or if unavailable such other evidence as is reasonably satisfactory to that Finance Party that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.

(g) A Lender that is a Qualifying Lender under paragraph (ii) of the definition of "Qualifying Lender" and each Obligor which is required to make a payment to which that Treaty Lender is entitled shall co-operate in completing any procedural formalities necessary for that Obligor to obtain authorisation to make that payment without a Tax Deduction.

(h) Each Original Lender confirms that it is a Qualifying Lender.

13.3 **Tax indemnity**

(a) The Company shall (within five Business Days of demand by the Facility Agent) pay to a Protected Party an amount equal to the amount of any Tax assessed on that Protected Party (together with any interest, costs or expenses payable, directly or indirectly, or incurred in connection therewith) in relation to a sum received or receivable (or any sum deemed for the purposes of Tax to be received or receivable) under a Finance Document.

(b) Paragraph (a) of this Clause 13.3 shall not apply:

(i) with respect to any Tax assessed on a Finance Party:

(A) under the laws and regulations of the jurisdiction in which that Finance Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which that Finance Party is treated as resident for Tax purposes; or

(B) under the laws and regulations of the jurisdiction in which that Finance Party's Facility Office is located in respect of amounts received or receivable in that jurisdiction,

if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by that Finance Party; or

(ii) to the extent a loss, liability or cost:

(A) is compensated for by an increased payment under Clause 13.2 (*Tax gross-up*); or

(B) would have been compensated for by an increased payment under Clause 13.2 (*Tax gross-up*) but was not so compensated solely because one of the exclusions in paragraph (d) of Clause 13.2 (*Tax gross-up*) applied.

(c) A Protected Party making, or intending to make a claim pursuant to paragraph (a) of this Clause 13.3 shall promptly notify the Facility Agent of the event which will give, or has given, rise to the claim, following which the Facility Agent shall notify the Company.

(d) A Protected Party shall, on receiving a payment from an Obligor under this Clause 13.3, notify the Facility Agent.

13.4 **Tax Certificates**

(a) Without prejudice to the other provisions of this Clause 13, in relation to any exemption from or application of a rate lower than that of general application pursuant to any legislation in Spain or any double taxation treaty, or pursuant to any other cause relating to residence status, any Lender which is not a Domestic Lender shall supply the Company, through the Facility Agent, prior to the interest payment date with a certificate of residence issued by the pertinent fiscal administration, in the case of a Qualifying Lender which is not a Domestic Lender, accrediting such Qualifying Lender as resident for Tax purposes in a Qualifying State or, as the case may be, accrediting such Lender as resident for Tax purposes in a State which has signed and ratified a double taxation treaty with Spain.

(b) As such certificates referred to in paragraph (a) of this Clause 13.4 are, at the date hereof, valid only for a period of one year, each such Lender will be required to so supply a further such certificate upon expiry of the previous certificate in relation to any further payment of interest.

(c) If any Lender which has supplied a certificate under paragraph (a) of this Clause 13.4 becomes aware that any information contained in that certificate is not correct in all material respects throughout the period for which that certificate is valid, it shall, as soon as practicable, supply the Facility Agent with details of that matter, following which the Facility Agent shall supply those details to the Company, and, if appropriate, that Lender shall promptly supply a new certificate pursuant to paragraph (a) of this Clause 13.4.

13.5 **Tax Credit**

If an Obligor makes a Tax Payment and the relevant Finance Party determines that:

(a) a Tax Credit is attributable either to an increased payment of which that Tax Payment forms part, or to that Tax Payment; and

(b) that Finance Party has obtained, utilised and retained that Tax Credit,

the Finance Party shall pay an amount to the Obligor which that Finance Party determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Obligor.

13.6 **Stamp Taxes**

The Company shall pay and, within five Business Days of demand, indemnify each Finance Party against any cost, loss or liability that Finance Party incurs in relation to all stamp duty, registration and other similar Taxes payable in respect of any Finance Document except for any such Tax payable in connection with the entering into of a Transfer Certificate.

13.7 **Value Added Tax**

(a) All consideration expressed to be payable under a Finance Document by any Party to a Finance Party shall be deemed to be exclusive of any amount in respect of VAT. If VAT is chargeable on any supply made by any Finance Party to any Party in connection with a Finance Document, that Party shall pay to the Finance Party (in addition to and at the same time as paying the consideration) an amount equal to the amount of the VAT and such Finance Party shall promptly provide an appropriate VAT invoice to such Party.

(b) Where a Finance Document requires any Party to reimburse a Finance Party for any costs or expenses, that Party shall also at the same time pay and indemnify that Finance Party against all amounts in respect of VAT incurred by the Finance Party in respect of the costs or expenses to the extent that the Finance Party reasonably determines that it is not entitled to credit or repayment of the VAT.

14. **INCREASED COSTS**

14.1 **Increased costs**

(a) Subject to Clause 14.2 *(Increased cost claims)* and Clause 14.3 (*Exceptions*) the Company shall, within three Business Days of a demand by the Facility Agent, pay for the account of a Finance Party the amount of any Increased Costs incurred by that Finance Party or any of its Affiliates as a result of:

(i) the introduction of or any change in (or in the interpretation, administration or application of) any law or regulation; or

(ii) compliance with any law or regulation,

in each case made after the date of this Agreement.

(b) In this Agreement "**Increased Costs**" means, without duplication:

(i) a reduction in the rate of return from a Facility or on a Finance Party's (or its Affiliate's) overall capital;

(ii) an additional or increased cost; or

(iii) a reduction of any amount due and payable under any Finance Document,

which is incurred or suffered by a Finance Party or any of its Affiliates to the extent that it is attributable to that Finance Party having entered into its Commitments or funding or performing its obligations under any Finance Document.

14.2 **Increased cost claims**

(a) A Finance Party intending to make a claim pursuant to Clause 14.1 (*Increased costs*) shall notify the Facility Agent of the event giving rise to the claim and a calculation evidencing in reasonable detail the amount of such Increased Costs to be claimed by such Finance Party, following which the Facility Agent shall promptly notify the Company and provide the Company with such calculations.

(b) Each Finance Party shall, as soon as practicable after a demand by the Facility Agent, provide a certificate confirming the amount of its Increased Costs.

14.3 **Exceptions**

(a) Clause 14.1 (*Increased costs*) does not apply to the extent any Increased Cost is:

(i) attributable to a Tax Deduction required by law or regulation to be made by an Obligor;

(ii) compensated for by Clause 13.3 (*Tax indemnity)* (or would have been compensated for under Clause 13.3 (*Tax indemnity)* but was not so compensated solely because any of the exclusions in paragraph (b) of Clause 13.3 (*Tax indemnity*) applied);

(iii) compensated for by the payment of the Mandatory Cost; or

(iv) attributable to the breach by the relevant Finance Party or its Affiliates of any law or regulation; or

(v) attributable to the implementation of or compliance with the "International Convergence of Capital Measurements and Capital Standards - a Revised

Framework" published by the Basel Committee on Banking Supervision in June 2004 in the form existing on the date of this Agreement ("**Basel II**") or any other law or regulation that implements Basel II (whether such implementation or compliance is by a government, governmental regulator, Finance Party or an Affiliate thereof).

(b) In this Clause 14.3, a reference to a "**Tax Deduction**" has the same meaning given to the term in Clause 13.1 *(Definitions)*.

15. OTHER INDEMNITIES

15.1 Currency indemnity

(a) If any sum due from an Obligor under the Finance Documents (a "**Sum**"), or any order, judgment or award given or made in relation to a Sum, has to be converted from the currency (the "**First Currency**") in which that Sum is payable into another currency (the "**Second Currency**") for the purpose of:

(i) making or filing a claim or proof against that Obligor; or

(ii) obtaining or enforcing an order, judgment or award in relation to any litigation or arbitration proceedings,

that Obligor shall as an independent obligation, within three Business Days of demand, indemnify each Finance Party to whom that Sum is due against any cost, loss or liability arising out of or as a result of the conversion including any discrepancy between (A) the rate of exchange used to convert that Sum from the First Currency into the Second Currency and (B) the rate or rates of exchange available to that person at the time of its receipt of that Sum.

(b) Each Obligor waives any right it may have in any jurisdiction to pay any amount under the Finance Documents in a currency or currency unit other than that in which it is expressed to be payable.

15.2 Other indemnities

(a) Each Obligor shall, within five Business Days of demand, indemnify each Finance Party against any cost, loss or liability not otherwise compensated under the provisions of this Agreement and excluding any lost profits, consequential or indirect damages (other than interest or default interest) incurred by that Finance Party as a result of its Commitment or the making of any Loan under the Finance Documents as a result of:

(i) the occurrence of any Event of Default;

(ii) a failure by an Obligor to pay any amount due under a Finance Document on its due date, including without limitation, any cost, loss or liability arising as a result of Clause 28 (*Sharing among the Finance Parties*);

(iii) funding, or making arrangements to fund, its participation in a Loan requested by the Company in a Utilisation Request but not made by reason of the operation of any one or more of the provisions of this Agreement (other than by reason of default or negligence by that Finance Party alone); or

(iv) a Loan (or part of a Loan) not being prepaid in accordance with a notice of prepayment given by the Company.

15.3 **Indemnity to the Facility Agent**

The Company shall (or shall procure that another Obligor will) promptly indemnify the Facility Agent against any cost, loss or liability directly related to this Agreement incurred by the Facility Agent (acting reasonably and otherwise than by reason of the Facility Agent's gross negligence or wilful misconduct) as a result of:

(a) investigating any event which it reasonably believes (acting prudently and, if possible, following consultation with the Company) is a Default; or

(b) acting or relying on any notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised.

16. MITIGATION BY THE LENDERS

16.1 **Mitigation**

(a) Each Finance Party shall, in consultation with the Company, take all reasonable steps to mitigate any circumstances which arise after the date of this Agreement and which would result in any amount becoming payable under or pursuant to, or cancelled pursuant to, any of Clause 8.1 (*Illegality of a Lender*), Clause 13 (*Tax Gross-up and Indemnities)* or Clause 14 (*Increased Costs)* or Schedule 4 *(Mandatory Cost Formulae)* including (but not limited to) transferring its rights and obligations under the Finance Documents to another Affiliate or Facility Office.

(b) Paragraph (a) above does not in any way limit the obligations of any Obligor under the Finance Documents.

16.2 **Limitation of liability**

(a) The Company shall (or shall procure that another Obligor will) indemnify each Finance Party for all costs and expenses reasonably incurred by that Finance Party as a result of steps taken by it under Clause 16.1 (*Mitigation*).

(b) A Finance Party is not obliged to take any steps under Clause 16.1 (*Mitigation*) if, in the opinion of that Finance Party (acting reasonably), to do so might be prejudicial to it.

17. COSTS AND EXPENSES

17.1 **Transaction expenses**

(a) The Company shall within 15 days of receipt of a demand (and delivery of the relevant receipts, invoices or other documentary evidence), pay the Facility Agent and each Documentation Agent the amount of all costs and expenses (including reasonable legal fees) reasonably incurred by any of them in connection with the negotiation, preparation, printing and execution of the Finance Documents.

(b) The Company shall within 15 days of receipt of demand, pay the Facility Agent and each Documentation Agent the amount of all documented costs and expenses (including reasonable legal fees) reasonably incurred by any of them in connection with the negotiation, preparation, printing and execution of any Finance Documents executed after the date of this Agreement.

17.2 **Amendment costs**

If (a) an Obligor requests an amendment, waiver or consent or (b) an amendment is required pursuant to Clause 29.9 (*Change of currency)*, the Company shall, within five Business Days of demand, reimburse the Facility Agent, the Documentation Agent and each Lender for the amount of all costs and expenses (including legal fees, but in this case, only the reasonable legal fees of one law firm in each relevant jurisdiction acting on behalf of all the Lenders) reasonably incurred by such parties in responding to, evaluating, negotiating or complying with that request or requirement.

17.3 **Enforcement costs**

The Company shall, within three Business Days of demand, pay to each Finance Party the amount of all costs and expenses (including legal fees) incurred by that Finance Party in connection with the enforcement of, or the preservation of any rights under, any Finance Document.

SECTION 7
GUARANTEE

18. GUARANTEE AND INDEMNITY

18.1 Guarantee and indemnity

Each Guarantor irrevocably and unconditionally jointly and severally:

(a) guarantees to each Finance Party punctual performance by each Borrower of that Borrower's obligations under the Finance Documents;

(b) undertakes with each Finance Party that whenever a Borrower does not pay any amount when due under or in connection with any Finance Document, it shall immediately on demand pay that amount as if it was the principal obligor; and

(c) indemnifies each Finance Party immediately on demand against any cost, loss or liability suffered by that Finance Party if any obligation guaranteed by it is or becomes unenforceable, invalid or illegal. The amount of the cost, loss or liability shall be equal to the amount which that Finance Party would otherwise have been entitled to recover.

18.2 Continuing Guarantee

This guarantee is a continuing guarantee and will extend to the ultimate balance of sums payable by each Borrower under the Finance Documents, regardless of any intermediate payment or discharge in whole or in part. Except as permitted by Clause 25 (*Changes to the Obligors*) or Clause 35.2 (*Exceptions*), each Guarantor hereby further agrees that its guarantee may not be revoked in whole or in part.

18.3 Reinstatement

If any payment by any Borrower or any discharge given by a Finance Party (whether in respect of the obligations of any Obligor or any security for those obligations or otherwise) is avoided or reduced as a result of insolvency or any similar event:

(a) the liability of each Obligor shall continue as if the payment, discharge, avoidance or reduction had not occurred; and

(b) each Finance Party shall be entitled to recover the value or amount of that security or payment from each Obligor, as if the payment, discharge, avoidance or reduction had not occurred.

18.4 Waiver of defences

The obligations of each Guarantor under this Clause 18 will not be affected by an act, omission, matter or thing which, but for this Clause 18, would reduce, release or prejudice any of its obligations under this Clause 18 (without limitation and whether or not known to it or any Finance Party) including:

(a) any time, waiver or consent granted to, or composition with, any Borrower or other person;

(b) the release of any Obligor or any other person under the terms of any composition or arrangement with any creditor of any member of the Group;

(c) the taking, variation, compromise, exchange, renewal or release of, or refusal or neglect to perfect, take up or enforce, any rights against, or security over assets of, any Obligor or other person or any non-presentation or non-observance of any formality or other requirement in respect of any instrument or any failure to realise the full value of any security;

(d) any incapacity or lack of power, authority or legal personality of or dissolution or change in the members or status of an Obligor or any other person;

(e) any amendment (however fundamental) or replacement of a Finance Document or any other document or security;

(f) any unenforceability, illegality or invalidity of any obligation of any person under any Finance Document or any other document or security; or

(g) any insolvency or similar proceedings.

18.5 **Immediate recourse**

Each Guarantor waives any right it may have of first requiring any Finance Party (or any trustee or agent on its behalf) to proceed against or enforce any other rights or security or claim payment from any person before claiming from a Guarantor under this Clause 18.5. This waiver applies irrespective of any law or regulation or any provision of a Finance Document to the contrary.

Each Guarantor also waives any right to be sued jointly with other Guarantors.

18.6 **Appropriations**

Until all amounts which may be or become payable by a Borrower under or in connection with the Finance Documents have been irrevocably paid in full, each Finance Party (or any trustee or agent on its behalf) may:

(a) refrain from applying or enforcing any other monies, security or rights held or received by that Finance Party (or any trustee or agent on its behalf) in respect of those amounts, or apply and enforce the same in such manner and order as it sees fit (whether against those amounts or otherwise) and no Guarantor shall be entitled to the benefit of the same; and

(b) hold in an interest-bearing suspense account any monies received from a Guarantor or on account of such Guarantor's liability under this Clause 18.6,

provided that the operation of this Clause 18.6 shall not be deemed to create any Security.

18.7 **Deferral of Guarantors' rights**

Until all amounts which may be or become payable by a Borrower under or in connection with the Finance Documents have been irrevocably paid in full and unless the Facility Agent (acting on the instructions of the Majority Lenders) otherwise directs, no Guarantor will exercise any rights which it may have by reason of performance by it of its obligations under the Finance Documents:

(a) to be indemnified by a Borrower;

(b) to claim any contribution from any other guarantor of any Borrower's obligations under the Finance Documents; and/or

(c) to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of the Finance Parties under the Finance Documents or of any other guarantee or security taken pursuant to, or in connection with, the Finance Documents by any Finance Party.

18.8 **Additional security**

This guarantee is in addition to and is not in any way prejudiced by any other guarantee or security now or subsequently held by any Finance Party.

18.9 **Limitation on U.S. Guarantors**

Any term or provision of this Clause 18 or any other term in this Agreement or any Finance Document notwithstanding, the maximum aggregate amount of the obligations for which any U.S. Guarantor shall be liable under this Agreement shall in no event exceed an amount equal to the largest amount that would not render such U.S. Guarantor's obligations under this Agreement, subject to avoidance under applicable United States federal or state fraudulent conveyance laws.

SECTION 8
REPRESENTATION, UNDERTAKINGS AND EVENTS OF DEFAULT

19. REPRESENTATIONS

Each Obligor makes the representations and warranties set out in this Clause 19 to each Finance Party.

(a) any law or regulation applicable to it;

(b) its constitutional documents; or

(c) any agreement or instrument binding upon it or any of its assets.

Assuming that no Lender (or any person with whom a Lender has entered into a sub-participation agreement) is a U.S. Lender, no part of the proceeds of any Loans will be used in a manner that would cause the Loans to be in violation of Regulation U or X of the Board of Governors of the Federal Reserve System of the United States.

19.4 Power and authority

It has the power to enter into, perform and deliver, and has taken all necessary action to authorise its entry into, performance and delivery of, the Finance Documents to which it is a party and the transactions contemplated by those Finance Documents.

19.5 Validity and admissibility in evidence

All Authorisations required or desirable:

(a) to enable it lawfully to enter into, exercise its rights and comply with its obligations in the Finance Documents to which it is a party; and

(b) to make the Finance Documents to which it is a party admissible in evidence in its jurisdiction of incorporation,

(b) Any judgment obtained in England in relation to a Finance Document will be recognised and enforced in its jurisdiction of incorporation, subject to any reservations which are specifically referred to in any Legal Opinion.

19.7 **Deduction of Tax**

Subject to the completion of any procedural formality and any reservations contained in any legal opinion provided to the Agent under Clause 4.1 (*Initial Conditions Precedent*) or Clause 25 (*Changes to the Obligors*), it is not required under the laws and regulations of its jurisdiction of incorporation to make any deduction for or on account of Tax from any payment it may make under any Finance Document to any Qualifying Lender.

19.8 **No filing or stamp taxes**

Under the laws and regulations of its jurisdiction of incorporation it is not necessary that the Finance Documents be filed, recorded or enrolled with any court or other authority in that jurisdiction or that any stamp, registration or similar Tax be paid on or in relation to the Finance Documents or the transactions contemplated by the Finance Documents.

19.9 **No default**

(a) No Default is continuing or might reasonably be expected to result from the making of any Utilisation.

(b) No other event or circumstance is outstanding which constitutes a default under any other agreement or instrument which is binding on it or any of its Subsidiaries or to which its (or its Subsidiaries') assets are subject which has or is reasonably likely to have a Material Adverse Effect.

(c) For the purposes of any repetition of the representation contained in paragraphs (a) and (b) of this Clause 19.11 (pursuant to Clause 19.20 (*Times on which representations are made*)) the representations will be made in respect of the latest available audited consolidated annual financial statements of each Obligor, instead of the Original Financial Statements.

19.12 **Pari passu ranking**

Its payment obligations under the Finance Documents rank at least *pari passu* with the claims of all its other unsecured and unsubordinated creditors, except for obligations mandatorily preferred by law or regulation applying to companies generally.

19.13 **No proceedings pending or threatened**

Except as disclosed in Schedule 14 (*Proceedings pending or threatened*), no litigation, arbitration or administrative proceedings of or before any court, arbitral body or agency which (i) are likely to be adversely determined and which, if so determined, would be reasonably likely to have a Material Adverse Effect or (ii) (where not of a frivolous or vexatious nature or where not dismissed within 30 days of commencement) purport to affect the legality, validity or enforceability of any of the obligations under the Finance Documents, have been started or threatened against any Obligor or any Material Subsidiary.

19.14 **No winding-up**

No legal proceedings or other procedures or steps have been taken or, to the Company's knowledge after reasonable enquiry, are being threatened, in relation to the winding-up, dissolution, administration or reorganisation of any Obligor or Material Subsidiary (other than a solvent liquidation or reorganisation of any Material Subsidiary which is not an Obligor).

19.15 **Material Adverse Change**

Except as disclosed in the bank presentations made by the Company to Lenders in New York on 13 November 2008 and in Madrid on 14 November 2008, and the guidance relating to the fourth financial quarter of 2008 published by CEMEX Parent on 15 December 2008 on its web page, there has been no material adverse change in the Company's business, condition (financial or otherwise), operations, performance or assets taken as a whole (or the business, consolidated condition (financial or otherwise) operations, performance or the assets generally of the Group taken as a whole) since the date of the Company's semi annual consolidated financial statements for the half year ended 30 June 2008.

19.16 **Environmental compliance**

Each member of the Group has performed and observed in all material respects all Environmental Law, Environmental Permits and all other material covenants, conditions, restrictions or agreements directly or indirectly concerned with any contamination, pollution or waste or the release or discharge of any toxic or hazardous substance in connection with any real property which is or was at any time owned, leased or occupied by any member of the Group or on which any member of the Group has conducted any activity where failure to do so might reasonably be expected to have a Material Adverse Effect.

19.17 **Environmental Claims**

No Environmental Claim has been commenced or (to the best of its knowledge and belief) is threatened against any member of the Group where that claim would be reasonably likely, if finally determined against that member of the Group, to have a Material Adverse Effect.

19.18 **No Immunity**

In any proceedings taken in its jurisdiction of incorporation in relation to this Agreement, it will not be entitled to claim for itself or any of its assets immunity from suit, execution, attachment or other legal process.

19.19 **Private and commercial acts**

Its execution of the Finance Documents constitutes, and its exercise of its rights and performance of its obligations hereunder will constitute, private and commercial acts done and performed for private and commercial purposes.

(c) The Repeating Representations and each of the representations and warranties set out in Clause 19.5 (*Validity and admissibility in evidence*), Clause 19.6 (*Governing law and enforcement*), Clause 19.9 (*No default*) and Clause 19.10 (*No misleading information*) (in respect only of information given by it) are deemed to be made by each Additional Guarantor to each Finance Party on the day on which it becomes an Additional Guarantor.

(d) Each representation or warranty deemed to be made after the date of this Agreement shall be made by reference to the facts and circumstances existing at the date the representation or warranty is made.

20. **INFORMATION UNDERTAKINGS**

The undertakings in this Clause 20 remain in force from the date of this Agreement for so long as any amount is outstanding under the Finance Documents or any Commitment is in force.

20.1 **Financial statements**

The Company shall supply to the Facility Agent:

(a) (subject as below) as soon as the same become available, but in any event within 180 days after the end of its or, as the case may be, the relevant Obligor's respective financial years:

(i) the Company's audited consolidated and unconsolidated financial statements for that financial year; and

(ii) each other Obligor's (if any) respective audited consolidated and unconsolidated financial statements for that financial year (except that, with respect to the financial year ended 31 December 2008 only, CEMEX Australia may provide annual audited unconsolidated financial statements for itself and Rinker); and

(b) as soon as the same become available, but in any event within 90 days after the end of the first half of each of its financial years, its unaudited consolidated financial statements for that period.

20.2 **Compliance Certificate**

(a) The Company shall supply to the Facility Agent, with each set of consolidated financial statements delivered pursuant to paragraphs (a)(i) and (b) of Clause 20.1 (*Financial statements*), a Compliance Certificate setting out (in reasonable detail) computations as to compliance with Clause 21 (*Financial Covenants*) as at the date as at which those financial statements were drawn up.

(b) Each Compliance Certificate shall be signed by an Authorised Signatory of the Company and, if required to be delivered with the consolidated financial statements delivered pursuant to paragraph (a)(i) of Clause 20.1 (*Financial statements*), the Company shall provide to the Facility Agent, by no later than 180 days after the end of the relevant financial year, a letter from the Company's auditors or any other internationally recognised accounting firm that is approved by the Facility Agent confirming that the numbers used in the Compliance Certificate calculations have been correctly extracted from the consolidated financial statements of the Company.

20.3 **Requirements as to financial statements**

(a) Each set of financial statements delivered by the Company pursuant to Clause 20.1 (*Financial statements*) shall be certified by an Authorised Signatory of the relevant company as fairly representing in all material respects its financial condition as at the date as at which those financial statements were drawn up.

(b) The Company will prepare its audited and consolidated financial statements for Financial Periods ending on or after 31 December 2008 in accordance with the New Spanish GAAP (notwithstanding that the Original Financial Statements were prepared on the basis of other accounting practices) and (without prejudice to the requirements relating to the signature of a Compliance Certificate contained in paragraph (b) of Clause 20.2 (*Compliance Certificate*)):

(i) in respect of the Financial Period ending 31st December 2008, the Company shall, in order to test compliance with the financial covenants in Clause 21 (*Financial Covenants*):

(A) prepare, in relation to the relevant components which are used in the definitions contained in Clause 21.1 (*Financial definitions*) for the relevant Financial Period, a reconciliation of those components with the corresponding components that were prepared in accordance with GAAP and accounting practices applicable for the Financial Period ending 31 December 2007;

(B) request an Affiliate of its auditors to concur with the procedure adopted for the above reconciliation; and

(C) request the auditors to provide a negative assurance on the figures on which the reconciliation has been based being, for these purposes, a confirmation that those figures have been extracted from the consolidated financial statements or from the accounting records of the Company; and

(ii) subject to paragraph (d) below, in respect of any Financial Periods beginning on or after 1 January 2009, the Company shall, in order to test compliance with the financial covenants in Clause 21 (*Financial Covenants*):

(A) prepare, in relation to the relevant components which are used in the definitions contained in Clause 21.1 (*Financial definitions*) for the relevant Financial Period, a reconciliation of those components with the corresponding components that were prepared in accordance with GAAP and accounting practices applicable for the period ending 31 December, 2007; and

(B) have an international finance director of the Company or CEMEX Parent deliver to the Facility Agent a description of necessary changes and reasonably sufficient information to enable the Lenders to determine whether the financial covenants in Clause 21 (*Financial Covenants*) have been complied with,

and the Company will then use the relevant components in paragraphs (b)(i)(A) or (b)(ii)(A) above (as the case may be), for the calculations of EBITDA, Adjusted EBITDA, Net Borrowings and Finance Charges to test the financial covenant ratios contained in Clause 21.2 (*Financial condition*) and the calculation of Subsidiary Financial Indebtedness under Clause 22.17 (*Subsidiary Financial Indebtedness incurrence*).

(c) The Company shall procure that each set of financial statements delivered pursuant to Clause 20.1 (*Financial statements)* is prepared on the basis set out in paragraph (b) above unless, in relation to any set of financial statements, it notifies the Facility Agent that there has been a change in GAAP, or the accounting practices or reference periods and, unless amendments are agreed in accordance with paragraph (d) of this Clause 20.3, its auditors or any other internationally recognised accounting firm that is approved by the Facility Agent (or, if appropriate, the auditors of the relevant Obligor or any other internationally recognised accounting firm in respect of the Obligor that is approved by the Facility Agent) or, in the case of any financial statements referring to a period after 31 December, 2008, an international finance director of it or CEMEX Parent (or, if appropriate, a vice president or treasurer of the relevant Obligor) deliver to the Facility Agent:

(i) a description of any change necessary for those financial statements to reflect the GAAP, accounting practices and reference periods upon which that Obligor's Original Financial Statements were prepared; and

(ii) sufficient information, in form and substance as may be reasonably required by the Facility Agent, to enable the Lenders to determine whether Clause 21 *(Financial covenants*) has been complied with and make an accurate comparison between the financial position indicated in those financial statements and that Obligor's Original Financial Statements.

(d) If the Company adopts International Accounting Standards or, unless the procedure in paragraph (c) above is utilised, there are changes to GAAP, or the accounting practices or reference periods or, in respect of any Financial Periods beginning on or after 1 January 2009, the Company and the Facility Agent shall, at the Company's request, negotiate in good faith with a view to agreeing such amendments to the financial covenants in Clause 21 (*Financial Covenants*) and the ratios used to calculate the Margin and, in each case, the definitions used therein as may be necessary to ensure that the criteria for evaluating the Group's financial condition grant to the Lenders protection equivalent to that which would have been enjoyed by them had the Company not adopted International Accounting Standards or had there not been a change in GAAP, or the accounting practices or reference periods (subject to compliance with paragraph (b) above). Any amendments agreed will take effect on the date agreed between the Facility Agent and the Company subject to the consent of the Majority Lenders. If no such agreement is reached within 90 days of the Company's request, the Company will remain subject to the obligation to deliver the information specified in paragraph (b) of this Clause 20.3 and the financial covenants in Clause 21 (*Financial Covenants*) and the ratios used to calculate the Margin shall be based on the information delivered.

20.4 **Information: miscellaneous**

The Company shall supply to the Facility Agent:

(a) all documents dispatched by the Company to its shareholders (or any class of them) or its creditors generally at the same time as they are dispatched;

(ii) the aggregate amount of all Financial Indebtedness that has been extended, refunded or refinanced under this paragraph (b) shall not exceed US$250,000,000 (or the equivalent thereof if denominated in another currency),

for the avoidance of doubt, it is understood that:

(X) if any such Financial Indebtedness is successively extended, refinanced or refunded, only the Financial Indebtedness outstanding after giving effect to all such successive extensions, refinancing and refundings shall be counted against the foregoing amount; and

(Y) any Financial Indebtedness incurred in a currency other than US Dollars pursuant to this paragraph (b) shall continue to be permitted under this paragraph (b), notwithstanding any fluctuation in currency values, as long as the outstanding principal amount of such Financial Indebtedness (denominated in its original currency) does not exceed the maximum amount of such Financial Indebtedness (denominated in such currency) permitted to be outstanding on the date such Financial Indebtedness was incurred);

(c) Financial Indebtedness of a Subsidiary of the Company owed to the Company or another Subsidiary of the Company;

(d) Financial Indebtedness of a Subsidiary of the Company that was:

(i) outstanding at the time such Subsidiary became a Subsidiary of the Company; or

(ii) contractually required to be incurred by such Subsidiary at such time,

provided that such Financial Indebtedness shall not have been incurred in contemplation of such Subsidiary becoming a Subsidiary of the Company and **provided that** there is no recourse to any member of the Group other than such Subsidiary following the date falling 60 days after such Subsidiary became a Subsidiary of the Company;

(e) any Financial Indebtedness extending the maturity of the Financial Indebtedness referred to in paragraph (d) above, or any refunding or refinancing of the same, **provided that** the principal amount of such Financial Indebtedness shall not be increased above the principal amount thereof outstanding immediately prior to such extension, refunding or refinancing;

(f) Financial Indebtedness of a Subsidiary of the Company which:

(i) has been formed for the purpose of, and whose primary activities are, the issuance or other incurrence of debt obligations to Persons other than Affiliates of the Company and the lending or other advance of the net proceeds of such debt obligations (whether directly or indirectly) to the Company or any Guarantor which is a Holding Company (as defined in sub-Clause 25.3 (*Additional Guarantors*)); and

(ii) has no significant assets other than debt obligations, promissory notes and other contract rights in respect of funds advanced to the Company or such Guarantors; and

(g) Financial Indebtedness of a Subsidiary of the Company incurred pursuant to or in connection with any pooling agreements in place within a bank or financial institution, but only to the extent of offsetting credit balances of the Company or its Subsidiaries pursuant to such pooling arrangement.

For the purposes of this Clause 22.17 (*Subsidiary Financial Indebtedness incurrence*):

"**Consolidated Total Assets**" means, at any time, the total assets of the Company and its Subsidiaries, as determined in accordance with Spanish GAAP by reference to the most recent financial statements supplied by the Company pursuant to Clause 20.1 (*Financial Statements*) or any Compliance Certificate provided pursuant to Clause 20.2 (*Compliance Certificate*), **provided that** such financial statements or Compliance Certificate, as the case may be, shall be adjusted to reflect the acquisition of any Subsidiary.

"**Excluded Subsidiary Guarantor**" means any Subsidiary of the Company that is an Original Guarantor or that becomes a Guarantor (pursuant to Clause 25.3 (*Additional Guarantors*)) if, in the case of any Additional Guarantor only, legal opinions and other evidence are delivered to the Facility Agent sufficient to establish to the reasonable satisfaction of the Facility Agent and its legal adviser that the obligations of such Guarantor under this Agreement rank and will continue to rank at least *pari passu* with all other unsecured and unsubordinated Financial Indebtedness of such Guarantor, including in a bankruptcy or insolvency proceeding.

22.18 **Payment restrictions affecting Subsidiaries**

The Company shall not enter into or suffer to exist, or permit any of its Subsidiaries to enter into or suffer to exist, any agreement or arrangement (other than any Finance Document) directly limiting the ability of any of its Subsidiaries to:

(a) declare or pay dividends or other distributions in respect of its or their respective equity interests in a Subsidiary, except any agreement or arrangement entered into by a person prior to such person becoming a Subsidiary, in which case the Company shall use its reasonable endeavours to remove such limitations. If however, such limitations are reasonably likely to affect the ability of the Company to satisfy its payment obligations under this Agreement, the Company shall use its best endeavours to remove such limitations as soon as possible; or

(b) repay or capitalise any intercompany indebtedness owed by any Subsidiary to any Obligor and, for the avoidance of doubt, subordination provisions shall not be considered a limitation for the purpose of this Clause 22.18.

The provisions of paragraphs (a) and (b) above shall not restrict:

(i) any agreements or arrangements that are binding upon any person in connection with a Permitted Securitisation and any agreement or arrangement that limits the ability of any Subsidiary of the Company that transfers receivables and related assets pursuant to a Permitted Securitisation to distribute or transfer receivables and related assets **provided that**, in each case, all such agreements and arrangements are customarily required by the institutional sponsor or arranger of such Permitted Securitisation in similar types of documents relating to the purchase of receivables and related assets in connection with the financing thereof;

(ii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets and revenues of such joint venture; and

(a) such issuance shall be consistent with the Company's or the relevant Subsidiary's contractual obligations (including its obligations under the Finance Documents) and the fiduciary duties of its board of directors;

(b) such issuance shall be structured so as to be exempt from registration under applicable US securities laws;

(c) the economic terms and conditions of such securities shall be reasonably acceptable to the Company or the relevant Subsidiary, including being on similar terms to securities issued in the period of 90 days prior to the date of issuance by corporate issuers that are comparable in the sector and which have a comparable rating to that of the Company or the relevant Subsidiary (or, if no such securities have been issued, on similar terms to securities issued by US corporate issuers with a comparable rating to the Company or the relevant Subsidiary); and

(d) the covenant terms, as to the Company or the relevant Subsidiary, shall be substantially similar to the terms of the Company's or the relevant Subsidiary's (as the case may be) other outstanding similar long term debt securities and shall not conflict with, or be more onerous than, the terms of the Company's or its Subsidiaries' other bank financing arrangements at that time.

(b) The value of the assets of any of the Obligors or Material Subsidiaries is less than its liabilities (taking into account contingent and prospective liabilities).

(b) a composition, assignment or arrangement with any class of creditor of any of the Obligors or Material Subsidiaries;

(c) the appointment of a liquidator (other than in respect of a solvent liquidation of any of the Material Subsidiaries which are not Obligors), receiver, administrator, administrative receiver, compulsory manager or other similar officer in respect of any of the Obligors or Material Subsidiaries or any of their assets;

(b) Any attachment, distress or execution affects any asset or assets of any Obligor or any Material Subsidiary which is reasonably likely to cause a Material Adverse Effect.

(c) No Event of Default under paragraphs (a) or (b) of this Clause 23.9 above will occur if:

An Obligor repudiates a Finance Document or evidences an intention to repudiate a Finance Document.

23.14 **Material adverse change**

Any material adverse change arises in the financial condition of the Group taken as a whole, which the Majority Lenders reasonably determine would result in the failure by any Obligor to perform its payment obligations under any of the Finance Documents.

23.15 **Acceleration**

On and at any time after the occurrence of an Event of Default which is continuing the Facility Agent may, while such Event of Default is continuing and shall if so directed by the Majority Lenders, by notice to the Company:

SECTION 9
CHANGES TO PARTIES

24. CHANGES TO THE LENDERS

24.1 Assignments and transfers by the Lenders

Subject to this Clause 24, a Lender (the "**Existing Lender**") may:

(a) assign any of its rights and benefits in respect of any Utilisation; or

(b) transfer by novation any of its rights, benefits and obligations in respect of any Commitment or any Utilisation,

to another bank or financial institution or to a trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets (the " **New Lender**"), **provided that** no Lender may transfer or assign any of its rights, benefits or obligations under the Finance Documents to any U.S. Lender or enter into a sub-participation agreement in respect of such rights, benefits or obligations with a U.S. Lender.

24.2 Conditions of assignment or transfer

(a) The Borrower must be notified no later than one Business Day prior to the proposed date of any assignment or transfer pursuant to this Clause 24.1 (*Assignments and transfers by the Lenders*).

(b) An assignment will be effective only on:

(i) receipt by the Facility Agent of written confirmation from the New Lender that the New Lender will assume the same obligations to the other Finance Parties as it would have been under if it was an Original Lender; and

(ii) the satisfaction of the Facility Agent with the results of all " **know your client**" or other checks relating to the identity of any person that it is required by law to carry out in relation to such assignment to a New Lender, the completion of which the Facility Agent shall promptly notify to the Existing Lender and the New Lender.

(c) A transfer will be effective only if the procedure set out in Clause 24.5 (*Procedure for transfer*) is complied with.

(d) If:

(i) a Lender assigns or transfers any of its rights, benefits or obligations under the Finance Documents or changes its Facility Office; and

(ii) as a result of circumstances existing at the date the assignment, transfer or change occurs, an Obligor would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 13 (*Tax Gross-up and Indemnities*) or Clause 14 (*Increased Costs*),

then the New Lender or Lender acting through its new Facility Office is entitled to receive payment under those Clauses only to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred.

(e) In addition to the other assignment rights provided in this Clause 24, each Lender may assign, as collateral or otherwise, any of its rights under this Agreement (including rights to payments of principal or interest on the Loans) to any trustee for the benefit of the holders of such Lender's securities **provided that** no such assignment shall release the assigning Lender from any of its obligations under this Agreement.

24.3 **Assignment or transfer fee**

The New Lender shall, on the date upon which an assignment or transfer takes effect, pay to the Facility Agent (for its own account) a fee of US$2,000, except no such fee shall be payable in connection with an assignment or transfer to a New Lender upon primary syndication of the Facilities.

24.4 **Limitation of responsibility of Existing Lenders**

(a) Unless expressly agreed to the contrary, an Existing Lender makes no representation or warranty and assumes no responsibility to a New Lender for:

(i) the legality, validity, effectiveness, adequacy or enforceability of the Finance Documents or any other documents;

(ii) the financial condition of any Obligor;

(iii) the performance and observance by any Obligor of its obligations under the Finance Documents or any other documents; or

(iv) the accuracy of any statements (whether written or oral) made in or in connection with any Finance Document or any other document,

and any representations or warranties implied by law or regulation are excluded.

(b) Each New Lender confirms to the Existing Lender, and the other Finance Parties that it:

(i) has made (and shall continue to make) its own independent investigation and assessment of the financial condition and affairs of each Obligor and its related entities in connection with its participation in this Agreement and has not relied exclusively on any information provided to it by the Existing Lender in connection with any Finance Document; and

(ii) will continue to make its own independent appraisal of the creditworthiness of each Obligor and its related entities whilst any amount is or may be outstanding under the Finance Documents or any Commitment is in force.

(c) Nothing in any Finance Document obliges an Existing Lender to:

(i) accept a re-transfer from a New Lender of any of the rights and obligations assigned or transferred under this Clause 24; or

(ii) support any losses directly or indirectly incurred by the New Lender by reason of the non-performance by any Obligor of its obligations under the Finance Documents or otherwise.

24.5 **Procedure for transfer**

(a) Subject to the conditions set out in Clause 24.2 (*Conditions of assignment or transfer*) a transfer is effected in accordance with paragraph (b) below when the Facility Agent executes an otherwise duly completed Transfer Certificate delivered to it by the Existing Lender and the New Lender. The Facility Agent shall, as soon as reasonably practicable after receipt by it of a duly completed Transfer Certificate appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Transfer Certificate and send a copy to the Company.

(b) On the Transfer Date:

(i) to the extent that in the Transfer Certificate the Existing Lender seeks to transfer by novation its rights, and obligations under the Finance Documents each of the Obligors and the Existing Lender shall be released from further obligations towards one another under the Finance Documents and their respective rights against one another under the Finance Documents shall be cancelled (being the "**Discharged Rights and Obligations**");

(ii) each of the Obligors and the New Lender shall assume obligations towards one another and/or acquire rights against one another which differ from the Discharged Rights and Obligations only insofar as that Obligor and the New Lender have assumed and/or acquired the same in place of that Obligor and the Existing Lender;

(iii) the Facility Agent, the Documentation Agent, the New Lender and the other Lenders, shall acquire the same rights and assume the same obligations between themselves as they would have acquired and assumed had the New Lender been an Original Lender with the rights, and/or obligations acquired or assumed by it as a result of the transfer and to that extent the Facility Agent, the Documentation Agent and the Existing Lender shall each be released from further obligations to each other under the Finance Documents; and

(iv) the New Lender shall become a Party as a "**Lender**".

24.6 **Procedure for assignment**

(a) Subject to the conditions set out in Clause 24.2 (*Conditions of assignment or transfer*) an assignment may be effected in accordance with paragraph (c) below when the Facility Agent executes an otherwise duly completed Assignment Agreement delivered to it by the Existing Lender and the New Lender. The Facility Agent shall,

subject to paragraph (b) below, as soon as reasonably practicable after receipt by it of a duly completed Assignment Agreement appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Assignment Agreement.

(b) The Facility Agent shall only be obliged to execute an Assignment Agreement delivered to it by the Existing Lender and the New Lender upon its completion of all "know your customer" or other checks relating to any person that it is required to carry out in relation to the assignment to such New Lender.

(c) On the Transfer Date:

(i) the Existing Lender will assign absolutely to the New Lender its rights under the Finance Documents;

(ii) the Existing Lender will be released from the obligations (the " **Relevant Obligations**") expressed to be the subject of the release in the Assignment Agreement; and

(iii) the New Lender shall become a Party as a "Lender" and will be bound by obligations equivalent to the Relevant Obligations.

(d) Lenders may utilise procedures other than those set out in this Clause 24.6 to assign their rights under the Finance Documents **provided that** they comply with the conditions set out in Clause 24.2 (*Conditions of assignment or transfer*).

24.7 **Copy of Transfer Certificate to Borrower**

The Facility Agent shall, as soon as reasonably practicable after it has received a Transfer Certificate, send to the Company a copy of that Transfer Certificate.

24.8 **Disclosure of information**

(a) Any Lender may disclose to any of its Affiliates and any other person:

(i) to (or through) whom that Lender assigns or transfers (or may potentially assign or transfer) all or any of its rights and obligations under the Finance Documents;

(ii) with (or through) whom that Lender enters into (or may potentially enter into) any sub-participation in relation to, or any other transaction under which payments are to be made by reference to, the Finance Documents; or

(iii) to whom, and to the extent that, information is required to be disclosed by any applicable law or regulation,

any information about any Obligor, the Group and the Finance Documents as that Lender shall consider appropriate **provided that** (in the case of paragraphs (i) and (ii) only) the person to whom the information is to be given has entered into a Confidentiality Undertaking.

(b) Any Lender may also disclose the size and term of the Facilities and the name of each of the Obligors to any investor or a potential investor in a securitisation (or similar

transaction of broadly equivalent economic effect) of that Lender's rights or obligations under the Finance Documents **provided that** the person to whom the information is to be given has entered into a Confidentiality Undertaking.

24.9 **Interest**

All interest accrued in the Interest Period in which a transfer is effective shall be paid to the Existing Lender.

24.10 **Security over Lenders' rights**

In addition to the other rights provided to Lenders under this Clause 24, each Lender may without consulting with or obtaining consent from any Obligor, at any time create Security in or over (whether by way of collateral or otherwise) all or any of its rights under any Finance Document to secure obligations of that Lender including, without limitation:

(a) any charge, assignment or other Security to secure obligations to a federal reserve or central bank; and

(b) in the case of any Lender which is a fund, any charge, assignment or other Security granted to any holders (or trustee or representatives of holders) of obligations owed, or securities issued, by that Lender as security for those obligations or securities,

except that no such charge, assignment or other Security shall:

(i) release a Lender from any of its obligations under the Finance Documents or substitute the beneficiary of the relevant charge, assignment or other Security for the Lender as a party to any of the Finance Documents; or

(ii) require any payments to be made by an Obligor or grant to any person any more extensive rights than those required to be made or granted to the relevant Lender under the Finance Documents.

25. **CHANGES TO THE OBLIGORS**

25.1 **Assignment and Transfers by Obligors**

No Obligor may assign any of its rights or transfer any of its rights or obligations under the Finance Documents.

25.2 **Additional Borrowers**

(a) Subject to compliance with the provisions of paragraphs (b) and (c) of Clause 20.6 (*"Know your client" checks*), the Company may request that any of its wholly owned Subsidiaries which is not a dormant Subsidiary becomes an Additional Borrower. That Subsidiary shall become an Additional Borrower if:

(i) either:

(A) (if at the time the Company is a Guarantor hereunder) the Majority Lenders approve the addition of that Subsidiary; or

(B) (if at the time the Company is not a Guarantor hereunder) the Lenders approve the addition of that Subsidiary:

(ii) the Company and that Subsidiary deliver to the Facility Agent a duly completed and executed Accession Letter;

(iii) the Company confirms that no Default is continuing or would occur as a result of that Subsidiary becoming an Additional Borrower; and

(iv) the Facility Agent has received all of the documents and other evidence listed in Part II of Schedule 2 (*Conditions precedent required to be delivered by an Additional Obligor*) in relation to that Additional Borrower, each in form and substance satisfactory to the Facility Agent.

(b) The Facility Agent shall notify the Company and the Lenders promptly upon being satisfied that it has received (in form and substance satisfactory to it) all the documents and other evidence listed in Part II of Schedule 2 (*Conditions precedent required to be delivered by an Additional Obligor*).

25.3 **Additional Guarantors**

(a) Subject to compliance with the provisions of paragraphs (b) and (c) of Clause 20.6 (*"Know your client" checks*), the Company may request that it or any of its wholly owned Subsidiaries become an Additional Guarantor.

(b) The Company may request that it or any of its Subsidiaries becomes an Additional Guarantor by:

(A) the Company delivering to the Facility Agent a duly-completed and executed Accession Letter; and

(B) the Facility Agent receiving from the Company all of the documents and other evidence referred to in Part II of Schedule 2 (*Conditions Precedent required to be delivered by an Additional Obligor*) in relation to that Additional Guarantor.

(c) The Facility Agent shall notify the Company and the Lenders promptly upon being satisfied that it has received all the documents and other evidence listed in Part II of Schedule 2 (*Conditions Precedent required to be delivered by an Additional Obligor*).

25.4 **Resignation of Guarantor**

A Guarantor (a "**Resigning Guarantor**") will cease to be a Guarantor if:

(a) it makes a sale, lease, transfer or other disposal of all or substantially all (but not a part only) of its assets to another member of the Group which is or becomes a Guarantor in accordance with Clause 25.3 (*Additional Guarantors*); or

(b) it notifies the Facility Agent that it has no assets and provides the Facility Agent with a certificate signed by a director of the Company confirming that it has no assets,

provided that:

(i) such Resigning Guarantor also, if applicable, ceases concurrently to be a guarantor in respect of any other indebtedness of the Group or of any member of the Group;

(ii) such Resigning Guarantor notifies the Facility Agent of any sale, lease, transfer or other disposal in accordance with paragraph (a) of this Clause 25.4; and

(iii) the Company may not resign as a Guarantor without the consent of all Lenders.

25.5 **Resignation of a Borrower**

(a) The Company may request that a Borrower (other than the Company) ceases to be a Borrower by delivering to the Facility Agent a letter of resignation signed by an Authorised Signatory of the Company and the relevant Borrower, which confirms that the requirements of paragraph (b) below are met.

(b) The Facility Agent shall accept such a resignation and promptly notify the Company and the Lenders of its acceptance if:

(i) no Default is continuing or would result from the acceptance of the resignation (and the Company has confirmed this is the case); and

(ii) the Borrower is under no actual or contingent obligations as a Borrower under any Finance Documents,

whereupon that company shall cease to be a Borrower and shall have no further rights or obligations under the Finance Documents.

25.6 **Repetition of Representations**

Delivery of an Accession Letter constitutes confirmation by the relevant Affiliate that the Repeating Representations are true and correct in relation to it as at the date of delivery as if made by reference to the facts and circumstances then existing.

SECTION 10
THE FINANCE PARTIES

26. ROLE OF THE FACILITY AGENT AND THE DOCUMENTATION AGENT

26.1 Appointment of the Facility Agent

(b) The Facility Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.

(c) If the Facility Agent receives notice from a Party referring to this Agreement, describing a Default and stating that the circumstance described is a Default, it shall promptly notify the other Finance Parties.

(d) If the Facility Agent is aware of the non-payment of any principal, interest or fee payable to a Finance Party (other than the Facility Agent or the Documentation Agent) under this Agreement it shall promptly notify the other Finance Parties.

(e) The Facility Agent's duties under the Finance Documents are solely mechanical and administrative in nature.

26.3 Role of the Documentation Agent

26.4 No fiduciary duties

(a) Nothing in this Agreement constitutes the Facility Agent and/or the Documentation Agent, as a trustee or fiduciary of any other person.

(b) Neither the Facility Agent nor the Documentation Agent shall be bound to account to any Lender for any sum or the profit element of any sum received by it for its own account.

26.5 Business with the Group

The Facility Agent and the Documentation Agent may accept deposits from, lend money to and generally engage in any kind of banking or other business with any member of the Group.

26.6 **Rights and discretions**

(a) The Facility Agent may rely on:

(i) any representation, notice or document (including, for the avoidance of doubt, any representation, notice or document communicating the consent of the Majority Lenders pursuant to Clause 35.1 (*Required consents*)) believed by it to be genuine, correct and appropriately authorised; and

(ii) any statement made by a director, authorised signatory or employee of any person regarding any matters which may reasonably be assumed to be within his knowledge or within his power to verify.

(b) The Facility Agent may assume (unless it has received notice to the contrary in its capacity as agent for the Lenders) that:

(i) no Default has occurred (unless it has actual knowledge of a Default arising under Clause 23.1 (*Non-payment*));

(ii) any right, power, authority or discretion vested in any Party or the Majority Lenders has not been exercised; and

(iii) any notice or request made by the Company (other than a Utilisation Request) is made on behalf of and with the consent and knowledge of all the Obligors.

(d) The Facility Agent may act in relation to the Finance Documents through its personnel and agents.

(e) The Facility Agent may disclose to any other Party any information it reasonably believes it has received as agent under this Agreement.

(f) Notwithstanding any other provision of any Finance Document to the contrary, neither the Facility Agent nor the Documentation Agent, is obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law and regulation or a breach of a fiduciary duty or duty of confidentiality.

26.7 **Majority Lenders' instructions**

(a) Unless a contrary indication appears in a Finance Document, the Facility Agent shall (i) exercise any right, power, authority or discretion vested in it as Agent in accordance with any instructions given to it by the Majority Lenders (or, if so instructed by the Majority Lenders, refrain from exercising any right, power, authority or discretion vested in it as Agent) and (ii) not be liable for any act (or omission) if it acts (or refrains from taking any action) in accordance with an instruction of the Majority Lenders.

(b) Unless a contrary indication appears in a Finance Document, any instructions given by the Majority Lenders will be binding on all the Finance Parties.

(c) The Facility Agent may refrain from acting in accordance with the instructions of the Majority Lenders (or, if appropriate, the Lenders) until it has received such security as it may require for any cost, loss or liability (together with any associated VAT) which it may incur in complying with the instructions.

(d) In the absence of instructions from the Majority Lenders, (or, if appropriate, the Lenders) the Facility Agent may act (or refrain from taking action) as it considers to be in the best interest of the Lenders.

(e) The Facility Agent is not authorised to act on behalf of a Lender (without first obtaining that Lender's consent) in any legal or arbitration proceedings relating to any Finance Document.

26.8 **Responsibility for documentation**

Neither the Facility Agent nor the Documentation Agent:

(a) is responsible for the adequacy, accuracy and/or completeness of any information (whether oral or written) supplied by the Facility Agent, the Documentation Agent, an Obligor or any other person given in or in connection with any Finance Document or the Information Memorandum; or

(b) is responsible for the legality, validity, effectiveness, adequacy or enforceability of any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of or in connection with any Finance Document.

26.9 **Exclusion of liability**

(a) Without limiting paragraph (b) below, neither the Facility Agent nor the Documentation Agent will be liable for any action taken by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct or wilful breach of any Finance Document.

(b) No Party (other than the Facility Agent) may take any proceedings against any officer, employee or agent of the Facility Agent in respect of any claim it might have against the Facility Agent or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document and any officer, employee or agent of the Facility Agent may rely on this Clause 26 subject to Clause 1.4 (*Third party rights*) and the provisions of the Third Parties Act.

(c) The Facility Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Facility Agent if the Facility Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Facility Agent for that purpose.

(d) Nothing in this Agreement shall oblige the Facility Agent or the Documentation Agent to carry out any checks pursuant to any laws or regulations relating to money laundering in relation to any person on behalf of any Lender and each Lender confirms to the Facility Agent and the Documentation Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Facility Agent or the Documentation Agent.

26.10 **Lenders' indemnity to the Facility Agent**

Each Lender shall (in proportion to its share of the Total Commitments or, if the Total Commitments are then zero, to its share of the Total Commitments immediately prior to their reduction to zero) indemnify the Facility Agent, within three Business Days of demand, against any cost, loss or liability incurred by the Facility Agent (otherwise than by reason of the Facility Agent's gross negligence or wilful misconduct) in acting as Facility Agent under the Finance Documents (unless the Facility Agent has been reimbursed by an Obligor pursuant to a Finance Document).

26.11 **Resignation of the Facility Agent**

(a) The Facility Agent may resign and appoint one of its Affiliates acting through an office in the European Union as successor by giving notice to the other Finance Parties and the Company.

(b) Alternatively the Facility Agent may resign by giving notice to the other Finance Parties and the Company, in which case the Majority Lenders (after consultation with the Company) may appoint a successor Facility Agent.

(c) If the Majority Lenders have not appointed a successor Facility Agent in accordance with paragraph (b) above within 30 days after notice of resignation was given, the Facility Agent (after consultation with the Company) may appoint a successor Facility Agent (acting through an office in the European Union).

(d) The retiring Facility Agent shall, at its own cost, make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

(e) The Facility Agent's resignation notice shall only take effect upon the appointment of a successor.

(f) Upon the appointment of a successor, the retiring Facility Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of this Clause 26.11. Its successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

(g) After consultation with the Company, the Majority Lenders may, by notice to the Facility Agent, require it to resign in accordance with paragraph (b) above. In this event, the Facility Agent shall resign in accordance with paragraph (b) above.

26.12 **Confidentiality**

(a) In acting as agent for the Finance Parties, the Facility Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.

(b) If information is received by another division or department of the Facility Agent, it may be treated as confidential to that division or department and the Facility Agent shall not be deemed to have notice of it.

(c) Notwithstanding any other provision of any Finance Document to the contrary, none of the Facility Agent and the Documentation Agent are obliged to disclose to any other person (i) any confidential information or (ii) any other information if the disclosure would or might in its reasonable opinion constitute a breach of any law or a breach of a fiduciary duty.

26.13 **Relationship with the Lenders**

(a) The Facility Agent may treat each Lender as a Lender, entitled to payments under this Agreement and acting through its Facility Office unless it has received not less than five Business Days prior notice from that Lender to the contrary in accordance with the terms of this Agreement.

(b) Each Lender shall supply the Facility Agent with any information required by the Facility Agent in order to calculate the Mandatory Cost in accordance with Schedule 4 (*Mandatory Cost Formulae*).

26.14 **Credit appraisal by the Finance Parties**

Without affecting the responsibility of any Obligor for information supplied by it or on its behalf in connection with any Finance Document, each Finance Party confirms to the Facility Agent that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document including but not limited to:

(a) the financial condition, status and nature of each member of the Group;

(b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

(c) whether that Finance Party has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; and

(d) the adequacy, accuracy and/or completeness of the Information Memorandum, and any other information provided by the Facility Agent, any Party or by any other person under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document.

26.15 **Reference Banks**

If a Reference Bank (or, if a Reference Bank is not a Lender, the Lender of which it is an Affiliate) ceases to be a Lender, the Facility Agent shall (in consultation with the Company) appoint another Lender or an Affiliate of a Lender to replace that Reference Bank.

26.16 **Agent's Management Time**

Any amount payable to the Facility Agent under Clause 15.3 (*Indemnity to the Facility Agent*) and Clause 26.10 (*Lenders' indemnity to the Facility Agent*) shall include the cost of utilising the Facility Agent's management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Facility Agent may notify to the Company and the Lenders, and is in addition to any fee paid or payable to the Facility Agent under Clause 12 (*Fees*).

26.17 **Deduction from amounts payable by the Facility Agent**

If any Party owes an amount to the Facility Agent under the Finance Documents the Facility Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Facility Agent would otherwise be obliged to make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

27. **CONDUCT OF BUSINESS BY THE FINANCE PARTIES**

No provision of this Agreement will:

(a) interfere with the right of any Finance Party to arrange its affairs (tax or otherwise) in whatever manner it thinks fit;

(b) oblige any Finance Party to investigate or claim any credit, relief, remission or repayment available to it or the extent, order and manner of any claim; or

(c) oblige any Finance Party to disclose any information relating to its affairs (tax or otherwise) or any computations in respect of Tax (but without prejudice to the terms of Clause 13.3 (*Tax indemnity*)).

28. **SHARING AMONG THE FINANCE PARTIES**

28.1 **Payments to Finance Parties**

If a Finance Party (a "**Recovering Finance Party**") receives or recovers any amount from an Obligor other than in accordance with Clause 29 (*Payment Mechanics)* (whether by way of set-off or otherwise) and applies that amount to a payment due under the Finance Documents then:

(a) the Recovering Finance Party shall, within three Business Days, notify details of the receipt or recovery, to the Facility Agent;

(b) the Facility Agent shall determine whether the receipt or recovery is in excess of the amount the Recovering Finance Party would have been paid had the receipt or recovery been received or made by the Facility Agent and distributed in accordance with Clause 29 (*Payment Mechanics*), without taking account of any Tax which would be imposed on the Facility Agent in relation to the receipt, recovery or distribution; and

(c) the Recovering Finance Party shall, within three Business Days of demand by the Facility Agent, pay to the Facility Agent an amount (the "**Sharing Payment**") equal to such receipt or recovery less any amount which the Facility Agent determines may be retained by the Recovering Finance Party as its share of any payment to be made, in accordance with Clause 29.5 (*Partial payments*).

28.2 **Redistribution of payments**

The Facility Agent shall treat the Sharing Payment as if it had been paid by the relevant Obligor and distribute it between the Finance Parties (other than the Recovering Finance Party) in accordance with Clause 29.5 (*Partial payments)*.

28.3 **Recovering Finance Party's rights**

(a) On a distribution by the Facility Agent under Clause 28.2 (*Redistribution of payments*), the Recovering Finance Party will be subrogated to the rights of the Finance Parties which have shared in the redistribution.

(b) If and to the extent that the Recovering Finance Party is not able to rely on its rights under paragraph (a) above, the relevant Obligor shall be liable to the Recovering Finance Party for a debt equal to the Sharing Payment which is immediately due and payable.

28.4 **Reversal of redistribution**

If any part of the Sharing Payment received or recovered by a Recovering Finance Party becomes repayable and is repaid by that Recovering Finance Party, then:

(a) each Finance Party which has received a share of the relevant Sharing Payment pursuant to Clause 28.2 (*Redistribution of payments*) shall, upon request of the Facility Agent, pay to the Facility Agent for account of that Recovering Finance Party an amount equal to the appropriate part of its share of the Sharing Payment (together with an amount as is necessary to reimburse that Recovering Finance Party for its proportion of any interest on the Sharing Payment which that Recovering Finance Party is required to pay); and

(b) that Recovering Finance Party's rights of subrogation in respect of any reimbursement shall be cancelled and the relevant Obligor will be liable to the reimbursing Finance Party for the amount so reimbursed.

28.5 **Exceptions**

(a) This Clause 28 shall not apply to the extent that the Recovering Finance Party would not, after making any payment pursuant to this Clause 28, have a valid and enforceable claim against the relevant Obligor.

(b) A Recovering Finance Party is not obliged to share with any other Finance Party any amount which the Recovering Finance Party has received or recovered as a result of taking legal or arbitration proceedings, if:

(i) it notified that other Finance Party of the legal or arbitration proceedings; and

(ii) that other Finance Party had an opportunity to participate in those legal or arbitration proceedings but did not do so as soon as reasonably practicable having received notice and did not take separate legal or arbitration proceedings.

SECTION 11
ADMINISTRATION

29. PAYMENT MECHANICS

29.1 Payments to the Facility Agent

(a) On each date on which an Obligor or a Lender is required to make a payment under a Finance Document, that Obligor or Lender shall make the same available to the Facility Agent (unless a contrary indication appears in a Finance Document) for value on the due date at the time and in such funds specified by the Facility Agent as being customary at the time for settlement of transactions in the relevant currency in the place of payment.

(b) Payments by Obligors or Lenders shall be made to such account in the principal financial centre of the country of that currency (or, in relation to euro, in a principal financial centre in a Participating Member State or London) with such bank as the Facility Agent specifies.

29.2 Distributions by the Facility Agent

Each payment received by the Facility Agent under the Finance Documents for another Party shall, subject to Clause 29.3 (*Distributions to an Obligor*), Clause 29.4 (*Clawback*) and Clause 26.17 (*Deduction from amounts payable by the Facility Agent)* be made available by the Facility Agent as soon as practicable after receipt to the Party entitled to receive payment in accordance with this Agreement (in the case of a Lender, for the account of its Facility Office), to such account as that Party may notify to the Facility Agent by not less than five Business Days' notice with a bank in the principal financial centre of the country of that currency (or, in relation to euro, in a principal financial centre in a Participating Member State or London).

29.3 Distributions to an Obligor

The Facility Agent may (with the consent of the Obligor or in accordance with Clause 30 (*Set-Off*)) apply any amount received by it for that Obligor in or towards payment (on the date and in the currency and funds of receipt) of any amount due from that Obligor under the Finance Documents or in or towards purchase of any amount of any currency to be so applied.

29.4 Clawback

(a) Where a sum is to be paid to the Facility Agent under the Finance Documents for another Party, the Facility Agent is not obliged to pay that sum to that other Party (or to enter into or perform any related exchange contract) until it has been able to establish to its satisfaction that it has actually received that sum.

(b) If the Facility Agent pays an amount to another Party and it proves to be the case that the Facility Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Facility Agent shall on demand refund the same to the Facility Agent together with interest on that amount from the date of payment to the date of receipt by the Facility Agent, calculated by the Facility Agent to reflect its cost of funds.

29.5 **Partial payments**

(a) If the Facility Agent receives a payment that is insufficient to discharge all the amounts then due and payable by an Obligor under the Finance Documents, the Facility Agent shall apply that payment towards the obligations of that Obligor under the Finance Documents in the following order:

(i) first, in or towards payment *pro rata* of any unpaid fees, costs and expenses of the Facility Agent and the Documentation Agent under the Finance Documents;

(ii) secondly, in or towards payment *pro rata* of any accrued interest, fee or commission due but unpaid under this Agreement;

(iii) thirdly, in or towards payment *pro rata* of any principal due but unpaid under this Agreement; and

(iv) fourthly, in or towards payment *pro rata* of any other sum due but unpaid under the Finance Documents.

(b) The Facility Agent shall, if so directed by the Majority Lenders, vary the order set out in paragraphs (a)(ii) to (iv) above.

(c) Paragraphs (a) and (b) above will override any appropriation made by an Obligor.

(d) The Lenders hereby expressly agree that the Facility Agent shall not apply any amount received in accordance with paragraph (a) above to discharge the obligations of an Obligor owed to a Lender if such partial payment received by the Facility Agent is as a result of that Lender being considered as a subordinated creditor by operation of any insolvency law.

29.6 **No set-off by Obligors**

All payments to be made by an Obligor under the Finance Documents shall be calculated and be made without (and free and clear of any deduction for) set-off or counterclaim.

29.7 **Business Days**

(a) Any payment which is due to be made on a day that is not a Business Day shall be made on the next Business Day in the same calendar month (if there is one) or the preceding Business Day (if there is not).

(b) During any extension of the due date for payment of any principal or an Unpaid Sum under this Agreement interest is payable on the principal or Unpaid Sum at the rate payable on the original due date.

29.8 **Currency of account**

(a) Subject to paragraphs (b) to (f) below, US Dollars is the currency of account and currency of payment for any sum due from an Obligor under any Finance Document.

(b) A repayment of a Utilisation or Unpaid Sum or a part of a Utilisation or Unpaid Sum shall be made in the currency in which that Utilisation or Unpaid Sum is denominated on its due date.

(c) Each payment of interest shall be made in the currency in which the sum in respect of which the interest is payable was denominated when that interest accrued.

(d) Unless otherwise provided in this Agreement or any other Finance Document, any amount (including fees) payable in respect of (i) Facility A shall be paid in US Dollars and (ii) Facility B shall be paid in Euro.

(e) Each payment in respect of costs, expenses or Taxes shall be made in the currency in which the costs, expenses or Taxes are incurred.

(f) Any amount expressed to be payable in a currency other than US Dollars shall be paid in that other currency.

29.9 **Change of currency**

(a) Unless otherwise prohibited by law or regulation, if more than one currency or currency unit are at the same time recognised by the central bank of any country as the lawful currency of that country, then:

(i) any reference in the Finance Documents to, and any obligations arising under the Finance Documents in, the currency of that country shall be translated into, or paid in, the currency or currency unit of that country designated by the Facility Agent (after consultation with the Company); and

(ii) any translation from one currency or currency unit to another shall be at the official rate of exchange recognised by the central bank for the conversion of that currency or currency unit into the other rounded up or down by the Facility Agent (acting reasonably).

(b) If a change in any currency of a country occurs, this Agreement will, to the extent the Facility Agent (acting reasonably and after consultation with the Company) specifies to be necessary be amended to comply with any generally accepted conventions and market practice in the Relevant Interbank Market and otherwise to reflect the change in currency.

30. **SET-OFF**

A Finance Party may set off any matured obligation due from an Obligor under the Finance Documents (to the extent beneficially owned by that Finance Party) against any matured obligation owed by that Finance Party to that Obligor, regardless of the place of payment, booking branch or currency of either obligation. If the obligations are in different currencies, the Finance Party may convert either obligation at a market rate of exchange in its usual course of business for the purpose of the set-off.

31. **NOTICES**

31.1 **Communications in writing**

Any communication to be made under or in connection with the Finance Documents shall be made in writing and, unless otherwise stated, may be made by fax or letter or (in accordance with Clause 31.5 (*Electronic communication*)) by email.

31.2 **Addresses**

The address and fax number (and the department or officer, if any, for whose attention the communication is to be made) of each Party for any communication or document to be made or delivered under or in connection with the Finance Documents is:

(a) in the case of the Company, that identified with its name below;

(b) in the case of each Lender, or any other Obligor, that notified in writing to the Facility Agent on or prior to the date on which it becomes a Party; and

(c) in the case of the Facility Agent, that identified with its name below,

31.3 **Delivery**

(a) Any communication or document made or delivered by one person to another under or in connection with the Finance Documents will only be effective:

(i) if by way of fax, when received in legible form; or

(ii) if by way of letter, when it has been left at the relevant address or five Business Days after being deposited in the post postage prepaid in an envelope addressed to it at that address,

(iii) and, if a particular department or officer is specified as part of its address details provided under Clause 31.2 (*Addresses*), if addressed to that department or officer.

(b) Any communication or document to be made or delivered to the Facility Agent will be effective only when actually received by the Facility Agent and then only if it is expressly marked for the attention of the department or officer identified with the Facility Agent's signature below (or any substitute department or officer as the Facility Agent shall specify for this purpose).

(c) All notices from or to an Obligor shall be sent through the Facility Agent. The Company may make and/or deliver as agent of each Obligor notices and/or requests on behalf of each Obligor.

(d) Any communication or document made or delivered to the Company in accordance with this Clause 31 will be deemed to have been made or delivered to each of the Obligors.

(e) Any notice delivered in accordance with this Clause 31 after 4 p.m. local time in the place of delivery on a given day shall be deemed to have been received on the next Business Day after such day.

31.4 **Notification of address and fax number**

Promptly upon receipt of notification of an address or fax number or change of address or fax number pursuant to Clause 31.2 (*Addresses*) or changing its own address or fax number, the Facility Agent shall notify the other Parties.

31.5 **Electronic communication**

(a) Any communication to be made between the Facility Agent and a Lender and/or any member of the Group under or in connection with the Finance Documents may be made by electronic mail or other electronic means, if the Facility Agent and the relevant Lender and/or member of the Group:

(i) agree that, unless and until notified to the contrary, this is to be an accepted form of communication;

(ii) notify each other in writing of their electronic mail address and/or any other information required to enable the sending and receipt of information by that means; and

(iii) notify each other of any change to their address or any other such information supplied by them.

(b) Any electronic communication made between the Facility Agent and a Lender and/or any member of the Group will be effective only when actually received in readable form and in the case of any electronic communication made by a Lender and/or any member of the Group to the Facility Agent only if it is addressed in such a manner as the Facility Agent shall specify for this purpose.

31.6 **English language**

(a) Any notice given under or in connection with any Finance Document must be in English.

(b) All other documents provided under or in connection with any Finance Document must be:

(i) in English or Spanish; or

(ii) if not in English or Spanish, and if so required by the Facility Agent, accompanied by a certified English translation and, in this case, the English translation will prevail unless the document is a constitutional, statutory or other official document.

31.7 **Obligor Agent**

(a) Each Obligor (other than the Company) by its execution of this Agreement or an Accession Letter (as the case may be) irrevocably appoints the Company to act on its behalf as its agent in relation to the Finance Documents and irrevocably authorises (i) the Company on its behalf to supply all information concerning itself contemplated by this Agreement to the Finance Parties and to give all notices and instructions (including, in the case of a Borrower, Utilisation Requests or Conversion Requests), to execute on its behalf any documents required hereunder and to make such agreements

capable of being given or made by any Obligor notwithstanding that they may affect such Obligor, without further reference to or consent of such Obligor; and (ii) each Finance Party to give any notice, demand or other communication to such Obligor pursuant to the Finance Documents to the Company on its behalf, and in each case such Obligor shall be bound thereby as though such Obligor itself had given such notices and instructions (including, without limitation, any Utilisation Requests or Conversion Requests) or executed or made such agreements or received any notice, demand or other communication.

(b) Every act, agreement, undertaking, settlement, waiver, notice or other communication given or made by the Company, or given to the Company, in its capacity as agent in accordance with paragraph (a) of this Clause 31.7, in connection with this Agreement shall be binding for all purposes on such Obligors as if the other Obligors had expressly made, given or concurred with the same. In the event of any conflict between any notices or other communications of the Company and any other Obligor, those of the Company shall prevail.

31.8 **Use of Websites**

(a) The Company may satisfy its obligation under this Agreement to deliver any information in relation to those Lenders (the " **Website Lenders**") who accept this method of communication by posting this information onto an electronic website designated by the Company and the Facility Agent (the "**Designated Website**") if:

(i) the Facility Agent expressly agrees (after consultation with each of the Lenders) that it will accept communication of the information by this method;

(ii) both the Company and the Facility Agent are aware of the address of and any relevant password specifications for the Designated Website; and

(iii) the information is in a format previously agreed between the Company and the Facility Agent.

If any Lender (a "**Paper Form Lender**") does not agree to the delivery of information electronically then the Facility Agent shall notify the Company accordingly and the Company shall supply the information to the Facility Agent in paper form. In any event the Company shall supply the Facility Agent with at least one copy in paper form of any information required to be provided by it.

(b) The Facility Agent shall supply each Website Lender with the address of and any relevant password specifications for the Designated Website following designation of that website by the Company and the Facility Agent.

(c) The Company shall promptly upon becoming aware of its occurrence notify the Facility Agent if:

(i) the Designated Website cannot be accessed due to technical failure;

(ii) the password specifications for the Designated Website change;

(iii) any new information which is required to be provided under this Agreement is posted onto the Designated Website;

(iv) any existing information which has been provided under this Agreement and posted onto the Designated Website is amended; or

(v) the Company becomes aware that the Designated Website or any information posted onto the Designated Website is or has been infected by any electronic virus or similar software.

If the Company notifies the Facility Agent under paragraph (c)(i) or paragraph (c)(v) above, all information to be provided by the Company under this Agreement after the date of that notice shall be supplied in paper form unless and until the Facility Agent and each Website Lender is satisfied that the circumstances giving rise to the notification are no longer continuing.

(d) Any Website Lender may request, through the Facility Agent, one paper copy of any information required to be provided under this Agreement which is posted onto the Designated Website. The Company shall comply with any such request within ten Business Days.

32. CALCULATIONS AND CERTIFICATES

32.1 Accounts

In any litigation or arbitration proceedings arising out of or in connection with a Finance Document, the entries made in the accounts maintained by a Finance Party are *prima facie* evidence of the matters to which they relate.

32.2 Certificates and Determinations

Any certification or determination by a Finance Party of a rate or amount under any Finance Document is, in the absence of manifest error, conclusive evidence of the matters to which it relates.

32.3 Day count convention

Any interest, commission or fee accruing under a Finance Document will accrue from day to day and is calculated on the basis of the actual number of days elapsed and a year of 360 days, or where the interest, commission or fee is to accrue in respect of any amount denominated in sterling, 365 days or, in any case where the practice in the Relevant Interbank Market differs, in accordance with that market practice.

32.4 Spanish Civil Procedure

In the event that this Agreement is raised to a Spanish Public Document, for the purposes of Article 572.2 of the Spanish Civil Procedure Law (*Ley de Enjuiciamiento Civil*), all parties expressly agree that the exact amount due at any time by the Obligors to the Lenders will be the amount specified in a certificate issued by the Facility Agent (and/or any Lender) in accordance with Clause 32.2 (*Certificates and Determinations*) as representative of the Lenders reflecting the balance of the accounts referred to in Clause 32.1 (*Accounts*).

32.5 **No personal liability**

If an individual signs a certificate on behalf of any member of the Group and the certificate proves to be incorrect, the individual will incur no personal liability as a result, unless the individual acted fraudulently in giving the certificate. In this case any liability of the individual will be determined in accordance with applicable law.

33. **PARTIAL INVALIDITY**

If, at any time, any provision of the Finance Documents is or becomes illegal, invalid or unenforceable in any respect under any law or regulation of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions nor the legality, validity or enforceability of such provision under the laws or regulations of any other jurisdiction will in any way be affected or impaired.

34. **REMEDIES AND WAIVERS**

No failure to exercise, nor any delay in exercising, on the part of any Finance Party or Finance Party, any right or remedy under the Finance Documents shall operate as a waiver, nor shall any single or partial exercise of any right or remedy prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies provided in this Agreement are cumulative and not exclusive of any rights or remedies provided by law or regulation.

35. **AMENDMENTS AND WAIVERS**

35.1 **Required consents**

(a) Subject to Clause 35.2 (*Exceptions*) any term of the Finance Documents may be amended or waived only with the consent of the Majority Lenders and the Company and any such amendment or waiver will be binding on all Parties.

(b) The Facility Agent may effect, on behalf of any Finance Party, any amendment or waiver permitted by this Clause 35.

(c) The Company may effect, as agent of each Obligor, any amendment or waiver permitted by this Clause 35.

35.2 **Exceptions**

(a) An amendment or waiver that has the effect of changing or which relates to:

(i) the definition of "**Majority Lenders**" in Clause 1.1 *(Definitions)*;

(ii) an extension to the Availability Period or to the date of any scheduled payment of any amount under the Finance Documents;

(iii) a reduction in the Margin or a reduction in the amount of any payment of principal, interest, fees or commission payable;

(iv) a change in currency of payment of any amount under the Finance Documents;

(v) an increase in or an extension of any Commitment;

(vi) a change to the Borrowers or any of the Guarantors other than in accordance with Clause 25 (*Changes to the Obligors*);

(vii) any provision which expressly requires the consent of all the Lenders; or

(viii) Clause 2.2 (*Finance Parties' rights and obligations)*, Clause 18 (*Guarantee and Indemnity*), Clause 24 (*Changes to the Lenders*), Clause 25 (*Changes to the Obligors*) (save to the extent a provision of Clause 25 refers only to requiring the approval of the Majority Lenders) or this Clause 35,

shall not be made without the prior consent of all the Lenders.

(b) An amendment or waiver which relates to the rights or obligations of the Facility Agent or the Documentation Agent, may not be effected without the consent of the Facility Agent or the Documentation Agent at such time.

(c) If any Lender fails to respond to a request for a consent, waiver, amendment of or in relation to any of the terms of any Finance Document or other vote of Lenders under the terms of this Agreement within 15 Business Days (unless the Company and the Facility Agent agree to a longer time period in relation to any request) of that request being made (and Lenders whose Commitments aggregate more than 50 per cent. of the Total Commitments have responded (whether to accept or decline such request)), its Commitment and/or participation shall not be included for the purpose of calculating the Total Commitments or participations under the relevant Facility(ies) when ascertaining whether any relevant percentage of Total Commitments and/or participations has been obtained to approve that request.

35.3 **Replacement of Lender**

(a) If at any time any Lender becomes a Non-Consenting Lender (as defined in paragraph (c) below), then the Company may, on five Business Days' prior written notice to the Facility Agent and such Lender, replace such Lender by requiring such Lender to (and such Lender shall) transfer pursuant to Clause 24 (*Changes to the Lenders*) all (and not part only) of its rights and obligations under this Agreement to a Lender or other bank, financial institution, trust, fund or other entity (a " **Replacement Lender**") selected by the Company, and which is acceptable to the Facility Agent (acting reasonably) which confirms its willingness to assume and does assume all the obligations of the transferring Lender (including the assumption of the transferring Lender's participations on the same basis as the transferring Lender) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Lender's participation in the outstanding Loans and all accrued interest and/or Break Costs and other amounts payable in relation thereto under the Finance Documents.

(b) The replacement of a Lender pursuant to this Clause shall be subject to the following conditions:

(i) the Company shall have no right to replace the Facility Agent;

(iii) Lenders whose Commitments aggregate more than 80 per cent. of the Total Commitments have consented or agreed to such waiver or amendment,

then any Lender who does not and continues not to consent or agree to such waiver or amendment shall be deemed a " **Non-Consenting Lender**".

37. **GOVERNING LAW**

This Agreement and all non-contractual obligations arising from or connected with it are governed by English law.

38. **ENFORCEMENT**

38.1 **Jurisdiction of English Courts**

(a) The courts of England have exclusive jurisdiction to settle any dispute arising out of or in connection with this Agreement (including a dispute relating to non-contractual obligations arising from or in connection with this Agreement or a dispute regarding the existence, validity or termination of this Agreement) (a "**Dispute**").

(b) The Parties agree that the courts of England are the most appropriate and convenient courts to settle Disputes and accordingly no Party will argue to the contrary.

To the extent allowed by law or regulation, the Finance Parties may take concurrent proceedings in any number of jurisdictions.

Without prejudice to any other mode of service allowed under any relevant law or regulation, each Obligor (other than an Obligor incorporated in England and Wales):

SCHEDULE 4
MANDATORY COST FORMULAE

1. The Mandatory Cost is an addition to the interest rate to compensate Lenders for the cost of compliance with (a) the requirements of the Bank of England and/or the Financial Services Authority (or, in either case, any other authority which replaces all or any of its functions) or (b) the requirements of the European Central Bank.

2. On the first day of each Interest Period (or as soon as possible thereafter) the Facility Agent shall calculate, as a percentage rate, a rate (the "**Additional Cost Rate**") for each Lender, in accordance with the paragraphs set out below. The Mandatory Cost will be calculated by the Facility Agent as a weighted average of the Lenders' Additional Cost Rates (weighted in proportion to the percentage participation of each Lender in the relevant Loan) and will be expressed as a percentage rate per annum.

3. The Additional Cost Rate for any Lender lending from a Facility Office in a Participating Member State will be the percentage notified by that Lender to the Facility Agent. This percentage will be certified by that Lender in its notice to the Facility Agent to be its reasonable determination of the cost (expressed as a percentage of that Lender's participation in all Loans made from that Facility Office) of complying with the minimum reserve requirements of the European Central Bank in respect of loans made from that Facility Office.

4. The Additional Cost Rate for any Lender lending from a Facility Office in the United Kingdom will be calculated by the Facility Agent as follows:

   (a) in relation to a sterling Loan:

   $$\frac{AB + C(B - D) + Ex\ 0.01}{100 - (A + C)}$$ *per cent. per annum*

   (b) in relation to a Loan in any currency other than sterling:

   $$\frac{Ex\ 0.01}{300}$$ *per cent. per annum*

   Where:

   A is the percentage of Eligible Liabilities (assuming these to be in excess of any stated minimum) which that Lender is from time to time required to maintain as an interest free cash ratio deposit with the Bank of England to comply with cash ratio requirements.

   B is the percentage rate of interest (excluding the Margin and the Mandatory Cost and, if the Loan is an Unpaid Sum, the additional rate of interest specified in paragraph (a) of Clause 9.3 (*Default interest*)) payable for the relevant Interest Period on the Loan.

C is the percentage (if any) of Eligible Liabilities which that Lender is required from time to time to maintain as interest bearing Special Deposits with the Bank of England.

D is the percentage rate per annum payable by the Bank of England to the Facility Agent on interest bearing Special Deposits.

E is designed to compensate Lenders for amounts payable under the Fees Rules and is calculated by the Facility Agent as being the average of the most recent rates of charge supplied by the Reference Banks to the Facility Agent pursuant to paragraph 7 below and expressed in pounds per £1,000,000.

5. For the purposes of this Schedule:

(a) "**Eligible Liabilities**" and "**Special Deposits**" have the meanings given to them from time to time under or pursuant to the Bank of England Act 1998 or (as may be appropriate) by the Bank of England;

(b) "**Fees Rules**" means the rules on periodic fees contained in the FSA Supervision Manual or such other law or regulation as may be in force from time to time in respect of the payment of fees for the acceptance of deposits;

(c) "**Fee Tariffs**" means the fee tariffs specified in the Fees Rules under the activity group A.1 Deposit acceptors (ignoring any minimum fee or zero rated fee required pursuant to the Fees Rules but taking into account any applicable discount rate); and

(d) "**Tariff Base**" has the meaning given to it in, and will be calculated in accordance with, the Fees Rules.

6. In application of the above formulae, A, B, C and D will be included in the formulae as percentages (i.e. 5 per cent. will be included in the formula as 5 and not as 0.05). A negative result obtained by subtracting D from B shall be taken as zero. The resulting figures shall be rounded to four decimal places.

7. If requested by the Facility Agent, each Reference Bank shall, as soon as practicable after publication by the Financial Services Authority, supply to the Facility Agent, the rate of charge payable by that Reference Bank to the Financial Services Authority pursuant to the Fees Rules in respect of the relevant financial year of the Financial Services Authority (calculated for this purpose by that Reference Bank as being the average of the Fee Tariffs applicable to that Reference Bank for that financial year) and expressed in pounds per £1,000,000 of the Tariff Base of that Reference Bank.

8. Each Lender shall supply any information required by the Facility Agent for the purpose of calculating its Additional Cost Rate. In particular, but without limitation, each Lender shall supply the following information on or prior to the date on which it becomes a Lender:

(a) the jurisdiction of its Facility Office; and

(b) any other information that the Facility Agent may reasonably require for such purpose.

Each Lender shall promptly notify the Facility Agent of any change to the information provided by it pursuant to this paragraph.

9. The percentages of each Lender for the purpose of A and C above and the rates of charge of each Reference Bank for the purpose of E above shall be determined by the Facility Agent based upon the information supplied to it pursuant to paragraphs 7 and 8 above and on the assumption that, unless a Lender notifies the Facility Agent to the contrary, each Lender's obligations in relation to cash ratio deposits and Special Deposits are the same as those of a typical bank from its jurisdiction of incorporation with a Facility Office in the same jurisdiction as its Facility Office.

10. The Facility Agent shall have no liability to any person if such determination results in an Additional Cost Rate which over or under compensates any Lender and shall be entitled to assume that the information provided by any Lender or Reference Bank pursuant to paragraphs 3, 7 and 8 above is true and correct in all respects.

11. The Facility Agent shall distribute the additional amounts received as a result of the Mandatory Cost to the Lenders on the basis of the Additional Cost Rate for each Lender based on the information provided by each Lender and each Reference Bank pursuant to paragraphs 3, 7 and 8 above.

12. Any determination by the Facility Agent pursuant to this Schedule in relation to a formula, the Mandatory Cost, an Additional Cost Rate or any amount payable to a Lender shall, in the absence of manifest error, be conclusive and binding on all Parties.

13. The Facility Agent may from time to time, after consultation with the Company and the Lenders, determine and notify to all Parties any amendments which are required to be made to this Schedule in order to comply with any change in law, regulation or any requirements from time to time imposed by the Bank of England, the Financial Services Authority or the European Central Bank (or, in any case, any other authority which replaces all or any of its functions) and any such determination shall, in the absence of manifest error, be conclusive and binding on all Parties.

(b) we or members of the Group may be irreparably harmed by the breach of the terms of this letter and damages may not be an adequate remedy; each Relevant Person or member of the Group may be granted an injunction or specific performance for any threatened or actual breach of the provisions of this letter by you.

7. *Entire Agreement*: This letter constitutes the entire agreement between us in relation to your obligations regarding Confidential Information and supersedes any previous agreement, whether express or implied, regarding Confidential Information.

8. *No Waiver*: No failure or delay in exercising any right or remedy under this letter will operate as a waiver thereof nor will any single or partial exercise of any right or remedy preclude any further exercise thereof or the exercise of any other right or remedy under this letter.

9. *Amendments, etc*: The terms of this letter and your obligations under this letter may only be amended or modified by written agreement between us.

10. *Inside Information*: You acknowledge that some or all of the Confidential Information is or may be price-sensitive information and that the use of such information may be regulated or prohibited by applicable legislation including securities law relating to insider dealing and market abuse and you undertake not to use any Confidential Information for any unlawful purpose.

PROCEEDINGS PENDING OR THREATENED

1. Environmental Matters

United States

As of 31 December 2008, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.$43 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, which might be categorized as hazardous substances or wastes, and (ii) the cleanup of sites used or operated by CEMEX, Inc., including discontinued operations, regarding the disposal of hazardous substances or wastes, either individually or jointly with other parties. Most of the proceedings are in the preliminary stage, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. considers that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with or litigation against potential sources of recovery have been completed.

CEMEX Construction Materials Florida, LLC f/k/a Rinker Materials of Florida, Inc. (" **CEMEX Florida**"), a subsidiary of CEMEX, Inc., holds one federal quarry permit and is the beneficiary of one of 10 other federal quarrying permits granted for the Lake Belt area in South Florida. The permit held by CEMEX Florida covers CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Krome quarry is operated under one of the other federal quarry permits. The FEC quarry is the largest of CEMEX Floridas' quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry. A ruling was issued on 22 March 2006 by a judge of the U.S. District Court for the Southern District of Florida in connection with litigation brought by environmental groups concerning the manner in which the permits were granted. Although not named as a defendant, CEMEX Florida has intervened in the proceedings to protect its interests. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the relevant governmental agencies in connection with the issuance of the permits. The judge remanded the permits to the relevant governmental agencies for further review, which review the governmental agencies have indicated in a recent announcement should take until mid February 2009 to conclude. The judge also conducted further proceedings to determine the activities to be conducted during the remand period. In July 2007, the judge issued a ruling that halted certain quarrying operations at three non-CEMEX Florida quarries. The judge left in place CEMEX Florida's Lake Belt permits until the relevant government agencies complete their review. In a May 2008 ruling, the federal appellate court determined that the district court judge did not apply the proper standard of review to the permit issuance decision of the governmental agency, vacated the district court's prior order, and remanded the proceeding to the district court to apply the proper standard of review; this review remains pending before the district court judge. If the Lake Belt permits are ultimately set aside or quarrying operations under them restricted, CEMEX Florida will need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely affect profits from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt could also have a material adverse effect on our financial results.

Europe

In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulator view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of approximately £122 million, and an accounting provision for this sum has been made at 31 December 2007.

In 2003, the European Union adopted a directive implementing the Kyoto Protocol on climate change and establishing a greenhouse gas emissions allowance trading scheme within the European Union. The directive requires Member States to impose binding caps on carbon dioxide emissions from installations involved in energy activities, the production and processing of ferrous metals, the mineral industry (including cement production) and the pulp, paper or board production business. Under this scheme, companies with operations in these sectors receive from the relevant Member States allowances that set limitations on the levels of greenhouse gas emissions from their installations. These allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that are not reaching their emissions objectives. Companies can also use credits issued from the use of the flexibility mechanisms under the Kyoto protocol to fulfill their European obligations. These flexibility mechanisms provide that credits (equivalent to allowances) can be obtained by companies for projects that reduce greenhouse gas emissions in emerging markets. These projects are referred to as Clean Development Mechanism ("**CDM**") or joint implementation projects depending on the countries where they take place. Failure to meet the emissions caps is subject to heavy penalties.

Companies can also use, up to a certain level, credits issued under the flexible mechanisms of the Kyoto protocol to fulfill their European obligations. Credits for Emission Reduction projects obtained under these mechanisms are recognized, up to a certain level, under the European emission trading scheme as allowances. To obtain these emission reduction credits, companies must comply with very specific and restrictive requirements from the United Nations Convention on Climate Change (UNFCC).

As required by directive, each of the Member States established a National Allocations Plan, or NAP, setting out the allowance allocations for each industrial facility for Phase I, from 2005 to 2007. Based on the NAPs established by the Member States of the European Union for the 2005 to 2007 period and our actual production, on a consolidated basis after trading allowances between our operations in countries with a deficit of allowances and our operations in countries with an excess of allowances, and after some external operations, Borrower's Subsidiaries had a surplus of allowances of approximately 1,050,054 tons of carbon dioxide in this Phase I.

For Phase II, comprising 2008 through 2012, however, there has been a reduction in the allowances granted by the Member States that have already approved their NAP, which may result in a consolidated deficit in our carbon dioxide allowances during the period. We believe we may be able to reduce the impact of any deficit by either reducing carbon dioxide emissions in our facilities or by

obtaining additional emission credits through the implementation of CDM projects. If we are not successful in implementing emission reductions in our facilities or obtaining credits from CDM projects, we may have to purchase a significant amount of emission credits in the market, because CEMEX has already sold a substantial amount of allowances for Phase II, the cost of which may have an impact on our operating results. As of 1 December 2008, the market value of carbon dioxide allowances for Phase II was approximately 15.45 € per ton. CEMEX is taking all the measures to minimize our exposure to this market while assuring the supply of our products to our clients.

The Spanish NAP has been finally approved by the Spanish Government, reflecting the conditions that were set forth by the European Commission. The allocations made to our installations allow us to foresee certain availability of allowances, nevertheless, there remains the uncertainty regarding the allocations that, against the reserve for new entrants, shall be requested for the new CEMEX cement plant in Andorra (Teruel), and that it is scheduled to start operating in 2010.

On 29 May 2007, the Polish government filed an appeal before the Court of First Instance in Luxemburg regarding the European Commission's rejection of the initial version of the Polish NAP. The Court has denied Poland's request for a quick path verdict in the case, keeping the case in the regular proceeding path, therefore, the Polish government has started to prepare Polish internal rules on division of allowance at the level already accepted by the European Commission. Seven major Polish cement producers, representing 98% of Polish cement production (including CEMEX Polska), have also filed seven separate appeals before the Court of First Instance regarding the European Commission's rejection. On 29 September 2008 the Court of the First Instance issued an order rejecting CEMEX Polska's appeal without going into the merit of the case. As of 31 December 2008 the final version of the Polish NAP has not been cleared by the Commission; CEMEX has not determined the impact this may have on CEMEX's position in the country.

2. **Tax Matters**

Philippines

As of 31 December 2008, the Philippine Bureau of Internal Revenue (BIR), had assessed APO, Solid, IQAC, ALQC and CSPI, our operating subsidiaries in the Philippines, for deficiency taxes covering taxable years 1998-2005 amounting to a total of approximately 1,994 million Philippine Pesos (approximately U.S.$41.96 million as of 31 December 2008, based on an exchange rate of Philippine Pesos 47.52 to U.S.$1.00, which was the Philippine Peso/Dollar exchange rate on 31 December 2008 as published by the Bangko Sentral ng Pilipinas, the central bank of the Republic of the Philippines).

The majority of the tax assessments result primarily from the disallowance of APO's income tax holiday incentives for taxable years 1999 to 2001 (approximately Philippine Pesos 1,078 million or U.S.$22.68 million as of 31 December 2008, based on an exchange rate of Philippine Pesos 47.52 to U.S.$1.00). We have contested the BIR's assessment, arising from the disallowance of the ITH incentive, with the Court of Tax Appeals (CTA). The initial Division ruling of the CTA was unfavorable, but is subject to further appeal with the CTA as a whole. The assessment is now currently on appeal with the CTA En Banc. A motion was filed with the CTA, requesting the court to hold APO totally not liable for alleged income tax liabilities for all the years covered and to this end cancel and withdraw APO's deficiency income tax assessments for taxable years 1999, 2000 and 2001 on the basis of APO's availment of the tax amnesty described below. As of 31 December 2008, resolution on the aforementioned motion is still pending.

3. **CEMEX Venezuelan Nationalization**

In furtherance of Venezuela's announced policy to nationalize certain sectors of the economy, on 18 June 2008, the Nationalization Decree was promulgated, mandating that the cement production industry in Venezuela be reserved for the Government of Venezuela and ordering the conversion of foreign-owned cement companies, including CEMEX Venezuela, into state-controlled companies with Venezuela holding an equity interest of at least 60%. The Nationalization Decree provided for the formation of a transition committee to be integrated with the board of directors of the relevant cement company to guaranty the transfer of control over all activities of the relevant cement company to Venezuela by 31 December 2008. The Nationalization Decree further established a deadline of 17 August 2008 for the shareholders of foreign-owned cement companies, including CEMEX Venezuela, to reach an agreement with the Government of Venezuela on the compensation for the nationalization of their assets. The Nationalization Decree also provided that this deadline may be extended by mutual agreement of the Government of Venezuela and the relevant shareholder. The transition committee, which was to be coordinated by the Ministry of Basic Industries (MIBAN), was never formally instituted and MIBAN never acted in the process, but instead Petroleos de Venezuela (PDVSA) conducted all the conversations.

CEMEX Venezuela and the Government did not reach agreement by the August 17 2008 deadline, and on August 18 2008 the Expropriation Decree was issued by the President of Venezuela, with PDVSA appointed to conduct the expropriation proceedings. Although these proceedings had not yet commenced, PDVSA officials headed a group of PDVSA workers, with the support of the public force, to take over all the facilities of CEMEX Venezuela on August 17 2008. Since no agreement has been reached with the Venezuelan Government as to the compensation to be paid, the Dutch companies that control CEMEX Venezuela filed an arbitration request before the International Center for the Settlement of Investment Disputes against the Government of Venezuela, which request has been registered and the tribunal is in the process of being formed.

As of 31 December 2007, CEMEX Venezuela, S.A.C.A. was the holding entity of several of CEMEX's investments in the region, including CEMEX's operations in the Dominican Republic and Panama, as well as CEMEX's minority investment in Trinidad & Tobago. In the wake of statements by the Government of Venezuela about the nationalization of assets in Venezuela, in April 2008, CEMEX concluded the transfer of all material non-Venezuelan investments to CEMEX España for approximately U.S.$355 million plus U.S.$112 million of net debt, having distributed all accrued profits from the non-Venezuelan investments to the stockholders of CEMEX Venezuela amounting to approximately U.S.$132 million. At this time, the net impact or the outcome of the nationalization on CEMEX's consolidated financial results cannot be reasonably estimated. As of 31 December 2008, the net assets of CEMEX's Venezuelan operations under Mexican FRS were approximately US$451.7 million. Since August 2008, CEMEX no longer consolidates the financial results of CEMEX Venezuela.

On 13 June 2008, the Venezuelan securities authority initiated an administrative proceeding against CEMEX Venezuela, claiming that the company did not sufficiently inform its shareholders and the securities authority in connection with the transfer of the non-Venezuelan assets described above. The Venezuelan authority determined that CEMEX Venezuela did not comply with its disclosure obligations and imposed fines on the company, which we do not consider material, and requested the attorney general's office to review the case to determine if such non-disclosure also constituted criminal infringement.

4. **Other Legal Proceedings**

On 5 August 2005, a lawsuit was filed against a subsidiary of CEMEX Colombia, claiming that it was liable along with the other members of the Asociación Colombiana de Productores de Concreto, or ASOCRETO, a union formed by all the ready-mix concrete producers in Colombia, for the premature distress of the roads built for the mass public transportation system of Bogotá using ready-mix concrete supplied by CEMEX Colombia and other ASOCRETO members. The plaintiffs allege that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs seek the repair of the roads in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair will be approximately U.S.$45 million. The lawsuit was filed within the context of a criminal investigation of two ASOCRETO officers and other individuals, alleging that the ready-mix concrete producers were liable for damages if the ASOCRETO officers were criminally responsible. The court completed the evidentiary stage, and on 17 August 2006 dismissed the charges against the members of ASOCRETO. The other defendants (one ex-director of the Distrital Institute of Development, the legal representative of the constructor and the legal representative of the contract auditor) were formally accused. The decision was appealed, and on 11 December 2006, the decision was reversed and the two ASOCRETO officers were formally accused as participants (determiners) in the execution of a state contract without fulfilling all legal requirements thereof. The first public hearing took place on 20 November 2007. In this hearing the judge dismissed an annulment petition filed by the ASOCRETO officers. The petition was based on the fact that the officers were formally accused of a different crime than the one they were being investigated for. This decision was appealed, but the decision was confirmed by the Superior Court of Bogota. On 21 January 2008, CEMEX Colombia was subject to a judicial order, issued by the court, sequestering a quarry called El Tujuelo, as security for a possible future money judgment to be rendered against CEMEX Colombia in these proceedings. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required within a period of 10 days to deposit with the Court in cash CoP$337,800 million (approximately U.S.$195 million as of 4 June 2008, based on an exchange rate of CoP1730 to U.S.$1.00, which was the Colombian Peso/Dollar exchange rate on 4 June 2008, as published by the Banco de la República de Colombia, the central bank of Colombia), instead of being allowed to post an insurance policy to secure such recovery. CEMEX Colombia asked for reconsideration, and the court allowed CEMEX to present an insurance policy. Nevertheless, CEMEX appealed this decision, in order to reduce the amount of the insurance policy, and also requested that the guarantee be covered by all defendants in the case. The measure does not affect the normal activity of the quarry. At this stage, we are not able to assess the likelihood of an adverse result or the potential damages which could be borne by CEMEX Colombia.

On 5 August 2005, Cartel Damages Claims, SA, or CDC, filed a lawsuit in the District Court in Düsseldorf, Germany against CEMEX Deutschland AG and other German cement companies. CDC is seeking €102 million in respect of damage claims by 28 entities relating to alleged price and quota fixing by German cement companies between 1993 and 2002, which entities had assigned their claims to CDC. CDC is a Belgian company established by two lawyers in the aftermath of the German

cement cartel investigation that took place from July 2002 to April 2003 by Germany's Federal Cartel Office with the express purpose of purchasing potential damages claims from cement consumers and pursuing those claims against the cartel participants. In January 2006, another entity assigned alleged claims to CDC, and the amount of damages being sought by CDC increased to €113.5 million plus interest. On February 21 2007, the District Court of Düsseldorf decided to allow this lawsuit to proceed without going into the merits of this case by issuing an interlocutory judgment. All defendants appealed. The appeal hearing took place on 22 April 2008, and the appeal was dismissed on 14 May 2008. The lawsuit will proceed at the level of court of first instance. As of 30 September 2008 only one defendant has decided to file a complaint before the Federal High Court; this will delay the case from proceeding at the level of first instance to an extent we cannot assess today. In the meantime, CDC had acquired new assigners and announced an increase in the claim to €131 million. As of 30 November 2008, we had accrued liabilities regarding this matter for a total amount of approximately €20 million.

During November 4, 5 and 6, 2008, officers of the European Commission, assisted by local officials, conducted an unannounced inspection at CEMEX offices in the United Kingdom and Germany. It is understood that Commission officials carried out unannounced inspections at the premises of other companies active in the cement and related products industry in several member states. The Commission alleges that CEMEX may have participated in anti competitive agreements and/or concerted practices in breach of Article 81 of the EC Treaty and/or Article 53 of the EEA Agreement and abusive conduct in breach of Article 82 of the EC Treaty and/or Article 54 of the EEA Agreement. The allegations extend to several markets worldwide, including in particular the European Economic Area; if those allegations are substantiated, significant penalties may be imposed on the subsidiaries of CEMEX operating in such markets. CEMEX fully co-operated and will continue to co-operate with the Commission officials in connection with the inspection.

After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans defining the development zones within their respective municipalities, adversely impacting the mining concession granted to Dalmacijacement, our subsidiary in Croatia, by the Government of Croatia in September 2005. During the consultation period, Dalmacijacement submitted comments and suggestions to the Master Plans, but these were not taken into account or incorporated into the Master Plan by Kaštela and Solin. Most of these comments and suggestions were intended to protect and preserve the rights of Dalmacijacement´s mining concession granted by the Government of Croatia in September 2005. Immediately after publication of the Master Plans, Dalmacijacement filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions. The legal actions taken and filed by Dalmacijacement were as follows: (i) on 17 May 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning Dalmacijacement's constitutional claim for decrease and obstruction of rights earned by investment, and seeking prohibition of implementation of the Master Plans, the appeal is currently under review by the court in Croatia, and it is expected that these proceedings will continue for several years before resolution; (ii) on 17 May 2006, a possessory action against the cities of Kaštela and Solin seeking the enactment of interim measures prohibiting implementation of the Master Plans and including a request to implead the Republic of Croatia into the proceeding on our side. The municipal court in Solin issued a first instance judgment dismissing our possessory action. We filed an appeal against that judgment. The appeal has been resolved by the Solin County Court, affirming the judgment and rendering it final.

The Municipal Court in Kaštela has issued a first instance judgment dismissing our possessory action. We filed an appeal against said judgment, which has since been resolved by the Kaštela Country Court, affirming the judgment and rendering it final; (iii) on 17 May 2006, an administrative proceeding before the State Lawyer, seeking a declaration from the Government of Croatia confirming that Dalmacijacement acquired rights under the mining concessions. Dalmacijacement received State Lawyer's opinion which confirms the Dalmacijacement's acquired rights according to the previous decisions ("old concession"). The Administrative Court in Croatia has ruled in favor of Dalmacijacement, validating the legality of the mining concession granted to Dalmacijacement by the Government of Croatia. This decision is final. Currently it is difficult for Dalmacijacement to ascertain the approximate economic impact of these measures by Kaštela and Solin.

Club of Environmental Protection, a Latvian environmental protection organization (hereinafter the " **Applicant**"), has initiated a court administrative proceeding against the decision made by the Environment State Bureau (hereinafter the " **Defendant**") in order to amend the environmental pollution permit (the "**Permit**") for the Broceni Cement Plant in Latvia, owned by CEMEX SIA (the " **Disputed Decision**"). CEMEX SIA was invited to participate in the court proceedings as a third party, whose rights and legal interest may be infringed by the relevant administrative act. On 5 June 2008 the Court rendered its judgment, where it satisfied the Claimant's claim and revoked the Disputed Decision stating that it is illegal because Defendant failed to perform public inquiry in accordance with legal regulations. The judgment has been appealed by both the Defendant and CEMEX SIA before the Court of Appeal and the court will hear the case in 24 February 2009. The appellate procedure will not suspend the operation of the Permit which will remain valid throughout the court proceedings, hence CEMEX SIA is allowed to continue to perform its activities. The Permit subject to this proceeding was issued for the existing cement line, which will be fully substituted in the first half of 2009 by a new cement line currently under construction.

f) Upon the failure of the Borrower to comply with any other covenant or obligation herein or in any other agreement entered into with the Lender; if the execution of the foregoing agreement or the granting of the Loan should be deemed an event of default under any other agreement entered into by the Borrower with any other creditor of the [Mexican] financial system; if the Borrower should be in default of any other agreement entered into with any third party or if any of the companies of the [corporate] group of which it is a part of is in breach or default of any other of its obligations with the Lender provided that any such breach or default has the ability of producing the early termination of any financing agreement for an amount equal to FIFTY MILLION DOLLARS, LAWFUL CURRENCY OF THE UNITED STATES OF AMERICA.

g) If the trust agreement referred to in the ninth clause is not formed at Lender's satisfaction in the time frame provided for in such clause.

h) If Borrower or someone acting on its behalf, should incur in an act of bribery with a governmental officer in the country where Borrower sells its products, and upon the occurrence of any such action of bribery for which a final judgment has been rendered to that end finding the Borrower responsible for such actions, the Lender shall be entitled to refuse any further withdrawals from the Loan or to accelerate maturity of any outstanding sums thereof.

The above described grounds for termination are independent and in addition to any other grounds contemplated in the applicable law.

If Lender should proceed with early termination of this agreement and accelerated maturity of the Loan, the Borrower shall not be eligible to seek any further or additional funding from the Lender.

ELEVENTH.- The Borrower shall pay any and all expenses associated with this agreement. For the purposes hereof, expenses associated to this agreement will include any disbursements deriving from the execution and/or notarization hereof or those of any other nature required by law for foreclosure or termination of the obligations ensuing hereunder.

If the Borrower should fail to satisfy the obligation of the preceding paragraph, the Borrower hereby authorizes Lender to disburse the amount of required expenses and any notary's fees hereunder, and the Borrower agrees to reimburse the same no later than three business days after Lender's demand together with document support of the disbursement made, provided, whoever, that the Borrower shall pay interest upon such expenses made by Lender, at a rate of FIFTY PERCENT per annum.

The Lender will provide to Borrower, proof of the disbursements made and referred to in the above paragraph.

FORECLOSURE:

TWELFTH.- The Lender shall be entitled to seek payment of any outstanding balance payable by the Borrower, by foreclosing on the Borrower and filing for summary or ordinary trial proceedings [against Borrower], provided, however, that the Lender shall be entitled to designate specific assets [of the Borrower] to foreclose upon the same and thus, the Lender shall not be required to follow the foreclosure priority set forth in article three hundred and ninety-five of the Commerce Code in force, and provided further that the custodian appointed to that effect by the Lender shall be entitled to enter in possession thereof without the need of posting a bond.

It is further agreed that exercise by Lender of any of the above referred rights and remedies does not prevent the Lender from exercising any other recourse or remedy, and that any and all actions which might be available to the Lender shall not be deemed forfeited as a result of one or more recourses filed [by the Lender] against the Buyer, all of which shall remain available until the Borrower has paid in full the amount of the Loan and any other associated expenses.

SIXTEENTH.- Any and all payments which the Borrower is required to tender to the Lender shall be made without any withholding or offset whatsoever. Whenever the Borrower is required by statute to make any withholding to the sums payable to the Lender, the Borrower agrees to pay all additional amounts which may be required to be withheld so that the Lender may receive the full amount of the payments as if any such withholding had never taken place.

The interest rate agreed upon under the terms of the Fifth clause above shall be determined bearing in mind that the Lender is required to pay the Income Tax which its foreign financing sources are required to pay in Mexico and accruing on the interest paid by the Lender. Therefore, the Borrower agrees to pay to the Lender any amounts ensuing from any increases to such tax, as effective on interest payment date, except to the extent such situation is contemplated as a variable or floating rate in the document setting forth the interest rates or the basis for calculating the same.

The Borrower may not reborrow any part of the Bridge Facility which is repaid.

6.3 Effect of cancellation and prepayment

If any of the Utilisations are prepaid in accordance with Clause 7.3 (*Voluntary prepayment of Utilisations*) then the amount of the outstanding Utilisations and as between such Utilisations, shall be applied at the option of the Borrower.

7. PREPAYMENT AND CANCELLATION

7.1 Illegality of a Lender

If, at any time, it is or will become unlawful in any applicable jurisdiction for a Lender to perform any of its obligations as contemplated by this Agreement or to fund or maintain its participation in any Utilisation:

(a) that Lender shall promptly notify the Facility Agent upon becoming aware of that event (specifying the reason for such unlawfulness and the date on which such unlawfulness occurred or will occur, being no earlier than the last day of any applicable grace period permitted by law (the "**Relevant Date**")) and, in any event, at a time which permits the Borrower to repay that Lender's participation on the date such repayment is required to be made;

(b) upon the Facility Agent notifying the Borrower, the Commitment of that Lender will be immediately cancelled; and

(c) the Borrower shall, on the last day of the Interest Period for each Utilisation ending immediately prior to the Relevant Date and occurring after the Facility Agent has notified the Borrower or, if earlier, the Relevant Date, repay that Lender's participation in the Utilisations made to the Borrower together with accrued interest and all other amounts owing to that Lender under the Finance Documents.

7.2 Voluntary Cancellation

The Borrower may, if it gives the Facility Agent not less than three (3) Business Days' (or such shorter period as the Majority Lenders may agree) prior notice, cancel the whole or any part (being a minimum amount of US$ 10,000,000) of the Available Bridge Facility. Any cancellation under this Clause 7.2 (*Voluntary Cancellation*) shall reduce rateably the Commitments of the Lenders under the Bridge Facility.

7.3 Voluntary prepayment of Utilisations

(a) The Borrower may, if it gives the Facility Agent not less than three (3) Business Days' (or such shorter period as the Majority Lenders may agree) prior notice, prepay the whole or any part of any Utilisation (but, if in part, being an amount the reduces the amount of that Utilisation by a minimum amount of US$ 10,000,000).

(b) A Utilisation may only be prepaid after the last day of the Availability Period (or, if earlier, the day on which the Available Bridge Facility is zero).

7.4 **Restrictions**

(a) Any notice of cancellation or prepayment given by any Party under this Clause 7 shall be irrevocable and, unless a contrary indication appears in this Agreement, shall specify the date or dates upon which the relevant cancellation or prepayment is to be made and the amount of that cancellation or prepayment.

(b) Any prepayment under this Agreement shall be made together with accrued interest on the amount prepaid and, subject to any Break Costs (if any), without premium or penalty.

(c) The Borrower may not reborrow any part of the Bridge Facility which is prepaid.

(d) The Borrower shall not repay or prepay all or any part of the Utilisations or cancel all or any part of the Commitments except at the times and in the manner expressly provided for in this Agreement.

(e) No amount of the Total Commitments cancelled under this Agreement may be subsequently reinstated.

(f) If the Facility Agent receives a notice under this Clause 7 it shall promptly forward a copy of that notice to either the Borrower or the Lender, as appropriate.

(g) On the prepayment or repayment of any principal amount to a Lender in accordance with the terms of this Agreement, the Commitment of that Lender will be automatically cancelled by a corresponding amount as a result of that prepayment or repayment.

SECTION 6
COSTS OF UTILISATION

8. INTEREST

8.1 Calculation of interest

The rate of interest on each Utilisation for each Interest Period is the percentage rate per annum which is the aggregate of the applicable:

(a) Margin;

(b) LIBOR; and

(c) mandatory cost, if any.

8.2 Payment of interest

On the last day of each Interest Period relating to a Utilisation the Borrower shall pay accrued interest on the Utilisation to which that Interest Period relates.

8.3 Default interest

(a) If the Borrower fails to pay any amount payable by it under a Finance Document on its due date, interest shall accrue on the overdue amount from the due date up to the date of actual payment (both before and after judgment) at a rate which, subject to paragraph (b) below, is two per cent higher than the rate which would have been payable if the overdue amount had, during the period of non-payment, constituted a Utilisation in the currency of the overdue amount for successive Interest Periods, each of a duration of one week. Any interest accruing under this Clause 8.3 shall be immediately payable by the Borrower on demand by the Facility Agent.

(b) If any overdue amount consists of all or part of a Utilisation which became due on a day which was not the last day of an Interest Period relating to that Utilisation:

(i) the first Interest Period for that overdue amount shall have a duration equal to the unexpired portion of the current Interest Period relating to that Utilisation; and

(ii) the rate of interest applying to the overdue amount during that first Interest Period shall be two per cent higher than the rate which would have applied if the overdue amount had not become due.

(c) Default interest (if unpaid) arising on an overdue amount will be compounded with the overdue amount at the end of each Interest Period applicable to that overdue amount but will remain immediately due and payable.

8.4 Notification of rates of interest

The Facility Agent shall promptly notify the Lenders and the Borrower of the determination of a rate of interest under this Agreement.

8.5 Interest of the first Drawdown

The Parties hereby acknowledge and accept that in order to calculate the rate of interest applicable to the first Interest Period of the first Drawdown, LIBOR shall mean the arithmetic

mean of the rates (rounded upwards to four decimal places) as supplied to the Facility Agent at its request quoted by the Reference Banks to leading banks in the London interbank market, on or about 11:00 am London time on the date of this Agreement for the offering of deposits in US Dollars and for a period comparable to the Interest Period for that Utilisation.

9. INTEREST PERIODS

9.1 Selection of Interest Periods

(a) The Borrower may select an Interest Period for a Utilisation in the Drawdown Request for that Utilisation or (if the Utilisation has already been borrowed) in a Selection Notice.

(b) Each Selection Notice for a Utilisation is irrevocable and must be delivered to the Facility Agent by the Borrower not later than three (3) Business Days before the end of the relevant Interest Period.

(c) If the Borrower fails to deliver a Selection Notice to the Facility Agent in accordance with paragraph (b) above, the relevant Interest Period will be one Month.

(d) Subject to this Clause 9, the Borrower may select an Interest Period of one week or one Month, or any other period agreed between the Borrower and the Facility Agent (acting on the instructions of all the Lenders).

(e) An Interest Period for a Utilisation shall not extend beyond the Termination Date.

(f) Each Interest Period for a Utilisation shall start on the Drawdown Date or (if already made) on the last day of its preceding Interest Period.

9.2 Non-Business Days

If an Interest Period would otherwise end on a day which is not a Business Day, that Interest Period will instead end on the next Business Day in that calendar month (if there is one) or the preceding Business Day (if there is not), it being understood that it shall not extend beyond the Termination Date.

9.3 Consolidation of Utilisations

If two or more Interest Periods:

(a) relate to Utilisations; and

(b) end on the same date,

those Utilisations shall, unless the Borrower specifies to the contrary in the Selection Notice for the next Interest Period, be consolidated into, and treated as, a single Utilisation on the last day of the Interest Period.

10. CHANGES TO THE CALCULATION OF INTEREST

10.1 Absence of quotations

Subject to Clause 10.2 (*Market disruption*), if LIBOR is to be determined by reference to the Reference Banks but a Reference Bank does not supply a quotation on or about 11:00 am London time on the Quotation Day, the applicable LIBOR shall be determined on the basis of the quotations of the remaining Reference Banks.

10.2 **Market disruption**

(a) If a Market Disruption Event occurs in relation to a Utilisation for any Interest Period, then the rate of interest on each Lender's share of that Utilisation for the Interest Period shall be the rate per annum which is the sum of:

(i) the Margin;

(ii) the rate notified to the Facility Agent by that Lender as soon as practicable and in any event before interest is due to be paid in respect of that Interest Period, to be that which expresses as a percentage rate per annum the cost to that Lender of funding its participation in that Utilisation from whatever source it may reasonably select; and

(iii) the mandatory cost, if any, applicable to that Lender's participation in that Utilisation.

(b) In this Agreement "**Market Disruption Event**" means:

(i) at or about noon on the Quotation Day for the relevant Interest Period the Screen Rate not being available and none or only one of the Reference Banks supplying a rate to the Facility Agent to determine LIBOR for the relevant currency and Interest Period; or

(ii) before close of business in Madrid on the Quotation Day for the relevant Interest Period, the Facility Agent receiving notifications from a Lender or Lenders (in either case whose participations in a Utilisation exceed 25 per cent of that Utilisation) that the cost to it or them of obtaining matching deposits in the Relevant Interbank Market would be in excess of LIBOR.

10.3 **Alternative basis of interest or funding**

(a) If a Market Disruption Event occurs and the Facility Agent or the Borrower so requires, the Facility Agent and the Borrower shall enter into negotiations (for a period of not more than ten days) with a view to agreeing a substitute basis for determining the rate of interest.

(b) Any alternative basis agreed pursuant to paragraph (a) above shall, with the prior consent of all the Lenders participating in the relevant Utilisation and the Borrower, be binding on all Parties.

10.4 **Break Costs**

(a) The Borrower shall, within three Business Days of demand by a Lender, pay to that Lender its Break Costs attributable to all or any part of a Utilisation or Unpaid Sum being paid by the Borrower on a day other than the last day of an Interest Period for that Utilisation or Unpaid Sum.

(b) Each Lender shall, as soon as reasonably practicable after a demand by the Facility Agent, provide a certificate confirming in reasonable detail the amount of its Break Costs for any Interest Period in which they accrue.

11. **FEES**

11.1 The Borrower shall pay to the relevant Lenders an up-front fee in the amount and at the times agreed in the relevant Fee Letter.

11.2 In addition, the Borrower shall pay to the Facility Agent an agency fee in the amount and at the times agreed in the relevant Fee Letter.

SECTION 7
ADDITIONAL PAYMENT OBLIGATIONS

12. **TAX GROSS-UP AND INDEMNITIES**

12.1 **Definitions**

(a) In this Clause 12:

"**Protected Party**" means a Finance Party which is or will be subject to any liability or required to make any payment, for or on account of Tax, in relation to a sum received or receivable (or any sum deemed for the purposes of Tax to be received or receivable) under a Finance Document.

"**Qualifying Lender**" means a Lender which is beneficially entitled to interest payable to that Lender in respect of an advance under a Finance Document and is:

(i) a legal person or entity (including, for the avoidance of doubt, any securitisation trust or fund) habitually resident for taxation purposes in a Qualifying State which is not acting through a territory considered as a tax haven pursuant to Spanish laws and regulations or through a permanent establishment in Spain; or

(ii) a legal person or entity (including, for the avoidance of doubt, any securitisation trust or fund) which, as a result of any applicable double taxation treaty, is entitled to receive any payments made by the Borrower to such legal person or entity hereunder without any deduction or withholding for or on account of Tax; or

(iii) a Domestic Lender.

"**Qualifying State**" means a member state of the European Union (other than Spain).

"**Tax Credit**" means a credit against, relief or remission from, or repayment of, any Tax.

"**Tax Deduction**" means a deduction or withholding for or on account of Tax from a payment made under a Finance Document.

"**Tax Payment**" means either the increase in a payment made by the Borrower to a Finance Party under Clause 12.2 (*Tax gross-up*) or a payment under Clause 12.3 (*Tax indemnity*).

(b) Unless a contrary indication appears, in this Clause 12 a reference to " **determines**" or "**determined**" means a determination made in the absolute good faith discretion of the person making the determination.

12.2 **Tax gross-up**

(a) The Borrower shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law or regulation.

(b) The Borrower or a Lender shall promptly upon becoming aware that the Borrower must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Facility Agent accordingly. If the Facility Agent receives such notification from a Lender it shall notify the Borrower.

(c) If a Tax Deduction is required by law or regulation to be made by the Borrower, the amount of the payment due from the Borrower shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due and payable if no Tax Deduction had been required.

(d) The Borrower is not required to make an increased payment to a Lender under paragraph (c) above for a Tax Deduction in respect of Tax imposed by Spain from a payment of interest on a Utilisation, if on the date on which the payment falls due:

(i) the payment could have been made to the relevant Lender without a Tax Deduction if it was a Qualifying Lender, but on that date that Lender is not or has ceased to be a Qualifying Lender other than as a result of any change after the date it became a Lender under this Agreement in (or in the interpretation, administration, or application of) any law or treaty, or any published practice or concession of any relevant taxing authority; or

(ii) the relevant Lender is a Qualifying Lender under paragraph (ii) of the definition of "Qualifying Lender" and the Borrower is able to demonstrate that the payment could have been made to the Lender without any Tax Deduction if the Lender had complied with its obligations under paragraph (g) below.

(e) If the Borrower is required to make a Tax Deduction, the Borrower shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law or regulation.

(f) Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Borrower shall deliver to the Facility Agent for the Finance Party entitled to the payment an original receipt (or certified copy thereof) or if unavailable such other evidence as is reasonably satisfactory to that Finance Party that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.

(g) A Lender that is a Qualifying Lender under paragraph (ii) of the definition of "Qualifying Lender" and the Borrower which is required to make a payment to which that Treaty Lender is entitled shall co-operate in completing any procedural formalities necessary for the Borrower to obtain authorisation to make that payment without a Tax Deduction.

(h) Each Lender confirms that it is a Qualifying Lender.

12.3 **Tax indemnity**

(a) A Borrower shall (within five Business Days of demand by the Facility Agent) pay to a Protected Party an amount equal to the amount of any Tax assessed on that Protected Party (together with any interest, costs or expenses payable, directly or indirectly, or incurred in connection therewith) in relation to a sum received or receivable (or any sum deemed for the purposes of Tax to be received or receivable) under a Finance Document.

(b) Paragraph (a) of this Clause 12.3 shall not apply:

(i) with respect to any Tax assessed on a Finance Party:

(A) under the laws and regulations of the jurisdiction in which that Finance Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which that Finance Party is treated as resident for Tax purposes; or

(B) under the laws and regulations of the jurisdiction in which that Finance Party's office is located in respect of amounts received or receivable in that jurisdiction,

if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by that Finance Party; or

(ii) to the extent a loss, liability or cost:

(A) is compensated for by an increased payment under Clause 12.2 (*Tax gross-up*); or

(B) would have been compensated for by an increased payment under Clause 12.2 (*Tax gross-up*) but was not so compensated solely because one of the exclusions in paragraph (d) of Clause 12.2 (*Tax gross-up*) applied.

(c) A Protected Party making, or intending to make a claim pursuant to paragraph (a) of this Clause 12.3 shall promptly notify the Facility Agent of the event which will give, or has given, rise to the claim, following which the Facility Agent shall notify the Borrower.

(d) A Protected Party shall, on receiving a payment from the Borrower under this Clause 12.3, notify the Facility Agent.

12.4 **Tax Certificates**

(a) Without prejudice to the other provisions of this Clause 12, in relation to any exemption from or application of a rate lower than that of general application pursuant to any legislation in Spain or any double taxation treaty, or pursuant to any other cause relating to residence status, any Lender which is not a Domestic Lender shall supply the Borrower, through the Facility Agent, prior to the interest payment date with a certificate of residence issued by the pertinent fiscal administration, in the case of a Qualifying Lender which is not a Domestic Lender, accrediting such Qualifying Lender as resident for Tax purposes in a Qualifying State or, as the case may be, accrediting such Lender as resident for Tax purposes in a State which has signed and ratified a double taxation treaty with Spain.

(b) As such certificates referred to in paragraph (a) of this Clause 12.4 are, at the date hereof, valid only for a period of one year, each such Lender will be required to so supply a further such certificate upon expiry of the previous certificate in relation to any further payment of interest.

(c) If any Lender which has supplied a certificate under paragraph (a) of this Clause 12.4 becomes aware that any information contained in that certificate is not correct in all material respects throughout the period for which that certificate is valid, it shall, as soon as practicable, supply the Facility Agent with details of that matter, following which the Facility Agent shall supply those details to the Borrower, and, if appropriate, that Lender shall promptly supply a new certificate pursuant to paragraph (a) of this Clause 12.4.

12.5 **Tax Credit**

If the Borrower makes a Tax Payment and the relevant Finance Party determines that:

(a) a Tax Credit is attributable either to an increased payment of which that Tax Payment forms part, or to that Tax Payment; and

(b) that Finance Party has obtained, utilised and retained that Tax Credit,

the Finance Party shall pay an amount to the Borrower which that Finance Party determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Borrower.

12.6 **Stamp Taxes**

The Borrower shall pay and, within five Business Days of demand, indemnify each Secured Party against any cost, loss or liability that Secured Party incurs in relation to all stamp duty, registration and other similar Taxes payable in respect of any Finance Document except for any such Tax payable in connection with the entering into of a Transfer Certificate.

12.7 **Value Added Tax**

(a) All consideration expressed to be payable under a Finance Document by any Party to a Finance Party shall be deemed to be exclusive of any amount in respect of VAT. If VAT is chargeable on any supply made by any Finance Party to any Party in connection with a Finance Document, that Party shall pay to the Finance Party (in addition to and at the same time as paying the consideration) an amount equal to the amount of the VAT and such Finance Party shall promptly provide an appropriate VAT invoice to such Party.

(b) Where a Finance Document requires any Party to reimburse a Finance Party for any costs or expenses, that Party shall also at the same time pay and indemnify that Finance Party against all amounts in respect of VAT incurred by the Finance Party in respect of the costs or expenses to the extent that the Finance Party reasonably determines that it is not entitled to credit or repayment of the VAT.

13. **INCREASED COSTS**

13.1 **Increased costs**

(a) Subject to Clause 13.2 *(Increased cost claims)* and Clause 13.3 (*Exceptions*) the Borrower shall, within three Business Days of a demand by the Facility Agent, pay for the account of a Finance Party the amount of any Increased Costs incurred by that Finance Party or any of its affiliates as a result of:

(i) the introduction of or any change in (or in the interpretation, administration or application of) any law or regulation; or

(ii) compliance with any law or regulation,

in each case made after the date of this Agreement.

(b) In this Agreement "**Increased Costs**" means, without duplication:

(i) a reduction in the rate of return from the Bridge Facility or on a Finance Party's (or its affiliate's) overall capital;

(ii) an additional or increased cost; or

(iii) a reduction of any amount due and payable under any Finance Document,

which is incurred or suffered by a Finance Party to the extent that it is attributable to that Finance Party having entered into its Commitments or funding or performing its obligations under any Finance Document.

13.2 **Increased cost claims**

(a) A Finance Party intending to make a claim pursuant to Clause 13.1 (*Increased costs*) shall notify the Facility Agent of the event giving rise to the claim and a calculation evidencing in reasonable detail the amount of such Increased Costs to be claimed by such Finance Party, following which the Facility Agent shall promptly notify the Borrower and provide the Borrower with such calculations.

(b) Each Finance Party shall, as soon as practicable after a demand by the Facility Agent, provide a certificate confirming the amount of its Increased Costs.

13.3 **Exceptions**

(a) Clause 13.1 (*Increased costs*) does not apply to the extent any Increased Cost is:

(i) attributable to a Tax Deduction required by law or regulation to be made by the Borrower;

(ii) compensated for by Clause 12.3 (*Tax indemnity)* (or would have been compensated for under Clause 12.3 (*Tax indemnity)* but was not so compensated solely because any of the exclusions in paragraph (b) of Clause 12.3 (*Tax indemnity*) applied);

(iii) attributable to the breach by the relevant Finance Party of any law or regulation;

(iv) attributable to the implementation of or compliance with the "International Convergence of Capital Measurements and Capital Standards—a Revised Framework" published by the Basel Committee on Banking Supervision in June 2004 in the form existing on the date of this Agreement ("**Basel II**") or any other law or regulation that implements Basel II (whether such implementation or compliance is by a government, governmental regulator, Finance Party or an affiliate thereof); or

(v) compensated by the payment of any mandatory cost.

(b) In this Clause 13.3, a reference to a "**Tax Deduction**" has the same meaning given to the term in Clause 12.1 *(Definitions)*.

14. OTHER INDEMNITIES

14.1 Currency indemnity

(a) If any sum due from the Borrower under the Finance Documents (a "**Sum**"), or any order, judgment or award given or made in relation to a Sum, has to be converted from the currency (the "**First Currency**") in which that Sum is payable into another currency (the "**Second Currency**") for the purpose of:

(i) making or filing a claim or proof against the Borrower; or

(ii) obtaining or enforcing an order, judgment or award in relation to any litigation or arbitration proceedings,

the Borrower shall as an independent obligation, within three Business Days of demand, indemnify each Secured Party to whom that Sum is due against any cost, loss or liability arising out of or as a result of the conversion including any discrepancy between (A) the rate of exchange used to convert that Sum from the First Currency into the Second Currency and (B) the rate or rates of exchange available to that person at the time of its receipt of that Sum.

(b) The Borrower waives any right it may have in any jurisdiction to pay any amount under the Finance Documents in a currency or currency unit other than that in which it is expressed to be payable.

14.2 Other indemnities

(a) The Borrower shall, within five Business Days of demand, indemnify each Secured Party against any cost, loss or liability not otherwise compensated under the provisions of this Agreement and excluding any lost profits, consequential or indirect damages (other than interest or default interest) incurred by that Secured Party as a result of its Commitment or the making of any Utilisation under the Finance Documents as a result of:

(i) the occurrence of any Event of Default;

(ii) a failure by the Borrower to pay any amount due under a Finance Document on its due date, including without limitation, any cost, loss or liability arising as a result of Clause 25 (*Sharing among the Finance Parties*);

(iii) funding, or making arrangements to fund, its participation in a Utilisation requested by the Borrower in a Drawdown Request but not made by reason of the operation of any one or more of the provisions of this Agreement (other than by reason of default or negligence by that Finance Party alone); or

(iv) a Utilisation (or part of a Utilisation) not being prepaid in accordance with a notice of prepayment given by the Borrower.

14.3 **Indemnity to the Facility Agent**

The Borrower shall promptly indemnify the Facility Agent against any cost, loss or liability directly related to this Agreement incurred by the Facility Agent (acting reasonably and otherwise than by reason of the Facility Agent's gross negligence or wilful misconduct, as the case may be) as a result of:

(a) investigating any event which it reasonably believes (acting prudently and, if possible, following consultation with the Borrower) is a Default; or

(b) acting or relying on any notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised; or

(c) the taking, holding, protection or enforcement of the Transaction Security.

15. MITIGATION BY THE LENDERS

15.1 **Mitigation**

(a) Each Finance Party shall, in consultation with the Borrower, take all reasonable steps to mitigate any circumstances which arise after the date of this Agreement and which would result in any amount becoming payable under or pursuant to, or cancelled pursuant to, any of Clause 7.1 (*Illegality of a Lender*), Clause 12 (*Tax Gross-up and Indemnities)* or Clause 13 (*Increased Costs)*.

(b) Paragraph (a) above does not in any way limit the obligations of the Borrower under the Finance Documents.

15.2 **Limitation of liability**

(a) The Borrower shall indemnify each Finance Party for all costs and expenses reasonably incurred by that Finance Party as a result of steps taken by it under Clause 15.1 (*Mitigation*).

(b) A Finance Party is not obliged to take any steps under Clause 15.1 (*Mitigation*) if, in the opinion of that Finance Party (acting reasonably), to do so might be prejudicial to it.

16. COSTS AND EXPENSES

16.1 **Transaction expenses**

The Borrower shall within 15 days of receipt of a demand (and delivery of the relevant receipts, invoices or other documentary evidence), pay the Facility Agent the amount of all costs and expenses (including reasonable legal fees and notarial fees) reasonably incurred by any of the Lenders in connection with the negotiation, preparation, printing and execution of the Finance Documents and the perfection of the Transaction Security.

16.2 **Amendment costs**

If the Borrower requests an amendment, waiver or consent, the Borrower shall, within five Business Days of demand, reimburse the Facility Agent and each Lender for the amount of all costs and expenses (including legal fees, but in this case, only the reasonable legal fees of one

law firm in each relevant jurisdiction acting on behalf of all the Lenders) reasonably incurred by such parties in responding to, evaluating, negotiating or complying with that request or requirement.

16.3 **Valuation costs**

The Borrower shall, within three Business Days of demand, pay to the Facility Agent the cost of any valuation carried out in relation to any Real Property to be delivered in accordance with Clause 19.25 (*Valuation*).

16.5 **Transaction Security costs**

This paragraph shall not apply to any winding-up petition (or equivalent procedure in any jurisdiction) which is frivolous or vexatious and is discharged, stayed or dismissed within 60 days of commencement.

20.7 **Expropriation and sequestration**

20.10 **Unlawfulness**

It is or becomes unlawful for the Borrower to perform any of its obligations under the Finance Documents or any Transaction Security created or expressed to be created or evidenced by the Security Documents ceases to be effective, in either case where non-performance is reasonably likely to cause a Material Adverse Effect.

No Event of Default under this Clause 20.11 (*Transaction Security*) will occur if the failure to comply is capable of remedy and is remedied within fifteen (15) calendar days of the Facility Agent giving written notice to the Borrower or the Borrower becoming aware of the failure to comply, whichever is the earlier.

20.12 **Material adverse change**

Any material adverse change arises in the financial condition of the Group taken as a whole, which the Majority Lenders reasonably determine would result in the failure by the Borrower to perform its payment obligations under any of the Finance Documents.

20.13 **Valuation**

Notwithstanding the above, the Lender/s individually accelerating this Agreement shall only be entitled to enforce the Transaction Security with the unanimous consent of the Lenders.

SECTION 9
CHANGES TO PARTIES

21. CHANGES TO THE LENDERS

21.1 Assignments and transfers by the Lenders

Subject to this Clause 21, a Lender (the "**Existing Lender**") may:

(a) assign any of its rights and benefits in respect of any Drawdown; or

(b) transfer any of its rights, benefits and obligations in respect of any Commitment or any Drawdown,

to another bank or financial institution of those referred to in article 2 of Spanish Law 2/1981, dated 25 March, on the Mortgage Market (the " **New Lender**"), **provided that** no Lender may transfer or assign any of its rights, benefits or obligations under the Finance Documents to any U.S. Lender or enter into a sub-participation agreement in respect of such rights, benefits or obligations with a U.S. Lender, and provided that the prior consent of the Borrower has been obtained, except if the New Lender is one of the G12 Lenders, in which case the Borrower's consent shall be understood to be already granted.

21.2 Conditions of assignment or transfer

(a) The Borrower must be notified no later than one Business Day prior to the proposed date of any assignment or transfer pursuant to this Clause 21.1 (*Assignments and transfers by the Lenders*).

(b) An assignment or a transfer will be effective only:

(i) on receipt by the Facility Agent of written confirmation from the New Lender that the New Lender will assume the same obligations to the other Finance Parties and the other Secured Parties as it would have been under if it was a Lender;

(ii) on the satisfaction of the Facility Agent with the results of all " **know your client**" or other checks relating to the identity of any person that it is required by law to carry out in relation to such assignment to a New Lender, the completion of which the Facility Agent shall promptly notify to the Existing Lender and the New Lender; and

(iii) if the procedure set out in Clause 21.5 (*Procedure for transfer or assignment*) is complied with.

(c) If:

(i) a Lender assigns or transfers any of its rights, benefits or obligations under the Finance Documents; and

(ii) as a result of circumstances existing at the date the assignment, transfer or change occurs, the Borrower would be obliged to make a payment to the New Lender under Clause 12 (*Tax Gross-up and Indemnities*) or Clause 13 (*Increased Costs*),

then the New Lender is entitled to receive payment under those Clauses only to the same extent as the Existing Lender would have been if the assignment, transfer or change had not occurred.

(d) In addition to the other assignment rights provided in this Clause 21, each Lender may assign, as collateral or otherwise, any of its rights under this Agreement (including rights to payments of principal or interest on the Utilisations) **provided that** no such assignment shall release the assigning Lender from any of its obligations under this Agreement.

21.3 **Assignment or transfer fee**

The New Lender shall, on the date upon which an assignment or transfer takes effect, pay to the Facility Agent (for its own account) a fee of US$ 2,000.

21.4 **Limitation of responsibility of Existing Lenders**

(a) Unless expressly agreed to the contrary, an Existing Lender makes no representation or warranty and assumes no responsibility to a New Lender for:

(i) the legality, validity, effectiveness, adequacy or enforceability of the Finance Documents, the Transaction Security or any other documents;

(ii) the financial condition of the Borrower;

(iii) the performance and observance by the Borrower of its obligations under the Finance Documents or any other documents; or

(iv) the accuracy of any statements (whether written or oral) made in or in connection with any Finance Document or any other document,

and any representations or warranties implied by law or regulation are excluded.

(b) Each New Lender confirms to the Existing Lender, and the other Finance Parties that it:

(i) has made (and shall continue to make) its own independent investigation and assessment of the financial condition and affairs of the Borrower and its related entities in connection with its participation in this Agreement and has not relied exclusively on any information provided to it by the Existing Lender in connection with any Finance Document; and

(ii) will continue to make its own independent appraisal of the creditworthiness of the Borrower and its related entities whilst any amount is or may be outstanding under the Finance Documents or any Commitment is in force.

(c) Nothing in any Finance Document obliges an Existing Lender to:

(i) accept a re-transfer from a New Lender of any of the rights and obligations assigned or transferred under this Clause 21; or

(ii) support any losses directly or indirectly incurred by the New Lender by reason of the non-performance by the Borrower of its obligations under the Finance Documents or otherwise.

21.5 **Procedure for transfer or assignment**

(a) Subject to the conditions set out in Clause 21.2 (*Conditions of assignment or transfer*) a transfer or assignment is effected in accordance with paragraph (b) below when the Facility Agent executes an otherwise duly completed Transfer Certificate delivered to it by the Existing Lender and the New Lender. The Facility Agent shall, as soon as reasonably practicable after receipt by it of a duly completed Transfer Certificate appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Transfer Certificate and send a copy to the Borrower.

(b) On the Transfer Date:

(i) to the extent that in the Transfer Certificate the Existing Lender seeks to transfer its rights, and obligations under the Finance Documents the Borrower and the Existing Lender shall be released from further obligations towards one another under the Finance Documents and their respective rights against one another under the Finance Documents shall be cancelled (being the " **Discharged Rights and Obligations**");

(ii) the Borrower and the New Lender shall assume obligations towards one another and/or acquire rights against one another which differ from the Discharged Rights and Obligations only insofar as the Borrower and the New Lender have assumed and/or acquired the same in place of the Borrower and the Existing Lender;

(iii) the Facility Agent, the New Lender and the other Lenders, shall acquire the same rights and assume the same obligations between themselves as they would have acquired and assumed had the New Lender been a Lender with the rights, and/or obligations acquired or assumed by it as a result of the transfer and to that extent the Facility Agent and the Existing Lender shall each be released from further obligations to each other under the Finance Documents;

(iv) the Existing Lender and the New Lender shall execute before a notary a public deed (*escritura pública*) in which the assignment or transfer is documented, filing this with the relevant Property Registries; and

(v) the New Lender shall become a Party as a "**Lender**".

21.6 **Copy of Transfer Certificate to the Borrower**

The Facility Agent shall, as soon as reasonably practicable after it has received a Transfer Certificate, send to the Borrower a copy of that Transfer Certificate.

21.7 **Disclosure of information**

(a) Any Lender may disclose to any of its affiliates and any other person:

(i) to (or through) whom that Lender assigns or transfers (or may potentially assign or transfer) all or any of its rights and obligations under the Finance Documents;

(ii) with (or through) whom that Lender enters into (or may potentially enter into) any sub-participation in relation to, or any other transaction under which payments are to be made by reference to, the Finance Documents; or

(iii) to whom, and to the extent that, information is required to be disclosed by any applicable law or regulation,

any information about the Borrower, the Group and the Finance Documents as that Lender shall consider appropriate **provided that** (in the case of paragraphs (i) and (ii) only) the person to whom the information is to be given has entered into a Confidentiality Undertaking.

(b) Any Lender may also disclose the size and term of the Bridge Facility and the name of the Borrower to any investor or a potential investor in a securitisation (or similar transaction of broadly equivalent economic effect) of that Lender's rights or obligations under the Finance Documents **provided that** the person to whom the information is to be given has entered into a Confidentiality Undertaking.

21.8 **Interest**

All interest accrued in the Interest Period in which a transfer is effective shall be paid to the Existing Lender.

22. **CHANGES TO THE BORROWER**

The Borrower may not assign any of its rights or transfer any of its rights or obligations under the Finance Documents.

SECTION 10
THE FINANCE PARTIES

23. ROLE OF THE FACILITY AGENT

23.1 Appointment of the Facility Agent

(a) Each of the Lenders appoints the Facility Agent to act as its agent under and in connection with the Finance Documents.

(b) Each of the Lenders authorises the Facility Agent to exercise the rights, powers, authorities and discretions specifically given to the Facility Agent under or in connection with the Finance Documents together with any other incidental rights, powers, authorities and discretions.

23.2 Duties of the Facility Agent

(a) The Facility Agent shall promptly forward to a Party the original or a copy of any document (including, but not limited to, the Borrower's annual financial statements) which is delivered to the Facility Agent for that Party by any other Party.

(b) The Facility Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.

(c) If the Facility Agent receives notice from a Party referring to this Agreement, describing a Default and stating that the circumstance described is a Default, it shall promptly notify the other Finance Parties.

(d) If the Facility Agent is aware of the non-payment of any principal, interest or fee payable to a Finance Party (other than the Facility Agent) under this Agreement it shall promptly notify the other Finance Parties.

(e) The Facility Agent's duties under the Finance Documents are solely mechanical and administrative in nature.

23.3 No fiduciary duties

(a) Nothing in this Agreement constitutes the Facility Agent as a trustee or fiduciary of any other person.

(b) The Facility Agent shall not be bound to account to any Lender for any sum or the profit element of any sum received by it for its own account.

23.4 Business with the Group

The Facility Agent may accept deposits from, lend money to and generally engage in any kind of banking or other business with any member of the Group.

23.5 Rights and discretions

(a) The Facility Agent may rely on:

(i) any representation, notice or document (including, for the avoidance of doubt, any representation, notice or document communicating the consent of the Majority Lenders pursuant to Clause 33.1 (*Required consents*)) believed by it to be genuine, correct and appropriately authorised; and

(ii) any statement made by a director, authorised signatory or employee of any person regarding any matters which may reasonably be assumed to be within his knowledge or within his power to verify.

(b) The Facility Agent may assume (unless it has received notice to the contrary in its capacity as agent for the Lenders) that:

(i) no Default has occurred (unless it has actual knowledge of a Default arising under Clause 20.1 (*Non-payment*));

(ii) any right, power, authority or discretion vested in any Party or the Majority Lenders has not been exercised; and

(iii) any notice or request made by the Borrower (other than a Drawdown Request) is made on behalf of and with the consent and knowledge of the Borrower.

(c) The Facility Agent may engage, pay for and rely on the advice or services of any lawyers, accountants, surveyors or other experts.

(d) The Facility Agent may act in relation to the Finance Documents through its personnel and agents.

(e) The Facility Agent may disclose to any other Party any information it reasonably believes it has received as agent under this Agreement.

(f) Notwithstanding any other provision of any Finance Document to the contrary, the Facility Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law and regulation or a breach of a fiduciary duty or duty of confidentiality.

23.6 **Majority Lenders' instructions**

(a) Unless a contrary indication appears in a Finance Document, the Facility Agent shall (i) exercise any right, power, authority or discretion vested in it as Agent in accordance with any instructions given to it by the Majority Lenders (or, if so instructed by the Majority Lenders, refrain from exercising any right, power, authority or discretion vested in it as Agent) and (ii) not be liable for any act (or omission) if it acts (or refrains from taking any action) in accordance with an instruction of the Majority Lenders.

(b) Unless a contrary indication appears in a Finance Document, any instructions given by the Majority Lenders will be binding on all the Finance Parties.

(c) The Facility Agent may refrain from acting in accordance with the instructions of the Majority Lenders (or, if appropriate, the Lenders) until it has received such security as it may require for any cost, loss or liability (together with any associated VAT) which it may incur in complying with the instructions.

(d) In the absence of instructions from the Majority Lenders, (or, if appropriate, the Lenders) the Facility Agent may act (or refrain from taking action) as it considers to be in the best interest of the Lenders.

(e) The Facility Agent is not authorised to act on behalf of a Lender (without first obtaining that Lender's consent) in any legal or arbitration proceedings relating to any Finance Document.

23.7 **Responsibility for documentation**

The Facility Agent:

(a) is not responsible for the adequacy, accuracy and/or completeness of any information (whether oral or written) supplied by the Facility Agent, the Borrower or any other person given in or in connection with any Finance Document; or

(b) is not responsible for the legality, validity, effectiveness, adequacy or enforceability of any Finance Document, the Transaction Security or any other agreement, arrangement or document entered into, made or executed in anticipation of or in connection with any Finance Document or the Transaction Security.

23.8 **Exclusion of liability**

(a) Without limiting paragraph (b) below, the Facility Agent will not be liable for any action taken by it under or in connection with any Finance Document or the Transaction Security, unless directly caused by its gross negligence or wilful misconduct or wilful breach of any Finance Document.

(b) No Party (other than the Facility Agent) may take any proceedings against any officer, employee or agent of the Facility Agent in respect of any claim it might have against the Facility Agent or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document.

(c) The Facility Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Facility Agent if the Facility Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Facility Agent for that purpose.

(d) Nothing in this Agreement shall oblige the Facility Agent to carry out any checks pursuant to any laws or regulations relating to money laundering in relation to any person on behalf of any Lender and each Lender confirms to the Facility Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Facility Agent.

23.9 **Lenders' indemnity to the Facility Agent**

Each Lender shall (in proportion to its share of the Total Commitments or, if the Total Commitments are then zero, to its share of the Total Commitments immediately prior to their reduction to zero) indemnify the Facility Agent, within three Business Days of demand, against any cost, loss or liability incurred by the Facility Agent (otherwise than by reason of the Facility Agent's gross negligence or wilful misconduct) in acting as Facility Agent under the Finance Documents (unless the Facility Agent has been reimbursed by the Borrower pursuant to a Finance Document).

23.10 **Resignation of the Facility Agent**

(a) The Facility Agent may resign and appoint one of its affiliates acting through an office in the European Union as successor by giving notice to the other Finance Parties and the Borrower.

(b) Alternatively the Facility Agent may resign by giving notice to the other Finance Parties and the Borrower, in which case the Majority Lenders (after consultation with the Borrower) may appoint a successor Facility Agent.

(c) If the Majority Lenders have not appointed a successor Facility Agent in accordance with paragraph (b) above within 30 days after notice of resignation was given, the Facility Agent (after consultation with the Borrower) may appoint a successor Facility Agent (acting through an office in the European Union).

(d) The retiring Facility Agent shall, at its own cost, make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

(e) The Facility Agent's resignation notice shall only take effect upon the appointment of a successor.

(f) Upon the appointment and acceptance of a successor, the retiring Facility Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of this Clause 23.10. Its successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

(g) After consultation with the Borrower, the Majority Lenders may, by notice to the Facility Agent, require it to resign in accordance with paragraph (b) above. In this event, the Facility Agent shall resign in accordance with paragraph (b) above.

23.11 **Confidentiality**

(a) In acting as agent for the Finance Parties, the Facility Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.

(b) If information is received by another division or department of the Facility Agent, it may be treated as confidential to that division or department and the Facility Agent shall not be deemed to have notice of it.

(c) Notwithstanding any other provision of any Finance Document to the contrary, the Facility Agent is not obliged to disclose to any other person (i) any confidential information or (ii) any other information if the disclosure would or might in its reasonable opinion constitute a breach of any law or a breach of a fiduciary duty.

23.12 **Relationship with the Lenders**

The Facility Agent may treat each Lender as a Lender, entitled to payments under this Agreement unless it has received not less than five Business Days prior notice from that Lender to the contrary in accordance with the terms of this Agreement.

23.13 **Credit appraisal by the Finance Parties**

Without affecting the responsibility of the Borrower for information supplied by it or on its behalf in connection with any Finance Document, each Finance Party confirms to the Facility Agent that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document including but not limited to:

(a) the financial condition, status and nature of each member of the Group;

(b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document and the Transaction Security and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document or the Transaction Security;

(c) whether that Finance Party has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

(d) the adequacy, accuracy and/or completeness of any information provided by the Facility Agent, any Party or by any other person under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; and

(e) the right or title of any person in or to, or the value or sufficiency of any part of the Charged Property, the priority of any of the Transaction Security or the existence of any Security affecting the Charged Property.

23.14 **Reference Banks**

If a Reference Bank (or an affiliate of a Reference Bank) becomes a Lender, the Facility Agent shall (in consultation with the Borrower) appoint another Reference Bank that is not a Lender or an affiliate of a Lender. In the event that any of the Reference Banks takes part in a merger, is wound up or ceases to exist for any reason, as well as if for any circumstance it acquires the status of Lender under this Agreement, the Facility Agent will designate the entity that must occupy the place of the former, communicating such appointment to the Lenders and to the Borrower as soon as possible.

23.15 **Deduction from amounts payable by the Facility Agent**

If any Party owes an amount to the Facility Agent under the Finance Documents, the Facility Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Facility Agent would otherwise be obliged to make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

24. CONDUCT OF BUSINESS BY THE FINANCE PARTIES

No provision of this Agreement will:

(a) interfere with the right of any Finance Party to arrange its affairs (tax or otherwise) in whatever manner it thinks fit;

(b) oblige any Finance Party to investigate or claim any credit, relief, remission or repayment available to it or the extent, order and manner of any claim; or

(c) oblige any Finance Party to disclose any information relating to its affairs (tax or otherwise) or any computations in respect of Tax (but without prejudice to the terms of Clause 12.3 (*Tax indemnity*)).

25. SHARING AMONG THE FINANCE PARTIES

25.1 Payments to Finance Parties

If a Finance Party (a "**Recovering Finance Party**") receives or recovers any amount from the Borrower other than in accordance with Clause 26 (*Payment Mechanics*) (whether by way of set-off or otherwise) and applies that amount to a payment due under the Finance Documents then:

(a) the Recovering Finance Party shall, within three Business Days, notify details of the receipt or recovery, to the Facility Agent;

(b) the Facility Agent shall determine whether the receipt or recovery is in excess of the amount the Recovering Finance Party would have been paid had the receipt or recovery been received or made by the Facility Agent and distributed in accordance with Clause 26 (*Payment Mechanics*), without taking account of any Tax which would be imposed on the Facility Agent in relation to the receipt, recovery or distribution; and

(c) the Recovering Finance Party shall, within three Business Days of demand by the Facility Agent, pay to the Facility Agent an amount (the "**Sharing Payment**") equal to such receipt or recovery less any amount which the Facility Agent determines may be retained by the Recovering Finance Party as its share of any payment to be made, in accordance with Clause 26.5 (*Partial payments*).

25.2 Redistribution of payments

The Facility Agent shall treat the Sharing Payment as if it had been paid by the Borrower and distribute it between the Finance Parties (other than the Recovering Finance Party) in accordance with Clause 26.5 (*Partial payments)*.

25.3 Recovering Finance Party's rights

(a) On a distribution by the Facility Agent under Clause 25.2 (*Redistribution of payments*), the Recovering Finance Party will be subrogated to the rights of the Finance Parties which have shared in the redistribution.

(b) If and to the extent that the Recovering Finance Party is not able to rely on its rights under paragraph (a) above, the Borrower shall be liable to the Recovering Finance Party for a debt equal to the Sharing Payment which is immediately due and payable.

25.4 **Reversal of redistribution**

If any part of the Sharing Payment received or recovered by a Recovering Finance Party becomes repayable and is repaid by that Recovering Finance Party, then:

(a) each Finance Party which has received a share of the relevant Sharing Payment pursuant to Clause 25.2 (*Redistribution of payments*) shall, upon request of the Facility Agent, pay to the Facility Agent for account of that Recovering Finance Party an amount equal to the appropriate part of its share of the Sharing Payment (together with an amount as is necessary to reimburse that Recovering Finance Party for its proportion of any interest on the Sharing Payment which that Recovering Finance Party is required to pay); and

(b) that Recovering Finance Party's rights of subrogation in respect of any reimbursement shall be cancelled and the Borrower will be liable to the reimbursing Finance Party for the amount so reimbursed.

25.5 **Exceptions**

(a) This Clause 25 shall not apply to the extent that the Recovering Finance Party would not, after making any payment pursuant to this Clause 25, have a valid and enforceable claim against the Borrower.

(b) A Recovering Finance Party is not obliged to share with any other Finance Party any amount which the Recovering Finance Party has received or recovered as a result of taking legal or arbitration proceedings, if:

(i) it notified that other Finance Party of the legal or arbitration proceedings; and

(ii) that other Finance Party had an opportunity to participate in those legal or arbitration proceedings but did not do so as soon as reasonably practicable having received notice and did not take separate legal or arbitration proceedings.

SECTION 11
ADMINISTRATION

26. PAYMENT MECHANICS

26.1 Payments to the Facility Agent

(a) On each date on which the Borrower or a Lender is required to make a payment under a Finance Document, the Borrower or Lender shall make the same available to the Facility Agent (unless a contrary indication appears in a Finance Document) for value on the due date at the time and in such funds specified by the Facility Agent as being customary at the time for settlement of transactions in the relevant currency in the place of payment.

(b) Payments by the Borrower or Lenders shall be made to such account as the Facility Agent specifies.

26.2 Distributions by the Facility Agent

Each payment received by the Facility Agent under the Finance Documents for another Party shall, subject to Clause 26.3 (*Distributions to a Borrower*), Clause 26.4 (*Clawback*) and Clause 23.15 (*Deduction from amounts payable by the Facility Agent)* be made available by the Facility Agent as soon as practicable after receipt to the Party entitled to receive payment in accordance with this Agreement (in the case of a Lender, for the account of its office), to such account as that Party may notify to the Facility Agent by not less than five Business Days' notice.

26.3 Distributions to a Borrower

The Facility Agent may (with the consent of the Borrower or in accordance with Clause 27 (*Set-Off*)) apply any amount received by it for the Borrower in or towards payment (on the date and in the currency and funds of receipt) of any amount due from the Borrower under the Finance Documents or in or towards purchase of any amount of any currency to be so applied.

26.4 Clawback

(a) Where a sum is to be paid to the Facility Agent under the Finance Documents for another Party, the Facility Agent is not obliged to pay that sum to that other Party (or to enter into or perform any related exchange contract) until it has been able to establish to its satisfaction that it has actually received that sum.

(b) If the Facility Agent pays an amount to another Party and it proves to be the case that the Facility Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Facility Agent shall on demand refund the same to the Facility Agent together with interest on that amount from the date of payment to the date of receipt by the Facility Agent, calculated by the Facility Agent to reflect its cost of funds.

26.5 **Partial payments**

(a) If the Facility Agent receives a payment that is insufficient to discharge all the amounts then due and payable by the Borrower under the Finance Documents, the Facility Agent shall apply that payment towards the obligations of the Borrower under the Finance Documents in the following order:

(i) first, in or towards payment *pro rata* of any unpaid fees, costs and expenses of the Facility Agent (including of any Receiver or Delegate) under the Finance Documents;

(ii) secondly, in or towards payment *pro rata* of any accrued interest, fee or commission due but unpaid under this Agreement;

(iii) thirdly, in or towards payment *pro rata* of any principal due but unpaid under this Agreement; and

(iv) fourthly, in or towards payment *pro rata* of any other sum due but unpaid under the Finance Documents.

(b) The Lenders hereby expressly agree that the Facility Agent shall not apply any amount received in accordance with paragraph (a) above to discharge the obligations of the Borrower owed to a Lender if such partial payment received by the Facility Agent is as a result of that Lender being considered as a subordinated creditor by operation of any insolvency law.

26.6 **No set-off by the Borrower**

All payments to be made by the Borrower under the Finance Documents shall be calculated and be made without (and free and clear of any deduction for) set-off or counterclaim.

26.7 **Business Days**

(a) Any payment which is due to be made on a day that is not a Business Day shall be made on the next Business Day in the same calendar month (if there is one) or the preceding Business Day (if there is not).

(b) During any extension of the due date for payment of any principal or an Unpaid Sum under this Agreement interest is payable on the principal or Unpaid Sum at the rate payable on the original due date.

26.8 **Currency of account**

(a) Subject to paragraphs (b) to (f) below, US Dollars is the currency of account and currency of payment for any sum due from the Borrower under this Agreement and any Fee Letter.

(b) A repayment of a Drawdown or Unpaid Sum or a part of a Drawdown or Unpaid Sum shall be made in the currency in which that Drawdown or Unpaid Sum is denominated on its due date.

(c) Each payment of interest shall be made in the currency in which the sum in respect of which the interest is payable was denominated when that interest accrued.

(d) Unless otherwise provided in this Agreement or any other Finance Document, any amount (including fees) payable in respect of the Bridge Facility shall be paid in US Dollars.

(e) Each payment in respect of costs, expenses or Taxes shall be made in the currency in which the costs, expenses or Taxes are incurred.

(f) Any amount expressed to be payable in a currency other than US Dollars shall be paid in that other currency.

26.9 **Change of currency**

PROCEEDINGS PENDING OR THREATENED

As of 31 December 2008

32. **Environmental Matters**

United States

As of 31 December 2008, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.$43 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, which might be categorized as hazardous substances or wastes, and (ii) the cleanup of sites used or operated by CEMEX, Inc., including discontinued operations, regarding the disposal of hazardous substances or wastes, either individually or jointly with other parties. Most of the proceedings are in the preliminary stage, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. considers that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with or litigation against potential sources of recovery have been completed.

CEMEX Construction Materials Florida, LLC f/k/a Rinker Materials of Florida, Inc. (" **CEMEX Florida**"), a subsidiary of CEMEX, Inc., holds one federal quarry permit and is the beneficiary of one of 10 other federal quarrying permits granted for the Lake Belt area in South Florida. The permit held by CEMEX Florida covers CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Krome quarry is operated under one of the other federal quarry permits. The FEC quarry is the largest of CEMEX Floridas' quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry. A ruling was issued on 22 March 2006 by a judge of the U.S. District Court for the Southern District of Florida in connection with litigation brought by environmental groups concerning the manner in which the permits were granted. Although not named as a defendant, CEMEX Florida has intervened in the proceedings to protect its interests. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the relevant governmental agencies in connection with the issuance of the permits. The judge remanded the permits to the relevant governmental agencies for further review, which review the governmental agencies have indicated in a recent announcement should take until mid February 2009 to conclude. The judge also conducted further proceedings to determine the activities to be conducted during the remand period. In July 2007, the judge issued a ruling that halted certain quarrying operations at three non-CEMEX Florida quarries. The judge left in place CEMEX Florida's Lake Belt permits until the relevant government agencies complete their review. In a May 2008 ruling, the federal appellate court determined that the district court judge did not apply the proper standard of review to the permit issuance decision of the governmental agency, vacated the district court's prior order, and remanded the proceeding to the district court to apply the proper standard of review; this review remains pending before the district court judge. If the Lake Belt permits are ultimately set aside or quarrying operations under them restricted, CEMEX Florida will need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely affect profits

from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt could also have a material adverse effect on our financial results.

Europe

In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulator view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of approximately £122 million, and an accounting provision for this sum has been made at 31 December 2007.

In 2003, the European Union adopted a directive implementing the Kyoto Protocol on climate change and establishing a greenhouse gas emissions allowance trading scheme within the European Union. The directive requires Member States to impose binding caps on carbon dioxide emissions from installations involved in energy activities, the production and processing of ferrous metals, the mineral industry (including cement production) and the pulp, paper or board production business. Under this scheme, companies with operations in these sectors receive from the relevant Member States allowances that set limitations on the levels of greenhouse gas emissions from their installations. These allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that are not reaching their emissions objectives. Companies can also use credits issued from the use of the flexibility mechanisms under the Kyoto protocol to fulfill their European obligations. These flexibility mechanisms provide that credits (equivalent to allowances) can be obtained by companies for projects that reduce greenhouse gas emissions in emerging markets. These projects are referred to as Clean Development Mechanism ("**CDM**") or joint implementation projects depending on the countries where they take place. Failure to meet the emissions caps is subject to heavy penalties.

Companies can also use, up to a certain level, credits issued under the flexible mechanisms of the Kyoto protocol to fulfill their European obligations. Credits for Emission Reduction projects obtained under these mechanisms are recognized, up to a certain level, under the European emission trading scheme as allowances. To obtain these emission reduction credits, companies must comply with very specific and restrictive requirements from the United Nations Convention on Climate Change (UNFCC).

As required by directive, each of the Member States established a National Allocations Plan, or NAP, setting out the allowance allocations for each industrial facility for Phase I, from 2005 to 2007. Based on the NAPs established by the Member States of the European Union for the 2005 to 2007 period and our actual production, on a consolidated basis after trading allowances between our operations in countries with a deficit of allowances and our operations in countries with an excess of allowances, and after some external operations, Borrower's Subsidiaries had a surplus of allowances of approximately 1,050,054 tons of carbon dioxide in this Phase I.

For Phase II, comprising 2008 through 2012, however, there has been a reduction in the allowances granted by the Member States that have already approved their NAP, which may result in a consolidated deficit in our carbon dioxide allowances during the period. We believe we may be able

to reduce the impact of any deficit by either reducing carbon dioxide emissions in our facilities or by obtaining additional emission credits through the implementation of CDM projects. If we are not successful in implementing emission reductions in our facilities or obtaining credits from CDM projects, we may have to purchase a significant amount of emission credits in the market, because CEMEX has already sold a substantial amount of allowances for Phase II, the cost of which may have an impact on our operating results. As of 1 December 2008, the market value of carbon dioxide allowances for Phase II was approximately 15.45 € per ton. CEMEX is taking all the measures to minimize our exposure to this market while assuring the supply of our products to our clients.

The Spanish NAP has been finally approved by the Spanish Government, reflecting the conditions that were set forth by the European Commission. The allocations made to our installations allow us to foresee certain availability of allowances, nevertheless, there remains the uncertainty regarding the allocations that, against the reserve for new entrants, shall be requested for the new CEMEX cement plant in Andorra (Teruel), and that it is scheduled to start operating in 2010.

On 29 May 2007, the Polish government filed an appeal before the Court of First Instance in Luxemburg regarding the European Commission's rejection of the initial version of the Polish NAP. The Court has denied Poland's request for a quick path verdict in the case, keeping the case in the regular proceeding path, therefore, the Polish government has started to prepare Polish internal rules on division of allowance at the level already accepted by the European Commission. Seven major Polish cement producers, representing 98% of Polish cement production (including CEMEX Polska), have also filed seven separate appeals before the Court of First Instance regarding the European Commission's rejection. On 29 September 2008 the Court of the First Instance issued an order rejecting CEMEX Polska's appeal without going into the merit of the case. As of 31 December 2008 the final version of the Polish NAP has not been cleared by the Commission; CEMEX has not determined the impact this may have on CEMEX's position in the country.

33. Tax Matters

Philippines

As of 31 December 2008, the Philippine Bureau of Internal Revenue (BIR), had assessed APO, Solid, IQAC, ALQC and CSPI, our operating subsidiaries in the Philippines, for deficiency taxes covering taxable years 1998-2005 amounting to a total of approximately 1,994 million Philippine Pesos (approximately U.S.$41.96 million as of 31 December 2008, based on an exchange rate of Philippine Pesos 47.52 to U.S.$1.00, which was the Philippine Peso/Dollar exchange rate on 31 December 2008 as published by the Bangko Sentral ng Pilipinas, the central bank of the Republic of the Philippines).

The majority of the tax assessments result primarily from the disallowance of APO's income tax holiday incentives for taxable years 1999 to 2001 (approximately Philippine Pesos 1,078 million or U.S.$22.68 million as of 31 December 2008, based on an exchange rate of Philippine Pesos 47.52 to U.S.$1.00). We have contested the BIR's assessment, arising from the disallowance of the ITH incentive, with the Court of Tax Appeals (CTA). The initial Division ruling of the CTA was unfavorable, but is subject to further appeal with the CTA as a whole. The assessment is now currently on appeal with the CTA En Banc. A motion was filed with the CTA, requesting the court to hold APO totally not liable for alleged income tax liabilities for all the years covered and to this end cancel and withdraw APO's deficiency income tax assessments for taxable years 1999, 2000 and 2001 on the basis of APO's availment of the tax amnesty described below. As of 31 December 2008, resolution on the aforementioned motion is still pending.

34. **CEMEX Venezuelan Nationalization**

In furtherance of Venezuela's announced policy to nationalize certain sectors of the economy, on 18 June 2008, the Nationalization Decree was promulgated, mandating that the cement production industry in Venezuela be reserved for the Government of Venezuela and ordering the conversion of foreign-owned cement companies, including CEMEX Venezuela, into state-controlled companies with Venezuela holding an equity interest of at least 60%. The Nationalization Decree provided for the formation of a transition committee to be integrated with the board of directors of the relevant cement Borrowers to guaranty the transfer of control over all activities of the relevant cement Borrowers to Venezuela by 31 December 2008. The Nationalization Decree further established a deadline of 17 August 2008 for the shareholders of foreign-owned cement companies, including CEMEX Venezuela, to reach an agreement with the Government of Venezuela on the compensation for the nationalization of their assets. The Nationalization Decree also provided that this deadline may be extended by mutual agreement of the Government of Venezuela and the relevant shareholder. The transition committee, which was to be coordinated by the Ministry of Basic Industries (MIBAN), was never formally instituted and MIBAN never acted in the process, but instead Petroleos de Venezuela (PDVSA) conducted all the conversations.

CEMEX Venezuela and the Government did not reach agreement by the August 17 2008 deadline, and on August 18 2008 the Expropriation Decree was issued by the President of Venezuela, with PDVSA appointed to conduct the expropriation proceedings. Although these proceedings had not yet commenced, PDVSA officials headed a group of PDVSA workers, with the support of the public force, to take over all the facilities of CEMEX Venezuela on August 17 2008. Since no agreement has been reached with the Venezuelan Government as to the compensation to be paid, the Dutch companies that control CEMEX Venezuela filed an arbitration request before the International Center for the Settlement of Investment Disputes against the Government of Venezuela, which request has been registered and the tribunal is in the process of being formed.

As of 31 December 2007, CEMEX Venezuela, S.A.C.A. was the holding entity of several of CEMEX's investments in the region, including CEMEX's operations in the Dominican Republic and Panama, as well as CEMEX's minority investment in Trinidad & Tobago. In the wake of statements by the Government of Venezuela about the nationalization of assets in Venezuela, in April 2008, CEMEX concluded the transfer of all material non-Venezuelan investments to Cemex España, S.A. for approximately U.S.$355 million plus U.S.$112 million of net debt, having distributed all accrued profits from the non-Venezuelan investments to the stockholders of CEMEX Venezuela amounting to approximately U.S.$132 million. At this time, the net impact or the outcome of the nationalization on CEMEX's consolidated financial results cannot be reasonably estimated. As of 31 December 2008, the net assets of CEMEX's Venezuelan operations under Mexican FRS were approximately US$451.7 million. Since August 2008, CEMEX no longer consolidates the financial results of CEMEX Venezuela.

On 13 June 2008, the Venezuelan securities authority initiated an administrative proceeding against CEMEX Venezuela, claiming that the Borrowers did not sufficiently inform its shareholders and the securities authority in connection with the transfer of the non-Venezuelan assets described above. The Venezuelan authority determined that CEMEX Venezuela did not comply with its disclosure

obligations and imposed fines on the Borrowers, which we do not consider material, and requested the attorney general's office to review the case to determine if such non-disclosure also constituted criminal infringement.

35. **Other Legal Proceedings**

On 5 August 2005, a lawsuit was filed against a subsidiary of CEMEX Colombia, claiming that it was liable along with the other members of the Asociación Colombiana de Productores de Concreto, or ASOCRETO, a union formed by all the ready-mix concrete producers in Colombia, for the premature distress of the roads built for the mass public transportation system of Bogotá using ready-mix concrete supplied by CEMEX Colombia and other ASOCRETO members. The plaintiffs allege that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs seek the repair of the roads in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair will be approximately U.S.$45 million. The lawsuit was filed within the context of a criminal investigation of two ASOCRETO officers and other individuals, alleging that the ready-mix concrete producers were liable for damages if the ASOCRETO officers were criminally responsible. The court completed the evidentiary stage, and on 17 August 2006 dismissed the charges against the members of ASOCRETO. The other defendants (one ex-director of the Distrital Institute of Development, the legal representative of the constructor and the legal representative of the contract auditor) were formally accused. The decision was appealed, and on 11 December 2006, the decision was reversed and the two ASOCRETO officers were formally accused as participants (determiners) in the execution of a state contract without fulfilling all legal requirements thereof. The first public hearing took place on 20 November 2007. In this hearing the judge dismissed an annulment petition filed by the ASOCRETO officers. The petition was based on the fact that the officers were formally accused of a different crime than the one they were being investigated for. This decision was appealed, but the decision was confirmed by the Superior Court of Bogota. On 21 January 2008, CEMEX Colombia was subject to a judicial order, issued by the court, sequestering a quarry called El Tujuelo, as security for a possible future money judgment to be rendered against CEMEX Colombia in these proceedings. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required within a period of 10 days to deposit with the Court in cash CoP$337,800 million (approximately U.S.$195 million as of 4 June 2008, based on an exchange rate of CoP1730 to U.S.$1.00, which was the Colombian Peso/Dollar exchange rate on 4 June 2008, as published by the Banco de la República de Colombia, the central bank of Colombia), instead of being allowed to post an insurance policy to secure such recovery. CEMEX Colombia asked for reconsideration, and the court allowed CEMEX to present an insurance policy. Nevertheless, CEMEX appealed this decision, in order to reduce the amount of the insurance policy, and also requested that the guarantee be covered by all defendants in the case. The measure does not affect the normal activity of the quarry. At this stage, we are not able to assess the likelihood of an adverse result or the potential damages which could be borne by CEMEX Colombia.

On 5 August 2005, Cartel Damages Claims, SA, or CDC, filed a lawsuit in the District Court in Düsseldorf, Germany against CEMEX Deutschland AG and other German cement companies. CDC is seeking €102 million in respect of damage claims by 28 entities relating to alleged price and quota fixing by German cement companies between 1993 and 2002, which entities had assigned their claims

to CDC. CDC is a Belgian Borrowers established by two lawyers in the aftermath of the German cement cartel investigation that took place from July 2002 to April 2003 by Germany's Federal Cartel Office with the express purpose of purchasing potential damages claims from cement consumers and pursuing those claims against the cartel participants. In January 2006, another entity assigned alleged claims to CDC, and the amount of damages being sought by CDC increased to €113.5 million plus interest. On February 21 2007, the District Court of Düsseldorf decided to allow this lawsuit to proceed without going into the merits of this case by issuing an interlocutory judgment. All defendants appealed. The appeal hearing took place on 22 April 2008, and the appeal was dismissed on 14 May 2008. The lawsuit will proceed at the level of court of first instance. As of 30 September 2008 only one defendant has decided to file a complaint before the Federal High Court; this will delay the case from proceeding at the level of first instance to an extent we cannot assess today. In the meantime, CDC had acquired new assigners and announced an increase in the claim to €131 million. As of 30 November 2008, we had accrued liabilities regarding this matter for a total amount of approximately €20 million.

During November 4, 5 and 6, 2008, officers of the European Commission, assisted by local officials, conducted an unannounced inspection at CEMEX offices in the United Kingdom and Germany. It is understood that Commission officials carried out unannounced inspections at the premises of other companies active in the cement and related products industry in several member states. The Commission alleges that CEMEX may have participated in anti competitive agreements and/or concerted practices in breach of Article 81 of the EC Treaty and/or Article 53 of the EEA Agreement and abusive conduct in breach of Article 82 of the EC Treaty and/or Article 54 of the EEA Agreement. The allegations extend to several markets worldwide, including in particular the European Economic Area; if those allegations are substantiated, significant penalties may be imposed on the subsidiaries of CEMEX operating in such markets. CEMEX fully co-operated and will continue to co-operate with the Commission officials in connection with the inspection.

After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans defining the development zones within their respective municipalities, adversely impacting the mining concession granted to Dalmacijacement, our subsidiary in Croatia, by the Government of Croatia in September 2005. During the consultation period, Dalmacijacement submitted comments and suggestions to the Master Plans, but these were not taken into account or incorporated into the Master Plan by Kaštela and Solin. Most of these comments and suggestions were intended to protect and preserve the rights of Dalmacijacement´s mining concession granted by the Government of Croatia in September 2005. Immediately after publication of the Master Plans, Dalmacijacement filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions. The legal actions taken and filed by Dalmacijacement were as follows: (i) on 17 May 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning Dalmacijacement's constitutional claim for decrease and obstruction of rights earned by investment, and seeking prohibition of implementation of the Master Plans, the appeal is currently under review by the court in Croatia, and it is expected that these proceedings will continue for several years before resolution; (ii) on 17 May 2006, a possessory action against the cities of Kaštela and Solin seeking the enactment of interim measures prohibiting implementation of the Master Plans and including a request to implead the Republic of Croatia into the proceeding on our side. The municipal court in Solin issued a first instance judgment dismissing our possessory action. We filed an appeal against that judgment. The

appeal has been resolved by the Solin County Court, affirming the judgment and rendering it final. The Municipal Court in Kaštela has issued a first instance judgment dismissing our possessory action. We filed an appeal against said judgment, which has since been resolved by the Kaštela Country Court, affirming the judgment and rendering it final; (iii) on 17 May 2006, an administrative proceeding before the State Lawyer, seeking a declaration from the Government of Croatia confirming that Dalmacijacement acquired rights under the mining concessions. Dalmacijacement received State Lawyer's opinion which confirms the Dalmacijacement's acquired rights according to the previous decisions ("old concession"). The Administrative Court in Croatia has ruled in favor of Dalmacijacement, validating the legality of the mining concession granted to Dalmacijacement by the Government of Croatia. This decision is final. Currently it is difficult for Dalmacijacement to ascertain the approximate economic impact of these measures by Kaštela and Solin.

Club of Environmental Protection, a Latvian environmental protection organization (hereinafter the " **Applicant**"), has initiated a court administrative proceeding against the decision made by the Environment State Bureau (hereinafter the " **Defendant**") in order to amend the environmental pollution permit (the "**Permit**") for the Broceni Cement Plant in Latvia, owned by CEMEX SIA (the " **Disputed Decision**"). CEMEX SIA was invited to participate in the court proceedings as a third party, whose rights and legal interest may be infringed by the relevant administrative act. On 5 June 2008 the Court rendered its judgment, where it satisfied the Claimant's claim and revoked the Disputed Decision stating that it is illegal because Defendant failed to perform public inquiry in accordance with legal regulations. The judgment has been appealed by both the Defendant and CEMEX SIA before the Court of Appeal and the court will hear the case in 24 February 2009. The appellate procedure will not suspend the operation of the Permit which will remain valid throughout the court proceedings, hence CEMEX SIA is allowed to continue to perform its activities. The Permit subject to this proceeding was issued for the existing cement line, which will be fully substituted in the first half of 2009 by a new cement line currently under construction.

In entering into this Letter, and any discussions and negotiations with CEMEX Parent and CEMEX España, each of the Lenders is acting severally, for its own account as principal, and not as agent or representative of any other creditor or institution.

2. **Definitions and interpretation**

Capitalised terms used in this Letter have the meanings given to them in paragraph 1 (*Definitions*) of Annex 2 (*Definitions and interpretation*) and this Letter shall be construed in accordance with paragraph 2 (*Construction*) of Annex 2 (*Definitions and interpretation*).

3. **Conditional Waivers and Extensions**

3.1 Each Lender agrees:

(a) in relation to each Relevant Existing Facility listed in Part A and Part B of Annex 3 (*Exposures*), to extend the payment date of any principal sums (including, for the avoidance of doubt, any net balance resulting from the close out of derivatives transactions or any collateral agreements related thereto or any notes issued in connection therewith) which fall due for payment under such Relevant Existing Facility during the Relevant Period (except to the extent falling due pursuant to any Illegality Clause) until the end of the Relevant Period (at which time such amounts shall be payable in accordance with sub paragraph 3.3 below);

(b) in relation to each Relevant Existing Facility listed in Part A and Part B of Annex 3 (*Exposures*), to temporarily waive, for the Relevant Period:

(i) any and all Defaults which may arise under (a) any Insolvency Clause or (b) a Material Adverse Change Clause, in each case as a result of or in connection with the events or circumstances described in the Presentations **provided that**, to the extent that any such Default arises as a result of discussions with creditors, such discussions are Agreed Discussions;

(ii) any Cross Default;

(iii) any and all Defaults arising under the Notification Clause in respect of the matters referred to in sub paragraphs (i) and (ii) above and (iv) below;

(iv) any and all Defaults arising out of, and any consequential misrepresentation under any Related Representation in such Existing Facility in respect of, the matters referred to in sub paragraphs (i) to (iii) above,

provided that, for the avoidance of doubt, no waiver shall be granted under this sub paragraph (b) by any Lender which is not a member of the G12 other than in relation to the facilities made available by it pursuant to the RMC Facilities Agreement and, if such Lender is a Euro/Yen Lender, the Euro/Yen Facilities Agreement; and

(c) where necessary, to amend documents relating to a Relevant Existing Facility to incorporate the waivers and extensions (and any amendments consequent thereto) granted in this Letter.

3.2 The provisions of sub paragraph 3.1 above will have effect on the date on which all of the conditions set out in Annex 4 (*Conditions Precedent)* are satisfied or waived.

3.3 The waivers and extensions granted in sub paragraph 3.1 above are temporary waivers to apply only during the Relevant Period. At the end of the Relevant Period, subject to any express agreement in writing to the contrary, such waivers shall automatically terminate and (A) all rights and remedies which would have been available to the Lenders had such waivers not been granted shall become immediately available and (B) the amount of all Extended Payments shall become immediately due and payable and all other amounts outstanding under each Relevant Existing Facility (together with any accrued interest or other amounts payable in respect thereof) shall be payable on demand of those institutions which would be the Required Lenders under such Relevant Existing Facility in relation to exercising acceleration or other rights following an event of default thereunder **provided that** if:

(a) a voluntary case or proceeding under any Relevant Insolvency Law has been commenced by CEMEX Parent or any Obligor or it has made any filing seeking such relief under any Relevant Insolvency Law, even in the absence of any judicial resolution in respect of such filing;

(b) an involuntary proceeding under any Relevant Insolvency Law is commenced against CEMEX Parent or any Obligor or an order for relief or any other similar order under applicable law is granted and such proceeding or order is not dismissed or stayed within 10 business days, or CEMEX Parent or any Obligor consents to the commencement of such an involuntary proceeding;

(c) any stay or prohibition or other circumstances exist under any law which would make it unlawful in any relevant jurisdiction for any Lender to make, or otherwise prohibit the making of, demand in respect of the outstanding amounts under the Relevant Existing Facilities to which any of the Lenders is a party; or

(d) there is a general or specific moratorium, or any similar measure, declared or taken by any governmental authority limiting, restricting or otherwise affecting the ability of CEMEX Parent or any Obligor to perform its obligations under an Existing Facility,

then, instead of being payable on demand, as indicated in (B) above, all such outstanding amounts shall become immediately due and payable (and all commitments under such Existing Facilities shall be cancelled) automatically and without the need for any demand or other claim.

3.4 Each of the events set out in Annex 5 (*Termination Events*) constitutes a Termination Event.

3.5 If a Termination Event specified in paragraphs (a) to (l) of Annex 5 (Termination Events) occurs after the Reference Date then the Relevant Period shall, with effect from notification by any Lender to the Co-ordinators and CEMEX Parent, immediately terminate (such notice to be given simultaneously, with a copy to be sent by the Co-ordinators to the Lenders).

3.6 If a Termination Event specified in paragraph (m) of Annex 5 (*Termination Events*) occurs, then on the date falling 7 days after the date of the notice (a "**Termination Notice**") given by the Terminating Lender as referred to in that paragraph (a " **Termination Date**"), the agreements given by that Terminating Lender in sub paragraph 3.1 above shall terminate, and that Terminating Lender shall cease to be bound by the terms of this Letter **provided that** notwithstanding the delivery of such Termination Notice by the Terminating Lender, the other Lenders shall continue to be bound by this Letter in accordance with, and subject to, its terms **but provided further that**

(a) following any such Termination Notice being given by a Terminating Lender (an "**Initial Terminating Lender**"), any other Lender (a "**Further Terminating Lender**") may also give a Termination Notice not less than two days prior to the relevant Termination Date applicable to the Initial Terminating Lender; and

(b) such Further Terminating Lender shall cease to be bound by the terms of this Letter on the relevant Termination Date applicable to that Initial Terminating Lender.

4. **Undertakings and representations of CEMEX Parent and the Obligors**

4.1 CEMEX Parent and each of the Obligors undertakes:

(a) to procure that, no later than the date of this Letter, FTI Consulting Canada ULC. has been appointed as financial adviser to the Lenders;

(b) to:

(i) conduct a critical review of its operations in all countries in which it has Subsidiaries, operations and/or assets;

(ii) identify assets and/or shares in any Subsidiary or other companies in any such countries for disposal with a view to reducing borrowing levels of the Group as soon as reasonably practicable using the sale proceeds from such disposals; and

(iii) by no later than Friday 24 April 2009 (or such later date as may be agreed by the parties to this Letter acting reasonably), hold a meeting to which all of the Lenders (and as many other Financial Creditors of the Group as CEMEX Parent may reasonably elect) are invited to present and discuss the results of its analysis with respect to the disposals referred to in sub paragraph (ii) above (with copies of such analysis to be circulated to the Co-ordinators for distribution to the Lenders no later than Monday 20 April 2009 (or such later date as may be agreed by the parties to this Letter acting reasonably));

(c) to examine the possibilities of an increase of share capital of CEMEX Parent or another member of the Group and, if appropriate, to take reasonable steps to prepare for such an increase of share capital at a future date;

(d) to agree with the Lenders, within 3 weeks of the date of this Letter, a set of mutually acceptable milestones and dates for achievement of such milestones;

(e) to explore the availability of financial support, direct and indirect, from the Mexican government; and

(f) to notify the Co-ordinators (with a copy of such notice to be sent by the Co-ordinators to the Lenders) of any Termination Event promptly on becoming aware of its occurrence (unless that Obligor is aware that a notification has already been given by another Obligor) provided that the giving of such a notification shall not itself cause the Relevant Period to terminate and, for the avoidance of doubt, any termination of the Relevant Period shall be made in accordance with paragraphs 3.5 and 3.6 of paragraph 3 (Conditional Waivers and Extensions).

4.2 Each Obligor makes the representations and warranties set out in Annex 6 (*Representations and Warranties*):

(a) (with the exception of paragraph (e) of Annex 6 (*Representations and Warranties*)) as of the date of this Letter; and

(b) (for the avoidance of doubt, including paragraph (e) of Annex 6 (*Representations and Warranties*)), as of the first day of each calendar month thereafter during the Relevant Period,

in each case by reference to the facts and circumstances then existing.

5. **Co-operation with Due Diligence and Lenders' Financial Adviser**

5.1 The Lenders are authorised to engage FTI Consulting Canada ULC. as a financial adviser in connection with the Transaction to conduct an independent business review including a strategic analysis (but, for the avoidance of doubt, excluding involvement in the running of CEMEX Parent or any member of the Group). The scope of the engagement of such adviser will be as determined from time to time by the Co-ordinators (in consultation with the Committee Banks), subject to consultation with CEMEX Parent. The initial scope of the engagement of the adviser will be sent to CEMEX Parent once it has been agreed. The Lenders may change the financial adviser, any one or more of the accountants or other firms advising them and the Co-ordinators (in consultation with the Committee Banks) may change the scope of their engagement at any time.

5.2 CEMEX Parent shall, and shall ensure that each member of the Group will:

(a) co-operate and work with such financial adviser that may be appointed under sub-paragraph 5.1 above so as to provide them with full access to all information reasonably required to complete their investigation of the financial condition of the Group; and

(b) co-operate, and procure that its legal advisers co-operate, with any legal advisers appointed by the Lenders so as to provide them with full access to all information (excluding legally privileged information) reasonably required in connection with legal due diligence (including, without limitation, granting access to any data rooms).

6. **Preservation of Rights and Override**

Save as expressly referred to in sub paragraph 3.1 of paragraph 3 (*Conditional Waivers and Extensions*), all terms and conditions of each Existing Facility to which a Lender is a party shall remain in full force and effect and are not modified in any respect by the provisions of this Letter, including paragraph 4 (*Undertakings and representations of CEMEX Parent and the Obligors*), and each Lender reserves all rights and remedies it may have against any member of the Group except as expressly provided in this Letter. In the event of any inconsistency between the terms of any Relevant Existing Facility and the terms of this Letter (other than paragraphs 11 (*Governing Law*) and 12 (*Jurisdiction*)), the terms of this Letter will prevail.

7. **Effect of Agreements in this Letter**

7.1 If a Lender is a party to a Relevant Existing Facility in respect of which the Required Lenders have not yet agreed to each of the matters referred to in sub paragraph 3.1 of paragraph 3 (*Conditional Waivers and Extensions*), then until such time as such Required Lenders do so agree, the provisions of sub paragraph 3.1 of paragraph 3 (*Conditional Waivers and Extensions*) shall, subject to the other provisions of this Letter, take effect in relation to such Lender under and in respect of such Relevant Existing Facility as:

(a) an agreement to vote in any deliberations of the creditors under such Relevant Existing Facility, in favour of bringing about the consequences referred to in sub paragraph 3.1 of paragraph 3 (*Conditional Waivers and Extensions*); and

(b) an agreement not to act in any way inconsistent with bringing about the consequences referred to in sub paragraph 3.1 of paragraph 3 (*Conditional Waivers and Extensions*) in respect of such Relevant Existing Facility except as may be required by the terms of such Relevant Existing Facility or as may be necessary to protect or preserve its rights under such Relevant Existing Facility in connection with any action decided upon by the Required Lenders,

provided that so long as such Lender acts in accordance with this paragraph 7 (*Effect of Agreements in this Letter*), such Lender shall have no liability for failing to bring about an effective waiver or extension referred to in sub paragraph 3.1 of paragraph 3 (*Conditional Waivers and Extensions*) or for failing to prevent lenders generally under such Relevant Existing Facility acting in a manner which is inconsistent with sub paragraph 3.1 of paragraph 3 (*Conditional Waivers and Extensions*).

7.2 For the avoidance of doubt, nothing in this Letter shall impose on any Lender any obligation to agree to any proposal with respect to Financial Indebtedness owing to it (except for the extensions and waivers pursuant to sub paragraph 3.1of paragraph 3 (*Conditional Waivers and Extensions*)) under any Existing Facility and nothing in this Letter constitutes a commitment by any Lender to provide financing to any member of the Group.

8. **General**

8.1 No amendment or waiver of this Letter shall be effective unless it is made in writing and signed by each party.

8.2 Notwithstanding any other provision of this Letter, no Lender shall be liable for (i) any indirect, special, punitive or consequential damages in connection with its activities related to this Letter (and, in the case of a Lender which is a Co-ordinator, under no circumstances whatsoever will such Lender have any liability under or in respect of this Letter in relation to its activities as a Co-ordinator) or (ii) any action that it takes or the omission of any action by it that results in a Termination Event, unless due to a breach of its obligations under this Letter or the Derivatives Side Letter.

8.3 Each member of the G12 agrees to take reasonable steps to ensure that all of its facilities and amounts maturing during the Relevant Period are included in Annex 3 (Exposures) and will promptly inform the other members of the G12 of any changes to Annex 3 (Exposures) relating to the Exposures of that G12 member.

9. **Acceding Lenders and Acceding Obligors**

9.1 At any time, a Financial Creditor of any member of the Group which is not already a party hereto may become party hereto as a Lender by delivery to CEMEX Parent and the Co-ordinators a Lender Accession Letter specifying details of (and designating as an Existing Facility) each facility to which such Financial Creditor is a party and, in the case of any Existing Facility for which an extension pursuant to sub paragraph 3.1(a) of paragraph 3 (*Conditional Waivers and Extensions*) is to be granted, stating its Exposure thereunder.

9.2 Upon delivery of a Lender Accession Letter in accordance with sub paragraph 9.1 above, the Financial Creditor shall become a Lender hereunder, entitled to all of the rights and benefits expressed in favour of, and subject to all of the agreements made by and obligations expressed to be undertaken by, a Lender in this Letter.

9.3 The Co-ordinators will, as soon as reasonably practicable after the date of a Lender Accession Letter, update the list of Exposures contained in Annex 3 (*Exposures*) to include the Exposures of the relevant Financial Creditor which has delivered such Lender Accession Letter, and once amended, circulate the same to CEMEX Parent and the Lenders (and such updated form of Annex 3 (*Exposures*) shall be deemed to replace Annex 3 (*Exposures*) of this Letter).

9.4 Each of CEMEX Parent and CEMEX España shall use its best endeavours to procure that, as soon as reasonably practicable after:

(a) the date of this Letter, each Subsidiary Obligor; and

(b) the date of any Lender Accession Letter which refers to an Existing Facility in respect of which a member of the Group which is not an Obligor is a borrower or guarantor, such member of the Group,

shall, in each case, become a party to this Letter (and, if such Obligor is a CEMEX Derivatives Party (as defined in the Derivatives Side Letter), the Derivatives Side Letter) as an Acceding Obligor upon delivery to the Lenders of an Obligor Accession Letter together with supporting corporate authorities (including board resolutions or equivalent, powers of attorney (if relevant) and copies of constitutional documents (unless such documents have previously been provided to the Co-ordinators in relation hereto)).

10. **Fees**

10.1 In consideration of the agreements given by the Lenders in this Letter, CEMEX Parent and CEMEX España shall pay to each Lender the following fees at the times set out below:

(a) a fee of 0.75% on the amount of its Extended Payment, which shall be payable on the date at which the provisions of sub paragraph 3.1 of paragraph 3 (Conditional Waivers and Extensions) become effective in accordance with sub paragraph 3.2 of that paragraph (or to the extent such Extended Payment relates to a Relevant Existing Facility that consists of one or more derivatives transactions, the later of such date and the date of close out of all such derivatives transactions);

(b) a fee which shall be payable on each of 24 April 2009 and 24 May 2009 (or to the extent such Extended Payment relates to a Relevant Existing Facility that consists of one or more derivatives transactions, the later of such date and the date of close out of all such derivatives transactions) in an amount of 0.25% on the amount of its Extended Payment (provided that the Relevant Period has not been terminated prior to such date); and

(c) a fee of 0.50% on the amount of its Extended Payment, which shall be payable on 24 June 2009 (provided that the Relevant Period has not been terminated prior to such date).

10.2 The fees referred to in sub-paragraph 10.1 above shall be payable in immediately available, freely transferable, cleared funds to such accounts as the Lenders may advise and in full, without any set-off, deduction or withholding of any kind.

11. **Governing Law**

This Letter and any non-contractual obligations arising out of or in connection with it is governed by English law.

12. **Jurisdiction**

12.1 The courts of England have non exclusive jurisdiction to settle any dispute arising out of or in connection with this Letter (including a dispute regarding the existence, validity or termination of this Letter) or any non-contractual obligations arising out of or in connection with this Letter (a " **Dispute**").

12.2 The Obligors agree that the courts of England are the most appropriate and convenient courts to settle Disputes and accordingly no Obligor will argue to the contrary, and each such Obligor waives any right to which it may be entitled on account of place of residence or domicile.

12.3 This paragraph 12 is for the benefit of the Lenders only. As a result, no Lender shall be prevented from taking proceedings relating to a Dispute in any other courts with jurisdiction. To the extent allowed by law or regulation, the Lenders may take concurrent proceedings in any number of jurisdictions.

12.4 Each of the parties to this Letter hereby irrevocably waives any and all right to trial by jury in any suit, action or proceeding or counterclaim arising out of or relating to any of the transactions contemplated by this Letter or the actions of any Lender in the negotiation, administration, performance or enforcement thereof.

12.5 Without prejudice to any other mode of service allowed under any relevant law or regulation, each of the Obligors:

(a) shall irrevocably appoint CEMEX UK at its registered address being, as at the date of this Letter, CEMEX House, Coldharbour Lane, Thorpe, Egham, Surrey TW20 8TD and with fax number (+44) 01932 568933, Attn: The Secretary (the " **Process Agent**") as its agent for service of process in relation to any proceedings before the English courts in connection with this Letter and shall procure that the Process Agent confirms its acceptance of that appointment in writing on or before the date of this Letter; and

(b) agrees that failure by the Process Agent to notify the relevant Obligor of the process will not invalidate the proceedings concerned.

13. **Counterparts**

This Letter may be executed in any number of counterparts and this has the same effect as if the signatures on the counterparts were on a single copy of this Letter.

Please sign below in agreement of this Letter.

(a) any failure to pay any sums in respect of Financial Indebtedness falling due during the Relevant Period other than under such Existing Facility; or

(b) a declaration of any sum to be due and payable or any sum otherwise becoming due and payable prior to its specified maturity; or

Notwithstanding any provision to the contrary in this Letter, none of the following shall constitute a Termination Event:

April 1, 2009

Ladies and Gentlemen:

We refer to the Conditional Waiver and Extension Agreement (the "**CWEA**") dated on or about April 1, 2009 (with effect from March 24, 2009), between CEMEX, S.A.B. de C.V. ("**CEMEX Parent**"), CEMEX España, S.A. and each of the banks and financial institutions party thereto (the " **Lenders**"). Each capitalized term that is used but not defined in this letter agreement (this " **Agreement**") shall have the meaning assigned to it in the CWEA. The parties hereto hereby agree, with effect from and including March 24, 2009, as follows:

(1) CEMEX Parent shall cause all derivatives positions to which any CEMEX Derivatives Party is a party to be closed out except the Excluded Positions. "**CEMEX Derivatives Party**" means any party to a derivatives position (1) that is an Obligor, a Subsidiary Obligor or a subsidiary of CEMEX Parent or (2) with respect to which any Obligor, Subsidiary Obligor or subsidiary of CEMEX Parent is a credit support provider; *provided* that none of C5 Capital (SPV) Limited ("**C5**"), Swap 5 Capital (SPV) Limited ("**Swap 5**"), C8 Capital (SPV) Limited ("**C8**"), Swap 8 Capital (SPV) Limited ("**Swap 8**"), C10 Capital (SPV) Limited ("**C10**"), Swap 10 Capital (SPV) Limited ("**Swap 10"**), C10-EUR Capital (SPV) Limited ("**C10-EUR**") or Swap 10 Capital (SPV) Limited ("**Swap 10-EUR**") shall be a CEMEX Derivatives Party. "**Excluded Position**" means each of the positions set forth in Annex 1 hereto. For the avoidance of doubt, none of the extinguishable swaps to which C5, Swap 5, C8, Swap 8, C10, Swap 10, C10-EUR or Swap 10-EUR is a party will be required to be closed out. For the avoidance of doubt, any derivatives positions existing or entered into in the operation of the Group's ordinary course of business, and not for speculative purposes: (1) with respect to which all parties and credit support providers are members of the Group or (2) which is a Permitted Commodity Contract and any agreement incidental thereto shall not be subject to the provisions of this Agreement. " **Permitted Commodity Contract**" means any commodity contract or

agreement with respect to which all parties and credit support providers are not financial institutions. For purposes of this definition "commodity" means raw materials and other inputs used in the Group's operations, energy, water, electric power, electric power capacity, generation capacity, power, heat rate, congestion, diesel fuel, fuel oil, other petroleum-based liquids, coal, commodity transportation, urea, financial transmission rights, emissions and other environmental credits, allowances or offsets, renewable energy credits, Certified Emission Reductions, European Union Allowances, natural gas, nuclear fuel and waste products or by-products thereof or other such tangible or intangible commodity of similar type or description.

(2) CEMEX Parent will administer the unwinding of all derivatives positions to be closed out and will have 10 business days beginning on and including March 24, 2009 (such period, the "**Unwind Period**") to complete the unwinding process.

(3) To the extent the mark-to-market value of the derivatives positions (including any unpaid termination amounts) moves against the applicable CEMEX Derivatives Party, CEMEX Parent shall cause the applicable CEMEX Derivatives Party to continue to post collateral or margin to the applicable counterparty under the terms of the Applicable Contract until all derivatives positions with that counterparty have been closed out. " **Applicable Contract**" means, with respect to a derivatives position, the agreement governing such derivatives position, as in effect on March 24, 2009, subject to Section 8 of this Agreement.

(4) No Lender party hereto shall be obligated to:

(a) other than in connection with any Excluded Position, return any collateral or margin to the applicable CEMEX Derivatives Party or

(b) pay the applicable CEMEX Derivatives Party any termination payments,

in each case until all derivatives positions with that Lender (other than any Excluded Positions) have been closed out.

(5) Before all of a Lender's derivatives positions with a CEMEX Derivatives Party have been closed out, a Lender may accept a CEMEX Note (as defined below) as satisfaction of any payment obligation of a CEMEX Derivatives Party. Upon close-out of all of a Lender's derivatives positions with a CEMEX Derivatives Party (other than any Excluded Positions), that Lender will:

(a) calculate a net balance after netting and/or setting off all termination payments under and CEMEX Notes issued with respect to such closed-out derivatives positions (and if such termination payments or

CEMEX Notes are expressed in different currencies, such Lender will, prior to such netting and/or setting off, convert all payments into a single currency in a commercially reasonable manner), and

(b) apply any collateral or margin that Lender is holding against the net amounts owing to that Lender,

in each case, in accordance with the terms of the Applicable Contract (as if the Applicable Contract were terminated as a result of a CEMEX Derivatives Party default); *provided* that a Lender may apply collateral or margin to CEMEX Notes or termination payments due prior to the close-out of all of a Lender's derivatives positions with a CEMEX Derivatives Party. If after this setting-off, netting and application, the applicable CEMEX Derivatives Party owes that Lender a payment of money, the net amount payable will be deferred in accordance with the CWEA, and the applicable CEMEX Derivatives Party shall pay accrued interest monthly on the amount deferred, which obligation shall be evidenced in one or more CEMEX Notes with an aggregate outstanding principal balance equal to such amount deferred (it being understood that the Lender will cooperate with the applicable CEMEX Derivatives Party to reduce the outstanding balance of or return any CEMEX Note to the extent that the Lender has an excess outstanding principal amount of CEMEX Notes). " **CEMEX Note**" means a non-negotiable demand promissory note acceptable to the Lender (it being understood that (i) the Lender will extend the payment date for any principal payment in respect of such promissory note in accordance with the terms of the CWEA, (ii) interest shall accrue on such promissory note at the Lender's cost of funds plus 4.00% and (iii) if the terminated derivatives positions are the subject of any guarantee, such promissory note shall be the subject of an equivalent guarantee (or a guarantee *por aval*) to be granted by the same guarantor). If after this setting-off, netting and application, the applicable Lender owes a payment of money or a return of collateral or margin to the applicable CEMEX Derivatives Party, then that Lender will make such payment or return to the applicable CEMEX Derivatives Party in accordance with the terms of the Applicable Contract.

(6) Upon close-out of any derivatives position (other than any Excluded Position) between a CEMEX Derivatives Party and a counterparty that is not a Lender, all termination and other payments and deliveries in accordance with the terms of the agreement governing such derivatives position shall be permitted.

(7) With respect to each Excluded Position, margin calls or collateral postings by either party for mark-to-market movements will be permitted as provided in the Applicable Contract. (A) At any time with respect to any Excluded Position and (B) on or prior to the ninth business day after the Reference Date with respect to any other derivatives positions, any making of scheduled payments pursuant to the Applicable Contract will be permitted.

(8) Increases in collateral or margin requirements under any Applicable Contract (including, for the avoidance of doubt, with respect to Excluded Positions) of any CEMEX Derivatives Party as the result of CEMEX Parent ratings downgrades or similar credit-related occurrences will not apply during the Relevant Period.

(9) No collateral or margin shall be posted by any CEMEX Derivatives Party in respect of any derivatives positions entered into by a CEMEX Derivatives Party during the Relevant Period.

(10) CEMEX Parent acknowledges that each Lender is relying on CEMEX Parent's performance of its obligations set forth in this Agreement. Each Lender that is a party to this Agreement agrees not to deliver any notice pursuant to sub paragraph 3.5 or 3.6 of the CWEA solely as a result of any action taken by CEMEX Parent, any CEMEX Derivatives Party or any Lender that is a Termination Event under the CWEA but is explicitly required under or explicitly permitted by this Agreement.

(11) The provisions of paragraphs 11 and 12 of the CWEA shall apply to this Agreement as if set out in full herein except that (A) references to "this Letter" shall be construed as references to this Agreement and (B) the parties to this Agreement confirm that the appointment of the Process Agent in accordance with the terms of the CWEA will be sufficient for the purposes of this Agreement and that a separate appointment is not required.

(12) No amendment or waiver of any provision of this Agreement shall in any event be effective unless the same shall be in writing and signed by the parties hereto.

(13) This Agreement may be executed in any number of counterparts and this has the same effect as if the signatures on the counterparts were on a single copy of this Agreement.

Yours truly,

29 June 2009

Dear Sirs

Amendment to Conditional Waiver and Extension Agreement

1. We refer to:

   (a) the Conditional Waiver and Extension Agreement dated 16 April 2009 between, *inter alios*, CEMEX Parent, CEMEX España and the banks and financial institutions (the "**Lenders**") party thereto (the "**CWEA**"); and

   (b) the draft termsheet setting out the terms of a master override agreement in relation to the restructuring of the Existing Facilities (the " **Master Override Agreement**") circulated to the Lenders (the "**Termsheet**").

2. Terms defined and expressions used in the CWEA shall have the same meaning and construction in this letter unless the context otherwise indicates.

3. Having regard to the progress that has been made by CEMEX Parent and CEMEX España with the Co-ordinators and the Committee Banks in respect of reaching broad commercial agreement on a refinancing plan as evidenced by the circulation of the Termsheet to the Lenders, each of the parties hereto agrees to amend the CWEA with effect from the date hereof in accordance with the provisions of paragraphs 4 to 9 of this letter. The effect of these amendments is to ensure that:

   (a) the Relevant Period under the CWEA remains effective until 31 July 2009;

   (b) additional Relevant Existing Facilities, pursuant to which maturities shall fall due during the revised Relevant Period, are made subject to the terms and conditions of the CWEA; and

   (c) Lenders are paid fees until the end of the Relevant Period (as amended).

4. The definition of "Relevant Period" in Annex 2 (*Definitions and Interpretation*) to the CWEA shall be deleted in its entirety and replaced with the following:

""**Relevant Period**" means the period that starts on the Reference Date and ends on the earlier of:

(a) 6pm Madrid time on 31 July 2009 **except that** where, on the date of this Letter, any Lender only has credit and other internal approvals to provide the extensions and waivers set out in sub paragraph 3.1 of paragraph 3 (*Conditional Waivers and Deferrals*) for a period starting on the Reference Date and ending prior to 31 July 2009, and such Lender has not, prior to the end of such lesser period confirmed to the Co-ordinators and CEMEX Parent that it has obtained credit and other internal approvals for a period ending on 31 July 2009, then the Relevant Period for the purposes of this paragraph (a) shall end on the date for which that Lender has obtained credit and other internal approvals (the " **End Date**") **provided that** such Lender shall notify the Co-ordinators and CEMEX Parent of such End Date not less than five days prior to such End Date (with a copy of such notice to be sent by the Co-ordinators to the Lenders);

(b) the Master Override Agreement becoming fully effective in accordance with its terms; and

(c) the termination of the Relevant Period pursuant to sub paragraph 3.5 (or, with respect only to the relevant Terminating Lender and any relevant Further Terminating Lender, pursuant to sub paragraph 3.6) of paragraph 3 (*Conditional Waivers and Extensions*)."

5. Paragraph 10 (*Fees*) of the CWEA shall be amended as follows:

(a) in sub paragraph (c), the full stop at the end of that paragraph shall be deleted and replaced with a semi-colon; and

(b) a new sub paragraph (d) shall be added as follows:

"a fee of 0.25% on the amount of its Extended Payment, which shall be payable on 31 July 2009 (provided that the Relevant Period has not been terminated prior to such date other than pursuant to the provisions of (b) of the definition of Relevant Period)."

6. Annex 2 (*Definitions and Interpretation*) shall be amended to include the following definitions:

""**Amendment Date**" means the date on which this Letter was amended by way of an amendment letter.

"**Lender**" means an Original Lender, a New Lender or any other Lender that has already acceded to or accedes to this Letter pursuant to a Lender Accession Letter.

"**Master Override Agreement**" means the master override agreement to be entered into between, *inter alios*, CEMEX Parent, CEMEX España, certain Lenders and any other relevant Financial Creditor in respect of the restructuring of the Existing Facilities and any other relevant facilities and financial accommodation provided by other Financial Creditors of the Group.

"**New Lender**" means any Financial Creditor that became a Lender under this Letter on the Amendment Date.

"**Original Lender**" means any Lender which was a party to this Letter on and from 16 April 2009."

7. Annex 3 (*Exposures*) to the CWEA shall be deleted in its entirety and replaced with a new Annex 3 in the form provided for in Schedule 1 (*Amended Annex 3*) to this amendment letter.

8. In respect of any Financial Creditors that prior to the date of this amendment letter, were not Lenders, for the purposes of this amendment letter, paragraph 9 (*Acceding Lenders and Acceding Obligors*) of the CWEA shall be suspended and each Financial Creditor that signs this amendment letter shall automatically be deemed to have acceded to all of the terms and conditions in and under the CWEA as a Lender.

9. Annex 5 (*Termination Events*) to the CWEA shall be amended as follows:

For the purposes of the foregoing clause, the parties hereto agree to adhere to the following provisions:

Provisions applicable to the TRANCHE "A" [LOAN]:

I. First withdrawal period. "CEMEX", acting trough the TRUSTEE, shall be entitled to make the first withdrawal on the account of the LOAN, in connection with the TRANCHE "A", in a period not to exceed thirty calendar days, from and after compliance or satisfaction of the conditions precedent.

If "CEMEX", acting trough the TRUSTEE, should fail to make the first withdrawal of the TRANCHE "A" within the above referred time period, "BANOBRAS" may extend the same, provided that, "BANOBRAS" receives a written request to that end from "CEMEX", and ["BANOBRAS"] approves the same with due anticipation prior to the expiration of the relevant period. Notwithstanding the foregoing, "BANOBRAS" hereby reserves the right to cancel any extension so approved, at any time, by means of written notice thereof to "CEMEX".

The amount to be withdrawn from the TRANCHE "A", as determined by "BANOBRAS" consistent with the provisions or the third paragraph of this clause, shall be referred to as the TRANCHE "A" AVAILABLE AMOUNT.

II. Subsequent withdrawal periods. "CEMEX", acting trough the TRUSTEE, shall be entitled to make further withdrawals on the account of the LOAN, pursuant to the following terms:

The parties hereto agree that the period to make withdrawals on the account of the TRANCHE "A" LOAN shall expire upon exhausting the total amount of the LOAN, or else, upon sixty calendar days after the first withdrawal was made, whichever is first.

"BANOBRAS" shall then open a new withdrawal period, each one of no more than sixty calendar days, provided that the TRANCHE "A" AVAILABLE AMOUNT has not been exhausted in the immediately prior withdrawal period. Withdrawals for new periods may be made for up to the balance between the TRANCHE "A" AVAILABLE AMOUNT and the amount disposed as of the new withdrawal date, which implies, to the extent necessary, that "CEMEX" shall be required to increase the payment source pursuant to the standards set forth in this agreement, by means of contribution of collection rights of FUTURE CONTRACTS into the TRUST, and thus maintaining the ratio of two to one of the payment source, considered individually per AGREEMENT or FUTURE CONTRACTS. The foregoing is not and shall not be deemed as a revolving loan and thus, it is not subject to the revolving criteria provided for in the fifth clause below.

The last withdrawal period shall take place no later than six months prior to the expiration of the LOAN term and provided that the execution periods of FUTURE CONTRACTS which are to be used as payment source at that time, do not exceed the maximum period of the LOAN. If the relevant construction time periods should exceed the term of the LOAN, the revolving amount shall be adjusted pursuant to the payments expected to receive during the period.

During the term of the LOAN, "CEMEX" shall be entitled to make new withdrawals on the account of the TRANCHE "A" LOAN by resorting to the revolving mechanism, according to the criteria set forth in the fifth clause below.

During each withdrawal period, interest accrued and outstanding may be capitalized, according to the terms set forth in the seventh clause below.

The amount of withdrawals for each withdrawal period shall be recorded in an independent account and thus, until the time the relevant withdrawal period is concluded, the amount so withdrawn shall not be computed in the consolidated balance of this Tranche, for the purposes of computing interest and repayment [of the TRANCHE "A" LOAN].

The balance of the independent account generated for each withdrawal period, including interest capitalized, shall be consolidated into the unpaid balance of this Tranche, on the day that the relevant withdrawal period should expire, thus creating a new unpaid balance of the TRANCHE "A" [LOAN].

The consolidated balance of this TRANCHE "A" and the amounts of the withdrawals generated throughout the relevant withdrawal period shall accrue interest according to the terms set forth in the seventh clause below.

Provisions applicable to the TRANCHE "B" [LOAN]:

I. Subsequent withdrawal periods. "CEMEX", acting trough the TRUSTEE, shall be entitled to make further withdrawals on the account of the TRANCHE "B" [LOAN], pursuant to the following terms:

Until the time period which is fifty-four months computed as of the first withdrawal of the LOAN, and with such frequency as the GDF (in respect to the GDF CERTIFICATES), and the governmental agencies or third private parties (in respect to the FUTURE CONTRACTS), should issue PAYMENTS DOCUMENTS.

The amount to be disbursed for each of the GDF CERTIFICATES, and/or the PAYMENT DOCUMENTS, shall be for up to eighty percent of the amount each should represent.

The last withdrawal period on the account of the TRANCHE "B" [LOAN], shall take place no later than six months prior to the expiration of the LOAN term and provided that the execution periods of FUTURE CONTRACTS which are to be used as payment source at that time, do not exceed the maximum period of the LOAN. If the relevant construction time periods should exceed the term of the LOAN, the revolving amount shall be adjusted pursuant to the payments expected to receive during the period.

FIFTH. REVOLVING [NATURE OF THE LOAN]. The LOAN extended under the terms of this agreement is granted on a revolving basis. Payment in full of the principal and the relevant interest for any withdrawal period made by "CEMEX", shall replenish the available amount of the LOAN, in such amount as determined by "BANOBRAS", consistent with the following criteria:

For the TRANCHE "A" [LOAN] and during the term of the LOAN, one or more revolving [withdrawals] may be exercised, provided, however, that not less than fifty percent of the outstanding balance of the LOAN in connection with the immediately prior withdrawal period has been repaid, and therefore, the amount of the new available withdrawal shall be determined based upon the sufficiency of the payment source, a situation to be notified by "BANOBRAS" to the TRUST, with copy served onto "CEMEX". To the extent necessary, the latter may be increased by means of contribution made by "CEMEX", of its right and interest to the collection rights into the TRUST, in connection with FUTURE CONTRACTS, in order to comply with the above referred ratio condition of two to one between the LOAN and the payment source, for which, as provided for in the third paragraph of the fourth clause above, the amount available of the LOAN shall be notified by "BANOBRAS" to the trustee of the TRUST, with copy served to "CEMEX".

The TRANCHE "B" [LOAN] shall be revolving under the terms of the provisions set forth in the first paragraph of this clause.

SIXTH. COMMISSION FEES. "CEMEX", acting trough the trustee of the TRUST, hereby agrees to pay to "BANOBRAS", a one-time payable commission fee, upon the occurrence of each withdrawal of the LOAN, and to be paid from proceeds of the LOAN, whether from the TRANCHE "A" [LOAN] or the TRANCHE "B" [LOAN], and [calculated] upon the amount of the relevant withdrawal, according with the following terms:

Commission fees on the TRANCHE "A" [LOAN].

I. An opening credit line fee equal to one per cent.

This commission fee shall apply to withdrawals on the account of TRANCHE "A" and on the account of the TRANCHE "B" [LOAN], taking the following into account: i) the commission shall become payable until the time the aggregate amount the same is lesser or equal to the maximum authorized amount of the LOAN, and ii) the commission shall become payable, provided that the making of such withdrawals does not trigger the revolving nature of such TRANCHE "A" [LOAN].

II. For financial engineering a commission fee equal to one percent.

This commission fee shall apply to withdrawals on the account of TRANCHE "A" and on the account of the TRANCHE "B" [LOAN], taking the following into account: i) the commission shall become payable until the time the aggregate amount the same is lesser or equal to the maximum authorized amount of the LOAN, and ii) the commission shall become payable, provided that the making of such withdrawals does not relate to the revolving portion of such TRANCHE "A" [LOAN].

III. A withdrawal fee equal to zero point twenty-five per cent.

This commission fee shall apply to additional withdrawals made in exercise of the revolving [nature] of the TRANCHE "A" of the LOAN referred to in the fifth clause above.

Commission fees on the TRANCHE "B" [LOAN].

I. An opening credit line fee equal to one per cent.

This commission fee shall apply to withdrawals on the account of TRANCHE "A" and on the account of the TRANCHE "B" [LOAN], taking the following into account: i) the commission shall become payable until the

time the aggregate amount the same is lesser or equal to the maximum authorized amount of the LOAN, and ii) the commission shall become payable, provided that the making of such withdrawals does not relate to the revolving portion of such TRANCHE "A" [LOAN].

II. A withdrawal fee equal to zero point twenty-five per cent.

This commission fee shall apply to additional withdrawals made in exercise of the revolving [nature] of the TRANCHE "B" of the LOAN referred to in the fifth clause above.

All commission fees referred to in this clause shall accrue VAT.

"CEMEX" hereby irrevocably instructs "BANOBRAS" to pay the above referred commission fees from the proceeds of the LOAN, on the dates such commissions should become payable, and to this end, "BANOBRAS" is hereby authorized to make the relevant accounting entries.

To that end, "CEMEX" expressly agrees and acknowledges that all withdrawals made on the account of the LOAN as per the terms noted above, shall be deemed made for the relevant amounts and that in virtue of the foregoing, the provisions of this clause shall not be contested in the future.

SEVENTH. INTEREST. "CEMEX" shall pay "BANOBRAS", on a monthly basis, consistent with the procedure laid down in the following clause, as of the date of the first withdrawal of the LOAN is made, and until it is repaid in full, interest at a rate resulting from adding TIIE quoted at 28 (twenty-eight) days, the following margins:

To the TRANCHE "A": four percentage points; and

To the TRANCHE "B": three percentage points.

For the purposes of this clause, the following definitions shall apply:

Interest Period. [Shall mean] the period to determine interest accruing upon the outstanding balance of the LOAN, which is to commence the day in which the first withdrawal of the LOAN is made, and which shall conclude the same day of the next month. Subsequent interest periods shall commence and conclude pursuant to the same procedure, in other words, they shall commence the same day on which the immediately prior period ends, and shall conclude the same day of the next month.

Notwithstanding the above, there shall be irregular interest periods in the calculation of interest whenever: i) a withdrawal of the LOAN is made on a date which is not an interest payment date, [in which case] accrued interest shall be calculated according to the actual number of days elapsed between the date in which the relevant withdrawal is made and the date in which the next interest payment period expires; ii) governmental agencies and/or private entities deposit funds into the TRUST on a date which is not an interest payment date, [in which case] interest accrued shall be calculated according to the actual number of days elapsed between the date in which the relevant withdrawal is made and the date in which "BANOBRAS" should provide written notice to the trustee of the TRUST, as to the amount payable on the account of interest and principal and then payment by the trustee of the TRUST is made accordingly.

Subsequent withdrawals on the account of each of the Tranches of the LOAN shall be incorporated into the outstanding balance of each Tranche, and thus, the INTEREST PERIOD on the account of such withdrawals shall be adjusted at the closing of the withdrawal period of the first withdrawal of each Tranche.

Except as provided above, payment of interests regarding each period shall be made precisely the day in which the relevant period should conclude.

Whenever an interest period should conclude on a day which is not a banking business, payment shall be extended to the immediately following business banking day, and the relevant extension shall be considered to compute the relevant interest.

TIIE. As to a relevant interest period, [shall mean] the Interbanking Balance Interest Rate *(Tasa de Interes Interbancaria de Equilibrio)* quoted at 28 (twenty-eight) days, as announced by the *Banco de Mexico* in the Federal Official Gazette, as is in force one business day prior to the commencement of each INTEREST PERIOD. The TIIE shall be reviewed on a monthly basis.

If the above rate should be modified or otherwise ceases to exist, the relevant calculation shall be made according with the rate or rates that should replace it, and in the absence of any rate, according with such rate as determined by the Ministry of Finance *(Secretaria de Hacienda y Credito Publico)* from time to time.

BUSINESS BANKING DAY. [Shall mean] the days on which Mexican banking institutions are not authorized to close operations to the general public, and cease business pursuant to the resolutions issued by the National Banking and Securities Commission *(Comision Nacional Bancaria de Valores)*.

Interest rate shall be expressed annually and shall be calculated dividing the applicable interest rate between three hundred and sixty days, and the result obtained multiplied by the actual number of days elapsed during the period in which interest accrue with the applicable interest rate, and the result thereof shall be applied to the outstanding balance of the LOAN.

Upon the default of “CEMEX” to repay the LOAN as it becomes due consistent with the terms of the following clause, “CEMEX” shall pay “BANOBRAS” late interest at a rate equal to the regular interest rate referred to in this clause as it may be in force on the date payment was due, times one point five. Late interest shall be computed over the outstanding balance of the LOAN, and determined on a quarterly basis or fraction thereof, as of the date the same became due until repayment in full.

All payments of interest to be made by “CEMEX” to the trustee of the TRUST, for the benefit of “BANOBRAS”, shall be made on their relevant due dates as provided for in the tenth clause below, without the need of prior demand from “BANOBRAS”.

The parties hereto agree that during the withdrawal period of the TRANCHE “A” of the LOAN, accrued and outstanding interest may be capitalized according to the terms of article three hundred and sixty three of the Commerce Code.

The determination of interest shall be notified one business day prior to the date they become due.

“CEMEX” agrees to contribute funds into the TRUST as it may be necessary to pay interest on the specified dates.

EIGHTH.- REPAYMENT. "CEMEX", acting to the trustee of the TRUST, agrees to repay the outstanding balance of the LOAN to "BANOBRAS", together with interest referred to in the preceding clause, according to the following procedure:

Repayment of the TRANCHE "A" LOAN.

Upon expiration of the withdrawal period on the account of the TRANCHE "A" LOAN, repayments on the account of the LOAN shall be made on each occasion the trustee of the TRUST should receive payments on the account of the GDF CERTIFICATES and/or the PAYMENT DOCUMENTS, excluding VAT, and deducting the portion of the down payment tendered and thus, repayment of the LOAN, as to the TRANCHE "A", shall be completed with payment of the last GDF CERTIFICATE and/or PAYMENT DOCUMENT.

Notwithstanding the above, "CEMEX" hereby agrees that if payment has not been received in full on the account of the GDF CERTIFICATES and/or the PAYMENT DOCUMENTS within a period of FIVE MONTHS following completion of the relevant construction works contemplated in the CONTRACTS and the FUTURE CONTRACTS, "CEMEX" agrees to repay the outstanding balance of the LOAN with independent funds to be contributed to the TRUST corpus, unless:

A quotient shall be determined each time a withdrawal period has expired (a repayment quotient is equal to the result of dividing the consolidated balance of the TRANCHE "A" LOAN between the amount represented by the construction work pending completion the payment of which is outstanding from the contracting governmental agencies or private corporate entities, under the terms of the CONTRACTS and/or FUTURE CONTRACTS, deducting any down payments and excluding the relevant VAT), to be applied to the balance of the TRANCHE "A" LOAN, according to the following formula:

FAt= St / OPEt (Fat equals St divided into OPEt)

Where:

Fat= Repayment quotient during the period "t".

St= Consolidated balance of the TRANCHE "A" LOAN at the end of each withdrawal period during the period "t".

OPEt= Amount of the construction work pending completion and amount of the work pending payment from the contracting governmental agencies or private corporate entities, under the terms of the CONTRACTS and/or FUTURE CONTRACTS, deducting any down payments, and excluding VAT, during the period "t".

"CEMEX" acknowledges that repayment of the LOAN is to be made through the trustee of the TRUST, and that repayment is not to be suspended or interrupted, and that repayments of principal to be made through such trustee shall be made on their relevant due dates, according to the terms of this instrument.

To determine the amount of each installment of repayment "CEMEX" is required to make to "BANOBRAS", prior written notice made by the trustee of the TRUST to "BANOBRAS" as to the amounts of each of the GDF CERTIFICATES and/or the PAYMENT DOCUMENTS received, the quotient (Fat) referred to in the preceding paragraph, shall be multiplied by each of the GDF CERTIFICATES and/or the PAYMENT DOCUMENTS which may have been paid, consistent with the following formula:

Amt= (Fat X MEt)

Where:

Amt= Amount of the repayment installment during the period “t”.

Fat= Repayment quotient during the period “t”.

MEt= Amount of GDF CERTIFICATES and/or the PAYMENT DOCUMENTS paid, exclusive of VAT, during the period “t” deducting any relevant down payments.

“CEMEX”, acting through the trustee of the TRUST, shall tender the relevant repayment on the next business day following [receipt] of the notice referred in the immediately above paragraph.

If at any time during any withdrawal period the TRUST should receive funding on the account of payment of the GDF CERTIFICATES and/or the PAYMENT DOCUMENTS, then the amount of the repayment installment shall be applied to the balance of the consolidated account of the TRANCHE “A” only.

If the value of the collection interest on the account of the CONTRACTS and the FUTURE CONTRACTS should vary for any reason, then “BANOBRAS” may adjust the repayment quotient (FAt) accordingly.

“CEMEX” hereby agrees that upon the event of a rescission or early termination of the CONTRACTS and the FUTURE CONTRACTS, the settlement amount tendered by the relevant contracting governmental agency or private corporate entity, shall be allocated, to its fullest extent, to repay the outstanding balance of the LOAN on record as of such date.

If the BORROWER should fail to make the first withdrawal of the TRANCHE "A" within the foregoing referred time period, "BANOBRAS" may extend the same, provided that, "BANOBRAS" receives a written request to that end from the authorized agent of the BORROWER, and ["BANOBRAS"] approves the same with due anticipation prior to the expiration of the relevant period. Notwithstanding the foregoing, "BANOBRAS" hereby reserves the right to cancel any extension so approved, at any time, by means of written notice thereof to the BORROWER.

FIFTH. INTERESTS. The BORROWER shall pay interests to "BANOBRAS" on a monthly basis, effective as of the date the first withdrawal of the LOAN is made, and until repayment is made in full, at a rate equal to TIIE quoted at 28 (twenty-eight) days, plus four percentage points, and applied over the balance of the TRANCHE "A" and TRANCHE "B". In regards to the TRANCHE "B", the margin may be amended as per the rating of at least one rating agency authorized by the competent authority, to which the trust number 140887-7 (one, four, zero, eight, eight, seven, dash, seven), and formed by the MUNICIPALITY is assigned over (a copy of such trust agreement is attached to the appendix of this instrument under the letter " "). For the purposes hereof, the following definitions shall apply:

A) INTEREST PERIOD. [Shall mean] the period to determine interest accruing upon the outstanding balance of the LOAN, which is to commence the day in which the first withdrawal of the LOAN is made, and which shall conclude the same day of the next month. Subsequent interest periods shall commence and conclude pursuant to the same procedure, in other words, they shall commence the same day on which the immediately prior period ends, and shall conclude the same day of the following month.

Payment of interest relating to any period shall be made precisely on the expiration date of such period.

Whenever an interest period should conclude on a day which is not a banking business day, payment shall be extended to the immediately following business banking day, and the relevant extension shall be considered to compute the relevant interest.

Notwithstanding the above, there shall be irregular interest periods in the calculation of interest whenever the BORROWER should receive funds on a date which is not an interest payment date. In this case accrued interest be calculated by the actual number of days elapsed between the expiration date of the immediately prior interest period and the date in which "BANOBRAS" should provide written notice to the BORROWER as to the amount payable on the account of interest and principal and then payment by the BORROWER is made accordingly.

B) **TIIE.** As to a relevant interest period, [shall mean] the Interbanking Balance Interest Rate *(Tasa de Interes Interbancaria de Equilibrio)* quoted at 28 (twenty-eight) days, as announced by the *Banco de Mexico* in the Federal Official Gazette, as is in force one business day prior to the commencement of each INTEREST PERIOD. The TIIE shall be reviewed on a monthly basis. If the above rate should be modified or otherwise ceases to exist, the relevant calculation shall be made according with the rate or rates that should replace it, and in the absence of any rate, according with such rate as determined by the Ministry of Finance *(Secretaria de Hacienda y Credito Publico)* from time to time.

C) **BANKING BUSINESS DAY.** [Shall mean] the days on which Mexican banking institutions are not authorized to close operations to the general public, and cease business pursuant to the resolutions issued by the National Banking and Securities Commission *(Comision Nacional Bancaria de Valores).*

Interest rate shall be expressed annually and shall be calculated dividing the applicable interest rate between three hundred and sixty days, and the result obtained multiplied by the actual number of days elapsed during the period in which interest accrue with the applicable interest rate, and the result thereof shall be applied to the outstanding balance of the LOAN.

Upon the default of the BORROWER to repay the LOAN as it becomes due consistent with the terms of the following clause, the BORROWER shall pay "BANOBRAS" late interest at a rate equal to the regular interest rate referred to in this clause as it may be in force on the date payment was due, times 1.5 (one point five). Late interest shall be computed over the outstanding balance of principal, and determined on a quarterly basis or fraction thereof, as of the date the same became due until repayment in full.

All payments of interest to be made by the BORROWER to the trustee of the TRUST, for the benefit of "BANOBRAS", shall be made on their relevant due dates as provided for in the eleventh clause below, without the need of prior demand from "BANOBRAS".

The BORROWER and CEMEX agree that if the BORROWER should lack funds to tender payment of the monthly interests, then "CEMEX" will contribute funds into the Trust corpus as it may be necessary to pay interest on the specified dates.

SIXTH.- REPAYMENT. The BORROWER agrees to repay the outstanding balance of the LOAN to "BANOBRAS", together with interest referred to in the preceding clause, according to the following procedure:

Repayment of the TRANCHE "A".

Upon expiration of the withdrawal period on the account of the TRANCHE "A" LOAN, repayments on the account of the LOAN shall be made on each occasion the BORROWER should receive funds from the MUNICIPALITY deriving from the NOTES or deriving from refinancing of the NOTES, excluding VAT, and thus, repayment of the LOAN, as to the TRANCHE "A", shall be completed with payment of the last NOTE or the refinancing thereof. The foregoing is on the understanding that the maximum term to repay the LOAN shall not exceed of five years computed as of the first withdrawal.

The logistic to calculate amortization payments on the LOAN, in regards to the TRANCHE "A" of the LOAN, shall be determined upon expiration of the withdrawal period, with a repayment quotient calculated as follows (a repayment quotient is equal to the result of dividing the outstanding balance of the TRANCHE "A" between the amount represented by the construction work pending completion, payment of which is pending by the MUNICIPALITY, and excluding the relevant VAT), to be applied to the balance of the TRANCHE "A" according to the following formula:

FA= S / OPE (Fat equals St divided by OPE)

Where:

Fa= Repayment quotient during the period.

S= Outstanding balance of the TRANCHE "A" at the end of each withdrawal period during the period.

OPEt= Amount of the construction work pending completion and amount of the work completed but pending payment from the MUNICIPALITY, and excluding VAT.

The BORROWER acknowledges that repayment of the LOAN is not to be suspended or interrupted, and that repayments of principal shall be made on their relevant due dates, according to the terms of this instrument.

To determine the amount of each installment of repayment the BORROWER is required to make to "BANOBRAS", prior written notice made by the BORROWER to "BANOBRAS" as to the amounts of each of the NOTES received, the quotient (Fa) referred to in the preceding paragraph, shall be multiplied by the nominal value of each NOTE, whether refinanced, discounted considering their original nominal value or otherwise, the amount of the payment thereof if the event of an amortization, consistent with the following formula:

Amt (*sic*)= (FA X ME)

Where:

Am= Amount of the repayment installment.

FA= Repayment quotient.

ME= Nominal value of each of the NOTES whether refinanced, discounted considering their original nominal value or otherwise, the amount of the payment thereof if the event of an amortization.

Upon making the calculation of the amount of the repayment installment, "BANOBRAS" shall provide written notice to the BORROWER the amount of the same.

The BORROWER shall tender the relevant repayment on the next business day following receipt of payment of the relevant note amortization.

If the value of the collection interest on the account of the CONSTRUCTION CONTRACT should vary for any reason, "BANOBRAS" may adjust the repayment quotient (FA) accordingly.

Upon the event of a rescission or early termination of the CONSTRUCTION CONTRACT, the settlement amount tendered by the relevant contracting party shall be allocated, to its fullest extent, to repay the outstanding balance of the LOAN on record as of such date, and if such proceeds should prove to be insufficient to pay the outstanding balance of the LOAN, then "CEMEX" agrees to contribute additional funds to the BORROWER.

"CEMEX" hereby agrees that if payment has not been received in full on the account of the CONSTRUCTION CONTRACT within a period of FIVE MONTHS following completion of the relevant construction works contemplated therein, "CEMEX" agrees to contribute the required funds to the BORROWER that will allow the latter to tender the relevant payment, unless:

i) There should be a document in writing substantiating the extension of the term to complete the construction works subject matter of the CONSTRUCTION CONTRACT; or

ii) The CONSTRUCTION CONTRACT should provide for a payment schedule which exceeds the construction schedule of the work, in which case, the repayment schedule [of the LOAN] shall be determined by the payment profile of the NOTES.

Repayment of the TRANCHE "B".

Installments of repayment shall be made on each occasion the BORROWER should receive payments ensuing from the NOTES, and these proceeds shall be applied towards repayment of the outstanding balance of the TRANCHE "B", in the same percentage as determined upon the relevant withdrawal on the account of said NOTES, or consistent with the payment schedule contemplated in the NOTES, as applicable. Any excess proceeds shall be applied consistent with the terms of the Trust.

SEVENTH. COMMISSION FEES. The BORROWER hereby agrees to pay to "BANOBRAS", upon the occurrence of each withdrawal of the LOAN, and to be paid from proceeds of the LOAN, whether from the TRANCHE "A" [LOAN] or the TRANCHE "B" [LOAN], and [calculated] upon the amount of the relevant withdrawal, the following commission fees:

Commission fees on the TRANCHE "A" [LOAN].

I. An opening credit line fee equal to one per cent, plus VAT, calculated upon the amount of the relevant withdrawal, payable upon the making of any withdrawal and from funds of the TRANCHE "A" LOAN.

II. For financial engineering a commission fee equal to one percent, plus VAT, calculated upon the amount of the relevant withdrawal, payable upon the making of any withdrawal and from funds of the TRANCHE "A" LOAN.

Commission fees on the TRANCHE "B" [LOAN].

I. An opening credit line fee equal to one per cent, plus VAT, calculated upon the amount of the relevant withdrawal which is not used for repayment of the TRANCHE "A", payable from funds of the TRANCHE "B" LOAN.

The BORROWER hereby irrevocably instructs "BANOBRAS" to pay the above referred commission fees from the proceeds of the LOAN, on the dates such commissions should become payable, and to this end, "BANOBRAS" is hereby authorized to make the relevant accounting entries.

To that end, the BORROWER expressly agrees and acknowledges that all withdrawals made on the account of the LOAN as per the terms noted above, shall be deemed made for the relevant amounts and that in virtue of the foregoing, the provisions of this clause shall not be contested in the future.

EIGHT. PREPAYMENTS. The BORROWER shall be entitled to make prepayments on the account of the LOAN, in part or in whole, with proceeds different from the funds of the LOAN, without penalty or premium, except for breaking costs for the hedge secured, in which case, the relevant costs shall become payable by the BORROWER. If the hedge is secured from BANOBRAS, then the breaking costs shall become payable consistent with the terms of the ninth clause below.

Prepayments may be tendered by means of two business day prior written notice to "BANOBRAS", provided that accrued and outstanding interests up to the prepayment date are paid as well.

Prepayments shall be applied on their relevant due dates, to the last repayment installment, in decreasing order, thus reducing the repayment term and the outstanding balance of the LOAN.

If the BORROWER should make any prepayments on the account of the TRANCHE "B", such prepayments shall be tendered on the payment date contemplated for the LOAN and the amount of the same shall be the exact number of amortizations of principal to be prepaid.

NINTH. BREAKING COSTS. If any prepayment of the loan (total or partial) should produce a fund breaking relating to the hedge secured for such purposes, these breaking costs ensuing from the imbalance of making a prepayment of the entirety or a portion of the outstanding balance of the LOAN, in the original hedge schedule for the relevant withdrawal, as determined by BANOBRAS and advised to the BORROWER the banking business day following any prepayment made, shall be borne by the BORROWER, together with any VAT accruing thereon. "CEMEX" shall be required to contribute additional funds into the Trust corpus for the foregoing purposes.

The BORROWER agrees that the above referred loss or cost shall be determined by BANOBRAS, who shall rely on formulas and valuation methods for financial derivatives and/or fixed rate loans and/or variable rate loans, as used in the ordinary course of its business, provided that any such formulas or methods are consistent and acceptable in the national financial market.

For the above purposes, BANOBRAS shall advise the BORROWER in addition to the amount of any such braking costs, the procedures and calculations used to determine the same.

TENTH. PAYMENT SOURCE. The following shall be deemed as the payment source of the LOAN:

I. One hundred percent of ["CEMEX's"] right and interest to the collection of the CONSTRUCTION CONTRACT, to the extent not committed and not withdrawn as of the date of execution hereof and/or their contribution thereof to the Trust.

II. Other income contributed by "CEMEX" to the Trust to repay principal and interests on their due dates, in the event the Borrower should lack funds from the TRANCHE "A", and for the payment of interests accruing on the TRANCHE "B".

If the MUNICIPALITY should pay funds on the account of the CONSTRUCTION CONTRACT in a [bank] account other than the Trust account, "CEMEX" agrees to immediately contribute such funds into the Trust corpus and the BORROWER in turn, agrees to tender the same over to "BANOBRAS" immediately upon receipt.

ELEVENTH. PLACE OF PAYMENT. The Borrower agrees to tender payment of all of the obligations herein acquired with "BANOBRAS", before 14:00 (fourteen) hours, central time, on the dates payments are due, in any branch office of *Banco Nacional de Mexico, S.A., Grupo Financiero Banamex* (BANAMEX), with any payment means, to the checking account number 571549 (five, seven, one, five, four, nine), branch office number 870 (eight, seven, zero), location 001 (zero, zero, one), or by means of interbanking payment from any other bank, using the Standardized Banking Code (CLABE) number 002 180 0870 0571549 3 (zero, zero, two, one, eight, zero, zero, eight, seven, zero, zero, five, seven, one, five, four, nine, three), under the name of "BANOBRAS", S.N.C., recovery of receivables from the public and private sector.

"BANOBRAS" reserves the right to change the place and/or form of payment by means of 15 (fifteen) calendar day prior written notice to the BORROWER.

Payments received by "BANOBRAS" in any other place shall not be construed as a new agreement as to the payment place herein agreed. For the purposes of article 2220 (two thousand two hundred and twenty) of the Federal Civil Code, the foregoing provision shall be deemed an express reserve for all relevant purposes.

TWELFTH. PRIORITY OF PAYMENTS. All payments tendered to "BANOBRAS" by the BORROWER, consistent with the purposes stated in the Trust, and from proceeds of the Trust corpus, shall be applied to in the following fashion:

CONSENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders
CEMEX, S.A.B. de C.V.:

We hereby consent to the incorporation by reference in (i) the Registration Statement on Form S-8 (File No. 333-13970) of CEMEX, S.A.B. de C.V., (ii) the Registration Statement on Form S-8 (File No. 333-83962) of CEMEX, S.A.B. de C.V., (iii) the Registration Statement on Form S-8 (File No. 333-86090) of CEMEX, S.A.B. de C.V. and (iv) the Registration Statement on Form S-8 (File No. 333-128657) of CEMEX, S.A.B. de C.V., of our reports dated June 29, 2009, with respect to the consolidated balance sheets of CEMEX, S.A.B. de C.V. and subsidiaries (the Company) as of December 31, 2008 and 2007, and the related consolidated statements of income and changes in stockholders' equity as of December 31, 2008, 2007 and 2006, and the related statement of cash flows as of December 31, 2008, and the related statements of changes in financial position as of December 31, 2007 and 2006, and the related financial statement schedule, and the effectiveness of internal control over financial reporting as of December 31, 2008, which reports appear in the December 31, 2008 Annual Report on Form 20-F of CEMEX, S.A.B. de C.V.

Our report dated June 29, 2009 with respect to the consolidated financial statements described in the preceding paragraph contains an explanatory paragraph that states that the Company's ability to fulfill its short and long-term debt obligations that mature in 2009 is dependent on successfully completing their refinancing, which raises substantial doubt about its ability to continue as a going concern; the consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.
