Section 5.9 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

ARTICLE VI

DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an “Event of Default”:

(i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;

(ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;

(iii) the failure to perform or comply with any of the provisions described under Article IV;

(iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of Restricted Subsidiaries that are not Note Guarantors, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;

(v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:

(A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or

(B) results in the acceleration of such Indebtedness prior to its stated maturity;

and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this (a) at the relevant time, aggregates U.S.$50.0 million or more;

(vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.$100.0 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;

(vii) a Bankruptcy Event of Default; or

(viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor's obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

(i) if the rescission would not conflict with any judgment or decree;

(ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;

(iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and

(iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

(c) The Trustee is not to be charged with knowledge of any Default or Event of Default or knowledge of any cure of any Default or Event of Default unless written notice of such Default or Event of Default has been given to an authorized officer of the Trustee with direct responsibility for the administration of this Indenture by the Issuer or any Holder.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided*, *however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

(i) such Holder gives to the Trustee written notice of a continuing Event of Default;

(ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;

(iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;

(iv) the Trustee does not comply within 60 days; and

(v) during such 60-day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

provided, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

(a) The Trustee may (irrespective of whether the principal of the Notes is then due):

(i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and

(ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

ARTICLE VII

TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

(i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; *provided*, *however*, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots, interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall deliver to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this Section 7.7) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this Section 7.7, the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this Section 7.7 shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this Section 7.7 shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this Section 7.7 or Section 6.10.

Section 7.8 Replacement of Trustee.

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may upon 30 days prior written notice remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

(i) the Trustee fails to comply with Section 7.10;

(ii) the Trustee is adjudged bankrupt or insolvent;

(iii) a receiver or other public officer takes charge of the Trustee or its property; or

(iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the "Security Documents") as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance.

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or Section 8.1(c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer's exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

(i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,

(ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,

(iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and

(iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event or Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in U.S. Legal Tender or U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be; *provided* that (x) upon any redemption that requires the payment of a Make-Whole Amount, the amount deposited will be sufficient for purposes of the Indenture to the extent that an amount is deposited with the Trustee equal to the Make-Whole Amount calculated as of the date of the notice of redemption, with any deficit as of the date of redemption only required to be deposited with the Trustee on or prior to the date of redemption and (y) such deficit amount will be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such deficit amount that confirms that such deficit amount will be applied toward such redemption;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

(i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or

(ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust U.S. Legal Tender or U.S. Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited U.S. Legal Tender or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon written request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for U.S. Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal and interest received on such U.S. Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted to apply all such U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII; *provided, however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from U.S. Legal Tender or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

(i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or

(ii) (x) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of one or more notices of redemption or otherwise (in the case that such Notes have become due and payable as a result of the mailing or electronic delivery of a notice of redemption, after any conditions precedent to redemption have been satisfied or waived in writing by the Issuer), will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee, in trust, for the benefit of the holders, cash in U.S. Legal Tender, U.S. Government Obligations, or a combination thereof, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest (including Additional Amounts) on the Notes to the stated date of deposit thereof or on the applicable redemption date, as the case may; *provided* that (x) upon any redemption that requires the payment of a Make-Whole Amount, the amount deposited will be sufficient for purposes of the Indenture to the extent that an amount is deposited with the Trustee equal to the Make-Whole Amount calculated as of the date of the notice of redemption, with any deficit as of the date of redemption only required to be deposited with the Trustee on or prior to the date of redemption and (y) such deficit amount will be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such deficit amount that confirms that such deficit amount will be applied toward such redemption; and (y) the Issuer has delivered irrevocable instructions directing the Trustee to apply such funds to the payment of the Notes at maturity or the redemption date, as the case may be;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX

AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

(i) to cure any ambiguity, omission, defect or inconsistency;

(ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;

(iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; *provided*, *however*, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;

(iv) to add guarantees with respect to the Notes or to secure the Notes;

(v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;

(vi) to make any change that does not, in the opinion of the Issuer, as conclusively evidenced by an Officer's Certificate to such effect, adversely affect the rights of any Holder in any material respect;

(vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;

(viii) to comply with the requirements of any applicable securities depositary;

(ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or

(x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange operating as Euronext Dublin.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes(including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

(i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;

(iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;

(iv) make any Notes payable in money other than that stated in the Notes;

(v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;

(vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;

(vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or

(viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

ARTICLE X

NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

(i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;

(ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;

(iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;

(iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;

(vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;

(viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;

(ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;

(x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;

(xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;

(xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;

(xiii) any change in the ownership of the Issuer;

(xiv) any change in the laws, rules or regulations of any jurisdiction;

(xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and

(xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

(i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;

(ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;

(iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;

(iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the Código Civil Federal of Mexico and the Código Civil of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

(i) the unpaid amount of such Obligations then due and owing; and

(ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

provided, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

(i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and

(ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

(i) there is a Legal Defeasance of the Notes pursuant to Article VIII;

(ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;

(iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;

(iv) either (A) the 2017 Facilities Agreement Indebtedness has been repaid in full and such Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such 2017 Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Note Guarantor; or

(v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3, L. 242-6 or L. 244-1 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Note Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a "Swiss Note Guarantor") are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the "Restricted Obligations") and the aggregate use of the proceeds from the enforcement of any security interest granted by a Swiss Note Guarantor shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor's Free Reserves Available for Distribution (as defined below) at the time payment or the application of proceeds from the realization of a security interest is requested, or the maximum amount permitted by Swiss law at such time, *provided*, that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date therefor or the application of proceeds from the realization of a security interest until such time as performance is permitted notwithstanding such limitation.

(c) For the purposes of this clause, "Free Reserves Available for Distribution" means an amount equal to the maximal amount in which the Swiss Note Guarantor can make a dividend payment to its shareholder(s) (being the year to date balance sheet profit and any freely disposable equity available for this purpose, in each case, in accordance with applicable Swiss law). The freely disposable equity represents the total shareholder equity less the total of: (i) the aggregate share capital, (ii) the statutory reserves (including reserves for own shares and revaluations), to the extent such reserves cannot be transferred into unrestricted, distributable reserves, and (iii) any freely disposable equity that has to be blocked for any loans granted by the Swiss Note Guarantor to a direct or indirect shareholder or a direct or indirect subsidiary of such shareholder.

As soon as reasonably practicable after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, promptly thereafter, pay the lesser of (i) that Restricted Obligation and (ii) the amount corresponding to the Free Reserves Available for Distribution or the maximum amount permitted by Swiss law applicable at the time discharge is requested to the Trustee (save to the extent provided below).

(d) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

(i) if and to the extent required by applicable law in force at the relevant time:

(A) procure that such payments can be made without deduction of Swiss withholding tax, or with deduction of Swiss withholding tax at a reduced rate, by discharging the liability to such tax by notification pursuant to applicable law (including double tax treaties) rather than payment of the Tax;

(B) if the notification procedure pursuant to paragraph (A) above does not apply and subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time), or if the notification procedure pursuant to paragraph (A) above applies for a part of the Swiss withholding tax only, deduct Swiss withholding tax at the reduced rate resulting after the discharge of part of such Tax by notification under applicable law, from any payment made by it and promptly pay any such taxes to the Swiss Federal Tax Administration; and

(C) notify the Trustee that such notification or, as the case may be, deduction has been made and provide evidence to the Trustee that such a notification of the Swiss Federal Tax Administration has been made, or, as the case may be, that such Swiss withholding tax has been paid to the Swiss Federal Tax Administration;

(ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of Switzerland then in force and *provided*, that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax:

(y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and

(z) pay to the Trustee upon receipt any amount so refunded.

(e) The Swiss Note Guarantor will take, and cause to be taken, as soon as reasonably practicable, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(f) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this Section 10.6 and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an "Undervalued Asset"), the Swiss Note Guarantor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor's business (*nicht betriebsnotwendig*).

The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) hereby represent and warrant that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree to take any and all action, including the filing of any and all documents, that may be necessary to continue each such appointment in full force and effect as aforesaid so long as the Notes remain outstanding. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) of a successor agent in the City of New York, New York as each of their authorized agent for such purpose and the acceptance of such appointment by such successor. Section 12.13 [Reserved].

Section 12.14 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents; Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

FORM OF REVERSE SIDE OF NOTE

7.375% Senior Secured Notes due 2027

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX, S.A.B. de C.V., a publicly traded variable stock corporation (*sociedad anónima bursátil de capital variable*) organized under the laws of the United Mexican States (together with its successors and assigns, the "Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing on December 5, 2020; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from June 5, 2020; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after June 5, 2020), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from June 5, 2020. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest ("Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 10:00 a.m. New York City time on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in U.S. Legal Tender.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by DTC. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided*, *however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.$10,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee, Paying Agent and Registrar. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of June 5, 2020 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. U.S.$1,000,000,000 in aggregate principal amount of Notes will be issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction or formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. Any redemption and notice may, in the Issuer's discretion, be subject to the satisfaction of one or more conditions precedent. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after June 5, 2023, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on June 5 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption:

Year	Percentage
2023	103.688%
2024	101.844%
2025 and thereafter	100.000%

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

Prior to June 5, 2023, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of the redemption price of the Notes to be redeemed at June 5, 2023 (such redemption price being set forth in the table appearing above, the "First Call Date") plus each remaining scheduled payment of interest thereon during the period between the redemption date and the First Call Date (exclusive of interest accrued to, but not including, the date of redemption), in each case, discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points (the "Make-Whole Amount"), plus, in each case any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption, *provided, however,* that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

"Treasury Rate" means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue (as defined below), assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price (as defined below) for such Redemption Date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker (as defined below) as having an actual or interpolated maturity that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity through the First Call Date.

"Comparable Treasury Price" means, with respect to any Redemption Date (1) the average of the Reference Treasury Dealer Quotations (as defined below) for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if the Independent Investment Banker or Issuer obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers (as defined below) appointed by the Issuer.

"Reference Treasury Dealer" means any one of Citigroup Global Markets Inc. and J.P. Morgan Securities LLC or their respective affiliates which are primary United States government securities dealers and not less than two other leading primary United States government securities dealers in New York City reasonably designated by the Issuer; *provided, however*, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a "Primary Treasury Dealer"), the Issuer will substitute therefore another Primary Treasury Dealer.

"Reference Treasury Dealer Quotation" means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Independent Investment Banker or Issuer in good faith, of the bid and asked price for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker or Issuer by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such Redemption Date.

Optional Redemption upon Equity Offerings. At any time, or from time to time, on or prior to June 5, 2023, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 107.375% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption; *provided*, that:

(a) after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and

(b) the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the 2017 Facilities Agreement.

"Equity Offering" means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

Optional Redemption for Changes in Withholding Taxes. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction), the Issuer or any Note Guarantor would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see "Additional Amounts"), then, at the Issuer's option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 15 nor more than 60 days' notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption; *provided*, *however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which the Issuer or any Note Guarantor would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided, further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

Prior to the publication of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

(a) an Officer's Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer's right to redeem have occurred, and

(b) an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date, interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

Change of Control Offer. If a Change of Control occurs, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon to, but not including the date of purchase, on the terms and conditions set forth in the Indenture. Within 30 days following the date upon which the Change of Control occurred, the Issuer shall make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is electronically sent or mailed, other than as may be required by applicable law.

Asset Sale Offer. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. In the event the proceeds from a permitted Asset Sale exceed certain amounts and are not applied as specified in the Indenture, the Issuer will be required to make an Asset Sale Offer to purchase to the extent of such remaining proceeds each Holder's Notes together with holders of certain other Indebtedness at 100% of the principal amount thereof, plus accrued interest (if any) to the Asset Sale Offer Payment Date, as more fully set forth in the Indenture.

7. Denominations; Transfer; Exchange

The Notes are in fully registered form without coupons, and only in denominations of principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements or transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. The Registrar shall not be required to register the transfer or exchange of (x) any Note for a period beginning: (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.

8. Persons Deemed Owners

The registered holder of this Note may be treated as the owner of it for all purposes.

9. Unclaimed Money

If money for the payment of principal or interest remains unclaimed for two years, the Trustee or Paying Agent shall pay the money back to the Issuer at its request unless an abandoned property law designates another Person. After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee U.S. Legal Tender or U.S. Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

11. Amendment, Waiver

Subject to certain exceptions set forth in the Indenture, (i) the Indenture or the Notes may be amended or supplemented with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes and (ii) any default (other than with respect to nonpayment or in respect of a provision that cannot be amended or supplemented without the written consent of each Holder affected) or noncompliance with any provision may be waived with the written consent of the Holders of a majority in aggregate principal amount of the then Outstanding Notes. Subject to certain exceptions set forth in the Indenture, without the consent of any Holder, the Issuer and the Trustee may amend or supplement the Indenture or the Notes to, among other things, cure any ambiguity, omission, defect or inconsistency, or to comply with Article IV of the Indenture, or to provide for uncertificated Notes in addition to or in place of certificated Notes, or to add guarantees with respect to the Notes or to secure the Notes, or to add additional covenants or surrender rights and powers conferred on the Issuer or the Note Guarantors, or to make any change that does not adversely affect the rights of any Holder, or to provide for the issuance of Additional Notes.

12. Defaults and Remedies

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Outstanding Notes may declare all the Notes to be due and payable immediately. A Bankruptcy Event of Default will result in the Notes being due and payable immediately upon the occurrence of such Bankruptcy Event of Default.

Holders may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may refuse to enforce the Indenture or the Notes unless it receives reasonable indemnity or security. Subject to certain limitations, Holders of a majority in principal amount of the Outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing Default or Event of Default (except a Default or Event of Default in payment of principal or interest) if it determines that withholding notice is in their interest.

13. Trustee Dealings with the Issuer and the Note Guarantors

Subject to certain limitations set forth in the Indenture, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuer, any Note Guarantor or its Affiliates and may otherwise deal with the Issuer, any Note Guarantor or its Affiliates with the same rights it would have if it were not Trustee.

14. No Recourse Against Others

An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or the Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each holder waives and releases all such liability.

17. CUSIP Number

Pursuant to a recommendation promulgated by the Committee on Uniform Security Identification Procedures the Issuer has caused CUSIP or other similar numbers to be printed on the Notes and has directed the Trustee to use CUSIP number in notices of redemption as a convenience to Holders. No representation is made as to the accuracy of such numbers either as printed on the Notes or as contained in any notice of redemption and reliance may be placed only on the other identification numbers placed thereon.

18. Governing Law

This Note shall be governed by, and construed in accordance with, the laws of the State of New York.

19. Currency of Account; Conversion of Currency.

U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and the Note Guarantors under or in connection with the Notes or the Indenture, including damages. The Issuer and the Note Guarantors have irrevocably submitted to the jurisdiction of such courts for such purpose and waived, to the fullest extent permitted by law, trial by jury and any objection they may now or hereafter have to the laying of venue of any such proceeding, and any claim they may now or hereafter have that any proceeding in any such court is brought in an inconvenient forum and the right to any other jurisdiction. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) have appointed CEMEX NY Corporation, 590 Madison Avenue, 27th Floor, New York, NY 10022, as each of their authorized agent upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon the Indenture or the Notes which may be instituted in any state or federal court in the City of New York and County of New York. Said accessions will be carried out through the granting of the corresponding deed or accession policy, and all the above without the need for new consent of the pledging agents or pledgee creditors, for having given their consent in advance in the Contract of Relationship between Creditors and in the Pledge Policy itself.

IV. That the Bank expressly states that the accession to which the Stipulations of this Deed refer to, is formalized as a mere instrument for the execution of the rights attributed to the Bank in the Pledge Policy, from which it causes, so that the payment obligations derived from the Bond Issue are guaranteed with a real right of pledge of first rank over the Shares (as defined in the Pledge Policy), concurrent with the remaining Pledges.

V. That in virtue of the above, the Bank wishes to grant This Deed of Accession (hereinafter, the "Deed") in accordance with the following

STIPULATIONS

FIRST.- ACCESSION TO THE PLEDGE POLICY.

By this Deed, the Bank adheres, ratifies and approves the Pledge Policy in all its contents, full content of which declares to know, giving therefore to such bestowal full value and legal effectiveness and accepting that the obligations of payment derived from the Bond Issue are guaranteed with a real right of pledge of first range over the Shares (as defined in Pledge Policy), concurrent with the remaining Pledges.

Lundberg and Mr. Bret Derman, as legal representatives of THE BANK OF NEW MELLON, before the Notary Public of New York, Mr. Bret S. Derman, on July four, two thousand and twenty.

The power is duly apostilled pursuant to The Hague Convention. And I, the Notary, for my knowledge of the legislation of the State of New York on this matter; for being granted before a Notary of said country; because the powers there and thus granted become effective in the same manner as in the country of origin, because the special powers are not registered in the Commercial Register of New York, because the Notary of New York verified the identity, legal capacity and compliance with all national formalities and because said act is valid according to the rules of private international law, in view of the purposes of article 36 of the Mortgage Regulations (*Reglamento Hipotecario)* and the Third Additional Provision of Law 15/2015 (*Disposición Adicional Tercera de la Ley 15/2015*) concerning Voluntary Jurisdiction, I consider the principle of equivalence of forms as fulfilled.

Having said power of attorney at sight, I attached it to this instrument as it forms an integral part of it, and I hereby declare that the powers conferred therein are sufficient and enough to grant this deed of accession of pledge.

And having nothing else to declare, I issue this instrument on this single sheet of notarial paper, I, the Notary, officially attest thereto. Signed. ANTONIO PÉREZ-COCA CRESPO. Initialed. Seal of the Notary's Office.

DILIGENCE.- That I, the Notary, put it in record that on August four, two thousand and twenty, I delivered it at the Post Office Branch located at office 2825494, E.O MINISTRY OF PUBLIC ADMINISTRATION, as Certificate and notice of receipt of a copy of the abovementioned certificate, and that the official in charge of the service has provided me with the receipt whose photocopy is attached.

This diligence is recorded after the deed upon which it is based, which I, the Notary, hereby certify.

In Madrid as of August four, two thousand and twenty. Signed. ANTONIO PÉREZ-COCA CRESPO. Initialed. Seal of the Notary's Office.

DILIGENCE.- On August twelve, two thousand and twenty, I obtained through telematic services of the postal website www.correos.es, the acknowledgment of receipt of the aforementioned diligence, in which the certificate appears as delivered on August ten, two thousand and twenty. This diligence is recorded after the previous one, which I, the Notary, hereby certify. In Madrid, as of August twelve, two thousand and twenty.

Signed. ANTONIO PÉREZ-COCA CRESPO. Initialed. Seal of the Notary's Office.

For purposes of making the computation referred to above, Material Acquisitions and Material Dispositions (as determined in accordance with GAAP) that have been made by the Issuer or any of its Restricted Subsidiaries during the Four Quarter Period or subsequent to such Four Quarter Period and on or prior to or simultaneously with the Fixed Charge Calculation Date shall be calculated on a *pro forma* basis assuming that all such Material Acquisitions and Material Dispositions (and the change in any associated fixed charge obligations and the change in Consolidated Adjusted EBITDA resulting therefrom) had occurred on the first day of the Four Quarter Period. If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into the Issuer or any of its Restricted Subsidiaries since the beginning of such period shall have made any Material Acquisition or Material Disposition that would have required adjustment pursuant to this definition, then the Consolidated Fixed Charge Coverage Ratio shall be calculated giving *pro forma* effect thereto.

If any Indebtedness bears a floating rate of interest and is being given *pro forma* effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Fixed Charge Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Issuer to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a *pro forma* basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period except as set forth in the first paragraph of this definition. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

Furthermore, in calculating "Consolidated Fixed Charges" for purposes of determining the denominator (but not the numerator) of this "Consolidated Fixed Charge Coverage Ratio,"

(a) interest on outstanding Indebtedness determined on a fluctuating basis as of the date of determination and which will continue to be so determined thereafter will be deemed to have accrued at a fixed rate per annum equal to the rate of interest on such Indebtedness in effect on such date of determination;

(b) if interest on any Indebtedness actually Incurred on such date of determination may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rates, then the interest rate in effect on such date of determination will be deemed to have been in effect during the Four Quarter Period; and

(a) The Issue Date Notes are being originally offered and sold by the Issuer pursuant to a Purchase Agreement, dated as of September 14, 2020, among the Issuer, the Note Guarantors party thereto, and BNP Paribas Securities Corp., BofA Securities, Inc. and J.P. Morgan Securities LLC, as representatives of the initial purchasers named therein. The Notes will be issued as one or more Global Notes in fully registered form without interest coupons, and only in denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. Each such Global Note shall constitute a single Note for all purposes under this Indenture. Certificated Notes, if issued pursuant to the terms hereof, will be issued in fully registered certificated form without coupons. The Notes may only be issued in definitive fully registered form without coupons and only in denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. The Notes and the Trustee's certificate of authentication shall be substantially in the form of Exhibit A hereto.

(b) The terms and provisions of the Notes, the form of which is in Exhibit A hereto, shall constitute, and are hereby expressly made, a part of this Indenture, and, to the extent applicable, the Issuer, the Note Guarantors and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. Except as otherwise expressly permitted in this Indenture, all Notes (including Additional Notes) shall be identical in all respects. Notwithstanding any differences among them, all Notes issued under this Indenture shall vote and consent together on all matters as one class and are otherwise treated as a single issue of securities.

(c) The Notes may have notations, legends or endorsements as specified in Section 2.8 or as otherwise required by law, stock exchange rule or DTC, Euroclear or Clearstream rule or usage. Each Note shall be dated the date of its authentication.

(b) A Note shall not be valid until electronically or manually authenticated by an authorized signatory of the Trustee or an agent appointed by the Trustee (and reasonably acceptable to the Issuer) for such purpose (an "Authenticating Agent"). The electronic or manual signature of an authorized signatory of the Trustee or an Authenticating Agent on a Note shall be conclusive evidence that such Note has been duly and validly authenticated and issued under this Indenture. Unless limited by the terms of its appointment, an Authenticating Agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by an Authenticating Agent.

(c) At any time and from time to time after the execution and delivery of this Indenture, the Trustee shall authenticate and make available for delivery Notes upon a written order of the Issuer signed by an Officer of the Issuer (the "Issuer Order"). An Issuer Order shall specify the amount of the Notes to be authenticated and the date on which the original issue of Notes is to be authenticated.

(d) In case a Successor Issuer has executed an indenture supplemental hereto with the Trustee pursuant to Article IV, any of the Notes authenticated or delivered prior to such transaction may, from time to time, at the request of the Successor Issuer be exchanged for other Notes executed in the name of the Successor Issuer with such changes in phraseology and form as may be appropriate, but otherwise identical to the Notes surrendered for such exchange and of like principal amount; and the Trustee, upon Issuer Order of the Successor Issuer, shall authenticate and deliver Notes as specified in such order for the purpose of such exchange. If Notes shall at any time be authenticated and delivered in any new name of a Successor Issuer pursuant to this Section 2.2 in exchange or substitution for or upon registration of transfer of any Notes, such Successor Issuer, at the option of the Holders but without expense to them, shall provide for the exchange of all Notes at the time Outstanding for Notes authenticated and delivered in such new name.

The Issuer may have one or more co-Registrars and one or more additional paying agents. The term "Paying Agent" includes any additional paying agent.

(b) The Issuer shall enter into an appropriate agency agreement with any Registrar, Paying Agent or co-Registrar not a party to this Indenture. The agreement shall implement the provisions of this Indenture that relate to such agent. The Issuer shall notify the Trustee of the name and address of each such agent. If the Issuer fails to maintain a Registrar or Paying Agent, the Trustee shall act as such and shall be entitled to appropriate compensation therefor pursuant to Section 7.7. The Issuer or any Affiliate of the Issuer may act as Paying Agent, Registrar or co-Registrar, or transfer agent.

(c) The Issuer initially designates the Corporate Trust Office of the Trustee as such office or agency of the Issuer as required by Section 2.3(a) and appoints the Trustee as Registrar, Paying Agent, Transfer Agent and agent for service of demands and notices in connection with the Notes and this Indenture, until such time as another Person is appointed as such.

Section 2.4 Paying Agent to Hold Money in Trust. The Issuer shall require each Paying Agent (other than the Trustee) to agree in writing that such Paying Agent shall hold in trust for the benefit of Holders or the Trustee all money held by such Paying Agent for the payment of principal of or interest on the Notes and shall notify the Trustee in writing of any Default by the Issuer or any Note Guarantor in making any such payment. If the Issuer or an Affiliate of the Issuer acts as Paying Agent, it shall segregate the money held by it as Paying Agent and hold it as a separate trust fund. The Issuer at any time may require a Paying Agent (other than the Trustee) to pay all money held by it to the Trustee and to account for any funds disbursed by such Paying Agent. Upon complying with this Section 2.4, the Paying Agent (if other than the Issuer or any Affiliate of the Issuer) shall have no further liability for the money delivered to the Trustee. Upon any proceeding under any Bankruptcy Law with respect to the Issuer or any Affiliate of the Issuer, if the Issuer or such Affiliate is then acting as Paying Agent, the Trustee shall replace the Issuer or such Affiliate as Paying Agent.

Section 2.5 Holder Lists. The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. At any time that the Trustee is not the Registrar the Issuer shall furnish to the Trustee, in writing at least seven Business Days before each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of Holders.

Section 2.6 CUSIP Numbers. The Issuer in issuing Notes may use “CUSIP” numbers, as applicable (if then generally in use), and, if so, the Trustee shall use for the Securities “CUSIP” number in notices to the Holders as a convenience to such Holders; *provided*, that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Notes or as contained in any notice and that reliance may be placed only on the other identification numbers printed on the Notes, and any such notice shall not be affected by any defect in or omission of such numbers. The Issuer will promptly notify the Trustee in writing of any changes in the “CUSIP” numbers.

Section 2.7 Global Note Provisions.

(a) Each Global Note initially shall: (i) be registered in the name of DTC or the nominee of DTC, (ii) be delivered to the Note Custodian and (iii) bear the appropriate legends as set forth in Section 2.8 and Exhibit A hereto. Any Global Note may be represented by one or more certificates. The aggregate principal amount of each Global Note may from time to time be increased or decreased by adjustments made on the records of the Note Custodian, as provided in this Indenture.

(b) Except as provided in clause (iii) of Section 2.7(c), members of, or participants in, DTC ("Agent Members") shall have no rights under this Indenture with respect to any Global Note held on their behalf by DTC or by the Note Custodian, and DTC may be treated by the Issuer, any Note Guarantor, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar and any of their respective agents as the absolute owner of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall (i) prevent the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar or any of their respective agents from giving effect to any written certification, proxy or other authorization furnished by DTC or (ii) impair, as between DTC and its Agent Members, the operation of customary practices of DTC governing the exercise of the rights of an owner of a beneficial interest in any Global Note. The registered Holder of a Global Note may grant proxies and otherwise authorize any person, including DTC, or its nominee, Agent Members and persons that may hold interests through Agent Members, to take any action that a Holder is entitled to take under this Indenture or the Notes.

(c) Except as provided in this Section 2.7(c), owners of beneficial interests in Global Notes will not be entitled to receive Certificated Notes in exchange for such beneficial interests.

(i) Certificated Notes shall be issued to all owners of beneficial interests in a Global Note in exchange for such beneficial interests if (A) DTC notifies the Issuer that it is unwilling or unable to continue as depositary for such Global Note or (B) DTC ceases to be a clearing agency registered under the Exchange Act, at a time when DTC is required to be so registered in order to act as depositary, and in each case a successor depositary is not appointed by the Issuer within 90 days of such notice. In connection with the exchange of an entire Global Note for Certificated Notes pursuant to this clause (i) of this Section 2.7(c), such Global Note shall be deemed to be surrendered to the Trustee for cancellation, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and deliver to each beneficial owner identified by DTC in exchange for its beneficial interest in such Global Note, an equal aggregate principal amount of Certificated Notes of authorized denominations, and the Registrar shall register such exchanges in the Note Register.

(ii) The owner of a beneficial interest in a Global Note will be entitled to receive Certificated Notes in exchange for such interest if an Event of Default has occurred and is continuing. If an Event of Default has occurred and is continuing, upon receipt by the Registrar of instructions from Agent Members through DTC on behalf of the owner of a beneficial interest in a Global Note directing the Registrar to exchange such beneficial owner's beneficial interest in such Global Note for Certificated Notes, subject to and in accordance with the Applicable Procedures, the Issuer shall promptly execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to such beneficial owner, Certificated Notes in a principal amount equal to such beneficial interest in such Global Note.

(iii) If (A) an event described in clause (i) of Section 2.7(c) occurs and Certificated Notes are not issued promptly to all beneficial owners or (B) the Registrar receives from a beneficial owner the instructions described in clause (ii) of Section 2.7(c) and Certificated Notes are not issued promptly to any such beneficial owner, the Issuer expressly acknowledges, with respect to the right of any Holder to pursue a remedy pursuant to Section 6.6 hereof, the right of any beneficial owner of Notes to pursue such remedy with respect to the portion of the Global Note that represents such beneficial owner's Notes as if such Certificated Notes had been issued.

Section 2.8 Legends.

(a) Each Global Note shall bear the legend specified therefor in Exhibit A hereto on the face thereof.

(i) upon receipt by the Registrar of:

(A) instructions from an Agent Member given to DTC in accordance with the Applicable Procedures directing DTC to credit or cause to be credited a beneficial interest in the Regulation S Global Note in a principal amount equal to the principal amount of the beneficial interest to be transferred,

(C) a certificate in the form of Exhibit B or Exhibit C hereto, as applicable, duly executed by the transferor;

(ii) the Note Custodian shall increase the Regulation S Global Note and decrease the Rule 144A Global Note in accordance with the foregoing, and the Registrar shall register the transfer in the Note Register.

(b) Transfers of Beneficial Interests in a Regulation S Global Note. Subject to the Applicable Procedures, the following provisions shall apply with respect to any proposed transfer of an interest in a Regulation S Global Note that is a Restricted Note:

Any registration of transfer of Restricted Notes (including Certificated Notes) not described above (other than a transfer of a beneficial interest in a Global Note that does not involve an exchange of such interest for a Certificated Note or a beneficial interest in another Global Note, which must be effected in accordance with applicable law and the Applicable Procedures, but is not subject to any procedure required by this Indenture) shall be made only upon receipt by the Registrar of such Opinions of Counsel, certificates and such other evidence reasonably required by and satisfactory to it in order to ensure compliance with the Securities Act or in accordance with Section 2.9(d).

(d) Use and Removal of Private Placement Legends. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) not bearing (or not required to bear upon such transfer, exchange or replacement) a Private Placement Legend, the Note Custodian and Registrar shall exchange such Notes (or beneficial interests) for beneficial interests in a Global Note or Certificated Notes if they have been issued pursuant to Section 2.7(c) that does not bear a Private Placement Legend. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) bearing a Private Placement Legend, the Note Custodian and Registrar shall deliver only Notes (or beneficial interests in a Global Note) that bear a Private Placement Legend unless:

(i) such Notes (or beneficial interests) are transferred pursuant to Rule 144 upon delivery to the Registrar of a certificate of the transferor in the form of Exhibit C hereto, and an Opinion of Counsel reasonably satisfactory to the Registrar;

(ii) such Notes (or beneficial interests) are transferred, replaced or exchanged after the Resale Restriction Termination Date therefor and, in the case of any such Restricted Notes, the Issuer has complied with the applicable procedures for delegending in accordance with Section 2.9(h); or

The Holder of a Global Note bearing a Private Placement Legend may exchange an interest therein for an equivalent interest in a Global Note not bearing a Private Placement Legend upon transfer of such interest pursuant to this Section 2.9(d).

(e) Consolidation of Global Notes and Exchange of Certificated Notes for Beneficial Interests in Global Notes. If a Global Note not bearing a Private Placement Legend is Outstanding at the time of a removal of legends pursuant to Section 2.9(h), any interests in a Global Note delegended pursuant to Section 2.9(h) shall be exchanged for interests in such Outstanding Global Note, subject to the proviso at the end of Section 2.14(a).

(f) Retention of Documents. The Registrar and the Trustee shall retain copies of all letters, notices and other written communications received pursuant to this Article II and in accordance with the Trustee's, or if different, the Registrar's, record retention procedures. The Issuer shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Registrar or the Trustee, as the case may be.

(g) General Provisions Relating to Transfers and Exchanges.

(i) Subject to the other provisions of this Section 2.9, when Notes are presented to the Registrar or a co-Registrar with a request to register the transfer of such Notes or to exchange such Notes for an equal principal amount of Notes of other authorized denominations, the Registrar or co-Registrar shall register the transfer or make the exchange as requested if its requirements for such transaction are met; *provided*, that any Notes presented or surrendered for registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar or co-Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.

(iv) The Registrar or co-Registrar shall not be required to register the transfer of or exchange of (x) any Note for a period beginning (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.

(v) Prior to the due presentation for registration of transfer of any Note, the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar may deem and treat the Person in whose name a Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Note and for all other purposes whatsoever, whether or not such Note is overdue, and none of the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar or the Note Custodian shall be affected by notice to the contrary.

(1) instruct the Trustee in writing to remove the Private Placement Legend from such Notes, and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from any Global Notes representing such Notes without further action on the part of Holders;

(2) notify Holders of such Notes that the Private Placement Legend has been removed or deemed removed; and

(3) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

In no event will the failure of the Issuer to provide any notice set forth in this paragraph or of the Trustee to remove the Private Placement Legend constitute a failure by the Issuer to comply with any of its covenants or agreements set forth in Section 6.1 or otherwise. Any Restricted Note (or security issued in exchange or substitution therefor) as to which such restrictions on transfer shall have expired in accordance with their terms may, upon surrender of such Restricted Note for exchange to the Registrar in accordance with the provisions of Article II of this Indenture, be exchanged for a new Note or Notes, of like tenor and aggregate principal amount, which shall not bear the Private Placement Legend. The Issuer shall notify the Trustee in writing upon occurrence of the Resale Restriction Termination Date for any Note.

(1) instruct the Trustee in writing to remove the Private Placement Legend from such Regulation S Global Note (including setting forth the basis for such removal), and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from such Regulation S Global Note without further action on the part of Holders; and

(2) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

(iii) Notwithstanding any provision herein to the contrary, in the event that Rule 144 as promulgated under the Securities Act (or any successor rule) is amended to change the one-year holding period thereunder (or the corresponding period under any successor rule), (A) each reference in this Section 2.9(h) to "one year" and in the Private Placement Legend described in Section 2.8(b) and Exhibit A hereto to "ONE YEAR" shall be deemed for all purposes hereof to be references to such changed period, and (B) all corresponding references in this Indenture (including the definition of Resale Restriction Termination Date), the Notes and the Private Placement Legends thereon shall be deemed for all purposes hereof to be references to such changed period; *provided*, that such changes shall not become effective if they are otherwise prohibited by, or would otherwise cause a violation of, the then-applicable federal securities laws; *provided further* that if such change does not apply to existing Notes, all references to "one year" in this Indenture shall not be deemed for all purposes hereof to be references to such changed period. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.

(i) No Obligation of the Trustee.

(i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Note, Agent Members or any other

Persons with respect to the accuracy of the records of DTC or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than DTC) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be DTC or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through DTC, subject to the applicable rules and procedures of DTC. The Trustee may rely and shall be fully protected in relying upon information furnished by DTC with respect to its Agent Members and any beneficial owners.

(ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

(i) the requirements of Section 8-405 of the Uniform Commercial Code are met,

(ii) the Holder satisfies any other reasonable requirements of the Trustee, and

(iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes. Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation. The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of canceled Notes in accordance with its policy of disposal or upon written request of the Issuer, return to the Issuer all Notes surrendered for registration of transfer, exchange, payment or cancellation. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest. When any installment of interest becomes overdue (a "Defaulted Interest"), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a "Special Record Date"), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register, not less than ten (10) calendar days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment pursuant to this Section 2.13(b), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register.

Section 2.14 Additional Notes.

(a) The Issuer may, from time to time, subject to compliance with any other applicable provisions of this Indenture, without the consent of the Holders, create and issue pursuant to this Indenture additional notes ("Additional Notes") that shall have terms and conditions identical to those of the other Outstanding Notes, except with respect to:

(i) the Issue Date;

(ii) the amount of interest payable on the first Interest Payment Date therefor;

(iii) the issue price; and

(iv) any adjustments necessary in order to conform to and ensure compliance with the Securities Act (or other applicable securities laws) and any agreement applicable to such Additional Notes, which are not adverse in any material respect to the Holder of any Outstanding Notes (other than such Additional Notes).

The Issue Date Notes and any Additional Notes shall be treated as a single series for all purposes under this Indenture; *provided* that such Additional Notes are either (i) part of the same "issue" as the Issue Date Notes for U.S. federal income tax purposes, (ii) issued pursuant to a "qualified reopening" for U.S. federal income tax purposes, or (iii) issued with a different CUSIP or other similar numbers than the Issue Date Notes to the extent required to comply with securities or tax law requirements, including to permit delegending pursuant to Section 2.9(h).

(b) With respect to any Additional Notes, the Issuer will set forth in an Officer's Certificate of the Issuer (the "Additional Note Certificate"), copies of which will be delivered to the Trustee, the following information:

(i) the aggregate principal amount of such Additional Notes to be authenticated and delivered pursuant to this Indenture;

(ii) the Issue Date and the issue price of such Additional Notes; and

(iii) whether such Additional Notes will be subject to transfer restrictions under the Securities Act (or other applicable securities laws).

ARTICLE III

COVENANTS

Section 3.1 Payment of Notes.

(a) The Issuer shall pay the principal of and interest (including Defaulted Interest) on the Notes in U.S. Legal Tender on the dates and in the manner provided in the Notes and in this Indenture. Prior to 10:00 a.m. New York City time, on the Business Day prior to each Interest Payment Date and the Maturity Date, the Issuer shall deposit with the Paying Agent in immediately available funds U.S. Legal Tender sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 10:00 a.m. New York City time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust U.S. Legal Tender, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture U.S. Legal Tender designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) Notwithstanding anything to the contrary contained in this Indenture, the Issuer may, to the extent it is required to do so by law, deduct or withhold income or other similar taxes imposed by the United States of America from principal or interest.

(c) In order to comply with applicable tax laws (inclusive of rules, regulations and interpretations promulgated by competent authorities) related to the Indenture in effect from time to time ("Applicable Tax Law") that a foreign financial institution, issuer, trustee, paying agent or other party is or has agreed to be subject to, the Issuer agrees (i) to provide to the Trustee and the Paying Agent sufficient information about the parties and/or transactions (including any modification to the terms of such transactions) so the Trustee and the Paying Agent can determine whether it has tax related obligations under Applicable Tax Law, (ii) that the Trustee and the Paying Agent shall be entitled to make any withholding or deduction from payments to the extent necessary to comply with Applicable Tax Law for which the Trustee and the Paying Agent shall not have any liability and (iii) to hold harmless the Trustee and the Paying Agent for any losses it may suffer due to the actions it takes to comply with Applicable Tax Law. The terms of this section shall survive the termination of this Indenture.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation; *provided, however*, that no such designation or rescission shall in any manner relieve the Issuer of its obligation to maintain an office or agency in the City of New York for such purposes. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Issuer will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Issuer or any Restricted Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Issuer or any Restricted Subsidiary and (ii) all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Issuer or any Restricted Subsidiary; *provided, however,* that the Issuer shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer), are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) If a Change of Control occurs, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon to, but not including, the date of purchase (the "Change of Control Payment") on the terms and conditions set forth herein.

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer shall send, electronically or by first-class mail, a Change of Control Notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a "Change of Control Offer"). The Change of Control Notice shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is electronically sent or mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided*, that each new Note shall be in a minimum principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be canceled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

(i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or

(ii) notice of redemption with respect to all Outstanding Notes has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations in connection with the purchase of Notes to the extent that they apply in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness.

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any Restricted Subsidiary may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Issuer is greater than or equal to 2.0 to 1.0; *provided* that, the amount of Indebtedness that may be Incurred by Restricted Subsidiaries that are not Note Guarantors under this Section 3.9(a) (after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom), shall not exceed the greater of (i) 10% of Consolidated Tangible Assets and (ii) U.S.$1.5 billion, at any one time outstanding.

(b) Notwithstanding clause (a) above, the Issuer and/or any of its Restricted Subsidiaries, as applicable, may Incur the following Indebtedness ("Permitted Indebtedness"):

(i) Indebtedness consisting of the Notes, excluding Additional Notes;

(ii) Guarantees by the Issuer and/or any Note Guarantor of Indebtedness of the Issuer or any Restricted Subsidiary permitted under this Indenture; *provided*, that if any such Guarantee is of Subordinated Indebtedness, then the obligations of the Issuer under the Notes and this Indenture or the Note Guarantee of such Note Guarantor, as applicable, will be senior to the Guarantee of such Subordinated Indebtedness;

(iii) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries outstanding on the Issue Date (excluding Indebtedness permitted under clauses (v), (vi), (vii) or (x) of this definition of Permitted Indebtedness);

(iv) Hedging Obligations, Compensation Related Hedging Obligations and any Guarantees thereof and any reimbursement obligations with respect to letters of credit related thereto, in each case entered into by the Issuer and/or any of its Restricted Subsidiaries; *provided*, that upon the drawing of such letters of credit, such obligations are reimbursed within 30 days following such drawing;

(v) intercompany Indebtedness between the Issuer and any Restricted Subsidiary or between any Restricted Subsidiaries; *provided*, that in the event that at any time any such Indebtedness ceases to be held by the Issuer or a Restricted Subsidiary, such Indebtedness shall be deemed to be Incurred and not permitted by this clause (v) at the time such event occurs;

(vi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries arising from (A) the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds in the ordinary course of business; *provided*, that such Indebtedness is extinguished within five Business Days of Incurrence; or (B) any cash pooling or other cash management agreements in place with a bank or financial institution but only to the extent of offsetting credit balances of the Issuer and/or its Restricted Subsidiaries pursuant to such cash pooling or other cash management agreement;

(vii) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries represented by (A) endorsements of negotiable instruments in the ordinary course of business (excluding an *aval*), (B) documentary credits (including all forms of letter of credit), performance bonds or guarantees, advance payments, bank guarantees, bankers' acceptances, surety or appeal bonds or similar instruments for the account of, or guaranteeing performance by, the Issuer and/or any Restricted Subsidiary in the ordinary course of business, (C) reimbursement obligations with respect to letters of credit in the ordinary course of business, (D) reimbursement obligations with respect to letters of credit and performance Guarantees in the ordinary course of business to the extent required pursuant to the terms of any Investment made pursuant to clause (12) of the definition of "Permitted Investment" and (E) other Guarantees by the Issuer and/or any Restricted Subsidiary in favor of a bank or financial institution in respect of obligations of that bank or financial institution to a third party in an amount not to exceed U.S.$500.0 million at any one time outstanding; *provided*, that in the case of clauses (B), (C) and (D) above, upon the drawing of such letters of credit or the Incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or Incurrence;

(viii) Refinancing Indebtedness in respect of:

(A) Indebtedness (other than Indebtedness owed to the Issuer or any Subsidiary of the Issuer) Incurred pursuant to clause (a) above (it being understood that no Indebtedness outstanding on the Issue Date is Incurred pursuant to such clause (a) above), or

(B) Indebtedness Incurred pursuant to clause (i), (ii) or (iii) above or this clause (viii);

(ix) Capitalized Lease Obligations, Sale and Leaseback Transactions, export credit facilities with a maturity of at least one year and Purchase Money Indebtedness of, including Guarantees of any of the foregoing by, the Issuer and/or any Restricted Subsidiary, in an aggregate principal amount at any one time outstanding not to exceed U.S.$1.75 billion;

(x) Indebtedness arising from agreements entered into by the Issuer and/or a Restricted Subsidiary providing for bona fide indemnification, adjustment of purchase price or similar obligations not for financing purposes, in each case, Incurred or assumed in connection with the acquisition or disposition of any business, assets or Capital Stock of a Restricted Subsidiary (including minority interests); *provided*, that in the case of a disposition, the maximum aggregate liability in respect of such Indebtedness shall at no time exceed the gross proceeds actually received by the Issuer and its Restricted Subsidiaries in connection with such disposition;

(xi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries in an aggregate amount not to exceed U.S.$1.0 billion at any one time outstanding; *provided*, that no more than U.S.$250.0 million of such Indebtedness at any one time outstanding (excluding any Indebtedness under a Permitted Liquidity Facility) may be Incurred by Restricted Subsidiaries that are not Note Guarantors, which amount shall be increased by the corresponding amount of other Indebtedness of Restricted Subsidiaries other than the Note Guarantors outstanding on the Issue Date and subsequently repaid from time to time but in any event not to exceed U.S.$500.0 million at any one time outstanding; *provided, further, however*, that (A) the Issuer and/or any of its Restricted Subsidiaries may Incur Indebtedness under a Permitted Liquidity Facility and (B) in the event that the Issuer and/or any of its Restricted Subsidiaries shall have Incurred Indebtedness under a Permitted Liquidity Facility that increases the amount outstanding at such time pursuant to this clause (xi) in excess of U.S.$1.0 billion, then up to U.S.$1.2 billion may be Incurred pursuant to this clause (xi) at any one time outstanding;

(xii) (A) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries in respect of factoring arrangements or Inventory Financing arrangements or (B) other Indebtedness of the Issuer and/or any of its Restricted Subsidiaries with a maturity of 12 months or less for working capital purposes, not to exceed in the aggregate at any one time (calculated as of the end of the most recent fiscal quarter for which consolidated financial information of the Issuer is available) the greater of:

(1) The sum of:

(x) 20% of the net book value of the inventory of the Issuer and its Restricted Subsidiaries and

(y) 20% of the net book value of the accounts receivable of the Issuer and its Restricted Subsidiaries (excluding accounts receivable pledged to secure Indebtedness or subject to a Qualified Receivables Transaction), less, in each case, the amount of any permanent repayments or reductions of commitments in respect of such Indebtedness made with the Net Cash Proceeds of an Asset Sale in order to comply with Section 3.12; or

(2) U.S.$350.0 million;

(xiii) [Reserved];

(xiv) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries for taxes levied, assessments due and other governmental charges required to be paid as a matter of law or regulation in the ordinary course of business; *provided*, that such Indebtedness shall be permitted to be Incurred only at such time that the 2017 Facilities Agreement (or any refinancing thereof) shall contain an exception to allow the Incurrence of Indebtedness to pay taxes;

(xv) [Reserved];

(xvi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries Incurred and/or issued to refinance Qualified Receivables Transactions in existence on the Issue Date;

(xvii) Acquired Indebtedness in an aggregate amount at any one time outstanding under this clause (xvii) not to exceed U.S.$200.0 million; and

(xviii)(A) any Indebtedness that constitutes an Investment that the Issuer and/or any of its Restricted Subsidiaries is contractually committed to Incur as of the Issue Date in any Person (other than a Subsidiary) in which the Issuer or any of its Restricted Subsidiaries maintains an Investment; and (B) Guarantees up to U.S.$100.0 million in any calendar year by the Issuer and/or any Restricted Subsidiary of Indebtedness of any Person in which the Issuer or any of its Restricted Subsidiaries maintains an Investment minus any Investment other than such guarantees in such Person during such calendar year pursuant to clause (17)(b) of the definition of "Permitted Investments."

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

(i) The Issuer shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.

(ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to and in compliance with this Section 3.9, the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP. Accrual of interest, the accretion or amortization of original issue discount, the payment of regularly scheduled interest in the form of additional Indebtedness of the same instrument or the payment of regularly scheduled dividends on Disqualified Capital Stock in the form of additional Disqualified Capital Stock with the same terms will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 3.9. For purposes of determining compliance with this Section 3.9, mark-to- market fluctuations of Hedging Obligations or derivatives shall not constitute Incurrence of Indebtedness.

(iii) For purposes of determining compliance with this Section 3.9, the principal amount of Indebtedness denominated in foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided*, that if such Indebtedness is Incurred to refinance other Indebtedness denominated in foreign currency, and such refinancing would cause the applicable restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

(iv) For purposes of determining compliance with this Section 3.9:

(A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including, without limitation, in Section 3.9(a), the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and

(B) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

Section 3.10 [Reserved].

Section 3.11 Limitation on Restricted Payments.

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, take any of the following actions (each, a "Restricted Payment"):

(i) declare or pay any dividend or return of capital or make any distribution on or in respect of shares of Capital Stock of the Issuer or any Restricted Subsidiary to holders of such Capital Stock, other than:

(B) dividends, distributions or returns on capital payable to the Issuer and/or a Restricted Subsidiary,

(C) dividends, distributions or returns of capital made on a *pro rata* basis to the Issuer and its Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of a Restricted Subsidiary, on the other hand (or on less than a *pro rata* basis to any minority holder);

(ii) purchase, redeem or otherwise acquire or retire for value:

(A) any Capital Stock of the Issuer (other than in connection with the settlement or termination of an Equity Derivative Agreement to the extent that such settlement or termination would be deemed to be a purchase or redemption of Capital Stock of the Issuer), or

(B) any Capital Stock of any Restricted Subsidiary held by an Affiliate of the Issuer or any Preferred Stock of a Restricted Subsidiary, except for:

(1) Capital Stock held by the Issuer or a Restricted Subsidiary, or

(2) purchases, redemptions, acquisitions or retirements for value of Capital Stock on a *pro rata* basis from the Issuer and/or any Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of a Restricted Subsidiary, on the other hand, according to their respective percentage ownership of the Capital Stock of such Restricted Subsidiary;

(iii) make any principal payment on, purchase, defease, redeem, prepay, decrease or otherwise acquire or retire for value, prior to any scheduled final maturity, scheduled repayment or scheduled sinking fund payment, as the case may be, any Subordinated Indebtedness (excluding any intercompany indebtedness); or

(iv) make any Investment (other than Permitted Investments);

if at the time of the Restricted Payment immediately after giving effect thereto:

(A) a Default or an Event of Default shall have occurred and be continuing;

(B) the Issuer is not able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a); or

(C) the aggregate amount (the amount expended for these purposes, if other than in cash, being the Fair Market Value of the relevant property at the time of the making thereof) of the proposed Restricted Payment and all other Restricted Payments made subsequent to the Issue Date up to the date thereof (including without duplication, Restricted Payments permitted by clause(b)(i) below, but excluding all other Restricted Payments permitted by clause (b) below), less any Investment Return calculated as of the date thereof, shall exceed the sum of:

(1) 50% of cumulative Consolidated Net Income of the Issuer (or, if cumulative Consolidated Net Income of the Issuer is a loss, 100% of the loss taken as a negative amount), accrued during the period, treated as one accounting period, beginning on January 1, 2017 to the end of the most recent fiscal quarter for which consolidated financial information of the Issuer is available, *less* the amount of cash benefits to the Issuer or a Restricted Subsidiary that the Issuer elects to net against Investments pursuant to clause (12) of the definition of "Permitted Investments"; plus

(2) 100% of the aggregate net cash proceeds received by the Issuer from any Person from any:

- issuance and sale subsequent to the Issue Date (and, in the case of Indebtedness of a Restricted Subsidiary, at such time as it was a Restricted Subsidiary) of any Indebtedness for borrowed money of the Issuer or any Restricted Subsidiary that has been converted into or exchanged for Qualified Capital Stock of the Issuer, excluding, in each case, any net cash proceeds:
- received from a Subsidiary of the Issuer;

- used to redeem Notes under Article V;
- used to acquire Capital Stock or other assets from an Affiliate of the Issuer; or
- applied in accordance with clause (ii)(B) or (iii)(A) of Section 3.11(b) below; plus

(3) U.S.$500.0 million

(b) Notwithstanding Section 3.11(a), this Section 3.11 does not prohibit:

(i) the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration pursuant to Section 3.11(a);

(ii) if no Default or Event of Default shall have occurred and be continuing, the purchase, redemption or other acquisition or retirement for value of any Capital Stock of the Issuer or any Restricted Subsidiary,

(A) in exchange for Qualified Capital Stock of the Issuer, or

(B) through the application of the net cash proceeds received by the Issuer from a substantially concurrent sale of Qualified Capital Stock of the Issuer or a contribution to the equity capital of the Issuer not representing an interest in Disqualified Capital Stock, in each case, not received from a Subsidiary of the Issuer;

provided, that the value of any such Qualified Capital Stock issued in exchange for such acquired Capital Stock and any such net cash proceeds shall be excluded from Section 3.11(a)(C)(2) (and were not included therein at any time);

(iii) if no Default or Event of Default shall have occurred and be continuing, the voluntary prepayment, purchase, defeasance, redemption or other acquisition or retirement for value of any Subordinated Indebtedness:

(A) solely in exchange for, or through the application of net cash proceeds of a substantially concurrent sale, other than to a Subsidiary of the Issuer, of Qualified Capital Stock of the Issuer, or

(B) solely in exchange for Refinancing Indebtedness for such Subordinated Indebtedness,

provided, that the value of any Qualified Capital Stock issued in exchange for Subordinated Indebtedness and any net cash proceeds referred to above shall be excluded from Section 3.11(a)(C)(2) (and were not included therein at any time);

(iv) repurchases by the Issuer of Common Stock of the Issuer or options, warrants or other securities exercisable or convertible into Common Stock of the Issuer from employees or directors of the Issuer or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment or directorship of the employees or directors, in an amount not to exceed U.S.$5.0 million in any calendar year and any repurchases other than in connection with compensation of Common Stock of the Issuer pursuant to binding written agreements in effect on the Issue Date;

(v) payments of dividends on Disqualified Capital Stock issued pursuant to the covenant described under Section 3.9;

(vi) non-cash repurchases of Capital Stock deemed to occur upon exercise of stock options, warrants or other similar rights if such Capital Stock represents a portion of the exercise price of such options, warrants or other similar rights;

(vii) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Issuer;

(viii) purchases of any Subordinated Indebtedness of the Issuer (A) at a purchase price not greater than 101% of the principal amount thereof (together with accrued and unpaid interest) in the event of the occurrence of a Change of Control or (B) at a purchase price not greater than 100% of the principal amount thereof (together with accrued and unpaid interest) in the event of an Asset Sale in accordance with provisions similar to those set forth under Section 3.12; *provided*, *however*, that prior to such purchase of any such Subordinated Indebtedness, the Issuer has made the Change of Control Offer or Asset Sale Offer as provided under Section 3.8 or Section 3.12, respectively, and has purchased all Notes validly tendered and not properly withdrawn pursuant thereto;

(ix) recapitalization of earnings on or in respect of the Qualified Capital Stock of the Issuer pursuant to which additional Qualified Capital Stock of the Issuer or the right to subscribe for additional Capital Stock of the Issuer is issued to the existing shareholders of the Issuer on a *pro rata* basis (which, for the avoidance of doubt, shall not allow any payment in cash to be made in respect of Qualified Capital Stock of the Issuer pursuant to this clause (ix));

(x) the making of any payment on, or the purchase, defeasance, redemption, prepayment, decrease or other acquisition or retirement for value of, any Subordinated Indebtedness Incurred pursuant to Section 3.9(a) or Section 3.9(b)(iii);

(xi) Restricted Payments that, when taken together with all Restricted Payments made pursuant to this clause (xi), do not exceed U.S.$250.0 million in any calendar year; and

(xii) so long as no Event of Default has occurred and is continuing other Restricted Payments so long as, on the date of such Restricted Payment and after giving effect thereto on a *pro forma* basis, the Consolidated Leverage Ratio of the Issuer would be no greater than 3.75 to 1.0.

(c) The amount of all Restricted Payments (or transfer or issuance that would constitute Restricted Payments but for the exclusions from the definition thereof) and Permitted Investments (other than cash) will be the Fair Market Value on the date of the transfer or issuance of the asset(s) or securities proposed to be transferred or issued by the Issuer or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment (or transfer or issuance that would constitute a Restricted Payment but for the exclusions from the definition thereof) or Permitted Investment.

(d) For purposes of determining compliance with this Section 3.11, in the event that a proposed Restricted Payment (or a portion thereof) meets the criteria of clauses (i) through (xii) of Section 3.11(b) or is entitled to be made pursuant to Section 3.11(a) or as a Permitted Investment, the Issuer, in its sole discretion, will be able to classify or later reclassify (based on circumstances existing on the date of such reclassification) such Restricted Payment (or a portion thereof) between clauses (i) through (xii) of Section 3.11(b) and Section 3.11(a) or as a Permitted Investment in any manner that otherwise complies with this Section 3.11.

Section 3.12 Limitation on Asset Sales.

(a) The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(i) the Issuer or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and

(ii) other than in respect of Permitted Asset Swap Transactions, at least 75% of the consideration received for the assets sold by the Issuer or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided*, *however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:

(A) the assumption of Indebtedness (other than Subordinated Indebtedness) of the Issuer or any Restricted Subsidiary and the release of the Issuer or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Sale;

(B) any securities, notes or obligation received by the Issuer or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Issuer or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;

(C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and

(D) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Issuer calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Issuer or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

(i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or

(ii) purchase:

(A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Issuer or any Restricted Subsidiary in a Permitted Business, or

(B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Issuer and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of Section 3.12(b), the Issuer will make an offer to purchase Notes (the "Asset Sale Offer"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to, but not including, the date of purchase (the "Asset Sale Offer Amount"). The Issuer will purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at the Issuer's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Issuer to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Issuer may satisfy its obligations under this Section 3.12 with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Issuer may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.$100.0 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.$100.0 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be sent electronically or by first class mail, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Issuer shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is sent or mailed, other than as may be required by law (the "Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part in minimum denominations of U.S.$200,000 and in any integral multiples of U.S.$1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Issuer shall, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of the Notes or portions thereof being purchased by the Issuer.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net Cash Proceeds, the Issuer shall purchase the Notes and the other Senior Indebtedness on a pro rata basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be canceled and cannot be reissued.

(i) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Issuer shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the "Asset Sale" provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Issuer may use any remaining Net Cash Proceeds for general corporate purposes of the Issuer and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Issuer and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Issuer shall be deemed to have sold the properties and assets of the Issuer and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Issuer or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Issuer or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 [Reserved]

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries.

(a) The Issuer may designate after the Issue Date any Subsidiary of the Issuer other than a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Issuer or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18; and

(ii) the Issuer would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation) as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Issuer's Investment in such Subsidiary on such date.

(b) The Issuer may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and

(ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(c) The Designation of a Subsidiary of the Issuer as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer's Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries.

(a) Except as provided in clause (b) below, the Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Issuer or any other Restricted Subsidiary or pay any Indebtedness owed to the Issuer or any other Restricted Subsidiary;

(ii) make loans or advances to, or make any Investment in, the Issuer or any other Restricted Subsidiary; or

(iii) transfer any of its property or assets to the Issuer or any other Restricted Subsidiary.

(i) applicable law, rule, regulation or order;

(ii) this Indenture;

(iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided*, that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Issuer's senior management;

(iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;

(v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;

(vi) restrictions with respect to a Restricted Subsidiary of the Issuer imposed pursuant to a binding agreement which has been entered into for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided*, that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);

(vii) customary restrictions imposed on the transfer of copyrighted or patented materials;

(viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement referred to in clause (iii) or (v) of this Section 3.15(b); *provided*, that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Issuer's senior management;

(ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;

(x) Purchase Money Indebtedness for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions of the nature discussed in clause (iii) of Section 3.15(a) above on the property so acquired;

(xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management;

(xii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets or revenues of such joint venture;

(xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided*, that (A) such restrictions are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Issuer's senior management or (B) such Incurrence will not materially impair the Issuer's ability to make payments under the Notes when due as determined in good faith by the Issuer's senior management; and

(xiv) net worth provisions in leases entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Issuer shall not, and shall not permit any Note Guarantor to, directly or indirectly, Incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to 2017 Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

(i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and

(ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture, in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Issuer;

(b) The provisions of Section 3.18(a) above shall not apply to:

(i) Affiliate Transactions with or among the Issuer and any Restricted Subsidiary or between or among Restricted Subsidiaries;

(iii) Affiliate Transactions undertaken pursuant to any contractual obligations or rights in existence on the Issue Date (as in effect on the Issue Date with modifications, extensions and replacements thereof not materially adverse to the Issuer and its Restricted Subsidiaries) as determined in good faith by the Issuer's senior management;

(iv) any Restricted Payments in compliance with Section 3.11;

(v) payments and issuances of Qualified Capital Stock to any officers, directors and employees of the Issuer or any Restricted Subsidiary pursuant to any management equity plan or stock option plan or any other stock subscription or shareholder agreement, and any employment agreements, stock option plans or other compensatory arrangements (and any successor plans thereto) and any supplemental executive retirement benefit plans or arrangements with any such officers, directors or employees that are, in each case, approved in good faith by the Board of Directors or, to the extent consistent with past practice, senior management of the Issuer;

(vi) loans and advances to officers, directors and employees of the Issuer or any Restricted Subsidiary for travel, entertainment, moving and other relocation expenses, in each case made in the ordinary course of business in amounts consistent with the past practice of the Issuer or such Restricted Subsidiary; and

Section 3.19 Conduct of Business. The Issuer and its Restricted Subsidiaries shall not engage in any business other than a Permitted Business.

Section 3.20 Reports to Holders.

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

(i) provide the Trustee and the Holders with:

(A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by "foreign private issuers" (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

(B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year;

(C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and

(ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(b) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute actual or constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts.

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes") imposed or levied by or on behalf of the United States, Mexico, Spain, the Netherlands, France, the United Kingdom, Switzerland or, in the event that the Issuer appoints additional paying agents, by the jurisdictions of such additional paying agents (a "Taxing Jurisdiction"), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided*, *however*, that the foregoing obligation to pay Additional Amounts does not apply to:

(i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of the Notes),

(ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,

(iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note, if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days' notice that Holders shall be required to provide such information and identification,

(iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,

(v) [Reserved],

(vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,

(vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, or

(viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) The exception to the Issuer's obligations to pay Additional Amounts pursuant to clause (iii) of Section 3.21(c) will not apply if (i) the provision of information, documentation or other evidence described in such clause would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of a Note than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice, or (ii) Article 166, Section II, paragraph a), of the Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*) (or a substitute or equivalent provision) is in effect, unless (A) the provision of the information, documentation or other evidence described in clause (iii) of Section 3.21(b) is expressly required by the applicable Mexican laws and regulations in order to apply Article 166, Section II, paragraph a), of the Mexican Income Tax Law (or substitute or equivalent provision), (B) the Issuer or any Note Guarantor cannot obtain the information, documentation or other evidence necessary to comply with the applicable Mexican laws and regulations on its own through reasonable diligence and (C) the Issuer or any Note Guarantor would not otherwise meet the requirements for application of the applicable Mexican laws and regulations.

(e) Clause (iii) of Section 3.21(c) does not require, and shall not be construed to require, that any holder, including any non-Mexican pension fund, retirement fund, tax- exempt organization or financial institution, register with the Mexican Tax Management Service (*Servicio de Administración Tributaria*) or the Mexican Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*) to establish eligibility for an exemption from, or a reduction of, Mexican withholding taxes.

(f) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection. Payment of any Additional Amounts with respect to interest shall be considered as an interest payment under, or with respect to, the Notes.

(g) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Issuer is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Partial Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.14(b), 3.15, 3.18, 3.19, and 4.1(a)(ii) (collectively, the "Partial Suspended Covenants").

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.14(b), 3.15, 3.16, 3.18, 3.19, and 4.1(a)(ii) (collectively, the "Suspended Covenants").

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the "Partial Covenant Suspension Date") or a Covenant Suspension Event (the "Suspension Date") may be redesignated as an Unrestricted Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) each Additional Note Guarantor shall be released from its obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantors shall be released from their obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided*, that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantors shall be reinstated in accordance with and subject to the conditions in Section 3.22(e).

(e) In the event that the Issuer and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the "Partial Covenant Reversion Date" and, in the case of Suspended Covenants, such subsequent date being the "Reversion Date") (i) the Consolidated Leverage Ratio of the Issuer is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Partial Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantors (unless, solely with respect to any Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause such Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that such Additional Note Guarantor's guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the "Partial Suspension Period" and the period of time between the Suspension Date and the Reversion Date is referred to as the "Suspension Period." Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantors may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect prior to, but not during, the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will not reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or any Covenant Suspension Event and in any case no later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

ARTICLE IV

SUCCESSOR ISSUER

Section 4.1 Merger, Consolidation and Sale of Assets.

(a) The Issuer shall not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer's properties and assets (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), to any Person unless:

(i) either:

(A) the Issuer shall be the surviving or continuing corporation, or

(B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries) substantially as an entirety (the "Successor Issuer"):

(1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the "Permitted Merger Jurisdictions"); and

(2) shall expressly assume, by a supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Issuer or such Successor Issuer, as the case may be:

(A) shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction; or

(B) shall be able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a);

(iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;

(iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and

(v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:

(A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;

(B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and

(C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided*, that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

(x) any transfer of the properties or assets of a Restricted Subsidiary to the Issuer;

(y) any merger of a Restricted Subsidiary into the Issuer; or

(z) any merger of the Issuer into a Note Guarantor or a Wholly Owned Subsidiary of the Issuer.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, the Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) Each Note Guarantor shall not, and the Issuer shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

(i) such Person (if such Person is the surviving entity) (the "Successor Note Guarantor") assumes all of the obligations of such Note Guarantor in respect of its Note Guarantee by executing a supplemental indenture and providing the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) such Note Guarantee is to be released as provided under Section 10.2(b); or

(iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(b) will not apply to:

(x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;

(y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or

(z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Issuer.

ARTICLE V

OPTIONAL REDEMPTION OF NOTES

Section 5.1 Optional Redemption. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, subject to the satisfaction of one or more conditions precedent and at the redemption prices specified in the Form of Note in Exhibit A hereto.

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 15 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the CUSIP number of the Notes, (d) the redemption price and (e) the amount of interest to be paid with respect to each multiple of U.S.$1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and deliver electronically in the case of global notes or mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 15 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

(i) the Redemption Date,

(ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.8,

(iii) whether or not the Issuer is redeeming all Outstanding Notes,

(iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,

(v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,

(vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.8 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,

(vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and

(viii) the CUSIP number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such CUSIP number.

(c) In addition, if such redemption, purchase or notice is subject to satisfaction of one or more conditions precedent, as permitted by Section 5.1, such notice shall describe each such condition, and if applicable, shall state that, in the Issuer's discretion, the Redemption Date may be delayed until such time as any or all such conditions shall be satisfied, or such redemption or purchase may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the Redemption Date, or by the Redemption Date as so delayed.

(d) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; *provided*, *however*, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding Section 5.4(b).

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method in accordance with the applicable provisions of DTC or at the discretion of the Issuer; *provided*, *however*, that if a partial redemption is made with the proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of DTC), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 15 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for redemption. No Notes of U.S.$200,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Effect of Notice of Redemption. Once a notice of redemption is sent in accordance with Section 5.3 hereof, Notes called for redemption become irrevocably due and payable on the Redemption Date at the redemption price (assuming the satisfaction of any conditions precedent).

Section 5.7 Deposit of Redemption Price. On or prior to 10:00 a.m. New York City time, on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4) an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.8 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.9 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

ARTICLE VI

DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an “Event of Default”:

(i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;

(ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;

(iii) the failure to perform or comply with any of the provisions described under Article IV;

(iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of Restricted Subsidiaries that are not Note Guarantors, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;

(v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:

(A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or

(B) results in the acceleration of such Indebtedness prior to its stated maturity;

and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this (a) at the relevant time, aggregates U.S.$50.0 million or more;

(vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.$100.0 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;

(vii) a Bankruptcy Event of Default; or

(viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor's obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

(i) if the rescission would not conflict with any judgment or decree;

(ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;

(iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and

(iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

(c) The Trustee is not to be charged with knowledge of any Default or Event of Default or knowledge of any cure of any Default or Event of Default unless written notice of such Default or Event of Default has been given to an authorized officer of the Trustee with direct responsibility for the administration of this Indenture by the Issuer or any Holder.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided*, *however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

(i) such Holder gives to the Trustee written notice of a continuing Event of Default;

(ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;

(iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;

(iv) the Trustee does not comply within 60 days; and

(v) during such 60-day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

provided, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

(a) The Trustee may (irrespective of whether the principal of the Notes is then due):

(i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and

(ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

ARTICLE VII

TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

(i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; *provided*, *however*, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots, interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall deliver to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this Section 7.7) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this Section 7.7, the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this Section 7.7 shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this Section 7.7 shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this Section 7.7 or Section 6.10.

Section 7.8 Replacement of Trustee.

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may upon 30 days prior written notice remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

(i) the Trustee fails to comply with Section 7.10;

(ii) the Trustee is adjudged bankrupt or insolvent;

(iii) a receiver or other public officer takes charge of the Trustee or its property; or

(iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the "Security Documents") as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance.

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or Section 8.1(c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer's exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

(i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,

(ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,

(iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and

(iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event or Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in U.S. Legal Tender or U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be; *provided* that (x) upon any redemption that requires the payment of a Make-Whole Amount, the amount deposited will be sufficient for purposes of the Indenture to the extent that an amount is deposited with the Trustee equal to the Make-Whole Amount calculated as of the date of the notice of redemption, with any deficit as of the date of redemption only required to be deposited with the Trustee on or prior to the date of redemption and (y) such deficit amount will be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such deficit amount that confirms that such deficit amount will be applied toward such redemption;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

(i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or

(ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust U.S. Legal Tender or U.S. Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited U.S. Legal Tender or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon written request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for U.S. Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal and interest received on such U.S. Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted to apply all such U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII; *provided*, *however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from U.S. Legal Tender or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

(i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or

(ii) (x) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of one or more notices of redemption or otherwise (in the case that such Notes have become due and payable as a result of the mailing or electronic delivery of a notice of redemption, after any conditions precedent to redemption have been satisfied or waived in writing by the Issuer), will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee, in trust, for the benefit of the holders, cash in U.S. Legal Tender, U.S. Government Obligations, or a combination thereof, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest (including Additional Amounts) on the Notes to the stated date of deposit thereof or on the applicable redemption date, as the case may; *provided* that (x) upon any redemption that requires the payment of a Make-Whole Amount, the amount deposited will be sufficient for purposes of the Indenture to the extent that an amount is deposited with the Trustee equal to the Make-Whole Amount calculated as of the date of the notice of redemption, with any deficit as of the date of redemption only required to be deposited with the Trustee on or prior to the date of redemption and (y) such deficit amount will be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such deficit amount that confirms that such deficit amount will be applied toward such redemption; and (y) the Issuer has delivered irrevocable instructions directing the Trustee to apply such funds to the payment of the Notes at maturity or the redemption date, as the case may be;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX

AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

(i) to cure any ambiguity, omission, defect or inconsistency;

(ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;

(iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; *provided*, *however*, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;

(iv) to add guarantees with respect to the Notes or to secure the Notes;

(v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;

(vi) to make any change that does not, in the opinion of the Issuer, as conclusively evidenced by an Officer's Certificate to such effect, adversely affect the rights of any Holder in any material respect;

(vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;

(viii) to comply with the requirements of any applicable securities depositary;

(ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or

(x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange operating as Euronext Dublin.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes(including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

(i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;

(iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;

(iv) make any Notes payable in money other than that stated in the Notes;

(v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;

(vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;

(vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or

(viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

ARTICLE X

NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

(i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;

(ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;

(iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;

(iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;

(vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;

(viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;

(ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;

(x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;

(xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;

(xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;

(xiii) any change in the ownership of the Issuer;

(xiv) any change in the laws, rules or regulations of any jurisdiction;

(xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and

(xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

(i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;

(ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;

(iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;

(iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the Código Civil Federal of Mexico and the Código Civil of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

(i) the unpaid amount of such Obligations then due and owing; and

(ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

provided, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

(i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and

(ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

(i) there is a Legal Defeasance of the Notes pursuant to Article VIII;

(ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;

(iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;

(iv) either (A) the 2017 Facilities Agreement Indebtedness has been repaid in full and such Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such 2017 Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Note Guarantor; or

(v) solely with respect to an Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by such Additional Note Guarantor shall be reinstated unless such Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3, L. 242-6 or L. 244-1 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Note Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a "Swiss Note Guarantor") are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the "Restricted Obligations") and the aggregate use of the proceeds from the enforcement of any security interest granted by a Swiss Note Guarantor shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor's Free Reserves Available for Distribution (as defined below) at the time payment or the application of proceeds from the realization of a security interest is requested, or the maximum amount permitted by Swiss law at such time, *provided*, that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date therefor or the application of proceeds from the realization of a security interest until such time as performance is permitted notwithstanding such limitation.

(c) For the purposes of this clause, "Free Reserves Available for Distribution" means an amount equal to the maximal amount in which the Swiss Note Guarantor can make a dividend payment to its shareholder(s) (being the year to date balance sheet profit and any freely disposable equity available for this purpose, in each case, in accordance with applicable Swiss law). The freely disposable equity represents the total shareholder equity less the total of: (i) the aggregate share capital, (ii) the statutory reserves (including reserves for own shares and revaluations), to the extent such reserves cannot be transferred into unrestricted, distributable reserves, and (iii) any freely disposable equity that has to be blocked for any loans granted by the Swiss Note Guarantor to a direct or indirect shareholder or a direct or indirect subsidiary of such shareholder.

As soon as reasonably practicable after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, promptly thereafter, pay the lesser of (i) that Restricted Obligation and (ii) the amount corresponding to the Free Reserves Available for Distribution or the maximum amount permitted by Swiss law applicable at the time discharge is requested to the Trustee (save to the extent provided below).

(d) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

(i) if and to the extent required by applicable law in force at the relevant time:

(A) procure that such payments can be made without deduction of Swiss withholding tax, or with deduction of Swiss withholding tax at a reduced rate, by discharging the liability to such tax by notification pursuant to applicable law (including double tax treaties) rather than payment of the Tax;

(B) if the notification procedure pursuant to paragraph (A) above does not apply and subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time), or if the notification procedure pursuant to paragraph (A) above applies for a part of the Swiss withholding tax only, deduct Swiss withholding tax at the reduced rate resulting after the discharge of part of such Tax by notification under applicable law, from any payment made by it and promptly pay any such taxes to the Swiss Federal Tax Administration; and

(C) notify the Trustee that such notification or, as the case may be, deduction has been made and provide evidence to the Trustee that such a notification of the Swiss Federal Tax Administration has been made, or, as the case may be, that such Swiss withholding tax has been paid to the Swiss Federal Tax Administration;

(ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of Switzerland then in force and *provided*, that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (a) above will, as soon as possible after the deduction of the Swiss withholding tax:

(y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and

(z) pay to the Trustee upon receipt any amount so refunded.

(e) The Swiss Note Guarantor will take, and cause to be taken, as soon as reasonably practicable, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(f) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this Section 10.6 and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an "Undervalued Asset"), the Swiss Note Guarantor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor's business (*nicht betriebsnotwendig*).

ARTICLE XI

(v) agrees that service of process by mail to the addresses specified herein shall constitute personal service of such process on it in any such suit, action or proceeding.

(c) The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) have appointed CEMEX NY Corporation, 590 Madison Avenue, 27th Floor, New York, NY 10022, as its authorized agent (the "Authorized Agent") upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon this Indenture or the Notes which may be instituted in any state or federal court in the City of New York and County of New York. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) hereby represent and warrant that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree to take any and all action, including the filing of any and all documents, that may be necessary to continue each such appointment in full force and effect as aforesaid so long as the Notes remain outstanding. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) of a successor agent in the City of New York, New York as each of their authorized agent for such purpose and the acceptance of such appointment by such successor. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC).

(d) To the extent that any of the Issuer and the Note Guarantors have or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Issuer and the Note Guarantors hereby irrevocably waive and agree not to plead or claim such immunity in respect of their obligations under this Indenture or the Notes.

(e) Nothing in this Section 12.7 shall affect the right of the Trustee or any Holder of the Notes to serve process in any other manner permitted by law.

Section 12.8 [Reserved].

Section 12.9 No Recourse Against Others. An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or this Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each Holder shall waive and release all such liability.

Section 12.10 Successors. All agreements of the Issuer and any Note Guarantor in this Indenture and the Notes shall bind their respective successors. All agreements of the Trustee in this Indenture shall bind its successors.

Section 12.11 Duplicate and Counterpart Originals. The parties may sign any number of copies of this Indenture. One signed copy is enough to prove this Indenture. This Indenture may be executed in any number of counterparts, each of which so executed shall be an original, but all of them together represent the same agreement. Signatures of the parties hereto transmitted by facsimile or pdf shall be deemed to be their original signatures for all purposes.

Section 12.12 Severability. In case any provision in this Indenture or in the Notes shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 12.13 [Reserved].

Section 12.14 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents; Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

Section 12.16 USA PATRIOT Act. The parties hereto acknowledge that, in accordance with Section 326 of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law on October 26, 2001)) (as amended, modified or supplemented from time to time, the "USA PATRIOT Act"), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. The parties to this Agreement agree that they will provide the Trustee with such information as the Trustee may request in order for the Trustee to satisfy the requirements of the USA PATRIOT Act.

FORM OF REVERSE SIDE OF NOTE

5.200% Senior Secured Notes due 2030

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX, S.A.B. de C.V., a publicly traded variable stock corporation (*sociedad anónima bursátil de capital variable*) organized under the laws of the United Mexican States (together with its successors and assigns, the "Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing on March 17, 2021; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from September 17, 2020; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after September 17, 2020), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from September 17, 2020. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest ("Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 10:00 a.m. New York City time on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in U.S. Legal Tender.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by DTC. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided*, *however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.$10,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee, Paying Agent and Registrar. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of September 17, 2020 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. U.S.$1,000,000,000 in aggregate principal amount of Notes will be issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction or formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. Any redemption and notice may, in the Issuer's discretion, be subject to the satisfaction of one or more conditions precedent. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after September 17, 2025, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on September 17 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption:

Year	Percentage
2025	102.600%
2026	101.733%
2027	100.867%
2028 and thereafter	100.000%

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

Prior to September 17, 2025, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of the redemption price of the Notes to be redeemed at September 17, 2025 (such redemption price being set forth in the table appearing above, the "First Call Date") plus each remaining scheduled payment of interest thereon during the period between the redemption date and the First Call Date (exclusive of interest accrued to, but not including, the date of redemption), in each case, discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points (the "Make-Whole Amount"), plus, in each case any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption, *provided, however,* that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

"Treasury Rate" means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue (as defined below), assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price (as defined below) for such Redemption Date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker (as defined below) as having an actual or interpolated maturity that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity through the First Call Date.

"Comparable Treasury Price" means, with respect to any Redemption Date (1) the average of the Reference Treasury Dealer Quotations (as defined below) for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if the Independent Investment Banker or Issuer obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers (as defined below) appointed by the Issuer.

"Reference Treasury Dealer" means any one of BNP Paribas Securities Corp., BofA Securities, Inc. and J.P. Morgan Securities LLC or their respective affiliates which are primary United States government securities dealers and not less than two other leading primary United States government securities dealers in New York City reasonably designated by the Issuer; *provided*, *however*, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a "Primary Treasury Dealer"), the Issuer will substitute therefore another Primary Treasury Dealer.

"Reference Treasury Dealer Quotation" means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Independent Investment Banker or Issuer in good faith, of the bid and asked price for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker or Issuer by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such Redemption Date.

Optional Redemption upon Equity Offerings. At any time, or from time to time, on or prior to September 17, 2023, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 105.200% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption; *provided*, that:

(a) after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and

(b) the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

provided, *however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the 2017 Facilities Agreement.

"Equity Offering" means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

Optional Redemption for Changes in Withholding Taxes. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction), the Issuer or any Note Guarantor would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see "Additional Amounts"), then, at the Issuer's option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 15 nor more than 60 days' notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption; *provided*, *however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which the Issuer or any Note Guarantor would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided*, *further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

Prior to the publication of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

(a) an Officer's Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer's right to redeem have occurred, and

(b) an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date, interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

Change of Control Offer. If a Change of Control occurs, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon to, but not including the date of purchase, on the terms and conditions set forth in the Indenture. Within 30 days following the date upon which the Change of Control occurred, the Issuer shall make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is electronically sent or mailed, other than as may be required by applicable law.

Asset Sale Offer. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. In the event the proceeds from a permitted Asset Sale exceed certain amounts and are not applied as specified in the Indenture, the Issuer will be required to make an Asset Sale Offer to purchase to the extent of such remaining proceeds each Holder's Notes together with holders of certain other Indebtedness at 100% of the principal amount thereof, plus accrued interest (if any) to the Asset Sale Offer Payment Date, as more fully set forth in the Indenture.

7. Denominations; Transfer; Exchange

The Notes are in fully registered form without coupons, and only in denominations of principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar shall not be required to register the transfer or exchange of (x) any Note for a period beginning: (1) 15 days before the mailing of a notice of an offer to repurchase or redeem Notes and ending at the close of business on the day of such mailing or (2) 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.

After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee U.S. Legal Tender or U.S. Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

12. Defaults and Remedies

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Outstanding Notes may declare all the Notes to be due and payable immediately. Holders may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may refuse to enforce the Indenture or the Notes unless it receives reasonable indemnity or security. Subject to certain limitations, Holders of a majority in principal amount of the Outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing Default or Event of Default (except a Default or Event of Default in payment of principal or interest) if it determines that withholding notice is in their interest.

13. Trustee Dealings with the Issuer and the Note Guarantors

Subject to certain limitations set forth in the Indenture, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuer, any Note Guarantor or its Affiliates and may otherwise deal with the Issuer, any Note Guarantor or its Affiliates with the same rights it would have if it were not Trustee.

PERSONAL DATA PROTECTION.- In accordance with the provisions of the General Regulations of European Data Protection, it is informed that the personal data of the appearing party will be treated by the authorizing Notary, whose contact data are contained in this document. The data will be treated in order to perform the duties inherent in the notarial activity and for customers' invoicing and management, therefore, such data will be kept during the terms provided for in the applicable rules and, as the case may be, while the relationship with the interested party may continue.

The basis for the treatment is the performance of the notary's public duties, which obligates that the data are provided to the Notary and would prevent his participation otherwise. The communications provided for in the Public Administrations Law (*Ley a las Administraciones Públicas)* will be given and, where appropriate, to the Notary that succeeds the current one in the city. The appearing parties are entitled to request access to their personal data, rectification, cancellation, transferability thereof and the limitation of their treatment, as well as object to it. In virtue of any possible rights infringement, a claim may be filed at the Spanish Data Protection Agency (*Agencia Española de Protección dé Datos)*. If data of persons other than the appearing parties are provided, they should have been previously informed thereof in accordance with the provisions of article 14 of the General Regulations of European Data Protection (RGPD).

Said and granted.

And I, the Notary, hereby CERTIFY:

a.- That I know the parties.

b.- That the parties, in my opinion, have the capacity and are legitimized for the present bestowal.

c.- That the granting suits the legality and the free and duly informed will of those appearing.

d.- Having read this public instrument to the grantor, previously warned of their right to do it themselves, that they have exercised, and who affirm to have been duly informed of the full content thereof, to which they give their consent, all in accordance with Article 193 of the Notarial Regulations.

e.- That this public instrument is contained in seven folios of notarial paper, FJ series numbers: 1240017 and the following six in order correlative, I, the Notary, certify. Following are the signatures of the parties.—Signed. ANTONIO PÉREZ-COCA CRESPO. Initialed. Seal of the Notary's Office.

DILIGENCE.- I, ANTONIO PÉREZ-COCA CRESPO, Notary Public of Madrid and its Illustrious BAR, hereby issue this instrument to note that on its date, October eight two thousand and twenty, I was given the power-of-attorney, typed on a double-column format, in Spanish and English languages, whose languages I, the Notary understand, which is specially granted for formalizing the deed purpose hereof, by Mrs. Loretta A. Lundberg and Mr. Bret Derman, as legal representatives of THE BANK OF NEW MELLON, before the Notary Public of New York, Mr. Elvin Ramos, on September fifteen, two thousand and twenty.

The power is duly apostilled pursuant to The Hague Convention. And I, the Notary, for my knowledge of the legislation of the State of New York on this matter; for being granted before a Notary of said country; because the powers there and thus granted become effective in the same manner as in the country of origin, because the special powers are not registered in the Commercial Register of New York, because the Notary of New York verified the identity, legal capacity and compliance with all national formalities and because said act is valid according to the rules of private international law, in view of the purposes of article 36 of the Mortgage Regulations (*Reglamento Hipotecario)* and the Third Additional Provision of Law 15/2015 (*Disposición Adicional Tercera de la Ley 15/2015*) concerning Voluntary Jurisdiction, I consider the principle of equivalence of forms as fulfilled.

Having said power of attorney at sight, I attached it to this instrument as it forms an integral part of it, and I hereby declare that the powers conferred therein are sufficient and enough to grant this deed of accession of pledge.

And having nothing else to declare, I issue this instrument on this single sheet of notarial paper, I, the Notary, officially attest thereto. Signed. ANTONIO PÉREZ-COCA CRESPO. Initialed. Seal of the Notary's Office.

DILIGENCE.- To record that I, ANTONIO PÉREZ-COCA CRESPO, on October fifteen, two thousand and twenty, delivered it at the Post Office Branch located at office 2825494, E.O MINISTRY OF PUBLIC ADMINISTRATION, as Certificate and notice of receipt of the abovementioned certificate, and that the official in charge of the service has provided me with the receipt whose photocopy is attached.

This diligence is recorded after the deed upon which it is based, with the series FJ, number 1241703. In Madrid as of August four, two thousand and twenty. Signed. ANTONIO PÉREZ-COCA CRESPO. Initialed. Seal of the Notary's Office.

DILIGENCE.- I, ANTONIO PÉREZ-COCA CRESPO, Notary of Madrid, put in record that on December twenty-one, two thousand and twenty, the Post and Telegraph Service has not sent an acknowledgment of receipt corresponding to notification number RF212257327ES, so in order to know the status of said delivery, I connected to the Internet through one of the computers in my office to the webpage www.correos.es, and I verified that it states: "delivered on October twenty, two thousand and twenty". A print of said result is attached to the main document.

This diligence is recorded after the deed upon which it is based in Madrid as of December twenty-one, two thousand and twenty, which I, the Notary, hereby certify.- Signed. ANTONIO PÉREZ-COCA CRESPO. Initialed. Seal of the Notary's Office.

5.1 Continuing obligations

The provisions of the Facilities Agreement and the other Finance Documents shall, save as amended by this Agreement, continue in full force and effect.

5.2 Confirmation of Guarantee Obligations

(B) the relevant date specified in the notice from the Agent is no sooner than fifteen Business Days after the date on which the Borrower, the Agent and the relevant notaries specifically confirm, pursuant to paragraph (A) above, that the necessary notarisation and apostilling can occur.

For the avoidance of doubt, only one such notice may be given by the Agent and nothing in this Clause 5.5 shall imply any obligation on the Borrower to ensure any Lender or the Agent or the Custodian or the Security Agent appear before such notary.

5.6 Confirmation in Mexico

On or before the date falling thirty Business Days after the date of this Agreement (unless otherwise agreed between the Borrower and the Agent), the Borrower shall ensure that the Security Agent has received evidence, in form and substance satisfactory to it (acting on the instructions of the Agent):

(B) The principles of construction set out in the Facilities Agreement shall have effect as if set out in this Agreement as if references in those clauses to "this Agreement" are references to this Agreement.

1.3 Scope

1.4 Clauses

In this Agreement any reference to a "Clause" or a "Schedule" is, unless the context otherwise requires, a reference to a clause in or a schedule to this Agreement.

1.5 Designation

This Agreement is designated as a Finance Document in accordance with the Facilities Agreement by each of the Borrower and the Agent.

2. Conditions precedent

2.1 Conditions precedent to the Amendment Effective Date

2.2 Confirmation of conditions precedent

(A) The Agent shall notify the Borrower and the Lenders promptly upon being so satisfied in respect of Clause 2.1 (*Conditions precedent to the Amendment Effective Date*).

(B) The Lenders authorise (but do not require) the Agent to give notifications pursuant to paragraph (A) above. The Agent shall not be liable for any damages, costs or losses whatsoever as a result of giving any such notifications.

3. Amendment of the Facilities Agreement

With effect from the Amendment Effective Date, the Facilities Agreement shall be amended so that it shall be read and construed for all purposes as set out in Schedule 3 (*Amended Facilities Agreement*), which accordingly restates the Facilities Agreement as amended by this Agreement, implementing, *inter alia*, the acceptance by Exchanging Creditors (as defined in the Invitation Memorandum) of the Exchange and Discharge Offer (as defined in the Invitation Memorandum).

For the avoidance of doubt, with effect from the Amendment Effective Date, each reference in the Facilities Agreement to "this Agreement", "hereunder", "hereof" or words of like import referring to the Facilities Agreement, and each reference in the other Finance Documents to "the Facilities Agreement", "thereunder", "thereof" or words of like import referring to the Facilities Agreement, shall mean and be a reference to the Facilities Agreement as modified hereby.

4. Representations

The Repeating Representations are deemed to be made by each Obligor to the Finance Parties (by reference to the facts and circumstances then existing) on:

(A) the date of this Agreement; and

(B) the Amendment Effective Date,

and references to "this Agreement" in the Repeating Representations should be construed, on the date of this Agreement, as references to this Agreement and to the Facilities Agreement and, on the Amendment Effective Date, as references to the Amended Facilities Agreement.

5. Continuity and further assurance

5.1 Continuing obligations

5.2 Confirmation of Guarantee Obligations

For the avoidance of doubt, each Guarantor confirms for the benefit of the Finance Parties that all Guarantee Obligations owed by it under the Amended Facilities Agreement shall:

(A) remain in full force and effect notwithstanding the amendments referred to in Clause 3 (*Amendment of the Facilities Agreement*); and

(B) extend to any new obligations assumed by any Obligor under the Finance Documents as a result of this Agreement (including, but not limited to, under the Amended Facilities Agreement).

5.3 Confirmation of Security

For the avoidance of doubt, each Obligor confirms for the benefit of the Finance Parties that the Security created by it pursuant to each Transaction Security Document to which it is a party shall:

(A) remain in full force and effect notwithstanding the amendments referred to in Clause 3 (*Amendment of the Facilities Agreement*); and

(B) the relevant date specified in the notice from the Agent is no sooner than fifteen Business Days after the date on which the Borrower, the Agent and the relevant notaries specifically confirm, pursuant to paragraph (A) above, that the necessary notarisation and apostilling can occur.

For the avoidance of doubt, only a maximum of three such notices may be given by the Agent provided that CEMEX shall not be obliged to appear additionally before a notary after an initial valid appearance by it if such additional appearance only relates to a Lender accession to the relevant documentation and nothing in this Clause 5.5 shall imply any obligation on the Borrower to ensure any Lender or the Agent or the Custodian or the Security Agent appear before such notary.

(C) that the settlors (*Fideicomitentes*) party to the Mexican Security Trust, have given written notice to the Mexican Security Trustee of the execution of this Agreement and a copy of such document including the Amended Facilities Agreement, and that such settlors confirm that the Amended Facilities Agreement constitutes the *Contrato de Financiamiento Aplicable* (as defined in the Mexican Security Trust), notwithstanding the existence of other Secured Obligations (as defined in the Intercreditor Agreement); and

(D) that the Mexican Security Trustee has received and accepted the notice and confirmation described in paragraph (C) above.

6. Prepayment

7. Delayed Effectiveness and Draw Commitments

Immediately following the prepayment by the Borrower of the July 2021 Prepayments in accordance with paragraph 6 above, each of the Delayed Effectiveness and Draw Commitments made available by Santander España will become effective and capable of being drawn by the Borrower at the times and for the purposes as provided in the Amended Facilities Agreement, namely to repay Santander México's remaining outstanding Commitments that are drawn and outstanding under Facility L1, Facility L3 and Facility L4.

Any such new Promissory Notes shall be issued under the name of the Existing Lender or the New Lender (as applicable), and shall be released (through the Custodian, if any), duly signed, to the Existing Lender and the New Lender, upon tendering to the Borrower of the Promissory Notes previously issued to the Existing Lender in respect of the relevant Commitment under that new facility.

(h) The Borrower:

(i) shall, within 15 Business Days of a written request of any Lender participating in any Loan (A) that has requested delivery of a Promissory Note which sets forth the Interest Period then in effect or (B) following any notification pursuant to Clause 9.4 (*Notification of rates of interest*) arising as a result of an increase in the applicable Margin following any event described in paragraphs (b)(i) to (b)(iii) (inclusive) of the definition of Margin, execute, and cause the execution by each Guarantor as *avalista*, issue and deliver a Promissory Note, setting forth the applicable Interest Period or Margin (as applicable), to each such Lender participating in a Loan or Facility to which the request or notification relates; and

(ii) shall, within 15 Business Days of a written request of any Lender participating in any Loan following (A) any notification pursuant to Clause 9.4 (*Notification of rates of interest*) arising as a result of a decrease in the applicable Margin following any event described in paragraphs (b)(i) to (b)(iv) of the definition of Margin or (B) any repayment of any Loan (other than a Facility D2 Loan or a Facility M Loan) or decrease in the Total Commitments (other than a Facility D2 Commitment or a Facility M Commitment), execute, and cause the execution by each Guarantor as *avalista*, issue and deliver a Promissory Note to each such Lender participating in a Loan or Facility to which the relevant notification, repayment or decrease (as the case may be) relates,

provided that any Promissory Note held by or on behalf of such Lender in respect of that Loan (the "**Old Promissory Note**") is tendered or otherwise made available for exchange by the Custodian (or, if none, such Lender). Upon such exchange, the Old Promissory Note shall be cancelled and have no further effect. For the avoidance of doubt: (x) if the exchange does not take place the Old Promissory Note remains in full force and effect; and (y) notwithstanding any Promissory Note, this Agreement determines, *inter alia*, the rate of interest accruing on Loans and any amount payable by the Obligors.

(i) Any obligation of the Borrower to deliver a Promissory Note to a Lender pursuant to this Agreement may be satisfied by delivery of such Promissory Note to the Custodian, if any.

(j) Notwithstanding any amount set forth in any Promissory Note issued to a Lender in respect of any Commitment of that Lender, no such Lender shall be entitled, and each such Lender that holds any Promissory Note evidencing any Commitment in accordance with this Agreement hereby waives the right, to claim any amount of principal in excess of the amounts disbursed and not repaid to such Lender in respect of the relevant Loan(s) at that time. Each Lender that holds any Promissory Note evidencing any Commitment in accordance with this Agreement agrees that the Borrower may introduce this Agreement (and in particular, the provisions of this Clause 5.6) as a defence in connection with any such claim.

(k) For the avoidance of doubt, no Lender may claim under a Promissory Note separately from under this Agreement, except for claims initiated before Mexican courts as permitted under Clause 42.1 (*Jurisdiction in relation to actions brought by or against parties organised or incorporated in Mexico*) (and in such circumstances the Agent will provide to the Borrower such information as the Borrower may reasonably request in connection with the aggregate amounts disbursed to the Borrower).

SECTION 5
COSTS OF UTILISATION

9. INTEREST

9.1 Calculation and payment of interest

The rate of interest on each Loan for each Interest Period is the percentage rate per annum which is the aggregate of the applicable:

(a) Margin; and

(b) LIBOR or, in relation to any Loan in euro, EURIBOR or, in relation to any Loan in Mexican pesos, TIIE.

9.2 Payment of interest

(a) The Borrower shall pay accrued interest on that Loan on the last day of each Interest Period (and, if the Interest Period is longer than six Months, on the dates falling at six Monthly intervals after the first day of the Interest Period).

(b) If the Compliance Certificate received by the Agent which relates to the Borrower's annual consolidated financial statements delivered pursuant to Clause 20.1 (*Financial statements*) or the KPI Certificate provided by the Borrower as required pursuant to Schedule 17 (*Sustainability-Linked Loans – KPIs*) shows that:

(i) a higher Margin should have applied to an Interest Period at any point during the period since the Compliance Certificate or KPI Certificate (as the case may be) was received by the Agent which related to the Borrower's previous set of annual consolidated financial statements (in the case of the Compliance Certificate) or Integrated Report (in the case of the KPI Certificate), then the Borrower shall promptly pay to the Agent any amounts necessary to put the Agent and the Lenders in the position they would have been in had the appropriate rate of the Margin applied during such period; or

(ii) a lower Margin should have applied to an Interest Period at any point during the period since the Compliance Certificate or KPI Certificate (as the case may be) was received by the Agent which related to the Borrower's previous set of annual consolidated financial statements (in the case of the Compliance Certificate) or Integrated Report (in the case of the KPI Certificate), then the amount of interest due in relation to a Loan on the next interest payment date of that specific Loan shall be reduced by the amount necessary to put the Borrower in the position they would have been in had the appropriate rate of Margin applied during such period,

provided that (i) any such increase or reduction shall only apply to the extent that any Lender which received the underpayment or overpayment of interest remains a Lender at the date of such adjustment and no claim shall be made against the Borrower to the extent that any Lender has not remained a Lender under this Agreement and (ii) any amounts calculated under paragraphs (i) and (ii) above shall be netted.

9.3 **Default interest**

(a) If an Obligor fails to pay any amount payable by it under a Finance Document on its due date, interest shall accrue on the overdue amount from the due date up to the date of actual payment (both before and after judgment) at a rate which, subject to paragraph (b) below, is 2.00 per cent. higher than the rate which would have been payable if the overdue amount had, during the period of non-payment, constituted a Loan or other amount outstanding in the currency of the overdue amount under the relevant Facility for successive Interest Periods, each of a duration selected by the Agent (acting reasonably). Any interest accruing under this Clause 9.3 shall be immediately payable by the Obligor on demand by the Agent.

(b) If any overdue amount consists of all or part of a Loan or other amount outstanding which became due on a day which was not the last day of an Interest Period relating to that Loan or other amount outstanding:

(i) the first Interest Period for that overdue amount shall have a duration equal to the unexpired portion of the current Interest Period relating to that Loan or other amount outstanding; and

(ii) the rate of interest applying to the overdue amount during that first Interest Period shall be 2.00 per cent. higher than the rate which would have applied if the overdue amount had not become due.

(c) Default interest (if unpaid) arising on an overdue amount will be compounded with the overdue amount at the end of each Interest Period applicable to that overdue amount but will remain immediately due and payable.

9.4 **Notification of rates of interest**

The Agent shall promptly notify the Lenders and the Borrower of the determination of a rate of interest under this Agreement.

10.3 **Consolidation of Term Loans**

If two or more Interest Periods:

(a) relate to Term Loans under the same Facility and in the same currency; and

(b) end on the same date,

those Term Loans will, unless the Borrower specifies to the contrary in the Selection Notice for the next Interest Period, be consolidated into, and treated as, a single Term Loan under the relevant Facility on the last day of the Interest Period.

11. **CHANGES TO THE CALCULATION OF INTEREST**

11.1 **Absence of quotations**

(a) Subject to Clause 11.2 (*Market disruption*) if LIBOR or EURIBOR is to be determined by reference to the Reference Banks but a Reference Bank does not supply a quotation by the Specified Time on the Quotation Day, the applicable LIBOR or EURIBOR shall be determined on the basis of the quotations of the remaining Reference Banks.

(b) Subject to Clause 11.2 (*Market disruption*) if the Alternate Peso Rate is to be determined by reference to the Reference Peso Banks pursuant to sub-paragraph (ii) of the second paragraph of the definition of Alternate Peso Rate, but a Reference Peso Bank does not supply a quotation by the Specified Time on the Quotation Day, the applicable Alternate Peso Rate shall be determined on the basis of the quotations of the remaining Reference Peso Banks.

11.2 **Market disruption**

(a) If a Market Disruption Event occurs in relation to a Loan for any Interest Period, then the rate of interest on each Lender's participation in that Loan for the Interest Period shall be the percentage rate per annum which is the sum of:

(i) the Margin; and

(ii) the rate notified to the Agent by that Lender as soon as practicable and in any event by close of business on the date falling five Business Days after the Quotation Day (or, if earlier, on the date falling five Business Days prior to the date on which interest is due to be paid in respect of that Interest Period), to be that which expresses as a percentage rate per annum the cost to that Lender of funding its participation in that Loan from whatever source it may reasonably select.

(b) If:

(i) the percentage rate per annum notified by a Lender pursuant to paragraph (a)(ii) above is less than LIBOR or, in relation to any Loan in euro, EURIBOR or, in relation to any Loan in Mexican pesos, TIIE; or

(ii) a Lender has not notified the Agent of a percentage rate per annum pursuant to paragraph (a)(ii) above,

the cost to that Lender of funding its participation in that Loan for that Interest Period shall be deemed, for the purposes of paragraph (a) above, to be LIBOR or, in relation to any Loan in euro, EURIBOR or, in relation to any Loan in Mexican pesos, TIIE.

(c) In this Agreement:

"**Market Disruption Event**" means:

(i) at or about noon on the Quotation Day for the relevant Interest Period the Screen Rate is not available (or, where applicable, it is not possible to calculate the Interpolated Screen Rate or, in the case of the Alternate Peso Rate, the Alternate Peso Rate is to be determined pursuant to sub-paragraph (ii) of the second paragraph of the definition of Alternate Peso Rate) and (x) none or only one of the Reference Banks supplies a rate to the Agent to determine LIBOR for dollars or sterling or EURIBOR for euro and the relevant Interest Period or (y) none or only one of the Reference Peso Banks supplies a rate to the Agent to determine TIIE for Mexican pesos and the relevant Interest Period; or

(ii) before close of business in London on the Quotation Day for the relevant Interest Period, the Agent receives notifications from a Lender or Lenders (whose participations in a Loan exceed 35 per cent. of that Loan) that the cost to it of funding its participation in that Loan from whatever source it may reasonably select would be in excess of LIBOR or, as applicable, EURIBOR or, as applicable, TIIE.

11.3 **Alternative basis of interest or funding**

(a) If a Market Disruption Event occurs and the Agent or the Borrower so requires, the Agent and the Borrower shall enter into negotiations (for a period of not more than 30 days) with a view to agreeing a substitute basis for determining the rate of interest.

(b) Any alternative basis agreed pursuant to paragraph (a) above shall, with the prior consent of all the Lenders and the Borrower, be binding on all Parties.

11.4 **Break Costs**

(a) Subject to paragraph (c) below, the Borrower shall, within three Business Days of demand by a Lender, pay to that Lender its Break Costs attributable to all or any part of a Loan or Unpaid Sum being paid by that Borrower on a day other than the last day of an Interest Period for that Loan or Unpaid Sum.

(b) Each Lender to whom paragraph (a) above applies shall, as soon as reasonably practicable after a demand by the Agent, provide a certificate confirming the amount of its Break Costs for any Interest Period in which they accrue.

(c) No Break Costs will be payable by the Borrower to a Lender as a result of:

(i) the prepayment of the Repayment Instalments due 48 Months after the date of this Agreement in accordance with Clause 6 (*Repayment*);

(ii) the repayment of Facility L1 with amounts drawn under Facility L2 and the Delayed Effectiveness and Draw Commitments drawn down under Facility J;

(iii) the repayment of Facility L3 with the Delayed Effectiveness and Draw Commitments drawn under Facility K; and

(iv) the repayment of Facility L4 with the Delayed Effectiveness and Draw Commitments drawn under Facility J.

12. **FEES**

12.1 **Commitment fee**

(a) Subject to paragraphs (c) and (d) below, the Borrower shall pay to the Agent (for the account of each Lender) a fee in the relevant currency for each Facility computed at a rate equal to, at any time, 35 per cent. of the then applicable Margin per annum on that Lender’s Available Commitment under a Facility for the Availability Period applicable to that Facility.

(b) The accrued commitment fee is calculated on a daily basis and payable on the last day of each successive period of three Months beginning on the date falling five Business Days after the date of this Agreement or (in the case of a Commitment assumed by a Lender in accordance with Clause 2.2 (*Accordion*)), the date falling five Business Days after the relevant Increase Date and which ends during the relevant Availability Period, on the last day of the Availability Period and, if cancelled in full, on the cancelled amount of the relevant Lender's Commitment at the time the cancellation is effective.

(c) No commitment fee is payable to the Agent (for the account of a Lender) on any Available Commitment of that Lender for any day on which that Lender is a Defaulting Lender.

(d) No commitment fee is payable to the Agent (for the account of a Lender) on:

(i) any Available Commitment of that Lender under Facility L2; or

(ii) any Delayed Effectiveness and Draw Commitment under Facility J and Facility K.

12.2 **Arrangement fee**

The Borrower shall pay to the Agent (for the account of each Arranger) an arrangement fee in the amount and at the times agreed in a Fee Letter.

12.3 **Upfront fee**

The Borrower shall pay to the Agent (for the account of each Original Lender) an upfront fee in the amount and at the times agreed in a Fee Letter.

12.4 **Agency fee**

The Borrower shall pay to the Agent (for its own account) an agency fee in the amount and at the times agreed in a Fee Letter.

12.5 **Security Agent fee**

The Borrower shall pay to the Security Agent (for its own account) the Security Agent fee in the amount and at the times agreed in a Fee Letter.

13.2 **Tax gross-up**

(a) Each Obligor shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law.

(b) The Borrower shall promptly upon becoming aware that an Obligor must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction, if a Tax Deduction was applicable on the date of this Agreement or would have been notified to the Agent following the date of this Agreement as contemplated by this Clause 13.2) under the Finance Documents notify the Agent accordingly. Similarly, a Finance Party or a New Lender shall notify the Agent on becoming so aware in respect of a Tax Deduction being applicable, other than Tax Deductions being applicable on the date of this Agreement or on the date of an assignment to a New Lender in accordance with this Agreement. If the Agent receives such notification from a Finance Party it shall notify the Borrower and that Obligor.

(c) Subject to paragraph (d), if a Tax Deduction is required by law to be made by an Obligor under the Finance Documents, the amount of the payment due from that Obligor shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due if no Tax Deduction had been required and will provide to the Agent, upon request, evidence of the payment of the applicable Taxes.

(d) A payment shall not be increased under paragraph (c) above by reason of a Tax Deduction on account of Tax imposed by Mexico if, on the date on which the payment falls due, the payment could have been made to the relevant Finance Party without a Tax Deduction, or subject to a Tax Deduction at a reduced rate, if the Finance Party had been a Qualifying Lender, but on that date that Finance Party is not or has ceased to be a Qualifying Lender, other than as a result of any change after the date it became a Finance Party under this Agreement in (or in the interpretation, administration, or application of) any law, regulation or treaty, or any published practice of any relevant taxing authority or for any other reason not attributable to the applicable Lender **provided that**:

(i) in respect of a Lender which is an assignee or transferee of an Original Lender, payments under paragraph (c) above shall not exceed the amounts payable under such paragraph (c) to that Original Lender immediately prior to the relevant assignment or transfer; and

(ii) in respect of a Lender that satisfies the definition of Treaty Lender, the maximum percentage in respect of which amounts under paragraph (c) shall be paid is 4.9 per cent. (or any other substitute percentage specified as a result of a change in applicable law) (as may be increased to permit payment in full after paragraph (c) has been applied).

(e) If an Obligor is required to make a Tax Deduction, that Obligor shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law.

(f) Within 30 days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Obligor making that Tax Deduction shall deliver to the Agent for the Finance Party entitled to the payment an original receipt (or certified copy thereof) or if unavailable such other evidence as is reasonably satisfactory to that Finance Party that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.

13.3 **Tax indemnity**

(a) The Borrower shall (within three Business Days of demand by the Agent) pay to a Protected Party an amount equal to the loss, liability or cost which that Protected Party determines will be or has been (directly or indirectly) suffered for or on account of Tax by that Protected Party in respect of a Finance Document.

(b) Paragraph (a) above shall not apply:

(i) with respect to any Tax assessed on a Finance Party:

(A) under the law of the jurisdiction in which that Finance Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which that Finance Party is treated as resident for tax purposes; or

(B) under the law of the jurisdiction in which that Finance Party's Facility Office is located in respect of amounts received or receivable in that jurisdiction,

if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by that Finance Party; or

(ii) to the extent a loss, liability or cost:

(A) is compensated for by an increased payment under Clause 13.2 (*Tax gross-up*);

(B) would have been compensated for by an increased payment under Clause 13.2 (*Tax gross-up*) but was not so compensated solely because the exclusion in paragraph (d) of Clause 13.2 (*Tax gross-up*) applied; or

(C) relates to a FATCA Deduction required to be made by a Party.

(c) A Protected Party making, or intending to make, a claim under paragraph (a) above shall promptly notify the Agent of the event which will give, or has given, rise to the claim, following which the Agent shall notify the Borrower.

(d) A Protected Party shall, on receiving a payment from an Obligor under this Clause 13.3, notify the Agent.

13.4 **Tax Credit**

If an Obligor makes a Tax Payment and the relevant Finance Party determines that:

(a) a Tax Credit is attributable either to an increased payment of which that Tax Payment forms part or to that Tax Payment; and

(b) that Finance Party has obtained, utilised and retained that Tax Credit,

the Finance Party shall pay an amount to the Obligor which that Finance Party determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Obligor.

13.5 **Lender Status Confirmation**

(a) Each Original Lender confirms that it is a Qualifying Lender.

(b) Each Lender (other than an Original Lender) which becomes a Party to this Agreement after the date of this Agreement shall indicate, in the Transfer Certificate, Assignment Agreement or Accordion Confirmation which it executes on becoming a Party, and for the benefit of the Agent and without liability to any Obligor, which of the following categories it falls in:

(i) a Qualifying Lender (other than a Treaty Lender);

(ii) a Treaty Lender; or

(iii) not a Qualifying Lender.

(c) If a New Lender fails to indicate its status in accordance with this Clause 13.5 then such New Lender shall be treated for the purposes of this Agreement (including by each Obligor) as if it is not a Qualifying Lender until such time as it notifies the Agent which category applies (and the Agent, upon receipt of such notification, shall inform the Borrower). For the avoidance of doubt, a Transfer Certificate, Assignment Agreement or Accordion Confirmation shall not be invalidated by any failure of a Finance Party to comply with this Clause 13.5.

13.6 **FATCA Deduction**

(a) Each Party may make any FATCA Deduction it is required to make by FATCA, and any payment required in connection with that FATCA Deduction, and no Party shall be required to increase any payment in respect of which it makes such a FATCA Deduction or otherwise compensate the recipient of the payment for that FATCA Deduction.

(b) Each Party shall promptly, upon becoming aware that it must make a FATCA Deduction (or that there is any change in the rate or the basis of such FATCA Deduction), notify the Party to whom it is making the payment and, in addition, shall notify the Borrower and the Agent and the Agent shall notify the other Finance Parties.

13.7 **Stamp taxes**

(a) All consideration expressed to be payable under a Finance Document by any Party to a Finance Party shall be deemed to be exclusive of any VAT. If VAT is chargeable on any supply made by any Finance Party to any party in connection with a Finance Document, that Party shall pay to the Finance Party (in addition to and at the same time as paying the consideration) an amount equal to the amount of the VAT and such Finance Party shall promptly provide an appropriate VAT invoice to such Party.

(b) Where a Finance Document requires any Party to reimburse a Finance Party for any costs or expenses, that Party shall also at the same time pay and indemnify that Finance Party against all VAT incurred by the Finance Party in respect of the costs or expenses to the extent that the Finance party reasonably determines that it is not entitled to credit or repayment of the VAT.

13.9 **No double-recovery**

No Finance Party may recover more than once under the Finance Documents for any cost, loss or liability in respect of which it has a claim under this Clause 13, Clause 14 (*Increased Costs*) or Clause 15 (*Other Indemnities*).

13.10 **French Obligors**

All payments to be made under this Agreement by an Obligor resident or established in France shall be made to an account opened in a financial institution situated in a State or territory other than a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French tax code (*code général des impôts*).

14. **INCREASED COSTS**

14.1 **Increased costs**

(a) Subject to Clause 14.3 (*Exceptions*) the Borrower shall, within three Business Days of a demand by the Agent, pay for the account of a Finance Party the amount of any Increased Costs incurred by that Finance Party or any of its Affiliates as a result of:

(i) the introduction of or any change in (or in the interpretation, administration or application of) any law or regulation after the date of this Agreement; or

(ii) compliance with any law or regulation made after the date of this Agreement; or

(iii) the implementation or application of, or compliance with, (A) the Dodd-Frank Wall Street Reform and Consumer Protection Act (Public Law 111-203 (signed into law July 21, 2010)) and all requests, rules, guidelines or directives thereunder or issued in connection therewith or (B) Basel III or CRD IV or any law or regulation that implements or applies Basel III or CRD IV.

(b) In this Agreement:

(i) "**Increased Costs**" means:

(A) a reduction in the rate of return from a Facility or on a Finance Party's (or its Affiliate's) overall capital;

(B) an additional or increased cost; or

(C) a reduction of any amount due and payable under any Finance Document,

which is incurred or suffered by a Finance Party or any of its Affiliates to the extent that it is attributable to that Finance Party having entered into its Commitment or funding or performing its obligations under any Finance Document; and

(ii) "**Basel III**" means:

(A) the agreements on capital requirements, a leverage ratio and liquidity standards contained in "Basel III: A global regulatory framework for more resilient banks and banking systems", "Basel III: International framework for liquidity risk measurement, standards and monitoring" and "Guidance for national authorities operating the countercyclical capital buffer" published by the Basel Committee on Banking Supervision in December 2010, each as amended, supplemented or restated;

(B) the rules for global systemically important banks contained in "Global systemically important banks: assessment methodology and the additional loss absorbency requirement – Rules text" published by the Basel Committee on Banking Supervision in November 2011, as amended, supplemented or restated; and

(iii) "**CRD IV**" means:

14.2 **Increased cost claims**

(a) A Finance Party intending to make a claim pursuant to Clause 14.1 (*Increased costs*) shall notify the Agent of the event giving rise to the claim, following which the Agent shall promptly notify the Borrower.

(b) Each Finance Party shall, as soon as practicable after a demand by the Agent, provide a certificate confirming the amount of its Increased Costs and setting out the calculation of the amount in reasonable detail.

14.3 **Exceptions**

(a) Clause 14.1 (*Increased costs*) does not apply to the extent any Increased Cost is:

(i) attributable to a Tax Deduction required by law to be made by an Obligor;

(ii) attributable to a FATCA Deduction required to be made by a Party;

(iii) compensated for by Clause 13.3 (*Tax indemnity*) (or would have been compensated for under Clause 13.3 (*Tax indemnity*) but was not so compensated solely because the exclusion in paragraph (b) of Clause 13.3 (*Tax indemnity*) applied);

(iv) attributable to the wilful breach by the relevant Finance Party or its Affiliates of any law or regulation; or

(v) attributable to the implementation of or compliance with the "International Convergence of Capital Measurements and Capital Standards - a Revised Framework" published by the Basel Committee on Banking Supervision in June 2004 in the form existing on the date of this Agreement ("**Basel II**") or any other law or regulation that implements Basel II (whether such implementation or compliance is by a government, governmental regulator, Finance Party or an Affiliate thereof) but, for the avoidance of doubt and without prejudice to Clause 14.1 (*Increased costs*), so that this exception does not apply to costs attributable to the implementation or application or compliance with Basel III or CRD IV or any law or regulation that implements or applies Basel III (including CRD IV) **provided that** the relevant Finance Party claiming for any Increased Cost relating to the implementation or application of or compliance with (i) Basel III (each, a "**Basel III Cost**") and (ii) CRD IV (each a "**CRD IV Cost**") and the Borrower shall negotiate in good faith for a period not exceeding 30 days following receipt by the Borrower of notice from the Agent of a claim from such Finance Party to pay such Basel III Cost and CRD IV Cost (the "**Negotiation Period**"), with a view to identifying and agreeing the

amount of such Basel III Cost and CRD IV Cost to be paid by the Borrower. If such mutually satisfactory arrangements are agreed within such Negotiation Period, these arrangements will be binding on the Borrower and the relevant Finance Party. If no such mutually satisfactory arrangements are agreed by the expiry of the Negotiation Period, then the Borrower shall within 15 days from the expiry of the Negotiation Period, pay the amount of such Basel III Costs and CRD IV Costs (whether or not such amount has been agreed), it being acknowledged that such payment obligation is without prejudice to the Borrower's right to replace or repay and cancel that Finance Party's participation in the Utilisations in accordance with Clause 7.5 (*Right of replacement or cancellation and repayment in relation to a single Lender*).

(b) In this Clause 14.3 reference to a "**Tax Deduction**" has the same meaning given to the term in Clause 13.1 (*Definitions*).

(b) The Borrower will indemnify and hold harmless each Finance Party and its Affiliates and each of their and their Affiliates' respective directors, officers, employees, agents, advisers and representatives (each being an "**Indemnified Person**") from and against any and all claims, damages, losses, liabilities, costs, legal expenses and other expenses (all together "**Losses**") which have been incurred by or awarded against any Indemnified Person, in each case arising out of or in connection with any claim, investigation, litigation or proceeding (or the preparation of any defence with respect thereto) commenced or threatened by any person other than itself, its respective directors, officers, employees, agents, advisers or representatives in relation to any of the Finance Documents (or in connection with the execution and/or notarisation of any Finance Document) except to the extent such Losses or claims result from such Indemnified Person's negligence or misconduct or a breach of any term of any Finance Document by that Indemnified Person. Any third party referred to in this paragraph (b) may rely on this Clause 15.2.

15.3 **Indemnity to the Agent**

17. COSTS AND EXPENSES

17.1 **Transaction expenses**

The Borrower shall promptly on demand pay (or procure to be paid) to the Agent and the Security Agent the amount of all costs and expenses (including legal fees) reasonably incurred by any of them (and, in the case of the Security Agent, by any Receiver or Delegate) in connection with the negotiation, preparation, printing, execution and perfection of:

(a) this Agreement and any other documents referred to in this Agreement and the Transaction Security; and

(b) any other Finance Documents executed after the date of this Agreement.

17.2 **Amendment costs**

If an Obligor requests an amendment, waiver or consent, the Borrower shall, within three Business Days of demand, reimburse (or procure to be reimbursed) each of the Agent and the Security Agent for the amount of all costs and expenses (including legal fees) reasonably incurred by the Agent and the Security Agent (and, in the case of the Security Agent, by any Receiver or Delegate) in responding to, evaluating, negotiating or complying with that request or requirement.

17.3 **Security Agent's ongoing costs**

(a) In the event of (i) a Default or (ii) the Security Agent considering it necessary or expedient or (iii) the Security Agent being requested by an Obligor or the Majority Lenders to undertake duties which the Security Agent and the Borrower agree to be of an exceptional nature and/or outside the scope of the normal duties of the Security Agent under the Finance Documents, the Borrower shall pay to the Security Agent any additional remuneration that may be agreed between them.

(b) If the Security Agent and the Borrower fail to agree upon the nature of the duties or upon any additional remuneration, that dispute shall be determined by an investment bank (acting as an expert and not as an arbitrator) selected by the Security Agent and approved by the Borrower or, failing approval, nominated (on the application of the Security Agent) by the President for the time being of the Law Society of England and Wales (the costs of the nomination and of the investment bank being payable by the Borrower) and the determination of any investment bank shall be final and binding upon the parties to this Agreement.

17.4 **Enforcement and preservation costs**

The Borrower shall, within three Business Days of demand, pay (or procure to be paid) to each Secured Party the amount of all costs and expenses (including legal fees) incurred by it in connection with the enforcement of or the preservation of any rights under any Finance Document and the Transaction Security and any proceedings instituted by or against the Security Agent as a consequence of taking or holding the Transaction Security or enforcing these rights.

17.5 **Custodian**

The Borrower shall promptly on demand pay (or procure to be paid) to the Agent and the Custodian the amount of all costs and expenses (including legal fees) reasonably incurred by any of them in connection with the appointment of the Custodian or the performance by it of its duties in relation to this Agreement. The Custodian may rely on this Clause 17.5 subject to Clause 1.4 (*Third party rights*) and the provisions of the Third Parties Act.

SECTION 7
GUARANTEE

18. GUARANTEE AND INDEMNITY

18.1 Guarantee and indemnity

Each Guarantor irrevocably and unconditionally jointly and severally:

(a) guarantees to each Finance Party punctual performance by each other Obligor of that Obligor's obligations under the Finance Documents;

(b) undertakes with each Finance Party that whenever an Obligor does not pay any amount when due under or in connection with any Finance Document, it shall immediately on demand pay that amount as if it were the principal obligor; and

(c) agrees with each Finance Party that if any obligation guaranteed by it pursuant to this Clause 18.1 is or becomes unenforceable, invalid or illegal or is otherwise discharged by the operation of clause 8.2 (*Distressed Disposals*) of the Intercreditor Agreement, it will, as an independent and primary obligation, indemnify that Finance Party immediately on demand against any cost, loss or liability it incurs as a result of an Obligor not paying any amount which would, but for such unenforceability, invalidity or illegality, have been payable by it under any Finance Document on the date when it would have been due. The amount payable by a Guarantor under this indemnity will not exceed the amount it would have had to pay under this Clause 18 if the amount claimed had been recoverable on the basis of a guarantee.

18.2 Continuing Guarantee

Each guarantee is a continuing guarantee and will extend to the ultimate balance of sums payable by each Obligor under the Finance Documents, regardless of any intermediate payment or discharge in whole or in part.

18.3 Reinstatement

If any discharge, release or arrangement (whether in respect of the obligations of any Obligor or any security for those obligations or otherwise) is made by a Finance Party in whole or in part on the basis of any payment, security or other disposition which is avoided or must be restored in insolvency, liquidation, administration or otherwise, then the liability of each Guarantor under this Clause 18 will continue or be reinstated as if the discharge, release or arrangement had not occurred.

18.4 Waiver of defences

(a) The obligations of each Guarantor under this Clause 18 will not be affected by an act, omission, matter or thing which, but for this Clause 18, would reduce, release or prejudice any of its obligations under this Clause 18 (without limitation and whether or not known to it or any Finance Party) including:

(i) any time, waiver or consent granted to, or composition with, any other Obligor or other person;

(ii) the release of any other Obligor or any other person under the terms of any composition or arrangement with any creditor of any member of the Group;

(iii) the taking, variation, compromise, exchange, renewal or release of, or refusal or neglect to perfect, take up or enforce, any rights against, or security over assets of, any other Obligor or other person or any non-presentation or non-observance of any formality or other requirement in respect of any instrument or any failure to realise the full value of any security;

(iv) any incapacity or lack of power, authority or legal personality of or dissolution or change in the members or status of any other Obligor or any other person;

(v) any amendment, novation, supplement, extension, restatement (however fundamental and whether or not more onerous) or replacement of a Finance Document or any other document or security including, without limitation, any change in the purpose of, any extension of or increase in any facility or the addition of any new facility under any Finance Document or other document or security;

(vi) any unenforceability, illegality or invalidity of any obligation of any person under any Finance Document or any other document or security;

(vii) any insolvency, *concurso mercantil*, *quiebra* or similar proceedings;

(viii) the existence of any claim, set-off or other right which any of the Guarantors may have at any time against any Obligor, the Agent, any Lender or any other person, whether in connection with this transaction or with any unrelated transaction;

(ix) any provision of applicable law or regulation purporting to prohibit the payment by any Obligor of any amount payable by any Obligor under any Finance Document or the payment, observance, fulfilment or performance of any other obligations to the Lenders or the Agent now or in future existing under or in connection with the Finance Documents, whether direct or indirect, absolute or contingent, due or to become due;

(x) any change in the name, purposes, business, capital stock (including the ownership thereof) or constitution of any Obligor; or

(xi) any other act or omission to act or delay of any kind by any Obligor, the Agent, the Lenders or any other person or any other circumstance whatsoever which might otherwise constitute a legal or equitable discharge of or defense to any Guarantor's obligations hereunder.

(b) To the extent permitted by applicable law and notwithstanding any contrary principles under the laws of any other jurisdiction, each of the Guarantors hereby waives any and all defences to which it may be entitled, whether at common law, in equity or by statute which limits the liability of, or exonerates, guarantors or which may conflict with the terms of this Clause 18 including failure of consideration, breach of warranty, statute of frauds, merger or consolidation of any Obligor, statute of limitations, accord and satisfaction and usury. Without limiting the generality of the foregoing, each of the Guarantors consents that, without notice to such Guarantor and without the necessity for additional endorsement or consent by such Guarantor, and without impairing or affecting in any way the liability of such Guarantor hereunder, the Agent and the Lenders may at any time and from time to time, upon or without any terms or conditions and in whole or in part:

(i) change the manner, place or terms of payment of, and/or change or extend the time or payment of, renew or alter, any of the Guarantors' obligations under the Finance Documents, any security therefor, or any liability incurred directly or indirectly in respect thereof, and this Clause 18 shall apply to such obligations as so changed, extended, renewed or altered;

(ii) exercise or refrain from exercising any rights against any Obligor or others (including the Guarantors) or otherwise act or refrain from acting;

(iii) settle or compromise any such obligations, any security therefor or any liability (including any of those hereunder) incurred directly or indirectly in respect thereof or hereof, and may subordinate the payment of all or any part thereof to the payment of any such liability (whether due or not) of any Obligor to creditors of any Obligor other than the Agent and the Lenders and Guarantors;

(iv) apply any sums by whomsoever paid or howsoever realised, other than payments of the Guarantors of such obligations, to any liability or liabilities of any Obligor under the Finance Documents or any instruments or agreements referred to herein or therein, to the Agent and the Lenders regardless of which of such liability or liabilities of any Obligor under the Finance Documents or any instruments or agreements referred to herein or therein remain unpaid;

(v) consent to or waive any breach of, or any act, omission or default under such obligations or any of the instruments or agreements referred to in this Agreement and the other Finance Documents, or otherwise amend, modify or supplement such obligations or any of such instruments or agreements, including the Finance Documents; and/or

(vi) request or accept other support of such obligations or take and hold any security for the payment of such obligations, or allow the release, impairment, surrender, exchange, substitution, compromise, settlement, rescission or subordination thereof.

(c) Each Guarantor incorporated in Mexico expressly waives, irrevocably and unconditionally:

(i) any right to require that any Finance Party first proceed against, initiate any actions before a court or any other judge or authority, or enforce any other rights or security or claim payment from any Obligor or any other person, before claiming any amounts due from such Guarantor incorporated in Mexico hereunder;

(ii) any right to which it may be entitled to have the assets of the Borrower, any other Obligor or any other person first be used, applied or depleted as payment of the Obligor's obligations hereunder, prior to any amount being claimed from or paid by any Guarantor incorporated in Mexico hereunder;

(iii) any right to which it may be entitled to have claims against it, or assets to be used or applied as payment, divided among different Guarantors; and

(iv) to the extent applicable and taking into consideration that the guarantee is not intended to be a *fianza* under Mexican law, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in Articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2829, 2837, 2840, 2845, 2846, 2847 and any other related or applicable Articles that are not explicitly set forth herein because of the Guarantor's knowledge thereof, of the *Código Civil Federal* of Mexico and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

18.5 **Immediate recourse**

(a) Each Guarantor waives any right it may have of first requiring any Finance Party (or any trustee or agent on its behalf) to proceed against or enforce any other rights or security or claim payment from any person before claiming from a Guarantor under this Clause 18. This waiver applies irrespective of any law or regulation or any provision of a Finance Document to the contrary.

(b) Each Guarantor also waives any right to be sued jointly with other Guarantors and to share liability resulting from any claim against it.

18.6 **Appropriations**

Until all amounts which may be or become payable by any Obligor under or in connection with the Finance Documents have been irrevocably paid in full, each Finance Party (or any trustee or agent on its behalf) may:

(a) refrain from applying or enforcing any other monies, security or rights held or received by that Finance Party (or any trustee or agent on its behalf) in respect of those amounts, or apply and enforce the same in such manner and order as it sees fit (whether against those amounts or otherwise) and no Guarantor shall be entitled to the benefit of the same; and

(b) hold in an interest-bearing suspense account any monies received from a Guarantor or on account of such Guarantor's liability under this Clause 18,

provided that the operation of this Clause 18.6 shall not be deemed to create any Security.

18.7 **Deferral of Guarantors' rights**

Until all amounts which may be or become payable by any Obligor under or in connection with the Finance Documents have been irrevocably paid in full and unless the Agent otherwise directs, no Guarantor will exercise any rights which it may have by reason of performance by it of its obligations under the Finance Documents or by reason of any amount being payable, or liability arising, under this Clause 18:

(a) to be indemnified by any other Obligor;

(b) to claim any contribution from any other guarantor of any other Obligor's obligations under the Finance Documents;

(c) to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of the Finance Parties under the Finance Documents or of any other guarantee or security taken pursuant to, or in connection with, the Finance Documents by any Finance Party;

(d) to bring legal or other proceedings for an order requiring any Obligor to make any payment, or perform any obligation, in respect of which any Guarantor has given a guarantee, undertaking or indemnity under, as the case may be, Clause 18.1 (*Guarantee and indemnity*);

(e) to exercise any right of set-off against any Obligor; and/or

(f) to claim or provide as a creditor of any Obligor in competition with any Finance Party.

If a Guarantor receives any benefit, payment or distribution in relation to such rights it shall hold that benefit, payment or distribution to the extent necessary to enable all amounts which may be or become payable to the Finance Parties by the Obligors under or in connection with the Finance Documents to be repaid in full on trust for the Finance Parties and shall promptly pay or transfer the same to the Agent or as the Agent may direct for application in accordance with Clause 32 (*Payment Mechanics*).

18.8 **Additional security**

Each guarantee is in addition to and is not in any way prejudiced by any other guarantee or security now or subsequently held by any Finance Party.

18.9 **General limitation on guarantee**

In any action or proceeding involving any applicable corporate law, or any applicable bankruptcy, insolvency, reorganisation, *concurso mercantil*, *quiebra* or other law affecting the rights of creditors generally, if the obligations of any Guarantor under this Clause 18 would otherwise be held or determined to be void, invalid or unenforceable, or subordinated to the claims of any other creditors, on account of the amount of its liability under this Clause 18, then, notwithstanding any other provision hereof to the contrary, the amount of such liability shall, without any further action by such Guarantor, any Lender, the Agent or any other person to the greatest extent permitted under applicable law, be automatically limited and reduced to the highest amount that is valid and enforceable and not subordinated to the claims of other creditors as determined in such action or proceeding.

18.10 **Bankruptcy and related matters**

(a) So long as any of the obligations under the Finance Documents are outstanding, each of the Guarantors shall not (unless required to do so by law or regulation), without the prior written consent of the Majority Lenders, commence or join with any other person in commencing any bankruptcy, liquidation, reorganisation, *concurso mercantil*, *quiebra* or insolvency proceedings of, or against, any Obligor.

(b) If acceleration of the time for payment of any amount payable by Borrower under the Finance Documents is stayed upon the insolvency, bankruptcy, reorganisation, *concurso mercantil*, *quiebra* or any similar event of any Obligor or otherwise, all such amounts otherwise subject to acceleration under the terms of this Agreement shall nonetheless be payable by the Guarantors hereunder forthwith on demand by the Agent made at the request of the Lenders.

(c) The obligations of each of the Guarantors under this Clause 18 shall not be reduced, limited, impaired, discharged, deferred suspended or terminated by any proceeding or action, voluntary or involuntary, involving the bankruptcy, insolvency, *concurso mercantil*, *quiebra*, receivership, reorganisation, marshalling of assets, assignment for the benefit of creditors, readjustment, liquidation or arrangement of any Obligor or similar proceedings or actions or by any defense which any Obligor may have by reason of the order, decree or decision of any court or administrative body resulting from any such proceeding or action. Without limiting the generality of the foregoing, the Guarantors' liability shall extend to all amounts and obligations under the Finance Documents and would be owed by any Obligor but for the fact that they are unenforceable or not allowable due to the existence of any such proceeding or action.

(d) Each of the Guarantors acknowledges and agrees that any interest on any portion of the obligations under the Finance Documents which accrues after the commencement of any proceeding or action referred to above in paragraph (c) of this Clause 18.10 (or, if interest on any portion of such obligations ceases to accrue by operation of law by reason of the commencement of said proceeding or action, such interest as would have accrued on such portion of such obligations if said proceedings or actions had not been commenced) shall be included in such obligations, it being the intention of the Guarantors, the Agent, and the Lenders that such obligations which are to be guaranteed by the Guarantors pursuant to this Clause 18 shall be determined without regard to any rule of law or order which may relieve any Obligor of any portion of such obligations. The Guarantors will take no action to prevent any trustee in bankruptcy, receiver, debtor in possession, assignee for the benefit of creditors or similar person from paying the Agent, or allowing the claim of the Agent, for the benefit of the Agent, and the Lenders, in respect of any such interest accruing after the date of which such proceeding is commenced, except to the extent any such interest shall already have been paid by the Guarantors.

(e) Notwithstanding anything to the contrary contained herein, if all or any portion of the obligations under the Finance Documents are paid by or on behalf of any Obligor, the obligations of the Guarantors hereunder shall continue and remain in full force and effect or be reinstated, as the case may be, in the event that all or any part of such payment(s) are rescinded or recovered, directly or indirectly, from the Agent and/or the Lenders as a preference, preferential transfer, fraudulent transfer or otherwise, and any such payments which are so rescinded or recovered shall constitute obligations under the Finance Documents for all purposes under this Clause 18, to the extent permitted by applicable law.

(f) Any term or provision of this Clause 18 or any other term in this Agreement or any Finance Document notwithstanding, the maximum aggregate amount of the obligations for which any Guarantor shall be liable under this Agreement or any other Finance Document shall in no event exceed an amount equal to the largest amount that would not render such Guarantor's obligations under this Agreement subject to avoidance under applicable U.S. Debtor Relief Laws, in all cases before taking into account any liabilities under any other guarantee by such Guarantor.

18.11 **Dutch guarantee limitation**

Notwithstanding any other provision of this Clause 18 (*Guarantee and Indemnity*) the guarantees, indemnities and other obligations of any Dutch Obligor expressed to be assumed in this Clause 18 (*Guarantee and Indemnity*) shall be deemed not to be assumed by such Dutch Obligor to the extent that the same would constitute unlawful financial assistance within the meaning of Article 2:98c of the Dutch Civil Code (where applicable) or any other applicable financial assistance rules under any rules under any relevant jurisdiction (the "**Prohibition**") and the provisions of this Agreement and the other Finance Documents shall be construed accordingly. For the avoidance of doubt, it is expressly acknowledged that the relevant Dutch Obligors will continue to guarantee all such obligations which, if included, do not constitute a violation of the Prohibition.

18.12 **Spanish guarantee limitation**

Notwithstanding any other provision of this Clause 18 (*Guarantee and Indemnity*) the guarantees, indemnities and other obligations of any Obligor incorporated in Spain expressed to be assumed in this Clause 18 (*Guarantee and Indemnity*) shall be deemed not to be assumed by such Obligor incorporated in Spain to the extent that the same would constitute the provision of financial assistance within the meaning of either Article 150.1 of the 2010 Spanish Corporations Act (*Ley de Sociedades de Capital*) (in the case of a Spanish Obligor which is a *sociedad anónima*), or Article 143.2 of the 2010 Spanish Corporations Act (*Ley de Sociedades de Capital*) (in the case of a Spanish Obligor which is a *sociedad limitada*).

18.13 **Swiss guarantee limitation**

(a) The obligations and liabilities of an Obligor incorporated in Switzerland (the "**Swiss Obligor**") under this Agreement or any other Finance Document in relation to the obligations, undertakings, indemnities or liabilities of an Obligor other than that Swiss Obligor or any of its fully owned and controlled subsidiaries (the "**Restricted Obligations**") shall be limited to the amount of

that Swiss Obligor's Free Reserves Available for Distribution at the time payment is requested or the maximum amount permitted by Swiss law applicable at the time payment is requested, **provided that** such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Obligor from its obligations in excess thereof, but merely postpone the performance date until such time as performance is permitted notwithstanding such limitation.

(b) For the purpose of this Clause 18.13, "**Free Reserves Available for Distribution**" means an amount equal to the maximal amount in which the relevant Swiss Obligor can make a dividend payment to its shareholder(s) (being the balance sheet profit and any freely disposable reserves available for this purpose, in each case in accordance with applicable Swiss law).

(c) As soon as possible after having been requested to discharge a Restricted Obligation, the Swiss Obligor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Security Agent with an interim statutory balance sheet audited by the statutory auditors of the Swiss Obligor setting out the Free Reserves Available for Distribution and, immediately thereafter, pay the amount corresponding to the Free Reserves Available for Distribution to the Security Agent (save to the extent provided below).

(d) In respect of the Restricted Obligations, the Swiss Obligor shall:

(i) if and to the extent required by applicable law in force at the relevant time:

(A) subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 per cent. (or such other rate as is in force at that time) from any payment made by it;

(B) pay any such deduction to the Swiss Federal Tax Administration; and

(C) notify and provide evidence to the Security Agent that the Swiss withholding tax has been paid to the Swiss Federal Tax Administration; and

(ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Finance Parties for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Finance Documents, unless grossing up is permitted under the laws of Switzerland then in force and **provided that** this should not in any way limit any obligations of any non-Swiss Obligors under the Finance Documents to indemnify the Finance Parties in respect of the deduction of the Swiss withholding tax, including, without limitation, in accordance with Clause 13 (*Tax Gross-Up and Indemnities*).

(e) In respect of the Restricted Obligations, if so required under applicable law (including tax treaties) at any time when the Security Agent is enforcing security interests granted by the Swiss Obligor, once the Security Agent is satisfied that it has received all disposal proceeds from such enforcement of the security, it shall promptly notify the Swiss Obligor of the amount of proceeds from such enforcement, and such Swiss Obligor:

(i) shall use its best efforts to ensure that the proceeds of any such enforcement can be used without deduction of Swiss withholding tax, or with deduction of Swiss withholding tax at a reduced rate, by discharging the liability to such tax by notification (*Meldeverfahren*) pursuant to applicable law (including tax treaties) rather than payment of the tax, and

(ii) shall promptly notify the Security Agent that such notification has been made or, as the case may be, deduction at a reduced rate is possible, and provide the Security Agent with evidence that such a notification of the Swiss Federal Tax Administration has been made or, as the case may be, such taxes may be deducted at a reduced rate.

To the extent a notification procedure referred to in the preceding paragraph is not available, the Swiss Obligor shall:

(A) within 20 Business Days after the notification by the Security Agent of the amount of proceeds from any enforcement in accordance with this paragraph (e) notify the Security Agent that Swiss withholding tax is due by the Swiss Obligor; and

(B) provide the Security Agent with all relevant information necessary or reasonably requested by the Security Agent to make the relevant deduction including, but not limited to, the amount of such deduction to be made (it being understood by the Parties hereto that the Security Agent shall have the right but not the obligation to determine such amount, if any, pursuant to the terms of the Intercreditor Agreement, and in particular, but not limited to, pursuant to clause 11.7 (*Security Agent's actions*) and paragraph (c) of clause 11.8 (*Security Agent's discretions*) thereof),

whereupon the Security Agent (acting on the instructions of an Instructing Group (as defined in the Intercreditor Agreement)) shall deduct the Swiss withholding tax in the amount notified to it or determined by it in accordance with paragraph (e)(ii) above from the enforcement proceeds and shall pay such amount to the Swiss Federal Tax Administration in satisfaction of the Swiss withholding tax payment due by the Swiss Obligor in relation to such enforcement proceeds, provided, however, that the Security Agent will not assume any liabilities to any person in connection with the deduction or payments made by the Security Agent pursuant to this paragraph (e), any failure by the Swiss Obligor to comply with its obligation hereunder or in connection with any failure by the Security Agent to determine such amount of the deduction to be made to the extent not notified to it by the Swiss Obligor.

(f) The relevant Swiss Obligor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraphs (d) or (e) above will, as soon as possible after the deduction of the Swiss withholding tax: (1) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and (2) pay to the Security Agent upon receipt any amount so refunded. The Security Agent shall, at the prior written request and (so long as reasonable) cost of the Swiss Obligor, take all reasonable steps to cooperate with the Swiss Obligor to secure such refund.

(g) The Swiss Obligor will take, and cause to be taken, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Finance Documents and the receipt of any confirmations from the Swiss Obligor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Finance Documents in order to allow a prompt payment or performance of other obligations under the Finance Documents.

(h) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this Clause 18.13 and if any asset of the Swiss Obligor has a book value that is less than its market value (an "**Undervalued Asset**"), the Swiss Obligor shall, to the extent permitted by applicable law and its Accounting Standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realise the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Security Agent under the Finance Documents, the Swiss Obligor will only be required to realise an Undervalued Asset if such asset is not necessary for the Swiss Obligor's business (*nicht betriebsnotwendig*).

18.14 **French guarantee limitation**

(a) The obligations and liabilities under the Finance Documents of any French Guarantor are subject to the limitations set out in this Clause 18.14.

(b) The obligations and liabilities of any French Guarantor under the Finance Documents and in particular under this Clause 18 (*Guarantee and Indemnity*) shall not include any obligation or liability which, if incurred, would constitute the provisions of financial assistance within the meaning of article L.255-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article L. 241-3, L. 242-6 or L. 244-1 of the French Commercial Code or any other law or regulation having the same effect, as interpreted by French courts and/or would infringe article L. 511-7 of the French Monetary and Financial Code.

(c) The obligations and liabilities of any French Guarantor under this Clause 18 (*Guarantee and Indemnity*) for the obligations under the Finance Documents of any other Obligor which is not a Subsidiary of such French Guarantor shall be limited, at any time, to an amount equal to the aggregate of all amounts directly or indirectly borrowed under this Agreement by such other Obligor to the extent directly or indirectly on-lent to such French Guarantor under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, **provided that** no Facility made available under this Agreement shall finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Guarantor under this Clause 18 (*Guarantee and Indemnity*), it being specified that any payment made by a French Guarantor under this Clause 18 (*Guarantee and Indemnity*) in respect of the obligations of such Obligor shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Guarantor under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Guarantor shall reduce *pro tanto* the amount payable by it under this Clause 18 (*Guarantee and Indemnity*).

(d) The obligations and liabilities of any French Guarantor under this Clause 18 (*Guarantee and Indemnity*) for the obligations under the Finance Documents of any other Obligor which is its Subsidiary shall not be limited and shall therefore cover all amounts due by such Obligor under this Agreement. However, where such Subsidiary is itself a Guarantor which guarantees the obligations of a member of the Group which is not a Subsidiary of the relevant French Guarantor, the amounts payable by such French Guarantor under this paragraph (d) in respect of the obligations of this Subsidiary as Guarantor, shall be limited as set out in paragraph (c) above.

(e) It is acknowledged that no French Guarantor is acting jointly and severally with the other Guarantors and no French Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Clause 18 (*Guarantee and Indemnity*).

(f) In the event that there is any inconsistency between the provisions of this Clause 18.14 and any other provision in this Agreement or any other Finance Documents (each of which shall be expressly subject thereto), the provisions of this Clause 18.14 shall prevail.

(g) For the purpose of paragraphs (c) and (d) above, "Subsidiary" means, in relation to any company, another company which is controlled by it within the meaning of article L. 233-3 of the French Commercial Code.

SECTION 8
REPRESENTATIONS, UNDERTAKINGS AND EVENTS OF DEFAULT

19. REPRESENTATIONS

Each Obligor makes the representations and warranties set out in this Clause 19 to each Finance Party except that no representation or warranty is made by a Security Provider that is not also the Borrower or a Guarantor in respect of the representations and warranties set out in Clauses 19.9 (*No default*) to 19.11 (*Financial statements*), 19.13 (*No proceedings pending or threatened*) to 19.17 (*Environmental Claims*), 19.22 (*Accuracy of Existing Financial Indebtedness*), 19.23 (*Group Structure Chart*) and 19.26 (*Governmental Regulations*) to 19.29 (*Pension, Welfare and other Similar Plans*).

19.1 Status

(b) (without limiting the generality of paragraph (a) above) each Transaction Security Document to which it is a party creates the Security which that Transaction Security Document purports to create and that Security is valid and effective.

19.3 Non-conflict with other obligations

The entry into and performance by it (or, in the case of paragraph (c) below, any Obligor) of, and the transactions contemplated by, the Finance Documents and any confirmations provided in respect of the Transaction Security do not and will not conflict with:

(a) any law or regulation applicable to it or any judgment or other administrative or judicial order affecting it or binding upon it or any of its assets;

(b) its constitutional documents or (in the case of an Obligor incorporated in Mexico) its by-laws (*estatutos sociales*);

(c) the Finance Documents or any documentation relating to any publicly-issued securities binding upon it; or

(d) any agreement or instrument binding upon it or any of its assets, in a manner or to an extent which would have or would be reasonably likely to have a Material Adverse Effect.

It has the power (and, in respect of Finance Documents already entered into, had the power) to enter into, perform and deliver, and has taken (and, in respect of Finance Documents already entered into, had taken) all necessary action to authorise its entry into, performance and delivery of, the Finance Documents to which it is a party and the transactions contemplated by those Finance Documents.

19.5 **Validity and admissibility in evidence**

All Authorisations required or desirable:

The Borrower shall (and the Borrower shall ensure that each of its Subsidiaries will) comply in all material respects with all Environmental Laws and obtain and maintain any Environmental Permits and take all reasonable steps in anticipation of known or expected future changes to or obligations under the same, in each case where failure to do so might reasonably be expected to have a Material Adverse Effect.

22.12 **Environmental Claims**

The Borrower shall inform the Agent in writing as soon as reasonably practicable upon becoming aware of the same:

(a) if any Environmental Claim has been commenced or (to the best of the Borrower's knowledge and belief) is threatened against any member of the Group which is likely to be determined adversely to the member of the Group; or

(b) of any facts or circumstances which will or are reasonably likely to result in any Environmental Claim being commenced or threatened against any member of the Group,

(i) applicable to such Obligor; or

(ii) that would result in a violation of Sanctions by any Obligor,

22.15 **Transactions with Affiliates**

Each Obligor shall (and the Borrower shall ensure that its Subsidiaries will) ensure that any transactions with respective Affiliates (other than a Permitted Reorganisation) are on terms that are fair and reasonable and no less favourable to such Obligor or such Subsidiary than it would obtain in a comparable arm's length transaction with a person not an Affiliate (and, if applicable, in accordance with any requirement of law such as the Mexican Security Market Law (*Ley del Mercado de Valores*)).

22.16 **Pari passu ranking**

If, however, such limitations are reasonably likely to affect the ability of any Obligor to satisfy its payment obligations under this Agreement, the Borrower shall use its best endeavours to remove such limitations as soon as possible; or

(ii) repay or capitalise any intercompany indebtedness owed by any Subsidiary to any Obligor and, for the avoidance of doubt, subordination provisions shall not be considered a limitation for the purpose of this Clause 22.17.

(b) The provision of paragraph (a) above shall not restrict:

(i) any agreements or arrangements that are binding upon any person in connection with a Permitted Securitisation and any agreement or arrangement that limits the ability of any Subsidiary of the Borrower that transfers receivables and related assets pursuant to a Permitted Securitisation to distribute or transfer receivables and related assets **provided that**, in each case, all such agreements and arrangements are customarily required by the institutional sponsor or arranger of such Permitted Securitisation in similar types of documents relating to the purchase of receivables and related assets in connection with the financing thereof;

22.31 **Margin regulations**

The Borrower shall not use any part of the proceeds of the Utilisations for any purpose which would result in any violation (whether by the Borrower, the Agent or the Lenders) of Regulation T, U or X of the Board of Governors of the Federal Reserve System or to extend credit to others for any such purpose. (b) Paragraph (a) above shall not apply to any such restriction or requirement imposed as a result of a member state of the European Union which is a Participating Member State in relation to the euro ceasing to be a Participating Member State in relation to the euro, unless such restriction or requirement would be reasonably likely to result in a Material Adverse Effect.

25.10 **Creditors' process and enforcement of Security**

25.15 **Failure to perform payment obligations**

Any material adverse change arises in the financial condition of the Group taken as a whole which the Majority Lenders reasonably determine would result in the failure by the Obligors (taken as a whole) to perform their payment obligations under any of the Finance Documents.

25.16 **Acceleration**

On and at any time after the occurrence of an Event of Default which is continuing the Agent may, without *mise en demeure* or any other judicial or extra judicial step, and shall if so directed by the Majority Lenders, by notice to the Borrower (but, in respect of any French Obligor, subject to the mandatory provisions of Book VI (*Difficulties faced by businesses*) of the French Commercial Code):

26. CHANGES TO THE LENDERS

26.1 Assignments and transfers by the Lenders

Subject to this Clause 26 and to Clause 27 (*Debt Purchase Transactions*), a Lender (the "**Existing Lender**") may:

(a) assign any of its rights and benefits; or

(b) transfer by novation any of its rights, benefits and obligations,

under any Finance Document to:

(i) any person, at a time when an Event of Default is continuing; or

(ii) at any other time, another bank or financial institution or to a trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets,

(in each case, the "**New Lender**").

26.2 Conditions of assignment or transfer

(a) The express written consent of the Borrower is required for an assignment or transfer by an Existing Lender, unless the assignment or transfer is:

(i) to a bank;

(ii) to another Lender or an Affiliate of a Lender; or

(iii) made at a time when an Event of Default is continuing.

(b) The express written consent of the Borrower to an assignment or transfer must not be unreasonably withheld or delayed. The Borrower will be deemed to have given its consent ten Business Days after the Existing Lender has requested it unless consent is expressly refused by the Borrower within that time. For the avoidance of doubt, it shall not be considered unreasonable for the consent of the Borrower to be withheld in the case of an assignment or transfer to a hedge fund.

(c) (Other than in the case of an assignment permitted by paragraph (b) of Clause 27.1 (*Permitted Debt Purchase Transactions*)) an assignment will only be effective on:

(i) receipt by the Agent (whether in the Assignment Agreement or otherwise) of written confirmation from the New Lender (in form and substance satisfactory to the Agent) that the New Lender will assume the same obligations to the other Finance Parties and the other Secured Parties as it would have been under if it was an Original Lender;

(ii) the New Lender entering into the documentation required for it to accede as a party to the Intercreditor Agreement; and

(iii) the performance by the Agent of all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to such assignment to a New Lender, the completion of which the Agent shall promptly notify to the Existing Lender and the New Lender.

(d) A transfer will only be effective if the New Lender enters into the documentation required for it to accede as a party to the Intercreditor Agreement and if the procedures set out in Clause 26.5 (*Procedure for transfer*) are complied with.

(e) If:

(i) a Lender assigns, transfers, declares a trust or grants Security over any of its rights or obligations under the Finance Documents or changes its Facility Office; and

(ii) as a result of the assignment, transfer, declaration of trust, grant of Security or change (other than because of any change in law), an Obligor would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 13 (*Tax Gross-Up and Indemnities*) or Clause 14 (*Increased Costs*),

then the New Lender or Lender acting through its new Facility Office is only entitled to receive payment under that Clause to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer, declaration of trust, grant of Security or change had not occurred.

(f) An assignment or transfer shall (unless the Agent at its discretion (and acting in accordance with Clause 29.2 (*Interests of Lenders*)) agrees otherwise) only be effective if the Assignment Agreement or (as applicable) Transfer Certificate has been raised to the status of a Spanish Public Document and the powers of attorney and authorisations granted under the Finance Documents have been ratified under such Spanish public deed. For the avoidance of doubt, the Agent shall not be responsible for the cost of raising the Assignment Agreement or (as applicable) Transfer Certificate to the status of a Spanish Public Document.

(l) In relation to any assignment or transfer by an Existing Lender of part of its Commitments in relation to a Facility, where the Existing Lender has, on the Transfer Date immediately prior to the assignment or transfer, any Available Commitment in relation to that Facility, the assignment or transfer shall be made such that a proportionate amount of the Existing Lender's Available Commitment is assigned or transferred to the New Lender.

26.3 **Assignment or transfer fee**

Unless the Agent otherwise agrees, the New Lender shall, on the date upon which an assignment or transfer takes effect, pay to the Agent (for its own account) a fee of $3,000.

26.4 **Limitation of responsibility of Existing Lenders**

(a) Unless expressly agreed to the contrary, an Existing Lender makes no representation or warranty and assumes no responsibility to a New Lender for:

(ii) support any losses directly or indirectly incurred by the New Lender by reason of the non-performance by any Obligor of its obligations under the Finance Documents or otherwise.

26.5 **Procedure for transfer**

(a) Subject to the conditions set out in Clause 26.2 (*Conditions of assignment or transfer*) a transfer is effected in accordance with paragraph (c) below when the Agent executes an otherwise duly completed Transfer Certificate delivered to it by the Existing Lender and the New Lender. The Agent shall, subject to paragraph (b) below, as soon as reasonably practicable after receipt by it of a duly completed Transfer Certificate appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Transfer Certificate.

(b) The Agent shall only be obliged to execute a Transfer Certificate delivered to it by the Existing Lender and the New Lender once it is satisfied it has complied with all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to the transfer to such New Lender.

(c) Subject to Clause 26.9 (*Pro rata interest settlement*), on the Transfer Date:

(i) to the extent that in the Transfer Certificate the Existing Lender seeks to transfer by novation its rights and obligations under the Finance Documents and in respect of the Transaction Security each of the Obligors and the Existing Lender shall be released from further obligations towards one another under the Finance Documents and in respect of the Transaction Security and their respective rights against one another under the Finance Documents and in respect of the Transaction Security shall be cancelled (being the "**Discharged Rights and Obligations**");

(ii) each of the Obligors and the New Lender shall assume obligations towards one another and/or acquire rights against one another which differ from the Discharged Rights and Obligations only insofar as that Obligor or other member of the Group and the New Lender have assumed and/or acquired the same in place of that Obligor and the Existing Lender;

(iii) the Agent, the Security Agent, the New Lender and the other Lenders shall acquire the same rights and assume the same obligations between themselves and in respect of the Transaction Security as they would have acquired and assumed had the New Lender been an Original Lender with the rights and/or obligations acquired or assumed by it as a result of the transfer and to that extent the Agent, the Security Agent, and the Existing Lender shall each be released from further obligations to each other under the Finance Documents; and

(iv) the New Lender shall become a Party as a "Lender".

26.6 **Procedure for assignment**

(a) Subject to the conditions set out in Clause 26.2 (*Conditions of assignment or transfer*) an assignment may be effected in accordance with paragraph (c) below when the Agent executes an otherwise duly completed Assignment Agreement delivered to it by the Existing Lender and the New Lender. (c) Subject to Clause 26.9 (*Pro rata interest settlement*), on the Transfer Date:

(i) the Existing Lender will assign absolutely to the New Lender its rights under the Finance Documents and in respect of the Transaction Security expressed to be the subject of the assignment in the Assignment Agreement;

(ii) the Existing Lender will be released from the obligations (the "**Relevant Obligations**") expressed to be the subject of the release in the Assignment Agreement (and any corresponding obligations by which it is bound in respect of the Transaction Security); and

(iii) the New Lender shall become a Party as a "Lender" and will be bound by obligations equivalent to the Relevant Obligations.

(d) Lenders may utilise procedures other than those set out in this Clause 26.6 to assign their rights under the Finance Documents (but not, without the consent of the relevant Obligor or unless in accordance with Clause 26.5 (*Procedure for transfer*), to obtain a release by that Obligor from the obligations owed to that Obligor by the Lenders nor the assumption of equivalent obligations by a New Lender) **provided that** they comply with the conditions set out in Clause 26.2 (*Conditions of assignment or transfer*).

26.7 **Copy of Transfer Certificate, Assignment Agreement or Accordion Confirmation to Borrower**

The Agent shall, as soon as reasonably practicable after it has executed a Transfer Certificate, an Assignment Agreement or an Accordion Confirmation, send to the Borrower a copy of that Transfer Certificate, Assignment Agreement or Accordion Confirmation.

In addition to the other rights provided to Lenders under this Clause 26, each Lender may, without consulting with or obtaining consent from any Obligor, at any time charge, assign or otherwise create Security in or over (whether by way of collateral or otherwise) all or any of its rights under any Finance Document to secure obligations of that Lender including, without limitation:

(a) any charge, assignment or other Security to secure obligations to a federal reserve or central bank; and

(b) in the case of any Lender which is a fund, any charge, assignment or other Security granted to any holders (or trustee or representatives of holders) of obligations owed, or securities issued, by that Lender as security for those obligations or securities,

except that no such charge, assignment or Security shall:

(i) release a Lender from any of its obligations under the Finance Documents or substitute the beneficiary of the relevant charge, assignment or other Security for the Lender as a party to any of the Finance Documents; or

(ii) require any payments to be made by an Obligor or grant to any person any more extensive rights than those required to be made or granted to the relevant Lender under the Finance Documents.

26.9 **Pro rata interest settlement**

If the Agent has notified the Lenders that it is able to distribute interest payments on a "***pro rata* basis**" to Existing Lenders and New Lenders then (in respect of any transfer pursuant to Clause 26.5 (*Procedure for transfer*) or any assignment pursuant to Clause 26.6 (*Procedure for assignment*) the Transfer Date of which, in each case, is after the date of such notification and is not on the last day of an Interest Period):

(a) any interest or fees in respect of the relevant participation which are expressed to accrue by reference to the lapse of time shall continue to accrue in favour of the Existing Lender up to but excluding the Transfer Date ("**Accrued Amounts**") and shall become due and payable to the Existing Lender (without further interest accruing on them) on the last day of the current Interest Period (or, if the Interest Period is longer than six Months, on the next of the dates which falls at six Monthly intervals after the first day of that Interest Period); and

(b) the rights assigned or transferred by the Existing Lender will not include the right to the Accrued Amounts so that, for the avoidance of doubt:

(i) when the Accrued Amounts become payable, those Accrued Amounts will be payable for the account of the Existing Lender; and

(ii) the amount payable to the New Lender on that date will be the amount which would, but for the application of this Clause 26.9, have been payable to it on that date, but after deduction of the Accrued Amounts.

26.10 **French law provisions**

(a) To the extent a transfer of rights and obligations hereunder could be construed as a novation within the meaning of articles 1329 *et seq*. of the French Civil Code, each Party agrees that upon a transfer under Clauses 26.1 (*Assignments and transfers by the Lenders*) and 26.5 (*Procedure for transfer*), the Security created under the French law governed Transaction Security Documents shall be preserved and maintained for the benefit of the Security Agent, the New Lender and the remaining Finance Parties pursuant to articles 1334 *et seq*. of the French Civil Code.

(b) In the case of a transfer of rights and/or obligations by an Existing Lender hereunder, the New Lender should, if it considers it necessary to make the transfer effective as against any French Obligor, arrange for such transfer to be notified to, or acknowledged by, such French Obligor.

27. DEBT PURCHASE TRANSACTIONS

27.1 Permitted Debt Purchase Transactions

(a) The Borrower shall not (and shall procure that no other member of the Group or any Affiliate of the Borrower shall) (i) enter into any Permitted Debt Purchase Transaction other than in accordance with the other provisions of this Clause 27.1 or (ii) be party to (or beneficially own all or any part of the share capital of a company that is a Lender or a party to) any Restricted Debt Purchase Transaction.

(b) The Borrower may purchase by way of assignment, pursuant to Clause 26 (*Changes to the Lenders*), a participation in any Term Loan and any related Commitment where:

(i) such purchase is made using one of the processes set out at paragraphs (c) and (d) below; and

(ii) such purchase is made at a time when no Default is continuing.

(c)

(i) A Permitted Debt Purchase Transaction referred to in paragraph (a) above may be entered into pursuant to a solicitation process (a "**Solicitation Process**") which is carried out as follows.

(ii) Prior to 11.00 am on a given Business Day (the "**Solicitation Day**") the Borrower or a financial institution acting on its behalf (the "**Purchase Agent**") will approach at the same time each Lender which participates in the relevant Term Facilities to enable them to offer to sell to the Borrower an amount of their participation in one or more Term Facilities. Any Lender wishing to make such an offer shall, by 11.00 am on the second Business Day following such Solicitation Day, communicate to the Purchase Agent details of the amount of its participations in the Term Facilities it is offering to sell and the price at which it is offering to sell such participations. Any such offer shall be irrevocable until 11.00 am on the third Business Day following such Solicitation Day and shall be capable of acceptance by the Borrower on or before such time by communicating its acceptance in writing to the Purchase Agent or, if it is the Purchase Agent, the relevant Lenders. The Purchase Agent (if someone other than the Borrower) will communicate to the relevant Lenders which offers have been accepted by 12 noon on

the third Business Day following such Solicitation Day. In any event by 11.00 am on the fourth Business Day following such Solicitation Day, the Borrower shall notify the Agent of the amounts of the participations purchased through the relevant Solicitation Process and the average price paid for the purchase of participations. The Agent shall disclose such information to any Lender that requests such disclosure.

(iii) Any purchase of participations in the Term Facilities pursuant to a Solicitation Process shall be completed and settled on or before the fifth Business Day after the relevant Solicitation Day.

(iv) In accepting any offers made pursuant to a Solicitation Process the Borrower shall be free to select which offers and in which amounts it accepts but on the basis that in relation to a participation in the Term Facility it accepts offers in inverse order of the price offered (with the offer or offers at the lowest price being accepted first) and that if in respect of participations in the Term Facility receives two or more offers at the same price it shall only accept such offers on a *pro rata* basis.

(d)

(i) A Permitted Debt Purchase Transaction referred to in paragraph (a) above may also be entered into pursuant to an open order process (an "**Open Order Process**") which is carried out as follows.

(ii) The Borrower may by itself or through another Purchase Agent place an open order (an "**Open Order**") to purchase participations in one or more of the Term Facilities up to a set aggregate amount at a set price by notifying at the same time all the Lenders participating in the relevant Term Facilities of the same. Any Lender wishing to sell pursuant to an Open Order will, by 11.00 am on any Business Day following the date on which the Open Order is placed but no earlier than the first Business Day, and no later than the fifth Business Day, following the date on which the Open Order is placed, communicate to the Purchase Agent details of the amount of its participations, and in which Term Facilities, it is offering to sell. Any such offer to sell shall be irrevocable until 11.00 am on the Business Day following the date of such offer from the Lender and shall be capable of acceptance by the Borrower on or before such time by it communicating such acceptance in writing to the relevant Lender.

(iii) Any purchase of participations in the Term Facilities pursuant to an Open Order Process shall be completed and settled by the Borrower on or before the fourth Business Day after the date of the relevant offer by a Lender to sell under the relevant Open Order.

(iv) If in respect of participations in a Term Facility the Purchase Agent receives on the same Business Day two or more offers at the set price such that the maximum amount of the Term Loans to which an Open Order relates would be exceeded, the Borrower shall only accept such offers on a *pro rata* basis.

(v) The Borrower shall, by 11.00 am on the sixth Business Day following the date on which an Open Order is placed, notify the Agent of the amounts of the participations purchased through such Open Order Process and the identity of the Term Facilities to which they relate. The Agent shall disclose such information to any Lender that requests the same.

(e) For the avoidance of doubt, there is no limit on the number of occasions a Solicitation Process or an Open Order Process may be implemented.

(f) In relation to any Permitted Debt Purchase Transaction entered into pursuant to this Clause 27.1, notwithstanding any other term of this Agreement or the other Finance Documents:

(i) on completion of the relevant assignment pursuant to Clause 26 (*Changes to the Lenders*), the portions of the Term Loans to which it relates shall be extinguished and any related Repayment Instalments will be reduced *pro rata* accordingly;

(ii) such Permitted Debt Purchase Transaction and the related extinguishment referred to in paragraph (i) above shall not constitute a prepayment of the Facilities;

(iii) the Borrower shall be deemed to be an entity which fulfils the requirements of Clause 26.1 (*Assignments and transfers by the Lenders*) to be a New Lender (as defined in such Clause);

(iv) no member of the Group shall be deemed to be in breach of any provision of Clause 22 (*General Undertakings*) solely by reason of such Permitted Debt Purchase Transaction;

(v) Clause 31 (*Sharing among the Finance Parties*) shall not be applicable to the consideration paid under such Permitted Debt Purchase Transaction; and

(vi) for the avoidance of doubt, any extinguishment of any part of the Utilisations shall not affect any amendment or waiver which prior to such extinguishment had been approved by or on behalf of the requisite Lender or Lenders in accordance with this Agreement.

(g) The Agent shall be under no obligation to act as Purchase Agent under any transaction contemplated by this Clause 27.1.

28. CHANGES TO THE OBLIGORS

28.1 Assignment and Transfers by Obligors

No Obligor or any other member of the Group may assign any of its rights or transfer any of its rights or obligations under the Finance Documents.

28.2 **Additional Guarantors and Additional Security Providers**

(a) Subject to compliance with the provisions of paragraphs (b) and (c) of Clause 20.6 ("*Know your client" checks*), the Borrower may request that any of its Subsidiaries become an Additional Guarantor or an Additional Security Provider by:

(i) the Borrower delivering to the Agent a duly completed and executed Accession Letter; and

(ii) the Borrower delivers (or procures that the Additional Guarantor or Additional Security Provider (as the case may be) delivers) all of the documents and other evidence referred to in Part II of Schedule 2 (*Conditions Precedent*) in relation to that Additional Guarantor or Additional Security Provider to the Agent.

(b) The Agent shall notify the Obligors and the Lenders promptly upon being satisfied that it has received all the documents and other evidence listed in Part II of Schedule 2 (*Conditions Precedent*).

28.3 **Resignation of a Guarantor**

(a) In this Clause 28.3 (*Resignation of a Guarantor*) and Clause 28.6 (*Resignation and release of Security on disposal*), "**Third Party Disposal**" means the disposal of all of the issued share capital of an Obligor to a person which is not a member of the Group where that disposal is permitted under Clause 22.21 (*Disposals*) or made with the approval of the Majority Lenders (and the Borrower has confirmed this is the case).

(b) The Borrower may request that a Guarantor (other than the Borrower) ceases to be a Guarantor by delivering to the Agent a Resignation Letter if:

(i) that Guarantor is being disposed of by way of a Third Party Disposal and the Borrower has confirmed this is the case; or

(ii) all the Lenders have consented to the resignation of that Guarantor.

(c) The Agent shall accept a Resignation Letter and notify the Borrower and the Lenders of its acceptance if:

(i) the Borrower has confirmed that no Default is continuing or would result from the acceptance of the Resignation Letter; and

(ii) no payment is due from the Guarantor under Clause 18 (*Guarantee and Indemnity*).

(d) The resignation of a Guarantor shall not be effective until the date of the relevant Third Party Disposal, at which time that company shall cease to be a Guarantor and shall have no further rights or obligations under the Finance Documents as a Guarantor.

28.4 **Resignation of a Security Provider**

(a) The Borrower may request that a Security Provider ceases to be a Security Provider by delivering to the Agent a Resignation Letter if:

(i) the Transaction Security granted by that Security Provider is being released under and in accordance with the Intercreditor Agreement and the Borrower has confirmed that this is the case; or

(ii) all the Lenders have consented to the resignation of that Security Provider.

(b) The Agent shall accept a Resignation Letter and notify the Borrower and the Lenders of its acceptance if:

(i) the Borrower has confirmed that no Default is continuing or would result from the acceptance of the Resignation Letter;

(ii) the Borrower has confirmed that the Transaction Security granted by that Security Provider has not become enforceable in accordance with its terms.

(c) The resignation of that Security Provider shall not be effective until the date on which the Transaction Security granted by the Security Provider has been released under and in accordance with the Intercreditor Agreement, at which time that company shall cease to be a Security Provider and shall have no further rights or obligations under the Finance Documents as a Security Provider.

28.5 **Repetition of Representations**

Delivery of an Accession Letter constitutes confirmation by the relevant Affiliate that the Repeating Representations are true and correct in relation to it as at the date of delivery as if made by reference to the facts and circumstances then existing.

28.6 **Resignation and release of Security on disposal**

If a Guarantor is or is proposed to be the subject of a Third Party Disposal then:

(a) where that Obligor created Transaction Security over any of its assets or business in favour of the Security Agent, or Transaction Security in favour of the Security Agent was created over the shares (or equivalent) of that Obligor, the Security Agent may, at the cost and request of the Borrower, release those assets, business or shares (or equivalent) and issue certificates of non-crystallisation;

(b) the resignation of that Obligor and related release of Transaction Security referred to in paragraph (a) above shall not become effective until the date of that disposal; and

(c) if the disposal of that Obligor is not made, the Resignation Letter of that Obligor and the related release of Transaction Security referred to in paragraph (a) above shall have no effect and the obligations of the Obligor and the Transaction Security created or intended to be created by or over that Obligor shall continue in such force and effect as if that release had not been effected.

SECTION 10
THE FINANCE PARTIES

29. ROLE OF THE AGENT

29.1 Appointment of the Agent

(a) Each of the Lenders appoints the Agent to act as its agent under and in connection with the Finance Documents. For such purposes, each Lender hereby appoints and authorizes the Agent as its agent (*comisionista*) pursuant to articles 273 and 274 of the Mexican Commerce Code (*Código de Comercio*) to exercise the rights, powers, authorities and discretions specifically given to the Agent under or in connection with the Finance Documents.

(b) Each of the Lenders authorises the Agent to exercise the rights, powers, authorities and discretions specifically given to the Agent under or in connection with the Finance Documents (including the appointment of any sub-agents or local agents to assist in administration of payments, the supervision or enforcement of any of the Finance Documents) together with any other incidental rights, powers, authorities and discretions.

(c) The appointment by a Designated Lender of the Agent as its agent pursuant to paragraph (a) and the authorisations in paragraph (b) above expressly exclude authority for the Agent to:

(i) execute and deliver documents on behalf of that Designated Lender;

(ii) enforce any Security Document on behalf of that Designated Lender; or

(iii) present petitions for winding up any Obligor (or similar petitions) on behalf of that Designated Lender; or

(iv) to instruct the Security Agent to take any of the foregoing actions on behalf of that Designated Lender,

(together, the "**Restricted Actions**").

(d) Notwithstanding paragraph (c) above, each Designated Lender undertakes so long as it is a Lender to:

(i) join the Agent if applicable in any Restricted Action instructed by the Majority Lenders, in accordance with this Agreement or, if required, to the extent possible, to grant powers of attorney in favour of the Agent so that it can take such Restricted Action; and

(ii) abide by and act, or refrain from acting, in accordance with, any decision of the Majority Lenders made in accordance with this Agreement.

(e) For this purpose a "**Designated Lender**" is a Lender that has notified the Agent and the Borrower that it is to be treated as a Designated Lender.

29.2 **Interests of Lenders**

Without limiting paragraphs (a) to (c) of Clause 29.8 (*Majority Lenders' instructions*), in connection with the exercise of its powers, authorities or discretions (including, but not limited to, those in relation to any proposed modifications, waiver or authorisation of any breach or proposed breach of any of the provisions of this Agreement), the Agent shall have regard to the general interests of the Lenders (taken as a whole) and shall not have regard to any interest arising from circumstances particular to individual Lenders.

29.3 **Duties of the Agent**

(a) Subject to paragraph (b) below, the Agent shall promptly forward to a Party the original or a copy of any document which is delivered to the Agent for that Party by any other Party.

(b) Without prejudice to Clause 26.7 (*Copy of Transfer Certificate, Assignment Agreement or Accordion Confirmation to Borrower*), paragraph (a) above shall not apply to any Transfer Certificate, any Assignment Agreement or any Accordion Confirmation.

(c) The Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.

(d) If the Agent receives notice from a Party referring to this Agreement, describing a Default and stating that the circumstance described is a Default, it shall promptly notify the other Finance Parties.

(e) If the Agent is aware of the non-payment of any principal, interest or fee payable to a Finance Party (other than the Agent or the Security Agent) under this Agreement it shall promptly notify the other Finance Parties.

(f) The Agent shall provide to the Borrower within three Business Days of a request by the Borrower (but no more frequently than once per calendar month) a list (which may be in electronic form) setting out the names of the Lenders as at that Business Day, their respective Commitments, and the name of the contact person, if any, for whose attention any communication sent to that Lender is to be made or any document delivered under or in connection with the Finance Documents and, in the case of any Lender to whom any communication under or in connection with the Finance Documents may be made by that means, the electronic mail address and/or any other information required to enable the sending and receipt of information by electronic mail or other electronic means to and by that Lender.

(g) The Agent's duties under the Finance Documents are solely mechanical and administrative in nature.

29.4 **Role of the Arranger**

Except as specifically provided in the Finance Documents, the Arranger does not have any obligations or liabilities of any kind to any other Party under or in connection with any Finance Document.

29.5 **No fiduciary duties**

(a) Nothing in this Agreement constitutes the Agent or the Arranger as a trustee or fiduciary of any other person.

(b) None of the Agent or the Security Agent or the Arranger shall be bound to account to any Lender for any sum or the profit element of any sum received by it for its own account.

29.6 **Business with the Group**

The Agent, the Security Agent or the Arranger may accept deposits from, lend money to and generally engage in any kind of banking or other business with any member of the Group.

29.7 **Rights and discretions**

(a) The Agent may rely on:

(i) any representation, notice or document (including, for the avoidance of doubt, any representation, notice or document communicating the consent of the Majority Lenders pursuant to Clause 38.1 (*Required consents*)) believed by it to be genuine, correct and appropriately authorised; and

(ii) any statement made by a director, authorised signatory or employee of any person regarding any matters which may reasonably be assumed to be within his knowledge or within his power to verify.

(b) The Agent may assume (unless it has received notice to the contrary in its capacity as agent for the Lenders) that:

(i) no Default has occurred (unless it has actual knowledge of a Default arising under Clause 25.1 (*Non-payment*));

(ii) any right, power, authority or discretion vested in any Party or the Majority Lenders has not been exercised;

(iii) any notice or request made by the Borrower (other than a Selection Notice) is made on behalf of and with the consent and knowledge of all the Obligors.

(c) The Agent may engage, pay for and rely on the advice or services of any lawyers, accountants, surveyors or other experts including any Custodian.

(d) The Agent may act in relation to the Finance Documents through its personnel and agents and through any necessary sub-agent, local agent or Affiliate and, for that purpose, may enter into any agreement or cause any agreement to be entered into, by any such sub-agent, local agent or Affiliate, including the execution, delivery, performance or enforcement of any Transaction Security Document.

(e) The Agent may disclose to any other Party any information it reasonably believes it has received as agent under this Agreement.

(f) Without prejudice to the generality of paragraph (e) above, the Agent may disclose the identity of a Defaulting Lender to the other Finance Parties and the Borrower and shall disclose the same upon the written request of the Borrower or the Majority Lenders.

(g) Notwithstanding any other provision of any Finance Document to the contrary, neither the Agent nor the Arranger is obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.

(h) The Agent is not obliged to disclose to any Finance Party but shall disclose to the Borrower as soon as reasonably practical following a request to do so any details of the rate notified to the Agent by any Lender or the identity of any such Lender for the purpose of paragraph (a)(ii) of Clause 11.2 (*Market disruption*) (**provided that** the Borrower, by its signature to this Agreement, agrees to keep such information confidential and not to disclose it to anyone except for its officers, directors, employees and professional advisers on a confidential and "need to know" basis).

29.8 **Majority Lenders' instructions**

(a) Unless a contrary indication appears in a Finance Document, the Agent shall (i) exercise any right, power, authority or discretion vested in it as Agent in accordance with any instructions given to it by the Majority Lenders (or, if so instructed by the Majority Lenders, refrain from exercising any right, power, authority or discretion vested in it as Agent) and (ii) not be liable for any act (or omission) if it acts (or refrains from taking any action) in accordance with an instruction of the Majority Lenders.

(b) Unless a contrary indication appears in a Finance Document, any instructions given by the Majority Lenders will be binding on all the Finance Parties other than the Security Agent.

(c) The Agent may refrain from acting in accordance with the instructions of the Majority Lenders (or, if appropriate, the Lenders) until it has received such security as it may require for any cost, loss or liability (together with any associated VAT) which it may incur in complying with the instructions.

(d) In the absence of instructions from the Majority Lenders, (or, if appropriate, the Lenders) the Agent may act (or refrain from taking action) as it considers to be in the best interest of the Lenders (taken as a whole).

(e) The Agent is not authorised to act on behalf of a Lender (without first obtaining that Lender's consent) in any legal or arbitration proceedings relating to any Finance Document. This paragraph (e) shall not apply to any legal or arbitration proceeding relating to the perfection, preservation or protection of rights under the Transaction Security Documents or enforcement of the Transaction Security or Transaction Security Documents.

29.9 **Responsibility for documentation**

Neither the Agent nor the Arranger is:

(a) responsible for the adequacy, accuracy and/or completeness of any information (whether oral or written) supplied by the Agent, an Obligor or any other person given in or in connection with any Finance Document or the Transaction Security;

(b) responsible for the legality, validity, effectiveness, adequacy or enforceability of any Finance Document or the Transaction Security or any other agreement, arrangement or document entered into, made or executed in anticipation of or in connection with any Finance Document or the Transaction Security; or

(c) responsible for any determination as to whether any information provided or to be provided to any Finance Party is non-public information the use of which may be regulated or prohibited by applicable law or regulation relating to insider dealing or otherwise.

29.10 **Exclusion of liability**

(a) Without limiting paragraph (b) below, neither the Agent nor the Arranger will be liable for any action taken by it under or in connection with any Finance Document or the Transaction Security (or the negotiation or implementation of such documents) unless directly caused by its gross negligence or wilful misconduct or wilful breach of any Finance Document (and, for the avoidance of doubt, neither the Agent nor the Arranger will be liable in any circumstances for any consequential loss).

(b) No Party (other than the Agent) may take any proceedings against any officer, employee or agent of the Agent in respect of any claim it might have against the Agent or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document and any officer, employee or agent of the Agent may rely on this Clause 29 subject to Clause 1.4 (*Third party rights*) and the provisions of the Third Parties Act.

(c) The Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Agent if the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.

(d) Nothing in this Agreement shall oblige the Agent or the Arranger to carry out any checks pursuant to any laws or regulations relating to money laundering in relation to any person on behalf of any Lender and each Lender confirms to the Agent and the Arranger that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Agent or the Arranger.

(e) The Agent will have no liability for the acts of its agents, sub-agents or delegates (including Affiliates acting in such capacities) except to the extent that the acts or omissions of such agent or sub-agent (to the extent that it is an Affiliate of the Agent) constitute gross negligence or wilful misconduct.

29.11 **Lenders' indemnity to the Agent**

Each Lender shall (in proportion to its share of the Total Commitments or, if the Total Commitments are then zero, to its share of the Total Commitments immediately prior to their reduction to zero) indemnify the Agent and its Affiliates (to the extent they act as agents, sub-agents or delegates in relation to the Finance Documents), within three Business Days of demand, against any cost, loss or liability incurred by the Agent and its Affiliates (to the extent they act as agents, sub-agents or delegates in relation to the Finance Documents) (otherwise than by reason of the Agent's or the relevant Affiliate's gross negligence or wilful misconduct) in acting as (or, as the case may be, assisting the) Agent under the Finance Documents (unless the Agent or the relevant Affiliate has been reimbursed by an Obligor pursuant to a Finance Document). Any third party referred to in this Clause 29.11 may rely on this Clause 29.11.

29.12 **Resignation of the Agent**

(a) The Agent may resign and appoint one of its Affiliates acting through an office in the United Kingdom or a member state of the European Union as successor by giving notice to the other Finance Parties and the Borrower.

(b) Alternatively the Agent may resign by giving notice to the other Finance Parties and the Borrower, in which case the Majority Lenders (after consultation with the Borrower) may appoint a successor Agent.

(c) If the Majority Lenders have not appointed a successor Agent in accordance with paragraph (b) above within 30 days after notice of resignation was given, the Agent (after consultation with the Borrower) may appoint a successor Agent (acting through an office in the United Kingdom or a member state of the European Union).

(d) The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

(e) The Agent's resignation notice shall only take effect upon the appointment of a successor.

(f) Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of this Clause 29.12. Its successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

(g) The Agent shall resign in accordance with paragraph (b) above (and, to the extent applicable, shall use reasonable endeavours to appoint a successor Agent pursuant to paragraph (c) above) if on or after the date which is three months before the earliest FATCA Application Date relating to any payment to the Agent under the Finance Documents, either:

(i) the Agent fails to respond to a request under Clause 20.7 (*FATCA Information*) and the Borrower or a Lender reasonably believes that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date;

(ii) the information supplied by the Agent pursuant to Clause 20.7 (*FATCA Information*) indicates that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date; or

(iii) the Agent notifies the Borrower and the Lenders that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date,

and (in each case) the Borrower or a Lender reasonably believes that a Party will be required to make a FATCA Deduction that would not be required if the Agent were a FATCA Exempt Party, and the Borrower or that Lender, by notice to the Agent, requires it to resign.

29.13 **Replacement of the Agent**

(a) After consultation with the Borrower, the Majority Lenders may, by giving 30 days' notice to the Agent (or, at any time the Agent is an Impaired Agent, by giving any shorter notice determined by the Majority Lenders) replace the Agent by appointing a successor Agent (acting through an office in the United Kingdom or a member state of the European Union).

(b) The retiring Agent shall (at its own cost if it is an Impaired Agent and otherwise at the expense of the Lenders) make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

(c) The appointment of the successor Agent shall take effect on the date specified in the notice from the Majority Lenders to the retiring Agent. As from this date, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of this Clause 29 (and any agency fees for the account of the retiring Agent shall cease to accrue from (and shall be payable on) that date).

(d) Any successor Agent and each of the other Parties shall have the same rights and obligations among themselves as they would have had if such successor had been an original Party.

29.14 **Confidentiality**

(a) In acting as agent for the Finance Parties, the Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.

(b) If information is received by another division or department of the Agent, it may be treated as confidential to that division or department and the Agent shall not be deemed to have notice of it.

(c) Notwithstanding any other provision of any Finance Document to the contrary, the Agent is not obliged to disclose to any other person (i) any confidential information or (ii) any other information if the disclosure would or might in its reasonable opinion constitute a breach of any law or a breach of a fiduciary duty.

29.15 **Relationship with the Lenders**

(a) Subject to Clause 26.9 (*Pro rata interest settlement*), the Agent may treat the person shown in its records as Lender at the opening of business (in the place of the Agent's principal office as notified to the Finance Parties from time to time) as the Lender acting through its Facility Office:

(i) entitled to or liable for any payment due under any Finance Document on that day; and

(ii) entitled to receive and act upon any notice, request, document or communication or make any decision or determination under any Finance Document made or delivered on that day,

unless it has received not less than five Business Days' prior notice from that Lender to the contrary in accordance with the terms of this Agreement.

(b) Each Lender shall supply the Agent with any information that the Security Agent may reasonably specify (through the Agent) as being necessary or desirable to enable the Security Agent to perform its functions as Security Agent. Each Lender shall deal with the Security Agent exclusively through the Agent and shall not deal directly with the Security Agent.

(c) The Agent may disclose to any Lender any information received by it in its capacity as Agent (including, without limitation, details of the identities and Commitments of the Lenders).

(d) Any Lender may by notice to the Agent appoint a person to receive on its behalf all notices, communications, information and documents to be made or despatched to that Lender under the Finance Documents. Such notice shall contain the address, fax number and (where communication by electronic mail or other electronic means is permitted under Clause 34.6 (*Electronic communication*)) electronic mail address and/or any other information required to enable the sending and receipt of information by that means (and, in each case, the department or officer, if any, for whose attention communication is to be made) and be treated as a notification of a substitute address, fax number, electronic mail address, department and officer by that Lender for the purposes

of Clause 34.2 (*Addresses*) and paragraph (a)(iii) of Clause 34.6 (*Electronic communication*) and the Agent shall be entitled to treat such person as the person entitled to receive all such notices, communications, information and documents as though that person were that Lender.

29.16 **Credit appraisal by the Lenders**

Without affecting the responsibility of any Obligor for information supplied by it or on its behalf in connection with any Finance Document, each Lender confirms to the Agent and the Arranger that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document including but not limited to:

(a) the financial condition, status and nature of each member of the Group;

(b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document and the Transaction Security and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document or the Transaction Security;

(c) whether that Secured Party has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the Transaction Security or the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

(d) the adequacy, accuracy and/or completeness of any information provided by the Agent, any Party or by any other person under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

(e) the right or title of any person in or to, or the value or sufficiency of any part of the Charged Property, the priority of any of the Transaction Security or the existence of any Security affecting the Charged Property; and

(f) the legality, validity, effectiveness, adequacy or enforceability of any action taken or made in connection with any Finance Document.

29.17 **Reference Banks**

The Parties agree and acknowledge that:

(a) the Obligors have proposed the names of the entities referred to in the definition of Reference Banks and the appointment of those Reference Banks has been accepted by the Original Lenders and such Reference Banks; and

(b) each Obligor represents that it considers it beneficial for it to appoint banks of international repute which are Lenders hereunder as Reference Banks for the purposes of this Agreement (instead of other banks which are not Lenders hereunder in order to have Reference Banks which are not Lenders the rates of which could be less representative of market rates).

29.18 **Agent's management time**

Any amount payable to the Agent under Clause 15.3 *(Indemnity to the Agent*), Clause 17 (*Costs and Expenses*) and Clause 29.11 (*Lenders' indemnity to the Agent*) shall include the cost of utilising the Agent's management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Agent may notify to the Borrower and the Lenders, and is in addition to any fee paid or payable to the Agent under Clause 12 (*Fees*).

29.19 **Deduction from amounts payable by the Agent**

If any Party owes an amount to the Agent under the Finance Documents the Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Agent would otherwise be obliged to make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

29.20 **Role of the Security Agent**

(a) The Security Agent's duties under this Agreement are solely mechanical and administrative in nature.

(b) In particular, the role and, *inter alia*, duties, rights, powers, protections and benefits of the Security Agent are more particularly described in the Intercreditor Agreement, which sets out the basis upon which the Security Agent acts under this Agreement. Should any provision regarding the duties, discretions, rights, benefits, protections, indemnities and immunities of the Security Agent (the "**Security Agent Provisions**") conflict or otherwise be inconsistent as between this Agreement and the Intercreditor Agreement, then the Security Agent Provisions as contained in the Intercreditor Agreement shall prevail.

29.21 **Reliance and engagement letters**

Each Finance Party and Secured Party confirms that the Agent has authority to accept on its behalf (and ratifies the acceptance on its behalf of any letters or reports already accepted by the Agent) the terms of any reliance letter or engagement letters relating to any reports or letters provided by accountants in connection with the Finance Documents or the transactions contemplated in the Finance Documents and to bind it in respect of those reports or letters and to sign such letters on its behalf and further confirms that it accepts the terms and qualifications set out in such letters.

29.22 **Specific Intercreditor Agreement amendment instructions**

Each Lender hereby instructs the Agent to enter into the deed of amendment to the Intercreditor Agreement previously circulated to each of the Finance Parties prior to the date hereof in order to amend the Intercreditor Agreement in the form attached thereto and to instruct the Security Agent to do so also. The Agent hereby accordingly instructs the Security Agent to enter into such deed of amendment.

30. **CONDUCT OF BUSINESS BY THE FINANCE PARTIES**

No provision of this Agreement will:

(a) interfere with the right of any Finance Party to arrange its affairs (tax or otherwise) in whatever manner it thinks fit;

(b) oblige any Finance Party to investigate or claim any credit, relief, remission or repayment available to it or the extent, order and manner of any claim; or

(c) oblige any Finance Party to disclose any information relating to its affairs (tax or otherwise) or any computations in respect of Tax.

31. **SHARING AMONG THE FINANCE PARTIES**

31.1 **Payments to Finance Parties**

If a Finance Party (a "**Recovering Finance Party**") receives or recovers any amount from an Obligor other than in accordance with Clause 32 (*Payment Mechanics*) or otherwise receives or recovers more than the amount to which it is entitled under the Finance Documents (a "**Recovered Amount**") and applies that amount to a payment due under the Finance Documents then:

(a) the Recovering Finance Party shall, within three Business Days, notify details of the receipt or recovery, to the Agent;

(b) the Agent shall determine whether the receipt or recovery is in excess of the amount the Recovering Finance Party would have been paid had the receipt or recovery been received or made by the Agent and distributed in accordance with Clause 32 (*Payment Mechanics*), without taking account of any Tax which would be imposed on the Agent in relation to the receipt, recovery or distribution;

(c) the Recovering Finance Party shall, within three Business Days of demand by the Agent, pay to the Agent an amount (the "**Sharing Payment**") equal to such receipt or recovery less any amount which the Agent determines may be retained by the Recovering Finance Party as its share of any payment to be made, in accordance with Clause 32.6 (*Partial payments*); and

(d) for the avoidance of doubt, if circumstances exist where:

(i) there is an unavailability or shortage of foreign exchange in any applicable jurisdiction of an Obligor or there has occurred a general moratorium or general debt rescheduling with respect to indebtedness of entities in such Obligor's jurisdiction; and

(ii) as a result of a Recovering Finance Party having preferential treatment or creditor status, any applicable governmental authority of the Obligor's jurisdiction is permitting such Obligor to access and/or transfer, freely convertible and transferable currencies ("**Convertible Currencies**") in order to pay obligations denominated in Convertible Currencies which are owed to such Recovering Finance Party (by way of exemption to, or preferential treatment under, such foreign exchange restrictions), but is not permitting such Obligor to do so in order to pay obligations denominated in Convertible Currencies which are owed to other Finance Parties, which do not have preferential treatment or creditor status,

then such Recovering Finance Party may retain amounts received by it in such Convertible Currencies provided that:

(A) all amounts available to the Finance Parties from the Obligors are first allocated to each of the Finance Parties in accordance with the relevant requirements of this Agreement or the Intercreditor Agreement (as the case may be) in the currency that such amounts are made available, with such allocation calculated assuming such amounts had been in the hands of the Agent or Security Agent, as the case may be (and for the avoidance of doubt, nothing in this clause is intended to change, affect or relate to, such allocation); and

(B) the amount received by such Recovering Finance Party does not exceed the amount which such Recovering Finance Party is entitled to receive as a result of the above-mentioned allocation,

and provided further that the foregoing clause shall in no way restrict, limit or prejudice the rights and claims of any Finance Party against any Obligor, including any Obligor to whom such unavailability or shortage of foreign exchange or general moratorium or general debt rescheduling does not apply, or the right of any Finance Party to, in its sole discretion, accept or refuse to accept any payment other than in the currency in which payment is due and in accordance with Clause 32.1 (*Payments to the Agent*). Any Recovering Finance Party shall promptly upon the written request of the Agent, the Security Agent or the Borrower confirm the amount of Convertible Currencies so received.

31.2 **Redistribution of payments**

The Agent shall treat the Sharing Payment as if it had been paid by the relevant Obligor and distribute it between the Finance Parties (other than the Recovering Finance Party) (the "**Sharing Finance Parties**") in accordance with Clause 32.6 (*Partial payments*) towards the obligations of that Obligor to the Sharing Finance Parties.

31.3 **Recovering Finance Party's rights**

(a) On a distribution by the Agent under Clause 31.2 (*Redistribution of payments*), of a payment received by a Recovering Finance Party from an Obligor, as between the relevant Obligor and the Recovering Finance Party, an amount of the Recovered Amount equal to the Sharing Payment will be treated as not having been paid by that Obligor.

(b) If and to the extent that the Recovering Finance Party is not able to rely on its rights under paragraph (a) above, the relevant Obligor shall be liable to the Recovering Finance Party for a debt equal to the Sharing Payment which is immediately due and payable.

31.4 **Reversal of redistribution**

If any part of the Sharing Payment received or recovered by a Recovering Finance Party becomes repayable and is repaid by that Recovering Finance Party, then:

(a) each Sharing Finance Party shall, upon request of the Agent, pay to the Agent for the account of that Recovering Finance Party an amount equal to the appropriate part of its share of the Sharing Payment (together with an amount as is necessary to reimburse that Recovering Finance Party for its proportion of any interest on the Sharing Payment which that Recovering Finance Party is required to pay) (the "**Redistributed Amount**"); and

(b) that Recovering Finance Party's right of subrogation in respect of any reimbursement shall be cancelled and, as between the relevant Obligor and each relevant Sharing Finance Party, an amount equal to the relevant Redistributed Amount will be treated as not having been paid by that Obligor.

31.5 **Exceptions**

(a) This Clause 31 shall not apply to the extent that the Recovering Finance Party would not, after making any payment pursuant to this Clause, have a valid and enforceable claim against the relevant Obligor.

(b) A Recovering Finance Party is not obliged to share with any other Finance Party any amount which the Recovering Finance Party has received or recovered as a result of taking legal or arbitration proceedings, if:

(i) it notified the other Finance Party of the legal or arbitration proceedings; and

(ii) the other Finance Party had an opportunity to participate in those legal or arbitration proceedings but did not do so as soon as reasonably practicable having received notice and did not take separate legal or arbitration proceedings.

(c) This Clause 31 shall not impose any obligation on the Security Agent to pay a Sharing Payment to the Agent under Clause 31.1 (*Payments to Finance Parties*) or Clause 31.4 (*Reversal of redistribution*).

32. PAYMENT MECHANICS

32.1 Payments to the Agent

(a) Subject to paragraph (b), on each date on which an Obligor or a Lender is required to make a payment under a Finance Document, that Obligor or Lender shall make the same available to the Agent (unless a contrary indication appears in a Finance Document) for value on the due date at the time and in such funds specified by the Agent as being customary at the time for settlement of transactions in the relevant currency in the place of payment.

(b) Payment shall be made to such account in the principal financial centre of the country of that currency (or, in relation to euro, in a principal financial centre in a Participating Member State or London) with such bank as the Agent specifies.

32.2 Distributions by the Agent

Each payment received by the Agent under the Finance Documents for another Party shall, subject to Clause 32.3 (*Distributions to an Obligor*) and Clause 32.4 (*Clawback*) and Clause 29.19 (*Deduction from amounts payable by the Agent*), be made available by the Agent as soon as practicable after receipt to the Party entitled to receive payment in accordance with this Agreement for the account of its Facility Office, to such account as that Party may notify to the Agent by not less than five Business Days' notice with a bank in the principal financial centre of the country of that currency (or, in relation to euro, in the principal financial centre of a Participating Member State or London).

32.3 Distributions to an Obligor

The Agent may (with the consent of the Obligor or in accordance with Clause 33 (*Set-Off*)) apply any amount received by it for that Obligor in or towards payment (on the date and in the currency and funds of receipt) of any amount due from that Obligor under the Finance Documents or in or towards purchase of any amount of any currency to be so applied.

32.4 Clawback

(a) Where a sum is to be paid to the Agent under the Finance Documents for another Party, the Agent is not obliged to pay that sum to that other Party (or to enter into or perform any related exchange contract) until it has been able to establish to its satisfaction that it has actually received that sum.

(b) If the Agent pays an amount to another Party and it proves to be the case that the Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Agent shall on demand refund the same to the Agent together with interest on that amount from the date of payment to the date of receipt by the Agent, calculated by the Agent to reflect its cost of funds.

32.5 **Impaired Agent**

(a) If, at any time, the Agent becomes an Impaired Agent, an Obligor or a Lender which is required to make a payment under the Finance Documents to the Agent in accordance with Clause 32.1 (*Payments to the Agent*) may instead either pay that amount direct to the required recipient or pay that amount to an interest-bearing account held with an Acceptable Bank within the meaning of paragraph (a) of the definition of "Acceptable Bank" and in relation to which no Insolvency Event has occurred and is continuing, in the name of the Obligor or the Lender making the payment and designated as a trust account for the benefit of the Party or Parties beneficially entitled to that payment under the Finance Documents. In each case such payments must be made on the due date for payment under the Finance Documents.

(b) All interest accrued on the amount standing to the credit of the trust account shall be for the benefit of the beneficiaries of that trust account *pro rata* to their respective entitlements.

(c) A Party which has made a payment in accordance with this Clause 32.5 shall be discharged of the relevant payment obligation under the Finance Documents and shall not take any credit risk with respect to the amounts standing to the credit of the trust account.

(d) Promptly upon the appointment of a successor Agent in accordance with Clause 29.13 (*Replacement of the Agent*), each Party which has made a payment to a trust account in accordance with this Clause 32.5 shall give all requisite instructions to the bank with whom the trust account is held to transfer the amount (together with any accrued interest) to the successor Agent for distribution in accordance with Clause 32.2 (*Distributions by the Agent*).

32.6 **Partial payments**

(a) Subject to the provisions of the Intercreditor Agreement, if the Agent receives a payment for application against amounts due in respect of any Finance Documents that is insufficient to discharge all the amounts then due and payable by an Obligor under those Finance Documents, the Agent shall apply that payment towards the obligations of that Obligor under those Finance Documents in the following order:

(i) **first**, in or towards payment *pro rata* of any unpaid fees, costs and expenses of the Agent and the Security Agent under those Finance Documents;

(ii) **secondly**, in or towards payment *pro rata* of any accrued interest, fee or commission due but unpaid under those Finance Documents;

(iii) **thirdly**, in or towards payment *pro rata* of any principal due but unpaid under those Finance Documents; and

(iv) **fourthly**, in or towards payment *pro rata* of any other sum due but unpaid under the Finance Documents.

(b) The Agent shall, if so directed by the Majority Lenders, vary the order set out in paragraphs (a)(ii) to (iv) above (but not, for the avoidance of doubt, the *pro rata* allocation of payments falling within any such paragraph).

(c) Paragraphs (a) and (b) above will override any appropriation made by an Obligor.

32.7 **Set-off by Obligors**

All payments to be made by an Obligor under the Finance Documents shall be calculated and be made without (and free and clear of any deduction for) set-off or counterclaim.

32.8 **Business Days**

(a) Any payment which is due to be made on a day that is not a Business Day shall be made on the next Business Day in the same calendar month (if there is one) or the preceding Business Day (if there is not).

(b) During any extension of the due date for payment of any principal or Unpaid Sum under this Agreement interest is payable on the principal or Unpaid Sum at the rate payable on the original due date.

32.9 **Currency of account**

(a) Subject to paragraphs (b) to (e) below, dollars is the currency of account and payment for any sum due from an Obligor under any Finance Document.

(b) A repayment of a Utilisation or Unpaid Sum or a part of a Utilisation or Unpaid Sum shall be made in the currency in which that Utilisation or Unpaid Sum is denominated on its due date.

(c) Each payment of interest shall be made in the currency in which the sum in respect of which the interest is payable was denominated when that interest accrued.

(d) Each payment in respect of costs, expenses or Taxes shall be made in the currency in which the costs, expenses or Taxes are incurred.

(e) Any amount expressed to be payable in a currency other than dollars shall be paid in that other currency.

32.10 **Change of currency**

(a) Unless otherwise prohibited by law, if more than one currency or currency unit is at the same time recognised by the central bank of any country as the lawful currency of that country, then:

(i) any reference in the Finance Documents to, and any obligations arising under the Finance Documents in, the currency of that country shall be translated into, or paid in, the currency or currency unit of that country designated by the Agent (after consultation with the Borrower); and

(ii) any translation from one currency or currency unit to another shall be at the official rate of exchange recognised by the central bank for the conversion of that currency or currency unit into the other, rounded up or down by the Agent (acting reasonably).

(b) If a change in any currency of a country occurs, this Agreement will, to the extent the Agent (acting reasonably and after consultation with the Borrower) specifies to be necessary, be amended to comply with any generally accepted conventions and market practice in the Relevant Interbank Market and otherwise to reflect the change in currency.

33 SET-OFF

A Finance Party may set off any matured obligation due from an Obligor under the Finance Documents (to the extent beneficially owned by that Finance Party) against any matured obligation owed by that Finance Party to that Obligor, regardless of the place of payment, booking branch or currency of either obligation. If the obligations are in different currencies, the Finance Party may convert either obligation at a market rate of exchange in its usual course of business for the purpose of the set-off.

34.5 **Communication when Agent is Impaired Agent**

If the Agent is an Impaired Agent the Parties may, instead of communicating with each other through the Agent, communicate with each other directly and (while the Agent is an Impaired Agent) all the provisions of the Finance Documents which require communications to be made or notices to be given to or by the Agent shall be varied so that communications may be made and notices given to or by the relevant Parties directly. This provision shall not operate after a replacement Agent has been appointed.

34.6 **Electronic communication**

(a) Any communication to be made between the Agent or the Security Agent and a Lender and/or any member of the Group under or in connection with the Finance Documents may be made by electronic mail or other electronic means, if the Agent, the Security Agent and the relevant Lender and/or member of the Group:

(i) agree that, unless and until notified to the contrary, this is to be an accepted form of communication;

(ii) notify each other in writing of their electronic mail address and/or any other information required to enable the sending and receipt of information by that means; and

(iii) notify each other of any change to their address or any other such information supplied by them.

(b) Any electronic communication made between the Agent and a Lender or the Security Agent and/or any member of the Group will be effective only when actually received in readable form and, in the case of any electronic communication made by a Lender and/or the Security Agent and/or any member of the Group to the Agent, only if it is addressed in such a manner as the Agent or Security Agent shall specify for this purpose.

(c) As at the date of this Agreement, the Security Agent has not agreed that electronic communication as contemplated by this Clause 34.6 is an accepted form of communication unless any communication from a Party to the Security Agent by electronic means is also made by fax, and such communication shall only be effective when such fax is received in legible form.

34.7 **English language**

(a) Any notice given under or in connection with any Finance Document must be in English.

(b) All other documents provided under or in connection with any Finance Document must be:

(i) in English; or

(ii) if not in English, and if so required by the Agent, accompanied by a certified English translation and, in this case, the English translation will prevail unless the document is a constitutional, statutory or other official document.

34.8 **Obligor Agent**

(a) Each Obligor (other than the Borrower) by its execution of this Agreement or an Accession Letter (as the case may be) irrevocably appoints the Borrower to act on its behalf as its agent in relation to the Finance Documents and irrevocably authorises:

(i) the Borrower on its behalf to supply all information concerning itself contemplated by this Agreement to the Finance Parties and to give all notices and instructions, to execute on its behalf any documents required hereunder and to make such agreements capable of being given or made by any Obligor notwithstanding that they may affect such Obligor, without further reference to or consent of such Obligor;

(ii) the Borrower on its behalf as its agent (*comisionista*) pursuant to articles 273 and 274 of the Mexican Commerce Code (*Código de Comercio*) to exercise the rights, powers, authorities and discretions specifically given to it under or in connection with the Finance Documents; and

(iii) each Finance Party to give any notice, demand or other communication to such Obligor pursuant to the Finance Documents to the Borrower on its behalf,

and in each case such Obligor shall be bound thereby as though such Obligor itself had given such notices and instructions or executed or made such agreements or received any notice, demand or other communication.

(b) Every act, agreement, undertaking, settlement, waiver, notice or other communication given or made by the Borrower, or given to the Borrower, in its capacity as agent in accordance with paragraph (a) of this Clause 34.8, in connection with this Agreement shall be binding for all purposes on such Obligors as if the other Obligors had expressly made, given or concurred with the same. In the event of any conflict between any notices or other communications of the Borrower and any other Obligor, those of the Borrower shall prevail.

34.9 **Use of websites**

(a) The Borrower may satisfy its obligation under this Agreement to deliver any information in relation to those Lenders (the "**Website Lenders**") who accept this method of communication by posting this information on to an electronic website designated by the Borrower and the Agent (the "**Designated Website**") if:

(i) the Agent expressly agrees (after consultation with each of the Lenders) that it will accept communication of the information by this method;

(ii) both the Borrower and the Agent are aware of the address of and any relevant password specifications for the Designated Website; and

(iii) the information is in a format previously agreed between the Borrower and the Agent.

If any Lender does not agree to the delivery of information electronically then the Agent shall notify the Borrower accordingly and the Borrower shall supply the information to the Agent in paper form. In any event the Borrower shall supply the Agent with at least one copy in paper form of any information required to be provided by it.

(b) The Agent shall supply each Website Lender with the address of and any relevant password specifications for the Designated Website following designation of that website by the Borrower and the Agent.

(ii) the password specifications for the Designated Website change;

(iii) any new information which is required to be provided under this Agreement is posted on to the Designated Website;

(iv) any existing information which has been provided under this Agreement and posted on to the Designated Website is amended; or

If the Borrower notifies the Agent under paragraph (c)(i) or paragraph (c)(v) above, all information to be provided by the Borrower under this Agreement after the date of that notice shall be supplied in paper form unless and until the Agent and each Website Lender are satisfied that the circumstances giving rise to the notification are no longer continuing.

(d) Any Website Lender may request, through the Agent, one paper copy of any information required to be provided under this Agreement which is posted on to the Designated Website. The Borrower shall at its own cost comply with any such request within ten Business Days.

Any certification or determination by a Finance Party of a rate or amount under any Finance Document is, in the absence of manifest error, conclusive evidence of the matters to which it relates.

35.4 Spanish Civil Procedure

In the event that this Agreement is raised to a Spanish Public Document, for the purposes of Article 572.2 of the Spanish Civil Procedure Law (*Ley de Enjuiciamiento Civil*), all parties expressly agree that the exact amount due at any time by the Obligors to the Lenders will be the amount specified in a certificate issued by the Agent (and/or any Lender) in accordance with Clause 35.2 (*Certificates and determinations*) as representative of the Lenders reflecting the balance of the accounts referred to in Clause 35.1 (*Accounts*).

35.5 **No personal liability**

If an individual signs a certificate on behalf of any member of the Group and the certificate proves to be incorrect, the individual will incur no personal liability as a result, unless the individual acted fraudulently in giving the certificate. In this case any liability of the individual will be determined in accordance with applicable law.

36. **PARTIAL INVALIDITY**

If, at any time, any provision of the Finance Documents is or becomes illegal, invalid or unenforceable in any respect under any law or regulation of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions nor the legality, validity or enforceability of such provision under the law or regulations of any other jurisdiction will in any way be affected or impaired.

37. **REMEDIES AND WAIVERS**

No failure to exercise, nor any delay in exercising, on the part of any Finance Party or Secured Party, any right or remedy under the Finance Documents shall operate as a waiver of any such right or remedy or constitute an election to affirm any of the Finance Documents. No election to affirm any of the Finance Documents on the part of any Finance Party shall be effective unless it is in writing. No single or partial exercise of any right or remedy shall prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies provided in this Agreement are cumulative and not exclusive of any rights or remedies provided by law or regulation.

38. **AMENDMENTS AND WAIVERS**

38.1 **Required consents**

(a) Subject to Clause 38.2 (*Exceptions*) and Clause 38.3 (*Facility Change*), any term of the Finance Documents may be amended or waived only with the consent of the Majority Lenders and the Borrower and any such amendment or waiver will be binding on all Parties.

(b) Subject to paragraphs (c) to (e) of Clause 29.1 (*Appointment of the Agent*), the Agent may effect, on behalf of any Finance Party, any amendment or waiver permitted by this Clause 38.

(c) Each Obligor agrees to any such amendment or waiver permitted by this Clause 38 which is agreed to by the Borrower. This includes any amendment or waiver which would, but for this paragraph (c), require the consent of all of the Guarantors.

38.2 **Exceptions**

(a) Subject to Clause 38.6 (*Replacement of Screen Rate*), an amendment or waiver that has the effect of changing or which relates to:

(i) the definition of “Majority Lenders” or “Super Majority Lenders” in Clause 1.1 (*Definitions*);

(ii) an extension to the Termination Date or to the date of any scheduled payment of any amount under the Finance Documents (except pursuant to Clause 2.2 (*Accordion*) or a Facility Change);

(viii) any provision which expressly requires the consent of all the Lenders;

(ix) Clause 2.3 (*Finance Parties' rights and obligations*), Clause 18 (*Guarantee and Indemnity*), Clause 26 (*Changes to the Lenders*), Clause 28 (*Changes to the Obligors*) or this Clause 38; or

(x) any amendment to the order of priority or subordination under the Intercreditor Agreement,

shall not be made without the prior consent of all of the Lenders (save in circumstances where such change is made pursuant to Clause 2.2 (*Accordion*) or Clause 23 (*Covenant Reset Date*)).

(b) An amendment or waiver which relates to the rights or obligations of the Agent, the Arranger or, as the case may be, the Security Agent may not be effected without the consent of the Agent, the Arranger or, as the case may be, the Security Agent at such time.

(c) Any amendment or waiver that has the effect of changing or that relates to:

(i) the nature or scope of the Charged Property or the manner in which the proceeds of enforcement of the Transaction Security are distributed (except insofar as it relates to a sale or disposal of an asset which is the subject of the Transaction Security where such sale or disposal is expressly permitted under this Agreement or any other Finance Document);

(ii) the release of any guarantee and indemnity granted under Clause 18 (*Guarantee and Indemnity*) or of any Transaction Security unless permitted under this Agreement or any other Finance Document or relating to a sale or disposal of an asset which is the subject of the Transaction Security where such sale or disposal is expressly permitted under this Agreement or any other Finance Document,

may only be made with the consent of the Super Majority Lenders.

(d) If any Lender fails to respond to a request for a consent, waiver or amendment of or in relation to any of the terms of any Finance Document or other vote of Lenders under the terms of this Agreement within 20 Business Days of that request being made (or such longer period as the Borrower may, in its absolute discretion, specify (subject to prior notice being given by the Borrower to the Agent)), its Commitment and/or participation shall not be included for the purpose of calculating the Total Commitments or participations under the relevant Facility/ies when ascertaining whether any relevant percentage (including, for the avoidance of doubt, unanimity) of Total Commitments and/or participations has been obtained to approve that request.

38.3 **Facility Change**

(a) The Borrower may, by notice to the Agent for circulation to all Lenders, request the consent of each Lender to an extension of the Termination Date with respect to that Lender's Commitment and participation in the Loans (such extension, a "**Facility Change**", and any such Lender which consents to an extension of the Termination Date with respect to its Commitment and participation in the Loans, a "**Facility Change Lender**").

(b) A Facility Change shall be implemented by way of an amendment to this Agreement (and, if required, any other Finance Document) to reflect the Facility Change in relation to the relevant Facility Change Lender(s) (but, for the avoidance of doubt, in relation to no other Lender) (including, without limitation, by the creation of sub-tranches or a new facility comprising the Commitment and participation in the Loans of some or all of the Facility Change Lender(s), and to which the extended Termination Date is to apply).

(c) Notwithstanding anything in this Clause 38 or any other provision of the Finance Documents to the contrary, an amendment to any term of the Finance Documents made in accordance with this Clause 38.3 in order to implement a Facility Change may be approved with the consent of the relevant Facility Change Lender and the Borrower (and countersigned by the Agent) and any such amendment will be binding on all Parties.

38.4 **Replacement of Lender**

(a) If at any time:

(i) any Lender becomes a Non-Consenting Lender (as defined in paragraph (c) below); or

(ii) an Obligor other than a Security Provider that is not also the Borrower or a Guarantor becomes obliged to repay any amount in accordance with Clause 7.1 (*Illegality*) or to pay additional amounts pursuant to Clause 14.1 (*Increased costs*), Clause 13.2 (*Tax gross-up*) or Clause 13.3 (*Tax indemnity*) to any Lender in excess of amounts payable to the other Lenders generally,

then the Borrower may, on 10 Business Days' prior written notice to the Agent and such Lender, replace such Lender by requiring such Lender to (and such Lender shall) transfer pursuant to Clause 26 (*Changes to the Lenders*) all (and not part only) of its rights and obligations under this Agreement to a Lender or other bank, financial institution, trust, fund or other entity (a "**Replacement Lender**") selected by the Borrower, and (unless at such time the Agent is an Impaired Agent) which is acceptable to the Agent (acting reasonably), which confirms its willingness to assume and does assume all the obligations of the transferring Lender (including the assumption of the transferring Lender's participations on the same basis as the transferring Lender) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Lender's participation in the outstanding Utilisations and all accrued interest and/or Break Costs and other amounts payable in relation thereto under the Finance Documents.

(b) The replacement of a Lender pursuant to this Clause 38.4 shall be subject to the following conditions:

(i) the Borrower shall have no right to replace the Agent or Security Agent;

(ii) neither the Agent nor the Lender shall have any obligation to the Borrower to find a Replacement Lender;

(iii) in the event of a replacement of a Non-Consenting Lender such replacement must take place no later than 180 days after the date on which the Non-Consenting Lender notifies the Borrower and the Agent of its failure or refusal to give a consent in relation to, or agree to any waiver or amendment to the Finance Documents requested by the Borrower; and

(iv) in no event shall the Lender replaced under this paragraph (b) be required to pay or surrender to such Replacement Lender any of the fees received by such Lender pursuant to the Finance Documents.

(c) In the event that:

(i) the Borrower or the Agent (at the request of the Borrower) has requested the Lenders to give a consent in relation to, or to agree to a waiver or amendment of, any provisions of the Finance Documents;

(ii) the consent, waiver or amendment in question requires the approval of all the Lenders; and

(iii) Lenders whose Commitments aggregate more than 85 per cent. of the Total Commitments (or, if the Total Commitments have been reduced to zero, aggregated more than 85 per cent. of the Total Commitments prior to that reduction) have consented or agreed to such waiver or amendment, then any Lender who does not and continues not to consent or agree to such waiver or amendment shall be deemed a "**Non-Consenting Lender**".

38.5 **Replacement of a Defaulting Lender**

(a) The Borrower may, at any time a Lender has become and continues to be a Defaulting Lender, by giving 10 Business Days' prior written notice to the Agent and such Lender, replace such Lender by requiring such Lender to (and such Lender shall) transfer pursuant to Clause 26 (*Changes to the Lenders*) all (and not part only) of its rights and obligations under this Agreement to a Lender or Replacement Lender selected by the Borrower, and which (unless the Agent is an Impaired Agent) is acceptable to the Agent (acting reasonably), which confirms its willingness to assume and does assume all the obligations or all the relevant obligations of the transferring Lender (including the assumption of the transferring Lender's participations or unfunded participations (as the case may be) on the same basis as the transferring Lender) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Lender's participation in the outstanding Utilisations and all accrued interest, Break Costs and other amounts payable in relation thereto under the Finance Documents.

(b) Any transfer of rights and obligations of a Defaulting Lender pursuant to this Clause 38.5 shall be subject to the following conditions:

(i) the Borrower shall have no right to replace the Agent or Security Agent;

(ii) neither the Agent nor the Defaulting Lender shall have any obligation to the Borrower to find a Replacement Lender;

(iii) the transfer must take place no later than 180 days after the notice referred to in paragraph (a) above; and

(iv) in no event shall the Defaulting Lender be required to pay or surrender to the Replacement Lender any of the fees received by the Defaulting Lender pursuant to the Finance Documents.

38.6 **Replacement of Screen Rate**

(a) Subject to Clause 38.2(b) (*Exceptions*), if a Screen Rate Replacement Event has occurred in relation to any Screen Rate for the currency which can be selected for a Loan, any amendment or waiver which relates to:

(i) providing for the use of a Replacement Benchmark in relation to that currency in place of that Screen Rate; and

(ii)

(A) aligning any provision of any Finance Document to the use of that Replacement Benchmark;

(B) enabling that Replacement Benchmark to be used for the calculation of interest under this Agreement (including, without limitation, any consequential changes required to enable that Replacement Benchmark to be used for the purposes of this Agreement);

(C) implementing market conventions applicable to that Replacement Benchmark;

(D) providing for appropriate fallback (and market disruption) provisions for that Replacement Benchmark; or

(E) adjusting the pricing to reduce or eliminate, to the extent reasonably practicable, any transfer of economic value from one Party to another as a result of the application of that Replacement Benchmark (and if any adjustment or method for calculating any adjustment has been formally designated, nominated or recommended by the Relevant Nominating Body, the adjustment shall be determined in the basis of that designation, nomination or recommendation),

may be made with the consent of the Agent (acting on the consent of the Majority Lenders and the Obligors.

(b) All Parties (other than the Security Agent) currently understand that LIBOR is expected to cease to be calculated from 1 January 2022, therefore if, as at 15 October 2021, this Agreement provides that the rate of interest for a Loan in any currency is to be determined by reference to the Screen Rate for LIBOR:

(i) a Screen Rate Replacement Event shall be deemed to have occurred on that date in relation to the Screen Rate for that currency; and

(ii) the Agent (acting on the instructions of the Majority Lenders) and the Obligors shall enter into negotiations in good faith with a view to agreeing the use of a Replacement Benchmark in relation to that currency in place of that Screen Rate from and including a date no later than 30 December 2021.

(c) If any Lender fails to respond to a request for an amendment or waiver described in, or for any other vote of Lenders in relation to, paragraphs (a) or (b) above within 20 Business Days (or such longer time period in relation to any request which the Borrower and the Agent may agree) of that request being made:

(i) its Commitment(s) shall not be included for the purpose of calculating the Total Commitments under the relevant Facility/ies when ascertaining whether any relevant percentage of Total Commitments has been obtained to approve that request; and

(ii) its status as a Lender shall be disregarded for the purpose of ascertaining whether the agreement of any specified group of Lenders has been obtained to approve that request.

41. **GOVERNING LAW**

(a) This Agreement and all non-contractual obligations arising from or connected with it are governed by English law.

(b) If any of the Original Obligors is represented by an attorney or attorneys in connection with the signing and/or execution and/or delivery of this Agreement or any agreement or document referred to herein or made pursuant hereto and the relevant power or powers of attorney is or are expressed to be governed by the laws and regulations of a particular jurisdiction, it is hereby expressly acknowledged and accepted by the other parties hereto that such laws and regulations shall govern the existence and extent of such attorney's or attorney's authority and the effects of the exercise thereof.

42. **ENFORCEMENT**

42.1 **Jurisdiction in relation to actions brought by or against parties organised or incorporated in Mexico**

In relation to actions brought by or against any Party organised or incorporated in Mexico:

(a) each of the Parties agrees that the courts of England and the courts of each Party's corporate domicile (but only in respect of actions brought against such Party as a defendant), have jurisdiction to settle any dispute arising out of or in connection with this Agreement (including a dispute regarding the existence, validity or termination of this Agreement or any non-contractual obligations arising from or connected with this Agreement) (a "**Dispute**"); and

(b) each of the Parties agrees that the courts of England and such courts of each Party's corporate domicile (but only in respect of actions brought against such Party as a defendant) are the most appropriate and convenient courts to settle Disputes and accordingly no Party will argue to the contrary and hereby waives any right to any other jurisdiction to which any of them may be entitled on account of place of residence or domicile or otherwise.

(b) the Parties agree that the courts of England are the most appropriate and convenient courts to settle Disputes and accordingly no Party will argue to the contrary and hereby waives any right to any other jurisdiction to which any of them may be entitled on account of place of residence or domicile or otherwise; and

(c) subject to paragraph (d) below, this Clause 42.2 is for the benefit of the Finance Parties and Secured Parties only. As a result, no Finance Party or Secured Party shall be prevented from taking proceedings relating to a Dispute (or any other dispute whatsoever) in any other courts with jurisdiction. To the extent allowed by law or regulation, the Finance Parties and Secured Parties may take concurrent proceedings in any number of jurisdictions; and

(b) agrees that failure by the Process Agent to notify the relevant Obligor of the process will not invalidate the proceedings concerned,

and each Obligor, including each Additional Guarantor or Additional Security Provider, that is incorporated in Mexico shall grant an irrevocable power of attorney for lawsuits and collections (*pleitos y cobranzas*) granted before a Mexican notary public, appointing the Process Agent as its agent for service of process as provided herein on or before the date of this Agreement or any other Finance Document or when it becomes a Party to this Agreement or any other Finance Document, as applicable.

42.4 **Waiver of right to trial by jury**

TO THE EXTENT PERMITTED BY APPLICABLE LAW, EACH PARTY TO THIS AGREEMENT HEREBY EXPRESSLY AND IRREVOCABLY WAIVES ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION OR CAUSE OF ACTION ARISING UNDER ANY FINANCE DOCUMENT OR IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO OR ANY OF THEM WITH RESPECT TO ANY FINANCE DOCUMENT, OR THE TRANSACTIONS RELATED THERETO, IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER FOUNDED IN CONTRACT OR TORT OR OTHERWISE; AND EACH PARTY HEREBY AGREES AND CONSENTS THAT ANY SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY. Each Party represents that it has reviewed this waiver with its legal advisers and that it knowingly and voluntarily waives its jury trial rights after consultation with its legal advisers. Each Party hereby agrees and consents that any Party to this Agreement may file an original counterpart or a copy of this Clause 42.4 with any court as written evidence of the consent of the signatories hereto to the waiver of their right to trial by jury.

SCHEDULE 12
PROCEEDINGS PENDING OR THREATENED

Regulatory Matters and Legal Proceedings
As of June 15, 2017[84]

A description of material regulatory matters and legal proceedings affecting us is provided below.

Antitrust Proceedings

Polish Antitrust Investigation. On January 2, 2007, CEMEX Polska received a notification from the Polish Competition and Consumer Protection Office (the "Protection Office") informing it of the formal initiation of an antitrust proceeding against all cement producers in Poland, including CEMEX Polska and another of our indirect subsidiaries in Poland. The notification alleged that there was an agreement between all cement producers in Poland regarding prices and other sales conditions for cement, an agreed division of the market with respect to the sale and production of cement, and the exchange of confidential information, all of which limited competition in the Polish market with respect to the production and sale of cement. On December 9, 2009, the Protection Office delivered to CEMEX Polska its decision against Polish cement producers related to an investigation which covered a period from 1998 to 2006. The decision imposed fines on a number of Polish cement producers, including CEMEX Polska. The fine imposed on CEMEX Polska was approximately Polish Zloty 115.56 million (approximately U.S.$29.19 million as of March 31, 2017, based on an exchange rate of Polish Zloty 3.9582 to U.S.$1.00), which is approximately 10% of CEMEX Polska's total revenue in 2008.

CEMEX Polska disagreed with the decision, denied that it committed the practices alleged by the Protection Office and, therefore, on December 23, 2009, CEMEX Polska filed an appeal before the Polish Court of Competition and Consumer Protection in Warsaw (the "First Instance Court"). After a series of hearings, on December 13, 2013, the First Instance Court issued its judgment in regards with the appeals filed by CEMEX Polska and other cement producers, which were previously combined into a joint appeal. The First Instance Court reduced the penalty imposed on CEMEX Polska to approximately Polish Zloty 93.89 million (approximately U.S.$23.72 million as of March 31, 2017 based on an exchange rate of Polish Zloty 3.9582 to U.S.$1.00), which is equal to 8.125% of CEMEX Polska's revenue in 2008. On May 8, 2014, CEMEX Polska filed an appeal against the First Instance Court judgment before the Appeals Court in Warsaw. After several hearings in the Appeals Court, on a hearing held on March 11, 2016, the Appeals Court did not announce a final judgment; instead, it reopened the hearing phase which had been closed on February 26, 2016. The parties involved were informed that the Appeals Court will ask certain questions to the Polish Constitutional Tribunal regarding the conformity with the Polish Constitution of the calculation of the reduced penalty imposed on CEMEX Polska. The Constitutional Tribunal by the decision taken on 5th of April 2017 (without the hearing) rejected to answer the questions of the Appeal Court due to secondary formal reasons informing the Court that it is entitled to interpret independently the competition law rules in a way to assure their compliance with the Polish Constitution for purpose of this particular court case. The files of the case were returned to the Appeal Court in the beginning of May, 2017. CEMEX Poland currently estimates that the case will speed up and the Appeal Court may issue its final decision in the case by the end of September 2017. The above-mentioned penalty is not enforceable until the Appeals Court issues its final judgment and if the penalty is maintained in the Appeals Court final resolution, then the penalty will be payable within 14 calendar days of the announcement of the Appeals Court order regarding its final resolution. CEMEX Polska has created the accounting provision in relation with this proceeding in an amount equal to 100% of the reduced penalty of the First Instance Court judgment. As of June 15, 2017, we do not expect that an adverse resolution to this matter would have a material adverse impact on our results of operations, liquidity and financial condition.

Antitrust Investigation in Spain by the CNMC. On September 16 and 17, 2014, the Competition Directorate (*Dirección de Competencia*) of the Spanish National Commission of Markets and Competition (*Comisión Nacional de los Mercados y la Competencia*) ("CNMC"), in the context of an investigation of the Spanish cement, ready-mix concrete and related products industry regarding alleged anticompetitive practices, inspected one of our facilities in Spain. On January 12, 2015, CEMEX España Operaciones was

notified of the initiation by the CNMC of a disciplinary proceeding for alleged prohibited conducts pursuant to Article 1 of the Spanish Competition Law (*Ley 15/2007, de 3 de Julio, de Defensa de la Competencia*). On November 19, 2015, CEMEX España Operaciones was notified that the alleged anticompetitive practices covered the year 2013 for the cement market and the years 2008, 2009, 2012, 2013 and 2014 for the ready-mix market. On March 8, 2016, the Competition Directorate (*Dirección de Competencia*) notified CEMEX España Operaciones of a resolution proposal (*propuesta de resolución*) which considers that the alleged anti-competitive practices were carried out in the markets and years previously indicated. Thereafter, CEMEX España Operaciones submitted allegations rejecting the resolution proposal. On September 8, 2016, CEMEX España Operaciones was notified of a decision issued by the CNMC pursuant to which CEMEX España Operaciones has been required to pay a fine of €5,865,480 (approximately U.S.$6.25 million as of March 31, 2017, based on an exchange rate of €0.9380 to U.S.$1.00). On November 7, 2016, CEMEX España Operaciones filed an appeal before the National Court (*Audiencia Nacional*) against the CNMC's decision. The National Court has been requested to suspend the sanction, and, by a resolution issued on December 22, 2016, the National Court granted the requested suspension, subject to issuance of a bank guarantee for the principal amount of the sanction. The CNMC has been notified of both the interposition of the appeal and the request for suspension. As of June 15, 2017, we do not expect that an adverse resolution to this matter would have a material adverse impact on our results of operations, liquidity and financial condition.

Antitrust Investigation in Colombia. On September 5, 2013, CEMEX Colombia was notified of Resolution No. 49141 dated August 21, 2013, issued by the Colombian Superintendency of Industry and Commerce (*Superintendencia de Industria y Comercio*) ("SIC") pursuant to which the SIC opened an investigation and issued a statement of objections (*pliego de cargos*) against five cement companies and fourteen directors of those companies, including CEMEX Colombia, for alleged anti-competitive practices. On October 7, 2013, CEMEX Colombia answered the statement of objections and submitted evidence. The investigated parties are accused of allegedly breaching: (i) Article 1 of Law 155 of 1959, which prohibits any kind of practice, procedure or system designed to limit free competition and determining or maintaining unfair prices; (ii) numeral 1 of Article 47 of Decree 2153 of 1992, which prohibits any agreements designed to directly or indirectly fix prices; and (iii) numeral 3 of Article 47 of Decree 2153 of 1992, which prohibits any market sharing agreements between producers or between distributors. Additionally, the fourteen executives, including a former legal representative and the current President of CEMEX Colombia, are being investigated for allegedly breaching paragraph 16 of Article 4 of Decree 2153 of 1992, as amended by Article 26 of Law 1340 of 2009, which provides that the SIC may investigate and sanction any individual who collaborates, facilitates, authorizes, executes or tolerates behavior that violates free competition rules. Although the SIC announced three charges, only two of them were under investigation, namely, price fixing agreements and market sharing agreements.

If the alleged infringements investigated by the SIC are substantiated, aside from any measures that could be ordered to stop the alleged anti-competitive practices, the following penalties may be imposed against CEMEX Colombia pursuant to Law 1340 of 2009: (i) up to 100,000 times the legal monthly minimum wage, which equals approximately 58,950 million Colombian Pesos (approximately U.S.$20.46 million as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00) for each violation and to each company being declared in breach of the competition rules, and (ii) up to 2,000 times the legal monthly minimum wage, which equals approximately 1,179 million Colombian Pesos (approximately U.S.$409,340.89 as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00) against those individuals found responsible of collaborating, facilitating, authorizing, executing or tolerating behavior that violates free competition rules. On December 18, 2014, a hearing regarding this matter took place and the parties involved presented their closing arguments. A non-binding report which contains an analysis of all evidence gathered during the investigation and which could provide a recommendation to impose sanctions or to close the investigation is expected to be issued by the Superintendent Delegate for Competition Protection for the benefit of the SIC. As of June 15, 2017, this non-binding report has not been issued and we cannot estimate when it will be issued. Once the non-binding report is issued, the investigated parties will have twenty business days to file their final arguments against it. If the SIC decides to impose a sanction against CEMEX Colombia, we have the possibility of filing several recourses that are available to us, including a reconsideration request before the SIC and, if the reconsideration request does not succeed, challenging the validity of the SIC's decision before the Colombian Administrative Courts, which could take more than six years in order to have a final decision. At this stage of the investigations, as of June 15, 2017, we are not able to assess the likelihood of the SIC imposing any

measures and/or penalties against CEMEX Colombia, but if any penalties are imposed, as we do not expect such penalties would be for the maximum amounts permitted by applicable laws and because there are recourses available to us that would take a considerable amount of time to get resolved, we do not expect this matter to have a material adverse impact on our results of operations, liquidity and financial condition.

Information Request in Costa Rica. In March 2016, the Competition Directorate of Costa Rica notified CEMEX Costa Rica of a formal information request that has the objective of calculating the cement market share in Costa Rica and the geographical areas in which CEMEX Costa Rica has a presence. The Competition Directorate of Costa Rica is requesting this information as a result of a claim made by a third party. CEMEX Costa Rica delivered the requested information also during March 2016. In July 2016, the Competition Directorate of Costa Rica resolved that there is no evidence of anti-competitive practice and took no further action with respect to the claim.

Environmental Matters

In the ordinary course of business, we are subject to a broad range of environmental laws and regulations in each of the jurisdictions in which we operate. These laws and regulations impose increasingly stringent environmental protection standards regarding, among other things, air emissions, wastewater discharges, the use and handling of hazardous waste or materials, waste disposal practices and the remediation of environmental damage or contamination. These laws and regulations expose us to the risk of substantial environmental costs and liabilities, including liabilities associated with divested assets and past activities and, in some cases, the acts and omissions of the previous owners or operators of a property or facility that we own or operate. Furthermore, in some jurisdictions, certain environmental laws and regulations impose liability without regard to fault or the legality of the original activity at the time of the actions giving rise to liability. To prevent, control and remediate environmental problems and maintain compliance with regulatory requirements, in line with our global initiatives on environmental management, we maintain an environmental policy designed to monitor and control environmental matters. Our environmental policies require that each of our subsidiaries respect and comply with local laws and meet our own internal standards to minimize the use of non-renewable resources and the generation of hazardous and other wastes. We use processes that are designed to reduce the impact of our operations on the environment throughout all the production stages in all our operations worldwide. In addition, during 2012 we started the implementation of a global EMS at our operating sites that provides a framework to facilitate the consistent and systematic implementation of practical, risk-based environmental management at all sites. As of June 15, 2017, we expect to finish the implementation of the EMS at all of our operating sites by December 31, 2020. It will be used to support sites and businesses across CEMEX globally to document, maintain and continuously improve our environmental performance. We believe that, as of June 15, 2017, a substantial part of our operations already comply with all material environmental laws applicable to us, as the majority of our cement plants already have some kind of EMS (most of which are ISO 14000 certified by the International Organization for Standardization ("ISO")), with the remaining implementation efforts directed mainly on our aggregates and ready-mix plants.

We regularly incur capital expenditures that have an environmental component or that are impacted by environmental regulations. However, we do not keep separate accounts for such mixed capital and environmental expenditures. Environmental expenditures that extend the life, increase the capacity, improve the safety or efficiency of assets or are incurred to mitigate or prevent future environmental contamination may be capitalized. Other environmental costs are expensed when incurred. For the years ended December 31, 2014, 2015 and 2016, our sustainability capital expenditures (including our environmental expenditures and investments in alternative fuels and cementitious materials) were approximately U.S.$85.1 million, approximately U.S.$86.03 million and approximately U.S.$79.9 million, respectively. As of June 15, 2017, we do not expect a material increase in our environmental expenditures in 2017.

The following is a discussion of environmental regulations and related matters in our major markets.

Mexico. We were one of the first industrial groups in Mexico to sign an agreement with the Mexican Ministry of Environment and Natural Resources (*Secretaría del Medio Ambiente y Recursos Naturales*) ("SEMARNAT") to carry out voluntary environmental audits in our 15 Mexican cement plants under a government-run program. In 2001, the Mexican Environmental Protection Agency (*Procuraduría Federal de Protección al Ambiente*), which is part of SEMARNAT, completed the audit of our cement plants and awarded each of them a Clean Industry Certificate (*Certificado de Industria Limpia*) ("CIC") certifying that our cement plants are in full compliance with applicable environmental laws. The CICs are subject to renewal every two years. As of June 15, 2017, our operating cement plants had CICs or were in the process of renewing them. We expect the renewal of all currently expired CICs.

For over a decade, the technology for co-processing used tires into an energy source has been employed in our plants located in Ensenada and Huichapan. By the end of 2016, almost all our cement plants in Mexico were using tires as an alternative fuel (except for installations in Torreon and Valles). Municipal collection centers in the cities of Tijuana, Mexicali, Ensenada, Mexico City, Reynosa, Nuevo Laredo and Guadalajara currently enable us to seize as alternative fuel an estimated 24,000 tons of tires per year. Overall, approximately 14.02% of the total fuel used in our operating cement plants in Mexico during 2016 was comprised of alternative fuels.

Between 1999 and June 15, 2017, our operations in Mexico have invested approximately U.S.$114.96 million in the acquisition of environmental protection equipment and the implementation of the ISO 14001:2004 environmental management standards of ISO. The audit to obtain the renewal of the ISO 14001:2004 certification took place during the first quarter of 2015 and our operating cement plants in Mexico obtained the renewal of the ISO 14001:2004 certification for environmental management systems which is valid for a three year period.

On June 6, 2012 the General Law on Climate Change (*Ley General de Cambio Climático*) (the "Climate Change Law") was published in the Mexican Official Gazette. The Climate Change Law establishes a legal framework to regulate policies for climate change mitigation and adaptation. Many important provisions require the development of secondary legislation, and depend on the publication of subsequent implementing regulations. For instance, the Climate Change Law provides, among others, for (i) the elaboration of a registry of the emissions that are generated by fixed sources, (ii) companies to report their emissions, if required, and (iii) the application of fines to those companies that fail to report or that report false information. In this regard, on October 29, 2014, the Regulations to the General Law on Climate Change Regarding the National Registry of Emissions (*Reglamento de la Ley General de Cambio Climático en Materia del Registro Nacional de Emisiones*) (the "Regulations") became effective. The purpose of the Regulations is to govern the Climate Change Law regarding the National Registry of Emissions, identifying the sectors and subsectors, which include among others, the cement industry, that must file the corresponding reports before the National Registry of Emissions. We had previously reported our direct and indirect carbon dioxide emissions to SEMARNAT under a voluntary scheme. The Climate Change Law also allows for the establishment of specific greenhouse gas reduction targets in accordance with the respective contribution of each economic sector to the national greenhouse gas emissions. We cannot estimate at this time the impact, if any, that any measures related to this may have upon our operations in Mexico. Although the Climate Change Law does not establish a program for emissions trading, it does vest on the Mexican federal government the power to create, authorize and regulate such a scheme, which may be voluntary or binding. We are closely observing the development of implementing regulations and, as of June 15, 2017, we cannot estimate the impact, if any, that any measures related to this may have upon our operations in Mexico. A Special Tax on Production and Services (*Impuesto Especial Sobre Producción y Servicios*) on the sale and import of fossil fuels was included in the tax reform that became effective on January 1, 2014. For 2017, petroleum coke, a primary fuel widely used in our kilns in Mexico has been taxed at a rate of Ps17.15 (approximately U.S.$0.84 as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) per ton.

On August 12, 2014, a package of energy reform legislation became law in Mexico. The then newly enacted energy reform legislation, which included nine new laws, as well as amendments to existing laws, implemented the December 2013 constitutional energy reform and established a new legal framework for Mexico's energy industry. One of the new laws that was enacted is the Electric Industry Law (*Ley de la Industria Eléctrica*) (the "Electric Industry Law"), which establishes a legal framework for electricity-related activities in Mexico, which has the effect of structurally changing the national electric industry. On October 31, 2014, certain rules and regulations related to the energy reform legislation, including the regulations of the Electric Industry Law, were published. As part of the Electric Industry Law, a system for tradable clean energy certificates was created and certain clean energy procurement obligations were imposed on consumers. The clean energy procurement obligations for 2018 to 2022 have been announced at 5%, 5.8%, 7.4%, 10.9% and 13.9%, respectively, and this requirement is expected to increase in subsequent years. CEMEX's operations in Mexico have ongoing commitments to procure power from renewable projects operating under the "self-supply" framework of the former Electric Energy Public Service Law, and the

energy supplied under these contracts is exempted from the clean energy obligation. Nonetheless, starting in 2018, we will be required to acquire clean energy certificates to comply with the clean energy obligations for the fraction of energy supply that does not come from clean generators. Over time, according to the penalty levels set by the Mexican Energy Regulatory Commission (*Comisión Reguladora de Energía*), non-compliance with the clean energy procurement obligations could have a material adverse impact on our business or operations.

On September 8, 2015, the Electricity Market Rules (*Bases del Mercado Eléctrico*) (the "Rules") were published in the Federal Official Gazette and became effective on September 9, 2015. The Rules, which are an important step forward in the implementation of the reforms enacted regarding Mexico's energy industry, contain the design and operation principles of the different components of the wholesale electricity market (the "Electricity Market"). As of June 15, 2017, we do not participate in the Electricity Market but have submitted offers at long-term clean power auctions for certain projects we are developing.

During 2016 a new electrical standard code was issued in Mexico (Codigo de Red). The Code establishes new standards for electrical operation that will be enforced starting on 2018 to consumers connected to the national grid. The implementation of the Code may require investments across our operating assets in Mexico, An assessment has started and the specific investments will be identified by the end of 2017, at this moment we cannot determine if those required investments, if any, may be material.

United States. Our operating subsidiaries in the United States are subject to a wide range of U.S. federal, state and local laws, regulations and ordinances dealing with the protection of human health and the environment that are strictly enforced and can lead to significant monetary penalties for noncompliance. These laws and regulations expose us to the risk of substantial environmental costs and liabilities, including liabilities associated with divested assets and past activities and, in some cases, the acts and omissions of the previous owners or operators of a property or facility. These laws regulate, among other things, water discharges, noise, and air emissions, including dust, as well as the handling, use and disposal of hazardous and non-hazardous waste materials. Certain laws also create a shared liability scheme under which parties are held responsible for the cost of cleaning up releases to the environment of designated hazardous substances. We therefore may have to conduct environmental remediation associated with the disposal or release of hazardous substances at our various operating facilities, or at sites in the United States to which we sent hazardous waste for disposal. We believe that our current procedures and practices for handling and managing materials are generally consistent with industry standards and legal and regulatory requirements, and that we take appropriate precautions to protect employees and others from harmful exposure to hazardous materials.

As of March 31, 2017, CEMEX, Inc. and its subsidiaries had accrued liabilities specifically relating to environmental matters in the aggregate amount of approximately U.S.$31.99 million. The environmental matters relate to (i) the disposal of various materials, in accordance with past industry practice, that might be categorized as hazardous substances or wastes, and (ii) the cleanup of hazardous substances or wastes at sites used or operated by CEMEX, Inc. and its subsidiaries including discontinued operations, either individually or jointly with other parties. Most of the proceedings are in the preliminary stages, and a final resolution might take several years. For purposes of recording the provision, CEMEX, Inc. and its subsidiaries consider that it is probable that a liability has been incurred and the amount of the liability is reasonably estimable, whether or not claims have been asserted, and without giving effect to any possible future recoveries. Based on information developed to date, CEMEX, Inc. does not believe it will be required to spend significant sums on these matters, in excess of the amounts previously recorded. The ultimate cost that might be incurred to resolve these environmental issues cannot be assured until all environmental studies, investigations, remediation work, and negotiations with, or litigation against, potential sources of recovery have been completed.

In 2007, the EPA launched a CAA enforcement initiative against the U.S. cement industry. The primary goal of the initiative is to assess the industry's historic compliance with the CAA's New Source Review program and to reduce emissions from the industry through the installation of add-on controls. CEMEX has actively engaged with the EPA on its investigations, which involve multiple CEMEX facilities, and has entered into four settlements involving a total of U.S.$6.1 million in civil penalties and a commitment to incur certain capital expenditures for pollution control equipment at its Victorville, California, Fairborn (divested on February 10, 2017), Ohio, Lyons, Colorado, Knoxville, Tennessee, Louisville, Kentucky, Demopolis, Alabama, Odessa, Texas (divested on November 18, 2016) and New Braunfels, Texas plants. Based on our past experience with such matters and currently available information, as of June 15, 2017, we believe any further proceedings will not have a material adverse impact on our results of operations, liquidity and financial condition.

In 2002, CEMEX Construction Materials Florida, LLC (formerly Rinker Materials of Florida, Inc.) ("CEMEX Florida"), a subsidiary of CEMEX, Inc., was granted a federal quarry permit and was the beneficiary of another federal quarry permit for the Lake Belt area in South Florida. The permit held by CEMEX Florida covered CEMEX Florida's SCL and FEC quarries. CEMEX Florida's Kendall Krome quarry is operated under the permit of which it was a beneficiary. The FEC quarry is the largest of CEMEX Florida's quarries measured by volume of aggregates mined and sold. CEMEX Florida's Miami cement mill is located at the SCL quarry and is supplied by that quarry, while the FEC and Kendall Krome quarries have supplied aggregates to CEMEX and third-party users. In response to litigation brought by environmental groups concerning the manner in which the federal quarry permits were granted, in January 2009, the U.S. District Court for the Southern District of Florida ordered the withdrawal of the federal quarry permits for CEMEX Florida's SCL, FEC and Kendall Krome quarries. The judge ruled that there were deficiencies in the procedures and analysis undertaken by the Army Corps of Engineers ("Corps") in connection with the issuance of the permits. Upon appeal, on January 21, 2010, the Eleventh Circuit Court of Appeals affirmed the district court's ruling withdrawing the federal quarry permits for the three CEMEX Florida quarries as well as other third-party federal quarry permits subject to the litigation. On January 29, 2010, the Corps completed a multi-year review commenced as a result of this litigation and issued a Record of Decision ("ROD") supporting the issuance of new federal quarry permits for the FEC and SCL quarries. Excavation of new aggregates was stopped at the FEC and SCL quarries from January 20, 2009 until new permits were issued. The FEC permit was issued on February 3, 2010, and the SCL permit on February 18, 2010. The ROD also indicated that a number of potential environmental impacts must be addressed at the wetlands located at the Kendall Krome site before a new federal quarry permit may be issued for mining at that quarry. It is unclear how long it will take to fully address the Corps' concerns regarding mining in the Kendall Krome wetlands. While no new aggregates will be quarried from wetland areas at Kendall Krome pending the resolution of the potential environmental issues, the FEC and SCL quarries will continue to operate. If CEMEX Florida is unable to maintain the new Lake Belt permits, CEMEX Florida would need to source aggregates, to the extent available, from other locations in Florida or import aggregates. This would likely affect operating income from our Florida operations. Any adverse impacts on the Florida economy arising from the cessation or significant restriction of quarrying operations in the Lake Belt area could also have a material adverse impact on our results of operations, liquidity and financial condition.

In June 2010, the EPA proposed regulating Coal Combustion Residuals ("CCRs") generated by electric utilities and independent power producers as a hazardous or special waste under the Resource Conservation and Recovery Act. CEMEX uses CCRs as a raw material in the cement manufacturing process, as well as a supplemental cementitious material in some of our ready-mix concrete products. On December 19, 2014, the EPA issued a final rule on the regulation of CCRs (the "Final Rule"). As of June 15, 2017, we expect that the effects of the Final Rule will not have a material adverse impact on our results of operations, liquidity and financial condition.

We are subject to a number of federal and state laws and regulations addressing climate change. On the federal side, EPA has promulgated a series of regulations pertaining to emissions of GHGs from industrial sources. EPA issued the Mandatory Reporting of GHGs Rule, effective December 29, 2009, which requires certain covered sectors, including cement manufacturing, with GHG emissions above an established threshold to inventory and report their GHG emissions annually on a facility-by-facility basis. In 2010, EPA issued a final rule that establishes GHG thresholds for the New Source Review Prevention of Significant Deterioration ("PSD") and Title V Operating Permit programs. The rule "tailors" the requirements of these CAA permitting programs to limit which facilities will be required to obtain PSD and Title V permits for GHG emissions. Cement production facilities are included within the categories of facilities required to obtain permits, provided that their GHG emissions exceed the thresholds in the tailoring rule. The PSD program requires new major sources of regulated pollutants and major modifications at existing major sources to secure pre-construction permits that establish, among other things, limits on pollutants based on Best Available Control Technology ("BACT").

According to EPA's rules, stationary sources, such as cement manufacturing, which are already regulated under the PSD program for non-GHG pollutants, need to apply for a PSD permit for any GHG emissions increases above 75,000 tons/year of carbon dioxide equivalent ("CO2E"). Therefore, new cement plants and existing plants undergoing modification which are major sources for non-GHG pollutants regulated under the CAA need to acquire a PSD permit for construction or modification activities that increase CO2E by 75,000 or more tons/year, and would have to determine and install BACT controls for those emissions. Furthermore, any new source that emits 100,000 tons/year of CO2E or any existing source that emits 100,000 tons/year of CO2E and undergoes modifications that would increase CO2E emissions by at least 75,000 tons/year, must comply with PSD obligations. Complying with these PSD permitting requirements can involve significant costs and delay. The costs of future GHG-related regulation of our facilities through these efforts or others could have a material economic impact on our U.S. operations and the U.S. cement manufacturing industry.

With respect to state efforts to address climate change, in 2006, the State of California adopted the Global Warming Solutions Act (Assembly Bill 32 or "AB32") setting into law a goal to reduce the State's carbon dioxide emissions to 1990 levels by 2020. As part of the measures derived from AB32, the California Air Resources Board ("CARB") developed a cap-and-trade program, enforced from 2013, that covers most industrial sources of greenhouse gas emissions in the State, including cement production facilities. The program involves allocating a number of allowances free of charge to covered installations, which must subsequently surrender back to the regulator a number of allowances or qualified offset credits matching their verified emissions during the compliance period. Based on the free allowances received for the second compliance period (2015-2017), we expect that our Victorville cement plant will meet all of its compliance obligations for that period without a material impact on its operating costs. Furthermore, we are actively pursuing initiatives to substitute fossil fuels for lower carbon fuels, improve our energy efficiency and utilize renewable power in an effort to economically reduce our direct and indirect GHG emission intensities. However, even with these ongoing efforts and the expected distribution of free allowances, we cannot assure you that the overall costs of complying with a cap-and-trade program will not have a material impact on our operations in California.

In 2007, CARB approved a regulation that requires California equipment owners/operators to reduce diesel particulate and nitrogen oxide emissions from in-use off-road diesel equipment and to meet progressively more restrictive emission targets. In 2008, CARB approved a similar regulation for in-use on-road diesel equipment. The emission targets requires us to retrofit our California-based equipment with diesel emission control devices or replace equipment with new engine technology in accordance with certain deadlines. As of June 15, 2017, compliance with the CARB regulations has resulted in equipment related expenses or capital investments, including overhauling engines and purchases of new equipment directly related to the CARB regulations, in excess of U.S.$32.45 million. We may continue to incur substantial expenditures to comply with these requirements.

Europe.

General overview of EU industrial regulation

In the EU, the cement sector is subject to a range of environmental laws at EU and national EU member state ("Member State") levels. These laws can be very broadly categorized as (1) primary and direct controls placed upon their main operational activities and (2) more general legal regimes which protect different aspects of the environment across many sectors.

The primary examples of the first kind of control are the various laws governing the specific operational activities of the sector, through stringent permitting and emissions controls, which are dealt with in the main sub-section below. Examples of the second, more general, legal controls are the EU Water Framework Directive (2000/60/EC) and the EU Waste Framework Directive (2008/98/EC) which impose various obligations in relation to protection of the surface and underground water environments and the recovery, disposal and overall management of waste. In practice, the applicable substance of even these more general laws tends to filter through to the industry via the direct route of the permitting emissions control systems. However, it is important to recognize that in the EU the sector is subject to a complex web of different environmental protection laws and standards.

The EU legal system also operates in a way different to federal systems. The EU legal regime is what is referred to as “supra-national” law. It sits “above” the legal systems of the different Member States, which retain their independence subject to tight oversight from EU institutions, especially the Court of Justice, the European Commission, and the European Parliament. As such, EU law operates (in its many fields of application, including industrial regulation) in order to “control” and authoritatively interpret the legislation and implementation of law (EU and domestic) in those Member States. One of the key manifestations of this “supra-national control” are the inter-related doctrines of the supremacy of EU law and of conforming interpretation. Essentially, where an area of legal control in a Member State has its origin in an EU Directive, then the Member States must transpose the Directive fully and effectively into their domestic law and every organ of the Member State, including its regulators and its Courts, must interpret (and if necessary change) domestic law in order to conform with the objectives and the letter of the relevant EU Directive. This is of relevance to the cement sector since almost every aspect of its environmental regulation has its origins in EU legislation.

EU Industrial Permits and Emissions Controls

In the EU, the primary legal environmental controls applied to cement plants have been those EU Directives which control operational activities and emissions from those activities. Until recently, these controls were primarily derived from two EU Directives: (1) the so-called “IPPC Directives” (as described below) and (2) the Incineration Directive (as defined below). On January 6, 2011, the Industrial Emissions Directive (2010/75/EU) (“IED”) came into force. The IED recasts seven pieces of existing legislation into a single coherent legislative instrument, including the IPPC Directives and the Incineration Directive, both of which it repeals. With some exceptions, the IED retains the essential substance of the earlier Directives.

The primary EU legislative control over the sector (until the transition between 2010-2014 of the IED) was the Directive on Integrated Pollution Prevention and Control (2008/1/EC) (“IPPC Directive”). The 2008 version of this Directive was in fact an update and consolidation of an earlier Directive first promulgated in 1996. Since 1996, these IPPC Directives have adopted an integrated approach to regulation of various sectors of industrial plant, including cement, by taking into account and controlling/regulating the whole environmental performance of the plant. They required cement works to have a permit which, until recently in England and still in some other states, continues to be referred to as an “IPPC Permit.” These permits contain emission limit values and other conditions based on the application of (what was in 1996) a new legal and technical concept called “best available techniques” (“BAT”).

The concept of BAT is central to the system, and effectively imposes a legal obligation on plant operators to use and apply the best available techniques (as they develop from time to time) in order to prevent or, where this was not practicable, minimize emissions of pollutants likely to be emitted in significant quantities from the plant to air, water or land. Emission limit values, parameters or equivalent technical measures must be based on the best available techniques, without prescribing the use of one specific technique or technology and taking into consideration the technical characteristics of the installation concerned, its geographical location and local environmental conditions. In all cases the permit conditions must ensure a high level of protection for the environment as a whole.

Permit conditions also had to address energy efficiency, waste minimization, prevention of accidental emissions and site restoration. To assist the permitting authorities and companies in determining the BAT, the European Commission organized an exchange of information between experts from the Member States, industry and environmental organizations. This resulted in the adoption and publication by the European Commission of BAT Reference Documents (“BREFs”) for the industry sectors covered by the IPPC Directive. A key element of the BREFs were the conclusions on BAT (“BAT conclusions”) which were used as a reference for setting permit conditions. All of these IPPC Directive requirements have been followed through (and in some respects tightened) by the IED.

The second earlier Directive, which was applied in direct control of cement operations, was the EU Waste Incineration Directive (2000/76/EC) (“Incineration Directive”) which regulated those parts of the cement operation that used recovered waste materials as substitute fuels in cement kilns. Its aim was to prevent or limit, as far as practicable, negative effects on the environment, in particular pollution by emissions in air, soil, surface water and groundwater and the resulting risks to human health, from incineration and co-incineration plants.

Cement and lime kilns as a primary or secondary source of fuel fall within the definition of “co-incineration plants.” The Incineration Directive sought to achieve its aim by setting and maintaining stringent operational conditions and technical requirements, as well as emission limit values for a range of pollutants including dust, nitrogen oxides, sulfur dioxide, hydrogen chloride, heavy metals and dioxins. Again, the essential substance of the Incineration Directive has been followed through into the IED.

The IED has applied to new industrial installations since January 7, 2013 and to existing industrial installations (other than large combustion plants) since January 7, 2014. Under the IED, operators of industrial installations, including cement plants, are required to obtain an integrated permit from the relevant permitting authority in the Member States. As with the IPPC Directive, permit conditions, including emission limit values, must be based on BAT and a total of 35 BREFs are being rewritten or revised for the IED. However, there is an important difference between the IPPC Directive and the IED. Under the IPPC Directive, the BREFs were considered as guidance only. This is not the case under the IED. Where BAT conclusions specify emission levels, permitting authorities are required to set emission limit values that do not exceed these levels. They may derogate from this requirement only where the costs associated with the achievement of the emission levels associated with the BAT disproportionately outweigh the environmental benefits due to the geographical location, the local environmental conditions or the technical characteristics of the installation concerned. The permitting authorities must document the reasons for the derogation from the emission limit values in the permit, including the result of the cost-benefit assessment. In April 2013, pursuant to European Commission Decision No. 2013/163/EU, the European Commission published new BAT conclusions under the IED for Production of Cement, Lime and Magnesium Oxide, together with specific emission levels. This document sets out an extensive list of technical requirements for most aspects of the cement manufacture process in the EU, with a view to prevention and minimization of all polluting emissions. It is a new requirement under the IED that permitting authorities must review and, if necessary, update permit conditions within four years of the European Commission publishing decisions on BAT conclusions for a particular activity. While we are not currently able to assess what impact the IED will have on our operations, it is reasonable to assume that there will be an impact given the change in regulatory approach heralded by the legislation and the fact that it will be key to the permitting of the cement industry in the EU. In particular, the European Commission describes review of the BREFs as a continuing process due to ongoing technological advances and so updates may be expected. This has the potential to require our operations to be adapted to conform to the latest BAT.

As a result of a lawsuit filed by the city of Kaštela against the Ministry of Environment of the Republic of Croatia, the IPPC Permit issued on behalf of CEMEX Croatia by the Ministry of Environment was revoked on July 6, 2015 by a final and non-appealable judgment of a first instance court in Split, Croatia. The judgment required the Ministry of Environment to repeat the procedure for the issuance of a new IPPC Permit. On November 23, 2015, the Ministry of Environment issued a new IPPC Permit, which has been challenged by the city of Kaštela. On January 7, 2016, CEMEX Croatia received the claim and replied to it in due time. The Ministry of Environment also replied to the claim. At a court hearing held on September 14, 2016, the litigation proceedings concluded. On November 18, 2016, the administrative court in Split, Croatia notified CEMEX Croatia that the decision regarding the IPPC Permit was annulled and the matter was remanded to the Ministry of Environment in order to repeat the procedure. On December 2, 2016, CEMEX Croatia and the Ministry of Environment filed an appeal against such judgment. As of June 15, 2017, CEMEX Croatia is awaiting the decision on the appeal. If the IPPC Permit is conclusively annulled, we do not believe that such judgment would have a material adverse impact on our results of operations, liquidity and financial condition.

In addition, in accordance with Article 21(3) of the IED, within four years of BAT conclusion publications, the competent authority is to reconsider and, if necessary, update all permit conditions and ensure that the installation complies with such permit conditions. Accordingly, on January 3, 2017, the Ministry of Environment invited CEMEX Croatia to submit relevant expert opinions in order to update the existing permit conditions and ensure compliance with permit conditions. On March 20, 2017, CEMEX Croatia submitted expert opinions to the Ministry of Environment, and, as of June 15, 2017, CEMEX Croatia had not yet been notified of the decision on the Ministry of Environment’s appeal. Should the IPPC Permit be finally annulled, we do not believe that the judgment would have a material adverse impact on our results of operations, liquidity and financial condition. In the meantime, a new permit will be issued in accordance with the IED.

EU Emissions Trading

In 1997, as part of the United Nations Framework Convention on Climate Change (the "UNFCCC"), the Kyoto Protocol was adopted to limit and reduce GHG emissions. The Kyoto Protocol set legally binding emission reduction targets for 37 industrialized countries and the EU. Under the Kyoto Protocol, industrialized countries agreed to reduce their collective GHG emissions by 5% against 1990 levels over the five year period 2008-2012 ("first commitment period"); future mandatory targets were expected to be established for commitment periods after 2012. To compensate for the sting of binding targets, the Kyoto Protocol allows three "flexibility" mechanisms to be used by parties in meeting their emission limitation commitments: the Clean Development Mechanism ("CDM"), Joint Implementation ("JI") and International Emissions Trading.

In 2012, at the United Nations Climate Change Conference in Doha, Qatar, the Doha Amendment to the Kyoto Protocol was adopted. Certain parties, including the UK and the EU, committed to reduce GHG emissions by at least 18% below 1990 levels in the eight year period from 2013 to 2020 ("second commitment period").

Our operations in the United Kingdom, Spain, Germany, Latvia, Poland, Croatia (since 2013) and Czech Republic, are subject to binding caps on CO2 emissions imposed pursuant to the EU's emissions trading system ("ETS") that was established by Directive 2003/87/EC to implement the Kyoto Protocol. Under the ETS, a cap or limit is set on the total amount of CO2 emissions that can be emitted by the power plants, energy-intensive installations (including cement plants) and commercial airlines that are covered by the system. The cap is reduced over time, so that the total amount of emissions will decrease. Within the cap, companies receive or buy emission allowances. These allowances are tradable so as to enable companies that manage to reduce their emissions to sell their excess allowances to companies that are not reaching their emissions objectives. After each year, a company must surrender enough carbon allowances to cover all its emissions. Failure to meet the emissions caps is subject to significant monetary penalties.

In addition to carbon allowances, the ETS also allows the use of Kyoto Protocol units: the Emission Reduction Unit, representing a metric ton of carbon saved by a project under the JI mechanism, and the Certified Emission Reduction unit ("CERs") under the CDM. The ETS recognizes these units as equivalent to its carbon allowances and allows them to be used by companies for compliance up to a certain limit to offset their carbon emissions in the EU. We have registered 19 CDM projects with a total potential to reduce approximately 2.44 million tons of CO2e emissions per year. The corresponding CERs from these projects could be used for internal purposes or sold to third parties. Croatia, as a new entrant, has a right to use only 4.5% of its verified carbon emissions in relation to other EU ETS members which have a right to use up to 11% of their free allocation of EU allowances.

The ETS consists of three trading phases: Phase I which lasted from January 1, 2005 to December 31, 2007, Phase II, which lasted from January 1, 2007 to December 31, 2012, and was intended to meet commitments under the Kyoto first commitment period, and Phase III which commenced on January 1, 2013 and will end on December 31, 2020. For Phase III of the ETS there is also a cap on nitrous oxide and perfluorocarbons (PFC) emissions. Prior to the commencement of each of ETS Phases I and II, each Member State was responsible for publishing its National Allocation Plan ("NAP"), a document which sets out a national cap on the total amount of carbon emissions by all installations during each relevant trading phase and the methodology by which the cap would be allocated to the different sectors in the ETS and their respective installations. Each Member State's cap contributed to an overall EU cap on emissions, where one carbon allowance must be surrendered to account for one metric ton of carbon emitted. The carbon allowances were mostly distributed for free by each Member State to its ETS installations, although some Member States also used a fraction of their material cap for auctioning, mainly to power generators. Under ETS Phase III, however, the system of NAPs has been replaced by a single EU-wide, top-down, cap on CO2 emissions, with allocation for all installations made according to harmonized EU rules and set out in each Member State's National Implementation Measures ("NIM"). Additional restrictions have been introduced on the extent to which Kyoto Protocol units can be used to offset EU carbon emissions, and auctioning, not free allocation, has become the default method for distributing allowances. For those allowances that are still given away free, as discussed below, harmonized rules apply based on EU-wide benchmarks of emissions performance.

EU policymakers see the free allocation of allowances as a principle way to reduce the risk of carbon leakage—that is, the risk that energy-intensive industries, facing higher costs because of the ETS, will move their facilities beyond the EU's borders to countries that do not have climate change controls, thus resulting in a leakage of CO2 emissions without any environmental benefits. In 2009, a list of ETS sectors deemed to be

at significant risk of carbon leakage was formally adopted by the European Commission, following agreement by Member States and the European Parliament. The list which was valid from 2010 to 2014 included the cement production sector, on the basis that the additional costs imposed by the ETS would lead to a 30% or more increase in production costs as a proportion of the "gross value added." A decision on the list of sectors deemed to be at significant risk of carbon leakage for the period 2015-2019 was adopted by the European Commission on October 29, 2014 and the cement production sector resulted selected again. Sectors classified as deemed to be at significant risk of carbon leakage will continue to receive 100% of their benchmark allocation of allowances free of charge during Phase III, adjusted by a cross-sectoral correction factor that is being applied uniformly upon all participating facilities in Europe in order to reduce the amount of free allocation that each installation so that the total sum does not exceed the authorized EU-wide cap for free allocation. By contrast, sectors that are not considered at risk of carbon leakage received 80% of their benchmark allowances for free in 2013, declining to 30% by 2020.

On April 27, 2011, the European Commission adopted Decision 2011/278/EU that states the rules, including the benchmarks of greenhouse gas emissions performance, to be used by the Member States in calculating the number of allowances to be annually allocated for free to industrial sectors (such as cement) that are deemed to be exposed to the risk of "carbon leakage." The number of allowances to be allocated to installations for free will be based on a combination of historic activity levels at that installation and an EU benchmark of carbon efficiency for the production of a particular product —for example, clinker. An installation's historic activity level is calculated by taking the median of its annual production levels during the baseline period, either 2005 to 2008 or, where historic activity levels are higher, 2009/10. The product benchmark is based on the average carbon emissions of the top 10% most "carbon efficient" EU installations for a particular product during 2007/8, where carbon efficiency is measured by carbon intensity or carbon emission per metric ton of product.
Preliminary allocation calculations based on the rules were carried out by each Member State and included in a NIM table which was sent for scrutiny to the European Commission. On September 5, 2013, the European Commission adopted Decision 2013/448/EU which approved the NIMs submitted by most Member States and which sets the annual cross-sectoral correction factors for the period 2013-2020. The cross-sectoral correction figure will be used to adjust the levels of product benchmarks used to calculate the free allocation of allowances to each installation. This is to ensure that the total amount handed out for free does not exceed the maximum set in the ETS Directive. Each Member State is required to adjust its national allocation table of free allowances each year and submit this for approval to the European Commission prior to issuing allowances. The application of this cross-sectoral correction factor results in an important decrease in the quantity of allowances that our ETS-participant operations expect to receive for free in the 2013-2020 period.

On February 26, 2014, the European Commission adopted a Decision on national allocation allowances for the last group of Member States including Croatia, which was granted 5.56 million of free allowances. Since this time, a regularly updated allocation table showing the number of allowances that have been allocated per Member State is published on the European Commission's website. Based on the European Commission approved NIMs that were published in the first quarter of 2014 for Phase III, we expect that the aggregate amount of allowances that will be annually allocated for free to CEMEX in Phase III of the ETS will be sufficient to operate. An important factor in providing such assurance is the European Commission Decision 2014/746/EU (which took effect on January 1, 2015) which, as mentioned, included the manufacture of cement as an industry at significant risk of carbon leakage meaning that the industry will continue to receive 100% of its benchmark allocation of allowances free of charge during Phase III. Although the European Council has indicated that the free allocation of allowances to carbon leakage sectors will continue beyond Phase III, a future decision that the cement industry should no longer be regarded as at significant risk of carbon leakage could have a material impact on our operations and our results of operations, liquidity and financial condition.

An installation can only receive its full allocation of free allowances if it is deemed to have not partially ceased under the "partial cessation rule" of the ETS. Partial cessation applies where a sub-installation which contributes at least 30% of the installation's final annual amount of emissions allocated, or contributes to more than 50,000 allowances, reduces its activity level by at least 50% of its historic activity levels. If activity levels are reduced to between 50% and 75% of the historic activity level, the amount of free carbon allowances the sub-installation will receive will reduce by half in the following year;

if activity levels are reduced by 75% to 90% compared to historic activity levels, the amount of free carbon allowances the sub-installation will receive will reduce by 75% in the following year; and if activity levels are reduced by 90% or more compared to historic activity levels, no allowances shall be allocated free of charge the following year with respect to the sub-installation concerned. This represents a change from ETS Phase II, in which the rules for partial cessation were defined by each Member State's NAP and often did not result in any reduction in the level of free allocation, but an installation was no longer entitled to a free allocation from the following year if it had permanently ceased operating. The new rules are therefore more stringent, and to the extent that they result in our plants foregoing free carbon allowances, they could represent a significant loss of revenue to us, since carbon allowances are also tradable.

Despite having sold a substantial amount of allowances during Phase II of the ETS, as mentioned, we believe that the aggregate amount of allowances that will be annually allocated for free to CEMEX in Phase III of the ETS (2013-2020) will be sufficient to operate. This assessment stems from various factors, notably our efforts to reduce emissions per unit of clinker produced, the stream of offset credits coming from our internal portfolio of CDM projects and our expected long position in the initial years of Phase III of the ETS. We are taking measures intended to minimize our exposure to this market, while continuing to supply our products to our customers. It is not possible to predict with any certainty at this stage how CEMEX will be affected by potential reform to the EU ETS in Phase IV. However, the European Council has indicated that the EU-wide overall cap on emission allowances will be reduced by 2.2% every year from 2021, and that benchmarks will be updated based on recent data and that a more dynamic allocation based on recent production shall replace the "historical activity level." These modifications, which are still subject to final approval by EU institutions (presumably during 2017), suggest that there may be fewer allowances available with respect to our operations in the future.

Landfills

In Great Britain, future expenditure on closed and current landfill sites has been assessed and quantified over the period in which the sites are considered to have the potential to cause environmental harm, generally consistent with the regulatory view of up to 60 years from the date of closure. The assessed expenditure relates to the costs of monitoring the sites and the installation, repair and renewal of environmental infrastructure. The costs have been quantified on a net present value basis in the amount of £131,499,747 (approximately U.S.$169.08 million as of May 31, 2017, based on an exchange rate of £0.7777 to U.S.$1.00) as of May 31, 2017, and we made an accounting provision for this amount at May 31, 2017.

Colombian Water Use Litigation

On June 5, 2010, the District of Bogotá's Environmental Secretary (*Secretaría Distrital de Ambiente de Bogotá*) (the "Environmental Secretary") issued a temporary injunction suspending all mining activities at CEMEX Colombia's El Tunjuelo quarry, located in Bogotá, Colombia. As part of the temporary injunction, Holcim Colombia and Fundación San Antonio (local aggregates producers that also have mining activities located in the same area as the El Tunjuelo quarry) were ordered to suspend mining activities in that area. The Environmental Secretary alleged that during the past 60 years, CEMEX Colombia and the other companies illegally changed the course of the Tunjuelo River, used the percolating waters without permission and improperly used the edge of the river for mining activities. In connection with the temporary injunction, in June 2010, the Environmental Secretary initiated proceedings to impose fines against CEMEX Colombia.

CEMEX Colombia has requested that the temporary injunction be revoked, arguing that its mining activities are supported by all authorizations required pursuant to the applicable environmental laws and that all the environmental impact statements submitted by CEMEX Colombia have been reviewed and authorized by the Ministry of Environment and Sustainable Development (*Ministerio de Ambiente y Desarrollo Sostenible*). On June 11, 2010, the local authorities in Bogotá, in compliance with the Environmental Secretary's decision, sealed off the mine to machinery and prohibited the extraction of CEMEX Colombia's aggregates inventory. Although there is not an official quantification of the possible fine, the Environmental Secretary has publicly declared that the fine could be as much as 300 billion Colombian Pesos (approximately U.S.$104.16 million as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00). The temporary injunction does not currently compromise the production and supply of ready-mix concrete to any of our clients in Colombia. At this stage, as of June 15, 2017, we are not able to assess the likelihood of an adverse result, but if adversely resolved, it could have a material adverse impact on our results of operations, liquidity and financial condition.

Tariffs

The following is a discussion of tariffs on imported cement in our major markets.

Mexico. Mexican tariffs on imported goods vary by product and have historically been as high as 100%.

Over the years, import tariffs have been substantially reduced and currently range from none at all for raw materials to over 20% for finished products. As a result of NAFTA, as of January 1, 1998, the tariff on cement imported into Mexico from the United States or Canada was eliminated. While the lack of existence or reduction in tariffs could lead to increased competition from imports in our Mexican markets, it is possible that other factors, such as that the cost of transportation incurred from most producers outside Mexico to central Mexico, traditionally the region of highest demand in Mexico, could be seen as a barrier to enter certain of the regions in Mexico in which we operate.

United States. Cement imported into the United States from Cuba and North Korea is subject to custom duties depending on the specific type of cement. Imports into the United States from Cuba and North Korea are generally prohibited due to the U.S. import/export controls and economic sanctions. In order to import cement and other products into the United States from Cuba or North Korea, an importer would be required to obtain a license from the U.S. government or otherwise establish the existence of a license exception.

Cement imports from countries other than Cuba and North Korea into the United States are currently duty free, however, certain individuals and entities on U.S. government lists of specially designated nationals and prohibited parties, may be subject to U.S. import/export controls and other sanctions that prohibit transactions (including import transactions) with such persons without a license.

Europe. Member countries of the EU are subject to the uniform EU commercial policy. There is no tariff on cement imported into a country that is a member of the EU from another member country or on cement exported from an EU country to another member country. As of June 15, 2017, for cement imported into a member country from a non-member country, the tariff was 1.7% of the customs value. Any country with preferential treatment with the EU is subject to the same tariffs as members of the EU. Most Eastern European producers exporting cement into EU countries currently pay no tariff.

Tax Matters

Mexico. In November 2009, the Mexican Congress approved a general tax reform, effective as of January 1, 2010 (the “2010 Tax Reform”). Specifically, the 2010 Tax Reform included changes to the tax consolidation regime that required CEMEX, among others, to determine and retroactively pay taxes at a current rate on items in past years that were eliminated in consolidation or that reduced consolidated taxable income (“Additional Consolidated Taxes”). The 2010 Tax Reform required CEMEX to pay taxes on certain previously exempted intercompany dividends, certain other special tax items and operating losses generated by members of the consolidated tax group not recovered by the individual company generating such losses within the succeeding ten-year period. The 2010 Tax Reform also increased the statutory income tax rate from 28% to 30% for the years 2010 to 2012, then lowered it to 29% for 2013 and 28% for 2014 and future years. However, in December of 2012, the Federal Revenue Law (*Ley de Ingresos de la Federación*), applicable in 2013, established that the statutory income tax rate would remain at 30% in 2013, and thereafter lowered to 29% for 2014 and 28% for 2015 and future years. As per the tax reforms enacted for 2014, the statutory income tax will remain at 30%.

For the 2010 fiscal year, CEMEX was required to pay (at the new, 30% tax rate) 25% of the Additional Consolidated Taxes for the period between 1999 and 2004, with the remaining 75% payable as follows: 25% in 2011, 20% in 2012, 15% in 2013 and 15% in 2014. Additional Consolidated Taxes arising after the 2004 tax year are taken into account in the sixth fiscal year after such year and are payable over the succeeding five years in the same proportions (25%, 25%, 20%, 15% and 15%). Applicable taxes payable as a result of this tax reform are increased by inflation adjustments as required by the Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*). In connection with these changes in the tax consolidation regime in Mexico, as of December 31, 2009, we recognized a liability of approximately Ps10.5 billion (approximately U.S.$560.60 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00), of which approximately Ps8.2 billion (approximately U.S.$437.80 million as of March 31, 2017, based on an exchange rate of

Ps18.73 to U.S.$1.00) was recognized under “Other non-current assets” in connection with the net liability recognized under the new tax law and that we expect to realize in connection with the payment of this tax liability, and approximately Ps2.2 billion (approximately U.S.$117.46 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) was recognized against “Retained earnings” upon adoption of IFRS according to the new law, related to: (a) the difference between the sum of the equity of the controlled entities for tax purposes and the equity for tax purposes of the consolidated entity, (b) dividends from the controlled entities for tax purposes to CEMEX, S.A.B. de C.V., and (c) other transactions among the companies included in the tax consolidation group that represented the transfer of resources within such group.

On June 30, 2010, CEMEX paid approximately Ps325 million (approximately U.S.$17.35 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) of Additional Consolidated Taxes. This first payment represented 25% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004. On March 31, 2011, CEMEX made a second payment of approximately Ps506 million (approximately U.S.$27.02 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). This second payment, together with the prior payment, represented 50% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, and also included the first payment of 25% of the Additional Consolidated Taxes for the period that corresponds to 2005. On March 30, 2012, CEMEX paid Ps698 million (approximately U.S.$37.27 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). This third payment, together with the two prior payments, represented 70% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, 50% of the Additional Consolidated Taxes for the period that corresponds to 2005 and it also included the first payment of 25% of the Additional Consolidated Taxes for the period that corresponds to 2006. On March 27, 2013, CEMEX paid Ps2 billion (approximately U.S.$106.78 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). This fourth payment, together with the three prior payments, represented 85% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, 70% of the Additional Consolidated Taxes for the period that corresponds to 2005, 50% of the Additional Consolidated Taxes for the period that corresponds to 2006 and 25% of the Additional Consolidated Taxes for the period that corresponds to 2007. On March 31, 2014, CEMEX paid Ps2 billion (approximately U.S.$96.53 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). This fifth payment, together with the four prior payments, represented 100% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, 85% of the Additional Consolidated Taxes for the period that corresponds to 2005, 70% of the Additional Consolidated Taxes for the period that corresponds to 2006 and 50% of the Additional Consolidated Taxes for the period that corresponds to 2007. On March 31, 2015, CEMEX paid Ps1.5 billion (approximately U.S.$80.09 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). This sixth payment, together with the five prior payments, represented 100% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, 100% of the Additional Consolidated Taxes for the period that corresponds to 2005, 85% of the Additional Consolidated Taxes for the period that corresponds to 2006 and 70% of the Additional Consolidated Taxes for the period that corresponds to 2007. On March 31, 2016, CEMEX paid Ps119 million (approximately U.S.$6.35 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). This seventh payment, together with the six prior payments, represented 100% of the Additional Consolidated Taxes for the period that includes from 1999 to 2004, 100% of the Additional Consolidated Taxes for the period that corresponds to 2005, 100% of the Additional Consolidated Taxes for the period that corresponds to 2006 and 85% of the Additional Consolidated Taxes for the period that corresponds to 2007. On March 31, 2017, CEMEX paid Ps38 million (approximately U.S.$2.06 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). This eighth payment, together with the seven prior payments, represented 100% of the Additional Consolidated Taxes for the period from 1999 to 2004, 100% of the Additional Consolidates Taxes for the period that corresponds to 2005, 100% of the Additional Consolidated Taxes for the period that corresponds to 2006 and 100% of the Additional Consolidated Taxes for the period that corresponds to 2007. As of June 15, 2017, we have paid an aggregate amount of approximately Ps7.3 billion (approximately U.S.$389.74 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) of Additional Consolidated Taxes.

In December 2010, pursuant to certain additional rules, the tax authorities granted the option to defer the calculation and payment of certain items included in the law in connection with the taxable amount for the difference between the sum of the equity of controlled entities for tax purposes and the equity of the consolidated entity for tax purposes. As a result, CEMEX reduced its estimated tax payable by approximately

Ps2.9 billion (approximately U.S.$154.83 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) against a credit to the income statement when the new tax enactment took place. In addition, after accounting for the following that took place in 2010: (a) cash payments, (b) income tax from subsidiaries paid to the parent company, and (c) other adjustments, the estimated tax payable for tax consolidation in Mexico amounted to approximately Ps10.1 billion (approximately U.S.$539.24 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) as of December 31, 2010. Furthermore, after accounting for the following that took place in 2011: (a) cash payments, (b) income tax from subsidiaries paid to the parent company, and (c) other adjustments, the estimated tax payable for tax consolidation in Mexico increased to approximately Ps12.4 billion (approximately U.S.$662.04 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) as of December 31, 2011. Additionally, after accounting for the following that took place in 2012: (a) cash payments, (b) income tax from the subsidiaries paid to the parent company, and (c) other adjustments, as of December 31, 2012, the estimated tax payable for tax consolidation in Mexico increased to approximately Ps14.5 billion (approximately U.S.$774.16 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). Furthermore, after accounting for the following that took place in 2013: (a) cash payments, (b) income tax from subsidiaries paid to the parent company, (c) other adjustments, and (d) effects of tax deconsolidation, as of December 31, 2013, the estimated tax payable for tax consolidation in Mexico increased to approximately Ps24.8 billion (approximately U.S.$1.32 billion as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). Additionally, after accounting for the following that took place in 2014: (a) payments, the majority of which were in cash, and (b) other adjustments, as of December 31, 2014, the estimated tax payable for tax consolidation in Mexico decreased to approximately Ps21.4 billion (approximately U.S.$1.14 billion as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). Additionally, after accounting for the following that took place in 2015 and after giving effect to the 2016 Tax Reform (as defined below), as a result of: (a) payments made during the period, the tax payable for tax consolidation in Mexico was decreased to approximately Ps16.2 billion (approximately U.S.$864.92 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00), which after the application of (b) different tax credits, and (c) assets for tax loss carryforwards worth, before discount, approximately Ps11.9 billion (approximately U.S.$635.34 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00), as of December 31, 2015, the estimated tax payable for tax consolidation in Mexico further decreased to approximately Ps3.9 billion (approximately U.S.$208.22 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). Additionally, after accounting for the following that took place in 2016: (a) cash payments, and (b) other adjustments, as of December 31, 2016, the estimated tax payable for tax consolidation in Mexico decreased to approximately Ps3.2 billion (approximately U.S.$170.84 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00).

In addition, as a result of the enactment of the new Income Tax Law (*Ley del Impuesto Sobre la Renta*) in Mexico approved in December 2013 and effective beginning January 1, 2014 (the “2014 Tax Reform”), the statutory income tax rate for 2014 will remain at 30%, and the tax consolidation regime that was in effect up until December 31, 2013, was replaced prospectively by a new integration regime, to which CEMEX will not apply. In consequence, as of 2014, each company in Mexico will determine its income taxes based solely in its individual results, and a period of up to ten years has been established for the settlement of the liability for income taxes related to the tax consolidation regime accrued until December 31, 2013 (“Deconsolidation Taxes”).

On February 12, 2014, we filed a constitutional challenge (*juicio de amparo*) against the 2014 Tax Reform that abrogated the tax consolidation regime. The purpose of the challenge was to obtain certainty in the applicable statutory rules in order to assess and pay the tax liability derived from such reform according to constitutional principles. On February 26, 2016, we withdrew the constitutional challenge (*juicio de amparo*).

On April 30, 2014, CEMEX paid Ps2.3 billion (approximately U.S.$122.80 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). From this amount, Ps987 million (approximately U.S.$52.70 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) were paid in cash and Ps1.3 billion (approximately U.S.$70.76 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) were paid through the application of a tax credit, which represented approximately 25% of the Deconsolidation Taxes for the period that corresponded to the 2008 tax year. On April 30, 2015, CEMEX paid Ps3.7 billion (approximately U.S.$197.54 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). From this amount, Ps2.3 billion (approximately U.S.$122.80 million as of

March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) were paid in cash and Ps1.4 billion (approximately U.S.$74.75 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) were paid through the application of a tax credit. This second payment, together with the first payment, represented 50% of the Deconsolidation Taxes for the period that corresponds to the 2008 tax year and 25% of the Deconsolidation Taxes for the period that corresponds to the 2009 tax year. On April 29, 2016, CEMEX paid Ps728 million (approximately U.S.$38.87 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00). This third payment, together with the two prior payments, represented 70% of the Deconsolidation Taxes for the period that corresponds to the 2008 tax year, 50% of the Deconsolidation Taxes for the period that corresponds to the 2009 tax year and 25% of the Deconsolidation Taxes for the period that corresponds to the 2010 tax year. On April 28, 2017, CEMEX paid Ps924 million. This fourth payment, together with the three prior payments represented 85% of the Deconsolidation Taxes for the period that corresponds to the 2008 tax year, 70% of the Deconsolidation Taxes for the period that corresponds to the 2009 tax year, 50% of the Deconsolidation Taxes for the period that corresponds to the 2010 tax year and 25% of the Deconsolidation Taxes for the period that corresponds to the 2011 tax year.

In October 2015, the Mexican Congress approved a tax reform, effective as of January 1, 2016 (the “2016 Tax Reform”). Specifically, the 2016 Tax Reform granted Mexican companies two tax credits to offset part of the Deconsolidation Taxes payable as a result of the elimination of the group taxation regime: (a) 50% of the taxes due as a result of unamortized losses used to compute the consolidated tax could be settled with individual accumulated losses adjusted for inflation using a factor of .15 multiplied by such losses, and (b) tax credit against Deconsolidation Taxes related to intercompany dividends that were paid without having sufficient tax profits.
CEMEX applied both tax credits against its remaining Deconsolidation Taxes through the filing of amended tax returns regarding the year ending on December 31, 2015 and upon the withdrawal of the constitutional challenge (*juicio de amparo*) against the 2014 Tax Reform filed by us on February 12, 2015. Additionally, the 2016 Tax Reform granted Mexican companies the option not to pay the remaining asset tax payments included in the Deconsolidation Tax liability. CEMEX also applied this option.

As of June 15, 2017, taking into account the effects of the 2016 Tax Reform, our estimated payment schedule of Deconsolidation Taxes (which includes the Additional Consolidated Taxes) is as follows: approximately Ps897 million (approximately U.S.$47.94 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) in 2018; approximately Ps527 million (approximately U.S.$47.89 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) in 2019; and approximately Ps876 million (approximately U.S.$74.76 million as of March 31, 2017, based on an exchange rate of Ps18.73 to U.S.$1.00) in 2020 and thereafter.

United States. As of March 31, 2017, the Internal Revenue Service (“IRS”) concluded its audit for the year 2014. The final findings did not alter the originally filed CEMEX return, which had no reserves set aside for any potential tax issues. On April 24, 2015 and May 18, 2016, the IRS commenced its audit of the 2015 and 2016 tax year, respectively, under the Compliance Assurance Process. We have not identified any material audit issues and, as such, no reserves are recorded for either the 2015 or the 2016 audit in our financial statements.

Colombia. On April 1, 2011, the Colombian Tax Authority notified CEMEX Colombia of a proceeding notice in which the Colombian Tax Authority rejected certain deductions taken by CEMEX Colombia in its 2009 year-end tax return. The Colombian Tax Authority assessed an increase in taxes to be paid by CEMEX Colombia in the amount of approximately 90 billion Colombian Pesos (approximately U.S.$31.24 million as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00) and imposed a penalty in the amount of approximately 144 billion Colombian Pesos (approximately U.S.$39.58 million as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00). The Colombian Tax Authority argues that certain expenses are not deductible for fiscal purposes because they are not linked to direct revenues recorded in the same fiscal year, without taking into consideration that future revenue will be taxed with income tax in Colombia. CEMEX Colombia responded to the proceeding notice on June 25, 2011. On December 15, 2011, the Colombian Tax Authority issued its final determination, which confirmed the information in the special proceeding. CEMEX Colombia appealed the final determination on February 15, 2012. On January 17, 2013, the Colombian Tax Authority notified CEMEX Colombia of the resolution confirming the official liquidation. CEMEX Colombia appealed the final determination on May 10, 2013

which was admitted on June 21, 2013. On July 3, 2013, the appeal was notified to the Colombian Tax Authority, and hearings took place on February 18, 2014 and March 11, 2014. An adverse resolution to the appeal was notified to CEMEX Colombia on July 14, 2014 and on July 22, 2014, CEMEX Colombia filed an appeal before the Colombian *Consejo de Estado* against such adverse resolution. At this stage of the proceeding, as of June 15, 2017, we are not able to assess the likelihood of an adverse result in this special proceeding, but if adversely resolved, they could have a material adverse impact on our results of operations, liquidity and financial condition.

Spain. On July 7, 2011, the tax authorities in Spain notified CEMEX España of a tax audit process in Spain covering the tax years from and including 2006 to 2009. The tax authorities in Spain have challenged part of the tax losses reported by CEMEX España for such years. CEMEX España has been formally notified of fines in the aggregate amount of approximately €456 million (approximately U.S.$486.14 million as of March 31, 2017, based on an exchange rate of €0.9380 to U.S.$1.00) resulting from the July 7, 2011 tax audit process in Spain.
The laws of Spain provide a number of appeals that can be filed against such fines without CEMEX España having to make any payment until such appeals are finally resolved. On April 22, 2014, CEMEX España filed appeals against such fines. At this stage, as of June 15, 2017, we are not able to assess the likelihood of an adverse result regarding this matter, and the appeals that CEMEX España has filed could take an extended amount of time to be resolved, but if all appeals filed by CEMEX España are adversely resolved, it could have a material adverse impact on our results of operations, liquidity and financial condition.

Egypt. On February 9, 2014, ACC was notified of the decision of the Egyptian Ministry of Finance's Appeals Committee (the "Appeals Committee") pursuant to which ACC has been required to pay a development levy on clay (the "Levy on Clay") applied to the Egyptian cement industry in the amount of: (i) approximately 322 million Egyptian Pounds (approximately U.S.$17.75 million as of March 31, 2017, based on an exchange rate of Egyptian Pounds 18.1358 to U.S.$1.00) for the period from May 5, 2008 to August 31, 2011; and (ii) approximately 50,235 Egyptian Pounds (approximately U.S.$2,769.94 as of March 31, 2017, based on an exchange rate of Egyptian Pounds 18.1358 to U.S.$1.00) for the period from September 1, 2011 to November 30, 2011. On March 10, 2014, ACC filed a claim before the North Cairo Court requesting the nullification of the Appeals Committee's decision and requesting that the North Cairo Court rule that the Egyptian tax authority is not entitled to require payment of the aforementioned amounts. In parallel, ACC has filed a request before the Ministerial Committee for Resolution of Investment Disputes (the "Ministerial Committee") claiming non-entitlement of the Egyptian tax authority to the Levy on Clay used in the production of cement from the date of enforceability of Law No. 114/2008 up until issuance of Law No. 73/2010, and from cement produced using imported clinker. On September 28, 2015, ACC was notified by the Egyptian Cabinet that on September 2, 2015, it ratified an August 10, 2015 decision by the Ministerial Committee (the "Ministerial Committee's Decision") pursuant to which the Egyptian tax authority is instructed to cease claiming payment of the Levy on Clay from ACC. The Ministerial Committee's Decision applies to the years from 2008 up to the issuance date of Law No. 73/2010. It was further decided that the Levy on Clay should not be imposed on imported clinker. At this stage, as of June 15, 2017, the Ministerial Committee's Decision strongly supports ACC's position in this dispute, given the fact that the Ministerial Committee's Decision is legally binding on the Egyptian tax authority. The Ministerial Committee's Decision was submitted to the Egyptian tax authority and, accordingly, the Egyptian tax authority issued a settlement memorandum (the "Settlement Memorandum"), whereby it confirmed and recognized the Ministerial Committee's Decision. Furthermore, in application of the Settlement Memorandum and the Ministerial Committee's Decision, the Egyptian tax authority issued a new claim to ACC for an adjusted amount of 55,586 Egyptian Pounds (approximately U.S.$3,064.99 as of March 31, 2017, based on an exchange rate of Egyptian Pounds 18.1358 to U.S.$1.00). On a March 7, 2016 session of the North Cairo Court, ACC submitted the Settlement Memorandum and the Ministerial Committee's Decision. At a May 28, 2016 session before the North Cairo Court, the expert's office appointed to review the case file submitted its report that confirmed and recognized the Ministerial Committee's Decision and at this session this case was reviewed jointly with the Egyptian tax authority case which was filed to challenge ACC's right to cancel the Levy on Clay. The North Cairo Court adjourned the jointly reviewed cases to June 25, 2016. These cases were thereafter re-adjourned to July 30, 2016 for submission of documents by the attorney for the State pertaining to the settlement of the dispute with ACC. At the session of July 30, 2016, the two cases were adjourned first to September 19, 2016, and afterwards to October 10, 2016 and December 27, 2016 for the foregoing reason. On December 27, 2016, the North Cairo Court ruled for referring the two jointly reviewed cases to the Cairo Administrative Judiciary Court for the former's lack of

jurisdiction to review the same. As of June 15, 2017, no session has yet been scheduled before the Cairo Administrative Judiciary Court in order to review the two referred cases. We do not expect that such referral will prejudice ACC's favorable legal position in this dispute. As of June 15, 2017, we do not expect our operations, liquidity and financial condition to suffer a material adverse impact because of this matter.

Other Legal Proceedings

Colombian Construction Claims. On August 5, 2005, the Urban Development Institute (*Instituto de Desarrollo Urbano*) ("UDI"), and an individual filed a lawsuit in the Fourth Anti-Corruption Court of Bogotá (*Fiscalía Cuarta Anticorrupción de Bogotá*) against a subsidiary of CEMEX Colombia claiming that it was liable, along with the other members of the *Asociación Colombiana de Productores de Concreto* ("ASOCRETO"), an association formed by the ready-mix concrete producers in Colombia, for the premature distress of the concrete slabs of the *Autopista Norte* trunk line of the TransMilenio bus rapid transit system of Bogotá in which ready-mix concrete and flowable fill supplied by CEMEX Colombia and other ASOCRETO members was used. The plaintiffs alleged that the base material supplied for the road construction failed to meet the quality standards offered by CEMEX Colombia and the other ASOCRETO members and/or that they provided insufficient or inaccurate information in connection with the product. The plaintiffs were seeking the repair of the concrete slabs in a manner which guarantees their service during the 20-year period for which they were originally designed, and estimate that the cost of such repair could have been approximately 100 billion Colombian Pesos (approximately U.S.$34.72 million as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00). The lawsuit was filed within the context of a criminal investigation against a former director and two officers of the UDI, the contractor, the inspector and two ASOCRETO officers. On January 21, 2008, a court issued an order, sequestering the El Tunjuelo quarry, as security for payment of a possible future money judgment against CEMEX Colombia. The court determined that in order to lift this attachment and prevent further attachments, CEMEX Colombia was required to deposit 337.8 billion Colombian Pesos (approximately U.S.$117.28 million as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00) in cash instead of posting an insurance policy to secure such recovery. CEMEX Colombia appealed this decision and the Superior Court of Bogotá (*Tribunal Superior de Bogotá*) allowed CEMEX to present an insurance policy in the amount of 20 billion Colombian Pesos (approximately U.S.$6.94 million as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00). CEMEX gave the aforementioned security and, on July 27, 2009, the court lifted the attachment on the quarry.

On October 10, 2012 the court issued a first instance judgment pursuant to which the accusation made against the ASOCRETO officers was nullified. The judgment also convicted a former UDI director, the contractor's legal representatives and the inspector to a prison term of 85 months and a fine of 32 million Colombian Pesos (approximately U.S.$11,110.19 as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00). As a consequence of the nullification, the judge ordered a restart of the proceeding against the ASOCRETO officers. The UDI and other parties to the legal proceeding appealed the first instance judgment and on August 30, 2013 the Superior Court of Bogotá resolved to reduce the prison term imposed to the former UDI director and the UDI officers to 60 months and imposed a fine equivalent to 8.8 million Colombian Pesos (approximately U.S.$3,055.30 as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00). Additionally, the UDI officers were sentenced to severally pay the amount of 108,000 million Colombian Pesos (approximately U.S.$37.50 million as of March 31, 2017, based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00) for the purported damages in the concrete slabs of the TransMilenio bus rapid transit system. Additionally, the Superior Court of Bogotá overturned the penalty imposed to the contractor's legal representatives and inspector because the criminal action against them was time barred. Furthermore, the Superior Court of Bogotá revoked the annulment in favor of the ASOCRETO officers and ordered the first instance judge to render a judgment regarding the ASOCRETO officers' liability or lack thereof. On June 25, 2014, the Supreme Court of Colombia's Penal Cassation Chamber (*Sala de Casación Penal de la Corte Suprema de Justicia de Colombia*) dismissed the cassation claim filed by the former UDI director and the UDI officers against the Superior Court of Bogotá's judgment. Dismissal of the cassation claim has no effect on CEMEX Colombia's or the ASOCRETO officers' interests in these proceedings. On January 21, 2015, the Penal Circuit Court of Bogotá issued a resolution agreeing with the arguments presented by CEMEX Colombia regarding the application of the statute of limitations to the criminal investigation against the ASOCRETO officers and acknowledging that the ASOCRETO officers were not public officers, and as a consequence, finalizing the process against the ASOCRETO officers and the civil responsibility claim against CEMEX Colombia. On July 28, 2015, the Superior Court of Bogotá (*Tribunal Superior de Bogotá*) upheld this resolution and as such

the action brought against CEMEX Colombia for the premature distress of the concrete slabs of the *Autopista Norte* trunk line has ended. In addition, six legal actions related to the premature distress of the concrete slabs of the Autopista Norte trunk line of the TransMilenio bus rapid transit system were brought against CEMEX Colombia. The Cundinamarca Administrative Court (*Tribunal Administrativo de Cundinamarca*) nullified five of these actions and, as of June 15, 2017, only one remains outstanding. In addition, the UDI filed another action alleging that CEMEX Colombia made misleading advertisements on the characteristics of the flowable fill used in the construction of the concrete slabs. CEMEX Colombia participated in this project solely and exclusively as supplier of the ready-mix concrete and flowable fill, which were delivered and received to the satisfaction of the contractor, complying with all the required technical specifications. CEMEX Colombia neither participated in nor had any responsibility on the design, sourcing of materials or their corresponding technical specifications or construction. On May 24, 2016, the Civil Court of Bogota settled the action filed by the UDI against CEMEX Colombia. The court accepts the arguments in defense of CEMEX Colombia, ruling that the flowable fill is not what caused the damage to the slabs and that the damages were caused by design changes when executing the road without consulting the original designer and the lack of drains. The UDI filed an appeal against the court's ruling. On December 7, 2016, the Superior Court of Bogota (*Tribunal Superior de Bogotá*) upheld the Civil Court of Bogota's decision. At this stage of the proceedings, as of June 15, 2017, we are not able to assess the likelihood of an adverse result regarding the remaining pending action filed before the Cundinamarca Administrative Court, but if adversely resolved, we do not expect that it will have a material adverse impact on our results of operations, liquidity and financial condition.

Croatian Concession Litigation. After an extended consultation period, in April 2006, the cities of Kaštela and Solin in Croatia published their respective Master (physical) Plans defining the development zones within their respective municipalities, adversely impacting the mining concession granted to CEMEX Croatia by the Government of Croatia in September 2005. During the consultation period, CEMEX Croatia submitted comments and suggestions to the Master Plans intended to protect and preserve the rights of CEMEX Croatia's mining concession, but these were not taken into account or incorporated into the Master Plans by Kaštela and Solin. Immediately after publication of the Master Plans, CEMEX Croatia filed a series of lawsuits and legal actions before the local and federal courts to protect its acquired rights under the mining concessions, including:
(i) on May 17, 2006, a constitutional appeal before the constitutional court in Zagreb, seeking a declaration by the court concerning CEMEX Croatia's constitutional claim for decrease and obstruction of rights earned by investment and seeking prohibition of implementation of the Master Plans; and
(ii) on May 17, 2006, an administrative proceeding before an administrative court seeking a declaration from the Government of Croatia confirming that CEMEX Croatia acquired rights under the mining concessions. The administrative court subsequently ruled in favor of CEMEX Croatia, validating the legality of the mining concession granted to CEMEX Croatia by the Government of Croatia, in September 2005. On June 15, 2012, we were notified that the case had been transferred from the constitutional court to the administrative court as a result of a new law that places the administrative courts in charge of disputes relating to environmental planning. In February 2014, the administrative court requested CEMEX Croatia to declare if it was still interested in proceeding with the concession litigation and if so, to provide additional clarification and documentation to support such claims. On March 3, 2014, CEMEX Croatia submitted the clarification and required documentation and on April 4, 2014, CEMEX Croatia was notified that the administrative court rejected its claims and found that its acquired rights or interests under the mining concessions had not been violated as a result of any act or decision made by the cities of Solin or Kaštela or any other governmental body. On April 29, 2014, CEMEX Croatia filed two claims before the Constitutional Court of the Republic of Croatia alleging that CEMEX Croatia's constitutional rights to a fair trial and judicial protection had been violated. On August 1, 2014, CEMEX Croatia also filed an application before the European Court of Human Rights alleging that CEMEX Croatia's constitutional rights to a fair trial, property rights, concession rights and investment had been violated due to irregularities in a general act, which has been denied. The European Court of Human Rights found the application to be inadmissible pursuant to articles 34 and 35 of the Convention for the Protection of Human Rights and Fundamental Freedoms, meaning that CEMEX Croatia did not exhaust all its domestic legal remedies, thus stipulating the Constitutional Court of the Republic of Croatia's jurisdiction in this matter. On February 6, 2015, the decision of the European Court of Human Rights was sent to the Constitutional Court of the Republic of Croatia. The Constitutional Court of the Republic of Croatia granted the claim, annulled the decision of the administrative court and remanded the case to the administrative court for a new trial. On June 9, 2017, the administrative court issued a decision rejecting CEMEX Croatia's request. CEMEX will not file an appeal, thus the administrative court's decision

is final. During May 2015, CEMEX Croatia obtained a new location permit from the Croatian Ministry of Construction and Physical Planning for CEMEX Croatia's Sveti Juraj-Sveti Kajo quarry. On August 2, 2016, CEMEX Croatia obtained a decision pursuant to which a right of way was granted on land owned by the Republic of Croatia and located in Sveti Juraj-Sveti Kajo quarry. The period of such right of way will be compatible with the location permit previously granted. Such decision is one of the prerequisites for obtaining a new mining concession. As of June 15, 2017, in order to alleviate the adverse impact of the Master Plans, CEMEX Croatia is in the process of negotiating and preparing all documentation necessary to comply with applicable rules and regulations in order to obtain a new mining concession.

Israeli Class Action Litigation. On June 21, 2012, one of our subsidiaries in Israel was notified about an application for the approval of a class action suit against it. The application was filed by a homeowner who built his house with concrete supplied by our Israeli subsidiary in October 2010 (a same application was filed against three other companies by the same legal representative). According to the application, the plaintiff claims that the concrete supplied to him did not meet with the "Israel Standard for Concrete Strength No. 118" and that, as a result, our Israeli subsidiary acted unlawfully toward all of its customers who requested a specific type of concrete but that received concrete that did not comply with Israeli standard requirements. As per the application, the plaintiff claims that the supply of the alleged non-conforming concrete has caused financial and non-financial damages to those customers, including the plaintiff. We presume that the class action would represent the claim of all the clients who purchased the alleged non-conforming concrete from our Israeli subsidiary during the past seven years, the limitation period according to applicable laws in Israel. The damages that could be sought amount to approximately 276 million Israeli Shekels (approximately U.S.$75.99 million as of March 31, 2017, based on an exchange rate of 3.632 Israeli Shekels to U.S.$1.00). Our Israeli subsidiary submitted a formal response to the corresponding court. Both parties presented their preliminary arguments. In a hearing held on December 20, 2015, the preliminary proceeding was completed and the court set dates for hearing evidence on May 8, 10 and 16, 2016. In addition, the court decided to join together all claims against all four companies, including our subsidiary in Israel, in order to simplify and shorten court proceedings, however, it should be mentioned that the court had not formally decided to join together all claims. On the hearing dates, the applicants in all four claims presented evidence, including expert testimony. The evidentiary hearing has not been completed as of June 15, 2017, and the court has set October 25, 2017 as the date to hear evidence on behalf of two other companies. As of June 15, 2017, our subsidiary in Israel is not able to assess the likelihood of the class action application being approved or, if approved, of an adverse result, such as an award for damages in the full amount that could be sought, but if adversely resolved, we do not believe the final resolutions would have a material adverse impact on our results of operations, liquidity and financial condition.

Egypt Share Purchase Agreement. On April 7, 2011 and March 6, 2012, lawsuits seeking, among other things, the annulment of the share purchase agreement entered into by and between CEMEX and state-owned Metallurgical Industries Company (the "Holding Company") in November 1999 pursuant to which CEMEX acquired a controlling interest in ACC (the "Share Purchase Agreement"), were filed by different plaintiffs, including 25 former employees of ACC, before the 7th and 8th Circuits of Cairo's State Council Administrative Judiciary Court, respectively. Hearings in both cases were adjourned in order for the State Commissioner Authority ("SCA") to prepare the corresponding reports to be submitted for the consideration of the 7th and 8th Circuits of Cairo's State Council Administrative Judiciary Court. During March 2015, the SCA submitted the relevant reports recommending, in both cases, that the 7th and 8th Circuits of Cairo's State Council Administrative Judiciary Court stays the proceedings until the High Constitutional Court pronounces itself with regards to the challenges against the constitutionality of the Presidential Decree on Law No. 32 of 2014 ("Law 32/2014"). A hearing was held on October 13, 2015 before the 8th Circuit of Cairo's State Council Administrative Judiciary Court in which the SCA's report was reviewed and the case was adjourned to January 26, 2016 for passing judgment. At the session held on January 26, 2016, the 8th Circuit of Cairo's State Council Administrative Judiciary Court issued a judgment ruling for the dismissal of this case considering the plaintiff's lack of standing. The legal prescription period for the plaintiff to challenge the judgment before the High Administrative Court of 60 calendar days from the date of issuance of the judgment has expired without the plaintiff filing a judgment. Accordingly, the January 26, 2016 judgment issued by the 8th Circuit of Cairo's State Council Administrative Judiciary Court is final and definitive. At a session held on September 3, 2015, the 7th Circuit of Cairo's State Council Administrative Judiciary Court accepted the SCA's report recommendation and ruled for staying the proceedings until the High Constitutional Court pronounces itself with regards to the challenges against the constitutionality of Law 32/2014. As of June 15, 2017, we

are not able to assess the likelihood of an adverse resolution regarding this lawsuit filed before the 7th Circuit of Cairo's State Council Administrative Judiciary Court, but if adversely resolved, we do not believe the resolution in the first instance would have an immediate material adverse impact on our results of operations, liquidity and financial condition as there are different legal recourses that we could take. However, if we exhaust all legal recourses available to us, a final adverse resolution of this matter could have a material adverse impact on our operations, liquidity and financial condition.

Regarding a different lawsuit submitted to a First Instance Court in Assiut, Egypt and notified to ACC on May 23, 2011, on September 13, 2012, the first instance court of Assiut, Egypt issued a judgment (the "First Instance Judgment") to (i) annul the Share Purchase Agreement; and (ii) reinstate former employees to their former jobs at ACC. The First Instance Judgment was notified to ACC on September 19, 2012. On October 18, 2012, ACC filed an appeal against the First Instance Judgment, which was followed by the Holding Company's appeal filed on October 20, 2012 before the Appeal Court in Assiut, Egypt (the "Appeal Court"). At a November 17, 2013 hearing, the Appeal Court decided to join the appeals filed by ACC and the Holding Company and adjourned the session to January 20, 2014 to render judgment. On January 20, 2014, the Appeal Court issued a judgment (the "Appeal Judgment") accepting both appeals, revoking the First Instance Judgment, ruling for non-qualitative jurisdiction of the first instance court to review the case and referred the matter to the administrative court in Assiut, Egypt (the "Assiut Administrative Court") for a hearing to be held on March 16, 2014. This hearing was subsequently rescheduled to May 17, 2014 and ultimately was not held because the case file had not been completed on time in order for it to be referred to the Assiut Administrative Court. The SCA submitted a report recommending that the Assiut Administrative Court to declare itself incompetent to review this case and to refer it to the Assiut Administrative Judiciary Court (the "Assiut Administrative Judiciary Court"). The Assiut Administrative Court scheduled a new hearing for October 11, 2014 to review the case. On October 15, 2014, the Assiut Administrative Court ruled for its non-jurisdiction to review the case and referred the case to the Assiut Administrative Judiciary Court. On December 11, 2014, ACC filed an appeal against the Assiut Administrative Court ruling requesting that its enforcement be suspended until a judgment is issued on the appeal filed before the Cassation Court on March 12, 2014 (the "Appeal"). On February 10, 2015 and March 17, 2015, hearings were held before the Assiut Administrative Judiciary Court's SCA in which the SCA decided to adjourn in order to prepare the corresponding report to be submitted for the consideration of the Assiut Administrative Judiciary Court. On October 2015, the SCA issued a report recommending mainly that due to the absence of geographical jurisdiction to review the case, it should be referred to the 7th Circuit of "Economic and Investment Disputes" of Cairo's State Council Administrative Judiciary Court. The Assiut Administrative Judiciary Court held a hearing for the case on February 24, 2016, in which it decided to refer the case to the First Circuit (formerly 7th Circuit) of "Economic and Investment Disputes" of Cairo's State Council Administrative Judiciary Court. Cairo's State Council Administrative Judiciary Court held a hearing on March 28, 2017 to notify the parties of the procedures, whereupon the court adjourned the hearing until June 13, 2017 in order for the parties to submit their memoranda. On June 13, 2017 the court decided to refer the case back to SCA to prepare and submit a complementary report on the merits. The SCA shall notify ACC with a new hearing date before the SCA. In a session held on February 11, 2016 in order to review the Appeal, the Assiut Administrative Judiciary Court decided to refer the case to the First Circuit of Cairo's State Council Administrative Judiciary Court, which in turn decided to refer the Appeal to the Assiut Administrative Judiciary Court. On November 9, 2016, the Assiut Administrative Judiciary Court held a session in order to review the referred Appeal, and adjourned the Appeal to February 8, 2017. On February 8, 2017, the court adjourned the hearing until June 14, 2017 in order for the parties to submit their final memoranda. On June 14, 2017 the court has postponed the case to a hearing on November 23, 2017 in order for the parties to review the submitted documents. As of June 15, 2017, we are not able to assess the likelihood of an adverse resolution regarding this lawsuit filed before the First Circuit of Cairo's State Council Administrative Judiciary Court, but if adversely resolved, we do not believe the resolution in the first instance would have an immediate material adverse impact on our results of operations, liquidity and financial condition as there are different legal recourses that we could take. However, if we exhaust all legal recourses available to us, a final adverse resolution of this matter could have a material adverse impact on our operations, liquidity and financial condition.

On March 12, 2014, ACC filed a challenge before the Cassation Court against the part of the Appeal Judgment that refers to the referral of the case to the Assiut Administrative Court and payment of the appeal expenses and attorney fees, and requested a suspension of the Appeal Judgment execution with respect to these matters until the Cassation Court renders its judgment (the "Challenge"). A hearing was held on April

12, 2016 in order to review the Challenge's summary request only, which requested the Cassation Court to stay the execution of part of the Appeal Judgment regarding the referral of the case to the Assiut Administrative Court and payment of the appeal expenses and attorney fees. At this hearing the Cassation Court rejected the summary request. As of June 15, 2017, ACC has not been notified of a session before the Cassation Court in order to review the subject matter of the Challenge. As of June 15, 2017, we are not able to assess the likelihood of an adverse resolution regarding the Challenge, but if adversely resolved, we do not believe the resolution would have an immediate material adverse impact on our results of operations, liquidity and financial condition as there are different recourses that we could take. However, if we exhaust all legal recourses available to us, a final adverse resolution of this matter could have a material adverse impact on our operations, liquidity and financial condition.

Also, on February 23, 2014, three plaintiffs filed a lawsuit before the Assiut Administrative Judiciary Court requesting the cancellation of the resolutions taken by the Holding Company's shareholders during the extraordinary general shareholders meeting pursuant to which it was agreed to sell ACC's shares and enter into the Share Purchase Agreement in 1999. A hearing held on May 17, 2014 was adjourned in order for the SCA to prepare a report to be submitted for the consideration of the Assiut Administrative Judiciary Court. On September 4, 2014, ACC received the report issued by the SCA which is non-binding to the Assiut Administrative Judiciary Court. On December 11, 2014, the Assiut Administrative Judiciary Court resolved to refer the case to the 7th Circuit of Cairo's State Council Administrative Judiciary Court. The 7th Circuit of Cairo's State Council Administrative Judiciary Court decided to adjourn to July 25, 2015 in order to review the parties' pleadings. On this hearing held on July 25, 2015, the 7th Circuit of Cairo's State Council Administrative Judiciary Court adjourned the case to September 3, 2015 for passing judgment. At the session held on September 3, 2015, the 7th Circuit of Cairo's State Council Administrative Judiciary Court ruled for staying the proceedings until the High Constitutional Court pronounces itself with regards to the challenges against the constitutionality of Law No.32/2014. As of June 15, 2017, we do not have sufficient information to assess the likelihood of the 7th Circuit of Cairo's State Council Administrative Judiciary Court cancelling the resolutions adopted by the Holding Company's shareholders, or, if such shareholders' resolutions are cancelled, how would such cancellation affect us, but if adversely resolved, we do not believe the resolution in this first instance would have an immediate material adverse impact on our results of operations, liquidity and financial condition as there are different legal recourses that we could take. However, if we exhaust all legal recourses available to us, a final adverse resolution of this matter could have a material adverse impact on our operations, liquidity and financial condition.

On April 22, 2014, Law 32/2014, which regulates legal actions to challenge agreements entered into by the Egyptian State (including its ministries, departments, special budget entities, local administrative units, authorities and state-participated companies) and third parties, was published in the Official Gazette, becoming effective as of April 23, 2014, but subject to its presentation, discussion and approval by the House of Representatives 15 days after it holds its first session. As per the provisions of Law 32/2014, and considering certain exceptions, only the parties to these agreements have standing to challenge the validity of an agreement. During October and November 2015, parliamentary elections to the House of Representatives took place and the elected House of Representatives started to hold its sessions on January 10, 2016, as expected, and Law 32/2014 was discussed and ratified on January 20, 2016, as legally required. As of March 31, 2017, a constitutional challenge has been filed against Law 32/2014 before the High Constitutional Court. The High Constitutional Court has scheduled a hearing for May 6, 2017 to proceed with the constitutional challenge that was filed against Law 32/2014 after the SCA had submitted its report with respect to the case. On May 6, 2017 the court decided to refer the case back to SCA to prepare and submit a complementary report on the merits. The SCA, if it deems it necessary, may schedule a hearing for reviewing the case before the SCA. After the SCA finishes the preparation of the complementary report, a new hearing will be scheduled before the High Constitutional Court. As of June 15, 2017, we are not able to assess if the High Constitutional Court will dismiss Law 32/2014, but if the High Constitutional Court dismisses Law 32/2014, this could adversely impact the ongoing matters regarding the Share Purchase Agreement, which could have a material adverse impact on our operations, liquidity and financial condition.

Maceo, Colombia—Legal Proceedings in Colombia. On August 28, 2012, CEMEX Colombia entered into a memorandum of understanding (the "MOU") with CI Calizas y Minerales S.A. ("CI Calizas") to acquire land, a mining concession, an environmental license, free trade zone benefits and related assets necessary to carry out the Maceo Project. In connection with the MOU, CI Calizas was represented by a non-governmental individual (the "Representative").

After the execution of the MOU, one of CI Calizas' former shareholders was linked to an expiration of property proceeding by the Colombian Attorney General's Office (the "Attorney General's Office") that, among other measures, suspended CI Calizas' ability to transfer certain assets to CEMEX Colombia as required by the MOU (the "Affected Assets"). In order to protect its interests in the Affected Assets, CEMEX Colombia joined the expiration of property proceeding, attended each procedural stage and cooperated with the Attorney General's Office. CEMEX Colombia also requested the dismissal of the expiration of property proceeding against the Affected Assets. On May 2, 2016, in order to collect further evidence, the Attorney General's Office denied CEMEX Colombia's request for the dismissal of the expiration of property proceeding. The expiration of property proceeding is in its investigative phase, pending the appointment of the *ad litem* curators by the Attorney General's Office. Upon appointment of the *ad litem* curators, the evidentiary phase will commence and the relevant evidence will be presented and studied. We expect that the Attorney General's Office's final decision as to whether it will proceed with the expiration of property proceeding with respect to the Affected Assets could take five to ten years.

In July 2013, CEMEX Colombia entered into a five-year lease agreement (the "Lease Agreement") with a depository that had been designated by the Colombian National Narcotics Directorate (*Dirección Nacional de Estupefacientes*) (the "CNND") with respect to the Affected Assets. The Lease Agreement, along with an accompanying governmental mandate, authorized CEMEX Colombia to continue the work necessary for the construction and operation of the Maceo Project during the expiration of property proceeding. The Lease Agreement is currently set to expire on July 15, 2018, unless earlier terminated by the Colombian Administrator of Special Assets (*Sociedad de Activos Especiales S.A.S*) (the "SAE"), which assumed the functions of the CNND after the CNND's liquidation. CEMEX Colombia plans to negotiate an extension to the term of the Lease Agreement and intends to continue using the Affected Assets pursuant to the terms of the Lease Agreement and accompanying mandate.

Assuming that CEMEX Colombia conducted itself in good faith, and taking into account that its investments in the Maceo Project were incurred with the consent of the SAE and CI Calizas under the Lease Agreement and the accompanying mandate, we believe the value of such investments is protected by Colombian law. Colombian law provides that, if a person builds on another person's property with the knowledge of such other person, the person that built on the property shall be compensated with the value of what was built or otherwise be transferred the property in the event the owner of the property decides to recover possession. We also believe that, during the term of the Lease Agreement and the accompanying mandate, CEMEX Colombia may use the Affected Assets in order to operate the Maceo Project. In the event that CEMEX Colombia's right to the Affected Assets is extinguished in favor of the government of Colombia, which we believe is unlikely, the SAE may decide not to sell the Affected Assets to CEMEX Colombia or not to extend the Lease Agreement. In either case, under Colombian law, CEMEX Colombia would be entitled to compensation for the value of the investments made in the Maceo Project. As of June 15, 2017, we were not able to assess the likelihood of CEMEX Colombia receiving an adverse decision relating to the expiration of property proceedings or if the ownership of the assets subject to the MOU will be extinguished in favor of the Republic of Colombia. However, as of June 15, 2017, we believe that an adverse resolution in which CEMEX Colombia is not compensated for the value of its investments in the Maceo Project could have a material adverse effect on our results of operations, liquidity or financial condition.

On December 30, 2013, CEMEX Colombia and the Representative entered into a different memorandum of understanding (the "Land MOU"), pursuant to which the Representative would represent CEMEX Colombia in the acquisition of lands adjacent to the Maceo Project. In connection with the Maceo Project, CEMEX Colombia conveyed to the Representative over U.S.$15 million, including cash payments and interest (based on an exchange rate of 2,880.24 Colombian Pesos to U.S.$1.00 as of March 31, 2017). Due to the expiration of property proceeding against the Affected Assets described above, the acquisition of the Affected Assets was not finalized.

During 2016, CEMEX, S.A.B. de C.V. received reports through its anonymous reporting hotline regarding potential misconduct by certain employees, including with regard to the Maceo Project. CEMEX, S.A.B. de C.V. initiated an investigation and internal audit pursuant to its corporate governance policies and its code of ethics.

On September 23, 2016, CEMEX Latam disclosed that it had identified irregularities in the process for the purchase of the land related to the Maceo Project in an accusation with the Attorney General's Office so that the Attorney General's Office may take the actions it deems appropriate. Further, on December 20, 2016, CEMEX Latam enhanced such filing with additional information and findings obtained as of such date. On June 1, 2017 the Attorney General's Office petitioned a hearing for imputation of charges (*audiencia de imputación de cargos*) against two former employees of CEMEX and a representative of CI Calizas, such hearing is scheduled to take place on August 1, 2017.

On September 23, 2016, CEMEX Latam and CEMEX Colombia terminated the employment of the Vice President of Planning of CEMEX Latam, who was also CEMEX Colombia's Director of Planning, and the Legal Counsel of CEMEX Latam, who was also the General Counsel of CEMEX Colombia. In addition, effective as of September 23, 2016, the Chief Executive Officer of CEMEX Latam, who was also the President of CEMEX Colombia, resigned from both positions. On October 4, 2016, in order to strengthen levels of leadership, management and corporate governance practices, the Board of Directors of CEMEX Latam resolved to split the roles of Chairman of the Board of Directors of CEMEX Latam, Chief Executive Officer of CEMEX Latam and Director of CEMEX Colombia, and appointed a new Chairman of the Board of Directors of CEMEX Latam, a new Chief Executive Officer of CEMEX Latam, a new Director of CEMEX Colombia and a new Vice President of Planning of CEMEX Latam and CEMEX Colombia. A new legal counsel for CEMEX Latam and CEMEX Colombia was also appointed during the fourth quarter of 2016.

Additionally, pursuant to the requirements of CEMEX, S.A.B. de C.V.'s and CEMEX Latam's audit committees, CEMEX Colombia retained external counsel to assist CEMEX Latam and CEMEX Colombia to collaborate as necessary with the Attorney General's Office, as well as to assist on other related matters. A forensic investigator in Colombia was engaged, as well.

The Attorney General's Office is investigating the irregularities in connection with the transactions conducted pursuant to the MOU and the Land MOU. Such investigation is in its initial phase and, as such, we cannot predict what actions, if any, the Attorney General's Office may implement. Any actions by the Attorney General's Office and any actions taken by us in response to the aforementioned irregularities regarding the Maceo Project, including, but not limited to, the departure of the abovementioned executives, could have a material adverse effect on our results of operations, liquidity or financial condition.

SEC Investigation Relating to the Legal Proceedings in Colombia. In December 2016, CEMEX, S.A.B. de C.V. received subpoenas from the SEC seeking information to determine whether there have been any violations of the U.S. Foreign Corrupt Practices Act stemming from the Maceo Project. These subpoenas do not mean that the SEC has concluded that CEMEX, S.A.B. de C.V. or any of its affiliates violated the law. As discussed in " — *Maceo, Colombia—Legal Proceedings in Colombia*," internal audits and investigations by CEMEX, S.A.B. de C.V. and CEMEX Latam had raised questions about payments relating to the Maceo Project. The payments made to the Representative in connection with the Maceo Project did not adhere to CEMEX, S.A.B. de C.V.'s and CEMEX Latam's internal controls. As announced on September 23, 2016, the CEMEX Latam and CEMEX Colombia officers responsible for the implementation and execution of the above referenced payments were terminated and the then Chief Executive Officer of CEMEX Latam resigned. CEMEX, S.A.B. de C.V. has been cooperating with the SEC and the Attorney General's Office and intends to continue cooperating fully with the SEC and the Attorney General's Office. It is possible that the United States Department of Justice or investigatory entities in other jurisdictions may also open investigations into this matter. To the extent they do so, CEMEX, S.A.B. de C.V. intends to cooperate fully with any such inquiries. As of June 15, 2017, CEMEX, S.A.B. de C.V. is unable to predict the duration, scope, or outcome of the SEC investigation or any other investigation that may arise; however, CEMEX, S.A.B. de C.V. does not expect the SEC investigation to have a material adverse impact on its consolidated results of operations, liquidity or financial position.

Maceo, Colombia—Operational Matters. On October 27, 2016, CEMEX Latam decided to postpone the commencement of operations of the cement plant in Maceo, Colombia. This decision was mainly due to the following circumstances:

(1) CEMEX Colombia has not received permits required to finalize road access to such cement plant. If such permits are obtained, CEMEX Latam estimates that the road access could be available in July 2017. The only existing access to such cement plant cannot guarantee safety or operations and could limit the capacity to transport products from the cement plant;

(2) CEMEX Colombia has not received a final response to the request to expand the free trade zone that covers the Maceo Project in order to commission a new clinker line at such cement plant. Failure to obtain such expansion would jeopardize CEMEX Colombia's capability to consolidate the benefits that would otherwise be available for CEMEX Colombia in the area. As of June 15, 2017, the Colombian Ministry of Trade, Industry and Tourism (*Ministerio de Comercio, Industria y Turismo*) has not reached a final decision with respect to CEMEX Colombia's request to expand the free trade zone. CEMEX Colombia believes the delay in such decision could be related to the expiration of property proceeding against the Affected Assets, as discussed in "*—Maceo, Colombia—Legal Proceedings in Colombia*";

(3) The environmental license and the mining concession related to the Maceo Project are currently held by different legal entities, which is contrary to typical procedure in Colombia. The environmental license related to the Maceo Project is held by Central de Mezclas S.A. ("Central de Mezclas"), a subsidiary of CEMEX Colombia. However, the mining permit related to the Maceo Project was remanded back to CI Calizas as a result of the revocation of such mining concession by the Mining Secretariat (*Secretaría de Minas*) of Antioquia in December 2013; and

(4) CEMEX Colombia determined that the area covered by the environmental license related to the Maceo Project partially overlapped with a District of Integrated Management (*Distrito de Manejo Integrado*), which could limit the granting of the environmental license modification. Such modification seeks to achieve an increase in the proposed production under the project of up to 950,000 tons.

In connection with the environmental license that had been issued for the Maceo Project, during the second half of 2016, Corantioquia, the regional environmental agency with jurisdiction over the Maceo Project environmental license, requested authorization and consent from Central de Mezclas to reverse the assignment of the environmental license for the Maceo Project back to CI Calizas, which also holds the corresponding mining title. Central de Mezclas has petitioned Corantioquia to evaluate the basis for such request.

CEMEX Colombia had requested a modification to the environmental license, and on December 13, 2016, Corantioquia notified Central de Mezclas that it had adopted the decision to deny the request for modification of the environmental license related to the Maceo Project to 950,000 tons per annum on the basis of the overlap of the project area with the District of Integrated Management. On December 14, 2016, Central de Mezclas appealed the decision. On March 28, 2017, Central de Mezclas was notified of Corantioquia's decision, which affirmed the decision that had previously denied the modification of the environmental license for a 950,000 per annum project. As a result, as of June 15, 2017, CEMEX Colombia was actively working on the zoning and compatibility of the District of Integrated Management, as well as analyzing alternatives for a partial adjustment to the District of Integrated Management, to avoid future discussions regarding feasibility of expanding the proposed production in the Maceo Project beyond 950,000 tons per annum.

Once these alternatives are implemented, CEMEX Colombia will reconsider submitting a new request pursuing the modification of the environmental license to expand its production of 950,000 tons per annum as initially planned. In the meantime, CEMEX Colombia will limit its activities to those that do not have a negative impact on the District of Integrated Management.

CEMEX Colombia and Central de Mezclas plan to continue to work on solving the issues causing the postponement of the commissioning of the Maceo Project cement plant in order to capture, as soon as reasonably possible, the full operating benefits of this facility in Colombia. CEMEX Colombia believes some of these issues could be related to the expiration of property proceeding against the Affected Assets. As of June 15, 2017, we do not expect to suffer a material adverse impact to our results of operations, liquidity or financial condition as a result of the Maceo Project cement plant not being commissioned to operate pending resolution of these issues.

Quarry matter in France. One of our subsidiaries in France, CEMEX Granulats Rhône Méditerranée ("CEMEX Granulats"), is a party to a contract executed in 1990 (the "Quarry Contract") with SCI La Quinoniere ("SCI"), pursuant to which CEMEX Granulats has drilling rights to extract reserves and conduct

quarry remediation at a quarry in the Rhone region of France. In 2012, SCI filed a claim against CEMEX Granulats for breach of the Quarry Contract, requesting the rescission of the Quarry Contract and damages plus interest, totaling an aggregate amount of approximately €55 million (approximately U.S.$58.63 million as of March 31, 2017, based on an exchange rate of €0.9380 to U.S.$1.00), resulting from CEMEX Granulats having partially filled the quarry allegedly in breach of the terms of the Quarry Contract. On May 18, 2016, CEMEX Granulats was notified about an adverse judgment in this matter by the corresponding court in Lyon, France, primarily ordering the rescission of the Quarry Contract and damages plus interest, totaling an aggregate amount of approximately €55 million (approximately U.S.$58.63 million as of March 31, 2017, based on an exchange rate of €0.9380 to U.S.$1.00). We believe this judgment is not enforceable. On June 6, 2016, CEMEX Granulats filed the notice of appeal with the appeals court in Lyon, France and on September 5, 2016, CEMEX Granulats filed the first submission of the full appeal together with its arguments and evidence. Proceedings on any additional hearings regarding this appeal or any other actions CEMEX Granulats may initiate in this matter could take approximately 18 months to be finalized. There can be no assurance as to whether or not CEMEX Granulats will receive an adverse result to any appeals or any other recourses it may pursue. An adverse resolution on this matter could have a material adverse impact on our results of operations, liquidity and financial condition.

As of June 15, 2017, we are involved in various legal proceedings involving, but not limited to, product warranty claims, environmental claims, claims regarding the procurement and supply of products, indemnification claims relating to divestments and acquisitions and similar types of claims brought against us that have arisen in the ordinary course of business. We believe we have made adequate provisions to cover both current and contemplated general and specific litigation risks, and we believe these matters will be resolved without any significant effect on our operations, financial position and results of operations. We are sometimes able to make and disclose reasonable estimates of the expected loss or range of possible loss, as well as disclose any provision accrued for such loss. However, for a limited number of ongoing legal proceedings, we may not be able to make a reasonable estimate of the expected loss or range of possible loss or may be able to do so but believe that disclosure of such information on a case-by-case basis would seriously prejudice our position in the ongoing legal proceedings or in any related settlement discussions. Accordingly, in these cases, we have disclosed qualitative information with respect to the nature and characteristics of the contingency, but have not disclosed the estimate of the range of potential loss.

In consideration of you agreeing to make available to us certain information in relation to each Acquisition, by our signature of this letter we agree as follows (acknowledged and agreed by you by your signature of a copy of this letter):

1. **Confidentiality Undertaking**

We undertake in relation to each Acquisition whether completed or not, (a) to keep all Confidential Information confidential and not to disclose it to anyone, save to the extent permitted by paragraph 2 below and to ensure that all Confidential Information is protected with security measures and a degree of care that would apply to our own confidential information, (b) until that Acquisition is completed to use the Confidential Information only for the Permitted Purpose, (c) to keep confidential and not disclose to anyone except as provided for by paragraph 2 below the fact that the Confidential Information has been made available or that discussions or negotiations are taking place or have taken place between us in connection with the Facilities, and (d) to use all reasonable endeavours to ensure that any person to whom we pass any Confidential Information (unless disclosed under paragraph 2 below) acknowledges and complies with the provisions of this letter as if that person were also a party to it.

2. **Permitted Disclosure**

You agree that we may disclose:

2.1 to any of our Affiliates and any of our or their officers, directors, employees, professional advisers and auditors such Confidential Information as we shall consider appropriate if any person to whom the Confidential Information is to be given pursuant to this paragraph 2.1 is informed in writing of its confidential nature and that some or

all of such Confidential Information may be price-sensitive information, except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of the information or is otherwise bound by requirements of confidentiality in relation to the Confidential Information;

2.2 subject to the requirements of the Facilities Agreement, to any person:

(a) to (or through) whom we assign or transfer (or may potentially assign or transfer) all or any of our rights and/or obligations which we may acquire under the Facilities Agreement such Confidential Information as we shall consider appropriate if the person to whom the Confidential Information is to be given pursuant to this sub-paragraph (a) of paragraph 2.2 has delivered a letter to you materially in equivalent form to this letter;

(b) with (or through) whom we enter into (or may potentially enter into) any sub-participation in relation to, or any other transaction under which payments are to be made or may be made by reference to the Facilities Agreement in relation to that Acquisition or any Obligor such Confidential Information as we shall consider appropriate if the person to whom the Confidential Information is to be given pursuant to this sub-paragraph (b) of paragraph 2.2 has delivered a letter to you in materially equivalent form to this letter;

(c) to whom information is required or requested to be disclosed by any governmental, banking, taxation or other regulatory authority or similar body, the rules of any recognised stock exchange or pursuant to any applicable law or regulation such Confidential Information as we shall consider appropriate; and

2.3 notwithstanding paragraphs 2.1 and 2.2 above, Confidential Information to such persons to whom, and on the same terms as, a Finance Party is permitted to disclose Confidential Information under the Facilities Agreement to which that Acquisition relates, as if such permissions were set out in full in this letter and as if references in those permissions to Finance Party were references to us for the purposes of that Acquisition.

3. **Notification of Disclosure**

We agree in relation to each Acquisition (whether completed or not), (to the extent permitted by law and regulation) to inform you:

3.1 of the circumstances of any disclosure of Confidential Information made pursuant to sub-paragraph (c) of paragraph 2.2 above, except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and

3.2 upon becoming aware that Confidential Information has been disclosed in breach of this letter.

4. **Return of Copies**

If we do not enter into or complete the Acquisition and you so request in writing, we shall return all Confidential Information supplied by you to us in relation to that Acquisition and destroy or permanently erase (to the extent technically practicable) all copies of Confidential Information made by us and use all reasonable endeavours to ensure that anyone to whom we have supplied any Confidential Information destroys or permanently erases (to the extent technically practicable) such Confidential Information and any copies made by them, in each case save to the extent that we or the recipients are required to retain any such Confidential Information by any applicable law, rule or regulation or by any competent judicial, governmental, supervisory or regulatory body or in accordance with internal policy, or where the Confidential Information has been disclosed under sub-paragraph (c) of paragraph 2.2 above.

5. **Continuing Obligations**

The obligations in this letter are continuing and, in particular, shall survive and remain binding on us in relation to each Acquisition (whether completed or not) until (a) if we become a party to the Facilities Agreement as a lender of record, the date on which we become such a party to the Facilities Agreement; (b) if we enter into the Acquisition but it does not result in us becoming a party to the Facilities Agreement as a lender of record, the date falling twelve months after the date on which all of our rights and obligations contained in the documentation entered into to implement the Acquisition have terminated; or (c) in any other case the date falling twelve months after the date at which we have returned all Confidential Information supplied by you to us and destroyed or permanently erased (to the extent technically practicable) all copies of Confidential Information made by us (other than any such Confidential Information or copies which have been disclosed under paragraph 2 above (other than paragraph 2(a)) or which, pursuant to paragraph 4 above, are not required to be returned or destroyed).

6. **No Representation; Consequences of Breach, etc**

We acknowledge and agree that:

6.1 neither you, nor any member of the Group nor any of your or their respective officers, employees or advisers (each a "**Relevant Person**") (i) make any representation or warranty, express or implied, as to, or assume any responsibility for, the accuracy, reliability or completeness of any of the Confidential Information or any other information supplied by you in relation to the Acquisition or the assumptions on which it is based or (ii) shall be under any obligation to update or correct any inaccuracy in the Confidential Information or any other information supplied by you in relation to the Acquisition or be otherwise liable to us or any other person in respect of the Confidential Information or any such information; and

6.2 you or members of the Group may be irreparably harmed by the breach of the terms of this letter and damages may not be an adequate remedy; each Relevant Person may be granted an injunction or specific performance for any threatened or actual breach of the provisions of this letter by us.

7. **Entire Agreement: No Waiver; Amendments, etc**

7.1 This letter constitutes the entire agreement between us in relation to our obligations regarding Confidential Information and supersedes any previous agreement, whether express or implied, regarding Confidential Information.

7.2 No failure to exercise, nor any delay in exercising, any right or remedy under this letter will operate as a waiver of any such right or remedy or constitute an election to affirm this letter. No election to affirm this letter will be effective unless it is in writing. No single or partial exercise of any right or remedy will prevent any further or other exercise thereof or the exercise of any other right or remedy under this letter.

7.3 The terms of this letter and our obligations under this letter may only be amended or modified by written agreement between the parties and the Borrower.

8. **Inside Information**

We acknowledge that some or all of the Confidential Information is or may be price-sensitive information and that the use of such information may be regulated or prohibited by applicable legislation including securities laws relating to insider dealing and market abuse, and we undertake not to use any Confidential Information for any unlawful purpose.

9. **Nature of Undertakings**

The undertakings given by us under this letter are given to you and are also given for the benefit of the Borrower and each other member of the Group.

10. **Third Party Rights**

10.1 Subject to this paragraph 10 and to paragraphs 6 and 9, a person who is not a party to this letter has no right under the Contracts (Rights of Third Parties) Act 1999 (the "**Third Parties Act**") to enforce or to enjoy the benefit of any term of this letter.

10.2 The Relevant Persons may enjoy the benefit of the terms of paragraphs 6 and 9 subject to and in accordance with this paragraph 10 and the provisions of the Third Parties Act.

10.3 Notwithstanding any provisions of this letter, the parties to this letter do not require the consent of any Relevant Person (other than the Borrower) to rescind or vary this letter at any time.

11. **Governing Law and Jurisdiction**

11.1 This letter (including the agreement constituted by your acknowledgement of its terms) (the "**Letter**") and any non-contractual obligations arising out of or in connection with it (including any non-contractual obligations arising out of the negotiation of the transaction contemplated by this Letter) are governed by English law.

11.2 The parties hereto agree that the courts of England have non-exclusive jurisdiction to settle any dispute arising out of or in connection with this Letter (including a dispute relating to any non-contractual obligation arising out of or in connection with either this Letter or the negotiation of the transaction contemplated by this Letter) and hereby waive any right to which any of them may be entitled on account of place of their present or future residence or domicile or for any other reason.

12. **Definitions**

In this letter (including the acknowledgement set out below) terms defined in the Facilities Agreement shall, unless the context otherwise requires, have the same meaning and:

12. The Accordion Lender may, in the case of an assignment of rights by the Existing Lender under this Transfer Certificate, if it considers it necessary to make the assignment effective against any French Obligor, arrange for it to be notified to, or acknowledged by, such French Obligor in accordance with the provisions of article 1324 of the French Civil Code.

13. This Agreement may be executed in any number of counterparts and this has the same effect as if the signatures on the counterparts were on a single copy of this Agreement.

2019	Annual KPI Target / Penalty Threshold	2020	2021	2022	2023	2024	2025
1. Reduction of net CO2 emissions per cementitious product vs 1990 (%)

	Penalty Threshold	22.4%	23.0%	23.5%	24.0%	25.0%	26.0%
2.Power consumption from green energy in cement (%)

	Penalty Threshold	26.0%	26.8%	32.5%	33.5%	34.1%	36.1%

2019	Annual KPI Target / Penalty Threshold	2020	2021	2022	2023	2024	2025
3.Quarry rehabilitation plans, Biodiversity Action Plans (BAPs), and third party certification (% from target quarries)							
72%	Annual KPI Target	73%	77%	81%	84%	86%	89%
	Penalty Threshold	72%	73%	77%	81%	84%	86%
4.Implementation of Water Management Plans in sites located on water-scarce areas (%)							
N/A	Annual KPI Target	N/A	10%	20%	30%	40%	50%
	Penalty Threshold	N/A	5%	15%	25%	35%	45%
5.Clinker Factor (average clinker content in cement produced) (%) (the "Clinker Factor KPI")							
78.7%	Annual KPI Target	78.5%	78.0%	77.5%	77.0%	76.5%	76.0%
	Penalty Threshold	78.7%	78.5%	78.0%	77.5%	77.0%	76.5%

2. The definition of each key performance indicator ("**KPI**") and the performance of the Borrower in relation to each Annual KPI Target and Penalty Threshold are to be made by reference to the Borrower's annual integrated report which provides an analysis of the Borrower's strategic vision, performance, governance and value creation (the "**Integrated Report**").

Note: KPMG verifies the data and calculation process for the Borrower's annual KPIs associated with CO2 and other emissions, biodiversity, water and Clinker Factor. Further, the Integrated Report is filed (signed and certified) each year with the United States Securities and Exchange Commission and with the Mexican Stock Exchange.

The KPI names as presented in the Integrated Report may vary from time to time from those included in this Schedule 17 without having any impact on the scope or the calculation methodologies for such KPIs. Any such name changes will be explained in the corresponding KPI Certificate.

For the purposes of the Sustainability-Linked Loans and the Annual KPI Targets and Penalty Thresholds, the Clinker Factor KPI will be calculated as the "average clinker content in cement produced (%)" (the corresponding Annual KPI Targets and Penalty Thresholds included for the Clinker Factor KPI are consistent with this calculation methodology).

The Integrated Report currently reports Clinker Factor using an alternative calculation methodology based on cementitious volumes. Lenders should be aware that the calculations for both metrics under these methodologies are reviewed by KPMG (and the Borrower will include the details of the calculations in the KPI Certificate)..

3. Within 150 days of the end of the Borrower's Financial Years, the Borrower shall supply to the Agent the Integrated Report (or extracts of it) in respect of the preceding year, along with a certificate signed by two Responsible Officers of the Borrower setting out:

(a) whether the Borrower:

(i) has achieved or surpassed its annual target in respect of each KPI;

(ii) has not achieved its annual target in respect of each KPI but has not crossed the Penalty Threshold for each KPI; or

(iii) has not achieved its annual target in respect of each KPI and has crossed the Penalty Threshold for each KPI;

(b) that:

(i) for each KPI where the Borrower reports that it has achieved or surpassed an Annual KPI Target, as set out pursuant to paragraph 3(a)(i) above, there will be a 0.01 per cent. reduction in the Margin figures contained in column 2 and column 3 of the Margin grid at paragraph (b) of the definition of Margin;

(ii) for each KPI where the Borrower reports that it has not achieved an Annual KPI Target but has not crossed the Penalty Threshold for that KPI, as set out pursuant to paragraph 3(a)(ii) above, there will be no adjustment to the Margin figures contained in column 2 and column 3 of the Margin grid at paragraph (b) of the definition of Margin; and

(iii) for each KPI where the Borrower reports that it has not achieved an Annual KPI Target and has crossed the Penalty Threshold, as set out pursuant to paragraph 3(a)(iii) above, there will be a 0.01 per cent. increase in the Margin figures contained in column 2 and column 3 of the Margin grid at paragraph (b) of the definition of Margin;

(c) what, as a result, the new Margin is in respect of each Facility;

(d) that the new Margin will apply from and including the subsequent Interest Period until the end of the Interest Period during which the Borrower submits the Integrated Report (or extracts of it) in respect of the following year;

(e) the calculations for the Clinker Factor KPI to the extent not reported in the Integrated Report, as calculated based on the definition to be used for the purposes of the Sustainability-Linked Loans and the Annual KPI Targets and Penalty Thresholds (average clinker content in cement produced (%)); and

(f) if applicable, an explanation of any KPI name change,

(the "**KPI Certificate**").

4. The adjustment to the Margin figures at column 2 and column 3 of the Margin grid at paragraph (b) of the definition of Margin included in each KPI Certificate will be the net discount/penalty considering the performance of the Borrower in relation to each of the five KPIs. Therefore, the maximum decrease in the Margin figures each year will be 0.05% and the maximum increase in the Margin figures each year will be 0.05%.

5. To the extent any event occurs (which would include, without limitation, a material disposal or material acquisition) which, in the opinion of the Borrower and the Sustainability Coordinator, acting reasonably, means that one or more of the KPIs is no longer appropriate, then the Borrower and the Sustainability Coordinator will report to the Lenders that such KPI will no longer apply in relation to the Sustainability-Linked Loans for the remainder of the Sustainability-Linked Loans. In such a scenario, the Borrower will then cease to refer to the applicable KPIs in the KPI Certificate for such period.

6. To the extent the Sustainability Coordinator ceases to be a Lender, the Borrower undertakes to use reasonable endeavours to seek to appoint another entity that is a Lender to fulfil the role of Sustainability Coordinator.

For purposes of making the computation referred to above, Material Acquisitions and Material Dispositions (as determined in accordance with GAAP) that have been made by the Issuer or any of its Restricted Subsidiaries during the Four Quarter Period or subsequent to such Four Quarter Period and on or prior to or simultaneously with the Fixed Charge Calculation Date shall be calculated on a *pro forma* basis assuming that all such Material Acquisitions and Material Dispositions (and the change in any associated fixed charge obligations and the change in Consolidated Adjusted EBITDA resulting therefrom) had occurred on the first day of the Four Quarter Period. If since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into the Issuer or any of its Restricted Subsidiaries since the beginning of such period shall have made any Material Acquisition or Material Disposition that would have required adjustment pursuant to this definition, then the Consolidated Fixed Charge Coverage Ratio shall be calculated giving *pro forma* effect thereto.

For purposes of this definition, whenever *pro forma* effect is to be given to a Material Acquisition or Material Disposition and the amount of income or earnings relating thereto or with respect to other *pro forma* calculations under this definition, such *pro forma* calculations shall be made in good faith by a responsible financial or accounting officer of the Issuer. If any Indebtedness bears a floating rate of interest and is being given *pro forma* effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Fixed Charge Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Issuer to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a *pro forma* basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period except as set forth in the first paragraph of this definition. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

Furthermore, in calculating "Consolidated Fixed Charges" for purposes of determining the denominator (but not the numerator) of this "Consolidated Fixed Charge Coverage Ratio,"

(a) interest on outstanding Indebtedness determined on a fluctuating basis as of the date of determination and which will continue to be so determined thereafter will be deemed to have accrued at a fixed rate per annum equal to the rate of interest on such Indebtedness in effect on such date of determination;

(b) if interest on any Indebtedness actually Incurred on such date of determination may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rates, then the interest rate in effect on such date of determination will be deemed to have been in effect during the Four Quarter Period; and

(c) notwithstanding clause (a) above, interest on Indebtedness determined on a fluctuating basis, to the extent such interest is covered by Hedging Obligations, will be deemed to accrue at the rate per annum resulting after giving effect to the operation of such agreements.

"Consolidated Fixed Charges" means, for any Person for any period, the sum, without duplication, of:

(3) the product of:

(a) the amount of all cash and non-cash dividend payments on any series of Preferred Stock or Disqualified Capital Stock of such Person (other than dividends paid in Qualified Capital Stock) or any Subsidiary of such Person (Restricted Subsidiary in the case of the Issuer) paid, accrued or scheduled to be paid or accrued during such period, excluding dividend payments on Preferred Stock or Disqualified Capital Stock paid, accrued or scheduled to be paid to such Person or another Subsidiary (Restricted Subsidiary in the case of the Issuer), times

(c) The Issuer initially designates the Corporate Trust Office of the Trustee as such office or agency of the Issuer as required by Section 2.3(a) and appoints the Trustee as Registrar, Paying Agent, Transfer Agent and agent for service of demands and notices in connection with the Notes and this Indenture, until such time as another Person is appointed as such.

Section 2.4 Paying Agent to Hold Money in Trust. The Issuer shall require each Paying Agent (other than the Trustee) to agree in writing that such Paying Agent shall hold in trust for the benefit of Holders or the Trustee all money held by such Paying Agent for the payment of principal of or interest on the Notes and shall notify the Trustee in writing of any Default by the Issuer or any Note Guarantor in making any such payment. If the Issuer or an Affiliate of the Issuer acts as Paying Agent, it shall segregate the money held by it as Paying Agent and hold it as a separate trust fund. The Issuer at any time may require a Paying Agent (other than the Trustee) to pay all money held by it to the Trustee and to account for any funds disbursed by such Paying Agent. Upon complying with this Section 2.4, the Paying Agent (if other than the Issuer or any Affiliate of the Issuer) shall have no further liability for the money delivered to the Trustee. Upon any proceeding under any Bankruptcy Law with respect to the Issuer or any Affiliate of the Issuer, if the Issuer or such Affiliate is then acting as Paying Agent, the Trustee shall replace the Issuer or such Affiliate as Paying Agent.

Section 2.5 Holder Lists. The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. At any time that the Trustee is not the Registrar the Issuer shall furnish to the Trustee, in writing at least seven Business Days before each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of Holders.

Section 2.6 CUSIP Numbers. The Issuer in issuing Notes may use "CUSIP" numbers, as applicable (if then generally in use), and, if so, the Trustee shall use for the Securities "CUSIP" number in notices to the Holders as a convenience to such Holders; *provided*, that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Notes or as contained in any notice and that reliance may be placed only on the other identification numbers printed on the Notes, and any such notice shall not be affected by any defect in or omission of such numbers. The Issuer will promptly notify the Trustee in writing of any changes in the "CUSIP" numbers.

Section 2.7 Global Note Provisions.

(a) Each Global Note initially shall: (i) be registered in the name of DTC or the nominee of DTC, (ii) be delivered to the Note Custodian and (iii) bear the appropriate legends as set forth in Section 2.8 and Exhibit A hereto. Any Global Note may be represented by one or more certificates. The aggregate principal amount of each Global Note may from time to time be increased or decreased by adjustments made on the records of the Note Custodian, as provided in this Indenture.

(b) Except as provided in clause (iii) of Section 2.7(c), members of, or participants in, DTC ("Agent Members") shall have no rights under this Indenture with respect to any Global Note held on their behalf by DTC or by the Note Custodian, and DTC may be treated by the Issuer, any Note Guarantor, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar and any of their respective agents as the absolute owner of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall (i) prevent the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Note Custodian, the Registrar or any of their respective agents from giving effect to any written certification, proxy or other authorization furnished by DTC or (ii) impair, as between DTC and its Agent Members, the operation of customary practices of DTC governing the exercise of the rights of an owner of a beneficial interest in any Global Note. The registered Holder of a Global Note may grant proxies and otherwise authorize any person, including DTC, or its nominee, Agent Members and persons that may hold interests through Agent Members, to take any action that a Holder is entitled to take under this Indenture or the Notes.

(c) Except as provided in this Section 2.7(c), owners of beneficial interests in Global Notes will not be entitled to receive Certificated Notes in exchange for such beneficial interests.

(i) Certificated Notes shall be issued to all owners of beneficial interests in a Global Note in exchange for such beneficial interests if (A) DTC notifies the Issuer that it is unwilling or unable to continue as depositary for such Global Note or (B) DTC ceases to be a clearing agency registered under the Exchange Act, at a time when DTC is required to be so registered in order to act as depositary, and in each case a successor depositary is not appointed by the Issuer within 90 days of such notice. In connection with the exchange of an entire Global Note for Certificated Notes pursuant to this clause (i) of this Section 2.7(c), such Global Note shall be deemed to be surrendered to the Trustee for cancellation, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and deliver to each beneficial owner identified by DTC in exchange for its beneficial interest in such Global Note, an equal aggregate principal amount of Certificated Notes of authorized denominations, and the Registrar shall register such exchanges in the Note Register.

(ii) The owner of a beneficial interest in a Global Note will be entitled to receive Certificated Notes in exchange for such interest if an Event of Default has occurred and is continuing. If an Event of Default has occurred and is continuing, upon receipt by the Registrar of instructions from Agent Members through DTC on behalf of the owner of a beneficial interest in a Global Note directing the Registrar to exchange such beneficial owner's beneficial interest in such Global Note for Certificated Notes, subject to and in accordance with the Applicable Procedures, the Issuer shall promptly execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to such beneficial owner, Certificated Notes in a principal amount equal to such beneficial interest in such Global Note.

(iii) If (A) an event described in clause (i) of Section 2.7(c) occurs and Certificated Notes are not issued promptly to all beneficial owners or (B) the Registrar receives from a beneficial owner the instructions described in clause (ii) of Section 2.7(c) and Certificated Notes are not issued promptly to any such beneficial owner, the Issuer expressly acknowledges, with respect to the right of any Holder to pursue a remedy pursuant to Section 6.6 hereof, the right of any beneficial owner of Notes to pursue such remedy with respect to the portion of the Global Note that represents such beneficial owner's Notes as if such Certificated Notes had been issued.

Section 2.8 Legends.

(a) Each Global Note shall bear the legend specified therefor in Exhibit A hereto on the face thereof.

(b) Each Restricted Note shall bear the private placement legend specified therefor in Exhibit A hereto on the face thereof (the "Private Placement Legend").

Section 2.9 Transfer and Exchange.

(a) Transfers of Beneficial Interests in a Rule 144A Global Note. If the owner of a beneficial interest in a Rule 144A Global Note that is a Restricted Note wishes to transfer such interest (or portion thereof) pursuant to Rule 144 (if available) or to a Non-U.S. Person pursuant to Regulation S:

(i) upon receipt by the Registrar of:

(A) instructions from an Agent Member given to DTC in accordance with the Applicable Procedures directing DTC to credit or cause to be credited a beneficial interest in the Regulation S Global Note in a principal amount equal to the principal amount of the beneficial interest to be transferred,

(B) instructions given in accordance with the Applicable Procedures containing information regarding the account to be credited with such increase, and

(C) a certificate in the form of Exhibit B or Exhibit C hereto, as applicable, duly executed by the transferor;

(ii) the Note Custodian shall increase the Regulation S Global Note and decrease the Rule 144A Global Note in accordance with the foregoing, and the Registrar shall register the transfer in the Note Register.

(b) Transfers of Beneficial Interests in a Regulation S Global Note. Subject to the Applicable Procedures, the following provisions shall apply with respect to any proposed transfer of an interest in a Regulation S Global Note that is a Restricted Note:

If the owner of a beneficial interest in a Regulation S Global Note that is a Restricted Note wishes to transfer such interest (or a portion thereof) to a QIB pursuant to Rule 144A:

(A) upon receipt by the Registrar of:

(1) instructions from an Agent Member given to DTC in accordance with the Applicable Procedures directing DTC to credit or cause to be credited a beneficial interest in the Rule 144A Global Note in a principal amount equal to the principal amount of the beneficial interest to be transferred,

(2) instructions given in accordance with the Applicable Procedures containing information regarding the account to be credited with such increase, and

(3) a certificate in the form of Exhibit D hereto, duly executed by the transferor;

(B) the Note Custodian shall increase the Rule 144A Global Note and decrease the Regulation S Global Note in accordance with the foregoing, and the Registrar shall register the transfer in the Note Register.

(c) Other Transfers. Any registration of transfer of Restricted Notes (including Certificated Notes) not described above (other than a transfer of a beneficial interest in a Global Note that does not involve an exchange of such interest for a Certificated Note or a beneficial interest in another Global Note, which must be effected in accordance with applicable law and the Applicable Procedures, but is not subject to any procedure required by this Indenture) shall be made only upon receipt by the Registrar of such Opinions of Counsel, certificates and such other evidence reasonably required by and satisfactory to it in order to ensure compliance with the Securities Act or in accordance with Section 2.9(d).

(d) Use and Removal of Private Placement Legends. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) not bearing (or not required to bear upon such transfer, exchange or replacement) a Private Placement Legend, the Note Custodian and Registrar shall exchange such Notes (or beneficial interests) for beneficial interests in a Global Note or Certificated Notes if they have been issued pursuant to Section 2.7(c) that does not bear a Private Placement Legend. Upon the registration of transfer, exchange or replacement of Notes (or beneficial interests in a Global Note) bearing a Private Placement Legend, the Note Custodian and Registrar shall deliver only Notes (or beneficial interests in a Global Note) that bear a Private Placement Legend unless:

(i) such Notes (or beneficial interests) are transferred pursuant to Rule 144 upon delivery to the Registrar of a certificate of the transferor in the form of Exhibit C hereto, and an Opinion of Counsel reasonably satisfactory to the Registrar;

(ii) such Notes (or beneficial interests) are transferred, replaced or exchanged after the Resale Restriction Termination Date therefor and, in the case of any such Restricted Notes, the Issuer has complied with the applicable procedures for delegending in accordance with Section 2.9(h); or

(iii) in connection with such registration of transfer, exchange or replacement the Registrar shall have received an Opinion of Counsel, certificates and such other evidence reasonably satisfactory to the Issuer and the Registrar to the effect that neither such Private Placement Legend nor the related restrictions on transfer are required in order to maintain compliance with the provisions of the Securities Act.

The Holder of a Global Note bearing a Private Placement Legend may exchange an interest therein for an equivalent interest in a Global Note not bearing a Private Placement Legend upon transfer of such interest pursuant to this Section 2.9(d).

(e) Consolidation of Global Notes and Exchange of Certificated Notes for Beneficial Interests in Global Notes. If a Global Note not bearing a Private Placement Legend is Outstanding at the time of a removal of legends pursuant to Section 2.9(h), any interests in a Global Note delegended pursuant to Section 2.9(h) shall be exchanged for interests in such Outstanding Global Note, subject to the proviso at the end of Section 2.14(a).

(f) Retention of Documents. The Registrar and the Trustee shall retain copies of all letters, notices and other written communications received pursuant to this Article II and in accordance with the Trustee's, or if different, the Registrar's, record retention procedures. The Issuer shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Registrar or the Trustee, as the case may be.

(g) General Provisions Relating to Transfers and Exchanges.

(i) Subject to the other provisions of this Section 2.9, when Notes are presented to the Registrar or a co-Registrar with a request to register the transfer of such Notes or to exchange such Notes for an equal principal amount of Notes of other authorized denominations, the Registrar or co-Registrar shall register the transfer or make the exchange as requested if its requirements for such transaction are met; *provided*, that any Notes presented or surrendered for registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar or co-Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.

(ii) To permit registrations of transfers and exchanges and subject to the other terms and conditions of this Article II, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, Certificated Notes and Global Notes, as applicable, at the Registrar's or co-Registrar's request.

(iii) No service charge shall be made to a Holder for any registration of transfer or exchange, but the Issuer and the Trustee may require payment of a sum sufficient to cover any transfer tax, assessments, or similar governmental charge payable in connection therewith (other than any such transfer taxes, assessments or similar governmental charges payable upon exchange or transfer pursuant to Section 3.8, Section 3.9, Section 5.1 or Section 9.5).

(iv) The Registrar or co-Registrar shall not be required to register the transfer of or exchange of (x) any Note for a period beginning 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.

(v) Prior to the due presentation for registration of transfer of any Note, the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar may deem and treat the Person in whose name a Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Note and for all other purposes whatsoever, whether or not such Note is overdue, and none of the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar or the Note Custodian shall be affected by notice to the contrary.

(vi) All Notes issued upon any transfer or exchange pursuant to the terms of this Indenture shall evidence the same debt and shall be entitled to the same benefits under this Indenture as the Notes surrendered upon such transfer or exchange.

(vii) Subject to Section 2.7 and this Section 2.9, in connection with the exchange of a portion of a Certificated Note for a beneficial interest in a Global Note, the Trustee shall cancel such Certificated Note, and the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery to the exchanging Holder, a new Certificated Note representing the principal amount not so exchanged.

(h) Applicable Procedures for Delegending.

(i) Promptly after one year has elapsed following (A) the Issue Date or (B) if the Issuer has issued Additional Notes with the same terms and the same CUSIP number as the Issue Date Notes pursuant to this Indenture within one year following the Issue Date, the date of original issuances of such Additional Notes, if the relevant Notes are freely tradable pursuant to Rule 144 under the Securities Act by Holders who are not Affiliates of the Issuer where no conditions of Rule 144 are then applicable (other than the holding period requirement in paragraph (d)(1)(ii) of Rule 144 so long as such holding period requirement is satisfied), the Issuer shall:

(1) instruct the Trustee in writing to remove the Private Placement Legend from such Notes, and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from any Global Notes representing such Notes without further action on the part of Holders;

(2) notify Holders of such Notes that the Private Placement Legend has been removed or deemed removed; and

(3) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

In no event will the failure of the Issuer to provide any notice set forth in this paragraph or of the Trustee to remove the Private Placement Legend constitute a failure by the Issuer to comply with any of its covenants or agreements set forth in Section 6.1 or otherwise. Any Restricted Note (or security issued in exchange or substitution therefor) as to which such restrictions on transfer shall have expired in accordance with their terms may, upon surrender of such Restricted Note for exchange to the Registrar in accordance with the provisions of Article II of this Indenture, be exchanged for a new Note or Notes, of like tenor and aggregate principal amount, which shall not bear the Private Placement Legend. The Issuer shall notify the Trustee in writing upon occurrence of the Resale Restriction Termination Date for any Note.

(ii) In the case of a Regulation S Global Note, after the Resale Restriction Termination Date of any such Regulation S Global Note, the Issuer may, at its sole option:

(1) instruct the Trustee in writing to remove the Private Placement Legend from such Regulation S Global Note (including setting forth the basis for such removal), and upon receipt of such instruction, the Private Placement Legend shall be deemed removed from such Regulation S Global Note without further action on the part of Holders; and

(2) instruct DTC to change the CUSIP number for such Notes to the unrestricted CUSIP number for the Notes.

(iii) Notwithstanding any provision herein to the contrary, in the event that Rule 144 as promulgated under the Securities Act (or any successor rule) is amended to change the one-year holding period thereunder (or the corresponding period under any successor rule), (A) each reference in this Section 2.9(h) to "one year" and in the Private Placement Legend described in Section 2.8(b) and Exhibit A hereto to "ONE YEAR" shall be deemed for all purposes hereof to be references to such changed period, and (B) all corresponding references in this Indenture (including the definition of Resale Restriction Termination Date), the Notes and the Private Placement Legends thereon shall be deemed for all purposes hereof to be references to such changed period; *provided*, that such changes shall not become effective if they are otherwise prohibited by, or would otherwise cause a violation of, the then-applicable federal securities laws; *provided further* that if such change does not apply to existing Notes, all references to "one year" in this Indenture shall not be deemed for all purposes hereof to be references to such changed period. This Section 2.9(h) shall apply to successive amendments to Rule 144 (or any successor rule) changing the holding period thereunder.

(i) No Obligation of the Trustee.

(i) The Trustee shall have no responsibility or obligation to any beneficial owner of an interest in a Global Note, Agent Members or any other

Persons with respect to the accuracy of the records of DTC or its nominee or of Agent Members, with respect to any ownership interest in the Notes or with respect to the delivery to any Agent Member, beneficial owner or other Person (other than DTC) of any notice (including any notice of redemption) or the payment of any amount or delivery of any Notes (or other security or property) under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders in respect of the Notes shall be given or made only to or upon the order of the registered Holders (which shall be DTC or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through DTC, subject to the applicable rules and procedures of DTC. The Trustee may rely and shall be fully protected in relying upon information furnished by DTC with respect to its Agent Members and any beneficial owners.

(ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Agent Members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Section 2.10 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If a mutilated Note is surrendered to the Registrar or if the Holder of a Note claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall execute, and upon Issuer Order, the Trustee shall authenticate and make available for delivery, a replacement Note for such mutilated, lost or stolen Note, of like tenor and principal amount, bearing a number not contemporaneously Outstanding if:

(i) the requirements of Section 8-405 of the Uniform Commercial Code are met,

(ii) the Holder satisfies any other reasonable requirements of the Trustee, and

(iii) neither the Issuer nor the Trustee has received notice that such Note has been acquired by a protected purchaser (as defined in Section 8-303 of the Uniform Commercial Code).

If required by the Trustee or the Issuer, such Holder shall furnish an affidavit of loss and indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar or any co-Registrar and the Note Custodian from any loss that any of them may suffer if a Note is replaced.

(b) Upon the issuance of any new Note under this Section 2.10, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) in connection therewith.

(c) Every new Note issued pursuant to this Section 2.10 in exchange for any mutilated Note, or in lieu of any destroyed, lost or stolen Note, shall constitute an original additional contractual obligation of the Issuer, any Note Guarantor and any other obligor upon the Notes, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

Section 2.11 Temporary Notes. Until definitive Notes are ready for delivery, the Issuer may execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, temporary Notes. Temporary Notes will be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer will prepare and execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery, definitive Notes. After the preparation of definitive Notes, the temporary Notes will be exchangeable for definitive Notes upon surrender of the temporary Notes at the office or agency maintained by the Issuer pursuant to Section 2.3 for that purpose and such exchange shall be without charge to the Holder. Upon surrender for cancellation of any one or more temporary Notes, the Issuer will execute, and upon Issuer Order, the Trustee will authenticate and make available for delivery in exchange therefor, one or more definitive Notes representing an equal principal amount of Notes. Until so exchanged, the Holder of temporary Notes shall in all respects be entitled to the same benefits under this Indenture as a Holder of definitive Notes.

Section 2.12 Cancellation. The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar, the Paying Agent and the Transfer Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel and dispose of canceled Notes in accordance with its policy of disposal or upon written request of the Issuer, return to the Issuer all Notes surrendered for registration of transfer, exchange, payment or cancellation. The Issuer may not issue new Notes to replace Notes it has paid or delivered to the Trustee for cancellation for any reason other than in connection with a registration of transfer or exchange upon Issuer Order.

Section 2.13 Defaulted Interest. When any installment of interest becomes overdue (a "Defaulted Interest"), such installment shall forthwith cease to be payable to the Holders in whose names the Notes were registered on the Record Date applicable to such installment of interest. Defaulted Interest (including any interest on such Defaulted Interest) shall be paid by the Issuer, at its election, as provided in clause (a) or clause (b) below.

(a) The Issuer may elect to make payment of any Defaulted Interest (including any interest payable on such Defaulted Interest) to the Holders in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest (a "Special Record Date"), which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid and the date of the proposed payment, and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as provided in this Section 2.13(a). Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen (15) calendar days and not less than ten (10) calendar days prior to the date of the proposed payment and not less than ten (10) calendar days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register, not less than ten (10) calendar days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Holders in whose names the Notes are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to clause (b) below; or

(b) The Issuer may make payment of any Defaulted Interest (including any interest on such Defaulted Interest) in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment pursuant to this Section 2.13(b), such manner of payment shall be deemed practicable by the Trustee. The Trustee shall in the name and at the expense of the Issuer cause prompt notice of the proposed payment and the date thereof to be sent, first-class mail, postage prepaid, to each Holder at such Holder's address as it appears in the Note Register.

Section 2.14 Additional Notes.

(a) The Issuer may, from time to time, subject to compliance with any other applicable provisions of this Indenture, without the consent of the Holders, create and issue pursuant to this Indenture additional notes ("Additional Notes") that shall have terms and conditions identical to those of the other Outstanding Notes, except with respect to:

(i) the Issue Date;

(ii) the amount of interest payable on the first Interest Payment Date therefor;

(iii) the issue price; and

(iv) any adjustments necessary in order to conform to and ensure compliance with the Securities Act (or other applicable securities laws) and any agreement applicable to such Additional Notes, which are not adverse in any material respect to the Holder of any Outstanding Notes (other than such Additional Notes).

The Issue Date Notes and any Additional Notes shall be treated as a single series for all purposes under this Indenture; *provided* that such Additional Notes are either (i) part of the same "issue" as the Issue Date Notes for U.S. federal income tax purposes, (ii) issued pursuant to a "qualified reopening" for U.S. federal income tax purposes, or (iii) issued with a different CUSIP or other similar numbers than the Issue Date Notes to the extent required to comply with securities or tax law requirements, including to permit delegending pursuant to Section 2.9(h).

(b) With respect to any Additional Notes, the Issuer will set forth in an Officer's Certificate of the Issuer (the "Additional Note Certificate"), copies of which will be delivered to the Trustee, the following information:

(i) the aggregate principal amount of such Additional Notes to be authenticated and delivered pursuant to this Indenture;

(ii) the Issue Date and the issue price of such Additional Notes; and

(iii) whether such Additional Notes will be subject to transfer restrictions under the Securities Act (or other applicable securities laws).

ARTICLE III

COVENANTS

Section 3.1 Payment of Notes.

(a) The Issuer shall pay the principal of and interest (including Defaulted Interest) on the Notes in U.S. Legal Tender on the dates and in the manner provided in the Notes and in this Indenture. Prior to 10:00 a.m. New York City time, on the Business Day prior to each Interest Payment Date and the Maturity Date, the Issuer shall deposit with the Paying Agent in immediately available funds U.S. Legal Tender sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. If the Issuer or an Affiliate of the Issuer is acting as Paying Agent, the Issuer or such Affiliate shall, prior to 10:00 a.m. New York City time on the Business Day prior to each Interest Payment Date and the Maturity Date, segregate and hold in trust U.S. Legal Tender, sufficient to make cash payments due on such Interest Payment Date or Maturity Date, as the case may be. Principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or an Affiliate of the Issuer) holds in accordance with this Indenture U.S. Legal Tender designated for and sufficient to pay all principal and interest then due and the Trustee or the Paying Agent, as the case may be, is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture.

(b) Notwithstanding anything to the contrary contained in this Indenture, the Issuer may, to the extent it is required to do so by law, deduct or withhold income or other similar taxes imposed by the United States of America from principal or interest.

(c) In order to comply with applicable tax laws (inclusive of rules, regulations and interpretations promulgated by competent authorities) related to the Indenture in effect from time to time ("Applicable Tax Law") that a foreign financial institution, issuer, trustee, paying agent or other party is or has agreed to be subject to, the Issuer agrees (i) to provide to the Trustee and the Paying Agent sufficient information about the parties and/or transactions (including any modification to the terms of such transactions) so the Trustee and the Paying Agent can determine whether it has tax related obligations under Applicable Tax Law, (ii) that the Trustee and the Paying Agent shall be entitled to make any withholding or deduction from payments to the extent necessary to comply with Applicable Tax Law for which the Trustee and the Paying Agent shall not have any liability and (iii) to hold harmless the Trustee and the Paying Agent for any losses it may suffer due to the actions it takes to comply with Applicable Tax Law. The terms of this section shall survive the termination of this Indenture.

Section 3.2 Maintenance of Office or Agency.

(a) The Issuer shall maintain each office or agency required under Section 2.3. The Issuer will give prompt written notice to the Trustee of any change in the location of any such office or agency. If at any time the Issuer shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Issuer hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

(b) The Issuer may also from time to time designate one or more other offices or agencies (in or outside of the City of New York) where the Notes may be presented or surrendered for registration of transfer or for exchange and may from time to time rescind any such designation; *provided, however*, that no such designation or rescission shall in any manner relieve the Issuer of its obligation to maintain an office or agency in the City of New York for such purposes. The Issuer will give prompt written notice to the Trustee of any such designation or rescission and any change in the location of any such other office or agency.

Section 3.3 Corporate Existence. Subject to Article IV, the Issuer will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence.

Section 3.4 Payment of Taxes and Other Claims. The Issuer will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon the Issuer or any Restricted Subsidiary or for which it or any of them are otherwise liable, or upon the income, profits or property of the Issuer or any Restricted Subsidiary and (ii) all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a liability or Lien upon the property of the Issuer or any Restricted Subsidiary; *provided, however,* that the Issuer shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings and for which appropriate reserves, if necessary (in the good faith judgment of the Issuer), are being maintained in accordance with GAAP or where the failure to effect such payment will not be disadvantageous to the Holders.

Section 3.5 Compliance Certificate. The Issuer and each Note Guarantor shall deliver to the Trustee within 105 days after the end of each fiscal year of the Issuer (which fiscal year ends on December 31 of each year, subject to any change in fiscal year following the Issue Date) an Officer's Certificate stating that in the course of the performance by the signers of their duties as Officers of the Issuer or such Note Guarantor, as the case may be, they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during the previous fiscal year. If they do, the certificate shall describe the Default or Event of Default, its status and what action the Issuer or such Note Guarantor is taking or proposes to take with respect thereto.

Section 3.6 Further Instruments and Acts.

(a) The Issuer and each Note Guarantor will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper or as the Trustee may reasonably request to carry out more effectively the purpose of this Indenture.

(b) The Issuer and the Note Guarantors shall take, and shall cause their Subsidiaries party thereto to take, any and all actions required under the Intercreditor Agreement and the Security Documents to cause the Intercreditor Agreement and the Security Documents to create and maintain, as security for the Obligations of the Issuer and the Note Guarantors hereunder, a valid and enforceable perfected security interest on all the Collateral, in favor of the Security Agent for the equal and ratable benefit of the Holders of the Notes, and the other Permitted Secured Obligations, first in priority to any and all security interests at any time granted upon the Collateral, subject in all respects to Liens imposed by law and Liens for judgments, taxes, assessments or governmental charges.

Section 3.7 Waiver of Stay, Extension or Usury Laws. The Issuer and each Note Guarantor covenant (to the fullest extent permitted by applicable law) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law that would prohibit or forgive the Issuer or such Note Guarantor from paying all or any portion of the principal of or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture. The Issuer and each Note Guarantor hereby expressly waives (to the fullest extent permitted by applicable law) all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 3.8 Change of Control.

(a) If a Change of Control occurs, each Holder will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon to, but not including, the date of purchase (the "Change of Control Payment") on the terms and conditions set forth herein.

(b) Within 30 days following the date upon which the Change of Control occurred, the Issuer shall send, electronically or by first-class mail, a Change of Control Notice to each Holder, with a copy to the Trustee, offering to purchase the Notes as described above (a "Change of Control Offer"). The Change of Control Notice shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is electronically sent or mailed, other than as may be required by law (the "Change of Control Payment Date").

(c) On the Change of Control Payment Date, the Issuer will, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered and not withdrawn pursuant to the Change of Control Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuer.

(d) If only a portion of a Note is purchased pursuant to a Change of Control Offer, a new Note in a principal amount equal to the portion thereof not purchased will be issued in the name of the Holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a Global Note will be made, as appropriate); *provided*, that each new Note shall be in a minimum principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. Notes (or portions thereof) purchased pursuant to a Change of Control Offer will be canceled and cannot be reissued.

(e) The Issuer will not be required to make a Change of Control Offer upon a Change of Control if:

(i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or

(ii) notice of redemption with respect to all Outstanding Notes has been given pursuant to this Indenture as described under Section 5.4 unless and until there is a default in payment of the applicable redemption price.

(f) The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations in connection with the purchase of Notes to the extent that they apply in connection with a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the "Change of Control" provisions of this Indenture, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Indenture by doing so.

Section 3.9 Limitation on Incurrence of Additional Indebtedness.

(a) The Issuer will not, and will not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness, including Acquired Indebtedness, except that the Issuer and/or any Restricted Subsidiary may Incur Indebtedness, including Acquired Indebtedness, if, at the time of and immediately after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio of the Issuer is greater than or equal to 2.0 to 1.0; *provided* that, the amount of Indebtedness that may be Incurred by Restricted Subsidiaries that are not Note Guarantors under this Section 3.9(a) (after giving *pro forma* effect to the Incurrence thereof and the application of the proceeds therefrom), shall not exceed the greater of (i) 10% of Consolidated Tangible Assets and (ii) U.S.$1.5 billion, at any one time outstanding.

(ii) Guarantees by the Issuer and/or any Note Guarantor of Indebtedness of the Issuer or any Restricted Subsidiary permitted under this Indenture; *provided*, that if any such Guarantee is of Subordinated Indebtedness, then the obligations of the Issuer under the Notes and this Indenture or the Note Guarantee of such Note Guarantor, as applicable, will be senior to the Guarantee of such Subordinated Indebtedness;

(iii) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries outstanding on the Issue Date (excluding Indebtedness permitted under clauses (v), (vi), (vii) or (x) of this definition of Permitted Indebtedness);

(iv) Hedging Obligations, Compensation Related Hedging Obligations and any Guarantees thereof and any reimbursement obligations with respect to letters of credit related thereto, in each case entered into by the Issuer and/or any of its Restricted Subsidiaries; *provided*, that upon the drawing of such letters of credit, such obligations are reimbursed within 30 days following such drawing;

(v) intercompany Indebtedness between the Issuer and any Restricted Subsidiary or between any Restricted Subsidiaries; *provided*, that in the event that at any time any such Indebtedness ceases to be held by the Issuer or a Restricted Subsidiary, such Indebtedness shall be deemed to be Incurred and not permitted by this clause (v) at the time such event occurs;

(vi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries arising from (A) the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds in the ordinary course of business; *provided*, that such Indebtedness is extinguished within five Business Days of Incurrence; or (B) any cash pooling or other cash management agreements in place with a bank or financial institution but only to the extent of offsetting credit balances of the Issuer and/or its Restricted Subsidiaries pursuant to such cash pooling or other cash management agreement;

(vii) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries represented by (A) endorsements of negotiable instruments in the ordinary course of business (excluding an *aval*), (B) documentary credits (including all forms of letter of credit), performance bonds or guarantees, advance payments, bank guarantees, bankers' acceptances, surety or appeal bonds or similar instruments for the account of, or guaranteeing performance by, the Issuer and/or any Restricted Subsidiary in the ordinary course of business, (C) reimbursement obligations with respect to letters of credit in the ordinary course of business, (D) reimbursement obligations with respect to letters of credit and performance Guarantees in the ordinary course of business to the extent required pursuant to the terms of any Investment made pursuant to clause (12) of the definition of "Permitted Investment" and (E) other Guarantees by the Issuer and/or any Restricted Subsidiary in favor of a bank or financial institution in respect of obligations of that bank or financial institution to a third party in an amount not to exceed U.S.$500.0 million at any one time outstanding; *provided*, that in the case of clauses (B), (C) and (D) above, upon the drawing of such letters of credit or the Incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or Incurrence;

(viii) Refinancing Indebtedness in respect of:

(A) Indebtedness (other than Indebtedness owed to the Issuer or any Subsidiary of the Issuer) Incurred pursuant to clause (a) above (it being understood that no Indebtedness outstanding on the Issue Date is Incurred pursuant to such clause (a) above), or

(B) Indebtedness Incurred pursuant to clause (i), (ii) or (iii) above or this clause (viii);

(ix) Capitalized Lease Obligations, Sale and Leaseback Transactions, export credit facilities with a maturity of at least one year and Purchase Money Indebtedness of, including Guarantees of any of the foregoing by, the Issuer and/or any Restricted Subsidiary, in an aggregate principal amount at any one time outstanding not to exceed U.S.$1.75 billion;

(xi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries in an aggregate amount not to exceed U.S.$1.0 billion at any one time outstanding; *provided*, that no more than U.S.$250.0 million of such Indebtedness at any one time outstanding (excluding any Indebtedness under a Permitted Liquidity Facility) may be Incurred by Restricted Subsidiaries that are not Note Guarantors, which amount shall be increased by the corresponding amount of other Indebtedness of Restricted Subsidiaries other than the Note Guarantors outstanding on the Issue Date and subsequently repaid from time to time but in any event not to exceed U.S.$500.0 million at any one time outstanding; *provided, further, however*, that (A) the Issuer and/or any of its Restricted Subsidiaries may Incur Indebtedness under a Permitted Liquidity Facility and (B) in the event that the Issuer and/or any of its Restricted Subsidiaries shall have Incurred Indebtedness under a Permitted Liquidity Facility that increases the amount outstanding at such time pursuant to this clause (xi) in excess of U.S.$1.0 billion, then up to U.S.$1.2 billion may be Incurred pursuant to this clause (xi) at any one time outstanding;

(xii) (A) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries in respect of factoring arrangements or Inventory Financing arrangements or (B) other Indebtedness of the Issuer and/or any of its Restricted Subsidiaries with a maturity of 12 months or less for working capital purposes, not to exceed in the aggregate at any one time (calculated as of the end of the most recent fiscal quarter for which consolidated financial information of the Issuer is available) the greater of:

(1) The sum of:

(x) 20% of the net book value of the inventory of the Issuer and its Restricted Subsidiaries and

(y) 20% of the net book value of the accounts receivable of the Issuer and its Restricted Subsidiaries (excluding accounts receivable pledged to secure Indebtedness or subject to a Qualified Receivables Transaction), less, in each case, the amount of any permanent repayments or reductions of commitments in respect of such Indebtedness made with the Net Cash Proceeds of an Asset Sale in order to comply with Section 3.12; or

(2) U.S.$350.0 million;

(xiii) [Reserved];

(xiv) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries for taxes levied, assessments due and other governmental charges required to be paid as a matter of law or regulation in the ordinary course of business; *provided*, that such Indebtedness shall be permitted to be Incurred only at such time that the 2017 Facilities Agreement (or any refinancing thereof) shall contain an exception to allow the Incurrence of Indebtedness to pay taxes;

(xv) [Reserved];

(xvi) Indebtedness of the Issuer and/or any of its Restricted Subsidiaries Incurred and/or issued to refinance Qualified Receivables Transactions in existence on the Issue Date;

(xvii) Acquired Indebtedness in an aggregate amount at any one time outstanding under this clause (xvii) not to exceed U.S.$200.0 million; and

(xviii)(A) any Indebtedness that constitutes an Investment that the Issuer and/or any of its Restricted Subsidiaries is contractually committed to Incur as of the Issue Date in any Person (other than a Subsidiary) in which the Issuer or any of its Restricted Subsidiaries maintains an Investment; and (B) Guarantees up to U.S.$100.0 million in any calendar year by the Issuer and/or any Restricted Subsidiary of Indebtedness of any Person in which the Issuer or any of its Restricted Subsidiaries maintains an Investment minus any Investment other than such guarantees in such Person during such calendar year pursuant to clause (17)(b) of the definition of "Permitted Investments."

(c) Notwithstanding anything to the contrary contained in this Section 3.9,

(i) The Issuer shall not, and shall not permit any Note Guarantor to, Incur any Permitted Indebtedness pursuant to Section 3.9(b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Indebtedness unless such Indebtedness shall be subordinated to the Notes or the applicable Note Guarantee, as the case may be, to at least the same extent as such Subordinated Indebtedness.

(ii) For purposes of determining compliance with, and the outstanding principal amount of, any particular Indebtedness Incurred pursuant to and in compliance with this Section 3.9, the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP. Accrual of interest, the accretion or amortization of original issue discount, the payment of regularly scheduled interest in the form of additional Indebtedness of the same instrument or the payment of regularly scheduled dividends on Disqualified Capital Stock in the form of additional Disqualified Capital Stock with the same terms will not be deemed to be an Incurrence of Indebtedness for purposes of this Section 3.9. For purposes of determining compliance with this Section 3.9, mark-to- market fluctuations of Hedging Obligations or derivatives shall not constitute Incurrence of Indebtedness.

(iii) For purposes of determining compliance with this Section 3.9, the principal amount of Indebtedness denominated in foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; *provided*, that if such Indebtedness is Incurred to refinance other Indebtedness denominated in foreign currency, and such refinancing would cause the applicable restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such restriction shall be deemed not to have been exceeded so long as the principal amount of such Refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this Section 3.9, the maximum amount of Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

(iv) For purposes of determining compliance with this Section 3.9:

(A) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including, without limitation, in Section 3.9(a), the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses and may later reclassify all or a portion of such item of Indebtedness as having been Incurred pursuant to any other clause to the extent such Indebtedness could be Incurred pursuant to such clause at the time of such reclassification; and

(B) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above, including, without limitation, Section 3.9(a).

Section 3.10 [Reserved].

(ii) purchase, redeem or otherwise acquire or retire for value:

(A) any Capital Stock of the Issuer (other than in connection with the settlement or termination of an Equity Derivative Agreement to the extent that such settlement or termination would be deemed to be a purchase or redemption of Capital Stock of the Issuer), or

(B) any Capital Stock of any Restricted Subsidiary held by an Affiliate of the Issuer or any Preferred Stock of a Restricted Subsidiary, except for:

(1) Capital Stock held by the Issuer or a Restricted Subsidiary, or

(2) purchases, redemptions, acquisitions or retirements for value of Capital Stock on a *pro rata* basis from the Issuer and/or any Restricted Subsidiaries, on the one hand, and minority holders of Capital Stock of a Restricted Subsidiary, on the other hand, according to their respective percentage ownership of the Capital Stock of such Restricted Subsidiary;

(iii) make any principal payment on, purchase, defease, redeem, prepay, decrease or otherwise acquire or retire for value, prior to any scheduled final maturity, scheduled repayment or scheduled sinking fund payment, as the case may be, any Subordinated Indebtedness (excluding any intercompany indebtedness); or

(iv) make any Investment (other than Permitted Investments);

if at the time of the Restricted Payment immediately after giving effect thereto:

(A) a Default or an Event of Default shall have occurred and be continuing;

(B) the Issuer is not able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a); or

(C) the aggregate amount (the amount expended for these purposes, if other than in cash, being the Fair Market Value of the relevant property at the time of the making thereof) of the proposed Restricted Payment and all other Restricted Payments made subsequent to the Issue Date up to the date thereof (including without duplication, Restricted Payments permitted by clause(b)(i) below, but excluding all other Restricted Payments permitted by clause (b) below), less any Investment Return calculated as of the date thereof, shall exceed the sum of:

(1) 50% of cumulative Consolidated Net Income of the Issuer (or, if cumulative Consolidated Net Income of the Issuer is a loss, 100% of the loss taken as a negative amount), accrued during the period, treated as one accounting period, beginning on January 1, 2017 to the end of the most recent fiscal quarter for which consolidated financial information of the Issuer is available, *less* the amount of cash benefits to the Issuer or a Restricted Subsidiary that the Issuer elects to net against Investments pursuant to clause (12) of the definition of "Permitted Investments"; plus

(2) 100% of the aggregate net cash proceeds received by the Issuer from any Person from any:

- contribution to the equity capital of the Issuer (not representing an interest in Disqualified Capital Stock) or issuance and sale of Qualified Capital Stock of the Issuer, in each case, subsequent to the Issue Date, or

- issuance and sale subsequent to the Issue Date (and, in the case of Indebtedness of a Restricted Subsidiary, at such time as it was a Restricted Subsidiary) of any Indebtedness for borrowed money of the Issuer or any Restricted Subsidiary that has been converted into or exchanged for Qualified Capital Stock of the Issuer, excluding, in each case, any net cash proceeds:
- received from a Subsidiary of the Issuer;
- used to redeem Notes under Article V;
- used to acquire Capital Stock or other assets from an Affiliate of the Issuer; or
- applied in accordance with clause (ii)(B) or (iii)(A) of Section 3.11(b) below; plus

(3) U.S.$500.0 million

(b) Notwithstanding Section 3.11(a), this Section 3.11 does not prohibit:

(i) the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration pursuant to Section 3.11(a);

(ii) if no Default or Event of Default shall have occurred and be continuing, the purchase, redemption or other acquisition or retirement for value of any Capital Stock of the Issuer or any Restricted Subsidiary,

(A) in exchange for Qualified Capital Stock of the Issuer, or

(B) through the application of the net cash proceeds received by the Issuer from a substantially concurrent sale of Qualified Capital Stock of the Issuer or a contribution to the equity capital of the Issuer not representing an interest in Disqualified Capital Stock, in each case, not received from a Subsidiary of the Issuer;

provided, that the value of any such Qualified Capital Stock issued in exchange for such acquired Capital Stock and any such net cash proceeds shall be excluded from Section 3.11(a)(C)(2) (and were not included therein at any time);

(iii) if no Default or Event of Default shall have occurred and be continuing, the voluntary prepayment, purchase, defeasance, redemption or other acquisition or retirement for value of any Subordinated Indebtedness:

(A) solely in exchange for, or through the application of net cash proceeds of a substantially concurrent sale, other than to a Subsidiary of the Issuer, of Qualified Capital Stock of the Issuer, or

(B) solely in exchange for Refinancing Indebtedness for such Subordinated Indebtedness,

provided, that the value of any Qualified Capital Stock issued in exchange for Subordinated Indebtedness and any net cash proceeds referred to above shall be excluded from Section 3.11(a)(C)(2) (and were not included therein at any time);

(iv) repurchases by the Issuer of Common Stock of the Issuer or options, warrants or other securities exercisable or convertible into Common Stock of the Issuer from employees or directors of the Issuer or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment or directorship of the employees or directors, in an amount not to exceed U.S.$5.0 million in any calendar year and any repurchases other than in connection with compensation of Common Stock of the Issuer pursuant to binding written agreements in effect on the Issue Date;

(v) payments of dividends on Disqualified Capital Stock issued pursuant to the covenant described under Section 3.9;

(vi) non-cash repurchases of Capital Stock deemed to occur upon exercise of stock options, warrants or other similar rights if such Capital Stock represents a portion of the exercise price of such options, warrants or other similar rights;

(vii) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Issuer;

(viii) purchases of any Subordinated Indebtedness of the Issuer (A) at a purchase price not greater than 101% of the principal amount thereof (together with accrued and unpaid interest) in the event of the occurrence of a Change of Control or (B) at a purchase price not greater than 100% of the principal amount thereof (together with accrued and unpaid interest) in the event of an Asset Sale in accordance with provisions similar to those set forth under Section 3.12; *provided, however*, that prior to such purchase of any such Subordinated Indebtedness, the Issuer has made the Change of Control Offer or Asset Sale Offer as provided under Section 3.8 or Section 3.12, respectively, and has purchased all Notes validly tendered and not properly withdrawn pursuant thereto;

(ix) recapitalization of earnings on or in respect of the Qualified Capital Stock of the Issuer pursuant to which additional Qualified Capital Stock of the Issuer or the right to subscribe for additional Capital Stock of the Issuer is issued to the existing shareholders of the Issuer on a *pro rata* basis (which, for the avoidance of doubt, shall not allow any payment in cash to be made in respect of Qualified Capital Stock of the Issuer pursuant to this clause (ix));

(x) the making of any payment on, or the purchase, defeasance, redemption, prepayment, decrease or other acquisition or retirement for value of, any Subordinated Indebtedness Incurred pursuant to Section 3.9(a) or Section 3.9(b)(iii);

(xi) Restricted Payments that, when taken together with all Restricted Payments made pursuant to this clause (xi), do not exceed U.S.$250.0 million in any calendar year; and

(xii) so long as no Event of Default has occurred and is continuing other Restricted Payments so long as, on the date of such Restricted Payment and after giving effect thereto on a *pro forma* basis, the Consolidated Leverage Ratio of the Issuer would be no greater than 3.75 to 1.0.

(c) The amount of all Restricted Payments (or transfer or issuance that would constitute Restricted Payments but for the exclusions from the definition thereof) and Permitted Investments (other than cash) will be the Fair Market Value on the date of the transfer or issuance of the asset(s) or securities proposed to be transferred or issued by the Issuer or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment (or transfer or issuance that would constitute a Restricted Payment but for the exclusions from the definition thereof) or Permitted Investment.

(d) For purposes of determining compliance with this Section 3.11, in the event that a proposed Restricted Payment (or a portion thereof) meets the criteria of clauses (i) through (xii) of Section 3.11(b) or is entitled to be made pursuant to Section 3.11(a) or as a Permitted Investment, the Issuer, in its sole discretion, will be able to classify or later reclassify (based on circumstances existing on the date of such reclassification) such Restricted Payment (or a portion thereof) between clauses (i) through (xii) of Section 3.11(b) and Section 3.11(a) or as a Permitted Investment in any manner that otherwise complies with this Section 3.11.

Section 3.12 Limitation on Asset Sales.

(a) The Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(i) the Issuer or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value (to be determined as of the date on which such sale is contracted) of the assets sold or otherwise disposed of, and

(ii) other than in respect of Permitted Asset Swap Transactions, at least 75% of the consideration received for the assets sold by the Issuer or the Restricted Subsidiary, as the case may be, in the Asset Sale shall be in the form of cash or Cash Equivalents received at the time of such Asset Sale; *provided, however*, for the purposes of this clause (ii), the following are also deemed to be cash or Cash Equivalents:

(A) the assumption of Indebtedness (other than Subordinated Indebtedness) of the Issuer or any Restricted Subsidiary and the release of the Issuer or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Sale;

(B) any securities, notes or obligation received by the Issuer or any Restricted Subsidiary from the transferee that are, within 180 days after the Asset Sale, converted by the Issuer or such Restricted Subsidiary into cash, to the extent of cash received in that conversion;

(C) Capital Stock of a Person who is or who, after giving effect to such Asset Sale, becomes, a Restricted Subsidiary; and

(D) any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in connection with such Asset Sale having an aggregate Fair Market Value which, when taken together with the Fair Market Value of all other Designated Non-cash Consideration received pursuant to this clause (D) since the Issue Date, does not exceed the sum of (1) 3.0% of Consolidated Tangible Assets of the Issuer calculated as of the end of the most recent fiscal quarter for which consolidated financial information is available (with the Fair Market Value of each item of Designated Non-cash Consideration being measured as of the date it was received and without giving effect to subsequent changes in value of any such item of Designated Non-cash Consideration) and (2) the amount of cash or Cash Equivalents received in connection with a subsequent sale of such Designated Non-cash Consideration.

(b) The Issuer or any Restricted Subsidiary may apply the Net Cash Proceeds of any such Asset Sale within 365 days thereof to:

(i) repay any Senior Indebtedness for borrowed money or constituting a Capitalized Lease Obligation and permanently reduce the commitments with respect thereto, or

(ii) purchase:

(A) assets (except for current assets as determined in accordance with GAAP or Capital Stock) to be used by the Issuer or any Restricted Subsidiary in a Permitted Business, or

(B) substantially all of the assets of a Permitted Business or Capital Stock of a Person engaged in a Permitted Business that will become, upon purchase, a Restricted Subsidiary from a Person other than the Issuer and its Restricted Subsidiaries.

(c) To the extent all or a portion of the Net Cash Proceeds of any Asset Sale are not applied within the 365 days of the Asset Sale as described in clause (i) or (ii) of Section 3.12(b), the Issuer will make an offer to purchase Notes (the "Asset Sale Offer"), at a purchase price equal to 100% of the principal amount of the Notes to be purchased, plus accrued and unpaid interest thereon, to, but not including, the date of purchase (the "Asset Sale Offer Amount"). The Issuer will purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis, and, at the Issuer's option, on a *pro rata* basis with the holders of any other Senior Indebtedness with similar provisions requiring the Issuer to offer to purchase the other Senior Indebtedness with the proceeds of Asset Sales, that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) of Notes and the other Senior Indebtedness to be purchased equal to such unapplied Net Cash Proceeds. The Issuer may satisfy its obligations under this Section 3.12 with respect to the Net Cash Proceeds of an Asset Sale by making an Asset Sale Offer prior to the expiration of the relevant 365-day period.

(d) Pending the final application of any Net Cash Proceeds pursuant to this Section 3.12, the holder of such Net Cash Proceeds may apply such Net Cash Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Cash Proceeds in any manner not prohibited by this Indenture.

(e) The purchase of Notes pursuant to an Asset Sale Offer shall occur not less than 20 Business Days following the date thereof, or any longer period as may be required by law, nor more than 45 days following the 365th day following the Asset Sale. The Issuer may, however, defer an Asset Sale Offer until there is an aggregate amount of unapplied Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.$100.0 million. At that time, the entire amount of unapplied Net Cash Proceeds, and not just the amount in excess of U.S.$100.0 million, shall be applied as required pursuant to this Section 3.12.

(f) Each Asset Sale Offer Notice shall be sent electronically or by first class mail, postage prepaid, to the record Holders as shown on the Note Register within 20 days following such 365th day (or such earlier date as the Issuer shall have elected to make such Asset Sale Offer), with a copy to the Trustee offering to purchase the Notes as described above. Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date the notice is sent or mailed, other than as may be required by law (the "Asset Sale Offer Payment Date"). Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes in whole or in part in minimum denominations of U.S.$200,000 and in any integral multiples of U.S.$1,000 in excess thereof in exchange for cash.

(g) On the Asset Sale Offer Payment Date, the Issuer shall, to the extent lawful:

(i) accept for payment all Notes or portions thereof properly tendered pursuant to the Asset Sale Offer;

(ii) deposit with the Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes or portions thereof so tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officer's Certificate stating the aggregate principal amount of the Notes or portions thereof being purchased by the Issuer.

(h) To the extent Holders of Notes and holders of other Senior Indebtedness, if any, which are the subject of an Asset Sale Offer properly tender and do not withdraw Notes or the other Senior Indebtedness in an aggregate amount exceeding the amount of unapplied Net Cash Proceeds, the Issuer shall purchase the Notes and the other Senior Indebtedness on a pro rata basis (based on amounts tendered). If only a portion of a Note is purchased pursuant to an Asset Sale Offer, a new Note in a principal amount equal to the portion thereof not purchased shall be issued in the name of the holder thereof upon cancellation of the original Note (or appropriate adjustments to the amount and beneficial interests in a global note shall be made, as appropriate). Notes (or portions thereof) purchased pursuant to an Asset Sale Offer shall be canceled and cannot be reissued.

(i) The Issuer shall comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable securities laws in connection with the purchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any applicable securities laws or regulations conflict with this Section 3.12, the Issuer shall comply with these laws and regulations and shall not be deemed to have breached its obligations under the "Asset Sale" provisions of this Indenture by doing so.

(j) Upon completion of an Asset Sale Offer, the amount of Net Cash Proceeds shall be reset at zero. Accordingly, to the extent that the aggregate amount of Notes and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of unapplied Net Cash Proceeds, the Issuer may use any remaining Net Cash Proceeds for general corporate purposes of the Issuer and its Restricted Subsidiaries.

(k) In the event of the transfer of substantially all (but not all) of the property and assets of the Issuer and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under Article IV, the Successor Issuer shall be deemed to have sold the properties and assets of the Issuer and its Restricted Subsidiaries not so transferred for purposes of this Section 3.12, and shall comply with the provisions of this Section 3.12 with respect to the deemed sale as if it were an Asset Sale. In addition, the Fair Market Value of properties and assets of the Issuer or its Restricted Subsidiaries so deemed to be sold shall be deemed to be Net Cash Proceeds for purposes of this Section 3.12.

(l) If at any time any non-cash consideration received by the Issuer or any Restricted Subsidiary, as the case may be, in connection with any Asset Sale, is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any non-cash consideration), the conversion or disposition shall be deemed to constitute an Asset Sale hereunder and the Net Cash Proceeds thereof shall be applied in accordance with this Section 3.12 within 365 days of conversion or disposition.

Section 3.13 [Reserved]

Section 3.14 Limitation on Designation of Unrestricted Subsidiaries.

(a) The Issuer may designate after the Issue Date any Subsidiary of the Issuer other than a Note Guarantor as an Unrestricted Subsidiary under this Indenture (a "Designation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Designation and any transactions between the Issuer or any of its Restricted Subsidiaries and such Unrestricted Subsidiary are in compliance with Section 3.18; and

(ii) the Issuer would be permitted to make an Investment at the time of Designation (assuming the effectiveness of such Designation and treating such Designation as an Investment at the time of Designation) as a Restricted Payment pursuant to Section 3.11(a) in an amount (the "Designation Amount") equal to the amount of the Issuer's Investment in such Subsidiary on such date.

(b) The Issuer may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation") only if:

(i) no Default or Event of Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and

(ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation, if Incurred at such time, would have been permitted to be Incurred for all purposes of this Indenture.

(c) The Designation of a Subsidiary of the Issuer as an Unrestricted Subsidiary shall be deemed to include the Designation of all of the Subsidiaries of such Subsidiary as Unrestricted Subsidiaries. All Designations and Revocations must be evidenced by an Officer's Certificate of the Issuer, delivered to the Trustee certifying compliance with the preceding provisions.

Section 3.15 Limitation on Dividends and Other Payment Restrictions Affecting Restricted Subsidiaries.

(a) Except as provided in clause (b) below, the Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Issuer or any other Restricted Subsidiary or pay any Indebtedness owed to the Issuer or any other Restricted Subsidiary;

(ii) make loans or advances to, or make any Investment in, the Issuer or any other Restricted Subsidiary; or

(iii) transfer any of its property or assets to the Issuer or any other Restricted Subsidiary.

(b) Section 3.15(a) shall not apply to encumbrances or restrictions existing under or by reason of:

(i) applicable law, rule, regulation or order;

(ii) this Indenture;

(iii) any encumbrance or restriction pursuant to an agreement in effect at or entered into on the Issue Date, and any amendments, restatements, renewals, replacements or refinancings thereof; *provided*, that any amendment, restatement, renewal, replacement or refinancing is not materially more restrictive with respect to such encumbrances or restrictions than those in existence on the Issue Date as determined in good faith by the Issuer's senior management;

(iv) customary non-assignment provisions of any contract and customary provisions restricting assignment or subletting in any lease governing a leasehold interest of any Restricted Subsidiary, or any customary restriction on the ability of a Restricted Subsidiary to dividend, distribute or otherwise transfer any asset which secures Indebtedness secured by a Lien, in each case permitted to be Incurred under this Indenture;

(v) any instrument governing Acquired Indebtedness not Incurred in connection with, or in anticipation or contemplation of, the relevant acquisition, merger or consolidation, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired;

(vi) restrictions with respect to a Restricted Subsidiary of the Issuer imposed pursuant to a binding agreement which has been entered into for the sale or disposition of Capital Stock or assets of such Restricted Subsidiary; *provided*, that such restrictions apply solely to the Capital Stock or assets of such Restricted Subsidiary being sold (and in the case of Capital Stock, its Subsidiaries);

(vii) customary restrictions imposed on the transfer of copyrighted or patented materials;

(viii) an agreement governing Indebtedness Incurred to Refinance the Indebtedness issued, assumed or Incurred pursuant to an agreement referred to in clause (iii) or (v) of this Section 3.15(b); *provided*, that such Refinancing agreement is not materially more restrictive with respect to such encumbrances or restrictions than those contained in the agreement referred to in such clause (iii) or (v) as determined in good faith by the Issuer's senior management;

(ix) Liens permitted to be Incurred pursuant to the provisions of the covenant described under Section 3.17 that limit the right of any person to transfer the assets subject to such Liens;

(x) Purchase Money Indebtedness for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions of the nature discussed in clause (iii) of Section 3.15(a) above on the property so acquired;

(xi) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management;

(xii) customary provisions in joint venture agreements relating to dividends or other distributions in respect of such joint venture or the securities, assets or revenues of such joint venture;

(xiii) restrictions in Indebtedness Incurred by a Restricted Subsidiary in compliance with the covenant described under Section 3.9; *provided*, that (A) such restrictions are not materially more restrictive with respect to such encumbrances and restrictions than those such Restricted Subsidiary was subject to in agreements related to obligations referenced in clause (iii) above as determined in good faith by the Issuer's senior management or (B) such Incurrence will not materially impair the Issuer's ability to make payments under the Notes when due as determined in good faith by the Issuer's senior management; and

(xiv) net worth provisions in leases entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business not materially more restrictive than those existing on the Issue Date as determined in good faith by the Issuer's senior management.

Section 3.16 Limitation on Layered Indebtedness. The Issuer shall not, and shall not permit any Note Guarantor to, directly or indirectly, Incur any Indebtedness that is subordinate in right of payment to any other Indebtedness, unless such Indebtedness is expressly subordinate in right of payment to the Notes or, in the case of a Note Guarantor, its Note Guarantee, to the same extent, on the same terms and for so long (except as a result of the provisions of the Intercreditor Agreement applicable to 2017 Facilities Agreement Indebtedness and any refinancing thereof) as such Indebtedness is subordinate to such other Indebtedness.

Section 3.17 Limitation on Liens. The Issuer shall not, and shall not cause or permit any of its Restricted Subsidiaries to, directly or indirectly, incur, grant, assume or suffer to exist any Liens of any kind (except for Permitted Liens) (a) against or upon any of their respective properties or assets, whether owned on the Issue Date or acquired after the Issue Date, or any proceeds therefrom, to secure any Indebtedness or trade payables or (b) deemed to exist in respect of Capitalized Lease Obligations (including any Capitalized Lease Obligations in respect of Sale and Leaseback Transactions), in each case, unless contemporaneously therewith effective provision is made:

(i) in the case of the Issuer or any Restricted Subsidiary that is not a Note Guarantor, to secure the Notes and all other amounts due under this Indenture; and

(ii) in the case of a Note Guarantor, to secure such Note Guarantor's Note Guarantee of the Notes and all other amounts due under this Indenture, in each case, equally and ratably with such Indebtedness or other obligation (or, in the event that such Indebtedness is subordinated in right of payment to the Notes or such Note Guarantee, as the case may be, prior to such Indebtedness or other obligation) with a Lien on the same properties and assets securing such Indebtedness or other obligation for so long as such Indebtedness or other obligation is secured by such Lien.

Section 3.18 Limitation on Transactions with Affiliates.

(a) The Issuer shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the purchase, sale, lease or exchange of any property or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (each an "Affiliate Transaction"), unless the terms of such Affiliate Transaction are no less favorable than those that could reasonably be expected to be obtained in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Issuer;

(b) The provisions of Section 3.18(a) above shall not apply to:

(i) Affiliate Transactions with or among the Issuer and any Restricted Subsidiary or between or among Restricted Subsidiaries;

(ii) reasonable fees and compensation paid to, and any indemnity provided on behalf of, officers, directors, employees, consultants or agents of the Issuer or any Restricted Subsidiary as determined in good faith by the Issuer's Board of Directors or, to the extent consistent with past practice, senior management;

(iii) Affiliate Transactions undertaken pursuant to any contractual obligations or rights in existence on the Issue Date (as in effect on the Issue Date with modifications, extensions and replacements thereof not materially adverse to the Issuer and its Restricted Subsidiaries) as determined in good faith by the Issuer's senior management;

(iv) any Restricted Payments in compliance with Section 3.11;

(v) payments and issuances of Qualified Capital Stock to any officers, directors and employees of the Issuer or any Restricted Subsidiary pursuant to any management equity plan or stock option plan or any other stock subscription or shareholder agreement, and any employment agreements, stock option plans or other compensatory arrangements (and any successor plans thereto) and any supplemental executive retirement benefit plans or arrangements with any such officers, directors or employees that are, in each case, approved in good faith by the Board of Directors or, to the extent consistent with past practice, senior management of the Issuer;

(vi) loans and advances to officers, directors and employees of the Issuer or any Restricted Subsidiary for travel, entertainment, moving and other relocation expenses, in each case made in the ordinary course of business in amounts consistent with the past practice of the Issuer or such Restricted Subsidiary; and

(vii) loans made by the Issuer or any Restricted Subsidiary to employees or directors in an aggregate amount not to exceed U.S.$15.0 million (or its equivalent in another currency) at any time outstanding.

Section 3.19 Conduct of Business. The Issuer and its Restricted Subsidiaries shall not engage in any business other than a Permitted Business.

Section 3.20 Reports to Holders.

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as any Notes remain outstanding, the Issuer shall:

(i) provide the Trustee and the Holders with:

(A) annual reports on Form 20-F (or any successor form) containing the information required to be contained therein (or such successor form) within the time period required under the rules of the Commission for the filing of Form 20-F (or any successor form) by “foreign private issuers” (as defined in Rule 3b-4 of the Exchange Act (or any successor rule));

(B) reports on Form 6-K (or any successor form) including, whether or not required, unaudited quarterly financial statements (which shall include at least a balance sheet, income statement and cash flow statement) including a discussion of financial condition and results of operations of the Issuer in accordance with past practice, within 45 days after the end of each of the first three fiscal quarters of each fiscal year;

(C) such other reports on Form 6-K (or any successor form) promptly from time to time after the occurrence of an event that would be required to be reported on a Form 6-K (or any successor form); and

(ii) file with the Commission, to the extent permitted, the information, documents and reports referred to in clause (i) within the periods specified for such filings under the Exchange Act (whether or not applicable to the Issuer).

(b) In addition, at any time when the Issuer is not subject to or is not current in its reporting obligations under clause (ii) of Section 3.20(a), the Issuer shall make available, upon request, to any Holder and any prospective purchaser of Notes the information required pursuant to Rule 144A(d)(4) under the Securities Act.

(c) Notwithstanding anything in this Indenture to the contrary, the Issuer shall not be deemed to have failed to comply with any of its obligations hereunder for purposes of clause (iv) of Section 6.1(a) or for any other purpose hereunder until 75 days after the date any report hereunder is due.

(d) Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee's receipt of such reports shall not constitute actual or constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 3.21 Payment of Additional Amounts.

(a) All payments made by the Issuer or the Note Guarantors under, or with respect to, the Notes shall be made free and clear of, and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively, "Taxes") imposed or levied by or on behalf of the United States, Mexico, Spain, the Netherlands, France, the United Kingdom, Switzerland or, in the event that the Issuer appoints additional paying agents, by the jurisdictions of such additional paying agents (a "Taxing Jurisdiction"), unless the Issuer or such Note Guarantor, as the case may be, is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

(b) If the Issuer or any Note Guarantor is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the Notes, the Issuer or such Note Guarantor, as the case may be, shall pay such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction shall not be less than the amount such Holder would have received if such Taxes had not been required to be withheld or deducted; *provided*, *however*, that the foregoing obligation to pay Additional Amounts does not apply to:

(i) any Taxes imposed solely because at any time there is or was a connection between the Holder and a Taxing Jurisdiction (other than the mere purchase of the Notes, or receipt of a payment or the ownership or holding of the Notes),

(ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax imposed with respect to the Notes,

(iii) any Taxes imposed solely because the Holder or any other person fails to comply with any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection with a Taxing Jurisdiction of the Holder or any beneficial owner of the Note, if compliance is required by the applicable law of the Taxing Jurisdiction as a precondition to exemption from, or reduction in the rate of, the tax, assessment or other governmental charge, and the Issuer has given the Holders at least 30 days' notice that Holders shall be required to provide such information and identification,

(iv) any Taxes payable otherwise than by deduction or withholding from payments on the Notes,

(v) [Reserved],

(vi) any Taxes that would have been avoided by presenting for payment (where presentation is required) the relevant Note to another Paying Agent,

(vii) any Taxes with respect to such Note presented for payment more than 30 days after the date on which the payment became due and payable or the date on which payment thereof is duly provided for and notice thereof given to Holders, whichever occurs later, except to the extent that the Holders of such Note would have been entitled to such Additional Amounts on presenting such Note for payment on any date during such 30 day period, or

(viii) any payment on the Note to a Holder that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the Additional Amounts had the beneficiary, settlor, member or beneficial owner been the Holder of the Note.

(c) The obligations in Section 3.21(a) and Section 3.21(b) shall survive any termination or discharge of this Indenture and shall apply mutatis mutandis to any Taxing Jurisdiction with respect to any successor to the Issuer or any Note Guarantor, as the case may be. The Issuer or such Note Guarantor, as applicable, shall (i) make such withholding or deduction and (ii) remit the full amount deducted or withheld to the relevant Taxing Jurisdiction in accordance with applicable law. The Issuer or such Note Guarantor, as applicable, shall use all reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any Taxes so deducted or withheld from each Taxing Jurisdiction imposing such Taxes and shall furnish such certified copies to the Trustee within 30 days after the date the payment of any Taxes so deducted or so withheld is due pursuant to applicable law or, if such tax receipts are not reasonably available to the Issuer or such Note Guarantor, as applicable, furnish such other documentation that provides reasonable evidence of such payment by the Issuer or such Note Guarantor, as applicable.

(d) The exception to the Issuer's obligations to pay Additional Amounts pursuant to clause (iii) of Section 3.21(c)will not apply if (i) the provision of information, documentation or other evidence described in such clause would be materially more onerous, in form, in procedure or in the substance of information disclosed, to a Holder or beneficial owner of a Note than comparable information or other reporting requirements imposed under U.S. tax law, regulation (including proposed regulations) and administrative practice, or (ii) Article 166, Section II, paragraph a), of the Mexican Income Tax Law (*Ley del Impuesto Sobre la Renta*) (or a substitute or equivalent provision) is in effect, unless (A) the provision of the information, documentation or other evidence described in clause (iii) of Section 3.21(b) is expressly required by the applicable Mexican laws and regulations in order to apply Article 166, Section II, paragraph a), of the Mexican Income Tax Law (or substitute or equivalent provision), (B) the Issuer or any Note Guarantor cannot obtain the information, documentation or other evidence necessary to comply with the applicable Mexican laws and regulations on its own through reasonable diligence and (C) the Issuer or any Note Guarantor would not otherwise meet the requirements for application of the applicable Mexican laws and regulations.

(e) Clause (iii) of Section 3.21(c)does not require, and shall not be construed to require, that any holder, including any non-Mexican pension fund, retirement fund, tax- exempt organization or financial institution, register with the Mexican Tax Management Service (*Servicio de Administración Tributaria*) or the Mexican Ministry of Finance and Public Credit (*Secretaría de Hacienda y Crédito Público*) to establish eligibility for an exemption from, or a reduction of, Mexican withholding taxes.

(f) Any reference in this Indenture, any supplemental indenture or the Notes to principal, premium, interest or any other amount payable in respect of the Notes by the Issuer shall be deemed also to refer to any Additional Amount that may be payable with respect to that amount under the obligations referred to in this subsection. Payment of any Additional Amounts with respect to interest shall be considered as an interest payment under, or with respect to, the Notes.

(g) In the event that Additional Amounts actually paid with respect to the Notes pursuant to this Section 3.21 are based on rates of deduction or withholding of withholding taxes in excess of the appropriate rate applicable to the Holder of such Notes, and as a result thereof such Holder is entitled to make a claim for a refund or credit of such excess from the authority imposing such withholding tax, then such Holder shall, by accepting such Notes, and without any further action, be deemed to have assigned and transferred all right, title and interest to any such claim for a refund or credit of such excess to the Issuer. However, by making such assignment, the Holder makes no representation or warranty that the Issuer shall be entitled to receive such claim for a refund or credit and incurs no other obligation with respect thereto.

Section 3.22 Suspension of Covenants.

(a) During any period of time that the Notes do not have Investment Grade Ratings from two of the Rating Agencies and (i) the Consolidated Leverage Ratio of the Issuer is less than 3.5:1 and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Partial Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.12, 3.14(b), 3.15, 3.18, 3.19, and 4.1(a)(ii) (collectively, the "Partial Suspended Covenants").

(b) During any period of time that (i) the Notes have Investment Grade Ratings from two of the Rating Agencies and (ii) no Default or Event of Default has occurred and is continuing (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a "Covenant Suspension Event"), the Issuer and its Restricted Subsidiaries shall not be subject to the provisions of this Indenture described under Sections 3.9, 3.11, 3.12, 3.14(b), 3.15, 3.16, 3.18, 3.19, and 4.1(a)(ii) (collectively, the "Suspended Covenants").

(c) In addition, (x) no Subsidiary that is a Restricted Subsidiary on the date of the occurrence of a Partial Covenant Suspension Event (the "Partial Covenant Suspension Date") or a Covenant Suspension Event (the "Suspension Date") may be redesignated as an Unrestricted Subsidiary during the Partial Suspension Period or the Suspension Period, as applicable and (y) the Additional Note Guarantor shall be released from its obligation to guarantee the Notes on the date of a Partial Covenant Suspension Event or a Covenant Suspension Event, as the case may be.

(d) The Additional Note Guarantor shall be released from its obligation to guarantee the Notes upon the occurrence of a Partial Covenant Suspension Event or a Covenant Suspension Event; *provided*, that upon the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, the guarantee of the Notes by the Additional Note Guarantor shall be reinstated in accordance with and subject to the conditions in Section 3.22(e).

(e) In the event that the Issuer and its Restricted Subsidiaries are not subject to the Partial Suspended Covenants or the Suspended Covenants, as the case may be, for any period of time as a result of the foregoing, and on any subsequent date (in the case of Partial Suspended Covenants, such subsequent date being the "Partial Covenant Reversion Date" and, in the case of Suspended Covenants, such subsequent date being the "Reversion Date") (i) the Consolidated Leverage Ratio of the Issuer is not less than 3.5:1 during the applicable Partial Suspension Period or (ii) the Notes do not have Investment Grade Ratings from at least two of the Rating Agencies during the applicable Suspension Period, then in each case in clauses (i) and (ii), the Issuer and its Restricted Subsidiaries will thereafter again be subject to the Partial Suspended Covenants or the Suspended Covenants, as applicable, and the Notes will again be guaranteed by the Additional Note Guarantor (unless, solely with respect to the Additional Note Guarantor, the conditions for release as described under Section 10.2 are otherwise satisfied during the Partial Suspension Period or the Suspension Period, as applicable). The Issuer shall cause the Additional Note Guarantor to promptly execute and deliver to the Trustee a supplemental indenture hereto in form and substance reasonably satisfactory to the Trustee in accordance with the provisions of Article IX, evidencing that the Additional Note Guarantor's guarantee on substantially the terms set forth in Article X. The period of time between the Partial Covenant Suspension Date and the Partial Covenant Reversion Date is referred to as the "Partial Suspension Period" and the period of time between the Suspension Date and the Reversion Date is referred to as the "Suspension Period." Notwithstanding that the Partial Suspended Covenants, the Suspended Covenants and the guarantees by the Additional Note Guarantor may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of a failure to comply with the Partial Suspended Covenants during the Partial Suspension Period or the Suspended Covenants during the Suspension Period, as the case may be (or upon termination of the applicable Partial Suspension Period or the Suspension Period or after that time based solely on events that occurred during the applicable Partial Suspension Period or the Suspension Period, as the case may be).

(f) On the Reversion Date, all Indebtedness Incurred during the Suspension Period shall be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (iii) of Section 3.9(b). Calculations made after the Reversion Date of the amount available to be made as Restricted Payments under Section 3.11 shall be made as though Section 3.11 had been in effect prior to, but not during, the Suspension Period. The Issuer will give the Trustee written notice of any occurrence of a Reversion Date not later than five (5) Business Days after such Reversion Date. After any such notice of the occurrence of a Reversion Date, the Trustee shall assume the Suspended Covenants apply and are in full force and effect. Accordingly, Restricted Payments made during the Suspension Period will not reduce the amount available to be made as Restricted Payments under Section 3.11(a).

(g) The Issuer will give the Trustee written notice of any Partial Covenant Suspension Event or any Covenant Suspension Event and in any case no later than five (5) Business Days after such Partial Covenant Suspension Event or Covenant Suspension Event has occurred. In the absence of such notice, the Trustee shall assume that the Partial Suspended Covenants or the Suspended Covenants, as applicable, apply and are in full force and effect.

ARTICLE IV
SUCCESSOR ISSUER

Section 4.1 Merger, Consolidation and Sale of Assets.

(a) The Issuer shall not, in a single transaction or series of related transactions, consolidate or merge with or into any Person (whether or not the Issuer is the surviving or continuing Person), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the Issuer's properties and assets (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), to any Person unless:

(i) either:

(A) the Issuer shall be the surviving or continuing corporation, or

(B) the Person (if other than the Issuer) formed by such consolidation or into which the Issuer is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries) substantially as an entirety (the "Successor Issuer"):

(1) shall be a Person organized and validly existing under the laws of Mexico, the United States of America, any State thereof or the District of Columbia, Canada, France, Belgium, Germany, Italy, Luxembourg, the Netherlands, Portugal, Spain, Switzerland or the United Kingdom, or any political subdivision thereof (the "Permitted Merger Jurisdictions"); and

(2) shall expressly assume, by a supplemental indenture (in form and substance satisfactory to the Trustee), executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the Notes and the performance and observance of every covenant of the Notes and this Indenture on the part of the Issuer to be performed or observed and provide the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged in connection with or in respect of such transaction), the Issuer or such Successor Issuer, as the case may be:

(A) shall have a Consolidated Fixed Charge Coverage Ratio that shall be not less than the Consolidated Fixed Charge Coverage Ratio of the Issuer immediately prior to such transaction; or

(B) shall be able to Incur at least U.S.$1.00 of additional Indebtedness pursuant to Section 3.9(a);

(iii) immediately before and immediately after giving effect to such transaction and the assumption contemplated by clause (i)(B)(2) of this Section 4.1(a) (including, without limitation, giving effect on a pro forma basis to any Indebtedness, including any Acquired Indebtedness, Incurred or anticipated to be Incurred or discharged and any Lien granted in connection with or in respect of the transaction), no Default or Event of Default shall have occurred or be continuing;

(iv) in the case of a transaction resulting in a Successor Issuer, each Note Guarantor has confirmed by supplemental indenture that its Note Guarantee shall apply for Obligations of the Successor Issuer in respect of this Indenture and the Notes; and

(v) if the Issuer merges with a Person, or the Successor Issuer is, organized under the laws of any of the Permitted Merger Jurisdictions, the Issuer or the Successor Issuer shall have delivered to the Trustee an Opinion of Counsel stating that, as applicable:

(A) the Holders of the Notes shall not recognize income, gain or loss for the purposes of the income tax laws of the United States or the applicable Permitted Merger Jurisdiction as a result of the transaction and shall be taxed in the Holder's home jurisdiction in the same manner and on the same amounts (assuming solely for this purpose that no Additional Amounts are required to be paid on the Notes) and at the same times as would have been the case if the transaction had not occurred;

(B) any payment of interest or principal under or relating to the Notes or any Guarantees shall be paid in compliance with any requirements under Section 3.21; and

(C) no other taxes on income, including capital gains, shall be payable by Holders of the Notes under the laws of the United States or the applicable Permitted Merger Jurisdiction relating to the acquisition, ownership or disposition of the Notes, including the receipt of interest or principal thereon; *provided*, that the Holder does not use or hold, and is not deemed to use or hold the Notes in carrying on a business in the United States or the applicable Permitted Merger Jurisdiction.

The provisions of clauses (ii) and (iii) of this Section 4.1(a) will not apply to:

(x) any transfer of the properties or assets of a Restricted Subsidiary to the Issuer;

(y) any merger of a Restricted Subsidiary into the Issuer; or

(z) any merger of the Issuer into a Note Guarantor or a Wholly Owned Subsidiary of the Issuer.

For purposes of this Section 4.1, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries of the Issuer, the Capital Stock of which constitutes all or substantially all of the properties and assets of the Issuer (determined on a consolidated basis for the Issuer and its Restricted Subsidiaries), shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

The Successor Issuer will succeed to, and be substituted for, the Issuer under this Indenture and the Notes, as applicable. For the avoidance of doubt, compliance with this Section 4.1 will not affect the obligations of the Issuer (including a Successor Issuer, if applicable) under Section 3.8 if applicable.

(b) Each Note Guarantor shall not, and the Issuer shall not cause or permit any such Note Guarantor to, consolidate with or merge into, or sell or dispose of all or substantially all of its assets to, any Person (other than the Issuer) that is not a Note Guarantor unless:

(i) such Person (if such Person is the surviving entity) (the "Successor Note Guarantor") assumes all of the obligations of such Note Guarantor in respect of its Note Guarantee by executing a supplemental indenture and providing the Trustee with an Officer's Certificate and Opinion of Counsel, and such transaction is otherwise in compliance with this Indenture;

(ii) such Note Guarantee is to be released as provided under Section 10.2(b); or

(iii) such sale or other disposition of substantially all of such Note Guarantor's assets is made in accordance with Section 3.12.

Subject to certain limitations described in this Indenture, the Successor Note Guarantor will succeed to, and be substituted for, such Note Guarantor under this Indenture and such Note Guarantor's Note Guarantee. The provisions of clauses (i), (ii) and (iii) of this Section 4.1(b) will not apply to:

(x) any transfer of the properties or assets of a Note Guarantor to the Issuer or another Note Guarantor;

(y) any merger of a Note Guarantor into the Issuer or another Note Guarantor; or

(z) any merger of a Note Guarantor into a Wholly Owned Subsidiary of the Issuer.

ARTICLE V
OPTIONAL REDEMPTION OF NOTES

Section 5.1 Optional Redemption. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, subject to the satisfaction of one or more conditions precedent and at the redemption prices specified in the Form of Note in Exhibit A hereto.

Section 5.2 [Reserved].

Section 5.3 Notices to Trustee. If the Issuer elects to redeem the Notes pursuant to the optional redemption provisions of Section 5.1 hereof, it shall furnish to the Trustee, at least 10 days but not more than 60 days before the Redemption Date, an Officer's Certificate setting forth: (a) the Redemption Date, (b) the principal amount of Notes to be redeemed, (c) the CUSIP number of the Notes, (d) the redemption price and (e) the amount of interest to be paid with respect to each multiple of U.S.$1,000 principal amount of Notes to be redeemed.

Section 5.4 Notice of Redemption.

(a) The Issuer shall prepare and deliver electronically in the case of global notes or mail or cause to be mailed a notice of redemption, in the manner provided for in Section 12.1, not less than 10 nor more than 60 days prior to the Redemption Date, to each Holder of Notes to be redeemed.

(b) All notices of redemption shall state:

(i) the Redemption Date,

(ii) the redemption price and the amount of any accrued interest payable as provided in Section 5.8,

(iii) whether or not the Issuer is redeeming all Outstanding Notes,

(iv) if the Issuer is not redeeming all Outstanding Notes, the aggregate principal amount of Notes that the Issuer is redeeming and the aggregate principal amount of Notes that will be Outstanding after the partial redemption, as well as the identification of the particular Notes, or portions of the particular Notes, that the Issuer is redeeming,

(v) if the Issuer is redeeming only part of a Note, the notice that relates to that Note shall state that on and after the Redemption Date, upon surrender of that Note, the Holder will receive, without charge, a new Note or Notes of authorized denominations for the principal amount of the Note remaining unredeemed,

(vi) that on the Redemption Date the redemption price and any accrued interest payable to the Redemption Date as provided in Section 5.8 will become due and payable in respect of each Note, or the portion of each Note, to be redeemed, and, unless the Issuer defaults in making the redemption payment, that interest on each Note, or the portion of each Note, to be redeemed, will cease to accrue on and after the Redemption Date,

(vii) the place or places where a Holder must surrender Notes for payment of the redemption price and any accrued interest payable on the Redemption Date, and

(viii) the CUSIP number, if any, listed in the notice or printed on the Notes, and that no representation is made as to the accuracy or correctness of such CUSIP number.

(c) In addition, if such redemption, purchase or notice is subject to satisfaction of one or more conditions precedent, as permitted by Section 5.1, such notice shall describe each such condition, and if applicable, shall state that, in the Issuer's discretion, the Redemption Date may be delayed until such time as any or all such conditions shall be satisfied, or such redemption or purchase may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the Redemption Date, or by the Redemption Date as so delayed.

(d) At the Issuer's request, the Trustee shall give the notice of redemption in the Issuer's names and at its expense; *provided*, *however*, that the Issuer shall have delivered to the Trustee, at least 45 days prior to the Redemption Date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding Section 5.4(b).

Section 5.5 Selection of Notes to Be Redeemed in Part.

(a) If the Issuer is not redeeming all Outstanding Notes, the Trustee shall select the Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by any other method in accordance with the applicable provisions of DTC or at the discretion of the Issuer; *provided*, *however*, that if a partial redemption is made with the proceeds of an Equity Offering, selection of the Notes, or portions of the Notes, for redemption shall be made by the Trustee only on a pro rata basis, or on as nearly a pro rata basis as is practicable (subject to the procedures of DTC), unless the method is otherwise prohibited. The Trustee shall make the selection from the then Outstanding Notes not previously called for redemption. The Trustee shall promptly notify the Issuer in writing of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount of the Notes to be redeemed. In the event of a partial redemption by lot, the Trustee shall select the particular Notes to be redeemed not less than 10 nor more than 60 days prior to the relevant Redemption Date from the then Outstanding Notes not previously called-for redemption. No Notes of U.S.$200,000 principal amount or less shall be redeemed in part. The Trustee may select for redemption portions with minimum denominations of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

(b) For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to redemption of Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of that Note which has been or is to be redeemed.

Section 5.6 Effect of Notice of Redemption. Once a notice of redemption is sent in accordance with Section 5.3 hereof, Notes called for redemption become irrevocably due and payable on the Redemption Date at the redemption price (assuming the satisfaction of any conditions precedent).

Section 5.7 Deposit of Redemption Price. On or prior to 10:00 a.m. New York City time, on the Business Day prior to the Redemption Date, the Issuer shall deposit with the Trustee or with a Paying Agent (or, if the Issuer or a Note Guarantor is acting as the Paying Agent, segregate and hold in trust as provided in Section 2.4) an amount of money in immediately available funds sufficient to pay the redemption price of, and accrued interest on, all the Notes that the Issuer is redeeming on that date.

Section 5.8 Notes Payable on Redemption Date. If the Issuer, or the Trustee on behalf of the Issuer, gives notice of redemption in accordance with this Article V, the Notes, or the portions of Notes, called-for redemption, shall, on the Redemption Date, become due and payable at the redemption price specified in the notice (together with accrued interest, if any, to the Redemption Date), and from and after the Redemption Date (unless the Issuer shall default in the payment of the redemption price and accrued interest) the Notes or the portions of Notes shall cease to bear interest. Upon surrender of any Note for redemption in accordance with the notice, the Issuer shall pay the Notes at the redemption price, together with accrued interest, if any, to the Redemption Date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant Interest Payment Date). If the Issuer shall fail to pay any Note called-for redemption upon its surrender for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate borne by the Notes.

Section 5.9 Unredeemed Portions of Partially Redeemed Note. Upon surrender of a Note that is to be redeemed in part, the Issuer shall execute, and the Trustee shall authenticate and make available for delivery to the Holder of the Note, at the expense of the Issuer, a new Note or Notes, of any authorized denomination as requested by the Holder, in an aggregate principal amount equal to, and in exchange for, the unredeemed portion of the principal of the Note surrendered, *provided*, that each new Note will be in a principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof.

ARTICLE VI
DEFAULTS AND REMEDIES

Section 6.1 Events of Default.

(a) Each of the following is an “Event of Default”:

(i) default in the payment when due of the principal of or premium, if any, on any Notes, including the failure to make a required payment to purchase Notes tendered pursuant to an optional redemption, a Change of Control Offer or an Asset Sale Offer;

(ii) default for 30 days or more in the payment when due of interest or Additional Amounts on any Notes;

(iii) the failure to perform or comply with any of the provisions described under Article IV;

(iv) the failure by the Issuer or any Restricted Subsidiary to comply with, or in the case of Restricted Subsidiaries that are not Note Guarantors, to perform according to, any other covenant or agreement contained in this Indenture or in the Notes for 45 days or more after written notice to the Issuer from the Trustee or the Holders of at least 25% in aggregate principal amount of the then Outstanding Notes;

(v) default by the Issuer or any Restricted Subsidiary under any Indebtedness which:

(A) is caused by a failure to pay principal of, or premium, if any, when due or interest on such Indebtedness prior to the later of the expiration of any applicable grace period provided in such Indebtedness on the date of such default or five (5) days past when due; or

(B) results in the acceleration of such Indebtedness prior to its stated maturity;

and the principal or accreted amount of Indebtedness covered by clauses (v)(A) or (v)(B) of this (a) at the relevant time, aggregates U.S.$50.0 million or more;

(vi) failure by the Issuer or any of its Restricted Subsidiaries to pay one or more final judgments against any of them, aggregating U.S.$100.0 million or more, which judgment(s) are not paid, discharged or stayed for a period of 60 days or more;

(vii) a Bankruptcy Event of Default; or

(viii) except as permitted herein, any Note Guarantee is held to be unenforceable or invalid in a judicial proceeding or ceases for any reason to be in full force and effect or any Note Guarantor, or any Person acting on behalf of any Note Guarantor, denies or disaffirms such Note Guarantor’s obligations under its Note Guarantee.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

(b) The Issuer shall deliver within 30 days to the Trustee written notice of any event which would constitute a Default or Event of Default, their status and what action the Issuer is taking or proposes to take in respect thereof.

Section 6.2 Acceleration.

(a) If an Event of Default (other than an Event of Default specified in clause (vii) of Section 6.1(a) above with respect to the Issuer) shall occur and be continuing, the Trustee or the Holders of at least 25% in principal amount of then Outstanding Notes may declare the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes to be immediately due and payable by notice in writing to the Issuer and the Trustee specifying the Event of Default and that it is a "notice of acceleration." If an Event of Default specified in clause (vii) of Section 6.1(a) above occurs with respect to the Issuer, then the unpaid principal of (and premium, if any) and accrued and unpaid interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

(b) At any time after a declaration of acceleration with respect to the Notes as described in the preceding paragraph, the Holders of a majority in principal amount of the Notes may rescind and cancel such declaration and its consequences:

(i) if the rescission would not conflict with any judgment or decree;

(ii) if all existing Events of Default have been cured or waived, except nonpayment of principal or interest that has become due solely because of the acceleration;

(iii) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and

(iv) if the Issuer has paid the Trustee its reasonable compensation and reimbursed the Trustee for its reasonable expenses, disbursements and advances.

(c) The Trustee is not to be charged with knowledge of any Default or Event of Default or knowledge of any cure of any Default or Event of Default unless written notice of such Default or Event of Default has been given to an authorized officer of the Trustee with direct responsibility for the administration of this Indenture by the Issuer or any Holder.

Section 6.3 Other Remedies.

(a) If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal of and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

(b) The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative to the extent permitted by law.

Section 6.4 Waiver of Past Defaults. Subject to Section 6.2, the Holders of a majority in principal amount of the then Outstanding Notes may waive any existing Default or Event of Default, and its consequences, except a default in the payment of the principal of, premium, if any, or interest on any Notes.

Section 6.5 Control by Majority. The Holders of a majority in principal amount of the then Outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. Subject to Section 7.1 and Section 7.2, however, the Trustee may refuse to follow any direction that conflicts with law or this Indenture; *provided*, *however*, that the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.6 Limitation on Suits.

(a) No Holder of any Notes shall have any right to institute any proceeding with respect hereto or for any remedy hereunder, unless:

(i) such Holder gives to the Trustee written notice of a continuing Event of Default;

(ii) Holders of at least 25% in principal amount of the then Outstanding Notes make a written request to pursue the remedy;

(iii) such Holders of the Notes provide to the Trustee indemnity satisfactory to it;

(iv) the Trustee does not comply within 60 days; and

(v) during such 60-day period the Holders of a majority in principal amount of the then Outstanding Notes do not give the Trustee a written direction which, in the opinion of the Trustee, is inconsistent with the request;

provided, that a Holder of a Note may institute suit for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.7 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture (including, without limitation, Section 6.6), the right of any Holder to receive payment of principal or interest on the Notes held by such Holder, on or after the respective due dates, Redemption Dates or repurchase date expressed in this Indenture or the Notes, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.8 Collection Suit by Trustee. If an Event of Default specified in clause (i) and (ii) of Section 6.1(a) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer and each Note Guarantor for the whole amount then due and owing (together with applicable interest on any overdue principal and, to the extent lawful, interest on overdue interest) and the amounts provided for in Section 7.7.

Section 6.9 Trustee May File Proofs of Claim, etc.

(a) The Trustee may (irrespective of whether the principal of the Notes is then due):

(i) file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders under this Indenture and the Notes allowed in any bankruptcy, insolvency, liquidation or other judicial proceedings relative to the Issuer, any Note Guarantor or any Subsidiary of the Issuer or their respective creditors or properties; and

(ii) collect and receive any monies or other property payable or deliverable in respect of any such claims and distribute them in accordance with this Indenture.

Any receiver, trustee, liquidator, sequestrator (or other similar official) in any such proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, taxes, disbursements and advances of the Trustee, its agent and counsel, and any other amounts due to the Trustee pursuant to Section 7.7.

(b) Nothing in this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 Priorities. If the Trustee collects any money or property pursuant to this Article VI, it shall pay out the money or property in the following order:

FIRST: to the Trustee for amounts due under Section 7.7;

SECOND: if the Holders proceed against the Issuer directly without the Trustee in accordance with this Indenture, to Holders for their collection costs;

THIRD: to Holders for amounts due and unpaid on the Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal and interest, respectively; and

FOURTH: to the Issuer or, to the extent the Trustee collects any amount pursuant to Article X hereof from any Note Guarantor, to such Note Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may, upon notice to the Issuer, fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by the Issuer, a suit by a Holder pursuant to Section 6.7 or a suit by Holders of more than 10% in principal amount of Outstanding Notes.

ARTICLE VII
TRUSTEE

Section 7.1 Duties of Trustee.

(a) If a Default or an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) Except during the continuance of a Default or an Event of Default:

(i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, in the case of any such certificates or opinions that by any provisions hereof are specifically required to be furnished to the Trustee, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(i) this clause (c) does not limit the effect of clause (b) of this Section 7.1;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.2, 6.4 or 6.5.

(d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.

(e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(f) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article VII.

(h) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Issuer shall be sufficient if signed by an Officer of the Issuer.

(i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities that might be incurred by it in compliance with such request or direction.

Section 7.2 Rights of Trustee.

Subject to Section 7.1:

(a) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting at the direction of the Issuer or any Note Guarantor, it may require an Officer's Certificate or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on an Officer's Certificate or Opinion of Counsel.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; *provided*, *however*, that the Trustee's conduct does not constitute willful misconduct or negligence.

(e) The Trustee may consult with counsel of its selection, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) If the Trustee shall determine, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney.

(g) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Trust Officer of the Trustee has received written notice at the Corporate Trust Office of any event which is in fact such a default, and such notice references the Notes and this Indenture.

(h) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.

(i) The Trustee may request that the Issuer deliver an Officer's Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any Person authorized to sign an Officer's Certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

(j) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(k) In no event shall the Trustee be liable, directly or indirectly, for any special, indirect, punitive or consequential damages, even if the Trustee has been advised of the possibility of such damages.

(l) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots, interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(m) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

Section 7.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer, the Note Guarantors or any Affiliate of the Issuer with the same rights it would have if it were not Trustee. Any Paying Agent, Transfer Agent, Registrar or co-Registrar may do the same with like rights. However, the Trustee must comply with Section 7.10.

Section 7.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

Section 7.5 Notice of Defaults. If a Default or Event of Default occurs and is continuing and if a Trust Officer has actual knowledge thereof, the Trustee shall deliver to each Holder notice of the Default or Event of Default within 90 days after the occurrence thereof. Except in the case of a Default or Event of Default in payment of principal or interest on any Note (including payments pursuant to the optional redemption or required repurchase provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Trust Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.6 [Reserved].

Section 7.7 Compensation and Indemnity.

(a) The Issuer shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder as the Issuer and the Trustee shall from time to time agree in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, costs of preparing and reviewing reports, certificates and other documents, costs of preparation and mailing of notices to Holders and reasonable costs of counsel retained by the Trustee in connection with the review, negotiation, execution and delivery of this Indenture or otherwise, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts.

(b) The Issuer and each Note Guarantor shall jointly and severally indemnify the Trustee against any and all loss, liability or expense (including reasonable attorneys' fees and expenses) incurred by it without negligence, willful misconduct or bad faith on its part in connection with the acceptance and administration of this trust and the performance of its duties hereunder, including the costs and expenses of enforcing this Indenture (including this Section 7.7) and of defending itself against any claims (whether asserted by any Holder, the Issuer, any Note Guarantor or otherwise). The Trustee shall notify the Issuer and each Note Guarantor promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer or any Note Guarantor shall not relieve the Issuer or any Note Guarantor of its obligations hereunder. The Issuer shall defend the claim and the Trustee may have separate counsel and the Issuer shall pay the fees and expenses of such counsel; *provided*, that the Issuer shall not be required to pay such fees and expenses if it assumes the Trustee's defense, and, in the reasonable judgment of outside counsel to the Trustee, there is no conflict of interest between the Issuer and the Trustee in connection with such defense. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(c) To secure the Issuer's payment obligations in this Section 7.7, the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee other than money or property held in trust to pay principal of and interest on particular Notes. The Trustee's right to receive payment of any amounts due under this Section 7.7 shall not be subordinate to any other liability or Indebtedness of the Issuer.

(d) The Issuer's obligations pursuant to this Section 7.7 shall survive the discharge of this Indenture and the resignation or removal of the Trustee. When the Trustee incurs expenses after the occurrence of a Bankruptcy Event of Default, the expenses are intended to constitute expenses of administration under any Bankruptcy Law; *provided, however*, that this shall not affect the Trustee's rights as set forth in this Section 7.7 or Section 6.10.

Section 7.8 Replacement of Trustee.

(a) The Trustee may resign at any time by so notifying the Issuer. The Holders of a majority in principal amount of the then Outstanding Notes may upon 30 days prior written notice remove the Trustee by so notifying the Trustee and may appoint a successor Trustee reasonably acceptable to the Issuer. The Issuer shall remove the Trustee if:

(i) the Trustee fails to comply with Section 7.10;

(ii) the Trustee is adjudged bankrupt or insolvent;

(iii) a receiver or other public officer takes charge of the Trustee or its property; or

(iv) the Trustee otherwise becomes incapable of acting.

(b) If the Trustee resigns or is removed by the Issuer or by the Holders of a majority in principal amount of the then Outstanding Notes and such Holders do not reasonably promptly appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

(c) A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.7(c).

(d) If a successor Trustee does not take office within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee or the Holders of 10% in principal amount of the then Outstanding Notes may petition, at the Issuer's expense, any court of competent jurisdiction for the appointment of a successor Trustee.

(e) If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) Notwithstanding the replacement of the Trustee pursuant to this Section 7.8, the Issuer's obligations under Section 7.7 shall continue for the benefit of the retiring Trustee.

Section 7.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another Person, the resulting, surviving or transferee Person without any further act shall be the successor Trustee.

(b) In case at the time such successor or successors to the Trustee shall succeed to the trusts created by this Indenture, any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such certificates of authentication and such delivery shall be valid for purposes of this Indenture.

Section 7.10 Eligibility; Disqualification. The Trustee shall at all times be a Trustee hereunder that is a Person organized and doing business under the laws of the United States or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has, together with its parent, a combined capital and surplus of at least U.S.$50,000,000 as set forth in its most recent published annual report of condition.

Section 7.11 [Reserved].

Section 7.12 [Reserved].

Section 7.13 Authorization and Instruction of the Trustee With Respect to the Collateral. Each Holder and the Issuer authorize and instruct the Trustee (a) to enter into (or cause an agent or grant such powers of attorney to enter into), on its own behalf and on behalf of the Holders of Notes, such documents (the "Security Documents") as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) in order to create and maintain the security interest of the Trustee and the Holders of Notes in the Collateral as may from time to time be provided to equally and ratably secure the Notes, (b) to grant such powers of attorney and to do or cause to be done all such acts and things, on its own behalf and in the name and on behalf of the Holders of Notes, as are necessary or desirable (which shall be evidenced by a written instruction from the Issuer to the Trustee) to create and maintain the security interest of the Trustee and the Holders of Notes in such Collateral, (c) to appoint the Security Agent to serve as direct representative of the Trustee and the Holders of Notes in connection with the creation and maintenance of the security interest of the Trustee and the Holders of Notes in such Collateral, (d) to accept the security interest in the Collateral on behalf of each Holder, and (e) to grant powers in favor of an attorney to execute an accession public deed before a Spanish notary public accepting the security interest in the Collateral on behalf of the Holders of Notes. It is understood and acknowledged that, in certain circumstances, the Security Documents may be amended, modified or waived without the consent of the Trustee or the Holders of Notes. It is understood and acknowledged that the Security Agent, in addition to being appointed by and acting on behalf of the Trustee and the Holders of Notes, has also been appointed by and is acting on behalf of (and may in the future be appointed by and act on behalf of) other creditors of the Issuer and its Subsidiaries. The Trustee will not have the right to cause the Security Agent to foreclose on the Collateral upon the occurrence of an Event of Default in respect of the Notes. The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Issuer and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

ARTICLE VIII

DEFEASANCE; DISCHARGE OF INDENTURE

Section 8.1 Legal Defeasance and Covenant Defeasance.

(a) The Issuer may, at its option, at any time, elect to have either Section 8.1(b) or Section 8.1(c) be applied to all Outstanding Notes upon compliance with the conditions set forth in Section 8.2.

(b) Upon the Issuer's exercise under Section 8.1(a) of the option applicable to this clause (b), the Issuer shall, subject to the satisfaction of the conditions set forth in Section 8.2, be deemed to have been discharged from its obligations with respect to all Outstanding Notes on the date all of the conditions set forth in Section 8.2 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuer shall be deemed to have paid and discharged the entire Indebtedness represented by the then Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of Section 8.3 hereof and the other sections of this Indenture referred to in subclause (i) or (ii) of this clause (b), and to have satisfied all its other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following provisions, which shall survive until otherwise terminated or discharged hereunder:

(i) the rights of Holders of Outstanding Notes to receive solely from the trust fund described in Section 8.3, and as more fully set forth in Section 2.4 payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due,

(ii) the Issuer's obligations with respect to such Notes under Article II and Section 3.2 hereof,

(iii) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's obligations in connection therewith, and

(iv) this Article VIII.

Subject to compliance with this Article VIII, the Issuer may exercise its option under this clause (b) notwithstanding the prior exercise of its option under Section 8.1(c) hereof.

(c) Upon the Issuer's exercise under Section 8.1(a) hereof of the option applicable to this clause (c), the Issuer shall, subject to the satisfaction of the applicable conditions set forth in Section 8.2, be released from its obligations under Sections 3.4, 3.5, 3.8, 3.9, 3.11, 3.12, 3.14, 3.15, 3.16, 3.17, 3.18, 3.19, 3.20, 3.21, 3.22, 4.1(a) and 4.1(b) hereof with respect to the then Outstanding Notes on and after the date the conditions set forth below are satisfied (hereinafter, "Covenant Defeasance"), and the Notes shall thereafter be deemed not Outstanding for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be Outstanding for all other purposes hereunder (it being understood that such Notes shall not be deemed Outstanding for accounting purposes). For this purpose, such Covenant Defeasance means that, with respect to the then Outstanding Notes, the Issuer may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event or Default under clause (iii) of Section 6.1(a) (solely with respect to any failure to perform under or comply with clause (ii) or (iii) of Section 4.1(a)), clause (iv) of Section 6.1(a) or clause (v) of Section 6.1(a) hereof, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.2 Conditions to Defeasance. The Issuer may exercise its Legal Defeasance option or its Covenant Defeasance option only if:

(a) the Issuer has irrevocably deposited with the Trustee, in trust, for the benefit of the Holders cash in U.S. Legal Tender or U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest (including Additional Amounts) on the Notes on the stated date for payment thereof or on the applicable Redemption Date, as the case may be; *provided* that (x) upon any redemption that requires the payment of a Make-Whole Amount, the amount deposited will be sufficient for purposes of the Indenture to the extent that an amount is deposited with the Trustee equal to the Make-Whole Amount calculated as of the date of the notice of redemption, with any deficit as of the date of redemption only required to be deposited with the Trustee on or prior to the date of redemption and (y) such deficit amount will be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such deficit amount that confirms that such deficit amount will be applied toward such redemption;

(b) in the case of Legal Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer to the effect that:

(i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling; or

(ii) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall state that, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer has delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) to the effect that the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default shall have occurred and be continuing on the date of the deposit pursuant to Section 8.2(a) (except any Default or Event of Default resulting from the failure to comply with Section 3.9 as a result of the borrowing of the funds required to effect such deposit);

(e) the Trustee has received an Officer's Certificate stating that such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under this Indenture or any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound;

(f) the Issuer has delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of preferring the Holders over any other creditors of the Issuer or any Subsidiary of the Issuer or with the intent of defeating, hindering, delaying or defrauding any other creditors of the Issuer or others;

(g) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel from counsel reasonably acceptable to the Trustee (subject to customary exceptions and exclusions) and independent of the Issuer, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(h) the Issuer has delivered to the Trustee an Opinion of Counsel from counsel reasonably acceptable to the Trustee and independent of the Issuer to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940.

Section 8.3 Application of Trust Money. The Trustee shall hold in trust U.S. Legal Tender or U.S. Government Obligations deposited with it pursuant to this Article VIII. It shall apply the deposited U.S. Legal Tender or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of and interest on the Notes.

Section 8.4 Repayment to Issuer.

(a) The Trustee and the Paying Agent shall promptly turn over to the Issuer upon written request any excess money or securities held by them upon payment of all the obligations under this Indenture.

(b) Subject to any applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal of, premium or interest on the Notes that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look to the Issuer for payment as general creditors.

Section 8.5 Indemnity for U.S. Government Obligations. The Issuer shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal and interest received on such U.S. Government Obligations.

Section 8.6 Reinstatement. If the Trustee or Paying Agent is unable to apply any U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Issuer under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article VIII until such time as the Trustee or Paying Agent is permitted to apply all such U.S. Legal Tender or U.S. Government Obligations in accordance with this Article VIII; *provided, however*, that, if the Issuer has made any payment of principal of, premium or interest on any Notes because of the reinstatement of its obligations, the Issuer shall be subrogated to the rights of the Holders of such Notes to receive such payment from U.S. Legal Tender or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.7 Satisfaction and Discharge. This Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in this Indenture) as to all Outstanding Notes when:

(a) either:

(i) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust) have been delivered to the Trustee for cancellation; or

(ii) (x) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of one or more notices of redemption or otherwise (in the case that such Notes have become due and payable as a result of the mailing or electronic delivery of a notice of redemption, after any conditions precedent to redemption have been satisfied or waived in writing by the Issuer), will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee, in trust, for the benefit of the holders, cash in U.S. Legal Tender, U.S. Government Obligations, or a combination thereof, in such amounts as will be sufficient without reinvestment, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, and interest (including Additional Amounts) on the Notes to the stated date of deposit thereof or on the applicable redemption date, as the case may; *provided* that (x) upon any redemption that requires the payment of a Make-Whole Amount, the amount deposited will be sufficient for purposes of the Indenture to the extent that an amount is deposited with the Trustee equal to the Make-Whole Amount calculated as of the date of the notice of redemption, with any deficit as of the date of redemption only required to be deposited with the Trustee on or prior to the date of redemption and (y) such deficit amount will be set forth in an Officer's Certificate delivered to the Trustee simultaneously with the deposit of such deficit amount that confirms that such deficit amount will be applied toward such redemption; and (y) the Issuer has delivered irrevocable instructions directing the Trustee to apply such funds to the payment of the Notes at maturity or the redemption date, as the case may be;

(b) the Issuer has paid all other sums payable under this Indenture and the Notes by it; and

(c) the Issuer has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

ARTICLE IX

AMENDMENTS

Section 9.1 Without Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture, the Notes or the Note Guarantees without notice to or consent of any Holder:

(i) to cure any ambiguity, omission, defect or inconsistency;

(ii) to comply with Article IV in respect of the assumption by a Successor Issuer of the obligations of the Issuer under the Notes and this Indenture;

(iii) to provide for uncertificated Notes in addition to or in place of Certificated Notes; *provided*, *however*, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code;

(iv) to add guarantees with respect to the Notes or to secure the Notes;

(v) to add to the covenants of the Issuer or the Note Guarantors for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or the Note Guarantors;

(vi) to make any change that does not, in the opinion of the Issuer, as conclusively evidenced by an Officer's Certificate to such effect, adversely affect the rights of any Holder in any material respect;

(vii) to conform the text of this Indenture, the Note Guarantees or the Notes to any provision of the section "Description of Notes" in the Offering Memorandum to the extent that such provision in such "Description of Notes" was intended to be a verbatim recitation of a provision of this Indenture or the Notes or Note Guarantees;

(viii) to comply with the requirements of any applicable securities depositary;

(ix) to provide for the issuance of Additional Notes as permitted by Section 2.2(c) and Section 2.14, which will have terms substantially identical to the other Outstanding Notes except as specified in Section 2.13, or Section 2.14, and which will be treated, together with any other Outstanding Notes, as a single issue of securities; or

(x) in order to effect and maintain the listing of the Notes on the Global Exchange Market of the Irish Stock Exchange operating as Euronext Dublin.

(b) After an amendment or supplement under this Section 9.1 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.1.

Section 9.2 With Consent of Holders.

(a) The Issuer, the Note Guarantors and the Trustee may amend or supplement this Indenture or the Notes without notice to any Holder but with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes(including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Subject to Section 6.4, the Holder or Holders of a majority in aggregate principal amount of the then Outstanding Notes may waive compliance by the Issuer and the Note Guarantors with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver may not:

(i) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(ii) reduce the rate of or change or have the effect of changing the time for payment of interest, including Defaulted Interest, on any Notes;

(iii) reduce the principal of or change or have the effect of changing the fixed maturity of any Notes, or change the date on which any Notes may be subject to redemption, or reduce the redemption price therefor;

(iv) make any Notes payable in money other than that stated in the Notes;

(v) make any change in the provisions of this Indenture entitling each Holder to receive payment of principal of, premium, if any, and interest on such Notes on or after the due date thereof or to bring suit to enforce such payment, or permitting Holders of a majority in principal amount of the then Outstanding Notes to waive Defaults or Events of Default;

(vi) amend, change or modify in any material respect any obligations of the Issuer to make and consummate a Change of Control Offer in respect of a Change of Control that has occurred or make and consummate an Asset Sale Offer with respect to any Asset Sale that has been consummated;

(vii) make any change in the provisions of this Indenture described under Section 3.21 that adversely affects the rights of any Holder or amend the terms of the Notes in a way that would result in a loss of exemption from Taxes; or

(viii) make any change to the provisions of this Indenture or the Notes that adversely affect the ranking of the Notes.

(b) It shall not be necessary for the consent of the Holders under this Section 9.2 to approve the particular form of any proposed amendment, supplement or waiver but it shall be sufficient if such consent approves the substance thereof.

(c) After an amendment, supplement or waiver under this Section 9.2 becomes effective, the Issuer shall mail to Holders a notice briefly describing such amendment, supplement or waiver. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplement or waiver under this Section 9.2.

(d) The Notes issued on the Issue Date, and any Additional Notes part of the same series, will be treated as a single series for all purposes under this Indenture, including with respect to waivers and amendments. For the purposes of calculating the aggregate principal amount of Notes that have consented to or voted in favor of any amendment, waiver, consent, modifications or other similar action, the Issuer (acting reasonably and in good faith) shall be entitled to select a record date as of which the principal amount of any Notes shall be calculated in such consent or voting process.

Section 9.3 [Reserved].

Section 9.4 Revocation and Effect of Consents and Waivers.

(a) A consent to an amendment, supplement or waiver by a Holder of a Note shall bind the Holder and every subsequent Holder of that Note or portion of the Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent or waiver is not made on the Note. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Note or portion of the Note if the Trustee receives the notice of revocation before the date the amendment, supplement or waiver becomes effective. After an amendment, supplement or waiver becomes effective, it shall bind every Holder, except as otherwise provided in this Article IX. An amendment, supplement or waiver shall become effective upon receipt by the Trustee of the requisite number of written consents under Section 9.2.

(b) The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding the immediately preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 90 days after such record date.

Section 9.5 Notation on or Exchange of Notes. If an amendment or supplement changes the terms of a Note, the Trustee may require the Holder of the Note to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note regarding the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer, in exchange for the Note, will execute and upon Issuer Order, the Trustee will authenticate and make available for delivery a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment or supplement.

Section 9.6 Trustee to Sign Amendments and Supplements. The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article IX if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment, supplement or waiver, the Trustee shall be entitled to receive indemnity reasonably satisfactory to it and to receive, and (subject to Section 7.1 and Section 7.2) shall be fully protected in relying upon, in addition to the documents required by Section 12.4, an Opinion of Counsel and an Officer's Certificate each stating that such amendment, supplement or waiver is authorized or permitted by this Indenture and that all conditions precedent to the execution of such amendment, supplement or waiver have been complied with.

ARTICLE X

NOTE GUARANTEES

Section 10.1 Note Guarantees.

(a) Each Note Guarantor hereby fully and unconditionally guarantees, as primary obligor and not merely as surety, jointly and severally with each other Note Guarantor, to each Holder and the Trustee, the full and punctual payment when due, whether at maturity, by acceleration, by redemption or otherwise, of the Obligations (such guaranteed Obligations, the "Guaranteed Obligations"). Each Note Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and agrees to pay, in addition to the amounts stated in Section 10.1(f), any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing or exercising any rights under any Note Guarantee.

(b) In no event shall the Trustee or the Holders be obligated to take any action, obtain any judgment or file any claim prior to enforcing or exercising any rights under any Note Guarantee.

(c) Each Note Guarantor further agrees that its Note Guarantee constitutes an absolute and unconditional and continuing guarantee. Each Note Guarantor hereby waives, to the extent permitted by law:

(i) any claim as to the legality, validity, regularity or enforceability of this Indenture, the Notes or any other agreement;

(ii) any claim as to the lack of authority of the Issuer to execute or deliver this Indenture, the Notes or any other agreement;

(iii) diligence, presentation to, demand of payment from and protest to the Issuer of any of the Obligations and notice of protest for nonpayment;

(iv) the occurrence of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(v) notice of any Default or Event of Default under this Indenture, the Notes or any other agreement;

(vi) the failure of the Trustee or any Holder to assert any claim or demand or to enforce any right or remedy against the Issuer or any other Person under this Indenture, the Notes or any other agreement;

(vii) any extension or renewal of the Obligations, this Indenture, the Notes or any other agreement;

(viii) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement;

(ix) the existence of any bankruptcy, insolvency, reorganization or similar proceedings involving the Issuer;

(x) any setoff, counterclaim, recoupment, termination or defense of any kind or nature which may be available to or asserted by any Note Guarantor or the Issuer against the Holders or the Trustee;

(xi) any impairment, taking, furnishing, exchange or release of, or failure to perfect or obtain protection of any security interest in, any collateral securing this Indenture and the Notes and any right to require that any resort be had by the Trustee or any Holder to any such collateral;

(xii) the failure of the Trustee or any Holder to exercise any right or remedy against any other Note Guarantor;

(xiii) any change in the ownership of the Issuer;

(xiv) any change in the laws, rules or regulations of any jurisdiction;

(xv) any present or future action of any governmental authority or court amending, varying, reducing or otherwise affecting, or purporting to amend, vary, reduce or otherwise affect, any of the obligations of the Issuer under this Indenture or the Notes or of any Note Guarantor under its Note Guarantee; and

(xvi) any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of each Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(d) Each of the Note Guarantors further expressly waives irrevocably and unconditionally:

(i) Any right it may have to first require any Holder to proceed against, initiate any actions before a court of law or any other judge or authority, or enforce any other rights or security or claim payment from the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) before claiming from it under this Indenture;

(ii) Any right to which it may be entitled to have the assets of the Issuer or any other Person (including any Note Guarantor or any other guarantor of the Notes) first be used, applied or depleted as payment of the Issuer's or the Note Guarantors' obligations hereunder, prior to any amount being claimed from or paid by any of the Note Guarantors hereunder;

(iii) Any right to which it may be entitled to have claims hereunder divided between the Note Guarantors;

(iv) To the extent applicable, the benefits of *orden*, *excusión*, *división*, *quita* and *espera* and any right specified in articles 2814, 2815, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2826, 2837, 2838, 2839, 2840, 2845, 2846, 2847 and any other related or applicable articles that are not explicitly set forth herein because of Note Guarantor's knowledge thereof of the *Código Civil Federal* of Mexico, and the *Código Civil* of each State of the Mexican Republic and the Federal District of Mexico.

(e) The obligations assumed by each Note Guarantor hereunder shall not be affected by the absence of judicial request of payment by a Holder to the Issuer or by whether any such person takes timely action pursuant to articles 2848 and 2849 of the Código Civil Federal of Mexico and the Código Civil of each State of the Mexican Republic and the Federal District of Mexico and each Note Guarantor hereby expressly waives the provisions of such articles.

(f) The obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Note Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Note Guarantor or would otherwise operate as a discharge of such Note Guarantor as a matter of law or equity.

(g) Except as provided in Section 10.2, the obligations of each Note Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason other than payment of the Obligations in full.

(h) Each Note Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any of the Obligations is rescinded or must otherwise be restored by any Holder upon the bankruptcy or reorganization of the Issuer or otherwise.

(i) In furtherance of the foregoing and not in limitation of any other right which the Trustee or any Holder has at law or in equity against each Note Guarantor by virtue hereof, upon the failure of the Issuer to pay any of the Obligations when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, each Note Guarantor hereby promises to and will, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

(i) the unpaid amount of such Obligations then due and owing; and

(ii) accrued and unpaid interest on such Obligations then due and owing (but only to the extent not prohibited by law);

provided, that any delay by the Trustee in giving such written demand shall in no event affect any Note Guarantor's obligations under its Note Guarantee.

(j) Each Note Guarantor further agrees that, as between such Note Guarantor, on the one hand, and the Holders, on the other hand:

(i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in this Indenture for the purposes of its Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby; and

(ii) in the event of any such declaration of acceleration of such Obligations, such Obligations (whether or not due and payable) shall forthwith become due and payable by the Note Guarantor for the purposes of this Note Guarantee.

Section 10.2 Limitation on Liability; Termination, Release and Discharge.

(a) Subject to the limitations set out in Section 10.5 and Section 10.6, the obligations of each Note Guarantor hereunder will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

(b) A Note Guarantor will be released and relieved of its obligations under its Note Guarantee in the event that:

(i) there is a Legal Defeasance of the Notes pursuant to Article VIII;

(ii) there is a sale or other disposition of Capital Stock of such Note Guarantor following which such Note Guarantor is no longer a direct or indirect Subsidiary of the Issuer;

(iii) such Note Guarantor is designated as an Unrestricted Subsidiary in accordance with Section 3.14;

(iv) either (A) the 2017 Facilities Agreement Indebtedness has been repaid in full and such Note Guarantor is not a guarantor of the Indebtedness Incurred to refinance such 2017 Facilities Agreement Indebtedness or (B) at least 85% of the outstanding Indebtedness of the Issuer and its Restricted Subsidiaries is not guaranteed by such Note Guarantor; or

(v) solely with respect to the Additional Note Guarantor, upon the occurrence of a Partial Covenant Suspension Event or Covenant Suspension Event until the occurrence of a Partial Covenant Reversion Date or a Reversion Date, as applicable, at which time the guarantee of the Notes by the Additional Note Guarantor shall be reinstated unless the Additional Note Guarantor would have been released at any time during the Partial Suspension Period or the Suspension Period, as applicable, pursuant to clause (i), (ii), (iii) or (iv) of this Section 10.2(b).

Section 10.3 Right of Contribution. Each Note Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Note Guarantor in a *pro rata* amount, based on the net assets of each Note Guarantor determined in accordance with GAAP. The provisions of this Section 10.3 shall in no respect limit the obligations and liabilities of each Note Guarantor to the Trustee and the Holders and each Note Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Note Guarantor hereunder.

Section 10.4 No Subrogation. Each Note Guarantor agrees that it shall not be entitled to any right of subrogation in respect of any Guaranteed Obligations until payment in full in cash or Cash Equivalents of all Obligations. If any amount shall be paid to any Note Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full in cash or Cash Equivalents, such amount shall be held by such Note Guarantor in trust for the Trustee and the Holders, segregated from other funds of such Note Guarantor, and shall, forthwith upon receipt by such Note Guarantor, be turned over to the Trustee in the exact form received by such Note Guarantor (duly endorsed by such Note Guarantor to the Trustee, if required), to be applied against the Obligations.

Section 10.5 French Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in France (a "French Note Guarantor") are subject to the limitations set out in this Section 10.5.

(b) The obligations and liabilities of any French Note Guarantor under the Indenture and the Notes, and in particular under this Article X, shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance within the meaning of article L.225-216 of the French Commercial Code and/or would constitute a misuse of corporate assets within the meaning of article(s) L. 241-3, L. 242-6 or L. 244-1 of the French Commercial Code or any other law or regulations having the same effect, as interpreted by French courts.

(c) The obligations and liabilities of any French Note Guarantor under this Article X for the Issuer's obligations under the Indenture and the Notes shall be limited, at any time, to an amount equal to the aggregate of all amounts made available under the Notes and the Indenture to the Issuer to the extent directly or indirectly on-lent to such French Note Guarantor and/or its direct and indirect Subsidiaries under intercompany loan agreements (excluding, for the avoidance of doubt, any cash-pooling arrangements or other cash management agreements, *provided*, that the proceeds of the Notes shall not be used, in whole or in part, to finance, directly or indirectly, such cash pooling arrangements or other cash management agreements) and outstanding at the date a payment is to be made by such French Note Guarantor under this Article X, it being specified that any payment made by a French Note Guarantor under this Article X in respect of the obligations of the Issuer shall reduce *pro tanto* the outstanding amount of the intercompany loans due by such French Note Guarantor or its relevant direct or indirect Subsidiary under the intercompany loan agreements referred to above and that any repayment of the intercompany loans by the French Note Guarantor or its relevant direct or indirect Subsidiary shall reduce *pro tanto* the amount payable by the French Note Guarantor under this Article X.

(d) It is acknowledged that no French Note Guarantor is acting jointly and severally with the other Note Guarantors and no French Note Guarantor shall therefore be considered as "*co-débiteur solidaire*" as to its obligations pursuant to the guarantee given pursuant to this Article X.

Section 10.6 Swiss Guarantee Limitation.

(a) The obligations of any Note Guarantor incorporated in Switzerland (a "Swiss Note Guarantor") are subject to the limitations set out in this Section 10.6.

(b) The obligations and liabilities of a Swiss Note Guarantor under the Indenture, the Notes or any other agreement, and in particular under this Article X, in relation to the obligations, undertakings, indemnities or liabilities of a Note Guarantor other than that Swiss Note Guarantor or any of its fully owned and controlled subsidiaries (the "Restricted Obligations") and the aggregate use of the proceeds from the enforcement of any security interest granted by a Swiss Note Guarantor shall not include any obligation or liability which, if incurred, would constitute the provision of financial assistance not permitted under the laws of Switzerland then in force and/or would constitute a misuse of corporate assets under Swiss law as interpreted by Swiss courts and shall be limited to the amount of that Swiss Note Guarantor's Free Reserves Available for Distribution (as defined below) at the time payment or the application of proceeds from the realization of a security interest is requested, or the maximum amount permitted by Swiss law at such time, *provided*, that such limitation is a requirement under applicable law (including any case law) at that point in time and that such limitation shall not free the Swiss Note Guarantor from its obligations in excess thereof, but merely postpone the performance date therefor or the application of proceeds from the realization of a security interest until such time as performance is permitted notwithstanding such limitation.

(c) For the purposes of this clause, "Free Reserves Available for Distribution" means an amount equal to the maximal amount in which the Swiss Note Guarantor can make a dividend payment to its shareholder(s) (being the year to date balance sheet profit and any freely disposable equity available for this purpose, in each case, in accordance with applicable Swiss law). The freely disposable equity represents the total shareholder equity less the total of: (i) the aggregate share capital, (ii) the statutory reserves (including reserves for own shares and revaluations), to the extent such reserves cannot be transferred into unrestricted, distributable reserves, and (iii) any freely disposable equity that has to be blocked for any loans granted by the Swiss Note Guarantor to a direct or indirect shareholder or a direct or indirect subsidiary of such shareholder.

As soon as reasonably practicable after having been requested to discharge a Restricted Obligation, the Swiss Note Guarantor shall, if it cannot discharge the full amount of the Restricted Obligations, provide the Trustee with an interim statutory balance sheet audited by the statutory auditors of the Swiss Note Guarantor setting out the Free Reserves Available for Distribution and, promptly thereafter, pay the lesser of (i) that Restricted Obligation and (ii) the amount corresponding to the Free Reserves Available for Distribution or the maximum amount permitted by Swiss law applicable at the time discharge is requested to the Trustee (save to the extent provided below).

(d) In respect of the Restricted Obligations, the Swiss Note Guarantor shall:

(i) if and to the extent required by applicable law in force at the relevant time:

(A) procure that such payments can be made without deduction of Swiss withholding tax, or with deduction of Swiss withholding tax at a reduced rate, by discharging the liability to such tax by notification pursuant to applicable law (including double tax treaties) rather than payment of the Tax;

(B) if the notification procedure pursuant to paragraph (A) above does not apply and subject to any applicable double taxation treaties, deduct Swiss withholding tax at the rate of 35 percent (or such other rate as is in force at that time), or if the notification procedure pursuant to paragraph (A) above applies for a part of the Swiss withholding tax only, deduct Swiss withholding tax at the reduced rate resulting after the discharge of part of such Tax by notification under applicable law, from any payment made by it and promptly pay any such taxes to the Swiss Federal Tax Administration; and

(C) notify the Trustee that such notification or, as the case may be, deduction has been made and provide evidence to the Trustee that such a notification of the Swiss Federal Tax Administration has been made, or, as the case may be, that such Swiss withholding tax has been paid to the Swiss Federal Tax Administration;

(ii) to the extent such deduction is made, not be required to make a gross-up, indemnify or otherwise hold harmless the Trustee or the Holders for the deduction of the Swiss withholding tax notwithstanding anything to the contrary contained in the Indenture, the Notes or any other agreement, unless grossing up is permitted under the laws of Switzerland then in force and *provided*, that this should not in any way limit any obligations of any non-Swiss Note Guarantors under the Indenture, the Notes or any other agreement to indemnify the Trustee or the Holders in respect of the deduction of the Swiss withholding tax. The Swiss Note Guarantor shall use all reasonable efforts to procure that any person which is entitled to a full or partial refund of any Swiss withholding tax paid pursuant to paragraph (i) above will, as soon as possible after the deduction of the Swiss withholding tax:

(y) request a refund of the Swiss withholding tax under any applicable law (including double taxation treaties) and

(z) pay to the Trustee upon receipt any amount so refunded.

(e) The Swiss Note Guarantor will take, and cause to be taken, as soon as reasonably practicable, all and any other action, including, without limitation, the passing of any shareholders' resolutions to approve any payment or other performance under the Indenture and the Notes and the receipt of any confirmations from the Swiss Note Guarantor's auditors, whether following a request to discharge a Restricted Obligation or which may be required as a matter of mandatory Swiss law in force at the time it is required to make a payment or perform other obligations under the Indenture, the Notes or any other agreement in order to allow a prompt payment or performance of other obligations under the Indenture or the Notes.

(f) If the enforcement of the Restricted Obligations would be limited due to the effects referred to in this Section 10.6 and if any asset of the Swiss Note Guarantor has a book value that is less than its market value (an "Undervalued Asset"), the Swiss Note Guarantor shall, to the extent permitted by applicable law and its accounting standards (i) write up the book value of such Undervalued Asset such that its balance sheet reflects a book value that is equal to the market value of such Undervalued Asset, and (ii) make reasonable efforts to realize the Undervalued Asset for a sum which is at least equal to the market value of such asset. Without prejudice to the rights of the Trustee and the Holders under the Indenture, the Notes or any other agreement, the Swiss Note Guarantor will only be required to realize an Undervalued Asset if such asset is not necessary for the Swiss Note Guarantor's business (*nicht betriebsnotwendig*).

ARTICLE XI

COLLATERAL

Section 11.1 The Collateral. Subject to Section 11.2, the Issuer and the Note Guarantors agree that the Notes will be at all times secured by a first-priority security interest in the Collateral on at least an equal and ratable basis with the Permitted Secured Obligations.

Section 11.2 Release of the Collateral.

(a) The Notes will cease to be secured by a security interest in the Collateral in accordance with the provisions of the Intercreditor Agreement.

(b) In addition to the Collateral release provisions set forth in the Intercreditor Agreement, the Notes will cease to be secured by a security interest on the Collateral upon:

(i) (A) payment in full of the principal of, any accrued and unpaid interest on, the Notes and all other amounts or Obligations that are due and payable at or prior to the time such principal, accrued and unpaid interest, if any, are paid, (B) a satisfaction and discharge of this Indenture or (C) a Legal Defeasance or Covenant Defeasance pursuant to Article VIII; or

(ii) a refinancing of the 2017 Facilities Agreement Indebtedness in full as a result of which the Collateral does not secure Indebtedness Incurred to refinance such 2017 Facilities Agreement Indebtedness.

If a regular record date is a Legal Holiday, the record date shall not be affected.

Section 12.7 Governing Law, etc.

(a) THIS INDENTURE (INCLUDING EACH NOTE GUARANTEE) AND THE NOTES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK. THE PARTIES HERETO EACH HEREBY WAIVE ANY RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS INDENTURE, THE NOTES OR EACH NOTE GUARANTEE OR ANY TRANSACTION RELATED HERETO OR THERETO TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

(b) Each of the parties hereto hereby:

(i) agrees that any suit, action or proceeding against it arising out of or relating to this Indenture (including the Note Guarantees) or the Notes, as the case may be, may be instituted in any Federal or state court sitting in the City of New York and County of New York and in the courts of its own corporate domicile, in respect of actions brought against it as a defendant,

(ii) waives to the fullest extent permitted by applicable law, any objection which it may now or hereafter have to the laying of venue of any such suit, action or proceeding, any claim that any suit, action or proceeding in such a court has been brought in an inconvenient forum, and the right to any other jurisdiction to which it may be entitled, on account of place of residence or domicile,

(iii) irrevocably submits to the jurisdiction of such courts in any suit, action or proceeding,

(iv) agrees that final judgment in any such suit, action or proceeding brought in such a court shall be conclusive and binding may be enforced in the courts of the jurisdiction of which it is subject by a suit upon judgment, and

(v) agrees that service of process by mail to the addresses specified herein shall constitute personal service of such process on it in any such suit, action or proceeding.

(c) The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) have appointed CEMEX NY Corporation, 590 Madison Avenue, 27th Floor, New York, NY 10022, as its authorized agent (the "Authorized Agent") upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon this Indenture or the Notes which may be instituted in any state or federal court in the City of New York and County of New York. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) hereby represent and warrant that the Authorized Agent has accepted such appointment and has agreed to act as said agent for service of process, and the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree to take any and all action, including the filing of any and all documents, that may be necessary to continue each such appointment in full force and effect as aforesaid so long as the Notes remain outstanding. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) agree that the appointment of the Authorized Agent shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) of a successor agent in the City of New York, New York as each of their authorized agent for such purpose and the acceptance of such appointment by such successor. Service of process upon the Authorized Agent shall be deemed, in every respect, effective service of process upon the Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC).

(d) To the extent that any of the Issuer and the Note Guarantors have or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Issuer and the Note Guarantors hereby irrevocably waive and agree not to plead or claim such immunity in respect of their obligations under this Indenture or the Notes.

(e) Nothing in this Section 12.7 shall affect the right of the Trustee or any Holder of the Notes to serve process in any other manner permitted by law.

Section 12.8 [Reserved].

Section 12.9 No Recourse Against Others. An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or this Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each Holder shall waive and release all such liability.

Section 12.10 Successors. All agreements of the Issuer and any Note Guarantor in this Indenture and the Notes shall bind their respective successors. All agreements of the Trustee in this Indenture shall bind its successors.

Section 12.11 Duplicate and Counterpart Originals. The parties may sign any number of copies of this Indenture. One signed copy is enough to prove this Indenture. This Indenture may be executed in any number of counterparts, each of which so executed shall be an original, but all of them together represent the same agreement. Signatures of the parties hereto transmitted by facsimile or pdf shall be deemed to be their original signatures for all purposes.

Section 12.12 Severability. In case any provision in this Indenture or in the Notes shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 12.13 [Reserved].

Section 12.14 Currency Indemnity.

(a) U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and any Note Guarantor under or in connection with the Notes or this Indenture, including damages. Any amount received or recovered in currency other than U.S. Legal Tender in respect of the Notes (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer, a Note Guarantor or any Subsidiary of the Issuer or otherwise) by any Holder of the Notes in respect of any sum expressed to be due to it from the Issuer or any Note Guarantor shall only constitute a discharge of them under the Notes and this Indenture only to the extent of the U.S. Legal Tender amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Legal Tender amount is less than the U.S. Legal Tender amount expressed to be due to the recipient under the Notes or this Indenture, the Issuer and the Note Guarantors shall jointly and severally indemnify and hold harmless the recipient, to the greatest extent permitted by law, against any loss or cost sustained by it in making any such purchase. For the purposes of this Section 12.14, it will be sufficient for the Holder of a Note to certify that it would have suffered a loss had an actual purchase of U.S. Legal Tender been made with the amount so received in that other currency on the date of receipt or recovery (or, if a purchase of U.S. Legal Tender on such date had not been practicable, on the first date on which it would have been practicable).

(b) The indemnities of the Issuer and the Note Guarantors contained in this Section 12.14, to the extent permitted by law: (i) constitute a separate and independent obligation from the other obligations of the Issuer and the Note Guarantors under this Indenture and the Notes; (ii) shall give rise to a separate and independent cause of action against the Issuer and the Note Guarantors; (iii) shall apply irrespective of any waiver granted by any Holder of the Notes or the Trustee from time to time; and (iv) shall continue in full force and effect notwithstanding any other judgment, order, claim or proof of claim for a liquidated amount in respect of any sum due under the Notes or this Indenture or any other judgment or order.

Section 12.15 Table of Contents; Headings. The table of contents and headings of the Articles and Sections of this Indenture have been inserted for convenience of reference only, are not intended to be considered a part hereof and shall not modify or restrict any of the terms or provisions hereof.

Section 12.16 USA PATRIOT Act. The parties hereto acknowledge that, in accordance with Section 326 of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law on October 26, 2001)) (as amended, modified or supplemented from time to time, the "USA PATRIOT Act"), the Trustee, like all financial institutions, is required to obtain, verify, and record information that identifies each person or legal entity that opens an account. The parties to this Agreement agree that they will provide the Trustee with such information as the Trustee may request in order for the Trustee to satisfy the requirements of the USA PATRIOT Act.

FORM OF REVERSE SIDE OF NOTE

3.875% Senior Secured Notes due 2031

Capitalized terms used but not defined herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. Interest

CEMEX, S.A.B. de C.V., a publicly traded variable stock corporation (*sociedad anónima bursátil de capital variable*) organized under the laws of the United Mexican States (together with its successors and assigns, the "Issuer"), promises to pay interest on the principal amount of this Note at the rate per annum shown above.

The Issuer will pay interest semiannually in arrears on each Interest Payment Date of each year commencing on July 11, 2021; *provided*, that if any such Interest Payment Date is not a Business Day, then such payment shall be made on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid on the Notes or, if no interest has been paid, from January 12, 2021; *provided*, that if there is no existing Default or Event of Default on the payment of interest, and if this Note is authenticated between a Record Date referred to on the face hereof and the next succeeding Interest Payment Date (but after January 12, 2021), interest shall accrue from such next succeeding Interest Payment Date, except in the case of the original issuance of Notes, in which case interest shall accrue from January 12, 2021. The Issuer shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the then applicable interest rate on the Notes to the extent lawful; it shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest ("Defaulted Interest"), without regard to any applicable grace period, at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each interest period shall end on (but not include) the relevant interest payment date.

All payments made by the Issuer in respect of the Notes will be made free and clear of and without deduction or withholding for or on account of any Taxes imposed or levied by or on behalf of any Taxing Jurisdiction, unless such withholding or deduction is required by law or by the interpretation or administration thereof. In that event, the Issuer will pay to each Holder of the Notes Additional Amounts as provided in the Indenture subject to the limitations set forth in the Indenture.

2. Method of Payment

By at least 10:00 a.m. New York City time on the Business Day prior to the date on which any principal of or interest on any Note is due and payable, the Issuer shall irrevocably deposit with the Trustee or the Paying Agent money sufficient to pay such principal and/or interest. The Issuer will pay interest (except Defaulted Interest) on the applicable Interest Payment Date to the Persons who are registered Holders of Notes at the close of business on the Record Date preceding the Interest Payment Date even if Notes are canceled, repurchased or redeemed after the Record Date and on or before the relevant Interest Payment Date, except as provided in Section 2.13 of the Indenture with respect to Defaulted Interest. Holders must surrender Notes to a Paying Agent to collect principal payments. The Issuer will pay principal and interest in U.S. Legal Tender.

Payments in respect of Notes represented by a Global Note (including principal and interest) will be made by the transfer of immediately available funds to the accounts specified by DTC. The Issuer will make all payments in respect of a Certificated Note (including principal and interest) by mailing a check to the registered address of each registered Holder thereof as set forth in the Note Register; *provided*, *however*, that payments on the Notes may also be made, in the case of a Holder of at least U.S.$10,000,000 aggregate principal amount of Notes, by wire transfer to a U.S. dollar account maintained by the payee with a bank in the United States if such Holder elects payment by wire transfer by giving written notice to the Trustee or the Paying Agent to such effect designating such account no later than 10 days immediately preceding the relevant due date for payment (or such other date as the Trustee may accept in its discretion).

3. Paying Agent and Registrar

Initially, The Bank of New York Mellon, the Trustee under the Indenture, will act as Trustee, Paying Agent and Registrar. The Issuer may appoint and change any Paying Agent, Registrar or co-Registrar without notice to any Holder. The Issuer, any Note Guarantor or any of their respective Affiliates may act as Paying Agent, Registrar or co-Registrar.

4. Indenture

The Issuer issued the Notes under an Indenture, dated as of January 12, 2021 (as it may be amended or supplemented from time to time in accordance with the terms thereof, the "Indenture"), among the Issuer, the Note Guarantors and the Trustee. The terms of the Notes include those stated in the Indenture. The Notes are subject to all such terms, and Holders are referred to the Indenture for a statement of those terms. Each Holder, by accepting a Note, agrees to be bound by all of the terms and provisions of the Indenture, as amended or supplemented from time to time.

The Notes are general senior obligations, which are secured by a first priority security interest in the Collateral on an equal and ratable basis with the other Permitted Secured Obligations, subject to the Collateral release provisions set forth in the Intercreditor Agreement. U.S.$1,750,000,000 in aggregate principal amount of Notes will be issued on the Issue Date. Subject to the conditions set forth in the Indenture and without the consent of the Holders, the Issuer may issue Additional Notes. All Notes will be treated as a single series of securities under the Indenture. The Indenture imposes certain limitations on, among other things, the ability of the Issuer and its Restricted Subsidiaries to: Incur Indebtedness, make Restricted Payments, incur Liens, designate Unrestricted Subsidiaries, make Asset Sales, enter into transactions with Affiliates, or consolidate or merge or transfer or convey all or substantially all of the Issuer's assets.

To guarantee the due and punctual payment of the principal of (and premium, if any) and interest on the Notes and all other amounts payable by the Issuer under the Indenture and the Notes when and as the same shall be due and payable, whether at maturity, by acceleration or otherwise, according to the terms of the Notes and the Indenture, the Note Guarantors have unconditionally guaranteed, jointly and severally, such obligations pursuant to the terms of the Indenture. Each Note Guarantee will be subject to release as provided in the Indenture.

The obligations of each Note Guarantor in respect of its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Note Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Note Guarantor in respect of the obligations of such other Note Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Note Guarantor under its Note Guarantee not constituting a fraudulent conveyance, fraudulent transfer, or similar illegal transfer under federal or state law or the law of the jurisdiction or formation and incorporation of such Note Guarantors.

5. Optional Redemption

Except as stated below, the Issuer may not redeem the Notes. Any redemption and notice may, in the Issuer's discretion, be subject to the satisfaction of one or more conditions precedent. The Issuer may redeem the Notes, at its option, in whole at any time or in part from time to time, on and after July 11, 2026, at the following redemption prices, expressed as percentages of the principal amount thereof, if redeemed during the twelve-month period commencing on July 11 of any year set forth below, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption:

Year	Percentage
2026	101.938%
2027	101.292%
2028	100.646%
2029 and thereafter	100.000%

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

Prior to July 11, 2026, the Issuer will have the right, at its option, to redeem any of the Notes, in whole or in part, at any time or from time to time prior to their maturity at a redemption price equal to the greater of (1) 100% of the principal amount of such Notes and (2) the sum of the present value of the redemption price of the Notes to be redeemed at July 11, 2026 (such redemption price being set forth in the table appearing above, the "First Call Date") plus each remaining scheduled payment of interest thereon during the period between the redemption date and the First Call Date (exclusive of interest accrued to, but not including, the date of redemption), in each case, discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 50 basis points (the "Make-Whole Amount"), plus, in each case any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption, *provided, however,* that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

"Treasury Rate" means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated maturity (on a day count basis) of the Comparable Treasury Issue (as defined below), assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price (as defined below) for such Redemption Date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker (as defined below) as having an actual or interpolated maturity that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity through the First Call Date.

"Comparable Treasury Price" means, with respect to any Redemption Date (1) the average of the Reference Treasury Dealer Quotations (as defined below) for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (2) if the Independent Investment Banker or Issuer obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers (as defined below) appointed by the Issuer.

"Reference Treasury Dealer" means any one of BNP Paribas Securities Corp., Citigroup Global Markets Inc. and J.P. Morgan Securities LLC or their respective affiliates which are primary United States government securities dealers and not less than two other leading primary United States government securities dealers in New York City reasonably designated by the Issuer; *provided*, *however*, that if any of the foregoing shall cease to be a primary United States government securities dealer in New York City (a "Primary Treasury Dealer"), the Issuer will substitute therefore another Primary Treasury Dealer.

"Reference Treasury Dealer Quotation" means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Independent Investment Banker or Issuer in good faith, of the bid and asked price for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker or Issuer by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such Redemption Date.

Optional Redemption upon Equity Offerings. At any time, or from time to time, on or prior to July 11, 2024, the Issuer may, at its option, use the net cash proceeds of one or more Equity Offerings to redeem in the aggregate up to 35% of the aggregate principal amount of the Notes issued pursuant to the Indenture at a redemption price equal to 103.875% of the principal amount thereof plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption; *provided*, that:

(a) after giving effect to any such redemption at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding; and

(b) the Issuer shall make such redemption not more than 90 days after the consummation of such Equity Offering;

provided, however, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from exercising such an option under the 2017 Facilities Agreement.

"Equity Offering" means any public or private sale of Qualified Capital Stock after the Issue Date for cash other than issuances to any Subsidiary of the Issuer.

Optional Redemption for Changes in Withholding Taxes. If, as a result of any amendment to, or change in, the laws (or any rules or regulations thereunder) of a Taxing Jurisdiction affecting taxation, or any amendment to or change in an official interpretation or application of such laws, rules or regulations that has a general effect, which amendment to or change of such laws, rules or regulations becomes effective on or after the Issue Date (which, in the case of a merger, consolidation or other transaction permitted and described under Article IV shall be treated for this purpose as the date of such transaction), the Issuer or any Note Guarantor would be obligated, after taking all reasonable measures to avoid this requirement, to pay Additional Amounts in excess of those attributable to a withholding tax rate of 10% with respect to the Notes (see "Additional Amounts"), then, at the Issuer's option, all, but not less than all, of the Notes may be redeemed at any time on giving not less than 10 nor more than 60 days' notice, at a redemption price equal to 100% of the outstanding principal amount, plus any accrued and unpaid interest on the principal amount of the Notes, if any, to, but not including, the date of redemption; *provided*, *however*, that (1) no notice of redemption for tax reasons may be given earlier than 90 days prior to the earliest date on which the Issuer or any Note Guarantor would be obligated to pay these Additional Amounts if a payment on the Notes were then due, and (2) at the time such notice of redemption is given such obligation to pay such Additional Amounts remains in effect; *provided, further, however*, that the Issuer shall not have the right to exercise any such optional redemption at any time when the Issuer is prohibited from having such an option under the 2017 Facilities Agreement.

Prior to the publication of any notice of redemption pursuant to this provision, the Issuer will deliver to the Trustee:

(a) an Officer's Certificate stating that the Issuer is entitled to effect the redemption and setting forth a statement of facts showing that the conditions precedent to the Issuer's right to redeem have occurred, and

(b) an opinion of outside legal counsel of recognized standing in the affected Taxing Jurisdiction to the effect that the Issuer has or will become obligated to pay such Additional Amounts as a result of such change or amendment.

This notice, once delivered by the Issuer to the Trustee, will be irrevocable.

In the case of any partial redemption, selection of the Notes for redemption will be made in accordance with Article V of the Indenture. On and after the Redemption Date, interest will cease to accrue on Notes or portions thereof called-for redemption as long as the Issuer has deposited with the Paying Agent funds in satisfaction of the applicable redemption price pursuant to the Indenture.

6. Mandatory Repurchase Provisions

Change of Control Offer. If a Change of Control occurs, each Holder of Notes will have the right to require that the Issuer purchase all or a portion (in integral multiples of U.S.$1,000) of the Holder's Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest thereon to, but not including the date of purchase, on the terms and conditions set forth in the Indenture. Within 30 days following the date upon which the Change of Control occurred, the Issuer shall make a Change of Control Offer pursuant to a Change of Control Notice. As more fully described in the Indenture, the Change of Control Notice shall state, among other things, the Change of Control Payment Date, which must be no earlier than 30 days nor later than 60 days from the date the notice is electronically sent or mailed, other than as may be required by applicable law.

Asset Sale Offer. The Indenture imposes certain limitations on the ability of the Issuer and its Restricted Subsidiaries to make Asset Sales. In the event the proceeds from a permitted Asset Sale exceed certain amounts and are not applied as specified in the Indenture, the Issuer will be required to make an Asset Sale Offer to purchase to the extent of such remaining proceeds each Holder's Notes together with holders of certain other Indebtedness at 100% of the principal amount thereof, plus accrued interest (if any) to the Asset Sale Offer Payment Date, as more fully set forth in the Indenture.

7. Denominations; Transfer; Exchange

The Notes are in fully registered form without coupons, and only in denominations of principal amount of U.S.$200,000 and in integral multiples of U.S.$1,000 in excess thereof. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements or transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. The Registrar shall not be required to register the transfer or exchange of (x) any Note for a period beginning 15 days before an Interest Payment Date and ending on such Interest Payment Date and (y) any Note selected for repurchase or redemption, except the unrepurchased or unredeemed portion thereof, if any.

8. Persons Deemed Owners

The registered holder of this Note may be treated as the owner of it for all purposes.

9. Unclaimed Money

If money for the payment of principal or interest remains unclaimed for two years, the Trustee or Paying Agent shall pay the money back to the Issuer at its request unless an abandoned property law designates another Person. After any such payment, Holders entitled to the money must look only to the Issuer and not to the Trustee for payment.

10. Discharge Prior to Redemption or Maturity

Subject to certain conditions set forth in the Indenture, the Issuer at any time may terminate some or all of its obligations under the Notes and the Indenture if the Issuer deposits with the Trustee U.S. Legal Tender or U.S. Government Obligations for the payment of principal of and interest on the Notes to redemption or maturity, as the case may be.

11. Amendment, Waiver

Subject to certain exceptions set forth in the Indenture, (i) the Indenture or the Notes may be amended or supplemented with the written consent of the Holders of at least a majority in principal amount of the then Outstanding Notes and (ii) any default (other than with respect to nonpayment or in respect of a provision that cannot be amended or supplemented without the written consent of each Holder affected) or noncompliance with any provision may be waived with the written consent of the Holders of a majority in aggregate principal amount of the then Outstanding Notes. Subject to certain exceptions set forth in the Indenture, without the consent of any Holder, the Issuer and the Trustee may amend or supplement the Indenture or the Notes to, among other things, cure any ambiguity, omission, defect or inconsistency, or to comply with Article IV of the Indenture, or to provide for uncertificated Notes in addition to or in place of certificated Notes, or to add guarantees with respect to the Notes or to secure the Notes, or to add additional covenants or surrender rights and powers conferred on the Issuer or the Note Guarantors, or to make any change that does not adversely affect the rights of any Holder, or to provide for the issuance of Additional Notes.

12. Defaults and Remedies

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Outstanding Notes may declare all the Notes to be due and payable immediately. A Bankruptcy Event of Default will result in the Notes being due and payable immediately upon the occurrence of such Bankruptcy Event of Default.

Holders may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may refuse to enforce the Indenture or the Notes unless it receives reasonable indemnity or security. Subject to certain limitations, Holders of a majority in principal amount of the Outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing Default or Event of Default (except a Default or Event of Default in payment of principal or interest) if it determines that withholding notice is in their interest.

13. Trustee Dealings with the Issuer and the Note Guarantors

Subject to certain limitations set forth in the Indenture, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuer, any Note Guarantor or its Affiliates and may otherwise deal with the Issuer, any Note Guarantor or its Affiliates with the same rights it would have if it were not Trustee.

14. No Recourse Against Others

An incorporator, director, officer, employee, stockholder or controlling person, as such, of the Issuer or any Note Guarantor shall not have any liability for any obligations of the Issuer or any Note Guarantor under the Notes or the Indenture or for any claims based on, in respect of or by reason of such obligations or their creation. By accepting a Note, each holder waives and releases all such liability.

15. Authentication

Any Officer of the Issuer may sign the Notes for the Issuer by manual, facsimile or electronic signature. This Note shall not be valid until an authorized signatory of the Trustee (or an Authenticating Agent) electronically or manually signs the certificate of authentication on the other side of this Note.

16. Abbreviations

Customary abbreviations may be used in the name of a Holder or an assignee, such as TEN COM (= tenants in common), TEN ENT (= tenants by the entirety), JT TEN (= joint tenants with rights of survivorship and not as tenants in common), CUST (=custodian) and U/G/M/A (= Uniform Gift to Minors Act).

17. CUSIP Number

Pursuant to a recommendation promulgated by the Committee on Uniform Security Identification Procedures the Issuer has caused CUSIP or other similar numbers to be printed on the Notes and has directed the Trustee to use CUSIP number in notices of redemption as a convenience to Holders. No representation is made as to the accuracy of such numbers either as printed on the Notes or as contained in any notice of redemption and reliance may be placed only on the other identification numbers placed thereon.

18. Governing Law

This Note shall be governed by, and construed in accordance with, the laws of the State of New York.

19. Currency of Account; Conversion of Currency.

U.S. Legal Tender is the sole currency of account and payment for all sums payable by the Issuer and the Note Guarantors under or in connection with the Notes or the Indenture, including damages. The Issuer and the Note Guarantors will indemnify the Holders as provided in respect of the conversion of currency relating to the Notes and the Indenture.

20. Agent for Service; Submission to Jurisdiction; Waiver of Immunities.

The Issuer and the Note Guarantors have agreed that any suit, action or proceeding against the Issuer or any Note Guarantor brought by any Holder or the Trustee arising out of or based upon the Indenture or the Notes may be instituted in any state or federal court in the City of New York and County of New York and in the courts of their respective corporate domiciles, in respect of actions brought against them as defendants. The Issuer and the Note Guarantors have irrevocably submitted to the jurisdiction of such courts for such purpose and waived, to the fullest extent permitted by law, trial by jury and any objection they may now or hereafter have to the laying of venue of any such proceeding, and any claim they may now or hereafter have that any proceeding in any such court is brought in an inconvenient forum and the right to any other jurisdiction. The Issuer and the Note Guarantors (other than CEMEX Corp. and CEMEX Finance LLC) have appointed CEMEX NY Corporation, 590 Madison Avenue, 27th Floor, New York, NY 10022, as each of their authorized agent upon whom all writs, process and summonses may be served in any suit, action or proceeding arising out of or based upon the Indenture or the Notes which may be instituted in any state or federal court in the City of New York and County of New York. To the extent that any of the Issuer and the Note Guarantors have or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from set-off or any legal process (whether service or notice, attachment in aid or otherwise) with respect to itself or any of its property, the Issuer and the Note Guarantors have irrevocably waived and agreed not to plead or claim such immunity in respect of its obligations under the Indenture or the Notes.

Ladies and Gentlemen:

Reference is hereby made to the Indenture, dated as of January 12, 2021 (as amended and supplemented from time to time, the "Indenture"), among the Issuer, the Note Guarantors named therein and The Bank of New York Mellon, as Trustee. Capitalized terms used but not defined herein shall have the meanings given them in the Indenture or Regulation S under the Securities Act of 1933, as amended (the "Securities Act"), as the case may be.

In connection with our proposed transfer of U.S.$_____ aggregate principal amount of the Notes, which represent an interest in a Rule 144A Global Note beneficially owned by the undersigned ("Transferor"), we confirm that such transfer has been effected pursuant to and in accordance with Regulation S and, accordingly, we represent that:

(a) the offer of the Notes was not made to a person in the United States;

(b) either (i) at the time the buy order was originated, the transferee was outside the United States or we and any person acting on our behalf reasonably believed that the transferee was outside the United States or (ii) the transaction was executed in, on or through the facilities of a designated off-shore securities market and neither we nor any person acting on our behalf knows that the transaction has been pre-arranged with a buyer in the United States;

(c) no directed selling efforts have been made in the United States in contravention of the requirements of Rule 903(b) or Rule 904(b) of Regulation S, as applicable;

(d) the transaction is not part of a plan or scheme to evade the registration requirements of the Securities Act; and

Exhibit 15.1

Disclosure of Mine Safety and Health Administration ("MSHA") Safety Data

Section 1503(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") requires certain disclosures by companies required to file periodic reports under the Securities Exchange Act of 1934 that operate mines regulated under the Mine Act. CEMEX's U.S. quarry and mining operations are subject to MSHA regulation under the U.S. Federal Mine Safety and Health Act of 1977 (the "Mine Act"). MSHA inspects the Company's quarries and mines on a regular basis and issues various citations and orders when it believes a violation has occurred under the Mine Act. Whenever MSHA issues a citation or order, it also generally proposes a civil penalty, or fine, related to the alleged violation. Citations or orders can be contested and appealed, and as part of that process, are often reduced in severity and amount, and are sometimes dismissed or vacated.

In January 2012, the SEC issued final rules and regulations implementing the mine safety disclosure requirements of Section 1503(a) of the Dodd-Frank Act. Pursuant to those rules and regulations, we have provided the information below for mining operations in the United States only. The Dodd-Frank Act and the implementing rules and regulations thereunder do not apply to mining and quarry operations outside the U.S.

The information in the table below reflects citations and orders MSHA issued to various U.S. subsidiaries of the Company during the year ended December 31, 2020. The data was compiled primarily from the data maintained on MSHA's public website, the Mine Data Retrieval System ("MDRS"), as of March 3, 2021. In evaluating this information, consideration should also be given to factors such as: (i) the number of citations and orders may vary depending on the size and operation of the mine, (ii) the number of citations issued may vary from inspector to inspector and mine to mine, and (iii) citations and orders may be contested and appealed, and in that process, may be reduced in severity and amount, and may be dismissed or vacated.

^ The Company sold this site, effective March 6, 2020. This data represents activity through December 31, 2020 pertaining to citations issued on or before March 6, 2020.

(1) The definition of a mine under section 3 of the Mine Act includes the mine, as well as other items used in, or to be used in, or resulting from, the work of extracting minerals, such as land, structures, facilities, equipment, machines, and tools. MSHA assigns an identification number to each mine or operation and may or may not assign a separate identification number to related facilities. The information provided in this table is presented by mine identification number.

(2) Represents the total number of citations issued by MSHA for violation of health or safety standards that could significantly and substantially contribute to a serious injury if left unabated. It should be noted that for purposes of this table, S&S citations that are included in another column, such as Section 104(b) citations, are not also included as Section 104 S&S citations in this column.

(3) Represents the total number of orders issued, which represents a failure to abate a citation under section 104(a) within the period prescribed by MSHA. This results in an order of immediate withdrawal from the area of the mine affected by the condition until MSHA determines that the violation has been abated.

(4) Represents the total number of citation and orders issued by MSHA for unwarrantable failure to comply with mandatory health or safety standards.

(5) Represents the total number of flagrant violations identified.

(6) Represents the total number of imminent danger orders issued under section 107(a) of the Mine Act.

(7) Amounts represent the total dollar value of proposed assessments received from MSHA on the MDRS and do not necessarily relate to the citations or orders issued by MSHA during the period or to the pending or resolved legal actions reported below. Specific orders or citations may not have had proposed assessments on the MDRS as of the date identified above, and as a result, those citations or orders not yet assessed are not included in this column.

The table below sets forth the total number of reportable legal actions for the twelve months ended December 31, 2020.

Mine ID Number	Mine or Operating Name	Legal Actions Pending as of Last Day of Period (#)(8)						Legal Actions Initiated During Period (#)	Legal Actions Resolved During Period (#)

(8) Pending legal actions before the Federal Mine Safety and Health Review Commission (the "Commission") as required to be reported by Section 1503(a)(3) of the Dodd-Frank Act. This data represents legal action activity as derived from the MDRS on the date identified above

The following provides additional information regarding the types or categories of proceedings that may be brought before the Commission.

A Contest Proceedings - a contest proceeding may be filed with the Commission by an operator to challenge the issuance of a citation or order issued by MSHA;

B Civil Penalty Proceedings - a civil penalty proceeding may be filed with the Commission by an operator to challenge a civil penalty MSHA has proposed for a violation contained in a citation or order;

C Compensation Proceedings - a compensation proceeding may be filed with the Commission by miners entitled to compensation when a mine is closed by certain closure orders issued by MSHA. The purpose of the proceeding is to determine the amount of compensation if any, due to miners idled by the orders;

D (i) Discrimination Proceedings – a discrimination proceeding involves a miner's allegation that he or she has suffered adverse employment action because he or she engaged in activity protected under the Mine Act, such as making a safety complaint;

(ii) Temporary Reinstatement Proceedings – a temporary reinstatement proceeding involves a case in which a miner has filed a complaint with MSHA stating that he or she has suffered discrimination and the miner has lost his or her position;

E Applications for Temporary Relief-applications for temporary relief of any order issued under Section 104; and

F Appeals of judges' decisions or orders to the FMSHRC.

(9) Contests pending as of year-end on the MDRS, but which are subsequently vacated, are not included in any reports on the MDRS. As a result, discrepancies may appear between the prior reporting year's "Legal Actions Pending as of Last Day of Period" and "Legal Actions Resolved During Year" for current reporting period.
