CEMEX REQUESTS ARBITRATION  
ON INDONESIAN INVESTMENT

Jakarta, December 11, 2003. CEMEX announced that yesterday its affiliate Cemex Asia filed a request for arbitration against The Republic of Indonesia and its Government, before the International Center for Settlement of Investment Disputes (known at ICSID) in Washington, D.C.

Cemex Asia is seeking arbitration of its disputes under the Agreement entered into with the Republic of Indonesia in September of 1998, which led to Cemex acquiring in excess of a 25 percent participation in the Gresik Group.

CEMEX accepted the invitation to come to Indonesia in challenging times. Being patient for several years, CEMEX has fulfilled its commitments to the company and the country and done its best to contribute to the development of Semen Gresik and the industry in Indonesia.

Regrettably, Cemex Asia was compelled to file before ICSID after the failure of several attempts to reach a negotiated or mediated solution.

ICSID was created by an international convention, of which Indonesia is a party, to resolve investment disputes between member States and nationals of other member States. The seat of ICSID is at the offices of the World Bank in Washington, D.C.

CEMEX is a leading global producer and marketer of cement and ready-mix products, with operations concentrated in the world's most dynamic cement markets in four continents. CEMEX provides world-class products and services to customers ranging from individual homebuilders to large industrial contractors.
